I am taking the lazy way out on this column this week by lifting an editorial from the Daily Texas, University of Texas student newspaper at Austin. It so happens that the editorial expresses my opinions on a current political matter, and due to the fact that it was written at the seat of state government, where the action is, I hope that my readers, if any will give it serious consideration. Here 'tis:

★  
"The big fish are still swimming around."

Hon. Gus F. Mutscher Speaker of the Texas House That statement by indicted Speaker Gus Mutscher Sept. 24 appears on the cover of the Oct. 8 issue of the Texas Observer and aptly sums up the current status of the Sharpstown stock fraud scandal which has shaken the Texas Statehouse and implicated just about every major officeholder in Texas. Indeed, The Observer's cover depicts such prominent fish as Gov. Preston Smith, State Democratic Party Chairman Elmer Baum, Treasurer Jesse James, State Rep. W. S. (Bill) Healy of Paducah, chairman on the powerful House Appropriations Committee, and the mastermind himself, Houston financier and wheeler-dealer Frank Sharp.

Mutscher and three of his cohorts have received the brunt of the attack on the latest corruption uncovered in Austin. The Travis County Grand Jury, with its sweeping indictment of Mutscher, his aides S. Rush McGinty and Speaker Pro Tempore Tommy Shannon, and former State Insurance Commissioner John Osorio, temporarily drew attention from everyone else mentioned in the scandal. Lately the heat has centered on the speaker and his cohorts, although several other major political figures in Texas were implicated when the Security and Exchange Commission filed its suit last January.

STILL THOUGH, one figure... and one figure alone remains conspicuously absent from The Observer's and everyone else's coverage of the affair — Ben Barnes, Lieutenant governor and presiding officer of the State Senate.

There have been reasonable allegations as to how Sharp's two banking bills, the object of the alleged bribery, passed the House during a special session in 1969. There have been reasonable allegations as to why they were put on the agenda for the special session by the governor. But there never has been much said as to how the bills passed the Senate after Mutscher and his team rammed them through the House.

The lieutenant governorship is a powerful position. The State Senate is his domain and, as presiding officer, he names committees and sets calendars. Because of his duties and influences, it is safe to say that few bills, especially during a special session when the amount of legislation is usually small, pass the Senate without the lieutenant governor's support.

How and why did Sharp's bills pass the Senate? Why did it take the Senate only 24 hours—24 hours—to receive the bills from the House, refer them to committee, report them onto the floor, suspend the rules to allow immediate passage, pass the bills and send them to the governor to be signed into law? How and why could such a complicated and tedious process be accomplished in one day?

BEN BARNES has been mentioned on the fringes of the scandal. In the beginning, when the SEC filed its blockbuster suit in Dallas, it was revealed that Barnes owned substantial stock in National Data Communications, a firm related to Sharp's now defunct empire, and had loans from a Sharp-controlled bank in Dallas. But that tinge of scandal quickly died down.

This August during grand jury hearings in Houston, Barnes' name again surfaced during testimony from Sharp. According to the financier, now under immunity from criminal prosecution, Osorio told Sharp one afternoon outside the Sharpstown State Bank in Houston:

OSORIO: "Well, Ben delivered for us."  
SHARP: "John, are you telling me we're obligated to him like we are to the others?"  
OSORIO: "No, Ben's smarter than the rest... He deals only in cash."

Damning testimony, so it came as no surprise to hear the lieutenant governor lash out at Sharp, quickly branding him a "liar."

Despite Barnes' relative non-involvement in the stock fraud scandal, it is quite possible that his golden image could be tarnished. No longer Mr. Clean, Barnes might feel the pinch during his upcoming gubernatorial campaign. Indeed, the only other announced candidate for the Democratic nomination for

## Break-ins spur juvenile roundup

City police rounded up six boys 10 to 13 years of age this week in connection with a rash of petty burglaries in Dimmitt businesses during the past year.

**POLICE CHIEF W. W. Jones** said the six boys have confessed to committing 18 burglaries in

11 stores and offices. Among the stolen items recovered were a typewriter and a Derringer pistol.

"We've been trying to catch these kids for a year," Jones said. "We had even given them a name, for our burglary reports. We called them the 'Chili-Bean Bandits,' because they'd break in and take small stuff — usually Cokes and change, but more if they could find it."

**JONES SAID** the boys had admitted burglarizing these businesses:

—Webb-Mears Engine Service (at least two burglaries, with cold drinks and coin-machine money taken).

—The Craft Shop at its former location (at least four burglaries, with the possibility of \$76 having been taken).

—Dimmitt Agri Industries, Inc., two offices (windows broken; cigarettes, rope, keys and other items taken).

—Community Grain Co. (typewriter).

—Bruegel & Sons Elevators, Inc. (radio, knife, Derringer pistol, partial roll of postage stamps, soft drinks, coin-machine change).

—Killingsworth Builders Supply (flashlight and hammers).

—C&S Equipment Co. (soft drinks and money).

—T&T Gin (at least three burglaries, entering through a window twice and breaking a door-glass the third time; soft drinks taken).

—Castro Co-op Gin (broken into but apparently nothing taken).

—Harley's Car Wash (money from coin-operated vacuum cleaner).

—Dimmitt Gin (burglarized but nothing taken).

