

Testimony to begin today in murder trial

STILL GOING UP—Mrs. Roger Owen, deputy clerk in the county tax assessor's office, shows where the "registration barometer" stood as the deadline passed Wednesday for the city, school board and hospital board elections to be held April 1. The county's total of registered voters—which stood at 2,000 on Jan. 1—has now passed the 3,200 mark. If you're 18 or older, you may register anytime—but to vote in any particular election, you must have been registered 30 days beforehand. Although the sign-up deadline has passed for city, school and hospital elections, there are still 29 days left to register for the statewide Democratic and Republican primaries to be held May 6. "We've still got a lot of application forms which we'll be glad to mail to people if they'll call us," Tax Assessor Kent Birdwell said.

County okayed for food stamps, but program still in doubt here

A multi county unit including Castro County received approval in Austin last Wednesday for a food stamp program for impoverished families. **HOWEVER**, one of the four original applicant counties has dropped out according to County Judge Raymond Wilson. "A tentative meeting is scheduled between the remaining counties—Castro, Crosby and Floyd—in the near future, to determine if we can continue with plans for a food stamp

program in these counties," Judge Wilson said. When Swisher County dropped out as a co-applicant with Castro, Floyd and Crosby, it meant the cost of the program would be higher for the other three, Judge Wilson said. The remaining three counties are now taking a long second look at the program's costs to see if they can afford to go ahead with it.

THE COUNTIES must share the salary costs of all personnel required by law to administer the stamp program, and also must buy the stamps for persons with no income, Judge Wilson said.

"There's a point where the costs for our share of the program would be too expensive for it in Castro County," he said.

There are already 29 counties with active food stamp programs in Texas and 13 more got the go-ahead last week in Austin. The 42 counties now approved to offer the stamp program represent 60 percent of the state's population, Judge Wilson said.

"We can't substitute a nearby county that's interested," Wilson said. "They would have to go through the whole application procedure and it would take too long. So at the present time, it remains for us to wait and see on the food stamp program here."

The following schools have been invited: Abilene Christian College, Amarillo College, Clarendon College, Columbia College, Draughtons Business College, Eastern New Mexico, Lubbock Christian College, Northwest Texas Hospital School of Nursing, Ryder Technical Institute, South Plains College, Southwest Business College, Texas State Technical Institute of Amarillo, Texas Tech University, Wayland Baptist College, West Texas State University, Army ROTC and Armed Forces representatives.

Hereford youth hurt in rollover

A Hereford youth was hospitalized after his car overturned late Friday night 4.4 miles northwest of Dimmitt on FM 2392. **INJURED** in the rollover was Terry Lindal Morgan, 17. He was admitted to Plains Memorial Hospital with deep lacerations of the head and a less serious injury to his left leg. Morgan's car, a 1969 Dodge two-door, was heavily damaged. Highway Patrolman Dyrle Maples, who investigated, said the wreck was reported by an anonymous passer-by at 11:25 p.m. When Maples arrived at the wreck scene, he found Morgan in the back seat of his car where he had been thrown during the rollover. It was the third one-car rollover on county highways in two weeks.

GOING, GOING—Jack Howell auctions off a donated bargain while Mrs. Patsy Morris keeps track of the logbook during the Heart Fund Radio Auction over KDHN Radio Saturday morning. The auction, conducted from the First State Bank community room, netted approximately \$700 for Heart Fund Drive to go with the \$700 already received in the annual door-to-door campaign. Edd C. McLeroy, Castro County chairman of the American Heart Association, praised all volunteer workers and donors in the drive and commended Mrs. Reba Touchstone, fund drive chairman, for guiding the campaign to a \$1,400 total to benefit research in heart diseases.

Monday night New Community Action meeting called

A second public meeting has been called for Monday night to finish organizing a new Castro County Community Action Committee. **THE MEETING** will begin at 7:30 p.m. in the 64th District Courtroom. A six-person steering committee

was elected at the first public meeting Feb. 7 will make its recommendations Monday night on the structure of the new county committee.

The steering group has spent three weeks studying membership regulations for a county Community Action Committee and contacting local residents with special qualifications who would be willing to serve on it.

ELLIS MAYBERRY, chairman of the steering group, said his committee will recommend a 21-person Community Action board, composed of seven persons from public offices and agencies, seven from private agencies (civic clubs, churches, service groups, etc.), and seven from the "target area" (minority-group communities and disadvantaged families or neighborhoods).

Seven public-agency people and seven representatives of private agencies already have agreed to serve on the new board, Mayberry said. The seven target-area members are to be elected at Monday night's meeting.

Mayberry said the steering committee also will recommend a strict racial balance on the new committee—seven Mexican-Americans, seven Blacks and seven Anglos.

THE STEERING group's 11 appointees from public and private agencies will include seven Anglos, five Mexican-Americans and two Blacks, Mayberry said. So those attending Monday night's meeting will be asked to elect two more Mexican-Americans and five Blacks from the target area to attain the racial balance on the committee.

Mayberry said the names of those public-agency and private-agency people who have agreed to serve on the county committee will be announced at Monday night's meeting for approval. He urged all the appointees to be present at the meeting.

The first meeting drew a crowd of 89—almost 60 Mexican-Americans, about 20 Blacks and a dozen Anglos, Mayberry said he would like to see a larger turnout of Anglos at Monday night's meeting.

THOSE WHO have been serving with Mayberry on the steering committee are Robby Trevino, Ray Sandoval, Mrs. Lottie Smith, Mrs. Irene Keating and Don Nelson.

This is Castro County's second foray into the Community Action Program. The original county program went defunct in 1969 when the Office of Economic Opportunity cut off its funds. Since that time, all OEO programs here have been administered by the Panhandle Regional Community Action Corp. in Amarillo—most of them through the school districts or public agencies.

Bid accepted for DHS patio

The Dimmitt School Board has accepted a \$4,200 bid by Killingsworth Builders Supply for construction of a students' patio at Dimmitt High.

IN OTHER action, the board extended the contracts for one year for all coaches and for Robert Ryan, High School principal; Emmett Broderson, North Elementary principal; and Mrs. Helen Richardson, South Elementary principal.

Teachers' contracts will be brought up for renewal at the March school board meeting.

The school calendar for the 1972-73 school year was approved, and Noel Gollehon was chosen election judge for the trustees election April 1.

Rites held Friday for Olive Stehr

Funeral services for Mrs. Olive Stehr, 57, of the Bethel community, were held Friday at 2 p.m. in the Lutheran Immanuel Church in Hereford. Rev. Herman Schelter, pastor, officiated at the services.

BURIAL was in West Lawn Memorial Park in Dimmitt, directed by Gilliland Funeral Home of Hereford.

