SPECIALS GOOD OCTOBER 23 THRU 29

THE CLASS OF 1955 of Dimmitt High School held its 20-year reunion Saturday evening at the Country Club, with 20 of the 42 class members present. The Class of '55 also was the honor class at DHS's Homecoming Pep Rally Friday afternoon. Seated, from left, are Shirley Tucker Easterwood, Mary Magee Stewart, Darlene Carpenter Dowell, Jimmie Hyatt Glenn, Darlene Cates Wooten, Peggy Dixon Bailey, Louise Simpson Nelson, Sandra Hance Honea,

Monette Kenmore Ray, Sonya Lowe Godfrey, sponsor Avis Smith, and sponsors Mr. and Mrs. S. T. Newman. Standing, from left, are Charles E. Brown, George Ray, Ted Godfrey, Clinton Glenn, Edgar Dennis, Jerry Noble, Bryce Dowell, David Honea, Joe Nelson, Luther Follis and sponsor Ralph Smith.

Ford dealer wins school-car bidding

Dale Fowler Ford, Inc., has won the contract to furnish the Dimmitt Independent School District with a new superintendent's car.

FOWLER'S bid of \$4,929.05 for a Ford LTD four-door sedan was the lowest of three bids submitted. Reeve-Fleming Chevrolet and C&S Equipment Co. also submitted bids.

The Dimmitt School Board awarded the contract at its last meeting.

The board ordered the superintendent's present car to be transferred to the school district's motor pool for use by school personnel whose jobs require occasional driving. The car will replace an older car in the pool.

Two appointed to library board

Maxine Tidwell and Verletta Witt of Dimmitt have been appointed to the advisory board of Rhoads Memorial Library to fill two directors' posts vacated by resignations.

MRS. TIDWELL and Mrs. Witt are both active in Book Club and Friends of the Library.

In getting city commission approval of the two appointments Monday night, Board Chairman Jack Miller also reported that an audit of the library's finances has been ordered for the period from Jan. 1 to Sept. 30, partly to enable new librarian Carlton Moyers to set up a new bookkeeping system.

IRRIGATED WHEAT is shown planted directly into corn that was harvested for silage. No tillage operations were performed before the wheat was planted. [USDA-Soil Conservation Service Photo]

Conservation

Minimum tillage gains importance as fuel-saver

"Change is inevitable in Castro County farmers' search for ways to conserve fuel and maintain yields in the wake of petroleum shortages and higher costs," says Richard Heizer of the local Soil Conservation Service.

MINIMUM tillage, including no-till, is emerging as the most promising fuel saver for farmers.

Minimum tillage is a system

of farming in which cultural operations are limited to only those essential to crop production. Crops are planted directly into mulch left undisturbed from the previous crop — maintaining a year-long cover on the soil surface.

In Texas, a switch from conventional tillage to minimum tillage saves an average of five gallons of tractor fuel per acre per year. Some

456,000 acres were farmed with minimum tillage last year, amounting to a saving of 2.3 million gallons of tractor fuel.

The USDA predicts that by the year 2000, minimum tillage could account for annual fuel savings of 850 million gallons in machinery operations.

The Running Water Soil and Water Conservation District can help you in your search to save energy. A 20-page booklet, "Minimum Tillage in Texas," is available for the asking.

Booster jackets now being sold

The Dimmitt Athletic Booster Club now has samples of purple booster jackets that may be ordered through club members.

THE pile-lined jackets with the words "Dimmitt Bobcats" printed on them range in price from \$17 to \$27, and are available in sizes S, M, L and XL. Stanley Byrnes, Pat Roberts and Clara Goldsmith are taking orders for the jackets.

It was announced at Tuesday night's meeting that the "Basketball Champions" addition to the Booster Club's signs are completed and in place. The signs, constructed by George Howell and lettered by Jean Lunsford, are located at each highway entrance to the city.

The word for this week and next is "Buy a Bobcat pin and help defeat a Morton Indian." The Booster Club has cut the price on the tie-tacks and charms to \$1.75 each, as long as they last.

More about Dimmitt . . .

[Continued from Page One] for the purpose of starting a family. This is not an argument that the old constitution doesn't need to be revised. It probably does, but the voter should be convinced that the revised version is an improvement over the original.

City eliminates night radio job

The Dimmitt City Commission cut the city police force to five men Monday night by eliminating the night radio-dispatcher job.

COMMISSIONERS agreed with City Manager Garnett Holland that the night dispatcher's post was unnecessary because the Sheriff's Dept. has set up a 24-hour dispatching service that can contact all city, county and state law officers in the area.

The city's patrolmen have been rotating the night radio duties.

Holland reported that the police force has been reduced by one patrolman and that, with the elimination of the night radio job, no new officer would need to be hired.

Water, sewer bids tabled

The Dimmitt City Commission opened bids Monday night for water and sewer line construction for the new Latham Addition, but tabled action on them at the request of the developer.

SEWER BIDS were for 1,105 feet of six-inch line, plus two manholes, two cleanouts and two pavement cuts and replacements.

