VOLUME 3

WICHITA FALLS, TEXAS, FRIDAY, MARCH 4, 1910

NUMBER 252

CLEAN UP DAY ON 29TH OF MARCH

CHAMBER OF COMMERCE SETS THAT DATE FOR CITY'S ANNUAL BATH.

ACT ON OTHER MATTERS

Brick Plant Proposition Declined—Action Taken on Colquitt's Opening Here.

March 29 was set by the directors of the Chamber of Commerce as the date for the annual "Clean-up" day in this city and plans were laid to make it as successful an affair as it has been heretofore. On account of the nearness of March 10 the date set by the State Health Department for the state at large, it was decided not to attempt to have any work done on that date.

Several other matters were acted upon by the directors at their meeting this morning. The proposition to establish another brick plant here was, after extended discussion, turned down by the promoters. Mr. Kentaer asked the Chamber of Commerce to take fifty thousand dollars of the stock of a one hundred thousand dollar company and donate a site. The counter proposition offered to take twenty-five thousand stock in a company of the same size, no site to be donated. Mr. Kentaer announced himself unable to accept this proposition.

The Chamber of Commerce will subscribe for 100 copies of the daily papers (fifty of each) to be distributed on the same plan as those taken by the Real Estate Association. The sum of \$1.25, to cover three months' subscription, was appropriated.

A resolution calling on all citizens, regardless of political preference, to help make the opening of Colquitt's campaign here on March 17, and expressing Wichita Falls appreciation at being thus selected, was adopted and the entire directorate was constituted a committee to work with the Colquitt committee to make the occasion a successful one.

Adjournment followed.

MUSKOGEE FRANCHISE.

It is Purchased by Owners of Shreveport Team.

Texas News Service Special. Muskogee, Mch. 4.—Dale Gear and Leon Kahn, owners of the Shreveport team of the Texas league, today purchased Muskogee's franchise in the Western Association. Lee Garvin will manage the Muskogee team. Joe Gardner of Dallas, wanted to buy the franchise, but arrived here ten minutes after the deal was closed.

HARBOR APPROPRIATION.

Three Hundred and Fifty Thousand Planned for Galveston.

Texas News Service Special. Washington, Mch. 4.—It is announced that Senator Bailey will seek to increase the one hundred thousand dollar appropriation for deepening the Galveston-Texas City channel to three hundred and fifty thousand for improvements at Galveston harbor. The committee is now considering the amendment.

JOHN FEATHERSTONE.

Veteran of Two Wars Dead Today at Cleburne.

Texas News Service Special. Cleburne, Mch. 4.—John Featherstone, aged eighty-six a veteran of both the Mexican and Civil wars, died late yesterday and the funeral was held this afternoon under the auspices of the Confederate Veterans.

GENERAL UNION STRIKE IN PHILADELPHIA IS AMONG POSSIBILITIES

By Associated Press.

Philadelphia, Mch. 4.—If the general strike of labor unions as a result of the street car men's strike goes into effect, it will be conducted by a committee of ten with John Murphy, president of the Central Labor Union at its head. The committee will meet daily during the continuance of the strike. Efforts are still being made to arbitrate the strike.

USE NON-UNION MEN.

Complaint is Made to Labor Commissioner Myles.

Texas News Service Special. Austin, Mch. 4.—A complaint was submitted to labor commissioner Myers today that non-union labor was being employed on the monument to Sam Houston at Huntsville. The contract was let to Pompeo Coppini, of that union men only were to be employed. Coppini sublet to Charles Lucas of San Antonio, who chartered the Texas Granite Co. It has alleged that this was done as a subterfuge to avoid using union labor. Myers will investigate.

KILLED THREE MEN.

Old Feud Results in Triple Tragedy in Alabama.

Mobile, Ala., March 4.—Lawrence Odum, a white man who yesterday shot and killed Charles Golden, David Gortman and Joseph Stokes at Citronelle, was landed in the county jail here early today after a night ride through the country. The bodies were found as Odum told the officers he left them. In a statement after his arrest last night, Odum said the killings were the result of an old feud.

BEAUTIFUL NEW PARK FOR WICHITA THROUGH GENEROSITY OF KEMP

The city of Wichita Falls is now in line for one of the most attractive parks in the state of Texas, through generosity of J. A. Kemp, who has indicated his intention to donate one hundred acres of land on Holliday creek near the lake. This offer was submitted recently and will almost certainly be accepted by the city. With the expenditure of very little money and effort, this tract could be made one of the most beautiful parks in the southwest, its natural attractiveness being great. The council will in all probability accept this generous offer and after a little work has been done on the park, Wichita Falls will have one of the prettiest attractions of this kind in this part of the country.

ACCIDENT ENDS FATALLY.

Second Death from Automobile Accident Near Austin.

Texas News Service Special. Austin, Mch. 4.—O. A. Nelson, who was injured in an auto wreck at Round Rock a week ago when G. Magumson was killed, died this morning in Temple from blood poisoning which followed the amputation of the leg. Nelson was demonstrating the machine. He was thirty-two years old.

ODD FELLOWS WILL GO TO AUSTIN TO SECURE THE 1911 CONVENTION

Adorned with badges "Wichita Falls in 1911" a delegation from the local lodge of Odd Fellows will leave tomorrow for Austin to attend the state convention of Odd Fellows and bring the meeting for next year back with them. They have planned their campaign very carefully and have every reason to believe that they will land the meeting without much opposition. To land this convention means three thousand visitors in this city and it will be a plum worth securing. The following are in the Wichita Falls delegation:

W. Lee Moore, W. P. Brooks, T. P. Hickman, J. B. Marlow, H. W. Woods, P. C. Maricle, W. J. Bullock.

MACKAY STOCK BOUGHT.

