BROWN WAS SICK DID NOT ATTEND

PRESIDENT OF CLAYCO COMPANY FAILED TO BE AT MEETING OF DIRECTORS.

QUESTION NOT SETTLED

Directors Join "Prosperity Club"—In Executive Session on Normal Matter.

E. R. Brown of Corsicana, president of the Clayco Company, who had promised to meet the Chamber of Commerce directors this morning on the free gas matter, failed to show up. A letter stating that sickness prevented his being present was read. The directors will wait until the first of August on Mr. Brown and he is expected to meet with them before that date.

A letter from the directors goes to Mr. Brown today. It states that there are several large factories waiting upon five-cent gas to enter this city and that unless the Clayco company can meet this price, a local company will be organized. It may be stated, incidentally, that this is not in any sense a bluff.

J. A. Arnold of Fort Worth appeared before the directors and made a very interesting illustrated talk, showing the need for such an organization as the "Prosperity Club." As a result all the directors were enrolled as members.

Mayor Noble brought up the fire engine matter. He said that the fire engine manufacturers had declined to stand by their five thousand dollar offer, but would sell the machine for sixty-five hundred. He counseled delay until Galveston could test the machine she is to receive in September. This was agreed to.

The directors then went into executive session with Judge Scurry to talk over Normal plans, after which adjournment was taken.

SHOPLIFTER CAPTURED.

Mexican Tried to Steal Kimono From Skeen Store.

A Mexican attempted to steal a kimono he found hanging up in the store of W. E. Skeen yesterday afternoon and was caught and landed in the County Jail. Mr. Skeen witnessed the attempted theft but the man ran when accosted and Mr. Skeen captured him after a stiff chase. He was found in the rear of another nearby store.

DULUTH STORM.

Million and a Half Damage—Three Lives are Lost.

Duluth, Minn., July 22.—Following terrific rains Tuesday last night's cloudburst caused a scene of devastation in Duluth today. The loss will reach a million and a half dollars. Three lives were lost during the storm and twenty or more houses were washed away along small creeks in the suburbs.

WOMAN IS ARRESTED.

Disorderly Housekeeper Landed in Jail Yesterday.

A white woman was arrested yesterday afternoon and jailed on a charge of keeping a disorderly house. The alleged disorderly house was located in a respectable residence section of the city, and two neighbors whose suspicions had been aroused forced the door and proceeded to put an end to the nuisance.

FATAL COLLISION.

Mobile and Ohio Train Kills Four at Crossing.

Columbus, Miss., July 22.—A Mobile and Ohio freight train here today backed into a two-seated, surrey, killing Mrs. Holloway, her sister, Mrs. Myers of Millport, Alabama, and two daughters aged 3 and 5 years. The vehicle was going over a crossing.

MEXICAN HACIENDA IS SOLD FOR A MILLION

Guadalajara, Mex., July 22.—The biggest ranch deal ever made in Jalisco is just concluded. Manuel Cuesta purchased the Cumusto Hacienda from Castellanos Brothers for a million, three hundred thousand dollars.

TO RESUME WORK.

Wiley Wyatt to Rush Hotel Construction From Now On.

Work has been suspended on the Wyatt Hotel for several weeks on account of the serious illness of Mr. Wyatt's child, which prevented his giving the work his personal attention. This morning orders were issued to the workmen to resume work and the building will be completed as early as possible. The exterior work is practically finished already and the interior details are well under way.

DIAZ NOT TO CROSS.

He and Taft Will Meet on International Bridge.

Texas News Service Special. El Paso, Tex., July 22.—A prominent El Paso citizen who has just returned from the City of Mexico denies the story from Washington that President Diaz will cross to El Paso to visit Taft in October. He says the visit will be made on the international bridge as originally planned.

TO REMOVE PRISONERS.

Mexican Revolutionists to Be More Closely Confined.

Chihuahua, Mex., July 22.—It is reported here that all revolutionists convicted a year ago will be removed to the famous San Juan de Ulloa prison in the State of Vera Cruz, it being feared the revolutionists may attempt to liberate them from the prison here.

RYAN TEAM VERY EASY FOR THE WICHITA NINE

Wichita Falls, 9; Ryan, 1.

Theone-time invincibles from Ryan, Oklahoma, met defeat at the hands of the locals yesterday by the above decisive score, having nothing like their former team. The locals won handily in a game that was prettily played, despite the lack of contest. Errors were scarce and the fielding game was a good one for both teams.

Collier had everything in his pitching, fanning eleven and allowing but three hits. Weeks, who pitched for the visitors, fanned but one man and was touched for thirteen hits. The score: Wichita Falls...002 102 004—9 13 1 Ryan...000 001 000—1 3 2 Collier and Hunt; Weeks and Tucker.

TARIFF CONFERENCE IS FINISHING ITS LABORS

Texas News Service Special.