Water-line specifications were for 1,510 feet of main line, with valves, connections, fire hydrants and concrete.

Low bidder on the combined jobs was H. W. Taylor of Canyon, with a bid of \$6,831 on the sewer system and \$9,461.60 on the water line for a total of

\$16,292.60.

OTHER bidders were: —Novak Construction Co. of Amarillo, \$8,503 on sewer and \$9,564.60 on water for total of \$18,067.60;

—Kenneth Jackson Ditching Service of Dimmitt, \$9,183.25 on sewer and \$9,017.80 on water for total of \$18,201.05; and

—Foran Construction Co. of Amarillo, \$9,770 on sewer and \$10,721.60 on water for total of \$20,491.60.

AFTER THE bids were tabulated, developer Gene Latham requested the commission to either postpone awarding a contract until the paving bids are in, or approve a bid subject

to the awarding of the city paving contract.

Latham said that the bids on the sewer and water construction were higher than he anticipated, and that he will need to study the paving costs before deciding whether to go ahead with his addition this fall. He said the bids may force him to postpone construction "until a slower season" to hold his development costs in line.

Agrifacts . . .

The Whiskey Rebellion of 1794 was a revolt of frontier farmers against a tax on grain in the form of whiskey.

Dimmitt

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

SISTERS—These two teams of girls will play the flighty Pigeon sisters, Gwyndolyn and Cecile, in different performances of Dimmitt High School's presentation of Neil Simon's classic play, "The Odd Couple." In top photo are Jo Beth Bates and Cindy Kelley [right], who will play the parts Saturday night, Nov. 1. In bottom photo are Susan Ryan and Tanya DeVaney, who will portray the sisters in the Sunday matinee performance Nov. 2. The girls are working on their British accents for the roles. Curtain time will be 8 p.m. Nov. 1 and 2 p.m. Nov. 2.

View from the Library

By CARLTON-MOYERS Librarian

Have you ever noticed how fascinated children are with cartoons and movies? Have you ever had your spirits lifted by seeing the hero overcome all odds and save the day? Have you ever gained some new bit of information from a film which made your life just a little fuller?

I THINK all of us can answer yes to these questions and all of us have felt the impact of the well-aimed movie camera many times.

Well, all of this is in way of a prelude to introduce a subject dear to my heart—movies. Your library has access to a universe of educational and entertaining 16mm films from the Amarillo Public Library through our membership in the Panhandle Library System, except for one small hitch. We need a projector!

RIGHT NOW the library budget won't allow us to buy one from library funds, which means at least a six months to a year wait, unless we can

scratch around under the bushes and rugs and find the money.

Basically, that means we'll need donations from all the people in Dimmitt and Castro County. We'll need about \$1,000 for a projector and equipment, and I feel we can do it. Mrs. Becky Maxwell felt so, too. She started our projector fund off with a \$100 contribution in memory of her grandparents. A hundred thanks to her and her family for their generosity.

FOR THOSE who may not know, a few of the younger set have been coming by to take the flag down at closing time and we'd be happy to have others do the same.

We'd like some comments from you on the library staying open late possibly one night a week.

in the next few weeks I hope to have a world postage stamp give-away to all interested takers. Stamp collecting club, anyone?

JUST TO let you know, we have a collection of coloring books and colors which can be used in the library. An electric train would be fun.

Did you know the present library building will have its second birthday in November? Party, anyone?

I'm looking forward to seeing answers in our radio contest, and until next time this is Carlton at the book store saying thanks so much for listening. Be good, everybody, and remember what George Washington said to his men before they crossed the Delaware.

Give up? George held up his hand for silence in the dark, gained the attention and admiration of all present and said in a voice filled with emotion and power, "Get in the boat, men!"

who's new?

OUT OF TOWN

A daughter was born to Mr. and Mrs. Viggo Ulrich Oct. 15 at 9:15 a.m. in Central Plains General Hospital, Plainview. She weighed 7 pounds, 7 3/4 ounces, and has been named Joy D'nea.

Big horsepower...bigger workpower Announcing the New International 1566 Turbo

Here now! The most powerful Farmall tractor ever built — 160-hp strong. It's your best insurance to stretch your manpower, make field work go faster. Powered by the DT436 engine, one of the 300/400 Series of International diesels that have the industry's most outstanding reputation for durability, economy and high performance under load.

- On-the-go power shifting
- with Torque Amplifier transmission ... 12 forward speeds.
- Planetary final drive system handles sustained heavy loading with less strain on drive train components.
- Deluxe protective safety cab surrounds you with comfort.
- Big 19" wet power brakes, operating in bath of oil, dissipate heat, prolong life.

Come in today. Let us show you how smooth-handling this big tractor can be.

TOMMY FOWLER AT DIMMITT CAR WASH
... From a quick wash to a fillup to an upholstery shampoo

Dimmitt Car Wash provides full cleaning, gas service

Since it opened in May 1973, Dimmitt Car Wash has provided approximately 38,000 wash jobs for local cars and trucks. In an average week, 250 vehicles go through its three bays and come out shining.

