WICHITA FALLS, TEXAS, TUESDAY, APRIL 18, 1911

NUMBER 292

CITY COUNCIL WILL PUBLISH STATEMENT

ITEMIZED STATEMENT WILL SHOW ALL MONIES RECEIVED AND PAID OUT.

CENSORSHIP ORDINANCE

Ordinance Submitted Provides for Censor Committee of Five Ladies.

The city council in regular session last evening provided for the publication of a full statement of all monies received and paid out for the year beginning April 1, 1910 and ending April 1, 1911, such statement to show the sources from which the money was derived and the purposes for which it was disbursed.

The meeting of the council, which was one of the most harmonious held for some time, was attended by a full board and considerable business was transacted of a routine nature, including the approval of the monthly budget of accounts.

The city engineer was instructed to construct a sewer line from the alley east of the St. James Hotel to connect with the sewer of the St. Charles Hotel, also to connect the sewer in the building occupied by the Miller Drug Store with the line in the alley between Ohio and Michigan on Fifth.

Ordinances were passed making the city secretary ex-officio clerk of the corporation court and providing that the mayor should be ex-officio recorder.

On motion of Alderman Hughes the secretary was instructed to prepare a statement of the monies received and paid out during the past year, same to be published as required by law.

A motion was adopted requiring the collector of street taxes to make a monthly report to the city secretary and it was the sense of the council that a collector be appointed and the collection of street taxes begun at an early date.

An ordinance was passed repealing the plumbers license and substituting in lieu thereof an inspection fee to be paid to the city in all cases where the city inspector was compelled to make more than one trip to pass on any piece of plumbing work.

The salary of City Engineer Hinkley was raised from \$100 to \$150 per month from April 1 until such time as the council may see fit to revoke the order. This action was taken on account of the increased duties incumbent upon the engineer in connection with the paving work.

An ordinance was presented providing for a censor committee of five ladies whose duty it should be to pass on all picture reels and vaudeville acts before permitting their presentation in this city. The proposition did not meet with favor, some of the aldermen calling attention to the injustice that would be done in requiring the owners of such places of amusement to give a performance purely for censorship purposes. It was further pointed out that it would require the entire time of the committee in passing on the various programs of the four shows each day. In view of these facts the matter was deferred until a later meeting when the ladies interested in the matter will be invited to appear before the council for the purpose of considering a less complicated ordinance on the question.

Carolina Bankers in Session. Summerville, S. C., April 18.—With Secretary of the Treasury MacVeagh heading the list of speakers, the South Carolina Bankers' Association today began what promises to be the most successful meeting in its history. The sessions are being held at the Pine Forest Inn and will continue three days. In addition to Mr. MacVeagh the scheduled speakers included a number of the leading bankers and financiers of South Carolina and neighboring States.

Carter Coming Next Week To Close Cotton Factory Deal

Frank Kell this morning received a telegram from W. H. Carter, with whom the negotiations have been conducted with reference to the establishment of the cotton mill at this place in which he states that he will reach this city sometime next week. The telegram, which came from Boston, is as follows:

Delayed here. Will reach Wichita Falls next week. Will wire later. W. H. CARTER.

It is understood that Mr. Carter has been detained on account of pressing business matters that have not only prevented his return to Wichita Falls, but have made it impossible for him to receive and look after his correspondence as would have been the case were he at home. Prior to the receipt of the above telegram Mr. Kell had a telegram from Mrs. Carter advising him that Mr. Carter was at the Waldorf Hotel in New York, and he immediately dis-

National Academy of Sciences. Washington, D. C., April 18.—With a goodly representation of its membership in attendance, the annual spring meeting of the National Academy of Sciences opened at the Smithsonian Institution here today. It will continue over tomorrow. The academy is classed as one of the most famous scientific bodies in the world, and membership to it is one of the great honors of the world that can come to a scientific man, who must have first distinguished himself in an eminent degree in his special line of work.

Officials Charged With Grafting. St. Thomas, Ont., April 18.—Byron B. McCarty and Mitchell T. Buchanan, the Oxford county officials against whom charges of alleged grafting have been made were arraigned in court today for trial.

GLASS FACTORY PROPOSITION UP

KANSAS CONCERN INVITES PROPOSITION FROM WICHITA FALLS FOR LOCATION.

REPRESENTATIVE IS HERE

Chamber of Commerce Appoints Committee to Go to Kansas to Inspect Plant.

At the meeting of the directors of the Chamber of Commerce this morning a committee was appointed to take up the matter of securing the location of a glass factory at this place, which committee is empowered to visit the present location of the factory at Neodesha, Kansas, for the purpose of investigating the extent of the enterprise and to present on behalf of the Chamber of Commerce the advantages of this city as a suitable location.

It is understood that the company, which has been operating in that city under a contract for 5 cents gas is compelled to move the plant on account of a raise in the price of gas to 12 1/2 cents, which raise is said to be due to the failure of the gas field. The factory, which makes a specialty of the manufacture of bottles, plans to increase the capacity of the plant as soon as a new location has been secured as a result of which 400 people will be employed, all of whom will be paid a comparatively large wage scale.

Mr. Nye of the company was in the city yesterday and late in the afternoon conferred with the Secretary of the Chamber of Commerce and other parties with reference to the removal of the plant to this city, indicating in this connection that he was very favorably impressed with Wichita Falls and the facilities afforded here for such an enterprise.

The board of directors are very favorably impressed with the institution and expressed themselves as willing to offer any reasonable proposition in an effort to induce the removal of the plant to this city. In this connection it may be stated that the company desires that a proposition be made by the city and it is for this purpose that the matter was referred to a committee of three of the standing committees on factories.

President Huff named the following committee to take up the proposition and visit Neodesha if necessary: C. W. Bean, J. G. Culbertson and N. Henderson.

ADDITIONAL SMALL COINS PROPOSED

By Associated Press. Washington, April 18.—Representative Shreve of Texas has introduced a bill providing for the coinage of a two and a one-half cent piece. He declares the coin would often aid shoppers.

C. E. Penick returned this afternoon from a business trip to Amarillo.

Reciprocity Debate in Congress.

Washington, D. C., April 18.—The debate on Canadian reciprocity continued to hold the attention of the House today. Representative Daisell of Pennsylvania, leader of the opposition, has a minority report of the Ways and Means committee and awaits an opportunity to present it. In the senate adjournment until Thursday was expected. There is little scheduled to be done by that body today.

Peace—Senders, I hope you'll observe that I am hovering around.

DEMOCRATIC IDEAS ARE GAINING GROUND

W. J. BRYAN SEES EARLY VICTORY FOR INCOME TAX AND DIRECT ELECTION OF SENATORS.

HE SPOKE HERE TODAY

Six Hundred Persons Hear Democratic Leader Prophecy Passing of Plutocracy.

Hon. William Jennings Bryan this afternoon addressed about six hundred people at the Wichita Theatre, having for his subject the "Passing of Plutocracy." The address occupied about an hour and twenty minutes, being cut short to a certain extent to enable him to catch the Wichita Valley train for Haskell, which train is due to leave at 2:30, but which was held for twenty minutes at the request of the local committee representing the ladies of the M. E. Church, South, under whose auspices the lecture was given.

KATY OFFICIALS HERE ON INSPECTION TRIP

A party of officials of the Missouri, Kansas & Texas Railway Company of Texas was in the city this afternoon for a short time, coming in a special train on a tour of inspection. Prominent officials of the road comprising the party were A. D. Bethard, vice president and general manager, C. M. Bryant, general superintendent, H. H. Bailey, superintendent of bridge and buildings and J. L. West, general freight agent.

The party was met at the new Union Station by officials of the Wichita route and some time was spent in inspecting the property of the latter road at this place now being used and to be used by the Katy in connection with its traffic to and from this place. Consideration was given to the matter of trackage and connections, and general conditions were gone over by officials of the two companies.

The new Union Station was inspected by the visitors, who it is understood, were delighted with the building, and very complimentary in their references thereto.

Murdered by Religious Fanatic. Manila, April 18.—Lieutenant Walter H. Rodney, of the Second United States Cavalry in Mindanao was murdered today by a religion crazed Moro, Juramentado, who thirsted for the blood of a Christian.

In Session at Peoria. Peoria, Ill., April 18.—The Illinois grand lodge of the Royal Arcanum met in this city today with delegates present from local branches of the order throughout the State. The sessions will continue until Friday.

DR. COOK MAY LECTURE HERE ABOUT MAY 14

Dr. Frederick Cook, the Arctic explorer will likely deliver a lecture in Wichita Falls on or about May 14. Manager Marlow of the Wichita Theatre has received a letter from a tycoon association offering to book Dr. Cook for a lecture here at that time and Mr. Marlow has written an acceptance of the proposition. It is believed Dr. Cook will draw a large crowd, as many will go onto hear him out of mere curiosity and others who believe he has not been given a square deal.

MURDER IN SECOND DEGREE

Special to The Times. Archer City, Texas, April 18.—After having been out 93 hours the jury in the case of Mike Crowell, charged with the murder of his wife, returned a verdict of guilty in the second degree and fixed his punishment at five years imprisonment.

Attorneys for the defense say they are confident that the jury until a late will at once file a motion for a new trial. It is said that the jury until a late hour last night stood ten for conviction and two for acquittal.

