VOLUME 4

WICHITA FALLS, TEXAS, FRIDAY, JUNE 17, 1910

NUMBER 30

\$25,000 MORE FOR NEW POSTOFFICE

WICHITA FALLS WILL GET PART
OF ADDITIONAL MONEY
ASKED FOR.

REPORT BILL FAVORABLY

This Makes Total of Seventy-Five
Thousand for Postoffice in This
City.

Wichita Falls gets an additional appropriation of twenty-five thousand dollars for the government building in this city, according to word received here from Washington yesterday afternoon. This means that a total of seventy-five thousand dollars is available for the new postoffice in this city, which will make possible the erection of a handsome and substantial structure.

An appropriation of fifty thousand dollars was secured several years ago for a government building in this city, but the money has never been used, as it was felt that the size and postal business of this city demanded a larger building. Congress was asked for an additional appropriation of seventy-five thousand dollars this year, which would have made a total of one hundred and twenty-five thousand dollars. While Wichita Falls did not secure the full additional amount asked for, she secured enough more to make a handsome structure possible.

The appropriation has not yet been made, but has been formally reported by the committee on Public Buildings, which practically assures its passage. The site for the building here has already been purchased, being at the southwest corner of 9th street and Ohio Avenue.

Other Texas cities whose requests for additional appropriations were favorably acted upon include Austin, Belton, Bryan, Clarksville, Cuero, El Paso, Eagle Pass, Denison, Galveston, Marlin, Huntsville, Weatherford, Paris, Longview, Yoakum and others.

NEW CITY CHARTER.

May Be Brought Up at Coming Called
Session of Legislature.

When the state legislature meets in special called session next July, as recently called by the governor, it is likely that the bill for a new charter for Wichita Falls will be presented, if Governor Campbell can be persuaded to incorporate it in his call. When a special session was proposed several months ago, this matter was brought to the governor's attention and he promised to act on it if he decided to call the legislators together. It is probable that the matter will be taken up at once locally and steps taken to secure the new charter without waiting until next year.

SHOULD ARRIVE TOMORROW.

Roosevelt's Steamer is Rapidly Near-
ing New York.

By Associated Press.
Kaiserin Auguste Victoria, Via Wireless Siasconset, Mass., June 17.—This steamer, carrying among her passengers former President Roosevelt is four hundred and thirty-three miles east of Ambrose Channel Lightship at 6 o'clock this morning. If she maintains her present speed the steamer should be off Sandy Hook at 7 o'clock tomorrow morning.

DELEGATION FROM THIS CITY IS GOING AFTER MERCHANTS CONVENTION

A determined effort to land the 1911 meeting of the State Merchants' Association will be made by the Retail Merchants' Association of this city and the delegation will leave Monday for Houston, determined to bring this honor back with them. Wichita Falls will be represented by Mayor T. B. Noble, Secretary Barrickman, J. L. Lea, Jr., and B. J. Bean. The officers of the association request that all business men in this city who have friends in other localities who are members of the state association write to them and ask them to help Wichita Falls land the meeting. The local delegation is going in to win and says it will defeat San Antonio, its only rival, by a decisive majority.

TRY TO ESCAPE.

Chinese Sailors Leap into Schuylkill
River Near Philadelphia.

By Associated Press.
Philadelphia, June 17.—As the British steamship Highland Monarch was proceeding down the Schuylkill River today bound for Auckland, New Zealand, seven members of the Chinese crew leaped overboard in an endeavor to escape. Four were drowned and the three remaining were captured. The trouble resulted from mutiny. The men rescued are at the police station, while the remainder of the mutineers are still in irons aboard the ship.

New York, June 17.—Weather conditions this morning are favorable and it is estimated that twenty thousand people will see the suburban handicap run this afternoon. King James, Olambala and Fashion Plate will be post favorites.

LARGE CROWD WATCHED FIRE WORKS DISPLAY AT LAKE LAST NIGHT

About one thousand persons were in attendance at the first display of Martin's Fireworks at the lake ball park last night. For nearly an hour there was a continuous fusillade of mines, batteries, rockets, shells and illuminations. The feature piece was Happy Hooligan, who did various and assorted acrobatic stunts on the horizontal bar. The immense star set out in colors of red, white and blue flame drew great applause.

