CITY VALUES SHOW MATERIAL ADVANCE

GAIN OF ONE AND A QUARTER MILLIONS OVER LAST YEAR IS RECORDED

NEARLY FIVE MILLIONS

Increase is About Thirty-Three Per Cent Over Showing for 1909

A total taxable valuation of \$4,897,050 is shown by the completed city tax rolls for 1910, according to figures given out by City Tax Collector Robertson this morning. This is an increase of \$1,235,000 over last year's total, which was \$3,662,000.

This increase is about thirty-three per cent of last year's total, which is considered an excellent showing. It was thought that the total for this year would reach the five-million mark, however, and the gain is not as large as was expected.

The total collections on the 1910 valuations, at the present rate of sixty-five cents, will be \$30,831.08, exclusive of poll taxes, fines and other sources of revenue.

Of the total for this year, the resident and non-resident rolls together make \$4,823,985, and the unrendered \$73,105. There are nine hundred assessed polls, but the poll tax collections will doubtless go close to fifteen hundred for this year, if not above this number.

The total valuations on railroad property here amount to \$178,450, of which the Fort Worth and Denver renders \$87,750 and the Wichita Valley, \$25,225. The remainder is divided among the other roads. The Denver and Valley own practically all the trackage in the city limits, although it is used by all the roads entering this city. The city can only assess for tracks and buildings, and cannot levy on rolling stock or intangibles.

The city's increase and the county's increase over last year's taxable values, amount to about one and one-quarter millions in each case.

The Irish Lads annexed their fifth consecutive game from the Altus team yesterday afternoon, winning by a score of 5 to 0. They had already won Saturday's game, 4 to 1, and three straight at Altus. Yesterday's game was more or less of a walkover, the Lads getting two in the first inning when Nailor hit for four bases. One of the Altus boys landed for a three-bagger in the fifth inning, but died on third. The closing game of the series will be played this afternoon.

WICHITANS TO APPEAR BEFORE RATING BOARD AT MEETING TOMORROW

Mayor T. B. Noble and President R. E. Huff of the Chamber of Commerce left over the Denver this afternoon for Austin to be present at the meeting of the state fire rating board there tomorrow. The rating board will hold an open session and delegations from practically every city of any importance in the state will be in attendance. The local representatives will endeavor to have the local risks, which are still considered unreasonable in spite of the reduced key rate, put down to an equitable basis and they will also try to have the key rate lowered still further. Only one cent was taken off the key rate for the purchase of the automobile fire engine and it is thought that at least three cents should be allowed. Mr. Noble will take along a large number of photographs showing the style of construction of buildings here and both he and Mr. Huff will endeavor to secure a more liberal attitude towards the risks here.

Texas News Service Special. San Angelo, Tex., June 20.—Aroused by the exclusion of their children from schools attended by white children, the Mexican residents here at a mass meeting Sunday adopted resolutions to take the matter to the highest state courts. The meeting followed the agitation of the question, which was presented to the school board, and to which the board replied by promising the best facilities for Mexican children in separate schools.

Members of the board today declared that the opposition to intermingling Mexican and white children was united, and it is asserted that there is no thought of receding from the stand taken.

COUNTY EXECUTIVE COMMITTEE MEETS

CLERK'S AND SHERIFF'S OFFICERS WILL NOT BE DIVIDED ON BALLOT

APPLICATIONS ARE FILED

Official Primary Ballot Is Arranged and Technicalities Attended to

The County Democratic Executive Committee met at the court house this afternoon and prepared the ballot to be voted upon at the primaries on July 23. Nothing except routine business was transacted, save that the question of the division of the clerk's and sheriff's offices came up and was settled by the decision not to put the names of candidates for these offices on the ballot, as the offices do not now exist. It was agreed that it would be no reflection on the democracy of the candidates for these offices to run as independents next November if the offices have been created at that time.

