NUMBER 288

H. B. AND RALPH HINES BUY 20 LOTS IN SNYDER SUB DIVISION

H. B. and Ralph Hines yesterday purchased from T. B. Snyder, twenty lots of the Snyder sub-division of Block 12 in Bellevue addition for which they paid \$11,500. This sub-division was only recently placed on the market and already quite a number of lots have been sold, the transaction yesterday representing a transfer of the remaining part of the property.

The property was purchased by the Messrs. Hinds as an investment and they will continue the sale of the lots.

At The Ruby. Miss Shannon, the Lady Raffles and the Phenomenal Cruze will be the headliners of a program at the Ruby Theatre tonight and for the remainder of this week which Manager Smith believes will be the best ever put in his theatre.

The act that will be presented by Lady Raffles and Cruze is said to be something different from any hand-cuff-act ever shown. They carry an elaborate wardrobe.

Frank Merrill, the Komikal Kidder in Kork, will be another feature of the program.

Mr. Merrill has just closed the season with Lew Dockstaders Minstrels and this in itself is a sufficient guarantee that his performance will please.

CYCLONES LEAVE DEAD IN 4 STATES

KNOWN DEAD EARLY THIS MORNING TWENTY.

9 DEAD AT BIG HEART

Parts of Oklahoma, Arkansas, Missouri and Kansas Swept by Storm.

By Associated Press. Kansas City, Mo., April 13.—Parts of 4 states were swept by tornadoes late yesterday afternoon and last night. The known dead early this morning is twenty, with a number of others unaccounted for.

The known dead early this morning is twenty, with a number of others unaccounted for. The injured number over a hundred and the homes lost over five hundred. Oklahoma, Arkansas, Missouri and Kansas were in the storm's path.

There were several district storms. The first was at Elkridge, Kansas, at about four o'clock in the afternoon where many houses were destroyed. This storm swept on to Powhattan and Notawaka, Kansas, then northward to Whiting, Hiawatha and Manvel, Kansas.

Three were killed at the latter place, and sixty houses were blown down at Whiting, Lawrence, Kansas was struck at eight o'clock and two were killed. At about five o'clock in the afternoon, an Oklahoma storm started, rendering four hundred homeless at Big Heart, Oklahoma.

The full toll of the dead and wounded there is not yet known. Meeker, Checotah and an Indian village near Big Heart, all in Oklahoma, were successively swept, the storm striking over Arkansas and hitting Joplin, Missouri. Vast damage was done to crops. Nine are known dead at Big Heart, four at Meeker, Oklahoma, and one at Joplin, Missouri.

The identified dead are: Lawrence, Kansas—MRS. JOHN SULLIVAN, MRS. LAURA CHILDS (Negroes), Robinson, Kansas—GERALDINE MEISENHEIMER, Hiawatha, Kansas—MISS MALOTT and a boy named Pelton. Joplin, Missouri—MRS. ALAMEDA SHELLEY.

Whiting, Kansas was not directly hit, the storm passing close to one side of the city.

Thirty-six of the injured at Big Heart are in a serious condition. Every business house in the town was destroyed also two hotels, the school

Dr. Miller Will Build \$20,000 Sanitarium on Tenth Street

Plans are now maturing for the construction of a sanitarium by Dr. R. L. Miller, the approximate cost of which will be \$20,000. The building will be erected on Tenth street opposite the First Baptist Church.

CITY LEAGUE TO ARRANGE SCHEDULE

Meeting Will Be Held At The Y. M. C. A. Rooms Tonight For That Purpose.

A meeting of the managers of the different baseball teams in the City League will be held tonight at 8 o'clock at the Y. M. C. A. rooms for the purpose of arranging a schedule for the season. It is the purpose of those at the head of the league to provide a schedule that will not conflict with that of the Texas-Oklahoma league, which has already been announced to June 8.

It is desired that all the team managers be present tonight and take part in this work.

TO ERECT SUPPLEMENTAL PUMPING PLANT

Water Company to Put in Second Station at Auto Factory Site.

The Water and Light Company expects, in connection with the locating of the automobile factory, to put in a supplemental pumping station on the irrigation ditch near that point for permanent use in supplying the factory and those who may reside in that locality. This plan is considered more feasible than a connection with the city service and will obviate the necessity of a long expensive water main.

This plan was outlined by Manager Stokes in a conversation with a Times reporter today, who also stated that they would lay a temporary line to the factory site to supply water for construction purposes. This line will be laid immediately for which piping is being hauled out today.

ELKS MINSTRELS ON MAY 10 AND 11TH

Draper and Miller Today Wined Acceptance of Proposition from Local Lodge.

The local lodge of Elks today received a telegram from Messrs. Draper and Miller, accepting a proposition submitted by the lodge for an Elks' Minstrel on May 10 and 11th.

Draper and Miller put on a minstrel for the Elks here two years ago that was a splendid success. Within the last two months they have put on minstrels at Amarillo, Fort Worth, San Antonio and other cities.

house and railroad station. At Reserve, Kansas, Mrs. Fred Stone was killed in the collapse of her house. Her two sons were seriously injured. The wind swept much of the clothing off Mrs. Stone's body.

Three persons are reported killed at Delaware, Oklahoma, but no names are obtainable. At Ochelata, Oklahoma, thirty-two were hurt, and thirty houses demolished. The property damage there is estimated at fifty thousand dollars.

Only Four Dead At Big Heart.

By Associated Press. Oklahoma City, Okla., April 13.—The correct number of the dead at Big Heart is four.

They are: ANNA TAYLOR, JENNIE BROWN, FRANK KERNS, FRED HAMMOND.

Many, however, were badly injured. The oil fields about Big Heart were devastated. Houses were carried a mile or more. One baby was killed near Checotah. The town of Taft was partly wrecked.

3 Killed At Plumerville, Ark.

By Associated Press. Plumerville, Ark., April 13.—Three were killed and a score injured last night in a tornado that struck this place.

First National Bank of Electra Being Organized

It was learned here today that a new bank is being organized at Electra. W. W. Brown, one of the leading citizens of that place taking the lead in the organization of the company and it is reliably reported that practically all of the capital stock of \$25,000 has been subscribed. A national bank charter will be taken out and the institution will be known as the First National Bank of Electra. It will be opened for business about June 1st.

BAKER IS STOREKEEPER.

Successor to W. E. Davis of Ft. Worth and Denver Appointed.

George Baker has been named by General Superintendent H. A. Gausewitz of the Fort Worth & Denver as storekeeper of the company, with headquarters at Childress. Mr. Baker succeeds W. E. Davis, who died Saturday at Childress, after serving the road as general storekeeper for two years.

Mr. Baker's promotion comes after four years' service with the Fort Worth & Denver. All of that time he has been in the storekeeper's office at Childress, joining this road after a service with the Houston, Toledo & Santa Fe in the north.

There were five cases in the city court this morning all of which were disposed of on pleas of guilty before City Secretary Skeen.

NAME IRISH LADS WILL BE RETAINED

The Wichita Falls baseball team will retain the name of "Irish Lads."

This decision was announced today. There was talk of adopting a new name, but on account of the well known reputation of the Lads of last season, it was thought best to retain the title as heretofore.

