## BULLISH REPORTS NOT IN EVIDENCE

GOVERNMENT REPORT SHOWS COTTON CONDITIONS BETTER THAN EXPECTED.

## FIFTY-EIGHT PER CENT

Ginners' Report Shows a Very Small Decrease—Situation is Quite Bearish.

By Associated Press. Washington, Oct. 4.—Surprise was in store for those cotton operators who had expected a bullish report from the government today on the crop situation. The report covering the cotton ginned to Sept. 25, follows: 1908—2,562,888 bales. 1909—2,590,639 bales. This shows the ginning for the two years to be very nearly equal, there being a difference of something over twenty-seven thousand bales in favor of last year. This small decrease has caused no little flurry, as there was no indication that the 1909 showing would be nearly so good. The crop board of the bureau of statistics of the department of agriculture estimates that the average condition of the crop on September 25th was fifty-eight and one-half per cent of normal, as compared with sixty-three and seven-tenths per cent on the same date last year.

By Associated Press. New Orleans, Oct. 4.—As soon as figures, 58.5, on the cotton condition were received here, the realizing longs sent the market down twenty points. The report is within two-tenths of a point of the lowest on record.

By Associated Press. New York, Oct. 4.—After receipt of the government report, cotton became excited on the exchange here today, but the market is irregular with the prices easing off to within three to seven points of last Saturday's final, with tremendous realizing.

## CHICAGO CAPITALISTS VISITING HERE TODAY

A party of Chicago capitalists are the guests of a number of Wichita Falls' business men today, and are spending the day going over this city and the contiguous country. The visit of the party to this city is for the purpose of looking over the local situation with a view to making investments. The party is here in a private car, chaperoned by Vice President Keeler and General Freight Agent Stanley of the Fort Worth and Denver. The party is being shown over the lake and other local attractions and will spend all of today in this city. They are the guests of Messrs. Kemp and Kalk.

## PROHIBITIONISTS MEET TONIGHT.

Question of County Election is To Be Considered.

Prohibitionists from Iowa Park, Electra, Burkburnett and other county localities will be here tonight to attend the meeting of Wichita county prohibitionists which will be held at the court house to consider the advisability of an election. A large representation of prohibitionists is expected to this meeting and plans for the campaign will probably be formulated.

## DECLARATION OF WAR NOW SEEMS IMMINENT

By Associated Press. Madrid, Oct. 4.—The extension of field operations in Africa to which the government is committed by the dispatch of reinforcements to General Marina was further complicated today by the possibility of a regular declaration of war between Morocco and Spain.

For first-class and up-to-date dress making, see Miss Bryan, with the Grand Leader Millinery, in the Vreeland building, on 5th street. 123-61c

## KILLED AT HILLSBORO.

Fatal Result of Attempt To Jump From Moving Train. Texas News Service Special. Hillsboro, Oct. 4.—Bert Walton, aged thirty-two, was killed early yesterday when he jumped from a Cotton Belt train near Hubbard City. He was returning from Axtell and attempted to alight from the coach opposite his home on the edge of the city. His foot caught on the platform steps and he was dragged under the cars and was dead when assistance reached him.

## MAY BUE CIRCUS.

State Revenue Agent Going After Ringling Bros. Texas News Service Special. Dallas, Oct. 4.—State Revenue Agent McDonald is here today, and, it is reported, will proceed against Ringling Bros. Circus for failure to pay taxes due the state for performances two years ago. It is rumored an attachment will be served. The circus is exhibiting here today.

## POPE IS BETTER.

Passed Good Night and Will Resume Audiences. By Associated Press. Rome, Oct. 4.—The pope passed a good night and is much better this morning. It is hoped to resume the audiences today.

## STATEMENT BY RANKIN TO BE INVESTIGATED

Mayor Noble this morning addressed a letter to Rev. G. C. Rankin, asking him to give the location of the saloon which the Dallas minister declares he saw open at 2 o'clock Sunday morning. This statement by Rev. Rankin has created a great deal of comment and there is a general demand for specific proof. Mayor Noble has written with a view of obtaining information upon which prosecution may be based. Dr. Rankin made the statement in his sermon yesterday morning that he had seen the saloon open when he arrived here at 2 o'clock Sunday morning, and he reiterated this statement at the opera house yesterday afternoon. A citizen who was at the meeting said that he had never seen the saloons open after midnight although he had frequently been downtown after that hour.

