ROBBER CAUGHT BY TWO COUNTRY BOYS

AND SECURED ROLL OF BILLS-IN JAIL.

They Thought Him a Policeman at First, But Managed to Block His Game.

Travers Keyes of this city is in jail today on a charge of robbery as a result of an affair last night participated in by himself, a man named Johnson and two Ellis county boys, Frank Morgan and Lang Anderson. The two boys were robbed of nearly \$100, but were game enough: to recover it and captured the would-be robber, who had impersonated an officer.

and Anderson and took them to the tent show, after which they were led down past the Wichita Mill and up the Valley tracks, being told that that was the short cut to town . As they passed a box car, Johnson sat down to remove shoe, however, but in his sock, and another man came strolling along. What are you boys doing here?

he inquired roughly. The boys replied that they had been to the show and expected to go back to Fort Worth on the early train. To this the officer replied that he believed they were trying to steal a ride and that they were under arrest. He seized them and started back up the track. When he passed in the shadow of a box car he stopped and began to search the boys. It was not until he had taken Morgan's purse, containing about \$90, and started away, that the boys realized that he was no officer. They called for a policeman and started in pursuit, soon overtaking day, the robber. With Anderson's knee on his chest pressing him to the ground, the man gave up the money, first making a bluff about killing the boys if they fooled with him.

in the meantime caught Johnson and the couple were turned over to the authorities, being placed in the county jail. The boys recovered practically all of their money. The examing trial of the arrested men will probably be held today.

Dr. Frank Fanning \$1,000 PROPOSITION

Now in Wichita Falls, Texas, and Will Remain Two Weeks. Read His Marvelous Record of Healing.

Amarillo Patients Endorse Dr. Fanning.

Amarillo, Texas, Sept. 18, 1909.

With gratitude I give this testimony to the healing power of Dr. Frank Fanning, for he cured me after medicines and Hot Springs had falled. I have been a great sufferer from indigestion and stomach trouble for the past ter years. I had tried many doctors, besides spending several winters in Hot Springs, Ark., under the best medical skill with but little benefit. About three months ago I received one of Dr. Frank Fanning's circulars, and, like ever one else, I was skeptical until I received the testimonial of Mrs. L. E. Randall had spent two winters in Hot I knew here condition and when I read her testimony to her cure, I was convinced, because I knew her quite well and that she would not say anything that was not rue, so I went to Amarillo at once and began treatment. At this time I was a great sufferer, spitting up everything I ate at every meal, also constipation, gas on my stomach; would hiccough every night almost half the night. No one can realize my awful suffering from these conditions.

I began to improve from the first treatment, and am glad to say that after a course of treatment from Dr. Fanning I eat and sleep well, everything agrees with me, no more vomiting; no more gas on my stomach; no more hiccoughs, and constipation cured, and I shall always be glad that I came to Dr. Fanning and was relieved of my suffering. Gratefully yours, MRS. T. M. CUNNINGHAM

GRANDFATHER'S GREAT JOY OVER BABES REMARKABLE CURE. Amarillo, Texas, Sept. 7, 1909.

To the Public:

I wish to state that Dr. Frank Fanning cured me in two treatments, without medicine, of a back and kidney trouble of about one year's standing. have had no recurrence of the trouble.

But more remarkable still, was the cure of my grandbaby, Little Frances Browning. When we brought her to Dr. Fanning she was one year old. She had been under care of doctors ever since birth. She could not sit alone nor even hold up her head, which would fall to one side when held in sitting position. Her skin was blue from poor circulation. She had bad digestion. Physicians said her condition was the result of non-development of the bones; bones being too soft to support her weight. She also suffered with abcess in both ears, causing continuous running of the ears. From this pain she cried almost constantly. In fact, when we brought her to Dr. Fanning none of thought she would live. But to our great joy she began improving from the first treatment. She has gained several pounds, eats and sleeps well; all discharges of the ears stopped, and can sit alone and play for hours like any other child. I do believe he saved our baby's life, and words cannot express our great joy and deep gratitude over this wonderful cure of our baby.

1410 Buchanan Street.

Amarillo, Texas, Aug. 6, 1909.

