

DEDICATORY ADDRESS AT NEW LIBRARY SUNDAY AFTERNOON ... Assistant State Librarian William Gooch addresses large crowd

Rhoads Memorial Library

'The job is just beginning'

"This is a tremendous undertaking, but ... I'm sure many of you realize that the job is just beginning," Assistant State Librarian William Gooch

told a crowd of almost 400 at the dedication of Rhoads Memorial Library Sunday afternoon. "IT IS UP to you to see that the materials inside the brick and mortar exceed those of the structure," Gooch added. "A library without books is not a library."

about dimmitt and castro county by b. m. n.

We have been very busy this week, due to the fact that we are publishing a day earlier than usual and a somewhat larger paper than we usually print. But we do have time and space to mention here that we are sincerely thankful, at this national Thanksgiving season, for the many blessings that are ours in whatever category.

"I'm convinced — and I know everyone in the state library is, too, that you will continue to work toward making this a library that will be both a credit and a service to your community," Gooch said in his dedicatory address.

Before giving his address, Gooch presented an appreciation plaque, from the County Commissioners' Court to Jack Miller, who has guided the library's planning and construction as chairman of the Castro County Library Board.

Local station gets top honors

Dimmitt radio station KDHN has been named the top award-winning station in Texas by the Texas Association of Broadcasters.

KDHN won four first place awards, making a clean sweep at the Fall convention of the TAB held in San Antonio recently.

Awards garnered by the local station included "Best Newscast," "Best Creative News Coverage of a Single Event," and the "Best Humorous Spot Announcement." KDHN was also named the leading station among cities of 10,000 population or less.

With the winning of four awards, KDHN was the most honored station of the year in the TAB. Both radio and television stations competed in the event. Jerry Marvin, KDHN station manager traveled to San Antonio to receive the awards.

ication was Mrs. Tylene Perry of Plainview, whose original gift of \$135,000 worth of stocks made the new \$225,000 library possible. Rhoads Memorial Library is named for her mother, Alma Rhoads Nanny, and her grandparents, Morton and Lucy Rhoads. Mrs. Perry's grandparents and her uncles, Morgan and Rufus Rhoads, were pioneer Castro County farmers who settled the land that's now known as the Nanny Farms east of Hart.

Mrs. Perry received a standing ovation when Miller introduced her early in the program. Throughout the reception and dedication, she was seated near a collection of her own writings — four mystery novels, collections of short stories and several character books.

As master of ceremonies, Miller traced the planning and building of the library and paid tribute to those who had worked on the project.

MILLER SAID Rhoads Memorial Library "is on its way to becoming one of the finest in the area," mainly because of private book collections that will be shelved there.

"We have catalogued over 1,000 books this year, and still have more to do," Miller reported. "This is not to say that this is a job done — it's actually a job begun. Many collections are still to come."

Miller noted that the private collection of the late Dr. Harold Bischoff, donated to the library by his wife Tommiee after his death, is "one of the finest collections of books on computer science, hypnosis and fine books, as well as medical books, that you'll find anywhere."

HE ANNOUNCED that another private collection is to be donated soon "with valuable books on art and literature." Miller explained that the citizens of Castro County had to put less than \$50,000 into the \$225,000 library project. After receiving Mrs. Perry's gift of stocks, he said, the library got

a \$50,000 grant from the Texas State Library, "the last one given by the state."

He paid tribute to the professional people, volunteers and government officials who have worked to make Rhoads Memorial Library a reality, and noted that the Dimmitt City Commission and the Castro County Commissioners' Court "are now supporting our operation." (See LIBRARY, Page 6)

Workers to pack candy Tuesday

Workers will gather at the Castro County Farm Bureau office, on North Broadway Tuesday to pack candy to be mailed to county servicemen in the annual county-wide Christmas candy project.

LADIES OF the Bethel Home Demonstration Club are coordinating the project, and Mrs. Beryl Hance has been collecting the names of county servicemen.

According to Mrs. Hance, only 15 names have been turned in so far, though it is estimated that there are some 45 or 50 men from the county in the service.

Mrs. Hance pointed out that anyone knowing the address of any county serviceman should turn it in to her at the courthouse before Nov. 27.

Workers will package homemade candy in one pound coffee cans at the Farm Bureau office Tuesday and prepare it for mailing next Wednesday.

ACCORDING to Mrs. James Welch, project chairman, some 400 pounds of candy will be mailed, and \$200 will be needed to pay for postage and wrapping supplies.

Donations to help cover expenses of the project may be made at the First State Bank in Dimmitt. Checks should be made out to the Castro County Candy Project.

Freak accident kills two

Two truck drivers were killed in a field northwest of Dimmitt about 11:45 a.m. Sunday when their bobtail trucks collided head-on.

JACK R. BAILEY 59, of Kilgore, was pronounced dead at the scene at the Bud Hill farm 8.8 miles northwest of Dimmitt by Castro County Justice of the Peace Elvon DeVaney after his 1968 Dodge truck collided with a 1973 Dodge truck driven by Richard M. Kennington, 21, of Lubbock.

Kennington died at 12:05 p.m. in the Plains Memorial Hospital emergency room.

The ten-ton capacity bobtail trucks were being used to haul manure from the Bud Hill Feedlot to nearby farmland.

According to DPS patrolman Dyrle Maples, the Bailey truck was loaded and heading south on a turnrow when it struck the truck driven by Kennington which was headed north. The Kennington truck was empty.

THE IMPACT of the crash pushed the front part of the cab of Bailey's vehicle into the driver's compartment said Maples. Maples reported that he is not sure what caused the accident.

Funeral services for Kennington were to be held Wednesday morning at the Calvary Baptist Church in Lubbock. A native of Knox City, Kennington had lived in Lubbock 20 years.

Survivors include his wife, Linda, and parents, Mr. and Mrs. J. D. Kennington, all of Lubbock; two half brothers; and five sisters.

Burial was to be in the City of Lubbock Cemetery under the direction of Franklin-Bartley Funeral Home of Lubbock.

FUNERAL services for Bailey were held Tuesday in Sanders Memorial Chapel in Lubbock.

Survivors include two sons, Joe of Lubbock and Jimmy of Hereford; two daughters, Mrs. Jan Johnston and Mrs. Parks, both of Lubbock; a brother, M. E. Bailey of Grand Saline; five sisters, Mrs. Rosie Thomas of Minola, Mrs. Minnie Williams of Kilgore, Mrs. Ruth Alexanders of Pruittville, Mrs. Irene Matthews of Grand Saline and Mrs. Annie Mae Brewer.

Burial was in Peaceful Gardens Cemetery in Lubbock under the direction of Sanders Funeral Home of Lubbock.

CRUSHED BAILEY VEHICLE ... Impact pushed cab front into driver's compartment

Rites held for Mrs. Ethel Jones

Funeral services for Mrs. Ethel Bell Jones, 83, of Hart were held Sunday in the First United Methodist Church of Hart.

REV. FRED Brown, pastor of the Pioneer Park Methodist Church of Lubbock and Rev. Carl Oglesby, pastor of the First United Methodist Church of Hart, officiated.

Mrs. Jones, who lived six miles east of Hart, died Thursday in a Plainview hospital.

Born April 4, 1890 in Montague County, she moved to the Becton community southwest of Petersburg in 1906 from Ringgold. She and her husband, Samuel Duncan Jones, were married in the Becton community.

She moved to Plainview in 1957, and moved to Hart in 1964. Her husband died in 1965.

SURVIVORS include two sons, David L. and Albert Jones, both of Kress; two daughters, Mrs. Gerald Sheid of Kress and Mrs. J. C. Mobley of Denver, Colo.; one sister, Mrs. H. A. Lattimore of Lubbock; eight grandchildren and five great-grandchildren.

Burial was in Lorenzo Cemetery, Lorenzo, Tex.

Adams brothers tie, decide winner with toss of coin

Competition in the Dimmitt Athletic Boosters Club football contest went right down to the wire before a winner was decided early this week.

THE TWO Adams brothers — Bobby and Bullet — have been alternating in first place for the Grand Prize most of the season. At the conclusion of the ten-week contest they were tied for first place with 104 correct picks each, a 71.23 percentage on the season.

The two winners agreed to a flip of the coin to break the tie, rather than continuing the contest for another week.

Bobby Adams won the toss and the Grand Prize of two tickets to the Dallas Cowboys-Washington Redskins game Dec. 9, and \$50 in expense money, donated by Steere Tank Lines.

His brother, Bullet, had to settle for the second prize — two tickets to the Sun Bowl in El Paso and \$25 in expense money, donated by Steere Tank Lines.

ney, donated by ABL. Finishing near the top were Geneva Schaeffer, third with 102 correct guesses for a 70 percent average, Jerry Cartwright fourth with 99 correct guesses for a 68 percent average, and Polly Simpson and Johnie Wilson tied for fifth with 98 correct guesses each for an average of 67 percent.

GAINELL Minnick captured the \$5 cash award as first place winner in the final weekly contest and Ewell Kelley took home \$3 as the second place winner.

Village Shop hit by burglars, loss is \$6000

Burglars struck the Village Shop in Bruegel Shopping Center in Dimmitt early Tuesday morning, making off with an estimated \$6,000 worth of merchandise.

NEVA HICKEY, owner-manager, reported that the burglars apparently struck sometime around 3 a.m. They broke a back door to gain access.

"They took all of the expensive coats and pantsuits, but something must have scared them because they dropped a lot of merchandise in the floor and left it," said Mrs. Hickey.

City police are investigating the burglary. Police Chief W. W. Jones was unavailable for comment at press time Tuesday.

McElroy rites held Tuesday

Funeral services for William R. McElroy, long-time Dimmitt resident, were held Tuesday in the First United Methodist Church of Dimmitt. Rev. Lenor Hester, pastor, officiated.

MR. McELROY, 82, died Sunday in Plains Memorial Hospital.

A retired farmer, Mr. McElroy was born in Midlothian and had been a Dimmitt resident for 53 years.

Survivors include his wife, Irene, of the home; two daughters, Miss Charlotte McElroy of Ventura, Calif. and Mrs. Linda Broadstreet of Dimmitt; two sisters, Mrs. Bessie Jones of Cedar Hill and Mrs. Leta Bagley of De Soto; and three grandchildren.

Palbearers were Don Carpenter, Harold and Gene Broadstreet, Cliff Cook, Archie Bussey, and Howard Cook.

HONORARY palbearers were Buck and Scott Crum, Woodrow Nelson, B. L. Moore, Henry Howe, D. L. Cleaver, R. C. Davis, Choc Lay, Oscar Johnson and Homer Newton.

Burial was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Auxiliary slates bazaar Dec. 7

The Plains Memorial Hospital Auxiliary Christmas Bazaar and Buffet will be held Dec. 7 at the United Methodist Church, beginning at 11:30 a.m.

A drawing for either an afghan or a refinished antique trunk will be held during the bazaar.

MEMBERS of the auxiliary are now selling chances for the drawing for \$1. Chances may be purchased at the Plains Gift Shop, or may be purchased from any auxiliary member.

The winner of the drawing will be announced Dec. 7 at 2 p.m. at the Methodist Church Fellowship Hall.

Rowe charged in Canyon incident

Ray Rowe, 28, formerly of Dimmitt, was in Randall County jail Monday night in lieu of \$15,000 bond assessed by Justice of the Peace W. W. Hancock in connection with a Nov. 14 incident in which a Canyon woman was stabbed after she and a friend were held at knife point in a pickup.

ROWE was charged in Canyon with assault with intent to murder.

He is charged with the stabbing of Miss Lana C. Head, 21, of Pecos Trailer Park near Canyon, who was tied up with a rope and stabbed in a pickup before she jumped out in front of a Canyon home.

Miss Head was found by Canyon police after her friend called police and reported the stabbing after she had escaped from the same pickup.

Randall County DPS officers later received a call that a pickup matching the description of the one involved in the stabbing incident had crashed west of Canyon.

THE PICKUP was found near Palo Duro Canyon where it had run off the road at a high rate of speed and shot over a 20-foot stretch of the canyon which drops 100 feet.

Rowe was found pinned in the pickup and was removed after crews cut off the doors with a blow torch.

He was taken to Northwest Texas Hospital in critical condition, and was released Monday afternoon.

The school plan--3

Stadium: the most emotional issue?

(Third in a series of articles detailing the improvement plans for Dimmitt Public Schools under a proposed \$1,650,000 bond issue to be decided by the school district's voters Dec. 4.)