Acquired by American Telephone Co. For Twelve Millions.

By Associated Press. Boston, Mass., March 4.—The purchase by the American Telephone Company of the eighty-two thousand shares of stock recently sold by the Mackay Companies, was announced here today. President Vall says the stock was taken at a price representing a cash return of between eleven and twelve million dollars.

A report was received here this morning that a mob from Dallas had lynched Frank McCue at Weatherford, but investigation proved the rumor to be groundless.

PACKING COMPANY IS INVESTIGATING

REPRESENTATIVE OF LEADING PACKING HOUSE HERE TOMORROW TO VISIT CITY.

MAY MAKE PROPOSITION

Comes at Behest of Local Business Men and Visit May Mean Much to Wichita Falls.

F. L. Emerson of Chicago, a representative of the U. S. Packing Co., will be in Wichita Falls tomorrow and will confer with local parties regarding the location of a packery in this city. Mr. Emerson comes to Wichita Falls at the behest of the local business men, particularly Frank Kell and it is believed that this visit to this city means something.

Mr. Emerson had intended to be here, today, but was unable to get here in time and wired Mr. Kell yesterday that he would not arrive before tomorrow. It is believed that he will come prepared to submit a definite proposition for a packing house, or to look the situation over with a view to making such a proposition. While this in this city he will be the guest of the local business men.

The United States Packing Company is one of the largest of the packing corporations and a plant established by it in Wichita Falls would place this city on the packing map very quickly. Every effort will be made to make a satisfactory trade.

A Campaign Lie.

Pete Randolph, candidate for Sheriff and Tax Collector, desires the Times to state very emphatically that the report put in circulation that he was taking men into the saloons of this city and buying the drinks for them, is a campaign lie, put in circulation for the purpose of injuring him.

RAILROAD QUESTION IS UP TO CHARLIE

BELIEVED CLAY COUNTY COMMUNITY WILL ACCEPT WICHITA FALLS' PROPOSITION.

COMMITTEE IS AT WORK

Reply Will Be Made to Promoters Sometime Next Week—Meeting Very Successful.

The officers of Charlie have taken hold of the Oklahoma City railroad matter in a vigorous manner and this proposition, so far as it concerns Wichita Falls' end of the line is now in their hands. As stated in the Times yesterday afternoon, the Wichita Falls promoters submitted a proposition calling for three hundred and twenty acres of land, right of way through Clay county and a bonus of twenty-five thousand dollars.

While this offer will not be definitely accepted by Charlie until a canvass of the community is made, sentiment there is practically unanimous in favor of it and the committee which has the matter in charge is already at work.

An answer is expected by Thursday of next week and it is possible that Charlie at that time will either announce her acceptance of the terms or submit a counter-proposition. The Wichita Falls offer provides that the townsite shall be located not further than three miles from the present town of Charlie, provided the survey cannot be located directly through the present site. Charlie asked an amendment to this feature, providing that the line shall run not further than a mile on the south or two miles on the west, which was agreed to.

The meeting yesterday adjourned at 5 o'clock, it being understood that another conference is to be held next

Arrest of a Philadelphia Rioter; Rescuing Battered Strike Breaker

ARRESTING A RIOTER

STRIKE BREAKER RESCUED BY POLICE AFTER BEING BEATEN ASSAULTED

Philadelphia's great trolley men's strike, marked by violence and resistance to authority, will rank among the worst disturbances of the kind in the country's history. Hundreds of arrests made in a day, injuries to scores of persons sent to the hospitals and fatalities from bullets, missiles and beatings left the authorities in no doubt as to the seriousness of the problem that confronted them. The pictures show the arrest of a rioter by a mounted policeman, the latter having a revolver in his hand, and the rescue of a strike breaker after he had been badly beaten by members of the mob.

week to bring the matter to a close. If Charlie makes good on the proposition. Wichita Falls' part of the work will have been finished and the matter will be up to the Oklahoma parties who have agreed to carry the proposition through from the Red river to Oklahoma City.

The Wichita Falls delegation returned late yesterday afternoon well pleased with the success of the meeting and very much encouraged at the added impetus given the proposition.

TRIBUTE TO CONFEDERACY.

G. A. R. Commander Speaks to Veterans at New Orleans.

By Associated Press. New Orleans, Mch. 4.—Before departing for Houston, Texas last night General Van Zandt, commander in chief of the Grand Army of the Republic was given a rousing ovation by the Confederate organizations here. In his address Van Zandt declared: "Comrades, never braver men wore the uniform than the Southern soldiers." The old veterans broke into a strenuous rebel yell, which was followed by a stirring eulogy by the commander of the Grand Army to the Confederate soldiers.

CIVIC LEAGUE MEETING IS WELL ATTENDED AND IS QUITE SUCCESSFUL

The Civic League held a well attended meeting last evening at the home of Mr. and Mrs. Frank Kell, and, in addition to the ladies who were present, the meeting was attended by several Chamber of Commerce directors, members of the city council and other gentlemen.