Tommy Fowler is the operating manager of Dimmitt Car Wash, located at 208 N. Broadway. He supervises the Turbo-Wash automatic wash in the first bay, mans the Shamrock gas pumps, and also provides professional waxing and upholstery shampooing.

You name your own price at Dimmitt Car Wash, from a quarter up.

A quarter in the slot at either of the two self-service wash bays will get you five minutes of hot, sudsy wash water and clear rinse water through a jet wand. These bays are large enough to handle anything from a lawn mower to a big grain truck.

If you have your tank filled with Shamrock

Trail Master (regular) or Cloud Master II (unleaded) before you have your car washed. A Turbo-Brush automatic wash costs you only 75 cents.

If you just want your car washed quickly, without a fillup, the price of a Turbo-Brush wash is just \$1.75. The Turbo-Brush not only cleans your car, but applies a cold wax during the washing process to give weather protection to your car's finish.

If you want to clean the interior of your car, you'll find a coin-operated vacuum cleaner and towel dispensers in the large service area between the wash bays and the exit.

With Dimmitt Car Wash so handy and economical, there's no reason to drive a dirty vehicle. Just turn in at the big red building on North Broadway—it will only take a few minutes.

We appreciate the opportunity to help you with your grain handling, storage and marketing.

COOP

Tell Your Friends...October Is

NATIONAL COOPERATIVE MONTH

COOPERATIVE a good word for a GOOD IDEA

And you can't keep a good idea down. All over the world people are working together, to make life better for themselves and others.

In our own country, millions share ownership in cooperatives of all sorts—from city apartment co-ops to rural electric co-ops.

So what makes a co-op different? This: it serves the people who own it at cost. Each consumer-owner has a voice in running the co-op; one member, one vote.

October is Co-op Month. All over the country, the people of America's cooperatives are committed to working together for a better tomorrow. We are proud to help carry out this pledge.

We Are Pleased That We Have Had A Part In Making Rural Life In This Fine Area More Enjoyable
And More Profitable, And Join With Our Member Families In Observing National Cooperative Month During October.

HELPING TEXAS GROW

SPIRIT PARADE LEADING TO NAZARETH'S BONFIRE PEP RALLY THURSDAY
... In pickup are Spirit King and Queen candidates —Photo by Shelly Cross

CONTINUING THEIR EDUCATION—More than 1,400 Texas Tech University women students list their age as over 25, and many younger wives are also commuting students. Among the women who decided to return for more education are, left to right: Mrs. Rodney D. [Nora] Hutto, who commutes from Dimmitt to complete work for the doctoral degree in higher education; Mrs. Norman [Sheila] Morgan, Lubbock interior designer who is working toward a master's degree; and Mrs. Richard [Nancy] Barton of Lubbock, working toward a doctorate in higher education. Mrs. Hutto is a graduate of New Mexico State University and Mrs. Barton of Mills College, Calif., while Mrs. Morgan studied at Ohio State University before her marriage and finished her bachelor's degree work at Texas Tech. [Tech Photo]

Birkenfeld, Mary Louise and Lynette Schulte attended the wedding of Elaine Kern in Waterflow, N.M. Saturday which took place at the Sacred Heart Catholic Church. After a wedding trip they will be at home in Phoenix, Ariz. Elaine attended school in Nazareth a few years ago.

FATHER Stanley baptized the Dickey Hoelting's baby boy Sunday after the second Mass. He was named Ryan Neil, and the sponsors were Mr. and Mrs. Edwin Huseman.

Mrs. Pat Brockman and children of Friona visited in Nazareth Monday.

The Class of 1965 held a class reunion Saturday evening at the American Legion Hall. The evening was spent visiting and recalling the past.

Jackie Book spent the weekend in Dallas with a classmate. While she was there they attended the State Fair and Dallas Cowboy vs. Green Bay Packers football game on Sunday.

WINNERS of the Punt, Pass and Kick Contest from Nazareth in the County were Duane Acker, first for 13-year-olds; George Hochstein, first for 10-year-olds; and Russell Hoelting, first for nine-year-olds. Mrs. Hochstein took these boys to Amarillo to compete last Saturday and George Hochstein won second place.

KAREN and Peggy Book from WTSU were home over the weekend and brought two girl friends home with them, Denise Caraway and Linda Parrish.

The Home and School Assn. held their monthly meeting Monday evening. The program was given by the High Plains Epilepsy Assn.

Mrs. Sybil Steffens has been visiting her son and daughter-in-law, Mr. and Mrs. Bobby Steffens, in Heath (Rockwall County). She has been helping them with their new baby boy. He weighed 10 pounds, 9 ounces and was 22 inches long at birth.

EVERY man has a right to his opinion, but no man has a right to be wrong in his facts. —Bernard Baruch.

Nazareth NHS Homecoming dinner draws big crowd Sunday

By AGNES BROCKMAN
Nazareth's Parent-Teacher Association served the Homecoming dinner Sunday in the school cafeteria. A very good crowd attended. During the afternoon Open House was held at the School.

