VOLUME 4

WICHITA FALLS, TEXAS, SATURDAY, JUNE 4, 1910

NUMBER 19

SCHOOL CENSUS IN COUNTY INCREASES

WILL PROBABLY BE ABOUT SIX HUNDRED AHEAD OF LAST YEAR'S SHOWING.

HEAVY GAIN IN WICHITA

Total for Entire County is Expected to Be Close to Four Thousand Mark.

County Superintendent, H. A. Fairchild, has received reports of the scholastic census of all of the school districts in Wichita county, except the Howard district (east of town) and the Wichita Falls Independent district. The Howard district is expected to show 100 or over and Wichita Falls 1900 or over. The districts that have reported show a total of 1806. Last year same districts with Howard included showed 1769.

Iowa Park reports 253, which is an increase of 25. Burkhardt reports 229, an increase of 5. Electra reports 154, this being the first time that Electra has reported separately. Superintendent Fairchild thinks the county will show an increase of over 600. This report is made from the totals sent in by the district enumerators, and the final figures, when checked by the Superintendent, may vary slightly from the above.

In 1909 Wichita county's total was 3191. (1422 in side Wichita Falls, and 1769 outside.) This year Wichita Falls district is expected to show 1900 and county outside about 1900. V. G. Sreen, the Wichita Falls enumerator, has already found a total of 1910, or five hundred ahead of last year's showing. He has not yet quite completed his canvass, but will have finished it within a few days. In the meantime all of those whose children have not been enumerated are expected to communicate with him so that the census may be as near perfect as possible.

HENRIETTA WINS AGAIN; IRISH LADS NOW TIED AT HEAD WITH QUANAH

Club	Pld.	Won	Lost	Pcc.
Irish Lads	5	3	2	.600
Quanah	5	3	2	.600
Altus	4	2	2	.500
Henrietta	6	2	4	.333

The Irish Lads suffered another defeat at the hands of the tallenders at Henrietta yesterday afternoon and their position at the top of the percentage column is now contested by the Quanah team. Quanah and Altus did not play yesterday on account of a wet field at Quanah. Had they played and Quanah won, the Lads would have dropped to second place.

Henrietta is here today for a series of three games beginning this afternoon. Tomorrow's game will start at 3 o'clock. The home team hopes to strengthen its position at the top of the row by taking three straight games, which in the face of the two defeats by the Henrietta team at Henrietta may not be easy to do. Henrietta won yesterday's game by hard hitting, the score being 5 to 3.

KENTUCKY SOCIETY BEING ORGANIZED

FORMER CITIZENS OF BLUE GRASS STATE MAY FORM AN ASSOCIATION.

TO ADVERTISE SECTION

One Purpose Will Be to Bring More Kentuckians to This Part of Country.

The organization of a Kentucky Society, including in its membership the natives of Kentucky who reside in this city and section, is contemplated, and a membership list will probably be circulated next week. The society is organized for the double purpose of again uniting the citizens of the Bluegrass state and for bringing more Kentuckians to this section by exploiting its advantages.

Secretary Barrickman of the Chamber of Commerce and Postmaster O. T. Bacon have taken the lead in the matter and hope to be able to secure all the former Kentuckians in this section as members. At first, the society will include those in this and neighboring cities, but will probably be later extended to other towns in Northwest Texas. It is planned to hold an annual meeting, with a banquet and have some prominent Kentuckian or ex-Kentuckian address the members.

The Kentuckians in this section include W. A. Barrickman, O. T. Bacon, R. H. Suter, Edgar Rye, J. L. Downing, W. W. Robertson, J. C. Donaghy, H. C. McGlasson, J. F. Reid, J. C. Coons, Wade H. Walker, S. H. Burnside, all of this city and W. L. Forgy of Archer City. It is hoped to complete the organization of the society within a few days and hold the first meeting at an early date. "Bill" Sterrett, formerly exchange editor of the Dallas News, now at Lawton, will probably be the orator at the first reunion.