## 'Spirit Week' plans outlined

Next week will be "Spirit Week" at Dimmitt High School. SPONSORED by the Student Senate, the week will begin with balloting for the 1971-72 Spirit Queen and Flame King and Queen Monday, and will climax with the Dimmitt-Littlefield football game here Oct. 22.

Student Senate members are selling chrysanthemum corsages at \$2.75 each for the girls and ladies to wear to the big game. To buy one, see any Student Senate member or phone 647-3105 and leave your order before Monday noon.

Spirit Week will swing into high gear Thursday when students gather wood for the big bonfire that night. The bonfire will be lighted at 8 p.m. next Thursday, and the Flame King and Queen will be announced during the bonfire pep rally.

ANOTHER pep rally is on ap Friday afternoon, during which the school's Spirit Queen will be announced and crowned. DHS's Future Homemakers of America are planning a barbecue dinner before the Dimmitt-Littlefield game.

The week's final event will be a dance after the game, sponsored by the DHS Pep Club, with music by the Passovers.

## Schools eye growth plans

The Dimmitt School Board is studying expansion possibilities that could include a new football stadium complex, new school building, extensive remodeling of one or more present buildings, and an enlarged high school with a bigger gymnasium, cafeteria and resources center.

DIFFERENT versions of the expansion program could range in cost from \$750,000 to \$1½ million, Supt. Charlie White said.

All the expansion and new-construction proposals are based on the Texas Education Agency's recommendations for bringing the local school plant up to optimum level. Many of the recommendations also date back to the findings of the Visiting Committee Evaluation Report of 1968—especially the construction of a new stadium to relieve playground congestion at the elementary schools.

"It appears now that if we were to build the entire package we need—make all the necessary enlargements, expansions and new construction—that it would cost in the neighborhood of a million and a half dollars," White said.

HE ADDED that the school district could afford the \$1½ million, if the district's voters would approve it.

"If the district passed a bond election of \$1½ million, this would bring our bonded indebtedness to 5.9 percent of the school district's evaluation which would still be well within the legal maximum of 9½ percent," White said.

The \$1½ million figure is the maximum estimate for bringing the school system's total physical plant up to A-1 rating, White said. "The board is also studying a cutback version which might cut the cost to \$750,000," he added.

Herb Brasher, Lubbock architectural engineer, recently proposed three alternatives to the school board. White outlined the three proposals:

"THE FIRST proposal we've studied is enlarging Dimmitt High School, building a new junior high, and remodeling the old junior high building into administrative offices and storage complex.

"The second possibility we're exploring is to make the necessary renovations at Dimmitt High School (expanded gym-PE complex, cafeteria, resources center and classrooms), remodel and enlarge North Elementary School into a junior high, build a new elementary school, and remodel the old junior high into an administrative, maintenance and storage building.

"The third proposal is to remodel all buildings on their present sites, with extensive remodeling of the junior high by getting rid of all the barracks buildings and tying the music rooms, shop, library and auditorium together in a brick complex connecting the old junior high with North Elementary, so these facilities could be used by both schools."

A NEW STADIUM and field-house complex south of the high school is included in all three proposals, White said, "because we consider that a must."

The proposed stadium complex would include a football field with seating for 5,000, an oval track, field house, practice field, and a 200-car paved parking area which also would be marked for a band marching practice field.

"The biggest dollar variation comes in when we consider enlarging the high school gym," White said. The proposed gymnasium expansion plan calls for a new PE classroom, a second physical education facility of the "club gym" type, and a large east-side bleacher section with dressing rooms and additional office space underneath.

"The \$750,000 version would not include the expansion of the high school gym or lunchroom," White said.

