VOLUME 4

WICHITA FALLS, TEXAS, THURSDAY, MAY 19, 1910

NUMBER 5

OVER AN INCH OF RAINFALL TODAY

THIS COUNTY IS VISITED BY ONE OF HEAVIEST RAINS OF THE SEASON.

IS OF UNTOLD BENEFIT

Corn and Cotton Greatly Helped and Plentiful Supply of Tank Water Furnished.

Between eight and ten o'clock this morning one and one-eighth inches of rain fell locally, being the first real heavy rain this city has enjoyed in many months. The rain covered Wichita county fairly well and points along the Wichita Falls and Southern were also visited. There were good showers up the Northwestern, but outside of a few scattering showers, there was no other rain in this section.

This morning's rain will not be of great benefit to corn and cotton, but will give sufficient tank water on the ranches to last for months and will serve to set at rest the fears of the cattlemen on this subject. In town the streets were thoroughly soaked and deep mud is in evidence on all the streets.

The rain today has put sufficient moisture in the ground to set all fears as to corn and cotton at rest for some time and this county can now face dry weather without a qualm.

When it is remembered that up to this time a heavy shower or so has been the best to be seen locally in the way of wetness, this morning's rain will be more appreciated.

The creeks in this vicinity are up this afternoon following the morning's rain; there is a perceptible increase in the amount of water in the lake. The Wichita River has risen slightly since this morning and will probably be still higher before tonight.

Texas News Service Special. Fort Worth, Tex., May 19.—All streams and creeks in this section are bank full today and many are overflowing, putting the lowlands under water. The rise is due to heavy rains in the last few days, the heaviest downpour being experienced last night.

Trinity River is higher today than in two years and it is reported that the flood stage will reach Dallas tonight. The gauge here shows twelve feet. Wires are down in several localities, but the damage to property is slight. Rain fell last night—west, as far as Abilene; east, to Greenville, and south, to the gulf.

Texas News Service Special. Weatherford, Tex., May 19.—The Clear Fork of the Trinity River is bank full today as a result of the rains last night, but is falling at noon. In the electrical storm last night which accompanied the rains, a dwelling was struck by lightning and badly damaged, but no one was hurt.

Texas News Service Special. Waco, Tex., May 19.—As a result of the heavy rains last night the Brazos rose twelve feet here.

BIG HAUL MADE.

Thirty Thousand Dollars Stolen from Depot.

PH City, Pa., May 19.—Three packages of money containing thirty thousand dollars was stolen from the Pennsylvania depot here early today. The money was being shipped by the Adams Express company to Philadelphia.

IRRIGATION COMPANY IS PRACTICALLY ORGANIZED; TO SELL STOCK LOCALLY

The organization of the land and irrigation company which is to develop the country between Floral Heights and the lake is being rapidly perfected and within a few days will be complete. This company, with a capital stock of \$325,000, is already an assured fact. About one-third of the stock will be sold to local parties. The movement starts with every indication of success and will doubtless prove a very profitable enterprise.

Dairy Note.

It is almost time for somebody to try to account for the milk in the coconut.—Boston Herald.

"GUM SHOE POLITICS."

Police Chief Wants the Anti-Pass Law Amended.

Texas News Service Special. Sherman, May 19.—Calling the work of cutting police officers out of free railway transportation a "piece of gum shoe politics," W. L. Sallis, city marshal at Brenham delivered a stirring address before the convention of police chiefs and city marshals of Texas here today. The members voted in favor of urging the legislature to make an amendment eliminating this feature of the anti-pass law. Fort Worth is likely to get the next convention, a majority being said to be pledged.

RECLAMATION WORK.

160,000 Acres in Texas is to Be Reclaimed.

Texas News Service Special. Austin, May 19.—Federal experts are now returning to Washington from Texas having finished the work of the topographical survey for the reclamation of one hundred and sixty thousand acres in the Trinity, Brazos and Little River Valleys in Hempstead, Bryan, Cameron and Rockwall counties.

CARRIE NATION PASSES THROUGH CITY GOING TO FORT WORTH TODAY

Mrs. Carrie Nation passed through the city this afternoon en route from Seattle, Washington, to Richmond, Texas, in response to a telegram announcing the serious illness of her son-in-law, A. D. McNabb.

Mrs. Nation recognized a reporter of the Times whom she met once before at Carlsbad, New Mexico, and got off the train to renew acquaintances, and, just before the train left, presented him with a souvenir hatchet, a very pretty affair with a small diamond setting. Mrs. Nation, during the course of her stay here, inquired for Mr. J. C. Doneghy, a well known capitalist and land man of this city, who, she said, was her cousin. Mr. Doneghy was sent for, but could not be found.

CUMBERLAND PRESBYTERIANS.

Eighteenth General Assembly Convened in Tennessee.

By Associated Press. Dickson, Tenn., May 19.—The eighteenth General Assembly of the Cumberland Presbyterian Church convened here today. Delegates from eighteen states are in attendance. A moderator was chosen this afternoon. The Woman's Board of Missions met this morning and President Ashburn read her annual address.

COMET FAILS TO STRIKE EARTH; ASTRONOMERS ARE SOMEWHAT PULZED

By Associated Press. San Jose, Cal., May 19.—According to Dr. Campbell of the Lick Observatory, there is a possibility that the earth may not pass through the comet's tail, after all. This is due to the fact that the comet is lagging several million miles and its orbit is inclined to an angle with the earth's orbit.

Professors Barnard and Frost agree that the earth entered the comet's tail but they are utterly unable to explain the condition now prevailing, which is without parallel in the history of astronomy.

By Associated Press. Williams Bay, Wis., May 19.—The tail of Halley's Comet was in the east just after day break today, according to astronomers at the Yerkes Observatory here.

By Associated Press. Johannesburg, May 19.—According to an observation made at the Transvaal Observatory, the tail of Halley's Comet at dawn today was still north of the elliptic and was thought that the earth will pass considerably to the south of it.

By Associated Press. Princeton, N. J., May 19.—Prof. Russell of the astronomical department of Princeton University, declared today that the earth will pass through the comet some time tonight, probably on the morning of the 20th.

Only tailors in the city that know how to make linen suits.—ELITE TAILORS, 407 1/2 2nd street. 308-01

EXCURSION TRAIN GOES TOMORROW

PRESIDENT AND GENERAL PASSENGER AGENT FONTAINE SAY IT IS IMPOSSIBLE TO POSTPONE.

TRAIN LEAVES AT 7 A. M.

It is Earnestly Desired That Every Business House in Wichita Send a Representative.

President Huff of the Chamber of Commerce late this afternoon authorizes the Times to state that the Trades Day excursion from here to Elk City will surely leave this city in the morning at 7 o'clock, and will return here tomorrow night, making stops at all towns along the line going.

General Passenger Agent Fontaine says that while an effort had been made to postpone the excursion until Tuesday of next week this arrangement was made impossible from the fact that the people of Elk City had made all arrangements for the entertainment of the Wichita crowd, and the secretary of the Chamber of Commerce at Elk City phoned Mr. Fontaine that more than 1000 farmers would be in Elk City tomorrow to meet the excursionists. So be on hand tomorrow morning, and it is the earnest desire of Mr. Huff that every business house in Wichita Falls have a representative on this excursion over the Northwestern.

Don't forget the time and be on hand at 7 o'clock tomorrow morning at the Katy depot.

GREAT SUN SPOTS.

Indications Are that Disturbances Will Last Several Days.