The county and district courts will be in session Monday and a large amount of business is awaiting attention. The grand jury will convene Monday for the June term.

Chavarria, who occupied the fortified hill near Rama, made a dash with the object of escaping to the interior. General Mena sent General Reero to cut off the retreat. ANOTHER GENERAL RAIN LAST NIGHT

TWO INCHES FELL IN THIS COUNTY DURING NIGHT—ELECTRICAL DISPLAY.

HELPS CORN AND COTTON

Visited Points Up and Down Danver and On Southern and North-Western.

This section was visited by another generous rain last night, the precipitation continuing nearly all night and covering a wide stretch of territory. Two inches of rain fell locally and the county was given a thorough soaking. Considerable wind accompanied the rain and at times it assumed the proportions of a storm.

Rain began falling in town at about 9:30, lasting about half an hour. It began again soon after midnight and continued until early this morning. A great deal of water found its way to the creeks and to the river, which is about two feet higher this morning. The early rain last night did not reach the country south of town, but that which began falling at midnight extended about fifty miles south.

All points on the Wichita Falls and Southern were visited and heavy rains are reported from Vernon, Henrietta and Decatur. Rain fell at Quanah and other points in this section late yesterday afternoon. The rain was comparatively light in the northern part of this county and not over half an inch fell ten miles north of town, according to reports received from farmers.

A brilliant electrical display accompanied the late rain and for a short time a high wind prevailed, but little damage was done in this city. This will prove of material aid to corn and cotton and will put those crops in good condition once more.

The black, heavy clouds which preceded the rain gave promise of a storm causing the more timid ones to seek their dug-outs, but beyond a brisk wind and considerable thunder and lightning, there was no storm. This time of the year is considered the storm season, and those familiar with weather conditions are apt to look askance at every dark cloud.

PETROLIA GUSHER HAS BEEN OPENED

CAPACITY IS REPORTED TO BE TWO THOUSAND BARRELS PER DAY.

HIGH BONUS FOR LEASES

Producers' Company Pays Fourteen Thousand Subsidy For One Adjacent Tract.

The flowing well which was brought in at Petrolia several weeks ago, was opened by the operators yesterday morning for the first time since it came in. It is a strong vigorous well, with a capacity estimated variously at from five hundred to two thousand barrels per day. This well was brought in on the C. T. Taylor lease by the Producers' Oil Company about a month ago, but the affair has been kept as quiet as possible since that time, the well being re-opened yesterday for the first time since it came in. The shaft is said to have gone down about two thousand feet.

The Producers' Company has secured several very desirable leases in the vicinity of this well, which is on the eastern edge of the field. W. A. Matlock was paid a bonus of fourteen thousand dollars on one hundred acres near the well, in addition to the one-eighth royalty. Some other leases are now being closed up.

The same company is now putting down a well on the Jacob Mosher lease, six miles east of Petrolia, work being started this week.

The Sealy Company has started work on a well on the H. Boddy lease, also on the John Burrus tract about five miles east of Petrolia. W. A. Sullivan is in charge of the drilling.

J. W. McAlester has started work for the same company on the John Usher-wood lease about two miles from Petrolia, near the Wichita Falls and Oklahoma right-of-way.

The Producers' well is still the center of interest in the field and the showing it makes will be watched with close attention. The company will probably begin shipping from this well within the next few days.

It is promised that there will be some very interesting developments when the case comes up for trial, which will probably be next week. L. H. Mathis is attorney for the plaintiff.

WHEAT THRESHING NOW IN PROGRESS

MACHINES WILL BE AT WORK SOON ON MOST OF FARMS IN THIS COUNTY.

GOOD YIELDS REPORTED

Some Farms in Red River Bottoms Will Make Twenty Bushels to Acre this Year.

The voice of the threshing machine is now heard in the land and the machines are now busy with the wheat crop of Wichita county. The crop is late this year and comparatively little threshing has been done as yet. The yield in this county varies in different sections, but, taking the county as a whole, is better than it was at first thought it would be.

