## Phone schedule may be moved up

Contel of Texas president William Hegmann didn't make any concrete promises, but assured a crowd of over two dozen disgruntled telephone customers he will look into moving the schedule ahead for improving the telephone system that serves most of Castro County.

After listening to complaints about local and long distance service, billing and service problems and complaints about possible misrepresentation by Contel sales representatives,

Hegmann promised he would look at the possibility of having a digital switching system installed here before the current 1988 schedule.

"We will have several concerns, getting the system manufactured, getting the proper technical people, and getting the cash," Hegmann said. "We estimate the system will cost about \$1.3 million to install. Even if we start today, it would take us over a year to install the system. Economically and logically, we can only move

so fast, but I do promise to start studying the possibility of moving the schedule ahead."

Hegmann told Mayor Wayne Collins the digital system would solve 90 to 95% of the current system's ills — "It won't solve human problems" — and would help with both local and long distance service.

Many of the complaints voiced at the first meeting Sept. 23 were reprised this week, with some customers providing additional evidence of the number of redials and other problems.

But there were new complaints aired, including a problem between local customers and service representatives in Dumas, and a lack of communication between Dumas and Dallas.

"I really wasn't aware of any problems until I received the mayor's letter last Friday inviting me to this meeting," Hegmann said. "I study the trouble reports, and I just haven't seen anything in the trouble calls to indicate a problem like this. I was not aware we had a problem of this magnitude or gravity until I received the letter from the mayor, and after a two-hour meeting we had today."

Hegmann said he wouldn't say anything that would split the company, but did indicate that representatives from Dumas "probably should have told me about the last meeting, but you folks should have been calling your service representatives when you had problems."

Hegmann was then bombarded with complaints about getting "a cold reception" when anyone called a Dumas service representative, what many at the meeting felt were excessive service costs, and possible product misrepresentation by Contel salesmen.

"I bought my system from Contel because they said it was what I needed and they could work on the system," said W. J. Hill. "Well, I had a problem with the hold button — every time I put someone on hold, I

cut them off. They came out and put a new hold button on my phone and charged me \$170. It didn't fix anything — I still cut people off every time I put them on hold."

Hegmann asked Hill if he had called Dumas a second time about the problem.

"No, I didn't," Hill answered, "because I didn't want another \$170 bill. I just don't put anyone on hold."

Glyn Reed, Neoma Wall and others from Hart said they were experiencing all of the problems that were voiced by Dimmitt residents.

"It's been bad for 30 years," Reed said after Hegmann stated he felt the problems had cropped up over the past few months. "It's gone from bad to mediocre. Why can't it be up to par with service in Plainview and other surrounding cities?"

Reed said he has a big problem with long distance, especially dialing 800 WATS numbers.

"It's a pain. Sometimes the operator will come on and ask for the number, and sometimes it will be as blank as that wall."

Another Hart man said he got "so mad I want to throw that phone out of the house."

"One time we had a man drive his pickup through your front door, and maybe that's what it's going to take this time," someone chimed in from the audience.

"I just hate that it took a public forum like this for me to

(Continued on Page 16)

AMERICAN FRUCTOSE ENGINEER DAVID BONE (left) and Fred Annen of Dillon Gage discuss some of their phone problems Monday night with Contel of Texas President William Hegmann (second from right) and

Dumas Area Manager Arlis McBee (far right) after the Contel officials met with about 30 county residents and the Dimmitt City Board of Aldermen.

## Hance jumps into race

When Kent Hance was elected Dimmitt High School's student body president in 1960, a mother was consoling her daughter, a loser in the election.

"Oh, I don't mind losing to Kent," the girl said. "He's going to be governor or President some day."

That day came a little closer to reality Monday when Hance announced he's officially a candidate for the Republican gubernatorial nomination during a whistle stop visit to 22 Texas cities.

Hance, who served in the Texas State Senate from 1974 to 1978 and in the US House of Representatives from 1979 through 1984, said he believed the chief responsibility of the Texas governor is to provide strong leadership that pro-

motes economic opportunity.

"That is why I am asking the working people of Texas for the chance to work full-time for them in preserving Texas as the land of opportunity for the future."

Hance, in his announcement, stressed he is concerned about trends in state government that could lead to a decline in the state's economic growth.

