Dimmitt—An American Bicentennial Community!

49th Year — No. 43

Dimmitt, Texas, Thursday, July 29, 1976

18 Pages

**COSTLY FIRE**—Stored sunflower seed valued at more than \$100,000 was destroyed when this building at 304 E. Bedford St. burned at 3 a.m. Saturday. The former laundry building, owned by Jack Cartwright, was rented to the Hager Seed Co. of Ada, Minn., for storage of sunflower seed for eventual use in this area. Firemen fought the blaze for two hours and

kept it from spreading to Cy's Downtown Liquor Store next door, but the storage building and its contents were destroyed. Firemen were called back to the scene Saturday afternoon when embers in the rubble rekindled. Cause of the fire has not been determined, the Fire Dept. reported.

## Dam jam is cleared

The Soil Conservation Service will call for construction bids soon on the proposed dam on Lower Running Water Draw, four miles east of Sunnyside.

COUNTY and SCS officials will meet at Site 1 on Aug. 10 for a final inspection of the site before calling for construction bids.

The flood-control dam has been in the planning stage 15

years, and the SCS has been working for easements on the site for 10 years.

The way was cleared for the dam on Site 1 after Walter Graham and his daughter were awarded a \$16,500 judgment in a condemnation hearing June 19 to secure easement on the location, which is on their land.

A SPECIAL three-man panel composed of Dan Nelson, Carl King and Ray Robertson heard the condemnation proceedings. Graham did not appeal their ruling during the mandatory waiting period that followed the proceedings.

## Annual meet of United Way to be tonight

The annual meeting of the United Way of Dimmitt will be held at 8 tonight (Thursday) in the city hall auditorium. Three new directors are to be elected.

BOB McLEAN, president, urged all officers, representatives of present and proposed participating agencies, and other interested residents to attend.

The new directors will be chosen for three-year terms and will succeed Jean DuLaney, Stanley Schaeffer and Reta Welch, who drew one-year terms on the board when it was formed last year.

After the election, the new board will meet to organize and elect officers for the coming year, McLean said.

## Free vaccinations slated for children

A free clinic to immunize children against several communicable diseases is scheduled the morning of Aug. 13 in the gray building of the Dimmitt Medical and Surgical Clinic, 405 NW Third.

HOURS are from 9 a.m. until noon, the regional office of the Texas Department of Health Resources announced. Vaccines will be given for protection against polio, diphtheria, lockjaw, whooping cough, measles and rubella.

## Warm and clear

As will be noted in advertisements and news stories throughout this issue of the News, this is National Farm Safety Week. I don't have any idea how Farm Safety Week came into being, whether it was by an act of Congress, a resolution of some farm organization or by a motion passed by a gathering of bankers who are always interested in the health and well being of the folk who owe them the most money. Regardless of its origin, National Farm Safety Week has as its purpose the reduction of painful and costly accidents that are so prevalent in the hazardous operation of farm equipment. Our advertisers are not only interested in your business, they are also concerned about your personal safety and well being. Be careful.

The regular monthly meeting of the Castro County Museum Association will be held Thursday evening at 8 o'clock in the courthouse community room. Everyone interested in the museum project is urged to attend the meeting and assist in its continued development.

The dam is one of several which the Soil Conservation Service is constructing along Running Water Draw for flood control and water conservation. One in Clovis and two in Parmer County have already been completed, and two more are now under construction—one at Site 2, just across the Castro County line in Lamb County, and one near Plainview.

Representing the county at the final inspection meeting at Site 1 will be County Judge Weldon Bradley and County Commissioners Ed Bennett, Jerry Wilhelm, Jimmie Howell and Edd Wilson. Soil Conservation Service officials on hand will be John Jackson of Stephenville, representing the state SCS office; George Davis of the area office in Amarillo; and members of the district SCS office here.

## Funeral held for longtime city resident

Funeral services for McCunnie Washington, 42, a longtime resident of Dimmitt who owned and operated a garage here for many years, were conducted Monday afternoon at the Fourth and Bedford Church of Christ.

CARLOS CALVERT and Viggo Ulrich officiated at the funeral. Burial was in the Castro Memorial Gardens, under the direction of McCarty Funeral Home of Littlefield.

Pallbearers were Robert Kelly, Billy Ray Thomas, James Stewart, Quincy Standby, Billy Thomas and M. C. Blackwell.

Mr. Washington died of an apparent heart attack at his home here last Thursday.

Members of the 76ers, county Bicentennial chorus, in which both Mr. and Mrs. Washington sang, have set up a memorial fund for him at the First State Bank of Dimmitt.

MR. WASHINGTON was born July 21, 1934. He married Francis Chavers March 26, 1955.

Survivors include his wife; five daughters, Jacqueline, Sharon, Lisa, Stephanie and Tina, all of Dimmitt; and five sons, Ray L., Tony, Reginold and Randy of Dimmitt and Danny Jr. of Dallas.

Also surviving are his parents, Mr. and Mrs. E. L. Washington Sr. of Lubbock; three sisters, Minnie Ola Mason of Lubbock, Ella Phair Pier of London, England, and Lottie Harper of Lexington, Tenn.; and three brothers, E. L. Jr. of Dimmitt, Ezra of Lubbock and Jimmy of Dallas.

School costs are spiraling again because of new state financing requirements, and local districts are using nearly every route available to raise the necessary money.

THE NAZARETH School Board is hiking its property tax rate for the second time in three years. The new increase is 20% to 26.6%, depending on how you calculate it.

The Hart Independent School District has conducted a complete reappraisal of all property in the district and is adjusting its tax rate to raise three times as much money for state-required purposes as was needed two years ago.

The Dimmitt Independent School District is holding off on a tax increase, but will draw on its surplus funds this year to the tune of \$59,000 to make ends meet. Dimmitt School Board members are hoping that, while they conduct their expensive holding action, the Texas Legislature will ease the situation during its 1977 session.

A LIVELY session may be in store for the Nazareth School District's equalization board when it meets at the school Saturday to hear challenges from taxpayers. The Nazareth school tax rate has been hiked from \$1.50 per \$100 of assessed valuation, based on 50% of market value, to 95 cents based on 100% of market value. The Nazareth Independent School District had a similar tax increase two years ago.

"We've had to raise taxes because the state keeps voting new expenses which it doesn't pay for," said School Board President Ed Ramaekers.

AT HART, the school board has gone to a complete property reappraisal—the first in many years—to bring in the extra money needed. The best irrigated land, originally appraised at \$100 per acre, now carries a \$600 appraisal. However, land is scaled into eight or 10 grades now—more than twice as many grades as before.

"Our local fund assignment (tax funds that originally came from the state but now must be raised by the local district) just keep going up," Supt. Ted Averitt said. "Two years ago it was \$46,000, last year it was \$92,000, and this year it will be \$138,000."

SURPLUSES in the Dimmitt Independent School District's Maintenance Fund and Interest and Sinking Fund have forestalled a school tax increase temporarily, but Supt. Charlie White said, "We can only go so far by leaning on our surpluses."

## Piece of metal finds billfold

Luckily, Cecil Crum had a metal Social Security card in his billfold when he dropped it recently while he was covering a ditch at his farm northeast of Dimmitt.

HE REMEMBERED the bit of metal when he realized the virtual impossibility of finding the billfold in the ditch.

With a metal detector, Don Cox of Hereford found the billfold—buried under eight inches of dirt.

ANOTHER NEW BUILDING will start going up next week when construction gets underway on the new Dennis Funeral Home facility just west of Dimmitt on US 385. Here, city and Chamber of Commerce officials join Mr. and Mrs. Cecil Dennis in groundbreaking ceremonies Monday morning. Welding shovels, from left, are Chamber President Jack Edwards, Chamber Director Jerry Marvin, Dennis, apprentice funeral

director Jo Warren, and Mrs. Dennis. Backing them up are City Manager Garnett Holland and Chamber Manager Elvon DeVaney. The 8,800-sq. ft. colonial-style funeral home will be of brick veneer and will include a chapel, family room, two state rooms, reception room, arrangement office and private offices. Kirk Morgan of Springfield, Ill., is the architect and Don Hargrove of Dimmitt is the prime contractor.

## Roundup Week plans jell

A parade with a Bicentennial theme, projected as "the biggest ever in Dimmitt," will climax the annual Roundup Week of Aug. 8-14 when activities will include a rodeo, Old Settlers Reunion, pet show, carnival, square dancing and a bicycle marathon.

AMERICAN flags—at least one is urged on each float—will boost the parade theme, according to Gary Hufhines, president of the sponsoring Dim-

mitt Lions Club.

The Lions are urging every organization in the county, and all interested families and individuals, to enter parade floats. They stress that all entries should fly the US flags in honor of the nation's 200th anniversary year.

Notice of entry plans should be given the Dimmitt Chamber of Commerce office, 647-2524, by 4 p.m. Aug. 12, Hufhines said.

## 'Hart Day' schedule to be completed Monday

A field of 13 candidates has been drawn up for the selection of Miss Hart in a pageant that will highlight the annual Hart Day celebration Aug. 13 and 14.

OTHER celebration events are in the final planning stage, with a meeting set for 8 p.m. Monday to complete the program arrangements. All interested persons, club representatives and committees are asked to be present at the meeting in the Hart School Band Hall.

A Bicentennial theme will be emphasized in the two-day community celebration, with music, dances, a merchants' drawing, contests, exhibits and the beauty pageant, which Mrs. Joe Cariker and Mrs. DeWayne Brown, co-chairmen, promise will be an exciting show.

Entries for the Miss Hart title and their sponsors are Melanie Upshaw, Zealot Club; Stacy Averitt, Xi Mu Iota Sorority; Jana Mapp, Lions Club; Sharla Carson, Chi Psi Sorority;

Mary Lou Mancias, HHS Band; Diane Davis, B&K Grocery.

Also Lisa Higgins, Tide Products Inc.; Eloise Sarabia, Pay and Save Grocery; Jacques Ritter, Hart Farm Supply; Mae Ethridge, Sam and Deb's Place; Aby Mancias, Farmers State Bank; Tammy Gilcrease, Farmers Grain; Donicee Clark, Good Neighbor Club.

The Americans from Tulia and Castro County's 76ers will present Bicentennial musical entertainment during the day Saturday. The Nazareth Kurlie Q's square dance group has volunteered to assist Mr. and Mrs. Ben Kennedy in staging the square dance Saturday night. Hap Pope of Lubbock will be the caller for the street dance.

Sponsors for the Ugly Man Contest are still needed, Mrs. L. C. McLain said.

Mrs. Bob Berry is in charge of booths for the Arts and Crafts Show and Sale. The Hart Day Committee has voted to make a charge of \$5 for each money-making exhibit.

THE WEEK'S schedule is virtually complete, with overall direction by the Activities Committee headed by Avery Thrasher and Jo Behrends and the County Bicentennial Committee with Linda Maxwell as general chairman.

Through the entire week, Aug. 8-15, the Jest Amusement Co. carnival will be here to supply nightly entertainment. The rodeo sponsored by the Dimmitt Rodeo Association will have performances on the evenings of Aug. 12, 13 and 14 at the arena in East Dimmitt.

A dance will follow each rodeo performance, Association President Lee Roy Wood said. A SQUARE dance in the County Expo Building Aug. 10 will replace the street dance of past years, to avoid the risk of unfavorable weather and also to provide seats where a larger number of spectators can be accommodated.

Kids will have their innings Friday, beginning with the pet show on the courthouse square.

Dr. W. J. Hill will direct the display of all sorts of pets.

Afterwards, games and contests such as sack races and potato races will be held, sponsored by the county's 4-H clubs.

A BICYCLE marathon sponsored by the Kiwanis Club will start from the Little League Park and proceed to the Dimmitt Feed Yards, then up FM 1055, around and back to the Castro County Country Club.

A watermelon feed at the Country Club will have the Lions Club as hosts to the marathon riders.

The annual reunion of Castro County Old Settlers will be the Saturday morning feature. Bill Henderson, president, has named committees and program details are being arranged.

THE PARADE will begin at 2 p.m. Saturday. Efforts are being made to engage a military band to play in the parade and in a concert afterward, CoC Manager Elvon DeVaney said.

## Plans completed for Old Settlers' Reunion

Old Settlers of Castro County will have their annual reunion Aug. 14 in conjunction with the 1976 Roundup, all keyed to the US Bicentennial theme.

A COMMUNITY picnic honoring the pioneers who laid the foundations of the county's present status as an agricultural and industrial center will be the feature of the day. Attendance is expected to reach 200 this year, Bill Henderson,

Old Settlers Association president, said.

Edd McLeroy is chairman of arrangements for the meat and bread to be served at noon, added to covered dishes which the picnickers are to bring. The dinner is scheduled at 12 noon in the Expo Building, after a morning devoted to informal visiting and renewing of acquaintances.

