NUMBER 276

ELECT DIRECTORS FOR Y. M. C. A.

ORGANIZATION IS NOW PRACTICALLY COMPLETE—MEETING HELD LAST EVENING.

PLAN ADVISORY BOARD

Delegates Are Chosen to Represent Wichita Falls at the State Convention.

The Young Men's Christian Association last night elected its board of directors to serve for the first year, and the organization of the Association now lacks only the adoption of the Constitution to make it complete. About sixty were in attendance at the meeting which was opened by the singing of "Onward Christian Soldiers" and a scripture reading by Rev. Fore. A committee was then appointed to nominate a board of directors, recommending the following:

E. D. Kelley, William Huff, J. J. Dolman, Lamar D. Fain, T. B. Greenwood, John Gould, J. W. Bradley, T. C. Thatcher, P. C. Maricle, J. C. Mytinger, Mark H. Moore, J. T. Gibson, A. E. Anderson, R. C. Carey, and G. A. Smoot.

While the nominating committee was in session, talks were made to the members by several of those present. The directors nominated by the committee were elected and will meet Sunday afternoon to select officers and attend to other matters. The following delegates to the state convention were chosen: William Huff, Robert Carey, R. E. Farley, J. C. Mytinger, J. A. Kemp.

An advisory board consisting of a number of business men will also be elected to keep in touch with the directors. Only members of churches are eligible to the directorate and of the fifteen chosen last night four are Baptists, three are Presbyterians, two are Southern Methodists, three are First Methodists, two are Christians, and one is an Episcopalian.

The membership is now well past the three hundred mark and is expected to be rapidly increased as soon as the association gets the gymnasium completed and the work well under way.

MOB SEEKS WHITE MAN AT QUANAH—CARRIED TO FT. WORTH TO ESCAPE

Quanah, Texas, April 1.—A mob of three hundred enraged citizens armed with revolvers and shot guns made a desperate effort to capture B. Dyer, from the officers here late yesterday and lynch him. Officers followed the mob and took the prisoner to Fort Worth on the Denver train late last night. Dyer was accused of assaulting a five-year-old daughter of Milton Winbury seventeen miles northwest of Quanah late yesterday afternoon while her father was away. The girls mother phoned a relative who came and seized Dyer and turned him over to the authorities. The prisoner is white and is 25 years old.

J. P. Burras of McKinney, president of the Wichita Cotton Oil Company, is in the city today to look after his interests and he is well pleased with the condition of affairs here.

NEW BUILDING PLANS TO BE ADOPTED SOON, ARCHITECT IN TOWN

H. M. Greene of Dallas, a leading architect of that city, is in Wichita Falls today and is conferring with J. A. Kemp and others regarding the five-story office building to be erected at the corner of 8th street and Ohio avenue. It is understood that the plans for this building are now practically complete, and that they call for a five-story structure, 50,135 feet, the first floor being arranged for occupancy by a bank and the upper stories for offices. The estimated cost of the building is \$135,000. Mr. Kemp states that work will be started on the building at the earliest possible date.

ATTACKED BY TRAMP

Dalhart Woman Suffers at Hands of Man She Refused Money. Texas News Service Special. Dalhart, Texas, April 1.—Mrs. Chris Stanley was attacked and beaten by an unknown tramp here this morning because she refused to give him money when he demanded it. After choking and beating the woman into insensibility he set the house afire and fled. Two carpenters working nearby rescued Mrs. Stanley from the burning home which was totally destroyed. She is in a critical condition and is still unconscious. A posse is searching for the tramp.

STREAMS ARE RISING

Several Over the State About to Overflow Banks. Texas News Service Special. Fort Worth, Tex., April 1.—Due to heavy rains throughout Texas within the last few days, all rivers and creeks are considerably higher and a few overflowed their banks. Brady Creek rose five feet this morning, because of a four-inch rain in that section. The Brazos, Trinity, Concho, Medina, West Fork and other streams are rising.

L. & G. N. REVALUATION IS REFUSED BY STATE RAILROAD COMMISSION

Texas News Service Special. Austin, April 1.—The Railroad Commission in a letter made public today refused to permit the revaluation of the L. & G. N. as asked by receiver Freeman. The Commission bases its refusal on the fact that the road's improvements are nearly \$14,000,000 below the amount of stocks and bonds and the decision will probably result in either a sale or foreclosure of the road. The road planned to terminate the receivership in July but this cannot be done except by a sale of the property. Commissioner Williams informed Freeman that the state is willing to add eight millions to the valuation of the improvements and \$1,750,000 to the value of the franchise, but the assets are far below the debts. The total valuation of the road at present is a little over \$30,000, while the stocks and bonds are over \$44,000,000.

PLEADS NOT GUILTY

Albert Wolter Denies That He Killed Ruth Wheeler. By Associated Press. New York, April 1.—Albert Wolter today pleaded not guilty to the indictment charging him with murdering fifteen-year-old Ruth Wheeler. Wolter was remanded to the Tombs. The prosecution will be resumed on April 11th. The police today claimed that they traced Elsie Schwartz to Wolter's flat, but were unable to find out what became of her.

NEGRO IS ARRESTED

Identified as One Who Knocked Down and Robbed Woman. Texas News Service Special. Dallas, Tex., April 1.—Earl Martin, a negro, aged thirty-one, was arrested and jailed here today on the charge of attacking and robbing Mrs. Joseph Henry last Saturday on the streets. The negro knocked her down, threatened her life and seized her pocket book. Martin denied the crime, but he was positively identified by Mrs. Henry.

ANTI-OPTION BILL

It Will Be Reported to the House Next Week. Texas News Service Special. Washington, April 1.—Representative Beall of Texas, a member of the sub committee of the agricultural committee which is drawing the anti-option law, today said the committee is likely to complete the work tomorrow and the bill will be reported next week. Beall declared the bill will effectively put a stop to speculations in cotton as carried on by exchanges.

SUES FOR \$25,000

Indian Thinks Wife's Affections Worth That Much. By Associated Press. Muskogee, Okla., April 1.—Charging that his wife's relatives induced her to leave him, John Zufall, a wealthy Cherokee Indian filed suit yesterday for twenty-five thousand dollars damages against C. B. McCusker, a Kansas City banker, the girl's father and two of the girl's uncles. McCusker was formerly president of the Oklahoma State Bank of Muskogee.

NUMEROUS STRIKES THROUGHOUT LAND

UNION MEN IN MANY LINES OF BUSINESS ARE SEEKING ADVANCE IN PAY.

COAL MINERS WALK OUT

Mines All Over Country Idle Today. Chicago Painters Strike—Mariners Out.

By Associated Press. Indianapolis, Ind., April 1.—Celebrating today the anniversary of the institution of the eight hour day in the mines of the country, three hundred thousand Bituminous coal miners faced an enforced holiday of greater duration. The miners demanding 5.55 percent ton increase on screened coal and an equivalent increase on the run of the mine. In Illinois and Pennsylvania there is a probability of a prolonged contest. National officers and members of the executive board of the United Mine Workers departed for their respective districts last night or today.

By Associated Press. New York, April 1.—The New York harbor activity was considerably diminished in volume today owing to the strike pilots and masters of tow boats on the B. & O. Central, New Jersey, Lackawanna and Lehigh Valley railroads. All other roads entering the city effected settlements with the men who asked increases in wages and substantial shortening of hours. Many hundreds of men are affected.

By Associated Press. Columbus, O., April 1.—All the Union Bituminous Miners in Ohio numbering about forty thousand went out at midnight for an increase of five cents per ton on pick mining. Some operators declare it may take weeks to settle the differences.

Chicago, April 1.—One thousand painters and decorators who demanded a wage increase of five cents an hour went on a strike here today. It is feared that by night four thousand men will be out.

CAMPAIGN PUBLICITY

Senator Bailey Introduces Bill in the Senate.

