ially Rosettee.

A. W. Ware, Rising Star grower, will put on a spraying demonstration of the casiest, cheapest thing a person can have. It may be hard to get in The Eastland County Pecan nity. It may cost too much for the leaders, scribes and pharisees when loping the pecan industry in the or I do. Membership is cheap and is no such thing as a cheap church

nembership.

1. The cost of being a Christian involves the cost of accepting a sacrifice. That places a burden upon our heart, a burden from which we can never escape.

2. Being a Christian also involves the cost of accepting a sacrifice. That places a burden upon our heart, a burden from which we can never escape.

2. Being a Christian also involves being a redeeming, forgiving restoring person.

3. Christianity also involves the cost of caring. Barker will operate the concession stand.

Shrinks Hemorrhoids Without Surgery Stops Itch-Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H*3. At all drug counters.

Your home is your most priceless possession

Ranger Frozen Food Center

Don't risk heartaches and top-heavy costs in keeping it up-to-date. Whenever it needs care, maintenance or modernization, check with us before you sign any contract from a high pressure, quick-talking stranger.

Ask yourself these questions when you have been contacted by an itinerant salesman offering you a

"bargain price" on a new roof, siding, paint job or other home improvement: 1. Do I know anything about this salesman or his company?

2. Can the salesman or his company give me local, recent references?

3. Will the company be in existence and financially able to fulfill its guarantees (if any) in one, three or five years from now?

4. Have I obtained a price on this job covering the exact same specifications from any local dealer?

5. Does the out-of-town company have liability insurance to protect me or my property in case of accident?

6. Do I know for certain the brand and grade or quality of material I will get?

7. If something goes wrong with the job, will the out-of-town company make it good? And, if so, when?

8. If a local building permit is needed, does the out-of-town firm have one, signed by local authorities for my protection?

If the answers to any of these questions are not satisfactory, be careful. Watch out for tricky contracts and misrepresentations . Before you purchase material or enter into a contract with an unknown firm consult one or more of

your local lumber dealers. We are reliable, trustworthy and an authority on the proper materials and what they should cost for your every building requirement. We know what materials will give you the best job per dollar invested.

We are members of your community. If anything on any job might need further attention, you are as close to us as your telephone and you can be assured of satisfaction and helpful, friendly service.

A good policy to follow!

Walking to my office the other day I passed by the stores and offices of the people in this community with whom I do business. I could not help but think how fortunate it is to have, so conveniently available, most of the services and help needed in our daily existence and provided by those whom we know and trust as friends and neighbors.

It made me feel good to realize that in my job as an insurance man I too contributed to the convenience and welfare of the members of this community.

I realize that in doing business with people who are close to you and whom you know, there is that personal touch and interest which cannot be obtained from distantly located strangers. For that reason and the fact that it will increase the prosperity of our community and ourselves, I believe in the policy of buying from your neighbors.

Call by number . . . It's twice as fast

Uncle Sam tips his hat to

the ladies...

for their big part in the Savings Bond Program

From the very start 20 years ago, the U.S. Savings Bond Program has been lucky in having the dedicated support of thousands of American women. Their wonderful cooperation has ranged from the War Bond tours of Hollywood's brightest stars to helping to operate the Savings Stamp Program for the Nation's small fry.

The special talents of

Studies have shown that American women tend to be conservative with dollars. Their long look at future security is apt to be pretty practical. So for them, Bonds and the Savings Bond Program are a natural.

Thousands of husbands and fathers owe their Payroll Savings nest egg to the influence of their wives. Many a boy and book, but for Mom. And many a Bond would not be sold, but for the army of women volunteers who put their strength behind the Savings Bond Program.

Why it's worth listening to the ladies

Every U.S. Savings Bond you buy is guaranteed to grow by Uncle Sam. Right now the interest paid you is 3%%, if Bonds are held to maturity. Bonds are a riskless investment. If they are stolen or destroyed you get new ones free. And you can have your money back anytime you need it with interest.

Buy and hold U.S. Savings Bonds—join the ladies in their work for a stronger Nation in Peace.

A Message from our First Lady:

During this Twentieth Anniversary Year of the U.S. Savings Bond Program we salute the volunteer spirit of the Women of America in bringing the Savings Bond message of thrift into our family lives. By buying bonds and encouraging others to do so, we help build a more secure future for ourselves and for our country. Most important, this self-discipline of regular savings helps build the spiritual strength so essential to our continued growth as individual citizens and as a Nation.

Honorary Chairman, Mational Woman's Advis