"As we all look ahead to chart the course Texas will take into the 21st Century, the chief concern of our public officials must be to focus on state spending, taxation, education, crime prevention and economic development so that state government becomes a partner, not a hindrance, in assuring Texas economic future."

Hance said state spending must be controlled while making a job at Gov. Mark White.

"Since 1974, state government spending has risen 246% while inflation has crept up only 82%. Increased spending in the last two budgets has not been controlled by the Governor's veto."

Hance said he would restore the veto as a tool in controlling what he termed wasteful state spending.

Hance, always a conservative, was a Democrat until earlier this year, when he claimed the Democrat party had left him and other conservatives behind and switched to the Republican party.

He was the first Dimmitt native ever elected to state office when he ousted longtime State Senator Doc Blanchard in 1974 in Lubbock, then succeeded George Mahon in the US House in 1979.

Hance was elected the chairman of the Freshmen representatives, and didn't mind working both sides of the aisle. Hance campaigned for the elimination of the Dept. of Energy, Dept. of Education, OSHA, and was the co-author of the three-year, 25% tax cut bill.

In 1984, Hance lost the only election he has ever lost, falling short in the Democrat runoff with Lloyd Doggett for US Senate. That election was won by Hance's Republican colleague, Phil Gramm.

Hance graduated from Dimmitt High School in 1961 and graduated from Texas Tech and the University of Texas Law School. In 1968, he started his own law practice and served as a business law professor at Texas Tech.

In 1972, Hance was named to the West Texas State Board of Regents, the youngest person ever named to that board.

Friday, Hance received a Distinguished Alumni Award from Texas Tech for his "public service to the region, the state and the country."

By Don Nelson

day in Wichita Falls, Sherman-Denison, Texarkana, Tyler, Waco and College Station, and is announcing today in Beaumont, Victoria, Corpus Christi, Harlingen and Laredo.

That's Kent's style. He dropped hints well in advance to get the speculation up, help gather key commitments and get people used to the idea that he would probably run, then turned his formal "announcement" into an all-out campaign tour.

Typically, he has jumped into the toughest game he could find. He faces opposition from Tom Loeffler, a glamorous and popular young congressman from Hunt, and former Gov. Bill Clements, a strong administrator and the only Republican in more than a century to have won the Texas

(Continued on Page 14)

## DOWN on the farm

(Editor's note: Over the next three weeks, the News will be looking at the current farm situation, examining the current, bleak, farm picture, a look at the breakeven and shutdown prices for major crops in the High Plains, and the effects of sustained financial stress on the financial structure and performance of the farm sector. Information for the series was obtained from the Texas Dept. of Agriculture, Texas Tech University, the American Bankers Association, Texas A&M University, Carl King and Doug Higgins—jfb)

By JOHN BROOKS

How far down can things get on the farm? According to statistics provided by the Texas Dept. of Agriculture and the American Bankers Association, things are bad and getting worse.

According to ABA, 23,805 farms have been lost since 1981 in Texas and are being lost at a rate of 100 per week. Across the US, 1,600 farms are being lost per week, and 226,300 have been lost since 1981.

Those losses are in spite of an increase in the total number of farms, from 175,395 in Texas in 1978 to 185,026 in 1982, a 5.5% increase. But the number of family farms, worth between \$40,000 and \$250,000, has dropped six percent in that same time, from 25,403 to 23,686.

The amount of income brought in by those farms has fallen to record lows, and the effects have been wide spread, from the farmers who have gone out of business to jobs in the country's urban sectors.

Net farm income for the nation is projected at between \$22 billion and \$26 billion for 1985, which may be the second lowest real income this century.

For Texas, projections by USDA and Texas A&M University put this year's net farm income at \$900 million — the lowest net farm income of the state since the Great Depression.

Why has the farm income fallen to record lows? Well, prices are lower than ever — 50% of parity with the previous low 53% in June, 1932 — the bottom of the depths of the Depression. Crop prices in the nation and the state are far below what they were in January, 1981.

In August, corn was priced at \$2.59, wheat at \$2.92, cotton at \$5.46. In January, 1981, the same crops were priced at \$3.63, \$4.21 and \$7.12.

Those low prices mean several things — less money in the pockets of farmers, their families, and those workers whose employment depends directly and indirectly upon how well the farmer is doing.