WELDON BRADLEY is in charge of tables and chairs for the reunion. Martha Smith is chairman of the kitchen committee and Mrs. Bradley is in charge of drinks to accompany the meal.

County Bicentennial coins given by the Chamber of Commerce will be the mementoes presented to old settlers who travel the farthest to the reunion, the oldest person and oldest couple present.

These winners will be announced during the business session following the dinner, then a short program arranged by Helen Richardson will be presented before time for the Roundup Parade to begin at 2 p.m.

TED AND Dorothy Sheffy are co-chairmen of the nominating committee which will present names of candidates for Old Settlers' officers for the coming year.

GOOD SHOW—All phases of the fourth annual German Folk Festival at Nazareth Sunday drew large crowds from throughout the region. Here, art fanciers study still-life paintings at the Festival's arts and crafts show. Four hundred visitors cast ballots for

their favorite paintings, and hundreds more toured the gallery. More than 1,000 were served German sausage, sauerkraut and apple strudel at the Wurst Supper that followed.

JAMPACKED GYM—Hundreds of square dancers jammed into Nazareth High School Gym for the German Folk Festival Square Dance Sunday afternoon. Dancing was one of the main activities of the Festival, with square and round dancing in the afternoon and a

public dance Sunday night to the music of the Havlak Polka Band of Rowena. Other entertainment during the big Festival included baseball games and a concert by the 76ers Bicentennial chorus.

Sheffy's chatter

Nelsons home from bus tour of seven states

By MYRTLE SHEFFY

Woodrow and Alma Nelson are home from a ten-day tour of the west and north part of the United States.

THE BUS started at Dallas and Alma's sister Edna Lou and Cecil Hood of Granberry came on and the Nelsons joined the group at Amarillo. The first thing was a trip to Palo Duro Canyon to see "Texas." Then on to New Mexico to see the Petrified Forest and the Grand Canyon, on to Los Angeles where they saw Disneyland, Knotts Berry Farm. They stopped at Universal Studios. They saw Beverly Carmen, who gave them her picture. She owns a big motel where they stayed. They went on and came back by Reno, Nev. Also stopped at Salt Lake City, made a tour, saw the beautiful Mormon Temple, on down to Colorado, saw Steamboat Springs. Somewhere they saw the dinosaur pits or the diggings for the bones. Also a stop in Denver, Colorado Springs where the beautiful and unusual chapel is, stopped in Raton but no horse races. On the road home they went round and round to the top of Capulin Mountain near Clayton, then home again. The Nelsons said already 18 buses are getting ready for the trip next fall to the Northeastern states.

DIMMITT residents headed out for the high mountains and the cool places.

Ewell and Nell Kelley and family accompanied by Jeff Bell and Tonya Hampton are spending a few days at Red River. That is a high up valley in the Rockies.

Rex and Dorothy Sheffy and sons Scott and Brett also went up to the Angelfire Valley northeast of Taos. They were houseguests of friends. They

will go on to Fort Collins for a visit with daughter Drucilla and Bob Storr and three babies.

Mr. and Mrs. D. W. Harkins spent last weekend at Ruidoso for a change of scenery. They watched the horses run, saw thousands of people doing the same thing.

Nolan and Evie Froehner went to South Texas this week. First to Flatonita to the Froehner reunion. They picked up Nolan's dad Rev. Froehner at the home in Kerrville, then later Nolan went to San Antonio to a band assembly. Evie visited friends in Kerrville.

Charlie and Dorothy Nutt and J. H. and Earlene Myatt were in Ruidoso for the weekend. Charlie says just to get away from the farm and the eternal job of watering crops.

MRS. JIM Killingsworth is home now recuperating from recent surgery in Plainview. Her mom-in-law Alice Killingsworth has been helping out. Becky says thank you for the cards, food and good wishes.

George and Josie Bradford went to Amarillo Friday to visit their nephew J. T. Boswell and have dinner out. They went by High Plains Baptist Hospital to see Garland Coleman Sr. and Lester Gladden. Both men had surgery and have the same room. We wish them a speedy recovery.

Dan and Hazel Nelson, Mel, Pam and Robert flew down to Fort Worth so the kids could take in Six Flags. That place must be fun. We saw them at the Lubbock airport ready to go as I got in from Dallas. Daughter Ruth Jackson met and picked me up there.

Earl and Gerry Chaney with son Mike and family of Friona are home from a rambling trip in New Mexico. First to the Carlsbad Caverns. Everyone should see the caves one time. On to Alamogordo where the White Sands are, on to Ruidoso, the tall mountains and horse races, on north to Albuquerque and Santa Fe, then home.

BOB CONNER and son Richard from New York City and connected with Amstar were here to visit Dimmitt's new addition and see the beautiful corn crops. Bill and Mark Summers showed Richard cattle in lots, irrigation sprinklers, and rabbit hunting. He had never seen farming and ranching as we have in the Dimmitt area.

Visiting in the home of Curtis and Marie Tate this week are their daughter Pat Truelove and husband Ken of Houston and son Brent Henderson who is on leave from Camp Lejeune, N.C. Other guests were her sister Mr. and Mrs. Tom Lockwood of Mooreland, Okla., and niece Mr. and Mrs. Charles Razien and Jason of Woodward, Okla. Marie's mother Mrs. J. L. Kay of Mooreland returned home with her daughter.

Shari Honea returned home to Dumas Sunday evening after spending a week here visiting grandparents C. A. and Oleada Hance and aunt Martha and Jake Isaacs and Jeff.

Adeline Rush and her father Patterson Bain have returned from a ten-day trip to the South and East. First they went to Seawee, Tenn., picked up son

Patt at the end of the summer session at the University of the South. On to Saluda, N.C. for a visit with an aunt and two cousins, a visit in Nashville with relatives and on home. And this Friday daughters Barbara Harrison and two young sons from Kansas City and Alice McRoberts from Long Island will fly to Dimmitt for a short visit with all the family.

NEW PEOPLE in town are Mr. and Mrs. Frank Kay Kendall and sons Troy and Nick and her sister Judy and husband Jimmy Samford and son Joey from Timson. The Kendalls moved here from Cove, Ark. Both men drive trucks for Steere Lines. They attend church with the Baptists. Their home is at the corner of Ninth and Dulin. The Timsons are looking for a house.

Mrs. Kathy Hewett and a friend went to Massachusetts to visit other friends. The Hewetts lived in that area at one time. Gary and son Jim stayed home on the job.

Mr. and Mrs. Jim Holland of Fresno, Calif. came by here to visit her cousin Juanita Bruegel and the family. They are en route home from a trip to Arkansas. They attended a family reunion at Witter, she says a small town in the Ozarks in the big oak tree country. Most beautiful place, rivers, trees, and the old school house made many years ago with hand built seats or benches still used. They heard a cow calling with the echo's bouncing from hill to hill. They saw the early-made rock fences and old time bridges.

MR. AND MRS. E. C. Dorris of San Angelo came by to visit her sister Lee and Eddie Kimbell last week. They are on a three-month trip to Canada. Mrs. Dorris is a retired LVN and Mr. Dorris is a retired FBI agent. All had steak dinners at K-Bobs on a Saturday evening. They were most impressed with the friendly people in Dimmitt and the big Amstar plant and other business deals. They saw the big cattle feeding pens, amazed at the growth. And I say, don't forget the corn growing in the fields as tall as an elephant's eye.

In the cafe one day I saw Paul Blanchard of San Francisco. He helped get the corn mill started, then he and Mrs. B. moved. Doug Lapins says Paul comes back once in a while to see how things are doing. And with him were Bob Sequeira of Woodland, who is research manager. He is a big help, as is Steve Hall who lives here. Seems there are dozens of new people out there since the big new addition to the plant was started.

A NICE thing happened at South Hills Manor Wednesday afternoon. Mrs. Bob McLean made a freezer of ice cream, gave it to Hattie Webb to serve the people who wanted ice cream. 28 ladies were served and Ed Duke and I were visiting there so we enjoyed the ice cream too. If you ever want to do something, call the offices or Mrs. Derrel Musick, Mrs. Wade Maynard or Delores Gilliland.

Mary Gollehon of Albuquerque and her daughter Marilyn

Warren of Orlando, Fla. were in town on business. They saw Alma Umberson at the home. Noel Gollehon is the brother-in-law and Floyd Reynolds the brother of Mary.

I met W. L. Reed at the Dallas airport. He is a retired school teacher from Levelland and sends greetings to friends the Emmett Brodersons, the Weldon Skinners and the D. W. Harkins. And sitting near me on the plane coming home was Cecil Reese of Lubbock who says say Hello to Kenneth Hollums.

I HAD a good trip to Dallas where I visited daughter Dorothy Bond and family. Their daughter Leslie flew up from San Antonio where she works in a Social Security office. You know Leslie has been blind from birth. And the other daughter Vickie and husband George Green and his brother Tom from Georgia were there for dinner one day, and my granddaughter Connie Cyd came over from Denton where she is in school. We had several good meals out, and saw the big stores. I attended church Sunday at a pretty new Colonial type church south of Big Town and west of Mesquite but still in Dallas. I love going places, but so glad to come home.

Mr. and Mrs. John Henton and Jay from Lovington, N.M. and Mr. and Mrs. Elgin Conner of Plainview were guests of Mrs. Faye Kenmore last week and Faye's granddaughter Nina Kenmore returned to her home in Tempe after a three-week visit. Nina is the daughter of

the Hoyt Kenmores.

MR. AND MRS. Charles R. Carter, Rusty and Jenifer of 713 Maple had a backyard supper for a lot of their kin Tuesday night, June 20. Everybody brought pot luck. Those attending were Mr. and Mrs. Russell O'Brian, Mr. and Mrs. Loyd Chesher, Cindy, Cathy, Christy and Charla, Mr. and Mrs. Kenneth O'Brian, Mrs. Leta Eustace, Brit and Kim, Mr. and Mrs. Burke Hand, Dan and Tawnya, all of Friona. The Hands had a little guest from Dallas, Lance Bush. Also enjoying the good food and a lot of laughter were Mr. and Mrs.

Dwight O'Brian, Greg, Sherri, Teresa, and their guest Gary White; Mr. and Mrs. Tom O'Brian and three of their grandchildren Celia, Shela and Edward O'Brian. Also from [See CHATTER, Page 3]

In all ways of life, keep him swinging in the proper STRIKE ZONE PLAY BALL... is a familiar cry in the spring and summer. This is a time that parents and coaches, alike, encourage the boy not to swing unless the ball is in the strike zone... for in the early years of playing the game, the tendency is to swing at every pitch. This holds true in all of life, so it is up to wiser and older heads to train and encourage him in the better things. Bringing up a child is a serious matter and all can use help. Let the church help you to teach him the right ways.

**CLASS MEETS AGAIN**—After 30 years the eighth grade graduates of Hart School, 1946, held a reunion recently. Those present, left, front row, are Rev. Bertus Rhodes; a teacher of the group, Margaret Ledger Knott; Dorothy McLain Mayfield, Patsy Bauman Warren, Lillian Hamm Holland; back row, Tony Smitherman, C. W. Seago, Stewart Newsom and Dean Phillips.

## Hart class has reunion

Eight of the 13 graduates in Hart School's 1946 eighth grade class came together recently for a 30-year reunion in the Castro County Country Club.

CLASS members who still live in Hart, Patsy Bauman Warren and Stewart Newsome, and Dorothy McLain Mayfield of Dimmitt, with Mrs. Newsome and Herb Mayfield, welcomed the returning classmates.

Rev. and Mrs. Bertus Rhodes came the farthest, from Bakersfield, Calif. A former teacher, who was Margaret Ledger, and her husband, Dr.

Kirk Knott, were here from Amarillo.

Also from other cities were Mr. and Mrs. C. W. Seago of Milan, N.M., W. P. and Lillian Hamm Holland of Springlake, Mr. and Mrs. Tony Smitherman of McLean and Dean Phillips of Amarillo.

Messages were received from some of the absent members, who include Ray Don Newman of New Carrollton, Md., Wanda Jackson Henderson of Hart, Jackie Cline Freeman of Earth and Brooks Rodgers of Amarillo. The only member whose address was unknown was Pauline Nance.

### More about SHEFFY'S

[Continued from Page 2] Friona were Mr. and Mrs. T. B. Mason Jr., Jan, Deena and Reena and Mr. and Mrs. E. L. Fairchild. From Adrian were Mr. and Mrs. Larry Fairchild, Jeffery and Vicki. Charles works in operations out at Goodpasture, and Leta Eustace is the switchboard operator and receptionist.