## Enrollment down as peak passes

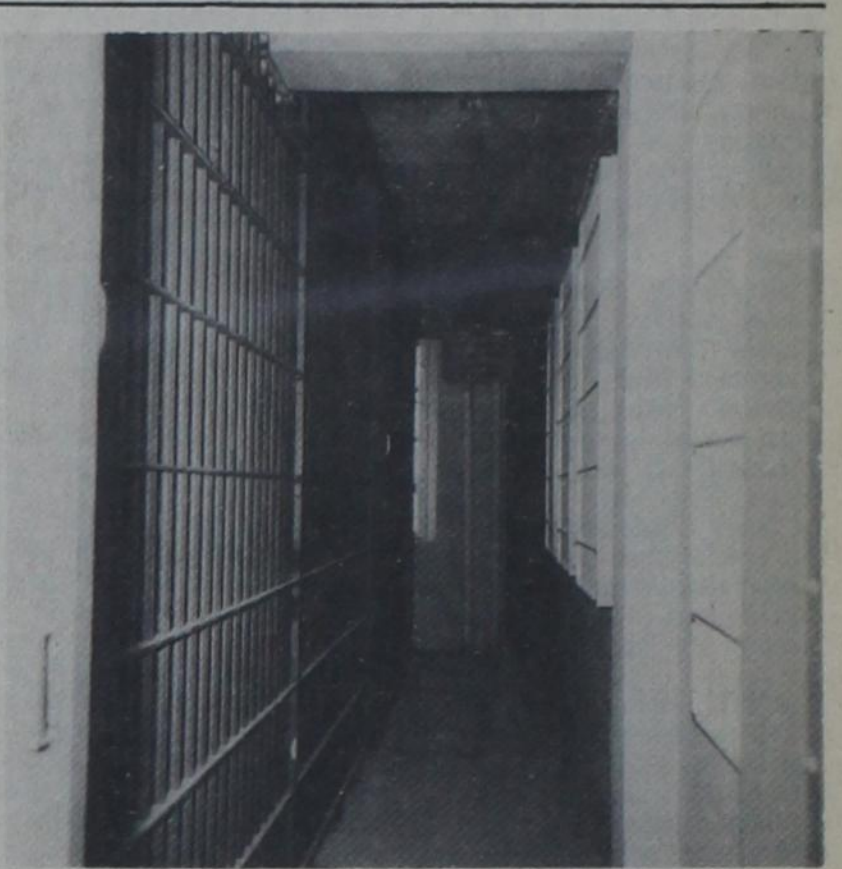

"I think our enrollment has peaked out now, and at the end of six weeks we're 72 under last year at the same time," Dimmitt Supt. Charlie White reported Friday.

HE SAID enrollment in Dimmitt Public Schools stood at 1,947 at the end of the first six weeks, compared with 2,019 at the same time last year.

"I look like the 1,979 students we had enrolled on Sept. 17 will be our high for this year," White said.

COURTHOUSE PROGRESS—Construction of the Castro County Courthouse annex shows daily signs of progress now as workers continue with interior finish work. Doors have been completed to connect the original building with the new annex on both floors, and several of the smaller offices have been finished except for the ceilings. Here are two

scenes in the new annex. At left is the annex corridor, which opens both to the east and west. The terrazzo floor has now been ground and polished, and the elevator (door at left) was put into operation Tuesday. At right is the south side of the main men's cell block in the second-floor jail, with steel walls and fixtures sunk in concrete.

## Homeowner sues to kill new zone

Lynn Polson, whose home at Second and Bedford is in the residential area that was rezoned recently to allow retail businesses, has filed a civil suit against the City of Dimmitt to have the rezoning action nullified.

IN HIS complaint filed in 64th District Court last week, Polson seeks nullification of City Ordinance 238, adopted by the city commission Feb. 22, which established the Bedford Street frontage from Fourth to Sixth Streets as a Zone D retail district. The area now contains only homes and churches.

The city rezoned the area mainly to allow the First Baptist Church to sell part of its old church property for construction of a service station at Fifth and Bedford. Polson's suit throws doubt on the future of the service station construction, which is now underway.

Under the Zone D retail restrictions, property in the area also could be used for "retail stores and shops in general, including banks, theaters, offices, pressing and dry-cleaning establishments, and retail service stations."

POLSON charges that new-home construction is now pro-

hibited in the area under the new zoning designation, and that the prohibition "is unreasonable and arbitrary, and is contrary to law."

His suit claims that the city "in effect created a new retail district by reason of the conditions imposed on the use of the property" in the rezoned area.

Polson also charges that legal notices published by the city to announce public hearings on the proposed ordinance before it was passed were "insufficient, misleading, ambiguous and not legally sufficient," and that the city commission in its final hear-

ing and adoption "did not follow the recommendations of the zoning commission, but imposed new and different conditions without referring the case back to the zoning commission for rehearing."

In his civil complaint, filed by Lubbock attorney Gordon Treadaway, Polson said he "brings this suit individually and on behalf of all other persons, as a class, owning property in the area rezoned, and

adversely affected by the rezoning and the procedure followed."

## Last rites held for Miss Browder

Last rites were conducted Wednesday for Annie Lee Browder, 89, one of the original residents of the Golden Spread Nursing Home and a niece of Dimmitt's founders.

MISS BROWDER died at 9:30 a.m. Monday in the local nursing home, where she had been a resident six years.

Funeral services were at 10 a.m. Wednesday in the First Christian Church of Dimmitt, conducted by Roy E. Barringer, minister, assisted by Bedford Smith, former minister.

Graveside rites and burial were at 4 p.m. in the Benjamin Cemetery, under the direction of Gilliland Funeral Home of Hereford.

BORN Sept. 12, 1882, in Wise County, Miss Browder was believed to be the last survivor of the original residents of Benjamin, in Knox County. Her family moved there in 1883, before the county or the town were organized, and she grew up there.

She was a saleslady most of her life, working chiefly in Wichita Falls and Oklahoma City. She moved to Dimmitt 10 years ago, and was a member of the First Christian Church here.

Miss Browder was the niece of Mr. and Mrs. Hilary Bedford, who founded Dimmitt, and was the grand-niece of Rev. and Mrs. W. C. Dimmitt, for whom the city is named.

SHE IS survived by a sister, Mrs. John A. Allbright of Killen; six nieces, including Mrs. Swain Burkett of Dimmitt; and one nephew.

## PPK winners place in zone

Two Castro County winners placed second and another third in the Punt, Pass & Kick zone competition in Canyon Saturday.

KEITH CRUM of Dimmitt placed second in the 13-year-old division, while Robin Ryan of Dimmitt was second in the 9-year-old group. Brad Hill of Hart finished third in zone in the 8-year-old division. All three were local winners here, competing against the winners from six other cities.

First, second and third-place winners in the recent county contest received their trophies at Friday night's Dimmitt-Friena and Hart-Kress football games.