\$46 billion of the Gross State Product of \$240 billion in 1984 was directly and indirectly attributable to food and fiber, and it provides for 22.5% of all Texas jobs. In the past three years, the state's unemployment rate, traditionally one of the lowest in the nation, has jumped dramatically, forcing the state to secure a temporary loan from the federal government to bail out the unemployment compensation system and forcing dramatic increases in state unemployment taxes.

Over 5,600 jobs were lost at the Port of Houston alone because of a decrease in business — they've seen a 19% drop in grain exports since 1981, or a loss of \$446 million.

In the High Plains, 36 cotton gins have had foreclosure notices filed against them this year. TDA estimates 100 of the 300-plus gins left will go out of business soon unless the economy — which translates into prices — improves.

Farm lenders are feeling the brunt of the farm price spiral.

In June, 32% of the total US loans through Farmers Home Administration were delinquent. In Texas, 45% were delinquent, with one-fourth of those three or more years behind. The amount of outstanding farm debt in the state is \$13.6 billion, and \$212 billion over the country.

Seven banks have failed in the state so far this year, with the problems related to either oil and gas or agriculture loans, or a combination of the two. The ABA says there are 1,029 "problem" banks in the US, the highest number of problem banks ever. 30% of those are agriculture banks.

44 of the 81 banks which have failed in the US this year are ag banks, according to ABA statistics.

Farm equipment manufacturers are continuing to feel the brunt of the laggard farm economy.

Seven farm equipment dealers in Texas have shut down this year, in Lubbock, Hereford, Levelland, Brownfield, Gilmer, Burleson and Stephenville. Four wheel tractor sales have plummeted 61% over the last four years, with expenditures for farm equipment down a total of 35% over the same time.

Over 2,000 farm equipment dealers have been lost in the US since 1981, with over 80,000 ag implement manufacturing jobs lost during the same time.

Next week: a look at Texas Tech studies on breakeven and shutdown prices — what farmers have to have to keep going.

JO GREGORY (left) of Dimmitt and Louise Rogers of Littlefield dine with Capt. Kjell Salbuviik aboard the Royal Viking *Sky* during their recent cruise of the Black Sea and the Greek Isles.

Jo Gregory of Dimmitt and her friend Louise Rogers of Littlefield have returned from a cruise on the Black Sea and around the Greek Isles aboard the beautiful Royal Viking *Sky*. They flew to Athens, Greece, to board the ship, and they visited seven ports. Their first port was Yalta, Russia, where President Roosevelt met with Stalin and Churchill in 1945. Another port in Russia was Odessa, where they attended a delightful ballet. The opera house where the ballet was performed is said to be the nation's most beautiful.

Istanbul, Turkey, with its many mosques and palaces was most interesting. However, the famous Blue Mosque was not as blue as expected. The Topkapi Palace was overwhelming with its jewels, thrones and exquisite porcelains. The Grand Bazaar with its glitter of gold and brass and colorful rugs was unbelievable and endless.

Dubrovnik, Yugoslavia, was charming and quaint — and their favorite place! The city has medieval architecture, forts and walls. It has the oldest pharmacy in all of Europe, founded in 1317 and still filling prescriptions. A picturesque city on the Dalmation coast. Though Yugoslavia is a Communist country, its people have freedom to travel.

The Ancient city of Ephesus, 12 miles north of Kusadasi, Turkey, is famous for its ruins and is said to be where Paul and John lived. The Great Theater is there that seated 24,000 people.

Crete is an island equidistant from Europe, Asia and Africa,

and has had many owners. It now belongs to Greece. The main tourist attraction is the unearthed Palace of Konossos.

The little Greek island of Mykonos is famous for its whitewashed buildings and blue water.

Last was Venice, Italy, where they had the privilege of going up in the bridge to watch Capt. Kjell Salbuviik and his crew dock the huge ship. That was a thrill they will never forget! They also had the honor to be seated at the Captain's table with eight lovely people.

After a gondola ride down the Grand Canal, it was back to the ship to pack for their trip home.

Part of the Hendrix family got together at Slaton last weekend in the home of Travis and Doris Hendrix. Johnny and Romayne DeAngelo, Mike and Pam Diskin and children, Sara and Shawn came from Utica, N.Y.; Goldie Bruster from Carlsbad; Nancy Havins from Roswell; Jess and Gladys Hendrix, Ronald and Nancy Thuett from Post; Dick and Ann Shannon and boys James and Jonathan from Lubbock; and Mary Edna Hendrix from Dimmitt. The relatives from New York were on their way to visit the Grand Canyon and Phoenix, Ariz., and to visit other relatives, and on to Las Vegas before returning home.