George Musgrave, a farmer residing about ten miles north of town, will make close to twenty bushels to the acre. He expects to begin threshing Monday. His brother, J. H. Musgrave, has just finished threshing and made between ten and twelve bushels. These yields are considered a fair sample of the crops to be made by other farmers who will start threshing shortly. In the Red River section the best crops will be made.

Farmers in the city today report that last night's rain put a great deal of moisture in the ground and that corn and cotton are doing as well as one could wish. The general movement of wheat in this county will begin within the next few days, probably as soon as the roads will permit its being brought to town.

ASSISTANT MANAGER OF TIMES OFF TO ATTEND ARKANSAS CONVENTION

Mr. Geo. H. Trevathan, assistant manager of the Times, left this afternoon for Little Rock, where he goes to meet old friends and to attend the state convention, which is to convene there on the 7th.

Mr. Trevathan has figured very prominently in Arkansas politics in the past, and the Times takes advantage of his absence to give a short sketch of his political record in that state, which is about as follows:

In 1897 he was elected journal clerk of the house of representatives in Arkansas, re-elected in 1899, elected assistant secretary of the senate in 1901, and during the years 1902, '04 and '05 held the position of chief bookkeeper in the office of the state treasury at Little Rock, resigning to re-engage in the newspaper business at Batesville, where he resided until his removal to this city. In 1907 he was elected secretary of the state senate and was re-elected in 1909. In the campaign of 1908 Mr. Trevathan managed the candidacy of Hon. W. A. Oldfield for the democratic nomination to congress; Mr. Oldfield carrying nine out of the twelve counties in the Second district, and in the re-organization of the democratic congressional committee Mr. Trevathan was elected chairman, and by virtue of the chairmanship of the committee he will call to order the congressional convention which meets in Little Rock Tuesday to nominate Mr. Oldfield for another term in congress without opposition.

He has attended every state democratic convention in Arkansas since 1892, and went to Little Rock to attend the convention this week for the pleasure of meeting his friends who will be in attendance.

IN SOCIETY'S REALM

The Brides of June.
All hail the blushing brides of balmy June!
All hail the church bells clanging the old tune!
All hail the wedding march and floral tokens!
All hail the mutual vows so glibly spoken.
(They've been rehearsed for weeks in private session.
As the wedding march—but that's digression.)

All hail the fond mamma—proud of the lover;
All hail the glad papa—who's glad it's over;
All hail the younger sister, now in clover
(For now the elder's "married off" her chances.
Are not confined to debutante dances.)

All hail the groom, whose expenses more than double;
All hail the bride, already scenting trouble;
All hail June weddings, the grain in social stubble
(For all the garnering of th' fashion season—
Is duly harvested—if that's not treason.)

All hail the clergymen, whose fee's a bonus;
All hail the best man, who takes the onus;
All hail the tradesmen, who skin and bone us
(For of all the merry seasons of the year
The gladsome month of June is the most dear.)

All hail the presents—three teapots and one spoon;
Six ice pitchers, three lunch plates for some noon,
A music box that only plays one tune,
(And then, oh, this is that's hard,
A pickle dish with last year's Christmas card.)

Walker-Anderson.
The largest and most elaborately appointed wedding that has ever occurred in Wichita Falls was when Miss Mary Louise Anderson, second daughter of Mrs. A. D. Anderson, became the bride of Mr. Mark D. Walker.
The wedding took place at the First Presbyterian Church, last Wednesday evening at nine o'clock in the presence of a large assemblage of friends. Rev. J. L. McKee, pastor of the church performed the ceremony.

The church was effectively decorated; the chancel being banked with ferns and palms, while trailing vines were used about the altar rail. The entire space about this was converted into a veritable flower garden, which made a fitting setting for this beautiful wedding.