Washington, D. C., July 22.—The tariff conferees are in a fair way today to reach an early agreement on the following lines: 'Hides, five or seven and a half per cent, with house bill rates on sole leather, boots and shoes, manufactured leather, oil and iron ore free. Print paper three dollars a ton. Lumber from \$1.25 to \$1.50 per thousand feet.' These changes are regarded as certain.

Bailey has asked for two days for the democratic conferees to consider the bill, but Aldrich would grant only one. Democrats may be called in Saturday, and it is regarded as certain that the bill will be passed before the end of next week.

Culberson made an earnest fight for free cotton bagging, and ties, but the hemp trust opposed it and cotton bagging was restored to the dutiable list by the conferees.

SHOOTING AT HAMLIN.

Partners' Disagreement Has a Fatal Ending.

Ablene, Tex., July 22.—Thomas Maxwell shot and instantly killed J. C. Howton, his partner in the livery business at Hamlin last night. The difficulty resulted in the settlement of accounts. Maxwell surrendered to the officers following the shooting. Howton came to Hamlin from Fort Worth a few months ago.

Very Low With Typhoid.

A letter received in this city today by Mr. W. L. Robertson states that Professor E. W. Morris, formerly of this city, is very low with typhoid fever at his home at Campbellville, Ky.

GALVESTON STORM TOOK TOLL OF HUMAN LIVES

Five White People and Five Negroes Met Death—Seawall Stood Severe Test Well.

Texas News Service Special. Houston, Tex., July 22.—The dead at Galveston:

- T. J. DAILEY of the Galveston Tribune.
- RAY TEETSHORN of Houston.
- CAPT. BETTISON of Bettison Pier.
- MRS. BETTISON.
- C. D. HOPKINS of Galveston.
- CHARLES JOHNSON AND WIFE, colored.
- THREE UNKNOWN NEGROES.

Dispatches from Galveston say the only evidences of the storm is in the wrecked bathing resorts along the beach, the weather being clear and warm.

The dead were all swept off Bettison's Pier, a fishing and pleasure resort located eight miles out in the gulf on the north jetty, when the water became high and it is not thought that any had even a fighting chance for their lives.

Railroad officials say that trains will be running over the bridge by noon. No damage was done at Sabine Pass or other coast towns except by the record breaking tides.

The report that several persons were drowned in Matagorda county, southeast of Galveston, cannot be confirmed, and it is believed that the storm diminished in severity as it progressed west of Galveston.

By Associated Press.

New Orleans, La., July 22.—So far as at present known, the storm yesterday had its center in Galveston, where the seawall kept back the rushing waters of the gulf. Reports from there indicate the loss of life is confined to ten unfortunates caught in the gale off Bettison's Pier. The property damage will hardly exceed a hundred thousand dollars. It is believed that loss of life occurred at points along the Texas coast and possibly at Cameron parish, La.

In Matagorda county, seventy-five miles southwest of Galveston, it is reported that several lives were lost, but this lacks confirmation.

Reports to the weather bureau seemed to indicate that the storm passed inland near Matagorda Bay with diminished intensity. While it is possible that some light craft may have gone down in the storm, no authentic reports to this effect have been received.

Houston, Tex., July 22.—It is announced that the railroad bridge between the island and the main land will be repaired by noon and that trains will be running. Clear skies are above Galveston this morning and the only evidence of the storm was outside the sea wall, where the bathing pavilions and small houses are wrecked.

The total of known dead are ten persons, swept off Tarpon Pier. The dead are C. H. Dailey, Ray Teetshorn, Captain Bettison and wife. The others were negroes. The telegraph office at

Galveston is deluged with messages from all parts of the country from persons anxious about the safety of relatives and friends.

Texas News Service Special. Fort Worth, Tex., July 22.—None of the railroads here would sell tickets into Galveston this morning, but traffic is expected to be resumed this afternoon or tonight. The International and Great Northern announced that it would run a train out of Galveston at 4 o'clock this afternoon.

Texas News Service Special. Galveston, Tex., July 22.—Engineers inspecting the seawall this morning believe only slight damage was caused by yesterday's storm. The damage, however, cannot be accurately known until the water completely subsides and an examination of the foundation is made. In some places it is feared that the water may have undermined the foundation. The greater portion of the wall, however, is believed intact.

Texas News Service Special. Fort Worth, Tex., July 22.—The weather bureau reports that the storm which raged in Galveston yesterday is moving over the lower Rio Grande valley.

By Associated Press. New Orleans, La., July 22.—Late reports from Cameron parish state that Basil Dagg, a fisherman, and his young son, were caught in a high tide in yesterday's hurricane and drowned at Mudd Pass. Another son escaped.

By Associated Press. Houston, Tex., July 22.—The report reached here today that a pleasure yacht with ten people aboard, while cruising on the gulf yesterday, was caught in the storm and wrecked, all on board being lost. This cannot be confirmed.