The report will be thoroughly investigated and if Dr. Rankin is at all able to prove his statement, prosecutions are certain to follow. No one else who has seen the saloons running in forbidden hours has been found and Dr. Rankin's statement is unsupported by any Wichita testimony.

## TIM MURPHY ENTERTAINS.

Appeared in Two Performances Here Saturday.

Tim Murphy in 'Old Innocence' in the afternoon, and 'Cupid and the Dollar' at night, heartily pleased two audiences Saturday. The matinee crowd was small, but good attendance was noted at night.

Both plays were of a thoroughly pleasing sort and 'Cupid and the Dollar' is one of the most attractive productions of its kind ever seen here. Both Tim and Miss Sherrod were at their best and the old actor pleased so well that he was forced to respond to a curtain talk by his audience. The supporting cast is an excellent one and there was nothing to mar the success of the performance.

## ELECTION CALLED OFF.

No Prohibition Fight Will Be Held in Archer County.

The petition presented to the county commissioners of Archer county for a prohibition election in that county was turned down by that body, which said that it did not have 250 bona fide signatures. The petition was signed by 284 names, but the commissioners alleged that many of these were not voters. It is not probable that an election will be held.

## MAKES SUCCESSFUL FLIGHT.

Wilbur Wright Flies Like Bird Around New York.

By Associated Press. New York, Oct. 4.—Wilbur Wright started his aeroplane flight at 9:56 and after circling the battery the aviator sent his machine straight up the Hudson River, flying a hundred feet above the surface of the water. After a successful flight he landed at Governor's Island at 10:29.

## PRESIDENT TODAY IS IN CALIFORNIA

NUMEROUS RECEPTIONS MARK HIS VISIT TO THAT STATE. MAKES SPEECHES.

## PREACHES AT PORTLAND

Delivers Sermon Yesterday While in That City—Lays a Corner-Stone.

By Associated Press. San Francisco, Oct. 4.—The first stop made by President Taft's train in California was at Redding, where the platform was crowded with farmers and their families. The special car of Governor Gillet and his committee from the Bay Cities was attached. The president delivered an address. A company of National Guards was drawn up on the platform. A stop will be made at Sacramento, where a reception at the state capitol is planned. Leaving there the president is expected to arrive at Oakland before 8 o'clock. The program today includes receptions at Berkeley, Oakland and San Francisco, to end with a banquet at the Fairmont Hotel, where six hundred San Franciscans will sit at tables with the president.

## BY ASSOCIATED PRESS.

Portland, Ore., Oct. 4.—Following the precedent of last Sunday, when he preached at Salt Lake City, President Taft delivered a sermon yesterday in this city when he laid the corner stone of the First Universalist church. The following extract from his remarks reflects the general tone of his sermon: 'I think we have reached the time when the churches are growing together; when there is less bitterness of denominational dispute, and that no matter what creed we may follow the churches are beginning to realize that they must stand shoulder to shoulder in the contest for righteousness; that we all stand for the fatherhood of God and the brotherhood of man.'

'I am an optimist. I believe we are much better today than we were fifty years ago, man by man. Of course you hear from time to time of selfishness and greed, but the only reason these instances are given prominence is because we condemn the more and believe that in calling attention to them they will be made more and more infrequent.'

## YOUNG DICKINSON BETTER.

Father and Mother Have Arrived At His Bedside.

By Associated Press. Nashville, Tenn., Oct. 4.—Secretary of War Dickinson arrived from Washington last night to attend the bedside of his son Overton, who is dangerously ill from heart failure. Mrs. Dickinson the mother, also reached here from Seattle. Young Dickinson's condition is reported improved.