The meeting was more of a social gathering than for the purpose of business, but the work of the league was discussed and a number of talks made. Among the most interesting of these was one by Mrs. A. N. Kerr of Colorado Springs, who read a very interesting paper along civic development lines. Among the other ladies who spoke were: Mesdames Burt Bean, Fleming, M. M. Adickes; Judge A. H. Carrigan, Mayor T. B. Noble, Frank Kell, B. J. Bean and J. A. Kemp were called upon for talks and all responded. A pleasing feature of the evening was the singing of Miss Jewel Kemp.

BUTCHERS ORGANIZE.

Plan to Eliminate Middlemen's Expenses at New Orleans.

By Associated Press. New Orleans, Mch. 4.—The Retail butchers here have decided to form a stock company for the purpose of directly importing cattle with the purpose of eliminating stock yard expenses and charges by commission merchants.

SEVERAL MATTERS ARE DISPOSED OF BY THE CITY COUNCIL TODAY

The city council, in special session this morning, passed the city hall and paving bond ordinances and also an ordinance putting the adopted state law into effect. The bonds have been ordered printed and as soon as they can be approved by the attorney general's department, will be put on the market.

The city engineer was instructed to take the fence around the central school, which has been donated to the cemetery association by the school board, and place it around the cemetery. The council also adopted a resolution granting the Wichita Compress Company a right-of-way over California street for a track.

Russia Declines China's Proposal for New Railroad.

By Associated Press. Peking, Mch. 4.—The Russian Government in a formal note submitted to the Chinese foreign board rejects the Chinese proposal for the construction of the Aigun and Chincow railroad.

REPORT UNCONFIRMED.

Rumored That Ten Were Found Alive Under Avalanche.

Everett, Wash., Mch. 4.—The report here last night when ten persons were found alive in a car excavated from the Wallington avalanche is so far unconfirmed.

GRAND JURY IS TO PROBE LYNCHING

IS INSTRUCTED TO INVESTIGATE YESTERDAY'S OCCURRENCE AT DALLAS.

OTHER PRISONERS SAFE

Frank McCue is at Weatherford, While Oates and Robinson Are in Jail at Cleburne.

Texas News Service Special. Dallas, Tex., March 4.—Judge Seay in the district court today instructed the grand jury to investigate the lynching yesterday of the negro, Allen Brooks, charged with assaulting little three-year-old Ethel Buevens, with a view to indicting the mob leaders. It is believed, however, that the investigation will be a mere formality, and that there will be no prosecutions. The militia has been recalled and the saloons re-opened. The city is quiet today after a day of the wildest excitement yesterday. It is believed that Frank McCue, the white prisoner, charged with the murder of Earl Mabry, has been taken to Gainesville.

Texas News Service Special. Cleburne, Tex., March 4.—The two negroes, Burrell Oates and Bubber Robinson, whom the Dallas mob sought to lynch yesterday, following the hanging of Allen Brooks, are now in the Cleburne jail and the Dallas officers have returned, believing no attempt will be made to seize the prisoners here. Oates was convicted five times for murder of Sol Aranoff and Robinson was convicted of the murder of Frank Wolford. Both victims were white men.

Texas News Service Special. Weatherford, Tex., March 4.—Frank McCue, charged with killing Earl Mabry, was brought here last night from Fort Worth for safe keeping. The officers and McCue boarded the train at Ben Brook. The jail here was heavily guarded last night, as it was reported the mob was coming from Fort Worth for McCue.

Texas News Service Special. Austin, Mch. 4.—Campbell has not officially heard of the Dallas lynching so far and refuses to discuss the affair. It is said he will probably instruct the District Attorney to have the grand jury conduct an investigation.

Texas News Service Special. Dallas, Mch. 4.—While Judge Seay did not actually instruct the grand jury to investigate the lynching of Brooks, today, he announced that he will do so later.

LIGHTFOOT IS SILENT.

Has Not Been Asked to Rule on Local Option Matter.

Texas News Service Special. Austin, March 4.—Attorney General Lightfoot today was asked whether Judge Ramsey's decision which practically results in the knocking out of the local option laws in dry districts will compel those districts to hold new elections. Lightfoot refused to give an opinion until an actual case should be referred to him.

SIXTY-ONE BODIES.

Practically All of St. Paul Victims Have Been Removed.

Texas News Service Special. Peoria, Ill., March 4.—Word received from State Mine Inspector Newman states that sixty-one miners in the St. Paul mine at Cherry, were brought to the surface today. Newman says this will probably be all the bodies that will be recovered and that identification is impossible.

GIFFORD PINCHOT AGAIN ON THE STAND TODAY AT BALLINGER INQUIRY

By Associated Press.

Washington, March 4.—Gifford Pinchot resumed the stand in the Ballinger investigation today. In answer to a question he stated that Ballinger's letter to the president on November fifteenth enclosing Ronald's letter reflected on Ballinger. These letters contain statements which he was shown and was asked if this is the only fact upon which Pinchot expected to prove things by other witnesses.

RAILROAD EXPERIMENTAL FARM.

Lackawana Follows Course of the New York Central.

The Delaware, Lackawana & Western Railroad has followed the course adopted by the New York Central and other railroads and announces that it will establish an experimental farm. The purpose is to show what can be done with land that is considered of little value for agricultural purposes if better methods of cultivation are employed.

The undertaking of such work by railroads shows what great importance they attach to this matter. The success that was achieved by those that first began it has incited others to follow the same course. It is a noticeable indication of what value the railroads place on this kind of work. They are not making investments of this sort unless they think that they will pay.

