LEADING RAILROAD OFFICIALS ON TRIP

OFFICERS OF CHICAGO, BURLINGTON AND QUINCY ON INSPECTION TOUR.

STOP IN WICHITA FALLS

President Hill of Northern Pacific, a Member of Party—Find Everything in Good Condition.

The men at the head of the Chicago, Burlington and Quincy system, of which the Fort Worth and Denver may be said to form a part, visited Wichita Falls late Saturday evening and again last night. The party is on its annual inspection tour of the system's properties and visited the Valley yesterday, leaving for Fort Worth early this morning. The visitors arrived late Saturday afternoon from Denver.

The official left Saturday evening for Stamford and Abilene, looking over the condition of the road and making a trip up the Stamford and Northwestern over the new line to Spur.

J. N. Hill, a son of J. J. Hill, was at the head of the party, he being president of the Northern Pacific.

"We find everything in first-class condition," said Mr. Hill last night. "Business seems to be excellent and we are more than satisfied with what we have seen."

That seemed to be the consensus of opinion from the entire party, though all displayed the railroad man's usual reticence in the presence of newspaper reporters.

The party is traveling in five palatial private cars, equipped with stenographers, clerks and a complete traveling office force. The cuisine is, of course, not overlooked.

The party included: J. N. Hill, vice president of the Northern Pacific; President George B. Harris of the Chicago, Burlington and Quincy; vice president D. Miller of the same road; Vice president A. P. Parker of the Colorado and Southern; Vice president J. B. Keeler of the Fort Worth and Denver; Traffic manager Estuace, of the C. B. and Q.; Superintendent H. M. Gausewitz of the Fort Worth and Denver; Traffic manager C. L. Wellington of the Colorado and Southern; Chief Engineer C. H. Cowan of the Colorado and Southern and Chief Engineer A. D. Calvert of the C. B. and Q. Also other lesser lights too numerous to mention.

REPORT DENIED.

Disbanding of Ranger Force Not Contemplated by the State.

Austin, Tex., Oct. 25.—That the recent conflict between the Texas Rangers and the citizens of Amarillo would prompt the legislature to disband the ranger force, was positively denied this morning by Assistant Adjutant General Phelps. He declares he will not move the ranger companies from any of the stations now occupied. He says the rangers constitute a secret police and are necessary for the enforcement of law and order.

WILL SUE RINGLING'S.

Back Taxes Asked By County Attorney of Hill County.

Wichita, Tex., Oct. 25.—County Attorney Frazier this afternoon filed suit in the county court against Ringling Brothers Crens for the collection of the taxes claimed by State Revenue Agent Bill McDonald, for the years 1904-06 and '08.

McDonald is here with Ringlings and he announces that he will soon file a blanket suit covering taxes due the state for performances in many counties. The taxes amount to several thousand dollars.

ROOMING HOUSE FIRE AT CORSICANA FATAL

Wichita, Tex., Oct. 25.—Bessie Grigby and Helen Miller, occupants of a rooming house here, were burned to death at 4:30 o'clock this morning, when fire destroyed the building which was occupied by Florence Day. The origin of the blaze is unknown, it having started on the second floor of the house near the room of the victims. It is believed the women were overcome by smoke and were unable to escape. Several persons escaped. The property loss amounts to three thousand dollars.

PROTEST AGAINST RATES.

Shreveport Merchants Up in Arms On Texas Commission.

Shreveport, La., Oct. 25.—A number of East Texas merchants arrived here this morning to co-operate with Shreveport merchants at a mass meeting tonight in combatting the rates fixed by the Texas railroad commission, alleged to be discriminatory against Shreveport trade. The merchants protest will be used by Assistant Attorney General Pleasant in his fight to destroy the schedule.

DRY FARMERS MEET.

Congress Opens Today and Two Thousand Are Present.

By Associated Press. Billings, Mont., Oct. 25.—The Dry Farming Congress opened this morning with twelve hundred men interested in the raising of grain and vegetables with little rainfall, present. Between five hundred and a thousand more are expected today.

BIGGEST POTATO YET: IT WEIGHS 10 POUNDS

J. I. Richardson is now leading in the Times' sweet potato contest and his entry tips the scales at the tidy little total of ten and one-half pounds, two pounds ahead of the next heaviest that has been entered.

Mr. Richardson's farm is near the lake, but it is not irrigated. The potato was one of three in a hill, the total weight of the hill being seventeen pounds. The combined weight of the three largest potatoes in the Times' contest is twenty-five pounds, there being one of seven pounds, another of eight pounds, and the biggest, ten and one-half pounds. The only rule of the contest is that all entries must be left at the Times office.