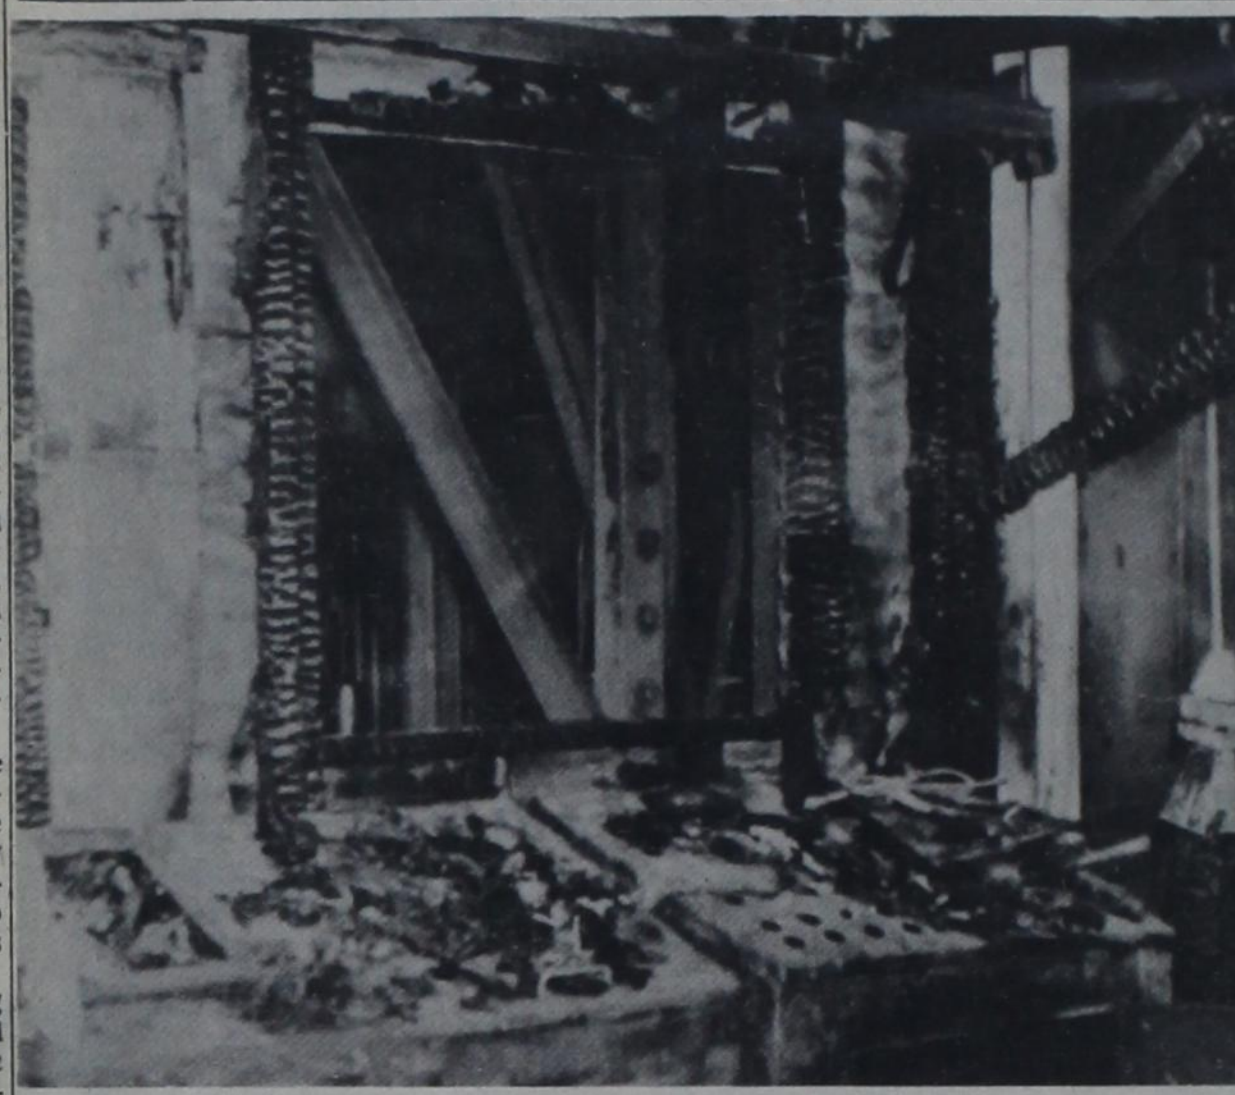

Mrs. Stehr died last Wednesday in the Golden Spread Nursing Home after an 18-month illness.

She was born March 5, 1914, in Missouri and moved to Texas in 1917. She married J. T. Stehr in Tyler on Dec. 24, 1936. They moved to Castro County in 1944.

Mrs. Stehr was a member of the Lutheran Immanuel Church of Hereford. She was the former Bethel correspondent for the Castro County News.

SURVIVORS include her husband, J. T.; a son, Cecil; two daughters, Mrs. Cecelia Schueler and Mrs. Sarah Louise Davenport; a brother, Harold Glenn McWhirter; and a sister, Gladys Womack.

Pallbearers were George Tiefert, Henry Wedel, Herbert Bruns and E. F. Vogler, all of Hereford, and Monte Bozzer and George Sides, both of Dimmitt.

FEED YARD DAMAGE—Fire destroyed the electrical control room in the feed mill at Dimmitt Feed Yards early Saturday morning. Ike Brandon, manager, said the damage was heavy, although the full dollar value has not been determined. Carl Bruegel saw the fire after it broke through the

millhouse walls and reported it to the Dimmitt Volunteer Fire Dept. Brandon thinks the fire started about 2 a.m.—the time when all electric clocks at the feed yard stopped. It was the second major fire in the feedyard mill within a year.

School board candidates

Only contest so far is in Hart district

A four-man race for two school trustee positions in Hart is shaping up, while only enough Dimmitt and Nazareth candidates have filed to fill available openings this year.

At Hart, both incumbents Vernon Mapp and Deryl Clevering have filed for re-election. They are being challenged by Cecil

Ray Jones, who filed Tuesday morning, and Jo Ed Carson, who filed Tuesday at noon.

At Nazareth, the terms of three board members—Robert Huseman, Edwin Schacher and Ed Ramaekers—expire April 1. Huseman and Schacher have filed for re-election, and Cyril Brockman has also thrown his hat into the ring. Candidates in Nazareth file with the county judge's office.

Both Jack Miller and John Gilbreath have filed for re-election to the Dimmitt School

Board. Wednesday morning they remained the only candidates in Dimmitt.

Deadline for filing was Wednesday evening, so last-minute candidates could change the election picture.

Public School Week plans include parent visits, lunches, open house

Wondering what your children have been doing all year at school? Public School Week kicks off Monday and it's your chance to see your local schools for yourself.

EACH GRADE has invited parents on a special day, and an all-school open house is scheduled for Thursday night, according to Supt. Charlie White.

"Parents are invited any day of the week, but they are asked to come on the scheduled day for each class, if at all possible," White said. "With each class scheduled separately, classes can plan programs and the visitors can enjoy their visits more."

The schedule for Public School Week is:

MONDAY—Parents of fourth grade children are invited to visit the classrooms and eat lunch during the day. The Kiwanis Club will eat in South Elementary School's east cafeteria.

TUESDAY—Parents of second and fifth grade students are invited to visit during the day. The Dimmitt Lions Club and the United Lions Club will eat

lunch in the high school cafeteria.