Very likely some will receive direct returns from it. The products of these farms will probably pay a sufficient sum to make the projects profitable, but it is not for this purpose that they are undertaken. It is because a much greater indirect return is looked for. The railroads hope that by introducing better methods of farming, the farms in general throughout the territory they reach will be made to yield greater returns; hence, the railroads will receive more freight.

When this matter is taken up by great railroad systems with the idea that the money and work expended will be well expended and that they will be good investments, it ought to encourage those who are trying to bring about this and other farming conditions in this and other states. The indirect benefit that will be derived from it is realized by the railroads. It is becoming better recognized everywhere.

The agricultural prospects of New York are continually improving, and an era of better cultivation and greater crops seems assured.—Schenectady Gazette.

OHIO FLOOD GROWS.

Railroads and Factories Now Seriously Affected.

Cleveland, O., March 3.—The steady rise of the water in the Muskingum River at Zanesville, which threatened to close traffic on eight railroads and forced more than two hundred additional families to vacate their homes, is the feature of the Ohio flood situation today. At Youngstown many factories are idle and many small towns and farming sections are reported under several feet of water.

SENATE HAS NOTHING TO DO.

Meanwhile the People of the Country Are Waiting and Watching.

On Wednesday the senate held a very brief session and adjourned early because of lack of occupation. The Alaska bill—one of the president's personal measures, which he had earnestly advocated—had been dropped at the instance of Senator Borah and others who hold that Alaska cannot safely be turned over to a legislative commission, but should have, instead, a sort of territorial legislature. The postal savings bank bill took its place on the calendar, but some hitch prevented the senate's going on with it, and no other measure was ready. The "uncontested bill" had been exhausted, and the rules of the august chamber provide for "government by unanimous consent."

We have referred to the slow pace of congress at this session, and we read in the latest dispatches that the president has attempted to arouse and stir up some of the senators. It will be interesting to watch the effect of this prodding. What has become of the promises of support and co-operation Taft has received? Where are the leaders and what are they doing?

The postal bank bill, it is notorious, has saruck a new snag, but what of the other administration measures—conservation, statehood, interstate commerce, regulation of procedure in injunction cases?

Can't the leaders give the poor senate something to do in addition to the postal bank bill of admittedly clouded prospects? The people of the country are waiting and watching, and more reports of early adjournment and time-killing discussions, of emergency calls from the White House to learn why things are stagnant, are bound to create unpleasant impressions in the constituencies.—Chicago Record-Herald.

God, the Artist.

You have stood in the greatest art galleries where acres upon acres of wall space are used to display the products of the painter's brush. Walking silently under the mammoth skylights your thoughts leap higher as the painter brought you in closer touch with nature. You felt like a pigmy standing there before the beautiful creations of the masters. You felt that surely the artist had a speck of the divine in his makeup, or he could not reproduce so accurately the exquisite beauties of his subjects. Or it may be an Osborn calendar hanging on your own wall, depicting a twilight scene that excites your admiration and brings you near the heaven of truth. In either instance you praise the man who did the work, which is right and just. But did you ever stop at dusk and meditate over the beautiful picture hung in the western sky—a picture—thousands of miles long by so many broad, finished in tints of gold upon a background of sapphire? Did you ever ask yourself who the artist was who was so generous with his brush as to dip it into a sea of gold and with one sweep outlive all of the artists in the world for all time past and to come? You did not have to hunt up a directory to learn the Painter's name, or turn your glasses upon the margin of the picture to read the lettering, for you felt the handwriting on your own heart and knew that the Painter was God. Just the other evening I saw a man of affairs standing all alone, gazing at the picture that so often hangs in the west. He stood for some minutes almost motionless until I approached him and asked if he were entranced. "I am," he replied. And then he told me that the picture always brought him closer to the Great Artist. And I am sure that it did, for his voice was full of emotion and his eyes told the story of happy communion. R. B. Lockhart, in Pittsburg Gazette.

Stomach Misery for Over Six Years

Read what Mr. Hoffman, landlord of the Webster hotel, writes: "I suffered misery and intense pain from stomach trouble for over six years, and all the doctoring that I did or medicines I used were of no avail until about two years ago, when I used a treatment of Mi-o-na. The first few days' treatment helped me greatly and upon using it awhile I was made entirely free from any stomach trouble or complaint whatever. Since the cure by Mi-o-na I have regained my weight, I eat and sleep well, am never nervous, and my general health is much better."—Max M. Hoffman, Webster, N. Y. Aug. 2, 1909.

Thrift and Economy Go Together.

Wherever you see things about a farm that indicate thrift, you may be positively certain that the owner of that farm practices economy. He knows it is cheaper to have good, comfortable barns, sheds, pens, chicken houses and other outbuildings than it is not to have them. The cost may be a little burdensome at the time, but he knows that they are a mighty good investment, and he has them, whatever the cost.

Possibly YOU need more buildings, but fear the cost is too great. Don't you believe it would be a good idea to come in and let us tell you exactly what the cost would be? The chances are that they won't cost as much as you imagine. We are offering especially low prices at the present time.

A Lincoln Story.

Detroit Free Press. "Among Lincoln's circus stories," said a Cincinnati veteran, "was one about a Delaware tough."

"A circus, Lincoln's story ran, visited Newcastle and the town tough turned out the afternoon of its arrival to see what sort of a circus it was."