To the Public:

It gives me great pleasure, as a patient of Dr. Frank Fanning, to endorse him as a gentlemtn and a most wonderful healer. When I was almost dead from my lungs and liver, he cured me, without a drop of medicine, in less than a month's treatment. For the past fifteen years I have been very pervous, and some two years ago I had a breakdown from a severe cold, which settled deep down in my lungs. I had hard coughing spells both day and night, and would raise great quantities of pus—just like consumption. To add to my great suffering my liver became dormant and produced constipation, and for two long years I have been under different doctors, and they failed to cure me, and I was a most helpless man. As an almost dying man I had to turn from medicine and try something else. When I put myself under Dr. Fanning's most wonderful treatment my complexion was the worst you ever saw. Now behold a changed man! Dr. Fanning made my old torpid liver act, saw. Now behold a changed man! Dr. Fanning made my old torpid liver act in four of his treatments. As it were, his hands seemed to hold within them healing balm for my lungs for in ten days my cough all stopped and I stopped raising pus. The doctors told me I was going into consumption.

But the strangest of all, the healer's fingers seemed full of calomel, for

Here is the change from the above in just one month; I have gained just 17 pounds, liver perfectly natural and constipation all gone, my com-plexion as clear as a boy, never cough, sleep well, eat everything I want and it don't hurt me—gained lots of strength and my old nervousness of 15 years all gone. I am willing to make oath to the above and anybody is at liberty to write me and I will gladly answer any questions as to my case, or of Dr. Fan-WILLIE MILLS.

FEMALE TROUBLE CURED.

Amarillo, Texas, Sept. 2, 1909.

To Any Young Lady: Some two years ago, I had a severe case of typhold fever, came near dying, and ever since I have had the most painful menstruations and bearing down pains, with falling of the womb, was in fact, a great sufferer. Had to go to bed and do everything I could to get relief during my sick-time. Now, after a course of treatments from Dr. Frank Fanning, I most gladly say, he cured me, and my periods come on and pass off without a pain, and I most cheerfully endorse him as a great healer.

Yours gratefully. Yours gratefully, MISS MARY KUEHN. 1612 Polk Street.

FEMALE COMPLICATIONS CURED.

Amarillo, Texas, Sept. 8, 1909.

I have had a pain in my side or ovary for more than ten years. About ine years ago, after the birth of my first child, there developed falling of womb and all these years I have suffered continuously, until I came to Dr. Frank Fanning, who cured me in about two weeks' treatment. I have passed through my last two periods without pain, and find much pleasure in recommending Dr. Fanning to all sufferers. Respectfully.

Dr. Frank Fanning Not Only Cures His Patients But They Stay Cured

KINDLY LETTER FROM MR. C. A. STEARNE, CITY SECRETARY OF

Palestine, Texas, February 26, 1901.

Dr. Frank Fanning, City: Dear Sir: Among your numerous friends I welcome you back to your old home and take this occasion to renew my thanks for the service rendered me long ago. You will remember when on a visit to your relatives here some ten years since, you found me on crutches suffering with an aggravated case of inflammatory rheumatism, my right knee and foot badly swollen, you gave me a treatment which gave me great relief and after the third treatment I laid aside my crutches and for ten years have been perfectly clear of rheumatism. I have not had the pleasure of meeting you since your arrival in this city, but will call on you in a few days. Wishing you success, I remain,

Truly your friend, C. A. STEARNE.

REMAINED CURED FOR FIFTEEN YEARS.

Palestine, Texas, March 19, 1901.

For the benefit of suffering humanity I submit the following: In September, 1885, I was taken with dengue fever during the great epidemic, was confined to my bed for three weeks; after getting up I find that both arms were paralyzed so badly that I could not even feed or dress myself. I was absolutely helpless. After having been in this condition for three weeks, Dr. Fanning commenced to treat me. After two treatments life was returned to my arms, my paralysis was entirely gone and I was completely restored to health so that I went to work at my trade immediately after my second

TOTALLY PARALYZED.

San Antonio, Texas, March 6th, 1901. I take pleasure in recommending Dr. Frank Fanning, the great Magnetic Healer to all the sick and afflicted. Years ago my little girl was paralyzed all over —could not move a finger or toe, could not turn over in bed for one year and a half when I called in Dr. Fanning, who cured her without the use of a single dose of medicine, which I regard as marvelous. And the best of it is my daughter has remained cured ever since, it being over ten years sinie she was cured, and is now a strong and well young lady. I can never do or say too much for Dr. Fanning for saving my child's life. Gratefully,

the vulgar, slap-stick order, but one with a plot and merit in dialogue and situation, and that will please all classes of theatre-goers, from the most refined to the gallery god, is what Mc-Fadden's Row of Flats is. This is the comedy that the New York Journal called the "18-carat" and during its New York run attracted the most enthusiastic audiences seen since the days of Harrigan and Hart, when they were giving their series of plays of New York life.