## WICHITA FAIR EXHIBIT MAKES HIT AT STATE FAIR IN OKLAHOMA CITY

In a recent issue of the Daily Times, Oklahoma City, appears the following pleasing article about Wichita Falls:

One of the live Texas communities, Wichita Falls, is represented this year at the fair. The exhibit is tastefully arranged in the exposition building, the booth being lined with ribbon cane. In the background is shown a birds-eye view of Wichita Falls and Lake Wichita, the latter being noted as the largest artificial lake in Texas. A feature is made of a map worked out of corn and wheat. This is an especially pleasing stunt and particularly impresses the visitor that the city of Wichita Falls has seven railway outlets. It also shows the relative nearness of the great Petrolia gas field lying east of the town a distance of sixteen miles, from which natural gas is piped into Wichita Falls.

Speaking of the fair, F. H. Gohlke, secretary of the Wichita Falls Chamber of Commerce, said: 'We had an exhibit here last year and succeeded in landing some good money as a result of it. While our exhibit is not competitive and we have a great show of products, we use a small representation simply to get on speaking terms with the vast numbers visiting the fair. We have a good town and county and in Texas Wichita Falls is referred to as the 'busiest and best built city in Texas.' We have 10,000 population, seven railway outlets, natural gas for manufacturing at nine cents a thousand cubic feet and the most optimistic bunch of boosters in the southwest. To illustrate the building spirit in our city, a consumers company to furnish natural gas at three cents per thousand cubic feet to manufacturers is now being strongly agitated. Our people want to make and extra inducement to manufacturers, realizing the importance of a payroll. They are always ready to bonus any substantial institution and now have several industries in full blast as a result of this spirit. 'We are going to have 25,000 population in less than five years and all that I can add is that if a man will visit Wichita Falls and be disappointed over the many good things said about us we will buy him a railroad ticket home. But they never do, they stay.'

## LAW ENFORCEMENT RALLY YESTERDAY

PROHIBITION SPEAKERS HOLD FORTH IN LOCAL PULPITS AND OPERA HOUSE.

## SPEECH BY REV. STUART

Makes 'Rough' Talk and Crowd Seems Thoroughly in Accord With Him.

Prohibition orators held forth in the local pulpits yesterday and a 'Law Enforcement rally,' engineered by the state prohibition leaders, was held at the opera house in the afternoon. Good crowds greeted all the speakers and they were given excellent attention, the results of the day's work being considered very satisfactory.

Rev. George Stuart at the Baptist church; Sterling P. Strong, at the Christian church; Rev. Eichelberger, at the First M. E. church; Rev. G. C. Rankin, at the M. E. Church South, and Rev. C. H. Crooke, at the Presbyterian church, occupied the pulpits in the morning. Space will not permit any summary of any of the sermons, but all were well-received and were concise arguments in favor of state-wide prohibition.

The opera house was well filled at the afternoon meeting, when Rev. Geo. Stuart spoke. Singing, led by Rev. Crooke, preceded the evening's main feature and Sterling P. Strong made a short introductory address.

Dr. Stuart spoke straight from the shoulder. He did not mince words, and, to use his own adjective, his talk was a 'rough' one. He said, and proved it to the apparent satisfaction of all present, that a saloon man, or a man who votes for the saloon, was seven times worse than a thief, and this was but a sample of the tenor of his remarks. 'At the conclusion of his remarks he asked for all those who believed the saloon ought to be voted out of Texas to stand up and all responded, with one or two exceptions. A substantial collection was taken up and the audience seemed to be with 'he speaker thoroughly.'

Rev. Rankin and Dr. Stuart spoke at Iowa Park last night, the local pulpits being again filled by the visiting orators.

## BRYAN GOES TO SEATTLE.

Will Speak There and Then Travel Through Canada.

Lincoln, Oct. 4.—It is announced today that W. J. Bryan will leave next Wednesday for Seattle, where he will speak at the exposition on October 12. He will then make an extended journey through Canada and will be absent three weeks. He said he will probably deliver several political addresses in the West defending his tariff views and criticizing Bailey's position. He refused to discuss the letter in which John Kirby asked him to correct the statement that Kirby sought a lumber tariff.

## TRAINLOAD OF JERSEYS.

Valuable Cattle Shipment To Creamery At Falfurrias.

Texas News Service Special. San Antonio, Oct. 4.—A special train with a load of two hundred and thirty-five valuable Jersey cows was shipped today by J. O. Terrell and Sons to Falfurrias for dairy purposes. Hand-some prices were paid for the stock by Ed. C. Lasater and Miller Brothers, who will establish one of the largest creameries in the country at Falfurrias.