"A canvassman, making his usual round, shouting, 'ON the gypsies there! off the gypsies!' came suddenly upon the tough, who was leaning against the canvass tent wall in the sun smoking a corncob."

"Ye wuz talkin' to me, wuz ye, stranger?" said the tough, hunching up his shoulders very wickedly.

"Oh, no sir," said the canvassman frightened by the tough's size. "I only wanted to warn you sir, that it's a little dangerous to lean against the tent that was all as the elephant might kick you, sir."

"The tough snorted with contempt. 'Drat yer elephant,' he growled. 'I'll clear out tae whole show, elephant an' all, if ye give me any of yer lip.'"

"The canvassman slunk off humbly, and a few moments later went inside and told the boss. The boss who weighed 200 pounds and stood 6 feet 4 in his socks, chuckled and took up one of the enormous mallets used to drive in tent pegs."

"Show me where he's leaning," was all he said.

"The canvassman led by the boss to the place where the tough's form made a long, oval dent in the tent wall. The boss, chuckling again, fixed his eye on the spot, just below the tough's coat tails, where the dent was deepest, and, swinging the mallet twice around his head he struck with all his might."

"There was a dull thud, a cry of pain and fear, and the tough leaped ten feet, then made off down the road as fast as he could run."

"What's the matter, Peleg?" the inhabitants shouted as he tore through the town.

"Been kicked by the elephant," he replied."

Office of the Comptroller of the Currency.

Washington, February 26, 1910.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that the City National Bank of Wichita Falls in the town of Wichita Falls, in the County of Wichita and State of Texas, has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882.

Now, Therefore, I, Lawrence Murray, Comptroller of the Currency, do hereby certify that the City National Bank of Wichita Falls, in the town of Wichita Falls, in the County of Wichita and State of Texas, is authorized to have succession for the period specified in its amended articles of association, namely until close of business on February 26, 1930.

In testimony whereof, witness my hand and seal of office this 26th day of February, 1910.

(Seal) LAWRENCE MURRAY, Comptroller of the Currency.

The Times is authorized to announce Mr. E. H. Underwood as a candidate for Alderman at the election to be held in April. Mr. Underwood is a prominent real estate man of this city and it is in response to a petition signed by a number of prominent citizens and taxpayers that he allows the use of his name in connection with the office. As has been frequently announced through these columns before, there are three aldermen to be elected at the coming election. Mr. Underwood is well qualified to fill one of the positions, and should he be elected, Wichita Falls will find in him a man who will always be on the alert for the promotion of her best interests. The Times takes pleasure in presenting the claims of Mr. Underwood for this very responsible office.

Notice.

WEATHER FORECAST.

For Wichita Falls and Vicinity.
—Tonight and Saturday, fair. Not much change in temperature.

L. M. Guggenheim, capitalist, who divides his time between St. Louis, Oklahoma City and Wichita Falls, and who has large interests in all three cities, is registered at the St. James today. Mr. Guggenheim is a close reader of the Times and, therefore, it goes without the saying that he keeps well posted as to things in Wichita Falls. Meeting a reporter of the Times this morning, he handed him the following little bouquet: "Young man, you may say for me, through the columns of your paper today, that I am a man who travels a great deal all over the United States, and in all my travels I have never yet visited a town of 16,000 inhabitants that could boast of as good a daily newspaper as the Times." It is such recognition as this, coming from men like Mr. Guggenheim, that causes a smile to light up the newspaper man's face and make him to hustle the more to make his paper worthy of such compliments. The Times is for the upbuilding of Wichita Falls and has long since concluded that the best way in which to accomplish this good result was to cov-

er its field in a most thorough manner, and keep the paper up, and if possible, just a little bit ahead, of the progressive and hustling city in which it is published. It now makes its daily visits to more than 1200 homes, and its business is steadily increasing in volume, until now the Times is on just as solid a foundation as any institution in Wichita Falls. It attributes the secret of its almost remarkable and marvelous success to the one fact that it attends strictly to its own affairs and does not attempt to build up its business by tearing down or "knocking" on the other fellows.

Every attack Poindexter makes on Johnson and every attack Johnson makes on Poindexter adds other votes to the Davidson and Colquitt tickets.—Bonham News.

Both Johnson and Poindexter are succeeding remarkably well in driving votes to the Davidson and Colquitt ranks. If they keep it up much longer, both might just as well save their campaign expenses by pulling out of the race.

The receiver got only eleven thousand dollars in fees out of the four oil companies which were recently fined. He must be a very modest, retiring sort of an individual.—Wichita Daily Times.

The moderation of some men is truly remarkable when you consider the examples they have to follow.—Bonham News.

There are probably not over eighty-five million people in the United States who are not only able, but willing, to help Rockefeller dispense his millions.

If the courts decide that all the counties in the state are now wet, there are several of them that won't be able to tell the difference.

In spite of the fact that her name means "City of brotherly love," Philadelphia by any other name would be as bad.

At any rate, Dallas is still considerably behind the Cairo, Illinois showing.

Texas can afford to be just as proud of Dallas and Illinois can of Cairo.

EXCHANGE INTERVIEWS.

In Georgia the penitentiary officials who mistreat convicts are sent to jail, but in Texas it's different.—Kosse Cyclone.

There's another consolation: This hanging-on cold weather, late as it is, very nearly assures a good fruit crop for this year.—Nacogdoches Sentinel.

Old-timers say that in North Texas two dry years have always come together. They say, also, that the second year has invariably seen bumper crops.—Denton Record and Chronicle.