By Associated Press. Washington, D. C., July 22.—The storm which raged at Galveston yesterday is breaking up today over the middle Rio Grande valley, according to the weather bureau.

New Railroad in Kentucky.

Louisville, Ky., July 22.—Within the next week or ten days it is expected that the new Morehead and North Fork railroad will be completed and ready for operation. The road extends from Morehead to Loveland, in Morgan county, Kentucky, and taps some of the richest coal and timber lands in Kentucky. The building of the road was started several years ago, but the original promoters became involved in financial difficulties and abandoned the project, and it was only recently that a new company took charge and pushed the railroad to completion.

SEVERE VISITATIONS OF STORM UPON GULF TOWNS--AUSTIN HIT

Texas News Service Special. Houston, Tex., July 22.—Reports from other towns indicate that far greater damage was done along the Gulf than at Galveston.

Bay City is said to have been almost swept away. Two were killed and many injured. An appeal for help was sent out and at 11:30 a relief train left Houston to bring the injured to this city.

Angleton, Brazoria, Rockport, Eagle Lake and neighboring points all report serious damage to houses and state that many store buildings have been unroofed and in some cases completely wrecked.

Paiscos is very seriously damaged, and a special train left for that place this morning. Wire service is still badly crippled and only the meager details are obtainable. Property damage in the coast coun-

try will run into the hundreds of thousands of dollars, it is feared.

Texas News Service Special. Austin, Tex., July 22.—As a result of a hurricane blowing over this city early this morning damage to the extent of possibly a hundred thousand dollars in the city and suburbs is reported. Thousands of telephone poles are down and electric light wires are strewn in the streets.

Hundreds of trees were blown down and several buildings badly damaged. Along Congress avenue glass windows and awnings fared badly.

By Associated Press. New Orleans, La., July 22.—Great anxiety is felt for Paiscos, where a thousand young people are attending upon the B. Y. P. U. encampment. A special train has been sent out from Houston.

FORT WORTH MAY RETURN.

Fast Playing Armour Bunch Plans to Play Here Saturday.

Only two of the four games scheduled with the Ryan team for this week will be played, there being no game now scheduled for tomorrow. Yesterday's game showed that this team lost much of its former strength and it is not believed that four games with them will be a paying proposition.

The Armour team from Fort Worth which played the locals three hotly contested games the first part of the week, may return for one game Saturday afternoon. If they do a hard fight is expected. Henrietta will be here Sunday with a big bunch of rooters.

RAILROAD SUITS DISMISSED.

Four Cases Against the Denver are Disposed Of.

In the district court yesterday the following suits were dismissed: W. M. Melton vs. Fort Worth and Denver Railway; D. H. Bailey vs. Fort Worth and Denver Railway; C. J. Dunning vs. Fort Worth and Denver Railway; L. E. Dunning vs. Fort Worth and Denver Railway. The case of P. H. Cook vs. Fort Worth and Denver Railway is now on trial.

Fort Worth, 8; Henrietta, 1.

Henrietta, Tex., July 22.—The Armour team from Fort Worth had everything in yesterday's game, winning by a score of 8 to 1. Helt for the visitors pitched a masterful game.

"PROSPERITY CLUB" ORGANIZER IS HERE

J. A. Arnold of Fort Worth, president of the Commercial Secretaries' Association, is in Wichita Falls today in the interest of a new organization, 'The Texas Prosperity Club.' The purpose of this organization is to 'study Texas, talk Texas and work for the upbuilding of the State.' Mr. Arnold appeared before the Chamber of Commerce directors this morning in behalf of his proposition and was given an interested hearing.

The club has already enrolled a large number of members and has published considerable booster literature, setting forth some interesting facts about Texas cotton, Texas live stock and Texas people. These are in small booklets, in terse and attractive form and will probably bring good results. The club's badge is a small button with the words 'Prosperity Club' and the Texas star in the center.

Mr. Arnold is very enthusiastic over the success of the new organization and expects to see it become a substantial power for good.

SPAIN HAVING TROUBLE AT HOME AND ABROAD

By Associated Press.

Madrid, Spain, July 22.—Relatives of soldiers who gathered at the railroad station today to witness the departure of the troops charged the police to prevent the departure. A desperate melee followed, the police using swords and revolvers. A dozen persons were wounded and many others arrested.

By Associated Press. Barcelona, Spain, July 22.—A riot broke out today among the troops who were about to embark for Melilla. The entire battalion rioted and threatened the officers with bayonets. Other troops were summoned and the mutineers were disarmed.

Melilla, July 22.—Spanish positions here were reinforced today by fresh troops from Spain. During the fighting yesterday the Moors got within eight hundred yards of Melilla. When they retired they left one hundred and four dead on the field.

CLAY COUNTY RANCH SELLS FOR \$22,000

R. H. JOYCE OF THIS CITY BUYS STEARNS PROPERTY NEAR TOWN OF PETROLIA.

IN NATURAL GAS BELT

Consideration Was Thirty Thousand Dollars, the Deal Being Closed Yesterday.