While there are some who do not fancy the name in this connection, still many will be glad to know of its adoption by the league club.

CROWELL CASE TO GO TO JURY

ENTIRE DAY DEVOTED TO THE ARGUMENTS OF THE OPPOSING COUNSEL.

Who through false pretenses and subterfuges sent an Austrian archduke to a Mexican throne simply to abandon him afterwards—despair and death." He was confident that Japan does not want war with the United States and declared there could be no cause for hostilities between the two countries.

A GREAT LEGAL ARRAY

Best Legal Talent in Northwest Texas Engaged in Murder Trial at Archer City.

Special to The Times. Archer City, Texas, April 13.—Hon. A. H. Carrigan of Wichita Falls is making the closing argument for the state in the third trial of Mike Crowell, charged with the murder of his wife, and the case is expected to go to the jury tonight.

Testimony in the case was concluded last night and the entire day today has been devoted to the arguments of the counsel for the state, and for the defense. From a legal standpoint the trial has been one of the most interesting ever held in Archer county. The state has been represented by District Attorney Foster, assisted by Hon. A. H. Carrigan of Wichita Falls. At the two previous trials of the defendant, Mr. Carrigan presided as judge.

The defense has been represented by Hon. R. E. Taylor and Judge and Will Allen of Henrietta and by Hon. L. H. Mathis of Wichita Falls.

Qualified Judge P. A. Martin was disqualified for the case on account of having been the prosecutor at the two previous trials and by agreement of the state and the defense Judge Nicholson of Jacksboro was appointed special judge to hear the trial.

Crowell is charged with the murder of his wife near Wichita Falls about three years ago. At his first trial in Henrietta, the jury failed to reach an agreement. At a second trial he was found guilty and his punishment was fixed at 15 years in the state prison. The case was appealed and was remanded by the higher court and a change of venue was taken to Archer City.

More than seventy-five witnesses, many of them from Wichita Falls have been here this week to testify in the case.

Mexican Bandit Active.

By Associated Press. El Paso, Texas, April 13.—The bandit leader Giron Saturday held up a stage between Nacozari and Cumpas. At the latter place he liberated the Mexican prisoners accused of killing the American engineer. He is now preparing to attack Mochema. A few Mexican dead still lie unburied in the fields about the battle grounds at Gurgura Prietas.

RAYNER DISCUSSED MEXICAN SITUATION

MARYLAND SENATOR EXPRESSES CONFIDENCE IN THE ATTITUDE OF PRESIDENT.

WHAT ABOUT JAPAN?

If She Is Negotiating Secret Treaties With Mexico the U. S. Must Know What They Are.

By Associated Press. Washington, April 13.—The first expression in congress concerning the situation on the Mexican border was heard today when Senator Rayner, of Maryland, addressed the senate on that subject. Although a democrat, Mr. Rayner spoke in confidence of the attitude of President Taft and expressed the opinion that there would be no war with either Mexico or Japan.

While he did not so express himself in exact terms, it was evident that Mr. Rayner had in mind the reports that Japan is exerting herself to procure a coaling station on the Pacific coast of Mexico. He said:

"I am willing to admit that if Japan is entering into negotiations for coaling stations and bases for naval supplies for military purposes with Mexico, we are entitled to know what these negotiations are. Congress is, however, without any information or evidence on the subject. This country would not ordinarily be entitled to know the secret treaties or alliances that other countries may make, but on the part of Mexico we would unquestionably be entitled to an explanation."

He added that he had no fear that history may repeat itself, or that any government would attempt to imitate the example of Napoleon III.

"Who through false pretenses and subterfuges sent an Austrian archduke to a Mexican throne simply to abandon him afterwards—despair and death." He was confident that Japan does not want war with the United States and declared there could be no cause for hostilities between the two countries.

Discrediting the report that Japan might desire to take surreptitious possession of the island of Guam as a cable station, he declared that if such was the purpose it could not be justified under international law. He found in Guam usefulness only as a cable base, and speaking sarcastically of the island, said:

"Guam is a charming spot and one of the most luxurious and brilliant jewels in our Oriental galaxy. Its principal products are vipers, snakes, lizards, wild swine, rats and castor oil and if the island were put up at auction today with all of the inhabitants in it, beyond its value as a military post, it would not bring a dollar and a half in any of the markets of the world."

Much of the Maryland senator's speech was devoted to the contention that the Monroe doctrine is not involved in the Mexican situation.

Quoting authorities to show that the original Monroeism looked only to the prevention of the establishment of new monarchical institutions in the western hemisphere, he sought to discredit the position taken in relation to the collection of claims against western nations during the Roosevelt administration in the Santo Domingo controversy. This he characterized as the "Roosevelt Doctrine," rather than the Monroe Doctrine. He said in part:

"Let us look for a moment at that sort of war we would have if the Roosevelt construction of the Monroe doctrine were to prevail and be incorporated into our diplomatic code. We would have an interminable succession of bondholders and stock market wars. War, instead of being declared by congress, could be practically declared by the banking syndicates of London, Paris, Amsterdam and Berlin; represented by their financial agents in America, and we would become sponsors and guarantors for every bankrupt and impotent government in Central and South America. We have never as yet been informed as to what amount of money was made out of the Santo Domingo settlement nor what was the price at which their bonds were sold before our intervention and what was the price that the holders afterwards obtained for them in settlement of their claims, nor who was in the deal, nor who were the beneficiaries of our interference."

"I will not sit here in silence, with folded arms, and permit this revolutionary principle, which was formulated and promulgated over night by Mr. Roosevelt, to be known by any other name except the name of the illustrious individual the first conceived it and put it into practical execution. I want to lift this cloud from around the brow of the rising generation."

Speaking of the president, Mr. Rayner expressed satisfaction that whatever he does will not only be necessary and proper, but in his opinion will be for the best interests of the country.

Hauled Down Flag at Fort Sumter.

Los Angeles, Cal., April 13.—To the occasion of the fiftieth anniversary of the taking of Fort Sumter recalled vivid personal recollections today. There has always been some doubts as to the identity of the man who fired the first shot in that famous fight, but there never has been a question as to the identity of the man who, on that 13th day of April, 1861, lowered the American flag from over the fort in the first defeat suffered by the Union army in the civil war. The man was Lieutenant Colonel H. W. Hammer, now a resident of this city, and fifty years ago regimental quartermaster sergeant of the First Artillery, stationed at Fort Sumter. Although having passed his three score years and ten, Colonel Hammer is hale and hearty, and his memory in regard to the taking of Fort Sumter is wonderfully clear.

WOMEN LEADING IN CHAMPAIGNE RIOTS

Epernay, France, April 13.—There was rioting today in almost every village of the Marne champagne district. At Vinay women lay down in the road in front of the troopers defying the soldiers to ride over them.

At this place the rioters threw up barracks successfully holding back the advancing troops until the big champagne depot had been nearly destroyed. Women singing revolutionary airs led in the destruction. Eventually the troops got control throughout the district, but were forced continually to charge and disperse groups of rioters.

The government officials claim the criminal elements are flocking to the district to lead the riots.

