Pony Show Grand Champion Exhibited By James McLain

James McLain of Hart exhibited and rode the Grand Champion horse at the Castro County Round-up Week pony show held last Thursday afternoon at the baseball park. Seven division champions were selected at the show.

Purple ribbons were awarded the champion division winners. First and second places received blue and red ribbons respectively. Jack Howell judged the pony show.

Lonnie Markley of Jumbo Community rode the champion of the Shetland division. Placing first was a Shetland shown by Dana McLain and Cary McLain. Second place went to ponies shown by Rickey Stomps and Tony Kelley. Other places included Mike Baldrige, third; Luanne Autry, fourth; and Peggy Baldrige, fifth.

Hughes, first; Pam Huston, second; Ronnie Irwin and Nelda Henderson, third; and Don Sanders and Vicky DuLaney, fourth.

In the Big Mares division James McLain rode the champion winner. First place was awarded to Charles McLain.

Winning second places were Margaret Swindle, Bob Crick and James Hughes. Larry Sanders won third place in this division.

In the final judging of the show, Rex Henderson exhibited the winning champion colt. Placing first in the colt division was Larry Sanders and second was Kelly Autry. Mr. and Mrs. Bill Swindle of Hart were in charge of arrangements for the pony show.

Nuptial High Mass Said July 28 For Irene Venhaus And Edwin Huseman

Irene Venhaus and Edwin Huseman were united in holy matrimony at a Nuptial High Mass on July 28 in Holy Family Church in Nazareth with Father Wilbur Richel officiating.

The bride is the daughter of Mr. and Mrs. Albert Venhaus of Happy. Parent of the groom is Mrs. Leo Huseman of Nazareth.

Mrs. Leonard Conrad provided wedding music at the organ. The choir sang the special music for the double-ring ceremony.

Given in marriage by her father, the bride wore a floor-length gown of nylon lace over taffeta. Iridescent sequins and seed pearls traced the scalloped neckline. Her finger tip veil of silk illusion was held by a pearl tiara. She carried a bouquet of white gladiolas.

Mrs. Bernice Hoelting, sister of the bride, and Mrs. Dolores Schulte, sister of groom and Judy Schulte, cousin of the groom were bridesmaids. Dayna Venhaus was flower girl and Floyd Birkenfeld was ring bearer.

Attendants wore matching orchid satin dresses featuring satin over-skirts and rounded necklines. They carried corsages of white pom-poms. Flower girl was attired in matching orchid dress.

Elmer Huseman, brother of the groom, served as bestman. Groomsman were Richard Hoelting and Phillip Brockman. Ushers were Clyde Venhaus, Francis Backus, and Ralph Brockman.

A reception was held in the Community Hall in Nazareth at 3 p.m. The couple will make their home at Nazareth after a wedding trip to Colorado.

The bride is a 1964 graduate of Nazareth High School. The groom is a 1958 graduate of Nazareth High School. He is manager of Nazareth Gin and Grain Co.

Wash-Wear Shirts Researched At A&M

Research planned to determine the meaning homemakers and their husbands attach to the terms "easy care," "minimum care," and "wash and wear fabrics" is underway at Texas A & M University.

Conducted by the home economics research department, the study also is designed to help determine consumer expectations of performance and care of selected washwear men's shirts.

Mrs. Carol Bathke, project leader and instructor, whose specialty is textiles and clothing, explained that consumer satisfactions with the use of wash-wear shirts during 30 typical wash-wear periods of home launderings are being rated.

Research panel members also are scoring the subject's responses to factors considered to contribute to satisfaction from the standpoint of comfort, ironing ease and wrinkle-resistance.

Two factors—fibers and cost—are considered in the pilot study, which will continue into early 1965. Two price ranges of national brand shirts are being used in the research. After all data are collected, a comparison will be made between homemakers responses and the ratings made by the panel.

Results should be of special interest to consumers and members of the men's garment industry.