The big wheel was beautiful, as well as the large fan with ribs of multi-colored flames. There was some delay in getting the crowd out on account of a fuse blowing out on one of the new cars, delaying the arrival of the band and people slightly.

The moon diminished the brilliancy of the effects to some extent, but the display went off smoothly and with fine effect.

LOWER INSURANCE RATE MAY BE ORDERED BY THE FIRE RATE COMMISSION

Texas News Service Special.
Austin, Tex., June 17.—The fire rating board at next Tuesday's meeting expects to reduce the rates throughout the state, according to authoritative statements made this morning. This, it is hoped, will partly counteract the sentiment against the law and will probably be the cause of the special session's merely amending the statute, instead of repealing it.

Following the call of the special session, the governor's office is now flooded with mail from all parts of the state, some indorsing the attitude of the executive and others asking that certain propositions be made and recommendations sent the legislature. San Antonio wants a commission-charter and wants a bill passed to that end during the session.

BOOKING BY INTERSTATE.

St. Louis Concern Will Book Klaw &
Erlanger Attractions This Year.

By Associated Press.
Fort Worth, Tex., June 17.—Definite announcement was made here this morning that the Interstate Amusement Company expects to book the Klaw and Erlanger attractions next year. The news came in the form of a telegram from Karl Hohlitzelle, president of the concern at St. Louis, to T. W. Mully, manager of the Majestic Theatre here. The Interstate Company owns the Majestic Theatres in the principal cities of Texas. The season will open the first week in September.

CASHIER'S CHECK IS INVOLVED IN SUIT

CASE OF CRUTCHER VERSUS
MARTIN CAME UP IN COUNTY
COURT TODAY.

INTEREST IS PROMISED

Check Was Lost By Plaintiff on Night
of May 9th and Cashed by
Defendant.

A case of more than passing interest, entitled "Dr. F. B. Crutcher vs. R. H. Martin, suit for debt," was called in the county court this morning at 10 o'clock, and at 11:30 the jury had been selected and the trial of the suit begun.

The plaintiff, Dr. F. B. Crutcher, who advertises himself as a specialist of various and sundry diseases to which the human race is afflicted, alleges that on the night of May 9th, between the hours of 10 and 11 o'clock while he was not in a condition to be legally responsible for his acts, he was in some manner or another deprived of what is known as a cashier's check for the sum of \$694.70. This check was made payable to himself or his order. It is alleged that this check was deposited in a bank in this city by one R. H. Martin, a bartender, or the keeper of a saloon in this city, at some time during the night of May 9th.

The defendant, R. H. Martin, sets up a plea that he is the innocent purchaser of the check, having paid full value for it to a man by the name of M. P. Watkins.

Here it might throw some light on this suit by stating that the man from whom R. H. Martin obtained the cashier's check, M. P. Watkins, is now under indictment in this county for gambling, and his presence is unknown to the officers.

The trial of this case is likely to take up all of today and tomorrow and some testimony that will be introduced in the suit will prove very interesting and give some idea of how a certain class of people who make Wichita Falls their rendezvous are earning their livelihood.

The personnel of the jury which Thomas Jefferson wants to resume trying this case is as follows: O. T. Goring, K. E. Bauch, G. E. Von de Carre De Mar and Joseph Hart Lippe, J. H. Graves, A. T. Carlton and ve sailed to fill a music hall engagement in London.

Lawyers Carlton and Mathis are Raymond Hitchcock and wife, Flora taking care of the interests of the plaintiff, while Lawyer T. R. Boone is for the defendant.

The Y. M. C. A. gymnasium will be closed for the remainder of this week. The floor is being stained and the Penalty that he will revive the room will not be open to membership until this work is completed. The bath rooms and library will remain open as usual.

