Terre Haute, Ind., Nov. 17.—A dynamite explosion destroyed the front of the Sacred Heart Roman Catholic church at Clinton today.

The parish of the church is composed of Hungarian and Bohemian miners and there had been a quarrel between the races as to which should have control of the church.

Three hundred sticks of dynamite were found near the church, the charge being sufficient to blow up the entire neighborhood, but the fuses were clumsily set and failed to explode.

DEVELOPMENTS EXPECTED SOON

REPORTED SOMETHING WILL BE
DOING SHORTLY IN PACKING
HOUSE LINE.

BETWEEN THREE CITIES

Plant Will be Located in Either San
Angelo, San Antonio or Wichita
Falls.

After a tour of the Southwest, a representative of one of the leading packing companies of the country has returned to the North and it is expected that some announcement as to the company's plans for establishing a packing house will be given out shortly. The choice for the location is understood to lie between Oklahoma City, San Angelo, San Antonio and Wichita Falls. Each of these cities has been visited by this representative and sentiment sounded regarding the encouragement that might be expected.

The company's original choice lay between Fort Worth, Dallas and Houston in addition to the four cities above mentioned. These three were eliminated, as the packing field is already pretty well covered in each of them. Oklahoma City is also understood to be out of the running, as a packing plant is already erected there. Wichita Falls is considered on account of her present and prospective railroad facilities, San Angelo on account of her contiguity to the stock-raising districts and San Antonio on account of the vast amount of territory tributary to her trade interests. The choice lies between these three cities and it is not known which one will be favored.

A bonus of one hundred thousand dollars is to be asked of the city selected and the original investment will be about one million dollars. The representative was in Wichita Falls last September and was shown over the city and its advantages pointed out to him. He later visited San Antonio and San Angelo.

UNITED CHARITIES NOW PERFECTING ITS PLANS

The organization of the United Charities of this city was perfected yesterday afternoon at a meeting in the pastor's study of the First Baptist church, the ministers and representatives of the evangelical churches being present, as follows: Rev. W. T. Morrow, Butler Moore and Mrs. Ed. Gorsline of the Methodist Episcopal Church, South; Rev. J. L. McKee, Mrs. M. S. Skinner and J. C. Hunt of the Presbyterian church; Rev. J. P. Boone of the Baptist church; Rev. R. E. Farley, Mrs. A. Ingalls, and G. E. Friberg of the First Methodist Episcopal church; Rev. R. R. Hamlin and W. H. H. Thatcher of the Christian church; Rev. H. A. Able and C. H. Griswold of the Pentecostal church of the Nazarenes. Mrs. Tyson of the Christian church and Mrs. J. W. Clasbey and G. W. Filgo of the Baptist church were recognized as representatives of their churches but were not present. Rev. R. R. Hamlin was recognized as chairman by virtue of his office as vice-president of the Ministerial Association and Rev. R. E. Farley acted as secretary. Dr. Hamlin briefly explained the purposes of the organization, as already explained in the Times.

The meeting was called for the purpose of forming a temporary organization, nomination of officers and the outlining of the policies and the drawing up of a constitution to be presented for ratification at the citizens mass

OIL DISCOVERED AT ELECTRA TWO-HUNDRED BARREL WELL

Flow Was First Struck Last Saturday
and Indications are Reported
Very Encouraging.

A two-hundred barrel oil well was brought in at Electra last Saturday. This is the report brought to this city yesterday by a reliable business man who resides at Electra.

According to his statement the well is 1400 feet deep, and there is 700 feet of oil, of a splendid quality in it, and it is impossible to lower the oil in the well by the ordinary bailing apparatus.

The well is located on land belonging to W. T. Wagoner, about one-half mile west of Electra, and Erlinger and Green are the parties who took the contract from Mr. Wagoner to put down the well.

There is also considerable gas flowing from the well, which indicates that gas in paying quantities, can also be obtained.

It is said that Mr. Wagoner has been confident for some time that oil and gas in paying quantities could be obtained at Electra by going down a sufficient depth, and that he made up his mind several months ago to test the matter thoroughly with the intention, if oil in paying quantities was discovered, to establish a refinery at Electra.

There is considerable oil and gas excitement at Electra and there seems to be an attempt to keep the discovery as much of a secret as possible. The well has been sealed, and the drillers will give out no definite information.

AUSTIN BUDGET.

Proceedings of Higher Courts and Penitentiary Committee Today.

Texas News Service Special.
Austin, Tex., Nov. 17.—The Texas Supreme Court today reversed and remanded the case of Tilley vs. Jasper Lumber Company, from Jefferson county, holding that the sale ought to be set aside as the property was being sold for an insufficient price. The ruling says the lower court erred in declining to hear evidence in support of the motion to remove the receiver, because of alleged collusion between him and the president of the defendant company.