Maria Frazier of Fort Worth has been here to visit Alma and Glover Frazier and nephew Alvin and Frances. And I hear that Leroy or Bo Owens, son of Alma, is recuperating from a heart attack. Bo grew up in Dimmitt, now lives in Amarillo.

CLYDE AND Faye Darnon were hosts to all of his family on a recent weekend, his brothers C. R. Darnon of Hereford, Alvin Talley of Muleshoe and sisters Opal Hammer of Plainview, Mable Reed of Sudan, Pearl DaVilau of Samona, Calif., Pauline Williams, Lorraine Gilreath, Wanda Hill and Vera Kehoe of San Antonio and on Sunday the nieces and nephews and the grand kids came in for dinner. Faye says 139 were there. Her daughter-in-law Bobbie and son Harold helped out with the cooking.

Dee Yates and sons attended the Ewing family reunion last Sunday and Ricky Yates, her son, is home after spending the summer in Arlington with his uncle Ted Timmons and Susan Timmons of Arlington has been here for a couple of weeks to visit Dee and the boys.

Brad and Juanita Fulfer are home from a summer's stay at their place at Lake Texhoma. They like to fish there.

Jimmy Manning and son Hank of Denver were here for a few days visit with his parents Shorty and Polly and grandmother Hattie Webb and sister Cheri Collins.

MR. AND MRS. Roger Smith of Rotan came by to see their

aunt Leona Rothwell. They were en route to Roswell to see the art and crafts show. Mrs. Smith is an artist in oil painting.

Minnie Ola McClure of South Hills Manor and her daughters Mrs. and Mr. Dave Breith of Granite Shoals and Mrs. L. Wana Deavenport of Hereford attended a family reunion at Sudan last week.

Dan and Alice Bruton were having steaks at the cafe Saturday evening with their company, a sister Mr. and Mrs. Paul Armes from Oklahoma City and sisters Mr. and Mrs. V. L. Kirby and Mr. and Mrs. Paul Williams.

And company in the home of Rev. Ed and Mrs. Manning were friends Mr. and Mrs. Harvey Phillips from Hershman, Ill. and Mr. and Mrs. Alvin Smith of Jacksonville, Ill. I met these folks Sunday evening at Neal Lomenick's drive in.

The Ted Sheffys, her mom Rachel Graham and I went to Tulia for the Christening service for baby Brook Wallace, daughter of Rick and Beth. They served a good dinner later. We did not get to go to Nazareth. Sorry about that.

MR. AND MRS. Fred Moulton were hosts to a family reunion Saturday and Sunday. Some of the out of town guests were Mr. and Mrs. J. L. Adams and five grands of Stratford, Mr. and Mrs. A. B. Bryan and three grands from Hereford, Mrs. Gene Kasher from Saint Maria, Mich., however the Kashers have spent the summer here, as did Tommy Adams from San Antonio, Mrs. Teena Adams and two other sons of San Antonio, Clara Bell Adams, Mr. and Mrs. David Adams and Teresa, Mr. and Mrs. Bobby Adams, and Barbara Davis and children from Hart, Helen Moulton of Amarillo, she is with the emergency room at Northwest Texas Hospital. Many friends came by Sunday for coffee and a visit.

Avie Lewis and children Kerry and Ronna of Warrensburg are here for a visit with her parents Mr. and Mrs. Virgil Justice and brother Ken and family. The Ken Justices are building a big pretty house just west of the high school. Ken hopes to have it ready by the time the coming baby gets here. Hurry hurry builders!

1514 Ruskin Circle — Now under construction. 3-2-2 with fireplace, utility room. Approximately 1420 sq. ft.

1518 Ruskin Circle — New 3-2-2, Fireplace, large den and kitchen. Approximately 1575 sq. ft.

1604 Sunset Circle Drive — New 3-2-2, fireplace, extra large utility, formal dining with floor to ceiling mirror, breakfast nook, huge den, marble vanities, covered porch, wood roof, approximately 2250 sq. ft.

All our new homes include range, dishwasher, disposal, central heat and air, and 6-ft. Western Red Cedar fence.

### Existing Homes

1005 W. Stinson — 3 bedroom, 1 bath, carport, kitchen, dining, living area, approximately 1100 sq. ft.

401 NW Fourth — 3 bedroom, 1 bath, carport, combination kitchen-dining, large storage shed.

We also have irrigated and dry land farm listings.

### Juniors provide 'good show' but rodeo backers lose money

Rough and ready rodeo action by youngsters under 18 provided "a real good show" by more than 250 members of the High Plains Junior Rodeo Association last weekend in the Dimmitt Rodeo Arena.

RIDING, roping and racing supplied plenty of excitement in three performances beginning Thursday night. Lee Roy Wood, president of the sponsoring Dimmitt Rodeo Association, termed the competition "real good" and the number of entrants above average for the juniors, although the sponsors took a financial loss.

Despite conflicting dates with the Texas 4-H Horse Show in Amarillo and the annual Riders' Club Rodeo at Here-

ford, attendance was good at the event here and the 250 entrants exceeded the previous 240 mark reported from Junior Association headquarters at Clovis, Wood said.

Castro County entrants failed to win places that would qualify them for the Junior Association finals at Clovis in August.

LOCAL youths in the 16-18 division were Scott Armstrong and Mike Odom. In the 12-and-under division, Jerri Clark participated in barrel racing and pole bending, and Buton Stevens and Ronnie Autrey in steer riding.

The rodeo ended Saturday night with a dance on the concrete slab at the arena.

### Hart School tax rate is adopted

The Hart School Board set the tax rate for the coming year and employed an elementary school teacher at a called meeting Monday evening.

THE NEW tax rate will be \$1.25 per \$100 assessed valuation, with an assessment rate of 50 percent based on increased property valuations af-

ter a complete reappraisal throughout the district.

The former tax rate was \$1.60 with 100 percent valuation, but Supt. Ted Averitt explained that there had been no reappraisal of property values in the district for a number of years, and top land had long been valued for school tax purposes at \$100 per acre. The new figure is \$600 per acre for top land.

A budget for the 1976-77 school term is being prepared and will be presented to the board soon, Averitt added.

DAVID FANNING was employed to teach social studies in fifth and sixth grades. He comes from Clayton, N.M., where he taught the past term.

The board approved the schedule of free and reduced prices for school lunches to students who are eligible. The basic lunch fee for students was set at 50 cents and for adults, 70 cents.

### City property damage curbed voted at Hart

A move to curb vandalism to city property at Hart was taken by the Hart City Commission in its Monday meeting, when the officials also approved the 1975-76 city audit.

THE commissioners voted to hold responsible anyone who in the future does any damage to city property and to bill the violator for costs of the damage. Some recent damage to city water lines was discussed before the vote was taken.

The report on the 1975-76 city audit was given to the commission by Harold Irlbeck, CPA, of the accounting firm of Brown, Graham & Co. of Tulia. The report was accepted as presented.

### 4-H'ers vie at State

Four Castro County youths who competed in the 1976 State 4-H Horse Show at the Tri-State Fairgrounds in Amarillo last week.

THERE WERE 280 4-H boys and girls from the state's 14 districts who qualified for the state show. Horses that competed were top show and performance horses from all over the state.

4-H'ers from Castro County who competed were Scott Bagley, Matt Howell, Renee Cluck and Greg Cluck.

BAGLEY tied for 13th in the state in the cutting division of the state show.

In the showmanship competition, Greg Cluck reached the finals (top 15) out of 156 entries. He also made the semifinals in Western Pleasure, out

### Moyers resigns as librarian

The County Commissioners' Court Monday accepted the resignation of Librarian Carlton Moyers and heard a discouraging word on the prospects of upgrading US 385.

MOYERS' resignation as librarian of Rhoads Memorial Library will be effective Saturday.

On the Highway 385 issue, a representative of the Texas Highway Dept. district office in Lubbock told commissioners that state funds will be available for necessary maintenance of the federal highway, but that there are no funds available in the foreseeable future for widening or improving the highway between Dimmitt and the Lamb County line.

Commissioners also made plans to meet with Soil Conservation Service officials for a final inspection of Site 1 on Running Water Draw before letting of bids for construction of the proposed new dam at the site.

AFTER discussing the insurance plan for Rhoads Memorial Library with Joe Cowen, the court voted to increase the library's insurance from \$125,000 to \$170,000.

### Country Club will stage Render Memorial Tournament

The Castro County Country Club will hold its first annual Doc Render Memorial Partnership Golf Tournament Saturday and Sunday.

THE TOURNAMENT is named in honor of the late Glen O. "Doc" Render, long-time Dimmitt druggist who was a charter member of the Country Club. Render died July 16.

"Doc had so many friends and was such an avid golfer that we decided to name a tournament for him," said Country Club President Jerry Watts. "We had already planned to name the tournament in his honor before he died, but

he never knew it. We were going to surprise him."

The tourney will feature low-ball medal play for two-man teams. Entry fee is \$50 per team, with merchandise prizes to be awarded to winners.

A free barbecue for all participants will be held at the clubhouse Saturday night.

### CofC to chart ribbon-cuttings

Chamber of Commerce directors will schedule a series of ribbon-cuttings and ground-breakings when they hold their August board meeting next Thursday at 7 a.m. at Ann's Steak House.

CHAMBER Manager Elvon DeVaney said ribbon-cutting ceremonies will be scheduled for new buildings now being completed by Hays Implement Co., George Real Estate and W&C Grain, Inc., and for a new hair-styling shop, The Head Hunter. Also, several ground-breaking ceremonies for other new buildings are in the offing, he said.

### Meeting called for junior vols

The Junior Volunteers of Plains Memorial Hospital will meet at 7:30 p.m. Tuesday at the home of Susie Bradford, 407 NW Eighth St.

GIRLS AND boys 14 to 18 years of age who are interested in doing volunteer work at the hospital are invited to the meeting. The junior organization has been expanded to include boys as well as girls, since some of the duties can be performed best by boys.

**On Wall Street**  
By Bob Hill  
A. G. Edwards & Sons, Inc.

The great state of California is doing it again—beating the federal government to the punch when it comes to the best interests of the consumer. FIRST IT was automobile pollution. With a no-nonsense approach, some horrendous fines and the threat of a ban on the sale of certain makes of cars in California, the state has led the way in forcing higher clean air standards for the car manufacturers.

Now it's home appliances which California is insisting must use less energy. REFRIGERATORS, freezers and air-conditioners are the three heavy electricity users. The new California regulations would outlaw 75% of the freezers and refrigerators sold in the state and 90% of the air conditioners. The only brand which qualifies at this time is the Philco Cold Guard line.

What can California accomplish with the tough new regulations? The state believes that within 10 years enough energy will be saved to eliminate the need for three nuclear power plants. The regulations call for a 30% reduction in energy usage for refrigerators, freezers, and air-conditioners over the next 36 months. The Association of Home Appliance Manufacturers, representing makers of 90% of the home appliances sold, tried to block the new regulations by claiming that federal regulations were forthcoming and the California regulations would conflict. The court wouldn't buy any of that. California was smart enough to work along with the Federal Energy Administration to make sure its program didn't vary too

much from what the FEA will require. The appliance industry has little choice but to comply with the California regulations. It is the leading state for appliance sales with the three appliances selling over \$200 million a year. The cost of meeting the standards will be tremendous. Philco took five years to design the new line of low energy using appliances at an estimated cost of \$10 million. The Philco lines cost about 3% more than competing appliances but use 40% less electricity and in some cases 55% less.

**Happy church plans bazaar**

The annual bazaar and dinner at the Holy Name Catholic Church of Happy is scheduled Sunday with the public invited. Serving hours are from 11:30 a.m. to 2 p.m.

BARBECUED beef will be featured on the menu, which also includes mashed potatoes, gravy, pinto beans, green beans, orange jellied salad, tossed salad, relish plate, deviled eggs, homemade bread, brownies, tea and coffee, all prepared by women of the congregation.

Price of the dinner will be \$2.50 for adults, \$1.50 for children 6 to 12 and free for children under 6 years old.

Entertainment is offered through the afternoon with games, a country store, fish pond and refreshment stand with cold drinks.

**Castro is second in cow-calf count**

Castro County ranchers placed second in the state in the total number of cattle and calves, with some 200,000 head on hand at the beginning of 1976, Agriculture Commissioner John C. White has announced.

TEXAS as a whole placed first in two categories with 15.6 million cattle and calves reported on Jan. 1, 1976, of which 6,480,000 were beef cows that have calved. "Cattle ranchers in Texas managed to shave a million cattle from throughout the state between Jan. 1, 1975, and the beginning of 1976, helping greatly to ease the overabundant supply situation and bring numbers in closer agreement with demand," Commissioner White explained.

Nationally, the total number of cattle has also been decreased, from 131,826,000 Jan. 1, 1975 to 127,976,000 at the first of 1976.