By Associated Press. Washington, April 1.—Senator Bailey today introduced a bill providing for publication of campaign contributions.

POOR FIELDING BY HOME TEAM DONATES SECOND GAME OF SERIES TO THE FORT WORTH TEAM—SCORE SIX TO NOTHING

Fort Worth, 6; Wichita Falls, 0.

Poor fielding by the home team resulted in a second defeat by Fort Worth yesterday afternoon by the above score. Neither team seemed to show up as well as in Wednesday's game and it was a much less pleasing exhibition of the game. Inexcusable errors by the Wichita Falls outfield helped to swell the Ft. Worth score, and, in spite of the mediocre pitching by Fort Worth, Wichita Falls was unable to connect with the ball at all, there being but one safe hit on the Wichita side of the column.

Jenkins opened the game in the box for Wichita Falls and made a rather doubtful showing, being landed on rather severely. He was replaced in the third inning by Wilson, who held up nicely for four innings and kept the hits well scattered. Birdolf pitched at the opening for Fort Worth and made a fair showing. He was followed by Weatherford, who did not seem to have anything. Burk, who went in in the seventh inning, was decidedly the best of the trio, using plenty of speed with good control.

A decided feature of the game was the pegging of Speer to second. Six Panthers tried to steal on him and five of them were sorry for it, as the throws were perfectly made and faultlessly handled. The infield did well, though McDonald did not seem to be in form. The outfield performance was poor, there being several ugly errors. It is evident that the Fort Worth team will have to be much improved if it finishes in the fourth division this season, as its showing here has not

MOODY WILL NOT TALK

Declines to Discuss Alleged Swindling Episode.

Texas News Service Special. Galveston, April 1.—Up to one o'clock this afternoon W. L. Moody, Jr. of W. L. Moody & Co., declined to discuss the swindling charge preferred against Gaston Alexandre and E. D. Hudspeth of Bowie who it is alleged defrauded the firm out of \$20,000. Alexandre was well known in cotton circles here. It is understood an effort will be made to obtain the arrest of the men. Alexandre is in France, Hudspeth in Nicaragua.

CHARGED WITH KIDNAPPING

Tennessee Man is Placed Under Arrest at Fort Worth.

Texas News Service Special. Fort Worth, April 1.—Walter Mauldin of Petersburg, Tenn., was arrested today at the T. & F. station when about to board the train with his one-year old daughter whom he is charged with kidnapping. He called at the home of Mrs. Crawford Read today who has assumed charge of the girl, seized it and fled. It is alleged he deserted the infant some time ago.

BILBO ON STAND IN THE BRIBERY TRIAL BEFORE MISSISSIPPI SENATE

By Associated Press. Jackson, Miss., April 1.—State Senator Bilbo who charges he was given a bribe to vote for Percy in the recent senatorial deadlock appeared before the senate today for cross examination. The sessions was executive and every precaution was taken to prevent publicity of the testimony. It developed today that Dr. Culpepper's brother is related to Bilbo by marriage and that Bilbo is a trustee of Clark Memorial College. Former Governor Yardeman reached here yesterday but has not been summoned to appear before the grand jury. The grand jury today took a recess until Tuesday. Just before adjournment the proposal to indict Bilbo under a law which makes a bribe giver and a bribe taker equally guilty was defeated.

MAY NOT BE DEAD

Dispatches Flatly Deny Demise of Menelik of Abyssinia.

By Associated Press. London, April 1.—A dispatch from Rome today says the Stefani agency is in receipt of advices purporting to be authentic, from the Abyssinian capital, which not only flatly contradicted King Menelik's death, but insists that there is no change in his condition.

RAILROAD BILL REPORTED

Has Been Stripped of Many of Original Features.

Texas News Service Special. Washington, April 1.—The administration railroad bill, stripped of many of its original features but still providing for the creation of a Commerce Court and for regulation of railroad agreements, of consolidations, securities, rates and routes, all as amendments to interstate commerce law, was reported to the house today by the interstate commerce committee.

WRECK NEAR WEATHERFORD

Five Cars Derailed Near Mineral Wells Yesterday.

Texas News Service Special. Weatherford, Tex., April 1.—A broken wheel caused the wreck of a train on the Mineral Wells and Northwestern Railroad, between Weatherford and Mineral Wells late yesterday. Five cars were derailed. The passengers enroute to Mineral Wells were transferred to another train at the scene of the wreck. No one was injured. The track was cleared today.

RECEIVE WAGE INCREASE

Forty-five Thousand Miners Got Pay Advanced.

By Associated Press. Baltimore, April 1.—About forty-five thousand unorganized coal miners in Maryland, West Virginia, and Pennsylvania have received an advance in wages of five percent according to an announcement made here today.

Mount Aetna Continues to Emit Molten Rock.

By Associated Press. Catania, April 1.—The lava from Mt. Aetna today invaded the Lisi plain, flowing in the direction of Catania and Regina. Another stream is advancing slowly toward Mount Nöcila.

WORK NOW STARTED ON NEW RAILROAD

CITY OF WALTERS SIGNS CONTRACT FOR CONSTRUCTION OF FIRST TEN MILES.

COMMITTEE COMING HERE

Will Take Matter Up Along Definite Line With Stockholders Here Early Next Week.

"We will be in your city Monday or Tuesday. We have closed a deal and signed a contract with a construction company to build our road, beginning work within ten days and to be completed within ten months, ready for the rolling stock to the middle of the Red River. Our bridge man will come with us to your city. Our financial arrangements have all been completed. (Signed) DR. W. A. GREEN."

This telegram was received this morning by R. E. Huff, chairman of the temporary board of directors of the "Northwestern," and the stockholders of the road are elated at the progress that has been made. Walters has been one of the strongest contestants for the Wichita Falls-Oklahoma City line and it is due largely to Dr. Green of that city that the affairs on the other side of the Red River are in such satisfactory shape.

Walters is on the Rock Island between Waurika and Lawton and has been considered one of the most feasible points for the new road. The citizens there have a charter for the building of the line from Oklahoma City to the Red River and they look to Wichita Falls to take care of the proposition on this side. When the Walters committee reaches this city next week it is believed that they will be in a position to make some tangible agreement with the local promoters.

It is felt here that the outlook for the line is much more encouraging now and the stockholders are well pleased with the prospects. An effort will be made to get affairs in shape between this city and the Red River so that there will be no hitch in the proposition.

COMMITTEE APPOINTED FOR FIRST TRADES DAY, BANQUET IS PLANNED

President Bland of the Retail Merchants Association has announced the following committee to make arrangements for the monthly Trades Day in this city: W. Lee Moore, P. C. Maricle, T. E. Noble, W. J. Myrick, Frank Collier, J. M. McFall, W. N. Weeks. This committee will meet Monday afternoon at 1 o'clock to make its arrangements and will report to the membership at the meeting to be held on Thursday of next week.

Next week's meeting marks the completion of the Association's first year and the occasion will be observed by the election of officers and a banquet at the Stratton, following the business session.

A pool and billiard hall, bowling alley and shooting gallery are soon to be installed at the lake, the concessions having been granted to two young men from California.

NORTHWESTERN PHONE COMPANY IS BOUGHT BY OKLAHOMA SYNDICATE

The Wichita Falls and Northwestern Telephone Company of this city has been sold to the Pioneer Telegraph and Telephone Company of Oklahoma City for fifteen thousand dollars. This company operated a line from Wichita Falls to points on the Northwestern Railway as far north as Altus, there being about five exchanges operated. The line was owned by W. M. McGregor, Frank Kell and others of this city.

The P. H. Pennington Company has purchased the bankrupt stock of dry goods, clothing and shoes of J. W. Hall, located at 705 Indiana avenue.

Why Delay?

