HARRIMAN IS BACK; STOCKS DECLINING

WIZARD HAS BEGUN AFTER-CURE AT ARDEN, BUT CONDITION IS NOT GOOD.

EFFECT OF INTERVIEW

Outlining of Non-Retranchment Policy Sends Union and Southern Down.

By Associated Press. New York, Aug. 25.—E. H. Harriman returns journey to this country had its effect upon the stock market today and the unfavorable interpretations of the reports of his condition weakened many stocks.

Harriman today began the after-cure for which he returned to his home in Arden. Although he seemed physically weak, he is apparently as vigorous mentally as he ever was.

He displayed a determination to put up the best possible front in the face of the existing conditions and asserted that he was feeling much better. He outlined plans for further development of the railroad properties under his control. He rested quietly at his Arden home today and has not been disturbed since eleven-thirty this morning.

By Associated Press. New York, Aug. 25.—The stock market was weak today on account of unfavorable interpretation of the reports of Harriman's health, and also on account of his interview in which he indicated that it would be his policy to maintain the present dividends and extend the properties rather than increase the immediate returns to the stockholders.

Union Pacific at first declined one to two points and later fell to two hundred and four and a half, a decline of full five points. Southern Pacific after first dropping a point and a half, has now dropped three.

CORSICANA DEFENDANTS WAIVE PRELIMINARY

Texas News Service Special. Corsicana, Tex., Aug. 25.—Ben Connell, W. H. Spillers, Sebe Terry and J. H. Connell, all of Teague, who are charged with the murder of Wes Meredith here Saturday night, waived their preliminary trial today and bond was agreed upon as follows: Ben Connell, seventy-five hundred; Spillers and Terry, one thousand each; J. H. Connell, five hundred. J. H. Connell made his bond and it understood that the others will make bond as soon as the bondsmen arrive from Freestone County.

Ben Connell admits he did the shooting, but says it was his first sight of Meredith since the latter attempted criminal assault upon his twelve-year old daughter. He exonerates the others.

The grand jury meets here on October 4th to take up the case.

BAILEY INTERCEPTED.

Amarillo Party Kidnaps Him From Train.

Texas News Service Special. Amarillo, Tex., Aug. 25.—A party in twenty automobiles left early this morning to intercept the train carrying Senator Bailey. They boarded the train, leaving their automobiles with the drivers and accompanied Bailey to this city, whence he will go to Canyon City to address the Confederate reunion. Efforts are being made to get Bailey to deliver an address here.

FARMERSVILLE AGAIN SHUT OUT BY LOCALS

Wichita Falls 5, Farmersville. It happened in the seventh inning, when with three on bases and one out, Carson slammed the ball out to right field for three bases and three scores. Two more hits tallied two more and Wichita thus won her second shut-out game of the week.

The game was as pretty as anyone could wish. Wichita did not develop any scoring propensities in any inning except the seventh and only once did Farmersville make any serious threats in that direction. In the sixth she had

men on second and third and only one out, but Peaceful Henry only smiled and the next two went out.

In the seventh Weber reached first on Richardson's error. Huff bunted and beat the ball to first, he taking second and Weber third on the wild throw. Moore flew out to center. Milligan then walked Connor, thinking to ban Carson, but the little center fielder proved to be the wrong man in the right place and when the dust rolled away three had scored. A squeeze play and a hit landed two more in the same inning.

Peaceful fanned only four batters but the balls that were hit were fielded swiftly and surely, several fast doubles being pulled off by both sides. Milligan, for the visitors; pitched excellent ball save in the seventh when he took an aeroplane and went up for a spin. Dick Lewis is now with Farmersville and may pitch against Wichita Falls today. Alexander will probably be on the slab for the locals today and hopes to redeem himself.

Wichita Falls and Farmersville have now played seven games, the locals having won four and the visitors three. Every game is nip and tuck and it is a gambler's chance on either team. The teams are too nearly evenly matched for the question of superiority to be ever accurately decided.