SERVING BARBECUE and all the trimmings Thursday evening, August 13 are Bill Birdwell, Billy Gregory, Jim Hays and Bill Henderson. Birdwell is giving Jeannine Wimberly, local beauty operator, a big Texas-size helping of red beans. Approximately 600 were served at the barbecue. —Staff Photo

Hart Rhoda Guild Enjoys Luncheon

Rhoda Guild members of Hart enjoyed a luncheon Friday, August 14 at Wayne's Restaurant in Plainview from 11:30 to 1:30 p.m.

Highlighting the luncheon was a 12 o'clock style show with five models from Dorothy's of Plainview participating. Fall fashions for women was theme of show.

Luncheon hostesses were Mrs. Mavis Davis and Mrs. Beawean Bures. Twelve members attended and five guests were present.

Mrs. Dianne Sanders won the draw gift which consisted of a set of jewelry.

The Rhoda Guild of Hart will meet September 9 with Mrs. Bobby Hill and Mrs. Peggy Clay serving as hostesses.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amount paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds for such purposes; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision.

"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer not inconsistent with restrictions herein set forth."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(4) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Joe Burns - Jerry Ward Visit Dimmitt Enroute Home From Motorcycle Tour

Joe Burns of Brownfield and Jerry Ward of Spur stopped in Dimmitt overnight Thursday, August 13 enroute home from a motorcycle tour of the Western United States and Saskatchewan, Canada. The two boys visited the rodeo last Thursday night and then spent the night with the Buddy Byrnes family. They wandered off their route through Dimmitt to visit Pop-

USING A BMW as means of transportation Joe Burns of Brownfield (left) and Jerry Ward of Spur (right) took a two-week tour of Western States and Canada. The two young Texans planned to attend a motorcycle rally in Sturges, South Dakota. While on the trip, they made a 150-mile jaunt into Saskatchewan, Canada. Enroute home, they spent Thursday night in the home of Mr. and Mrs. Buddy Byrnes here. See story for details. —Staff Photo

NORTHEGE NEWS

The rain is very good news in this community. Last Tuesday night a trace to .90 inch was reported. Approximately .25 Friday night. Monday night a trace to 1.50 was reported, the south part being heavier.

Gayle Seagroves is spending the week with La Trelle Hoyer. Terry and Darla Crum, and Cindy Mattice of Amarillo are spending the week with their grandparents, Mr. and Mrs. John Crum. A birthday dinner honoring Carl and Mike McDaniel was given at the home of their parents, Mr. and Mrs. R. E. McDaniel. Present were Mr. and Mrs. Nathan Stowers and Dorman of Hereford, Mr. and Mrs. Loren Young of the Bethel community, Mr. and Mrs. Carl McDaniel and Kayla Carlene of Hale Center.

Mr. and Mrs. Burt Fileger and children, Erie, Pa., visited several days the past week with P. L. and LaTrelle Hoyer. Mr. and Mrs. Eugene Hoyer and small daughter, Peri Eileen of Tulsa were Sunday afternoon visitors, attending evening worship services with them. Mr. and Mrs. Raymond Crum and Mr. and Mrs. John Crum attended the wedding of Mrs. John Crum niece Saturday night in Dalhart. Miss Euva Doris Harbert was married to Arnold Skiles. He will be teaching in David Crockett school in Amarillo. Terry Crum was ring bearer.

The group attended a Jenkins-Harbert family reunion in the XIT building in Dalhart Sunday. Approximately 125 persons attended.

py Byrnes whom they had met at Lake Texoma this summer. The original motorcycle route was through Tulsa.

The two young men left with a group of eight cycle enthusiasts from Lubbock, Saturday, August 1. The group took four motorcycles for the trip. Burns and Ward rode a German BMW. The cyclists planned to attend a motorcycle rally in Sturges, South Dakota as the Sturges Chamber of Commerce had released a bulletin announcing the rally dates as August 7-9. When the cyclists arrived in Sturges, they found the dates for the rally were August 14-16.

The cyclists then decided to take a short jaunt into the interior of Canada. They made a 150-mile trip through Saskatchewan, Canada.

While on the trip, the young men visited Yellowstone National Park, Jackson Hole, Wyoming and rode up Pikes Peak via motorcycle.

This was the first motorcycle trip the young men had ever made. Joe plans to visit Mexico City next year via motorcycle.

