VOLUME 3

WICHITA FALLS, TEXAS, SATURDAY AUGUST 28, 1909

NUMBER 92

## MILITARY COMPANY IS NOW ORGANIZED

MEETING IS HELD AND JAMES O. SMITH ELECTED TO THE CAPTAINCY.

## TO MEET AGAIN MONDAY

Company to Consist of About Forty Young Men and Good Results Are Expected.

A number of young men of this city met at the city hall last night and organized an infantry company, electing James O. Smith captain. Another meeting will be held Monday night at same place to be announced later and organization will then be perfected.

Mr. Smith was a lieutenant in the old company here and is one of the most proficient men in military affairs in the city. His election was unanimous. D. M. Perkins declined to permit the use of his name for the honor, saying that he had surrendered four years ago to a school marm and reduced to a second lieutenant at home. He will be with the boys in spirit, but like Job's war horse will prefer to "sniff the battle from afar."

## International Medical Congress.

Budapest, Aug. 28.—More than twenty nations, including the United States are represented by delegates at the International Medical Congress, which had its formal opening in this city today. The latest discoveries and developments in the field of medicine and surgery will be discussed by the congress, which will continue in session through all of next week.

## SUICIDE PACT.

Lovers' Determination to Die Together Not Carried Out.

New York, Aug. 28.—In a suicide pact, Florence Wood, a beautiful young girl, and her sweet-heart, Frank Williamson, were both seriously shot, but both may recover.

## AMERICAN IS WINNER OF INTERNATIONAL CUP

Rhelnis, Aug. 28.—Glenn H. Curtiss, the American aviator, broke all records for one lap today when he made a circuit of the aviation course in seven minutes, fifty-five and one-fifth seconds. When the aviator came down, he was wildly cheered by a large number of Americans present.

Bleriot, the Frenchman, came close to the record made by Curtiss, but the latter had a safe margin. Curtiss is therefore the winner in the great international cup event.

Altenburg, Ger., Aug. 28.—The Zeppelin airship lost one of its propellers near Ronneburg. It passed here at 3:38 this afternoon but at greatly reduced speed and its arrival at Berlin will be delayed.

## VETERAN COWBOY HURT.

John Terry May Be Fatally Injured Near Dalhart.

Dalhart, Tex., Aug. 28.—John Terry, a veteran cowboy at the X. I. T. ranch, was probably fatally injured today when his horse stepped into a prairie dog hole, falling upon his rider. The collar bone was broken in three places. This is the first accident to Terry in his long career as a cowboy.

## TRAGIC DEATH OF THE OHIO'S WIRELESS MAN

Seattle, Wash., Aug. 28.—According to a wireless message, Geo. C. Ecles, operator and pursuer of the wrecked steamer, Ohio, went below to search for the Quarter-Master and a steering passenger. Being unable to find them, he returned to the station and began sending messages. Just before the vessel made the plunge that carried it to the bottom, the operator was seen to leap from the wireless station. He fell on his head and his apparently lifeless body rolled into the water, being carried down by the whirlpool made by the sinking of the steamer.

## AMARILLO REAL DRY.

Rangers Get All Redeye In Sight—Jail Doors Open.

Amarillo, Aug. 28.—The State Rangers last night seized several cases of whiskey here. The rangers have almost completely stopped the illicit sale of intoxicants here and as a result the doors of the city lock-up are standing wide open and have not been closed upon a prisoner for several weeks.

## TO PRACTICE IN TEXAS.

This State Will Be Stamping Ground For Major Leagues.

New York, Aug. 28.—The Southwest is looming up in the winter practice of major league baseball clubs. It is said today that the New York Nationals will do their early spring practice at El Paso, Texas, where a commodious club house and other arrangements will be made.

## Norwegian Saengerfest.

Seattle, Wash., Aug. 28.—Everything is in readiness for the opening of the big Norwegian-Saengerfest at the Alaska-Yukon-Pacific exposition tomorrow. Two concerts are to be given in the exposition Auditorium. Several eminent soloists and a grand chorus made up of several hundred singers from Washington, Oregon, California and Idaho will take part.

## DEPARTMENT HONORS FORMER CHIEF M'HAM

E. B. McHam, the veteran fireman whose three year term as chief of the Wichita Falls department ended only recently, was appropriately honored yesterday afternoon by the members of the department, being the recipient of a handsome gold watch fob. The presentation ceremonies were simple, consisting only of the brief presentation address by the department's present head, Vic Stampfli. Mr. McHam expressed his hearty appreciation of the honor and seemed very much affected by the tribute paid him.

## GIRL'S BODY FOUND.

Mystery of Young Chicago Woman is Cleared Up.