OLD GUARD EXPECTS LORIMER TO RESIGN

REPORTED TO HAVE SERVED NOTICE ON HIM THAT RETIREMENT IS DESIRED.

TO AVOID A NEW CONTEST

Those Who Stood by Him in Former Fight Unwilling to Brave Ordeal Again.

Washington, April 13.—A few, at least of the old guard of the Senate are exceedingly loath to face again the ordeal they went through in the last session for the sake of saving Lorimer of Illinois his seat in the body and it was learned today that a representative of these Senators has been detailed to serve notice on Lorimer's friends that the wise course for the Illinoisian is to resign. One of the old guard confided to a friend today that he had been selected to carry the news to Lorimer through the latter's colleague, Senator Cullom.

He said he would inform Mr. Cullom that several of the regular Republicans who had voted in the last session put their minds that they would not retain Lorimer in his seat had made take the same course again in view of the new evidence of corruption in connection with Lorimer's election brought out recently in Springfield. Therefore, Cullom would be requested to tell Lorimer that he ought to resign and if he did not do so the regular Republicans in question would feel compelled to vote for the resolution introduced the other day by Senator LaFollette, declaring his seat vacant.

Expected to Comply. It is expected this notice when served on Senator Cullom will have the desired effect, and that another Lorimer investigation by a committee of the Senate will be avoided. There is a rumor himself would feel greatly relieved by the resignation of Lorimer.

WHEAT MAY MAKE 20 BUSHELS PER ACRE

J. A. Elder was in the city today from Burk Burnett and reports conditions along Red River as very promising and the crop prospect the most encouraging for several years. Wheat, he said, was looking fine and with a reasonable amount of rain would make from 15 to 20 bushels to the acre.

Reports from other sections of the country are equally as encouraging and give information that the grain crop is doing nicely, and that the recent rains have been of much value.

Cheyenne Indians Will Play Here Saturday and Sunday

Manager St. Clair announced this morning that he had succeeded in arranging dates with the Cheyenne Indians for two games of baseball to be played at this place on Saturday and Sunday. The Indians are reported to be a very strong team and they have been mixing it with the different organizations where they have played this season. The local team will wear their new uniforms at the Sunday game.

Mr. St. Clair stated this morning that work was resumed yesterday on the grand stand at the new city ball park near the car barns. The park is ready with the exception of the grand stand upon which work was delayed awaiting the arrival of material.

16 STOCK COMPANIES WILL PLAY HERE

Manager Smith of Ruby Contracts With Booking Agency for 16 Consecutive Weeks.

Manager Smith of the Ruby Theatre announces that he has just closed a contract with one of the leading booking agencies for a week's performance here of sixteen stock and musical comedy companies.

These companies will contain from eight to sixteen people each and each will be here one week with a change of bill each night. The contract is effective, May 1 and will continue for sixteen consecutive weeks. Mr. Smith states the prices will remain as at present, ten and twenty cents.

A NEW OIL WELL BEING DRILLED THE FIRST ONE IS ABANDONED

Messrs. Marlow & Stone, who are at the head of the company that is prospecting for oil and gas in the field about one and a half miles west of the city, have caused work to be started on a new well, which is now down something like 260 feet.

The first well was drilled to a depth of about 900 feet, when the drill was lost, and after several months of fruitless efforts to recover the lost drill, the well was abandoned and a new one started.

Mr. Kern, the driller, has great faith that he will eventually succeed in getting a good flow of oil or gas and perhaps both. His machinery, he says, is equipped for drilling to a depth of over 2000 feet, and he seems determined to go down that far before he is willing to abandon his efforts.

A flow of oil was struck in the abandoned well, which Mr. Kern says would have produced at least five barrels per day. Neither himself or those for whom he was associated, were satisfied with a well that would not produce more oil than five barrels daily, and determined to go down further when the drill was lost.

Mr. Kern is a driller of a wide experience, having drilled many wells in British Honduras and says he is confident that he will yet bring in an oil well at the place he is now drilling—that will fully compensate the work and money they have been out since the prospecting work was started.

LEGISLATORS HIDE TO PREVENT QUORUM

Independent Democrats in Tennessee Attempt to Make Liquor Law Amendment Impossible.

By Associated Press. Knoxville, Tenn., April 13.—Twenty Republicans and fourteen Independent Democratic members of the Tennessee Legislature have gone to Decatur, Alabama, presumably to forestall further legislation pending some action whereby an amendment to the state election law as passed yesterday by the House of Representatives can be overcome. At the State Capitol it is said the reason for the absence is to prevent the regular Democrats and several Republican from repealing manufacturer's liquor law and modifying prohibition so that it will not apply to Nashville, Chattanooga and Memphis.

OUTLOOK ENCOURAGING FOR TRI-COUNTY FAIR

Letters addressed to about three hundred of the leading citizens of Wichita, Archer and Clay counties are being mailed out today under the direction of the Agricultural Committee of the Chamber of Commerce in an effort to organize for the forthcoming fair this fall. The letter calls attention to the advantages of such an enterprise and of the facilities offered at Lake Wichita for same.

The idea as contained in the letter is to organize a Tri-County Fair Association as heretofore outlined in the Times, with a capital stock of \$10,000 composed of two hundred shares at \$50 each. Of this amount it is only proposed to collect one-half as it is estimated that the Lake concessions furnished are well worth the remaining one-half. As soon as a sufficient amount of the stock has been subscribed a meeting of stockholders will be called to perfect organization.

Dr. Bell, chairman of the committee, stated today that they were negotiating with the Oklahoma circuit and it is possible that this city would be included in the race program this year, other towns being Frederick, Mangum, Elk City, Clinton, El Reno, Oklahoma City.

Dr. Bell reports that everything looks encouraging for the fair proposition and that there is no question about its being held this year; nor is there a question as to its success.

Houston Y. M. C. A. May Lose Support of Churches.

By Associated Press. Houston, Texas, April 13.—It is said that several local churches may withdraw their support from the Y. M. C. A. on account of the latter's action in cancelling an engagement of Dr. Lon G. Broughton, of Atlanta, to speak when it was found he would touch on prohibition. The matter will come before the next pastor's meeting.

Steele Miller and Linde Sentenced

FORMER GIVEN SEVEN YEARS AND \$11,000 FINE FOR COTTON BILLS OF LADING FRAUD.

Miller and Linde Get Off With Two Years and \$10,000 Fine Each.

By Associated Press. Aberdeen, Miss., April 13.—J. H. Miller, of Steele-Miller Company, cotton brokers, was sentenced to seven years in the penitentiary and fined \$11,000 fine for fraudulent use of the mails, in the cotton bills of lading frauds.

L. C. Steele and C. H. Linde, of the same firm, were each sentenced for two years and fined \$10,000 each. The firm did business at Corinth, Mississippi, failing nearly a year ago. It was charged that bogus bills of lading amounting to millions of dollars had been issued by the firm. The trial began last week. Miller was found guilty and Steele and Linde then accepted the verdict of guilty. The same sentence was imposed on each, but Miller was given an additional sentence of five years bringing his total imprisonment up to seven years. He was also fined an additional thousand dollars.

Look for Homes for Two Children.