The Stearns ranch in Clay county, about fifteen miles from this city, yesterday became the property of R. H. Joyce of this city for thirty thousand dollars, the deal being closed yesterday afternoon.

This ranch is one of the largest in Northwest Texas, comprising twenty-two thousand acres, grazing and agricultural land. It is situated near Petrolia and is close to the natural gas belt. The deal was put through by the real estate firm of Fowler Brothers of this city.

M. Stearns, owner of the property until yesterday, is a resident of Mineola, Texas. While Mr. Joyce has not given any intimation of his plans, it is understood that his purchase of the tract is in line with the development of the natural gas industry. Mr. Joyce is already extensively interested in natural gas propositions and the location of this recent purchase makes it very likely that some prospecting will be done there.

ABOUT BASEBALL CHARGES.

Manager Williams Corrects Some Misunderstandings.

Manager Williams of the baseball team announces that charges for admission to games here will be as follows:

General admission to men, 25c, week days and Sundays; general admission to ladies, free on week days, 25c on Sundays; grand stand admission, ten cents for everyone, both Sundays and week days.

This is said to be a much more liberal schedule of charges than exists in many other cities, especially as far as the ladies are concerned. There are few towns that admit ladies free during the week, but no charge is made for them here.

OIL KILLS FLIES.

Decrease of This Pest Very Noticeable Recently.

Since the sprinkling of the streets with oil was started down town, people have noticed a very material lessening of the fly nuisance and there is no doubt but that much better sanitary conditions have prevailed since the use of oil began. There is some talk of having oil used throughout the residence section and this will be done if the arrangements can be made.

LOOKS MORE LIKE RAIN.

Cloudy Weather and Government Prediction Favorable.

Showers is the government weather prediction for tonight and tomorrow and the cloudy aspect of the skies this morning gave things a very promising look. The rain of last week did a great deal of good, but another shower at this time would result in still more material benefit to Wichita county crops.

Labor Temple Dedicated.

Indianapolis, Ind., July 22.—Leaders of organized labor in the United States, Canada, Porto Rico, and Hawaii took part in the exercises held today at the dedication of the new national headquarters building of the United Brotherhood of Carpenters and Joiners of America. In addition to housing the United Brotherhood of Carpenters and Joiners, the building will also be used as international headquarters for the Journeymen Barbers' International Union and the International Brotherhood of Teamsters.

ANOTHER ONE OF THOSE "TRUNK MYSTERIES"

WEREN'T 'NEWLY-WED.'

But The Crowd Thought They Were and Had Fun.

St. Louis, Mo., July 22.—Mr. and Mrs. Charles I. Newcomb of Webster Park have been married for—well, quite a while, but when Mr. Newcomb tried to tell passengers on the steamboat Spreading Sunday afternoon, they gave him those exasperating looks. It was no use.

All the way from Plaza Chautauqua to St. Louis Newcomb and his wife received all the admiring attention which all newlyweds attract. Excursionists stood ten deep around them and stared at them and commented upon them, and amateur humorists practiced upon them.

I was the Plasaquans' revenge. Mr. Newcomb is a practical joker. During the week that he and his wife were at the inn, he had great fun at the expense of the other guests and the Chautauqua cottagers. Saturday night he invited all his friends to the dance at the inn, conveying the impression that he had bought the hotel for the night and they would not have a chance to spend anything, but when they were assembled all the men had to pay in proportion to their known or presumed wealth.

Revenge is Planned.

When they assembled at the station they were a small army with banners flying. Mr. Newcomb heard them and thrust his head out of a window at the hotel. There was a chorus of yells from the station. He would have fled, but he thought of a ruse. He sent Mrs. Newcomb ahead with a feminine escort, to give the impression that he had taken to the hills, but the mob did not disperse. Mrs. Newcomb was held as a hostage until Mr. Newcomb at last appeared.

Then a procession was formed and the couple was escorted down to the boat. The banners proclaimed to those on the boat that they were newlyweds on their honeymoon, "broke, but happy."

Joshed to St. Louis.

While the boat lay at the dock the word was passed to the passengers that, while Mr. Newcomb appeared to be embarrassed, he really enjoyed it and gave them permission to joke him to their heart's content all the way to St. Louis.

As Mr. and Mrs. Newcomb passed down the plank they were showered with rice and good advice.

As soon as the boat swung out the embarrassed Mr. Newcomb began to explain that there was nothing to it, because he had been married long ago, but the boat passengers only smiled and redoubled their attentions.

"This is My 48th Birthday."