Harley Heath and W. W. Jackson have filed applications to be placed on the ballot as candidates for district clerk and G. A. Smoot Sr. and Harry Daugherty had applied for places as tax collector. Their names will not, under the decision of the committee, go on the primary ballot.

The committee also refused to put the name of E. A. Dale, candidate for county commissioner from the fourth district, on the ballot, he being a professed Republican.

J. A. Putnam representing Denny, W. C. Sherrad representing Wichita Falls, C. C. Huff representing Burkburnett and Dr. J. M. Bell representing Iowa Park, Clara, and Electra, were present. The official ballot was for county, district and precinct offices, arranged as follows, the places being determined by lot:

Judge, Second Supreme Judicial District—T. H. Connor of Tarrant county, Congressman, Thirteenth Congressional District—John H. Stephens of Wilbarger County, John W. Veale of Potter county, Representative, 105th District—G. E. Hamilton of Childress county, Senator, 29th District—W. A. Johnson of Hall county, L. Gough of Deaf Smith county, J. P. Slaten of Deaf Smith county, Judge, 30th Judicial District—R. F. Arnold of Young county, P. A. Martin of Young county, Attorney, 30th Judicial District—S. M. Foster of Wichita county, A. S. Moss of Clay county, R. S. Morrison of Archer county, County Judge—C. B. Felder, M. F. Yeager, County Attorney—T. R. (Dan) Boone, T. B. Greenwood, County and District Clerk—W. A. Reid, County Assessor—John M. Hursh, John Robertson, Sheriff and Tax Collector—J. W. Walkup, Pete Randolph, W. E. Skeen, G. C. Rhodes, County Treasurer—Thomas W. McHam, Superintendent of Public Instruction—H. A. Fairchild, Chairman Democratic Executive Committee—J. M. Bell.

The ballot for precinct offices was also arranged and will be published later. Dr. J. M. Bell will succeed C. C. Huff as county chairman, he being the only candidate. Mr. Huff has declined to stand for re-election and Dr. Bell agreed to allow his name to be used. An assessment of \$20 each from county candidates and \$7.50 each from precinct candidates was levied to defray the election expenses, which will amount to about \$340. The committee then adjourned subject to the call of the chairman.

DELEGATION IS OFF TO ATTEND MEETING

LOCAL MERCHANTS LEAVE, PREPARED TO BRING 1911 CONVENTION BACK

CIGARS AND LITERATURE

These Will Be Used as Blandishments by Wichita's Representatives

Armed to the teeth with badges, literature and cigars, the Wichita Falls delegation to the state merchants' meeting at Houston left over the Fort Worth and Denver for that city this afternoon, determined to bring the 1911 meeting back with them. The party included H. J. Bean, J. L. Lea Jr., Mayor Noble and Secretary Barrickman. All except Mayor Noble will proceed direct to Houston. The mayor will spend tomorrow in Austin, going from there to Houston tomorrow night.

The delegation carries a bountiful supply of Wichita Falls booklets and several boxes of cigars for distribution. It also carries a number of cards with the words, "Wichita Falls, the Fastest Growing and Most Enterprising City in Northwest Texas, invites the Texas Retail Merchants' Association to Honor It by Holding Its Next Annual Convention There. It Wants You to Be Its Guest in 1911." The committee also carries badges further advertising the fact that Wichita Falls is after the next meeting. The delegation can promise a royal entertainment, one local concern alone having agreed to tender a banquet.