MERCHANTS' ASSOCIATION STAND ON HOME INDUSTRY IS ENDORSED TODAY BY CARPENTERS' UNION OF THIS CITY

The following was handed the
Times for publication today:

"Mr. B. J. Bean struck the keynote in his remarks when he asked: 'Why don't Smith belong to the Merchants' Association?' and I beg the above named association to permit me to say in behalf of our organization, or association—which is the same—that a few months ago the merchants appealed to the people of this section, asking for home patronage, which they justly deserve, and we have responded to this appeal because the Merchants' Association is composed of important factors in building the city, and creating a demand for our work, and we will say to the lumber dealers that we are wholly responsible for the decline of Sear, Roebuck business in Texas, since you must acknowledge that only a short time ago, a glance into any freight house revealed huge shipments of doors, knocked-down frames, columns, colonnades, grills, mouldings and many other articles produced by eastern mills who work mechanics at starvation wages. We ask the hardware dealers of this city to peep around into several hundred tool chests in Wichita Falls and see if they can find any mail-order house junk in them. You will not, for we do not tolerate such business, and you will

ROOMING HOUSE IS SCENE OF ARRESTS

FOUR YOUNG WOMEN AND THREE
YOUNG MEN TAKEN INTO
CUSTODY TODAY.

LODGED IN CITY LOCKUP

Believed to Be First Move in Campaign
Against Misuse of Room-
ing Houses.

The first move in the campaign against the alleged improper use of rooming houses in this city was made this morning at 9 o'clock when officers entered the rooms above the northwest corner of 8th street and Ohio avenue and arrested four young women and three young men. They are now in the city jail and it is probable that charges will be filed against them this afternoon.

The arrests were made by Deputy Constable Tom Pickett and Officer Allen. Three of the girls have been here from other towns, coming here the early part of this week. The fourth comes from a nearby farm and is being held, not for the same reason as the others, but on account of the fact that she is under age and is trying to get married against her father's will.

Charges had not been filed against any of the others up to 2:30 this afternoon, but it is thought that this action will be taken later today.

While this is the first definite step to be taken in this direction, it has been openly said that some of the rooming houses in the city, especially some of those in the downtown district, have been open for improper purposes. It is believed that the arrests this morning will be in the nature of a word to the wise and that further complaints of this kind will not be made.

The fourth young man who was in the rooming house this morning at the time of the raid managed to get

IRISH LADS WON BOTH OF FIRST TWO GAMES OF SERIES AT ALTUS

The Irish Lads have been very successful in the series in progress this week at Altus, Oklahoma, and were able to defeat the team yesterday and Wednesday. The score on Wednesday was 3 to 1 and that on yesterday was 6 to 4. The Lads will try hard to win this afternoon's game and make it three straight, something no club has yet been able to do to Altus this season on the home grounds.

Both teams will arrive in Wichita Falls over the Northwestern tomorrow at noon and resume the struggle at the Lake grounds at 4 o'clock in the afternoon. The memorable Decoration Day thirteen inning tie will be played off Sunday and should attract a large crowd. Ladies will be admitted free tomorrow and Monday and it is expected that a large number of them will be on hand.

Texas News Service Special.
Washington, D. C., June 17.—Judge Gordon Russell, formerly congressman from the Third Texas district, who was appointed by President Taft to be judge of the United States Court in the Eastern District of Texas, today informed your correspondent that he will leave here tomorrow for Texas to enter upon the duties of the judgeship.

The house committee on interstate and foreign commerce, of which he was a member since 1906, today held a meeting in his honor and presented him with a silver loving cup, appropriately inscribed, as paying a marked tribute to the personality of Russell and it declared Taft could not have made a better selection, either in view of popularity, or on account of ability as a jurist. Judge Russell responded with a brief address.

PLANNING FOR 1911 ENDEAVOR MEETING

EFFORT WILL BE MADE TO BRING
ROOSEVELT OR BRYAN HERE
TO SPEAK.

ALREADY MAKING PLANS

Will Try to Bring Not Less Than a
Thousand Visitors to This
City.