Valejo, Cal., May 18.—Prof. T. J. J. See of the United States naval observatory at Mare Island tonight reported the following observation on sun spot:

"Great sun spots were noted at 4 o'clock today. The largest spot was slightly northeast of the sun center, and was made up of three parts roughly joined together by bridging such as characterize complicated spots. This seems to indicate that the disturbance is destined to last several days. It appears to be increasing in magnitude and to be the vortex or whirlpool type, which often gives rise to disturbance of the earth's magnetism. The sun spots will reach the sun's central meridian in another day or two and if any disturbance of the earth's magnetism is to occur from this cause it is likely to come about Friday.

"The spots now seen are not believed to have any connection with the comet and if any aurora or electric effects occur we probably should ascribe them to the comet rather than to the spots on the sun.

"The largest spot observed at Mare Island was estimated to be 600,000 miles long and 300,000 miles wide."

A feeling of apprehension.

The California Weekly. The president appears to have surrounded himself with a precocious set of reactionaries. While men do not yet question the sincerity of the president, they do doubt the sincerity of those whom he has commissioned to speak and act for him and to crystallize his measures into statutes. It is another case of inability of the king to do wrong, coupled with an urgent demand that the king's advisers be watched with sleepless eyes.

The president has placed himself in the hands of as grim a set of materialists as ever blighted the enthusiasm of a people or made representative of anything save special interests and we may not know in what these influences will result. The legislative "bug" and "joker" are to be looked for in every clause of every bill that Wickersham has drafted. The subjects dealt with are tremendously important. They are railroad control, conservation and the future disposition of the public domain. Few yet doubt the patriotic good intentions of the president. What he has said in public has been fine, but every one may doubt the single-mindedness of Aldrich and Hildreth, Cannon and Dabell, Wickersham and Ballinger. If the president is to be judged by the friends he has made, he will suffer harsh judgment.

CANDIDATES SPEAK HERE TOMORROW

WILLIAM POINDEXTER, ASPIRANT FOR GOVERNOR, TO ADDRESS WICHITANS.

BASCOM THOMAS COMING

Expelled Senator to Also Speak Here. Is Candidate for Lieutenant Governor.

Two political candidates for state offices will hold forth in Wichita Falls tomorrow. William Poindexter, candidate for governor, and H. Bascom Thomas, candidate for lieutenant governor, will address local voters. The time and place for these addresses have not been announced, but it is probable that both will speak at the court house, Poindexter in the afternoon and Thomas at night.

Judge Poindexter is now making a tour of Northwest Texas. He passed through Wichita Falls about two weeks ago, having visited many points since that time. He is a Bailey man and a prohibitionist. He contends, however, that prohibition must be enforced if the constitutional amendment and that statutory prohibition would not be constitutional. This view is not adhered to by Cone Johnson, the other prohibition candidate, who contends that statutory prohibition can be enforced if the constitutional amendment is not submitted. Judge Poindexter seems to have been something of a sacrifice to his friends in his race. Dr. Rankin, the recognized prohibition leader, has endorsed Cone Johnson and Senator Bailey has practically given a promise of support to Colquitt.

Judge Poindexter is an interesting speaker and will doubtless be more than able to entertain his Wichita audience. While he has not many strong supporters in this city, he has a number in this county and the Iowa Park community is understood to be almost solid in its support of him. That he will poll a handsome vote in this county is conceded.

H. Bascom Thomas, candidate for lieutenant governor, will speak tomorrow night. Thomas, it will be remembered, was expelled from the Senate for making charges that he was unable to prove, but was returned by his district in the special election. He did not, however, renew the charges he had made, being a very quiet Senator until the legislature adjourned, when he announced for lieutenant governor. His opponents are A. S. Hawkins of Midland, a former state senator, and A. B. Davidson of Cuero, who has served the State as lieutenant governor for the past four years. Much of Thomas' oratory is directed against Davidson. All three of the candidates are anti-Bailey men.

WILL APPLY FRIDAY.

Attorneys for Hyde Will Begin Fight Then.

Texas News Service Special. Kansas City, Mo., May 19.—It was determined this morning that the motion to arrest the judgment and for a new trial will not be filed until Friday by attorneys for Dr. Hyde, who was convicted of killing Colonel Swope, and given a life term in the penitentiary.

It will probably be several days after the motion is filed before Judge Latschaw makes his decision.

\$500,000 INVOLVED.

Jury Reaches Quick Decision in Case at Dallas.

Texas News Service Special. Dallas, May 19.—An estate of half a million involved in a suit decided by the jury after fifteen minutes deliberation here today, when in the case of Mrs. Jessie Stallcup Grigsby against Mrs. Eliza J. Reib, it decided in favor of the defendant. The plaintiff sued for a wife's interest in the estate of D. M. G. Grigsby, who died at Palestine several years ago.

MARSHAL SUICIDES.

Preferred Death to Facing Trial for Murder.

Muskogee, May 19.—Levy Rogers, town marshal of Breggs, Okla., blew out his brains this morning with a revolver rather than stand trial for the shooting of Eli Coppinger, a prisoner who was killed while trying to escape several weeks ago. The trial had been set for next Monday.

SUNDAY SCHOOL MEETING.

About Three Thousand Delegates Attending Today.

By Associated Press. Washington, D. C., May 19.—More than three thousand delegates from the United States and Canada and five hundred from other countries are in Washington to attend the World's sixth Sunday School Convention which began today. The first session of the convention will be held this afternoon and the sermon will be delivered by Rev. Meyer of England, the president of the Association.

Tonight President Taft will extend a welcome to the delegates.

WILL PERMIT FIGHT.

No Legal Objections Raised to Jeffries-Johnson Fight.

By Associated Press. San Francisco, Cal., May 19.—District Attorney Fickert, in speaking of the Jeffries-Johnson fight being held here, said he saw no difference between Jeffries and Johnson fighting and the other professional fighters who boxed here in the past. He will look up the law and abide strictly by the statutes.

ROBBERS AND CITIZENS IN PITCHED BATTLE AFTER ATTEMPT TO CRACK SAFE

Texas News Service Special.

Durant, Okla., May 19.—An explosion attending the attempt of four robbers to wreck the vault of the Peoples National Bank at Wapanucka, 30 miles north last night was followed by a desperate battle with the citizens in which the yeggmen fled to the railroad track and escaped on a hand car. One citizen was wounded but will recover. Telephone and telegraph wires were cut and communication was not restored until this morning when an alarm was sent to surrounding towns. One of the robbers was captured during the fight with the citizens when his horse was shot from under him. He was seriously wounded and his identity is not yet learned. The name of the citizen wounded is W. C. Gibson, who suffered a broken leg when the yeggmen fired. The robbers used dynamite.

FIGHT WITH ROBBERS.

Member of Posse is Shot at Wapanucka, Okla.

By Associated Press. Wapanucka, Okla., May 19.—In a running fight between a posse of citizens and bank robbers, who entered the bank here early today, a member of the posse was shot.

KEY GETS LOVING CUP FROM TEXAS MINISTERS AT CONFERENCE TODAY

By Associated Press. Asheville, N. C., May 19.—At the Methodist Conference here today Bishop Key was presented with a loving cup by the Texas delegation.

The matter of increased representation of laymen in the annual conference which was acted upon yesterday, was reconsidered today on the ground that the measure cannot be changed without a two-thirds vote by this conference and a three-fourths vote by the annual conference. The old law remains in effect.

The discussion then entered into the women's memorials for laity rights. Miss Belle Bennett of Bonham, Tex., addressed the General Conference of the M. E. Church, South, discussing the work of women in the church. This is the first woman to ever make a public speech at any Methodist general conference.