The score.— R H E
Farmersville 000 000 000—0 3 3
Wichita Falls 000 000 50x—5 5 4

EVERYTHING NOW QUIET AFTER NEGRO RAMPAGE

By Associated Press. Monroe, La., Aug. 25.—All is quiet here after a night of much anxiety, following the wild rampage of the negro Wade, during which twenty-nine people were wounded before Wade was killed. The entire populace has remained in a state of excitement. During the night one negro, who is alleged to have said that the negro Wade did not kill enough whites, was seriously wounded in the east end of the city. Several hours earlier another negro was shot, but it is not known that he had any connection with the Wade affair. Patrolman Bigger, Deputy Sheriff Grant, Simon Marks and Geo. McCormick were seriously wounded by a negro. All are resting comfortably today.

IN DALLAS TOURNAMENT.

Wichita Players Doing Nicely in Tennis Contest.

Wichita Falls' representatives in the tennis tournament, Tom Felder and F. E. Robertson, played their first games in the contest yesterday. Felder defeated his first opponent, Gregg, in two sets, 6-4 and 6-2. Robertson lost his first set to Harvey, by 6-3 and 0-6.

TWENTY MILES OF NEW EXTENSION COMPLETED

The Wichita Falls and Northwestern announced this morning that the second ten-mile section of the Frederick-Mangum extension had been completed, thus showing that excellent progress is being made in the construction of the new line.

WANT NO OLEO TAX.

Texas Cattleman ant to Use Beef Fat for Butter.

Texas News Service Special. Fort Worth, Tex., Aug. 25.—It was announced here today by the Texas Cattle Raisers' Association that the organization will wage a fight before the next congress to abolish the ten per cent internal revenue tax on oleo margarine. Cattlemen claim that the fat from cattle produces a good quality of oleo margarine, but that the tax prevents them from going into this industry.

Fast Special for Schwab.

Texas News Service Special. New Orleans, Aug. 25.—Charles M. Schwab, former president of the United States Steel corporation arrived here this morning on a special train from Houston, Texas, after inspecting the Iron ore deposits in that state. The trip was made in nine hours, twenty-one trains being side-tracked to give the special the right-of-way. A party of Texas railroad magnates are on the special.

EXTEND STREET CAR FRANCHISE

FIFTEEN ADDITIONAL DAYS ASKED BY WICHITA TRACTION COMPANY TO-DAY.

BY 11TH OF SEPTEMBER

Promise Made that Line Will Surely Be Running By That Date at Latest.

At a meeting of the city council this afternoon, the extending of the street-car franchise of the Wichita Traction Company comes up for attention and it is probable that the request will be granted without opposition.

The company asks for a fifteen-day extension, and if it is granted the line must be in operation by Saturday, September 11.

It had been hoped to have the line in operation by next Friday, on which date the present franchise expires, but owing to the unavoidable delays at the power plant, it was decided not attempt to start things going without an extension. It was thought at first that things would be sufficiently ready to run at least one car over sometime Friday and thus hold the franchise, but another extension was deemed advisable and it is probable that the city will grant it.

Practically no work remains to be done on the track or on the stringing of the wires, all of which is completed save some minor work in the southern part of the city. As soon as the machinery can be installed at the power plant the cars will move and it is almost a certainty that the cars will be running before September 11.

ASSOCIATION DISSOLVED.

Break-Up in South Texas Onion Growers' Association.

Texas News Service Special. Laredo, Tex., Aug. 25.—The directors of the Laredo Onion Growers' Association in secret session last night voted to recommend the dissolution of the association. International disunion together with lack of harmony with the independent shippers, is the reported cause of this action. It will probably mean a split with the Southwestern Truck Growers' Association, with which the Onion Growers' are affiliated.

TRAGEDY AT ABILENE.

Deputy Sheriff Killed By Man He Was Trying to Arrest.

Texas News Service Special. Abilene, Texas, Aug. 25.—Deputy Sheriff Hack Thomas was shot and fatally wounded with a shot gun in the hands of J. W. Owens today. The shooting occurred at Potosi, fifteen miles southeast. Thomas attempted to arrest Owens on a charge of brutality in whipping his (Owens') child. Owens is at large, but officers are in pursuit.

LIGHT RAIN YESTERDAY.

Just Enough to Verify Weather Man's Prediction.