Burns is a junior at Gainesville Georgia Military School in Hollywood, Florida. He is active in football and plans to attend either Florida Southern, University of Texas or Texas Tech. He is the son of Dr. and Mrs. Robert C. Burns. His father is a physician in Brownfield. Joe's other summer activities included lifeguard at the swimming pool in Spur.

Jerry Ward will be a senior at Spur High School this year. He is active on the varsity football squad. His future plans include possibly Texas Western. He is the son of Mr. and Mrs. Bill Ward of Spur. His father is engaged in ranching in the Spur area. Jerry's summer activities included lifeguard at the swimming pool in Spur.

In relating experiences on the trip, Joe commented, "We had three flat tires before reaching Red River, N.M. from Lubbock."

Jerry said, "We went through three rainstorms. It rained on us from Colorado Springs to Denver." Of course, no trip to Yellowstone is complete without the added spice of being able to say, "We took pictures of live grizzly bears at the garbage dump."

The boys' future plans also include another trip to Dimmitt.

Loren Dickey's Sister To Wed August 21

Mary Dickey, sister of Loren Dickey, minister of First Christian Church here will exchange wedding vows with Leslie Hobbs in Joplin, Mo., August 21.

Mary is librarian at Ozark Bible College. The prospective groom will teach at Cartersville High School near Joplin.

Mr. and Mrs. Dickey and sons will attend the wedding.

ROYCE L. TALLEY

Royce L. Talley Completes Basic Marine Training

Marine Private Royce L. Talley, son of Mr. and Mrs. A. L. Talley of Hart, Tex., recently completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

Marine recruits undergo more than 100 hours of physical conditioning, spend more than 80 hours learning how to drill, and devote three weeks to rifle and pistol marksmanship in their 11-week training program.

Several hours are devoted to spiritual and character-building courses. Production of good basic Marines and responsible patriotic citizens are the two primary objectives of the program.

In the physical fitness training, the recruits run, lift logs, climb ropes, conquer three different obstacle courses, progress through a variety of body-building exercises, swim and participate in organized games. To measure their program they take four strength-measuring tests.

Esprit de corps, teamwork and discipline are product of drill instruction.

Following graduation, he reported to Camp Pendleton, Calif. for advanced infantry training.

'63 Traffic Death Comparison Made

There were 3 traffic deaths in Castro County as compared to the past three year average of 3.3 deaths, according to Sergeant W. E. Wells of the Texas Highway Patrol for this area.

The Sergeant stated that 137 counties had more deaths in 1963 than the previous three year average. One-hundred and four counties had less deaths in 1963 than the previous three year average, of this number, eight counties had no deaths. Thirteen counties had the same number of deaths in 1963 as the previous three year average.

The largest increase in the number of deaths in 1963 over the previous three year averages was 55 in Harris County. The largest decrease in the number of deaths in

with his mother Mrs. J. C. Williams. Sunday afternoon they all went to Plainview to visit Glenn's aunts, the Misses Alice and Beulah Williams who live there and another aunt, Mrs. Frank Reifsnnyder, of Peru South America; also Mrs. Reifsnnyder's son, Bobby, and his family who have just recently returned from three years service in the armed forces in Germany.

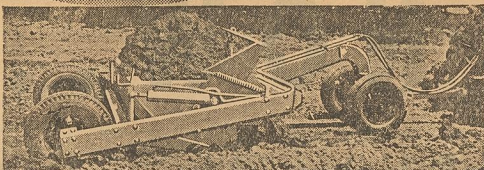

Mr. and Mrs. Wesley Smith were in Hereford Sunday to attend funeral services for a friend, Mr. George Suggs, who was fatally injured in a car-truck accident near Hart Friday night.

1963 from the previous three year average was 11 in Brazoria County.

The 1963 death total for the state was 2729, an increase of 118 deaths over the 1956 all-time high of 2611 deaths. The number of deaths for 1964 is about 12 per cent higher compared with this time last year. The Sergeant added, "with this trend the death count will exceed the 3,000 mark. This is a challenge which every responsible citizen must accept to do their best to reduce the traffic deaths on our streets and highways."

Of special interest to teen-men this summer is the resurgence of ankle-high and higher boots embellished with high Spanish heels. The Beatles get the credit for putting the boot to teen-man fashions.