**VETERAN'S SERVICES**  
By BEDFORD W. SMITH  
County Service Officer

A recent issue of the Castro County News carried information from the National Administrator of the VA urging WW II veterans with term GI insurance policies to convert to a permanent plan, because term premium increases would result in many losing their policies when needed most.

We want to alert the veteran in this additional article from the VA Regional Office in Waco.

VETERANS holding National Service Life Insurance (NSLI) policies are encouraged by the Veterans Administration to give consideration to converting the five-year level premium term insurance to a permanent-plan policy.

The NSLI program was started in 1940 to serve the insurance needs of World War II servicemen, Jack Coker, VA Regional Director, explained. More than 22 million policies were issued before the program was closed in 1951.

At the end of fiscal year 1975, there were 4 million policies still in force with a face value of \$26 billion. Of these, 2.5 million have been converted to permanent plans. The VA counselors are directing their attention to the remaining 1.5 million policyholders.

TERM insurance premiums increase sharply at each renewal after age 50, often imposing a hardship on the policyholder. While premium rates for permanent plans are higher than for term policies issued at the same ages, they remain constant throughout the life of the policy.

The VA offers a number of permanent plans of insurance, all of which offer cash and loan values while avoiding future premium increases. Included are modified life plans, ordinary life, limited payment life

**Barnes named HHS head coach**

Kenny Barnes was moved to the head coach position in the Hart School System at a recent meeting of the school board, and Gail Barnes was employed as an assistant.

Martha Sue Mears was employed as a high school and junior high English teacher in the same board meeting.

**READY FOR SHIPMENT**—Castro County potatoes are stacked on the truck-loading docks at the processing plant of La Mantia, Cullum, Collier & Co., ready for shipment throughout Texas and to Illinois, Florida, Ohio, Tennessee and Georgia under the Sugar Sweet, Real Sweet and Big D labels. Potato harvest will last at least another four weeks, a spokesman for LMCC said. Meanwhile, harvest of early varieties of onions is winding up this week, but the harvest of later-maturing varieties will continue another two to three weeks.

MR. AND MRS. WALTER SPINHIRNE  
They'll hold grand opening in new location soon

## Western Auto Associate Store moves to remodeled building

The Western Auto Associate Store has been moved to a large, remodeled building at 113 W. Bedford St.

WALTER SPINHIRNE, owner and manager, is planning a grand opening at the new location sometime in August.

Right now, Spinhirne is in the process of "setting up" his store in the new location.

"We may be a little disorganized this week because we'll be unloading a truckload of merchandise and, hopefully, the rest of our fixtures and display units," Spinhirne said. "I hope people will bear with us until we get everything organized."

THE WESTERN Auto Associate Store formerly was part of Dimmitt Shell & Western Auto, located on South Broadway. Marvin Spinhirne is now operating the Dimmitt Shell Station while his father devotes full time to the expanded Western Auto Associate Store.

Helping Spinhirne run the store is his wife, Louise. Their daughter Regina and son Kevin are also helping this summer, and will work weekends after school starts. "We're starting with twice the size of inventory that

we had at the old location, and we'll go from there," Spinhirne said.

THAT INVENTORY includes a broad line of household goods, furniture, large and small appliances, bikes and repair parts, lawnmowers, sporting goods, automotive supplies, electronic products, hardware, tools, paint and painting supplies, home and automotive chemicals, sewing machines and typewriters.

Western Auto markets many of its own brands, such as Wizard tools and garden supplies, Truetone TV-radio-sterio products, Citation refrigerators and ranges, Revelation sporting goods, Western Flyer bicycles.

The Western Auto Associate Store also carries other major brands of products, such as Black & Decker power tools, Coleman camping equipment, Davis tires, and Brother sewing machines and typewriters.

THE NEWLY remodeled store building includes a large stock-storage room in the back "which eventually we'll turn into a repair shop if we can find a good mechanic," Spinhirne said.

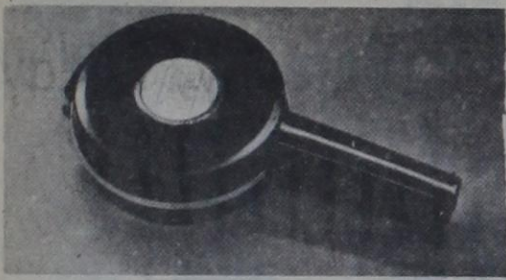

"Step into the Orange Age!"

MR. AND MRS. H. E. NEWMAN  
... Married 50 years

## Reception to honor 50th anniversary

The Golden Wedding anniversary of Mr. and Mrs. H. E. Newman of Hart will be observed with a reception in the fellowship hall of the Hart First Baptist Church from 3:30 to 5 p.m. Sunday.

HOSTS for the reception, the Newmans' three sons and their families, invite relatives and friends of the couple to call. They request no gifts.

The host couples are Mr. and Mrs. Joe Newman of Denton, Mr. and Mrs. Max Newman of Kermit, Mr. and Mrs. Don Newman of New Carrollton, Md. The family includes six

grandchildren and three great-grandchildren.

Hubert Newman and Eunice Bostick were married July 31, 1926 at Stephenville.

WHEN planning priorities and trying to get the most from time available, remember that for most people, work expands to fit time allowed. If housework is expected to require eight hours every day, it probably will.

647-3123 For Printing

## Baldriges at home here

Mr. and Mrs. Gary Baldrige are at home at 203 NW Fifth St. following their recent marriage in the First United Methodist Church. The bride is the former Sherri Vaughan.

HER PARENTS are Mr. and Mrs. Charles Vaughan and the groom is the son of Mr. and Mrs. W. A. Baldrige.

Rev. Marvin Roark, pastor, officiated for the wedding vows at an altar lighted with tapers in arched candelabra decorated with greenery and yellow bows. Candles with similar decorations lined the church aisles.

Before the ceremony Ann Touchstone sang "If" and "We've Only Just Begun", accompanied by Mrs. Bill Clark who played background music also.

The bride wore a silk organza gown with a full skirt shaping into a circular train edged with scalloped lace and ruching. Lace formed the wedding ring collar beaded with pearls, and wide cuffs on the puffed sleeves.

HER MATCHING caplet and fingertip tulle veil were made by her mother. Her bouquet was a cascade of yellow roses, daisies and babybreath showered with streamers of English

MRS. GARY BALDRIGE  
... Formerly Sherri Vaughan

### Happy anniversary!

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

JULY 30 — Larry and Alona Birdwell.

AUG. 2 — Bryce and Darlene Dowell.

AUG. 3 — Rex and Dorothy Sheffy, Tommy and Linda Persons, Vernon and Esther Brad-dock.

AUG. 5 — Jim and Sharon Patton, George and Marie Bowen, Deroy and Lorena Cates, Merriman and Frances Frazee, Ted and Jean Robb.

WHEN there is no peril in the fight, there is no glory in the triumph. —Corneille

ivy and flowers.

She wore a necklace centered with a marquise diamond, the groom's gift, and as luck pieces her costume included a handkerchief belonging to her grandmother, her mother's ruby and diamond ring and a blue garter made by her sister, Beth Wrobel of Garland.

Maids of honor were her sisters, Vicki Golden of Mule-shoe and Mrs. Wrobel, and bridesmaids were Kim Lindsey, Mary Hamilton of San Angelo and Teresa Bruegel. They wore sashes of yellow crepe and satin, and each carried a single long-stemmed yellow rose.

JERRY Baldrige of Fort Worth was best man. Joe Mooney and Bo Myers were groomsmen. Tommy Cleavinger, Brent Armstrong, David Vaughan of Richardson and Roger Allison were ushers.

Nephews of the bride, Larry Brent Vaughan of Richardson

and Troy Don Golden of Mule-shoe, carried the rings. A niece, Mandi Vaughan Golden, was the flower girl.

Lighting candles were Sheril Baldrige, sister of the groom, and Shannon Vaughan of Richardson. Sue Vaughan of Richardson invited guests to register.

A RECEPTION followed the wedding, with Mmes. Jim Cleavinger, Troy Kirby, Dan Heard, Arval Tilson of Plain-view and N. B. Stokes as hostesses. Daisies and silver candelabra ornamented the table where Sherry Kay, Lisa Hall and Tanya DeVaney served refreshments.

Pre-nuptial parties for the bride included a shower in the home of Mrs. Heard with 29 friends as hostesses. Linsae Snider was at the serving table which was centered with daisies in a candelabra arrangement.

## Small Talk

By SUE COLEMAN

People who insist that there's nothing scenic about this Plains country should get outside the city limits and take another look now.

MIDSUMMER is the lush season for crops, and enough rain has fallen lately to green the pastures and roadsides to match the fields.

Maize is growing so fast you can see it move; sugar beet leaves are at their emerald greenest; corn is in tassel and there is an occasional field of sunflowers to add touches of other colors. If those aren't worth a bit of sightseeing, I don't know what is.

IN SOME places the corn is high enough on both sides of the road to block the view and you feel like you do driving through Nebraska or Iowa—as though you are in a green tunnel. Only Texas highways are wider and the fields don't run so continuously that you can't see a break up ahead where there's something besides corn.

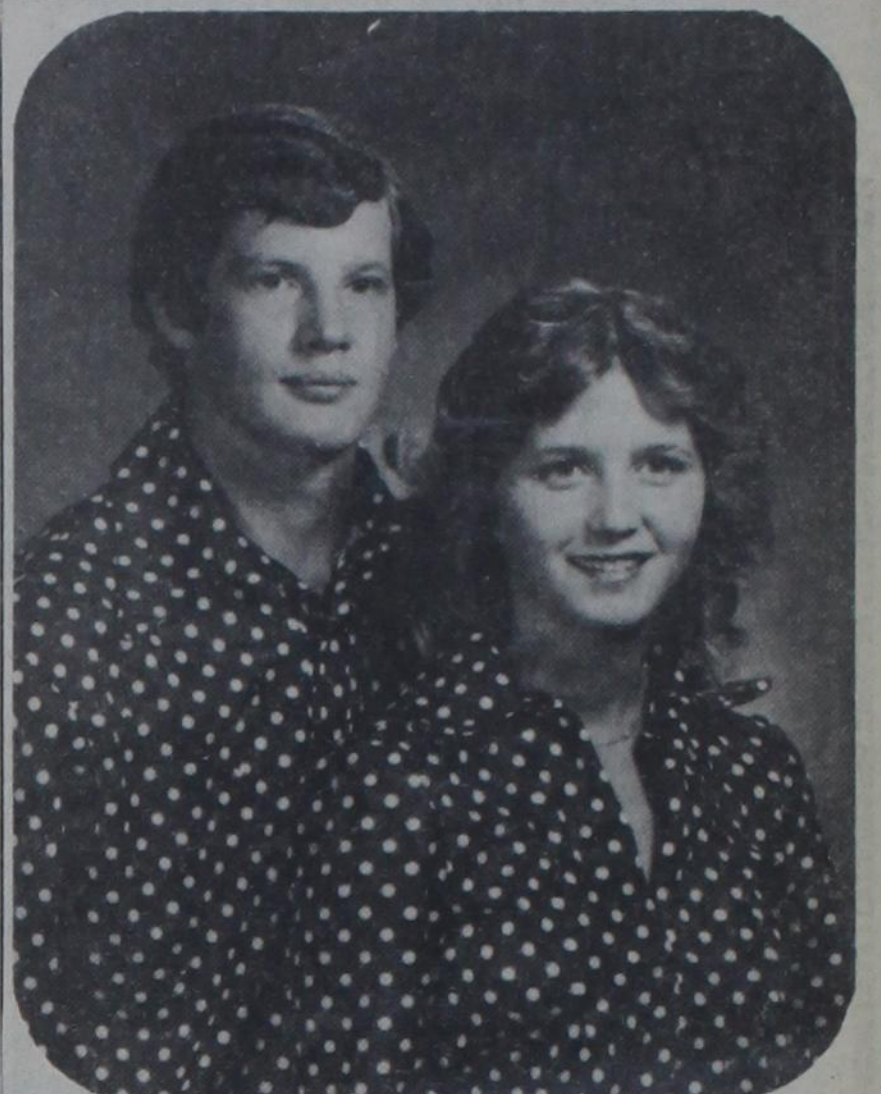

The big variety of crops here makes for better scenery, and also assures that you don't get a case of corn claustrophobia.

INTRODUCING our city's recent Korean visitors at a club luncheon Mayor Elmer Youts remarked that one of the men has a name similar to his own and also holds the same position in his church, so the mayor said "Deacon Youts is very happy to present Deacon Yoo."

After that lunch Dr. Vandiver was taking an instant course in Korean from Rev. John Street, learning to say "How are you?" and "Glad to have you here" (no doubt with a West Texas accent) to the guests.