The weather is still very dry here and we still haven't had but a light frost, and that was in just several low places. Some of the farmers are finished with harvesting their maize and corn. There are still sugar beets, sunflowers, some milo and all the cotton to be harvested yet. The wheat is needing moisture and farmers may be short of grazing for their cattle.

The Catholic Daughters of America attended the evening

Mass Sunday evening and offered it up for the intention of the members. After Mass the annual birthday supper was served at the community hall. Films were shown taken by the members who made the trip to Italy a few weeks ago. Later members played cards and visited.

Mr. and Mrs. Paul Venhaus, Mr. and Mrs. Albert Venhaus, Helen Backus and Agnes Brockman attended the wedding Saturday in Happy of Marilyn Venhaus and Herbie Crowell.

Weldon Wilhelm and a buddy of his from Wichita Falls spent the weekend with his folks, the Jerry Wilhelms.

GENE and Ann Kern went to Corpus Christi over the weekend on business.

Mrs. A. P. Hoelting and Genevieve Miller of Plainview went on a Foliage Tour through New Mexico last week.

The Gerald Brockman family of Denver City were weekend guests of Ida Birkenfeld and the Lon Brockmans.

The H. D. White family of Amarillo spent Sunday with Mrs. Max Acker.

ED HUSEMAN of Cody, Wyo., and Mike Huseman of Omaha, Neb., spent last week with the Charles Hecks and helped with the harvest on his farm.

The James Wilhelms, Bob Husemans and Ernie Brockmans were square dancing in Plainview Saturday night.

Several of the Walter Kern children, Patty Hochstein, Vick Kern, Rose Warren, Sammy

Home and hobby

Here are delicious ways to serve pears

By IRENE KEATING

This is a busy time of year for everyone with harvest and all the other activities. It is also the time of year when apples and pears are in plentiful supply. Here are some ways to use fresh western bartlett pears in your menus. The average size pear has 75 calories so it is good for weight conscious persons.

CRUNCHY BAKED PEARS: Halve and core 3 fresh bartlett pears. Dip cut sides of pears in mixture of 3 tablespoons melted butter and 1 tablespoon lemon juice. Then dip pears in 1 cup cornflake crumbs. Place pear halves in a shallow baking dish and bake at 350° for 30 minutes or until tender. Fill centers of pears with currant jelly. Serve as an accompaniment to sausage or ham for breakfast or brunch.

HOT PEAR SUNDAES: Core and slice fresh bartlett pears, leaving skin on. Saute in brown sugar, butter and nutmeg until glazed and tender. Spoon over ice cream.

BAKED PEARS FOR MEATS: Halve and core four fresh bartlett pears. Place in shallow baking dish. Combine 3 tablespoons lemon juice with ½ cup honey and pour over pears. Sprinkle with cinnamon and dot with butter. Bake at 350° for 25 minutes, basting occasionally. Serve warm as meat accompaniment.

CHOCOLATE PEAR KUCHEN: 4 cups sliced unpeeled fresh western bartlett pears
2 tbslp. lemon juice
1½ cups flour
3 tbslp. sugar
¼ tsp. salt
½ cup butter
2 tbslp. flour
1 sq. semi-sweet chocolate.

grated
¼ cup sugar
¼ tsp. cinnamon
½ cup chopped nuts
2 tbslp. butter

Toss sliced pears with lemon juice. Sift together 1½ cups flour, 3 tablespoons sugar and salt. Cut in ½ cup butter until crumbly. Pat into bottom and sides of 8" square baking pan. Sprinkle with 2 tablespoons flour. Arrange pear slices over pastry. Sprinkle with mixture of chocolate, ½ cup sugar, cinnamon and nuts. Dot with 2 tablespoons butter. Bake at 400° for 30 minutes.

Shower honors Cindy Scoggin

Cindy Scoggin, bride-elect of Donald Wayne Ballew of Amarillo, was honored with a bridal shower in the home of Mrs. C. G. Maples Sr.

IN THE receiving line were the hostess, the honoree and her mother, Mrs. Wilma Scoggin, her grandmother, Mrs. H. T. Bartlett, and Ballew's mother, Mrs. Bill Ballew of Memphis. Debbi Dannevik registered the guests. Doris Petty, Trudy Jackson and Lisa Smith served coffee, spiced tea, party sandwiches and cookies from a table that was covered with a lace cloth over gold. The centerpiece was an arrangement of fall flowers and gold candles. Twenty-four ladies assisted with hostess duties.

Miss Scoggin and Ballew will be married Saturday, Nov. 8, in the First Baptist Church of Dimmitt.

Night WMS studies Paul

Members of the Night WMS of the First Baptist Church discussed Paul's letters to the Thessalonians at last week's meeting in the home of Mrs. Irene Carpenter.

DISCUSSION leaders were Mmes. Connie Ivey, Beral Hance and Serena Teague. All current officers were re-elected for the coming year.