Miss Bennett, who is secretary of the Women's General Organization Home Mission work of the church, is well known in Texas.

By a vote of seventy-seven to one hundred and forty-eight the movement for women's laity rights was defeated.

BEVERING ENDORSED.

Dallas Man is Candidate for Typo President.

Texas News Service Special. New Orleans, La., May 19.—The voting for president of the International Typographical Union by the New Orleans local, gave William Reilly of Dallas, one hundred and sixty-seven and Lynch thirty-nine.

LOWER INSURANCE TO BE FOUGHT FOR

CHAMBER OF COMMERCE WILL GO AFTER CHEAPER RATES IN TWO WAYS.

WILL LESSEN KEY RATE

State Fire Rating Board to Be Brought Here for Hearing at Early Date.

By playing both ends against the middle the Chamber of Commerce hopes to materially reduce the insurance rate locally and as a starter, the fire rating board has been invited to this city to hear Wichita Falls' side of the controversy. A fight will be made on the insurance companies, through the rating board and at the same time steps will be taken to cut down the risks by making improvements locally.

It is believed that the key rate can be reduced to about forty cents without any great expenditure. The auto fire engine will probably secure a material reduction and by the employment of paid firemen, several more policemen, a fire marshal and by putting in larger water mains, which the water company proposes to do, the key rate can be cut down about twenty cents.

But the principal fight will be against the insurance companies. It can be shown that the present rates are higher than they were when there was no water company and no fire department and also that the losses paid by the insurance companies for fires in this city are a great deal less than the sum of the premiums collected.

At the meeting of the Chamber of Commerce directors yesterday afternoon the plans were discussed. The board was split on the question as to the best course to pursue and it was finally decided to work along both lines. Directors Kemp, Noble and Anderson voted in the negative on the motion to make the fight on the companies direct, but they were in the minority. The date of the coming of the rating board to this city has not been set, but it will probably be some time early next month.

U. S. PRESBYTERIANS.

Fifteenth General Assembly Being Held at Lewisburg.

By Associated Press. Lewisburg, W. Va., May 19.—The Presbyterian Church in the United States convened today in its fifteenth general assembly. More than two hundred commissioners are present. Dr. Boggs of Atlanta, moderator of the last assembly, called the organization to order.

Spends Morning Alone—Calls On Emperor William.

By Associated Press. London, May 19.—Roosevelt spent the morning writing and reading. He saw no visitors. This afternoon he called upon Emperor William at Buckingham Palace.

BEAUMONTERS ABROAD.

Are Making Trade Excursion Over the State of Louisiana.

Texas News Service Special. Craven, La., May 19.—The Beaumont Trades Excursion special train arrived here this morning with seventy-five merchants aboard. They will visit thirty Louisiana towns.

PUBLIC SCHOOLS CLOSE TOMORROW FOR SUMMER VACATION—STUDIES END

Tomorrow marks the close of the city schools over three months, and the beginning of the summer vacation. The studies were practically brought to a close today.

The commencement exercises of the high school will begin Sunday morning with the baccalaureate exercises and will end Tuesday evening with the closing exercises at the opera house. The past season has been an unusually successful one in the schools in more than one way, although the lack of sufficient accommodation has had its effect. Two new school buildings will be ready for occupancy when the schools reopen next fall.

WORKERS FROM ALL OVER THE WORLD

SUNDAY SCHOOL CONVENTION
BEGINS TOMORROW MORNING
AT WASHINGTON.

THOUSANDS WILL ATTEND

Enthusiasts From All Parts of the World Will Be Present at Meeting.

By Associated Press. Washington, D. C., May 18.—From nearly every country on the face of the globe, men and women are crowding into Washington tonight to attend the World's sixth Sunday School Convention which opens tomorrow. Between two thousand and three thousand delegates are expected to be present. An attempt has been made to insure this assembly being the greatest gathering for Christianizing the world that was ever held.

For a week the convention will be the center of interest in this city, possibly overshadowing the congress of the United States. Official duties will be laid aside in honor of the occasion. President Taft will deliver the principal address at the great welcome service; a member of the Supreme Court, Justice Marlan, is at the head of a list of distinguished men assisting the local committee in arranging for the convention, while among his associates are Secretary Wilson, Secretary Nagle and Secretary Meyer from the cabinet; Senators Beveridge, Dolliver and Overman, and Representatives Payne, Foelker, Nelson, Lloyd, Candler and Cassidy, from Congress. Probably the most spectacular meeting of the week will be a praise service on the east steps of the Capitol, on-the-spot where presidents receive the oath of office and where the hymns may be heard by the lawmakers and the law interpreters in the capitol.

To Dr. F. B. Meyer of England, president of the World's Sunday School Association, will fall the privilege of calling the convention to order tomorrow afternoon. The thousands of delegates, and other Sunday School workers cannot be gathered in one building in Washington, and hence, twin services will be held, probably throughout the entire convention week. The object of the convention is rather inspirational than instructive in method. In line with this object, the most famous speakers obtainable have promised to address the various meetings. During the first two days of the convention there are scheduled to speak a number of missionary workers. Among these are Rev. Y. Tanka and Rev. N. Tamura, of Japan; Mrs. Vayyah Karakat, of Syria; Rev. L. E. Marek, of Bohemia; Hon. T. H. Yun, of Korea; Rev. E. M. Selin of Mexico; an "Ex-Sallie" Strachan, of Scotland. Others speakers are equally prominent. Those who will respond to the address of welcome by President Taft, for instance, are Dr. Monroe Gibson, of England; Bishop Yelton Honda, of Japan; Bishop C. Hartwell, of Africa, and Rev. J. A. McKenzie, of New Zealand.

Ambassador Bryce of Great Britain, is on the program for the last day of the convention—May 24.

The men are not to monopolize the enthusiasm. The Woman's Foreign Missionary Movement will be given a prominent place on the program. On Friday evening, May 20, four simultaneous sessions will be held to consider this subject. Mrs. James S. Sherman, wife of Vice President Sherman, will preside over one of these.

On Sunday, May 22nd, the Sunday Schools of the city will be visited by the delegates of the convention and on Monday, reports on the work will be submitted to a committee.

Noted Hotel at Auction.
New York, May 19.—The Murray Hill Hotel, at Park Avenue and 40th street, was put up for sale at auction today to settle the estate of the late Hugh Smith, owner of the property. The hotel was opened in 1884 and has ever since been among the best known hostleries in the metropolis. It stands on ground belonging to the country estate of Robert Murray, a Quaker merchant in the early days of New York. Through the Murray grounds marched Washington and his army on their retreat to Harlem Heights, and in the Murray house Mrs. Murray detained and entertained the English officers long enough for Washington to rally his men and make a desperate, though unsuccessful stand against the enemy.

Roosevelt may use more language in his forthcoming history of Texas, but we are at a loss to see how he can improve on that famous historian who set in down in three words, "Texas is Hell."—Springfield Union.

NEWSPAPERS ON BIG LINERS.

They Can Print the News While in Mid-ocean.

Not the least interesting development of wireless telegraphy is the manner in which the invention has been utilized for producing newspapers on board ship. No longer does an ocean voyage mean that one is cut off for the time being, from news of happenings on land. Nearly all the big trans-Atlantic liners issue newspapers on board, and every morning passengers are served with the latest news at the breakfast table, just as they would be on land. On the voyage of the Lusitania during the recent general election full returns were printed in the Cunard Daily Bulletin every morning of the results announced in London on the previous night.

