The damage by the storm consists of the disabling of one of the dynamos at the power plant, the washing out of a short section of the Fort Worth & Denver track and the partial de struction of two negro shanties in the negro section of the city. The damage to the Denver track was slight, about twenty feet being washed out a few miles below Henrietta. The trouble was quickly repaired and only one train was subjected to any delays.

The negro shanties were small ramshackle affairs and the damage done to them was slight. Both were occupied but the occupants were uninjured.

Lightning struck the direct current dynamo at the power plant last night ·about ten o'clock and as a result street car service was stopped. Night traffic on the line cannot be resumed until the machine is put in repair. The day service will not be interferred with, as the dynamo which is used to light the city during the day will be used to furnish street car power until night, when the service will have to be discontinued for the present.

Rain fell yesterday afternoon and dress on the Fort Worth and Denver and all points on the roads out of this city were visited. The section covered extends east as far as Gainesville. and northward over Southwestern Oklahoma, reaching a wide scope of territory in some of which wet weather only in part and were referred without facturing interests. was badly needed.

ANTI FUTURE BILL WILL PROBABLY BE DEFEATED; REPUBLICANS FIGHT IT

Texas News Service Special. Washington, June 7.—Unless there is a change in the attitude of the administration forces in the house, the Scott Bill prohibiting dealing in cotton futures will not be considered at this session of congress. This was determined this morning when the house committee on rules, of which Congressman John Dalzell of Pennsylvania is cairman, declined to make a report on the resolution to consider the measure. The bill is one in which the South is greatly interested and on behalf of the passage of which the Farmers' Union has made a great effort. It is not believed the stand pat Republicans will yield.

PRES. EMERSON IS HERE WITH ARCHITECT, READY TO PREPARE HIS PLANS

President H: A. Emerson of the United States Packing Company, arrived in Wichita Falls yesterday afternoon to take up the definite planning of the packery he will establish here. Immediately upon his arrival here he was taken for a trip up the Wichita Falls and Northwestern by J. A. Kemp, returning at noon today.

Mr. Emerson was accompanied by the architect who will design the plant and it is probable that work will be started on this feature within the next few days. Further than to say that he the beginning of work, Mr. Emerson has had nothing to give out regarding his plans.

The trip up the Northwestern line was largely for the purpose of looking at the country and getting a line on the meat-producing abilities of that section. Mr. Emerson was more than pleased with what he saw.

Texas News Bervice Special. New York, June 7 .- A special cablegram received this morning from Ronie says a terrific earthquake, the worst since the destruction of Reggio and Messina,, shook Central and Southern Italy early today. Hundreds are reported dead, and several cities are destroyed, including Calitri, with eight thousand. The town of Maneredonia, is reported destroyed, and fears are expressed for the safety of the City of Barl, on the Adriatic, which has eighty thousand. A dispatch from the Alellino district this morning says law is proclaimed throughout the stricken zone. The first shocks were felt in the provinces of Basilicata, Campania, and Calabria, all in Sicitly. and in Apulia. The destruction of telegraph lines has left in doubt the fate of many towns as well as the inhabitants of the rural territory nearby. While it is not believed in official circles that this is as bad as the Messina earthquake, it is impossible to secure direct news and it will likely be twenty-four hours before more definite reports are received.

SENIORS IN ATTACK.

Coney Island Falls Before Rush of College Students.

New Haven, June 7 .- About sevenfic school attempted to "clean out" Savin Rock, the Coney Island of Connecticut last night, and in the freefor-all fight that followed ten of the ring leaders were arrested and locked up. This morning nine of them appeared in West Haven town court, battered and bruised and broken spirted, and they were allowed until Friday to pay up \$10 and costs each and settle with the Savin Rock merchants The tenth man, who gave the name of F. L. Smithson had his eye badly cut by somebody's finger nail and was unable to appear. His sight will be permanently damaged.

It was the worst fight in which the Yale students have been involved in fifteen years. The senior class had been holding its annual class dinner preparatory to commencement at Momauguin hotel; on the east shore, about twelve miles from Savin Rock During the dinner there some of the diners were thrown out for disorderly conduct." Part of the class then boarded trolley cars for Savin Rock. When they arrived there about midnight, mob rule prevailed. Anyone in the way, whether woman or man, was tossed wherever the will of the tosser happened to dictate.

In the wild rush many were injured. Everything and everybody in the way was pushed out until, finally. Beach street was reached. Here the restaurants and lunch stands were attacked. Catsup bottles, vinegar cruets and pepper shakers were taken and the rush back started.

The contents of the vials were liberally sprinkled over passers and the riot continued until the flying horses in the grounds were reached.

Johnnie Lynch, whose father runs the flying horses, objected to the students mounting the flying horses. Young Lynch and the Yale tacklers went under the horses and rolled around. Lynch's shirt was torn from his back and his nose looked as if it had met a hatchet. The Savin Rock merchants stated that several of the students carried black jacks and that they used them freely on any old head that happened in the way.