Two men in Louisiana got into a fuss about a mosquito bar and one killed the other. The other kind of bars frequently cause trouble, but we never heard of a mosquito bar causing people to kill each other.—Beaumont Journal.

It is proposed to fight the beef trust with rice. Wonder if his trustship is to be pelted like a newly married couple or is he to be starved out? Rice is mighty fine in puddings, but as a substitute for meat—don't know.—Cuero Record.

They are now making cakes out of cotton seed flour at Corsicana, and may soon be making crackers out of cotton seed hulls. Just about everything the cotton patch produces is now available for daily use, except the boll weevils.—Dallas News.

An air of prosperity is predominant throughout the lower Rio Grande valley. Hundreds of acres of raw land are being daily transformed into garden spots, while thousands of acres in this fertile valley are daily being fed the life-giving waters of the famous

Rio Grande, which are constantly producing the money-making crops for its various owners.—Mercedes Enterprise.

How does that effort that is to be made next week to fly across the Atlantic ocean in three days in one of those flying machines stack up with the time it took Columbus, the first man ever to cross it, to make the same trip?—Laredo Times.

The mayor of Fort Worth is said to use a gavel made from a cherry tree which grew in the same orchard with George Washington's fabled sapling. But time alters conditions, and the mayor is not expected to follow the immortal George's example.—Amarillo Panhandle.

International & Great Northern Railroad attorneys claim they have uncovered a jury-packing conspiracy in the county of Bexar. If so, the conspirators should be packed into the state penitentiary. "Professional stinkers" are professional rascals.—The Dallas Times-Herald.

The contracts for the San Saba road have been signed up and all preliminaries finished, and within a short while the grading will begin. Just when the road will be running trains into San Saba is now a matter of speculation, but the people of that town are expecting connections in time to handle the fall crop.—Llano News.

Some of these days the weather man and his rain barrel are going to offer the propitious hour for the use of the split-log drag, and the Herald hopes that some man or company of men hereabouts will prove equal to the hour and make a good demonstration. He will indeed be "The Man of the Hour."—Palestine Herald.

The Waco Times-Herald, alone of all the papers in Texas, so far as our observation goes, opposes the destruction of the gambling cotton exchanges that make a sport of a genuine market. It sees in them a friend of the farmers, but the farmers, almost to a man, denounce them as their worst enemy. Which is the more apt to be right? The T. H. is a queer paper sometimes.—Williamson County Sun.

Dallas negroes petitioned for the right to handle the negro who assaulted a child in that city a few days ago, and their action proves that the thinking negro is awakening to what stares him in the face. One of these days the world is going to be shocked by the process of extermination that will be waged against the negro race in some community that has suffered from one of these bestial crimes. It will then be too late to separate the good negroes from the bad, so far as that community is concerned.—Weatherford Herald.

The boll weevils gave us good prices for our cotton, the drouth gave us good roads and buttermilk banished the hookworms and the bites. Nature has been very kind, indeed, but, at the same time it has come perilously near taking away everything newspaper paragraphs had to write about. No more can we urge a reduction of cotton acreage, praise the split-log drag or cuss the hookworm when copy runs low and the brain is fagged. Truly, it's a good wind that blows nobody ill.—Honey Grove Signal.

Dalhart, situated on the treeless plains of Northwest Texas, planted 10,000 shade trees on Arbor Day. Arboreal culture, without which the "city beautiful" is impossible, is a thing that has been too long neglected in Texas. Itasca could, with advantage and propriety, celebrate next Arbor Day by eulogizing Dalhart's example.—Itasca Item. Dalhart, on the "borders of civilization!" What an example in civic pride it sets to cities 10,000 times its size in point of wealth and population in the very heart of civilization! Dalhart will prosper, because its people deserve to prosper.—Houston Post.

A few days ago Houston had an election on a street paving proposition,

Nature's Gift from the Sunny South

What "Marion Harland" Thinks of "Nature's Gift From The Sunny South"

New York, December 15, 1908

The N. K. Fairbank Company.

Dear Sirs:
Many years ago I discontinued the use of lard in my kitchen and substituted for it as an experiment—COTTOLENE, thus comparatively a new product.

Since my first trial of it I can truly say that it has given complete satisfaction, whether it is used alone, as "shortening", or in combination with butter in pastry, biscuits, etc., or in frying; it has never disappointed me.

I wish it were in my power to install this pure vegetable product in the stomach of my fellow housewives in place of the gross, and often diseased, animal fats.

I rarely recommend any proprietary article in print, however good I may think it, but after many years use has proved to my household and myself the excellence of COTTOLENE, I feel justified in departing from the self-imposed rule. I honestly believe it to be the very best thing of its kind ever offered to the American housekeeper, and I am glad of the opportunity to make my conviction public.

Yours truly,

Marion Harland

NOTE—"MARION HARLAND" is well known as one of the foremost cooking experts in the United States. She is the author of the famous "Marion Harland Cook Book," and her articles on culinary subjects are widely read and highly prized. Her high standing and long experience with COTTOLENE make this endorsement particularly strong and convincing, and it is doubly gratifying because of the fact that it came entirely unsolicited.

which was, of course, a matter that ought to have interested every man, woman and child, and especially the taxpayer. The matter was discussed in the newspapers, meetings were held and speeches were made. When the election came 964 voted for the proposition, 1231 voted against it and 2305 who had paid their poll taxes and were qualified failed to vote; that is, the non-voters outnumbered the voters more than 300. And the non-voters will doubtless be the first and loudest to complain of the situation.—Bryan Eagle.