It was erroneously reported in The Times last week that Crowell's first trial had resulted in a failure to reach a verdict. At that trial on December 4, 1908, the jury after having been out six hours, returned a verdict of murder in the second degree.

Judge Carrigan overruled a motion for a new trial and upon an appeal the case was remanded. At the second trial the jury failed to agree upon a verdict.

Emma Crowell, the wife of the defendant, was found dead in her home near Wichita Falls on the afternoon of November 2, 1908. The arrest of Crowell followed a few days later.

By Associated Press. Bisbee at Corsicana. Corsicana, Texas, April 18.—Fire beginning at three o'clock this morning destroyed two brick buildings and damaged a third belonging to the Corsicana Improvement Company. The blaze started in O. N. Witt's steam bakery. The Daily Sun suffered a heavy damage. The loss is unestimated.

Maccabee Convention. Past Commander Mrs. L. C. Hinkleley as delegate and Mrs. L. B. Hardesty as captain of the Guards of Wichita Falls, Mrs. C. J. of the Ladies of the Maccabees left yesterday for San Antonio to attend the state convention which meets at that place the 18th and 19th inst.

COLQUITT'S SYMPATHIES WERE TOUCHED

By Associated Press. Austin, Texas, April 18.—Moved by the pleas of blind and crippled father and an aged mother, who came to the capitol in a downpour of rain Governor Colquitt pardoned their boy. He also pardoned another boy who had gone under custody to Teague to comfort his mother who was grief-stricken by the drowning of her other son.

Attack Expected at Juarez. El Paso, Texas, April 18.—Desultory firing which began at one o'clock this morning and continued with diminishing frequency until nearly morning, caused great excitement. The firing line moved west the assailants apparently withdrawing.

Juarez is ready for attack being practically cleared of non-combatants who have crossed into El Paso. Members of the punts here express doubts that there will be an attack for at least two or three days.

Last night it became authoritatively known that between 1600 and 2000 insurrectos were at Bauche, 17 miles south of Juarez, awaiting reinforcements from Casas Grandes.

Assurances Received at Washington. Washington, D. C., April 18.—Mexican assurances received at Washington.

Chamber of Commerce on Deal for Catholic Hospital

The matter of locating a hospital in this city by a sisterhood of Catholics was presented to the meeting of the directors of the Chamber of Commerce this morning and a committee was appointed to take up the matter with Father Dolje and ascertain what steps would be necessary in order to effect the establishment of such an institution in this city.

Father Dolje was present at the meeting and stated that after considerable correspondence with the Sisterhood at various places, he had succeeded in interesting a Sisterhood in Europe in the establishment of a sanitarium at this place and that with the proper inducement they would take the matter up at once. In this connection he explained that the correspondence had been with the effect that they had a number of graduate nuns who could be located here in the event that arrangements were perfected for making this improvement.

SUPPORT PROMISED TO WICHITA FALLS

THIS CITY FAVORED FOR 1912 CONVENTION BY MANY PYTHIANS.

WEATHERFORD SPECIAL

Pythians of This Section Will Attend Dedication at Weatherford in a Body.

Assurances have been received from many lodges over the state pledging support to Wichita Falls in the effort of the local lodge to bring the next annual convention of the Knights of Pythias of Texas to this city.

Arrangements are being made for a special train to carry the delegates from Northwest Texas to Fort Worth from where a special train will leave over the Texas & Pacific Sunday morning for Weatherford for the dedication of the Pythian widows and Orphans' Home.

It is expected that all the delegates from this section of the state will assemble here and will make the trip to Weatherford and from Weatherford to Abilene in a body.

The following statement has been sent out from Abilene concerning the convention:

The thirty-eighth annual convention of the Knights of Pythias of Texas will convene at Abilene, April 24 to 27 inclusive. This will be the first convention of the grand lodge held in West Texas. The usual convention rates have been secured, namely, 100 miles and less, one and one-third fares, not to exceed \$3.50; over 100 miles, one and one-fifth fares. Tickets will be placed on sale April 23, 23 and 24 for trains arriving at Abilene the morning of the 25th; final return limit, leave Abilene not later than April 28.

A special train has been arranged with the Texas and Pacific Railway Company for Sunday, April 23, to take as many delegates as wish to go to the dedication ceremonies of the Widows and Orphans' Home near Weatherford.

The committee on transportation requests that all members desiring to attend the convention interview their local ticket agent immediately and ascertain whether tickets at the above rates are authorized for sale on the proper dates. If this is not possible requests should be made immediately to the general passenger agent. In all cases where through round-trip tickets cannot be purchased at convention rates receipts should be taken for every ticket purchased both going to and returning from Abilene. These receipts, when sent to the committee on transportation, will enable that committee to present claims in proper shape and secure refund of any existing overcharge for the member interested.

A matter of vital importance is that representatives and past chancellors who desire to have the Grand Lodge rank conferred upon them are urged to request to reach Abilene in time for the first day's morning session, or better still, on Monday, April 24, and they should come equipped with grand certificates, a representative or past chancellor's jewel, and to guard against a lapse of memory, with an order for the semi-annual passport. Past chancellors and past representatives' jewels can be purchased from the committee on credentials or from the grand keeper of records and seal preceding and during the session of the grand lodge. The committee on credentials will meet one day in advance of the session, at the Grace Hotel. Representatives and past chancellors should at once report to said committee immediately upon their arrival in Abilene. However, representatives must also report their presence to the committee on credentials.

The prospectus of the convention gives the names of the different hotels of Abilene, with rates, but it has been suggested that all visitors correspond with H. E. Looney, secretary, who will make arrangements for their accommodations in advance. The average cost per day may be estimated at \$1 for food and lodging. The reception and hotel committees will have headquarters at the Grace Hotel, where also will be the bureau of information, and this committee will see that every visiting Knight and lady secure good quarters. The program by 6:30 p. m. Sunday, April 23—Dedication of the Pythian Widows and Orphans' Home. Special train leaves Fort Worth at 10:10, arriving in Weatherford at 11:15 a. m. Train leaves Weatherford at 3:15 p. m., arriving in Abilene at 9:25 p. m. The home-in-question is located on a splendid site, consisting of 204 acres of land, all fenced, one main building; two-tenant houses for employees; a good barn and stables sufficient to take care of and house all feedstock and live stock on hand, blacksmith shop, pump house, laundry house, coal house, etc. Investment—an investment of \$131,048.52. The live stock on this property is valued at \$1838 and the farming implements at \$1,429.77; the furnishings of the home at \$6,375.78.

The plans for the beautifying of the grounds of this splendid estate have been made complete and will be put into execution at an early date. A member of the board of directors says: "That when this work is done the property will be one of the most beautiful of its kind in the state—the pride of every Pythian in Texas."

Already demolished in this widows and orphans' home are three widows and 874 children of deceased Knights of Pythias, all constituting one happy united family. The general health of the residents has been

FEW OUTLAW HORSES NOW OBTAINABLE

THE WILD WEST SHOW MEN HAVE TROUBLE FINDING "BRONCHOS."

ARE BEING CUT OUT

Nebraska Ranchman Says Mustangs Are Criminals of Equine Society.

Lincoln, Neb., April 17.—Civilization is swiftly cutting off the outlaw horse, the sure enough bucking broncho of the west, John T. Coffee of Sheridan county, owner of a big horse ranch says that the men who make a specialty of hunting wild horses to be used in frontier festivals and bucking contests are now lamenting that it is a difficult task to find enough bad horses to make an interesting program.

"The outlaw horse," Coffee says, "is the counterpart of the outlaw man. The typical criminal of the penitentiaries is a hard-faced, rough-looking, brutal, fearless surly fellow who is the outlaw horse. Both spring from the same cause, bad blood in their sire or dams. The wild-eyed almost untamable broncho that will resort to any trick to unseat and kill his rider, exhibits the same characteristics that society observes when it attempts to master the brutal degenerate of the human species. The outlaw horses come from the poorest blooded animals that can be found on the ranch. As a general proposition, they are the offspring of mustangs, although every now and then you will run across splendid specimens that have nearly gone back to the original type, 'throw-backs,' familiar to those who study men as we do horses."

"Take any horse, and let him out on the range or in a big pasture for a few weeks, and he will do some bucking when somebody tries to ride him. He doesn't try to keep it up, though. A dozen bucks is about his limit. Then he remembers that he has been tamed. Horses are thick-headed animals, but once teach them a thing and they never forget it. That is why most of them like most law-broke men, trot along the road without trying to take the bit in their teeth or do a stiff-legged stunt in the hope of ending their slavery."

"Ten years ago there were few large ranches that did not have two to a half dozen outlaws, some that even the best of them could not ride. Nowadays, outside of the professional buckers that appear at the frontier carnivals and in the Wild West shows, one seldom hears of a 'bad actor' among the horses. The cowboy as a rider is just as good as the boys in the old days. They have not degenerated, as a ranch to-day frolic any time will prove."

The work accomplished in the school has been excellent—in some cases rather remarkable, and taken as a whole the condition of affairs at the home is most satisfactory.

Prof. E. T. Kemp and his daughter, Miss Eva Kemp, fill the positions of superintendent and amtrion respectively. Both have been paid the highest compliments and marks of esteem by the Pythian order upon the splendid management and supervision.