Chicago, Ill., Aug. 28.—The mystery of the disappearance of Emily Scharinghausen was solved today when her body was found floating in a lake.

That new barrel of pickles at King's store can't be beat. Phone 261. 82-tfc

## NEW BUILDING SOON TO REPLACE ONE DESTROYED

The management of the Stonecipher estate has decided to begin work at once on a building to replace the one destroyed last Tuesday morning, being the structure occupied by the Skeen store. The new building will be but one-story, owing to the nature of the walls on each side, but it is to be a thoroughly modern structure in every way.

The roof of the Stampfli building which was torn up by the explosion during the fire, has been replaced with a new one.

## Anglican Bi-Centenary.

Halifax, N. S., Aug. 28.—Many bishops of the Protestant Episcopal church, representing dioceses in England, Scotland and America, are arriving here to take part in a celebration of the bi-centenary of the first Church of England service held in Canada. Special services are to be held in all the Anglican churches tomorrow, preliminary to the formal opening of the celebration next Friday in the new All Saints Cathedral. The celebration is expected to be the most imposing Anglican gathering ever held in Canada.

## NEW WORLD'S RECORD.

Bleriot Makes Fastest Time Yet in Single Lap Contest.

Rhelnis, Aug. 28.—Bleriot made one round in the lap contest in seven minutes forty seven and four-fifth seconds. This is the world's record.

## HARRIMAN CAUSES MUCH UNEASINESS

REPORT THAT OPERATION WILL BE PERFORMED SOON SEEMS STRENGTHENED.

## MINISTER MAKES CALL

Union Pacific Breaks Badly On Account of the Rumors, But Soon Rallies.

Arden, N. Y., Aug. 28.—Evidence continued to accumulate today that preparations are under way at the Mountain home of Edward H. Harriman for some unusual event. Whether a surgical operation or only a consultation of physicians, or whether the apparently significant happenings of the last twenty-four hours have no bearing at all on the physical condition of the railroad magnate could not be settled by those outside of the Harriman household.

Rev. J. H. McGuinness, an Episcopal minister, spent an hour with Harriman yesterday. He said the magnate's health is as good as when he arrived from Europe. He positively declined to talk about the proposed operation.

New York, Aug. 28.—The stock market broke badly early today owing to the conflicting rumors regarding Harriman. Union Pacific lost five points below yesterday's close. Other leading stocks suffered smaller losses.

The market, rallied later, however, and Union Pacific regained three points of the previous loss. The close was strong and active.

## THE TABERNACLE REVIVAL MEETING.

At the tabernacle last night a large audience heard Rev. Hamlin deliver an interesting and instructive sermon on "How to read the Bible." He said in part that the Bible properly divided covers three dispensations, the Patriarchal, the Jewish and the Christian, and the readers in order to intelligently understand it must first determine who is speaking, who is being addressed, what is the subject, and under what dispensation.

The sermon was one of the best and most interesting that has been delivered during the revival. Interest in the meeting is daily increasing, and hundreds are being greatly benefited by each service.

Prof. Leonard Dougherty as a soloist and choir leader is an able assistant to Rev. Hamlin. At the close of the service there were two additions to the church.

Five hundred additional seats are being added in order to accommodate the immense crowd expected tomorrow and tomorrow night.

Dr. Hamlin at the close of last night's sermon, invited all to come back tonight and that everything would be cool and comfortable except the sermon. He advised that it might be a very good idea for some to fill their pockets with cracked ice, as they might find need for it.

## Iowa State Fair Opens.

Des Moines, Ia., Aug. 28.—With practically every available foot of exhibition space occupied, the Iowa State Fair got under way today, under happy auspices. No set programme will be carried out until Monday, and today's visitors occupied their time inspecting the exhibits in the big buildings and among the live stock in the barns and pavilions. The six days' harness race meeting was inaugurated this afternoon.

## GRAVE WOMAN RESCUES BOY FROM DROWNING AFTER FATHER HAD GONE DOWN IN CURRENT

Muskogee, Okla., Aug. 28.—After the boys' father had been sucked down in a whirlpool and drowned in the Grand River, near Wagoner, Okla., last night Mrs. James I. Rooney, a Texas woman, swam into the treacherous current and at imminent peril of her life rescued the six-year-old son of James Livingston, a wealthy cattleman.

Livingston was the only man with a party of women and children picnickers and swam into the center of the stream with the boy on his back. Suddenly Livingston was sucked down and the boy, helpless, floated in the swirling

## TWO FIRST BALES IN WICHITA TODAY

L. A. POLSON AND S. E. KINNER DIVIDE HONORS FOR GETTING COTTON HERE.

## EACH CLAIMS HE IS FIRST

Bales Arrived About the Same Time Last Night and Question is Undecided.