By DON NELSON

The proposed new football stadium might well be the single most emotional issue in the Dec. 4 school bond election.

AT ONE END of the emotional field are those who want Dimmitt to have the best, most impressive stadium in the district, so we can be proud when the Bobcats defend the town's honor against invading

forces. Why, they ask, can't we enjoy our football in a good arena, without being hampered by a lack of parking space, a muddy parking lot, or splintery bleachers that are too small for the crowds?

On the other end of the field are those who feel that a new stadium is a luxury that can't be justified on a dollars-and-cents basis. Why, they ask, should we spend \$220,000 for a "jock facility" that would be used only 10 or 15 nights a year?

Most probably find themselves between these two extremes, somewhere in midfield. They'd like to have a stadium

No matter why you think we need one, that isn't why it's part of the plan

that they wouldn't have to apologize for, but couldn't a cheaper way be found? Couldn't we just remodel the present one, with a paved parking lot, more bleachers, new concession stands and press boxes, and new lights?

EACH OF these viewpoints has merit. But surprisingly, none of them is of primary concern to the stadium issue. For in this unique instance, the sta-

dium isn't being proposed for the usual reasons.

The new stadium is being included in the bond issue, school officials say, because the Texas Education Agency has ordered the old stadium to be removed.

It all goes back to the crowded conditions in the elementary-junior high complex: three schools, a stadium and 1,200 students on 12 acres of space.

PROPOSED ADDITIONS FOR DIMMITT HIGH SCHOOL

PROPOSED ADDITIONS TO DIMMITT HIGH SCHOOL—EXTERIOR VIEW ... With new gym on east end and 3,500-seat stadium beyond

It would be located between (See SCHOOL PLAN, Page 6)

Hayses return home following 10-day trip to Spain

By MYRTLE SHEFFY

Jim and Ruth Hays are home from a 10-day trip to Spain. They were in Madrid and saw the Royal Palace, went on to Toledo, a delightful city that keeps the old while building very modern apartments in other parts.

MRS. GLADYS Cleavinger was hostess at an afternoon party Thursday. Bridge was the game. She served a salad and that good pumpkin cream pie and coffee to Ann Singer, high score, Myrtle Shelly, Maggie Boren, Josie Bradford, Cletha George, Opal Bearden, Rette Cluck, Ruth Wooten.

They were given to them as a farewell gift from their friends. The Bales are moving soon to Canyon where he will be band director at the junior high.

WE ARE sorry to lose Richard and Noreen Bales. They are moving soon to Canyon, where Richard will be band director at the junior high school here.

MRS. KENNETH Dixon, Durward and Jeanette and Mrs. Stanley Dixon of Elida, N. M. were weekend guests of Mrs. Dan Heard and children. The men are all deer hunting.

Mrs. Dan Heard, Mrs. C. F. McCormick and Mrs. Kenneth Dixon attended a golden anniversary party in Littlefield for Mr. and Mrs. Carey Trotter Sunday.

Mrs. C. h. DeVaney of Washington, D. C. and Mrs. Estella Alexander of Clovis were weekend visitors of their children Elvon and Sue DeVaney, Shannon and Tanya. Tanya was the 16 year old birthday girl Sunday.

The George Bradford's company was Mary Lenior and Grace Monzingo of Memphis. The ladies visited Carol and Jerry Cluck too.

GEORGE AND Ruby Bagwell are home from a two weeks trip to Alabama and Mississippi. They visited the Bagwell relatives. Coming home through Texas they visited Ruby's kin.

Mr. and Mrs. Coleman of Wellington were weekend guests of Ronnie and June Parker, the Jack Millers and Goodwin Millers. They are former Dimmitt residents.

Mr. and Mrs. B. L. Moore were hosts to the "88" club. This was their annual Thanksgiving dinner Thursday. Guests were the Henry Howells, the Shorty Cleavers, the Horner Newtons, the Mac McElroys, the T. N. Reeves, the Woodrow Nelsons, the Buck Crums and Cletus Moore. Much eating and talk as well as the domino game.

VICKI HUNTER, a student at ENMU at Portales, was a weekend visitor with her parents Edmond and Joyce Hunter. We see all these people at the band banquet.

Richard and Noreen Bales were honorees at a coffee and brownie party after the church service Sunday evening. A mo-

ger spent last weekend in Darrouzett visiting their daughter and family Roy and Jane Stollings and young Ryan.

M. E. and Marge Cleavinger were hosts to the dinner bridge club Thursday evening. Everyone brings a dish of food.

Guests were Glen and Koma Ratcliff, Charlie and Monte White, Nolan and Evie Froehner, Weldon and Ruth Skinner, M. J. and Frankie Reed, Garnett and Polly Holland, Joe and Alice Cowen and Helen Richardson.

Charlie and Monte White are spending the Thanksgiving holiday with daughter Sarita and Mark Cleavinger in Dallas. They have a son Bud down that way also.

Jerry and Carol Cluck had a group of friends in Friday evening for supper and games of 42. Guests were Richard and Charlene Hunter, Jess and Martha Willard, Norman and Sandra Nelson, Sonny and Ann Armstrong, Jimmy and Sue Howell.

THE ADULT class of the First Baptist Church had a progressive supper and small service Saturday evening. First stop was at Jack and Jan Edwards house for appetizers.

JACK AND Mary Lou Miller of Amarillo are at the farm northwest of the city for a while. Their son Tom and 12 other people were here for the duck hunting. The men stayed at the motel, the ladies at the farm.

Frank and Shirley Wise went to Maryland to attend the wedding of his brother. They will see the Capitol and other places of interest while in the East. Mr. and Mrs. Garland Coleman are with the grandkids while the Wises are away.

Mrs. Jimmy Ross reminds you that the book review by Mrs. Etta Lynch of Lubbock will be in the assembly room of the library Nov. 28. That is Wednesday, 4 p.m.

Sam Gilbreath and men from Hereford, Amarillo and Lubbock went to Houston last weekend for a class reunion of former Aggie students. I didn't get the year Sam finished.

THE LAST pep rally for the football boys of 1973 was a happy and sad time. Many tears were shed for a passing era in school days. Mrs. Sue Broderson says the cheerleader girls, Virginia Shelly, Alice

Rush, Cindy Dyer, Mary Ann Nino, Tanya DeVaney and Bobbi Kirby, made plaques for all the senior boys that graduate. The plaques had the picture of the boy, the school song and the year 1973-74. A very pretty keepsake.

We and a hundred other folks went to South Grade Cafeteria to eat those good pancakes the young Lions were cooking. Had good sausage, bacon, syrup and hot cakes and hot coffee.

And Saturday night the big turkey dinner cooked by the band mothers.

We saw Mrs. Clarence Hamilton of Clarendon at the pancake supper. She is visiting her daughter Carol and Bo Bryant and the three young ones.

A Look at the Cross on THANKSGIVING. "Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted." "But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed." "All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all." Isaiah 53:4-6. Our prayer this Thanksgiving Season is that everyone will attend the house of God, giving thanks unto him for his great gift, which is eternal life through his son.

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish.

ELIAS NAVA
... new DPS patrolman

County's newest patrolman is native of San Angelo

Elias Nava, 27, a native of San Angelo, is Dimmitt's newest DPS patrolman. Nava lives at 410 West Bedford. His hobbies include hunting and working on cars. ALTHOUGH HE will be on probation with the DPS for a period of one year, Nava hopes to make his home in Dimmitt permanently if things go right. "I like Dimmitt real well, all the people are pretty friendly," he said. Commenting on the DPS academy, Nava pointed out that both mental and physical training are tough, but added, "It's probably the best training I've ever had."

NAVA CAME to Dimmitt Nov. 2 from the DPS academy in Austin where he graduated Oct. 26. Although he has lived at San Angelo for most of his life, he is not a stranger to the Panhandle, having attended West Texas State University in Canyon for three years.

He was a Spec. 5 with the US Army and was stationed in Virginia, Vietnam, and finally at Ft. Hood prior to his discharge in 1971.

Nava's wife, Jana, is currently attending San Angelo State

AERIAL COLLISION VICTIM—Harry Hauf, pilot for D&D Aerial Spray Inc. displays the Golden Eagle which collided with his spray plane near Nazareth last week. The huge bird's wingspan measured almost seven feet. The plane didn't escape unscathed as it received about \$300 worth of damage in the collision.

Spray plane, eagle have collision near Nazareth

A Dimmitt-based spray plane was damaged in a collision with an eagle near Nazareth last week, but returned to Dimmitt and landed without incident.

HARRY HAUF was the pilot of the plane, owned by D&D Aerial Spray Inc. of Dimmitt. Hauf was spraying wheat on a farm north of Nazareth when the eagle flew up and hit the wing of the plane, doing about \$300 in damage to the plane's wing.

Hauf returned to the area where the bird was hit and brought it back to Dimmitt. Paul Ferguson, manager of Buffalo Lake National Wildlife Refuge at Umbarger came to Dimmitt to pick the bird up and identified it as a Golden Eagle.

Ferguson, who took the bird to Umbarger, said an autopsy will be performed to determine if the eagle had any DDT in its system, and added that the feathers of the bird will be turned over to Indians.

The feathers of the Golden eagle are used in war bonnets by the Indians.

The wingspan of the eagle measured approximately seven feet.

Membership drive gets under way for Water Inc.

The annual quest for members for Water, Inc., is under way in almost every county in Western Texas and Eastern New Mexico. The membership drive continues through Dec. 15.

"MANY AREA residents have become dejected about the future possibilities of obtaining adequate supplemental water," said A. L. Black, Friona, president of Water, Inc. "Most of the negative attitude stems from preliminary findings of a study of the Mississippi River," he said, "but those who have been close to the study are optimistic."

11—LIVESTOCK, PETS

Now open for business—Chantel's Poodle Grooming Salon, Frankie and Betty Barrett, call Hereford 364-2048, 210 West 5th. 11-36-tfc

15—LEGAL NOTICES

LEGAL NOTICE
Sealed Bids, addressed to the office of the Castro County Judge, will be received in the Commissioners Court Room at the Castro County Courthouse, for the construction of a Castro County Exposition Building to be located in Dimmitt, Texas. Bids will be received until 10:00 AM Monday, December 10, 1973 and then shall be opened and read publicly at the same date and time. Plans and specifications may be picked up at either the Castro County Judges office, or at the office of T. R. Daniel, Architect and Engineer, located at 2412 Line Avenue, Amarillo, Texas. A \$50.00 deposit shall be required for each set of plans picked up, deposit to be returned upon return of same. The Commissioners Court reserves the right to accept or reject any or all bids.
Raymond E. Wilson
Castro County Judge
Dimmitt, Texas
15-7-2tc

Although the import study has never been released, a preliminary report indicated there was surplus water in the Mississippi and demonstrated the feasibility of design and construction of a facility to transport the water to the High Plains area. It concluded, however, that "under traditional standards" for evaluating water resource development projects, it was not economically feasible.

Black points out with enthusiasm that those "traditional standards" have now been superseded by a new set of standards, and couples with a major upheaval in agricultural economics, that a restudy would reflect a totally different picture.

"The real question," Black said, "is really not can we afford supplemental water?, but rather, can the nation and the world afford for us not to have it?" He was referring to the snowballing worldwide food, fiber and fuel crisis.

"WATER, INC.'s primary and immediate goal will be to inform the nation and the world of our current food, fiber and fuel contributions to world supplies, and more importantly, our capabilities with adequate supplemental water," Black said.

He issued a plea for all area residents to join Water, Inc., noting that "the strength of our voice in telling the High Plains story depends directly on strength of our membership."

22 peregrines banded on coast

Thanks to the help of several private individuals, Texas Parks and Wildlife Department biologists will be able to learn more about the peregrine falcon.

THESE individuals, holders of banding permits from both the state and federal governments, banded 22 falcons along the Texas coast during the peregrines' annual fall flights.

Peregrines migrate from the arctic tundra and Canadian woods to South America each fall, resting along the length of the Texas coast during the trip.

Eleven of the birds were trapped and banded on Matagorda Island, and eleven were trapped on South Padre Island.

The colored, numbered bands will tell biologists more about the migratory patterns of the falcon when they are observed in flight or while nesting.