Fast Low Cost Earth Moving With an Eversman Hydraulic Controlled SCRAPER

Using your own tractor and the 2 1/2 yard Eversman Scraper you can do most earth moving jobs by yourself. Level land for efficient irrigation. Grade fields to improve drainage. Fill gullies and low spots. Build farm roads. Make terraces, grass waterways, reservoirs, ponds, dams, pit silos. The Eversman responds instantly to single valve hydraulic control. Loads with low power requirements but with large scraper stability. Runs at high speed. Front dump permits accurate control of fill. Strong rugged construction.

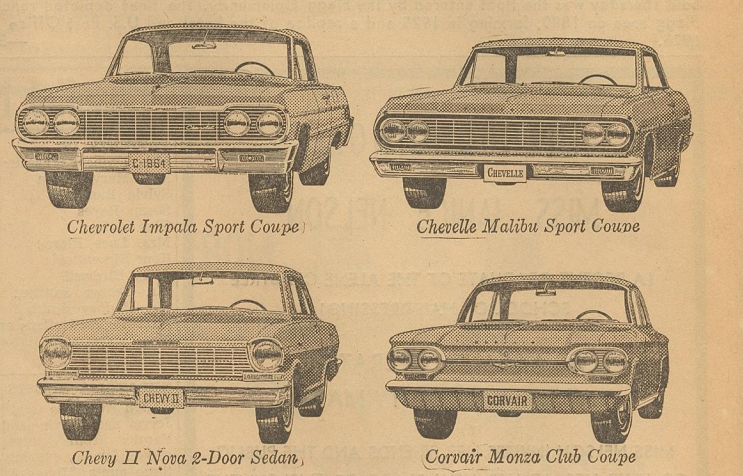

Increase Yields Per Acre by Finishing Fields with an Eversman AUTOMATIC LAND SMOOTHER. With an Eversman Smoother and your own tractor you can prepare an ideal seed bed free of back furrows and dead furrows—eliminate low spots and high spots while preparing an ideal base for mechanized farming. Smooth, level fields provide more efficient irrigation, improve surface drainage, stop excessive erosion and help retain rainfall. Low initial cost. Economical operation. Sizes to fit regular farm tractors.

1965 Wheat Program Announced By U.S. Department of Agriculture

Details of the 1965 Voluntary Wheat Program were announced by the U. S. Department of Agriculture. Operation of the program in general will be about the same as that for the 1964-crop year. Although some program provisions are modified, participating farmers

can get about the same returns as from the 1964 program. The principal changes, compared with 1964 program provisions are:

A. Domestic certificates will be worth 75 cents per bushel (were 70 cents), and export certificates

30 cents per bushel (were 25 cents). B. Price support national average loan rate will be \$1.25 per bushel (was \$1.30).

C. Program participants can qualify for domestic certificates on 45 percent and export certificates on 35 percent of the normal production from their allotment (were 45 percent each).

D. Wheat and feed grain (including oats and rye) acreage substitution will be possible (none in 1964).

E. If diversion in addition to the required minimum is at least 10 percent of the farm's 1965 allotment, payment on such additional division will be made on 50 percent of the farm's normal production times the county loan rate on all of such added acres diverted to conserving use.

F. A producer can get program loan and certificate allocation benefits if he exceeds his acreage allotment by not more than 50 percent on any farm in which he has an interest and stores under bond the wheat from the excess acreage, meanwhile carrying out conserving use requirements of the program (not provided in 1964).

Signup for the 1965 Voluntary Wheat Program is planned August 24 through October 2 in ASCS offices. This signup will apply only to predominantly winter wheat areas.

Program signup for wheat growers in predominately spring seeded areas probably will take place early next year at the same time as that for the 1965 Feed Grain Program. The 1965 Feed Grain Program will operate under the same legislative authority as in 1964 and therefore will be similar to the 1964 program. The 1965 diversion requirements, payment rates, and loan levels will be determined and

announced later. The 1965 program for wheat will be entirely voluntary. As in 1964, there will be no marketing quotas or marketing quota penalties for the 1965-crop. Further, those overplanting their acreage allotment in 1965 will not lose wheat acreage history for future years.