Explosion at Brewery.

Milwaukee, Wis., Oct. 25.—The terrific explosion of three boilers in the power plant of the Pabst Brewing Co. this morning resulted in the death of Fred Stearns, an employee, and the injury of four other employees. The explosion caused property damage estimated at a quarter of a million dollars. The detonation shook buildings for a radius of half a mile, breaking many windows.

LEGISLATOR GAINES IS GIVEN THREE YEARS

Comanche, Tex., Oct. 25.—E. C. Gaines, representative in the state legislature from this county, was yesterday convicted of manslaughter at Granbury and his punishment fixed at three years in the state penitentiary. His victim was J. W. Reese, who opposed him in the election in 1908, and the shooting took place two days before the election.

The trouble between Reese and Gaines dates back to the Bailey investigation in 1907, when Gaines, though voting for the Senator, spoke against him and made many speeches denouncing him. J. W. Reese announced against him when Gaines offered for re-election and the contest was a heated one. Gaines had formerly been a populist and had the support of that contingent. The rival candidates did not meet in joint debate, but by circulars and newspaper advertisements conducted their campaigns. Shortly before the election, Reese issued a circular charging Gaines with personal cowardice. The men met shortly afterwards and came to blows. Gaines fired when Reese threw a rock at him and the bullet penetrated Reese's lung. He died on election evening, while Gaines' friends were celebrating his victory.

The first grand jury following the affair failed to indict Gaines, but he was indicted for murder in the second degree while the legislature was in session. The trial resulted as above.

A motion for a new trial has already been filed.

LANGE WINS.

Defeats Squires For Heavyweight Championship of Australia.

Melbourne, Oct. 25.—"Bill" Lange, the Austrian pugilist, today knocked out "Bill" Squires, of Australia in the twentieth round. They fought for the heavyweight championship of Australia.

DUCK HUNTING BY GASOLINE LAUNCH

NEW AND NOVEL METHODS EMPLOYED IN SECURING BIRDS AT LAKE WICHITA.

IS QUITE SUCCESSFUL

Quail and Dove Season To Open Next Week and Good Sport is Promised.

Duck hunting by motor-boat is the latest innovation in the sporting line in this city, and the plan is meeting with more than passing success, according to those hunters who have tried it. Lake Wichita, which is the mecca of local duck hunters, is too wide to make duck shooting from its banks profitable, as the birds seem to have learned to sojourn near the center well out of shotgun range from the shore.

Motorboats have been pressed into service and have been found most satisfactory. The motor, however, must be muffled, so as to minimize the noise and the hunter seats himself in the bow with his gun and is able to secure the full twenty-five allowed by law if he is any kind of a good shot.

Mallards constitute the larger part of the flocks in this vicinity, though teal are also to be found in goodly numbers. Many substantially-filled bags were brought in during the recent cold snap and when the thermometer takes another decline, hunters will doubtless be out in force. The fame of this section as a duck country seems to be spreading. During the last week not a few sportsmen came up from Fort Worth to get their share of the sport.

The quail and dove season opens a week for today and the promise of good sport in that line will give the ducks a much-needed rest. Quail are unusually plentiful this year and there is every indication that the sport will be better than it has been in years. Doves are not so numerous in the immediate vicinity of this city, but are plentiful enough just across the Red River, along the Wichita Falls and Northwestern.

You can get whole nut meats for your fruit cakes at Sherrods. 137-1f

FITZHUGH HILL IN FAVOR OF SESSION

THINKS GOVERNOR OUGHT TO CALL FOR SPECIAL CONVICT LEGISLATION AT ONCE.

GOVERNOR IS RETICENT

Has Not Yet Indicated What Action He Will Take—Session May Be Unnecessary.

Fort Worth, Tex., Oct. 25.—Representative F. F. Hill of Denton, in a communication to the Texas News Service from Aubrey today, declared that the conditions at the state convict camp, as revealed by the penitentiary investigating board, imperatively demand some specific legislation to enact immediate reforms. He says every consideration of humanity calls for improvement in the care and treatment of the convicts and he believes Governor Campbell will immediately convene the legislature for such a purpose.

Austin, Tex., Oct. 25.—Governor Campbell this afternoon declined to discuss the possible need of remedial legislation for the conditions revealed by the state penitentiary investigation board. Certain reforms that may be urged by this board are within the power of the governor, but any amendment to the statutes creating convict camps will necessitate legislation.