The value of the home in round numbers is estimated at \$140,536.54. Monday, April 24, will be a day of automobiling at high noon; public reception at 7 o'clock at Grace Hotel, and special convention of the grand lodge for school of instruction and conferring of grand lodge rank at opera house at 8 o'clock in the evening.

Tuesday, April 25, at 9 o'clock the grand lodge convenes in open session at the First Baptist church. Master of ceremonies, O. P. Thomas, supreme representative; 10 a. m. grand temple of Pythian sisters at I. O. O. F. Hall; 2 o'clock memorial services in honor of deceased Grand Chancellor John T. Wofford; 7:30 p. m. competitive rendition of the "Lesson of Friendship" for the "Friendship medal" now held by Grand Representative Tom May of Ennis No. 11; 8 p. m. school of instruction by grand temple of Pythian sisters and Abilene degree team at I. O. O. F. Hall; Wednesday, April 26, 9 to 12 o'clock, grand lodge session followed by old-fashioned West Texas barbecue; 2 p. m. session of grand lodge; 7:30 p. m. competitive team work at opera house, first prize \$75, second prize \$25; 8 p. m. exemplification of secret work by Abilene Temple Pythian sisters at I. O. O. F. Hall; Thursday, April 27, 9 a. m. grand lodge session.

Another matter deserving special mention is that the grand tribunal, Knights of Pythias of Texas, will hold its annual sitting in Abilene on Monday, April 24, at 10 o'clock. All litigants and persons interested are requested to take notice.

In this convention there will be representatives from 432 lodges in Texas and 4 in Mexico, the Mexican Pythian territory at present coming under the jurisdiction of the Texas order.

South Carolina Medical Men. Charleston, S. C., April 18.—The South Carolina Medical Association opened its annual meeting in Charleston today with a good attendance of leading men of the profession from all parts of the State. The program covers three days and provides for addresses by Dr. Alexander Lambert of New York, Dr. Judson Deland of Philadelphia and several other physicians and surgeons of national reputation.

Have You Tried Stenciling with E-Z-DYE

The latest and most up-to-date and only cold water dye on the market. Far superior to the old fashioned. Will dye a garment in cold water in a few minutes' time, when a half day's boiling with any other dye would be required. Always ready for use without mixing with oil, turpentine, vinegar or salt. Put up in collapsible lead tubes and any of the dye not required may be saved for future use. One tube dyes all fabrics. Has thirty-two different uses and you get them all for fifteen cents. Does not contain any odors of poisonous lead and whether used for dying, stenciling or any of its numerous uses is absolutely fast to washing and is the only dye that can be used for such delicate fabrics as chiffons and laces. This dye can be had in twenty different colors. In connection with above we also carry stencils of various exclusive patterns and brushes which can be had very reasonable. Will appreciate having you call and look at line.

ord-breaking crowd at the ringside.

YOUR GREATEST OPPORTUNITY

THIS WILL BE THE LARGEST VOTE OFFER DURING THE ENTIRE CONTEST. DON'T OVERLOOK YOUR "ONE BEST CHANCE."

Two Days Are Gone, But You Have Four More of "Opportunity Weeks." Make the Most of Them.

With the beginning of work yesterday morning we announced the largest Bonus Vote offer of this great voting contest, together with an Extra Prize that is being donated by the Pleasant-Bria Furniture Co.

This week constitutes the greatest opportunity of the entire contest and those who take advantage of it will most likely be the ones to win our magnificent array of prizes.

It is your "OPPORTUNITY WEEK" the one that will pay the greatest returns and be of so much benefit to the actual workers when the votes are counted at the conclusion of this contest.

The Solid Mahogany Rocking Chair is now on exhibition at Messrs. Freear-Bria Furniture Store across from the post office, all you have to do is to ask to have it shown you.

This chair will be presented to the contestant who has turned in the greatest amount of business between the hours of 8 a. m. April 10th and 10 p. m. April 22nd.

A correct account will be kept of the business turned in by each contestant between the hours named, and to the contestant turning in the largest amount will go the chair.

The Times is placing a premium on extra effort this week. We have already offered extra prizes but nothing that begins to compare with the one now offered and the votes that go with it. The great prize every \$25 in votes in this week a voting coupon good for 50,000 extra votes in addition to the regular scale will be issued, and every credit slip or subscription coupon you possess will be included in the largest scale we offer.

This means that all sums, no matter what their size, providing they total \$25 will be included in this offer, both past and present, providing you still retain the credit slips.

The Times believes this to be the greatest opportunity ever offered a contestant at this stage of the race. Usually the greatest number of votes are given during the last day of the contest. This one we are going to handle on a different plan, as we wish to protect those who have done the actual work to date.

Under this plan of operation there will be no incentive for a new contestant to enter the last day and try to swamp the candidates who have done the actual work for the Times.

We believe that this great offer will not be unappreciated and that no really interested candidate will allow it to go unimproved, as it is positively the most liberal offer that will be made during the entire contest, and it will not be extended one minute after 10 o'clock next Saturday evening.

We have already told you that we will redeem all the credit and votes slips issued that the contestants now have, but you must send them to us before the bonus offer expires next Saturday evening. This will not permit an outsider to come in and compete with you by paying for a few clubs to go to their friends the last day of the contest. When the winners are announced we want our most valuable prizes to go to those who have done the best work to date, and by doing as we have announced we believe our wishes will be fulfilled.

A little over four days remain in which you can hope to win the valuable rocking chair and secure the largest number of votes that will be issued during the contest.

Every moment is doubly precious to you now, and you can't afford to lose a single one of them, if you want to be included with the winners April 29th.

It is foolish to be idle while you have this double opportunity. What you will do after next Saturday evening will not effect the winning of these extra votes and prize. It is what you have done in the past and what you do this week that tells.

Always bear in mind the old fable about the hare and the tortoise. Act the part of the tortoise—or in other words, do a little for The Times every day, and you will find your chances of winning the prize of your choice greatly advanced.

We take it for granted that all our contestants have read or heard the story of the hare and the tortoise. Too much confidence is as bad as too little. The hare may think it has you beat today and laugh accordingly, but tomorrow it may regret it.

Don't take promises this late in the game, as they are poor things with which to pay the baker, and much worse if you expect them to win one of our valuable prizes for you.

Lots of contestants have been promised good subscriptions at the end of the contest; now is the time to gather up every one of them.

FOR A SMALL EFFORT.

Contestants should remember these facts. In each of the three districts THE TIMES will give absolutely free one \$50.00 award, one \$25.00 award, one \$10.00 award and one \$5.00 award. Then there are the two Grand Awards, \$500.00 and \$250.00, respectively. All that is necessary to win is to receive the largest number of votes, according to the conditions in THE TIMES.

GET FULL INFORMATION.

If there is one single point in connection with this contest that you do not understand get in communication with the Contest Manager at once, either by phone, 167, or by mail, and have your doubtful points cleared at once. Then when you clearly understand everything lose no time in getting started.

BACK PAYMENTS COUNT.

Subscribers to THE TIMES who are in arrears on their subscription account and who pay up the same are entitled to votes according to the amount paid. When you pay up your subscriptions be sure and secure the votes to which you are entitled, because it will be impossible for us to allow them afterwards; they must be secured at the time payment is made. And remember that no votes can be allowed on a subscription for less than three months to THE DAILY TIMES or one year to THE WEEKLY TIMES.

HOW VOTES ARE SECURED.

Votes are secured by subscribing to THE DAILY or WEEKLY TIMES, or by purchasing a Classified Advertising Book. These ballots can be held and voted later in the contest by the person holding them, but the daily coupon clipped from THE TIMES are only good for one week from date of publication and will not be counted if voted after the vote date printed upon them expires.

HOW TO WIN.

Any resident in the three districts mentioned in our double-page announcement, who desire to compete in this great contest and win one of the valuable awards offered, should at once see that their names are sent to the Contest Manager. Those who get in on the start have the best chance of winning, so it is desirable that the names be entered at once. Candidates who enter do not necessarily have to subscribe to THE TIMES. Enter your name and your friends will assist you to do the rest. Should there be a tie for any one of the prizes offered, the same will be divided equally between those so tying. The time is short, as the contest will end April 29th. There is no lottery attached to it in any way, you must get the votes to win. There is no lucky number or element of chance connected with it, and you will never know how popular you are until you enter a contest of this kind.

MOVING PICTURES
IN FLY CRUSADE

Films Produced Under Direction of Independent Order of Fly Swatters, Chicago Organization.

Galveston, Tex., April 18.—To assist the Health Department's crusade against the typhoid fly, Dr. C. W. Trueheart, City Health Officer, has secured the services of Dr. W. C. Peck, formerly in the United States army and marine hospital service, for several years a traveling lecturer on the dangers of flies by their communication of diseases, such as typhoid fever, smallpox, yellow fever and tuberculosis. Dr. Peck is said to be an unusually well-informed man on contagious diseases, and has made the fly and mosquito a study for years. Dr. Trueheart is preparing to secure several moving picture films showing the fly and his dangers and methods of communicating contagious diseases. These films will be exhibited in various places in the city and will be accompanied with lectures by Dr. Peck.

Dr. Trueheart is of the opinion that the success of his crusade against the fly is largely dependent upon educating the people concerning the evils of this insect. Every one admits that the fly is a nuisance, but only a small part of the population knows just what possibilities for the spread of contagious disease lie in the feet, wings and head of the fly. Dr. Trueheart says that when the people are fully awake to the dangers of the fly, they will demand the most stringent regulation of the care of and removal of manure, of the screening of fruits, meats and foodstuffs in and about markets and stores, and for the proper screening of homes, offices, hospitals and all public structures.