WEDNESDAY—Parents of first and sixth graders are invited to visit the school during the day. Beta Sigma Phi sorority will eat at noon in the east cafeteria of South Elementary.

THURSDAY—Third and seventh grade parents are invited to visit with their children. The Jaycees are scheduled to eat lunch in the east cafeteria of South Elementary.

FRIDAY—Eighth grade parents are invited to visit in the classrooms and eat lunch. The Rotary Club will eat lunch at the high school cafeteria.

All four school buildings will be open next Thursday night from 7 to 9 p.m. for parents' visitation. All the teachers and aides will be in the classrooms to greet parents.

During the open house, the driver education trailer will be open for observation and demonstration at the high school. The art department will demonstrate use of the potter's wheel, the stage band will perform in the band hall, and other classes will demonstrate or exhibit their individual class projects.

Testimony is expected to begin at 9 a.m. today (Thursday) in the 64th District Court murder trial of Billy Lee Croft of Lubbock.

CROFT is accused, along with two other Lubbock men, of murdering Mrs. Lillian Kesler, 79, at her farm home in Swisher County the night of Jan. 14, 1971. He has pleaded innocent of the charge.

The 29-year-old defendant is being tried in Castro County under change of venue from Swisher County.

Jury selection started Monday morning with the calling of 150 veniremen. Four jurors were chosen Monday and four Tuesday as District Attorney Tom Hamilton, Defense Attorneys Selden Hale and Jim Brown and Judge John T. Boyd examined 55 prospective jurors.

To the 150 originally called for jury duty Monday, Judge Boyd explained that only two exemptions are now allowed—ladies with custody of one or more children under 10 years of age, and persons who are over 65. Nine ladies claimed the child-custody exemption and three persons over 65 were excused.

Combined with veniremen under 21 and those who are no longer county residents, these exemptions left 130 prospective jurors on the venire.

After two days of examining prospective jurors, officers of the court said Tuesday evening they felt they would fill out the 12-person jury by Wednesday afternoon and be ready for testimony to begin this morning.

Nazareth Lions discussion set for Monday night

Dimmitt Lions Club members will meet with interested Nazareth men Monday night to discuss organizing a new Lions Club.

THE MEETING will begin at 8 p.m. in the Nazareth school cafeteria.

Chet Braafladt, president of the Dimmitt Lions, said at least 20 members are required to charter a new club. District Lions officers will be on hand to explain Lions Club work and the chartering procedures, he said.

Braafladt said that if the Nazareth men decide to form a new club, the Dimmitt Lions will serve as the new chapter's sponsor and work with its members for the first six months or more to help it get established.

At present there are five Lions Clubs in the county—two in Dimmitt and one each in Easter, Hart and Sunnyside.

Student council elected at NHS

The Nazareth High School Student Council finished electing its officers Friday.

THIS IS the first student council Nazareth High has had since 1955.

Student body officers elected earlier were Juanita Wilhelm, president; Peggy Book, vice-president; Vicky Wilhelm, secretary; and Mary Lynn Wilhelm, treasurer.

The new council elected Richard Birkenfeld parliamentarian and Glenn Ramaekers reporter at the Friday meeting.

EACH CLASS has elected two representatives to attend the weekly council meetings. They are Debbie Acker and Glenn Ramaekers, senior class; Richard Birkenfeld and Kipa McFarland, junior class; Mark Brockman and Emaline Huseman, sophomore class; and Keith Birkenfeld and Noreen Kleman, freshman class.

Two file for hospital board

Two board members will be elected April 1 to fill the expiring terms of Donald J. Wright and James Horton on the Castro County Hospital District board of trustees.

Wright has filed for re-election and Robert McLean has filed for the other board seat. Deadline for filing was Wednesday.

The two new board members elected will serve with James Welch, Dale Maxwell and Ed Bennett on the board that governs Plains Memorial Hospital.

Gollehon, Kirby still unopposed

Sheffy's chatter

By MYRTLE SHEFFY

People of Dimmitt are on the go this week. Going on the tour to Spain were Dick and Edna Reinhardt, Shirley and Mildred Garrison, G. L. and Ouida Willis and Calvin and Tommy Sue Petty. They flew over in a jet. I talked to Edna Faye. She says everyone should go one time. They went across the sea to Tangiers, Africa by hydrofoil. I asked what that is and it is a high powered boat that goes 60 miles an hour and it is mostly out of the water, the sensation of skis. They all went to the Casbah, that is the old town. They had a good meal and saw the belly dancers there. Ask Ouida Willis about her fish dish. They saw the sultan's palace, also the flamenco dancers. They loved the glamour part of the bull fights, but not the gory part. One young matador was gored in the leg by a bull. The troubadours sing. The main experience was riding a camel. Edna says the camel goes to the ground, the man pitches the rider on the pack of the camel. G. L. and Ouida went on to Madrid but the others did not.

PAT AND Bea Hardy visited Pat's dad Milt Hardy in Truth or Consequences, N.M. last weekend. They visited with friends Mr. and Mrs. E. D. Newton who have a motel. E. D. is Homer Newton and Ivey Jackson's brother. They saw some big catfish the people were catching at Butte Lake which is the dammed up Rio Grande.

Pearl Sadler is home from a recent visit with friends and relatives in Abilene and another day she visited Mrs. Ballard in Tulia.

Mrs. Vera Webb was the "birthday girl" Tuesday, so her daughter-in-law Peggy Webb was hostess at a luncheon at the Hereford Country Club. Gifts and good wishes were given by Leola Haberer, Myrtle Lois Moran, Ruby Webb, Cletha George, Gladys Cleavinger, and Beulah Wright. After lunch the ladies went to Mrs. Wrights cottage at Kings Manor and played "84" for awhile.

FRED AND Helen Kuntz and their children were hosts at a bingo party and a very good supper at the Bethel community room. The Bethel ladies cooked the supper—beef, potato salad, Jello salads and cobblers—different fruit. 147 people attended this good time party sponsored by Elanco, Treflan Phillips Petroleum actually Flagg Fertilizer. Connie Gorringer of Hereford talked on the good use of Fertilizers and Tref-

lan, the weed killer, and how the plants absorb the carbon dioxide from same and car exhausts.

Karl Underwood of Amarillo made a short talk about the farmers and good work. The world would starve to death if the farmers didn't fertilize and water. Each farmer feeds at least 47 city people. Karl was a very good humorist calls himself a transplanted French Mississippian. He did the Bingo game calling. I Binged twice and received a fire extinguisher and a record album.

VIRGINIA Glibreath was hostess at a luncheon and bridge party at the Hereford Country Club Thursday afternoon. Guests were Helen McLean, Ceal Carlile, Myrtle Sheffy, Jeannie Miller, Maxine Tidwell, Edna Riley (who won second) and Reba Touchstone, who did it again with high score slams, games and everything.