There has been three fire alarms since Friday. Late Saturday afternoon a small blaze at Judge Carrigan's home was quickly extinguished and yesterday morning and this morning false alarms were turned in.

OFFER FANCY PRICE FOR JOHNSON-JEFFERIES BOUT

New York, Oct. 25.—An offer of sixty thousand dollars cash purse was made today by Representative Joseph Miller, head of the 101 ranch at Bliss, Okla., for the Jeffries-Johnson bout. Another offer of seventy-five thousand has been received from San Francisco.

SCHOOL FOR BRICKLAYERS.

One Will be Located by Convention Meeting Today.

Galveston, Tex., Oct. 25.—A school for the instruction of apprentice bricklayers, which will cost fifty thousand dollars, will be located by the delegates to the nineteenth convention of the Texas Bricklayers Association, which opened here this morning. Many cities have applied for the school. Geo. A. Anderson of Dallas, is presiding. Secretary W. J. Moran of Fort Worth, announces that every local is represented at the convention.

CLOSELY GUARDED.

Emperor Nicholas Thoroughly Protected En Route Home.

Racconigi, Italy, Oct. 25.—The precautionary measures for the safety of Emperor Nicholas will be doubled as he makes his journey homeward, although any real attack upon his party does not exist.

NEW BAPTIST MINISTER HOLD SERVICES HERE

Rev. J. P. Boone, the new pastor of the First Baptist Church of this city, occupied the pulpit at the church yesterday at the morning and evening service to large congregations. The new minister at once found a warm place in the hearts of his new flock and his sermons were well received.

During the evening he preached from Matthew 6:6, his subject being the efficacy and power of prayer. At night he preached upon the temptation of Christ by Satan and amplified this theme in a very effective and interesting manner.

Rev. Boone has not yet been regularly installed as pastor here, but it is expected that he will be shortly after the first of next month, when he gives up his Fort Worth work.

May Stop Free Delivery.

Fort Worth, Tex., Oct. 25.—Postmaster Lon Barkley this morning enforced the first part of his threat to withdraw the city mail carriers if the city's neglect to erect street signs is not remedied. He refused applications of two residential additions for carriers because the streets were not marked. Barkley has given the city until November 15th to place the signs and retain delivery service.

PRESIDENT BEGINS MISSISSIPPI TRIP

SPENDS TO-DAY IN ST. LOUIS AND DELIVERS ADDRESS AT COLISEUM THERE.

MANY NOTABLES THERE

Ambassadors, Governors, Representatives and Senators Greet Him Before His Speech.

St. Louis, Oct. 25.—The president divided his time here today between St. Louis and East St. Louis. He arrived here at 7:27 o'clock this morning from Texas and expects to leave at 5 o'clock this evening on his voyage down the Mississippi River to New Orleans.

After being greeted by the reception committee of the Commercial Club at the Union depot, the president proceeded to the St. Louis Club for breakfast. After this meal he was driven to the Coliseum and his ride through the streets was one continual ovation.

At the coliseum, before making his address, he greeted two hundred congressmen, thirty-three governors, a score of United States senators and seven foreign ministers, who were seated on the platform.

After his address at the coliseum, Taft was escorted to the Planters hotel for luncheon, where nine hundred guests of the Business Men's League were seated at the tables.

In East St. Louis, the president was greeted by vice president Sherman and Speaker Cannon of the National House and while in that part of the city, he laid the corner stone of the new government building.

While there was no reason to anticipate any particular danger during the president's stay in this city, the entire police force of the city was busy guarding him and everything that hinted at suspicion was given attention.

Peckham's Memory Honored.

Washington, D. C., Oct. 25.—Out of respect to the memory of Justice Peckham, the supreme court, after a session of two minutes, adjourned until next Monday.

COTTON SENTIMENT IS BULLISH IN LIVERPOOL

Washington, D. C., Oct. 25.—Then census bureau today issued a report showing the number of bales of cotton ginned up to October 18th to be 5,521,591, as compared with 6,296,366 last year, this year's showing being about seven hundred thousand less.

New York, Oct. 25.—There is great excitement in the cotton market today owing to gains in Liverpool. A bullish crop estimate by a prominent English expert has caused general buying, and December and May futures are fifteen to twenty points higher than Saturday.

DISCOURAGING REPORT.

W. C. T. U. Has Made Little Progress in Philippines.

Omaha, Neb., Oct. 25.—The convention of the Woman's Christian Temperance Union today heard reports from organizers. Miss Annie Robbins, formerly a nurse in the United States Army Hospital in the Philippine Islands, told of the difficulties encountered in temperance missionary work, and said that discouraging results had thus far been obtained.