The moving picture which Dr. Trueheart is making an effort to secure was produced under the direction of Edward H. Dr. Peck is a leader in the Independent Order of Fly Swatters, a Chicago organization which is becoming National in its scope. These pictures depict in minute detail the life history and habits of the fly. They cannot be called pleasant pictures. It is said, but they are wonderfully effective in arousing the observer upon his return home to enlist in the army of fly swatters.

Films enlarged to the size of Plymouth Rocks are said to be displayed in these pictures, nesting in manure piles, and the evolution of the egg through the larvae and pupae stages to the adult fly is revealed in a striking manner. The second chapter relates to the life history of the fly and by quick exhibits the fly is seen nibbling and walking over decaying fish and then by rapid flight conveying that filth to the sugar loaf of the dinner table; again, the fly treading in the slime of a cuspidor and from there passing to the nipple of a baby's nursing bottle and depositing that filth on the baby's system.

This is the same film that was introduced in the nickel theatres of Chicago last year by the Health Commission of the Windy City by Dr. Evans. It is said to have had a wonderful effect in that city in the crusade being conducted against flies. City Health Officer, Trueheart intends to buy a copy of this film for permanent use. He is now in correspondence with the manufacturer of the film, and as soon as it is ascertained when the film can be secured an appeal will be made to the Woman's Health Protective Association of this city to raise the funds necessary for the purchase of the pictures. Dr. Peck is the owner of an exceptionally fine moving picture machine which he has offered to lend to the City Health Department.

Monument To French Soldiers.
Special to The Times.
Annapolis, Md., April 18.—In the presence of a representative assemblage, including hundreds of members of the National Society of the Sons of the Revolution, a monument commemorating the valor of the French soldiers and sailors who gave up their lives for American in the war of the revolution, was dedicated today on the rear campus of St. John's College, where many of the allies are buried. The dedication was attended by interesting ceremonies.

The French soldiers and sailors whose bodies have lain under the college campus are some of those who under Lafayette and Rochambeau encamped at Annapolis and by their presence prevented the capture of the city by the British. Most of the survivors took part in the siege and capture of Yorktown.

A Growing University.
The growth in attendance at the University of Texas has been constant and uniform. The first session of the University, 1883-1884, 221 students enrolled. The record for the three decade years will illustrate the constant and uniform growth since 1890.

Decade year 1890-1900	309
Decade year 1900-1910	1041
Decade year 1905-1910	3043

It is thus seen that the rate of increase for each decade had been something like 200 per cent. With the same rate of increase for the next ten years, the attendance in all departments in 1920 will be 9000 students. The attendance may not grow so large at that time, but no one doubts, if the institution is properly cared for by the Legislature, that the number of students will at least double during the next decade.

Despite the fact that the University now has an annual attendance of more than three thousand students, while Texas is fifth in population among all the States, its University ranks eighteenth in point of attendance.

Persons interested in the subject of plant diseases may receive free a reliable bulletin on this subject, prepared by Dr. F. D. Heald, professor of botany in the University of Texas at Austin. Dr. Heald will be glad to respond to inquiries regarding diseases of plants.

WHAT DOES FRESHNESS REALLY MEAN?

Flowers plucked yesterday, left in the living room, will not be found as fresh today as those plucked even days before which have been kept protected from the atmosphere and dust.

Exactly the same thing is true of cooking fats. Most of them are packed in tins or loose-covered pails exposed to the air, dust or odors, and they quickly deteriorate in quality. Cottle, however, is packed in sealed, airtight pails. No matter how long it is kept, Cottle is absolutely fresh—"undiminished in excellence, unimpaired in strength"—the real meaning of the word as given by standard lexicons.

THIS DATE IN HISTORY

- April 18
- 1775—Ride of Paul Revere from Boston to Lexington.
- 1793—First newspaper in what is now the Province of Ontario appeared at Newark (Niagara).
- 1818—Act enabling the people of Illinois to form a constitution passed by congress.
- 1847—American army under Gen. Scott signally defeated the Mexicans in battle of Cerro Gordo.
- 1853—William R. King, 13th Vice President of the United States, died in Alabama. Born in North Carolina in 1787.
- 1861—The steamboat "New San Gaty" flying the Confederate flag, arrived at Leavenworth Kan.
- 1863—Cantederates, attacked Fayetteville, Arkansas.
- 1895—Robert C. Wickliffe, 13th governor of Louisiana. Died Born Jan. 6, 1820.
- 1906—Large part of San Francisco destroyed by earthquake and fire.

45 MINUTES TO TRY MURDER CASE

Case Given to Jury After Three Witnesses Had Been Examined—Return Verdict Without Leaving Box.

A record breaking murder trial was held in district court here this morning, when the case of Mrs. Eva Burns, charged with murdering her husband was disposed of. Our readers will remember the occurrence, when on the 17 of the last February, Mrs. Burns shot her husband, as he was about to attack her with an open razor. The defendant pleaded self-defense. The trial was remarkable for its brevity. The case was called, a jury empaneled, three witnesses examined, County Attorney passed the case to the jury without argument, Judge Mathews instructed the jury to return a verdict of acquittal which they did without leaving the jury box. The entire proceedings required only forty-five minutes.—Altus Democrat.

RATE HEARING OPENED AT GALVESTON YESTERDAY

The hearing of evidence in the case of the Southwestern Shippers' Traffic association against the various railroads operating in the Southwest commenced yesterday in the court room of the Federal building at Galveston before Special Examiner Ward Prouty and Special Attorney J. T. Marchand for the interstate commerce commission. The complaints in the case were filed before the commission nearly two years ago. The present hearing is designated to afford complete and sufficient testimony for consideration of the commission when the case comes to trial at Washington.

The case reopened for the further hearing of evidence involves the through rates from New York via Galveston to points in Texas, Oklahoma, Colorado and Kansas, and the local rates from Galveston to the same interior points. The Southwestern Shippers' Traffic association, which is composed of various freight and traffic bureaus, shippers, manufacturers, merchants and farmers associations in Texas, Oklahoma, Colorado and Kansas, allege in their complaint that the rates are discriminatory and unjust and seek by order of the commission and adjustment, such as will give them a lower rate, in consideration of the water competition to Galveston. The question is a large one, involving indirectly the steamship lines as well as the railroads and the various shipping interests, from which fact it is generally expected that the hearing will be exhaustive, and that the taking of evidence will cover other fields than those directly involved in the case as it was originally filed. Thirty-eight roads have been made defendants in the case.

Undoubtedly a very large number will be in Galveston during the hearing, both to give evidence and watch the progress of the case. The steamship and various railroads involved, together with many from the shipping interests of North Texas, Oklahoma, Colorado and Kansas will be present at the hearing. The railroad commissions of those States will also have representatives at the hearing.

Slayer Pleads Self-Defense.
Maysville, Mo., April 18.—The case of E. J. Watson, who is charged with the murder of James F. Bury in a Maysville apartment house two months ago, was called for trial today. Watson and Mrs. Bury were in a room occupied by Mrs. Bury when the woman's husband attempted to break in the door. Watson shot through the door with fatal results. He declares he acted in self-defense.

FAVORS REVISION OF 10 COMMANDMENTS

Bishop Williams Says Nobody Now Believes Lord Created Earth in Six Days.

Detroit, Mich., April 18.—Bishop Williams of the Episcopal District of Eastern Michigan today announced himself in favor of revising the Ten Commandments in accordance with the movement set on foot in England. "I don't believe there is a person nowadays who believes the Lord created heaven and earth in six days," said the bishop, "and that is my reason for favoring an abridgement of the Fourth Commandment."

"If the American Episcopal Church should take up the matter of abridging the decalogue I would be in favor of abridging the First, Second, Third, Fourth and Tenth Commandments. The others are short enough."

Here is Bishop Williams' revised commandments:

1. Thou shalt not have any other gods before me.
 2. Thou shalt not make unto thyself any graven image, nor the likeness of anything that is in the heavens above nor in the earth beneath, nor in the waters under the earth; thou shalt not bow down to them nor worship them.
 3. Thou shalt not take the name of the Lord in vain.
 4. Remember that thou keep holy the Sabbath Day.
 5. Honor thy father and mother.
 - 6, 7, 8, and 9 unchanged.
 10. Thou shalt not covet.
- The proposed revision has aroused interest in church circles here.

BAD HEADACHES VERY QUICKLY DISAPPEAR

Mrs. Chas. Hartley, 516 Franklin street, Jackson, Mich., says: "I had suffered all kinds of pain and agony from stomach complaint for several months. The pains in my stomach were very bad, the food forced the food did not digest, headaches of the worst kind attended. I became weak and nervous and in a condition so I could not sleep."

"Was alarmed at my condition as doctoring did not benefit me, finally I was induced to try M-I-O-N-A, and after using for about two weeks, I found a cure."

"If you have a sallow complexion, pimples, blotches, or dull eyes, your digestion is all wrong and you should take M-I-O-N-A stomach tablets immediately, and put your stomach right."

M-I-O-N-A instantly stops belching of gas, sour stomach, heartburn and foul breath and gives complete relief in five minutes.