Plans are already under way for the entertainment of the 1911 convention of the Christian Endeavor Society of Texas, which meets in this city next year, and if the local Endeavorers carry out their intentions, this will be one of the most notable meetings of the kind yet held. Although it is nearly a year until the meeting will be held, plans are already being formulated.

The 1911 meeting will be known as a "good citizenship" meeting and its work will consist largely of talks and efforts along this particular line. It is proposed to bring some speaker of international prominence here and an effort will be made to secure Theodore Roosevelt or W. J. Bryan to address the meeting. The normal attendance at the Endeavor convention is about six hundred, but the Wichitans have set one thousand visitors as their minimum and will make every effort to secure that many more. "Wichita Falls Clubs" will be organized in every Endeavor Society in the state.

The 1911 meeting was secured for Wichita Falls through the efforts of Patrick Henry, who lately became a resident of this city. Mr. Henry had no assistance whatever in landing the meeting, but carried the Fort Worth meeting for Wichita Falls unassisted. In the course of his nominating speech he paid the following tribute to Wichita Falls:

"We are earnest and sincere when we say we want you to come. You may select any of our five railway systems on which to arrive, and when you shall step forth in the shadow of our new \$150,000 union depot, a welcome will await you that can come only from a large-hearted and happy people. We will escort you to our towering modern hotels, or locate you in magnificent homes, all of which will be open to you. You may have the privilege of our modern street railway service, and by such connection, we will open to you the mysteries of entertainment afforded at Lake Wichita, the largest lake in the United States. (Artificial, we should have said.)

"Aside from the unusual modes of entertainment we can offer you, we want you to come to be an inspiration to our citizenship. Every aggressive Texan is familiar with the fact that our city has grown from a population five years ago of twenty-five hundred, until today our citizenship represents ten thousand of the happiest and most prosperous people in the world, and with this phenomenal growth we have had added unto us large commercial or material growth, and we need the impetus of the presence of hundreds of Christian young people in our city, that we might be encouraged for larger things in our Master's Kingdom."

The Northwestern's Hollis extension has passed through the town of Gibson. It is expected that Hollis will be reached not later than July 10.

RENO WILL PROBABLY BE SCENE OF CHAMPIONSHIP FIGHT ON JULY FOURTH

By Associated Press.
San Francisco, June 17.—Unless an unforeseen shift occurs in the fight situation an announcement that Jefferies and Johnson will come together from the championship battle at Reno, Nevada, is expected today from promoter Rickards. He said last night that Jefferies and Johnson will meet on the fourth of July, "even if I have to take them on the desert to hold the fight and even if it breaks me." Jefferies and Johnson say they will fight anywhere, Jefferies on a barge is he has to.

Honor Memory of Marquette.

Prairie du Chien, Wis., June 17.—
The memory of Pere Marquette, who
visited this locality two hundred and
thirty-seven years ago in exploring the
upper Mississippi valley, was honored
today by the unveiling of the base of a
handsome monument to be erected to
the famous missionary and explorer.
The ceremonies took place in the
grounds of St. Mary's Academy, where
the memorial is to be erected on a
commanding site overlooking the Mis-
sissippi River, and the spot where the
great French explorer stood when he
discovered the Father of Waters.

The base of the memorial unveiled
today cost \$1,200 and was paid for by
popular subscription. It is seven feet
square and ten feet in height. The
column surrounding the base is of
granite, a Greek Corinthian, eighteen
feet in height. The statue will be a
copy of the one by Trentanove which
in the Statuary Hall of the national
capitol at Washington. It represents
Pere Marquette in the garb of a priest,
and holding in his right hand a chart
of the Lac des Illinois. The statue is
to be a gift to the academy from the
Order of Notre Dame.

The entire memorial will stand 40
feet in height. Its location is one of
the historic spots of the Northwest—
the site is of old Port Crawford, the
first fortification erected on the upper
Mississippi and around which cluster
many associations of early frontier
life.

The Stag Afloat.