GLOVE FACTORY IS TO START WORK SHORTLY

The glove factory, Wichita's newest industrial acquisition is now completed and will start work by the first of next month. The machinery will be installed this week, probably, and the factory will be running regularly before very long. The institution was started by Will Skeen and M. Kell, and while it will make a small start, it will be equipped for the turning out of enough gloves to supply the trade in this section.

PRESIDENT TAFT'S MISSISSIPPI RIVER TRIP; SCENE ON RIVER FRONT, ST. LOUIS, MO.

On his journey down the Mississippi river from St. Louis to New Orleans, here the lakes to the gulf deep waterway convention will be held, President Taft will stop at Cape Girardeau, Mo.; Cairo, Ill.; Hickman, Ky.; Memphis, Tenn.; Helena, Ark.; and Vicksburg and Natchez, Miss. The president's boat will be escorted by several torpedo boat destroyers, and he will be accompanied by a big delegation of men interested in the improvement of the Mississippi and Missouri rivers. The completion of the Panama canal is expected to give the middle west the greatest commercial impetus of its history, and the importance of improving the rivers as a part of the great commercial scheme will be urged upon the president on this trip.

TEXAS PERFUMES.

Possibilities of This State's Flowers All Undeveloped.
 [From the Texas Magazine.]
 As yet we are far from having learned to utilize our natural resources in this state, especially the native or acclimated flowers of the southwest. It cannot be pleasing to us, considering the boast we make of our advancement, to be told that we live in ignorance of the beauty and value of our own wild flowers and without thought or question carelessly let them go to waste. Yet it is true. We can scarcely grasp the conception of quantity when we read of the French using tons of violet flowers, and other flowers in the same proportions for perfume purposes, which French perfumes are held in every drug store in the state, and hence very large amounts pass from us that could be just as well retained and circulated at home. Perhaps this waste can be best illustrated by the following:
 Several years ago professional business called me to travel somewhat extensively over a very large ranch in Southwest Texas. It was the spring. The trees, shrubs and plants were in full bloom, largely leguminosa, the most common being mesquite, huisache with other acacias, embracing a wide selection of the perfume flowers or foliage. The huisache, a native of Brazil, has extended northward until now it has spread far and wide over this part of the country, coming by the way of Mexico. It grows to a large size, and as at the time I saw it, it was in bloom, every twig was crowded with small ball line golden flowers. The sight was grand and the perfume filled the air for a long distance. The mesquite, shimmering in the sunlight, hung its golden tassels in the warm and gentle breeze, covering the trees and distilling fragrance everywhere. Other perfume-bearing shrubs and plants mingled their sweet odors and completed a scene of surpassing beauty and I traveled many miles through just such scenery, yet ever changing and ever new.
 After close observation I estimated the amount of flowers, the cost of gathering, and the market value when gathered, and prepared, on one ranch alone, at a low estimate, an amount not less than \$10,000, which was going to waste annually. I scarcely need say that ere long some flower-loving perfume maker will discover this floral paradise and turn to practical and useful account the valuable native perfume plants which cover millions of acres in South and West Texas. In other parts of the world men engaged in this business are making fortunes under much less favorable conditions than exist here.

No Complaining.

A wealthy gentleman living in North Devon, who took a great interest in the church, offered to give the choir a treat, and decided on the really pricey one of taking them for a week to Paris.
 He himself escorted them to places of interest and beauty in that charming city, but not once during the whole stay, or even on their return, did one of the men say to him that he had liked the trip or had enjoyed himself.
 Naturally anxious to know whether they had done so, a few days after their return he asked one of the church wardens, a farmer living in the village, whether he thought the men had enjoyed their time in Paris. The church warden cogitated for a moment or two.
 "Well, sir," he said at length, "I ain't heard no complaints."—Tit Bits.

Greater Bridgeport

Another "Follansbee & Engle" Opportunity to Make a **LARGE PROFIT FROM A SMALL INVESTMENT**

Fifteen years ago a syndicate composed of the richest men in New York City conceived the town of Bridgeport, Alabama. They saw the opportunity to build one of the largest manufacturing towns in the South. They realized that here was the logical location for such a town, and with cheap coal to back them, they poured millions into Bridgeport. The heads of the syndicate passed away and the residue of the property left unsold was left in the hands of trustees, who failed to take advantage of the possibilities it presented. Realizing that no town can advance rapidly with that much property in the hands of any one set of men, we have bought their entire interest.