The hot weather will soon be here. People must eat, even in hot weather. Gentlemen, don't allow your wife to go into a hot kitchen to worry and fret with coal or wood. Avoid the disagreeable odor that gasoline or oil makes in a room. Keep up with the progress of your city.

STATE POLITICS.

Brother Rankin went up to Grayson, but he took along his fence.—Waco Times-Herald.

The Colquitt club did no great stunt last Saturday evening, but the gentleman has quite a following here, and it is good to see so much interest taken in politics.—Hays County Times.

Though spring is here in all her summer mildness, Attorney General Davidson refuses to remove his glasses while soft peddling the state in the wake of Colquitt.—Austin Statesman.

The Arlington Journal says that Poindexter's speech in that city was a disappointment. Perhaps Brother Bowen got what he most wished, anyway.—Brownwood Bulletin.

Rev. G. C. Rankin of Dallas, who is cutting a large slice in state politics for himself, says that issues come before men, but he has recently had a good deal to say about men.—Ballinger Banner.

Dr. Rankin ought to fix a definite date for making up his mind. This suspense is going to prove nerve-racking to the candidates.—Denison Herald.

The Dallas News must be seeking to elect Davidson governor by an elimination process. Judging from its attitude, it would eliminate all the others. But if it has any praise for Davidson the praise is very faint.—Mertzon Star.

Cone Johnson spent last week in Tyler, taking a much needed rest, so says a dispatch from that burg. Soon as the primaries are over, Cone will have all the time he wants to devote to taking the rest cure.—Gainesville Register.

Rev. Arthur W. Jones says that the Anti-Saloon League did not endorse Cone Johnson. No; a squad of Anti-Saloon League politicians, the men who manipulate the league, endorsed Cone. A distinction without a difference.—Dallas Times Herald.

The gubernatorial situation for the past week can be summed up as follows:

Colquitt—Poindexter—
Poindexter—Colquitt is another.
Johnson—I'm the only simon pure pro candidate.
Davidson—()—Bowie Cross Timbers.

As a prohibitionist, we favor Judge Poindexter, because he really stands for prohibition. Cone Johnson is recognized as a prohibitionist, but he has been about everything that a man can be politically, and that kind of man is not the kind of material to make governors from.—Clarendon Times.

Prohibition democrats have not the right to force any man out of the governor's race, because this is a free country where any man may offer for office. But they clearly have the right to decide to support the stronger man. The cause imposes that as a plain duty—it is worse than folly by dividing forces to help the anti elect a man.—Belton Journal.

During a lull in the proceedings between Messrs. Colquitt, Poindexter, Johnson and Davidson an enterprising South Texas political has discovered (for an enterprising newspaper man has quoted him as discovering) a desire on the part of "many people" for Governor Campbell to serve for a third term. It's funny what queer dreams some people have.—Paris News.

The Waco Times-Herald is having trouble in lining up the prohibition crowd for Johnson and the anti for Davidson, while trying to keep the Bailey question out of the campaign. It is hardly necessary to state that with the exception of a hiatus just after Senator Bailey delivered a speech at Mart, the Times-Herald has always been lined up against him.—Kosciuszko.

In an interview in the Ballinger Ledger, Judge Poindexter, when asked as to whether the Bailey question was an issue in the present campaign, stated: "It ought not to be an issue in this campaign. I never mentioned it in my speeches. Where it has come up is by reason of some of the anti-Bailey people trying to use it where they have thought it might be of advantage to them." Just to keep the records straight, it should be stated that Judge Poindexter at Brownwood was careful to let it be known to the audience that Senator Bailey was his friend and would support him, and he did it in such a nice, lawyer-like way as to only characterize that reference as the cleverest part of his speech.—Brownwood Bulletin.

Anti-Bailey pros, leaders and manipulators of the Anti-Saloon League say they built a fire under a certain prominent Texas and political dictator some

time ago and his feet have been blistered so badly that they expect him to jump over on their side of the fence late this, or early the coming week. On with the circus, and watch for the champion high jump of the year. These Anti-Saloon League and Anti-Bailey politicians predict that all records in the political high-jumping line will be lowered, and all on account of a slow-burning fire and blistered feet.—Dallas Times-Herald.

Dr. Rankin has not in so many words named his preference in the gubernatorial contest, but announces that he favors submission and opposes statutory prohibition. That virtually puts him in the Poindexter ranks. We fear the good doctor has waited too long to declare himself. Cone has gained too much prestige to be lightly brushed aside now.—Trague Chronicle.

Cone Johnson until he got into the race for governor, was an anti-prohibition speller, and declared redoubtfully that prohibitionists were insects with but one idea in their heads. Now he is in the race for governor and is preaching prohibition all over Texas, declaring that the saloons are running Texas politics. Strange, isn't it, that Cone wasn't run into a good fat office when he was running with the saloons and they were running Texas politics?—Rockwall Success.

BLOCKER RESUMES WORK.

Man Stricken Deaf and Dumb in Fort Worth is Again on Run.

Frank J. Blocker, the mail clerk who was stricken deaf and dumb in Fort Worth early in the winter is back on the Fort Worth-Amarillo mail run and he received the congratulations of a host of postoffice employes when he set his valise down and signed registers at the local postoffice the other night.

Blocker's case has been one to baffle medical experts throughout the country.

He was on his way to the T. & P. depot in Fort Worth to take a train to Amarillo and had stopped in a pool room. He attempted to speak and found that he could not.

It was believed that a hypnosis suggestion caused him to lose his speech. He was taken to Bridgeport and after all hopes of his ever regaining his speech was given up he suddenly recovered it just as suddenly as he lost it.

MUST DIP IN ARSENIC.

Texas and Oklahoma cattle which are infected must hereafter be dipped in arsenic, instead of oil, as formerly, before they can be shipped to the market. This new quarantine regulation is giving the railroads an unlimited and unexpected amount of trouble. The government has issued a formula for the arsenic dip which requires much mixing and diluting. The instructions are comprehensive and long.

Most all the southwestern lines, are handling shipments of arsenic but none of it has been received in Amarillo yet.

The change from oil to arsenic was made several months ago to begin with the spring shipments.

Heavy shipments have begun to start from all over Texas and from the big pastures in Oklahoma. The movements will be much in excess of 190, estimate the railroads.—Amarillo Panhandle.

To Investigate Missions in Africa.

Chicago, April 1.—The Rev. Johnstone Myers of this city, one of the best known Baptist clergymen of America, started today on a journey that has the heart of Africa as its objective point. Dr. Myers has been appointed as head of a commission of three which is to investigate the status and work of the Baptist missions in the Dark Continent. The other members of the commission are Joseph Clark, the missionary who attained prominence through his controversy with Frederick Starr over conditions in the Congo, and Mr. E. A. Ferguson, an Englishman who has long been prominent in the work of the Baptist Missionary Union. Whether or not the Baptist church will withdraw its missionaries from Africa, a question which has been under consideration for some time, will be definitely determined by the results of the commission's investigation.

THE DAWN OF A BRIGHTER AREA.

Rights of the People Are Being Safeguarded. Now as Never Before.

Spasmodic revelations of bribery and corruption by some State and municipal officials may, perhaps at a casual glance, strengthen the assertion of the pessimists that the world's wickedness is on the increase, that the country is in the grasp of dishonest, unprincipled demagogues, and that greed for gold is jeopardizing the very life of our National existence.

Those individuals, always harboring either a real or merely imaginary grievance against the general order of things, find delight in taking the darkest view of every vital question, shutting out every ray of hope that may bring encouragement for a brighter future.

Thinking men, however, whose minds are unbiased by illogical prejudices, and whose clearness of vision is sufficiently penetrating to observe both sides of a question, may discern, in those exposures of graft and bribery, unmistakable signs of a general awakening to the requirement of a higher moral standard. It indicates clearly that the holy war waged by the press of the country against unscrupulous public officials is beginning to bear fruit. The evil has finally been traced to its source and an effective remedy will ultimately be applied.