Joseph Little Bristow, United States Senator from Kansas, was born in Wolfe county, (Kentucky, July 22, 1861. At an early age he removed to Kansas and was educated at Baker university in that State. Several years after his graduation he became the owner and editor of a newspaper in Salina and in 1895 he became the owner of a paper in Ottawa. About the same time he was appointed private secretary to Governor Morrill and during the two years that he filled that office he obtained his first insight into public affairs. From 1894 to 1898 he was secretary of the Republican State committee of Kansas. His first efficient work as committee secretary attracted the favorable attention of President McKinley and soon after the latter took office he appointed Mr. Bristow as fourth assistant postmaster general. In this capacity he distinguished himself by the efficient manner in which he conducted the investigation of the Cuban postal frauds and subsequently reorganized the Cuban postal services. After his retirement from the postal service he was appointed by President Roosevelt special Panama railroad commissioner. In the State primary in Kansas last year Mr. Bristow won the republican nomination for United States senator, defeating Senator Chester I. Long.

Texas State Baptist Assembly.

Lampasas, Tex., July 22.—The fifth annual assembly of the Texas State Baptist Encampment Association opened here today in Hancock Park, one mile from the city proper. It will continue until August 1 and during that time many noted speakers will be heard. The list includes Rev. W. B. Riley of Minneapolis, Minn., Rev. L. R. Scarborough of Texas; Rev. S. J. Porter of Richmond, Va.; Rev. J. F. Love of Dallas; S. P. Brooks of Waco; Weston Bruner of San Antonio; Rev. Geo. W. McCall of Brownwood and others.

National Travelers' Convention.

Chicago, Ill., July 22.—Hundreds of traveling men from all parts of the country are attending the second annual convention of the National Travelers' Association of America, which began its sessions today at the Palmer House. The gathering is one of the largest and most notable of its kind that has ever been held here. Among the scheduled speakers are Charles Nagel, secretary of commerce and labor, President Benjamin F. Winchell of the Rock Island railroad, Governor Deneen of Illinois, and Edward M. Skjinner, president of the Chicago Association of Commerce.

The gathering will conclude Saturday night with a great banquet at the Auditorium.

BIG BENEFIT

For Engineers' Auxiliary LADIES of B. of L. E.

Tuesday, Wednesday & Thursday

July 20, 21 and 22 at... THE MAJESTIC

There has been a special program arranged for these three days, in life motion pictures; also our vaudeville will be the best and most refined on the great Swor & Frankel Circuit.

We wish to call especial attention of our patrons that we have arranged for these evenings a series of views from the ruins of the dreadful Zephyr cyclone. These pictures are being shown throughout the large cities and are creating a great deal of favorable comment. Come one, come all, and assist in this cause. Don't say "No" to the young ladies when they come to sell you tickets, for they are working for a prize which will be given to the one selling the most tickets.

Every effort will be made to keep our patrons cool and comfortable. The Majestic is practically an air dome, and with a number of electric fans we assure you comfort. As many shows will be run as needed to accommodate the crowds.

Each show will consist of 2000 feet of the best pictures, two beautiful illustrated songs by Mr. Moore of Fort Worth, and thirty minutes of refined vaudeville. Get the habit and go with the crowd. Admission—Adults, 15c; children, 10c.

Yours to Please
The Majestic.

MEXICO DISAPPROVES.

Will Not Allow Horseracing Across From American Frontier.

Washington, D. C., July 22.—The solicitor of the state department made the following statement today explaining the status of the racing concession at Tia Juana:

"Owing to numerous protests from residents of Southern California, more especially from the local authorities and citizens of San Diego, against a concession granted to an American company at Tia Juana within two miles of the border, the department of state has called the attention of Mexico to the fact that if a race track was established so near the boundary, it would, in effect, be a nuisance to the people of Southern California."

"That it would be in name only a Mexican enterprise; that its operation would in effect nullify the recent legislative prohibition of racing in California."

"The state department did not question the right of Mexico to grant such a concession within Mexican territory, but stated that it would be very glad if Mexico could see its way to the revocation of a concession for the reasons above set forth."

"The state department desires it made clear that it did not make any 'demand' upon the Mexican government. Protests against the concession were sent to the state department by the mayor of San Diego, by its police authorities and by petitioners representative of the city and that section of the country. The solicitor says that Mr. Reynolds, whose first name he does not recall, came to the state department with two other men to enlist the good will of the people in the enterprise, but the department said very frankly that it could not favor the undertaking."

"While no definite statement is made that an affirmative answer from Mexico has been received at the state department to date, the officials feel confident that Mexico will cancel the concession. It has been pointed out to the department and by the department to Mexico that the proposed establishment would carry with it several evils, all militating against good morals and that Mexico herself would not be benefited by the concession. It was pointed out that San Diego instead of Tia Juana would be the headquarters and place of refuge for the undesirables who follow in the train of a racetrack."

HARRIMAN IMPROVING.

Has Gotten Better Since Visiting Badgasteln Springs.

Badgasteln, Austria, July 22.—Otto Kahn, the New York banker, and his family, arrived by automobile today from Munich, to stay a week as the guests of E. H. Harriman.