M-I-O-N-A is guaranteed to cure dyspepsia, sea sickness, vomiting of pregnancy, or money back.

Don't hesitate to try M-I-O-N-A. It is for sale by O. F. Marchman and leading druggist everywhere at 50 cents a large box.

"Red Ball" are California's Choicest Oranges

Red Ball Oranges

On the breakfast table—in the sick room—for making salads, puddings and other desserts—for a bite between meals, in the lunch box, choose the famous California "Red Ball" Orange. Being tree-ripened, picked, packed and shipped with the utmost skill and care, it is the most healthful and luscious of all fruits.

"Red Ball" Oranges are seedless. They which each orange is wrapped. Thousands of families will have none but "Red Ball" Oranges. After you have tried them once they will win you. Please make the trial today. Your dealer sells them. And don't forget to save the paper wrapper, labeled "Red Ball," in which each orange is wrapped.

After you have eaten "Red Ball" Oranges, you will be glad to know there are "Red Ball" Lemons, for they, too, are like the "Red Ball" Oranges choice at fault. Never decayed or pithy. "Red Ball" Lemons contain more juice than common place lemons, which makes them truly economical for table and kitchen use. The "Red Ball" Wrapper identifies them.

FREE Rogers Orange Spoon

Send in "Red Ball" Orange for Lemons Wrappers and send them to us, with 10c per postage and packing, etc., and we will present you with a genuine Rogers Orange Spoon of beautiful design and highest quality. Begin your wrapper today.

In reply, please send on post stamps when the amount is less than 25c; on certificate when 25c or prefer money order, express order or bank draft. Don't send cash. We honor both "Red Ball" and "Muskie" wrappers for premiums. Send for our Premium List. Address all orders to CALIFORNIA FRUIT GROWERS' EXCHANGE, 34 Clark Street, CHICAGO, ILL. (11)

MEMBER ASSOCIATED PRESS

Ed Howard, General Manager; E. D. Donnell, Managing Editor; J. A. Wray, City Editor

Wichita Falls, Texas, April 18, 1911.

Mr. Hines says that it required \$100,000 to put Lorimer in. It will now be interesting to know how much more it will require to keep him there.

Remember, that on next Saturday one alderman is to be elected. This is a very important matter, and is of sufficient interest to bring out a full vote.

A magnified target is always the easiest hit; therefore, don't underestimate your competitor in business. Rather exaggerate his importance than your own.

The streets of Wichita Falls were never so badly torn up as now, but all this means well for the future and besides the improvements being made is giving employment to a large force of men who would otherwise be idle.

It begins to look now as if the Mexican revolution is going to amount to something after all. President Diaz has called for volunteers and agrees to pay them the sum of 500 per day, and from the press reports, there is no doubt but what he will need all the soldiers he can get in order to put down the revolution which is gaining strength every day.

The verdict in the Mike Crowell case is but another fresh evidence that forced or compromise verdicts are not at all satisfying. Here was a man charged with a most foul crime—murder of his wife. He was tried three times. The first resulting in a verdict of guilty and his punishment fixed at fifteen years in the penitentiary; the second was a mistrial, and the third was a verdict of guilty and assessing punishment at five years in the penitentiary. There was nothing but circumstantial evidence upon which to convict, but from this it was plain that if there had been murder committed at all, it was a most foul crime, and the perpetrator deserved to receive the full limit of the law. He was either guilty or not, and just how a jury can find a man guilty of such a foul crime and fix the punishment at only five years in the penitentiary can only be accounted for by the fact that the verdict was a compromise or forced one. The case went to the jury on Thursday of last week. It could not agree and so reported to the court, there being 10 for conviction and two for acquittal. The jury was told to give the case further consideration, and this morning reported that an agreement had at last been reached, which was as above stated. It is very evident that the members of the jury were anxious to be relieved and had agreed, not because their minds had changed, but merely in order to get their release. Such verdicts should not be allowed to stand. The defendant in this case is either guilty of murder and deserves a greater punishment than was assessed, or is innocent and should be released.

EVERYDAY LIFE IN WICHITA FALLS.

Houses are built while you wait, and could some of our long-dead ancestors see how building is done, they'd probably turn miserable in their graves and try to forget it. Having computed the very cheapest method by which he can build, a man goes to a contractor and tells him to get busy with a sharp pencil. They begin to sharpen up. Everybody gets busy, in pairs, in clubs of four or more; members in the organization, or men outside, with pencils good and sharp. These contractors study and study, and figure on how they can save on timber here and nails there, and how they can use No. 2 stuff in place of No. 1; and he gets the painter to figure on how cheap he can do the work, and the brick mason gives him the very lowest figure, throwing in the odds and ends, and then they tell the man what the cost of his house will be. Then work begins. A man arrives with a pick and shovel and sets out a few short posts for the foundation. A wagon load of floor joist arrives about the same time (2x6), with two carpenters on it. Twenty-five minutes later the floor joists are laid on posts. Very shortly after, another wagon comes with some little 2x4 studs. The carpenters pitch in, and while one saws another lays them out in an even row, and a third nails a piece across the top and bottom, which they immediately raise and brace with a piece of plank. It's beginning to look like a home already. The frame is raised, some 2x's laid across and nailed; then the roof cutter gets busy with a saw. While he saws the others elevate the sawed pieces and form the shape of a roof on which presently everybody begins nailing on boards on which to fasten the shingles. The work goes on with lightning-like rapidity until it is found the brickmason has other jobs and won't be out until Friday, and the carpenters must cut holes for his chimneys and pass on. Then the painter is late because he had to go to Wichita ranch to buy a calf, and the sun is warping the porch floors. But almost in the proverbial three shakes of a sheep's tail, the house is done. The quarrel of the owner or architect and contractor are settled without blood shed, and the contractor is on to the next, while the owner moves in.

Such is life in Wichita.—Texas Carpenter.

One week from today another alderman is to be elected to serve on the City Council for the next two years. So far as the Times has official knowledge there are no candidates who have as yet filed their petitions with the mayor, but there are possibly four who have either announced their candidacy or agreed to serve if elected. The office is one carrying with it great responsibility, and a man who has proven that he is competent and capable of handling big things should be chosen to fill the vacancy. In the election on April 26th the question of prohibition was injected into the campaign and vigorously worked for all there was in it against one particular man who had consented to offer for reelection, and as a result he was defeated by a small plurality. The pros, believing that that issue should not enter into our local affairs, did not club together and bunch their votes, as did the antis, nor will they do so on next Tuesday, and the only object the Times has in calling attention to what did take place at the former city election is to prevent, if possible, its repetition at the election on next Tuesday. Men, whether pro or anti, who are interested in the welfare of Wichita Falls, should be broad-gauged enough to rise above a question like that of prohibition, which has, or at least should not have any place in an election for city officers.

The membership of the Chamber of Commerce of Wichita Falls is now paying into that organization \$1200 per month, or about \$15,000 per year, and there is not a question of doubt but that it is the best money that can be spent in the way of pushing the interests of Wichita Falls and keeping her to the front and at or near the head of the column of cities that do things.