A proper diagnosis is essential to the successful treatment of moral as well as physical ailments. Owing to ignorance or indifference, or both, the people's rights have been flagrantly violated and the trust confided to their public servants grossly abused. But once aroused to the consciousness of duty and honor, when outraged patience will burst out in righteous indignation, the upheaval is likely to be so violent and thorough and the vengeance upon the culprits so drastic and effective as to forever clear the atmosphere of moral pollution and usher in a new era of due respect for the public's sacred rights, reverence of law and order and the faithful discharge of public duties by those who are elected or appointed to fill the public offices.

Morey Stock Co. to Return

LeComte & Fisher's well known attraction, the Morey Stock Company, that recently played an engagement at the Wichita Theatre, will be seen at that place for a week's engagement commencing next Monday night, April 4th.

The cast and company remains the same as upon the last visit. However, a new line of plays, together with the latest in vaudeville, will be given during the coming engagement.

For the opening bill, the company announces Walter Sanford's successful English drama, "A Vagabond's Wife." The play is one new to this city and is among the best in the Morey Company's repertoire. A special reduced scale of prices of 15, 25 and 35 cents will prevail during the engagement.

On the opening date, Monday, April 4th, one lady will be admitted free when accompanied by a person holding one downstairs ticket, provided tickets are purchased before six p. m. Monday.

A Model Platform. Youth's Companion.

One of the shortest political platforms ever written is that of Solomon P. Rhodes. Solomon, according to ex-Vice President Adlai E. Stevenson's "Something of Men I Have Known," was wont to say that he would rather "go to the Missouri legislature than to be the tear of Roosty." A convention which proposed to nominate him for this office was once held at the school house. The committee to draw up the resolutions, adjourned for consultation to a lot back of the building.

When the committee finally returned, these resolutions, two in number, were presented to the assembly and adopted unanimously and with great enthusiasm:

1. Resolve, that in the declaration of independence and likewise in the constitution of the United States, we recognize a able and well written document, and that we are tetonally oppose to the repeal of any one of the aforesaid instruments of riting. Resolve:

2. That in our fellow-townsmen, Solomon P. Rhodes, we view an 'onest man, and hereby annominate him for the legislator.

Columbia to Vote on Commission Plan.

Columbia, S. C., April 1.—Those in charge of the local campaign to secure the adoption of the commission plan of government for Columbia are confident that success will crown their efforts tomorrow, when a special election to be held to decide upon the acceptance or rejection of the plan. The initiative and referendum and the recall are provided for in the plan.

It seems that Governor Campbell is ready to take the stump in Davidson's behalf, provided Davidson is willing to help him "swipe" Culbertson's seat. Governor Campbell has made a very good governor, but it will take more than Davidson's support to land the position he seeks, and then it will have to be a time when Culbertson refuses to have it any longer.—Knox County News.

THE TIMES PUBLISHING CO.
529-12c ED HOWARD, Manager.

Go to the court house tonight and hear what the candidates for the various city offices have to say, and you will then be in a better position to make up your mind how to vote. All of them are good citizens, but may have different views on the manner in which our city government should be run.

A Poindexter Club numbering 150 members has been organized at Iowa Park. This does not leave much for the other three candidates in that voting precinct, and indicates that Iowa Park, as usual, has about decided to cast her vote solidly for her favorite.

Pittsburg Grand Jury Has Not Finished Yet.

Associated Press.
Pittsburg, April 1.—When the grand jury investigating the municipal corruption resumed its session today it was expected it would return a final indictment in twenty-four hours. With presentment is said to come additional indictments of men who are alleged to have paid money to councilmen for making the five city departments.

THE CITY ELECTION.

As the time has expired in which candidates can place their names upon the ticket, we can see from where the people will choose, unless additional names are written on the tickets and voted for.

There will be two candidates for mayor, one for city attorney, one for assessor and collector, four candidates for the two two-year terms for aldermen, and three candidates for two short terms—one year.

We present the ticket below, arranged alphabetically as to names, which arrangement may be revised in the event the candidates draw for places:

Independent Ticket.

For Mayor—
T. B. NOBLE.
J. T. YOUNG.

For City Attorney—
FRED W. HOUSEHOLDER.

For Assessor and Collector—
HARRY F. ROBERTSON.

For Aldermen (Full Term)—
(Vote for two).
J. D. AVIS.
A. A. HUGHES.
J. A. RICHOLT.

R. H. UNDERWOOD.

For Aldermen (Short Term)—
(Vote for two).
T. P. HICKMAN.
J. L. JACKSON.
J. F. REED.

As will be noticed, Messrs. Householder and Robertson have no opposition.

Messrs. Avis, Jackson and Reed have served on the council before and J. A. Richolt is now a councilman.

Messrs. Hickman, Hughes, Stone and Underwood are aspirants for the first time.

CRONIES ARE NUMEROUS.

Men Far Apart Politically Often Like Each Other's Company.

Washington—Cronies are found in public life in Washington, just as anywhere else. Congress is full of Damon and Pythias. Sometimes, the intimacy between two members of the senate or house will follow the proximity of their seats on the floor, or, sometimes, it will result from their association on committees, or sometimes, even their opposition to each other on public measures will wax into warm friendship outside the capitol.

A singular instance of this was the friendship between Senators Tillman and Spooner. They fought each other consistently in the chamber, but they would invariably lunch together afterwards. Then, too, the late Senators Quay and Vest were the closest of friends. Senators Crane and Knox, too, were intimate friends. They came into the body one day part, and, as new members are not given much consideration, they rather drifted together out of mutual sympathy.

Sensors Clarke of Arkansas and Overman of North Carolina go to theatres together, walk down the avenues after sessions and are almost inseparable. Senators Frazier and Foster, both Southerners, are occupying adjoining seats, are cronies, while Senators Daniel and Martin, both of Virginia, are like brothers. They are the only two senators from the same state with neighboring seats.

In the house it is often remarked that Ollie James of Kentucky, is somewhere about if Representative Heflin of Alabama is in sight and vice versa. One of the newer intimacies between public men is that of Associate Justices Lurton and White of the Supreme Court. They are both old Confederate soldiers, and day by day they can be seen slowly wending their way, arm in arm, down the avenue.

Attention has been called by the arrival of the Roosevelt bust to the fact that the senate of the United States commemorates its distinguished presidents in marble white while they are yet living. It is a common practice to honor dead heroes in marble, bronze and clay; but only the senate systematically confers the distinction on living men.

Statuary Hall is filled to overflowing with statesmen and benefactors in marble and granite. They come from nearly all the states, but not one of them represents the living. The busts in the congressional library are in memory of great Americans who have passed away. The senate, however, prefers to honor its vice presidents while they are yet alive and are able to enjoy the mark of their countrymen's esteem.

It is a singular fact, though, that no ceremony ever attends the installation of a bust of a vice president. Quietly the marble is slipped into its place by the superintendent of the capitol. This is done without even an official announcement.—Baltimore News.

BURGLAR SHOOTS WOMAN.

Kills One School Teacher and Mortally Wounds Another at Springfield.

Springfield, Mass., March 31.—His demand for money having been ignored, a masked burglar, who had entered the drawing room of the residence of Mrs. Sarah J. Dow, on Roundhill, in the northern part of this city, this evening shot and killed Miss Martha B. Blackstone, 25 years of age, a public school teacher, and seriously wounded Miss Harriet P. Dow, a fellow teacher. Miss Blackstone was shot through the heart as she ran screaming into an adjacent room. Miss Dow's skull was fractured and tramping will be resorted to in an effort to save her life. The murderer escaped through the grounds which surrounded the house.

With Miss Dow and Miss Blackstone in the dining room were the former's mother and sister, Miss Blackstone was graduated from Smith college in 1893.