To either S. E. Kinner or J. H. Polson belongs the honor of bringing the first bale of cotton of the season to Wichita Falls, both gentlemen arriving here last evening. Up to this hour, the question of which was first has not been decided and it is not known who will receive the premium.

J. H. Polson's bale was raised on his farm near Charlie, where he picked enough cotton from twenty acres to make up the bale. He secured it yesterday and rushed it to the city at just about the same time that S. E. Kinner residing seven miles northwest of the city arrived with his bale, which he had gathered from forty acres.

Mr. Kinner will have another bale ready to bring in by Monday he states. Each of the gentlemen good naturedly insists that he was first on the ground with his cotton and there is no one in authority to decide. Secretary Gohlke of the Chamber of Commerce, who would be the referee in such matter, left the city early this morning for the East and the decision will have to be reached. Mr. Kinner is willing to divide the premium, which amounts to about a hundred dollars, but Mr. Polson thinks that if he is entitled to any part of the bonus he should receive all of it.

The Kinner bale was sold, in the seed at three and a half cents and the Polson bale was sold at four cents. The fact that the Polson bale has been ginned and that the Kinner bale had not is being used by Mr. Polson's friends as an argument for him.

Mr. Polson's bale grades middling. The Kinner bale has not yet been ginned and the grade cannot, therefore, be determined. It is believed that a compromise will be affected and that the premium will be divided. Even then, they would receive about fifty dollars each, which is a very substantial premium, larger than other cities pay.

Later this afternoon it was decided to divide the premium between the two growers and each will receive half of the amount subscribed. It is believed that this is the only equitable way of settling the question. Mr. Kinner was unable to get his bale ginned, which placed him at considerable disadvantage.

Murphy & Long bought the Polson bale for thirteen cents. The other was purchased by George Wigham.

## WILL GO TO STAMFORD.

Good Ball Games Ahead for Wichita Falls Team.

Four games between Wichita Falls and Stamford will be one of the features of the reunion and encampment at the latter city next week, the series beginning Monday.

Tomorrow the final game of the Bonham series will be played and the visitors expect to win both today and tomorrow. Faree will pitch for Wichita Falls tomorrow.

A series is being arranged with Bowie, to be played on some neutral ground. The Bowiesites have been making noisy claims lately and their challenge will be accepted.

## PRISONERS TRY GET-AWAY.

Two Make Dash from City Jail—One is Successful.

Two prisoners in a room at the city jail made their escape this morning when one of the officers opened the door to give them their breakfast. They dashed safely out of the building and up Ohio avenue, one getting away, the other being recaptured and returned.

A Bohemian giving his name as Wolf Trepts, was lodged in the jail last night after some trouble and he proceeded to make the night hideous with his noise. He shouted and screamed in his native tongue nearly all night, but was tame enough this morning.

## TRAGEDY IN DALLAS.

Postoffice Employee Fatally Wounded By Former Wife.

Dallas, Texas, Aug. 28.—Kit R. Flannery a postoffice official was shot three times in the abdomen with a revolver fired by his divorced wife at the corner of Elm and Lamar streets at noon today. He was shot as he alighted from a street car. He was hurried to St. Paul's Sanitarium where there was little hopes of his recovery. Flannery's brother A. B. Flannery was former police commissioner of Dallas and is widely known. Mrs. Flannery refuses to discuss the shooting.

## BONHAM'S BAD FIELDING GIVES FIRST TO LOCALS

Wichita 5, Bonham 4.

A loosely played game was captured by Wichita Falls yesterday, the contest being won on accommodating errors by the Bonham infielders. In spite of the slack play, the game was a hard fought and interesting one and came near being changed in the last inning.

Alexander pitched for the locals and his performance was fair. He fanned six Bonhamites and allowed five hits, two of them being at critical moments. Rayburn for the visitors was not at all effective with men on bases.

Errors-allowed Wichita to score in each of the first four innings, Bonham scoring three in the third on a three-bagger with the bases full. In the seventh, Wichita secured another by a timely hit, Bonham securing her last one in the ninth after two were out.

Buster, Wichita's new right fielder from Abilene, put up a very pretty performance. He caught one dangerously long fly and secured three hits out of four times at the bat.

Graham and Hotchkiss will probably be the opposing pitchers in today's game.

The score:— R H E  
Bonham . . . . . 003 000 001—4 5 9  
Wichita Falls 111 100 01x—5 8 3  
Batteries—Rayburn and Robertson; Alexander and Connor.

## CORPUS CHRISTI STORM IS NEARING ABATEMENT

Corpus Christi, Tex., Aug. 28.—Following the hurricane in the gulf yesterday, today the Mexican settlement here is inundated by high tides. All low lands in this section are under water. The wind's velocity today is forty-four miles per hour and the barometer is rising. The indications are that the worst of the storm is over.