THOUGHTS FOR Thanksgiving

... a Time for Togetherness, with Prayer and Gratitude

Family, neighbors, friends . . . everyone joins together in a community spirit of Thanksgiving as glad voices show gratitude through prayer. We share in this joy of Thanksgiving, with special thanks for the opportunity and obligation of serving our friends and neighbors, and working with them for the betterment of our community, that we may fully deserve the many blessings for which we are always grateful. To all, a happy Thanksgiving.

THANKSGIVING GREETINGS to all

Castro County Grain Co.

NEW STAR—Robert Froehner, left, makes ready to play his musical saw at Rick Newman's Catch A Rising Star in Manhattan. Froehner was an instant hit at the club and performed there for several nights during his stay in New York.

Dimmitt medical student makes big hit in Manhattan

How does a medical student from Dimmitt, Texas end up playing a musical saw in the heart of Manhattan?

ROBERT FROEHNER, son of Mr. and Mrs. Nolan Froehner of Dimmitt, is still not quite sure how it all came about, but his saw-playing so impressed the management of a night spot on the East Side of New York that he was invited to perform nightly for audiences at the club from Aug. 27-30.

How did Froehner hit this road to instant stardom? He simply took a vacation.

The young medical student

traveled to New York in August with a friend in order to enjoy some time off before school resumed. For some unexplained reason Froehner took his musical saw, and though the instrument posed some problems for him at airport checkpoints, he was later glad he had brought it along.

While in New York the budding young star happened past a Manhattan night spot called Rick Newman's Catch a Rising Star and spotted a sign in the window calling for auditions. The club specializes in presenting new entertainers to the public, and Froehner decided that it might be fun to walk in off the street with his saw and join the auditions.

FROEHNER'S turn came and from the moment he took the stage and unlimbered his saw he was meant for stardom. The tunes he played on his saw brought enthusiastic reactions from the audience and soon the club's manager had persuaded Froehner to perform at the club during the remaining evenings of his stay in New York. So a young man and his saw from Dimmitt became an instant success in Manhattan, and Froehner began his stint at the club.

Has success gone to the young star's head? Not yet. According to Froehner, he hasn't quite recovered from the shock of it all yet.

Hance honored at Texas Tech

Kent Hance, son of Mrs. Beryl Hance of Dimmitt and Raymond Hance of Greenville, was the first of a series of professors to be honored during Faculty Recognition Week, Nov. 12-16 at Texas Tech University.

THE EVENT, sponsored by Mortar Board, recognizes one teacher each day for his contributions to the teaching profession and performance in the classroom.

The honorees picked as outstanding faculty members were nominated by students from all colleges at Texas Tech and were selected on the basis of the nominations.

Hance, a lecturer in business law, graduated from Tech in 1965 with a BBA in finance. He graduated from Law School at the University of Texas in 1968.

In addition to his teaching at the college of business at Tech, Hance sponsors several student organizations and has a law practice in the city of Lubbock. He serves on the Texas Criminal Justice Council and the State Water Study Commission, and is currently a member of the Board of Regents at West Texas State University in Canyon. He belongs to local, state and national bar associations.

Hance is a member of the American Trial Lawyers Association and heads Legal Aid in Lubbock.

ACCORDING TO Ann Morgan, director of international programs, Hance is an "enthusiastic, motivating teacher who discusses problems which a student will face beyond graduation."

Hance is married to the former Nancy Hays of Dimmitt.

VETERANS' SERVICES

By **BEDFORD W. SMITH**
County Service Officer

High school dropouts who detoured through military service enroute to college have a GI Bill benefit that wasn't available to their fathers after World War II. And they are using it in record numbers.

IN ADDITION to the 36 months of college assistance Vietnam veterans earn with as little as 18 months' service, they can receive GI Bill payments for the additional months that might be necessary to complete high school or take additional courses needed to meet college entrance requirements. These additional "free entitlement" months can be used without depleting the basic 36-months eligibility needed for four college years.

During fiscal year 1973, there were 129,980 veterans and servicemen who had used free entitlement who were enrolled in college. This is almost double the number enrolled during the previous year.

To date, 195,653 veterans and servicemen have used the benefit, and nearly 70 percent were still in training during the last fiscal year.

THE V.A. attributes part of the success of the program to the intensive "outreach" program launched in 1969 to encourage veterans to take advantage of their benefits. The program, which focuses on the socially and economically disadvantaged veteran, utilizes pre-discharge counseling, follow-up letters to home addresses, telephone calls and personal visits.

Ex-servicemen who were discharged after the Korean Conflict are encouraged to get VA counseling on how they can get VA checks of \$220 per month (more if they have dependents)

TALKING IT OVER—Governor Dolph Briscoe, right, confers with Congressman Bob Poage at the recent Governor's Conference on Rural Development. This conference, held in Austin, drew 2,000 rural and urban leaders from every county in Texas. Congressman Poage, author of the National Rural Development Act of 1972 has been

a leader in the development of rural areas for more than half a century. Gov. Briscoe pledged to the leaders attending the conference that every effort possible would be made to create a favorable rural-urban balance of growth so as to help make Texas an even better place to live.

for a period which in some cases is double the time they spent in service.

Presently our office hours are

9 to 12 and 1 to 3. Our telephone, 647-4666, is shared with the Amarillo Social Security representative some Mondays

and with the State Welfare Dept. case worker on Thursdays and Fridays. Our home phone is 647-4368.

ALTHOUGH rust-resistant, aluminum furniture can become dull, pitted and dirty. Use a damp cloth or stiff brush to remove dirt. Detergent-based steel wool pads polish the frame, as does a homemade paste of whiting and ammonia. Rinse quickly and remove residue with a dry cloth. To restore luster, use auto paste wax on

the clean frames, suggests Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service.

PRODUCTION of corn, cotton, sorghum, soybeans and peanuts this year in Texas is expected to exceed levels reached in 1972.

FEMALE HELP NEEDED

Missouri Beef Packers, Inc., is now accepting applications for female production workers. No experience necessary but must be willing to learn and work. This is year around employment, not seasonal work. We offer paid vacation, paid holidays, company paid group hospital insurance, good wages.

Jansa to conduct choir for Christmas cantata

By MYRT LOMAN
Jerry Jansa, band director of Hart School, is directing the choir of the First Baptist Church in the preparation for a Christmas cantata, "Flight of Miracles", written by John W. Peterson.

this week by the Band Boosters calendar workers. If you ordered a calendar and it has not been delivered by Nov. 30 call Mrs. Vernon Mapp.
A few extra calendars were ordered and can be purchased for \$2.00 each.

First United Methodist Church of Hart enjoyed a bountiful feast last week when they celebrated their annual harvest supper.

The program will be presented Sunday, Dec. 16 at the evening worship hour in the sanctuary of the church.
All singers of the community are invited to join the choir with practice time at 5 p.m. each Sunday afternoon at the First Baptist Church.

THE ZEALOT Club members and their husbands had dinner at the Hayloft Dinner Theatre Saturday night and saw the play "The Tender Trap" with Dennis Cole.

After the meal, everyone moved into the sanctuary for the evening program.
A Thanksgiving prayer was led by the pastor, Rev. Carl Oglesby, and the congregation sang seasonal hymns.

MRS. JERRY Allen hosted the regular monthly meeting of the Xi Mu Iota chapter Thursday.

Attending were Messrs. and Mrs. Thomas Brooks, Jack Dyer, Mrs. C. C. Hanes, C. Ray Jones, Jerry Kittrell, Warren Lemons, Cleve McLain, Hubert McLain, Lawrence McLain and Preston Upshaw.

The highlight of the evening was the talk by the visiting speaker, Rev. Lee Crouch, former pastor. Rev. Crouch opened his talk with humorous memories of the Hart church and its members.

Mrs. Ronnie Farris presented a program on the USSR and adjoining countries.
Members present were Mmes. Glyn Reed, president, Edd Bennett, Charles Black, Weldon Jones, Theron Morrison, Clinton Billingsley, Farris and the hostess.

"LOVE" was the theme of programs presented Thursday evening by Mmes George Bennett, Darryl McLain and Ronnie Truelock at the regular meeting of Chi Psi chapter of Beta Sigma Phi.

The service closed with the benediction.

THE COMMUNITY birthday calendars are being distributed

SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF CASTRO
NOTICE IS HEREBY GIVEN
That by virtue of a certain Order of Sale issued out of the Honorable 64th District Court of Castro County, on the 16th day of November, 1973, by Zonell Maples, Clerk of said Court for the sum of Four Hundred Eighty-seven and 50/100th (\$487.50) Dollars plus interest at 8 percent per annum from June 1, 1971, plus \$150.00 attorneys' fees, and costs of a suit, under a judgment, in favor of City of Hart, Texas in a certain cause in said Court, No. 3824 and styled City of Hart, Texas vs. Ralph Cole and wife, Reta E. Cole, et al, placed in my hands for service, I, Jack Cartwright as Sheriff of Castro County, Texas, did, on the 19th day of November 1973, levy on certain Real Estate, situated in Castro County, Texas, described as follows, to-wit:

Lot Seventeen (17), and all of Lots Eighteen (18) and Nineteen (19), Block One Hundred Thirty-Two (132), Town of Hart, Castro County, Texas;
and levied upon as the property of Ralph Cole and wife Reta E. Cole and Bessie Mae N. Cox and that on the first Tuesday in January 1974, the same being the 1st day of said month, at the Court House door of Castro County, in the City of Dimmitt, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Ralph Cole and wife Reta E. Cole and Bessie Mae N. Cox.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Castro County News, a newspaper published in Castro County.

Witness my hand, this 19th day of November, 1973.
- s- Jack Cartwright
Jack Cartwright
Sheriff Castro County, Texas
15-7-3tc

A BRIDAL coffee Thursday in the home of Mrs. W. T. Sanders complimented Miss Rebecca Futrell, bride-elect of Gary Henley.

Receiving guests were Mrs. Sanders, the honoree and her mother, Mrs. Ralph Futrell. Mrs. R. A. Futrell, grandmother of the honoree, was a special guest.

The party table was covered with an ecru outwork cloth and centered with an arrangement of pink poms. Brass appointments completed the table decor. Hot appetizers, fresh fruit, tiny cinnamon rolls, spiced tea and coffee were served by Mmes. Doyle Davis, Ed Bennett and Deryl Clevenger.

Twenty-one ladies assisted with hostess duties.

MRS. STANLEY Dyer of Lubbock, the former Rhonda Newsom was feted with a bridal courtesy Wednesday night in the community room of the Farmers State Bank.

Mrs. Danny Godfrey received the guests and presided at the guest register.

The serving table was covered with a white lace cloth, centered with a blue floral arrangement, and crystal and silver appointments.

Mrs. Calvin Alexander and Mrs. Dudley Aven served cake, cookies, brownies, hot spiced tea and coffee.

Special guests were the mother and mother-in-law of the bride, Mrs. Stewart Newsom and Mrs. Jack Dyer.

Twenty-one ladies assisted with hostess duties.

Members and guests of the

More about: School plan

(Continued from Page 1)
Dimmitt High School and the First Baptist Church, with paved access from both Western Circle Drive and the Highway 66-385 cutoff. It would have a large paved parking lot on the west side for the home crowd and on the east side for visitors.

The field would be brightly lighted from high poles rising behind the stands.

THE STEEL skeletons of the present stadium's bleachers would be utilized in the new stadium, with the wood seats being replaced by aluminum ones.

THE PRESENT stadium site - with the bleachers, lights, blockades and inner fences removed - would become a playground for North and South Elementary Schools and a practice field for junior high students.

The old field house would be used for junior high dressing facilities. The entire stadium area, including the parking lot, would be planted to grass.

That's the stadium proposal - the smallest, and probably the most controversial, phase of the \$1,650,000 expansion plan.

THE COMMISSIONERS moved to take bids for paving of several Dimmitt streets at their Dec. 17 meeting.

Streets or portions of streets to be included in the proposed paving include West 10th, Allen, Andrews, Dulin, Halsell, East 5th, Belsler, Stinson, Lee, West 2nd and Locust.

Commissioner Troy Kirby moved to table consideration of landfill equipment for the city until after the first of the year. The motion carried.

Muleshoe wins tourney award

Muleshoe High School won the sweepstakes award in the big Dimmitt High School Forensics Tournament Saturday.

MULESHOE speech and drama students, coached by Kerry Moore, scored 183 points to gain the sweepstakes trophy. Second in the sweepstakes competition was Friona High School with 125 points, and third was Panhandle High School with 119.