Two light, but helpful showers fell yesterday afternoon, serving to do little more than settle the dust and make the streets slightly muddy. The rain was a local one, and it is reported was not felt in the country outside of the city hardly at all.

WATERS-PIERCE WILL RETURN TO TEXAS STATE HAS NO EFFECTIVE REMEDY AT ALL

Texas News Service Special. Austin, Tex., Aug. 25.—It is conceded in official circles today that the Waters-Pierce Oil Company expects to buy its property back from the state and continue doing business in Texas. In fact, it is believed the company will be the only bidder at the sale.

This re-entrance into Texas will be accomplished through the Waters-Pierce Company of Missouri, which recently dissolved all connection with the Standard Oil Company, and which therefore can legally ask for a Texas permit.

Although Attorney General Davidson prefers to keep the corporation from the state, its manner of re-entrance will comply with the state laws, and

CRACKER FACTORY IS NOW PROBABLE

CHAMBER OF COMMERCE DIRECTORS ACT FAVORABLY ON PROPOSITION.

WILL BE LARGE CONCERN

Thirty or Fifty Thousand Dollar Company Planned, Employing a Hundred Hands.

Wichita Falls is now in a fair way to secure a two-oven cracker factory here, employing nearly one hundred people and with an annual output worth many thousand dollars. At a meeting of the directors of the Chamber-of-Commerce this morning the proposition was heard from the gentleman who is here pushing it and it was very favorably acted upon. The gentleman was informed that if, upon investigation, the proposition was found to be a reliable one, the factory was as good as located here.

The gentleman has been for a number of years the owner and operator of a factory at Bangor, Maine, but owing to competition and other causes, he wishes to come to Texas. It is proposed to organize a thirty thousand dollar concern and erect the necessary structure. About half of the stock is to be subscribed by local parties, no bonus being required.

The proposition now hinges upon the investigation of its merits and it is probable that Secretary Gohlke or some representative of the Chamber of Commerce will go to Maine to look into it closely. If the company is organized and the factory put in operation, it will be the only independent concern in the state, with a practically virgin field. It is planned to manufacture about one hundred different brands of goods with candy as a sort of side line. "Wichita Biscuit Company" is the name of the proposed company. Waco, Temple and Quanah have made efforts to secure this enterprise.

MATAMORAS EXCITED.

Factions Strongly Divided in Mexican Border Town.

Texas News Service Special. Brownsville, Tex., Aug. 25.—Matamoras, a Mexican town opposite this city, is wrought up over the tense political situation between the Diaz and Reyes factions and many are taking sides, but no violence is yet reported. Troops are keeping close watch over the situation. Diaz made his start at Matamoras and Reyes is popular there. For these reasons there is more of a division at Matamoras than at other towns. It is expected a big crowd will go from Matamoras to Monterrey when Reyes returns there soon. The police are arresting all persons carrying arms.

ORGANIZER'S FATHER ILL.

Prominent Plumbers' Union Man Gets Bad News Here.

General Organizer Linn of the Plumbers' Union, one of the leading national officials of that organization, was in the city last night on business with the plumbers' local in this city. While here, he was notified of the serious illness of his father and was compelled to leave at once for his bedside.

IN MEMORY OF ADMIRAL SEMMES.

Commander of Confederate Veterans Issues Orders to Observe Birthday.

By Associated Press. New Orleans, La., Aug. 25.—In conformity with an order issued by General Clement Evans, commander-in-chief of the United Confederate Veterans, extensive preparations are being made for the observance of the one hundredth anniversary of the birth of Admiral Raphael Semmes on September 27th. A portrait of Semmes is to be presented to the Confederate Hall in New Orleans and all Confederate memorial associations will take part in the exercises.

PEOPLE AND THEIR LAW.

Interesting Address by Governor Wilson of Kentucky.

By Associated Press. Detroit, Mich., Aug. 24.—The leading feature of today's program of the annual convention of the American Bar Association here was the address of Gov. Wilson of Kentucky on "People and their Law." In the course of his address, interesting incidents concerning the "Night Riders" depredations in Kentucky's tobacco war were presented.

Burglary at Gainesville.

