COMMITTEE REPORT PRESENTED TODAY

RESULT OF TARIFF CONFERENCE IS NOW BEFORE THE HOUSE OF REPRESENTATIVES.

HEAVY IRON REDUCTION

Rates on Rough Lumber, Print Paper, Leather Goods and Steel Rails Are Cut Down.

By Associated Press.
Washington, D. C., July 30.—The report of the joint conference committee was presented in the house today by Representative Payne.

The most marked reduction is in the iron schedules, this item being cut down about fifty per cent, including steel rails. Rough lumber was cut from two dollars to a dollar twenty-five.

Wool underwent no consequential change. It is estimated that the rates fixed by the bill are about three per cent higher, on the average, than those collected on cotton goods last year.

The rate on print paper was fixed at \$3.75 instead of \$6.00.

Hides are on the free list and there is a corresponding reduction on leather and leather goods.

Texas News Service Special.
Washington, D. C., July 30.—The conference report on the tariff bill was submitted in the house this morning and ordered printed and will go over until tomorrow. It will probably be disposed of before adjournment tomorrow. The bill will be back from the senate and will pass before the end of the week and congress will adjourn before August 1st.

In spite of the president's efforts the revision is upwards and the average is an increase over the Dingley rates. Cotton bagging and ties still pay duty and Texas ranchmen's hides are free to oblige the New England boot and shoe men. It is a New England tariff made by New Englanders for New England.

Taft got into the game too late and few of his demands are granted.

The committee did not touch the high woolen schedule dictated by New England and made only a slight impression on exorbitant rates on cotton goods. The president was even denied a tariff commission. A paragraph gives him authority to appoint experts, but they have not authority to report to congress. Several republicans in the senate and house will vote against the bill, but it will pass.

QUANAH TEAM HERE TODAY.

Team From Up the Line Seeks the Local's Scalps.

The Quanah baseball team arrived this morning over the Fort Worth and Denver for a series of three games with Wichita Falls, beginning today. These teams have not met before this season, but both have good records and three exciting contests are expected. Schanaffel will pitch for the locals.

The Hutchins team left this morning for Henrietta for a series with the team there.

FATAL COLLISION.

Frisco Crashes Into Street Car at Memphis Today.

By Associated Press.
Memphis, Tenn., July 30.—Street Car Conductor Wamble was killed and ten passengers more or less badly injured early today when a Frisco switch engine crashed into a street car in the southern part of the city. The motor man claims the brake refused to work.

NEGRO IS HANGED.

Pays the Death Penalty for the Murder of a Former Texan.

Texas News Service Special.
Kansas City, Mo., July 30.—Claude Brooks, aged 21 years, a negro, was hanged here today for the murder of Sidney Herndon, formerly of Tyler, Texas.

MISSING CASHIER SHOWS UP AGAIN THIS MORNING

By Associated Press.
Tipton, Ind., July 30.—Noah Marker, assistant cashier of the First National Bank, who is alleged to have embezzled a hundred thousand dollars of the bank's funds, returned here early today.

OPERATED BY TELEPHONE.

Wichita Roads are Ahead of the Abilene and Southern.

The statement appeared in an Abilene paper several days ago that the Abilene and Southern is the first and only road in Texas to be operated by telephone instead of telegraph. The Wichita Falls and Northwestern and the Wichita Falls and Southern have been operated by phone ever since the first cars were run and the Abilene road, in installing the new system is but following in the footsteps of the Wichita Falls roads, which were for several years the only roads in the State to use the telephone in this manner. There is nothing new beneath the sun.

SOLDIERS NOT COMING.

Officer at Fort Sill Announces a Different Routing.

Postmaster Bacon this morning received a letter from the commander at Fort Sill, Oklahoma, stating that he would be unable to accept the invitation extended by Wichita Falls to the soldiers to spend a day or two here while en route to the encampment at Dallas. The officer extended an offer to all Wichitans to visit his headquarters while in Dallas.

Gas Plant for McKinney.

Texas News Service Special.
McKinney, Tex., July 30.—Definite arrangements have been made by the commercial club for the establishment of a hundred thousand dollar gas plant here.

WOULD-BE GOVERNORS AT FORT WORTH TODAY

Texas News Service Special.
Fort Worth, Tex., July 30.—Three candidates for the gubernatorial nomination—O. B. Colquitt, Gus Shaw and Judge William R. Poindexter, met at Hotel Worth here this morning. Each declared to the other his confidence in his own success.

Shaw is on his way to the Galveston Farmers' Union convention and Colquitt and Poindexter are to speak at the retail merchants' barbecue at Lake Erie tonight.

Cone Johnson was expected to arrive this morning, but missed his train connections and failed to get here.

Shaw is preparing a statement in reply to Colquitt's challenge, defining his position on the prohibition question. Shaw says he is a prohibitionist.