The stag is by no means afraid of
the water, and when the necessity
arises he is ever ready to give an ex-
hibition of his swimming powers. Such
a spectacle is not uncommon in the
Highlands and excites little comment
among foresters. The noble creature
frequently takes to the limpid element
in order to elude pursuit. Only the
other day a fine stag, which had ap-
parently been subjected to some mo-
lestation in the neighborhood of
Melmsdale Harbor, Sutherlandshire,
plunged into the sea, and set his course
idly and succeeded in placing two
miles to his credit. Two fishermen in
a boat captured the animal, which, un-
happily, was drowned while being
towed to shore. It was a nine-pointer
and weighed about eighteen stone. The
occasion reminds me of a similar in-
cident which some four years ago came
under my observation in the Island of
Mull. A certain proprietor had order-
ed a number of stags from the south
with the object of infusing some fresh
blood into his ruddy herd. On arriv-
ing by steamship the animals were
carted in their crates to the park as-
signed to them, and where they were
promptly liberated. One of the stran-
gers was, evidently, much alarmed by
his new surroundings, and instantly
made a dash for the adjacent shore.
Without a moment's hesitation he
sprang into the water—which at that
time was very choppy and intensely
cold—and struck out gallantly for the
nearest point on the mainland. The
Sound of Mull, three-quarters of a
mile broad, was duly negotiated, and,
after resting for an instant on the tan-
gle-covered beach, the gallant creature
tripped it lightly toward the rugged
bens. Bodily fear is not, however, the
only motive that causes the stag to
engage in aquatic exercises. In the
fall of the year he is often impelled
by amatory considerations to cross
inland lochs and arms of the sea in
order to visit favorite hindns known to
be disporting themselves on the op-
posite shores.—Country Gentleman.

How Are You Fixed For Racks?

Stacking time will soon be upon you, so we thought we'd just call your attention to the question of racks. We realize how prone most men are to put off attending to these things until the last moment; then it's too late. The old things are patched up in hopes that they will do for a while. The result is no end of time and trouble wasted tinkering to keep them together. Better look up the rack question and get into shape before you actually need them. We have a good stock of clear, dry materials—just the thing for racks.

In the Jesuitical light which considers the end, and not the means, we might be able to enjoy the situation more. The remedy, however, is not particularly pleasing to anybody, unless it is the hotel managers and boarding house keepers at Austin.

State politics are now in such a muddle that the man who can prophesy with anything like accuracy the result of the democratic primary election to be held on July 23rd would be acknowledged a prophet indeed. This muddle has been caused; First, by the act of the State Democratic Executive Committee in having placed on the ticket to be voted on at the primary election, the question of submission. Second, by the act of Governor Campbell in calling for a special session of the legislature to convene just four days before the primary election is held, ostensibly for the purpose of repealing the Keyrate fire insurance law. This may or may not be the main purpose at the extra or special session. At any rate, the friends of one of the leading candidates for governor, Mr. Colquitt, say that the purpose of the extra session is to enact such laws as will tie his hands and handicap his administration in the event he should secure the necessary number of votes in a four-cornered race for governor to give him the nomination, and after that, in the event Colquitt should disregard the wishes of a majority of the party as expressed by the coming primary election, to have laws passed as will force him to carry out the will of a majority of the party as expressed in the primary election and in the democratic state platform.

Governor Thomas M. Campbell, in demanding the resignation of Fire Insurance Commissioner Hawkins, has performed an official act that should meet with the hearty commendation of every right-thinking, sober-minded honest and upright citizen of Texas. Of all the grafting trusts that Texas has been burdened with, this present fire insurance trust is the worst, and if allowed to charge the rates which they are now charging, it would not be a great while until many honest, straight-forward business men would be bound to retire from business.

The prohibitionists are planning for a grand rally at Abilene on the 25th. This rally, according to literature sent out by the committee, is for the purpose: "First, to perfect an organization to fight the open saloon and promote the interests of statewide prohibition and to concentrate to win

In the fight for submission. Second, in the interest of the candidacy of Hon. Cone Johnson, believing him to be the only logical prohibition candidate, and the only candidate who can and whose platform will bring the desired results of statewide prohibition in the event that submission is again thwarted.