We Are Determined to Build Bridgeport to the Maximum

With enormous water power at our door, and with transportation facilities and so many other facilities in our favor, we know that nothing can hold Bridgeport back. Bridgeport is a city of 5,000 inhabitants today. She will have 20,000 within 2 years. Bridgeport is located in the Northwestern part of Alabama, on the Tennessee River, in the heart of the great coal, iron and hardwood timber region, and a wonderfully productive agricultural section.

We have three railroads, with twenty passenger and fifty-five freight trains daily. We have water transportation direct from Bridgeport to all points on the Mississippi, from St. Paul to New Orleans, and to all cities on the Illinois, Ohio, Missouri and Arkansas Rivers. This insures low and stable freight rates.

At the present time there is in process of completion an immense water power, which will develop 70,000 horsepower, being second in size in the United States. There is not a town in this country the same size that is as substantially built as Bridgeport is. She has been started right and is growing now at a rapid rate, but with the completion of the water power Bridgeport will double and treble in population and wealth, and within a shorter time than the same result has ever been accomplished by any other town in this country.

Here is a Partial List of Manufactories

Already Located and Doing Business in Bridgeport.

The Dixie Portland Cement Company, one of the largest in the United States; cost over \$1,000,000, (1,700 employes).

The De Loach Mill Manufacturing Co., employing 500 men.

The Bridgeport Woodenware Manufacturing Company.

Two Hosiery Mills.

The Eagle Pencil Company.

United States Steel Corporation, branch plant.

A Stove and Range Factory.

A Canning Machine Factory.

Several Saw and Planing Mills.

Veneer Mills, Stave Mills and Flour mills.

You cannot name a single town in the United States today that can offer as much to the manufacturers as Bridgeport will offer next spring, and the Bridgeport "Twenty Thousand" Club has many applications from manufacturers for sites for factories, owing to the completion of the great dam and power plant, which will give them cheap power.

Here Is Our Proposition

The Bridgeport "Twenty Thousand" Club owns 4,000 lots and 35 magnificent business buildings and residences. Not an "addition" to the town, but scattered through the heart of the city. We are selling these interests at the uniform price of \$200 each, payable \$10 cash and \$10 monthly, or for \$180 if paid in "all cash."

Here's What Goes In the Sale

1 four-story stone and brick building; cost \$75,000; rents now for \$7,000.

1 three-story brick building, seven stores on first floor; second and third floors apartments; all occupied.

1 three-story brick hotel building, all occupied and doing a splendid business.

14 seven-room cottages; all occupied; cost \$80,000 to build.

12 five-room cottages: cost \$2,000 to \$3,000 to build.

2 seven and eight-room residences.

98 beautiful residence lots on Battery Hill, valued at \$2,000 each.

232 railroad frontage lots, valued at from \$400 to \$1,000 each.

171 business lots valued at \$400 to \$2,000.

229 business lots, valued at \$300 to \$1,100.

296 business lots, valued at \$200 to \$500.

2,948 residence lots, valued at \$200 up to \$750.

Now do not delay in grasping this opportunity. Send in your first payment today and we will execute and return the contract by registered mail. If you are interested and want more information, write or telephone for our booklet, which explains fully

WEATHER FORECAST.

For Wichita Falls and vicinity—
Tonight, fair. Tuesday, fair and cooler.

Henson the negro who accompanied Peary on his trip, is lecturing throughout the North, and at many places has been enthusiastically received. Of course our friends in the North can "slobber" over the negro if they wish—but it will not be done in the south.—Tyler Courier.

The North is getting wise on the negro problem. Henson "lectured" in Philadelphia night before last, and from the six line Associated Press account of it, must have come to the conclusion that for the second time his life he had discovered the North Pole. The audience consisted of seventy-five persons.

Yesterday's issue of the Dallas News contained an article about the country being opened up by the Wichita Falls and Northwestern, and about the people in that part of the New State. The article is an exhaustive one and treats the subject in an original way and interesting way. It will be well worth the while of every Wichita to read it.

Harry Lee Marriner is the author of the article, he having looked the new country over several weeks ago. It is written in his best style, which is saying a great deal.

The University of Texas regents met in Dallas Thursday and made plans which they said would be carried out by the end of twenty-five years. They certainly have implicit confidence in the legislature's generosity.

The modesty of some people passeth all understanding. Suit has been filed in the district court here for damages aggregating six hundred thousand dollars. But then, it's a habit in Wichita to go the limit.