Adjutant Gasoway of the Salvation Army has asked The Times to help him find homes for two children, one a girl aged two years and the other a boy, four years old.

The father of these children is ready and willing to sign papers relinquishing the children providing he can find good homes for them, although he prefers finding a family who will take him and the children to room and board.

Adjutant Gasoway says the children are bright and healthy. He will be glad to furnish further information upon application.

Julian Frank, the eight-months old son of Mr. and Mrs. Julian H. Nix died at 4:30 o'clock this morning after an illness of several months.

Funeral services were held at 4 o'clock this afternoon, Rev. R. E. Farley officiating. Interment will be made in Riverside cemetery.

Old Fashioned Purity and Simplicity

There's no secret process to Velva Breakfast Syrup. There's nothing for us to tell about it but the fact that it is the pure juice of perfectly ripe sugar cane. It's a fine thing to be able to say that without any ifs, ands or buts.

VELVA Breakfast Syrup

comes to you, the same delicious juice of the cane that they eat on the plantations where they know the real thing and can get it. You never tasted a cane syrup that can compare with Velva. It's the only pure cane syrup—absolutely pure—that's made. It comes in cans sealed against taint.

PENICK & FORD, LTD.

PARACHUTE FOR AEROPLANISTS

New French Invention Hailed as Life Saver of Birdmen.

Paris, April 12.—A life-saving device is the latest invention that interests birdmen of France. It is nothing more than a parachute constructed so that it may be conveniently worn by aviators while flying. If the aeroplane gets beyond control in the air, and its operator finds his life in danger, he simply has to jump from his machine and his descent will be safe.

Up to date the aviator's life-saver has not been put into use by any one except its inventor, Mr. Rechelt. He has made several test jumps from high places, and in every case landed easily on the ground without even a shock. Nearly every one who has taken any interest in the progress of human flight in heavier-than-air machines has hoped that some device would be made by means of which it would be possible to save the lives of aviators in accidents in flight.

To use the ordinary parachutes used in making jumps from hot air balloons would be a little impractical. The new French type of parachute gives the aviator the free use of his hands and does not encumber his movements while operating his machine. In case of accident, hundreds or thousands of feet in the air, it would only be necessary for a flier to jump into space. His parachute will quickly unfold automatically and form a semi-spherical pocket filled with air. It has enough surface to support the weight of a man, and his descent will be gradual and slow. Of course he would have to sacrifice his aeroplane after he once jumps from it, but that would be a small loss compared to the saving of human life. Mr. Rechelt intends to test his parachute by jumping from the Eiffel tower.

Texas Woman Near Death, Wills Point, Tex.—In a letter from Wills Point, Mrs. Victoria Stallins says: "Was afflicted with womanly troubles, had a dreadful cough, and suffered awful pains. I certainly would have died, if I had not been relieved by taking Cardui. Now I am stronger, and in better health than I ever was in my life. I can't say half enough for this great medicine." Do you need relief? Try Cardui for your womanly troubles. Its long record of successful use is your guarantee. Thousands of ladies have been helped to health and happiness by Cardui. It will surely help you. Try a bottle today.

In a test made from the Eiffel Tower, with a dummy representing an aviator, the parachute worked very satisfactorily in the presence of such authorities as De Lavaulx, Tissandier and Dubounet. When an aeroplane falls the operator can release Herveu's mechanical device and instantly a kind of dummy aeroplane, which acts as a parachute and is attached to the aviator's body, is released, easing the man safely, and lightly to earth. Dr. Harvieu is now enlarging his apparatus so as to be capable of saving two or more men at one time.

New Bill at the Ruby. The bill just closing at the Ruby has been another decidedly good one, and what is promised for the last three days of this week seems to have the edge on the first part, and if possible to be better.

Joseph O'Brien the one-armed juggler proved quite a sensation and the two Elchmanns in "The Country Girls" were all that could be expected in good clear comedy. For the remainder of the week Mr. Smith, the manager of this popular amusement resort, offers a program seldom seen off of the big circuits and the ones coming here have already demonstrated their ability on the big time, and are coming here at quite an expense to the house.

The "Komedic Kicker," Frank Merrill will be one of the offerings and is heralded as one of the best on the road. Lady Raffles will prove an interesting feature as a bill of just this kind has never been seen in this city. Mr. Smith states that he is determined to present the best vaudeville acts to be secured and judging from this bill he is living up to the rule.

EXTENDED FIRST PERIOD ENDS IN TWO MORE DAYS

WHY NOT TRY FOR ONE OR TWO \$25.00 CLUBS BEFORE NEXT SATURDAY NIGHT? THEY ARE AVAILABLE IF YOU GO AFTER THEM IN THE RIGHT MANNER.

VERY FEW SUBSCRIPTIONS BEING SECURED—THE FIELD IS OPEN FOR YOU.

For the past few days we have been trying to show our contestants the advisability of taking advantage of the extended first period before it terminates at 10 o'clock next Saturday evening.

Up to the present writing there is practically only one contestant that has appreciated this extension and she has not done enough to even scare the lowest in the list.

It may have occurred to you that there was a lot of thinking and planning necessary before launching this contest. The expense incidental to the prizes was considerable when compared with the result so far accomplished, and this is not counting the incidental expenses necessary to lay the proposition before the public.

There is still plenty of time remaining however, in which you can accomplish more than has been done by any one contestant to date. There are still two days remaining of the first period extension, a world of subscriptions can be secured in that time if the proper energy is put forth.

Why not get out and try for a \$25 club before next Saturday evening and secure the larger scale of votes? Sixty thousand votes should not be treated with indifference.

Sixty thousand votes will most likely make all the difference between receiving \$500 and \$250 in Gold.

What contestant is there, entered in this race that could not go out afterward and gather up a combination of \$25 worth of subscriptions?

We know that you can if you will only put the proper spirit into the matter and approach the right parties with the right argument.

It is foolish to say such and such an one is so far ahead that you would have no chance; the writer is here to tell you that not a single contestant has turned in one-half the amount of business it should take to win such a prize as our \$500 in Gold. In fact we have seen one contestant in a similar contest to this time in more subscriptions during the time this contest has been running than have been turned in by all of ours combined.

We do not say that you will have to turn in any such amount to win the first prize, but we certainly think it is deserving of better support than has been given it to date.

There are a lot of subscriptions available if gone after in the right manner as we have not taken in an advance payment from one-sixth of our old subscribers as yet and there are any quantity of new ones that you can secure.

Why have so few of our contestants done nothing this week? Is it because we granted their request and extended the first period? If that is the case the prospects are very poor for the balance of the contest.

The present is the time to work. Every moment now is going to pay you big dividends, and not a second should be lost. Every moment truly, "has a meaning all its own."

Secure your field, take in every possible subscription and never quit trying for the day until you have assured yourself that you have done all you possibly could for that particular day.

Keep your own counsel. Let no one put your intimate friends and lieutenants into your confidence.

The ones who appear most unlikely are generally the ones from whom you secure the largest share of assistance. Keep trying and things are bound to come your way.