Previous to the ceremony, Mrs. McKee of Grandfield, Oklahoma, sang sweetly the wedding hymn, "O Perfect Love." Mrs. O. E. Maer, of Childress presiding at the pipe organ in her own inimitable way.
While the bridal chorus from "La-hengrin" was sung by Mesdames Carrigan, Woodward, Fitzpatrick, McKee, Darnell, Patterson, Beavers, McCune, Montgomery, Burnside, Smith, Misses Haynes and Ingram, the ribbon bearers—Virginia Miller, Anderson Kemp, Kathleen Lynch, Malcolm Kelley came down either aisle with white streamers marking a path for the bridal party. Following these were the eight bridesmaids, who wore dainty lingerie frocks and carrying baskets of pink carnations and lilies. They were Misses Esther Gorsline, Charlie Mae Scott, Lucille Brooks, Temple Thompson, Willie Mae Kell, Sibyl, Jewel and Flora Kemp. The bride was attended by Mrs. P. P. Langford, as matron of honor, who wore an exquisite lace gown, with diamond ornaments. She carried an arm bouquet of white roses. The bride entered on the arm of her mother, who was dressed in white.

Preceding the bride was the ring bearer, little Mary Francis Collier, carrying the ring in a large white rose. The bride was becomingly gowned in a chiffon creation, hung over mesaline and trimmed with Duchesse lace and pearl passementerie made in train with her veil caught with orange blossoms.

She carried a shower bouquet of roses and lilies of the valley tied with tulle. Little Elizabeth Carrigan, Josephine Kell and Sibyl Kell were flower girls, strewing pssamine petals before the happy couple as they passed out of the church.
The groom was attended by Mr. Lamar Fain as best man, while Messrs. Barron, Harley Heath, Newton Maer, and Piner Avis acted as ushers.
Mrs. Maer played Mendelssohn's wedding march for the recessional.

Following the wedding was a large reception at the new Anderson home on Austin avenue.
The hostess was assisted in the hall by Mesdames Kemp, Burnside, Richolt, and Patterson. The room was artistically decorated with choice plants here and there throughout, and the living porch was a perfect paradise amongst the vines and plants. Here cooling punch was served by Miss Sadie Kell, assisted by Misses Bertha May Kemp, Kathleen Blair and Bessie Kell.
The bride's book was in charge of Mrs. O. E. Maer.

The dining room was presided over by Mesdames Carrigan and Woodward, who were assisted by Misses Reid, Carrigan, Simpson, and Barwise in serving ices and cake.

The table was specially pretty, having an immense centerpiece of white carnations with ferns and four tiny baskets filled with sweet peas and tied with tulle. Cape jassamines and ferns were also used in decorating the dining room.
The young couple received many loyal presents.
Mrs. Walker is well known in her home town, and is an accomplished musician as well as possessing many charming traits of character. Mr. Walker is the son of Mr. and Mrs. D. B. Walker and is considered an unusually fine young man. He was raised in Wichita Falls and is connected with the First National Bank.

The out-of-town guests included Mr. and Mrs. Maer of Childress, Mrs. McKee of Grandfield, Miss Charlie Mae Scott of Fort Worth, and others.
On Saturday afternoon at 5 o'clock Mrs. J. A. Kemp and her daughters, Misses Sibyl, Jewell and Flora entertained with a garden party and lily shower in honor of Miss Mary Anderson. The guests were received upon the spacious lawn, over which Navajo rings and camp chairs were scattered, transforming the whole into a vast reception room. The punch bowl was stationed under a spreading pear tree, little Miss Marion Maer and Bertha Mae Kemp serving the guests. Shortly after the arrival of the honoree, the guests were summoned to the rear end of the lawn where a big laundry basket mat beneath clothes line stretched between the trees. The basket was opened by Miss Anderson, all her friends joining tier in hanging out the washing. Many very dainty and beautiful pieces of linen were employed, all of them being the gifts of the guests assembled. Refreshments were served shortly afterwards by the hostess in a most appropriate manner. The guests each receiving a little pot of daisies. Upon examination these proved to be ice cream with the daisies planted in it. A loving cup was passed among the guests, all drinking health and happiness to the bride. About fifty guests were present.