Poindexter tonight will issue a challenge to Attorney General Davidson.

Captain Gobourne Dead.

Texas News Service Special.
Muskogee, Ok., July 30.—Captain H. Gobourne, a retired army officer, and former assistant chief of police of Muskogee, died suddenly here this morning.

INSURRECTIONISTS NOW THOROUGHLY THRASHED

By Associated Press.
Madrid, Spain, July 30.—The captain general at Barcelona has telegraphed that the revolutionists have surrendered and that he is master of the situation. Twenty-three buildings have been destroyed by artillery. The leaders of the insurrection have been tried by court martial and executed.

No figures are given as to the casualty at Barcelona, the report stating that the main body of the rebels has surrendered and that only one or two isolated bands are holding in the suburbs.

By Associated Press.
Melilla, July 30.—The Moors have withdrawn from the outskirts of the city and it is believed they are concentrating for a new effort. They burned hundreds of dead whom they were unable to carry off the field.

The greatest confusion reigns at Spanish headquarters. The overworked staff seems demoralized. Exact figures as to the dead and wounded since the fighting began are refused.

Barcelona, Spain, July 30.—Barcelona is a perfect hell. Half the population is terrorized, the other half mad with blood. The destruction of property is great.

Barcelona is completely isolated and running short of food.

Madrid, Spain, July 30.—Special dispatches received shortly after noon today from Melilla say that the Spanish cruiser Numancia is now shelling the heights of Mount Guraga, which is swarming with Moors.

CLEAR WATER NOT IN EVIDENCE TODAY

COMPANY FAILED TO MAKE GOOD ITS PROMISE AND THE MUD STILL FLOWS.

DELAYED STILL FURTHER

Some Think That Clear Water Will Come Eventually, But Others Doubt It.

The promised clear water failed to find its way through the pipes this morning and if there was any less mud in the water than usual, the change was not visible to the naked eye. Water and light company officials state that unavoidable delays occasioned the failure of the clear water to flow and again promise that it will be in evidence as soon as things can be gotten in shape.

Some disappointment was manifested this morning when the amber-hued fluid continued to flow from the hydrants.

Ready for Canadian Henley.

St. Catharines, Ont., July 29.—Crack oarsmen from both sides of the international boundary lines are gathered here for what promises to be the most successful regatta ever pulled off under the auspices of the Canadian Association of Amateur Oarsmen. The preliminary events are scheduled for tomorrow and the finals will take place Saturday. The entry list this year has never been excelled in the history of the association's regatta. All of the large clubs of eastern and middle Canada, including those of Toronto, Ottawa, Hamilton, Winnipeg and Fort William, are sending their speediest crews and individual scullers. From the other side of the border there are entries from Buffalo, Philadelphia, New York, Boston, Duluth, Detroit and one or two other points.

STORM HURT STATE.

Penitentiary Property Very Seriously Damaged Last Week.

Texas News Service Special.
Houston, Tex., July 30.—State Penitentiary Superintendent Herring is here today after completing a tour of inspection of the State farms. He announces that the State is suffering a loss of more than \$150,000 in the recent storm. Twenty-five per cent of a three thousand acre cane crop was destroyed on the Clemens plantation. A thousand acres of corn on the Ramsey plantation suffered an 80 per cent loss. The prison on the Clemens farm was destroyed, but no prisoners escaped.

Funeral of Mrs. W. W. Gardner.

The funeral of Mrs. W. W. Gardner took place this morning from the residence of M. J. Gardner on Tenth street, interment being in the Riverside cemetery. The services were conducted by Rev. W. T. Morrow and many beautiful floral offerings evidenced the esteem in which Mrs. Gardner was held. A long concourse followed the remains.

Among those from a distance who attended the funeral were Mr. and Mrs. A. T. Boger and Mrs. Taylor Holt of Vernon, Mr. and Mrs. C. Dean of Mabledean, and Mr. and Mrs. Forrest Dean of Mabledean, M. G. Talbot and W. B. Walker of Petrolia.

FIRE AT DURANT.

Drug Store is Destroyed—Firemen in Danger.

Texas News Service Special.
Durant, Ok., July 30.—Fire at midnight destroyed Dr. J. N. Taylor's drug store and threatened the city hall and fire station next door. The firemen when aroused were nearly suffocated by smoke which poured in through the open windows of their apartments.

FOR COMMISSIONER.

Comptroller Stephens Will Make the Race, it is Rumored.

Texas News Service Special.
Austin, Tex., July 30.—It is rumored at the State house today that J. W. Stephens, whose tenure of office expires with the present term, will make the race for railroad commissioner next term.

Increase in Johnson County Values.

Texas News Service Special.
Cleburne, Tex., July 30.—The completed tax rolls of Johnson county show a valuation of more than twenty-one and a half million dollars, an increase of nearly nine hundred thousand.