Seven second-grade classes visited the museum last week. They enjoyed seeing the new half dugout as well as antiques in the other buildings, but they were disappointed on Tuesday because the goldfish never came to the top of the water in the tank by the windmill, but on Wednesday we finally saw three goldfish emerge. The weather was probably too cold on Tuesday. The teachers are: Beverly Schulte, Mrs. Thames, Sydna Lynn, Mrs. Jackie Matthews, Mary Jo Brown, Pat Evan, and Kay Keller. There were 140 students besides the seven teachers. Since we have three buildings now, several women came to help show the children around: Gail Nelson, Mary Woodburn, Irene Carpenter, Tommie Sue Nisbett, and Beral Hance.

The teacher retirement party was held for Emmett Broder-son Sunday afternoon at the City Hall meeting room. There was a large attendance because of the many, many friends of Emmett's as well as the beautiful weather. The Broder-son's three children were there for this joyous occasion. The teachers served pretty party sandwiches, cookies, and fruit punch from a serving table with a purple and white mum basket and pictures of Emmett

were displayed above this table. He started his teaching career in Seymour as a coach. He has also been a counselor and principal. His hobbies are his family, children, photography, travelling and rafting. Emmett will be missed in the Dimmitt schools.

Several families were in town for the Broder-son reception including Terry, Zelda, and Tiffany Ellison from Lockney.

Kathleen Foster and her mother, Gladys Leeth, had a fun weekend recently. They visited Buddy and Sandra Michels in Houston and they all went over to Waco to see the Baylor-Tech football game. Mark Michels is a student at Baylor and parties were planned for the family. Greg Michels is a senior at Jersey Village High School in Houston.

Sunday was Bill and Winona Bunch Day at FBC. Bro. Ken Cole presented Bill and Winona with plaques and Bill with a gold watch. Following the evening services a reception was held honoring Bill and Winona. Walter Maynard served pretty cake squares and Sue Summers served fruit punch. A pretty decorated chocolate cake was presented to the Bunches as well as a money basket. Green plants were the decorations.

Lucille Follis entertained relatives last week, her mother, Bessie Woodard and her brother, Charles Woodard, from Fort Worth. Mrs. Woodard will be 92 on Oct. 24. They all went to Springlake to visit the Tom Sanderses.

C. A. and Oleada Hance, Martha Isaacs, Ruby Ramsey, and Phoebe Claborn attended the funeral of a nephew, Jimmy Reynolds, in Bonham. While they were in that area they visited relatives and attended a Key family reunion at Whitewright.

Elzada and Dave Funck, Zella Vee and Sam Wilson from Dallas visited Leland and Zelma Smith over the weekend.

Johnnie Vannoy was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Susie Reeves won high score and Bernice Hill won second high. Others playing were: Evie Froehner, Oleda Schumacher, Elizabeth Huckabay, Edith Graef and Loranel Hamilton.

Jean Kemp from Fort Worth spent a week with her mother, Mrs. Nettie Graham, and Andy Kemp came for the weekend to visit and attend to business.

Some of the Dimmitt boys came from A&M to Lubbock for the Tech and A&M football game on Saturday. Chad Thompson and Kennen Howell

## America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

**LEGAL NOTICE**  
Sealed bids addressed to the City of Dimmitt, Texas will be received at the City Hall until 6:30 p.m., Nov. 4, 1985 and then publicly opened and read for furnishing all plant, labor, material and equipment, and performing all work required for assessment of street paving.

Bids shall be submitted in sealed envelopes upon the blank form of the proposal attached hereto and marked in the upper left hand corner.

All proposals shall be accompanied by a cashier's check or certified check upon a national or state bank in the amount of five (5%) percent of the total maximum bid price payable without recourse to the City or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within ten days after notice of award of contract to him. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.

The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety of sureties acceptable to the Owner.

The right is reserved to reject any and all bids and to waive any informality in bids received.

Plans, specifications and bidding documents may be secured from the office of Bill R. McMorries & Associates, Inc., 6300 Canyon Dr., Amarillo, Texas 79109, on deposit of Fifty (\$50.00) Dollars per set which sum so deposited will be refunded, provided: (1) All documents are returned in good condition to Bill R. McMorries & Associates, Inc. not later than 48 hours prior to the time for receiving bids; or (2) The Contractor submits a bid and all documents are returned in good condition to Bill R. McMorries & Associates, Inc. at the time that bids are opened.