Mrs. Carpenter served refreshments to Mary Edna Hendrix, Billye Wesson, Winona Bunch, Alyne Maynard, Jimmie Pinner, Ettie McDermitt, Connie Ivey, Beral Hance, Serena Teague and Maxine Myers.

For their November meeting, members will go to South Hills Manor to present a musical program.

Style show set at Hart

Hart's Chi Psi chapter of Beta Sigma Phi sorority will hold a style show with a Bicentennial theme at 7:30 p.m. Nov. 11 in the Hart Elementary School gym.

Twin mothers' meeting called

There will be a meeting for mothers of twins or triplets Tuesday from 3:30 to 5:30 p.m. at the Caison House in Hereford.

CLOTHES to be modeled will be furnished by the Village Shop of Dimmitt. Admission is \$2.25 for adults and \$1 for children under 12. Door prizes will be awarded. All proceeds will go to the Hart tennis court fund.

A GUEST speaker will present the program, and there will be a twin exchange of clothing, toys and equipment. All mothers of twins or triplets are invited to attend. For more information, call Chris Maples at 647-5227.

THE WORLD hates change, yet it is the only thing that has brought progress. —Charles F. Kettering.

By end of junior year, student nurse is certain

By JUDY TOLK

In the junior and senior years, nursing is more than a major at West Texas State University, it is a profession. GRADUATES of the WTSU baccalaureate nursing degree program will have devoted more than 1,500 hours outside the classroom to learn how to take care of all age groups in many different crises. This is in addition to the six to nine hours each week of classes.

Dimmitt senior Vicki Carpenter, daughter of Mr. and Mrs. Don Carpenter, is currently working in Northwest Texas Hospital's infant intensive care unit.

"The first semester juniors study the normal developmental crises," says team coordinator Betty Henry, "or the normal

events that occur through a person's lifetime. One of the clinical experiences is maternal child nursing."

DURING this semester the students are assigned an expectant mother who will deliver within a few months. They go with her on her visits to the doctor, to the delivery room and then care for her after the child is born. In addition, clinical experiences are provided in the obstetrical area in the hospital. The juniors also visit newborn nurseries, day care nurseries, public schools and rest homes.

"Junior students are taught how to assess patients' health needs and to observe what is normal for an individual in a certain age group," Mrs. Henry says.

The second semester of the junior year deals with caring for patients who are experiencing unexpected events in their life cycle. By this time, the students are spending 24 hours each week in hospitals and other health care facilities.

"WE EMPHASIZE total patient care in this semester," Mrs. Henry points out. "The students learn how to deal with the less complicated conditions that occur."

They are assigned to medi-

cal, pediatric and psychiatric units for three eight-hour shifts each week. Selection of patients for care is made in relation to course objectives.

Situational crises is the emphasis of the senior year in nursing.

"SENIOR students care for the critically ill patient, and learn the more complicated nursing procedures," Mrs. Henry says.

Time is spent in emergency rooms, coronary care and intensive care units, assisting in the treatment of patients admitted to these areas.

During the last semester of their senior year, students are given team leadership experiences with the guidance of an instructor in the hospital setting. Nursing experiences in community health centers are also provided during this semester.

Miss Hutto takes student trips to Austin and Dallas

Karen Hutto of Dimmitt, a fashion merchandising student at South Plains College in Levelland, attended a leadership training conference in Austin last weekend and will visit the Dallas Apparel Mart and Neiman Marcus this weekend.

THE AUSTIN conference was held by the Distributive Education Clubs of America. Miss Hutto attended as treasurer of SPC's Sales and Marketing Club, along with 12 other SPC students and three instructors.

This weekend Miss Hutto and 10 other fashion merchandising students will tour the Dallas Apparel Mart—third largest clothing market in the US—with separate visits to Neiman Marcus' "Fortnight in Italy" promotion, the J. C. Penney buying offices, clothing shops, a new shopping center, the Russel Newman manufacturing firm in Denton, and a fashion museum.

Bulb planting is club topic

If you want to have tulips, daffodils, hyacinths and other spring-blooming bulb flowers, now is the time to plant them.

THIS WAS the advice given at the regular meeting of the Dimmitt Garden Club last Wednesday in the home of Mrs. Sid Sheffy.

Mrs. George Bradford gave points on the best way to plant and fertilize all bulbs.

Mrs. Bill Behrends conducted a short business meeting. Prune cake and coffee were served to the 10 members present.

RESEARCH studies indicate that both middle class and working class parents are concerned about social position for their children. But middle class parents are more likely to value internal standards, or social regulators, such as honesty, obedience, self-control and consideration of others.

Club changes meeting date

The Oct. 23 meeting of the Town & Country Home Demonstration Club has been rescheduled for Oct. 30.

AT THE last meeting, club members had a program on child abuse, featuring the film, "Wednesday's Children," and a question-answer session.

After committee reports were given, the club voted to have a food booth in the Dimmitt Lions Club Halloween Carnival. Kathy Goolsby will be chairman, with Margaret Womack, Naomi Scarborough and Melba Sanders as members of the booth committee.