More than 300 students from Panhandle-Plains schools competed in the tournament, which started at 8 a.m. and finished with awards ceremony at 6:30 p.m.

Dimmitt High School Speech Teacher Betty Hawkins and her students conducted the tournament, while mothers operated the concession stand and other residents of the community served as judges.

"THE DIMMITT people worked as one large team, and we do appreciate the work everyone did to make this tourney the success that it was," Mrs. Hawkins said.

More about Library

(Continued from Page 1)
ating budget by about 10 times their previous amount."

MILLER ALSO singled out Mrs. Cathrine Easter, librarian from 1940 to 1965, and showed a plaque commemorating her 25 years of work in the library.

One of the highlights of the dedication program was a brief talk on "The Rhoads-Nanny Heritage" by Mrs. Derrel McClung of Kansas City, Mrs. Perry's daughter.

"THIS FLAT land... has had a magical quality," Mrs. McClung said, "and I think this magical quality attracted the Rhoads family to the area."

She explained that the first members of the Rhoads family to come to Castro County from Jones County were Morgan Rhoads and his younger brother Rufus, Mrs. Perry's brothers.

"Morgan was a civil engineer, a graduate of Texas A&M, and was a bridge builder for the railroads," Mrs. McClung explained. "After they homesteaded land, their parents, Morton and Lucy Rhoads, settled next to Morgan's land. Morgan's land was what came to be known as the Nanny Farms."

"MY MOTHER and her sister arrived by train and were met by Morton and Lucy Rhoads, who took them to their new home in a covered wagon..."

She added, "Mother remembers that when she was a girl they had a stock tank next to the windmill, where they fed catfish the table scraps. She remarked once that everything returned to the table sooner or later..."

"She also recalls gathering cow chips for fuel. We may have to go back to this if the fuel crisis doesn't let up."

BEFORE AND after the dedication ceremony, those visiting the library were treated to a large art exhibit, featuring the works of local artists. A hundred or more paintings graced the walls of the library's meeting room and book sections.

Broadstreet is employed by A-1 Mechanical in Dimmitt.

Trapping still a good business
Much of the country was first settled and explored by trappers who came to the wilderness looking for furs.

Petra speaks to auxiliary ladies

Members of the Plains Memorial Hospital Auxiliary met Wednesday and heard a program by Jim Petra, respiratory therapist at the hospital, on the equipment used in therapy and respiratory problems.

AUXILIARY members also discussed the annual Christmas Bazaar to be held Dec. 7.

Members are asked to make the bazaar and buffet a success by having at least two items for the bazaar at the United Methodist Church by Thursday afternoon, Dec. 6.

In addition, auxiliary members are asked to have two food items at the church by 11 a.m. Dec. 7, wear their smocks during the bazaar and buffet and sell at least ten tickets for the drawing to be held.

Axiliary members will receive letters from the buffet and bazaar chairmen assigning them their responsibilities for the day of the bazaar.

Boosters Club elects officers

Officers for the 1974-75 school year were elected at the final meeting of the Dimmitt Athletic Boosters Club Monday night.

PRESIDENT for the upcoming year is Joe Bob Sanders. He will be assisted by Barry Love, vice president; Nell Keiley, secretary; Wanda Derrick, treasurer and Sybil Lawson, reporter.

Club members made preliminary plans for the annual volleyball tournament to be held early in March. General chairman for the event is Travis Hampton.

Bridge club winners named, totals given

Betty Parish captured top honors at the regular meeting of the Thursday Night Bridge Club with a total of 5040. Faun Welker was second with 4900, Bobby Damron was third with 4610 and Ellen Hrabal was fourth with 3560.

RAMONA ANNEN captured first place at the Friday Bridge Club meeting with a 5310. Brenda Andrews was second with 4790, Bobby Damron was third with 4610 and Ellen Hrabal was fourth with 3560.

The Friday club meeting also will not be held due to Thanksgiving.

THANKSGIVING
A Day to Think Of Many Things
Gratitude... for the Pilgrims who landed on Plymouth Rock and founded our great nation.
Thanks... for setting a day aside to reflect on the accomplishments of our forefathers.
Freedom... that we share equally, that we must continue always to preserve.

MISS POHLMEIER

Dec. 29 vows set

Mr. and Mrs. LeRoy Pohlmeier of Nazareth announce the engagement and approaching marriage of their daughter, Karen, to Leon Schulte, son of Mr. and Mrs. Ray Schulte of Nazareth.

MISS POHLMEIER is a 1972 graduate of Nazareth High School.

Schulte is a 1970 graduate of Nazareth High School and is engaged in custom farming in the Nazareth area.

The couple will exchange vows Dec. 29 in Holy Family Church in Nazareth.

Garden Club to meet Wednesday

The Dimmitt Garden Club will meet Wednesday at 3 p.m. in the home of Mrs. Jay Lee Touchstone.

IN ADDITION to the regular business meeting, members will hear a presentation by a representative of the Dimmitt Independent School District on the upcoming school bond proposal. Members will have the opportunity to ask questions relating to the election.

Co-hostesses for the meeting will be Mrs. Robert Benton and Mrs. Godwin Miller.

Garden Club president is Mrs. Bill Behrends.

ONLY 55 percent of households in the New York metropolitan area had one or more automobiles in 1970, the lowest among metropolitan areas. In the Anaheim-Santa Ana-Garden Grove, California area, nearly 95 percent of all households had one or more cars.

Jan. 12 vows set

Mrs. B. H. Lee and E. D. Underwood of Dimmitt announce the engagement and approaching marriage of their daughter Deborah Kay to Randy Schumacher, son of Mr. and Mrs. Andy Schumacher of Dimmitt.

MISS UNDERWOOD is a 1971 graduate of Dimmitt High School. She is now employed at High Plains Clinic in Dimmitt.

Schumacher is a 1970 graduate of Dimmitt High School and is engaged in commercial farming in the Dimmitt area.

The couple will exchange vows Jan. 12, in the Holy Family Church in Nazareth.

MISS UNDERWOOD

LIVESTOCK exports from Texas are expected to jump to \$100,000,000 during the next two years.

Jan. 11 date set

Mr. and Mrs. Paul Acker of Dimmitt announce the engagement and approaching marriage of their daughter, Karen, to Russell McSpadden son of Mrs. Bonnie McSpadden of Amarillo.

MISS ACKER is a 1972 graduate of Dimmitt High School and attended Amarillo College and Northwest Texas Hospital School of Nursing.

McSpadden is a graduate of Altus High School in Altus, Okla., and is presently employed by Levi Strauss & Co. of Amarillo.

The couple will exchange vows Jan. 11.

THE NORMAL human adult of average weight has approximately 10 to 12 pints of blood in his body, or about 8 percent of his body weight.

MISS ACKER

Candy to be packed for shipment next week, addresses are needed

By IRENE KEATING
I hope each of you is with some loved ones this holiday. We all have so much to be thankful for.

I'D LIKE to remind you all to send, phone or come by and bring in the names of any serviceman or woman from Castro County. Next week club women will be wrapping and shipping candy to all our service men and women. We only have fourteen names and we sure don't want to miss anyone when the candy is mailed.

I'D LIKE to share some thoughts with you about families and our American life-style. These are worth ponder-

1. Americans change jobs about nine times in a lifetime. Most changes come between the ages of 15 - 34 and seldom after 40 years of age.
2. The way others see us is the way we will behave.
3. By the year 1985, the projected retirement age will be 38 years of age according to business and industry trends. Will people retire for leisure or retrain for another profession?
4. Young adults today are more marriage-oriented than their parents.
5. Maturity is the awareness of incompleteness.
6. It's hard to forgive ourselves for not being perfect.

Meats should be thawed properly

Improperly thawed meat is one of the most common sources of food-borne diseases, according to a foods and nutrition specialist.

"BACTERIA WHICH cause these diseases grow and multiply at temperatures between 40 and 120 degrees F. When foods remain in this 'danger zone' for three to four hours, they can become unsafe to eat," Sally Springer with the Texas Agricultural Extension Service, warned.

"Only heating food to 170 degrees F. and above for a period of time kills the bacteria. Freezing doesn't — it simply retards their growth."

The specialist offered several precautions to insure meat safety. "THAW ALL meats — including poultry — in the refrigerator. Or, to thaw meat items quickly, place wrapped pack-

ages under cold running water."

Both methods, she explained, keep meat out of the "danger zone" for bacteria growth.

Fresh or freshly-thawed ground meat, fish or poultry should be refrigerated and used within 24 hours, Miss Springer continued.

"Roasts or large steaks, on the other hand, keep in the refrigerator for 48 hours. If fresh, freeze these items for longer storage periods.

"When preparing poultry, cook until done throughout — with an internal temperature of 180 degrees S.

"ALSO COOK pork to the well-done stage, or 170 degrees F."

If planning to stuff poultry or pork chops, wait until just before placing them in the oven to stuff the cavity, she advised.

'AND THE WINNERS ARE'... At the awards ceremony ending the Dimmitt High School Forensics Tournament Saturday, speech teacher Betty Hawkins and six of her DHS student co-workers prepare to announce the winners. More than 300 Pan-

handle-Plains speech students competed in the all-day tourney. From left are Mrs. Hawkins, Connie Nelson, Gregg Calvert, Thomas McGuire, Janie Garza, Vera Patton and Cindy Ringo.

DIMMITT'S LIONS served more than 200 football fans at their pre-game pancake supper Friday. In top photo, cooks Al Jackson, Bo Bryant and Charlie White practice their forehead flips. In center photo, ser-

vers Avery Thrasher and Jimmy Ross dish up pancakes, sausage and bacon for Milton Moore and Mrs. Bob Murdock. In bottom photo, Dick Perrin pours more coffee for Mr. and Mrs. Gene King.

Give Thanks

with Gratitude
FOR OUR MANY BLESSINGS

For America our homeland. Freedom. Family and friends! Our daily bread... the fruits of our labor. Let's give thanks for all of this... and for the people who founded it: the stark courage of the Pilgrims built us this great nation.

A DAY FOR GRATITUDE

...and let us **GIVE THANKS**

For Our Still Priceless Blessings and Freedoms

We are proud indeed to be a part of this thriving community... and to live among our wonderful friends and neighbors. So on Thanksgiving we pause with heartfelt thanks for our priceless blessings and the privilege of serving you.

FREEDOM OF RELIGION WEEK

We are thankful for the freedom to worship in the church of our choice and for the preservation of peace.

Western Ammonia Corporation

Library's principal donor is also author of mysteries, short stories

Among the books on the shelves of the new Rhoads Memorial Library are four mysteries. The casual observer might pick up any one of these books, glance at the cover and read titles such as "The Owner Lies Dead", "The Blue Chrysanthemum", "Outside the Law", and "The Never Summer Mystery" without realizing that the author of these books also played a major role in the construction of the library in which the works are now shelved.

THOSE WHO are more curious might see past such pseudonyms as Frank Perry, Arthur Jerome and Peter Perry and discover that the author of these books is none other than

Tyline Perry. Mrs. Perry, in an effort to help others enjoy the enchantment she has found in books, donated cash and stocks amounting to approximately \$135,000 to help build a library in Dimmitt two years ago. Her donation helped pay for a major portion of the new 7,000 square foot, \$225,000 library.

The Rhoads Memorial Library is named for Mrs. Perry's mother, the former Alma Rhoads, and her grandparents, Morton and Lucy Rhoads. The daughter of Frank and Alma Nanny, Mrs. Perry was born and grew up in Brownwood where her father worked as a dentist and her mother taught at Howard Payne College.

MRS. PERRY first became acquainted with the Panhandle when she began visiting her grandparents who lived in the southwest corner of Swisher County. She traveled by train with her mother from Fort Worth to Canyon, where her grandfather met them in a covered wagon.

Her land now follows the Castro-Swisher County line.

A prolific writer, Mrs. Perry has authored some 200 short stories, usually under the pen name of Peter Perry. She had

MRS. RALPH PERRY poses with a copy of one of her four mysteries which are included among the volumes on the shelves of the Rhoads Memorial Library. Mrs. Perry has also authored some 200 short stories, usually under the pseudonym of Peter Perry.

work published in "Flynn's Magazine", and in the old "Liberty Magazine", as well as publishing the four mysteries.

After graduating from Brownwood High School and Howard Payne Junior College, Mrs. Perry took a short story writing course at the University of Texas, where she also received her degree.