## ALBERT PULTZER SUICIDES.

Brother of New York Publisher Ends Life in Vienna.

By Associated Press. Vienna, Oct. 4.—A dispatch from Hamburg says that Albert Pulitzer of New York, has committed suicide by shooting himself while in a hotel of that city suffering from a nervous breakdown. Indications pointed to the fact that he first swallowed poison and then standing in front of a mirror sent a bullet from a revolver through his right temple.

By Associated Press. New York, Oct. 4.—Albert Pulitzer was a brother of Joseph Pulitzer, publisher of the New York World, and was founder of the New York Morning Journal. He has spent most of his time since 1895 in Europe.

## NEW DEPOT FOR DENVER AMONG POSSIBILITIES

In response to a letter written by R. E. Huff, President of the Chamber of Commerce, relative to additional depot facilities at Wichita Falls, D. B. Keeler, Vice President and General Manager of the Fort Worth and Denver City Railway Company, writes to Mr. Huff as follows: Mr. R. E. Huff, President Chamber of Commerce, Wichita Falls, Texas.

'Dear Sir:—I have your letter of the 1st instant in regard to our passenger station at Wichita Falls. We have had this matter in mind and have been considering the question of what we could do. We, of course, want to spread out to take care of the increased business and hope to be able to do so in the not distant future. Yours truly, D. B. KEELER, Vice-Pres.'

From this letter it is very hopeful that the Denver will soon put in a much larger and more commodious depot for the use of its patrons at this place. Owing to the increased importance of Wichita Falls as a railroad center, the present depot is not large enough to accommodate the travel over the Denver and the Wichita Valley Railroad lines, and as the Denver management is always wide awake, they will soon do something in this line that will be a credit to the company and to the city.

## MRS. SHEPPARD DEAD.

Wife of Former Texas Judge Succumbs in Washington.

Texas News Service Special. Washington, Oct. 4.—Mrs. Etta Jarvis Sheppard, wife of Chief Justice Sheppard of the District Court of Appeals, died yesterday at the home here. The funeral was held this afternoon. Judge Sheppard was formerly of Houston and came here fifteen years ago.

## Last Ninety Dollars.

A pocket check book containing \$90 in currency and some few papers was lost by M. J. Stimpson in this city this morning and the finder will be liberally rewarded by returning the property to this office or forwarding same to the owner at Waco, Texas.

Mr. Stimpson, up to the first of this month was district manager for the Southwestern Telephone Company, having resigned that position to accept a better one with the same company at Waco, and at the time of his misfortune was engaged in winding up his personal affairs in this city.

## Fatal Accident at Dalhart.

Texas News Service Special. Dalhart, Tex., Oct. 4.—James McDonald, aged eight years, was probably fatally injured Saturday morning when his leg was torn from his body by a wagon wheel. The lad was swinging from the rear of the wagon and his foot caught in the spokes before the wagon could be stopped. The leg was amputated at the knee.

## MAKING ATTACK ON THE NORTHWESTERN

IT HAS ALL KINDS OF TROUBLE IN THE EXTENSION OUT OF ALTUS.

## AN OFFICIAL IS ARRESTED

Supt. Orth Gets in Limbo For Trying to Cross Another Road—The Trouble Settled.

Building railroads in Oklahoma is not always unattended by difficulties, nor is it always as peaceable a procedure as it usually is, if the experience of the Wichita Falls and Northwestern at Altus last week is to be taken as an example. The Altus, Rosewell and El Paso railroad sought in several ways to prevent the Northwestern from crossing its tracks, which would have seriously hampered it in its extension to Mangum.

Superintendent Orth was arrested by the authorities at Altus when he started building across the other road's tracks, the charge being destroying railroad property. This was quickly disposed of, resulting in acquittal. The other road is under a restraining order at present, however, its creditors have made application for a receiver and in order for the Northwestern to get permission to cross it, it was necessary to secure an amended order. This was applied for before Judge Johnson at Lawton and granted, although contested by the other road's management. Everything was then cleared up satisfactorily and the extension work allowed to proceed.