Much damage is reported to shipping along the beach for many miles. The pon beach is still under four feet of water and was visited by the highest tide ever known here. Over an inch of rain has fallen.

New Orleans, La., Aug. 28.—According to the weather bureau, the tropical storm which swept southward across the western portion of the Gulf of Mexico last night, has moved and is central today over the Rio Grande Valley.

It is diminished in intensity, although there are high winds and rough seas along the gulf coast.

Washington, Aug. 28.—The keeper and life saving crew at Tarpon Beach, Texas had to abandon the station yesterday's storm. The crew rescued all people at the station transferring them to Isabel Island where they are reported in a dangerous condition.

The tabernacle is comfortably seated and delightfully cool.

## NORMAL DECISION NOT REACHED YET

COMMITTEE DISPERSED AT TEN P.M. INSTEAD OF ANNOUNCING LUCKY TOWN.

## LOOKED FOR NEXT WEEK

It Had Been Thought That Decision Would Be Made Without Delay.

Fort Worth, Aug. 28.—The committee to select a site for the West Texas Normal did not arrive at Fort Worth today as had been expected, but dispersed at San Angelo, after their arrival here from San Angelo. Speaker Marshall went to Bonham, Lieut-Gov. Davidson to Cuero and Supt. Cousins to Austin. No announcements of further meeting was made.

While the fact that the committee will not make its decision this week is a little disappointing to the towns that are in suspense it is construed locally to indicate that no contestant has made such an impression on the committee as to give it a walkover.

The appropriation is not available before the first of September and it has not been thought that the decision would be made long before that time. The action of the committee is believed to be due to the desire of the members to give the matter more thought, rather than to arrive at a decision when still wearied from the long trip. It is believed, however, that the announcement will be made next month.

Fort Worth, Tex., Aug. 28.—Speaker Marshall, member of the commission to select the site for the West Texas Normal, is here this morning en route to Bonham. He said the committee would meet one day next week at Austin to decide upon the site. He also announced that the towns now considered had been reduced to nineteen in number.

## KENTUCKIAN SHOT DOWN BY AN ABILENE MAN

Fort Worth, Texas, Aug. 28.—S. H. Webb of Louisville, Ky., was shot four times and it is believed fatally wounded by T. E. Baldwin of Abilene at one o'clock this afternoon in the lobby of the Majestic hotel. Baldwin was in the lobby of the hotel talking with S. E. Powers also of Abilene, when Webb passed in front of them. Without a word Baldwin drew his revolver and commenced shooting at Webb who ran into the Chinese restaurant adjoining. After firing four shots Baldwin walked a block and gave himself over to a policeman. Webb was shot in the back and arms. He was taken to the hospital and it is believed will die. Baldwin refuses to talk and the cause of the shooting is unknown. Webb was recently at Abilene and Baldwin came from there this morning.

## FATAL POWDER EXPLOSION.

Three Are Killed in Mine Explosion Near Carthage, Missouri.

Carthage, Mo., Aug. 28.—In a terrible powder explosion in the "Quick Seven" zinc mine at Neck City, this morning, two men were instantly killed and a third so seriously wounded that he will die. Several others were less seriously hurt. Every ambulance in the county was summoned to the above scene.

## STREET SWEEPER MAY BE A DUKE OF RUSSIA

### August Literature.

I've held off from the tariff;  
I've passed up Harry Thaw,  
And little do I care if  
The Suttons go to law;  
No time have I for trifles,  
Beside the one best bet.  
To find out if the temperature  
Has cracked the record yet.

I duck all editorials;  
No sporting page for mine;  
Of murders or memorials  
I haven't read a line;  
I flip the pages swiftly,  
Until I reach the lore  
To see if it ain't hotter  
Than it's ever been bore.

A habit of holding a kindly attitude of mind toward everybody has a powerful influence upon the character. It lifts the mind above petty jealousies and meannesses; it encircles and enlarges the whole life. Where we meet people, no matter if they are strangers we feel a certain kinship with the friendliness for them, if we have formed the good habit. In other words the kindly habit, the good will habit, makes us feel more friendliness for everybody. And if we radiate this helpful, friendly feeling, others will reflect it back to us. On the other hand, if we go through life with a cold, selfish, mental attitude, caring only for our own, always looking for the main chance, thinking only of what will further our own interests, our own comfort, totally indifferent to others, this attitude will, after awhile, harden the feelings and affections, and we shall become dry, pessimistic and uninteresting.