AMERICANS place little prestige on growing older—but a positive attitude about aging relieves concern and anxiety about old age.

A STATE without the means of some change is without the means of its conservation. —Burke

SHARON GRAVES AND MIKE SPINHIRNE  
... Will marry Sept. 11

## Fall wedding planned

Mr. and Mrs. John Graves of Vega announce the engagement of their daughter, Sharon,

to Mike Spinhirne of Dimmitt. He is the son of Mr. and Mrs. Walter Spinhirne.

THE MARRIAGE is planned for Sept. 11 in the First Baptist Church at Vega.

Miss Graves is employed as secretary to the county attorney at Vega. Spinhirne is an employee of the Amstar plant here.

## Shower at coffee fetes bride-elect

Plants growing in the sun-room in Mrs. Wade Maynard's home made a pretty setting for a coffee and shower Saturday morning honoring Beverly Smith, bride-elect of Brent Stephens of Groom.

HANGING baskets of plants and a collection of African violets filled the background for the table where coffee and sweet rolls were served by Judy McLeroy Gray of Ropesville and LaVerne Bernethy.

Mrs. Maynard presented guests to the honoree and her mother, Mrs. Gene Smith. Special guests were her grandmothers, Mrs. LaVina Smith and Mrs. Elbert DeLozier.

were present, including DeAnn Dickson of Hereford, Sherry Novis of Sundown and Mrs. Larry Stephens of Groom, who will be Miss Smith's bridesmaids in the wedding Saturday.

ALSO there were Suzanne Crooks McGee of Canyon, a former Dimmitt girl; Mrs. Bob Goss, who recently moved back to Hereford from Ennis; Mrs. Edward DeLozier of Hereford and Eunice Major of Abernathy.

Helping with hostess duties were Jo Behrends, Glenna Polson, Billy Kirby, Kathy Thomas, Bessie Elder, Geneva Dobbs, Sue Broderson, Jackie McLeroy and Jean DuLaney.

**Irene's Ideas**

**It's time for pickling produce from gardens**

Gardens are beginning to produce enough for canning, freezing and pickling. Here are some recipes you might like to try.

Pickled squash are similar to traditional bread and butter pickles. Several types of summer squash may be used for pickling. But yellow and zucchini squash are most commonly used.

**YELLOW SQUASH PICKLES**  
8 cups sliced yellow squash, cut about 1/4-1/2 inch thick  
1 tbsp. pickling salt  
2 cups chopped onion  
1/4 cup chopped green pepper  
1 cup apple cider vinegar  
1 1/4 cup granulated sugar  
1/2 tsp. mustard seed  
1/2 tsp. celery seed

Wash and slice squash. Sprinkle with salt and set aside for one hour. Bring vinegar and sugar to a boil. Add squash, onion and green pepper and

bring to a boil again. Pack hot squash, onion and pepper into hot sterilized jars. Add mustard seed and celery seed to vinegar-sugar mixture. Bring to boil again. Pour over squash to within 1/2 inch of top of jar. Place lids on jars. Process 10 minutes in boiling water bath.

**CURRIED ZUCCHINI PICKLES**

7 pounds medium zucchini (about 24)  
1/4 cup pickling salt  
3 cups granulated sugar  
3 cups vinegar  
1/2 cup mustard seed  
4 tsp. celery seed  
1 tbs. curry powder

Cut zucchini in 1/4 to 1/2 inch slices, sprinkle with the salt. Add cold water to cover. Let stand three hours. Drain, rinse with cold water. In a 10 quart Dutch oven combine sugar, vinegar, mustard seed, celery seed and curry. Bring to boiling. Add zucchini, heat through but do not boil. Heat about 5 minutes. Pack zucchini and syrup into clean, hot pint jars, leaving 1/2 inch head space. Adjust lids according to package directions. Process in boiling water for 5 minutes. Start counting time when water returns to boil. Serve chilled. Makes 9 pints.

**Teacher is 'Outstanding Woman'**

Dawn Goolsby, a teacher in Dimmitt Public Schools since 1964, has been named recipient of one of the Outstanding Young Women of America Awards and will be listed in the award program's annual publication, with approximately 7,000 young women from over the nation.

**FROM THESE**, an Outstanding Young Woman for each state will be chosen and they will be candidates for 10 national awards.

Mrs. Goolsby teaches fourth grade in Dimmitt Middle School. She is a member of Delta Kappa Gamma, society of women educators, and has held local offices in the professional organizations with which she is affiliated, the Classroom Teachers Association and Texas State Teachers Association.

She grew up in Hamilton County, earned her BS degree at Sam Houston State University and has done graduate study at West Texas State and elsewhere. She and her husband, Darless Goolsby, reside at 602 Pine St.

**Agnes Acker named scholarship winner**

Agnes Acker of the Nazareth 4-H Club was awarded the Aubrey W. Russel Scholarship of \$500 at the recent District 2 4-H Dress Revue in Lubbock. A sophomore at Texas Tech, Miss Acker is the daughter of Mr. and Mrs. David Acker of Nazareth.

**THE AWARD** was made on the basis of her 4-H Club record, which was judged after she was interviewed at her home early this month.

**On the go**

**MR. AND MRS. Fred Waggoner** and daughter and husband David and Carol Joyce Rittman and DuAnn of Hereford are home from a vacation trip south. They stopped in Ozark, Ala. and picked up Donna Kay and Irvin Waggoner, then all went on to Panama City, Fla. They saw Disney World, went swimming in the Gulf, saw all the tourist attractions. They report the flowers very beautiful.

**FAUX-UNIS**, a French word used to describe some of today's print fabric, means the pattern is subtle, almost a solid color.

**WHAT'S FOR SUPPER?**—Well, there was sauerkraut, potato salad, corn-on-the-cob, homemade bread, dairy butter, German sausage, beef Stroganoff, German chocolate cake and apple strudel at the Wurst Supper at Nazareth Sunday evening. Four lines filed past two serving stations as more than 1,000 people were served in three hours in the Nazareth Community Center.

**Six-month Tops Queen is announced**

Joyce Davis was recognized as Tops Queen for the past six months, when awards for that period were given at a social meeting in the home of Jackie Smotherman.

**THE NEW Queen** had recorded a weight loss of 15

pounds, 12 ounces in the half-year in her pursuit of the club aim to Take Off Pounds Sensibly. Other members were cited for attendance, consecutive weight losses and 10-pound losses.

**Fall wardrobe already in view of wise woman**

Now is the time to plan ahead for transitional fall wardrobe additions or updates, Mrs. Becky Culp, area clothing specialist, says.

**'EXPENSIVE wardrobe blunders** can be eliminated by knowing personal preferences for current fashion trends, wardrobe needs and designs and colors that look best with bodily proportions and personal coloring," she advised.

Mrs. Culp is with the Texas Agricultural Extension Service. "Plaids, stripes and tropical prints, such as batiks and serapes, are one important fashion direction. They're available in a wide range of colors, textures, fibers and patterns, and consumers can choose those that best meet personal needs.

**'CONSIDER** that generally the brighter and bolder the colors, greater the color contrast and larger the pattern size, the more apparent weight and size will be added to your figure."

She explained that clingy fabrics in sleek designs such as matte-jersey T-shirt dresses are figure revealing, while heavy bulky fabrics such as many of the blanket weights appear to add extra noticeable size. Other texture favorites also vary considerably—such as corduroy wales, velvet or fake fur piles, quilted thicknesses or sweater knit weights.

"The layering of garments continues with vests and tunics particularly strong. Generally, the more garments worn, the

### Rotary hears Korean visitors

Their own national anthem was sung impressively by three Korean visitors who were guest speakers at the Dimmitt Rotary Club meeting Friday. They were introduced by Rev. John Street, pastor of the First Baptist Church here, who was their host.

THE THREE were on a preaching mission in this area, repaying similar visits Rev. Street made to them in Korea in 1973 and 1975.

With Johnny Yoo, graduate of theology in a Jacksonville, Fla., seminary, as interpreter, Rev. Yong Do Kim and Chang Yoo, leaders in the Korean Baptist Convention, each spoke briefly.

They gave facts about the Baptist Church and other Christian churches in Korea, and described general conditions in that country, which is divided by communism. Both expressed appreciation for the welcome they have received in America.

SOUTH Korean people still are grateful to the United States for help in the war which threatened to engulf the entire nation in communism, Rev. Kim said, and for US support since then.

Rotary Clubs in Korea, Yoo said, are rather exclusive and members are wealthy, well-educated men of high position. He said they are admired for good works and good fellowship, and he hopes the clubs will be open to more men in the future.