FOR A SMALL EFFORT. Contestants should remember these facts. In each of the three districts THE TIMES will award absolutely free one \$50.00 award, one \$25.00 award, one \$10.00 award and one \$5.00 award. Then there are the two Grand Awards, \$500.00 and \$250.00, respectively. All that is necessary to win is to receive the largest number of votes, according to the conditions in THE TIMES.

GET FULL INFORMATION. If there is one single point in connection with this contest that you do not understand get in communication with the Contest Manager at once, either by phone 167, or by mail, and have your doubtful points cleared at once. Then when you clearly understand everything lose no time in getting started.

BACK PAYMENTS COUNT. Subscribers to THE TIMES who are in arrears on their subscription accounts and who pay-up—the same are entitled to votes according to the amount paid. When you try up your subscriptions be sure and secure the votes to which you are entitled, because it will be impossible for us to allow them afterwards; they must be secured at the time payment is made. And remember that no votes can be allowed on a subscription for less than three months to THE DAILY TIMES or one year to THE WEEKLY TIMES.

HOW VOTES ARE SECURED. Votes are secured by subscribing to THE DAILY or WEEKLY TIMES, or by purchasing a Classified Advertising Book. The ballots can be held and voted later in the contest by the person holding them, but the daily coupon clipped from THE TIMES are only good for one week from date of publication and will not be counted if voted after the vote date printed upon them expires.

HOW TO WIN. Any resident in the three districts mentioned in our double-part announcement, who desire to compete in this great contest and win one of the valuable awards offered, should at once see that their names are sent to the Contest Manager. Those who get in on the start have the best chance of winning, so it is desirable that names be entered at once. Candidates who enter do not necessarily have to subscribe to THE TIMES. Enter your name and your friends will assist you to do the rest. Should there be a tie for any one of the prizes offered the same will be divided equally between those so tying. The time is short, as the contest will end April 29th. There is no lottery attached to it in any way, you must get the votes to win. There is no lucky number or element of chance connected with it, and you will never know how popular you are until you enter a contest of this kind.

DO FISH SPREAD WORST MALADIES

Believed What They are Responsible for Leprosy and Cancer.

Washington, April 12.—Are two of the most horrible maladies known to mankind—cancer and leprosy—caused by eating fish? Scientists in Europe and America are trying to determine this question. The United States Bureau of Fisheries is hard at work on the cancer problem. Europeans are giving special attention to leprosy. German scientists agree that in some way or other leprosy and fish bear a relation to each other.

In the experiments with leprosy it has been noted that climatic conditions have little or nothing to do with the presence of the disease. Where leprosy abounds most is in Southern China, the Hawaiian Islands and in Norway and Sweden. The similarity between the climate of the Hawaiian Islands and that of Southern China is sufficiently strong to lead a layman to believe that climate has something to do with leprosy. But its prevalence in Norway and Sweden explodes this theory.

Pursuing their investigations along have found that in China, the Hawaiian Islands, Norway and Sweden the lower classes on the coast subsist largely on a low grade of fish, whose general condition might be described as anemic. These fish are usually eaten raw. Beyond the fact that leprosy is common in the peoples of these countries who eat such fish the Germans have not gone. They have established a connection, but are not yet willing to say that poor fish cause leprosy.

Practically the same findings have been made by American experts and their European confreres regarding the presence of cancer in fish, except that they have proved beyond a question of a doubt that many types of fish suffer from cancer and that cancer in human beings living in sections where these fish abound is more frequent than in other sections.

The matter of cancer in fish was brought to the attention of Congress not long ago by Dr. Harvey R. Gaylord, Director of the New York State Cancer Laboratory at Buffalo, and Dr. Hugh M. Smith, United States Deputy Commissioner of Fisheries, upon the occasion of a hearing before the House Committee on Merchant Marine and Fisheries on the Bureau of Fisheries bill. Both these experts agreed that cancer, or tumor of the typhoid gland is prevalent in fish.

Dr. Smith characterized it as "the most serious widespread and destructive fish disease now receiving attention and demanding the most careful investigation."

About ten years ago the investigation of cancer was taken up by the medical profession of this country, because of the discovery that cancer could be transmitted from one animal to another, experimentally, by grafting or transplantation. Following this discovery physicians found how prevalent cancer is among lower animals and its occurrence in certain localities, indicating a relationship between cancer and water.

Coming to the consideration of cancer in fish, Dr. Gaylord found that domesticated fish, or those reared in ponds were more affected by cancer than fish in their natural state. And yet he also learned that in Switzerland and in certain mountain sections, otherwise healthy, cancer in human beings often reached a high rate. In fact the principal distribution of cancer in America, according to Dr. Gaylord, is in mountainous regions. It affects those engaged in outdoor work to a greater degree than those engaged in indoor occupations.

Thousands of fish in fish hatcheries have died of affection of the thyroid gland during recent years.

To the Prohibitionists of Texas. A great mass convention of the prohibitionists of Texas is hereby called to meet at Waco on San Jacinto day, April 21st. The Cotton Palace has been engaged for the occasion and the first session will be held at 10 a. m. Able speakers will address the meetings and good music will be provided. All counties which have not perfected their prohibition organizations should do so at once, to the end that every county in the State be represented at the opening of our campaign for the adoption of the prohibition constitutional amendment on the 22nd of next July.

Counties should, as far as possible, appoint representatives, but every prohibitionist in Texas will be entitled to participate in the proceedings in his own right.

A large gathering of our prohibition friends will greatly aid our cause and help to drive the saloons from Texas on the day of the election.

SOCIALISTS IN MILWAUKEE BUSY

Madison, Wis., April 12.—While Social Democratic members from Milwaukee compose one-eighth of the lower house of the Wisconsin legislature and one sixteenth of the senate the results have not been startling. Their propaganda has reached to every nook of the capitol, but there is no indication that Republicans or Democrats are signing the rolls of the minority party.

So far as the assembly proceedings are concerned their one-eighth influence has been felt in legislation. They have been unable of course to make the house look favorably upon state ownership of railroads, slaughter houses and flour mills, but they have succeeded in putting through several important measures bearing upon labor conditions.

By means of trades and alliances with groups from the other parties they have gotten favorable action upon several bills. Many of these deal exclusively with Milwaukee city and county, where the Socialists have full control of the administrative and legislative machinery.

It cannot be said, therefore, that the Socialists have not made good; neither can it be said that they have revolutionized the policies of the Wisconsin legislature. In one subtle thing, possibly, they have overturned some old prejudices. They have changed the sentiment upon things hitherto considered as patently wrong. Now it is looked upon boldly and the old cry of "paternalistic legislation" has no terror for the average member.

Indeed, both houses look favorably upon legislation designed to improve the economic condition of women and children. Even the minimum wage bill, introduced by a Republican from Milwaukee, is looked upon kindly. Of course, it has the backing of the Socialists. The ten-hour law for women, long recognized as a necessity in many states, is almost certain of passage. The Socialists have had a hand in pushing this bill forward.

Where the Socialists have been able to make their presence felt has been in the fascinating field of parliamentary tactics. The members in the assembly can "put it over" the Republicans and Democrats alike. Why? Because when they go home at night they get down to the science of parliamentary procedure. By means of their long discussions and school work in their community house, in Fairchild street, they have learned the book of rules from end to end.