Sixteen members and seven guests attended the meeting. Martha Isaacs and Cindy McDaniel served refreshments.

Tuesday is deadline for ASC nominations

Only a few days remain to nominate farmers as candidates in the upcoming ASC community committee elections, reminds Charley Hill, county executive director.

TUESDAY is the deadline for nominations.

First duty of the newly elected community committee members will be to serve as delegates to elect new members to the County ASC Committee. Hill reminds producers that this is an important occasion for the responsible, farmer-chosen team of ASC community committeemen.

The ASC community committee election will be conducted by mail from Nov. 21 to Dec. 1. By turning in a total of six or more petitions, farmers in each ASC community have the opportunity to prepare the slate of nominees themselves. Hill said he hopes that farmer will submit enough valid petitions to

fill the slate. SHORTLY after Oct. 28, all petitions will be reviewed. If six or more valid petitions have been received for an ASC community, the county ASCS office will prepare a slate containing the names of all eligible nominees. If less than six valid petitions are received for any ASC community, the job of the slate completion will be turned over to the incumbent community committee, which will add the number of nominees needed to complete the slate.

The County ASC Committee will review all community slates prior to the mail election and will advise all candidates of the duties of the ASC committeemen.

To submit a valid petition, three or more ASC farm voters must sign a statement endorsing an eligible candidate. The statement must include certification that the nominee will serve if elected. Petitions must be dated and mailed or hand-delivered to the county ASC office no later than Oct. 28.

THE opportunity to nominate, vote, and be elected to office in the upcoming ASC committee election is guaranteed to all farmers regardless of race, religion, sex, color or national origin.

Mrs. Parish's mother dies

Funeral services were conducted in Earth Saturday for Mrs. Beatrice Ann Hinson, 78, mother of Mrs. J. E. Parish of Dimmitt.

MRS. HINSON, a pioneer Springlake resident, died Friday.

Services were at 5 p.m. Saturday in the First United Methodist Church of Earth with Rev. Bill Watson, pastor, officiating. Private burial followed in the Springlake Cemetery, directed by Parson-Ellis-Singleton Funeral Home.

Born in Dell City, Iowa, Mrs. Hinson lived in Springlake 66 years. She came to Texas with her family when she was 12 years old, and married James Hinson in 1918.

SHE WAS A school trustee, served as president of the Parent-Teachers Association, was a member of the Town and Country Study Club, and was president of the Old Settlers of Lamb County.

She is survived by her husband, Jack; a son, James Kenneth of Springlake; a daughter, Mrs. J. E. Parish of Dimmitt; two sisters, Mrs. L. V. Bentley and Mrs. Mable Bore, both of Amarillo; eight grandchildren and one great-grandchild.

The family has requested that any memorials be in the form of contributions through the Earth Citizens Bank to start a scholarship fund for a Springlake girl.

Widow of Hart founder dies

Graveside services were conducted Oct. 13 in Lawn Haven Memorial Gardens in Clovis for Mrs. T. W. Hart, widow of the man for whom the city of Hart was named.

MRS. HART died Oct. 12 in a Clovis hospital. She was 92.

The former Elmira D. Robinson, she graduated from North Texas State Teachers College in Denton and taught in the Canyon and Plainview school systems before becoming the teacher at Lone Star School, four miles south and one mile east of Hart, in 1911. She taught many of Hart's present residents.

Mrs. Hart was a member of the Church of Christ in Farwell, where she made her home for several years.

IN ADDITION to her stepson in Hart, she is survived by a daughter, Madeline Hart Dutton of Huntsville, Ala.; two stepdaughters, Ann Hart Dixon of Pampa and Fannie Hart McCoy of Austin; two brothers, Albert Robinson of California and R. O. Robinson of Clovis; two sisters, Mrs. Lois Saxton of Clovis and Mrs. Laura South of San Angelo; and a granddaughter, Debra Dutton of Huntsville, Ala.

A MAN who won't lie to a woman has very little consideration for her feelings. —Olin Miller.

LIBERAL BUDGET TERMS... LOW MONTHLY PAYMENTS!

Amstar buys Milwaukee Tool in \$30 1/2 million transaction

Robert T. Quittmeyer, president of Amstar Corp., and Jack R. Jaeger, president of Milwaukee Electric Tool Corp., have announced that they have reached an agreement in principle for the acquisition by Amstar of Milwaukee Electric Tool. Under the proposed terms, Amstar is to pay \$30.5 million for Milwaukee Electric Tool.

Maker and marketer of portable electric power tools for industrial use, such as drills, hammers, routers, grinders, sanders, saws and other related products. In 1974, the company's sales were approximately \$47.4 million.

Quittmeyer said the proposed acquisition is a further step in Amstar's program of diversification into the industrial equipment business. Amstar now manufactures hoists, jacks and other industrial lifting equipment through its Charlotte-based subsidiary, Duff-Norton Co., Inc. The Perfecting Division of Duff-Norton also manufactures fluid power components.