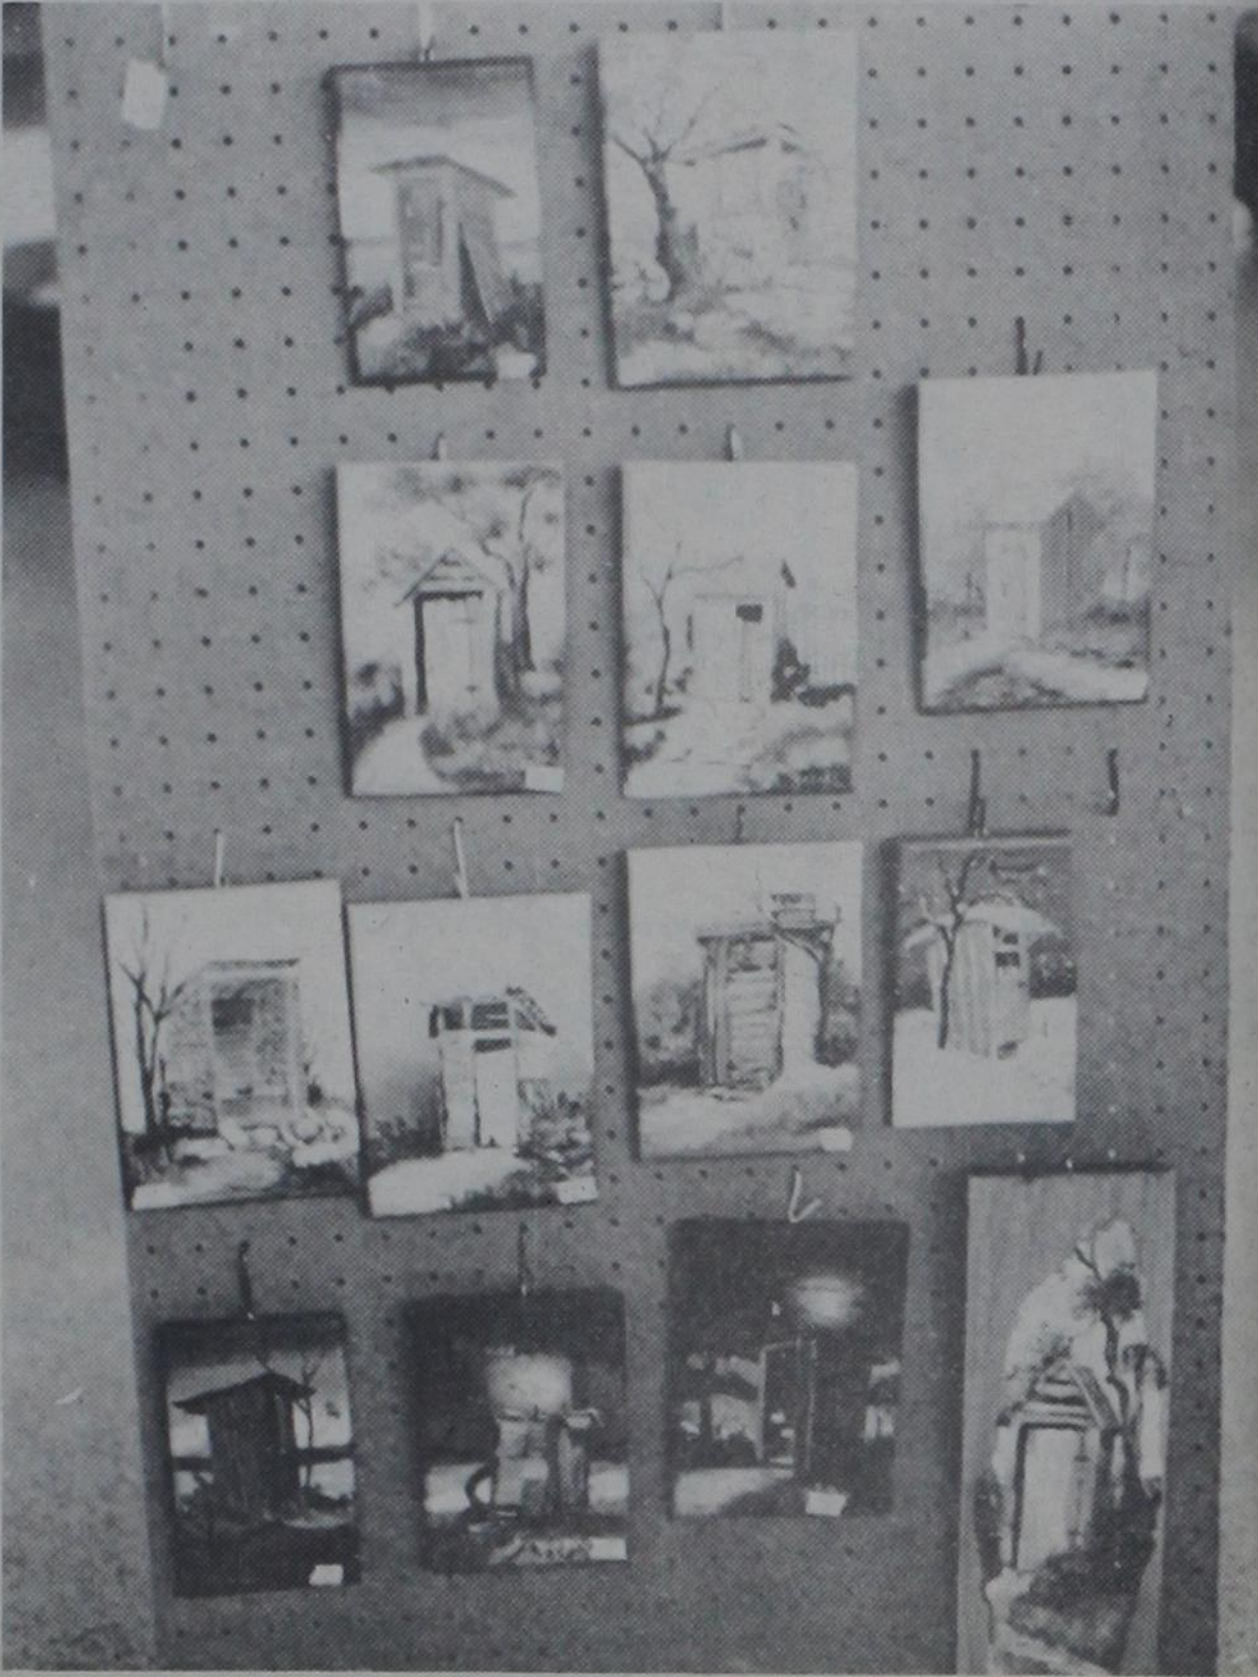

The visitors brought a plaque from Korea to present to the club. As souvenirs of their visit, Rotary President Al Gibbs gave each man a new US \$2 bill. Elmer Youts was program chairman.

### Miniatures

Among the many miniature art objects on display at the German Folk Festival's arts and crafts show at Nazareth Sunday were these painted egg shells by Rosemary Wilhelm of Nazareth and paintings of all types of out-houses [even one two-story model] by Kay Stephens of Tulia. Hundreds of paintings and hobby products were on display in the school cafeteria.

### Rare Texas plants listed 'endangered'

For a number of years, concern has been growing about the nation's endangered wild-life species and a great deal of work and study has gone into classifying and methods of conserving them. Now, attention also is being focused on the problem of endangered and threatened plant life.

THE FEDERAL Endangered Species Act of 1973 brought recognition and protection to a long list of species of fauna. In Texas, the Governor's Planning Council designated the Texas Parks and Wildlife Department as official liaison agency in this respect.

The Smithsonian Institution, directed to review the status of plants in this country, in January 1974 submitted to the federal government its report and recommendations. These indicated that 3,187 species were likely candidates for inclusion on the endangered or threatened lists, and the findings were published last year in the Federal Register.

More than half the species on the Smithsonian list, plus several more which were added as a result of public comments, now have been proposed by the Fish and Wildlife Service of the US Department of the Interior as endangered.

INCLUDED are more than 1,700 species representing some 100 plant families—about eight percent of the seed plants and ferns native to the United States. Among them are many wildflowers, cacti, orchids, shrubs, grasses, ferns and trees.

More than half are found in Hawaii, the greatest proportions otherwise being in Florida, California and Texas, in that order. These states overall have the most plant species and greatest diversity of vegetation in the continental United States.

According to David Riskind, P&WD botanist, some 10 percent of Texas flora is considered rare, but it has yet to be determined which species are endangered or threatened as defined by the Rare and Endangered Species Act of 1973.

"WE ARE making continuous studies in conjunction with other agencies, said Riskind, particularly the Rare Plant Study Center at the University of Texas, to arrive at an accurate evaluation of the rare plant species in units of the

state park system. When new state parks are evaluated or older ones developed, the vegetation is mapped and species identified and evaluated."

The Rare Plant Study Center periodically publishes updated lists of rare and endangered plants native to Texas. A newly revised fourth edition of endangered or threatened native plants of Texas will be published by the study center some time this year.

WHILE precise reasons for the decline of each species are

not yet known, destruction of habitat and commercial exploitation are obvious major causes. Other factors are competition from introduced species, disease and pollution.

Proposal to include the listed plants within the scope of the Endangered Species Act would affect interstate and international commerce in them, although collectors still could take them from the wilds if in compliance with state laws. Interested persons are invited

to make comments on the proposal before Aug. 16, 1976, to the Director, FWS/LE, Fish and Wildlife Service, US Department of the Interior, Washington, D.C. 20240.

# BIG T PUMP CO.

CHAMPIONS of the Junior Girls' Softball League this summer were the Rangerettes, who finished the season undefeated. Team members include (front row, from left) Tammy Washington, Sha Adams, Kim Howell and Shirley Hanson, and (back row, from left)

Melody Edwards, DeAnn Hanson, Beth Mohon and Becky Benton. Not pictured are teammates Robin Parish, Bobby Tischler, Lisa Laurant and Michelle Sanders. The Rangerettes were coached by LaNelle Hanson and Melba Sanders.

## Rangerettes and Dollies win girls' championships

The Rangerettes in the Junior Division and the Mollie Dollies in the Senior Division finished the season as the champions of the Girls' Softball League.

BOTH TEAMS went through the season undefeated.

League President Joyce Rickerd reported that 80 Dimmitt area girls took part in the program, with each team playing

two games a week at the softball field in city park.

"The city has been great about keeping the park in good shape and fixing up the concession stand for us," Mrs. Rickerd said.

SHE ADDED, "We're looking forward to a bigger program next summer."

Girls in the fourth through

sixth grades competed in the Junior Division, while girls in the seventh, eighth and ninth grades made up the Senior Division.

Members of the championship Mollie Dollies team in the Senior Division were Eara Rivers, Dawn McRee, Jeanette Smith, Mamie Smith, Sonya Andrews, Cindy Mixson, Pam Nelson, Jackie Rivers, Annette Anes, Debra Gonzalez, Connie Gonzalez, Lisa Davis and Rita Ramos. Coaches of the championship team were Linda Powell and Sharon Bunn.

GIRLS on the undefeated Rangerettes team were Robin Parish, Bobby Tischler, DeAnn Hanson, Shirley Hanson, Melody Edwards, Kim Howell, Lisa Laurant, Sha Adams, Michelle Sanders, Beth Mohon, Becky Benton and Tammy Washington. The Rangerettes were coached by LaNelle Hanson and Melba Sanders.

Charles Rickerd served as head umpire for the league.

THE LOVE of liberty is the love of others; the love of power is the love of ourselves. —Hazlitt

WINNING SWIMMERS in the Heart Fund Swimathon Saturday at the Country Club pool were Vicki Cleveland, who earned more money in sponsorships than any other swimmer, and Barry Glenn, who was the endurance winner with 86 laps [about two miles]. Both received pocket radios from the Castro County Unit of the American Heart Association. Thirteen youngsters took part in the Swimathon, earning a total of \$411.50 for the Heart Fund. Miss Cleveland is the daughter of Mr. and Mrs. Kenneth Cleveland, and Glenn is the son of Mr. and Mrs. Bill Glenn. Both winners are 14 years old.

TO KEEP luggage looking nice, clean it regularly. Give vinyls or uncoated linen, cotton and canvas a cleaning with a damp soapy cloth. Clean smooth leather with saddle soap. After it is thoroughly dry, rub with paste wax or a neutral shoe cream.

# FARM SAFETY WEEK

JULY 25 to 31

It's time to double check precautions, eliminate any farm hazards.

## Protect Your Life's Investment: Follow Farm Safety Rules

We all know what the rules are. The thing is to make them a daily habit... set a firm example... and insist that family and farm hands get in the habit, too. No matter how busy you are, nothing is more important than farm security.

Get the rules straight and repeat them until it becomes second nature to everyone. No smoking in buildings! No clowning around with equipment... and no postponing repairs! Correct malfunctions or possible hazards immediately as you spot them. Report any changes in livestock. Make sure that everything on the farm is always in sound shape. Keep on the alert. Your security is at stake.

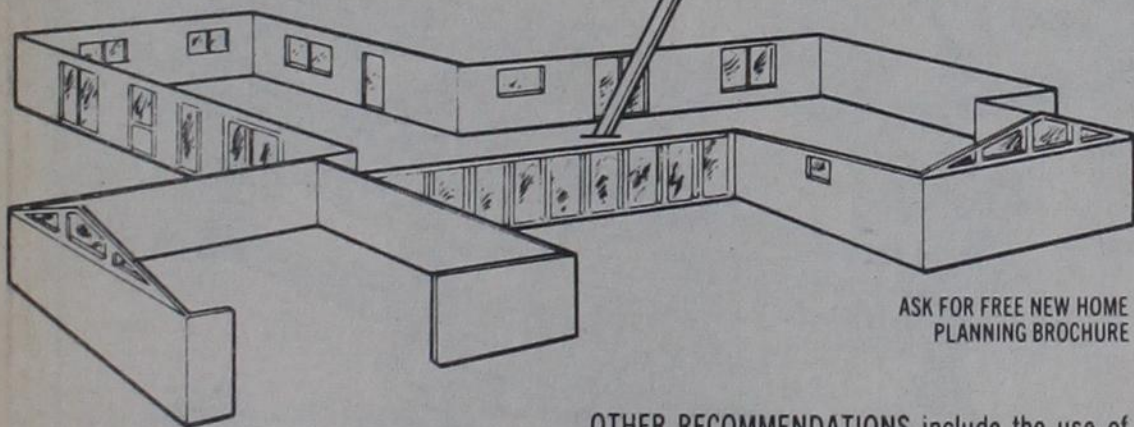

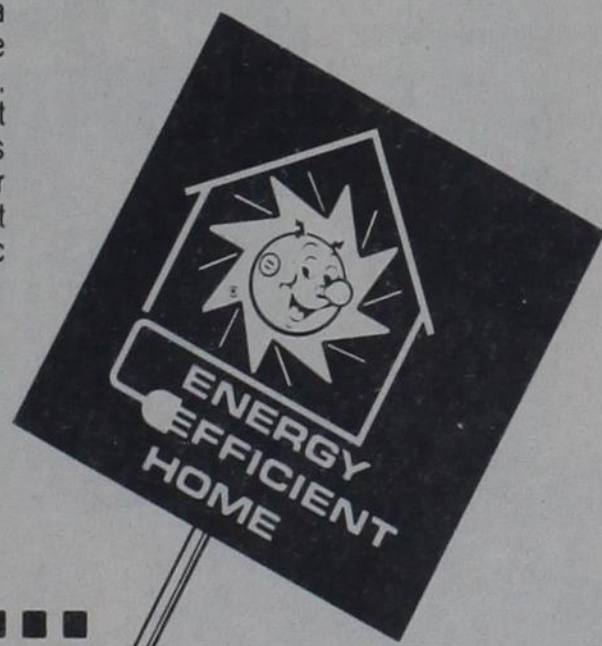

First State Bank

OF DIMMITT

The most important step towards saving money on heating and cooling costs is really inside a home... The Energy Efficient Home makes sure that heating and cooling stays inside your home, where it belongs. It's really not a new concept at all. With the days of cheap energy gone, it is important to use electricity more wisely than ever before. The energy Efficient Home is today's best method of enjoying clean, comfortable electric living at the lowest possible cost.

## LOOK INSIDE...

ASK FOR FREE NEW HOME PLANNING BROCHURE

WALLS conform to one of three options: #ONE - 6" walls with R-19" insulation. #TWO - tongue and grooved styrofoam sheathing. 4" walls and R-11" insulation. or #THREE - R-15" minimum insulation. Walls must include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Sill insulation or sill caulking (under bottom plate) is also required.

CEILING insulation must equal R-30"

FLOORS (if pier and beam construction) must be insulated with R-13". In slab floors choose between Option #1, rigid urethane or styrofoam (3/4 minimum thickness) from top of floor along the outside edge of the slab down to the brick ledge, or Option #2, vermiculite poured in the cavity between bricks and slab up to the top of the floor.