## Mothers to get rally spotlight

The mothers of Dimmitt High School's varsity football players and team managers will be honored at Friday afternoon's pep rally before the Dimmitt-Morton game.

THE RALLY in DHS gymnasium will start at 3:15 instead of the usual 3:30, and will be open to the public, according to DHS Principal Robert Ryan.

## Water, Inc. sets membership drive

Water, Inc., will launch a 45-day membership drive Nov. 1 to increase support for water importation to this area.

RAY JOE RILEY and Robert Caddell, officials of the Castro County Unit of Water, Inc., attended a planning session for the campaign in Lubbock Saturday.

During November and the first half of December, teams will canvass the county to get present memberships renewed and search for new members for the county unit and the parent organization.

Water, Inc., is a non-profit corporation working to get adequate future water supplies for all segments of the economy in West Texas, eastern New Mexico and the Oklahoma Panhandle. One of its main functions today is to make area residents aware of the coming water crisis and solicit support for the water importation plan.

At present there are more than 2,500 active members in Water, Inc., and officials have set a 3,000-member goal.

## Lions announce Halloween event

The community Halloween carnival, sponsored by the Dimmitt Lions Club, will be held at the Panhandle Cotton Compress & Warehouse this year instead of the county show barn.

THE CARNIVAL is scheduled for Saturday night, Oct. 30. Jody Minnick, chairman, said 21 booths already are assured for the carnival, and urged all school, civic and church groups wanting to operate booths to contact him within the next week at the office of Stanley Schaeffer, CPA.

## Four pay fines for vandalism

Four young Hart men were fined \$52 each in county court Friday for vandalizing a county maintainer - last Wednesday night.

CHARGED with destruction of property were Eddie Martinez, 20, Graciela Catano, 20, Poncho Diaz, 18, and a 17-year-old Hart Youth. Sheriff's officers said the four did an estimated \$200 damage to the maintainer, which was parked along a county road near Hart.

Officers said a track-down of tread marks found at the scene led to the arrest of the four young men last Thursday.

## Cats to travel to Morton Friday

Hoping for a second conference victory that would keep them in the District 3-AA title race, Dimmitt's Bobcats will invade Morton Friday night.

THE KICKOFF will be at 7:30 p.m.

So far, there's been a dark cloud over the Indians' camp this year. Coach Doug Reed's tribe started the season with a big 38-6 win over Plains, but have since lost four in a row, including two district bouts. Dimmitt is now 3-2 for the season and 1-1 in district competition.

The Cats and Braves have met two common foes—Farwell and Floydada. Dimmitt topped Farwell 26-0 while Morton lost to the Steers, 20-12. Floydada, the conference favorite and current co-leader, defeated Dimmitt 6-0 and Morton 30-0.

SO DIMMITT will rank as the favorite Friday night. But in a district already marked by upsets, the Bobcats—with one conference loss against them already—probably won't be taking anything for granted.

Morton has 19 lettermen back from last year's 2-8 squad. The Indians have an experienced quarterback in Keith Embry, a good chunker who runs the option well. Filling out the experienced backfield are sophomore letterman Larry Thompson, junior halfback Elton Patton and senior fullback Kevin Kuehler.

Anchoring the offensive line is center Dubbie Brvan, who is flanked by guards Kim Coats, a senior, and Tony Bramblett, a junior. Rocky Dewbre and Leslie Carter are the tackles, with Ted Thomas at tight end and Bryant Lewis at split end.

## Maybe they've BEEN trained

The News received this letter this week from a Dimmitt lawn-and-shrub groomer:

"ATTENTION Dimmitt dog owners:

"I like dogs but I do not appreciate yours coming into my yard and destroying my grass and shrubbery by using it as a public bathroom. I have three regular canine customers every day.

"Will you please train your dogs to use their own yards for that purpose?"  
It was signed, THE SHOVELER.

AFTER THE PARTY IS OVER

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel—excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to be still and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "Commune with your own heart upon your bed and be still." Psalm 4:4. God says in Psalms 46:10 "Be still and know that I am God."

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.

#### Ladies home from West Coast

By MRS. OWEN ANDREWS  
Mrs. Billy Warrick and her sister Mrs. Addie Bingham of Valliant, Okla., recently made a two-week trip to California to visit their relatives. Ellen

did all the driving on the long trip, which included visits with her sister, Mrs. Sherman Isaacs and family at Goshen; to San Jose to see a grandson and family of Mrs. Bingham's; to Newman to see her sister; to Modesto and back to Ajo, Ariz., to see other relatives. They also took in special sights of interest, Yosemite Park, etc. They report a real good trip, with no car trouble or accident to mar it.

**14-CARD OF THANKS**  
We would like to express our appreciation for the flowers, cards and expressions of sympathy at the passing of our beloved mother and grandmother Mrs. Louise H. Sammann. THE ERNEST SAMMANN FAMILY 14-1-tfp

We want to thank—although rather belatedly—Ester's co-workers, friends, neighbors and relatives, for cards and flowers sent while he was in the hospital and for cards, visits and the good field vegetables and other foods brought since he's been home.

Also want to publicly thank our "kids" and "grand kids" for coming to Temple and for "keeping the home fires burning" by mowing and watering the lawn, straightening the house, attending to the mail etc. and for meals and food brought in since we've been home.