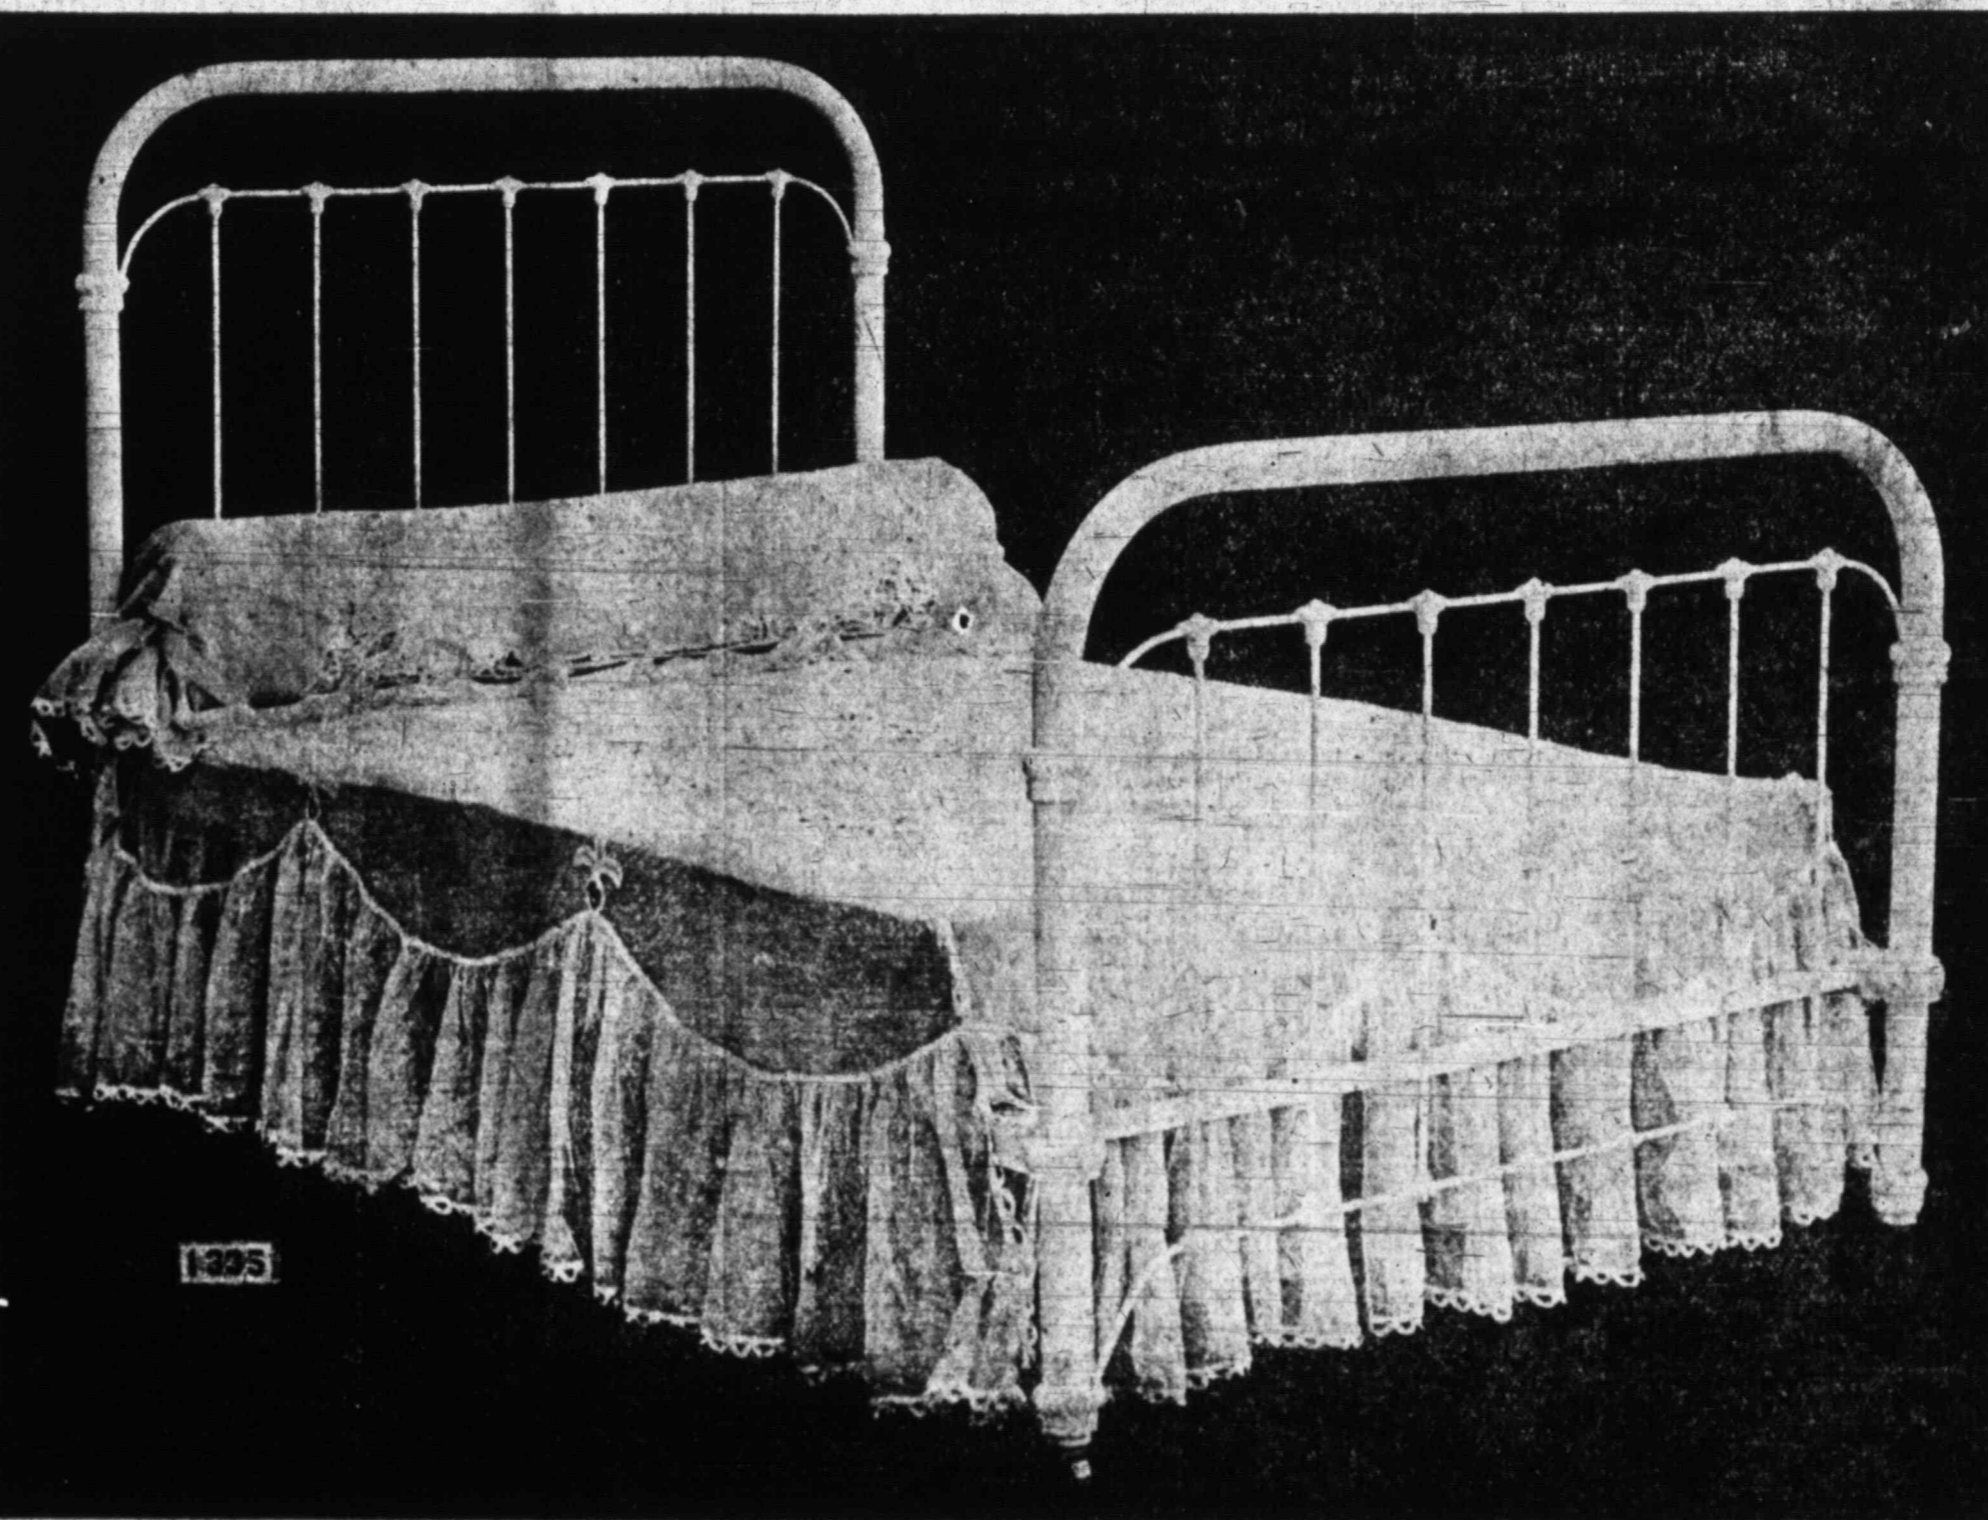

There is a movement on foot to change the Ten Commandments, or rather the second, fourth and tenth sacred laws given by Jehovah to Moses. This is no joke, nor does the Bailey question figure in it anywhere. It is a movement started by William MacDonald (Stclair, Archbishop of London, canon of St. Paul's Cathedral.

The Times wishes to call special attention to a new feature added to its news service. This feature is a telegraphic report of the Fort Worth live stock and the Chicago grain markets. These reports give you today the same information that the Dallas News and Fort Worth Record and other papers will contain tomorrow.

Iowa State Shoot. Des Moines, Ia., April 18.—Noted marksmen from several States faced the traps here today at the opening of the annual shooting tournament of the Iowa State Sportsmen's Association. The tournament will last three

BEDROOMS BAD FORM IN KANSAS CITY, MO.

Kansas City, Mo., April 18.—The style of domestic architecture in Kansas City has changed entirely in the past year or two, say architects, on account of the prevalent habit of sleeping out of doors. It is a veritable return to the open-air life that is annihilating the people. Sleeping out of doors is not a fad in this city; it is a custom as firmly entrenched as eating breakfast, although not yet so common. The desire for open air does not stop with sleeping. There are families in Kansas City that throughout the summer live in the open air—eating, sleeping and visiting. Whether at work or play, everything is done out of doors. Such a family lives at 3571 Campbell street, the Swifts. J. C. Swift, a former president of the Live Stock Exchange, four years ago began to build only a makeshift over his rear porch, where he could place a cot. But as he began to feel better upon waking in the morning after a restful night he resolved to live more in the open air.

The transfer was made from N. W. Self to G. W. Reilly, of Rockwall county, who is understood purchasing the property as an investment.

The open air four years ago he was the only one in this block who embraced the fad. He liked it so well that our neighbors took up the idea, and now of the ten houses in the block only three are without sleeping porches. Many have sun parlors in addition. In addition to the sleeping porch most of the houses under construction in Kansas City have a sun parlor. It is usually built on the first floor, with windows to enclose it on three sides, during the winter. In the warm weather the glass is removed and screens substituted.