The following regarding the purposes of the meeting is taken from the bulletin of the association:

"The meeting of the Retail Merchants' Association of Texas will witness the largest gathering of representative retailers ever held in the state, as from a small beginning a few years ago, interest in association work has grown until in attendance it will probably be the largest convention of any nature, held in the state. The State Association in the past has accomplished an immense amount of good for the retailers of Texas, among which may be mentioned the elimination of trading stamps and kindred schemes, having the law repealed which levied an occupation tax upon merchants; assisted in framing and passing a pure food law, prevented the passage of further laws protecting the dead beat, in addition to materially reducing losses through a system of exchange of credit information. This year's convention will take up the matter of getting a law passed, making it a penalty to draw a check without sufficient money in the bank to meet it, and the Fort Worth delegates will probably present and advocate this resolution as this association has already drafted and adopted such a resolution. Improvement of credit conditions will be the paramount thought with the 1500 merchants who will congregate at Houston from all parts of the state, and their talent and energy will be spent in behalf of the retailer, whether he be a member and contributor to the state organization or not."

Roosevelt-Alexander Wedding

New York, June 20.—Few weddings in recent years attracted so much general interest throughout the city as the wedding this afternoon at Fifth Avenue Presbyterian Church, corner Fifth Avenue and 55th Street, by which Miss Eleanor Butler Alexander, only daughter of Mrs. Henry Addison Alexander, of 42 West Forty-seventh Street, Manhattan, became the bride of Theodore Roosevelt, Jr., the eldest son of ex-President Roosevelt. It was not a grand society event in the ordinary sense and there was no lavish display as could be seen at the Gould and Vanderbilt weddings, but it did not have to depend upon gorgeous decorations and other frills to attract attention. The mere presents of the former president of the United States at the ceremony was sufficient to make the wedding an event of more than ordinary interest and to attract thousands of curious people to the vicinity of the Fifth Avenue Presbyterian Church.

The church was handsomely but not extravagantly decorated and all appointments were rather simple but dignified. The bride, radiant in her beautiful white satin gown with trimmings of old lace, was assisted by her matron of honor, Mrs. Snowden Andrew Fahnestock, an intimate friend of the bride and herself a bride of only a few weeks. The bridesmaids, five in number, were Miss Ethel Roosevelt, second daughter of President Roosevelt, the Misses Harriet and Janette Alexander, daughters of Mr. and Mrs. C. B. Alexander and cousins of the bride; Miss Jean W. Delano a daughter of Mr. and Mrs. Warren Delano, Jr., and Miss Jessie Millington-Drake of Paris.

Mr. Elyria Dupont Irving, a great grandnephew of Washington Irving and the bridegroom's most intimate friend, acted as his best man and the ushers, most of whom were former classmates of Mr. Roosevelt at Harvard, were Francis Roche, John W. Cutler, Hamilton Fils, Jr., E. Morgan Gilbert, Fulton Cutting, Elliott Cutler, Grafton Channan, George Roosevelt, Monroe Roosevelt, and Kermit Roosevelt. Of the three latter the first two are first cousins of the bridegroom, and Kermit his brother, who accompanied ex-President Roosevelt on his hunting trip to Africa.

The ceremony was performed by the Rev. Dr. Henry M. Sanders, a great uncle of the bride, assisted by Dr. Gordon Russell of Cranford, N. J. The church was well filled during the wedding ceremony, but by no means overcrowded as only members of the two interested families, their relatives

and friends had been invited to the church, excepting a number of persons who had been part of the Roosevelt establishment at the White House, when the father of the bridegroom had been President. Several of the former negro servants of the Roosevelt household were interested spectators at the ceremony. Ex-President Roosevelt cordially shook hands with them at the church door after the ceremony. The wedding was followed by a reception at the house of Mrs. C. B. Alexander on West Fifty-Eighth Street, which was attended by many hundreds of guests, among them men and women of note and social distinction.

The bride, who made her social debut only two years ago, is the granddaughter of Mrs. Henry M. Alexander, who was Miss Susan M. Brown, and a niece of Charles B. Alexander of New York, of Mrs. John J. McCook, and of the Rev. Maitland Alexander of Allegheny, Pa. Her mother was Miss Grace Green, a daughter of Mr. and Mrs. Albert Green of Ohio. Mrs. Alexander obtained a divorce from Mr. Alexander some years ago. The bride is also a granddaughter of the late Theron R. Butler. She is highly educated and a general favorite in society. She and her young husband were friends from childhood.