HD notes

Don't abandon your yard yet

By IRENE KEATING Now that the main flow of yard work is at an end it is so easy for us to completely neglect our yards. What we do now will help us to have better landscapes next year.

HERE IS the garden checklist for this month. As you can tell it is still a busy time for gardening.

1. Dig and store only disease free Caladium tubers. Store in dry peat or in perlite packed in boxes so the tubers do not touch each other. Store in a dry warm area where temperatures remain between 55 to 60 degrees F.

2. Scale insects on Camellia, Gardenia Holly, and Eucalyptus can be effectively controlled with dormant oil, Malathion or Diazinon. Use oil only when temperatures are sure to remain below 85 degrees and above 40 degrees F. for at least 48 hours after using.

3. Keep fallen leaves raked from lawn area. Leaves make excellent material for composting but must be moistened thoroughly to hasten decomposition.

4. PLANT spring flowering bulbs and bulb like plants from now through November. Make sure Tulip bulbs are precooled or chill them yourself for 60 days or more at 35 degrees F. Plant Tulips in Central and South Texas after December 1 and treat as annuals using new bulbs each fall.

5. Prepare the beds for those tulips being chilled for later planting.

6. Those areas in the lawn with previous history of brown patch should receive an application of PCNB (Terracot) if you haven't already done so.

7. Fall caterpillars can be controlled with Sevin.

8. FOR SPRING color plant seeds for Drummonds, Phlox, Cornflower, Larkspur, California Poppy, Bluebonnets, and Snapdragons in early October.

9. Prepare pansy beds to receive transplants in late October or early November when plants become available.

10. In North Texas, peonies can be set out or transplanted now.

11. Don't forget the fall application of fertilizer for Bermuda and St. Augustine lawns in mid

October. Use 15 to 20 pounds of 8-8-8 or equivalent per 1000 square feet.

12. For dried arrangements don't forget to collect those dried seed pods, pine cones, grass plumes, and other interesting materials, before it is too late.

13. STAKE TALL mums to prevent wind and storm damage.

14. Make notes of winter gardening chores that will need to be done before spring.

15. For optimum flower production keep Christmas Cactus under cool night temperatures of 55 degrees F.

# Kangaroos belt Longhorns, 45-8

By DAVID BASS

The Hart Longhorns lost the ball on fumbles 11 times Friday night and the powerful Kress Kangaroos capitalized on nearly all of them to down the Horns, 45-8.

IT WAS the first time this season that the Horns had not gained more first downs and more total yardage than their opponents.

The Roos received the opening kickoff and moved well to the Hart 28. There the Horns recovered a Kangaroo fumble. However, the Horns fumbled the ball back to the Roos on the next play. Kress then moved the ball to the Longhorn 7-yard line, but the tough Horn defense held.

Hart moved the ball out to the 32-yard line, then fumbled it back to the Kangaroos. This time Kress wasted no time in getting some points on the board as Harley Terrell threw a 19-yard TD pass to Roy Jackson. Larry Sears kicked the extra point and Kress led, 7-0.

AFTER THE kickoff, Stanley Dyer took off on a 55-yard scamper that put him on the Kangaroo 5-yard line. But after two unsuccessful stabs at the end zone, the Horns fumbled the ball back to Kress and the quarter ended 7-0.

In the second quarter the Kan-

garoos ran wild as they choked off Hart's offense. Kress scored on a 52-yard pass from Harley Terrell to Weaver McClure, and Larry Sears kicked the extra point. Then the Roos scored on a one-yard run by Roy Jackson, after which the kick was blocked. The Roos' final score of the quarter came with only one second left on the clock. The play was a 35-yard pass from Terrell to Mike Motheral. Larry Sears kicked the extra point and the half ended with Kress on top, 27-0.

The third quarter was strictly a defensive battle as neither team was able to score.

BUT IN the fourth quarter, things really began popping as the Horns launched a drive and moved the ball to the Kress 5-yard line, where John Henry Robinson scampered in for the score. A pass from Dirk Rambo to Erasmo Castillo was good for the two extras.

The next play was the shocker. On the kickoff, it seemed that the Longhorns had tackled the ball carrier, but somehow Mike Motheral slipped through and ran 78 yards on a kickoff return for a TD. The kick was no good.

Kress scored later on a 10-yard run by Andy Byrd. Again, the kick was no good. The kick was no good. This left the final score standing at Kress 45, Hart 8.

THIS WEEK the Horns travel to Sudan to take on the Hornets at 8 p.m. Friday.

### 3-AA sidelines

## With 13-7 upset of Littlefield, here come the Mustangs again

Floydada, yes; but Olton, too? THIS WAS foreseen as a year of cutthroat tactics in District 3-AA with practically every team capable of beating the leader. First few weeks supported this theory, and Floydada maintained its role of favorite.

Olton's start wasn't strong, and the Mustangs appeared out of any championship consideration—even before district started. But check the standings now, just two games into the championship run, and the two teams with unbeaten marks are Floydada (the favorite) and Olton (the very longest).

The cutthroat theory continues with six of the eight teams still in contention. Only Friona and Morton, with two losses each, appear out of the picture. Both are capable of helping decide the eventual district playoff representative, however.

DISTRICT 3-AA got into its present state thanks to Lockney's 14-0 win over Abernathy, Olton's 13-7 shocker of Littlefield, Dimmitt's 16-14 squeaker over Friona and Floydada's 30-0 shutout of Morton.