CUSTODY OF GIRLS CAUSE OF TRAGEDY

MAN WHO WANTED TO PUT SISTERS IN ORPHANAGE KILLED BY THEIR PROTECTOR.

ORDER ISSUED BY COURT

Dead Man Secured Necessary Authority From Judge, But Was Shot to Death.

Texas News Service Special.
Paris, Tex., July 30.—Paul Welch, a wealthy farmer, shot and killed Russell Ward at Sumner, this county, at 7 o'clock this morning. He is under arrest.

Ward's two younger sisters had been making their home with Welch, and the former wanted them placed in some orphanage, as their parents are dead. Welch refused to give up the girls.

Ward then secured an order from the court, directing Welch to give up the girls to him, but when he went to Welch's house this morning, the killing followed.

In Memory of Mrs. McDowell.

Editor Times—The writer promised Mrs. S. C. McDowell, who died yesterday at 1703 Austin street, in this city, to make known through the Times how much she appreciated her Wichita friends. Perhaps it is best to give her own words, which are as follows:

"Tell them that I came here last Christmas, 'a stranger in a strange land,' that I was taken sick within a few days and during the six months I have been confined to my bed I have found friends that are as dear as any I ever had. They have lightened my burden and shortened the weary hours. Never a day but some cheery person encouraged me to be patient and endure. I know that my days here now are but few and when I am gone—when I am safe on the heavenly shore, tell my friends in Wichita Falls that I shall not forget and I want them all to meet me there."

Mrs. McDowell died after prolonged suffering and those of us who witnessed her Christian resignation and fortitude count ourselves fortunate to have known her. The funeral services were conducted by Bro. Morrow and Dr. McKee and the large number present told better than the writer's pen could possibly do how widely she had become known. And now the utmost that we, her friends, can do is to comfort, as best we can, the stricken family that have their home left unto them desolate; show them that Wichita Falls has a heart of gold and holds out both hands to the strangers within her gates. A FRIEND.

Real Estate Transfers.

Frank Kell to W. B. Minnick, south half of section 35, H. and G. N. R. survey, containing 320 acres; \$6400.

INSANE MURDER.

Sunstroke Five Years Ago Caused a Farmer to Commit Crime.

Texas News Service Special.
Smyrna, Tex., July 30.—J. M. Eymis, a farmer, killed himself and wife this morning in a fit of insanity, caused by sunstroke five years ago, leaving eight small children.

Telephone Dispatching for the Katy.

Dallas, Tex., July 30.—It was announced today that the Katy will try the experiment of operating trains by telephone on the Bonham-Denison branch. If it is successful it will be inaugurated over the entire system.

Ain't Abilene the Sassy Thing?

Texas News Service Special.
Abilene, Tex., July 30.—The city of Abilene today by wire extended W. J. Bryan an urgent invitation to make this city his home when he moves to Texas.

We hear that the picnic given by the Catholics of Wichita Falls was a grand success. A very substantial sum was cleared. They are very thankful to the generous public, who patronized them so liberally.

Stores Closed Today.

Barth Bros' store was closed all morning today on account of the death of Mr. Gus Barth of Columbia, Missouri.

THAW IS INDIFFERENT.

Report of Divorce Proceedings Does Not Worry Him.

By Associated Press.
White Plains, N. Y., July 30.—Neither Harry Thaw or his counsel showed any interest in the report that Evelyn Thaw would begin suit for divorce as soon as the present proceedings are closed. Thaw was on the stand again today. The district attorney probed into Thaw's ideas of his mental condition, but Thaw clung to his oft-repeated phrase that he was not "medically insane," although he may have been "legally" so.

Jerome asked Thaw if he thought he was innocent or guilty when he killed White. Judge Mills put the question in this way: "Do you think you are now an innocent man in the eyes of the law?"

"As the law was laid down to the jury," answered Thaw, "I think I am innocent."

WILL MEET TOMORROW.

Chamber of Commerce Directors to Be in Session.

The delayed meeting of the directors of the Chamber of Commerce will be held tomorrow morning and the important matters which were to have come up will be given attention. The gas matter will receive attention and there are other points that will come up. This meeting was to have been held Tuesday, but was postponed on account of the illness of President Huff.

SEE! SEE! WICHITA TEAM PLAYS ERRORLESS GAME

Wichita Falls, 7; Hutchins, 1.

For the second time this season, the Wichita team played a game through without an error yesterday, defeating the Hutchins visitors for the third consecutive time. The game was an interesting one after the first inning, when the locals did most of their scoring.

Slim Yates pitched his usual strong game, fanning twelve opponents and yielding seven well scattered hits. Napier for the visitors fanned eleven of the Wichitans, but was unable to keep the hits scattered and walked several.