The young benedict, Theodore Roosevelt Jr., is the eldest child of the ex-president by his second wife, who was Miss Edith Carew, and a half brother of Mrs. Nicholas Longworth. He graduated from Groton School in 1905 and entered Harvard University in the fall of that year. His father being then president, the young man attracted unusual attention which, being extremely modest, he sought to escape as much as possible. Following his father's example he went in for a strenuous life and, although somewhat under weight, obtained a position on the freshman football team. He never became a member of the Varsity team, but played on his class-teams with remarkable pluck. In his junior year he was duly initiated as a member of the Alpha Delta Phi and his father was present at the hazing which forms part of the initiation ceremonies.

Early in 1908, before being graduated, Mr. Roosevelt terminated his college work and in the following autumn began life as a wage earner in a carpet mill at Thompsonville, Conn. He rapidly worked his way up and is to be the agent of the Hartford Carpet Corporation in San Francisco. Aeronautics is his favorite recreation.

To Renominate Gov. Ebbart.

St. Paul, Minn., June 20.—Nearly all of the 1,075 delegates to tomorrow's republican state convention are in the city. The convention will nominate a candidate for United States senator, four justices of the supreme court, and candidates for governor and all other state officers. Governor A. O. Ebbart will be renominated by acclamation. No other name will be presented. Several contests are on for minor places on the state ticket. United States Senator Clapp, whose term expires in next March, will be indorsed for reelection. The most interest centers in the construction of a platform. There is a strong demand for a resolution indorsing and favoring more active tariff revision. In regard to state issues there is a prospect for a spirited contest over a county option plank.

Columbus, O., June 20.—The annual convention of the International Printing Pressmen and Assistants' Union of North America was called to order today by President George L. Berry. Both buildings are filled with displays illustrating the wide extent and wonderful variety of the manufacturing interests of Detroit and the suburban cities.

NASAL CATARRH.

Henry L. Britton Says It is Easy to Get Rid of.

"My head, nose and glands leading to my eyes and nose were stopped up and swollen. I tried several so-called catarrh cures but Hyomei, used thoroughly did the curing. There is nothing too good to say in favor of Hyomei. It cured my nasal catarrh."—Henry L. Britton, Frost St., Eaton Rapids, Mich.

Hyomei (pronounced High-o-mei) cures catarrh, because it gets where the germs are, and destroys them. It is made of Australian eucalyptus, mixed with other healing antiseptics. When breathed over the irritated and inflamed membrane, it gives relief in two minutes.

Used regularly for a few weeks it will build up and heal the germ-infested membrane and drive out catarrh.

If you own a small Hyomei pocket inhaler, you can get a bottle of Hyomei at druggists everywhere, or at O. F. Marchman Drug Co., for only 50 cents. If you do not own a Hyomei inhaler, ask for a complete outfit, the price is \$1.00. It is guaranteed to cure catarrh, coughs, colds, croup or sore throat or money back.

Chippewa Land Opening.

Crookston, Minn., June 20.—There was a great rush of land seekers at the government land office here today at the opening of the Chippewa reservation lands to settlement. The lands are to be disposed of to actual settlers only, under the provisions of the homestead law.

WEATHER FORECAST.

For Wichita Falls and Vicinity.
Tonight and Tuesday, generally fair.

Wichitans who stay at home do not realize how well this city is advertised nor do they comprehend how great is the general interest in Wichita Falls. Wichitans who do travel will tell you that when they let a stranger know where they are from, and they usually do, they are immediately pried with all sorts of questions regarding Wichita Falls and when they want to talk about the home town, and they usually do, they have little trouble in finding an interested listener.

It is said that a German from Kansas got off the Rock Island train at Bridgeport, Tex., not long ago and, looking about, inquired what town he was in.