The circulation of the Bulletin is over 2000 a day and has reached 2500. It consists of thirty-two pages, ten inches by six inches, is excellently printed on fine glazed paper, and sells at 2 1/2c per copy. It goes to press at 1 a. m., and is read over the breakfast table like the newspaper ashore.

Most of the giant Cunarders are now equipped with a miniature printing plant, so that the passengers on board are able to secure a daily paper containing the latest world's news, transmitted by wireless telegraphy. Practically everything of news value in any part of the world appears in the ocean daily papers as soon as it is printed in the newspapers on land. Stock exchange quotations, parliamentary items, notable events, and movements of famous people all are duly recorded. Moreover, the ocean daily often gets news that the land dailies cannot get, for it must be borne in mind that the liners are in touch with one another as well as in touch with land, and are thus able to get exclusive "scoops" now and then.

A very artistic production is the Journal de l'Atlantique, published on board the steamship Le Provence of the Campagne Generale trans-Atlantic. It has larger pages than the Cunard Bulletin, and each number is well illustrated, the news being published in both French and English.

The daily of the steamship Kaiser Wilhelm II. has twenty-four pages, and it has so many advertisements that it can be given free to the passengers and still leave the orddeutscher Lloyd a profit. Humorous illustrations are a feature, and a puzzle page gives much amusement on the voyage.

The Atlantisches Tageblatt of the Hamburg-American line is a sixteen-page sheet. It is printed partly in German, partly in English, and has a story by some popular writer.

The Express Mail, published on board the Canadian Pacific Atlantic liner Empress of Ireland, is a most elegant affair. It has twelve pages, and is enclosed in a handsome wrapper stamped in gold, with an emblematic design printed in the richest colors.—The Bits.

ICELAND'S NEVER IDLE WOMEN.

When Not Engaged in Outdoor Work They Are Busy in the House.

The women of Iceland are never idle. Each family supplies its own wants in food and raiment. The people live principally by sheep raising and fishing, and the women work as hard as the men for a livelihood. They also take a large share in the agricultural work that is done on the island. They ride about the country disposing of the things they make, and they may be seen loading up the cargo boats.

During the long winter evenings they spin, knit stockings, mittens, and shirts, embroider bed covers and saddle cloths and weave carpets. They are also experts in the use of vegetable dyes. Their outdoor work is very hard for they have to fetch water for the cattle from long distances and to help the men mend their fishing implements, besides the bearing and rearing of the children, and the household work. In spite of all, however, the average duration of a woman's life is considerable longer than a man's.

There is no society in Iceland as we understand the word, but there is much practical hospitality. The women are proud of their long pedigrees and the broad acres which have been in their families for centuries. No one is rich, yet no one is very poor. They are dignified, simple and polite and are all extremely well educated.

It is rare to find a man or woman who can not read or write. The general culture has been of a very high order for centuries, and many learned societies exist in the country. The girls receive the same education as their brothers. There are also middle grade grammar schools, where they study, and they are allowed to qualify and practice as doctors.

There are only about thirty schools in the island, and those who cannot attend them receive instruction from the local clergymen or from wandering teachers.—Chicago Evening Post.

WALSH & CLASBEY

"The Clothiers"

Woman Suffrage in Wyoming.
Ida M. Tarbell in American Magazine.

The usual explanation given for the adoption of woman suffrage in Wyoming is that it was a "joke," but I think the documents show something more. At south Pass City, the county seat of one of the most populous of the Wyoming counties, there lived a fearless, able woman, Mrs. Moore. Resolute, intelligent, a woman accustomed to taking into her own hands any difficult situation she faced, she said summarily that the thing needed to keep order in Wyoming was woman suffrage. Among her townsmen was a vigorous citizen, Colonel W. H. Bright. Colonel Bright had a great respect for the superior education and judgment of both Mrs. Moore and his own wife, and when they proposed to him that he introduce into the territorial legislature a bill giving women the ballot, he consented.

The bill was prepared then in all seriousness, probably by Mrs. Moore, at least with her help. It seems to have carried on a lively campaign in its interests. The bill was passed, and it is certain that portions of the votes cast for it were by men convinced that Wyoming needed the women's votes. The governor, John A. Campbell, hesitated over the signing. Those who were in consultation with him at the time say he signed the bill finally with much misgiving and because he saw that it might become of political force and importance to the republicans, as it unquestionably proved. The women used the vote in the interests of law and order. Moreover, they made a good record for themselves as jurors, and as for Mrs. Moore, she was appointed a justice of the peace and administered the law for a term so vigorously as to make a deep impression on the community, which was any thing but peaceable in its instincts.

Great Money Saving Sale Now Going on With a Rush

THE FIRST DAY OF OUR BIG MONEY SAVING SALE DEMONSTRATED AGAIN THE MIGHTINESS OF THIS STORE. HIGH GRADE LADIES' SUITS AND SKIRTS, WAISTS, MILLINERY AND FURNISHINGS AT THE LOWEST PRICES EVER KNOWN MAKES AN IRRESISTIBLE COMBINATION. A COMBINATION PEOPLE LIKE, JUDGING BY THE CROWDS THAT HAVE FILLED OUR STORE SINCE THE DOORS OPENED. THEY CAME FROM FAR AND NEAR, AND WHY? BECAUSE THEY BOUGHT LADIES' SUITS, WAISTS, SKIRTS, MILLINERY AND FURNISHINGS FOR LESS MONEY THAN THEY HAD EVER DREAMED OF.

EVERY PERSON LEFT OUR STORE WITH A PACKAGE AND A SMILE

NEVER BEFORE HAVE SUCH CROWDS ATTENDED A SALE. NEVER BEFORE HAVE SUCH WONDERFUL BARGAINS EVER BEEN OFFERED. EVERY PRICE AND EVERY STATEMENT MADE IN OUR ANNOUNCEMENTS HAVE BEEN CARRIED OUT TO THE DOT.

9 DAYS MORE--Bargains That Defy Competition

This is no ordinary Sale--not the kind of Sale always in evidence this time of year. This is a sale with a REASON. We don't advertise one or two articles at a reduction to mislead the public, but give a bona fide reduction on everything in the store.

"THIS IS MY 42nd BIRTHDAY."

John F. Hayford, head of the Northwestern University School of Engineering at Evanston, Ill., was born at Rouse Point, N. Y., May 19, 1868, and received his education at Cornell University. In 1892-3 he served as assistant astronomer to the international boundary commission of the United States and Mexico and for three years was instructor in civil engineering at Cornell. In 1898 he became inspector of geodetic work and chief of the computing division of the United States Coast and Geodetic Survey. He remained in this position until a year ago when he was selected to head the new engineering school established at Northwestern University.

Warning.

Lake Wichita has been posted against fishing according to the law. Proper parties can secure permits to fish with hook and line between the hours of 6 a. m. and 10 p. m., on application to the manager at the office at the lake. A close watch will be kept throughout the season and a reward of \$28.00 will also be paid for evidence that will convict any one of breaking the laws against seining or dynamiting fish in any of the waters forming a part of Lake Wichita.

♦ WEATHER FORECAST. ♦
♦ For Wichita Falls and Vicinity. ♦
♦ Tonight and Friday, un- ♦
♦ settled weather; showers tonight ♦
♦ and Friday. ♦
♦*****

♦ REDUCING THE COST. ♦
♦ If the rising cost of living keeps you ♦
♦ worrying at nights when you should ♦
♦ be asleep, the following hints from ♦
♦ the Literary Magazine may not only be ♦
♦ interesting, but helpful: ♦
♦ First—Keep a garden. A man with ♦
♦ his back yard full of turnips can tell ♦
♦ the butcher to go to thunder any time. ♦
♦ Second—Walk instead of using a ♦
♦ street car. This saves car fare and ♦
♦ besides, it makes you so hungry that ♦
♦ you will enjoy the turnips. ♦
♦ Third—Wear your last year's ♦
♦ clothes. This will be saving in two ♦
♦ ways. You will save the price of new ♦
♦

ones and because of the holes in the old ones you will stay at home from the theatre, thus making a large saving.