WINDOWS AND DOORS are weather-stripped and caulked. Double pane glass or storm windows and insulated core or storm doors also ensure energy efficiency. It is recommended that glass area not exceed 8% of floor space.

OTHER RECOMMENDATIONS include the use of cool fluorescent lighting, a heating/cooling system like the heat pump that maximizes efficiency and an electronic air cleaner to be used with moving air systems.

Today there is no need to sacrifice comfort to save energy and money. The Energy Efficient Home - like everything else electric - is as modern as tomorrow. Call your Southwestern Public Service Company manager. He'll give you all the details on the modern, comfortable way to save energy and money with the Energy Efficient Home.

\*The "R" value in the guidelines indicates the "Installed Resistance" of the insulation to the flow of heat.

# Treasury of arts and crafts

ARTS—Mr. and Mrs. Bob Caddell and daughter of Dimmitt study miniature oil paintings while others admire larger works in various media in the background at the German Folk

Festival arts and crafts show in the Nazareth school cafeteria Sunday afternoon. Hundreds of art objects were on display, with visitors voting on their favorites in various divisions.

CRAFTS—Mrs. Wade Maynard admires a "poke bonnet" while Carl helps assess a knick-knack at the craft display of Mrs. Ed Drerup (left) Sunday afternoon in the German Folk

Festival arts and crafts show at Nazareth. Mrs. Drerup's craft items also included aprons, doilies, quilts and miniatures. Many visitors bought unique craft items during the show.

Votes were cast by more than 400 visitors to the Arts & Crafts Show which was a part of Nazareth's annual German Folk Festival Sunday. Sponsored by the Nazareth Art Club, the show had 84 entries.

VISITORS' votes determined the favorite exhibit in each division, and ribbons were awarded to the artists chosen.

A Bicentennial spoon, given as a door prize, went to Juanita Bruegel of Dimmitt.

Winners in each division, in order of placing, were Irene Wilhelm and Rosemary Wilhelm, flower paintings; Leigh Ann Huseman in the first three places for children's paintings; and Irene Wilhelm and Kay Stephens, windmill scenes; Helen Richardson, Sister Josetta and Rosemary Wilhelm, structures; Kay Stephens, Rosemary Wilhelm and Willie Faye Huseman, landscapes; Kay Stephens, first three places, animated; Kay Stephens, Helen Richardson and Rosemary Wilhelm, still life.

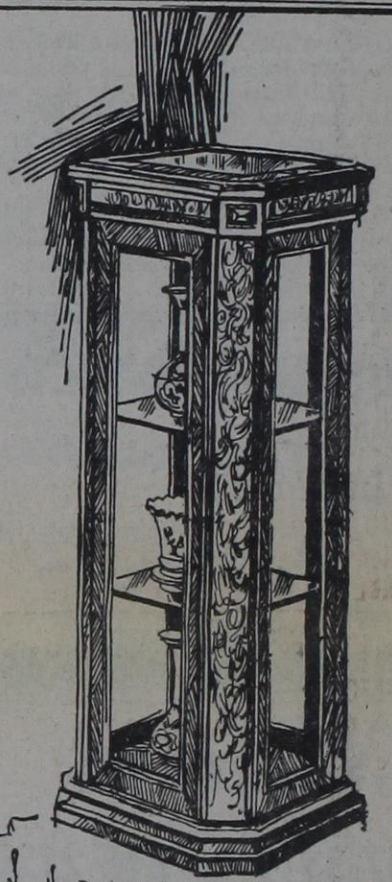

THE ART Club is holding a membership drive now and invites inquiries. Interested persons may call Beth Schulte, 647-4524, or Lucille Drerup, 945-2562.

## WTSU coach will speak to Kiwanis club Monday

Gene Mayfield, coach of the West Texas State Buffaloes, will be the speaker at the Kiwanis Club lunch here Monday at noon, Joe Nelson, president, announced at this week's lunch.

MEMBERS may invite guests, Nelson said, and others who wish to hear the WT coach speak are invited to make reservations for the lunch.

Floy Driver introduced the program Monday, a film on an Outward Bound School for Boys sponsored by the Adolph Coors Co., a school in the rugged mountains of Colorado where

boys of all income levels are trained in search and rescue operations in a few weeks of intensive activity.

Barry Smith of Amarillo showed the film, explaining that the school is one of 19 in the United States. The schools originated during World War II for conditioning young sailors in the British Navy.

FINAL arrangements were made at the lunch for the Kiwanis family picnic Tuesday evening at the Castro County Country Club in honor of new members.

COOL CAMP—Three 4-H's and one leader from Castro County were cooler than the rest of us last week. They were part of a group of 150 attending the 4-H Electric Camp, located 28 miles southeast of Cloudcroft, N.M., high in the Sacramento Mountains, and sponsored by Southwestern Public Service Co. Dale Ramsey (left), a Southwestern instructor, is shown talking to [from left] Frank Wilhelm, Harold Wilhelm, David Huseman and Seth Ralston, assistant county Extension agent.

## Graham on Heritage Tour

By TEENY BOWDEN

Tommy Graham is one of the two Springlake-Earth 4-H's chosen to make the Heritage Tour to Washington, D.C. The 15-day trip began in Dallas Tuesday where young people from all over the state met for the trip on a charter bus. They will tour historic sites in Mississippi, Tennessee and Virginia as well as Washington. They will participate in a six-day citizenship short course at the National 4-H Foundation in Washington and will visit with their local congressmen. They will return through Kingsport, Nashville and Memphis, getting back to Dallas Aug. 10.

L. B. BOWDEN underwent minor surgery in Nichols Memorial Hospital in Plainview Thursday morning. The cause of the temperature and chills has not been determined. Jerry Shive of Amarillo recently underwent knee surgery again in Amarillo. He is home now and getting around some on crutches.

Mrs. Katie Waggoner of Dimmitt was honored Friday night on her 90th birthday with ice cream and cake in the home

of Mr. and Mrs. J. Paul Waggoner. Others helping her celebrate were Mr. and Mrs. E. R. Waggoner of Dimmitt and Mr. and Mrs. Jimmy Waggoner, Stacy and Jana. Mrs. Waggoner also spent the weekend with Mr. and Mrs. J. Paul Waggoner.

REV. RAYMOND Jones and Thomas Parson attended Baptist Men's Camp at Plains Baptist Assembly Friday. Mrs. Embree Roy Sadler worked with auxiliary duties at the National 4-H Foundation in Washington and will visit with their local congressmen. They will return through Kingsport, Nashville and Memphis, getting back to Dallas Aug. 10.

Mr. and Mrs. Roy Phelan and Mr. and Mrs. Loyd Morris of Tullia vacationed all this week in Colorado Springs and Red River.

Carl Bradley and Mrs. Gale Sadler participated with the 76'ers in the Folk Festival in Nazareth Sunday night. Their families also attended.

Mrs. Noah Spencer took her mother Mrs. V. E. Bearden of Hart to a skin specialist in Lubbock Tuesday and to her medical doctor in Plainview Thursday.

Jeanne Haydon spent the week at Camp Wildcat, a sports camp on the Christian University Campus at Abilene for lessons in all kinds of sports.

DINA JO Hampton won fifth in reining, fifth in pole bending, sixth in barrel racing and sixth in the potato race in the Lamb County Play Day in Earth

### Hunter safety training pays

In the first five years of operation, the Hunter Safety Training Program sponsored by the Texas Parks and Wildlife Department has certified 25,000 Texas hunters. The majority of these students were teenagers with little hunting experience.

NOW, MANY schools are offering hunter safety courses as part of outdoor education, lifetime sports and Junior ROTC courses. This should increase the opportunities for young people to learn hunter ethics, game laws, landowner relationships, field etiquette and respect for the environment.

According to T. D. Carroll, P&WD Hunter Safety Coordinator, credit for the success of the program must go to the dedicated men and women volunteer hunter safety instructors. "In all," said Carroll, "they have contributed more than 22,000 hours of their time to train hunters and recreational shooters."

The trend among the instructors is to give more attention than required to range exercises, live firing and other activities.

Classroom work includes wildlife conservation, game identification, basic survival and field first aid.

MOST cholesterol-free imitation breakfast meats are extremely high in sodium. These products should not be used by persons on a sodium-restricted diet.

IF WE are to abolish the death penalty, I should like to see the first step taken by the murderers.

### Most Farm and Ranch Accidents Can Be Prevented

AUSTIN — One hundred eighty-three deaths and thousands of injuries occurred on Texas farms and ranches during 1975 as a result of farm accidents. Many people were crushed when their tractors overturned; others were caught in, or run over by, machinery; and, still more were victims of shocks, falls and fires. "Most of these accidents could have been prevented, however," states Joe Smetana, vice president for the Farm and Ranch Section of the Texas Safety Association. "Better training in the use of machinery, protective guards shielding dangerous moving

parts, and more safety consciousness on the part of all rural workers can go a long way toward stopping these senseless deaths and injuries." Because of the magnitude of the problem — over half a million agricultural deaths and injuries occurred last year nationwide — President Gerald Ford has declared July 25-31, National Farm Safety Week. A special observance of this week in Texas also has been proclaimed by Governor Dolph Briscoe and an intensive educational campaign will be carried out during that time by the Texas Safety Association, Texas Farm Bureau, State Agricultural Extension Service, Future Farmers and Future Homemakers, and the Young Farmers of Texas.

The theme for Farm Safety Week is "Educate for Safety." "The families and co-workers of those who died in farm accidents learned a painful, but effective, lesson through their experience," said Smetana. "But we feel education based on the experiences and solutions of others can be an equally effective, yet faster and less costly, process."

Safety education is everyone's responsibility. Parents should teach their children what is safe and unsafe and set good examples. Teachers should emphasize safety regularly in their vocational/agricultural courses. Community leaders should get information to farm people through literature and community services. And farmers and ranchers should train their workers — particularly in the handling of new equipment.

While safety cannot be legislated, the federal government has taken steps to help assure that farms and ranches are safe and healthful places to work by including them under the Occupational Safety and Health Act (OSHA). The law outlines certain minimum standards which must be met by every farm employer who has one or more full or part-time employees. Members of a farmer's immediate family, however, are not regarded as

employees and are not within the Act's coverage.

"Many farmers may not be aware that their operations come under governmental regulations," Smetana explained, "so, as part of our education efforts, Texas Safety Association has produced a bulletin entitled 'Agriculture and OSHA' which answers many questions about the Act's provisions and enforcement. Copies are available from TSA, P.O. Box 9345, Austin, Texas 78766."

## DHS announces grid workouts

Head Coach Bruce Bush announced this week that any boys interested in playing football at Dimmitt High School this fall should pick up their shoes and turn in their physical reports Wednesday. TIME IS from 8 a.m. to 6 p.m. and the place is the high school fieldhouse. Workouts for the 1976 Bobcat team prospects will begin Aug. 9.

## A&M names Heck to Dean's List

Charles Lee Heck, freshman nuclear engineering major from Nazareth, was named to the Dean's Honor Roll for the 1975-76 school year at Texas A&M University. HECK maintained a grade average of 3.6 during his freshman year, on a grade-point scale in which 4.0 is the highest attainable. Heck, son of Mr. and Mrs. Charles Heck, graduated as valedictorian of Nazareth High School in 1975.

A TART temper never mellows with age, and a sharp tongue is the only edged tool that grows keener with constant use. —Irving

Power tends to corrupt and absolute power corrupts absolutely. —Dalberg

## Pocket calculator is useful gadget for everyday in home

Calculators are no longer a tool only for engineers—they can help consumers get their money's worth in many everyday ways, Mrs. Lillian Chenoweth, a family resource management specialist, says.

NEW calculator owners may wonder "What can I do with this besides ordinary arithmetic?"

This specialist with the Texas Agricultural Extension Service suggests some "cents-ible" uses for the calculator. In the market: —keep a running total of how much you are spending —practice comparison shopping in stores without unit pricing.

AROUND HOME: —calculate how much paint is needed for a room or the house exterior —figure the cost of carpeting

a room —check your bills —add your daily caloric intake

—figure fabric needs for draperies, clothing, tablecloths or other sewing projects —total the costs of operating appliances

IN THE GARDEN: —determine fertilizer and seed requirements —figure the car's miles per gallon to estimate travel costs —convert currency in foreign countries.