Behind the co-leaders, Abernathy, Lockney, Dimmitt and Littlefield await with 1-1 marks and in easy striking distance. The striking could come this week, as Olton ventures to Abernathy, Dimmitt goes to Morton, Littlefield entertains Friona and the defending champ Whirlwinds battle Lockney in Floydada.

And, depending on the results, the league could be even tighter or some of the contenders could start slipping away.

LAST WEEK'S chief league-tighteners were won by Olton and Lockney. Abernathy went into the Longhorn game unbeaten for the year, but the Antelopes were without No. 1 quarterback, Dave Davenport, who had been hurt the previous week.

Abernathy drove within field goal distance early, but the effort was short, and in the second quarter Lockney quarterback Tony Ford ran a four-

yard keeper for a score. In the third period, halfback Cleo McGee sprinted seven yards for the other TD, and Lockney, lesser to Littlefield in its 3-AA opener, was back on the championship path.

The margin of two extra points separated Dimmitt and Friona as the Bobcats came from behind in the third period. After Johnny Bandy had scored twice—once on a 70-yard punt return—Bobcat Daniel Frierson found the goal from five yards away for a 14-all tie. The difference proved to be a Jerry Matthews to David Nino pass for two extra points.

FLOYDADA got 14 points in the first quarter against Morton and sailed to its fourth win of the year against one loss. Jim Kunkel rushed for 139 yards and scored twice for the winning Whirlwinds.

The shocker came at Olton, and Coach Ray Kinnison gives credit to his defense. Olton lost its first three games, but I guess they just kinda made up their minds to play football the other night," said Coach Kinnison.

We kept thinking all along we were playing pretty good, but we didn't get a break. Nothing to get enthusiastic about. We were playing close but couldn't win. But we beat Friona, then this was one of those revalry things, and of course, the kids knew Coach (Jerry) Blakely (coach at Olton two years before moving to Littlefield this fall).

BUT AGAINST Littlefield, they kicked to us, and we drove down to the 40 and kicked to them at the 8. They had to punt back and I think they still needed eight yards for a first. We threw a screen pass on the next series (Steve Stockdale to Keith Workman for 38 yards), and scored. And from there, the defense kinda took charge. "It was our best game by far. Thirteen points is not enough to get excited about—we're not killing anybody. But we had a 70-yard drive, first time we've put together a long drive this year.

"But, now, we have to play Abernathy, and I know they will be tough; they've shown that." Apparently, the entire league is tough.

# Cats rip Chieftains' teepee

By JOHN BROOKS

It was an uphill battle Friday night for Dimmitt's Bobcats after Friona's Johnny Bandy picked up a supposedly dead ball and raced untouched for a stunning touchdown in the first quarter. But the hosting Cats proved equal to the challenge as they came from behind twice to win an important conference victory on two-point conversions, 16-14.

TAKING advantage of a rule that many people didn't understand, Bandy picked up a David Nino punt which a Dimmitt player had touched on the 30-yard line, and ran 70 yards with it while most members of both teams watched but didn't believe. A referee had already thrown down his cap to spot the ball at the 30, where a Dimmitt player had touched it.

But when Bandy crossed the goal line, the head referee threw up both hands to confirm the Friona runner's judgment and the Chieftains' right to the touchdown.

As it turned out, the ball had only been spotted where Dimmitt first touched it—but it hadn't been killed; the whistle had not blown, so it was still a "live" ball when the alert Bandy scooped it up. The touchdown was topped by an extra point from the toe of senior tackle Bobby Drake, and the Chieftains held a sudden 7-0 lead over the Cats. And just as important, they had swung the momentum their way.

THE SHOCKED Bobcats never did get their offense rolling in the first half after the mistake, but the defense rose time after time to stop Friona

cold. The teams went to the dressing room with Friona still holding its 7-0 margin.

But the Cats returned to the field after some brief halftime remarks by Coach Brown L Smith, and didn't even look like the same team. Ripping the Chieftain defense apart, they advanced from the opening kickoff and drove to the Friona 2. It was fourth down and one at the 2 when Jerry Matthews plunged over for the touchdown. Dan Frierson swept over for two points, and the Bobcats were ahead, 8-7.

But it wasn't long till the cheers went to the other side of the field as Bandy scored his second touchdown of the evening. Drake again kicked the pigskin truly, and the Chieftains were again in front, 14-8.

SOON THE Dimmitt fans were cheering wildly again as the fired-up Bobcats took the kickoff and drove to the Friona 9. From there, Frierson hit paydirt to tie the score at 14-all. Then Matthews chunked to Nino for the go-ahead points and the score was 16-14, Dimmitt's favor, when the wham-bang third quarter ended.

What followed was one of the most exciting scoreless periods of the season. The ball went back and forth on punts, miscues and penalties. The determined Chieftains launched two drives downfield, but both times the Bobcat defense rose to the occasion. The first Friona drive ended with Drake missing a field goal after the Bobcats forced the Chieftains into a fourth-down situation outside the 20.

Then late in the fourth quarter the Chieftains marched goalward again, using all their timeouts in the process. As the clock ticked off its final seconds, the Chieftains set up for another field-goal attempt at the 27. Fans on both sides of the crowded stadium held their

breath as the talented Drake poised for the boot.