General Attorney Huff was soon on the ground after the trouble started and the Altus road was given all that was coming to it.

## MURDERED EDITOR.

University Man Found Guilty in Warrenton Trial.

By Associated Press. Warrenton, Va., Oct. 4.—Prof. J. D. Harris was found guilty Saturday of the murder of Wm. Thompson, associate editor of the Warrenton Virginian, on April 24th last.

## MERCHANTS CONTEST IS TO BE STARTED SOON

The Retail Merchants' Association has announced its plan of offering money for the best 500-word article written by any housekeeper who is a resident of Wichita County, on the subject, 'Why Wichita Falls citizens should patronize Wichita Falls Merchants.'

\$40.00, in ten sums of money will be given away, ranging from \$15 down to \$1. A committee of prominent citizens will be selected to make the awards, which will be announced October 28th. Conditions are set forth under the classified columns of the Times.

In view of the high standard of merchandising now in force in Wichita Falls, owing to new establishments and more competition, it is expected that considerable interest will be shown by local housewives in this home industry campaign.

## MAYORS AT ST. LOUIS.

Three Hundred Municipal Heads Are Gathered There.

St. Louis, Oct. 4.—About three hundred mayors of American cities are present on the second day centennial week as guests of St. Louis. Governor Hadley welcomed them to the city with a brief speech.

## COMMUNION SERVICE IS STOLEN FROM CHURCH

Texas News Service Special. Abilene, Tex., Oct. 4.—Officers today are searching for the burglar who removed the solid silver communion service from the Church of Heavenly Rest, Episcopal, here. The loss was discovered when the pastor opened the communion cabinet yesterday.

Investigation revealed the loss of missionary collections from the depository box, and it is believed that negroes entered the church Saturday, breaking the cabinet and missionary box.

### FISH THAT WALK.

Climbing Perch Travel Over Land From Water to Water.

It may seem absurd to speak of fishes as walking. The flying fish is well known, but its flight looks much like swimming in the air. We naturally think of fishes as living always in water, as being incapable, in fact, of living anywhere else. But nature maintains no hard and fast lines of distinction between animal life which belongs to the land and that which belongs to the water. If we can believe the accounts of naturalists, there are fishes that traverse dry land.

It is reported that Dr. Francis Day of India has collected data of several instances of the migration of fishes by land from one piece of water to another.

A party of English officers were upon one occasion encamped in a certain part of India when their attention was attracted by a rustling sound in the grass and leaves. Investigation showed it to be caused by myriads of little fishes that were making for one direction and were passing slowly on. There were hundreds of them moving by using their side and small fins as feet, now upright, now falling down, squirming, bending, rolling over, regaining their snny feet and again pressing on.

These fishes were the famous climbing perch, and they were passing over the country to avoid a drought. When the stream in which they have been spending the season dries up they scale the banks and, directed by some marvellous instinct, crawl to another. Pearson's Weekly.

### A HOPEFUL POET.

Failure to Recognize His Genius Did Not Dampen His Ardor.

Paddy Quinn, a type of bohemian found only between the covers of a cheap novel, was sentenced by Justice Samuel G. Hyde, congressional representative for Washington during territorial days, to serve ten days on the rock pile after confessing that he had worked only seventy-five minutes during his stay of two months in Spokane. Asked by the court to explain how he earned a living, the prisoner said:

"I am a poet, but there is no use explaining to you that which would be unintelligible to your mind. I will recite some of my poetry instead. I will read a few stanzas from my masterpiece."

Before Quinn could give voice to the second line of his latest work the court had imposed sentence and the sweet singer was on the way to the city jail, where his tattered garments, oxford shoes and flesh colored hose were exchanged for overalls, jumper and hobnailed brogans. His long black hair and flowing beard were also trimmed for hygienic purposes, and, armed with a six pound hammer, he started for the rock pile, mumbling as he left the station:

"The muse got an awful jolt that time at the hands of an unsympathetic judge; but, then, there's hope. Recognition will come some time. It must come. Officer, please see that Peggans is properly cared for until I return!"

### The Lunatic's Idea of It.

"I was going through one of the wards the other day," said the superintendent of a lunatic asylum, "when one of the patients—incurably insane, I believe—walked up to me to announce that he wanted to be discharged.