Mr. Harriman told his guests that "Badgasteln springs are fine and that every overworked American ought to come here."

He makes daily automobile tours and takes daily walks with his children, who arrived on Tuesday.

The effects of the radio-active spring baths upon Mr. Harriman are most beneficial. He now walks springily, whereas upon his arrival his stride was slow. This morning, Mr. Harriman said: "I haven't felt so well in a long time. I feel that I could jump and sing like a youngster."

He chaffs everybody. Noticing a decoration in Manager Veverius' lapel, Mr. Harriman asked what it was.

The manager said: "A decoration from the late king of Sweden."

Mr. Harriman laughed and said: "We ought to import such things. I know people who would give \$1,000,000 for a decoration from Taft."

Mr. Harriman is taking the same food cure that he did at Semmering, but by order of Professor Strumpel he now indulges in a small bottle of champagne at dinner. Prof. Strumpel visits his patient twice a week. Secretary O'Shaughnessy of the United States embassy at Vienna sees Mr. Harriman frequently. The embassy manifests a hospitable desire to do everything possible for Mr. Harriman.

TO DIE ON GALLOWS.

Mississippi Negro Will Pay the Extreme Penalty.

Brandon, Miss., July 22.—Hundreds of visitors from the surrounding country are preparing to come into town tomorrow to witness the public execution of Will Mack, the negro for whose protection from threatened mob violence Governor Noel called out the State troops last month. Sheriff White has completed all arrangements for the execution. The gallows has been set up in an open space between the court house and the jail. The site was selected so as to afford a view of the hanging for as large a crowd as may assemble.

The crime for which Mack is to pay the death penalty was an assault committed upon a white girl, Miss Mamie Myers, in the vicinity of Pelahatchie, Rankin county, last November. After the crime the negro made his escape to Marshall county, where, under an assumed name, he hired out to Dr. A. M. McAuley. Later he went over to Tator county on a short visit and was recognized by some of the county officers. A few days later the officers called upon Dr. McAuley and informed him that they wanted the negro who was working for him, and asked him to assist them in capturing him, stating that they had shot him in an effort to capture him the night before. On returning home, the physician found Mack sitting on his office steps. Mack asked him if he would not dress his wound, saying that he had shot himself accidentally. After joking the negro some time about getting shot in a crap game the physician carried him into his office and had him remove his clothes and lay on a table so he could dress the wound. As soon as the negro was down the physician signalled the officers, who took him into custody. At the time of the arrest and trial Gov. Noel ordered troops to the scene as a measure of precaution. No attempt was made at lynching, however, as it was thought best to remove the negro to the Vicksburg jail to await the date of execution.

JUDGE YEAGER ON THE NEW JAIL PROPOSITION.

To the Taxpayers:—On August 3rd the jail problem will be before you for the second time, owing to the fact that we did not know that an unequipped structure might be called a jail and that an equipped one might not be so called. Ordinarily, a decision once fairly arrived at by a majority vote, in this democratic government of ours, has binding force on all who participated or could have participated therein, but as the proposition now submitted is slightly different from the former one, thus furnishing an excuse not to be bound by the result of the former decision, to one hunting for an excuse not to be so bound, and the gravity of the situation that confronts the commissioners in reference to the condition of the old jail, impels me, as a member of that court, to make plain to you the effect of a decision in the matter contrary to your former one.

The proposition first submitted was to raise \$15,000 by a tax of 15 cents on \$1,000 valuation of your property, the court to supply any deficiency in the amount needed out of funds on hand. The proposition now is to raise \$20,000 by a tax of fifteen cents on \$1,000 valuation of your property, the court to be confined to that limit, as no funds are available to make up any deficiency, a slightly different proposition, but the same in effect on you.

The overcrowded condition of the old jail and the need of room to separate whites from blacks, and the healthful from the diseased, furnishes a condition that the commissioners must meet now or suffer the penalty of the law for not meeting it.

It must be met with the people's money. If it is not permitted to meet said condition with money raised by bond issue, then it must be met by largely increased levy of taxes. The demand is imperative upon it. It has no choice in the matter. It, as a court, has nothing to do with the theories as to the causes of crime that lead to overcrowded conditions of our jail. The commissioners court is confronted with a condition and not a theory, and must act now and must use the people's money to change that condition.

A plan has been suggested whereby the cell capacity of the old jail shall be doubled. But is such a plan feasible? This plan was under consideration by the court when the bond issue was first brought up and competitive bids were obtained. From these it was found that an expenditure of \$3,500 would be necessary to double the capacity of cells in the main room of the jail. None of the people's money being available at this time, the entire sum will have to be borrowed on short time loans and taxes increased to meet it.