HIS KICK sent the ball twirling straight for the uprights, but it fell a scant two feet short of the crossbar as the clock stopped with two seconds left. After a sigh of relief, Dimmitt's stands exploded.

The victory gave the Bobcats a 1-1 conference record and kept them in the thick of the District 3-AA race. It was the second conference loss for the Chieftains, virtually eliminating them from the championship race.

**HERE'S A letter I received** this week from Tony Martinez Jr., who is now in the US Army:

Dear Mrs. Loman:

The other day I was thinking about my home town, Hart, and I thought about you. I decided to write to you and let you know what I am now doing. You probably already know that I am in the Army, but you may not know that I am stationed at Fort Leonard Wood, Mo. My job is as company clerk.

When I first came into the Army, I just couldn't accept it, but now all I can say is that the Army is something that a person has to experience to be able to know what it is really like. A person on the outside can't just look at the Army and even begin to know what it is like. Sometimes you can't even take the word of a person who has been in the Army to tell it like it really is.

All I can say is that when I finish my time in the Army, I will be proud to say, "I was in the Army."

A person does a lot of growing up in the service. I know I did. Every day I learn more about myself and about others and all the knowledge and experiences that I get while in the Army, I know that it will help me on the outside as a civilian.

The most valuable thing that I learned so far is that the Army is what YOU make of it. I plan to make the most of my time in here, and I know that when I leave it all behind I will have the satisfaction of knowing that I did something for my country.

**Financial Facts**

By Willis A. Hawkins, Jr.

Wealth awaits those who can play the money game well, and there is an abundance of literature devoted to tell you how.

But beware! As stated by Gerald Loeb in "The Battle for Investment Survival:"

"There is no such thing as a final answer to security values. A dozen experts will arrive at 12 different conclusions. It often happens that a few moments later each would alter his verdict if given a chance to reconsider because of a changed condition. Market values are fixed only in part by balance sheets and income statements; much more by the hopes and fears of humanity; by greed, ambition, acts of God, invention, financial stress and strain, weather, discovery, fashion and numberless other causes impossible to be listed without omission."

# First books finished

By TEENY BOWDEN  
I received several copies of the book "This Land We Hold" in the mail Thursday. It is a well bound book with 402 pages, over 100 pictures, maps and sketches. It is not as thick as expected, but the print is good. I found some mistakes, some of mine and some of theirs, but it is acceptable to me. They called Friday to tell me not to come since they had been broke down all day. They have 300 bound, but the covers are not on any of them—maybe Monday or Tuesday.

Lee Bradley is due back in the States Oct. 20. He was promoted recently to Sp-5. He is a crew chief in the 117th Army Aviation Co. stationed at Long Binh, Vietnam. He holds the Air Medal for meritorious service. He went into the Army in 1969.

He was rushed to Lubbock to an eye specialist after being examined by a Dimmitt physician. The eye ball was cut, but it missed the vital part of the eye by a fraction. He was not hospitalized, but will be checked again Monday.

Attending the funeral at

Grain Sorghum CHAFF

By WES ANTHONY
Well, it's that time again. IF YOU haven't been out driving around looking at the beautiful fields, you should do so right now.

The tall corn is looking so proud with the tassels pointing high in the heavens and the big ear that is drooped over and pointed back to Mother Earth (the place where it came from).

And I believe those thousands of acres of maize are the deepest most beautiful red I ever saw. The wheat sure is a deep green. There surely are some large, crisp heads of lettuce. The soybeans sure look like lots of meal. The cotton got a good growth after the rains and the fields are getting sure enough white.

EARLIER in the summer we gained weight from eating the large spuds and the sweetest tomatoes we have eaten in a long time. Boy, oh boy, the big watermelons were delicious! The onions sure made some good hamburger flavoring.

The cattle grazing over the vast area of tall grass look so short-legged.

In driving around these big old fields of sugar beets, it doesn't look as if we would run out of sugar this winter. AND BY the way, if you haven't visited some of the feed yards, you should do so, for it is hard to conceive so much beef in one place.

And if you will watch the number of loaded grain trucks and many ensilage pits full of corn, I think you will agree with me that the cattle will have something to eat for quite a while.

Isn't it hard to realize that all of this is happening right here in Castro County? Grain prices are pretty low, but I am like Festus, everything can't be bad, cattle prices are fair.

Jim Bob Ellis, junior guard, receives 'Bobcat of Week' honor

Jim Bob Ellis was announced as the Bobcat of the Week at Monday night's meeting of the Dimmitt Boosters' Club by Coach Brown L. Smith, following the Bobcats 16-14 victory Friday over Friona.

COACH SMITH said he was happy with the way the team played, and had special praise for Charles McLean on defense, Felton Isaacs for his usual good game, and also David Nino and Nati Anes. Dimmitt is still in the middle of the very tight district race and meets Morton there this week, he explained.

The club extended thanks to the Dimmitt TV Cable Co. for donating half the cost toward the renovation of the loudspeaker system at the Bobcat Stadium. Seventh and eighth grade teams hoped for victories over

Stanton Junior High of Hereford this week, following losses last week.

THE FRESHMAN team defeated Tula's freshmen, 39-18, with three touchdowns by Robert Mayberry and one each by Calhoun and Kelly Moore. The freshmen meet Friona there at 7:30 tonight (Thursday).