"Bridgeport," was the reply.
"Bridgeport?" said the German, "I thought there was only three towns in this state—Dallas, Fort Worth and Wichita Falls."

Wichitans may not be aware of the fact that, next to Oklahoma City, there is no city in the entire Southwest which is being more closely watched

by prospective immigrants and investors than is Wichita Falls. The secretary of the Chamber of Commerce will tell you that he has daily requests for literature from every section of the country.

The best part of it is, that when someone who is interested in Wichita Falls visits this city, he finds those attributes of a real city—such as an up-to-date car line, handsome buildings, a modern theatre, a complete amusement resort, well-equipped schools—that tend to impress him favorably and make him talk about Wichita Falls after he has gone.

Wichitans, we've got a good town here. Let's not be afraid to tell the world about it and let other sections know that we have something worth while.

The Times' circulation is growing steadily—just about as fast as Wichita Falls is growing, and knowing this to be the case, the Times is not worrying about the future. It is not one of those newspapers that believes in "padding" its columns to make a big showing, and in the future as in the past will continue to adhere to its policy of putting forth just as good a newspaper as the supporting soil can possibly afford. Quality and merit should stand for something, therefore a newspaper should not be judged alone by its tollage. Any other course would be disastrous, and not being overly anxious to "join those who have gone before," its readers can be assured that when Wichita Falls gets to be of that size that will justify the publishing of a real metropolitan paper, the Times will be here to fulfill that mission to the full measure. It is all right to be enterprising, and that counts up in the long run, but there is a vast difference between enterprise and business. Some awful good newspaper men of this day have not yet been able to draw the line of distinction between the two, but experience is a great school, and those who have paid the tuition fee, once don't usually go back for a second graduation.

The Fort Worth Star-Telegram is sending out post cards to determine in that way if possible who is to be our next governor and lieutenant governor, and the results will be published soon. Of course, the Star-Telegram has its favorites, but these cards are sent out indiscriminately, and as a reputable newspaper it cannot afford to print anything but the correct figures, and this the Times has confidence it will do. The scheme is a good one, and one in which readers of that excellent paper will take great interest.

The fact that Cone Johnson spoke at Corpus Christi the other day stamps him as a brave and courageous man. He deserves a hero medal for approaching so near the gulf. But Cone may be a good swimmer.—Amarillo Panhandle. Cone also spoke at Gainesville, and was tendered a cordial welcome. He seems to be that kind of a "hyena" who is not afraid of water or loud noises.

Of course, C. B. Roulet, the insurance actuary, didn't make the insurance laws, neither did he decide for himself what his name should be, but nevertheless and notwithstanding, these laws and that name fit delightfully.—San Antonio Express.

Resolutions of Respect

Whereas, God in his wise providence has removed from the walks of men, the father of Sister H. J. Miller, one of the teachers of our Sunday school, Therefore, Be it resolved, by this Sunday School, That we deplore this sad providence that has befallen her and family, and that we hereby tender her our sincere condolence and prayers.

That the secretary furnish her a copy of these resolutions.

Special Primary Session in New York.
Albany, N. Y., June 20.—Pursuant to the call of Governor Hughes the New York legislature convened in extra session today for the further consideration of the direct primary issue. A spirited fight is in prospect, with the governor, supported by the insurgent members on one side, and the so-called republican-machine on the other. Every effort will be made to put through a measure providing for a complete system of direct nominations.

G. A. R. of Michigan.

Holland, Mich., June 20.—The advance guard of visitors arrived here today for the annual encampment of the G. A. R. Department of Michigan. The town is profusely decorated in honor of the veterans. Wednesday will be the big day of the encampment, when the annual parade will be held, with the camp-fire in the evening, at which Governor Warner, Congressman Townsend and the several gubernatorial aspirants will speak.

NEW HONEY!

The bees have been doing good work this year and their product, pure honey, is a little better than usual. Another shipment of new bulk honey has just reached us; it's very clear and bright, and of exceptionally fine flavor.