Program provisions after a wide range of choice including substitution between wheat and feed grain acreage. A producer may become a program participant by signing up and meeting applicable program provisions. A participant can become eligible for price support loans, diversion payments, and certificates with fixed cash values.

The 1965 national wheat acreage allotment of 49 1/2 million acres (the same as for 1964) was announced June 19, 1964 (USDA 2034-64). The State acreage allotments were made at the same time, and these in turn are being allocated to individual farms. Announcement of wheat feed grain acreage substitution for the 1965 crop was made on May 25, 1964.

USE OF CERTIFICATES: Certificates will be earned by eligible producers on 80 percent of allotted acres times the normal yield for the farm, but not in excess of the normal production on the acreage of wheat planted for harvest. If the acreage planted for harvest is less than 80 percent of the farm allotment, the reduction in certificates will be made first from the lower value (export) certificates.

Commodity Credit Corporation will assist producers in marketing certificates by purchasing them through county ASC Committees.

Producers who sign up and otherwise apply 1965 program provisions relating to wheat will be eligible for price support loans on their entire production, except on any quantity stored under bond. The option of storing under bond is as follows: Participants who elect in advance may overseed wheat up to 50 percent in excess of allotments and then store the excess production under bond. The excess production to be stored under bond would be twice the normal production of the acreage exceeding the allotment, or the actual production if less than the normal. The producers using this option would be eligible for price support loans and certificates on wheat from their allotted acres. This provision is of special interest in high crop-risk areas as it will provide reserves in case of drought. A producer may use the bonded-storage option on any farm in which he had an interest in the wheat crop. However, if a producer decides to overseed his allotment, he will not be eligible to substitute wheat and feed grain acreage within the program.

SUBSTITUTION OF WHEAT FEED GRAIN ACREAGES: A producer who has both a farm wheat allotment and a feed grain base and who signs up for both programs, will be eligible to use the substitution provision. He can either grow wheat on his permitted acres, or grow feed grain on all or part of the wheat permitted acres. Such a producer takes part in the 1965 program relating to wheat and feed grains exactly as he would without the substitution provision except that the acreage of either wheat or feed grains could be greater. However, a producer who plants feed grains on wheat allotment acreage may put this feed grain production under loan, but he will not be eligible for feed grain program price support payments on this acreage, nor will he receive additional certificates for wheat grown in lieu of feed grains. A producer not eligible for the benefits of both programs may still obtain the benefits of the program for which he is eligible.

Further, a producer may request that a separate oats-rye base acreage be established for his farm. Thus a cooperater in the wheat program may grow wheat on oats-rye base acres (minus diverted acreage) in addition to being able to grow wheat on all or part of feed grain permitted acreage. When this option is exercised, corn, grain sorghum or barley can not be grown on the oats-rye base or on the wheat allotment acreage. The purpose of establishing an oats-rye ducers who mainly grow wheat, oats and rye. If a producer requests but does not use this option, eligibility for program benefits will be determined as if oats-rye option had not been requested.

ACREAGE DIVERSIONS AND PAYMENTS: Qualification for certificates and price support loans can be achieved by planting within the 1965 allotment and devoting to conserving uses and acreage equal to 11.11 percent of that allotment. To qualify for diversion payments, participants will need to divert at least 10 percent additional acreage below the allotment. Maximum diversion for payment can be 20 percent of the allotment.

Walter Rogers Forced To Cancel Trip To Panhandle

The likelihood that beef import legislation will come to the floor of the House of Representatives late this week has forced three members of the House Committee on Interior and Insular Affairs to postpone a scheduled inspection trip to the Texas Panhandle.

Congressman Walter Rogers of Pampa said he, Congressman Tom Morris of Tucumcari, N.M., and Congressman J. Edgar Chenoweth of Trinidad, Colo., "deeply regretted" the necessity of postponing plans for a visit Friday to the northeastern Potter County site of the proposed Alibates Flint Quarries and Texas Panhandle Pueblo Culture National Monument.

Congressman Morris is chairman of the National Parks Subcommittee of the House Interior Committee and Congressman Chenoweth is a member of the subcommittee. Congressman Rogers is chairman of the Irrigation and Reclamation Subcommittee of the Interior Committee.

