How Use Of Water May **END YOUR** CONSTIPATION WORRIES

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SERUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries.

SERUTAN is the all-vegetable lax-ative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SERUTAN is entirely dif-ferent from harsh chemical pills, salts, bran or oils. Take SERUTAN daily with water and enjoy regular elimination or your money back.

Does honesty and sincerity make a thing right? Many think Most, once honestly thought the earth to be flat. Their honsty did not make it so. In religion the majority of the people think that sincerity and honesty make it acceptable to God. Paul, with all good conscience, persecuted Christ. (Acts 23:1; Acts 9:1-6). He profited in the Jews' religion because of it (Gal. 1:13-14), but this did not make it right. Paul, like many today, was honesty and sincerely "kicking against the pricks". (Acts 9:5). Those hat are fighting against the plain truth of the New Testament, by saying it does not matter what you believe so long as you are honest and sincere, can do no better than hurt themselves. Paul was told what to do about his case and did it (Acts 9:6; 22-16). Paul's old religion was vain and could not any longer be pleasing to God. So are all human religions (Mt. 15:9). The world speaks of many faiths. I do not question their honesty, but the New Testament speaks of but ONE FAITH (Eph. 4:5). They also speak of many churches, but the New Testament speaks of but one. (Eph. 4:4; Eph. 1:22-23). You may honestly believe God has said it. Man is the only one that has ever taught such. Can man save himself? A think is right only when it is taught by Christ or His apostles or prophets. The 260 denominational churches in America cannot be found in the teaching of Christ or the Apostles. Can you honestly face God in the judgment and say you have done His will when such churches are against His will and cannot be found mentioned in His Word? An honest man will seek out the TRUTH. Will you? Hollis Windham

Up to the time of which I write and for years afterward-I think until the administration of President Juarez — the cultivation, manufacture and sale of tobacco nstituted a government monopoly, and paid the bulk of the revenue collected from internal sources. Uncle Sam tips his hat to

the ladies...

for their big part in the Savings Bond Program

From the very start 20 years ago, the U.S. Savings Bond Program has been lucky in having the dedicated support of thousands of American women. Their wonderful cooperation has ranged from the War Bond tours of Hollywood's brightest stars to helping to operate the Savings Stamp Program for the Nation's small fry.

The special talents of American women

Studies have shown that American women tend to be conservative with dollars. Their long look at future security is apt to be pretty practical. So for them, Bonds and the Savings Bond Program are a natural.

Thousands of husbands and fathers owe their Payroll Savings nest egg to the influence of their wives. Many a boy and girl wouldn't have a full Savings Stamp book, but for Mom. And many a Bond would not be sold, but for the army of women volunteers who put their strength behind the Savings Bond Program.

Why it's worth listening to the ladies

Every U.S. Savings Bond you buy is guaranteed to grow by Uncle Sam. Right now the interest paid you is 3\%, if Bonds are held to maturity. Bonds are a riskless investment. If they are stolen or destroyed you get new ones free. And you can have your money back anytime you need it with

Buy and hold U.S. Savings Bonds—join the ladies in their work for a stronger Nation in Peace.

A Message from our First Lady:

During this Twentieth Anniversary Year of the U.S. Savings Bond Program we salute the volunteer spirit of the Women of America in bringing the Savings Bond message of thrift into our family lives. By buying bonds and encouraging others to do so, we help build a more secure future for ourselves and for our country. Most important, this self-discipline of regular savings helps build the spiritual strength so essential to our continued growth as individual citizens and as a Nation.

IMPALA CONVERTIBLE Here's top-down going at its breezy best. And, like all five Chevy Impalas, it's Sport features* that set it apart from anything else on the road.

Sports car spice never came in so many varieties ... Chevrolet!

Maybe you're a fellow with more or less normal driving habits who's looking for a change of pace. Or maybe you're a red-hot sports car buff. Either way, you'll find the fastest relief for that tantalizing itch in your driving foot at your Chevrolet dealer's One-Stop Shopping Center. He's got cars that run the sporting gamut like no others-nimble Corvair Monzas (2- or 4-door), charged-up Impala Super Sports (in five different body styles) and the kingpin of production sports cars, the Corvette. You can take your choice without chasing all over town. They're all stablemates under the same roof!

CHEVY CORVAIR MONZA CLUB COUPE Nestle behind the

bucket front seats and see what Corvair's rear-engine design has done for driving. Steering that responds to the subtlest hint. Braking that brings you to precise evenkeel stops. Traction that clings like a cocklebur.

It's the goingest machine in America. Pure-bred the likes of which only the most elite (and expensive) foreign-built jobs could claim before Corvette began stealing their thunder in open