Hutchins' only score came in the sixth inning on a two-bagger by Carnes and a hit by Rowlings. Wichita scored four runs in the first inning, starting with a three-bagger by Carson, followed by two hits and two errors. The game was devoid of any fielding features. This makes nine consecutive victories for the home team. The score:

Hutchins 000 001 000—1 7 4
Wichita 400 021 00x—7 10 0
Batteries—Napier and Sears; Yates and Kellough.

PROBING COMMITTEE IS ABOUT TO TAKE RECESS

Texas News Service Special.
Huntsville, Tex., July 30.—The penitentiary investigation committee returned this morning from the Eastham convict farm on the Trinity river, twenty miles north of this city. The committee reports conditions at the woman's camp fairly good and more in line with their ideas than any other camp investigated. A short meeting will be held here this afternoon, following which the committee will adjourn until October.

It is likely that a sub-committee will be appointed to look after the auditing of the books.

Czar to Visit King Edward.

London, Eng., July 30.—Great preparations are afoot for the reception of the Emperor and Empress of Russia, who are to come to Cowes next week to return the visit which King Edward paid the Russian ruler at Reval a year ago. Of the Isle of Wight the imperial yacht Standart and the two Russian cruisers accompanying her will be met by a destroyer flotilla, which will act as a convoy to Cowes, where full naval honors will be rendered by one of the largest fleets of British men-of-war ever assembled in the roadstead.

FIRE AT VENUS.

Early Morning Blaze Results in Heavy Loss.

Texas News Service Special.
Cleburne, Tex., July 30.—Fire at Venus at 4 o'clock this morning destroyed the stock and fixtures of J. F. Bryant & Company, dry goods. The loss is about ten thousand dollars.

WICHITA MAN SHOT ESCAPE IS NARROW

I. A. BARTH HIT BY A BULLET WHILE ON KATY TRAIN NEAR ST. JO LAST NIGHT.

INJURY IS NOT SERIOUS

Bullet Was From Twenty-Two Calibre Rifle and Entered the Left Side of His Face.

I. A. Barth, a well known merchant of this city, had a narrow escape from death last night while en route home over the Katy from a buying trip. Mr. Barth received a bullet wound on the left side of his face and had the leaden pellet struck an inch or so higher, it would probably have been followed by fatal results.

"The train was about two blocks out of St. Jo," said Mr. Barth this morning, "when it happened. I was sitting by an open window at the time and was struck without any sort of warning. The wound has not been painful and I am not expecting any trouble from it."

The bullet was extracted this morning after Mr. Barth had returned and proved to be a 22-calibre shell, probably fired from some target rifle. It is hard to see how anyone could fire into a moving train by accident and yet Mr. Barth has no enemies in St. Jo and it is out of the question that anyone actually had designs on his life. Mr. Barth was able to be about this morning and the wound is not expected to give him any more inconvenience.

WITH THE PLAYERS.

Gossip of Plays and Players to Be Seen Here During the Coming Season. Miss Adelaide Thurston will appear this season in "Contrary Mary," under the management of Francis X. Hope. The play is by Edith Ellis.

Max Figman is now visiting his manager, John Cort, at his farm, but will return presently to begin rehearsals. Mr. Figman's repertoire will include "The Substitute," "The Man on the Box" and "The Old Curiosity Shop." Of the members of the "Paid in Full" company, with which the Wagenhals & Kemper company will open their New York season, William Riley Hatch, Florence Robinson and George Belden have played in the piece more than 500 consecutive performances.

By an arrangement made last week between Klaw & Erlanger, Sherman Brown and the Harry Askin Co., Inc., the Davidson theater, Milwaukee, hereafter will be the scene of the first performances of any musical plays Mr. Askin may produce for the next few years. The first of these productions to be made under this new arrangement is "Lo," a musical comedy, with book and lyrics by O. Henry and Franklin P. Adams, while the music will be by A. Baldwin Sloane. Mr. Askin has engaged two stage directors to produce it, Edgar B. Temple and Lewis Morton. The cast is an excellent one, including John E. Young, Juliette Lange, Elizabeth Goodall, David Kirkland and Annette Hall.

Wallace Munroe announces that Olga Nethersole will inaugurate her trans-continental American tour in October, when she will appear in a cycle of plays, including Sappho, The Second Mrs. Tanqueray, the Writing on the Wall and a new play dealing with the labor question.

Susan Chiswell has been re-engaged by Cohan & Harris for the role of Mrs. Purdy in "Forty-five Minutes From Broadway." George C. Denton, with James J. Corbett last season in Facing the Music, has been engaged for Just Out of College for next season.

Thomas Chatterton, a popular favorite of the Columbus players Stock Company, closed his engagement Saturday to immediately join Fred Belasco's Stock Company at the Alcazar Theater, San Francisco. Mr. Chatterton is under re-engagement to William A. Brady of the part of the young mayor in The Man of the Hour for the coming season.