MRS. PERRY says that she has always enjoyed writing, but feels that she would have done better if she had stayed with mystery stories, rather than trying to branch out into character stories.

Following her marriage, in 1920, Mrs. Perry moved to Hart with her husband Ralph for a time. Her husband practiced law in Kansas City before taking a paint dealership for several states. During the early years of her marriage she spent a great deal of time writing. Following her husband's death in 1954 Mrs. Perry moved to Plainview.

After the adoption of her daughter, Susan McClung of Kansas City, Mo., Mrs. Perry says she was "just too busy to continue writing."

"If I had had anything important to say I would have continued writing," she said.

MRS. PERRY visited a foster daughter in Hong Kong whom she has supported over the past nine years in May. She is now paying tuition for

the girl in Hong Kong Baptist College. She also sponsors a seven-year-old Korean boy.

A member of the First Baptist Church of Hart, Mrs. Perry is also active in the Travel Study Club and DAR.

Central Plains committee slates meeting Tuesday

The annual meeting of the Central Plains Mental Health Center's Castro County Advisory Committee will be held in Dimmitt, Tuesday, Nov. 27 at 7:30 p.m., in the Colonial Inn Restaurant according to W. W. Allen, Chairman of the Board of Trustees.

MRS. CAROL Lantz, of Dimmitt, the Center's Castro County Trustee said that persons representing the news media, medical profession, county and city governments, school officials, church and civic leaders will receive invitations to at-

tend. The Center services persons with emotional problems in a nine-county area regardless of age, sex, race or financial resources.

"The Center is dedicated to helping the people in Castro County live more satisfactory lives. Our professional staff is ready at all times to help with their problems," Allen said.

The dinner meeting will feature Center staff to explain the use of Center services. About 60 people are expected to attend.

FOOD MAY not be safe to eat if held for more than three or four hours at temperatures between 60 and 120 degrees F., the zone where bacteria grow rapidly, warns Frances Reasonover, foods and nutrition specialist, Texas Agricultural Extension Service.

Prairie Chicken bag establishes record

A record 759 prairie chickens were harvested in the two-day Oct. 20-21 season in 12 Panhandle and Permian Basin Counties.

ACCORDING TO J. D. Peer, Parks and Wildlife Department information officer in Lubbock, this is more birds than the previous estimated high of some 500 birds in 1971.

Last year's harvest was 390 prairie chickens during the brief season.

"There were a lot of birds in the area," said Peer, "and cooperation between hunters and landowners was excellent." Only seven game violations

were filed by department wardens during the two days of hunting. Six were for failure to check birds at one of the Parks and Wildlife Department check stations and one other

hunting citation. "One rancher who has lived in the area since 1936," said Peer, "told me that this is the most prairie chickens he has seen since he started ranching."

PROPOSED ADDITIONS FOR DIMMITT HIGH SCHOOL

WE CAN PAY LATER

Every phase of construction being proposed by the Dimmitt School Board dates back to state evaluations of the Dimmitt Public Schools in 1967 and 1972.

After the 1967 evaluation, the Texas Education Agency notified the Dimmitt Independent School District that it needed to make certain changes in its curriculum, services and physical facilities, or risk losing its state accreditation.

The School Board and administration got our schools off the state's "warning list" by carrying out all the recommended changes except the new physical facilities, AND by promising after the 1972 evaluation to draw up and submit to us, the voters, a plan for the recommended new facilities.

If we don't either build or approve the recommended new facilities, our schools will probably go right back on the "warning list," and we'll be ordered again to either build the facilities or risk losing our school's accreditation.

So, we can pay now—or we can pay later, when costs are even higher.

Let's do it now.

Bovina humbles Horns 26-6 in season finale Friday

By JIM STEIERT

The Hart Longhorns ended the 1973 football season on a sour note Friday night at Bovina as they fell to the Mustangs 26-6.

IT WAS apparent that an open date the week prior to the game did little to help the Horns as their spirit never matched that of the fired-up Mustangs.

A common problem for the Horns all season, a lack of good defensive play, emerged again Friday night, but the tilt with Bovina proved to be the first one this year in which the Horns failed to untrack their potent running attack.

The Horns also fumbled away numerous scoring opportunities.

Hart's lone tally came early in the second period when Jimmy Brown fielded a punt, then raced down the sidelines for a 50 yard touchdown. John Robledo's attempted extra point was no good.

Mustang fullback Bryan Fillpot, a junior, proved virtually unstoppable as he ran for two touchdowns and found gaping holes in the Hart defense throughout the game. Billy Shelby and Roy Hartzog added a touchdown apiece for the Ponies.

HART TOOK the opening

LAST TOUCHDOWN—Hart's Jimmy Brown eludes a host of Mustang tacklers and starts on his way to the final touchdown of his high school career, a 50 yard punt return against Bovina Friday night. The

touchdown upped Brown's season scoring total to 200 points. Brown's return was the only score for the Horns as Bovina handed them a 28-6 defeat.

added more yardage to the 36, and while the Horns defense was still reeling, quarterback Dennis Willard sneaked to the 24. A penalty against the Horns moved the ball to the 9. Fillpot took a handoff and went off left tackle for the night's final touchdown. The extra point kick was good and with 2:09 remaining in the third period, Bovina led 26-6.

Hart took the Bovina kick on the 17, but Hartzog intercepted a Hart pass at the 46, and a piling-on penalty against the Horns moved the ball to the Hart 32.

SHELBY MOVED the ball to the 20, and from there Fillpot went across for an apparent touchdown with just 17 seconds left in the third period. However, offsetting penalties nullified the score. Shelby fought to the 10, but penalties set the Ponies back to the 35 as the third period ended.

Safety man Jimmy Brown intercepted a Bovina pass at the 27 and returned it to the 43 early in the fourth quarter, to provide the only bright spot in Hart's defense in the second half. McLain fumbled at the 36, however, and Bovina recovered to kill still another Hart scoring threat.

The Ponies drove to the Hart 7, but were held on fourth down and the ball went over. The Horns managed to get off a couple of incomplete passes before the game ended with the score Bovina 26, Hart 6.

It was the final football game for seven Hart seniors. They include Jimmy Brown, John H. Robinson, James McLain, Kenneth Davis, Sonny Marcias, Cecil Jackson and Ismael Carasco.

Although it was a disappointing game for the Horns, Jimmy Brown upped his season scoring total to 200 with his touchdown Friday night. Brown also upped his career offensive total to over 5,800 yards in Friday's game.

kickoff and quickly drove to its own 32. From there quarterback James McLain hit sophomore end Randy Finch at the Bovina 36. The next play proved to be an indication of things to come as Hart fumbled on the Bovina 37 and the Ponies recovered.

After an exchange of punts, Hart drove to the 50, and McLain then hit flanker Barry George at the Bovina 17.

The Horns managed to move the ball to the 11, but an attempted pass to George in the end zone of fourth down fell incomplete and the ball went over.

The Mustangs drove to their own 31, but Barry George dropped Fillpot for a loss on third down as the first quarter ended.

THE SECOND quarter began with Bovina's punt, and safety man Jimmy Brown gathered in the ball, beat a Mustang tackler to the outside, then turned on the afterburners and went 50 yards down the sideline untouched for a score. It was the only thing Hart fans had to cheer about all night as the extra point attempt failed and the Horns were unable to score again.

The Mustangs drove to their own 29 following Hart's kick, but were forced to punt and

Hart took over on its own 39. The Horns drove to the 45, then the Mustangs got the first of a number of golden opportunities as Hart fumbled and Bovina recovered at its own 49.

The Ponies hammered away at the Hart defense and quickly drove to the Hart 13, and from there Shelby scampered into the end zone for Bovina's first score. The extra point kick was good and Bovina took over a lead they never relinquished.

In the waning moments of the first half Hart drove to the Bovina 20, but another scoring opportunity was fumbled away and Bovina recovered at the 24. The first half ended as Shelby was dropped at the 21.

THE Mustangs, already high, came out for the second half with new determination, and the fired-up Ponies nearly blew the Horns off the field before they were finally slowed up.

Shelby took the second half kickoff at his own 15 and returned it to the 42 before he was finally hauled down.

The Mustangs then began a thunderous drive to pay dirt behind quick, crisp blocking from the offensive line. On the first play from scrimmage, Shelby took a handoff and blasted through the Horns' defense to the Hart 25. Fillpot

moved the ball to the 43, and in three more plays the Ponies were on the Hart 5. Fillpot punched across for an apparent touchdown, but it was nullified by an illegal procedure penalty which set the Ponies back to the 10. On the next play Shelby took a pitchout, then fired a touchdown pass to Hartzog in the end zone. The try for extras failed and with 9:12 remaining in the third quarter the Mustangs led 13-6.

Disaster struck the Horns following the Bovina kick. Barry George fielded the ball and made his way to the 46, but fumbled and Bovina recovered.

FILLPOT QUICKLY broke through the Hart defense and made his way to the Hart 22, and a penalty against the Horns moved the ball to the 12. Shelby blasted to the one, and Fillpot went the final yard for another Bovina score. The try for two failed and with 7:39 remaining in the third period the Ponies led 19-6.

The Horns couldn't move the ball following Bovina's kickoff and were forced to punt. The Ponies took over at their own 35.

Fillpot moved the ball to the 45. Ray Martinez carried to the 50, and Shelby made his way to the Hart 45. Fillpot

DPS recruiting applicants for uniformed services

The Texas Department of Public Safety is actively recruiting applicants to fill the ranks of its uniformed services according to Major C. W. Bell, Regional Commander of the DPS. The training school for new uniformed law enforcement personnel is tentatively scheduled to begin Feb. 1, 1974.

THE MAJOR noted that the DPS has been increasingly successful in recruiting persons from minority groups to these positions and said efforts in this direction will continue.

Also in keeping with the current trend, female applicants will be considered for careers in law enforcement.

Major Bell said general qualifications for DPS officers are: applicants must be 20 through 35 years of age; height not less than 68 inches; weight not less than two pounds per inch of height; visual acuity of 20-40 correctable to 20-20; and a minimum of 45 semester hours of college credit, of which six hours may be obtained while in training.

Applications may be obtained by contacting any DPS employee or any DPS office. The completed application form should

be taken to offices in Lubbock, Amarillo or Wichita Falls where the competitive examination is given each Tuesday and Wednesday at 9:00 a.m.

MAJOR BELL said persons selected as cadets will be assigned to Austin for training at the DPS Academy. The salary during training will be \$630.00 per month. Upon being commissioned the salary is raised to \$719.00 monthly with the opportunity to advance to \$848.00 per month.

Uniformed personnel receive additional longevity pay for each five years of service to 25 years. They are also granted a monthly uniform cleaning allowance, and receive travel expenses when away from their station.

Uniforms, vehicles, weapons, ammunition and related equipment are furnished. Group life and hospitalization are paid for the employee and dependent coverage is available at reasonable rates. Officers participate in the Employees Retirement System of Texas as well as Social Security. Vacation, holidays and sick leave are provided for all State employees. Successful graduates will be

assigned to the Highway Patrol, License and Weight Service, Motor Vehicle Inspection Service, or Drivers License Service, according to the needs of the DPS and consideration of personal preference.

ALL OFFICERS are eligible to compete for promotions after two years of service. Experienced uniformed DPS personnel interested in criminal investigation may apply for appointment to positions in the Criminal Law Enforcement Division, which includes Narcotics, Intelligence, Motor Vehicle Theft and Texas Ranger services as vacancies occur.

Arrangements will be made for a physical examination. A character investigation will be conducted and those persons who are accepted for employment will be notified prior to the beginning of the February recruit school.

This year livestock export sales from Texas should amount to the \$40,000,000 range.

What's cooking at the schools

DIMMITT School lunch menus for Nov. 26-30 are as follows:

Monday — Barbecue on a bun, cabbage salad, corn, wacky cake and milk.

Tuesday — Spaghetti and meatballs, green beans, gelatin with carrots, rolls, butter and milk.

Wednesday — Pinto beans, spinach, pickled beets, peanut butter cake, cornbread and milk.

Thursday — Chicken, fried steak with gravy, tossed salad, creamed potatoes, peach cobbler, butter, bread and milk.

Friday — Fish with tartar sauce, sliced carrots, green peas, banana pudding, rolls, butter and milk.

Call: Kent Birdwell 116 E. Jones, 647-5427 State Farm Fire and Casualty Company

Pvt. Davis takes part in exercise

Army private R. L. Davis, Field Artillery at Larson Barracks in Kitzingen, Germany. P. Davis of Hart, participated with other American and allied troops in Exercise Reformer V in Germany Oct. 10-16.