Fourth—Get up early and work in your garden. This will compel you to go to bed early at night and will reduce your light bill by \$1 a week.

Fifth—Get a flay cooker. It will cut down your gas bills \$1 a month and will enable you to eat old hens at 11 cents a pound, instead of young chickens at 20 cents.

Sixth—Smoke stogies instead of cigars. You will soon find that one stogy, costing 1 2-3 cents a week, will do you for a month. This means a saving of \$50 a year.

Seventh—Adopt the fresh air fad and leave your windows open. After a little practice you will be able to exist in only tolerable discomfort at a temperature of 50 degrees. You have no idea how much coal this will save.

Eighth—Make your own breakfast food. Buy the handsomest colored paper box you can find and keep it filled with oatmeal. This will save you half the price of your breakfast foods.

Ninth—Discover that coffee and tea are highly injurious. People who discover this fact save enough in ten years, in narcotics and cream, to go to Europe—or would if the steamer rates did not go up every year.

Tenth—When your vacation comes, put it in exploring the city and country in which you live. You will get better food at home for less money, and the railroad fare you save will almost make up the loss caused by the rise in eggs and butter.

Beneath the satire there are many wise suggestions. The cost of living is high, partly because we are all spending too much money for things we don't need; also, we spend more money than necessary for things we do need. For instance the price of the Star-Telegram on week days is 2 cents. Yet we will doubt if one out of a hundred of our daily customers ever demand their 3 cents from the newsboy. This false liberality is typical of the ordinary American, who readily pays more than is necessary and buys more than he needs for fear some one will call him stingy.

Lieutenant Governor A. B. Davidson of Curoe is now running for a third term, saying he still wants to see himself and the state senate fully vindicated from all charges being made by Senator H. Bascom Thomas. The Post man knew Mr. Davidson in his early life and considered him thoroughly honorable and able, but we much fear he has contracted an itch for office that will follow him to the grave. In Sunday's daily papers he presented a startling exposure of Senator Thomas that would be sufficient to knock the average politician entirely out of the running, but our stock of political insight is insufficient to foretell the probable effect of the irrefragable senator from East Texas. Thomas has a happy way of mesmerizing the common voter that is beyond our ken.—Childress Post.

A gentleman who is well acquainted in South Texas, and who has just recently returned from a visit to that part of the state, says that from the way the people talk that Thomas will get at least 90 per cent of the votes. This estimate, while seemingly large, is not to be doubted when it is asserted that when Thomas visited the home town of Senator Brachfield, who was author of the resolution introduced in the state senate for the expulsion of Thomas, the people give him a cordial welcome, and after hearing him speak (the most of which was devoted to denouncing Brachfield) the people of that town absolutely refused to allow Brachfield to make a reply to Thomas. Mr. Thomas is scheduled to deliver an address in this city tomorrow, at which time those who will give him a hearing can determine whether or not he is the right kind of a man to succeed Lieutenant Governor Davidson.

It is said that Senator H. Bascom Thomas with his eloquence can sway any audience in Texas. You can hear him at the court house Friday night at 8 p. m. Ladies especially invited.

Overcoming Environment.

From the Houston Chronicle.
To a certain degree we can overcome our environment.
Poverty is an environment; likewise wealth.

Webster defines environment as "surrounding conditions, influences or forces by which living forms are influenced or modified in their growth and development."

Many a young man, born in poverty, has worked his way to wealth. Occasionally we read the interesting story of a young man of wealth working his way back to poverty on the highway of unselfishness. There was once a young man who, by his devotion to the interests of mankind in general, made a name for himself. The hero of this tale was born with a great wealth at his elbow. There was no need of his lifting a finger. However, this wealthy young man elected to pick up his pen, and with it he wrote words the beauty of which attracted the attention and admiration of a worldwide circle.

To some a little wealth spells greater wealth, but no such lure led our wealthy young man from his path of simplicity. He turned his back even upon interest for his loans. In the end he had further given away much of his capital.

But, quite as important as giving the money, he gave his time for the benefit of others. He is even said to have developed the germ of social settlements, of which we hear so much nowadays. In personal work he taught workmen independence and self-reliance.

Of course you know the name of our hero—John Ruskin.

Ruskin overcame his environment.

Man is a Failure.

From the Louisville Times.
When he has no confidence in himself nor in his fellow-men.

When he values success more than character and self-respect.

When he does not try to make his work a little better each day.

When he becomes so absorbed in his work that he cannot see that life is greater than work.

When he lets a day go by without making someone happy and more comfortable.

When he tries to rule others by bullying instead of by example.

When he values wealth above his health, self-respect and the good opinion of others.

When he is so burdened by his business that he finds no time for rest and recreation.

When he loves his own plans and interests more than humanity.

When his friends like him for what he has more than for what he is.

When he knows that he is wrong, but is afraid to admit it.

When he envies others because they have more talent or wealth than he has.

When he does not care what happens to his neighbor or to his friend, so long as he is prosperous.

When he is so busy doing that he has no time for smiles or cheering words.

Oh Lord, now that everything is coming our way, purge every democratic soul of hot air and vainglory, and insert large installments of common sense in every democratic cranium; and, oh, remember, Lord, our proneness to make fools of ourselves just when we have the world by the tail and a downhill pull, and see that we don't get in bad this time.—Houston Post.

AT ATLANTIC CITY.

Presbyterian Church General Assembly in Session Today.

By Associated Press.
Atlantic City, May 19.—With an exceptionally large attendance of commissioners and visitors the one hundred and twenty second General Assembly of the Presbyterian church formally opened today in Music Hall on the Steel Pier. The moderator will be elected this afternoon.

Metropolitan Company in Paris
Paris, May 19.—The Paris season of the Metropolitan Opera Company of New York, was opened auspiciously at the Theatre du Chatelet this evening with a performance of Verdi's "Aida."

P. H. PENNINGTON COMPANY

"THE STORE THAT SELLS FOR LESS."

Czar 42 Years of Age.
St. Petersburg, May 18.—The forty-second birthday of Emperor Nicholas was observed today in the customary manner. The emperor received the official congratulations of the diplomatic representatives, of the members of the cabinet, the heads of the various government departments, the army and the navy and of various civic organizations at the Peterhof palace, but there were no public demonstrations in the city, beyond a general display of flags upon all public and many private buildings.
Nicholas II, who is the eighth ruler from the House of Romanof-Holstein, was born May 6th, or May 13, according to the new style, in the year of 1868, and was the eldest son of Emperor Alexander III, and Princess Dagmar, daughter of the late king of Denmark. He ascended to the throne November 1st, 1894, and, four weeks later, was married to Princess Alexandra Alix, daughter of Grand Duke Ludwig IV., of Hesse.

San Bernardino's Centennial.
San Bernardino, Cal., May 19.—San Bernardino today began a three days' celebration of the one hundredth anniversary of its founding. It was on May 20th, 1810, that a little band of missionaries and soldiers from the San Gabriel mission halted their march and made the camp that grew into the city of San Bernardino. It was on the feast day of San Bernardino de Sienna, and in honor of that saint the little band of Franciscan missionaries renamed the beautiful valley which had been known among them previously as El Valle de San Jose.