The annual Abilene Christian College lectureship was in Abilene last week. Going from here were Jim and Becky Killingsworth and Gerry and Earl Chaney. The Woodrow Killingsworths kept the grandchildren. Becky tells us they saw many old friends and had a good time. Other Dimmitt people they saw were Ronnie Parker minister of the Church of Christ, Max Zamarrano, minister of the Mexican Church of Christ, Mrs. Carlos Calvert, the Carol Webbs, the Dean Wisemans and the Truvis Campbells.

The junior high kids of the First Baptist Church went to the Floydada Baptist camp this weekend for a retreat. Carol and John Lantz were the sponsors. They did some hiking over the hills. This is in a canyon of the Caprock. They also study the church mission books.

The high school youth of First Baptist Church went to the Amarillo Baptist camp last weekend. This is in the Palo Duro Canyon, nice programs were planned and done. Mike Jeter and Maxine Tidwell are the sponsors for this group.

DORA JOHNSON is in Lubbock for several days visit with her daughter Beverly and Carl Russell and Myrtle Behrends says she hasn't gone places but has made three quilts and crocheted a bed spread. That's work, I would say. Mr. and Mrs. Bob Morris of Big Fork, Mont. have been house guests of Joe and Dugan Butler and also coffee guests of Sam and Virginia Glibreath. The Morrises were neighbors of the Butlers when they owned the cherry orchards, which they sold last year.

If you like to play the game of "42" go to the community room of the bank March 7. That is Tuesday night. This group calls themselves the "Over 50 Bunch" but come if you are under or over 50 years. Mrs. Cecil Ginn is the chairman.

Mr. and Mrs. George Bradford went to Lubbock last weekend to visit a niece Mrs. Bob Swain who has had surgery.

JOHN AND Sue Merritt were hosts to their dinner and bridge group Thursday night. Ham and all the good foods were enjoyed by Aural Davis, Betty Boothe, the G. P. Dyers, the Charlie Hays, the Charles Vandivers, the Ted Sheffys, the Harold Stephens, the Russel Morans, the Jack R. Millers. I don't know the winners at that fun party.

Johnny and Amie Merritt spent that night with grandmother Pearl Sheffy. Another bridge party Thursday afternoon was at Joannis Robertson's house. She served a banana nut cake and coffee to a bunch of Weight Watchers—mean, mean girl! Well, Betty

Boothe and Gail Bruegel were the big winners. I heard they bid a grand slam and made it. Why not they had a lay down! Other guests were Ina Cleavinger, Mona Merritt, Jo Eddie Riley, Ruth Jackson, Vaudine Giles, Dorothy Mayfield, Pat Bagley, Katy Graham and Carolyn Jones. Mr. and Mrs. Frank Taylor of Clovis were recent guests of his brother A. H. and Mae Taylor. Mae's sister came up from Trent for a visit a while back.

FATHER Stanley will be the honored guest at an autograph party. Sunday afternoon March 12, 2 to 5 p.m. at the Catechetical building at Nazareth. It is east of the Holy Family Church. Father Stanley's latest book is "From Cattleman to Feedlots 1880 to 1970." He has written several books about early day towns in New Mexico and other things too. The Christian Mothers, The Catholic Daughters and organizations of Nazareth will host this party. Lucille Drupur gives you a special invitation.

Mrs. Neva Hickey had friends in for a visit Saturday. They were Kate Farris and Sally Farris of Oklahoma City, Dolly Saied of Perryton, Tajia Saied and other friends. They were our neighbor's children at Flagg years ago.

George and Josie Bradford went to Muleshoe Sunday to visit friends Andy and Opal Thompson.

Sunday was a most beautiful day, sunny and warm with very little wind here in Dimmitt.

The Howard Hersheys had a house full of company Sunday. They also attended church with

DONALD WRIGHT and sons, Jim and Rick and Bruce Fuller flew out to Wilcox, Ariz—something to do about Donald's cows. Fred Annen was the birthday boy Saturday. So his wife Ramona took he and son Hollis, Jan Giles and Jim and Ellen Julia and Debbie out to dinner at the Colonial Inn. The other son Jerry went to Palo Duro Canyon with the Baptist group.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

America in its early days depended on the "GOOD BOOK" for its guide in ethics, worship, and pursuit of freedom. These early gains are now in danger of falling and we need to turn all America once again to God and His word. America can be strong only when each individual looks to God for strength.

The view from your library

By MARY EDNA HENDRIX

We had several warm days last week and it makes one think of gardening. Some of our books on flowers and gardening are: "The Pictorial Encyclopedia of Plants and Flowers" by F. A. Novak, "The Complete Book of Garden Magic" by Biles, "Complete Home Landscaping and Garden Guide" by Raymond Korbob, "A Book About Soils for the Home Gardener" by Orthloff and Raymond and the complete set of "New Illustrated Encyclopedia of Gardening" that Decima Dennis gave us last summer.

SOME interesting people in the library last week were: Charles Harris, pastor of the Lee Street Baptist Church (We are so proud of Charles, a home town boy); Mrs. Berry from Amarillo, who had a little time to spend in Dimmitt; Cindy Scoggins, who is attending Bauder Fashion College in Arlington (Cindy was working on an assignment in period furniture); and Jo Eddy Riley, who says she just loves to come to the library! Jo Eddy is building some Early American furniture, so we got some books through the interlibrary loan for her to use. Betty and Geneva Dennis also came in. Betty needed some books on Western art. My sister, Mrs. Lynna Cloer from Tulia, came over to look for some books on the Spanish influence on Texas history, which she needs for a talk in her Literary Arts Club.

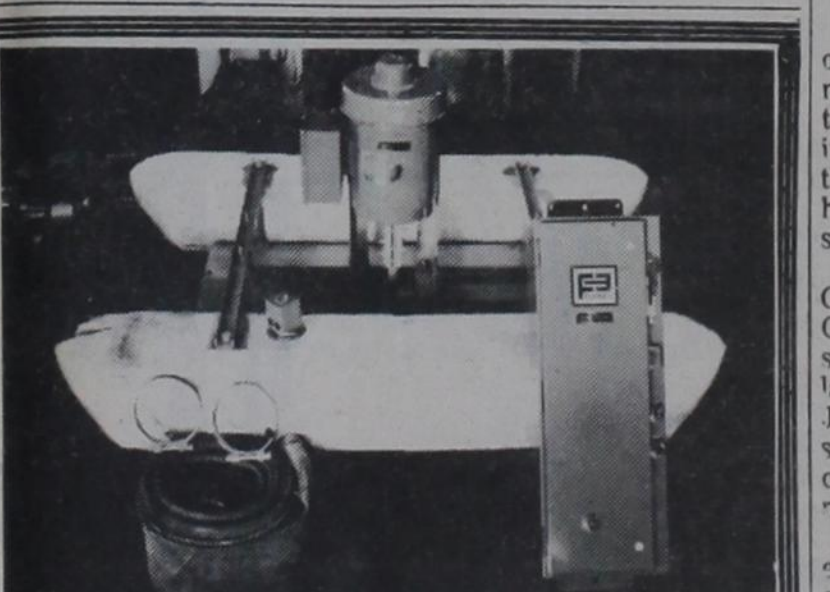

We are still having children's Story Hour on Fridays at 1 o'clock. We had a cute new member last Friday Cindy Slough, whose dad brings our mail to us here at the library.