Gainesville, Tex., Aug. 25.—Burglars last night entered the grocery of J. B. Maupin and secured a small sum of money from the cash register, and carried away a quantity of goods.

CONDITIONS NORMAL AT MEADVILLE TODAY

By Associated Press. Meadville, Miss., Aug. 25.—Troops continue to patrol the streets here but the situation is otherwise normal. An attempt was made last night to arrest Fred Middleton, charged with complicity in an attempt to shoot Ernest Newman, but he was not at home. The preliminary examination of Buckley Halford, charged with assault and battery and attempt to commit murder is to be held late this afternoon. Three of the Pritchard's, it is said have been warned that they will be lynched, but no overt act has yet occurred.

THOMAS STILL SPOUTS.

Speech at Gainesville on Par With Previous Ebullitions.

Texas News Service Special. Gainesville, Tex., Aug. 25.—Senator H. Bascom Thomas of Hopkins County, spoke at the Old Settlers' picnic here this morning "On the evils of the lobby and why I was expelled from the senate." Thomas grilled the senators who brought about his expulsion in unusually strong language and his delivery was very dramatic. His speech was loudly cheered and at its conclusion he was given an ovation.

SCHOOL OPENING DATE MAY BE SET FOR LATER

It is now very doubtful whether or not the schools will reopen for the new session on September 6, as planned. The high school repairs will not be nearly completed by the date and it is very likely that the school board will rescind its action and have the term begin at a later date. It has been thought such an early opening date would find the weather too hot for the pupils to be at their best and a later date will probably be set.

MAY CHANGE SCHEDULE.

Train Time Between Here and Byers is Inconvenient.

The Chamber of Commerce is taking up the question of changing the schedule of the Wichita Valley between Wichita Falls and Byers. At present the train from Byers and Petrolia arrive here at 1:30 in the afternoon, starting back at 2:30, giving but an hour to spend in the city. It is believed that a change in the schedule giving an additional hour or so, would be mutually beneficial.

NINETEEN FREIGHT CARS GO IN DITCH

A THIRTY-THOUSAND DOLLAR WRECK ABOVE CHILDRESS YESTERDAY.

DUE TO BROKEN FLANGE

Three Hundred Yards of Track Are Torn Up and Cars' Contents Scattered.

News was received at the local offices of the Fort Worth and Denver late yesterday afternoon of a freight wreck at Estelline, twenty-five miles west of Childress yesterday afternoon, when nineteen cars went into the ditch.

About two hundred and fifty yards of track were torn up and the contents of the nineteen cars are almost an entire loss. The cars were loaded with a great variety of goods, including pig iron, household goods, fruit and vegetable shipments and a large amount of hardware, making the loss exceptionally heavy. It is believed the total loss will amount to over twenty-five thousand dollars.

The wreck was caused by a broken flange and came so suddenly that it is surprising that there were not serious injuries. So far as can be learned no one was hurt.

Advices from Childress today announce that it will be fully two days before traffic can be resumed over the regular track, as it will take nearly all of that time to pick up the scattered wreckage. What is known as a "shoo fly" track has been constructed around the scene of the wreck and passenger traffic is thus continued with out hindrance.

CHECK IS RAISED FROM TWO DOLLARS TO FIFTY

W. R. Coffey is in the county jail for the alleged raising of a railroad pay check from two dollars to fifty dollars, and will probably be held pending the action of the grand jury. A short time ago a bank of this city cashed a railroad pay check for fifty dollars, only to have it returned by the Fort Worth Bank upon which it was drawn, with the endorsement that it had been raised. Last night Coffey was lodged in the city jail by an officer and was today turned over to the county authorities. The check had been made out in his favor for but two dollars only.

MAHAFFEY LOSES OUT IN MANDAMUS HEARING

The case of the Wichita Electric Company against the City of Wichita Falls, for a writ of mandamus, was heard in the district court this morning before Judge A. H. Carrigan, who refused to grant the petition. The city was represented by Judge Montgomery and the plaintiffs by T. R. Boone. The electric company sought to compel City Engineer Hincley and City Collector Robertson to issue them an electrical license. The case will be carried to the higher courts.