Governor Campbell at Huntsville made a speech denouncing in bitter terms the rich men who are aiding schools throughout the country and flaying the institutions that accept such gifts from men who "attempt to buy the gratitude of a people whom they have robbed." The Bulletin, for me, believes in accepting all the

"talented money" that may be offered for the upbuilding of our institutions of learning, especially since the state itself pursues such a niggardly policy towards some of them as to permit the students to live in tents, because suitable buildings are not provided for them.—Brownswood Bulletin.

The thousands of crowds that once raised their raucous voices around these diggings have gone. Hamilton could beat them flying so badly that those that did not fly away in alarm, beat the wind to where they could hide their diminished heads.—El Paso Times.

I am not responsible for any acts from this day of my former partner E. L. Walsh.

Always Have Two Corsets--

DON'T wear one corset continually, it isn't sanitary and you will not get the maximum service from your corset if you wear it every day. Buy two corsets so you can change frequently. This will allow you to air one while the other is being worn.

The very best corset investment you can make is to buy two HENDERSON models. You will be surprised and pleased to note how much longer they will wear.

There are no better corsets than the HENDERSON. From the lightly boned girdle to the practical reducing corset, HENDERSON models include all the styles and shapes that can be possibly needed. The moderate prices of HENDERSON CORSETS will allow every woman to purchase one of these desirable models. Visit our corset department and examine the new styles of corsets just received. Our salesladies are at your service for demonstrations and fittings.

Buy two of any of these HENDERSON CORSETS at the exceptionally low prices quoted if you want real corset bargains:

WHEN IT ALL STARTED

When Adam met Eve he was bashful and shy. And he stammered and blushed every time she came nigh. Till at last he grew bold and began to pay court (You may put all your trust in this faithful report) And he murmured to her on an evening serene: "Your's the prettiest girl that I ever have seen" And that's how that started.

When Eve, with a beautiful blush on her face, Valed shyly and sweetly to Adam's embrace, And put up her red lips for the true "lovers' pact" (You may bet all this down as an absolute fact) She inquired, while he breathed the fond names on his list: "Have you said that to all of the girls you have kissed?" And that's how that started.

When Adam asked Eve if she would be his bride, She looked up and looked down, and she sighed and she sighed, And she let him take hold of her lily-white hand (This is history now, as you must understand) Then she said, in a voice that was dulcetly low: "I must take time to think; 'Tis so sudden, you know." And that's how that started.

When they had been married a few years or so, Then Adam told Eve: "We're invited to go To a dinner and dance with some friends down in Nod." (This is truly authentic, although it sounds odd.) Eve replied, with a sad and sorrowful air: "I can't go. Don't you know I have nothing to wear?" And that's how that started. —Wilbur D. Nesbit, in Life.

CHARGED WITH EMBEZZLEMENT

Arrest Follow Defalcation of Express Agent at Highbank.
Texas News Service Special.
Waco, Feb. 4.—R. L. Claxton was arrested on the M. K. & T train here today charged with embezzling the funds of the Express company at Highbank, Falls county. Claxton was en route to Fort Worth and had several hundred dollars in his possession.

The Pony Bathing Girls in "A Stubborn Cinderella."

"The Girl and the Gawk."
Many of the plays that are presented on the stage today depend upon exaggeration, dime novel plots, blood-and-thunder, pistols, explosions and sensational features. To some extent this kind of drama is successful, because there are people who enjoy it and who never stop to consider the impossibility of some of the plots. But those who enjoy a clean, natural and consistent play that is built around a pure heart story without any blood-curdling situations, knock-downs and drag-outs, will find a delightful treat in witnessing "The Girl and the Gawk," at the Wichita Theatre tomorrow night.

Hundreds of people were turned away from the Grand Theatre last night when the Lockes presented "The Girl and the Gawk" to the largest house of the season. There were 1276 tickets sold and all available standing room taken. Rousing receptions were given Della, Will and Henry Locke and the audience was kept in continual enthusiasm from the start to finish. The choking scene between Jim, the "Gawk" and "Jack Warring," the villain, was the most realistic piece of acting ever seen here. The Lockes are old favorites here.—Daily Record, Iola.

"A Stubborn Cinderella."
There is a magnetism and intelligence about the performance of Mr. Stone, who plays "Mac," a college boy who woos and wins the Cinderella of that most captivating and delightful musical comedies, "A Stubborn Cinderella," which is hard to resist. His sincerity in the serious moments, developed through his love affair with Cinderella, is unquestioned. But, on the other hand, his comedy is equally earnest and equally capable. The sentiment of clean manliness, of the impregnated sense of the decency and class which is imbued among all the young college boys and girls who are the heroes and heroines of the play is shown most attractively by this instance.

The hero, a irresponsible college youth feels bound to terminate a flirtation with the heroine, a Scotch young lady of title, but of little experience in the ways of the world, so he tells her the story of Cinderella and the Fairy Prince who disappears at the stroke of twelve, leaving her with only the memory of her happy dream. The scene at which this takes place is by an open fire in the midst of a big desert of the far southwest, and, with its realistic settings and its open fire, together with Mr. Stone's boyish earnestness, his costume of knee breeches, long curls and brocade suit and ballet of Wotteau Shepherdesses, form a combination which is not only unique, but far above anything else ever afforded in musical comedy.