The library board met Friday with Jack Miller presiding. Members were Leora Little, Edna Riley, Hazel Merritt and Esta Vandiver, president of the Dimmitt Book Club. Jimmy Ross met with us to discuss future plans for the library. We have another drawing by the architect in the library, so come by and look at it.

Rider expects to break world horseback record

Don Schilling, who lives four miles north of Dimmitt, is naturally curious and friendly.

SO IT WAS just natural for Schilling, when he saw a man riding one horse and leading another along US 385, to climb down from his tractor, introduce himself and ask the rider where he was bound.

"I'm on my way through to South America—to Chile and Argentina," said the sandy-haired, friendly rider in a heavy European accent.

"Where did you start from?" Schilling asked.

"FROM CANADA—from Fort St. John, British Columbia," the rider replied.

"Well, why don't you spend the night here?" Schilling offered.

"Sure," the rider said.

THE RIDER was Jake Schaffhauser, and he's out to break the world record for distance traveled on horseback.

The more Jake told the Schillings about himself over the dinner table that night, the more intriguing his story became.

Jake, a 29-year-old bachelor, is a native of Switzerland and a naturalized citizen of Canada. He has lived in northern Canada seven years, making his living as a farm worker, carpenter and professional hunting guide.

BUT HE'S a deeply religious man with a wanderlust. So he's now on his way to South America to become an evangelist, in the tradition of St. Paul the Apostle.

"I'm a Lutheran," Jake said, "but I go on my own—I'm not sponsored as an evangelist by the Lutheran Church."

How did a man who is Swiss by birth and Canadian by choice come to be making a 12,000-mile trek on horseback down an entire continent?

"I WAS reading the Reader's Digest about a year ago and saw this article about a man who had set the world record on horseback, going from Buenos Aires, Argentina, to Washington, D.C., 30 or 40 years ago," Jake said. "That got me started thinking about breaking the world record."

He sold all his personal possessions, withdrew his savings, bought a pair of horses, and left Fort St. John, B.C., on May 26, 1971. He's been averaging about 25 miles a day ever since, switching his horses from pack to saddle.

Despite the quiet thrill of seeing the beauty of the Americas from horseback, it hasn't been easy going.

BEFORE he got out of Canada, his favorite horse hurt itself seriously when it tripped and fell, then later died. His

mare, but bullheaded, so he traded her in and bought his present two horses.

Near Yellowstone National Park, he was soaked by a three-day rain. He found shelter in a hunting cabin, but it leaked. Some of his clothes burned during the night as he tried to dry them in front of the faulty old fireplace.

Things went fairly well for the next thousand miles or so. In Montana he had his first newspaper interview and they've been fairly frequent ever since.

PEOPLE generally have been curious and friendly, he said.

When he asked to water his horses at a ranch between La Junta and Colorado Springs, Colo., the owner brought him a glass of milk, offered him overnight lodging, meals, and feed for his horses, and gave him the run of the place.

But not all people have been

so friendly. The most unfriendly man he has run across so far was a Texan—a rancher on the North Plains.

"I ASKED him if I could 'ake a short-cut across his property,'" Jake said, "and he told 'to get off of his property. So I asked him where the next place was and he gave me some directions. I guess I took the wrong direction off the ranch, because he caught up with me in his pickup and turned me around, making me go around the rest of his property."

That was just the first of his problems in Texas. Near Dalhart, a friendlier man was giving him a ride into town for supplies when they had a wreck. Schaffhauser suffered broken vertebra and was laid up for three months. His back is still bothering him.

WHAT DOES he carry on his pack horse?

"A little bit of grub, a little tent, a sleeping bag, a little bit of medicine, a little bit of clothes, my horse-works—my clippers, hammer, knife—a Bible, and a Spanish dictionary," he said.

His main meals along the way are rice, rolled oats and cheese. He doesn't carry meat "because sometimes the bears or other wild animals will want it worse than you do," nor does he carry jerky, because "it makes you too thirsty."

WHAT DOES he plan to do when he gets to South America?

"Well, I intend to fulfill a specific need for mission work," he said. "I think after I go to the southern tip of Chile, I will go back to Buenos Aires, Argentina, then more than likely I will go to Colombia—Panama or Colombia, in the jungle. There are lots of Indian tribes that have never been reached."

"Mostly, I plan to do just like Paul did—the Apostle Paul. Tell them, then go on again. I just have the drive to do it. My work will be evangelistic more than mission work."

HE RODE up to the Schillings' place Tuesday evening of last week. "They're nice people," he commented. "Here in Texas this was the first time anyone asked me to stay at their place. People who are real nice and invite you usually have the best places."

His pack horse was limping, so the Schillings invited him to stay on until the horse quit favoring its leg. Jake took the opportunity to re-shoe both horses and trim their hooves. (He averages 700 to 1,000 miles per set of horsehoes.)

Then, Friday morning, Jake was on his way again with rested horses, new horseshoes, renewed energy from a few home-cooked meals—and 9,000 or more miles still to go.

"He was one of the most interesting fellows I've ever met," Schilling commented. "He was one of those guys you're glad to meet and will always remember."

Fashions reflect ecology trend

"Fashion projects the times, so let's return to nature," suggested Becky Dunlap, clothing specialist for the Texas Agricultural Extension Service.

The acceptance of fashion depends upon, and directly relates to, our current society.

"ECOLOGY is the key word in spring fashion predictions and actual garments shown to retail buyers at the Dallas Apparel Mart," she noted. "Through various combinations of patterns, colors and fabrics, a natural spring fashion look evolves."

Shapes and patterns conform to those of nature, whether through the use of accessories, prints, or appliques. Landscape florals, country gardens, mixed bouquets, animal forms and fruit and vegetable motifs abound.

"Fabrics are returning to the honest-to-goodness homespun look," she explained. Fresh ginghams, seersuckers, denims and piques are gaining dominance. Fabrics seem to come alive with soft and flowing movement.

CLEAR, bright and natural colors such as sand, grass green, sun yellow and poppy red dominate the spring fashion scene. "The influence of nature and ecology now moves into fashion, restoring a cleaner, clearer and purer look than seen in recent years," the specialist said. "Designers have joined the bandwagon in support of the belief in preserving nature."

Today's look is natural. Do you project the times

WASHINGTON AND SMALL BUSINESS
AS HEARD BY HEARD

Dopey Government
One of the rarest commodities to come by these days, it seems, is common sense, especially in government circles.

On one hand, you have legislators being stamped by demagogues into making stronger and often ridiculous laws to require that autos be made safer, regardless of the cost to the consumer.

In addition, there is a great deal of discussion and debate over the concept of so-called "no fault" insurance to presumably lower the cost of automobile insurance and also to unclog the court calendars of a huge volume of auto injury cases. In states where the National Federation of Independent Business has surveyed on this question, independent business people are heavily in favor of no-fault insurance.