George M. Cohan will inaugurate his season in The Yankee Prince in New York Sept. 6, and after a fortnight's engagement here he will go to the National Theater, Washington. On Sept. 27 he will leave Washington on a lengthy tour, his first stop being Richmond, Va., thence south to New Orleans with engagements at the more important points between these cities which will cover a period of two weeks, thence through Texas, Oklahoma, Arkansas, Missouri, Nebraska, Colorado, Utah and the Pacific coast from Los Angeles to Tacoma and Seattle, and finally reaching St. Paul about the first of the new year. The trip will cover more than 20,000 miles.

The well known western managers, the Trousdale Brothers, who have leased the great comedy by Harold McGrath, "The Man on the Box," will send out next season two companies playing this piece. One company headed by Boyd B. Trousdale, will play all city time direct to the coast. Another company will play the Central States. Both companies will

be complete productions in every detail and a fine new line of paper is now being made for the comedy. This is one of the most popular book plays that was ever dramatized, and the Trousdale Brothers will, no doubt, have an elegant season. They will also have their stock theater at Cedar Rapids, Iowa.

"Graustark," the romantic melodrama made from George Barr McCutcheon's novel, began a week's engagement at the Girard last night, and despite performances here in the past, showed itself to still be a strong drawing attraction. "Graustark" is so universally known from the wide circulation of the book and the constant place it has occupied on the stage since its dramatization that no extended notice of it is any longer required. Frankly improbable, it pleases and stimulates because it appeals to the romance that is tucked away in nearly everybody, and which everybody likes to give vent to, even though they have to do it vicariously. The present production of the play is a new and handsome one, the scenery being well painted and the costumes rich and picturesque. The company, too, is excellent, and altogether the presentation of the piece is first class.—Philadelphia Evening Telegraph.

The "Jolly" Entertainer.

Franklin Pierce Jolly, the well known lecturer of Joliet, Illinois, will deliver one of his jolly lectures at the Auditorium in this city on the night of Wednesday, August 4th, under the auspices of the B. Y. P. U. of this city. In speaking of Mr. Jolly, President Woodruff, the Arkansas humorist and author of "A Bundle of Sunshine" says:

"Mr. Jolly is a man of rare ability. His descriptive power is almost wonderful. I heard him give a description of the San Francisco disaster and he held his audience as no other speaker ever held it. The Battle of Waterloo that Victor Hugo described in Les Miserables cannot be compared with Mr. Jolly's descriptive powers." 66-2tc

MISSIONARY ON TRIAL

Charges of Libel Against Ministers in Congo.

Washington, D. C., July 30.—The department of state has taken steps to keep itself closely informed in regard to the proceedings in the trial of the two American missionaries, the Rev. W. H. Sheppard, and the Rev. William Morrison, which is scheduled to begin today at Leopoldville in the Congo. The case has already been a subject of considerable correspondence between the United States and the Belgian government and there is every reason to believe that the former will see that the two Americans are protected in all their rights.

The two Americans are to be tried on a charge of libel. The charge is made against them by one of the Congo concession companies that has a monopoly of rubber gathering in the Kasai region. It claims \$20,000 damages from each of the men for "calumnious denunciation." The missionaries have for years made public statements concerning the alleged abuse of natives, and the suit against them is based on an article that was published in the mission paper in January, 1908, which alleged that the greater part of the district had been devastated by the rubber gathering carried on by the company, and that one of the tribes of natives was reduced to a condition of wretchedness.

The trial was originally set to begin last May. In response to an appeal from the Congo Reform Association the Washington government requested the Belgian government that the hearing of the case be postponed. Belgium replied that because of insurmountable legal obstacles this was impossible. Nevertheless, a postponement of the trial was announced a few days later and it is now deemed likely that the case may be dropped altogether as a result of the protests of this government, which has never recognized the cession of Congo to Belgium and is therefore in a position to insist that the Belgian authorities have no jurisdiction over American subjects.

BIG PURSES OFFERED.

New York Society to See the Brighton Beach Auto Races.

New York, July 30.—On the famous Brighton Beach race track, where turf history has been made in days gone by, a record-breaking crowd assembled today to witness the opening of one of the most notable automobile race meetings that has ever taken place in the metropolitan district. The meeting, which is to continue over tomorrow, was arranged by the Motor Racing Association, which has leased the Brighton Beach track with a view to giving a series of racing tournaments on broader lines than ever before attempted.

The program was inaugurated this afternoon with a fifty-mile race for small cars, to be followed by several other contests preliminary to the start of the twenty-four hour race, which is the big event of the two days' meeting. For the twenty-four hour race, which is slated to start at 9 o'clock tonight, \$2,100 in prize money will be distributed. To the winner will go \$1,000; to second, \$500; to third, \$300; to fourth, \$200, and to fifth, \$100.