### Surprise Party.

Wednesday evening Mrs. J. W. Pond entertained a gathering of the younger social set with a surprise party in honor of her son Gerald. The evening was spent in music and games. Dainty refreshments were served. Those enjoying the evening were: Misses Kathleen Stonecipher, Anna Wilson, Kathleen Coffield, Ethel Frieze, Leta Morrow, Della Young, Grace Nolan, and Messrs J. Hatcher, Ralph Mathis and Russell Jones.

### House Party at Ranch.

Mrs. Ed. Gardner entertained a merry crowd of young folks at a house party from Saturday until Monday at the Gardner ranch near Wichita Falls. The party included Misses Dola and Icie White, Evelyn Coffield, Lita Smith, Bonnie Skinner, Grace Nolan, Laura McGlasson, Lena Matlock and Maude Carnes.

### For a Paris Girl.

Miss Lucille Brooks entertained at a pretty forty-two party on Wednesday afternoon in honor of her guest, Miss Cora Lewis of Paris. It was a happy party that gathered to spend the afternoon in playing the popular game of the season. There were five tables of guests and several interesting games were enjoyed. Ice cream with cake was served, completing the afternoon of pleasure. Miss Brooks is delightful in her hospitality and the guests are under obligations for a pleasant afternoon.

### A Masquerade Party.

A most enjoyable evening was the one spent with Mrs. J. B. Zook this past Thursday, at a masquerade party to compliment her niece, Miss Casket, of Ennis. A very enjoyable evening was spent, and at a late hour delicious refreshments were served.

Those enjoying the party were: Misses Katie Lou and Lillian Avis, Dola and Icie White, Sadie Kell, Evelyn Coffield, Lena Matlock, Marie and Norma Burnett and Miss Shive; Messrs

Avis, Hagler, Fain, Dr. Felder, Smith McGlasson, Prothro, Shive, Brady, Marion Maer, Malone, Hendricks and Mr. and Mrs. Frith.

On Monday afternoon the Ladies Aid Society of the First Presbyterian church held its monthly missionary and social meeting at the home of Mrs. J. T. Montgomery's.

The program consisted of talks, readings and music appropriate to the subject: "Our Missionaries," and was very interesting and instructive.

After the program refreshments were served and the remainder of the afternoon was spent in conversation and music.

About twenty-four ladies were present and a generous tree will offering was taken.

### Mrs. P. C. Maricle Entertains.

The Epworth League of the First M. E. Church South were entertained Monday evening at the home of Mrs. P. C. Maricle, 901 Austin street. Some thirty boys and girls, league members, were present and many games both of outdoor and indoor nature were played with great relish. Refreshments of iced cold water-melon was served by the hostess, and when the guests departed it was with feelings that they had a very fine time indeed. Those present were: Misses Grace Nolan, Ethel Frieze, Bessie Kell, Leta Morrow, Cathleen Coffield, Anna Wilson, Della Young, Blanche Kahn, Jessie Kerr, Mena Walts, Edith Mathis, Ruth Harding, Alleen and Cora Lee Wagner, Ila and Eula Cook, Mable Winfrey, Kathaleen Stonecipher, Blanche Hardy, Annette Coffield, Ruby Moore, Messrs Cliff Bullock, Carter McGregor, Clarence Moore, Jerome Stone, Ralph Mathis, Alven Haines, Clarence White, Russell Jones and Wayne Summerville.

**For Women and the Home.**  
Milk is excellent for cleaning oil cloth.  
A hot towel, held over varnished furniture will take out the white spots.  
To take a nap immediately after a nap is injurious to the health at all times.  
Nothing is better for polishing brown boots than melted beeswax, applied with a cloth and rubbed in.  
A rough bathing towel is far better for any kind of a bath than a smooth one, as friction is good for the skin.  
When sewing at night something white should be thrown over the table, beneath the light, to relieve the tired eyes.  
White spots on rosewood furniture should be rubbed with a soft cloth dipped in essence of peppermint or spirits of camphor.  
If a sheet of asbestos paper is placed under a felt cloth on the dining room table, the table will not be injured by hot plates.  
Hot water for the tub bath, cold water for the shower bath and water of a normal temperature for the plunge is a good rule to follow.  
When the patent leather shoes begin to look shabby, rub on some sweet oil with a piece of flannel, polish until well dry and they will look like new.

To keep polished furniture in a good, well-polished condition, rub it once a week with a mixture of equal parts of spirits of turpentine and olive oil, using a flannel cloth.

One should never stay in a tub bath more than ten minutes, nor in a shower bath more than two minutes. In a plunge bath one may safely stay twenty minutes, as the exercise prevents bad effects.

Black silk may be cleaned by first brushing it thoroughly and then sponging it with hot coffee, strained through muslin. The material should be sponged on the side intended to show and ironed on the other.