"The beef import problem is of vital importance to the farmers and ranchers and total economies of the districts represented by each of us," Congressman Rogers said. "It appears now that the House may be able to take up late this week legislation to impose quotas on the excessively high level of beef and meat imports now reaching the United States," he said. "Our domestic cattle industry has been punished severely by these continuing high import levels," Congressman Rogers said. "Congressmen Morris and Chenoweth and I have been doing our best to alleviate this problem through legislation—and it is possible that at least a partial solution may be attainable late this week."

The three Congressmen were to have discussed the proposed National Monument with members of the Potter County Historical Survey Committee and Panhandle Geological Society, strong advocates of legislation introduced by Congressmen Rogers to provide for the monument's establishment.

Congressman Rogers said it was hoped that the site visit could be rescheduled at an early date. "Because their subcommittee has original jurisdiction for legislation to establish the monument, Congressman Morris and Chenoweth are both very interested in having the opportunity to visit the site and talk with Panhandle folks who are interested in the project," he said.

or enough additional acreage within the wheat allotment to make a total of 15 acres. Payment rate per acre for the additional diversion will be 50 percent of the county basic price support loan rate times the farm normal yield. Producers who wish to sign up in both the wheat and feed grain program may do so by increasing the acreage of cropland devoted to a conservation use not less than the total of the acreage signed up to be diverted under both programs. Diversion payments will be computed on the basis of the actual crop or crops reduced. (For instance, if wheat is grown in lieu of feed grains, diversion payments would be at the applicable feed grain crop rates.)

Whether or not cooperators may have the opportunity to produce certain nonsurplus crops on diverted acreage will be determined when more information is available. Diversion payments for the oats-rye option will be a percentage of the wheat diversion rate and will be announced with the 1965 Feed Grain Program.

Stereo Sound Show Planned In Palo Duro

The Canyons in the bluff behind the amphitheater in the Palo Duro Canyon State Park will ring with new sound during a stereophonic sound show, "Echoes in the Canyon" which will be presented in the theater on Friday, August the 21st at 7:30 P.M. Using three large speakers, and changing their positions, it will be possible to show what can be done with sound in this location.

This demonstration is produced through the generosity of Larry Durbin, Audio Communications Division of West Texas Electronics and Bill Rhew of the Bill Rhew Pictures and Recording Service of Amarillo who arranged for the equipment and prepared the tapes for the evening. Using recordings of choirs, orchestras, special instruments and speaking voices, Mr. Rhew will lead the audience into an exploration of the echoes and sound effects which the Canyon makes. In

preparing these tapes, Mr. Rhew has had in making the beautiful documentary films which have grown out of the trips abroad taken by groups of Panhandle residents under the direction of Cotton John Smith.

Some lighting effects will accompany the sound. These are being arranged by Joe Batson of Channel 10 and Erin Wertenberber, technical director of the Branding Iron Theater at West Texas State University in Canyon.

All members if the Texas Pan-

handle Heritage Foundation are being sent special invitations to this demonstration, since the theater was built through their efforts. For the general public, there will be no admission to the theater. The only charge will be the \$1.00 per car admission at the gate to the Park.

To reach the theater at 7:30 plan to be at the park gate at 7:00.

ANTON VISITORS Mr. and Mrs. David Huddleston and daughter, Donna Michele of Anton, have been visiting friends in Dimmitt.

Everybody benefits

when Rural Electrics help power the war on poverty

The self-respect of a community must be measured by the dignity of its poorest family. That's why America's consumer-owned rural electric systems, as responsible enterprises in the nation's rural communities, are taking a leading role in the war on poverty. More than half of the people below the poverty line live in rural America, although it has fewer than one-third of the nation's total population. The twenty million men and women who make up America's rural electrics know from experience what cooperative enterprise, working with government, can do to develop area resources and raise living standards. With the help of Rural Electrification Administration loans, rural electrics have brought vital electric power to the countryside at rates everyone can afford. They have worked to make the best use of local resources and open up new areas of economic and social opportunity. Today the same local leadership which electrified rural America is helping to create new opportunity in many of our country's most depressed areas. New industry furnishes jobs to local people and income to local communities. With these resources, the people of rural America are developing the institutions and building the facilities they need for a better life. In this way experienced community leaders from the rural electrics are serving in the war on poverty... and everybody benefits.