Then there is a blue ribbon Federal commission studying whether or not penalties should be reduced for the sale and use of marijuana. Many so-called experts take the position that marijuana is no more harmful than alcohol.

There may be some validity to this contention, and again, it may be false. But any discussion of this point is frivolous.

There are laws against drunk driving. Many states have procedures to enable law officers to make tests of drunken drivers, the results of which will stand up in court as evidence.

But insofar as public safety

is concerned, a driver who is high on alcohol or high on marijuana is the same. Both are equally as dangerous.

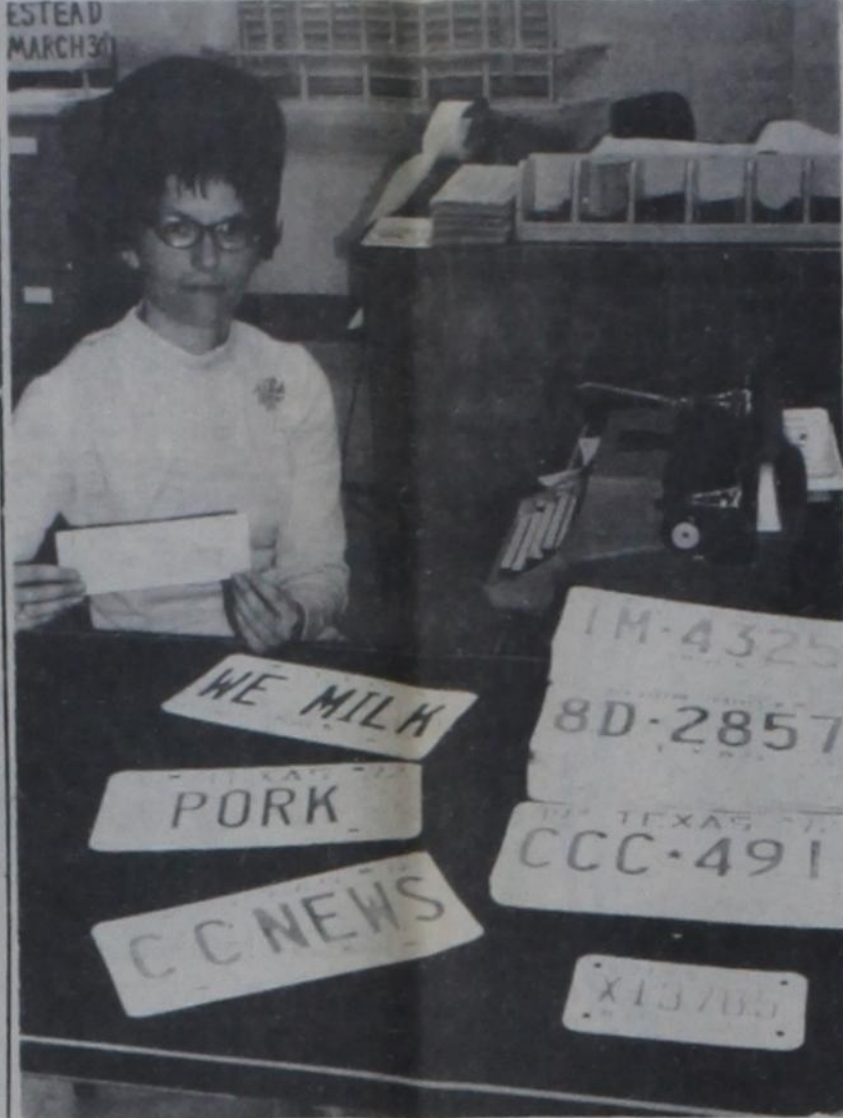

But unfortunately, those who enforce the traffic laws have no way of establishing evidence that a driver is under the influence of marijuana. A driver can be stopped going down the highway in an erratic, unsafe manner, the officer can be completely certain that the driver is under the influence of marijuana, yet there is no test devised whereby a court can be supplied concrete evidence that the driver was under the influence of marijuana as can be done with alcohol.

As the death toll on the highways mounts, no one can say with any certainty how much of this carnage is due to marijuana, but it seems to be agreed that the drug is responsible for a substantial share.

Insurance companies are currently being criticized, especially by some of the bleeding heart liberals, because in many areas they are making investigations into the habits of those who apply for policies.

It is perhaps prudent they do so, because a marijuana driver is unsafe at any speed.

Thus if the current drive in some sectors of government to relax the regulations against marijuana succeeds there should also be passed a law outlawing the auto and bring back the horse. At least a horse has too much sense to smoke marijuana.

DON'T FORGET that April 1 is the deadline to register your vehicles for 1972. Here, Deputy Tax Assessor Dorothy Wright shows the license registration form and the different types of 1972 plates, including local customized plates and a motorcycle plate (lower right). The next 29 days are likely to become hectic for the Tax Assessor's Office—only 1,000 vehicles have been registered so far and there are 7,000 to go. Tax Assessor Kent Birdwell is at the Farmers State Bank in Hart today (Thursday) to issue plates to Hart area residents.

Top wheat crop in prospect -- if

Excellent ground moisture gives promise of one of the best wheat crops in several years, but this moisture may also result in weed problems, says Dr. Frank Petr, Extension agronomist at Amarillo.

"FAVORABLE moisture last fall resulted in the germination and establishment of large numbers of winter annual weeds in wheat and other fall-sown grains," Petr reports. The most common of these moisture-robbing are tansy mustard and pepper weed.

The agronomist warns that large amounts of stored moisture and plant nutrients are being used by these fast-growing species, and that producers should consider herbicide treatment if fields are infested.

He suggests one-half pound of 2,4-D per acre in a low volatile ester or amine form. With ground equipment, the chemical should be mixed with five to ten gallons of water. For aerial application, two to five gallons of water is recommended.

PETR emphasizes that herbicides should be applied before March 15 to conserve moisture. Also, if application is delayed, there is more risk of wheat yield loss from the herbicide as the crop gets older. Spraying should not be done after the wheat reaches the boot stage.

Fields should not be grazed for two weeks after spraying with 2,4-D; which may cause some inconvenience on dryland acreage.

"But with irrigated wheat, the spraying can be done when the field is irrigated," Petr says. "Herbicides are more effective on succulent weeds and it is usually desirable to keep cattle out of wet fields to prevent soil compaction."

THE AGRONOMIST adds that tests have shown spraying to be economically justified. Research by Dr. Allen Wiese of the USDA research station at Bushland indicated that one

ASCS notes

Sign-up ends March 10

By CHARLEY HILL
Executive Director

Sign-up dates to participate in cotton, feed grain and wheat programs began on Feb. 3 and will continue through March 10.

THE SET-ASIDE acreage must be at least equal to the productivity of land on which program crops are normally produced. When program crops are based on an irrigated yield the set-aside acreage must be on acreage which could be irrigated in the current year, and within the irrigation system. If the program crop is based on both irrigated and dryland yields (blended yields), the set-aside must be in proper proportion. If the designated set-aside fails to meet the productivity requirements a payment reduction will be made.

Wet low-lying areas, turnrows, droughty knobs, small or irregular areas and other areas which normally would not produce a crop are not eligible for set-aside.