Jaeger said, "We are pleased at this opportunity to join the Amstar organization, and we are confident that the proposed acquisition will strengthen Milwaukee Electric Tool and provide us with a strong base for future growth and expansion."

AMSTAR is the nation's largest manufacturer of nutritive sweeteners. Its sugar products are sold under the Domino* and Spreckels* labels. The company also is a producer of corn sweeteners (refined at its Dimmitt plant), and food service and paper products. In fiscal year 1975, which ended June 30, Amstar's sales were approximately \$1.7 billion, of which \$170 million came from its Duff-Norton, Hoffmaster (paper products) and Food Service operations.

WASH FILTERS of range ventilating hoods frequently with a sudsy stiff-bristled brush. This dislodges grease, keeps the unit operating efficiently and prevents a possible fire. Mrs. Janice Carberry, family resource management specialist with the Texas Agricultural Extension Service, advises.

business and industry

On Wall Street
By Bob Hill
A. G. Edwards & Sons, Inc.

If you get a phone call one of these days offering you a "chance of a lifetime" deal on 1/32 or 1/64 of an oil lease for as little as \$500 or \$1,000, tell the salesman to send you some material on the deal so you can study it. After receiving the material (it's doubtful you will receive anything), drop a line to the state securities board in Austin asking if the offering is legitimate. Chances are it isn't because this is a popular way for unscrupulous promoters to fleece the public, using a loophole in the 1933 Securities Act.

A PROMOTER buys the oil and gas leases, gets a supply of telephone directories of northern cities, rents a room, gets phones installed, hires salesmen and calls all the likely prospects in sight, especially membership rosters of local bar associations and medical societies. A boiler room operation like that will often sell fractional interests in as many as 50 different oil and gas leases at a time. Telephone bills of \$35,000 are not unusual and a

fast talking, glib salesman, experienced in selling everything from Bibles to encyclopedias, can make as much as \$50,000 a year hustling people on the worthless leases. Michigan is a favorite target of the promoters, although plenty of the interests have been sold right here in Texas. Some of the promoters have gotten into school and factory systems selling interests broken down into as small an amount as 1/1000 in one Flint, Mich., factory.

State securities laws usually require registration of the oil and gas leases with the state securities department prior to sale, but most of the promoters ignore the law, preferring to peddle the worthless lease interests over the phone. And it works like a charm. In 1974 loophole oil and gas deals totaling over \$156 million were filed. You can bet they were all sold.

TEXAS USED to be a favorite haunt for the promoters.

Chemical Institute cites Bob Hand and Dr. Bennett

Bob Hand of Dimmitt and Dr. William F. Bennett, former Dimmitt resident, were honored recently by the West Texas Agricultural Chemical Institute for their outstanding contributions to the agricultural chemical and fertilizer industry.

Hand was cited for his promotional work while he was the Agricultural Dept. manager of the Lubbock Chamber of Commerce. He now operates Handy Ham Feeders (formerly High Plains Pork), the largest commercial swine-feeding operation in Texas.

Dr. Bennett, who is a professor of agronomy and associate dean of Texas Tech's College of Agricultural Sciences, was cited for his research work in soil science and resultant contributions to the chemical fertilizer industry and to West Texas agriculture in general.

DR. BENNETT, former chief agronomist and plant manager for Western Ammonia here, has been the author or co-author of almost 30 technical research reports in the form of books, booklets, pamphlets and Extension Service bulletins. His research and writing have covered a broad spectrum of soil science and agricultural economics.

In addition to his research and teaching, Dr. Bennett has served as an advisor or committeeman in 13 different fields for the university, governor's office, student organizations and industry. He was listed in Outstanding Educators of America in 1971 and American Men & Women of Science in '72, was named an Honorary State Farmer by the Texas FFA in 1973, was listed in the Dictionary of International Biography and Men of Achievement last year, and is listed in Who's Who in the South and Southwest.

ALSO honored at the conference was Harry Igo, Plainview chemicals dealer, elevator owner and rancher.

Fred Kuntz, owner of Flagg Fertilizer, is a director of the West Texas Agricultural Chemical Institute.

Bicentennial Farm Feature
Colonial Plowman Was First Custom Operator

Custom operators — those who perform a specialized service for others in farming — are not a new development in American agriculture.

In fact, as far back as early Colonial days, there were custom operators at work in the settlements of the New England and Mid-Atlantic areas.

The original custom operator was the community plowman.

Although they were the most basic of farming implements, plows were very scarce in the Colonies. The Plymouth Colony did without plows for more than 12 years and farmers depended entirely on hoes and mattocks for breaking the soil.

Likewise, the Swedish Colony along the Delaware had few plows. But these implements were in greater supply on the farms of Massachusetts Bay and around Philadelphia.

Due to their scarcity, a plow soon became a sign of agricultural distinction. The services of a plowman were in great demand.

Many towns paid bounties to farmers who had plows and kept them in operating condition.