16c per lb. in bulk; 6-lb. pails, \$1.00; 12-lb. Pails, \$1.90.

Compare that with present butter prices and then tell us—how many pounds to send you right away.

The price is very low considering the quality—the same honey in some northern cities brings as high as 25c.

Whenever You See a Woman With
Lustrous Auburn Hair You Can
Wager That She Uses Parisian Sage.
The girl with the auburn hair is
on every bottle and every carton of Pa-
risian Sage.

But that isn't why all the lovely girls
with the brilliant and fascinating pro-
fusion of auburn hair always recom-
mend Parisian Sage.

They know as do thousands of their
dark haired sisters that there is no
preparation for the hair that can com-
pare with Parisian Sage. The sales
throughout America last year were
nothing less than phenomenal.

It will stop dandruff in any man's or
woman's hair in two weeks or money
back; it stops falling hair and itching
scalp almost magically.

Has wonderful ability to turn harsh,
dull, faded hair that many women
possess into luxuriant radiant and fas-
cinating hair in a few weeks.

It is a delicately perfumed tonic that
is not sticky or greasy, that gives a
refreshing and invigorating feeling to
the head the minute it is applied. Rub
it in, it will make your hair grow.

Fifty cents for a large bottle at drug-
gists everywhere and at Marchman's
Drug Co. After using one bottle of Pa-
risian Sage, the ordinary tonics will
never please you again. Mail orders
filled, charges prepaid, by American
makers, Glroux Mfg. Co., Buffalo, N. Y.

Walsh & Clasbey, The Clothiers

Stray Topics from the Little Old City of New York

New York, June 20.—"Dignity of the profession" sounds decidedly impressive and is often used in connection with some profession considered particularly honorable, like those of ministers, judges, doctors, members of the cabinet, etc. There was a time when the term was applied to members of the political profession, but in that respect it has become obsolete. A rather new application of the expression was made the other day, however, when the dog catcher of the Hackensack Society for the Prevention of Cruelty to Animals sent his resignation to the society. In this remarkable document the writer explained that the profession of dog catcher was a honorable profession and he would rather resign than sully the dignity of his profession by washing the automobile of the company which is used by the dog catcher on his rounds.

The numerous commuters who have the misfortune of being compelled to use the New York, New Haven & Hartford railway daily to go from their homes daily to the city and back again, were greatly astonished when they awoke the other morning to find that their villages or towns had been moved several miles away from New York City. They could not believe their eyes, although the new time tables of the railroad clearly showed that the distance between their villages and the city had increased overnight. Some cynics expressed the belief that the apparent stretching of distances was merely a trick of the railroad company for the purpose of extorting higher rates from the commuters and they promptly entered a vigorous protest through their lawyer. When the railroad officials found that the commuters refused to be convinced that the distance between their towns and New York had actually stretched, they promptly backed down and the president of the company explained it was all a stupid blunder. No doubt it was, but there was method in that madness and had it not been for the watchfulness and energetic action of the commuters, the railroad company would have maintained the deception, which would have enabled it to extort a handsome sum from the poor commuters.

New York is to have another big hotel. It is to be erected on the east side of Broadway, extending from Thirty-third to Thirty-fourth street by a syndicate headed by Charles P. Taft of Cincinnati, a brother of President Taft. The hotel will be built upon leased ground, for which a yearly rental of \$300,000 has to be paid. It will be modeled somewhat on the plan of the Hotel Belmont and will cost more than \$5,000,000. According to present plans the hotel will be twenty-five stories high. The syndicate will be incorporated as the Greeley Square Hotel Company.