To clean white fur, heat some bran, scatter on fur and rub with a clean edgewoolen cloth. Be sure the bran is heated in a slow oven. If it has become brown it will impart the brown color to the fur. Heated flour is almost as good.

The unsightly creases which destroy the effect of a new boot or shoe may be removed by putting the boot on a last or stuffing it tightly with soft brown paper. Then, quickly and firmly rub across the wrinkles with a shankbone of mutton.

Russet shoes may be cleaned with a piece of lemon, but after applying this all dust should be carefully removed from the leather. After the lemon has been used, polish with a soft woolen cloth. The color of the leather will be toned down.

To clean white woolen dresses, take a clean cloth, dip it in dry, ground rice and thoroughly rub it over every soiled part, using a fresh piece of cloth as often as the first becomes soiled. End the process by thoroughly shaking the garment.

One of the best things to soften the skin is cucumber juice. Peel a cucumber, then cut it into thick slices and press the juice out with a lemon squeezer. It will keep for a week if preserved in a well stoppered bottle, kept in the dark.

### MADE TWO CROPS.

Fine June Corn Follows Wheat Harvest on Knauth Farm.

F. R. Knauth, whose farm is located one mile west of Burkburnett, was in the city today and left at this office a sample of his forty-five acre crop of June corn, which is very fine and with another rain Mr. Knauth says he will make an average of about forty bushels to the acre.

This June crop was planted on land which had produced a wheat crop this year, the average yield for the crop being about twelve bushels per acre. After harvesting the wheat crop, the stubble was plowed under and the land prepared for a crop of June corn, with the results as above outlined.

There are several hundred acres of June corn planted in the Burkburnett neighborhood and so far as known all crops are producing fully up to the expectations of the various owners.

**Commissioner Lane Coming Home.**  
London, Aug. 28.—Franklin Lane of the Interstate Commerce Commission, who has spent two months in Europe investigating railway conditions on this side, called for home today. While finding much to commend in the State ownership and management of railways in France, Germany and other countries, Commissioner Lane believes that the railways are capable of higher efficiency under the American system of control than under State ownership.

**Reunion of Mosby's Men.**  
Front Royal, Va., Aug. 28.—The former gray rough riders of the South, better known as Mosby's Men, held a reunion here today under the auspices of the Warren Memorial Association. Col. John S. Mosby of Washington and many other survivors of the famous band of cavalymen were in attendance.

**WEATHER FORECAST.**  
For Wichita Falls and Vicinity  
—Tonight and Sunday, partly  
cloudy weather. Cooler Sunday.

The Wichita Times, a paper owned by a corporation in which R. E. Huff and Frank Kell are directors and Joe Kemp is a stockholder, is advocating prohibition for Wichita county. That means dry for Wichita, because when the great triumvirates of Huff-Kemp-Kell permit a property of theirs to be used to advocate prohibition, some mighty revolution has occurred.—Henrietta Independent.

The Independent, like many others, thinks that because a paper is owned by a corporation, its policy is dictated by the board of directors. That is only a mistaken idea, and the editor of the Independent should know better. An intelligent board of directors of any newspaper will never attempt to go that far. If the directors are business men, they select a man as managing editor, and that person, (if he is the right man for the place) will dictate the policy of the paper. When this is denied him he will resign the position. A board of directors of any corporation has powers which no self-respecting manager would dispute, one of which is to get a new manager when in the opinion of the board, the property of the stockholders is not being managed properly.

"If a man goes to hell from Wichita Falls, whose fault will it be?" will be the subject from which one of our pastor's will preach tomorrow night. Now watch some one of our jealous neighbors slam us by saying that if such a thing should happen, he would be unable to tell the difference.

In criticising Seymour's attitude on the normal question, the Times did not wish to pose as the militant defender of the locaters, but it did feel that Seymour's position was so distinctly un-Western as to call for some adverse comment.

A Philadelphia woman has saved up the loose twine on packages until she now has a twenty-five pound ball of it. While such economy sets a worthy example, what in the world is she going to do with all of it?

The declaration by Bailey that he is not a state wider is interesting, not because it will have any effect on the prohibition question, but because the senator, for once, failed to straddle the fence.

It is doubtless very disappointing to some of the neighboring towns that ex-Gov. Glenn of North Carolina has not called attention to the wickedness of Wichita Falls.

The pure food congress decided that the use of benzoate or soda in tomato ketchup was admissible. Now let the world resume the even tenor of its way.

Over a thousand Texans visited Mexico in June. It is unnecessary to remark that none of them stayed.