**LEGAL NOTICE**  
The City of Dimmitt is hereby notifying Gus Ornelas Estate, who is the current registered owner of the property, which is located at 403 S. W. 6th, or Block 148, Lot No. 11, Dimmitt, Texas, that as the registered property owner, you are currently in violation of City Ordinance No. 421. This ordinance states in part, that all buildings or portions thereof, which are determined, after proper inspection by the City Building Official, to be dangerous, as defined within this code, are hereby declared to be a public nuisance. The structure which is therefore located at the above described property, is hereby declared to be a public nuisance, therefore, it must either be repaired, rehabilitated, or demolished and then removed, in accordance with the provisions outlined in City Ordinance No. 421.

City Ordinance No. 421 also provides that, in the event that the appropriate registered property owner fails to take necessary action to abate this problem, or fails to file a written appeal with the building official of the City of Dimmitt within 30 days of the 2nd publication of this legal notice during a 10 day period, the City of Dimmitt may therefore take appropriate action to abate the dangerous condition. City Ordinance No. 421 also states that all expenses associated with the proper abatement of this condition will be assessed to the property or real estate in question as is indicated in the above listed address. The City of Dimmitt is therefore taking this opportunity to fulfill the legal requirements of the City Ordinance No. 421 and will therefore take appropriate steps to abate this dangerous condition in a timely manner.

Doctors can now prescribe a new antihistamine that tests show does not cause sleepiness.

More about

On the go

(Continued from Page 2)  
were among the group. A&M won by one point. Jack and Carolyn, and Jacalyn Thompson met Chad in Lubbock and they spent the weekend with Jack's mother, Bertha Mae Thompson.

Lois Waggoner and her one-year-old granddaughter, Rebecca Marie Turner, daughter of Charlie and Earnestine Turner of Tulia, celebrated their birthday together Saturday.

Rebecca was named after Lois' mother, the late Rebecca Ann Ewing, and got her middle name from Lois.

The Friday Bridge Club met at the Senior Citizens Center, with Retta Cluck as hostess. Ruth Coleman was high scorer with Cleo Forson second. Others playing were Dorothy Elder, Josie Bradford, Gladiola Shipley, Edith Graef and Opal Bearden.

Beral Hance and her daughter, Beth Hodges of Panhandle, visited in Lubbock last week with Kent and Carol Hance, Ron and Susan. On Friday they attended a reception and luncheon honoring the 1985 Texas Tech University Distinguished Alumnus Award winners. Kent was one of the four honorees, and was also the youngest one honored.

He graduated from Tech in 1965.

The other Distinguished Alumnus Award winners this year were Dr. Marion Baumgarden, a 1950 graduate; Arch Lamb (1939); and Dr. Gerald R. Seemann (1959).

This was the 19th annual Distinguished Alumnus Awards program, which is conducted each year by the Texas Tech Ex-Students Association.

*COULD snake venom be used to treat mental disorders? Maybe, says National Wildlife magazine. Cobra venom is being used to produce an analgesic medicine for patients suffering from severe pain from ailments such as arthritis and terminal cancer. The venom provides relief which lasts much longer than that of other drugs. Many patients treated with venom have even become more cheerful.*

Lyle and Tammy Loudder became new parents Sept. 24 when a 7 lb., 10 oz. boy was born to them in the Muleshoe Hospital at 1:23 a.m. on Tuesday. He was named Lucas Wayne Loudder and he joins Jake Loudder as being the fifth generation to carry the name in the community. It is important in that the spelling with the double "d" has not been found outside the immediate descendants of John Green Loudder only six generations back. He apparently was trying to go from Lowder to Louder and accidentally added an extra "d". Doug and Judy Loudder are the grandparents, Alton and Betty Loudder the great-grandparents, and Nora Loudder the great-great-grandmother. Tammy and Lucas Wayne stayed in Muleshoe with her parents, Mr. and Mrs. Charles Haight, until last Friday.

Gene and Bennie Ross became grandparents again Thursday when a 7 lb., 11 1/2 oz. boy was born to Larry and Tammy Robb in Plains Memorial Hospital in Dimmitt. He was born at 5:30 the third of October and was named Trey Taylor. They were dismissed Saturday morning.