The great reason for the success of this comedy is that all the characters are drawn from actual life, and in every city of the country prototypes of the people represented are to be seen, and are well known to their fellow-men. Alex and George will be easily recognized as personal friends of every auditor and the wonder is how the author could so analyze these two characters to portray their good and bad qualities so truthfully. You will laugh at familiar scenes and talk, and a lingering sensation of pleasant ter the visit to "McFadden's Flats." The specialties and musical numbers are scattered through the action of the comedy and are said to be pleasing to the eye and ear alike.

The comedy is well known, is an excellent one, full of rich, but harmless fun, and freely interpersed with all the latest hits of the day. The scenery is on a spectacular order and is carried complete for the production.

"McFadden's Flats will be at the Wichita Theatre next Monday, Sept. 27th. Seats can be secured at Bean & Huey's office.

We beg a small space in your valuable paper to express our thanks and gratitude to the people of Wichita Falls for the kindness shown us in the recent sad accident to our little son, Jack. First, we wish to thank the doctors and nurses for their careful and skillful work in the operation, and for their kindness and love shown the little fellow while at the sanitarium,

The Mineral Wells Index complains that 'genuine Old Scotch Whisky' is made from American corn. That fact ought to be a recommendation for it, but we will give you more definite information later on.

In a recent speech Taft said the Payne bill was the 'best ever.' That isn't so much of a puff for the Payne bill as it is a slam on the previous efforts at tariff legislation.

Evidence of the near approach of the millenium is again found, in the revoking of a San Antonio saloon keeper's license by the authorities. What size harp do you prefer?

> Only Seeking Information. The average New York boy is not a wonder of wit and wisdom, but most of them know a good thing when they ago one of them saw a sign in front of a Sixth avenue place, "Boy Wanted." He was looking for something was nobody in sight, and he stood gasing. Presently the proprietor, a most grouchy person, appeared.

"What do you want here?" he in quired with scant courtesy. "Well," replied the boy, disturbed by the man's manner and hesitating, "do

you want a boy here?" "That's what the sign says, don' it?" snapped the man

"Yep," responded the boy, getting his second wind. "Then we want a boy."

"Aw right," grinned the boy, backing away. "You git one. You can't have me," and he wiggled his fingers at the man and went out quickly.— New York Herald.

Tire Themselves Getting Ready. Washington Irving tells a story of a man who tried to jump over a bill. He went back so far to get his start for the great leap and ran so bard that he was completely exhausted when he came to the hill and had to lie down and rest. Then he got up and walked over the hill. A great many people exhaust themselves getting ready to do their work. They are always preparing. They spend their lives getting ready to do something which they never do. It is an excellent thing to keep improving oneself, to keep growing, but there must be a time to begin the great work of life. I know a man who is almost forty years old who has not yet decided what he is going to do. He has graduated from college and taken a number of postgraduate BARBER SHOP courses, but all along general lines.

He has not yet begun to specialize.

This man fully believes he is going to do great things yet. I hope he may.—

The Mineral Wells Index complains that 'genuine Old Scotch Whisky' is made from American corn. That fact ought to be a recommendation for it, but we will give you more definite information later on.

In a recent speech Taft said the Payne bill was the ... 'best ever.' That isn't so much of a puff for the Payne bill as it is a slam on the previous efforts at tariff legislation.

Evidence of the near approach of the millenium is again found, in the revoking of a San Antonio saloon keeper's license by the authorities. What size harp do you prefer?

About the meanest thing that has been said yet in the north pole controversy is that Peary and Cook are fighting like a couple of pole cats.

As an evidence of the advancing sentiment of the times, America didn't walt until after Cook was dead to honor him for finding the pole.

Only Seeking Information. The average New York boy is not a wonder of wit and wisdom, but most of them know a good thing when they see it. Also the contrary. Not long ago one of them saw a sign in front of a Sixth avenue place, "Boy Want-The much-vaunted empty jail in an- ed." He was looking for something was nobody in sight, and he stood gazing. Presently the proprietor, a most grouchy person, appeared.

"What do you want here?" he inquired with scant courtesy. "Well," replied the boy, disturbed by the man's manner and besitating, "do

you want a boy here?" "That's what the sign says, don't it?" snapped the man.

"Yep," responded the boy, getting his second wind.

"Then we want a boy." "Aw right," grinned the boy, backing away. "You git one. You can't have me," and he wiggled his fingers at the man and went out quickly.-New York Herald.