REVIVAL GOES ON; GREAT INTEREST

FORCEFUL SERMON AND EXCELLENT MUSIC MAKE COMPELLING COMBINATION.

ATTENDANCE IS LARGE

Monday's Sermon Was One of the Most Effective Yet Heard in This City.

The Christian revival continues with added interest and there is no lack of attendance every evening. Forceful sermons and excellent music form a compelling combination, it seems.

The Times today reproduces the sermon by Dr. Hamlin on Monday night:

"For God so loved the world that he gave his only begotten son, that whosoever believed in Him should not perish but have everlasting life."—John 3rd chapter, 16th verse.

"He that believeth on the Son hath everlasting life but he that believeth not the Son shall not see life but the wrath of God abideth in him"—John 3rd chapter, 36th verse.

"Therefore being justified by faith we have peace with God through our Lord, Jesus Christ"—Romans 5th chapter 1st verse.

Also read Romans 10, 9th verse; Romans 10, 13th verse; Heb. 11, 1st verse; Acts 15, 9th verse; James 2, 24th verse; James 2, 20th verse.

He said:

"I want to take my hat off to this audience for two things; first that the ladies have come out tonight without hats, and second, that some of the gentlemen are here with coats off as I requested. If ladies want to be good come out to church; if you want to be fascinating just wear your fascinators, and ladies if you are fascinating you will get married. And right here I am going to announce my terms: For old gray headed people in the evening of life who should know better, \$50. If they are a young couple starting out in life with bright prospects, \$10. If they are old maids and bachelors and the very last chance—2 for a quarter, (Laughter.)

Hope I have not cut under the prices of Brohter Morrow and other ministers, who are in competition with me.

Text—"Now faith is the substance of things hoped for; the evidence of things not seen"—Hebrews 11th chapter, 1st verse.

"Without faith it is impossible to please God; without faith it is impossible to please man. All business relations, are working relations, all social relations, all religious relations, depend upon faith. You take the element of faith out of business and you have chaos. Eight tenths of the business of this great country is done on faith. A cashier of a bank in Fort Worth called me in one day and showed me a draft for \$100,000 in favor of Armour & Co. He did not doubt this little piece of paper. It had the great firm of Armour behind it and, he had faith in Armour. Treasurer Roberts of the United States picked up his pen one day and wrote two checks one for 2c and the other for 37 million dollars. No one doubted these checks. Faith in the government. You take faith out of our social relations and you have ruined firesides, blasted homes and hell on earth. Beloved, you can't get along in this life without faith. Without faith you cannot please God; without faith you cannot please man. You cannot do anything without faith. This is why God requires faith of you. If you are not successful it is because you haven't faith in your work. A man who was a successful shoe salesman and advertiser was offered a salary of \$5,000 per year to advertise a breakfast food. He refused the job; why? Because he said he had no faith

windows of the coaches were all frosted so you couldn't see the flying landscape. A fellow passenger kept rubbing the frost off the window and looking out at the sage grass, again and again he did this. Finally a woman's curiosity getting the best of her, Mrs. Chapman asked what he saw out there. 'I see cities, farms, waving wheat fields. You see I am with the U. S. reclamation service and we are going to build dams and transform this desert.'

A Sunday school teacher who cannot see the dullest boy of ignorant parentage transformed into a good man a useful member of society should not be teaching. A minister who cannot see in Wichita Falls with its saloons and hell holes, a city beautiful with these evils eradicated is unfit to preach the word of God. (Amen. from all over the audience.)

Yes faith is the substance of things hoped for.

Michael Angelo was walking along one day and saw a piece of marble on the ground all covered and splattered with mud. His friend asked him what he saw in that piece of dirty marble. He said 'I see an angel.' He took this piece of marble home and worked with it and made a masterpiece.

Yes you can do wonders with faith and work. They are both essential to salvation.

A Scotchman best illustrated this: Once while crossing a river he said to his companion. 'I will call one oar faith, the other work. Now I will row with faith and he went round and round. Then he rowed with work, and same result. Then he took faith and work and rowed to the father shore.