There is hardly a possible parliamentary angle that they cannot understand or untangle. This has been proved many times. And the remarkable thing about this feature of their work is that this knowledge of parliamentary procedure is not limited to the older members. Glass blowers, carpenters and bakers know the rules, too. Frank J. Weber, one of the two leaders of the party in the lower house, is as familiar with the Thomas Jefferson code as he is with the Wisconsin legislative rules. He cannot be defeated when it comes to information on the rules.

The community house of the Socialists is one of the interesting things in Madison today. It has been visited by many members of the legislature and by scores of students from the university. It is to this center that Congressman Victor L. Berger, Mayor Seidel, of Milwaukee, and other Socialist leaders go when they come here in the rooms, the national hopes of the party have been threshed out.

Although thirteen of the Socialists live in the rooms, there is no superintention among the Socialists zealots. They frown upon superstition. They do believe in rules, though and obey them.

Books and magazines are carried into the rooms by the score. Volumes have accumulated until the place has a good library. Most of the books are on socialism, economics, sociology and the science of government. They are used, too—When they've been read, they are discussed. Gaylord senator from Milwaukee, is the scholar of the crowd. He reads Greek, Latin, German and a little French at sight, and is as adept in drawing up a bill that will stand the legal test as he is in making a speech of Second Corinthians—or the character of Petruchio.

These literary feasts are the only ones held in the Fairchild-street rooms. They are used for discussion, reading, smoking and sleeping. The men get their meals at restaurants and boarding houses. There are about fifteen single beds in the establishment, the sleeping equipment being divided among four rooms.

So careful have the men been to guard their health and to comply with up-to-date theories about fresh air and good ventilation that they have measured the air space of the rooms, and apportioned the beds so that each sleeper gets his share of air.

The Wichita Falls Times is authority for the statement that if the proposed constitutional amendment in Oklahoma carries that a road will be extended from Wichita Falls to Oklahoma City. If the amendment carries it is almost a sure thing that the Rock Island will build from Mangum to Childress. About a year ago a prominent official of the road came to Childress and made a trip to Mangum and at that time he stated that if the constitution was changed the company would run a line from Mangum to Childress and that Childress was the logical point for the road to reach—Clarendon Index.

Good horses and mules are in greater demand right now than ever before, and anything like a desirable driving horse or a medium work-mule cannot be obtained for less than from \$150 to \$200. These conditions prevail now in the face of the fact that in Texas alone there are at least \$50,000,000 invested in automobiles. So it would seem from this fact instead of the manufacturers of the benzine wagons putting the stock farmer out of business, they have made it better for him, and if there was good money in raising fine stock ten years ago there is better money in that line of business today, and there is no better county in Texas better adapted for stock-raising than Wichita county.

The graduating class of the Wichita Falls high school contains sixteen girls, and at the request of the girls the board of trustees have ruled that the graduating dresses shall be made out of the same material and shall be inexpensive. This is a wise ruling and the young ladies of the class are to be congratulated in taking the initiative in the matter. If they follow this spirit through life they will have a good share of the happiness of this old world.—Childress Index.

When Gov. Colquitt took his office, he made an entire sweep of all clerks under him and connected with his department. This was right, but when Comptroller Lane did the same thing, some of the papers over the state have never ceased to criticize him. Why this difference? It is because Gov. Colquitt is an anti on the pro question and that Lane is a prohibitionist? Both had the right to select their own assistants, and to the Times it seems ridiculous to criticize either for using their own judgment in the matter.

If Dr. Buckner, of the Buckner Orphanage is to be credited, (and so far as this paper is aware, there is no reason to doubt his word), of the hundreds of orphans, both girls and boys, turned out from that institution in past years not one has ever become a criminal, or gone astray. That is a most remarkable record, and goes to prove that heredity, after all, does not count for as much as healthful surroundings, proper training, etc.

It has been suggested that the property owners on Scott avenue, between 6th and 10th streets petition the city council to have that street paved, and also to have 6th, 7th, 8th 9th, and 10th streets paved from the alley between Indiana and Scott, west to Scott. Such a scheme will meet with favor with the property owners, it is thought, and in the event it does, it is believed, the city council will grant the petition.

Texas with her millions of acres of virgin prairie and her great area of cultivated lands, presents the statistician with a gigantic task when he attempts to even approximately estimate the tonnage and value of her forage crops.

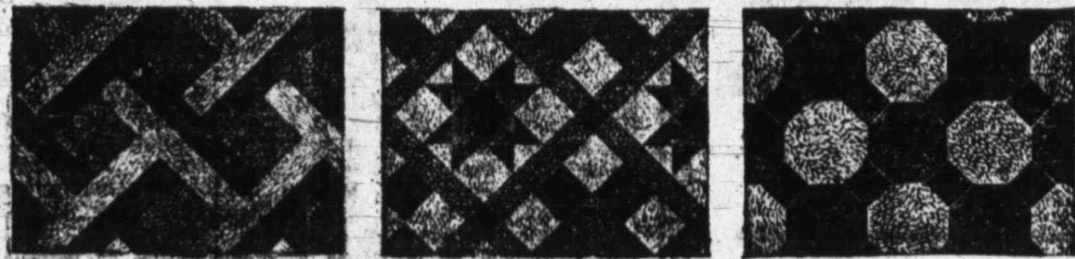

Organized labor has received a rather severe jolt from the supreme court of Pennsylvania, which has declared the eight-hour law unconstitutional, classing the law as special legislation.

SLIGHT CHANGE IN SPECIFICATIONS

A special meeting of the city council was held last evening with a full attendance of the board for the purpose of considering matters in connection with the paving work, and at the suggestion of the consulting engineer a change was made in the specifications for the street gutters. The change involves a variation in the proportion of the different materials used in mixing the concrete and provides that the gutters shall be thirty inches wide and six inches deep. The council also contracted with the paving company for the construction of two alley approaches to the paving at the alley between Indiana and Scott on Seventh street. Some discussion was had in a general way regarding other matters in connection with the paving work, but no further action was taken other than that indicated above.

The Gem, as usual presented its patrons with a splendid picture program last evening which was greatly enjoyed by the large crowd in attendance.

A protracted meeting will begin at the Church of Christ on Bluff, between Eleventh and Twelfth streets Saturday night to continue a week or ten days.

The steel columns and girders for the Ward building on Eighth street are being unloaded today and the work on the building will now be pushed forward without interruption.

The plans for the addition to the Wichita Sanitarium on Seventh street, opposite the Times building are about completed and it is expected that bids will be asked for the construction of the building at an early date.

Glenn Brothers, architects of this city will award the contract in a few days for a two-story brick building for the new Oklahoma State Bank, at Frederick. The building will cost approximately \$16,000.

E. D. Woodruff, of Electra, was in the city today looking after business matters. Mr. Woodruff was formerly engaged in the newspaper business at Electra but sold out a few years ago acquiring a tract of land near that town. An oil gusher was struck on this tract about ten days ago and the royalties alone will make Mr. Woodruff a rich man.