At least a dozen cars, piloted by some of the world's most famous and daring drivers are to take part in the contest. Such well known American and European makes as the Fiat, Lutzler, Acme, Thomas, Stearns, Renault, Simplex, Benz, Züst and Allen-Kingston will be represented.

The famous old track has been transformed into practically a new course for the automobile races. The turns have been well banked to permit of high speed with safety, and the grandstand stretch has been widened in expectation of hair-raising finishes. Motor drivers who have tried the course pronounce it one of the best and speediest to be found anywhere in the world.

DRY FARMING IN ARIZONA.

New Plan is Meeting With Much Success There.

Prescott, Arizona, July 29.—It is predicted by persons conversant with the development of Arizona that within a few years practically all the tillable land in the northern part of the territory will be under cultivation by dry farming methods. In many places in the districts tributary to Prescott people are growing crops of various kinds. Dry farming is becoming popular and there is a steady gain in the influx of homeseekers. Corn is one of the thriving crops of the northern part of Arizona and vegetables are reported doing well this year.

There is considerable interest among the farmers of the territory in the Dry Farming Congress which will meet at Billings, Montana, October 26-28 and there will be a large exhibit of Arizona products sent to the International Exposition of Dry Farm Products which will be held at Billings, October 25-29. George J. McCabe of Palmerlee, the Arizona member of the national executive committee of the Dry Farming Congress, is carrying on an active campaign for memberships in the Congress and interesting the farmers in the collection of material for the exhibit. The officials of the Santa Fe railroad also are stirring up interest among the farmers along their lines and urging them to send samples of their crops to be exhibited at Billings.

Remember, we will appreciate your account for August and promise you prompt service and good goods. Phones 432 and 232. 67-2t

In MARBLE and GRANITE

If it's a business proposition with you, ask the wily tongued salesman who comes to solicit your business, what commission he gets? What salary he draws? How much does he spend for railroad fare, hotel bills, the expense of the freight and return trip to set the work that he sells you, etc.? Then you consider that we are not out any such expense, that we don't have to add this amount to the price of your purchase in order to compete with him. There's a reason. Investigate. WEATHER FORECAST.
For Wichita Falls and Vicinity
Tonight and Saturday, generally fair.

After traveling more than two thousand miles this month, the Record editor is compelled to think more of Wilbarger county as a model for diversified farming than ever before. None of the country traversed can begin to show the splendid crops in all departments that we have here, and in so great abundance. From Fort Worth to Texline there is not a single county that will produce one-half as much corn as Wilbarger, and not one that can compare with her prospects for other staple crops. The soil and climatic conditions here place this county away in the lead for diversified farming. And the farming public is already beginning to take notice of these facts. A half million bushels of corn placed on the market by our farmers this season at the prevailing prices will lead much toward general prosperity.—Vernon Record.

This is sure to excite the choler of the Records esteemed contemporaries, the Wichita Falls Times and the Clarion Herald. Such a distinguished honor as Wilbarger county claims will not be conceded without a contest. State Press is not very old; but he can recall a time when nothing but wheat was grown in Wilbarger.—Dallas News.

Considering that Wilbarger is nearly twice the size of Wichita county, and that the two counties adjoin and are of nearly the same kind of soil, it is but natural that, if properly tilled, one acre of ground in Wilbarger county will produce as much corn as the same amount of land in Wichita county. This, however, is a great concession on the part of Wichita county—a county which has made by far greater strides in adding both population and wealth during the past three or four years than any other county along the line of the Fort Worth and Denver railway. The fact that Wilbarger bounds Wichita county on the northwest should be sufficient evidence to homeseekers that even if it is not the best county on the Denver road, it is next

to the county that can lay claim to that distinction without successful contradiction.

Wichita Falls, an enterprising city in North Texas, has recently tried the experiment of sprinkling their streets with oil. The Times, in speaking of the experiment, states that it has proved an absolute success, and that not only is the dust completely settled, but that there has been a very material lessening of the fly nuisance, and that much better sanitary conditions have prevailed. It would be a good plan for Altus to try sprinkling with oil while the water is so short. Oil is not expensive, and as a dust settler it is the best substance known. It also hardens the streets, and if it kills flies it is certainly an unmixed blessing.—Altus Times.

We submit that the use of a five-foot plank, applied at the psychological time and place, will go further towards bringing up the youth of the land than reading Dr. Elliot's five foot shelf will.

'Where is Leon Ling?' is now on a footing with 'Who struck Billy Patterson?' and 'Who stole Charley Ross?' The chances are it will remain as long unanswered.

The putting of hides on the free list shows that while it's good to be a democrat and still better to be a Texan, it's awful to be in the minority.