STARK S. TAYLOR DEAD.

Had Been Member of Court of Claims Since 1866.

Washington, D. C., April 1.—Stark S. Taylor, who has served continuously in the court of claims ever since its organization in 1866, first as messenger, upon the recommendation of Jefferson Davis, then a United States senator and since 1903, as bailiff, died at his home here yesterday, aged 90 years.

Mr. Taylor, who was a native of King George County, Virginia, served ten years in the United States army, part of the time in the Mexican war. Five years ago there was an impressive proceeding at the court of claims when the court took official cognizance of the fiftieth anniversary of Mr. Taylor's service.

Nature's Gift from the Sunny South

When you buy Lard you get more than you bargain for—It's heavier in your stomach than on the scales

Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and have already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with *Cottolene*, the perfect shortening. It is a pure, vegetable product, made from the choicest, refined, cottonseed oil.

When you buy lard you have no protection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of *Cottolene* is uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious *Cottolene*.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

TRAGEDY AT RUSK.

John Proctor of Dallas is Killed By J. M. Mallard.

Rusk, Texas, March 31.—John Proctor, a painter, who came here from Dallas, was killed on the streets of Rusk near the postoffice today.

J. M. Mallard, a druggist, is under arrest, charged with the killing. Mallard is under a \$1,000 bond and will have an examining trial tomorrow.

It seems that Proctor and Mallard had a misunderstanding. Mallard had tried to evade Proctor on several previous occasions. Today Proctor got on a street near the postoffice, and as Mallard approached, started toward him. Mallard had a shotgun and told Proctor not to approach him. N. L. Miller attempted to prevent Proctor from advancing on Mallard, but Proctor broke away and just before he reached Mallard, Mallard fired, killing Proctor instantly.

Proctor leaves a wife and two children. His body was taken to Dallas tonight.

Plan for Relic Hunter.

Relic hunters have been breaking into the church where President Taft worships in Washington. During the past year it has been twice necessary to rebuild the president's pew, and it is no longer safe to leave the hymn books in the rack or the cushion of the seat after the chief executive has attended services. So many books and cushions have been carried away that officials of the church now take everything that is movable from the pew as soon as the president finishes his devotions.

Can not something be done to lessen the hardship that is thus put upon the relic hunters? Why not furnish a plank for the president to sit on when he goes to church, and then leave it for the relic hunters to whittle up and divide among themselves? By having it made of some kind of soft wood the comfort of the president and the convenience of the relic hunters would both be provided for. We are a great people and ought to be able somehow to keep our relic hunters from feeling that they are being deprived of their rights.—Chicago Record-Herald.

Supreme Court Will Pay No Outward Respect to Brewer.

Washington, D. C., April 1.—Because of the pressure of public business the supreme court will remain in session throughout Monday without taking an adjournment as had been intended out of respect to the memory of the late Associate Justice Brewer. This became known positively last night. The decision was reached after consultation with Mrs. Brewer, who agreed that her late husband would have wished such a course to be pursued under existing circumstances.

KLING MUST PAY.

Frank Chance Says Chicago Will Not Pay that \$700.

Nashville, Tenn., March 31.—Said Manager Frank Chance of the Cubs last night: "Kling has danced; now he must pay the fiddler. The Chicago club will not contribute one penny toward payment of that \$700 fine imposed by the national commission. Kling alone is to blame, although I think the penalty is beyond reason. Other players have committed greater offenses and escaped with smaller fines. With Kling back and in the shape he displayed two years ago, I am confident no club on earth will ever stop us."

"I will be glad to have Kling back with the team for he is one of the most valuable men the game has ever produced," continued Chance. "Kling may show all his old form right off the reel; then, again, he may have a lot of toruble pegging and hitting."

TIP PROVES WORTHLESS.

Baltimore Police Chase Down Craze Richmond Man.

Baltimore, Md., April 1.—Postoffice inspectors, secret service men and local detectives for a time yesterday believed they had made an important capture in connection with the recent robbery of the Richmond, Va., postoffice. On a tip that O. B. Tate of Richmond was here and that he knew something of the robbery the man was hunted up at the residence of relatives.

Before the arrival of the officers, however, Tate had attempted suicide, taking a quantity of creosote. He was closely questioned by Postoffice Inspector Hooten, Captain Wright of the United States secret service and other officers and his replies were so contradictory that he was finally arrested and taken to police headquarters.

Here the questioning was continued and Tate told a story of domestic trouble which, together with information concerning him and the robbery that had been obtained from other cities, convicted the officers he was not implicated in the crime and he was later released.

Tate's attempt upon his own life was frustrated by the prompt action of physicians.

Frank Chance Says Chicago Will Not Pay that \$700.

Nashville, Tenn., March 31.—Said Manager Frank Chance of the Cubs last night: "Kling has danced; now he must pay the fiddler. The Chicago club will not contribute one penny toward payment of that \$700 fine imposed by the national commission. Kling alone is to blame, although I think the penalty is beyond reason. Other players have committed greater offenses and escaped with smaller fines. With Kling back and in the shape he displayed two years ago, I am confident no club on earth will ever stop us."

"I will be glad to have Kling back with the team for he is one of the most valuable men the game has ever produced," continued Chance. "Kling may show all his old form right off the reel; then, again, he may have a lot of toruble pegging and hitting."

NO ADJOURNMENT.

Supreme Court Will Pay No Outward Respect to Brewer.

Washington, D. C., April 1.—Because of the pressure of public business the supreme court will remain in session throughout Monday without taking an adjournment as had been intended out of respect to the memory of the late Associate Justice Brewer. This became known positively last night. The decision was reached after consultation with Mrs. Brewer, who agreed that her late husband would have wished such a course to be pursued under existing circumstances.

GARDENS ON VACANT LOTS.

They Make City Beautiful and Bring Profit.

The Charter organization of the Indianapolis has a committee on vacant lot cultivation and home decoration. Last year, as a result of this committee's efforts, 326 vacant lots were cultivated, in addition to the tracts that were allotted to the schools.

In making its report the committee cites some gratifying results. On the tracts tended by school children flowers mainly were grown. These were distributed among the hospitals and in the homes of the sick in the neighborhood of the schools. In some instances vegetables were produced, and these were disposed of in a similar manner. Clubs were organized in some schools and the committee awarded prizes to those where the best results were shown. Ten schoolboys cultivated two vacant lots on which they raised twenty bushels of onions, eight bushels of lettuce and 200 bunches of radishes.

As to the outcome of individual efforts the committee also made a favorable report. One family raised all the vegetables it could use during the summer and put up fifty gallons of kraut for the winter. An old man, too feeble to work at any ordinary occupation, planted a lot in sweet potatoes and cleared \$50 on his modest enterprise. Many families found the garden on the vacant lot a powerful help in reducing the cost of living.

It does not injure a vacant lot to grow potatoes or other vegetables on it. In fact, it is more than likely to add to the appearance of the lot, since idle tracts of ground do not often receive much attention. A crop of potatoes is decidedly preferable to a crop of weeds, or to the rubbish which usually accumulates from mysterious sources. The vacant lot garden is an effective agency for civic beautification and might well be encouraged by the improvement clubs as well as by charity organizations.—The Louisville Courier-Journal.

Mr. Stone's Platform.

To the Voters and Citizens of Wichita Falls:

In compliance with the wishes of a committee of our citizens recently published in our daily papers, asking the views of each candidate for mayor and aldermen, I beg to state my views on some of the leading and vital questions that will come before our next city council.