Napoleon's horse once got away from him and galloped wildly over the battlefield. A private stopped the horse and saved the Emperor and Napoleon said: 'Thank you captain.' the man went over and took his place among the officers. He had faith in the word of Napoleon.

Beloved, this Bible is 2000 years old. Paul says, 'whosoever calls upon the name of the Lord shall be saved. Won't you come. The goodness of God should lead men to repentance. He loves you when you are sinners and spurn Him.

Won't you come while the choir sings.

CHANGES DESIRED.

Dairymen Want Food Laws Amended In Many Ways.

Denver, Colo., Aug. 24.—The prospect of a renewal of the fight for the suppression of the use of benzoate of soda as a preservative gave added interest to the opening here today of the annual convention of the National and State Dairy and Food Associations. The association once condemned the use of chemical preservatives, and should it reaffirm its position it is expected that the present national pure food commission will reopen the subject. An appeal to Congress for a revision of the pure food laws so as to prohibit specifically the use of chemical preservatives is promised, should the matter be permitted to remain undecided until next December.

The situation is complicated by the fact that Secretary of Agriculture Wilson and his subordinate, Dr. Harvey W. Wiley, chief of the bureau of chemistry, are on opposite sides of the controversy. Secretary Wilson favors giving the manufacturers of prepared food products permission to use benzoate of soda under certain conditions, while Dr. Wiley bitterly opposes the use of this and all other chemical preservatives. Both men are attending the convention and each will seek to secure the adoption of a resolution of approval of his course.

Don't buy anything in Ladies' Ready-to-Wear or Millinery until you have seen our line. We are now receiving word daily from our Mr. Kirsch, who is now in New York City, telling of the many clever things he is buying that will be most pleasing to the Ladies of Wichita, who like to dress correctly. Our Mr. Kirsch advise that the many new things being brought out in New York City today requires his service there until September. By doing so, we please the Ladies of Wichita in the big city class when it comes to getting stylish wearables. Our Mr. Kirsch also buys for more than one or two stores, which enables us to give you the right prices on the right goods. Our Millinery department will also be complete and of the finished kind. Our Milliner, Miss Myrtle Harner, has just arrived from St. Louis, and tells of many good things she has got for the Ladies of Wichita, for correct headgear. Remember Ladies, we have the only up-to-date, Ladies' Ready-to-Wear store on the Denver Road.

WEATHER FORECAST.
For Wichita Falls and Vicinity
—Tonight and Thursday, partly cloudy weather.

Local option is a local question, and is one which should be determined by our own people. When it becomes necessary to hold an election on the question, the Times is rather of the opinion that outsiders should keep hands off. People who are here today and elsewhere tomorrow, in the opinion of this paper, are not the ones who are most competent to judge local conditions. The Times, of course, firmly believes that Wichita Falls, properly officered, would be a far better city without saloons, and will always support local option, but it is opposed to these officious stump orators, (both pro and anti;) from outside towns volunteering advice on matters which they are not in a position to judge. When the matter becomes a state-wide proposition it will be ample time to call for outside assistance. So long, however, as it is a local matter, it should be handled that way.

The Home and State says there is no daily paper in Texas that stands for prohibition, which only proves that paper is not posted. The Times has in mind a dozen or more daily papers in Texas that, judging from results, in the cities and towns in Texas in which they are published, have done effective work for prohibition. The Home and State evidently is not well posted, or else jumps to the conclusion that outside of Dallas, Fort Worth, San Antonio and one or two other large Texas cities that there are no daily papers published.

The Gainesville Register says you can be good and not be lonesome in Gainesville, which leads one to suspect that lonesomeness is a peculiar condition there.—Wichita Times.

The explanation of the Register's statement may be that some people are never lonesome when alone.—Bonham News.

If Wichita's firemen can do as good work as they did yesterday morning with the mediocre equipment they have, just thing how they would go if they were supplied with metropolitan apparatus.

The town of Colorado says she will use her \$100,000 for something else if she doesn't get the Normal. Let each of the disappointed ones follow this example and watch the dust fly.

It is announced that bee stings cure paralysis and it is presumed that a sufficient number of vigorous ones could make a paralytic take up his bed and walk if anything could.