Mrs. C. B. Woods was hostess for the Young Ladies Club on last Saturday afternoon and never has the club been more charmingly entertained; "42" and "500" furnished the principal form of diversion for the guests during the afternoon, and many animated games were played. In a cut Miss Irene Raney received the favor for the afternoon. The hostess assisted by Miss Lucille Orth served a dainty ice course. Those enjoying Mrs.

Bernard Shaw on Women.
The ordinary woman's business is to get married.
Women begin to be socially tolerable at 30, and improve until the deepening of their consciousness is at length checked by the decay of their faculties.

In every case the relationship between the woman and the man is the same; she is the pursuer and contriver, he the pursued and disposed of. When she is baffled, like Ophelia, she goes mad and commits suicide; and the man goes straight from her funeral to a fencing match.

"Womanly self-sacrifice" is an essentially manly weakness.
He who desires a lifetime of happiness with a beautiful woman desires to enjoy the taste of wine by keeping his mouth always full of it.

The formation of a young woman's mind and character usually consists in telling her lies.
It is the self-sacrificing women that sacrifice others most ruthlessly. I know a poor wretch whose one desire in life is to run away from his wife. She prevents him by threatening to throw herself in front of the engine of the train he leaves her in. That is what all women do.

Miss Lucille Joyce Rountree entertained her little friends Wednesday afternoon from 3 to 5, the occasion being her second birthday. The little ones were amused with various toys and playthings. Delicious cream and cake was served to little Misses Frankie Adickes, Beulah Gardner, Janice Harrington, Allene Wilson, Lucille Smith, Virginia Robertson, Doll Baby Thompson, Laverne Frasier, Kathryn Louise McNeill, Master Richard Coleman and James Curtis.

The St. Mary's Guild met with Mrs. Joseph on Wednesday afternoon at the residence of Mrs. J. W. Lee on Tenth street. The whole afternoon was spent in a social way, this being the first meeting that Mrs. Joseph will have the pleasure of attending for some time, as she expects to leave shortly for her summer vacation.

Women are self-denying and un-candid; men are self-indulgent and outspoken; and this is the key to a thousand double misunderstandings, for good women are just as stupid in misunderstanding men as good men are in misunderstanding women.—Charles Reade.

The out of town guests who attended the Walker-Anderson wedding were: Mr. and Mrs. O. E. Maer and little daughter Marion of Childress, Miss Charlie Mae Scott of Fort Worth and Mrs. McKee of Grandfield.

Miss Emma Dunnington of Rockdale will be the guest of her friend, Miss Evelyn Coffield next week at her new home in Floral Heights.

Mr. and Mrs. Frank Cobb of Dallas will arrive here tonight and be the guests of Mr. and Mrs. W. E. Cobb for a few days.

Mrs. Fred Weeks will be hostess to the Young Ladies Club next Saturday afternoon at her home on Tenth street.

Miss Lucille Orth left Wednesday afternoon for a month's visit with friends in Oklahoma.

Mrs. Barry of Abilene is visiting her daughter, Mrs. M. A. Marcus at her home on Austin avenue.

The Civic League will meet at the home of Mrs. M. M. Adickes Tuesday afternoon at 3 o'clock.

Miss Emma Oneal of Comanche is the guest of Mrs. M. M. Adickes on Tenth street.

Mrs. S. H. Hodges of Frederick is the guest of her mother, Mrs. C. G. White.

It's the Sure Dandruff Cure.
Men and women, be sensible, what's the use of wasting time and money trying to drive dandruff and dandruff germs from the scalp when the Week's Drug Co., guarantees Parisian Sage to completely rid your scalp of dandruff in two weeks or money back.
Mrs. F. J. Moreau, 9 Oak street, Concord, N. H., wrote Nov. 1, 1909, "Parisian Sage has done wonders in my case as a dandruff cure, for my scalp was in a bad condition.
Hair doesn't fall out as bad, the new is making its appearance fast. Am still continuing its use.
In over a thousand towns in America news of the marvelous cures of Parisian Sage are spreading. It is undoubtedly the greatest hair grower in the world.
It will stop itching scalp and falling hair in two weeks or money back. It refreshes the scalp, gives it a delightful, comforting feeling, and is not sticky or greasy.
It puts the radiance of sunshine into woman's hair, and women who use it regularly are sure to compel admiration. It makes women's hair grow profusely: yet silky and lovely.
A large generous bottle only costs 50 cents at druggists everywhere and at Week's Drug Co. Give with the anuburn hair on every bottle.