Coal Merchants in Session.
Memphis, Tenn., May 19.—The Kentucky-Tennessee Retail Coal Merchants' Association began its annual convention in Memphis today with a large attendance of leading representatives of the trade in the two states. The two days' program of the convention provides for addresses by several speakers of prominence, in addition to the transaction of the regular business of the association.

THE OLD RELIABLE

We thank the people of Wichita Falls for their liberal patronage for the past several seasons and wish to let them know that we appreciate same. In this connection we wish to announce that our delivery wagons will be run to every portion of the city, both resident and business districts, and the more patrons we have to serve the better we like it. There need be no fear of not getting good service by giving us your orders, for we expect to take care of our patrons at all events, even if we are forced to double our force of teams and men. Again thanking you for your patronage, and soliciting a continuance of same, we beg to remain,
Yours, Greatfully,

The Wichita Ice Co.

Save money in baking

Thousands of housewives, many of them members of the famous Health Club of St. Louis, save money every baking day. Their success in making delicious biscuits, cakes and pastry is due to Health Club Baking Powder. They have no "bad luck bakings" because every spoonful of every can of

Health Club Baking Powder

is blended and tested by experts. It has the highest leavening power of any baking powder made. And so you see you need only use one little teaspoonful of Health Club when all other kinds require twice as much.

If you want to be a better cook, bake easier and save money, always ask your grocer for Health Club Baking Powder—the powder all good cooks use.

In 10c, 15c and 25c air-tight cans.

Don't Use Ordinary Salt!

Shaker table salt is the cleanest, purest, saltiest salt on the market, and it costs but a few cents a year more than the ordinary kind. It is the cleanest because it comes packed in a sanitary paraffined box, dust proof, damp proof, and odor proof. It is the purest because it is the only salt from which gypsum is removed. It is the saltiest because it is all salt and nothing else. The flavor is bound to be right. Shaker salt always flows freely. It never gets hard or lumpy in any climate. Why use salt of doubtful quality? Buy Shaker table salt and you are sure to get the best. 10c per Package.

Something New IN DRIED FRUITS

PITTED CHERRIES AND PLUMS.

They may not be new to some of our friends but to others they are.

Dried Cherries are not common because to put them up right they must be pitted and that costs money.

But for a real rich, juicy cherry pie or pudding there is nothing quite equal to them; our stock is put up in 1-lb packages which keeps them clean and fresh.

35c per Package.

The plums are the popular purple variety and as you get solid plum meat with not stones you get a bargain when we ask only

20c per Pound.

HARDEMAN & ROBERTS

PHONES, 432, 232.

WICHITA FALLS, TEXAS

The Direct Action Gas Range IS BEST

BECAUSE:

- It has no oven bottom to burn out.
- No dangerous pilot lights to cause explosions.
- Enameled steel walls which do not rust.
- 5 feet of gas will finish biscuits on both racks starting with cold oven.
- Burner caps not connected, but loose; easy to clean.
- Does not heat the boiler when you bake or roast.

"SWELL" JARRETT ARRESTED.
Was Drunk and Disorderly and As Usual, Makes Trouble for Police.
M. J. (Swell) Jarrett was arrested late yesterday afternoon by City Marshal Gwinn and Policeman Allen on the charge of being drunk and disorderly. The arrest was made on Ohio avenue near the corner of 7th street, and Jarrett, who is a powerful man, resisted the officers every step of the way from there to the city hall, and created quite a good deal of excitement. As a result of his resistance a plate-glass window in a business house on Ohio avenue was shattered, which will cost to replace something in the neighborhood of \$50.
The officers were forced to handle Jarrett a little rough, but it is the universal verdict of nearly all, that considering his conduct and past record, he was let down easy by the officers.
Several of Jarrett's sympathizers attempted to interfere with the officers, and one who was more daring than the rest was landed in jail with Jarrett, where was allowed to remain over night.
Jarrett made bond and was released last night about midnight, and is very penitent this morning, though he swore like a trooper and kicked like a mule while the officers were taking him to jail.
This is not the first time he has given the officers trouble by attempting to walk through the Wichita Falls.

"THIS DATE IN HISTORY."
May 19.
1535—Jacques Cartier sailed from St. Malo on his second voyage to the New World.
1689—Charter of Connecticut removed from the oak.
1762—Phillip Benner, the first manufacturer of the "Juniata, iron," born in Chester county, Pa. Died there July 27, 1832.
1780—The "Dark Day" caused consternation throughout New England.
1840—John Adair, eighth governor of Kentucky, died in Harrodsburg, Ky. Born in South Carolina, Jan. 9, 1757.
1843—Sir Charles Bagot, Governor General of Canada, died at Kingston.
1847—Brig "Carrick" wrecked in a gale in the St. Lawrence, and 170 emigrants perished.
1864—Nathaniel Hawthorne, famous novelist, died at Plymouth, N. H. Born in Salem, Mass., July 4, 1804.
1876—The British Columbia legislature passed an act to organize its educational system.
1898—William E. Gladstone died. Born Dec. 29, 1809.
1909—Henry H. Rogers, vice president of the Standard Oil Company, died in New York. Born in Fairhaven, Mass. in 1840.

Presbyterian Assemblies.
Atlantic City, N. J., May 19.—Nearly 2,000 commissioners, alternates and visitors filled the Music Hall pavilion on the Steel Pier this morning at the formal opening of the one hundred and twenty-third annual session of the general assembly of the Presbyterian Church in America. The session was opened with the sermon of the retiring moderator, the Rev. James M. Barkley, D. D., of Detroit.

Lewisburg, W. Va., May 19.—The annual assembly of the Presbyterian Church in the United States, commonly known as the Southern Presbyterian Church, was opened here today with the sermon of the retiring moderator, the Rev. W. E. Boggs, D. D., of Atlanta. The assembly, which will be in session a week or ten days, is attended by delegates from Georgia, Louisiana, Kentucky, Mississippi, Alabama, Florida, Arkansas, North Carolina, South Carolina, Missouri, Texas, Tennessee, Virginia and West Virginia.

Dickson Tenn., May 19.—The Cumberland Presbyterian assembly met here today to celebrate the one hundredth anniversary of the organization of the denomination. Though the Cumberland branch was merged with the Presbyterian Church of the United States in 1906 it still continues to hold its own general assemblies.
The Cumberland church, which is now rounding out the first century of its existence, was established Feb. 10, 1810, by three ministers excommunicated from the Presbyterian church. It is said, because they took exception to the doctrines of fatality taught in the Westminster confession of faith.
With 185,000 members in 1906 an attempt was made to consolidate all the Presbyterian denominations in the world, but a number rebelled against the plan and their determination to maintain a separate church as before has been supported by court decisions in Tennessee, Missouri, Indiana and other states.

DEAR LADIES
It's Parisian Sage That Makes That Other Woman's Hair So Bewitchingly Lustrous.

When we say that Parisian Sage is the most wonderful hair tonic, dressing and beautifier known to mankind, we are simply stating a fact that you can easily prove.

Get a large 50 cent bottle today; use it for two weeks; if it isn't the most delightful and refreshing tonic you ever used; if it doesn't drive out dandruff, stop falling hair or itching scalp, you can have your money back.

Mrs. Francis Koegel, 41 West Jessamine St., St. Paul, Minn., on Nov. 16, 1909, wrote: "I have used several hair tonics, but there is none that can compare with Parisian Sage.

"It cured my falling hair and dandruff, and it does not only cure those troubles, but it is the best hair grower in the world."

