### AMUSEMENTS

Joe Morris in 'Too Many Wives.' Joe Morris and a merry company of forty people, will present a new musical farce entitled 'Too Many Wives,' at the Wichita Theatre on Thursday, Nov. 18th. The book and lyrics are by Charles Horwitz and the musical numbers by the well-known composer, Frederick V. Bow-ers. The scenes are laid at Borough Park, in the suburbs of New York City. The story of the play tells of a young man dependent on a wealthy uncle who resides in Kansas City. The uncle refuses further funds unless the nephew marries and settles down. In desperation, he informs his uncle that he has anticipated his wishes and is now happily married. In due course a handsome check arrives to start the young couple housekeeping. This is promptly 'blown in' the recipient believing that the distance between him and Kansas City is great enough to deter the uncle from paying a visit to the mythical niece-in-law. Uncle Isador arrives suddenly on the scene and his nephew is forced to produce a wife. In this predicament, he appeals to

ELEANOR IRVING. With 'Too Many Wives.'

each of his female friends in turn to be his wife pro tempore, and meets with prompt refusals; they later become repentant and the uncle discovers that he has several new nieces, instead of one, and Jack awakes to the fact that he has 'Too Many Wives.' The complications and situations arising from this state of affairs add to the confusion and merriment that continues to the final curtain, when everything, according to custom, is satisfactorily adjusted.

The music is new, pretty and of that jingling variety that is readily whistled. The company is an excellent one, and a bevy of vivacious chorus girls are an important feature of the production.

THERE WILL BE NO MATINEE.

'A Knight for a Day.' At last the record-breaking musical sensation, 'A Knight for a Day,' is to be seen here, coming to the Wichita Theatre on Friday, Nov. 19th, and in all its scenic, picturesque garb.

After a whole year's run in Chicago, this operatic comedy craze is to be shown in a few of the larger cities.

The scheme of the book involves a will leaving an immense fortune to be shared by the holders of two identical Corsican medals. There you have a simple plot around which has been woven many pretty songs, some grand choruses, and incidents so fast and furious that it requires a company of seventy people to unravel it. Robert B. Smith, whose efforts as a librettist is favorably recognized, is responsible for the book, and he had a worthy co-adjutor in Raymond Hubbell, a composer of the first rank, who has surely supplied more than the usual

portion of catchy airs, pretty choruses, etc., some of which are worthy of grand opera. The central characters in "A Knight for a Day" are all young persons. The hero himself is an undersized waiter who, having laid hands on certain legal documents, endeavors to pass as a lawyer. His comedy partner is a "servant lady" of a type that might be imagined in a nightmare after searching intelligence bureaus. The balance of a long, energetic cast of capable principals are busy all evening helping out with the fun which at times seems as of a tornado had struck the theatre, so great is the applause.

What seems to be the real kernel of the entertainment, is by some regarded as the famous "American Beauty Chorus." The dazzling display of energy and life of the choruses, especially the antics of the songs, "Life is a See-Saw," "Little Girl in Blue," "Whistle as you Walk Out" and others, all will be remembered and hummed with pleasure.

The electric effects used in the finale of both acts are surprisingly ingenious, even in these days of skilled inventions along this line of industry, which seems to have reached no limit in stage productions of the generous, costly kind.

The engagement is for one night only.

THERE WILL BE NO MATINEE.

"The Man of the Hour."

That gripping and forceful play, "The Man of the Hour," by George Broadhurst, will be seen at the Wichita Theatre on Saturday (night only), Nov. 20th, under the direction of Wm. A. Brady and Jos. R. Grismer.

"The Man of the Hour" is in no sense a drama of politics. It is an object lesson in honesty and clean living that leaves its imprint on the mind of every man and woman who sees it. Its theme is of vital importance to every believer in good citizenship. The characters with which Mr. Broadhurst has peopled this powerful play—thoroughly American to its core—are real flesh and blood personages, who act and speak and move just as in our own familiar every-day life.

The moral inculcated in this play is beautifully illustrated and the impression it creates is uplifting and ennobling.

The "Man of the Hour" Company will give only one performance here.

THERE WILL BE NO MATINEE.

GREAT VAUDEVILLE HIT

At the Empire.

The Tambo Duo made a great hit at the Empire last night. The consensus of opinion was that it was equal to, if not the best, act ever presented here. Mr. Seldon in his great buck and wing dance on skates was quite a novelty and took the audience by storm. The tamborine manipulation was fine and the rendition of "Stupid Mr. Cupid," by Miss Seldon, was received with repeated encores. The crowded house was justly deserved. See this great team tonight.

THAT WILL STAND HARD WORK

The children's school shoes are a big problem, aren't they?

The toes and soles are through almost before they are a week old—least it seems that way sometimes.

Can you think of any way to prevent that?

Well there is a way and here it is.

The Webster Shoe Co. makes a shoe especially for school wear. They are made of very tough leather and the spots that get the most wear are made especially strong.

It is safe to say that the average boy or girl can wear a pair of Webster shoes at least one half longer than they can any other make and the cost is only \$2.00 to \$2.50 per pair.

That comes pretty near solving the problem for you—suppose you bring the children in the next time shoes are needed and try a pair.

**WEATHER FORECAST.**  
 For Wichita Falls and vicinity.  
 —Tonight, fair and much colder.  
 —Freezing Wednesday, fair.