Bruce Bridges and Ed Stewart attended the funeral services of Beatriz Garcia, mother of Domingo Garcia of Earth in St. Mary Magdalene Catholic Church in Earth Saturday afternoon with Domingo and his family.

Mike and Michele Bell and Rex and Darlene Wooten attended the funeral services of Susie Bell's grandfather,

Elmer Youts, in Dimmitt last week, along with Rick and Susie and children.

Brandon Cox has been nominated to receive the American Farmer degree, the highest degree presented by the National FFA organization on the basis of his supervised farming program and leadership activities.

Willie Mae Sadler and Mary Emma Matthews of Dimmitt attended the Regional Hospital Auxiliary meeting in Plainview Tuesday.

Noah Spencer of Lubbock visited a few minutes Tuesday with L. B. and Teeny Bowden on his way to Dimmitt to move his mother from Canterbury Villa to a nursing home in Lubbock. Ruth and Lucille Akers had gone ahead of him and Clyde was with him in the pickup.

Visitors in the Sunday morning services included J. R. and Ethel Ethridge of Silverton and Natalie and Whitney Lawson of Olton. Rev. Bentley Gwyn brought the special music.

The film "The Strong-Willed Child" by James C. Dobson, Ph.D. the first in the Focus on the Family Film Series was shown during the Church Training hour Sunday night. Bennie Villarreal preached the evening message followed by the monthly church conference.

J. C. Holbrooks was admitted to Methodist Hospital in Lubbock Monday with breathing problems and some heart disturbance. Jeanette Walling of Bovina helped get him admitted Monday and took Toots down each day through Thursday. Ronald and Freda Holbrooks of Calhan, Colo. arrived Friday and brought him home after he was dismissed and spent the weekend with them.

Mr. and Mrs. W. O. Willoford of Bangs visited Saturday and Sunday and spent Saturday night with Mr. and Mrs. Floyd Ivey. They used to harvest the crops for the Iveys and others in the area in years past.

April Guy had a pretty good week this week. She is looking forward to a few days at home with her family in the near future. She has learned to give her own pain medicine.

Gerald and Pat Elkins took Jim and Cindy Lawson, Natalie and Whitney of Olton, out to dinner Sunday to celebrate Cindy's birthday.

Margaret King and a friend of Eunice visited over the weekend with Billie and Emma Jean King and Marshall and Kay King, Lance and Lincoln.

# Nazareth

Congratulations to Wes and Kimberly Wellborn of Hereford on the birth of a daughter, Amber, Sept. 22 at Deaf Smith General Hospital. Grandparents are Jim and Shirley Pegram of Nazareth and Mrs. Joyce Wellborn of Athens. Wes is Youth Director for the Baptist Church in Hereford and is attending Wayland College in Plainview.

Darryl Birkenfeld called home Oct. 1 to tell his family he had arrived safely in Belgium. After a five-day retreat and orientation, his classes were due to start Oct. 7. Darryl is in the third year of priesthood formation studies at the University of Louvain in Leuven, Belgium. He has spent the summer months working at San Jose Parish at Hereford and visiting with his family, the Herman Birkenfelds and friends.

Mike Hoffman, son of Werner and Kay Hoffman of Rowena and Debbie Hartman were married Sept. 28 at St. Joseph's Catholic Church in Rowena. About 30 friends from Nazareth attended the wedding, followed by a reception and dance.

Many friends attended the installation ceremonies Friday afternoon of Stephanie Dobmeier as Nazareth's new Postmaster by Harry Hall of

Lubbock, who is the Sectional Center Manager Postmaster. Bill Sava, Dimmitt Postmaster and Betty Sanders, Hart Postmaster, also attended. Postal co-workers hosted a reception for Stephanie following the installation.

Visitors in the Francis Wilhelm home over the weekend were the Doug Wilhelm family of Austin, the Neal Wilhelm family of Ranger, Gordon and Terry Wilhelm of College Station and the Raymond Huseman family of Amarillo. A baby shower was held for Terry at the home of grandmother Dora Albracht.

We are happy to have Lorene Birkenfeld home again after spending a couple weeks in Amarillo with her daughter Maggie and son-in-law Dick Britting while she was being treated by her doctor in Amarillo.

Dennis Heiman is at home to recuperate after having surgery at Central Plains Regional Hospital in Plainview.