FARM AND STOCK NOTES.

Though meat go over so high, poultry will continue to look down for its worms.

A clean pig sty, with a clean trough, is a delight to the pigs, and those looking on.

There's many a slip 'twixt the garden and the table—tomato and sweet-potato slips.

The farmers' problem is how to keep the most of the farm's products in his own pocket.

Some farmers market their corn by the basketful in the hog lot, and then market the hogs by the wagonload.

Considerable damage has been done in Northern Texas, as well as in other sections of the Southwest, by hail-storms and frost.

In these days of high pork and scarce breeding swine, there is little controversy over the best feed. Even the "scrub" has friends now.

The world looks up to some men for what they own, and intend to keep, and look up to others for what they own and intend to sell.

It used to puzzle some farmers how to keep their sons on the farm. Now it is puzzling some sons how to keep their rich fathers from moving to the city.

Timely interillage is imperative. Heavy rains "pack" the soil and unless a mulch is made to reduce evaporation, crops are apt to suffer for moisture.

Mutton and wool are still bringing good prices to those who keep a few sheep, and they find them profitable. There are few animals that are more profitable than sheep when intelligently managed.

If your corn was ruined by hail and storm, do not fail to plant the land in Laguna or June corn. You cannot afford to miss a corn crop, too much depends upon it. A corn crop means much to planters in the Southwest.

Cowpeas and soybeans planted since the heavy rains and cool weather will doubtless be as early and prolific as those planted two weeks earlier. Cowpeas, especially, like warm weather and do not grow fast when planted early.

"Cotton chopping" should be delayed till the plants are strong and their vigor improved by warm weather. If you cultivate frequently, the plants will not suffer for thinning. Care should be taken not to injure the stand by hoeing too soon.

Do not forget that cowpeas and peanuts are friends of poor land and unfortunate farmers. Their rapid growth, quick maturity and commercial value recommend them for late planting. Those who lost their crops by hail or storm should plant them liberally.

Send in a report of the recent rains. Let your friends know how you fared in the recent unkind storms. If you suffered, it will relieve you to have the sympathy of your friends. If you escaped, let us congratulate you. We want a report from every section of the Southwest. Write at once.

On a diversified farm there is seldom a failure. Some crops may fail; others may be poor, but the seasons are sure to be favorable for some. In times of storms, overflows or frost, those who have a diversified farm are apt to escape with one or more crops. The one-crop farmer is always injured in unfavorable seasons.

Co-operative help in the busy season is often desirable. During harvest time neighbors can assist each other in saving grain, and often take care of a crop that is greatly endangered by bad weather. Hands are sometimes scarce and expensive, when wanted for only a few days, and if it is possible for growers to help each other, the advantage is mutual.

WEATHER FORECAST.

For Wichita Falls and Vicinity.
—Tonight and Sunday generally cloudy, with showers.

The Times Review is for statewide prohibition, and it is going to do all it can, in a proper way, for the cause, but after this campaign is over we must all still live here in Titus county as neighbors, and as the campaign gets warmer none of us should do and say things which we will be sorry of afterwards or make our neighbors our enemies. Every man has the right to his opinion, and we are willing to accord to others the same right we maintain for ourselves. This should be the policy of all. No man has a

right to get mad at the man who differs with him, so long as his opinion is based on honest conviction.—Mt. Pleasant Times-Review.
Newspapers, after all, are just like men, and all men who are worthy to be called such, have convictions. Therefore the newspaper that has not got backbone enough to give an honest, straightforward expression on any subject which affects the welfare of the public, is not worthy to be called such, and the man who has no more sense than to fall out with a newspaper for giving an honest expression of its opinions is not worth noticing. The Times has always been conducted along these lines, and while it appreciates the patronage it is enjoying, it would rather lose it all rather than be guilty of "fawning that it might gain favor." It believes that every man outside the insane asylums should have convictions, and should give expression to them when occasion demands.