If Spain's troubles continue we fear Baby No. 4 will not arrive at the end of its allotted time, which is slightly over twelve months after No. 3.

It may be a surprise to you to learn it, but there were a number of farmers at College Station this week who had corns on their hands.

Now that ear-rings are coming back into style, what's the matter with using metalized Texas toads to ornament them with?

Since Kermit has been doing all the killing in Africa, it is probable that a rigid press censorship has been established.

Dispatches say many democrats are leaving Washington without waiting to vote on the tariff. They might as well.

It would drive any league president to suicide to see that a town like Pittsburg was about to win the pennant.

Historic Mansion at Auction.
London, Eng., July 29.—Holme Lacy, the historic Herefordshire seat of the Earl of Chesterfield and one of the most ideal estates in all England, was put up for sale at auction today at Tokenhouse Yard. The estate, which contains about 5,542 acres and includes good shooting and salmon fishing, is considered one of the most beautiful and picturesque estates in the country and has a history which dates back to the time of William the Conqueror, when Walker de Lacy settled in the wooded valley of Wye. The estate has remained in the same family ever since, a Scudmore marrying the heiress in the time of Edward III., and a Stanhope (the family of Lord Chesterfield) inheriting at the beginning of the last century. The present Lord Chesterfield is the tenth Earl of Chesterfield and a descendant of the fourth Earl, famous through his letters.

Holme Lacy has an extremely interesting history and has been immortalized by Spencer and Pope.

IS FAMILY MAN.

Khedive of Egypt is Opposed to the System of Harems.

From Le Figaro, Paris.
In the middle of the day, the ruler of Egypt lunches with the only woman who has ever sustained to him the reputation of wife. His highness could, were he so inclined, allow himself the complement of four wives effected by the pious effendi of the land. He has none the less remained strictly monogamous. The one wife dwells in strict seclusion on the khedivial domain of Keubeh except for occasional visits to the great Abdin Palace at Cairo. She is a Greek with Circassian blood, some five years younger than the khedive—he is nearing 40—and exquisitely beautiful. It does not appear that any European or American of the male sex has ever gazed upon the features of this lady. She is the mother of six children, five girls and a boy. The latter is now about ten years of age, and, unlike the eldest born of Mohammedan rulers generally, he is to inherit his fathers' throne. This young 'prince heritor,' as he is officially styled, quite overshadows his sisters in importance. The lad is understood to resemble his mother in the fairness of his skin, the slenderness of his frame and the tallness of his form.

As a family man, the khedive sets an example which the Christian father, as our French contemporary observes, might emulate with profit. The girls study English, French, Arabic, and Turkish with the idea, it is said, of fitting them for the position of monogamous wives. Abbas Hilmi seems to have set his face firmly against that plurality of wives which is the vogue among the wealthier of his subjects. He will not allow a daughter of his to become the inmate of what is commonly understood by the term harem. In all respects but this, he has long been famed as the most Mohammedanly pious of potentates, for his orisons are performed with infinite fervor and an undeviating regularity. The five daughters receive from their mother a training which, from the point of view of the Mohammedan faith is orthodox enough; but their father deviates markedly from Mohammedan ideals in his relations with his son. This boy is to be brought up with the dynastic conception strongly defined in his education. He will be the first scion of Mohammedan royalty to inherit a throne upon the formally recognized principle of primogeniture alone.

B. A. Langer, general secretary of the United Garment Makers has gone to Europe for the purpose of representing the American Federation of Labor at the British Trade Union Congress.

The bakers in Brussels, Belgium, have started a movement to have night work and Sunday work prohibited by an act of parliament. The Socialists, as well as the Christian Democrats, support the movement.

The last three years covered by statistics, the British coal mining union's membership increased just a trifle over 40 per cent; and the textile unions did even better, by increasing their membership 44 per cent.

The organization of a new labor union, embracing the 2,500,000 union employes on 70,000 miles of railway, has just been completed in Chicago by the merger of twenty-five unions of America, Canada and Mexican railroad men. It will be known as "The Railroad Employees' Department of the American Federation of Labor and, though affiliated with the American Federation of Labor, will be conducted as a separate governing body.

Canadian Henley Regatta.

St. Catharines, Ont., July 30.—With the expectation of witnessing one of the greatest aquatic events of the year, hundreds of enthusiasts of the sport came pouring into this city this morning to attend the annual regatta of the Canadian Association of Amateur Oarsmen. The preliminary events are scheduled for this afternoon, while the finals will take place tomorrow. The entries include not only all of the prominent clubs of eastern Canada, but also a liberal contingent of oarsmen from the United States, many of whom will go from here to Detroit for the national regatta to be held there next week.

THIS IS MY 44TH BIRTHDAY.