Weekend visitors at the Alvin Anderle home were Greg Anderle of Houston, Andrew, Philomena, T.J., Allyn and Becky Garza of Hereford.

Congratulations to Charles and Monica Musick of Amarillo on the birth of a girl, Catherine Michelle, Sept. 15 at

High Plains Baptist Hospital. Grandparents are Alvin and Matilda Anderle of Nazareth and Mr. and Mrs. T. B. Musick of Amarillo.

Josephine and Urban Ball, Meta Stork, Albert and Virgie Gerber visited Bill and Fances Gerber in Umbarger Sunday afternoon.

We were sorry to hear that Leo Witkowski of Hereford (formerly of Nazareth) lost a leg in a combine accident. We hope he does well.

# Littlefield Lions slate supper Friday

The Littlefield Lions Club will hold their annual pancake supper Friday from 5 to 7:30 p.m. at the Littlefield Junior High cafeteria.

All tickets are \$2.50 per person for all you can eat, and everyone is invited to attend.

# Running Water Soil and Water Conservation District

## QUARTERLY REPORT 1985

On July 17th the District in cooperation with the High Plains Underground Water District and the Soil Conservation Service held their Annual Field Demonstration of Irrigation Water Management Practices. The demonstration was held on the Paul Brooks farm South of Hart.

Through the year, the Soil Conservation Service personnel, working with the District will run 10 sprinkler evaluations and about 20 well evaluations. Information gathered from the evaluations help producers to improve the efficiency of their irrigation systems.

## January wedding set

Mr. and Mrs. Edgar Dennis of Dimmitt, announce the engagement and approaching marriage of their daughter, Connie Renea, to Coby Gilbreath, son of Dorothy Gilbreath of Hart.

The pair plan to exchange wedding vows next January 4 at 4 p.m. in the First Baptist Church in Dimmitt.

The couple plan to reside in the Dimmitt area after the wedding.

The bride-elect is a 1982 graduate of Dimmitt High

School. She is currently attending Texas Tech University. She is a senior Agri. Business major and will graduate, receiving her B.S. degree, in December. She is presently employed with Texas Tech University.

The prospective groom is a 1978 graduate of Dimmitt High School and a 1983 graduate of Texas Tech University with a B.S. degree in animal science. He is currently farming in the Sunnyside community.

DANNY WASSOM

## Wassom assigned to Chanute AFB

Airman Danny L. Wassom, son of Doyle L. Wassom of Dimmitt, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman will now receive specialized instruction in the fuels specialist field.

He is a 1982 graduate of Dimmitt High School.

## Mr. and Mrs. Meier make home in Norman, Oklahoma

Mr. and Mrs. Craig Meier are home in Norman, Okla., after exchanging wedding vows Aug. 31 in Oklahoma City.

The couple were united in marriage by the Rev. George Needham at Mayfair Heights United Methodist Church.

The bride, the former Krista Gayle Roberson, is the daughter of Mr. and Mrs. Tommy Roberson of Oklahoma City, and formerly of Dimmitt. She is the granddaughter of Mr. and Mrs. M. E. Cleavinger of Amarillo, Irene Winkle of Lubbock and Ernest Roberson of Littlefield.

The groom is the son of Mr. and Mrs. Verlin Meier of Norman, Okla.

The bride, given in marriage by her father, wore a tea-length dress of satin chemise. It featured a dropped waist accented with silk venise lace, falling into a tiered handkerchief hemline. She wore a picture hat designed of Alencon lace and pearls etched in accordion pleated ruffles. Her fingertip veil was accented with blusher. She carried a white peace lily surrounded by pastel blue and peach daisies and miniature roses.

Maid of honor was Cheryl Meier of Dallas.

Andy Roberson of Oklahoma City served as best man.

A reception was held at the Mayfair Heights United Methodist Church.

Michelle Gleason, Dawn Varner, Kim Hartwig, Suzanne Shaffer and Joe Ralston, all of Oklahoma City; and John Greenway and Kevin McIlhane of Tulsa, Okla., served as reception assistants.

The bride attended Oklahoma State University

MR. AND MRS. CRAIG MEIER  
... She's the former Krista Roberson

and presently attends the University of Oklahoma. She is a member of the Delta Delta Delta sorority. The groom attended Oklahoma State University and is currently attending the University of Oklahoma. He is a member of the Sigma Phi Epsilon fraternity.