"When the real test comes," says the Oklahoman, "it generally appears that the law-abiding and God-fearing element is in the majority in every community." But the trouble lies in the real test.

Some of the state papers are talking about a "model convict farm," found by the penitentiary investigating committee. It seems that there may be ideals, even in convict farming.

The fact that the Duke of Damsite and Evans Tumbo are coming to North West Texas, demonstrates that even republicans may know where to find the best of everything.

Emperor Nicholas of Russia, rode through Germany in an ordinary railroad car, just as if he were only a human being, after all. Russia will go democratic yet.

The exchange which copied three of our editorial brain-leaks last week, without giving credit, is improving. It copied only two this week.

"I-took-a-shook's" name ought to be changed to "I-got-the-hook."

The governor's race seems to be narrowing down to Colquitt and Johnson. As between these two the News will hold its nose and swallow whatever comes.—Ablene News.

Let's see how many of us Wichitans who have been talking in such shocked tones of last Tuesday's play go to the religious production of next Wednesday night.

Taft makes the trip from Houston to Dallas today in seven hours. The average citizen, however, thinks he is doing well if he gets there in twelve.

Taft's chief enjoyment on his trip lay in pleasurable anticipation before he got to Texas, and in memory happy after he left it.

A girl near Dallas, stabbed a burglar with a hat pin. If the pin had been of the latest styles, she could have used it for a club.

'Cut out the taffy!' shouted a man in one of Taft's Dallas audiences. Some people can certainly be unreasonable.

We have heard worse music than that made by the peanut threshers at work on Wichita county's peanut crop.

President Taft is spending more time in Texas than in any other two states put together. There's a reason.

Friberg News Notes.

Friberg, Tex., Oct. 25.—Rev. E. M. Wisdom went to the Dallas fair this morning and will return Thursday, and Mrs. Wisdom and children, who have been visiting in Dallas for the last few weeks, will accompany him on his return.

Mr. and Mrs. Bivan Wallis and Miss Lena Bryant went to the fair this morning.

Messrs. George Friberg, Alvin Byman and Jim Lamb went to the fair Saturday and returned this morning.

Mr. and Mrs. Bob Sawden and Miss Annie Stephenson of Thornberry, went to the Dallas fair Saturday morning. Mr. Sawden went down especially to see and hear President Taft.

Mr. and Mrs. J. H. Osborn of Thornberry, who have been visiting in San Antonio, returned home yesterday, after a month's sojourn in that city.

Lester and Miss Louise Johnston of Petrolia, attended church here yesterday and visited their sister, Mrs. Earnest Byman.

SOLDIER ARRESTED.

Dallas Militiaman Fatally Bayoneted Citizen Saturday.

Texas News Service Special. Dallas, Tex., Oct. 25.—Sheriff Ledbetter today filed in the district court a formal charge of murder against Sergeant J. D. Manley, the Dallas militiaman who killed with his bayonet Louis Reichenstein, deputy county clerk, last Saturday. Reichenstein was bayoneted on the Taft line of march. Manley is in jail and has engaged no defense. Reichenstein leaves a wife and four children.

James Overton McDowell.

James Overton McDowell, aged 45 years and seven months, died at 1 o'clock this afternoon at his home 606 Travis Avenue. The funeral will take place tomorrow morning at 9:30 o'clock from the residence, Rev. W. T. Morrow officiating.

The deceased, a father of two children, Overton and Harold, surviving him. He had been sick for the past two or three weeks, and for the last twenty-four hours his death has been expected hourly.

Sunday School Rally.

Editor Times: Last Sunday was Rally Day at the First M. E. Church South, and we had the following report:

Officers present, four; teachers present, fifteen; pupils, 234; visitors, 9; new scholars, 6, making a total of 268; collection, \$17.20.

Strangers are cordially invited to worship with us. "Come and we will do thee good." LULA SMITH, Secretary.

Quannah Parker, the noted Indian chief, passed through Wichita Falls today, en route to Dallas to attend the state fair, as the guest of the Quannah Commercial Club. He was accompanied by two of his wives, leaving several others at home. Several of his children were also in the party, all being attired in Indian garb.

Prominent Victoria Man Dead.

Texas News Service Special. Corpus Christi, Tex., Oct. 25.—G. W. O'Neal, aged sixty-six, a real estate dealer of Victoria, died suddenly of apoplexy here last night. He was prominent in the state Odd Fellows' order. He formerly resided here. His wife survives him.