Please bring your 1971 cotton production records in as soon as possible. These records are necessary in order to compute your 1972 cotton yield.

IN ORDER to participate in the 1972 Feed Grain Set-aside Program, an eligible producer must make the following choices:

Qualifying Participation. In all cases, in order to participate, a producer must set aside a cropland acreage of average productivity equal to 25 percent of his total feed grain base. He will receive a payment rate of 80 cents a bushel for sorghum, and 64 cents for barley on the established yield of the set-aside acres.

In addition, he may choose one of the following two alternatives:

(1) He may set aside an additional acreage up to 10 percent of his corn-sorghum base, at a payment rate of 52 cents a bushel for corn, 49 cents for grain sorghum. Barley growers may elect up to 20 percent additional set-aside at 42 cents per bushel. This is the only option that offers additional voluntary set-aside for barley. (If

a producer with a corn-sorghum base wants to make maximum set-aside under this choice, he may offer an additional 5 or 10 percent of that base at the 52-cent rate for corn, 49-cent rate for sorghum, at the option of the Secretary of Agriculture who will announce at a later date whether he will accept this offer.)

OR

(2) He may set aside an additional 10 percent of his corn-sorghum base at an 80-cent rate for corn, 76-cent rate for grain sorghum, provided he agrees to reduce his corn-sorghum plantings from last year by twice the acreage of his additional set-aside. (If a producer wants to make maximum set-aside under this choice, he may offer an additional 5 percent of his corn-sorghum base at the 80-cent rate for corn, 76-cent rate for sorghum, at the option of the Secretary of Agriculture who will announce at a later date whether he will accept this offer. If the additional 5 percent offer is accepted, the producer must also reduce his corn-sorghum plantings from last year by twice the acreage of this additional offer.)

LOANS WILL be available on all program crops grown on participating farms in compliance with program provisions.

Estate planning: have you done it?

By IRENE KEATING
Last week I attended the PEP Family Living-Youth task force meeting in Amarillo. We had a very informative program dealing with family finances and estate planning. I am thoroughly convinced that each of us must have a will and if we have very much we need to have an estate planner help us. We have some good fact sheets about wills and estate planning if you'd like to come by and get them.
HERE ARE some interesting items about housing. Last year about 40 to 50 percent of all housing starts were multi-fam-

Handwork Club meets at Bethel

Mrs. Moss Howell was hostess last Thursday to the Bethel Handwork Club. Mrs. Laurence McLain of Hart presented the program. She showed the film "Self-examination for Breast Cancer."

MRS. McLAIN also taught the group how to make items useful in nursing cancer patients. The items included draw sheets, full size sheets and bed pads which were made from discarded sheets and other cotton materials.

The women enjoyed a covered dish luncheon featuring Mrs. Howell's hot rolls and barbecued chicken.

Attending were 14 members and Mrs. McLain and her mother from Hart.

Marriage revealed

Mrs. Betty Harris announces the marriage of her daughter, Ruth Ellen, to Gary Singer on Feb. 15. The newlyweds are now residing in Hereford.

THE BRIDE and groom are both graduates of Dimmitt High School. She attended East Texas State University in Commerce, and he recently returned from active duty in Vietnam.

Homemakers will host decor show

A Gift and Home Decor Show will be hosted by the Young Homemakers tonight (Thursday) at 7:30 in the Dimmitt High School homemaking rooms. Mrs. Leon Gilliland presented a program on Geriatrics at the Feb. 3 meeting. She explained how the Golden Spread Nursing Home works to make its residents happier in later life. Twenty-two members were present.

Everyone attending the Sweetheart Party, Feb. 11 enjoyed a buffet supper, and games of "42" followed.

Couple exchange vows in Amarillo

Ms. Rose Rotenberry of Amarillo and Levi Bennight of Hart were married in Amarillo Feb. 22.

REV. W. L. PATTON, Baptist minister, officiated at the wedding ceremony at 8 o'clock in the home of the bride's daughter and son-in-law, Mr. and Mrs. Don Hicks.

Attending the couple were Mr. and Mrs. L. C. Moody of Amarillo, aunt and uncle of the groom.

The newlyweds attended Friendship School together near Altus, Okla., some 40 years ago.

On the Go

Mr. and Mrs. B. M. Nelson attended the fiftieth wedding anniversary of Mr. and Mrs. Allen White at Amherst Sunday. Mr. White was postmaster and Mrs. White assistant postmaster at Amherst from 1935 until 1970.

College singers ring ratters

INSPIRED DIRECTION—When members of the First Christian Church gathered Sunday afternoon to celebrate the church's 12th anniversary, they were treated to a concert of religious music by the Christian Campus Singers of Eastern New Mexico University, Portales. Here, the student conductor and accompanists provide the beat.

A JOYFUL RESPONSE—The 20 enthusiastic student singers provided a 30-minute concert of religious music, ranging from gospel songs and favorite hymns to the contemporary sounds of Ralph Carmichael's folk musicals, plus solos and readings of original poetry. The Christian Campus

House Singers are made up of ENMU students of all denominations. Their music was sparked by an almost-professional enthusiasm and projection. After their concert, campus minister Dean Overton brought the afternoon message. A potluck supper at 1 p.m. preceded the concert.

NEWS

By GERALD BROADSTREET Greetings Comrades.

The windy month of March is almost upon us and this means our regular business meeting is just around the corner. Meeting night is the first Monday of each month and on that night the post home is closed and only members will be admitted.

COMRADES please make an effort to come to our meetings. Your presence is a big morale booster to your elected leaders. It shows them that you are interested in what's going on and that you are there to back them up and help make the decisions that must be made.

March 6th at 8 o'clock is the time to remember. Let's all be there and give our officers the kind of support they need. Have you signed the letter? The letter I'm talking about is the one the VFW composed stating our opposition to the Health, Education and Welfare being combined with the Veterans Administration. Our elected Washington leaders are trying to put the HEW and the VA hospital system all under one department and this will be detrimental to every veteran in the USA unless we can put a stop to this action. You can help by coming to the post home and signing the letter and we will take care of mailing it for you. Please, you must sign it, your future depends on it.