First, I believe in civic improvements and want to see a cleaner Wichita; I want to see the streets paved and more sidewalks built. Second, I want to see the water company give the city a grade of water that is more wholesome than it has been giving us heretofore. The water we have been getting is only fit to water lawns and gardens with, and if not remedied, will be a menace to the health of the city this summer. I am in favor of more lighting facilities for street corners and dark places; furthermore, I am for anything that will help to build up Wichita Falls; if I am elected, I will show favors to all alike and distribute improvements where they will do the most good and are worst needed. I was not requested by anyone to make this race, and if elected will be under obligations to no one except the people and their welfare. I also believe that if the people of Wichita Falls are competent to vote for and elect a mayor and five aldermen, they are also competent to choose all other officers, and if elected, I will favor making all offices elective, instead of appointive. Yours truly, J. W. STONE.

St. Elmo to Be Given.

An excellent dramatic version of the well known novel, "St. Elmo," will be produced by the Morey Stock Company one night of their engagement at the Wichita Theatre next week. The version to be given is that of Myron Ledingwell, who has thoroughly made a study of the various characters introduced in the book and has used the same splendidly in the dramatization. The cast of the Morey Stock Company is said to fit excellently to these characters they are intended to portray and an excellent finished production is the result. To those who anticipate a delightful rendition of this famous book in dramatic form, this announcement that the opportunity will soon present itself, is, no doubt, welcome.

Lad Shoots Himself.

Center, Tex., March 31.—Lonnie Higgins, the eighteen-year-old son of Bud Higgins of East Hamilton, killed himself today by shooting with a shotgun. The young man left a note to his sister pinned to the gate in which he bade her good-bye. His father and several members of the family were away from home at the time. He has been very despondent since the death of his mother a few months ago.

JOKE WAS ON LEW.

Suffragettes Were Numerous and Refused to Laugh.

Law Docketster is on the lookout for a censor of local "gags." During the twenty years or more that Docketster has been versifying and rhyming at the expense of local people and conditions, he has never yet been guilty of a "bull." Recently in Albany, however, his good record was smashed. There happened to be a delegation of suffragettes in town urging the legislature for some special enactment, and out of compliment to the female lobbyists, Docketster composed a special verse for his song, "The Old Man is Getting Younger Every Day." The verse was very funny, but not particularly complimentary to the suffragettes. When he sang it for the first time he expected a round of applause, but was greeted with hisses. It was not until after he had finished the song that Docketster made the discovery, that owing to the presence of Governor Hughes and many of the senators a large delegation of suffragettes had entered the theatre for the purpose of button-holing the lawmakers. It was this party which had objected.

"THIS IS MY 50TH BIRTHDAY"

Albert B. Storms.
 Dr. Albert B. Storms, president of Iowa State College at Ames, Iowa, was born in Washtenaw county, Michigan, April 1, 1860. After graduating from the University of Michigan in 1884 he studied for the Methodist ministry. For a number of years before entering the educational field he occupied Methodist pulpits in various cities and towns of Michigan and Iowa. In 1903 he was elected to the presidency of Iowa State College, which has grown under his direction until it now has nearly 3,000 students enrolled. In addition to his work as an educator Dr. Storms is well known for his writings on religious, educational and other subjects.

"BOX CARS ROBBED."

Thieves Steal Beer and Other Things at Denison.
 Denison, Tex., March 30.—Box car thieves were busy in Denison last night, and as a result four cars were broken open and robbed. Three cars were in the Frisco yards and one in the Houston & Texas Central. Two cases of beer were taken from a Frisco car and rolled into a gulley below the freight depot. One car was only partly emptied when the officers relieved of its contents and the so-called plunder. Dried fruit and boxes of sausage were taken also. No arrests have been made.

For Cuban Postal Theft.

New York, April 1.—After slumbering for ten years, the case of Charles F. W. Neely, who was accused of embezzling funds belonging to the United States government, while in charge of postal affairs at Havana, during the American occupation of Cuba, will be called for trial next week in the United States Circuit Court. The government attached Neely's cash bail pending a civil suit in 1900 to recover \$45,875, the amount of the alleged shortage. The civil suit was tried in 1904, and the jury discharged, and criminal proceedings were left in abeyance.

To Launch New Destroyer.

Quincy, Mass., April 1.—Announcement was made by the Fore River Shipbuilding Company today of the coming launching a week from tomorrow of the torpedo boat destroyer Perkins. Mrs. Larz Anderson of Washington, daughter of Captain George H. Perkins, the American naval officer after whom the vessel is named, has been selected to perform the christening ceremony. The Perkins will be of 742 tons' displacement, twin screw and with 12,000-horsepower engines.

Plays and Players.

"Classmates" is being used by the stock companies.
 Fanny Ward has a new comedy called "An Unlucky Star."
 John Hyams and Lella McIntyre are to star in a new musical comedy.
 Charles Richman will retire from Mary Mannering's company as leading man.
 George C. Tyler has engaged E. H. Willard to make another American tour.
 Two of the Fitch plays, "The Woman in the Case" and "The City," are to be produced in Paris.
 Mabel Harrison may go into vaudeville with a monologue and a repertory of new songs by Joseph Howard.
 Henrietta Crossman intends to spend the summer in Europe and to open her American season in October, with a new play.
 Amelia Bingham has won great praise from the critics in London for her performance in "Great Moments in Great Plays."
 Moses Horowitz, who died the other day, wrote more than sixty plays in Yiddish, all of which were produced in the Yiddish theatres of New York.
 Nat C. Goodwin will star in an adaptation of "The Prodigal Father" by Owen Davis. He is to be under the management of Wm. A. Brady this season.
 Blanche Ring, Nora Bayes, Christie MacDonald and Emma Carus are to be official tellers of the chorus girls' beauty contest at the Actors' Fund fair.
 Charles Cherry will star in April under Daniel Frohman's management in Edward Peple's play, "The Spotfire." He has been starring heretofore in "The Bachelor."
 "Old Friends" and "The Twelve-pound Lock," by J. M. Barrie, and "The Sentimentalists," by George Meredith, have recently been produced at Mr. Charles Frohman's repertory theatre in London.
 Marie Tempest has crossed the Atlantic ocean more than twenty times. Miss Tempest's first appearance in America was in the light opera "Dorothy," in which she had previously made a great hit in London.
 Gertrude Elliott, sister of Maxine Elliott and wife of Johnston Forbes-Robertson, will appear next season in New York at the head of her own company. During the summer she will play in London in "The Dawn of a Tomorrow."
 "Bobbie Burnitt," a new comedy by Winchell Smith, author of "The Fortune Hunter," will be played for the first time at Atlantic City on April 4, with Wallace Eddinger in the title part. The piece is a dramatization of George Randolph Chester's novel, "The Making of Bobby Burnitt."

AMERICAN PLAN

May Oppose Taft Indorsement.
 Asheville, N. C., April 1.—Numerous delegates have arrived here for the Republican congressional convention tomorrow of the Tenth district. The Tenth is one of the three Republican districts of North Carolina and the party leaders purpose to make the convention a big Republican love-feast to mark the formal opening of the congressional campaign. To this end several Republican leaders of national prominence have been invited to address the gathering, among them, Representatives Duncan E. McKinlay

of California and Adna R. Johnson of Ohio.
 All indications point to the renomination of Representative John G. Grant without opposition. The adoption of resolutions, however, may be the signal for a spirited debate in the convention. While perhaps the majority of the delegates look upon the indorsement of the Taft administration as a matter of course, there are some who are outspoken in their opposition to such an indorsement. The opposition arises almost wholly from the action of President Taft in giving preference to some Democrats over

Republicans in his appointments to federal positions in this state.

FLAVOR! CUP QUALITY! UNIFORMITY!