The Missouri Democratic League is sending out literature urging the claims of ex-Gov. Jos. W. Folk for the democratic nomination for president. In the present state of affairs, the prospects for the election of a democrat to the presidency are most excellent, and Jos. W. Folk of Missouri, or Judge Harmon of Ohio, either, will come as near suiting the rank and file of the party as any other prominent democrat that could be named.

Soldiers' Monument Dedicated.
Malden, Mass., June 17.—A handsome monument erected to the memory of the sons of Malden who fought in the Revolutionary and Civil wars, was dedicated in Bell Rock Park today. Col. Edward Anderson of Quincy, a personal friend of President Lincoln and Jno. Brown, delivered the oration and the memorial was unveiled by Miss Katherine Page, daughter of Gilman Page, the oldest living member of Malden's original company sent to the Civil war. The unveiling ceremonies were preceded by a parade of war veterans, militia and sailors and marines from the Charlestown navy yard.

EVIDENCE OF DEVELOPMENT.

David Wallace Was Defeated Politically for Advocating Advancement.

David Wallace, formerly of Indianapolis, Governor of Indiana from 1837 to 1840, and father of Gen. Lew Wallace, had two curious experiences. In 1840, at the end of the first term as governor, and at the height of his popularity, he declined nomination for reelection (that was under the old Constitution) for fear of the odium attaching to his support of the internal improvement system; yet he lived to see Indiana rid-ironed with railroads.

Joseph A. Wright, a member of the legislature in 1837, and afterward governor of Indiana, minister to Prussia and United States senator, in a speech against internal improvements, said: "Nothing is to me so chimerical as the idea of running 300 miles of railroad in Indiana. Of all things they are the most obnoxious, they were never intended for any other purpose than to connect large commercial cities like Liverpool and Manchester, or our Eastern cities. Your canals, and now especially your macadamized roads, will benefit the whole country; roads that the farmer can put his team on, haul 6000 pounds as easily as he can now haul 3000; roads that any citizen in the country can use."

The era of modern progress had not yet dawned. Governor Wallace's other curious experience was that in 1842 he was beaten for re-election to Congress because he had voted for an appropriation to enable Prof Morse to build an experimental line of telegraph from Washington to Baltimore, yet he lived to see the country covered with a network of telegraph wires and assisted in celebrating the laying of the first Atlantic cable. The incidents illustrate the rapid development of modern inventions, yet they are not unusual.—Indianapolis News.

Do thou reel from righteous retributions blow.

Then turn from blotted archives of the past and find the future's pages white as snow.

Should fate have worked itself against you, and you have been deprived of the opportunity of a full education. Decide now to accept the courses we offer, and prepare for the rich harvest that awaits those "WHO CAN DO THINGS, as they should be done."

Final Round-Up on Famous Ranch.
Swearingen, Tex., June 17.—To celebrate the final round-up and passing away of the famous O X ranch and its opening up to settlement and colonization, a two days' reunion and festival was begun here today by the Northwest Texas Cowboys' association. The program provides for a big parade, roping contests, broncho busting contests, races, trap shooting and other interesting features. The concluding event will be the final round-up on the O X ranch, which is one of the largest and oldest ranches in Texas, having been in existence for nearly sixty years.

Mme. Nazimova will spend the summer at her country place at Portchester, N. Y. The present run of "Little Eyclif," however, bids fair to be prolonged beyond the usual time for beginning vacations.

A mighty popular and very easy answer to that daily kitchen puzzle.

Now Don't make the mistake of thinking you can get any kind of baked beans and answer the question just as easily.

"Yours Truly" Beans are very different—no its not an accident or a special kind of bean, but its a special process of preparing and baking them that gives them a quality and flavor that is just irresistible

"THE CLOTHIERS"

Gotham Awaits Roosevelt.