A long list of 'Texans Abroad' in the State papers means that the merchants are up there enjoying themselves before coming back to buy their winter stocks in Texas.

"On account of lack of space," says the Byers Searchlight, "the editorials are left out this week." That's a poor excuse. What is the patronage of one or two advertisers when compared with the glorious privilege of expressing one's views on the tariff?

Once again, we rise to inquire why something is not being done about using that paving bond money. We can walk for miles and miles on our cement sidewalks but we can't drive on them.

In spite of the fact that Taft will defend the tariff on his Southwestern visit, there will be no lack of people out to see him. Some folks would rather see a president than a hanging.

The Clipperton Islands, off the coast of Mexico have disappeared and seem to be hopelessly lost. If Harriman were not in mid-ocean of the Atlantic he would incur grave suspicion.

The rapidly approaching end of vacation has given the boys such long faces that it would cost them a dollar apiece to get a shave, if there was anything there to shave.

A baby born to a Kentucky couple brought a \$100,000 estate to its parents, but there are few babies in Texas that aren't worth fully as much all by themselves.

The Wichita Falls and Northwestern is building a fifty-mile track extension and a forty thousand dollar depot. Call it a 'tin-pot' if you want to.

Now that Dallas is to have her Alamo as well as San Antonio, both of the warring Daughters of the Republic factions can have one apiece and be satisfied.

Those women who led the Pittsburgh riot may have been inspired by righteous motives, but nevertheless no real lady would hit a gentleman with a brick.

"Beaumont is going after the mosquito" says a dispatch. The prefix "the" however, does not refer to one individual mosquito, but the tribe as a whole.

Gov. Haskell is going to retire when his term expires, but the Texas gang will continue to hold on until their retirement becomes involuntary.

E. H. R. Green can buy a flying machine, if he wants one, but he had better not let Hetty catch him at such sinful extravagance.

The announcement that Ft. Worth is going after the 'Acre' has a very hopeful sound. It's a good time and place for some revision downward.

Copies of the laws passed by the last Legislature are now available, but the book is not yet listed among the six best sellers.

The press associations seem determined to give Galveston a storm every week whether she has one or not.

Nobody is really surprised that an American aviator showed 'em how at Rheims. It's getting to be a habit.

The waning of baseball and the waxing of football is the next national tableau to be presented.

Age Makes Coffee Much Better

That is, if it is aged before roasting. Some of the highest priced coffees on the market get their flavor from the length of time they remain unroasted after being picked—sometimes several years. Age, in some way, mellows the oil in the berry which produces the flavor. Our "Revre" brand is blended from well-aged berries which are selected for their age as well as their quality and their wonderful flavor is fully and perfectly developed by a special roasting process. We have a fresh lot just in.

NIELSON COMPANY EXCELLENT.

A Mountain Wildflower Scores Hit
With Wichita Audience.

Miss Nielsen and her company made
another hit at the Auditorium last
night when they presented "A Moun-
tain Wildflower." The play is a com-
edy drama with a fine plot and plenty
of good humor. Miss Nielsen as
"Chick" was at her best and she was
certainly there with the goods last
night. Mr. Gilbo as Oneal, Mr. Roscoe
as Stone, Mr. Guthrie as Jerry, all
lent good support. Misses Janet and
Lynna Allen in their respective parts,
played them well. Mr. Brown as Ban-
ty, the jester was the mean, hard,
humpbacked jester to perfection and is
deserving special mention. The spe-
cialties between acts were also enter-
taining. The double of Guthrie and
Lewis winning much laughter and ap-
plause.

Tonight Miss Nielsen offers "Mary
Jane at the Old Tavern."

Insurance Commission Meets.

Colorado Springs, Colo., Aug. 24.—
Present prospects indicate that the for-
tieth annual meeting of the National
Association of Insurance Commis-
sioners, which opened here today, will be
a very profitable session. The gathering
is attended by commissioners, deputies
and actuaries representing nearly
every state. Many of the leading in-
surance bodies are also represented.
Uniform laws governing all lines of
insurance form the chief topic of con-
sideration. The sessions will continue
until the end of the week.

Wisconsin Fruit Growers.