Something About Elk City, the New Terminus of the W. F. and N. W.

Elk City, Oklahoma, which is to become the northern terminus of the Wichita Falls and Northwestern before many months, is one of the liveliest and most prosperous little cities in the new state, if a writer to the Times is to be believed. He says:

Try to Rob Church.

Texas News Service Special.
Fort Worth, Tex., Nov. 17.—The third burglary of the First Baptist church here in the past four months, was attempted early this morning by two masked robbers whose plans were foiled by Sam Criswell the night watchman. The men entered the pastor's study supposedly to crack the church safe. Criswell was sleeping in the study and was awakened by the flash of a lantern. He sprang from his cot and chased them through the building from the belfry to the basement where they finally escaped through a window. A typewriter and a small amount of money were stolen as the former robbers.

STATION SOLDIERS AT ST. PAUL MINE

RUMORS OF THREATENED VIOLENCE CAUSED TROOPS TO
BE SENT.

IMPATIENT AT INACTION

Women Still Keep Fruitless Vigil at
Mine, But Are Desperate at
Long Delay.

By Associated Press.
Cherry, Ill., Nov. 17.—Whisperings of a possible demonstration against the state officials and the mine authorities for their apparent delay in setting about the rescuing of the miners entombed in the St. Paul coal mine, which was the scene of Saturday's disaster, caused the state to today station three hundred state troops near the entrance of the mine.

Before dawn today many women again took up their heart-broken vigil near the entrance of the mine. The delay in recovering the bodies has driven many of them almost to desperation and this started the rumor which led to the troops being brought here.

During the night tons of water were forced down into the burning mine. This morning gas is forming rapidly, caused by the burning coal and the action of the fire and water. Another explosion is now feared.

By Associated Press.
Chicago, Ill., Nov. 17.—Reports today from Cherry, where there are four hundred lives lost in the mine, say the fire in the tunnels this morning is hotter than for several days; that gas is forming and an explosion is feared. There is no chance to enter the shaft for a week. The threats continue and troops are stationed at the mine.

EXTENDS PROVEN FIELD

This well extends the proven field at Petrolia about a mile, it being that distance south of the next farthest south well in the field. It is on the Miller tract, south of the Joyce holdings.

The well is now a salt water gusher, the water shooting up a full hundred feet above the earth's surface. The drillers started to pull the drill stem out when the flow was truck Sunday afternoon, but it was blown out by the pressure and the well is still to be gotten under control.

Arrangements have been practically completed for a football game in Wichita Falls on Thanksgiving afternoon between the teams of Wichita Falls and Vernon and the old-time football rivalry between the two teams will be fought out once more. AMUSEMENTS

"Too Many Wives."
Joe Morris, the famous Hebrew comedian in the bright, musicality, "Too Many Wives," was the attraction at the Dallas Opera House Monday night and in speaking of the play the Dallas News said:

"Those who failed to take advantage of the opportunity to see 'Too Many Wives' at the Dallas Opera House last night—and the number who abstained was large and noticeable—missed one of the prettiest ballets of the season. This show, which is headed by Joe Morris, who makes a specialty of Hebraic caricature, is not as pretentious as some of its competitors on the road, nor is it rightly entitled to high eulogiums from those who essay the roles of patron and critic. But as implied above, the young ladies who lend their talents, intellectual, vocal and otherwise, to this entertainment are a likeable lot of femininity, pretty, proper, prismatic and praiseworthy. That word 'prismatic' is used here in order merely to reinforce the alliteration and is intended to apply to their clothes, rather than to the wearers thereof. But all the rest of the description fits the facts admirably, for they are unusually attractive and demure maids."

Mr. Morris, the star, appears to be quite a clever burlesquer, and he works hard and conscientiously. He is rather comical to look at, which is half the battle, and there may be something better for him in the future. All of the other participants delivered their respective parts of the merchandise in good order, and the music was lively. Possibly some of the minor vocal numbers could have been improved by cutting the singing out, but as none of the voices was voluminous or far-reaching it was very easy to overlook little faults in the nature of discord and erratic tempo.

"Too Many Wives" is nothing but entertainment for the time being—pleasure pro tem, as it were—and theatre-goers who care for nothing more substantial will be pleased with this piece."

The most popular songs are "How'd You Like to Call Me Dearie?" "When the Moon Shines on Broadway," and "A Good Old Waltz for Mine." Altogether there are twenty numbers and nearly a half hundred in the cast. Many prominent comedians and comedians will be found in the cast of principal players. The attraction is underlined at the Wichita Theatre, Thursday November-18th, with no matinee.

"A Knight For a Day."