THE PRIZE FIGHT.

We have expressed the hope and we repeat it now, that the negro will send Jeffries to the sawdust before the fight has gone the limit, and we hope this not because we want to see a negro champion, but because a white man who will fight with a negro, unless he has to, should bite dirt and bite it deep. We hope, too, though we have little on which to base the hope, that this will be the last great ring encounter. It is a sorry sport, a depraving sport, and the sooner it is under the ban in every state the better for the country. At its best, it can serve no good purpose, and at its worst, it is wasteful, brutalizing, senseless, shameless and depraving.

All of the above from the Times-Dispatch, (Richmond) is most heartily endorsed, but there are grave fears that the result from the defeat of a white champion by a negro pugilist in the ring would have disastrous effects upon the negro for many years. James Jeffries and his managers deserve defeat for admitting a negro as a rival in athletics and a social equal in a championship contest, and should the battle result in their defeat they will have done more to disrupt the hardly maintained good feelings accompanied by any other one thing since the races than has been accompanied by any other one thing since the carpetbag Freedman's Bureau left the south.

The acceptance of the negro's challenge by a white ex-champion has already had a noticeable effect on the conduct and bearing of the negro throughout the South and the triumph of Johnson will be followed among the ignorant classes of the negro race by an arrogant assumption of rights which could not be accorded and the

invasion of social ethics which would certainly result in race friction all over the south. If the lovers of this brutal sport must have their slugging mills, they should be forced to draw the color line or include the gorilla and the chimpanzee in the championship challenge.—Austin Statesman.

DAMAGING TESTIMONY AGAINST AVERY.

State Seems to Be Weaving a Net About Young Railroad Contractor. Lawton Constitution-Democrat, June 4th.

The most damaging testimony thus far adduced against Frank C. Avery, contractor for the proposed K. L. & G. railroad extending from Walter, Oklahoma, to Wichita Falls, Texas, charged with the fraudulent issue of time checks, was the evidence given just before noon today when E. C. Jacoby of Kansas City, engineer and Avery's own witness, declared on the stand that he had never received one cent from Avery notwithstanding the fact that Avery's time check, on which the suit is filed, certified that \$100 had been advanced by Avery to Jacoby.

It is alleged by members of the industrial company at Walter that numerous instances of fraud have arisen. The one case in which they claim to have discovered actual evidence, however, was a time check for \$100, the money for which was to come to Avery and was paid by the company, upon representation of the contractor that that amount had been advanced by him to the engineer who had then returned to Kansas City after completing his work.

Jacoby, on the stand today, explained that Avery had told him of certain misunderstandings between him and the company at Walter resulting from the company's expectation that the contractor should meet part of the expense of construction—\$1,000 per mile each way was to be paid Avery for grade, ties and steel as laid, but it was estimated that the work was to cost more than the \$3,000 per mile and expected by the company that Avery was to pay the extra cost, in return for which he was to receive fifty-one per cent of the railway company stock, over and above \$75,000 in cash bonus. Upon representation by Avery, testified Jacoby, that if Jacoby would sign a credit to Avery for half of the amount still due the engineer, which was in aggregate of \$300, to indicate that the contractor was actually meeting part of the expense of construction, he could collect the other half from the industrial company. Jacoby signed such credit slip and received in return a due bill for the amount, expressing the feeling that, in view of the muddled conditions at Walter, he was glad to get half the amount due him and get away.

After the engineer had gone, according to testimony advanced yesterday, Avery made out a time check for \$100 declaring to the industrial company that he had advanced the amount to Jacoby. The time check was paid. But Jacoby swears he never received the \$100 or even one cent from the contractor.

The case is being stubbornly fought in the district court room before Justice of the Peace S. Armstrong and may not be ended this evening.