Thomas C. Dawson,
Thomas C. Dawson, who was recent-
ly appointed United States Minister
to Chile, was born in Hudson, Wis.,
July 30, 1865, and graduated from Han-
over College, Indiana, in 1882. He
studied law at Harvard University and
at the Cincinnati Law School and was
admitted to the bar in Iowa in 1886.
For three years he practised law in
Des Moines and in 1890 abandoned the
legal profession for that of journalism.
He became a legislative correspondent
and later editor of a Des Moines news-
paper. In 1891 he was appointed as-
sistant attorney-general of Iowa. His
career as a diplomat dates from 1897,
when he was appointed secretary of
the United States legation at Rio
Janeiro. In 1904 he was promoted
to the post of minister resident and
consul general to Santo Domingo, and
while in this position he negotiated
the agreement under which the United
States has administered for several
years the customs affairs of San Dom-
ingo. In recognition of his splendid
and efficient work in San Domingo
Mr. Dawson was made minister to
Columbia two years ago.

Spokane Awaits Irrigators.

Spokane, Wash., July 30.—The local
committee in charge of arrangements
for the National Irrigation Congress
soon to assemble in this city is in re-
ceipt of advices indicating that the
gathering will be attended by between
3,000 and 4,000 delegates. The plans
are rapidly nearing completion and the
officers hope to make the congress
the greatest event in irrigation history.
The congress will be in session four-
days and during this time the subjects
of dry farming, irrigation laws, good
roads and deep waterways will be ex-
haustively discussed. The scheduled
speakers include Secretary of Agricul-
ture Wilson, Secretary of the Interior
Ballinger, Governor Gilechrist of Flor-
ida, Governor Brady of Idaho, Govern-
or Hay of Washington, United States
Senators Cummins of Iowa, Carter of
Montana, Newlands of Nevada, Jones
of Washington and Heyburn of Idaho.
James J. Hill will be another promi-
nent speaker and it is hoped to add
Governor Johnson of Minnesota to the
list.

Notice to Water Consumers.

Those of our patrons who are in the
habit of wasting water by allowing
their hydrants to overflow and run
water into the streets and gutters
where it does no one good, but is a
useless expense to the company, are
hereby warned to cease their careles-
ness, and unless they do the company
will be forced to place water meters
where such waste of water is occur-
ing.

PRESIDENT AND CZAR.

French and Russian Rulers to Meet at
Cherbourg.
Paris, France, July 30.—President
Fallieres started for Cherbourg today
on the presidential train in antici-
pation of the arrival of the Czar tomor-
row. The meeting of the two rulers
will be the occasion for a noteworthy
national demonstration and a series of
brilliant naval spectacles.
At Cherbourg M. Fallieres will go
aboard the battleship Verite, and, ac-
companied by the entire northern and
Mediterranean squadrons of the French
navy, will proceed to Dunkirk to meet
the Russian imperial yacht. The Czar
and his family will arrive tomorrow on
the Standart, escorted by the Russian
cruisers Rurik and Admiral Marakoff.
On Sunday the official visits will take
place and a breakfast will be given to
the imperial visitors on board the Ver-
rite, and in the evening the French
president will be the guest of the Czar
at dinner on the Standart. The next
day the Czar will leave for Cowes on a
brief visit to King Edward.

Considerable political significance is
attached to the meeting of the French
and Russian rulers, owing to the ex-
isting condition of affairs in Persia
and the Balkan region and the co-op-
eration of the two countries relative
to the European peace situation in gen-
eral.

Can't See the Point.

No, but we'll bet the chap up the stump can feel it.
And while maybe you cannot see the point of our argument
when we say that you're likely to get stuck unless you buy lum-
ber just as carefully as you would seed wheat, you're mighty
likely to feel the effects of careless buying, when the stuff you
get begins to warp and shrink.
We can sell you thoroughly dry, well-seasoned lumber and
building material just as cheap as you can buy green, or half-dry
stuff elsewhere.
Don't take any chances. Let us "show you."

It's Not Easy

always to balance cost with quality. This is especially so in drugs whose quality rarely becomes known except by actual use. The safe thing for you is to buy where there is kept none but the purest.

DRUGS

In soliciting your trade we do so on the understanding that we guarantee the quality of everything we sell. In drugs quality is far more important than anything else.

Quick, Cheap and Easy Gas Cooking

You can't appreciate the saving in time, temper, and money effected by a
FAVORITE GAS STOVE
 until you have used one. It is as great an improvement on a coal stove as the latter is on the old fashioned fire place. At the touch of a match it gives an intense heat just when you want it. Instantly controllable. No smoke, no smell, no coal to bring up, no ashes to carry out, no uneven temperature, no fallen cakes or pies, no delayed meal. Not necessary to change your nice dress; everything clean and tidy. We sometimes take in your old stove as part payment.