FLORAL HEIGHTS

Wake Up and Buy Some Lots In Floral Heights

Can't you see that delay means a loss to you. Don't you know that lots in Floral heights will soon be higher? Why not? They are certainly the cheapest and best located lots in and about Wichita Falls. They have the highest elevation, the purest atmosphere, the most picturesque view. They have the city water, graded streets, five cent car fare and, in fact, will soon have every modern convenience out to the bend of the car line. Wide concrete sidewalks are now being put down and several nice residences are under construction.

This is the only way the town can grow and the only way we will have street car service for several years. The Floral Heights addition is not a real estate man's proposition, but is an addition backed by over fifty of the leading citizens of Wichita County, who have the interest of Wichita Falls at heart and who are determined to make Floral Heights the swellest residence section of the city. Floral Heights is spending more money to boost Wichita Falls than all the concerns in the city put together, with the exception of the Chamber of Commerce.

Any agent in the city will be glad to give you prices and assist you in selecting your lots. Make your purchase today before the good lots are all sold. Cars leave the corner of 8th St. and Indiana Avenue every ten minutes for Floral Heights. Lots are sold on terms of one-third cash, balance in one and two years, 8 per cent interest.

If you have friends and acquaintances who would like to know more about Wichita Falls, call at our office, 617 8th Street, for nice literature to mail them.

Benjamin Clothes

You'd be surprised if we'd tell you the number of men in this city who come to us, quite worried because of the fear that they can not obtain a suit of exceptional attractiveness, and one not having that flippant "air" which characterizes so many makes of clothes. We quiet their fears in a moment and do it very easily, too. In our long experience we have found that freakishness is not style, nor are the clamorous patterns. Acting upon our real knowledge of a gentleman's needs we are always prepared to exhibit rare styles and fascinating patterns; BUT NOT boisterous clothes. The Seabright Sack, made by Alfred Benjamin & Co., in New York, is a remarkable style, which is so "up-to-the-minute" that it fairly sparkles. The fabrics are soft and rich; the tailoring is of the kind which only expert workers can give. It is a clean, good, "Made in New York" style which men of taste desire.

CANNON PREPARES FOR STIFF FIGHT

IS TAKING AGGRESSIVE IN HIS
BATTLE WITH INSURGENTS
IN NATIONAL HOUSE.

BEING ABLY ASSISTED

Will Receive Support of the Republi-
can Machine in Every Doubtful
Quarter.

Washington, Oct. 25.—House insur-
gent republicans are to be made to feel
the heavy hand of a displeased republi-
can congressional committee.

Any republican insurgent who is
seeking renomination and re-election
might as well set it down at once that
he is going to receive no help from the
congressional committee. More than
that, he might as well start out with
the understanding he is going to en-
counter the active opposition of this
committee. If he gets a renomination
and a re-election, it will be in the
face of such opposition as the con-
gressional committee can muster up
against him.

Insurgent members of the house who
have been looking into the question of
getting assistance from the congres-
sional committee have learned that the
cards in the deck of Representative
McKinley of Illinois, chairman of the
republican congressional committee,
have all been carefully stacked.

IT IS OPEN WAR.

Speaker Cannon has declared open
war on the insurgents, and it is pretty
well known that the speaker and the
congressional committee leaders are
as one in their desires. Chairman Mc-
Kinley is one of the most devoted of
'Uncle Joe's' lieutenants and he will
seek to carry out whatever suits the
policies of the speaker.

The course of the congressional com-
mittee will be to bring out stand-pat
candidates for the nomination in dis-
tricts in which insurgents are seeking
renomination. If the insurgent wins
the nomination, then the policy will be
to defeat him at the polls and elect a
democrat.

If speaker Cannon will but continue
his attacks upon the republican insur-
gents, which he began in his speech at
Peik, Ill., Chairman Lloyd of the demo-
cratic congressional committee will be
exceedingly happy. The Missouri con-
gressman, who is in Washington, read
the speech this morning with a feeling
of gratification. It made him think
that the speaker is beginning to realize
how unpopular he has grown in the
Middle West and that his idea of beat-
ing down his unpopularity is to beat
up the insurgent republicans.

'It looks as if there would be a hot
time in the house this winter,' said
Mr. Lloyd. 'Uncle Joe' is evidently
getting ready to make war on the in-
surgents. His speech at Elgin is clear-
ly a declaration of war on them. Such
a speech as that from the speaker indi-
cates to my mind that he has taken
alarm at the activity and strength of
the insurgent movement in the republi-
can party. And he may well take
alarm. The opposition to him in the
Middle West is intense, and being in
that part of the country, he probably
appreciates it.