"Why?" I asked.

"Because I've been here three years, and that's long enough," he replied. "And I want to be discharged today, too," he added.

"I looked at him steadily for several seconds and then said:

"My dear fellow, do you realize that I have been here seventeen years and have not been discharged yet?"

"The question appeared to puzzle the man for an instant. Then he snapped at me:

"Well, you ought to have been discharged long ago."—New York Globe.

### Corset Ancient Armor.

A French historian of women's dress states that the corset was worn by the ancient Egyptians. This assertion is borne out by the figures carved on the tombs of women, who are invariably represented as wearing a garment strongly resembling the modern corset. There does not appear to be any representation extant of Cleopatra VI., the beloved of Antony, but in one of the temples there is a figure of her predecessor, Cleopatra II., in which the sculptor has endowed her with a corset cut on the lines of those worn today. Whalebone was probably unknown to the Egyptians, but a nation capable of constructing pyramids without steam cranes would probably find no difficulty in making stays without bunks.—London Chronicle.

### His Favorite Song.

There is a young optician in Denver who sings very well, says the Post of that city. The other night he was making a call on a couple of sisters up on Corona street when he was asked to sing.

"What shall it be?" he asked as he went to the piano.

"Your favorite song," said one of the girls.

"All right," he replied, and then the optician sat down and sang "The Night Hath a Thousand Eyes."

### Impertinent.

Mrs. Hank—if you won't do no work yer won't get no dinner, and that's all there is to it.

"Tell you what I am willing to do. I will give you a lesson in correct English. Is it a go?"—Life.

**WEATHER FORECAST.**  
For Wichita Falls and Vicinity  
—Tonight and Tuesday, fair.

The more ignorant a man, the less he wants to learn. The editor of a bum sheet has no use for press conventions, where he might get a few pointers, neither is the farmer who raises mainly weeds to be persuaded that there is any virtue in farmers' institutes. This is unfortunate, but we have the consolation of knowing that the children of either are bound to have more sense. —Quannah Tribune-Chief.

Let's see. At the Childress meeting there were fourteen papers represented and about that many printers' supply houses. The balance of us fellows are thus classed as belonging to the "bum" class. The real fact of the business, however, is that the fellows who avoid these press gatherings have become disgusted with them years ago, when it was plain to be seen that the gatherings were not held so much for the work of studying out the problem of how best to conduct a newspaper enterprise, but how to work the railroads for free excursions. It may be different now, and perhaps all the real brainy fellows engaged in the newspaper business in Northwest Texas were represented at the Childress meeting.

Two ex-Rangers visited Wichita Falls one day last week. The ex-kind are all that we need here, although the other variety sometimes pass through en route to Amarillo.—Wichita Times. That looks like a jolt straight from the shoulder. State Press would look carefully and with deep interest for the Daily Panhandle's counter jab if it were not that the Amarillo paper has become uncertain in its visits to S. P. If Editor Boesen has stopped our exchange copy under the impression that we ought to pay him boot, why does he not name his price? We want the Daily Panhandle daily, not monthly or biennially, even if the cost of white paper is high and times are hard.—Dallas News.

Bryan's speech was eminently satisfactory from his adherents' standpoint and Bailey's followers are equally well pleased with the senator's address. Why not get a referee the next time we have a scrap like that?

The failure of the East Texas grass crop will not prevent the usual number of hay fever cases in that section and the receipt of the usual number of bundles of rock and rye for the elimination of the same.

The Times acknowledges receipt of a handsome watch fob from the Dallas Fair. It is a very pretty piece of work but why bring up unpleasant memories with that miniature of the old Washington hand-press?

A Fort Worth concern has offered a pair of shoes to every baby born in that city between now and 1910. They couldn't afford to make an offer like that in Wichita Falls.

The government will raise the registered letter rate on the first of next month. And thus we plain people get it in the neck once more.

The above statement is correct  
T. C. THATCHER, Cashier.