DATE PROPOSED FOR OPENING TOO EARLY

At the meeting of the directors of the Chamber of Commerce this morning a letter was read from the secretary of the Oklahoma racing circuit, received in response to a communication from the fair committee, in which it was proposed to open the season at this place on August 22. This date, however, does not meet the approval of the fair committee and unless arrangements can be made to have the meet here at a later date, the proposition will be abandoned. The committee desires if a meet is held at all that it be during the Tri-Centennial Fair and the date mentioned is considered entirely too early, in fact out of the question, for the occasion. Further correspondence will be had regarding the matter in the hope that a later date can be had and the meeting held here this fall.

Railroads Sued for Back Taxes.

Little Rock, Ark., April 18.—Attorney general Harwood today filed suit for \$200,000 back taxes from White and Black River railroad and the Chicago, Rock Island and Pacific.

Liquor Question An Issue.

St. Louis, Mo., April 18.—The liquor question is being submitted in ninety-seven towns at municipal elections in this state today. The indications are that there won't be any material change in the line up.

NOTICE

All persons indebted to the firm of R. E. & C. B. Nutt, will please call promptly at Room 200, Kemp and Kell Building, Wichita Falls, Texas, and settle same --:- :-:-

R. E. & C. B. NUTT

Inspector Fisher Promoted. Denison, April 18.—I. R. Fisher, post office inspector here since 1899 received today notice of his appointment as assistant superintendent or registrar, mails for the Austin with headquarters at Austin.

Reciprocity Debate Closed. Washington, April 18.—The debate on Canadian reciprocity must be prolonged at least one more day was announced when the house convened today.

Beaumont, Texas, April 18.—Will Burton, a negro was given fifty years in prison for criminal assault today.

Houston, April 18.—Differences between the engineers and the I. & G. N. railroad have been adjusted and a year's contract signed.

Livestock and Grain Market

HOGS CONTINUE TO ADVANCE CENT AND HALF LOWER

MARKET OPENED AT YESTERDAY'S BEST QUOTATIONS. CLOSED HIGHER.

STEERS 10 CENTS HIGHER

Fort Worth Receipts 2500 Head, including 600 Calves—Two Loads Sold at \$6.00.

Special to The Times.
Fort Worth, Texas, April 18.—Hog receipts today were 1200 head. The market opened strong at yesterday's best quotations and closed five cents higher. The top of the market today was \$6.40, the bulk of the sales being from \$6.10 to \$6.30. Lights sold at \$5.50 to \$6.20; mixed at \$5.00 to \$6.20; heavies at \$6.15 to \$6.40; pigs at \$4.75 to \$5.25.

CATTLE—Receipts 2500 head including 600 calves. The steer market opened strong and active and closed ten cents higher. Two loads sold at \$6.00 with the bulk of sales from \$5.00 to \$5.60.

Stockers and feeders are fifteen to twenty cents higher than last week's level of yearlings at \$4.50. The bulk of sales were from \$4.15 to \$4.75.

Cows were in strong demand and the trading was active—a load selling at \$5.40, the same kind being sold last week at \$5.25.

Several loads of heifers brought \$6.00.

Stocker cows brought from \$3.50 to \$3.90.

MAY WHEAT CLOSES CENT AND HALF LOWER

MARKET OPENED AT 87.8 AND CLOSED TODAY AT 88.12.

CORN AND OATS STEADY

May Corn Closed at Yesterday's Quotations—Date Were Unchanged.

Special to The Times.
Chicago, April 18.—May wheat after going up to 90.16 today fell to 88.12 a full cent and a half under yesterday's close. There was little change in the quotations on corn and oats.

Today's quotations follow:
Wheat—Open 16.29 11.20
May 87.8 89.2 89.4 88.12
July 86 86.4 87.8 88
Sept 86 86.4 86.4 85.4
Corn—Open 49.2 49.2 49.2 49.2
July 49.2 49.2 49.2 49.2
Sept 49.2 49.2 49.2 49.2
Oats—Open 31.4 31.4 31.4 31.4
May 31.4 31.4 31.4 31.4
July 31.4 31.4 31.4 31.4
Sept 31.4 31.4 31.4 31.4

Bulls were steady at \$3.50 to \$3.90. Calves were steady the top being \$6.00. One load sold at \$5.35 and another at \$5.10. The bulk of the sales ranged from \$4.25 to \$5.25.

SHEEP—Receipts 200 head. The demand was active but nothing was sold the owners holding out for higher prices.

Hon. Edgar P. Haney, member of the legislature from Henrietta, is in the city this afternoon mingling with friends and looking after business matters.

There is an exhibit in the window of the Palace Drug Store a pelican that measures eight feet which was killed at Lake Wichita by F. L. Rhodes. It will be shipped to a taxidermist at Ringgold for mounting.

J. E. Dibrell left yesterday for Austin and Galveston. At the former place he will visit his father who is a member of the supreme court, from which place he will go to Galveston to be with his wife a few days. Mrs. Dibrell who went to that city for the benefit of her health, is reported to be getting along nicely.

Secretary Day of the Chamber of Commerce left this afternoon for Fort Worth, to present in person an invitation to the Southwestern Passenger Agents to hold their July meeting in this city. The directors of the Chamber of Commerce this morning voted to extend such an invitation and Mr. Day will urge its acceptance at the meeting to be held in Fort Worth tomorrow.

V. G. Skeen, secretary of the Elks Lodge at this place, this morning received a telegram from Miller & Draper at Houston who are to put on the dinner show for the lodge at this place in which they speak encouragingly of their engagement here, stating that they are now busy in reorganizing for the occasion and expect to present a most pleasing production. Their telegram states that for three performances to be given in Houston the entire house has already been sold out.

The body of Mrs. Louisa Tucker, mother of N. L. Tucker of Ft. Worth, was shipped here from Stanton, Texas, yesterday afternoon. The remains were taken in charge by E. G. Hill and the funeral service was held at his chapel at 3 o'clock yesterday afternoon, following which the body was laid to rest in Riverside cemetery. Rev. Cunningham pastor of the First Baptist church officiating. The city was accompanied to this city by Mrs. Mattingly of Stanton, a daughter of the deceased.

Secretary Day of the Chamber of Commerce this morning received a letter from Alex. Albright, the well known breeder of sheep at Dundee, enclosing his check for six shares of stock in the Tri-County Fair Association, being organized at this place and stating that he would endeavor to interest his friends in the proposition to the extent of getting some of them to take stock in the organization. In connection with the communication Mr. Albright sent along a sample of the Lincolnshire wool produced on his place, the length of which was twenty-four inches. This product of wool is said to be the finest produced in the United States and has created much comment wherever exhibited.

Your Spring Suit

Here you will find bargains of every description, which mean a great saving to the purchaser. All stores show offerings of every kind of merchandise at attractive prices—merchandise to meet the requirements of all tastes and needs. You are certain to spend just so much money in spring goods anyway—why not come to Wichita Falls, where you can have your shopping trip a genuine pleasure? Wichita Falls affords so many attractions to the pleasure seeker that your trip just can't help being a most enjoyable one.

No Better Stores in Northwest Texas

HOW YOU MAY SECURE THIS ROUND TRIP FARE—NO MATTER WHERE YOU LIVE.

The Wichita Falls Refund Fare Association will refund the railroad fare, both ways, of all shoppers coming to Wichita Falls from any distance, in accordance with our refund plan. Here is the plan: If you live ten miles or more away from Wichita Falls, we refund your fare both ways, one mile for each dollar's worth purchased. For example: If you come a greater number of miles than number of dollars spent you may have a portion of your fare refunded—that is, if you live fifty miles away and buy twenty-five dollars worth of goods from the Refund Fare Association, you may have twenty-five miles of your BOTH WAYS refunded by the Association, you paying the remainder of the distance traveled.

As a guarantee that you will pay only the lowest prices for goods it will not be necessary to show your ticket, or receipt for same, or to ask for a rebate card until you have concluded your purchases.

You have your choice of the leading retail stores of Wichita Falls from which to make your purchases; you may buy from one, two or three, or all of the stores belonging to the Association. Your refund is based on the total amount of your purchases from all of them—not from any one alone.

"The profits of the retailers are based upon quick sales and small profits." And in most of the stores the prices of the merchandise affixed for sale are marked in plain figures so that you may satisfy yourself that your purchases are being made on the square money saving basis that is offered the residents of Wichita Falls.

Get receipt for your railroad ticket from the agent at the time of purchase, at your city, and present the same together with your refund book to John W. Thomas, at the office of the Association, which is located at the City Hall building, and your fare both ways will be immediately refunded.

For further information address JOHN W. THOMAS, Manager of the Refund Fare Association

Texas Industrial Notes

Three hundred and fifty thousand of the \$500,000 required to build the railroad from San Antonio to Brownsville has been raised. The road is being promoted by San Antonio capitalists. The United States government has now under way the construction of a ship channel and turning basin at Port-Bollivar, which will give thirty feet of water, a sufficient depth for the largest ocean going vessel. Machinery is being placed in the new packing house at Sweetwater and work will be commenced on the second packing house in a few days. The Beaumont Chamber of Commerce wants a railroad to the grain and cotton centers of the state and they are offering bonuses, stock subscriptions and other customary inducements to railroad builders. The last Congressional appropriation carried an item for the deepening of the Neches River from Beaumont to the sea to a depth of 25 feet and the Queen of the Neches is getting ready to make her debut in maritime society by decorating the city with smoke stacks, building new railroads and steamship lines. Transportation facilities are the key-note to development and Beaumont is after them with her characteristic vim. Many causes have contributed to growth and knowledge in soil cultivation. The day of the backwoods farmer has mostly departed. Its isolation has become a thing of the past; its grinding monotony has been overcome, and this has been accomplished by the growth of modern means of communication. Good roads and telephones add greatly to the comforts of farm life.