**FARMERS' BANK and TRUST CO.**  
Capital and Surplus, \$30,000.

Mrs. Beasant, the authoress, who insists that thirst for liquor persists after death, may drive some men to the expedient of ordering a bottle or two placed in their coffins when they go hence.—Abilene News.

The man who tries to destroy the visible supply of liquor in his lifetime is more than apt to discover after his death, that the supply is woefully short in some portions of the hereafter, and to decide that even water would relieve the situation.

Ex-Gov. Glenn of North Carolina has quit knocking Texas and started in on New York and Chicago. There is enough material there to keep even a vigorous knocker like Glenn busy for some time.

The rudeness and brutality of the Austin police force is appalling. They actually arrested and fined some rich automobilists for speeding their machines.

Twice within the past week, Southern mobs have burned the dead bodies of negroes. That's some improvement over the old plan of doing the burning first.

Pacific Fleet Leaves Seattle. Seattle, Wash., Aug. 28.—The eight cruisers of the Pacific fleet, recently overhauled at the Puget Sound Navy Yard and put in condition for a long cruise, left Seattle today for San Francisco. On September 5 they will begin their long cruise to Manila, China and Japan, from which they will return next February.

Lecture to "Women Only." All the lady church members in the city and those that are not church members, are cordially invited to attend the lecture to be delivered by Evangelist R. R. Hamlin at the tabernacle Sunday afternoon at 4 o'clock. Signed by committee

## WOMAN'S WOES

**A Certain Cure for Female Trouble and That Tired, Nervous, Depressed Feeling That Makes Household Work a Dreary Burden.**

Work, work; Nothing but work; Tiresome drudgery! Work used to be a pleasure, but nows few minutes effort leaves you weak, discouraged and irritable with a feeling that everything has gone wrong.

The liver and bowels are responsible for this. The symptoms are, heart palpitation, faintness, suppressed, excessive or irregular periods, bad digestion, bearing down pains in the side and back, nervous weakness, poor appetite, costiveness. Prickly Ash Bitters sweeps away these troubles like magic, because it strikes at the root of the disease—the stomach, liver and bowels.

Women who take medicine for female troubles that does not benefit these organs are wasting money and valuable time. The liver is diseased because the stomach is unhealthy, and both have produced a constipated habit. This stoppage of healthy action in the liver and bowels has filled the system with impurities which have brought on irregularity in the female organs; it follows therefore, that a medicine which will correct the liver, strengthen the stomach and promote healthy bowel operations is the remedy for menstrual difficulties.

The poor, tired, discouraged woman who has suffered silently and so long with the ailments of her sex soon feels the strengthening and exhilarating influence of Prickly Ash Bitters. It does its work thoroughly, beginning with the stomach and extending its purifying and stimulating influence to the liver and bowels. When the stomach, liver and bowels are active and working in harmony, there must be health and regularity in the female organs. As a result of this improved condition the patient takes a renewed interest in her household duties. Appetite and strength return, the eyes are brighter, the complexion clears, and before long she is transformed into a bright, happy woman with rosy cheeks and cheerful spirits.

"I suffered much from indigestion and constipation. I had a drowsy tired feeling and nervous headaches all the time. I began using Prickly Ash Bitters and it has helped me wonderfully. I now have a good appetite, sleep well and can do a greater amount of work than ever before."

## Age Makes Coffee Much Better

That is, if it's aged before roasting. Some of the highest priced coffees on the market get their flavor from the length of time they remain unroasted after being picked—sometimes several years. Age, in some way, mellows the oil in the berry which produces the flavor. Our 'Revre' brand is blended from well-aged berries which are selected for their age as well as their quality and their wonderful flavor is fully and perfectly developed by a special roasting process. We have a fresh lot just in. Spurr's Concord Coffee is an excellent 25c article.

### McADAMS' TENT THEATRE.

Shown Monday Night to Large Au-  
dience—Good Attraction.  
Monday night the McAdams' big  
tent theatre showed in this city a  
crowded house, almost the entire seat-  
ing space being occupied. The play re-  
sented was 'For Humanity's Sake,'  
depicting the struggle between capital  
and labor, with labor finally victorious.  
The play was well staged and was  
clean, and the management promises  
this kind of an entertainment at each  
performance.  
Mr. McAdams has no cause to be  
disappointed at the reception given his  
show last night and if they play to such  
houses every night the venture will be  
a success.