The Colonial presented an excellent program last evening, which was witnessed by a large audience. The vaudeville feature was especially good and the pictures were enjoyed by all, as was also the illustrated song by Mr. Taylor. Tonight the attraction will be the Arnold Twin Sisters, a feature above the average and the pictures will be "The Royal Wish Bone" and "A Fight for Millions."

J. T. Towles, constable of Loco, Okla., was in the city today looking for a stolen team. One of the horses was a dark bay or brown horse about six years old branded "C" on left jaw, and T-H-E connected on the left thigh. The other was a sorrel mare about 14 1-2 hands high about six years old. The buggy has a black bed and top and yellow running gears. Mr. Towles asks that any information be given Constable Pickett here.

ELECTRICAL SUPPLY COMPANY PROPOSITION

A meeting of the directors of the Chamber of Commerce was called this morning to be held at 3 p. m. to confer with Messrs. Blakeslee and Decker of Minnesota, with reference to the establishment of a factory in this city for the manufacture of electrical supplies, as outlined in The Times sometime ago. As explained at that time, these gentlemen propose to produce electrical-lighting plants on a small scale, such as would be required for small towns, business institutions, public buildings and private homes, together with various electrical appliances used in general.

The proposition was explained by Dr. Blakeslee, who outlined the advantages of the system developed by his associates and the purposes of the company. In connection with his remarks, he stated by way of introduction that the company had already established sales agencies and that orders had already been received for a sufficient amount of goods to tax the capacity of the proposed factory for at least thirty days.

Dr. Blakeslee explained that the factory would necessarily consist of four buildings for the manufacture of the different lines of electrical supplies. Further discussing the matter he suggested that the enterprise be organized with a capital stock of \$75,000, with the provision for an increase to \$100,000.

The substance of the proposition submitted is as follows: On a basis of a \$75,000 capitalization the company will furnish its patents, models, etc., in consideration of one-third the capital stock, and would also take an additional one-third of the stock for which cash will be paid, while the city is expected to take one-third of the stock.

EX-CONGRESSMAN ON CLARK.

John J. Lentz of Ohio Says Champ Clark is Biggest Man in Democratic Party—Praises Bryan.

Texarkana, Tex., April 12.—Former Congressman John J. Lentz of Ohio is spending a few days here on business. In an interview last night at the Huckins House he said that, in his estimation, Champ Clark is the biggest man in the Democratic party and that it was due to his leadership of the minority in the last Congress that the party carried the country in the last November elections.

Mr. Lentz thinks that Harmon, Wilson and Dix (and perhaps Champ Clark) will be formidable candidates for the Presidential nomination on the Democratic side next year, but says no man can safely predict this far in advance as to just who the nominee will be. He does not think that Bryan will again be a candidate, but believes that his counsel and advice will be prominent in the campaign.

"Bryan's policies are now proving very popular and he is well thought of in Republican States for his advocacy of many measures now being adopted by Republicans," said Mr. Lentz.

**The Soup Shelf
VS.
The Soup Kettle**

Years ago the spinning wheel and the tallow dip went into discard—their places taken up by something vastly better. Today the soup-kettle is disappearing with the baked bean jar and in their places are coming the soup and bean shelf.

Your's Truly soups are vastly better and cheaper than the home-made soup—no madam that is not casting any slur at your ability at all—its simply a case of modern economy.

A dozen cans assorted Yours Truly soup at \$1.10 will prove it to you.

Single cans 10c.

**BIG TELEPHONE AND
TELEGRAPH FIGHT ON**

Mackay Lines are Opening New Connections Over Entire State Will Fight for Business.

Special to The Times. Houston, Texas, April 13.—All rights of way now operated or yet to be covered in Texas by the South Texas Long Distance Telephone company will be used jointly by the commissionaires and the Northern Postal Telegraph and Cable company in the strenuous fight about to be begun between the latter and the controllers of the old Western Union system for supremacy in the State.

This news comes as a corollary to the news published last week to the effect that a mutual aggressive alliance had been entered into between the Mackay interests and the South Texas company to compete with the Bell controlled systems.

Charles M. Baker, division general superintendent for the Northern Postal, and Dell McReynolds, the engineer who put in the Texas Postal Cable Telegraph wire in Houston a short while yesterday morning and left at 1:30 for Galveston.

It developed that the Northern Postal company has obtained the use of the South Texas Long-Distance company's right of way and poles over the Santa Fe road to Galveston and to Austin out of Houston, an additional fact that leads to the belief that the deal for the use of all the South Texas company's rights of way has been consummated. The terms, in detail, are not known on the outside.

The meaning of the new affiliation from the Northern Postal company's standpoint is that the campaign is on to push the Mackay lines into the Texas points where the Western Union now operates. This will be done as rapidly as the construction of lines can be carried out.

On the side of the South Texas Long Distance company, it means that their present system, which now reaches only as far west as San Antonio, will become a competitor of the Southwestern company by extending over the entire State.

The South Texas company will either connect with local independent lines or install local exchanges where the former do not exist. Their connection at Houston will be with the Home Telephone or Automatic company, which bought out the old Cit-

zens' company. Preparations are being made to spend about \$50,000 in new lines to connect into Houston alone.

The material for constructing the greater part of the Northern Postal system throughout the State is nearly all on the ground at Galveston or elsewhere.

Representatives in Houston of the South Texas company are expecting R. S. Shelley of Austin, manager of the company, to return before the end of the week, to complete certain details begun by him while here last Friday and Saturday. The county commissioners yesterday granted permission to the Mackay Telegraph Cable company to string lines in Harris county.

Engineers in Session. St. Louis, Mo., April 13.—The annual convention of the Missouri Electric, Gas, Traction and Water Works Association attracted a notable gathering of engineers to St. Louis today. The convention will last until the end of the week and will be devoted to the discussion of technical questions.

Military Tournament in Texas. Fort Worth, Texas, April 13.—All of the commanding officers and military attaches not with the United States troops at San Antonio have been invited to attend the military tournament of the Texas National Guard which opened here today. The tournament will last until the end of the week. A sham battle tomorrow will be one of the features.

Will Recall Stirring Events. Springfield, Ill., April 13.—The Illinois Historical Society has arranged for a special meeting to be held in this city tomorrow to commemorate the fiftieth anniversary of the beginning of the civil war. The chief speakers will be Gen. Smith D. Atkins of Freeport, Judge Marcus Kavanaugh of Chicago and Eugene F. Baldwin of Peoria.

**DEMURRERS OF
MEAT PACKERS**

ARGUMENT WILL BE MADE IN FEDERAL COURT AT CHICAGO.

CLAIM NO VIOLATION

Indictments Also Attacked As Being Of a Faulty Preparation.

1903—Injunction issued by Judge Grosscup restraining the packers from combining.

Feb. 20, 1905—Investigation of alleged combine begun.

July 1, 1905—Sixteen packers and four companies indicted.

March 21, 1906—Judge Humphrey's famous "immunity bath" ruling, freeing packers.

1909—Second investigation is started.

March 21, 1910—Indictment returned against National Packing Company and ten subsidiary concerns and bill in equity filed asking that the National Packing Company be dissolved.

June 24, 1910—Indictment against National Packing Company "knocked out" by Judge Landis and special grand jury ordered to renew investigation.

July 14, 1910—Grand Jury impanelled and inquiry started.