If the promises vouchsafed concerning the unusual merits of "A Knight for a Day" the musical comedy which comes to the Wichita Theatre, November 19th are but half realized playgoers will be regaled with a musical entertainment quite worth while. In the first place, this particular brand of musical play is said to be a radical departure from the well-established precedents which have so long obtained in this field, in that it has a tangible and consistent story, sufficiently humorous and coherent to have been played as a farce comedy without the dozen or more haunting melodies and ringing ensembles which have been contributed through the score of Raymond Hubbell.

Considerable stress has been laid upon the fact that the young women of the chorus are unusually prepossessing and during the solid year's run of the play in Chicago this important section of the company was constantly referred to as the "American Beauty Chorus." The scenes of "A Knight for a Day" are laid first in the neighborhood of a seminary for young ladies near Evanston, Ill., and the second act upon the Island of Corsica. They are declared to be of unusual beauty. Among the musical numbers which have scored heavily are "Life is a

GAGE TO WED.

Former Secretary of the Treasury to Become Benedict Soon.

San Diego, Cal., Nov. 16.—Announcement was made today of the approaching marriage of Lyman J. Gage, former secretary of the treasury, under the administration of President McKinley and Mrs. Ada Ballou, daughter of Mr. and Mrs. George Ballou, well known San Diego people.

Although the date of the marriage has not been made public, it is stated that the wedding ceremony is to occur on Thanksgiving day at the home of the bride's parents. The wedding will be a quiet affair with only a few relatives and intimate friends present. It is said that Mr. Gage's attentions to Mrs. Ballou have been most marked for more than a year. Mr. Gage has been a resident of San Diego for about three years, living for a considerable time at Point Loma, close to the Theosophical homestead, of which Mrs. Katherine Tingley is the head.

Mrs. Ballou is considerable younger than Mr. Gage. She has been long prominent in San Diego and Coronado society.

About six years ago she was married to a Mr. Crane of Pittsburg. She lived with her husband only a short time, returning to her parents in this city and later procuring a divorce, taking the name of Mrs. Ada Ballou, this being her maiden name.

Three years ago Mrs. Ballou became engaged to W. Moore, a millionaire resident of Kansas City. Mr. Moore, just previous to the date set for the wedding, left for Kansas City on a brief visit. While in that city he contracted a severe cold, which caused in his death.

Well there is a way and here it is.

The Webster Shoe Co. makes a shoe especially for school wear. They are made of very tough leather and the spots that get the most wear are made especially strong.

It is safe to say that the average boy or girl can wear a pair of Webster shoes at least one half longer than they can any other make and the cost is only \$2.00 to \$2.50 per pair.

That comes pretty near solving the problem for you—suppose you bring the children in the next time shoes are needed and try a pair.

Attorney General R. V. Davidson has fully determined to make the race for governor, and to show that he means business he announces that he will resign his present office about January 1st. That is his plain duty. It would not be just the right thing for him to draw a salary from the state while making a canvas for another and a higher office, notwithstanding that at least two of his opponents in the race are doing that very thing now. Whether one admires Davidson's personal or political record or not, his determination to resign his present office before starting out to make an active campaign for another, is bound to make him friends, and if his two office-holding opponents do not do the same thing they will make a mistake. There is nothing quite so disgusting to the average Texas democrat as the fellow who secures an office and then devotes a good portion of his time to building up his fences in order to climb a little higher up in the political world. If Davidson succeeds in winning the nomination for governor, it will not be because he is personally a popular man, but to the fact that he has been faithful to every trust the people of Texas have imposed in him.

Someone unprincipled person signing his name as 'W. J. Arnold' seems to be abroad receiving and soliciting subscriptions to the Wichita Journal. So far as the Times is aware, there is no such paper published here. Several complaints have reached this office during the past few days, and some of the victims seem to be under the impression that the Times should fulfill this fellows contracts. No such man is in the employ of the Times Publishing Company.

In resigning his office to run for governor, Attorney General Davidson has established a precedent that may cause some little embarrassment before the running is over.

MIX-UP AT HOUSTON.

Ministers Protest Against Injection of Politics at Meeting.

Texas News Service Special.
Houston, Tex., Nov. 17.—An effort to mix church and state caused a stir at Houston at a preachers' meeting last night.

They met to form a federation of city churches and a warm debate resulted over recognizing the state anti-saloon league as a church organization and which threatens to disrupt the plans of the association.

Two ministers at the meeting protested against the by-laws seating representatives of the anti-saloon league on the board of directors. The revolting members declared the anti-saloon league was injecting politics into its organization and they urged a complete separation of the church and state on this issue.

The ministers adjourned after several tilts, without taking any definite action.

The prohibition faction declares it will support the league representatives as they are qualified for church recognition. It is believed that this is the beginning of a hot fight.