Tire Themselves Getting Ready. Washington Irving tells a story of a man who tried to jump over a bill. He went back so far to get his start for the great leap and ran so bard that he was completely exhausted when he came to the hill and had to lie down and rest. Then he got up and walked over the hill. A great many people exhaust themselves getting ready to do their work. They are always preparing. They spend their lives getting ready to do something which they never do. It is an excellent thing to keep improving oneself, to keep grow-ing, but there must be a time to begin the great work of life. I know a man who is almost forty years old who has not yet decided what he is going to do. He has graduated from college and taken a number of postgraduate courses, but all along general lines. TM. SIMS. PROP

He has not yet begun to specialize.

This man fully believes he is going to do great things yet. 1 hope he may.—

Getting Full Value For Your Coffee Money?

It isn't always done by getting a cheaper blend-that may reduce the cost per cup but does not usually increase the value per cup, in fact, it usually does the opposite. Now if you have your mind made up as to just the price you want to pay for coffee we can give you the most value for that price but-we wish you would give our 25c coffee a fair trial, for it is our honest belief that this coffee will give you the most real value for your money of any coffee in the city. regardless of price. It will cost you but 25c to proveour assertion and we will be glad to let (coffee name) speak for itself in your coffee cup. Let us send you a pound today.

Their hats were unstintingly admired by many visitors and were the objects of much praise. Music by Miss Helms was an enjoyable feature. We are Going to Give Twenty-six People an Opportunity to Own Their Own Homes by Paying a Small Cash Payment Down and Payments Monthly Without Interest

The Wichita Development Company owns twenty six modern bungalows on Burnett, Bluff and Austin Sts., between Third and Sixth Sts., which we have induced them to allow us to sell on easy terms, Wkhout Interest or Taxes, and on which they will carry the insurance until forty-eight monthly payments have been made.

These houses are well built; have concrete foundations; all chimneys built from the ground, and are all pleasing in appearance. They are close in the property beginning six blocks from the First National Bank. The ground is the highest of any portion of Wichita Falls which lies in the valley, as shown by the statement of City Engineer, Hinckley which appears in this advertisement. Cement sidewalks are laid over nearly all the property, and every house has a sewer running down alley in rear. The Gas Company has laid its mains down the streets. Each house is connected with city water. Free mail delivery and a school house within two blocks of the farthest house are among the advantages. The soil is deep and fertile and trees and lawns can be grown better than in most parts of the city. When these houses have been sold, as they will be, under these extraordinary terms, and the property is occupied by owners, who will be interested in its development, property values will double,

These houses are practically new, and rent from \$15 to \$20 per month, and at that, are the cheapest rentals in the city. On a house renting for \$15 you double the rent for 48 months and own the house without payment of interest. taxes or insurance, by paying a cash payment down of but \$100.00. On a house renting for \$20 per month you pay a larger cash payment but add only \$10 per month to your rental.

Net cost of house...... \$676.00 Total cost.....\$1,396 00

It is reasonable to suppose that with the growth of Wichita Falls the value of the property will have increased to \$2000.00, in which event the purchaser will have made a net profit of \$1324.00 on his investment.

Wild West Show constitute one of the sified institution which will pitch its tent here today. There are a score of these so-called 'bucking' horses, born with a spirit of evil combat and unrelenting resistance to human efforts at subjugation. The daily struggle of the cowboys to temjorarily subdue the brutes provide moments which stir the blood and fire the heart of every beholder.

Miller Bros. have brought from their 100,000-acre Oklahoma ranch a drove of four-footed beasts whose hostillity to man is imberd and irremidiable. They are 'buckers' by nature, whose hatred for the bridle and saddle increase with age and association. Unhampered, they are docile! With the the life and limb of the human being who approaches, and indifferent, in the savare passion which dominates them, to their own fate.

Despite the grim danger of the undertaking, the rough-and-ready men of the plains accept their daily tussle with a keen and exultant zest. The

arena is converted into an exaggerated corral and into it are herded the 'buckers,' ' their ears flattened, their wary eyes gleaming ominously, their clenched teeth flaring through circling lips, and every instant in revolt. The duty of the cowboy is to bridle, saddie and mount these quadruped desparadoes and stay astride until they have won a temporary victory or have been vanguished.

The apothesis of equestrianism is exhibited in the battle royal. Never is the 'bucker's' mode of attack and resistance the same. He may reel and topple backwards, dash off at breakneck speed and halt with bone-shattering suddenness, spring in the air, drop, rise again and descend with back in shape of a crescent anl legs stiff as steel, roll over with catlike quickness, or execute a dozen other malevolent maneuvers. He will never yield permanently to the mastery of man.