Yesterday was held day in this city for the state-wide and everything went their way. Particularly was this the case at the afternoon meeting at the opera house, where Dr. George Stuart, noted speaker and lecturer who entertained for more than two hours an audience of 1,000 or more persons, a greater number of whom were men and voters; and while the speaker "burned the grass" as he went over it, the crowd was with him almost to a man on the question of state-wide prohibition. There is no doubt but that Stuart's opera house talk will bear fruit in Wichita Falls. He handled his subject only as a master can.

Engineer Goethals of the Panama Canal says that the completion of the canal will mean much to the development of this state, but, you notice, we aren't waiting until 1915 to start things along that line.

An effort is being made to stop the voting of dead people in New York City, and it looks like a victory for the reform candidates at the next elections, with no dead ones on the other side.

Dr. Cook refused to let a sweet young thing kiss him when he arrived in Philadelphia. We thought it was Peary who wished to avoid any demonstrations.

Ellis County has voted \$250,000 for road improvements. Why should Ellis County, being inferior to Wichita County in every other way, be allowed to go ahead of us in the matter of good roads?

A Kansas minister has resigned his pastorate to become a street-car conductor. In Texas we pay our ministers enough to keep them from going into such get-rich-quick schemes.

The Times Stands Corrected.  
W. J. Bullock submits the following: The prohibition meetings yesterday have nothing to do with a local option election for this county. They were not the "opening guns" in such a contest. These meetings were arranged by the anti-saloon league for this city weeks ago, just like they were arranged for other cities in Texas. No state leader has ever been consulted about our election in this county and not one of them has offered any advice as to having an election. If an election is ordered and we ask them for help, they will give it.

### TEXAS STATE FAIR.

**Greatest Offerings in History of Fair Secured.**  
Dallas, Texas.—With the lowest railroad rates and the finest attractions in history, the twenty-fourth annual meeting of the State Fair of Texas, which begins in this city Saturday, October 16, will undoubtedly be the most successful and the most brilliant ever offered to the thousands of patrons of the institution. Everything is in readiness. All the improvements contemplated have been completed. The entries in the livestock department have taxed the splendid accommodations there to the utmost. With forty-four counties exhibiting the farm, orchard and garden products, the agricultural development of the Southwest will be measured even better than last year. In spite of additional show cases installed this year in the textile department, every square foot of this division will be given over to the display of the handwork of the women of the South. The art loan exhibit will be paramount. There will be three thousand birds exhibited in the poultry department. Officials of the national association will deliver lectures each evening on matters pertaining to the poultry industry. There will be matinee horse shows every afternoon of the first week. During the last week cattle, sheep, goats and jacks and jennets will be judged. Ten acres will be devoted to the implement, machinery and vehicle display. The bee and dairy products' departments will have many new features of an educational value and exhibitions that will show a marked improvement over last year. The bench show will have dogs galors—750 in fact—and all the popular breeds and varieties will be represented.

All that is beautiful, strange or extraordinary in the world of flowers will be found in that department. The corn show will demonstrate the possibilities of the Southwest in the production of this crop. Displays of the industrial arts, totaling in value millions of dollars, will be found in the Exposition building. Gowns, frocks, and millinery direct from Paris will be exhibited. Children of the Southwest will find many exhibits of interest in the manual art department. There will be a strange collection of Aztec archeological remains in the geological department. The mineral resources of the Southwest will be exploited as never before. In fact every interest, industrial, livestock and agricultural, will be represented in a manner that will make every citizen of the Southwest proud; and make him firmer in his conviction that this is the greatest and grandest portion of the Union.

All the latest devices in the scientific world will be demonstrated. The famous Curtis aeroplane—the same type with which the American aviator won glory in the European contests—will be at the Fair. The Strobel dirigible, another type of the airship, will also be there. Aerial navigation will be demonstrated for the first time in the South.

In Music Hall programs will be given three times daily that will alone be worth the price of admission to the Fair. Band Master Alessandro Liberati, with his seventy talented musicians, twenty great vocal-artists and a grand array of instrumental soloists, will be the feature. Vaudeville acts will add additional interest. The management has booked several additional vaudeville artists and a brilliant page is assured for the State Fair's musical and entertainment history.