LaCrosse, Wis., Aug. 25.—A large
and representative attendance marked
the opening here today of the annual
summer meeting of the Wisconsin
Horticultural Society. Two days will
be spent in the discussion of hortical-
tural problems, and members of the
faculty of the State Agricultural Col-
lege will give practical instructions in
the cultivation and spraying of farm
orchards and gardens.

It's Very Important

When buying lumber, it is very important that you
examine it closely and see that it is well manufactured.
The mere fact that there are not many knots and cracks
in it, is not enough. Mill work is of even greater im-
portance, because if each board is of different thickness
and different width, you're going to have no end of
trouble.

The easiest way to assure yourself that you will get
well-manufactured lumber, is to buy from us. We sell
the best-manufactured lumber in this part of the state.

North Carolina Veterans.

Charlotte, N. C., Aug. 25.—The capital of North Carolina is alive with Confederate veterans, Sons of Confederate Veterans, Daughters of the Confederacy and other visitors from all quarters of the State. The occasion is the annual State reunion of the veterans, which began today and will continue over tomorrow.

The reunion got under way this morning with a program of exercises that included address of welcome by Mayor Hawkins and Col. E. A. Osborne a response by Gen. Julian S. Carr, and addresses by Chief Justice Walter Clark, ex-Governor T. J. Jarvis and other distinguished veterans. The annual reunion parade will take place tomorrow morning, with Captain S. H. Hilton as chief marshal.

Allendale Budget.

Allendale, Tex., Aug. 25.—Mrs. H. B. Derrick returned to her home in West Texas Sunday, after a ten days' visit with Mr. J. E. Rerrick and family.

Mr. and Mrs. Seph Ludolphus and little son, Robert are visiting in Mrs. Ludolphus' old home at Gallatin, Mo.

Prof. J. P. Scott of Terral, Okla., left for her home this morning after a few days' visit with his father-in-law Mr. A. E. Guinn and family. Mrs. Scott and children will remain several days longer.

Meeting of Virginia Firemen.

Hampton, Va., Aug. 25.—The twenty-third annual convention of the Virginia State Firemen's association was ushered in here today under most favorable conditions. Delegates of firemen from all parts of the State are in attendance. This afternoon was devoted to the business of the convention. The annual parade will be held tomorrow morning, and Friday will be devoted to the hose races and other prize contests.

UNTIL ALL ARE SOLD

We are Selling all Our WARM WEATHER GOODS at Ten Per Cent Reduction

Not because they are old and out of date but because we don't want to carry them over another season and then be compelled to offer you old goods at much greater sacrifice. 10% reduction looks small compared with some of the great Clearance and Cost Sales that have been "pulled off" in Wichita recently, but it is a well known fact that the public can't be fooled with a fictitious Hardware Bargain Sale. Therefore, we are selling

All our nice new Hammocks, Lawn Mowers, Water Coolers; Gas, Gasoline and Oil Stoves, Ice Cream Freezers and Screen Doors at just 10 per cent less their regular selling price

REMEMBER we have a complete stock of Builders Hardware, Tools, Cutlery, Tin and Enameled Ware, Plumbing goods, belting, valves, fittings, electrical goods, etc. All kinds of tin or sheet iron work done in our work shop and piping buildings for natural gas.

Maryland Republicans Meet.

Baltimore, Md., Aug. 25.—Republicans of Maryland met in State convention here today to nominate a candidate for State Comptroller and to adopt a platform for the coming campaign. The platform, which is expected to be devoted almost wholly to State issues, will urge the defeat of the suffrage amendment to the State constitution to be voted on this fall, which in effect disfranchises the illiterate negro vote.

North Texas Fair Opens.

Greenville, Texas, Aug. 25.—The annual North Texas Fair, for which preparations have been making for several months, was formally opened this morning with an address by Mayor Nichols. All departments of the exhibition are well filled and the race program is the best ever arranged for a meeting here. The fair will continue until the end of the week.

Noiseless Typewriter Appears.

Vienna, Aug. 25.—A noiseless typewriter has been placed on the market here. The inventor claims that fifty of them placed in a room together will not make a sound loud enough to be heard above a conversation.