THE MILITARY Airlift Command flew approximately 11,000 US-based soldiers and more than 1,000 tons of equipment to three different airfields in Germany in preparation for the event.

Immediately after arriving overseas, the redeployed units drew combat gear and vehicles from prepositioned storage sites in Germany and moved to the exercise area to begin the seven day field maneuver.

Pitted against the airlifted forces were Europe-based elements of NATO forces of the US, Germany and Canada.

The exercise focused on the procedures and techniques for receiving, equipping, assembling and employing units after they arrive, rather than on rapid deployment of troops from the US.

Pvt. Davis is regularly assigned as a clerk-typist in Battery B, 1st Battalion of the 3rd Infantry Division's 76th

Endangered species list to be aired in public hearing

A proposed list of some 26 endangered fish and wildlife species to be submitted by the Parks and Wildlife Department to the Texas Secretary of State will be reviewed in a public hearing Nov. 28.

INTERESTED members of the public are invited to voice their opinion on the list which will become effective 45 days after submission to the secretary of state.

The tentative list includes birds such as the whooping crane and peregrine falcon, mammals such as the red wolf and reptiles such as the American alligator.

Such a listing is required by House Bill 260 passed by the recent Texas Legislature and marks the first step in a more thorough management of the state's endangered wildlife.

Administered by the Parks and Wildlife Department's non-game project under the direction of John Smith, work with endangered species will be financed through an appropriation from the General Revenue Fund. This money is not derived from the sale of hunting and fishing licenses.

Funds from violations of the act and the sale of permits for collection and propagation of such species will go into the General Revenue Fund.

PROVISIONS of the act do not apply to coyotes, cougars, bobcats, prairie dogs or red foxes.

Listing was compiled from the present federal Red Book of endangered species and foreign fish and wildlife lists of endangered species.

Under the provisions of the

bill, the department is authorized a full range of activities including research, census, management, law enforcement, habitat acquisition and improvement, and education of the public in the plight of endangered species.

Ongoing department investigations of non-game fish and wildlife will enable Smith and his staff to make recommendations for the addition or deletion of species from the list.

Such investigations shall also provide the basis of further non-game regulations to be prepared by the Parks and Wildlife Department.

A SYSTEM of permits for the collection and propagation of endangered fish and wildlife has been provided for under the bill.

The department must issue

such a permit before anyone can take, possess or transport endangered fish and wildlife from their wild or natural habitat and then only if the species is unavailable from any source in Texas other than the natural habitat.

Endangered species may be used only in zoological gardens or for scientific purposes, and may be commercially propagated only after a \$300 license is issued by the Parks and Wildlife Department.

A commercial propagation permit is valid for one year with a three-year renewal fee of \$550. The department can refuse to issue or renew a license if it seems that the best interests of the species are at stake.

Thanksgiving

Each Year Seems To Bring New Meaning...

But it really goes right back to that first celebration. Thanks — for living in a land of plenty. Gratitude — for our freedom. Hope — for the future. Thanksgiving? It's an American heritage.

Alcorta paces Olton to 16-15 win over Bobcats

By JIMMIE CHAPMAN
The Dimmitt Bobcats ended their football season at home Friday night, losing their third 3-AA encounter to their arch-rivals from Olton by the score of 16-15.

JOE ALCORTA, Olton's sophomore tailback, scored one TD for the visitors and personally gained 174 yards against a highly touted Dimmitt defense that gave up the most yardage of the season. The 147 pound speedster ran almost at will through end around the Bobcat line that had allowed only 55 points going into the game.

Olton wasted little time in getting on the board. Glenn Johnson received the opening kickoff on his own 10 yard line and brought it out to the 25 and Dimmitt received a 15 yard penalty for a late hit that moved it to the 40. Quarterback Vic Allcorn threw a pass on the first play of the game that sailed over the intended receiver's head and then Alcorta picked up ten yards to the midfield stripe.

Allcorn faked a pass on the next play, turned and went straight over center and raced 50 yards for the score without a hand being laid on him. Allcorn also ran over the extra points and Olton was in the lead 8-0 with only 53 seconds of playing time elapsed.

The Mustangs tried an onside kick that saw the Bobcats ending up with good field position on the Olton 45 yard line. On third down quarterback Brad Sanders hit Robert Mayberry with a pass that was good for 24 yards and a first down on the Olton 14 yard line. Mayberry went around the right side of the line for the needed 14 yards and a touchdown. Gene Veals banged into the line for the two extras and with 9:41 still left in the first quarter, the game was tied at 8-8.

THE BOBCATS got the ball again late in the first period when Bryan Allcorn punted the

TWO EXTRAS—Dimmitt's Gene Veals (24) lunges over the goal line for two extra points as an unidentified teammate flips on Olton lineman out of the play in the first quarter of Friday night's game here. At right, getting up from a block, is Dimmitt's Robert Mayberry, who ran the touchdown

after setting it up with a pass reception from quarterback Brad Sanders. In right background is Dimmitt tackle Larry Duke (70), and coming in at left is Olton's Ray Rodriguez. This play tied the score at 8-8, but the Mustangs won the season finale, 16-15.

ball only 19 yards and Dimmitt was on its own 49 yard line. Mayberry and Acevedo gained 22 yards in three tries into the line before Veals broke into the open around left end and rambled to the 20 yard line before he was hit and fumbled the ball. An alert Kenny Smith recovered for the Bobcats on the Olton 8 yard line. Mayberry gained 5 yards on the last play of the first quarter and Dimmitt was camping on the Olton three yard line when the quarter ended.

Quarterback Brad Sanders kept on the first play and moved the ball to the one yard line and then fullback Florence Acevedo plunged over for the go-ahead touchdown with 11:21 left on the clock in the second quarter. Ricky Wright kicked the extra point and the Bobcats led 15-8.

Olton got the ball on its own 25 yard line after receiving the ensuing kickoff and on the first play, Alcorta went around the right side, burst into the clear and raced to the Dimmitt 27 yard line before he was brought

down from behind by Mayberry. Dimmitt then held and took over on downs.

Dimmitt failed to make a first down and Jimmy Furr got off a 40 yard punt that put the ball on the Olton 20 yard line. Alcorta and Glen Johnson moved the ball downfield with good runs and Allcorn mixed in a pass to Michael Franks and the Mustangs moved the ball to the Dimmitt two yard line with only 39 seconds left on the clock

in the first half. Alcorta went over for the score. Johnson ran in the all-important extra points that put Olton ahead at the half 16-15.

THE CLOSEST Dimmitt came to scoring in the second half came early in the final period when the Cats moved the ball to the Olton 39 yard line after taking over on their own 30. On fourth down and needing four, Acevedo smashed into the line but the ball was snurt of the first down by about two inches and Olton took over.

Swifts win finale 44-8

By MARTHA CATOE
The Nazareth Swifts put it all together to whip the New Home Leopards 44-8 in their season finale Friday night at Nazareth.

THE DETERMINED Swifts ended their season with a 2-3 record with all but one of their original squad.

The Swifts performed Friday night before a meager crowd but this didn't dampen their spirit.

Early in the first period Swift quarterback Junior Joiner scored on a 3 yard run. Joiner also put the extra point on the board.

Two Leopard fumbles set up two second period touchdowns for the Swifts. Stanley Hartman recovered a fumble on the Leopard 20 and Junior Joiner converted the turnover into a score with a 15 yard run. Joiner also made the two point conversion.

Charlie Heck recovered a fumble on the Leopard 7 and later went in from the 1 yard line for the score. Junior Joiner kicked the extra point.

The Swifts went to the dressing room with a 22-0 lead at the half.

Joiner started the scoring in the second half with a one yard run to end a 40 yard drive. Glenn Dobmeier booted the extra point.

ROMAN ZAVALA ran 9 yards early in the fourth period for the only Leopard score. The two point conversion was successful.

Fullback Bernie Huseman came right back to score for the Swifts on a 30 yard run and Dobmeier again put the football through the uprights for the extra point. The Swifts final score came on a 6 yard run by Pete Gonzales after a 40 yard drive. Gonzales also got the call for the successful 2 point conversion.

JUNIOR JOINER was the outstanding offensive player as he gained 108 yards rushing and scored 22 points. He also called signals for the Swifts for the first time and every Swift back scored. Joel Gerber had a great night defensively as he had 16 tackles, 13 of those unassisted. Glen Dobmeier had an outstanding night as he put his toe to use in two extra points and recovered his own onside kick.

The Swifts had a rough time this year as it proved to be a season of learning and experience. They can look forward to a brighter season for 1974 as they will have 9 starting defensive players and 6 starters on offense returning with much more experience under their belts. Also they will be playing only five conference games as compared to nine the past two seasons.

VARIETY MEATS such as beef, pork or lamb liver — and kidneys — represent bargains in vitamins and minerals, notes Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service.

LET US GIVE THANKS

For All The Things We Take for Granted...

Let's be grateful now for small and simple blessings that brighten daily lives. The smell of coffee. The sound of laughter. A cloudless autumn sky. Fireplaces and favorite books. Mittens. Mufflers. Good warm socks. Crunchy apples. Purring cats. Work to do and time to rest. Things to care about and share. Loved ones to share them with.

Cats must improve ball handling to win but coach is optimistic about personnel

"Bobcat basketballers will have to learn to handle the ball, if they can do that, we should be able to play with anybody," says Kenneth Cleveland, head basketball coach, of Dimmitt's season.

ACCORDING TO Cleveland his squad is weak in ball handling at this time, but he is confident that the ball control will improve rapidly.

The Cats will have good size

on the courts with 6' 4" postmen Bill Gregory and Steve Myatt, and 6' 2" forward Darrell Buckley. Guard Paul Langford stands 5' 11".

Cleveland also looks for good performances from Steve Nutt, who is a past man. "He's small, but a good jumper," says Cleveland.

Others who will probably hit the courts for the Cats include Brad Sanders, Wayne McKee, Kelly Moore, Gary Wise, Florence Acevedo, Gilbert Espinoza and Edward Nino.

"WE LIKE to press and play a fast, running game," said Cleveland. "We will be using a zone press defense, but on offense we have nothing specific, we just go for the fast break whenever possible," he added.

According to Cleveland, the team's strong point is its shooting.

"We have some real good shooters," he said. "We hope to improve from the free throw line, we didn't shoot well from

the line last year and it probably cost us some games."

Cleveland rates Morton and Friona as the teams to beat in district competition, but adds that he feels Dimmitt will have a good shot at winning district.

"WE'VE HAD real good workouts, the kids are putting out a lot of effort and they are eager to play. Team spirit is as good, if not better than ever this year, and spirit is always a big factor," said Cleveland.

The bobcats will open the 1973-74 basketball season Friday when they host the Muleshoe Mules. Tipoff time is set for 6 p.m.

Saturday the Bobcats will play host to Abernathy. Game time is set for 6:30 p.m.

HHS grid slate for '74 released

The Hart Longhorns will play five games at home and five games on the road during the 1974-75 football season and will meet new opponents in Petersburg, Crosbyton and Friona.

HOME GAMES will include Anton, Sept. 6, Crosbyton, Sept. 20, Friona, Oct. 4, Springlake-Earth, Nov. 1 and Bovina, Nov. 15.

Road games include Shallowater, Sept. 13, Petersburg, Sept. 27, Kress, Oct. 18, Vega, Oct. 25 and Farwell, Nov. 5.

September and October games will start at 8 p.m. and November games will start at 7:30.

Christmas parade set at Muleshoe

The Llano Estacado Civic Club and the Business Activities Committee of Muleshoe are sponsoring their annual Christmas parade, "Happiness is Christmas", Saturday, Dec. 1, at 2:30 p.m.

ALL organizations and clubs are invited to enter floats, sweethearts, or school bands.

There will be prize money given, first, \$100; second \$75; third, \$50; and fourth, \$25.

For entry forms contact Mrs. Willie Reeder, 122 W. Avenue I, Muleshoe or Mrs. Gayla Toombs, 213 Elm, Muleshoe, Texas 79347. Deadline for entries is Wednesday, Nov. 28.

The parade will start at 2:30 p.m. but all entries must be at the Babe Ruth Ball Park by 1:30.

TEXAS is number one in the cow inventory; the state showed an increase of 15 percent, Missouri, in second place, had an increase of eight percent in cow inventory, and Oklahoma, third place in the nation, had an increase of four percent from a year ago.