Stars now Playing in the old Time Form

Manager of the Cubs and his two Great

IFrank Whance and his Chicago baseball machine are now headed pennantward. Off with a poor start, the Cubs have improved wonderfully within the last few weeks and are at present playing championship ball. The pitching staff is in grand shape and is proving very effective. Harry Mclintire, whom the club obtained from Brooklyn recently, has added considerable strength to this department. Johnny Kling, the Cubs' star catcher, is slowly but surely getting back to his old time form. Chance, Tinker and Evers aer all playing the same game that made the team three time pennant winners and world's champions. Manager Chance declares that after July 4 his team will never be headed and will walk away with the much-coveted gonfalon. The Cubs began their eastern invasion in a four games series with Boston on June 1st.]

WEATHER FORECAST.

For Wichita Falls and Vicinity. . Tonight and Wednesday, generally cloudy

In an editorial today under the caption of "The Industrial Northwest," telling of the commercial development of Texas and Oklahoma, the Dallas News says that "Wichita Falls is about to lay the cornerstone of a new mothodist church to cost \$7,000." The esteemed News will please tell us just where that \$7,000 Methodist church is to be located. The Times is fully aware that one branch of that church in this city is now holding services in its new building which did not cost a cent less than \$25,000, and the new

\$35,000 building of the Southern Methodists is just now nearing completion. and will probably be dedicated in a month or so. The denomination known as "Free Methodists" are also preparing to build, and perhaps it is this church to which the News has reference. Wichita Falls has three churches that have cost in the neighborhood of \$100,000, and will, in all probability, have three more within the next year that will cost fully as much. Doubtless the News had no intention of reflecting upon the Methodists of this city, but they do not like for a great paper to advertise to the world that they are no more progressive than to put up a \$7,000 church building.

FLASHY LODGE REGALIA.

Colors Most in Demand-Getting Elaborate and Expensive. From the Kansas City Star.

Millions of dollars are spent every year in the United States for lodge regalia. The costumes are made up in almost every color, but the designs generally are flashy. Red is the favorite, yellow and blue run neck and neck for second honors.

The combinations are not supposed to blend, the idea being to give a dazthing effect which will inspire the wearer with a commanding spirit and instill in the neophyte respectful hu-

One Kansas City firm issues 250 catalogues describing the different lodge and fraternal paraphernalia.

"We all like to be dressed up now and then," said the manager of the firm, which sells \$3,000,000 worth of lodge equipment each year. This firm recently manufactured a nickel studded uniform for a Kansas lodge officer. The uniform alone weighed twenty pounds. The helmet, which was extra, weighed three pounds. The uniform is almost a duplicate of one a Kansas City lodge man has been wear-

TEXAS NOTES.

Waxahachie Light: Colquitt declares that in the event of prohibition he will stump the state against it. There is nothing in this threat, however to justify the belief that he will resign his job for that purpose.

Beaumont Journal: One common housefly in a roome where we are trying to work is enough to keep the feeling of lonliness out of sight. If people were as industrious in keeping the flies away as the flies are in remaining, there would be fewer flies and less sickness and disease.

Denton Record and Chronicle: Judge Brooks is supporting Judge Poindexter, but we are convinced there is no likelihood of the Dallas judge characterizing the Cleburn judge as "too pretty for a man or too fat for a woman." Judge Poindexter is not fat and none can ac cuse him of any attempt at prettiness.

Floresville Chronicle: We have often wondered what the great daily, the Houston Post, is going to do when Joseph Weldon Bailey comes to Texas and gets into the field in the interest of the candidacy of Judge Poindexter. The Houston Chronicle will be accusing it of eating the biggest dish of crow that was ever cooked.

Fort Worth Star-Telegram: This 'hurling charges" in the gubernatorial campaign is getting to be a bit Ballinger-Pinchottery. An athletic mouth is a tiresome thing. Quit "hurling charges" and "hand out" a few re marks that sound like constructive statesmanship. Grin, boost and build would be better than grouch, blather skite and buncombe.

Brownwood Bulletin: R. V. > Amarillo Panhandle: The El Paso Herald complains editorially that since the exaction of the big fine at the hands of the Waters-Pierce Company the price of oil has not been reduced. Perhaps not, but the state's legal officials who upheld the majesty of the law did laws are on the statute books they should be rigidly and impartially enforced. If worthless and pernicious, they should be repealed and that speed

Kerrville Mountain Sun: It is a most regrettable thing that the Bailey controversy has been injected into the race for governor of Texas. In his speech at San Antonio Tuesday night Mr. Davidson did the only thing that a self-respecting, private citizen of Texas could do when he accepted the Former Governor Franklin Murphy challenge of Mr. Bailey and his facof New Jersey is on aspirant for the tion in Texas politics. A contest for seat of United States Senator John the high office of governor of Texas should be conducted calmly and dispassionately, as Mr. Davidson has tried The Swine or the Flower?