Parisian Sage is creating a sensation wherever introduced. It is not sticky or greasy. It is in great demand by women of superior taste and refinement who desire fascinating and luxuriant hair that never fails to compel admiration.

Boston-Key West Waterway.
Boston, Mass., May 19:—A well-attended meeting in the interest of the Atlantic Deeper Waterways project was held at the Vendome Hotel today under the auspices of the Massachusetts State Board of Trade. Following the business sessions of the meeting concludes tonight with a banquet at which Congressman J. Hampton Moore of Pennsylvania, Congressman John H. Small of North Carolina, and Governor Pothier of Rhode Island, are to speak.

The business sessions of the meeting were devoted chiefly to the discussion of plans for the national convention to be held in Providence this fall by the Atlantic Deeper Waterways Association. The association was organized at Baltimore a year ago to promote the construction, as a national enterprise, of a chain of canals connecting natural and protected waterways along the Atlantic coast, thereby forming a continuous inner navigation route from Boston to Key West.

Six Made Bishops at One Time.
St. Paul, Minn., May 19.—An event without precedent in the history of the Roman Catholic Church in the United States took place today at St. Paul seminary, when six newly appointed bishops of the church were consecrated at one continuous ceremony. The consecrating prelate was Archbishop Ireland, who was assisted by a large gathering of prelates and priests from all over the northwest.

The six priests who were consecrated as bishops, were: Rev. James O'Reilly of Minneapolis, bishop of Fargo; Rev. P. P. Heffron, formerly rector of St. Paul Seminary, bishop of Winona; Rev. J. J. Lawler, pastor of the Cathedral parish of St. Paul, auxiliary bishop of St. Paul; Rev. Timothy Corbett of Duluth, bishop of Crookston; Rev. Vincent Wehrle, Benedictine Abbott at Richardson, N. D., bishop of Bismark, and Rev. Joseph Busch, director of Catholic missions, St. Paul, bishop of Lead, S. D.

PLAYS AND PLAYERS.

Wilton Lackaye will star in a new
role next season.
William Gillette is writing a play
called "Miss Electricity" for Miss
Marie Doro.
Olga Netherole is still resolved to
produce one new American play each
season.
Harriet Burt is to go into vaudeville
with an one-act comedy entitled "In
Silver Idaho."
Charles Bigelow and John E. Hen-
shaw are going into vaudeville, acting
together in a sketch.
Miss May de Sousa of Chicago, has
joined the cast of James Forbes' new
comedy, "The Commuters."
Eva Tanguay is to succeed Anna
Held as Florence Ziegfeld's principal
star, when Miss Held retires.
Julie Herne lately appeared in a
sketch called "A Mountain Cinderella"
by herself and George D. Baker.
The Shuberts will have a summer
review, "Up and Down Broadway,"
the feature of which will be Eddie
Foy.
The New Theatre of New York has
engaged George Arliss for its com-
pany next season. He will make his
first appearance there in the autumn.
Katherine Kavanaugh has received
two commissions for vaudeville sketch-
es, and is preparing the outline of a
three-act comedy for a prominent star.
Frank N. Darling has been engaged
by Florenz Ziegfeld Jr., as musical
director for "The Follies of 1910." He
will have an orchestra of thirty-two
pieces.
Eva MacDovald, an Australian ac-
tress, has been engaged for the role
of Anna Brown in one of Wagenhals
& Kemper's "Seven Days" Companies
for the coming season.
George Arliss will shortly appear in
a new play entitled, "When Two Write
History." The piece was originally in-
tended for production by E. H. South-
ern.
Viola Allen has closed her season
in "The White Sister," and has sailed
for Europe, where she will make an
extensive tour during the summer va-
cation.
Kitty Gordon will be the star of a
new production in Chicago in October,
called, "Theresa, Don't be Angry." The
production will be made by Kiaw &
Erlanger.
Helen Ware, who made such a hit
in "The Third Degree," is to be star-
red next season in a play by Robert
Peyton Carter and Ann Alice Chapin,
called "Della of the Secret Service."
Mrs. Fisk will use only three plays
of her large repertory during her forth-
coming spring and summer tour to the
Pacific coast—"Pillars of Society,"
"Hannele" and "Beck Sharp."
Arrangements have been completed
for Bertha Kalich's starring tour un-
der the direction of the Shuberts next
season. Mme. Kalich will be seen in
two plays—"Youth," from the German
"Jugend" by Max Halbe, and "Sold,"
a play from the Russian of George
Erastor. The season will open early
in the autumn.

Public Notice of Dissolution.
Notice is hereby given that the part-
nership lately subsisting between C.
W. Hendricks and E. T. Phelan of
Wichita Falls, County of Wichita and
State of Texas, under the firm name of
Hen-Phe Company, is, by mutual con-
sent, dissolved on this, the 12th day
of May, 1910.
All debts owing to the said part-
nership are to be received and paid to
the said E. T. Phelan, and all demands,
claims and debts of every character
and description are assumed by the
said E. T. Phelan, and are to be pre-
sented to him for payment. The said
C. W. Hendricks retires from the said
firm and the said E. T. Phelan will
continue the business under the name
of "The Do-Biz Co."
Witness our hands at Wichita Falls,
Texas, this, the 12th day of May, 1910.
E. THOS. PHELAN.
C. W. HENDRICKS.
312-106—

To Foster Sunday School Work.
Washington, D. C., May 19.—Nearly
every civilized nation is represented
by the men and women who have reg-
istered at the Cavalry Baptist Church
in this city as delegates to the sixth
World's Sunday School Convention,
which is to hold forth here during
the next five days. An idea of the
size of the attendance at the gathering
may be had from the statement that
the United States and Canada alone,
have sent over 2,000 delegates. Every
country of Europe is represented, as
are also India, China, Japan, South
Africa, Australia and other distant
lands.
The convention has its formal open-
ing in Convention Hall tonight, when
the delegates will assemble to listen
to eminent speakers on the theme of
the influence of the Sunday School on
the nations. Rev. F. B. Meyer of Lon-
don, president of the convention, will
occupy the chair, and the chief speak-
ers will be President Taft and John
Wanamaker of Philadelphia.

Conference on Charities.
St. Louis, Mo., May 19.—Child labor,
the loan shark evil, industrial hygiene,
the rational care of consumptives,
wage standards, the defects in the
public school system of the United
States, and numerous other problems
of great public interest are to be dis-
cussed at the annual meeting of the
National Conference of Charities and
Correction, which begins a week's ses-
sion in this city tonight. The gather-
ing has brought together many men
and women who have made their life's
work the scientific study of the best
means of caring for or reforming the
defective and incorrigibles, feeding the
hungry, clothing the naked, educating
the ignorant and reforming the trans-
gressor. It is believed that in the
number of delegates the conference
will be one of the greatest gatherings
of social workers ever held.
Among the persons of prominence
who are scheduled to address the con-
ference are Mrs. Kate Waller Barrett
of Washington, D. C.; Charles Loring
Brace, secretary of the Children's Aid
Society of New York City; Charles E.
Faulkner, of Minneapolis; John B.
Montgomery, of Coldwater, Mich.; Miss
Beulah Kennard, president of the
Pittsburg Playground Association; W.
B. Baker, of Spokane, Wash.; Miss
Kate Bernard, Commissioner of Char-
ities of Oklahoma; Dr. Albert Warren
Ferris, president of the New York
State Commission on Lunacy; Prof.
John R. Commons, of the University
of Wisconsin; Harry Olson, Chief Jus-
tice of the Municipal Court of Chicago,
and Major Richard Sylvester, superin-
tendent of police of Washington, D. C.