Temporary improvements are al-

ways costly in the end. A reputable jail architect gave, on request, his opinion of the value of new cells in the old jail for use in a new jail should one be built within the next few years. He stated that cells costing \$3500 now will be worth \$2000 for use in a new jail—a waste of \$1500, the equivalent of one year's taxes at fifteen cents on \$1000 valuation of property. This plan gives no relief in the way of separation of blacks from whites or the healthful from the diseased.

Ever since the time of the great prison reformer, John Howard of England, a time when he found the openings in prison dungeons so small that inmates had to take turns at the gratings in order to keep life in their bodies—law after law has been enacted regulating the construction of prisons, and the treatment of prisoners. The great State of Texas now heads the procession in stringent laws as to health regulation.

Our main jail room was constructed to accommodate twelve prisoners. If we double the cell space and incarcerate twenty-four prisoners therein, we run counter to health regulations which require for each prisoner three thousand cubic feet of fresh air each hour, and we thereby put the jail in such a condition that it may be condemned at any time, after which its use invites damage suits and possible prosecutions of your official servants. This plan is not feasible; it will tend to a waste of the people's money, and cannot accomplish the end sought and hence must be dismissed from consideration. Some other scheme will have to be devised, such as enlarging the old jail building or make the levy high enough to raise in one year a sufficient fund to build a new jail or send our prisoners to another county for safe keeping.

It is clear to us, since the solution of this question is imperative, that the proposed bond issue is by far the most economical way to solve the problem. The crowding of fifteen to twenty human beings in a space originally designed for twelve must cease. These prisoners, among whom may be some entirely innocent, constitute links in the great chain of humanity and in law and in good conscience must be treated as such. M. F. YEAGER.

Why blow in your coin at some far away vacation point, when you can catch all the fish you can eat right here at home? You can see a 20-pound string being carried home any hour of the day.

It's safe to say that none of the babies imported into Texas from New York will find homes in Wichita Falls. Our home industry has been in progress too long for that.

An effort is being made to get up a "home-coming" reception for Senator Bailey. We would like to be present but not for the reason the others will be.

Several northern papers have commented on the passing of the custom of hanging horse thieves. New Mexico could give some fresh information on that question.

As further proof that the penitentiary investigation will not turn out a fiasco we submit that the whole trouble was started by a newspaper man.

We must beg Taft's cabinet not to hold any more meetings "to cut down expenses." It's a mighty poor joke for such hot weather.

That California man who married eighteen women didn't have the foresight to plead insanity and was sent to the penitentiary.

Democrats are still gloating over that baseball victory, quite forgetting the shutouts they have suffered in other ways.

Between the floods, ruined crops, revolutions and railroad strikes, old Mexico is certainly getting hers these days.

COULDN'T GO HOME.

Turkkeh Boy Had to Stay and Die of Tuberculosis.

St. Louis, Mo., July 22.—Prevented by immigration regulations from going to his native home in Turkey to die, Etan Kiazim, 18 years old, is in the City Hospital suffering from tuberculosis, from which, the physicians say, he will not recover.

Etan, knowing that the white plague had marked him for a victim, longed for the familiar scenes and associates of his childhood home at Vecken, Turkey. He wanted to look once more upon the faces of his relatives and friends, to see the little shops and bazars and to hear the music of his native land.

Two years ago he came to St. Louis, young and ambitious, expecting to carve out a career for himself in the new world and some day return to Turkey with a competence. He lived at 1813 South Second street and worked hard until he was taken sick.

Last week Etan went to New York to sail for his old home. He was detained at Ellis Island. The immigration authorities told him it was against the regulations to permit a person afflicted with tuberculosis to leave the country. Also, he was informed, that the rules of the steamship companies would prevent his going.

Sorrowfully Etan boarded a train and came back to St. Louis, the only place in this country where he has friends. He arrived Sunday at the Union Station, where Sam Campanio, a friend, met him and accompanied him to the City Hospital. Campanio says he will take the boy's body back to Vecken when he dies.

Don't Sweat and Worry

Over an old Coal or Wood Stove when you can get a Detroit Jewel Gas Stove or Range by just calling at our store or ringing 364. You don't have to guess at what you are buying when you buy a Detroit Jewel. Neither is there any speculation. Now, as to what make of Gas Ranges uses least amount of Gas, don't take our word for this. Just ask your neighbor who has had the misfortune to be talked into buying one of these so-called Gas Savers. Our stoves are sold at one price to everybody. Also remember, no one else in Wichita Falls sells the Detroit Jewel except ourselves. Give us your business. We are prepared to take care of your wants in Gas Goods as we handle nothing except an exclusive line of Gas Stoves, Ranges, Light Fixtures and Appliances of All Kinds.

Wake Up! You're Losing Money

Every day that you put off building sheds for that idle machinery and leave it standing around in the field to rust and rot in the rain and sun, you're losing money. Good, hard plunks, that's what you're losing. And when it costs so little for lumber to build good sheds, and when you can build them yourself, you simply can't afford to leave a single machine or tool unprotected from the elements. What's the use of putting it off? You know you've got to have 'em. So make up your mind and come in and see-us about it the next time you're in town. After the job is done you'll be glad you did it. You'll save something by getting busy right quick.