The attraction comes here almost

direct from its phenomenal run in all the large cities. It is the original production, to be seen at the Wichita Theatre on Wednesday, March 9th. Seat sale opens Monday, March 7th, at 9 o'clock p. m.

Looking Pleasant.
Why is it that most people, as they walk along the streets or ride in the cars, have such an unpleasant expression? If one will observe even casually the people he meets in a day he will be impressed with the pained and sullen and disagreeable countenances. We live in a rush, and the average person is bent on some errand or business and is absorbed in that; we are all rushing to get something or somewhere. With this absorbing our attention we haven't time to attend to our facial expression. We are not sure, however, that this is a matter of permissible indifference. If one does not believe that his countenance adds to or detracts anything from the lives or expressions of others let him pause for a moment before that now celebrated "Billiken." It is almost impossible to look at the little imp and not smile. The Japanese teach their maids in the hotels, and those also in higher walks of life, the art of smiling. They are compelled to practice before a mirror. One cannot stay long in Japan without being inoculated with the disposition to "look pleasant." The "look pleasant, please," of the photographer goes deeper than the photograph plate.

No one wants to associate long with an animated vinegar cruet. A disposition is easily guessed from the angle of the corners of the mouth; a disposition is moulded by compelling those angles to turn up or down. If a merry heart maketh a glad countenance, it is also true that a glad countenance maketh a merry heart—in the one who has it and in the one who beholds it. "Iron sharpeneth iron. So a man sharpeneth the countenance of his friend."—From the Baptist Commonwealth, Philadelphia, Pa.

MORE RAILROAD PLANS.

Lawton May Secure Extension of Rock Island to Chattanooga.

Special to The Times.
Lawton, Mich. 3.—At a meeting of the Chamber of Commerce railroad committee Tuesday afternoon, tentative plans were agreed upon providing for the sale of a part of the city park east of town to raise \$45,000 cash bonus for the Lawton and Wichita Falls railroad and a special committee of lawyers was named to draft the proposal in detail and submit it to a special meeting of the city council to be held tonight. The proposal, if adopted by the council this evening, will be submitted the voters of the city at the regular city election, April 15, for adoption or rejection. Immediate action is urged because of the short space of time intervening before the city election date.

As a sideline from the main purpose of the meeting, but taking up a new and important phase of railroad promotion, the railroad committee decided, in response to communication from the Chattanooga chamber of commerce to send a committee to El Reno this evening, with a committee of Chattanooga men, to consult division officers of the Rock Island railway company relative to a proposition for the extension of that road's present branch line out of Lawton to Chattanooga on southwest to Grandfield, thus making another connection with the present line of the Wichita Falls and Northwestern.

The "legal advisory" committee that is to prepare proposals for the sale of city park lands, is composed of attorneys W. C. Stevens, Charles Mitschrich, Wilford M. Smith, S. M. Cunningham and R. E. Trospen. The plan, in general outline, is for the city to dispose of a part of the park lands, which includes 120 acres in all, to a special commission which will act as trustee, at merely a nominal price, and let the trustees, in turn dispose of the tract as town lots, all of the proceeds outside of expenses of the sale to go for railroad bonus. It is probable that the proposal will provide for the sale of all of the park at a future time, the greater part of which is to be held for later railroad or industrial projects.

The new movement on the part of Chattanooga comes following preliminary communication between that town and Rock Island officials indicating that the company would be willing to extend its line to Grandfield. The project is regarded as being looked on with favor especially at this time because of the recent contract signed by the rival Wichita Falls com-

pany for building to Lawton. An extension to Grandfield would give the Rock Island the advantages of tapping much of the territory reached by the Lawton and Wichita Falls.
NOT GUILTY OF MURDER.
Trade and Reed Acquitted by Jury at McAlester.
McAlester, Okla., Feb. 2.—Bill Trade and Jesse Reed were acquitted by a jury in the McIntosh county district court at Eufala today of the murder

of Fatty Lamasters near Krebs in 1905. The case was taken from here on a change of venue last year. Both were convicted and given sentences of life imprisonment, but the case was appealed and reversed.
Myrtle Smith, who testified at the original trial to a full confession by the defendants, at the trial today denied all knowledge of such confession. For perjury immediately at McAlester a few weeks ago of the murder of policeman Hell at Halleyville, and is now serving an eight-year sentence in the pen here.

LOCAL NEWS BREVITIES

Another attempt was made to burglarize the E. S. Morris & Co's drug store last night. A back window was raised and the iron bars pried and twisted out of the usual shape, but the burglar or burglars were evidently frightened away before they finished their job. This is the store that was burglarized one night last week of about thirty gold watches and about \$150 worth of finger rings. No clue as to who the burglars are has ever been discovered, but it is believed they are still here.

The "Saratoga" is the name of a new restaurant just about ready to be opened up on 7th street in the new Stonecipher building. It is to be conducted by Mr. C. F. Peppers, who formerly managed the Wichita Cafe and it will be one of the neatest places in the city.

HERE'S SOMETHING DIFFERENT

Heinze's Euchred Sweet Pickles—These are made from a very ancient English receipt and are much superior to any sweet pickle on the market—very appetizing and healthful.

Our line of condiments, pickles, relishes, sauces and so-forth is varied and complete—We confine ourselves to no one line but pick the Very Best from the World's Supplies. The largest cities fail to show a more complete and varied line than we carry.