Braddock's dairy herd wins awards

Dairy cattle owned by Vincent Braddock of Dimmitt earned nine awards in the Brown Swiss Division of the Pan American Livestock Exposition during the State Fair of Texas in Dallas.

BRADDOCK cattle competed against other top Brown Swiss entries from Texas, New Mexico, Oklahoma, Kansas and Arizona.

Award-winning animals from the Braddock dairy herd included:

- Brad-Lou Stretch Jeff, second place, two-year-old bulls.
- Brad-Lou Max Destiny, fourth place, senior yearling bulls.
- Brad-Lou King, Flossie, third place, junior yearling heifer.
- Brad-Lou H.R.J. King, fifth place, junior get-of-sire.
- Dairy Herd, fifth place.
- Best Three Females, fifth place.

A SMART cat would eat cheese and breathe down the rat hole with baited breath.

IF PEOPLE do not possess the capacity to govern themselves, they are inevitably governed by others. —Morley

Over 1,600 delegates are expected to attend the 54th National 4-H Congress, Nov. 30-Dec. 4 in Chicago.

Murdock gets service award

Bobby Murdock of Dimmitt was among 93 Southwestern Public Service Co. Southern Division employees honored Tuesday night in Lubbock at an awards dinner. Members of the group were honored for periods of service ranging from five to 40 years.

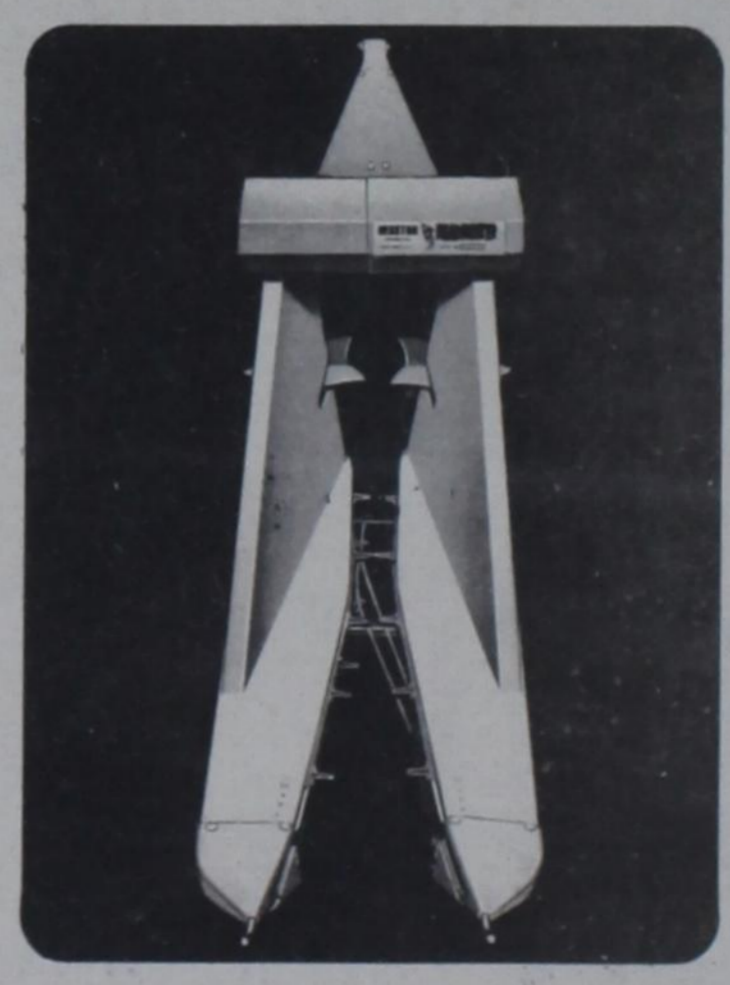

MURDOCK was presented an award by Roy Tolk, chairman and president of the electric company, for 15 years of service.

This was the first of four service award dinners to be held throughout the company's territory. 312 employees, with a combined service of 4,855 years, will be honored.

WHETHER YOUR CROP IS STANDING or DOWN

HESSTON ROW HARVESTERS

are the best "Crop Insurance" you can buy!

Save up to 90% of downed crops with a Hesston Row Harvester. In fields considered lost to conventional harvesting methods, the Hesston Row Harvester has demonstrated that it can "save" downed crops. It can pay for itself many times over in just a single drought-lodged field, or one leaning or even flattened by storm.

In normal harvesting conditions the Hesston Row Harvester eliminates reel shatter and "slobber." Experience in the heavy sorghum areas shows that you get more grain with the Row Harvester than you get with straight combining...enough in fact, to more than pay for one quickly.

Easy Adjustment Matches Row Harvester To Crop Conditions

Harvest up to 8 rows of standing or down crops planted as close as 24" or on double rows.

Noses Open Wide for Standing Crops Use Narrow Nose Opening for Down Crops

SIMPLE ADJUSTMENT lets you set the noses wide for high speed operation in up to 8 rows of standing crops planted 24" or wider and in double rows. When crops are down, set the noses narrow to get at the base of every stalk.