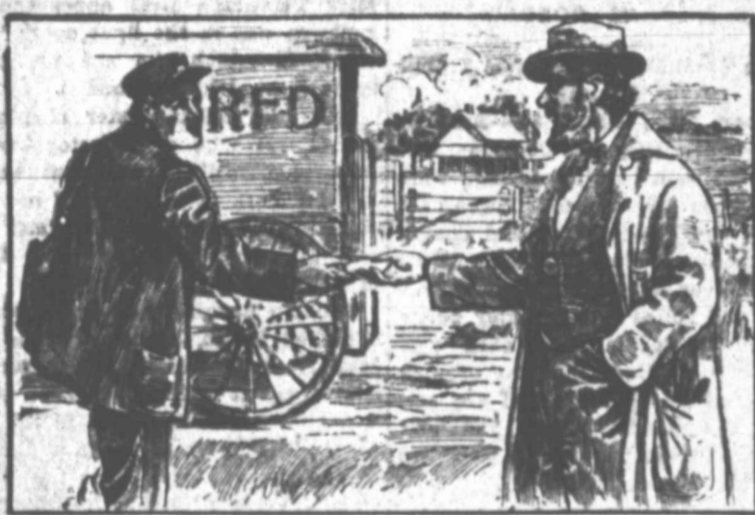

These are the strong points of Chase & Sanborn's teas, the best that money can buy. The selection of tea for the table is largely a matter of taste. If you prefer a mild, fragrant tea, our Orange Pekoe, a high grade Ceylon and India, will please you. If your taste calls for something with more "body," we recommend Nassac Gunpowder. For all-round use, and especially for iced tea, Emperor's Blend is very popular, because it combines the good qualities of both green and black teas, and makes a richly-colored beverage. We have these teas at the following prices:

Half-pound canisters.....40c
Quarter-pound canisters.....20c

We also carry a nice line of Chase & Sanborn's high grade bulk teas in Gunpowder, Ceylon and Basket Fired Japan, and we can give you bulk mixed tea, mixed at our store.

If you can't spare the time to come in yourself, send us the bill of the lumber you're going to need for that new building, by mail. We will make you an estimate of cost and return it to you at once. No matter how large the bill, or how small, we will quote our best prices and give you our best service.

And don't lose sight of the fact, that before getting any cheaper, both lumber and labor are mighty likely to cost much more than they do now.

One thing more: Our stock is one of the best manufactured and is most thoroughly seasoned.

NOTES FROM THE LABOR WORLD.

The Brotherhood of Railway Clerks will hold its annual convention in New Orleans, April 18-23.

A local union of the Cloth Hat and Cap Makers' Union of North America has been formed in Brooklyn, N. Y.

The Hotel and Restaurant Employees' International paid out \$70,928 in sick benefits during the last fiscal year.

Engineers, firemen and telegraphers of the Delaware & Hudson Railroad Company have demanded an increase in pay averaging about 26 per cent.

An advance from 25 cents an hour to 27 cents has been granted to the conductors and motormen of the Pittsburgh, Harmony, Butler & Newcastle railway.

At the recent convention of the International Brotherhood of Stationary Firemen the by-laws were amended so as to permit the holding of conventions annually.

San Francisco, Cal., Broommakers' Union has taken preliminary steps toward starting a campaign against brooms made by Chinese and those made by convicts in eastern states.

The Memphis, Tenn., Butcher Workers' Union intends to ask the Business Men's Club of that city to cooperate with it in an effort to obtain the next convention of the national body for Memphis.

Forty-two unions held meetings in Toronto, Canada, during one week recently. Most of them were connected with the building trades, and a desire to obtain an increase of wages was the subject under discussion.

The Greater Boston district council of carpenters is considering a proposition to increase wages from 47 1/2 to 50 cents an hour. The question will be decided by the referendum vote of the six thousand affiliated members.

Announcement that the boss barbers of Boston, Mass., are about to form an employers' organization received the approval of the Boston Barbers' Union 182 recently, and it was voted to offer the employers the free use of the union's hall.

A special convention of the Electrical Workers' International Union, regulars and seceders, is to be held in Binghamton, N. Y., during the early part of May, to confer with the American Federation of Labor arbitrators concerning a settlement of the differences between the two factions.

There will be an amalgamation of the stationary firemen's unions of Oakland and Vallejo, Calif., with the proposal that all the unions of this trade in California act under one charter, instead of under separate charters and that the headquarters be established in San Francisco.

At the Fort William convention of the Trades and Labor Congress of Canada plans will be made for the organizing of an Independent Labor party modeled after the British Labor party. The resolution will be strongly supported by the Western delegation, the members of which are far more radical in their views than their eastern comrades. The Labor leaders of British Columbia are keenly discussing the question and a large representation will be sent to the meeting. It is said that Manitoba, Alberta and Saskatchewan will send more delegates than ever before, and it is thought that the Western men will be able to control legislation.

STOMACHS REPAIRED.

Relieves Distress in Five Minutes.

Let Mrs. Griffith tell you about Mi-ona, the greatest prescription for stomach troubles ever written:

"For years I have doctored for acute gastritis, but only received slight benefit, and had to be careful what I ate. But thanks to Mi-ona stomach tablets, I can now eat anything. Last Christmas, after partaking of a hearty turkey dinner, I was seized with an attack of acute indigestion, and the doctor worked over me for hours before I got relief. He paid me eight visits before I could say I was well enough to sit up. But since then I have taken Mi-ona tablets, and I have not been troubled since. Before using Mi-ona I had attacks about every three months. Now I take about every month."—Mrs. Ida Griffith, 1213 C. St., Washington, D. C., July 1, 1919.

Mi-ona stomach tablets are sold by druggists everywhere and at Week's Drug-Care for 50c a large box. They are guaranteed to cure indigestion, sour stomach, belching gas, dizziness, bloating, heaviness, or any stomach ailment.

CHICAGO'S "KIBOSH" ON LONG HATPINS

Chicago, April 1.—The death knell of the long hatpin was sounded in Chicago today, when the ordinance prohibiting women from wearing the face-scratching and eye-destroying variety of hatpin went into effect. Any woman now wearing a hat through which a pin protrudes more than half an inch is liable to arrest and punishment. A maximum fine of \$50 is provided in the ordinance.

Land Opening Postponed.

Washington, D. C., April 1.—The opening to settlement of the Coeur d'Alene lands in Idaho and the Flathead lands in Montana, which was originally set for today, has been postponed until May 1.

VARIED VIEWS OF POLITICS.

Cone Johnson has almost the entire support of his Tyler neighbors for Governor, and the two or three fellows up there opposing him must be terribly lonesome.—Palestine Herald.

Tom Flaty is reminded of mavericks in Texas who do not wear the brand of any man or set of men, and these are going to cut some figure in the coming primary.—Waxahachie Light.

The political atmosphere is warming up slightly. Cone Johnson has declared Colquitt's attitude one of "political anarchy." Within a few more weeks we may expect the candidates to begin saying nice things about each other.—Amarillo Panhandle.

The tax rate in Grayson county in 1903, the last year of the saloons there was 4 1/4 cents. After six years of prohibition the tax rate for 1909 was 27 cents. But still the old lie is passed on that "prohibition increases taxes."—Lockhart Register.

While you are thinking about splits had you ever noticed that there is nothing that can insure the defeat of a political party quicker than one of those splits, which will often occur when all of the boys think that they are not getting their full share of the honors and profits.—Laredo Times.

Frank Putnam, always interesting when he writes in the Houston Chronicle about Texas politics, concludes that Senator Bailey's stand for Poindexter will be a hard blow for Colquitt's gubernatorial aspirations and a marked advance for Davidson. We hope so.—Waco Tribune.

The daily press of the state give Colquitt the lead over the other gubernatorial candidates and claim he is gaining votes every day, but we are not likely to know how the race is going until the July primaries. Colquitt has made a good reputation as Railroad Commissioner, and would likely make a good Governor.—Pear-sall Leader.

Colquitt in his trip along the Fort Worth & Denver towns dropped Dr. Rankin for a time and held up to public view his excellency, Hon. Tom, the Governor, who, no doubt, will come back and give as good as he was compelled to take. It is getting interesting now, and at the present rate of heat elevation it will not be many weeks before the principal actors in the campaign will have to sit on chunks of ice to keep cool.—Victoria Fact.