Three-Year Irrigation Research Project Scheduled for Fall Start in Texas, N. Mex.

A \$29-thousand irrigation research project is scheduled to get underway this fall in the Southern High Plains area of Texas and New Mexico.

The project, designed to take three years to complete, will determine:

Efficiencies of irrigation pumps now in use;

Efficiencies of power units used at drive irrigation pumps;

Operational and maintenance characteristics of power units including fuel or electric power consumption under prevailing conditions of High Plains irrigation pump

ing, and

Costs of pumping irrigation water by classification of well depth, capacity of well and power classification.

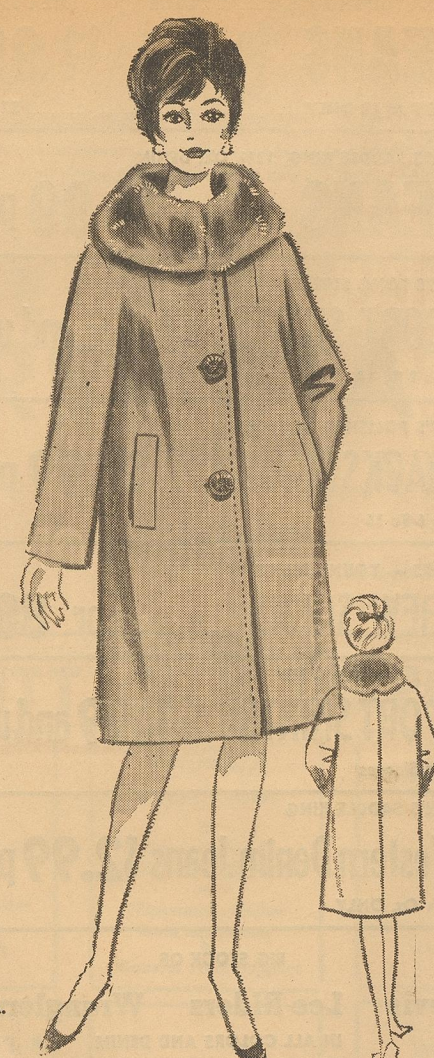

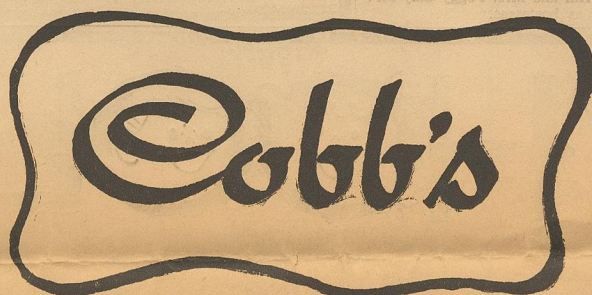

The project, to be conducted by the Agricultural Engineering Department of Texas Technological College, Lubbock, will cover a 300-mile radius of Lubbock in which there are over 6-million acres of land under pump irrigation and many thousands of wells and pumping plants.

The Texas Irrigation Research Committee is sponsoring the project and invites the participation

of all rural electric systems and power districts in the U. S. that serve irrigation pumping.

It is intended that results of the project will be tabulated and presented in a form that can be applied to local conditions and rates.

Members of the sponsoring Texas Irrigation Research Committee are: Leo Forrest, manager, Deaf Smith County Co-op, Hereford, chairman; Glen M. Newton, manager, South Plains Co-op, Lubbock; J. H. Carl, manager, Lamb County Co-op, Littlefield; O. B. Bryan, Manager, Caprock Co-op, Stanton; Lyle M. Railway Company Buys \$1,227,500 Freight Equipment

Purchase of \$1,227,500 worth of new freight equipment was approved by the Fort Worth and Denver Railway Company at special meeting of its board of directors in Fort Worth this morning.