Sept. 12, 1910—Ten packers indicted.

March 23, 1911—Indictments sustained by Judge Carpenter.

April 1, 1911—Demurrers to indictments filed in United States District Court.

April 13, 1911—Demurrers came came up for argument.

Chicago, Ill., April 13.—Demurrers in the Government's case against the ten Chicago meat packers charged in three Federal indictments with violation of the Sherman anti-trust law and with conspiracy in restraint of trade came up for argument today before United States District Judge George A. Carpenter. In their demurrers the packers contend that the anti-trust act of 1880 under which all monopoly suits are brought in the United States, does not create any crime.

The basis for this contention is that the statute does not define any offense against the United States with sufficient certainty to inform the defendants of the nature of the crime or offense with which they are charged; and the same in so far as it undertakes to create a crime is invalid, void and contrary to the United States constitution. The demurrer also contends that "the description of the offense contained in this action, which the indictment is based, is not one by which the defendants were or are able to know, in advance, whether the acts were criminal or not." The indictments also are attacked as of faulty preparation.

It appears to be the general belief here that the counsel for the packers have exhausted every resource known to the law in the eight years' fight to escape trial and that unless unforeseen complications arise the indicted members of the so-called beef trust will be called to the bar within the next few weeks.

Prosecutors for the Department of Justice and the wage corps of attorneys for the defense are planning the greatest legal battle ever waged in a Federal court. From the standpoint of the Department of Justice the case will break all records in volume of testimony. Already more than 100 witnesses have been subpoenaed.

The majority of witnesses to be called are retail and wholesale meat dealers, former officials of Chicago packing companies and out-of-town packers. Many already have given evidence before the Federal grand jury which returned the true bills.

The \$15,000,000 corporation known as the National Packing Company will bear the brunt of the attack on the part of the Government. It is alleged to be the holding company for the various packing concerns in Chicago.

To Debate on Central Bank Plan. Palo Alto, Cal., April 13.—The seventeenth annual intercollegiate debate between representatives of the University of California and Leland Stanford, Jr., University takes place tomorrow and promises to be one of the most notable events of the college year. California will support the affirmative and Stanford the negative side of the question: "Resolved, That the United States should establish a central bank, the constitutionality of the move being waived."

The California debaters are F. M. Shipper '12, N. B. Dury '12 and J. J. Miller '13, the same team which represented California in the intercollegiate debate last year.

The men selected to uphold the honors for Stanford are R. Justin Miller '11, Frank Howard Hilton '11 and Harry Robert Person '12.

GRAND CONSOLIDATION SALE!

Renowned Dependable Merchandise at the Mercy of the People for Thirty Big Sensational Selling Days

THE GIGANTIC CONSOLIDATION SALE AT R. E. & C. B. NUTT'S OLD STAND

Sale Opens Saturday Morning 8 O'Clock April 15th, Closes Saturday Night May 13, 1911

The Entire Stock Will Positively and Absolutely be Sold and Moved to Our Main Store in Thirty Days. There is no course. The Edict has gone forth. We most positively will not allow this merchandise to remain on these premises longer than the time specified.

\$25,000.00 Worth of High Grade Dependable Merchandise of the R. E. & C. B. Nutt Quality in the Building formerly Occupied by this Firm at your Mercy for 30 Sensational Selling Days

In Offering and Launching this Tremendous Sale to the people it is very pleasant to remember the broad basis and honesty and fair dealing upon which this institution was founded, of which every individual, though he was buyer or seller, formed an integral part. No man who knows what he is talking about, if he be honest, will say that the management of this business ever willingly mistreated a customer or employe, however humble. Every man, woman and child was given a square, fair deal. The strong received no more than their due, and the weak no less, the rich what was theirs and the poor were not denied their own. Even handed justice was extended to one and all by R. E. & C. B. Nutt regardless of his place, position or power. Upon these lines and upon this basis this great sale is launched, and will be conducted by P. H. Pennington Company. Giving the people of the entire section of the country an opportunity to buy up their spring and summer needs at a tremendous saving. This stock was bought at a great sacrifice and coming as it does, in the face of the spring season, there is no reason why every man, woman and child in this section should not avail themselves of the chance to secure their portion of the extraordinary bargains to be found. Bear in mind; an inspection entails no obligation whatever, we warn you, however, of the irresistible temptation that will confront you. You will agree with us that never before have such golden opportunities been known on the very threshold of this season. Every model is one that fashion has patred with approval. We want every man and woman who wants to be well dressed or who has the slightest inclination to be economical to investigate this most unusual proposition. We know these are potent arguments to use in urging you to come, but we cannot be too emphatic. It is an opportunity so unusual, so phenomenal, that it behooves even the most careless of you to come and attend this sale every day. Thousands of Dollars of the season's choicest grade of merchandise to be offered at such tremendous reductions and to be sold to the people in thirty days. Every article in this entire stock is a genuine bargain and will be marked in plain figures. The broadest guarantee in the whole of America covers every article. Satisfaction guaranteed or your money refunded.

To every man, woman and child within 100 miles of Wichita Falls, we extend an invitation to visit this great sale, an epoch in mercantile annals to be forever marked as the great economy event of the era. It is the desire of the management of this institution to impress upon the mind of every individual that this great sale is not of the ordinary type, but a legitimate bona fide period of bargain giving, wherein the people receive the benefit. We do not want to insult the intelligence of the people by ridiculous statements, but are setting forth for the consideration of every individual a clear and concise statement of facts and figures that will positively appeal to one and all alike. Each day will witness a great throng of buyers eagerly buying their needs, from a stock that stands out pre-eminently as one of the very best in the entire state. The Quality is Guaranteed. Thus this tremendous sale. Mighty in its saving, colossal in its scope, stupendous in the enormity of the undertaking. The effect of this great sale will be felt in the most remote section. It will pay you well to take advantage of this great sale. A few of the articles underpriced to be found at the R. E. & C. B. Nutt's old stand. REMEMBER every article in the entire store will be on sale at consolidation prices.

The Dupont Powder Company bought FIVE HUNDRED AND TWENTY-ONE L. C. SMITH & BROS. Typewriters

ALL THE WRITING ALWAYS IN SIGHT
(The biggest order ever placed by any firm or corporation for typewriters for their own use) because their own mechanical experts, sitting as a jury, said it was unquestionably the best. They examined all competing makes, tested them under every condition of stress and strain, and voted unanimously in favor of the L. C. Smith & Bros. The Duponts thus rendered you an invaluable service. Lacking mechanical experts of your own you can safely rely upon the decision of these five engineers, at the height of their calling, who were willing to stake their professional reputation on the L. C. Smith & Bros. Typewriter. Many large concerns have already been guided by this expert opinion and have standardized, as the Duponts did, with the typewriter that stood the test. There could be no test more thorough, or more unbiased decisions.

WANTED

If you have any young stock to sell it will be to your interest to show them to John F. Kiel. I pay the highest market prices, \$3.50 for cows and \$3.75 for calves. I also have almost a train load of good farming tools to sell, which must be sold by the first of August or I will trade them for stock. I will be away a good part of the sale, but W. H. Kiel will manage the sale.