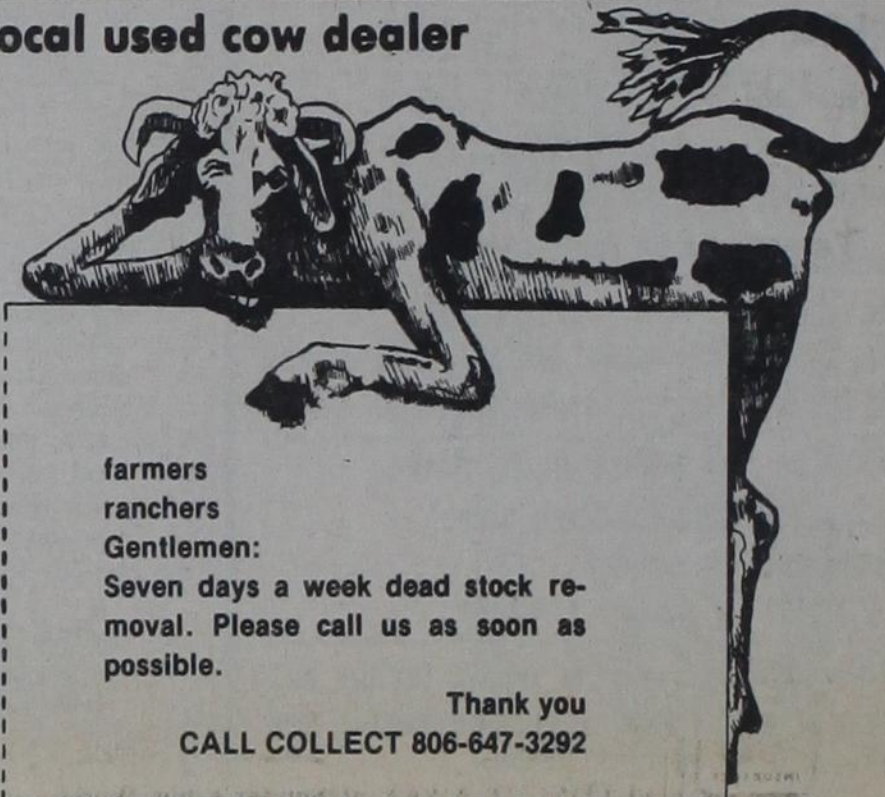

WISDOM denotes the pursuing of the best ends by the best means. —Hutcheson

ARCHITECTURE in general is frozen music. —Schelling

### Mrs. Peel's brother dies

Funeral services for R. M. Fred Battey, 87, of Floydada, brother of Mrs. Robert Peel of Dimmitt, were conducted Tuesday afternoon in the First Baptist Church at Floydada and burial was in the Floydada Cemetery.

A KANSAS native, Mr. Battey was a farmer and real estate broker who had lived in Floyd County since 1905. He had served on the school board at Floydada, was a director of the county co-op gin, the Producers Elevator, REA and First National Bank. He was a member of the First Baptist Church and the Masonic Lodge.

Surviving him are his wife, two daughters, two sisters and a brother, also five grandchildren and six great-grandchildren.

MANY TYPES of flowers are available to provide instant color for the summer landscape, points out a landscape horticulturist for the Texas Agricultural Extension Service. These include petunias, marigolds, coleus, celosia, dwarf dahlias and phlox, impatiens, begonias and periwinkles. To get the best effect with these flowers, try concentrating them in a few strategic locations.

MAKING THE SAUSAGE for Sunday's Wurst Dinner at Nazareth's German Folk Festival are [from left] Raymond Braddock, Joe Drerup and Margaret Brockman. Lots of

volunteers worked last Thursday and Friday to make up 1,500 pounds of German sausage to serve the huge crowd.

PUTTING IT AWAY at Sunday's big Wurst Dinner is the News' Don Nelson, who spent the afternoon shooting pictures of German Folk Festival activities, then had his own

picture snapped by his son Nathan when he sat down to eat. More than 1,000 came from throughout the area to enjoy the food, dances and arts-and-crafts show.

### View from the Library

By CARLTON MOYERS  
Librarian

The Grand Canyon has been carved by a relentless, raging force—the Colorado River. The force can best be understood by traveling down the river in a boat. The river can drop 25 feet in only a few yards, requiring the need of an experienced guide. Waves overturn boats and whirlpools are created by unseen boulders.

3,000 FEET above the river, on the rim, the scene is one of majestic grandeur and cliffs so sheer that some are afraid to approach the edge.

Grand Canyon overwhelms the senses of some when they first encounter it. They are compelled by some unknown force to linger and savor the drama of time and the river flowing.

Others walk to the well-traveled tourist points, spend a couple of hours, and add Grand Canyon to their list of sights seen. They depart, never to return or give more than a casual thought to it.

THERE'S a great gulf between those two different kinds of people. Libraries love the Grand Canyon lovers and fight to inform those who care little. Grand Canyon lovers appreciate beauty in nature and art. They know the value of knowledge and understand the need for adequately-supported libraries.

Rhoads Memorial Library needs more Grand Canyon lovers. It is an institution dedicated to service but woefully understaffed and inadequately funded. This is a Cadillac of a library being run on a Volkswagen budget.

The present situation is like bringing in an expert grain grower to increase yield per acre and then not providing any funds for harvesting equipment. New ideas and programs have been tried during the past nine months and the results have been gratifying. The library can be a dynamic force for education and cultural enrichment in the community, but only when properly funded by the City of Dimmitt and Castro County.

### Huseman attends swine meet in Ohio

Dennis Huseman, farmer and hog breeder of the Nazareth community, is in Eaton, Ohio, this week participating in the National Poland China Summer Conference, show and sale.

HE TOOK animals from his herd to include in the exhibit of some of the nation's top breeding stock.

Sixty breeders from various parts of the United States are at the conference which celebrates the Poland China Association's 100th birthday. A banquet and selection of a National Queen are on the program, which will be climaxed with the sale of prize boars and gilts.

HE WHO has begun his task has half done it. —Horace

## HOW'S YOUR FARM SAFETY? RATING

If It Isn't Way Up There... Watch Out!

Why risk the future of your farm through carelessness? Always keep machinery, buildings, electrical wiring in good repair. Watch for fire hazards... keep extinguishers handy. Set up a safety code and see that everyone lives by it.

## Study to evaluate wildlife in 1,600 lakes over Texas

An extensive two-year study of fish and waterfowl in Texas floodwater retarding reservoirs has just been launched.

### 15—LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: BERTHA T. MAY and, if she be married, her husband, and if they be deceased, complaining of their heirs, unknown heirs, and legal representatives of any of them or all of them as may be deceased; and further complaining of all persons, firms or corporations who may claim any interest in the property described below, Defendants. Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Castro County at the Courthouse, thereof, in Dimmitt, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of August A.D. 1976, to Plaintiff's Petition filed in said court, on the 2nd day of July A.D. 1976, in this cause, numbered 4256 on the docket of said court and styled W. O. MARKLEY, Ind. and dba MARKLEY TRUCKING CO., Plaintiff, vs. BERTHA T. MAY, ET AL, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Trespass to try title suit on all of Lot Seven (7), Block One hundred three (103), Original Town of Dimmitt, City of Dimmitt, Castro County, Texas.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due re-

turn as the law directs. Witness, ZONELL MAPLES, Clerk of the District Court of Castro County, Texas.

Issued and given under my hand and the seal of said court at Dimmitt, Texas, this 2nd day of July A.D. 1976.

-s- ZONELL MAPLES Clerk, District Court Castro County, Texas. By Joy Jones, Deputy (SEAL) 15-40-4tc

THE STUDY is the first phase of a cooperative program between the Texas Agricultural Experiment Station, Texas Agricultural Extension Service, both agencies of the Texas A&M University System; and the US Soil Conservation Service.

The scientists will supervise the sampling of fish—and the water in which they live—in 60 lakes near Corsicana this summer.

From the study, scientists will determine what types of fish are best suited for living in the lakes and what lake conditions are the best for game fish.

LATER phases of the program will include a study of the use of the lakes by ducks and geese and evaluation of management techniques to enhance fish production and increase waterfowl utilization of the reservoirs.

"Texas has over 1,600 flood prevention lakes which have been built during the past 25 years. Little is known concerning the fish and wildlife resources associated with the lakes. Because of the wide fluctuations in water level, the biology of these lakes differs markedly from that of small ponds and large mainstream reservoirs," explained Teer.

Consequently, management techniques for fish and waterfowl are not defined, Teer added.

Mrs. Chenoweth is with the Texas Agricultural Extension Service.

"For non-profit organizations, three basic kinds of expenses have to be met, and consumers should know how money is allocated among these three areas: program service, fund-raising and management.

All the costumes were colorful, and many were patriotic

## Donors should make sure of fund use

Potential donors to charities and religious organizations deserve to know how their money is to be spent.

SOMETIMES it is wise for consumers to question what happens to the money contributed, Mrs. Lillian Chenoweth, a family resource management specialist, advises.

"In 1975, almost \$20 billion was given by individuals—representing an \$80 donation from every man, woman and child in the U.S."

Request a statement of purpose from the organization. Who is the group trying to help?

Recipients are not obligated to pay for or return unordered items received, such as name labels, pens or stamps.

When receiving a telephone request, ask the solicitor to put the request in writing and to supply complete information.

IF THE solicitation is made door-to-door and the person is unknown to you, request identification. Do not give cash. Make checks payable to an organization, not an individual.

When buying a ticket to a fund-raising activity or purchasing items from a charity, determine what part of the total contribution can be deducted as a charitable contribution.

"When in doubt about an organization, check it out with the local Better Business Bureau or the Consumer Protection Division of the Attorney General's office, Austin," she reminded.

AN INFANT goes through stages in his reaction to strangers. In the first months, he does not discriminate between strangers and familiar persons. But at about eight months, after the infant has become attached to the caregiver, he may react with fear or withdrawal if the attachment figure is not present. Studies show that infants who have a secure attachment to their caregiver will be less likely to develop separation or stranger anxiety.

"ALSO, consumers should know how an organization makes decisions. Does the group have a functioning board of directors composed of responsible people with knowledge about the objectives of the organization?"

The specialist advised potential donors to consider these points in deciding whether or not to give to an organization: Request activity, managerial and financial information.

Request a statement of purpose from the organization. Who is the group trying to help?

Recipients are not obligated to pay for or return unordered items received, such as name labels, pens or stamps.

When receiving a telephone request, ask the solicitor to put the request in writing and to supply complete information.

IF THE solicitation is made door-to-door and the person is unknown to you, request identification. Do not give cash. Make checks payable to an organization, not an individual.

"When in doubt about an organization, check it out with the local Better Business Bureau or the Consumer Protection Division of the Attorney General's office, Austin," she reminded.

AN INFANT goes through stages in his reaction to strangers. In the first months, he does not discriminate between strangers and familiar persons. But at about eight months, after the infant has become attached to the caregiver, he may react with fear or withdrawal if the attachment figure is not present. Studies show that infants who have a secure attachment to their caregiver will be less likely to develop separation or stranger anxiety.

ALTHOUGH the new certification label assures that the seed is the variety stated on the label, the big change is the fact that it does not relate to any seed quality factors such as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination.

The Texas seed law, however, still requires that this information be truthfully stated on the analysis label accompanying the seed.

"The change in seed certification which becomes effective Jan. 1, 1977, means that producers will have to pay particular attention to the labels on the seed bag," emphasizes Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service. "The certification label will tell them what variety the seed is, and the analysis label will provide information on quality factors."

Also included in the application is permission to construct 9.4 miles of transmission line. The line will be single pole structures with two (2) cross arms and four (4) conductors (three (3) energized and one (1) neutral). These 69 KV transmission line facilities are proposed to be constructed from this new Interchange on a route running approximately 2 miles east and 2 miles south to the existing Earth substation. Then another route from the Interchange site running two (2) miles west, thence one (1) mile north, thence two (2) miles west to a point approximately one (1) mile west of Dodd to a proposed new substation site.

This new 115 KV to 69 KV transmission interchange and the 69 KV transmission line, along with the new 7500 KVA distribution substation are proposed to insure adequate power supply, improve reliability of service, and provide a dual source of 69 KV power for the Earth, Lazbuddie, and Pleasant Valley areas.

Any person having any questions regarding these proposed facilities should contact the Bailey County Electric Cooperative office before Thursday, August 26, 1976. 15-43-1tc

## August visits slated by SSA

Regular August visits by a representative of the Social Security Administration will begin Monday, when he will be at the Castro County courthouse beginning at 9 a.m.

THE VISITS are scheduled on first, third and fourth Mondays of each month. Area residents who have business concerning Social Security or questions to be answered,

## Trophy shoot on tap Sunday

A Trophy Trap Shoot will be held Sunday afternoon at the Dimmitt Volunteer Fire Department's trap range at the Dimmitt Airport. Contest shooting will begin at 2 p.m., with all marksmen welcome.

A trophy, on display this week at the J&R Paint & Body Shop, will be awarded to the champion.