No change has been noted the past week in the gubernatorial line-up. The four leading candidates are still on the track, and somewhere near the track is Candidate Cunyus, who occasionally makes a noise. Neither of the principals has, so far as the average voter can discover, gained a decided advantage, but the bunch have their noses well together. Johnson is speaking to good crowds every day; so is Poindexter, and Colquitt has made a few speeches to enthusiastic audiences. Davidson has not appeared upon the stump, but is sending out much literature. At present it looks like a pretty race and a close finish of the four.—Honey Grove Signal.

To Combat "Chain" Drug Stores.

Chicago, April 1.—To prevent a combination said to be backed by Standard Oil capital from securing control of the retail drug trade by the establishment of a "chain" of drug stores throughout the country, Chicago retail druggists to the number of nearly 500 today pledged themselves to enter into a syndicate enterprise to fight the "chain" system. The so-called retail drug trust is already in control of several hundred stores in New York City, Boston and throughout New England. With a firm grip on the control of the retail trade in that section of the country the syndicate is said to be planning for an invasion of the western territory. The Chicago retail druggists propose to fight the syndicate by forming a counter organization on co-operative principles. Among those pledged to support the movement are heads of the largest drug stores in the city.

Taft to Address Railroad Men.

Worcester, Mass., April 1.—With President Taft heading the list of speakers and with an estimated attendance of 10,000 visitors, the general convention of railroad men of the United States, Canada and Mexico, which is to begin a three days' session in this city tomorrow, promises to be the most notable gathering of employers and employes ever held in America. The gathering will be unique in that no business whatever is to be transacted. The convention will be purely of a social nature and the three days will be given up to a good time and an exchange of courtesies and greetings between the executive officers of the big railroad systems and the men who run the trains.

The convention will be opened tomorrow with the reception of the visitors and a big welcome demonstration in the evening. Sunday is to be the big day of the convention, with President Taft as the guest of honor and principal speaker. The President will be met by a reception committee upon his arrival in the city and escorted by five companies of the local militia to Meacham's hall, where he is to speak at the afternoon mass meeting. The program of the afternoon meeting provides for addresses of welcome by Mayor Logan of Worcester and Governor Draper of Massachusetts.

In addition to the President the speakers will include Presidents William C. Brown of the New York Central Railroad, Charles S. Mellen of the New York, New Haven and Hartford Railroad and Lucius Tuttle of the Boston and Maine.

At the Sunday meeting the speakers will be W. S. Stone of Cleveland, Grand Chief Engineer of the Brotherhood of Locomotive Engineers; A. B. Garretson of Cedar Rapids, Iowa, Grand President of the Order of Railway Conductors; W. S. Carter of Peoria, Ill., International President of the Brotherhood of Locomotive Firemen and Engineers; W. G. Lee, of Cleveland, Grand Master of the Brotherhood of Railroad Trainmen, and P. H. Morrissey, president of the American Railway Employees' Investment Association.

A Large Tumor

WILL BE REMOVED TONIGHT BY DR. BERRY IN FULL VIEW OF THE AUDIENCE.

Tumor is on Back of a Man's Head.

Again tonight the people will have a chance to see a tumor removed by bloodless surgery. The tumor is quite a large one and is situated on back of the head. It has been growing for years. No knife will be used in its removal.

Last night the doctor unstopped the deaf ears of a man who had been deaf for thirty years. His name is Mr. James S. Spring, a school teacher. Mr. Spring called to see the doctor this morning and told him that he was able to hear his watch tick for the first time in many years. The demonstration on Mr. Spring was for the purpose of determining whether or not he could be relieved of his deafness to a reasonable degree by proper treatment. Mr. Spring was so deaf that he could hear only by a loud tone of voice, but the doctor made him hear a whisper in a moment, demonstrating that he could be greatly benefited by proper treatment.

Many people are calling upon Dr. Berry at the Brown Palace Hotel for consultation and examination. For three years in the south marvelous work has been done by the doctor along the line of bloodless surgery.

Important Express Changes.

New York, April 1.—The American Express Company today supercedes the Pacific Express Company on the Union Pacific Railroad. The change, according to James C. Fargo, president of the American company, means the establishment of 1,000 new offices of the American company and the extension of the company's business to the Pacific coast.

Kansas City, Mo., March 31.—Indications are that the miners of the Southwestern Interstate fields will quit work today, involving thirteen million tons of coal annually. The fields compose those in the states of Missouri, Kansas, Oklahoma and Arkansas. Operators say they are well prepared for a shut down. Railroads and large consumers have been storing coal recently in all available places.

Indianapolis, Ind., March 31.—Two hundred thousand organized miners in the bituminous coal fields of the United States, will strike at twelve o'clock tonight and stay away from the mines until the operators consent to pay an advance in wages of five cents per ton.

Returns from Presbytery.
 Rev. R. E. Lawrence returned last night from Bowie where he attended the meeting of the Ladies Missionary Union of the former Falls Presbytery of his church. He reported an excellent meeting. The attendance was large and the spirit and enthusiasm was fine. There were several foreign missionaries present who addressed the Union on their work.
 The Union was divided into three Unions to conform to the tripple division of the Presbytery. Wichita Falls will be in the Sherman Presbytery's Union, which will meet in annual session at Gainesville next Spring.

EXTENSIVE OPERATIONS.
 Alleged Bowie Swindlers Alleged to Have Stolen Much.
 Texas News Service Special.
 Bowie, Tex., April 1.—The alleged swindling operations of Gaston Alexander and E. D. Hudspeth, cotton dealers of this city, who are charged with defrauding W. L. Moody & Co., of Galveston out of \$20,000, are said to involve large milling firms in Germany, New England and Los Angeles. A Bremen, Germany, firm tried to collect about \$4,000 from the men because of short weights in shipments.

LOCAL NEWS BREVITIES

Judge W. T. Carlton left this week for Wichita Falls to make his future home. The judge has lived in Stephenville since 1892, was treasurer for several terms and for the past two years has been our city attorney, and has also acted as special judge in several important cases. Stephenville regrets to lose a good citizen—one that has been upright and honorable—yet it is decreed that such must be the case, for Mr. Carlton finds that Wichita Falls holds out alluring promises to him in a business way, for it is a vigorous, rapidly growing town, therefore it is to his interest to leave a people who honor and respect him. He will soon acquire in his new home as many friends as he has in his old home town.—Stephenville Tribune.

T. R. T. Orth has let the contract to S. P. and W. J. Sprowl for the raising of his two-story brick residence on the corner of Tenth and Austin, a distance of three feet, and the work will be done at once. After the building has been elevated, the lot will be filled in, which will greatly add to its appearance.

The trees which have stood on Seventh street for so many years have been removed to allow the widening of the sidewalks there. That part of the business section presents a decidedly changed appearance since the trees were cut down.

The mass meeting at the court house tonight promises to be well attended and all the candidates have announced their intention of being on hand to declare themselves. The meeting is called for 8 o'clock.

Showers were reported last night from Abilene and other points south and the skies have been promising rain locally for several days. Showers are predicted for this vicinity tonight or tomorrow.

Mrs. G. E. Boyd, who recently had the misfortune to fracture her arm by falling down the steps at the rear of McClurkan's store recently, is reported by her physicians to be doing nicely.

The two-months-old child of Sam Ralley died this morning. Interment will be in Riverside tomorrow.

schedule are 85 cents net per thousand cubic feet to private consumers and 65 cents a thousand to the city. The reduction is in accordance with the terms of the so-called gas contract ordinance recently passed by the city council. The ordinance also gives the city right to examine the books and accounts of the company, to supervise the sale of its stocks and bonds, and to order the company to take over the street lighting contract.