A CHANGE of air in the home prevents stuffiness, helps retard build-up of odors and mildew, reduces moisture damage to soft furnishings and cuts down chances of rust, says Mrs. Doris Myers, home management specialist, Texas Agricultural Extension Service.

NATIONWIDE cotton production as of Oct. 1 is estimated at 13,123,400 bales, which is four percent below the 1972 crop.

SHIRTS 'N SKINS—Members of Dimmitt Bobcat basketball squad have been going through rigorous daily workouts in preparation for their season opener against Muleshoe Friday. Here team members go for the ball in an intra-squad scrimmage. Coach Kenneth Cleveland is optimistic about the Bobcats and their chances for district title.

Here's the DHS cage schedule

The Dimmitt Bobcats and Bobbies will get the 1973-74 basketball season underway Friday as they host Muleshoe.

A "B" team game will get underway at 5 p.m. and the varsity Bobbies will play at 6:30. The varsity Bobcats will play at 8 p.m.

Saturday the varsity Bobcats will host Abernathy in a game scheduled to begin at 6:30.

Here is the remainder of the DHS basketball schedule:

Tues., Nov. 27 — Tulia there
Thurs., Nov. 29 — Sat. Dec. 1 — Plainview tournament - Boys; Friona tournament - girls.
Mon. Dec. 3 — Canyon here
Tues., Dec. 4 — Farwell here
Thurs. Dec. 6 — Sat. Dec. 8 — Tulia Tournament - boys and girls.

Tues. Dec. 11 — Tulia here
Fri., Dec. 14 — Muleshoe there

Tues., Dec. 18 — Lockney there
Thurs., Dec. 20 — Levelland there

Thurs., Dec. 27 - Sat. Dec. 29 — Caprock Tournament, Lubbock

Thurs., Jan. 3 — Smyer here
Fri., Jan. 4 — Canyon there
Tues., Jan. 3 — Lockney here
Fri., Jan. 11 — Friona here
Tues., Jan. 15 — Littlefield here

Fri., Jan. 18 — Morton there
Tues., Jan. 22 — Olton there
Fri., Jan. 25 — Plains there
Tues., Jan. 29 — Friona there

Hart basketball slate released

Here is the Hart basketball schedule for the upcoming season.

Nov. 27 — Happy, home
Nov. 28 - Dec. 1 — Spade Tourney, there

Dec. 4 — Happy, there
Dec. 6, 7, 8 — Springlake Tourney, there boys

Dec. 6, 7, 3 — WTSU Tourney, girls, there
Dec. 10 — Farwell, home
Dec. 13, 14, 15 — Abernathy Tourney, there

Dec. 18, Kress, home
Dec. 21 — Sudan, there
Jan. 4 — Vega, home
Jan. 5 — Springlake, there
Jan. 8 — Shallowater, there
Jan. 11 — Bovina, there
Jan. 15 — Farwell, there
Jan. 18 — Kress, there
Jan. 22 — Sudan, home
Jan. 25 — Vega, there
Jan. 29 — Springlake, home
Feb. 5 — Bovina, home

Fri., Feb. 1 — Littlefield there
Tues., Feb. 5 — Morton here
Fri., Feb. 8 — Olton here
Tues., Feb. 12 — Levelland here

OFTEN off-quality fruits and vegetables can be purchased at reduced prices. However, the waste in preparation may offset the price reduction, so no savings are realized, says Mrs. Gwendolyn Glyatt, consumer marketing information specialist, Texas Agricultural Extension Service.

The CASTRO COUNTY NEWS SPORTS

GENERALLY about a fourth of all agricultural production in Texas goes into export. COTTON producers expect to harvest 12,400,000 acres compared with 12,900,000 acres in 1972.

LIFE STYLE OF THE FUTURE

What will be the life style of the future? One thing we can be sure of... it will revolve around electricity. Without electric energy there is no hope of getting the pollution eliminators that only electricity can operate.

We'll need our factories, our refineries, our water treatment plants... all the things necessary for survival in a modern civilization.

But, without electricity none of these can function.

That's why our industry and we, as a Company, continuously plan for the future... contribute toward research and development of better, more efficient ways to get electricity to you.

We know we'll be needed in the future even as we are now... and we'll be there when the time comes... even as we are now... making sure that every kilowatt you buy is 100% usable.

Your future is ELECTRIC!

Local youth groups attend showing of "Time to Run"

By TEENY BOWDEN

Quint Waggoner was in Lubbock Thursday for a medical checkup. He has one more week in the cast and then he will enter the hospital to have the cast and pins removed. He got a good report. Mrs. Grady Herrington of Farwell accompanied them to the doctor Thursday and Gay went home with her to stay until Thanksgiving.

THE MISSION Friends, G.A.S., R. A.s and Acteans and their leaders attended the showing of the film "Time to Run" Wednesday evening at the Carlie Theater in Dimmitt. Hersiel Wilson and Larry Starnes helped with the counseling Wednesday night.

The Farmers Grain Elevator leg here was broken into last Sunday night and some damage done. A calculator, coffee pot and other such items were taken, but no money.

Mr. and Mrs. Bob Gunderson of Rosebud, Ore. arrived in Amarillo Tuesday night by plane to spend a week with her parents. Mr. and Mrs. R. E. Duke and Mr. and Mrs. Robert Duke and family.

Mrs. Cliff Brown, representing the artists at Sunnyside, worked with the county art committee in the library Wednesday and Thursday afternoons preparing the art displays for open house Sunday.

MRS. THOMAS Parson attended two Llanos Altos Association meetings Thursday. One at Lazbuddie in the morning and one in Littlefield in the afternoon. She is the Association Mission Friends Director.

Bob Duke, a Tech sophomore

park administration major, was one of the 71 students receiving agricultural club scholarships. They were honored at the 46th annual Pig Roast of the College of Agricultural Sciences at Tech University recently.

Mrs. Ray Joe Riley attended the State P.T.A. Convention in Austin Monday through Wednesday the Springlake-Earth P.T.A.

Dina Jo Hampton received a Dog Care award and a second year 4-H pin at the Lamb County Annual Awards Banquet last Saturday night in Littlefield. Belinda Hampton received a Food and Nutrition award and her second year pin. Tommy Hampton received a Poultry award and his first year pin. Michael Graham received an Electric award and his fourth year pin. Tommy Graham won a Public Speaking award and his fourth year pin. Kevin Riley, as reported last week, received a Sheep award and his second year pin.

MRS. JOHN Gilbreath and Mrs. L. B. Bowden attended the Plains Memorial Hospital Auxiliary board and general meeting in the hospital Wednesday morning. Jim Petra, inhalation therapist, explained and demonstrated the very latest emergency and other equipment the hospital has to treat respiratory diseases and to sustain life. The hospital is well equipped and fortunate to have a therapist with his experience.

The treatments are available as an out patient on a doctor's orders. Inhalation therapy is rather new. One machine charts your lung's condition much like an EKG charts your heart's condition.

Vernon Orr left Thursday morning for a deer hunting trip to the Guadalupe Mountains in New Mexico with their son Mike Orr of Jal. N. M.

Mrs. Floyd Ivey met his sister, Mrs. Ruth Touchstone of Abilene, at Levelland Thursday

Christian Mothers Society dinner draws large crowd

By MRS. AGNES BROCKMAN

The Thanksgiving dinner here Sunday was a great success. We noticed lots of faces from our surrounding towns, and sure did appreciate having them, and we thank all for coming.

REGINA STEFFENS and Agnes Brockman went to Clovis Friday to take Mrs. Hilvers back after her going along with us to the funeral in Lawrence, Neb. On the way back we visited with the Phil Brockmans at Muleshoe.

Sunday afternoon Sybil Steffens, Regina Steffens, Agnes Brockman and Helen Backus attended a tea at the Kip Morgans, honoring the Gwen McFarlands on their 35th wedding anniversary.

The Ronnie Hoelings of Amarillo spent Sunday with their folks the Frank Hoelings and Tony Gerbers.

James Wilhelm and George Venhaus will both have surgery Tuesday at High Plains Hospital in Amarillo.

MRS. BRYAN Birkenfeld, Rose Birkenfeld, Max Acker and Mrs. Frank Hoelting left Monday morning for Dallas to visit with relatives a few days. Wayne Chris Birkenfeld, son of the Joe Lynn Birkenfelds, was baptized Sunday. Dan and Virginia Podzemey were his

afternoon. She will visit through the Thanksgiving holidays with them and Mrs. Maxine Childers in Dimmitt. Mrs. Childers visited with them Friday evening and Mrs. Touchstone, who is her aunt, went home with her to visit through

Sunday.

Don Ott moved into the house recently vacated by the Lennie Lilley's Thursday. The house is now owned by Eddy Waggoner.

MRS. CLIFF Brown and Mrs. L. B. Bowden attended the Castro County Genealogy Society meeting in Dimmitt Thursday night in the new library. Guest speaker was Leroy Hutton, county clerk of Randall County, who is a member of the Amarillo Genealogy Society.

Mr. and Mrs. Edgar Stautzenberger returned home last Sunday night from a weeks vacation visiting with their mothers who both live at Roscoe and their son and family at Hamilton. Mr. Stautzenberger is the new superintendent at the El Paso Natural Gas Plant.

Mr. and Mrs. Howard Bridges of Weatherford moved to the home they have purchased in Dimmitt Saturday. Denise Morgan of Dimmitt spent Thursday night with her parents, Mr. and Mrs. Bill Morgan and Steve and her grandparents, Mr. and Mrs. Gordon Nash. Mrs. Nash has almost fully recovered from her recent stroke.

MR. AND MRS. E. R. Sadler visited with Dr. and Mrs. Myles Sadler and Gregory in Lubbock Wednesday. They also had some dental work done.

Mrs. Ila Haydon and Mrs. Furch Riley attended their bridge club meeting in Tulia with Mrs. Melba Harris Tuesday.

Mrs. Ila Haydon was one of the hostesses for the bridal shower honoring Rebecca Futrell in Hart Thursday.

Baptist Women met Wednesday night for the Current Missions and Mission Action groups. Mrs. Mack Turner and Mrs. Roy Phelan were in charge.

MRS. VERNON Orr was ill and missed work the last part of the week.

Mr. and Mrs. Weldon Bradley were in Tucumcari last Sunday to visit his mother who was in the hospital there. She was dismissed Friday after a ten day illness.

Cindy Sadler, Lyle Shive, Larry and Bob Duke and the Dimmitt speech class were hosts to a Speech Tournament held in Dimmitt Saturday. Bob

Duke, home from Tech for the weekend, and Mr. and Mrs. Gale Sadler served as judges.

Rev. and Mrs. Harry Harris of Weatherford visited this week with Mr. and Mrs. Weldon Bradley, the Carl and Lee Bradley families and her parents, Mr. and Mrs. Elmer Dixon, in Dimmitt. He has been driving a truck in the grain harvest.

Several from the community attended the open house and dedication of the new library building in Dimmitt Sunday afternoon. Mrs. E. R. Little is a member of the library board.

Mrs. Cliff Brown helped in the art display department. Mrs. L. B. Bowden helped in the genealogical department.

MR. AND MRS. J. Paul Waggoner returned home from Houston Monday. Their Sunday dinner guests included Mrs. Johnnie McMillen of Denver, Mr.

Mrs. Garner Ball, Randal and Debra of Hart, and Mrs. Wauline Lilley of Dimmitt. Mr. and Mrs. Leroy Power and girls of Plainview visited with them in the afternoon.

Mr. and Mrs. Larry Sadler and girls visited in Wingate with Mr. and Mrs. Jake Christian and Mr. and Mrs. Robert Paschal over the weekend.

Mrs. E. R. Sadler visited with Mr. and Mrs. Howard Bridges in Dimmitt Sunday afternoon.

Jerry James has visited with several in the community this week. He is here to strip his cotton.

Springlake-Earth lost their last game of the season to Vega Friday night. Mr. and Mrs. Cliff Brown rode the band bus to Vega Friday night.

THE SPRINGLAKE-Earth B team and seventh grade also lost their last games to Hart Thursday night. The eighth

grade won their last game. Coby Gilbreath and the Dimmitt seventh graders won Tuesday night over Lockney 22-14. Their record for the year was 5 wins, 2 losses and one tie. The eighth grade also won their last game of the season. David Montiel played on that team.