CAMPAIGN CLOSED.

Today.

Sioux City, S. Dak., June 7 .- The campaign for the republican nominations for state officers and members of congress closed last night and today the primary is being held throughout Wichita Falls Texas the primary is being held throughout the state. The campaign has been one of the most partisan in the political history of South Dakota and has attracted wide attention because of the extreme bitterness of the fight between the "insurgent" and the "stalwart" factions.

Nominations are to be made for gov ernor, lieutenant governor, secretary of state, auditor, treasurer, commis-

Both factions of the republican party have complete state tickets in the field. Governor S. H. Elrod is the "stalwart" candidate for the guberna torial nomination. The situation in regards to the governorship is further complicated by the candidacy of Geo. W. Egan of this city, who is running as Ask your Grocer. an independent in the hope of obtaining the votes of many republicans who are dissatisfied over the bitter warfare between the two factions.

Eben W. Martin and Charles H. Burke, the present representatives in congress, are seeking re-election on the "stalwart" ticket. The "progressive" candidates for congress are Thomas Thorson for the eastern district and John F. Shrader for the Black Hills district.

Alleged extravagence on the part of the present "progressive" republican administration is the principal slogan of the "stalwarts" in the battle for supremacy, while anti-Cannonism is the main issue upon which the "progressives" are waging their fight for continued control. The platform adopted by the "progressive" republicans commends President Taft "for his reiterated declarations of loyalty to the Roosevelt principles of progressive republicanism," and adds:

"The dominating issue in the campaign is the wrestling of control of national legislation from special interests entrenched behind Speaker Cannon of the house and Leader Aldrich of the senate, and their supporters. It is not sufficient that Speaker Cannon be retired. It is essential that a successor be elected who is committed to, and is a supporter of 'progressive' principles.'

Both factions today express confi-Texas to let monied men at home and . Special Diseases, and thous- dence of victory in the primaries. TEXAS AUTO FACTORIES.

Too Much Money is Being Sent Out For Machines.

Corsicana, Tex., June 7 .- A part of automobilists, in discussing the amount of money paid out in this one city and locality for automobiles, the money going to northern manufacturers, remarked to the representative of the Texas Commercial Secretaries' Association that Texas should not waste any time in getting automobile factories of its own. Such factories ought to get plenty of business at good prices, with little expense for selling, as Texas people would send in their orders to home manufacturers, providing the quality and prices were right.

Let dealers and prospective automobile buyers of Texas get together and offer their business to manufacturers who will establish large factories in several parts of Texas, and there is little doubt that the factories will soon be established by monied men of the north, providing some approximately accurate estimate of business forthcoming can be made.

Every automobile used in Texas should bear the "Texas-made" stamp, which should also mean "Prime quality and reasonable price." Thus hundreds of thousands of dollars of good Texas money would be spent here in factories and for factory labor. What do Texans say to this?

Pennsylvania G. A. R. Encampment. Harrisburg, Pa., June 7 .- The annual encampment of the Pennsylvania Department, Grand Army of the Republic, opened here today and the city's handsomely decorated streets are crowded with thousands of visitors which the event has attracted from all parts of the state. At the opening camp fire this evening Governor Edwin S. Stuart will greet the visitors on behalf of the commonwealth of Pennsylvania, and Mayor E. S. Meals for the city of Harrisburg. Department Commander Thad M. Mahon will respond and other addresses will be delivered by Adintant General Thomas J. Stewart, Past Commander Louis Wagner and others. The encampment will last for three days.

The Clover Club of the Presbyterian Sunday School will give an ice cream social in the tent back of the church Thursday night. All are welcome; proceeds for missionary purposes.

Hon. George H. Murray, one of the leading public men of Nova Scotta of that Province was born at Grand Narrows, Cape Breton, June 7, 1861. After receiving his preparatory education in his native place he studied law at Boston University and in 1883 was called to the bar. Six years later he was called to the legislative council of Nova Scotia. Several times he contested unsuccessfully for a seat in the Dominion House of Commons. In 1891 he was appointed a member of the Government of Nova Scotia, led by Hon. W. S. Fielding. On the resignation of Mr. Fielding in 1896 Mr. Murray was called on by the Lieutenant Governor to form a new adminis tration which he succeeded in doing taking the portfolio of Provincial Secretary. At several subsequent elections the Government of Mr. Murray was sustained by large majorities.

AFTER DINNER COFFEE

Having a demand for a strong, black, heavy-body Coffee for "After Dinner" we are now roasting a pure, straight, Aden MOCHA and are giving it a fuller roast than ordinary. If you want something that will make you sit up and take notice, this is the stuff-nothing finer in the WORLD. We mean it.