The JV's also won their game over Tula last week, 12-0, scoring the winning touchdown on an end-around play. Their next game will follow the freshman game at Friona.

Mothers of varsity players and managers will be given special recognition at the pep rally Friday in the high school gymnasium. Mothers should meet in the Home economics room at 5 p.m.

governor, Uvalde rancher Dolph Briscoe, took up Barnes' role in the Senate passage of the banking bills when he jumped into the race Sept. 29.

BRISCOE, ASSERTING that Barnes played a role similar to Mutscher's, said Sharp's banking bills "received the same special treatment from the lieutenant governor, who pushed them through the Senate. The people of Texas have a right to know why this special interest legislation, designed to benefit the floundering financial empire of Frank Sharp, was given such VIP treatment in the Texas Senate."

The stock fraud investigation hardly seems finished. Three grand juries—the county grand jury in Austin which has indicted Mutscher & Co. and federal grand juries in Dallas and Houston—are still delving into our latest governmental mess. Indeed, U.S. Dist. Atty. Anthony J. P. Farris of Houston has said "the sharks, not just the minnows" will be caught before the probes are completed.

Legislation must pass both houses of the Legislature to become law. After months of silence from the lieutenant governor, it's high time Ben Barnes leveled with the public. It's high time for some definitive statement from Barnes as to his role in the passage of Sharp's banking bills. It's high time for an investigation into the Senate side of the stock fraud scandal. The Texan understands that sooner, rather than later Ben Barnes' role in the whole slimy affair will come under close scrutiny. And to our mind, the sooner the better.

"What's wrong with the present school facilities?" the Texas Education Agency has given these official opinions:

—The junior high school needs 11 new permanent classrooms and training additions to upgrade and replace the temporary facilities now being used for band, choral training, woodworking, CVAE shop, vocational education and resource center (library) Also, DJHS has no facilities for training handicapped students.

—Dimmitt High School now has 18 teaching rooms and needs 24. The high school resource center is 1,000 sq. ft., and should be a minimum of 3,000 sq. ft. to adequately serve the present student body. (The architect's proposal is to build a new resource center into the high school's present courtyard.) Physical education and cafeteria facilities also are inadequate.

THE SCHOOL board will have its next regular meeting tonight (Thursday) at 7:30 in the superintendent's office, but the expansion program probably won't be on the agenda. "The board members are still in sort of a state of shock after hearing all the alternatives and cost estimates from the architect," White said. "I think they want to give all these possibilities more individual study. Also, we haven't had time to come up with any specific cost figures on the various proposals, or to determine how such a project would affect the tax rate."

TEXAS will establish a branch office in Mexico to promote its industry and tourism.

Pheasant season looks promising

Texas Parks and Wildlife Dept. biologists in the Texas Panhandle are predicting a good crop of pheasants by the time the hunting season rolls around Dec. 11.

JULY AND August roadside counts conducted by department biologists showed that 54 percent of the hen pheasants had broods tagging along behind. Biologists said each brood averaged 5 1/4 chicks.

In spite of scarce food last winter, birds survived in sufficient numbers to sustain a huntable reproductive crop. Biologists say the past winter was severe, with birds having to survive two blizzards, one of which sent the mercury plunging to 10 below.

GSPA launches nationwide drive for 'orderly marketing' system

The Grain Producers Association is initiating a nationwide drive to encourage all milo and corn producers to follow its plan for "orderly marketing."

PURPOSE is to strengthen grain market prices by the use of a systematic plan of feeding the grain into the market channels as it is needed and as consumers are willing to buy it.

The plan has four basic points, three for farmers to follow and the fourth urging a favorable government feed grains program for 1972. They are:

- (1) Place 20 percent of the 1971 crop in government resale

with intentions of not redeeming it until the 1972-73 marketing year, or a market price of \$2.50 per cwt.

(2) Hold balance (80 percent) until Jan. 1, 1972, to see what the actual size of the 1971 crop is. (Prospects of a smaller than predicted crop will strengthen market.)

(3) Distribute the sales of the 80 percent of the 1971 crop, which is to be sold over a period of six months (about 15 percent per month)

(4) Work to get the USDA to announce a 1972 grain program that will cut back in production of grain in 1972.

G.S.P.A. President A. W. "Dub" Anthony Jr. of Friona, said, "If all farmers will follow this plan, we will definitely see higher grain prices again, and not in the too distant future. It is up to the farmers. "It is our hope that the banks and elevators will add their encouragement to this program," he added.

Hart girl feted at paper shower

Sandy Bennett of Hart was complimented with a paper shower in the home of Mrs. Ronnie Farris, with Mrs. Jack George as co-hostess.

A GAME of asking the bride personal questions was played, with each guest writing answers and comparing them with the honoree's answers. Mrs. Bob Bennett, mother of the honoree, got 10 answers correct out of the 13 questions asked.

All gifts at the shower were paper products. Sandwiches, assorted cookies, hot mocha and hot almond tea were served from a table covered with a gold cloth and centered with an arrangement of mums.

Out-of-town guests were Mrs. Kathleen Jones of Olton, Mrs. Coy Riggan of Hereford, and Mrs. Sid Cooper and Janis of Plainview.