Feed them Erwin's Home-Ground Chops

You may talk of certain Breakfast Foods—they're mighty good, I guess, and most of folks have sampled them and like 'em more or less. They are feeders for the engines that help us mortals go—But how about those Feeding Stuffs to make our cattle grow? That horse somehow looks mighty poor—each ear in languor drops—You'd better feed him right away on Erwin's Home-Made Chops; They're home-ground—mind you—that's the point—step in and just compare Inferior Brands with Erwin's Own—You'll buy HIS then and there.

Appeal in Noted Murder Case. Salem, Ore., July 22.—The appeal in the case of Abram Hembree, the Tillamook county murderer, came up for hearing today before the State supreme court. Few criminal cases in this section of the country have attracted more widespread attention than that of Hembree, who belongs to one of Oregon's pioneer families. In January, 1907, he was arrested and accused of having murdered his wife and his 16-year-old daughter; of having chopped their bodies up, burned their

heads in the kitchen stove, and setting fire to his home to hide the evidences of his crime. He was tried twice. The first time a verdict of manslaughter was rendered against him for the death of his wife, and the second time he was found guilty of murder in the first degree for killing his daughter.

SCIENTISTS TO MEET.

British Association Will Assemble at Winnipeg, July 22.—The preparations by the local executive committee for the meeting of the British Association for the Advancement of Science to be held here next month are rapidly nearing completion and it is expected that everything will be in perfect order and ready to receive the visiting scientists and invited guests when they begin to arrive here the early part of August. Many of the distinguished men of science expected to attend the meeting will be the guests of wealthy citizens, while for others many rooms have been engaged at the various hotels and boarding houses. The assistant secretary of the British Association, O. J. R. Howarth, M. A., of Burlington House, London, will reach Winnipeg about two weeks before the opening day of the meeting to make arrangements for the official bureau of the association, which will be housed in the Corona hotel. For the sake of convenience the visiting secretaries of sections, numbering between thirty and forty, will also be quartered at the Corona. Mr. and Mrs. Howarth will be the guests of Archbishop Matheson.

The railroads have been very liberal in allowing considerable reductions in fare for the visiting members of the association and arrangements have been made for a number of excursions. Some of these excursions, like that to Cobalt and Sudbury, specially arranged for mineralogists and geologists, will take place during the week before the opening of the meeting. The meeting of the British association, which will be called to order on Wednesday evening, August 25, at 8:30 in the Walker Theater, and which will close on the evening of September 1, when the final meeting will be held in the legislative chamber, parliament building, will be the 79th annual gathering of the association. This will be the fourth meeting of the organization held outside the British Isles, the previous occasions being at Montreal in 1884, Toronto in 1897 and South Africa in 1905. At the opening meeting Prof. Sir J. J. Thomson will assume the presidency in succession to Charles Darwin's talented third son, Francis Darwin, F. R. S., who was president of the Dublin meeting held last year. After that day the association will hold a general meeting every day and sectional meetings will be held daily by each one of the twelve branches into which the association is divided for the sake of convenience. Each one of the sections has its presiding officer and secretary. The buildings of the Manitoba and Wesley colleges, the Alexandra, Carlton and Isbister schools, the drill hall of the University of Manitoba and the legislative chamber of the parliament building have been placed at the disposal of the association and Walker's Theater has been engaged for the opening meeting, evening discourses and popular lectures.

Among the Fighters.

Jim Buckley, of the Sharkey Athletic Club of New York, has opened a fight club at Coney Island.

Since his fight with Battling Nelson, Ad Wolgast, the Milwaukee scrapper, is being touted as the real coming champion.

Jim Coffroth has offered Monte Atell a match with Johnny Coulon for the bantamweight championship.

Now that Al Kauffman has refused to fight Jack Johnson, Stanley Ketchel looks to be the only one in line to meet the big smudge.

Billy Papke will sail for Paris early in September. Bill doubtless will find it easy picking to clip two or three of those terrible Paris fighters every other evening.

All members of Wichita Falls Lodge No. 1105 B. P. O. Elks, are requested to attend a special meeting Friday night, July 23rd, at which time about fifteen candidates will receive the degree.

Quick, Cheap and Easy Gas Cooking

You can't appreciate the saving in time, temper, and money effected by a

FAVORITE GAS STOVE

until you have used one. It is as great an improvement on a coal stove as the latter is on the old fashioned fire place. At the touch of a match it gives an intense heat just when you want it. Instantly controllable. No smoke, no smell, no coal to bring up, no ashes to carry out, no uneven temperature, no fallen cakes or pies, no delayed meal. Not necessary to change your nice dress; everything clean and tidy. We sometimes take in your old stove as part payment.