Vice-President Ellis L. Simmons presided at the meeting, which was followed by a luncheon for officers and directors at the Fort Worth Club. In announcing the car building program, Simmons said the equipment, consisting of 100-ton covered hopper cars and 70-ton box cars with hydraulic cushioning, is a part of the Burlington Lines program designed to meet the increasing need for larger and more modern freight cars.

Simmons also announced the election of Wilbur K. Bush of Chicago as Vice-President, Executive Department; William N. Ern-

zen of Chicago as Vice-President and Comptroller; and J. R. Barnhill of Fort Worth as Secretary and Treasurer, succeeding Bush. Barnhill began his railroad career as a clerk in the FW&D accounting department in 1923 and served in various capacities in the Fort Worth general office until his appointment as paymaster-cashier in 1955. In 1960 he was elected Resident Treasurer and Assistant Secretary, which position he held until his promotion today. He and his wife live at 5509 Norma. They have a married son, Robert of Galena Park, near Houston, and two grandsons.

In a recent nationwide survey, the Institute for Motivational Research found that 68 percent of those interviewed take from one to five garments to the professional drycleaner each month. And 57 percent visit their drycleaner from 2 to 5 times or more each month. The Institute has found an "increasing desire to appear well-groomed on all socio-economic levels."

by decreasing fertilizer rates. With prospects for relatively low wheat prices, it is necessary to produce optimum yields per acre. It takes fertilizer to do this.

You know what ammonia can do for wheat yields. You can usually count on at least 10 bushels extra wheat per acre with 80 pounds nitrogen. A 120 pound nitrogen rate will usually produce an additional 15 bushels per acre. Fifteen bushels of wheat at \$1.40 will provide an extra \$21.00 for a cost of \$8.00 for the ammonia.

Phosphorus is also a good investment on wheat where it is needed. Returns may not be as great as

LIFE-LINES FROM BRUCE TAYLOR

A SPECIAL MESSAGE TO OUR YOUNG COUPLE FRIENDS

There are several very sound reasons for buying Life Insurance when you are young. As a young couple you should know that Life Insurance can mean savings. It can be a source of money when you need it. You should also know that your age allows you to buy it at a lower figure. This lower premium continues for the term of the policy. Although other things may go up, your premium always remains low. You as a young couple should be aware that Life Insurance is keeping pace with modern needs; for example, there may be a place in your program for our family policy that provides for increases in your family, with NO increase in premium. Or perhaps we can tell you about family income and family protection riders, as well as our guaranteed purchase option.

You should start now taking advantage of the SAVINGS and creating a SOURCE OF MONEY when you need it.

with nitrogen. A 40 P205 rate will usually provide an extra 4 to 8 bushels per acre - a return of \$6.00 to \$11.00 per acre from a \$4.00 per acre investment.

Phosphorus is usually the element which gets left off when a cost-price squeeze comes around. In this regard, let's look at one important point - nutrient balance. In a Swisher County test conducted by the personnel of the Bushland experiment station, 80 pounds nitrogen per acre increased yield by 4.7 bushels. The application of phosphorus alone actually decreased yield by 1.6 bushels. An application of the two together - 80 pounds N and 80 pounds P205 - gave an increase of 21.1 bushels per acre.

This 21.1 bushels of wheat at \$1.40 represents a \$29.54 return for an investment of \$13.20 worth of fertilizer. This is a good example of nutrient balance and it illustrates the importance of using both nitrogen and phosphorus where needed.

Keep in mind that if it pays to grow wheat, it pays to fertilize for maximum returns from your fertilizer program.

One of the largest salt plants in the nation is located at Grand Saline in Van Zandt County.

A train handcar and pickup collided Wednesday afternoon, August 12 at 4:35 on the railroad near B&K Grocery in Hart injuring four people.

V. Mabrey, Harry Goendy, James Sumter and J. C. Sims were taken by Olton ambulance to Medical Center in Plainview. They were not seriously injured according to investigating officers.

Jim Stevens was driving the pick-up which collided with the train handcar. Stevens was construction worker at the Hart High School. Also riding on the handcar but escaping injury was James Williams.

The crew on the handcar was a bridge gang construction group on the railroad.

Highway patrol from Hereford and Deputy Sheriff Granville Martin of Hart investigated the accident.