The authorities are somewhat puzzled over a somewhat unusual case just now. On April 14, of this year a woman was seriously injured in a street railway accident at Sixth avenue and Twenty-fourth street. The woman, who gave her name as Mrs. Mary McGonigle and her address as 817 Tenth avenue, was taken to the Bellevue hospital, where she died six days later. Her body was identified by the brother, the sisters, the son and other relatives of Mrs. McGonigle, and she was buried under that name in the McGonigle lot. The life insurance of Mrs. McGonigle was collected and the Metropolitan Street Railway company paid the funeral expenses and an allowance for damages. The other day, however, Mrs. McGonigle, the woman supposed to be dead and buried, returned to her home and proved her identity beyond doubt. The question now is, who was the woman who called herself Mrs. McGonigle and was identified as such by the whole McGonigle family after her death at the hospital?

Some woman left her boy of two weeks in a go-cart upon the sidewalk, while she went bargain-hunting in a department store on Fifty-ninth street the other day. In her excitement over the great bargains she forgot all about her baby and returned home without ever giving a thought of the child. After several hours, one of the saleswomen notified the police and the baby and go-cart were taken to the station. The mother of the child never called for it and it was taken to Bellevue Hospital.

The other day three burglars were detected while they were trying to break into a machine shop. A man pursued them and when he caught up with them in a saloon, he made them surrender and throw up their hands by pointing his old pipe at them, which they mistook for a gun. He held them until a policeman arrived and arrested the escaped trio. When the wife of the man who had captured the burglars heard of her husband's clever trick, she expressed no surprise. "Why," she said, "these burglars knew what they were doing when they

threw up their hands; just a smell at that nasty old pipe is enough to cause instant death.

Children, as a rule, are not particularly fond of going to school, but rarely do they manifest their disinclination otherwise than by playing truant. A boy of nine years in Newark, however, rather than go to school went to the extreme of hanging himself in the cellar of his father's house. Whether the boy really intended to end his life or whether he merely wished to scare his parents into taking him out of school, will never be known. When the boy was found, after a long search, he was dead.

Another boy in Manhattan tried a less tragical method of escaping school and succeeded for a whole afternoon, but his experiment had such unexpected results that there is every reason to believe that he has permanently been cured of playing truant. The other day, when his disinclination to go to school was particularly strong, he betook himself to the roof of a house in the neighborhood, where there is a well-stocked pigeon house. It was warm on the roof and the boy became drowsy. He stretched himself on the flat roof, behind a chimney and promptly fell asleep. The sun was quite low when the boy awoke, to find himself stuck to the roof, the asphalt of which had become softened by the heat of the sun. He became frightened and began to yell at the top of his voice. A policeman heard him and hastened to the roof. After considerable effort the policeman succeeded in prying the boy off the asphalt, but he was not able to pull the boy's long locks away from the sticky coating of the roof. Finally the boy got away, leaving parts of his clothing and his beautiful locks, the pride of his mother, on the roof. What happened when his father came home, discretion forbids to divulge.

"THIS IS MY 74TH BIRTHDAY"
Robert C. Ogden
Robert Curtis Ogden, the New York merchant who has been one of the leaders in the movement for education in the South, was born in Philadelphia, June 20, 1836. He began his business career as an errand boy at \$1.50 a week. In 1855 he became associated with John Wanamaker as manager of the great Philadelphia merchant's wholesale business. Here he was so successful that when Mr. Wanamaker bought out the old A. T. Stewart store in New York City, he gave Mr. Ogden full control of the business there. Several years later Mr. Ogden retired from active business to devote his entire attention to educational and philanthropic work. He has served as trustee of the Tuskegee and Hampton institutes for the education of negroes and as president of the Conference for Education in the South.

Dear Bill:-

Get wise to that fussy pill plant on 8th street; those temperance toddy tossers were mixing summer joy juice way back when Methuselah was too young to vote, and say, don't try to stand them up by asking for any fancy foam, unless you want it, for they have all the information that goes with the job—none of that refined Hungarian fash coming, but music by the cash register from six-thirty a. m., till street lights get peevish from working overtime. With best wishes, I am,
Yours when you come after me,
JASPER.