WELL! WELL!

I cannot attempt to say just what
you will need for summer, but I can say
Ice Tea Glasses will make up part of
your needs; yes, and some of those
beautiful Ice Tea Spoons to go with
the glasses.

LITTLE STORIES.

Mark Twain Got Tired.
Next to his cigars, the late Mark Twain was fond of a game of billiards, and before the beginning of the decline that resulted in his death he was able to play an excellent game. As a beginner, however, he considered himself lucky to run out a string of fifty at straight rail billiards within an hour.
It was at this stage of his progress in the game that he was once accosted by a stranger in a public billiard room. "Shall we play?" asked the stranger. Twain agreed, and they decided on a game of one hundred points at straight rail. The stranger won the bank and began shooting. He had run ten when Twain left the side of the table and took a chair. The stranger continued. Twenty, thirty, forty, he counted, and still he collected the balls where he would and clicked off the points. At seventy-five Twain replaced his cue in the rack and leaned back with a sigh of resignation, while the stranger ran out the game without giving the humorist a single shot.
The stranger then spotted up the balls and said:
"Well, go ahead; I'll give you the first shot this time."
Twain stretched his arms, manufactured a yawn and replied:
"No, I think I'll quit; I'm all tired out."

The White Is King of All Sewing Machines.

Just received a large shipment of vibrator and rotary shuttle styles, if you are in need of a good machine call at 807 Indiana avenue and I will have what you want. Also machines for rent, \$1.00 per week.

Yours respectfully,
H. F. EHLERT

From the Island of Strife.
In illustration of the futility of any person's being a democrat, President Taft tells a story as it was told to him by an Irish judge.
A prisoner was brought before the judge on the charge of murder. He was convicted, but the jury recommended clemency because physicians who had gone on the stand testified that the murdered man would not have died from the blow he had received had he not had what is technically known as a "paper skull," this meaning that the skull was abnormally thin.
The judge pointed this out to the prisoner and asked him if he had anything to say to modify his punishment.
"Judge," said the convicted man, "this is Tipperary."
"Yes," said the judge; "the county of Tipperary."
"Well, your honor," concluded the prisoner, "all I can say is I wish you would tell me what business a man with a paper skull has got in Tipperary?"—The Popular Magazine.

Sleep of Hibernation.
Harper's Weekly.
The sleep of hibernation is a very different matter from the sleep of repose. If it be complete, respiration can no longer be detected. A torpid bat when disturbed will heave a sigh or two, and, being left alone, again to all appearances, cease to breathe.
Submerged in water of a temperature slightly higher than his own, the hedgehog not only continues to live, but appears to suffer neither inconvenience nor harm. Enclosed in an airtight receptacle his atmosphere undergoes a change so slight that it affects him slightly, if at all.
But circulation does not cease. As respiration diminishes, the irritability of the muscles of the heart increases; and thus, without the stimulation of oxygen, although much more slowly, the heart continues to beat. In the absence of the fresh air drawn into the lungs in times of activity, uncleaned and unrevigorated and venous blood passes on to fill the whole system of circulation.
A profound lethargy ensues, distinguishable from death only by the slight beating of the heart. The waste is very small. The fat accumulated during the plenty of summer and autumn supplies all expenditure until the coming of spring, when earlier or later the hibernating animal, having no capital in reserve begins to suffer the pangs of hunger. In response to the demand, respiration slowly increases. His oxidized blood flows more quickly and his energy returns.
Then the bat flies forth once more from the hollow tree in the wood to find the warm dusk teeming with insect life, and the hedgehog comes, it may be, from the cavity under the gnarled roots below, to find beetles, worms and slugs once more among the spring grass.
Hibernation has saved both from death by starvation, but if their nooks had not been snug and wisely chosen they would not have been preserved from death by frost.
The hidden place also must be secret and free from intrusion, for the hibernating animals can not bear to be suddenly aroused. Even the little dormouse, which comes out at intervals to feed, when in deep sleep must be carried indoors to the warmer temperature of a room or revived by the heat of the hand pressing through the nest. He then wakes refreshed and full of activity. But he does not survive too hasty an awakening.

When George Made a Hit.
"Darling," he breathed rapturously, "I swear by this great tree, whose spreading branches bear witness to my sincerity—I swear that I have never loved before."
The girl smiled faintly and observed:
"You always say such appropriate things, George; this is a chestnut tree."—Everybody's Magazine.

Monument to the Howes.
Spencer, Mass., May 19.—A \$3,000 monument, paid for with subscriptions from members of the Howe family in all parts of the United States, was erected here today to commemorate the three brothers who were inventors, Elias Howe, Jr., William Howe and Tyler Howe, all of whom were natives of this place.
Elias Howe invented the sewing machine, William Howe the truss bridge and Tyler Howe the spring bed.

NOT YET THROUGH.

Princeton Astronomer Says Unexpected Delay Occurred.

Princeton, N. J., May 19.—At 2:00 o'clock a. m. Dr. Henry Russell, professor of astronomy at Princeton university, declared that, contrary to the general predictions, the earth has not yet passed through the tail of Halley's comet. He said that toward the east a distinct streak of light was visible very much similar to the tail. He declared that the reason why the earth had not yet reached the comet's tail is that the tail is curved away from the earth and, although the head of the comet has crossed the sun's disk by four hours, the tail will probably not reach the earth until later in the morning.

THE WICHITA CANDY KITCHEN
707 Ohio Avenue.

I am selling ice cream and sherberts, delivered free of charge to any part of the city.

It is also the coolest, neatest and most up-to-date and inviting place in the city to refresh one's self with a cool drink or where the purest and best flavored homemade candies, guaranteed to be made of the very best material are to be obtained. Call and see us; we are doing our best to merit your good will and patronage.

LOCAL NEWS BREVITIES

The two-year-old daughter of Mr. and Mrs. J. E. Bond, 1511 Eleventh street, died last night at 11 o'clock of flux. Funeral services will be conducted at the family residence by Rev. R. R. Hamlin, pastor of the Christian church, at 4 o'clock this afternoon. Interment at Riverside Cemetery.

At yesterday's meeting of the Chamber of Commerce directors, a proposition from North Carolina parties to establish a hosiery mill here was declined, the bonus required being considered unreasonable.

The Mims Produce Co. has purchased the Elliott Market at 724 Indiana avenue and will make it a point to please the trade. See their ad in tomorrow's Times.

Following the morning's rain the sun came out this afternoon and the outlook is now for a spell of dry weather and sunshine.

FAVOR SPELLING CONTEST.

County School Superintendent Believes in County Spelling Bees.

Guthrie, Okla., May 19.—The state superintendent's office has received expressions from about two-thirds of the county superintendents of the state favoring the plan of having a county spelling contest to select a state representative for a national contest at the National Educational Association meeting this summer. Following the plan used in North Dakota, where the idea was first advanced. State Superintendent Cameron will in the near future appoint a committee of five county superintendents, one from each supreme court judicial district to arrange the date and details of the state contest and select the list of words to be used in the contest.

Pastors Ask for Raises.

Philadelphia, Pa., May 18.—Applications from nearly 300 ministers, asking for increases in salary, were taken under consideration by the Board of Home Missions of the United Presbyterian Church, which convened for its annual meeting in this city today. In their requests for more pay the ministers declare that their present salaries are insufficient in view of the high prices of commodities and the increased cost of living.

To the Ladies.

If you have lace curtains to laundry, phone W. K. Shaver, 209 Burnett. He will do the work well and satisfactorily. —4-2p.