A Gold Mine to All

The following is an analysis of water taken from a well on my farm two miles southwest of town, on the road to Lake Wichita; was made by G. S. Fraps, Ph. D., State Chemist, at the Agricultural and Mechanical College of Texas, on Oct. 13th, 1909.

This sample of water has the following composition, expressed in grains, per U. S. Gallon:
 Carbonate of Lime..... 7.58
 Sulphate of Lime..... 23.33
 Calcium Chloride..... 15.68
 Magnesium Chloride..... 32.19
 Sodium Chloride..... 135.41

This water is classed as a muriated saline water. These waters stimulate the secretion of the stomach, increase digestion and favor a more complete absorption of the food. This water should have a laxative action, taken in small doses, and a purgative action taken in larger doses, on account of the magnesium which it contains.
 Yours truly,
 G. S. FRAPS.

This water will be delivered to any part of the city at 10c per gallon. Phone 414-31

TO THE INSURING PUBLIC.

A Few Pertinent Facts About Fire Insurance Which It Will Pay You To Know.

Since the year 1880 some 440 stock companies engaged in the business of fire and marine insurance in the United States have either reinsured, retired, or failed—an average of more than 15 retirements and failures a year.

In purchasing securities, clothing, or builders supplies, or provisions, most buyers are careful to select the best that can be had for the money. Why should not the same law of trade govern the purchase of fire insurance? The rates charged by the stock fire insurance companies are the same. Then why not select policies of companies which have large resources, whose business is carefully selected, and which have honorably met the enormous losses occasioned by the great conflagrations at Chicago, Baltimore and San Francisco, to say nothing of those resulting from the smaller catastrophes of the kind?

Any insurance policy is a good enough policy until the unexpected happens—until a fire comes, then it will be found that it paid to select the best.

Companies represented in our office have more than TWO HUNDRED MILLION DOLLARS in United States assets, they are the leaders, strong and old-established.

Don't forget that the very best insurance protection can be had for the same money as an inferior article. 155-156 ANDERSON & PATTERSON

WARNING.

Since its introduction into the United States, the sales of Parisian Sage have been phenomenal. This success has led to many imitations similar in name. Look out for them, they are not the genuine. See that the girl with the auburn hair is on every package. You can always get the genuine at Mater-Walker Drug Company.

Parisian Sage is the quickest acting and most efficient hair tonic in the world.

It is made to conform to Dr. Sangerbond's (of Paris) proven theory that dandruff, falling hair, baldness and scalp itch are caused by germs. Parisian Sage kills these dandruff germs and removes all trace of dandruff in two weeks, or money back; it stops falling hair and itching scalp and prevents baldness.

And remember that baldness is caused by dandruff germs, those little hard working, persistent devils that day and night do nothing but dig into the roots of the hair and destroy its vitality.

Parisian Sage is a daintily perfumed hair dressing; not sticky or greasy, and any woman who desires luxuriant and bewitching hair can get it in two weeks by using it. 50 cents a large bottle.

When the average man pays back a loan he acts as if a pickpocket had gone through his clothes.

To our Customers and the Public:

Beginning the week of December 1st, 1909, the business of this company will be done on a strictly cash basis. All bundles will be paid for when delivered, either by our laundry coupons or by cash.

Coupon books will be sold for cash in \$3.00 and \$5.00 coupon books at a discount of 5 per cent, giving a \$5.00 book for \$4.75 and a \$3.00 book for \$2.85.

Benjamin Clothes

After all, it's really the tailor who makes a suit a success or a failure. The most fascinating style would be a fizzle if there were not careful needle work underneath.

The most phenomenal designer on earth could not make a garment a success without the co-operation of the tailor. It is he who, by the diligent plying of his needle, gives shape and style and ensures service.

The world's most excellent tailors are congregated in New York on account of its being the greatest clothes manufacturing center in the world. They have more work and are better paid there.

Could there be a better explanation of why 'Benjamin Clothes,' Made in New York, are the most stylish and the most perfectly made of any on earth. Won't you make it your particular business to see these wonderful 'Benjamin Clothes.'

WHAT IS HYOMEL?

You Have Heard About the Catarrh Cure Mater-Walker Drug Co. Guarantees.

Hyomel is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back.

It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with the active principles of eucalyptus as a base Hyomel is more efficient, pleasant and quick acting by the addition of Thymol, an antiseptic and disinfectant largely employed in the Listerian System. Gualacol and other important medicinal agents are also included in the Hyomel formula, which, without doubt, is the greatest destroyer of catarrh germs the world has ever known.

Hyomel is a powerful, penetrating antiseptic that is pleasant to use. It does not contain a particle of cocaine, opium or any habit-forming or injurious drug.

No dosing the stomach when you use Hyomel. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Wichita Falls by Mater-Walker Drug Co. \$1.00 for complete outfit.