Tonight 'The Switchman's Daugh-  
ter' will be rendered.—Denton News,  
August 24, 1909.  
The McAdams Tent Theatre Co.  
open a weeks' engagement on Ohio  
avenue between 11th and 12th streets,  
starting Monday night. Mr. McAdams  
guarantees better productions each  
night than the average \$1.00 attraction.  
In addition his Spanish operatic  
orchestra of 10 solo musicians. A free  
inspection of the finest opera house  
under canvas in the world takes place  
from 4 to 6 p. m. Monday. 92-11

**It's Very Important**

When buying lumber, it is very important that you  
examine it closely and see that it is well manufactured.  
The mere fact that there are not many knots and cracks  
in it, is not enough. Mill work is of even greater im-  
portance, because if each board is of different thickness  
and different width, you're going to have no end of  
trouble.

The easiest way to assure yourself that you will get  
well-manufactured lumber, is to buy from us. We sell

## WILL VISIT OLD ERIN

Irish Home Going Pilgrimage to Mother Land Planned.

LEAGUE HAS BEEN ORGANIZED

Officers Elected at a Meeting Held in Washington—Information About Ireland and Its Industries to Be Gathered—Much Interest Shown in the Movement.

The intended Irish home going pilgrimage, which was first proposed by Francis J. Kilkenny and which has been discussed by Irishmen all over the United States for several months past, was made a certainty at Carroll Institute hall in Washington the other night. A permanent organization was formed, and plans were outlined for the pilgrimage, which will be made in 1910.

The organization is to be known as the Irish Home Going Pilgrimage league. Its purpose is to gather all information regarding events in Ireland next summer and to arrange rates on the transatlantic steamship lines. Mr. Kilkenny and Dr. P. J. Lennox were appointed to visit Ireland this summer and prepare the way to next year's pilgrimage.

Since Mr. Kilkenny began stirring up interest in the home going movement he has been swamped by correspondence, and it was found necessary to have a regular organization to bear the expenses of the movement. The membership fee is \$1, the fund obtained from the dues to be expended for running expenses. Headquarters will be opened in Washington, and literature will be prepared and sent out all over America and Canada. The officers chosen are the following: President general, Francis J. Kilkenny; first vice president general, P. J. Moran; third vice president general, John J. Coughlin; fourth vice president general, P. J. Hattigan; fifth vice president general, Representative T. T. Ansberry of Ohio; general treasurer, William F. Downey; general secretary, Joseph D. Sullivan.

In outlining the general plan for the pilgrimage Mr. Kilkenny said:

"Few people realize today the changes wrought in Ireland for the betterment and uplifting of its people. This is due in large measure to the reform legislation generally, and especially to the relief given the tenants in Ireland through the land bill of 1903, enabling them to own their own farms. The people of Ireland are now improving their holdings without fear of being taxed by the landlords for improvements.

"The main idea underlying the home going to Ireland movements is to give the visitors an opportunity for observing conditions as they really exist in Ireland. Much has been written and much will be written of Ireland's poverty and Ireland's riches, but these descriptions are not half as vivid or impressive as the actual sight of the conditions themselves.

"This movement therefore offers an opportunity to the sons and daughters of Erin to return to the scenes of their childhood, to give a word of cheer where needed and to demonstrate to those who still remain to preserve the old traditions that we are all interested in the land of our forefathers. In its people and in the preservation of its natural beauty. One striking fact comes out in the official statistics, and that is that the total emigration of the Irish people from May 1, 1851, when the enumeration was commenced, to Dec. 31, 1908, practically equals the present population of the country, being more than 4,000,000."

After further review of conditions Mr. Kilkenny said:

"The mercantile mind of Ireland must be awakened. The Irish merchant and business man must be won over to the point of view of their own real interests. Representative Irish Americans can do much to encourage commercial relations with this country. American capital can be profitably invested in Irish factories and Irish stores. Irish linens, lace, woollens, tweeds, frieze and kindred industries can be easily developed to a high state of efficiency.

"Ireland offers to the manufacturer many attractive inducements for profitable returns on capital invested. Not only is the capital of Irish Americans needed, but their skill and experience in the use of modern methods and devices will prove to be of invaluable service in the industrial awakening which is now just beginning to dawn in the 'old land.'"—Washington Star.

Yellow a Favorite This Summer.

Yellow is the popular summer shade. It is being worn in Newport and in Washington. Mrs. Arthur Scott Burden has been seen in Newport almost exclusively in yellow, and her example has been followed by many young women who cannot hope to match her in originality. In the capital, Mrs. Knox, daughter-in-law of the secretary of state, and Miss Helen Taft have taken the lead in the fad for yellow. Mrs. Knox has one unusually pretty empire frock of yellow embroidered net over yellow satin. Bows of old yellow lace are on each shoulder, a yellow lace sash is worn and also yellow satin slippers. A wreath of gold leaves gives the finishing touch. Miss Taft's favorite combination is yellow lace over yellow silk. Almost all the hats worn in the afternoon in both Washington and Newport for the last few weeks have had a touch of yellow, and many have had a full yellow crown.