The Dimmitt Bobcats were defeated in their last game of the season by Olton Friday night. The score was 15-16.

MR. AND MRS. Tom Messer and children of Houston arrived over the weekend to visit with her parents, Mr. and Mrs. Cliff Brown and Mrs. E. R. Brown.

Both Springlake-Earth and Dimmitt started basketball practice Saturday and will have their first games this week.

MR. AND MRS. Tom Messer and children of Houston arrived over the weekend to visit with her parents, Mr. and Mrs. Cliff Brown and Mrs. E. R. Brown.

Letter to the Editor

Tourney judge commends DHS's speech students

Dear Editor: After participating as a judge in Saturday's Dimmitt High School Forensics Tournament, I felt compelled to write a brief note commending Betty Hawkins and her classes.

ANYTIME IN MY life that I am asked to participate with teenagers, I consider it a privilege. But, I'd especially like to say "well done" to all of you who were responsible for Saturday's tournament. All the young people I was with — timekeepers, office help, concession stand workers, etc. — seemed to be exceptional people. Your politeness, friendliness, and even a compliment or two surely made an older person (who happens to be a parent) proud of our kids in Dimmitt.

And kids, be thankful for your teacher!

Windbreaks can help save energy

Windbreaks of trees and shrubs can effect a significant savings in fuel and energy, says Bob Fewin, silviculturist with the Texas Forest Service at Lubbock. So long as fuel supplies remain critically short, Fewin said, Texans should make the most of every unit of energy available.

A TEST by the Lake States Forest Experiment Station at Foldrege, Neb. some years ago, measured the fuel savings possible when a house is protected from winter winds.

Two identical wood houses, one protected and the other exposed to the full sweep of the wind, were maintained at 70 degrees Fahrenheit. The amount of fuel used to heat the protected house was 22.9 percent less than the amount used in the exposed house.

In another experiment, this one by the Montana Agricultural Experiment Station at Havre, two herds of cattle were used. One herd was protected by trees and shrubs. The other herd was kept on an open lot with only the partial protection of a shed.

The protected cattle gained 34.9 more pounds of weight per animal during a mild winter and lost 10.6 pounds less weight per animal during a severe winter than the exposed herd.

OTHER advantages afforded by windbreaks, Fewin concluded, are a reduction of soil moisture losses in fields from evaporation; protection of crops, livestock and improved property from blowing soil; and increased crop yields due to moderation of the field environment.

West Texas landowners who want more information about windbreaks and how to select and order seedlings can contact Fewin at the Agronomy Department, Texas Tech University or call 806-742-5109.

NEW OFFICE—Randall Craig, branch manager poses at the door of the new Hi-Plains Savings and Loan Association branch office which opened in Dimmitt Monday. The office, located at 112 East Jones, will serve residents of Dimmitt, Hart and Nazareth. Manning the office with Craig will be Mrs. Loretta Hucks, office secretary and receptionist.

On Thanksgiving Day let us all join together, friends and family, to give thanks for all that we have. Let us also remember all the good times, shared throughout the year. We wish all our neighbors and patrons a joyous and happy Day of Thanksgiving. DRIVER'S MOBIL WHOLESALE RETAIL'

Thanksgiving

Each Year Seems To Bring New Meaning...

But it really goes right back to that first celebration. Thanks — for living in a land of plenty. Gratitude — for our freedom. Hope — for the future. Thanksgiving? It's an American heritage.

Clean filters are heating aid

"Checking your furnace filters will help avoid problems when the heating season arrives," says W. S. Allen, agricultural engineer for the Texas Agricultural Extension Service.

"MOST WARM AIR furnaces in use today are equipped with filters. Keeping these clean can add to your comfort by reducing airborne particles in the air. Furthermore, a clogged filter can prevent proper operation of furnaces," the specialist points out.

A dirty filter may restrict the air flow to such an extent to prevent proper heating of the house. Restricted air flow may also cause an over-heated furnace, especially if the high temperature limit control should fail to operate.

"On most furnaces the filter can be easily removed and replaced," says Allen. "If you don't know the size filter to purchase, remove the old one and examine it. The size should be marked on it."

After removing the filter the engineer suggests using the hose attachment of a vacuum cleaner to remove any accumulation of lint and dust in the blower section of the furnace.

ALLEN ADDS that the belt on the furnace blower should be examined and replaced if it is cracked or shows signs of wear. "Most fans and fan motors should be oiled about once or twice a year," Allen points out. "Add enough oil to oil holes to fill the cup or opening without overflowing."

A Modern Day Elisha

In every era there are some men of principle, who do not abandon their principles for expediency. Before chaos overcame Rome, Cicero was one of these men. And the veteran Iowa Republican Congressman H. R. Gross fills his role in today's society, although it often seems, that like Elisha, his is a voice crying out in the wilderness. The following is the complete text of a recent report he sent to his constituents:

"Commissars at work. A year ago Congress rolled over, played dead, and with the approval of the Nixon administration enacted legislation with the sugar-coated title of Consumer Product Safety Act.

"The act, as you would expect, gave birth to still another commission in the federal government—the Consumer Product Safety Commission which, of course, is supplied with a well paid staff and vast delegated power.

"I opposed and voted against this legislation on the grounds that its authority to roam the country and harass our citizens was far too broad, and that this government needed still another commission like it needs a hole-in-the-head. My concern has been justified. Let me provide a couple of examples.

"A few days ago the chairman of the Commission, one Richard O. Simpson, asserted that he is prepared to seek a ban on sale of National Federation of Independent Business

of cigarettes if an 'examination' confirms the Surgeon General's findings as to the hazards of cigarettes.

"I carry no banner for any part of the tobacco industry, but it was never the intent of Congress that Simpson and his commission stick their big, long, bureaucratic noses into the sale or use of tobacco.

"Will Simpson next seek to ban the drinking of coffee because some so-called experts have said that coffee drinking may be productive of cancer and is dangerous to health?

"Then Simpson went to Newark, New Jersey, and made a speech in which he chided the National Rifle Association and said that while his outfit did not have the authority to control the sale of firearms 'We could probably ban the sale of bullets under the Hazardous Substances Act.'

"It appears the day may not be too distant when the non-elected commissar-bureaucrats, wielding the awesome power of countless appointive boards and commissions, take over the authority to regulate daily the lives and fortunes of all our people.

"Yes, it appears the day may not be too distant when the Stars and Stripes, symbol of a free society, is hauled down and in its place will be the hammer and sickle or some other symbol of capitulation to dictatorship."

records make this job much easier.

First, total this year's income and expenses up to the present time. Next, estimate and include expected transactions for the rest of the year. Then, compute depreciation for buildings and equipment. Using these results, estimate the taxable income.

"Depending on your findings, you may want to buy more supplies or sell less than you planned before next January 1," says Hayenga.

"FARMERS using the cash method of accounting who need to reduce taxable income should consider buying fertilizer, feed and other supplies for use next year. Buying fertilizer now may be an especially good move, since higher prices and tighter supplies are expected next spring.

Purchasing needed machinery, equipment and breeding animals also helps reduce taxable income, points out the economist. In most cases, farmers can use the 20 percent additional write-off the first year-end can also use the investment tax credit.

Money spent for conservation, land clearing and land forming is deductible, subject to certain limitations. Such expenditures may not only save taxes now but may also be an excellent long-term investment.

Delaying crop or livestock sales until after Jan. 1, 1974 may help reduce taxable income. Crop sales can be delayed by using a deferred payment contract or on-farm storage.

"REMEMBER THAT the objective of income tax management is not just to minimize taxes, but to maximize after tax profits," points out Hayenga. "Do not sacrifice farm profits by making unwise purchases and sales just to reduce your 1973 taxes by a few dollars. Where a choice exists between a wise tax decision and a good business decision, choose the alternative that will produce the larger income after taxes."

The Internal Revenue Service of the local county Extension office has additional information on income tax management, adds the economist.

income tax management can maximize after-tax profits

Many opportunities to reduce or defer paying federal income taxes are available to farmers, says a Texas Agricultural Extension Service economist.

"CASH FARM income often fluctuates greatly from year to year. Good financial management includes leveling taxable income to reduce or defer taxes," explains Dr. Wayne A. Hayenga. "Since this year is an unusually high income year for many Texas farmers, quick action can help reduce the 1973 tax bill."

The first step in year-end tax planning is to determine where the farm business stands now, explains the economist. Good

Income tax management can maximize after-tax profits

November is special time for appreciation of food and fiber

November — a month steeped in tradition, a time of harvest, a time for Thanksgiving! And what better time to pay tribute to the great agricultural industry in Texas for the high quality food and fiber products that are available to consumers.

THAT'S WHY November has been designated as "Food and Fiber Appreciation Month," points out Dr. William Vastine, economist in marketing and food distribution for the Texas Agricultural Extension Service.

"Farmers and ranchers and those engaged in processing and products deserve a great deal of credit for the everyday miracle of feeding and clothing the people of this state and nation," contends Vastine. "And, with Texas being a leading state in exporting agricultural products, we are now providing food and fiber for many other countries as well."

According to the specialist, States spent more than \$125 billion for food in 1972 making food retailing the nation's largest retail industry. In Texas the amount totaled about \$6.4 billion.

Vastine attributes this continued growth in the food industry to increased per capita disposable income for a growing population and the increased demand for services associated with food. Unemployment is down and with more than 40 percent of all wives now working, eating out and convenience foods are also adding to the boom in the food industry.

"WITH present-day technology and expertise, agricultural products now account for only about five percent of the nation's population. Yet, they do an efficient job; in fact, they produce enough food and fiber for themselves and more than 50 other people," notes the economist.

"Yet, as more and more generations of families become further removed from farm and ranch life, agricultural producers are sometimes forgotten and their role in our society and economy is overshadowed by other 'more contemporary' events and happenings.

"But they along with the people engaged in the overall agribusiness industry continue to be the backbone of this country, providing what is so often taken for granted — high quality food and fiber products," Vastine points out.

PRODUCTION of egg-type chicks, broilers, -chicks, and turkey poults in Texas is up from a year ago. Nationwide, the trend is also true.

PREVENT birds from nesting on air-conditioner supports by blocking them with hardware cloth — a one-fourth-inch mesh screening, suggests Mrs. Doris Myers, home management specialist with the Texas Agricultural Extension Service.

Problems complex in food prices

With Food and Fiber Appreciation Month in progress (during November), many consumers continue expressing concern over food costs.

"FEW REALIZE how complex the problem is — and the many reasons why costs have risen," Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, noted.

"Some factors are pretty obvious — others are not.

"For one, the demand for food is extremely strong. Most Americans' standard of living has risen steadily. As incomes rise, so do appetites for many items — especially red meat.

"For example, per capita consumption of beef was 63 pounds in 1950 — in 1972, it was 115 pounds.

Government programs also affect demand, the specialist continued. "Food stamps improve diets for low income families — but at the same time cause an increase in food demand."

Convenience-foods acceptance also affects food prices. Although saving kitchen work and time, they cost more.

"In fact, the cost of this 'built-in maid service' has gone up more than cost of the food itself in convenience foods," Mrs. Clyatt said.

"Bad weather last growing season was also an important factor in present conditions. Some crops were extremely poor, and, in other cases, harvesting was very difficult. As a result, some crops rotted in the fields before they could be harvested.

"LABOR COSTS also rose throughout the food marketing chain — including wages for farm labor, transporters, processors, retailers, etc.," she added.

Turkey supplies down, demand up

The demand for turkeys will increase as the holiday season approaches, and that trend plus fewer birds in cold storage will keep prices up over the next few months.

THAT'S THE contention of Dr. David B. Mellor, poultry marketing specialist for the Texas Agricultural Extension Service.

According to Mellor, turkey prices generally are more stable than broiler and egg prices because most turkeys are sold frozen or in some processed form, such as turkey pie. However, cold storage stocks have gone down due to increased demand this year, so prices have increased.

Citing figures from the US Department of Agriculture, Mellor notes that turkey production so far this year is about two percent above that of 1972. However, production during the remainder of the year — usually a heavy marketing season — will be lower.

Cold storage holdings on Sept. 1 totaled 261 million pounds, down 53 million pounds from a year earlier.

ACCORDING TO the specialist, retail turkey prices averaged 55 cents a pound in 1972 and are now near the record levels of 1949-49.

"But turkeys are still a good buy," contends Mellor, "when you consider how much other goods and services have increased in recent years."