Arizona and New Mexico

(From Washington Times) The two southwestern territories are again knocking at the door of congress and the question of admitting them to the Union will probably reach the stage of action in congress at an early date. Whether they are to be admitted together and without delay may depend on the future control of the democratic minority in the senate. Senator Bailey last session declared undying hostility to the Arizona constitution with its initiative, referendum and recall features. Senator Bailey is fighting to dominate the new organization of the minority in the senate. His power to make his fight effective as against Arizona will largely depend on the measure of success which he attains in his efforts to make the policy of his party. Arizona is a democratic community and has presented a constitution that is satisfactory to progressive democracy. It is not satisfactory to reactionary democracy. The first test in the new congress, as between the progressive and the reactionary view of affairs in general, will probably be on this very issue of the two new states. The house is generally conceded to be progressive in sentiment and the house is counted practically certain to favor admission of the two territories together. The senate is regarded as uncertain; its complexion as a whole, may prove dependent on the course which the democratic caucus and the democratic committee on committees may take in organizing the minority. The first thing that the friends of Arizona need is to get together on a single bill and a single policy. Neither territory can afford to fight the other. Arizona is sure to carry the house, and there is good reason for the belief that Arizona even in the senate is stronger than New Mexico. Therefore New Mexico's friends can gain nothing by hostility toward Arizona. The two territories can win their joint fight if they stick together; they may both lose if they pull asunder. It will be a great misfortune for the democratic party if democratic votes in an exigency become responsible for the defeat of Arizona's admission at this time. The country is expecting democracy to be progressive. To oppose Arizona because of the progressive features of its constitution, and to favor New Mexico, which is asking admission with a constitution which is practically beyond all possibility of ever being amended, would give the country a mighty bad impression of the purposes of the rehabilitated democracy.

POLITICS AND POLITICIANS

Kentucky Republicans will meet in Louisville in July to name a state ticket. Women have equal franchise rights with men in Colorado for eighteen years. The salaries of the members of the Iowa legislative have been raised from \$550 to \$1000. Judge William Reed of Paducah has withdrawn from the gubernatorial contest in Kentucky. Professor J. B. Aswell who is well known in educational circles in the South, is a candidate for the democratic nomination of Louisiana. Judge Edward C. O'Rear of the State Court of Appeals has announced his candidacy for the Republican nomination for governor of Kentucky. Congressman Choice B. Randall, who aspires to the seat of United States Senator Bailey of Texas, is a native of Georgia, but has lived in Texas for more than thirty years. Not many years ago George Haley, who has just been appointed a justice of the supreme judicial court of Maine, was employed at a small pay in a saw mill. James A. O'Gorman retires from a \$17,500 position on the New York supreme bench to accept the seat in the United States senate, which pays only \$7,500 a year. Only a few years ago the Indiana delegation in Congress was solidly Republican. In the present Congress the only G. O. P. representative from the Hoosier State is Edgar D. Crumpacker of the Tenth district. The contests for the next national political conventions soon will be on in earnest, though the actual choice of locations will not be made until next spring. It is regarded as a fore-

LADIES:

We can promise you a clear, clean skin and a beautiful complexion if you use ZEMO and ZEMO SOAP according to directions. Club Women at Memphis.

Memphis, Tenn., April 18.—The streets of Memphis were thronged today with visiting club women from all parts of the country, and the arrival of each train added to the number already in the city. This distinguished gathering of women, of whom several hundred are expected as accredited delegates, with possibly twice as many friends, is here for the council meeting of the General Federation of Women's Clubs, which will be in session during the greater part of the week. The attendance includes the members of the board of directors and officers of the general federation, together with the presidents and secretaries of the State organizations. The sessions of the meeting, devoted to the discussion of various matters of business relating to the federation, will be interspersed with numerous features of social entertainment arranged by the Memphis club women. A notable feature of the program will be an address by Edward J. Ward of the University of Wisconsin, who will tell of the work that is being done in the development of schools as social centers.

Terrible Picture of Suffering.

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. Three of the best doctors in the state said I was in a critical condition, and going down hill. I lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty Years a success, in actual practice, is positive proof that Cardui can always be relied on, for relieving female weakness and disease. Why not test it for yourself? Sold by all druggists.

To Test Inheritance Tax Law.

Madison, Wis., April 18.—The suit brought by the State of Wisconsin against the trustees of the estate of Marshall Field of Chicago to recover \$100,000 in inheritance taxes on stocks and bonds owned by Mr. Field in Wisconsin railroads came up for trial today. The decision of the courts is awaited with considerable interest as the suit is a test case to determine whether the State can collect inheritance taxes on stocks owned by a non-resident decedent in a Wisconsin corporation.

Through a gift of \$6000 as an annual contribution, the University of Texas will be able to inaugurate this year a school of domestic science for the benefit of the 600 young women students of the institution. As in all other departments of the University, this tuition in domestic science will be free.

The First Lot of Those Bismark Olives Are Most Gone

Never have we seen an olive either bottle or bulk take like those Bismark olives. There are two good reasons.

Quality and Price

You can't find anywhere as good an olive as they are for the price--don't waste your time looking. If they were to be had we would have them. They sell themselves to olive lovers. Big, fat, plump fellows and once you get your teeth and taster into one you will be just as enthusiastic as the rest. But the first lot is most gone--only a few jars left, we have more ordered but they won't get here before these are gone. Better get YOUR jar at once. Phone your order and we will deliver it.

50c per Quart Jar

Specific and Ad Valorem

Victor Murdock in Wichita Eagle.

Victor Murdock in Wichita Eagle.
Appropos of the probable revelation of schedule K by congress (wool and woollens), it may be said that the present prospects hold good the schedule will be handled by itself.

Very few people, comparatively, have any idea of the road which leads from the bleating sheep to the coat on a man's back.

That is saying nothing of the subject involved in the business of raw wool, large in itself and difficult. In a tariff way, the moment the woolen question is opened the first contest in order is a struggle as to whether there should be any duty whatever on raw wool, and if it is concluded that there should be—and with the exception of the period of the Wilson bill there has been a duty on raw wool—then the battle rages over whether the duty should be ad valorem or specific.

Stopped Those Pains.
Copper Hill, Va.—Mrs. Ida Conner, of this place, says, "For years, I had a pain in my right side, and I was very sick with womanly troubles. I tried different doctors but could get no relief. I had given up all hope of ever getting well. I took Cardui, and it relieved the pain in my side, and now I feel like a new person."

Ready for Boston Marathon.
Boston, Mass., April 18.—Everything is in readiness for the fifteenth annual Marathon run of the Boston Athletic Association, which is regarded as the foremost event of its kind in America.

William A. Shanklin.
Dr. William A. Shanklin, president of the Wesleyan University, Middletown, Conn., was born in Carrollton, Missouri, April 8th, 1864.

Have you voted in The Times' Contest yet?
The School of Correspondence of the University of Texas is not yet two years old.

REBELS EVACUATE AGUA PRIETA

(Continued From Page One) co has assured President Taft that a definite restrictive policy will be adopted on the border to prevent the repetition of affairs like that at Agua Prieta. After a conference with President Taft, Chairman Cullom, of the Senate Committee on foreign relations announced that no meeting of his committee to consider the Mexican situation is yet scheduled. He said the President is quite optimistic today. Senator Cullom saw no reason for intervention at the present. Every bit of information about the Mexican situation available is rushed to the White House for the perusal of the President. Congressman Sulzer who visited the President intimated that a plan, under consideration to solve the danger by a mutual agreement for a neutral zone five to ten miles wide along the boundary. Sulzer says congress will not act under any circumstances without a special message from the president. Despite the threatened outbreak at Juarez the government officials are inclined to believe that Mexico will make good its promise to prevent harm to American possessions. Notice to Subscribers. If anyone has given a constant or employee of The Times a subscription and the paper is not being delivered or proper credit has not been given you will confer a favor on everyone interested by immediately notifying us of the fact giving full particulars. Card of Thanks. Mr. and Mrs. J. H. Nix and family of 206 Travis wish to thank the good people of Wichita Falls for the many kind acts and deeds, words of sympathy and consolation offered during the recent illness and death of our beloved infant, Julian Frank. These kindnesses will never be forgotten and we appreciate them from the depths of our hearts. Mr. and Mrs. J. H. Nix and Family. Mrs. Florence Smith, aged 24 years died at the home of her parents, Mr. and Mrs. Scott Patton, 2915 Washburn street at 6:30 o'clock Monday evening. Her death was unexpected and was a great shock to the family and friends. She leaves two little children. The funeral will be held at the family residence at 2:30 o'clock Wednesday afternoon, Rev. R. R. Hamlin will officiate. Try a sack of New Process Cotton Seed Meal and Hull. It is the best milk and butter feed on the market and is highly recommended by dairymen.