The Byers delegation that went to Henrietta yesterday to confer with the people of that town about the extension of a railway from Henrietta to Waurika, via Byers, came back with a great deal less enthusiasm than they went down there with; in fact, some members of the Byers delegation were so disgusted with the lack of interest shown on the part of Henrietta people in the enterprise, that they came back to Wichita Falls to spend the night. The people of Byers are a pushing, energetic sort, and they want to have either the Wichita Falls and Oklahoma extended from there to Waurika, or another road, and it is pretty safe to assert they will, sooner or later, get what they want. If the people of Wichita Falls would co-operate with the people of Byers, it is almost certain that the connection from Byers to Waurika could be made. The extension of the road would give to Wichita Falls a direct connection with the Rock Island, which would mean much to the people of this city. It is a proposition well worth looking after. So long as the extension is not made, this city is not injured, perhaps, to any great extent. But, on the other hand, if it is made, and some other town gets the road, it will cut off a good part of Wichita Falls' best trade territory.

The Byers Searchlight has sold its "location" to the Byers Herald, and Editor Henry says it is his intention to retain the "good will, subscription list and plant" and move it to some other location, either in Clay or in one of the adjoining counties.

Whitewash prices are reported to have advanced considerably since it was announced that congress would investigate the charges against Ballinger.

One good reason why Madame Stenbell was acquitted is that she did not plead the unwritten law. Her vaudeville itinerary has not been announced.

### A Gold Mine to All

The following is an analysis of water taken from a well on my farm two miles southwest of town, on the road to Lake Wichita; was made by G. S. Fraps, Ph. D., State Chemist, at the Agricultural and Mechanical College of Texas, on Oct. 13th, 1909.

This sample of water has the following composition, expressed in grains, per U. S. Gallon:

Carbonate of Lime.....	7.58
Sulphate of Lime.....	23.32
Calcium Chloride.....	15.68
Magnesium Chloride.....	32.19
Sodium Chloride.....	135.41

This water is classed as a murlated saline water. These waters stimulate the secretion of the stomach, increase digestion and favor a more complete absorption of the food. This water should have a laxative action, taken in small doses, and a purgative action taken in larger doses, on account of the magnesium which it contains.

Yours truly,  
G. S. FRAPS.

This water will be delivered to any part of the city at 10c per gallon.

#### TO THE INSURING PUBLIC.

A Few Pertinent Facts About Fire Insurance Which It Will Pay You To Know.

Since the year 1880 some 440 stock companies engaged in the business of fire and marine insurance in the United States have either reinsured, retired, or failed—an average of more than 15 retirements and failures a year.

In purchasing securities, clothing, or builders supplies, or provisions, most buyers are careful to select the best that can be had for the money. Why should not the same law of trade govern the purchase of fire insurance? The rates charged by the stock fire insurance companies are the same. Then why not select policies of companies which have large resources, whose business is carefully selected, and which have honorably met the enormous losses occasioned by the great conflagrations at Chicago, Baltimore and San Francisco, to say nothing of those resulting from the smaller catastrophes of the kind?

Any insurance policy is a good enough policy until the unexpected happens—until a fire comes, then it will be found that it paid to select the best.

Companies represented in our office have more than TWO HUNDRED MILLION DOLLARS in United States assets, they are the leaders, strong and old-established.

Don't forget that the very best insurance protection can be had for the same money as an inferior article. 155-tfc ANDERSON & PATTERSON

### The Jewelry Store of Quality

It is not necessary to say I have the stock; one visit to my store will convince all. I sell jewelry and lines handled by a first-class jewelry store, so don't compare this store with those who handle everything from racket goods to hardware. Will say I have been in Wichita Falls long enough for people to see whether I am reliable.

### Boy's Shoes

When it gets toward fall the boys have to be well shod. The joy of bare-foot days is over and they demand that they be well and comfortably fitted. The season for the most violent games in which boys indulge is here; and it is necessary that their shoes be not only comfortable but strong. You can get this combination in our store; and whether for Boy or Man, we fit properly before we try to sell.

**Benjamin Clothes**

After all, it's really the tailor who makes a suit a success or a failure. The most fascinating style would be a fizzle if there were not careful needle work underneath. The most phenomenal designer on earth could not make a garment a success without the co-operation of the tailor. It is he who, by the diligent plying of his needle, gives shape and style and ensures service. The world's most excellent tailors are congregated in New York on account of its being the greatest clothes manufacturing center in the world. They have more work and are better paid there. Could there be a better explanation of why "Benjamin Clothes," Made in New York, are the most stylish and the most perfectly made of any on earth. Won't you make it your particular business to see these wonderful "Benjamin Clothes."

**The Swine or the Flower?**

Ah me! I saw a huge and loathsome sty,  
 Wherein a drove of wallowing swine  
 were bared,  
 Whose banquet shocked the nostril and  
 the eye;  
 Then spoke a voice, "Behold the source  
 of loam!"  
 I fled, and saw a field that seemed at first  
 One glistening mass of roses pure and  
 white,  
 With dewy buds 'mid dark green foliage  
 burst;  
 And, as I lingered o'er the lovely sight,  
 The summer breeze, that cooled that  
 Southern scene,  
 Whispered, "Behold the source of  
 COTTOLENE!"