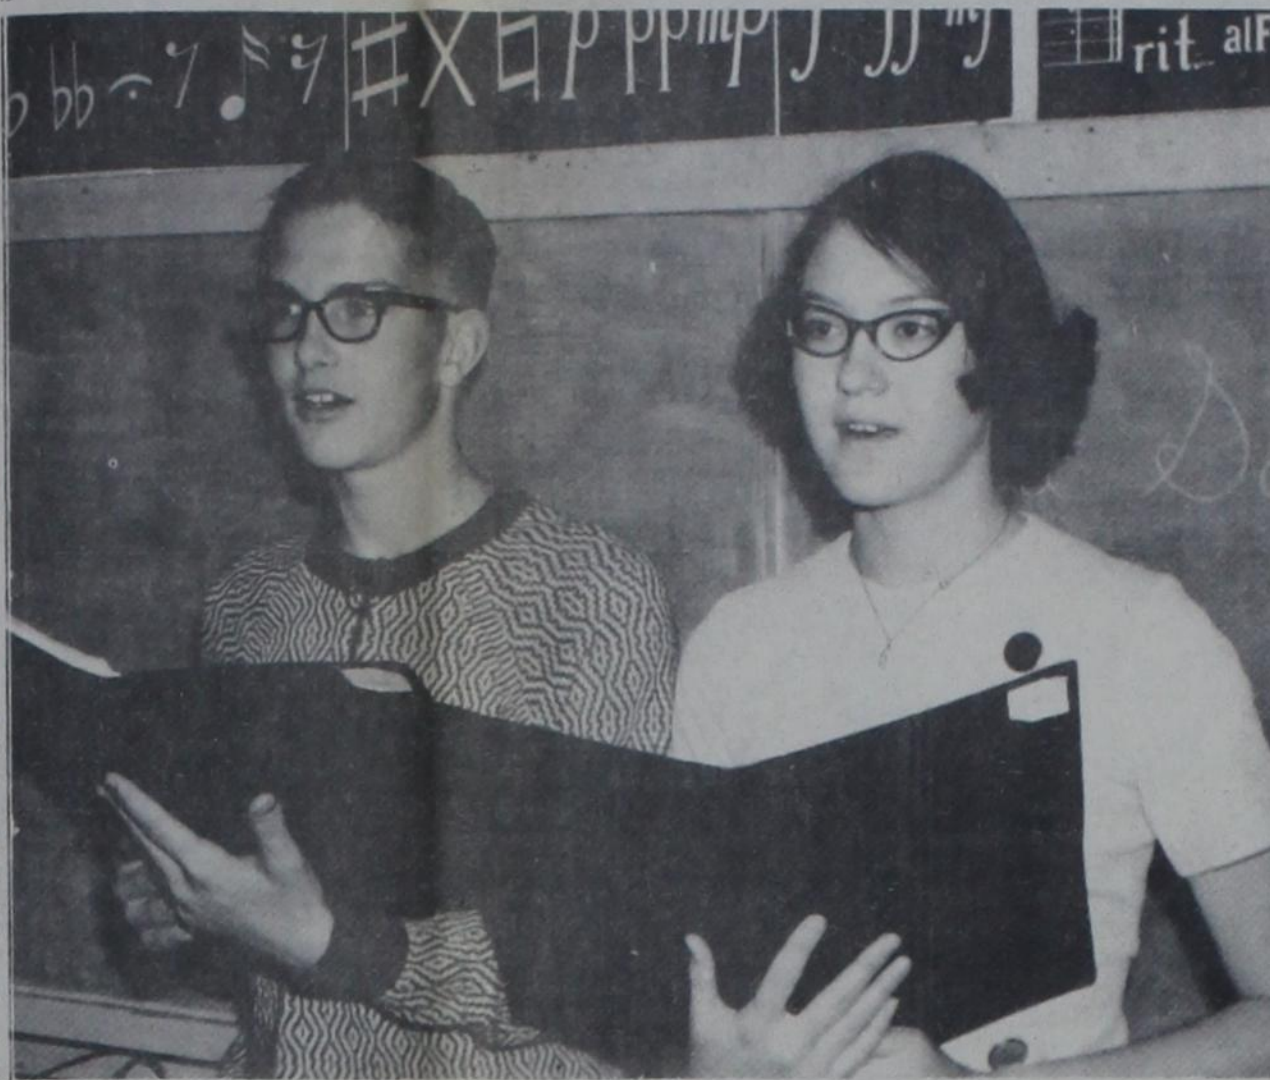

This Saturday is the big night; we are having a dance and a barbecue pig supper. We have a new band playing for us, "The Crystal-Aires," and from what I hear they are pretty good and can play most any kind of music. For \$3 you can eat all the barbecue pig you want and dance till 1 o'clock. Can't hardly beat that can you? You can get your tickets in advance at the post home or at the door Saturday night.

I'M TELLING you, we sure had a nice big crowd last Wednesday at Game Night. Sure does make me feel good to see so many come out and be with us. We do appreciate your patronage and we hope you'll continue to come out and support us.

Post Custodian, Harold Broadstreet, reports that business the last half of February has been pretty good. Our Quartermaster, Gernett Holland will have a complete financial report at our regular business meeting Monday night. That's all for now, see you at the dance.

Boxing Club asks for help

Organizers of the Dimmitt Boxing Club said this week they have found a building to use for a workout gym, but still need financial help to get the new club on its feet.

SPEAKING to the Kiwanis Club Monday, Kenneth McDermitt recalled the history of the new boxing club which won the "Fighting Heart Award" at the recent Golden Gloves regional tournament, and told of its progress and present needs.

Appearing with McDermitt were Joe Day, DBC coach and regional heavyweight champion, and Larry Bossett, regional champion in the 95-pound division. "For about 20 years there had not been any boxing here at all," McDermitt told the Kiwanians. "We had a lot of boys interested, but no place and no one willing to sponsor them."

McDERMITT, David Adams and Elias Purnell formed the Dimmitt Boxing Club at a meeting early last summer at the city hall.

"We worked out during the summer, using the field house until the football season started, but then we had to stop because we didn't have a place to eat, but then we had to stop McDermitt said. Workouts started again just last month, he added.

"We expected to take four boys to the Golden Gloves tournament, but because of help from the newspaper and the interest of the boys, we found ourselves with 24. We've had to turn away 17 others because we didn't have the facilities for them, and that's a crying shame."

HE ADDED, "We were completely overwhelmed by the number of boys who showed up and wanted to enter the Golden

Gloves." The club lost the field house as a workout gym again last week, but things looked up when the Dimmitt American Legion Post agreed to donate its building for the next six months, McDermitt said.

The club still needs funds to pay utilities and finish paying for equipment, McDermitt explained.

"**WE'RE appealing to all civic clubs for help,**" he said. "We want to make this a community project, and we want to make it a year-round program for young boys who want to learn to box. We just need help getting the club on its feet. Later it will become self-supporting."

McDermitt attributed the club's recent Golden Gloves success to Day, a former Miami, Fla., Golden Gloves finalist, who became involved as a coach after he entered his younger brother in the club.

McDermitt also told how Day decided to enter the regional tourney himself and overcame the effects of influenza and leg cramps to win the heavyweight title.

"I've never been prouder of a young boxer in my life," McDermitt said.

DAY TOLD the Kiwanians he was "fighting scared" in the tournament "because all the kids I had been coaching were watching me, and I sort of felt I'd better prove I knew what I was talking about."

Day won the championship by a technical knockout in the first round.

Day commented, "I've noticed we have a lot of kids here who have a lot of natural ability in boxing but haven't had the opportunity to develop or prove themselves." He added, "We have so many boys now that we can't handle and teach them effectively one night a week. We plan to organize a program to allow different workout nights for different boys so we can give them all a chance."

BOXING, Day said, "is a sport that makes a kid learn to control his temper. If you lose your temper in some of the other sports it usually won't cost you a match. But if you lose your temper in boxing, you'll get beaten."