New York, June 17.—In eager expectancy New York is awaiting the arrival of former President Theodore Roosevelt on the Kaiserin Augusta Victoria tomorrow morning. Flattering flags, pennants and streamers and pictures of Colonel Roosevelt are everywhere. Broadway is a long vista of bunting in the national colors, while the fronts of the great sky-scrapers facing Battery Park, where the formal welcome of the distinguished home-comers to take place, have been handsomely decorated. Visitors are coming in from the north, south and west to assist in the demonstration and it is estimated there will be more than half a million strangers in New York by tomorrow morning.

Railroad and steamboat officials believe the estimate of half a million visitors is altogether too small. Many expressed the opinion today that the number will approach close to a million and may possibly exceed that figure. The trains, boats and trolleys early tomorrow morning are expected to pour a veritable flood of humanity into the metropolis from the surrounding cities and towns of Long Island, Connecticut and New Jersey.

Accommodations at the leading hotels are already at a premium. The Waldorf, St. Regis, Knickerbocker, Astor, Belmont and scores of other prominent hotels are filled from ground to roof and near-by rooming houses are taking care of the overflow. Delegations from single cities or states have taken entire floors at some of the big hotels. The Waldorf, for example, is housing nearly a thousand visitors from Chicago, while an equally large delegation from Ohio has found accommodation at one of the big hotels a little farther up Fifth Avenue.

Every detail of the elaborate reception program was completed today. The program will be ushered in shortly after 8 o'clock tomorrow morning when the flotilla of boats will rendezvous in the Narrows, where it will remain until the Kaiserin Augusta Victoria drops her anchor at Quarantine and Mr. Roosevelt boards the revenue cutter Androscoogin, which has been assigned to the reception committee. The boats of the flotilla will fall in behind the double column, and all will proceed up the bay and North River as far as Fifty-ninth street, and back to the battery.

At the battery Mr. Roosevelt will set foot on his native soil for the first time in over a year and be officially welcomed by Mayor Gaynor, representing the City of New York. This ceremony is set for eleven o'clock. It will take place on a raised stand in Battery Park and the principals will be surrounded by thousands of distinguished guests, including United States senators and representatives, members of the diplomatic corps at Washington, members of President Taft's cabinet, governors of states, mayors of cities, business men of national reputation and many other persons of note.

According to the present plan, Mr. Roosevelt will, when he leaves the revenue cutter, pass through the Dock Department Building and step from the raised sidewalk to the platform. The platform itself will be raised five feet so that those standing upon it will be seen by others thousands in the park and along the roped promenades. At the foot of the platform steps the former President will be met by Mayor Gaynor, who will deliver an address of welcome, to which Mr. Roosevelt will respond.

During the ceremony the carriages to be used in the procession by the members of the reception committee will be drawn up in line along the west side of West street, but they will not enter Battery Place until signaled for.

The parade, which will follow immediately after the welcoming exercises, will be led by the mounted police and the mounted police band. Then will come the members of the reception committee and local organizations.

Mr. Roosevelt's personal escort will consist of members of his old regiment of Rough Riders, under the command of Charles E. Hunter, president of the National Roosevelt Rough Riders' Association. The three honorary members of the association will ride in the parade. They are Lieut. Gen. S. B. M. Young, U. S. A., retired; Brig. Gen. Samuel S. Sumner, U. S. A., retired; and Brig. Gen. Charles Cooper of Philadelphia. The Rough Riders will be mounted on horses furnished by Troop C, of Brooklyn and will appear in the regulation United States army khaki uniform.

The parade will pass up Broadway to Waverly Place, turning into Washington Square, thence through Washington Arch, up Fifth Avenue to Fifty-ninth street, where it will be dispersed. It is probable that immediately following the conclusion of the demonstration Mr. Roosevelt and family will leave for their home at Oyster Bay.

Dear Bill:-

Get wise to that fussy pill plant on 8th street; those temperance toddy tossers were mixing summer joy juice way back when Methuselah was too young to vote, and say, don't try to stand them up by asking for any fancy foam, unless you want it, for they have all the information that goes with the job—none of that refined Hungarian fuss coming, but music by the cash register from six-thirty a. m., till street lights get peevish from working overtime. With best wishes, I am,
Yours when you come after me,