'It is the custom of Speaker Can-
non to pay no attention to any attacks
on his rule. The fact that he has de-
parted from his rule and has gone out
making speeches against them is the
best possible indication that he and
his followers are frightened.'

Mr. Lloyd said the prospects for the
election of a democratic house next
year were excellent. He said a meet-
ing of the democratic congressional
committee would be held soon after
the opening of congress, to map out
plans for the campaign. Already the
committee is doing considerable work.
More will be done throughout the winter.
It is the intention to open up head-
quarters at Washington about the time
the session of congress ends.

Mr. Lloyd was asked what the chief
issue of the coming campaign would
be.

WITH HIS BARE HANDS.

Member of Roosevelt's Party Kills a Leopard Without Weapon.

New York, Oct. 25.—Theodore Roosevelt, writing in the November issue of Scribner's Magazine, gives his impressions and experiences on an East African ranch, which, in many ways, reminded him of early days on the plains of the great west—and then plunges directly into an account of his first encounters with big African game.

"The dangerous game of Africa," he says, "are the lion, buffalo, elephant, rhinoceros and leopard. The hunter who follows any of these animals always does so at a certain risk of his life or limb; a risk which it is his business to minimize by coolness, caution, good judgment and straight shooting. The leopard is, in point of pluck and ferocity, more than the equal of the other four, but his small size always renders it likely that he will merely maul and not kill a man.

"My friend, Carl Akeley, of Chicago, actually killed, barehanded, a leopard which sprang on him. He had already wounded the beast twice, crippling it in one front and one hind paw, whereupon it charged, followed him as he tried to dodge the charge, and struck him full just as he turned. It bit him in one arm, biting again and again as it worked up the arm from the wrist to the elbow, but Akeley threw it, holding its throat with the other hand, and flung its body to one side. It luckily fell on its side so that it could not tear him. He fell forward with it and crushed in its chest with his knees until he distinctly felt one of its ribs crack. This, said Akeley, was the first moment when he felt he might conquer. Redoubling his efforts with his knees and hands, he actually choked and crushed the life out of it, although his arm was badly bitten."

Mr. Roosevelt devotes considerable space to telling how he brought to bay and finally killed a lion. The description begins at a point where the hunter is standing beside his mount, considering what he shall do if the lion charges and cannot be stopped by a well-directed shot.

The writer continues: "Now, an elderly man with a varied past, does not vault lightly into a saddle as, his sons, for instance, can; and I had already made up my mind that, in the event of the lion's charging, it would be wise for me to trust to straight powder rather than try to scramble into the saddle and get under way in time.

"I still could not see the lion when I knelt, but he was not standing up, looking first at one group of horses and then at the other, his tail lashing to and fro, his head held low and his lips dropped over his mouth in peculiar fashion, while his harsh and savage growling rolled thunderously over the plain. Seeing Simba and me on foot, he turned toward us, his tail lashing quicker and quicker.

"Resting my elbow on Simba's bent shoulder, I took steady aim and pressed the trigger. The bullet went in between the neck and shoulder and the lion fell over on his side, one fore leg in the air. He recovered in a moment, charging. I fired again at once, and once more faced me, growling hoarsely. I think he was on the eve of charging. I fired again at once, and this bullet broke his back, just behind the shoulders; and with the next I killed him outright, after we had gathered around him."

Let Us Give You a Pointer

RIGHT NOW is the time to build that new house that you've been figuring on. We are overstocked on just the material you'll need, so are in position to quote you very favorable prices.

As a matter of fact, we have large stocks and a good assortment of lumber, sash, doors, mouldings, and building materials of all kinds. And while "quality" is our long suit, still we will not allow ourselves to be undersold. If our price is not always lower than you can get elsewhere, it is at least as low. Anyway, it will pay you to get our figures.

The great assortments could not be better equipped for every demand. Many unusual strong values are striking points in every department. :: ::

While this store always proposes to give its patrons the best values in woman's wear obtainable anywhere, the price from the buyers point of view should not, and is not always the first consideration. The important features are these—to the garment individual, is it graceful and of a character suitable to one's particular style; if lacking only in some slight degree it will never impart satisfaction and contentment in the knowledge of being well gowned. For this reason we have devoted much time and thought to the matter of perfect tailoring and exclusive style ideas which will readily be recognized by woman who look through our magnificent assortment of suits and coats and try them on. Daily arrivals by express keep this ready-to-wear stock up to the highest standard of perfection.