Every evening Pain's peerless pyrotechnic drama will be given. This drama introduces fighting airships, aeroplanes, armoured autos, aerial torpedoes, etc. There will be a gigantic outdoor stage for 250 performers. There will be acres of realistic scenery, a military band, novel marches and sports. There will be a whole circus of acrobats, gymnats, clowns, high wire experts and sensational specialties. The depicting of this thrilling pyrotechnic drama and battle will necessitate the most gigantic display of fire works in the history of the South.

As predicted earlier in the year, the \$50,000 in purses and stakes offered in the speed department have attracted entries from the owners of the greatest race horses in both running and harness classes, in America. There will be ten days of horse racing and three days of automobile events. Dan Patch and Miner Heir, the former champion pacer of the world, will race on the afternoon of Monday, October 18, for the championship of the world.

There will be five running races and three harness races each afternoon. On Saturday, October 16, one of the greatest steeplechase races in the history of the United States will be held. The afternoons of October 28-29-30 will be featured by sensational automobile and motorcycle events. Strang, Burma and Chevrolet and other world-famous drivers will participate in the automobile events. In the motorcycle events a race for world record on circular track, will be made. The automobile track is the longest, widest and fastest in Texas. Proper safeguards have been made against accidents.

Jupiter Pluvius has been eliminated by the management. Whether the rain god frowns or not is a matter of indifference. The great lake which percolates beneath the Fair Grounds has been tapped by wells placed at different localities on the grounds. Water of the purest and best quality is flowing into great tanks at the rate of hundreds of thousands of gallons daily. The city has been cut off and the fair will run its own water system. Water in abundance will be had for sewerage, drinking and washing purposes.

In the matter of rates the railroads have treated the management better than ever before. For the first and second Saturdays of the Fair a long distance rate of \$4.30 has been made from Galveston, Houston and San Antonio. The limit of tickets of this kind is the Monday night following, so that patrons will have an opportunity of spending Saturday, Sunday and Monday at the Fair. The same low long distance rates will apply from all points in the Southwest. Season tickets will be sold for one and one-third fare for the round trip from all points within ninety miles; beyond that distance one and one-fifth fare the round trip. Sale of the tickets will start October 15, with the return limited to November 1. A rate of -1 for the round trip will be made to Dallas during the three Sundays of the Fair from all points within 100 miles. For points within 150 miles the rate will be \$1.50. A special two days' fare of one fare plus ten cents has been made for points within 175 miles of Dallas. A visit to the great exposition will be within the reach of all.

Beginning October 1st our store will close at six o'clock p. m. Kindly give us your orders early to avoid disappointment.

### Rain Will Ruin Any Machine.

It's a shame to see that valuable binder standing out there in the rain today and the sun tomorrow, when just a few boards would protect it against the elements and prolong its life enough to pay for half a dozen sheds.

How is it with your idle machinery? Is it standing around just where you last used it, or did you draw it into the barn yard to rust and rot?

Why not stop in next time you're in town and take home a 'jag'—of lumber for those much-needed sheds?

**T**HE STEIN-BLOCH Clothes are ready. This is an announcement which every Fall and every Spring has unusual interest for many men. It is the date on the clothes calendar which has a red mark around it.

Since last Fall's announcement Stein-Bloch clothes have had a triumph in England. One of the most fashionable of London merchants began offering them exclusively to his patrons in England last spring, and they have been accepted as correct for English wear.

The present success of Stein-Bloch clothes abroad is a justification of your judgement. We have always told you that these styles and fabrics represent the best that both America and England produce.

Yet these clothes are not expensive. They will make no demands you cannot afford upon your purse.

During the past three weeks patrons of the tent theatre at 11th and Ohio Avenue have become familiar with the above face, as Dr. Rucker has entertained them each night with a splendid talk. The doctor is one of the largest ranch owners in Texas and is as proud of this state as a boy is of his new red-top boots. Dr. Rucker is one of the most congenial men that one can expect to meet.

### "CAMILLE"

This will be the event of the popular priced season. Friday night Mr. Rucker presents his entire company in a "Big Minstrel Show," every member appearing in this bill. Saturday night a grand farewell performance will be given. The bill selected for this night is the brilliant comedy "WANTED—A Wife." This will positively be the last week here for the Korak Wonder Company, as they go to San Antonio for the entire winter season. 123-14