CONNIE DENNIS AND COBY GILBREATH

## 12 students win WT award

Twelve Castro County students attending West Texas State University this fall have been named as recipients of the Don and Sybil Harrington Foundation scholarships.

Lilia Arce, Kelli Small, Richard Saucedo and Joan Robel of Dimmitt; Abel Reyna Jr., Coy Myrick, Brenda Reyna, Gayla Kittrell, Rusty Ammons and Cristi Rowland

of Hart; and Mary Wilhelm and Howard Steffens of Nazareth will receive the awards.

The academic merit scholarships began in 1978 with \$200 awards to incoming freshmen who had been members of the National Honor Society or its equivalent in high school.

Beginning in 1981, the award became a renewable scholarship for those students who

maintained a 3.0 grade point average in their college work. Beginning this year, the amount of the awards varies from \$200 to \$600 per year, based upon ACT scores.

## Shower fetes Cline

Natalie Cline, bride-elect of Chris Bright of Canyon, was feted with a shower Saturday at the home of Mae Hargrove in Dimmitt.

Serving from a table covered with an ecru cutwork tablecloth and a mixed flower arrangement of yellow, blue and brown were Laura Hargrove and Tami Griffith.

Appointments were silver and crystal.

Out of town guests included Devine Cox of Lockney, Jeri Bright, Elsie Bright and Phyllis McMahon, all of Canyon, and Lois Williams of Lockney.

There were 32 hostesses.

The couple will be married Oct. 19 in Canyon.

## Stacy Wilson is Sweetheart

Stacy Wilson, daughter of Mr. and Mrs. Edd Wilson of Dimmitt has been named FFA Sweetheart for the 1985-86 school year.

She was honored along with 23 Greenhand and 11 Chapter Farmer award winners at the FFA installation ceremonies Tuesday night.

Greenhands receiving pins were Matt Bradley, Shawn Cotter, Lucynde Lynn, Sydelle McDonald, Anton Polivoda, Kyle Shelton, George Wall, Kevin Wheelless, Britt Boozer, Kevin Bruton, Chad Davis, KaLinda Dutton, Troy Golden, Jason Griffith, Kelley Howell, Anthony Jordan, Ty Kellar, Warren McDonald, Justin Nelson and Terry Wright.

Pam Anthony, Tiffany Braafladt, Zay Bradley, Karen Clayton, Greg Gentry, Ty Liveley, Billy Martin, Jim Nelson, Sharla Richard and Joe Yokum were honored as Chapter Farmers.

A calf fry supper prepared by Alex Glass and Elmer Berryhill was served to the parents, guests and members of the FFA.

A unique and personal way to say you care

**TOP BRIDGE TEAMS**—These three teams tied for first-place honors in the Dimmitt Sectional Duplicate Bridge Tournament Sunday at the Senior Citizens Center. The team at left, made up of all Lubbock players, includes (seated, from left) Glenna Esmond, Kay Streetman and Alice Ling, and (standing) Dr. Al Poster. The center team, all Hereford players, includes Alma Pit-tenger (seated) and (standing, from left) Lucille Posey, Joe Don

Cummings and Seletta Gholson. The team at right includes Jim and Ellen Hrabal (standing and seated, left) of Dimmitt, and Lois Peterson and Jory Fort, both of Amarillo. Each team had only one loss in six rounds of play Sunday to emerge tied for first place over 18 other four-person teams from throughout the Panhandle-Plains area.

## Miss Kern completes post-graduate work

Patricia Kern, daughter of Mr. and Mrs. Walter Kern of Nazareth, has completed her post graduate work as a Physician Assistant, and will take her Physician Assistant National Certification Boards this weekend.

Patricia Kern

Kern, a 1979 graduate of Nazareth High School, received a Bachelor of Science in Allied Health Services and a certificate as a Physician Assistant in commencement ceremonies at the University of Texas Health Sciences Center at Dallas on Aug. 18. She was one of 25 students of over 300 applicants accepted to the program.

The 27-month postgraduate program includes a year of classroom courses and 16 months of hospital and clinical work. Rotations in internal medicine, surgery, psychiatry, OB/GYN, cardiac intensive care, pediatrics, orthopedics, emergency medicine, and outpatient family practice are completed at various clinics in the Dallas area, the Veteran's Hospital, Parkland Memorial Hospital and the Parkland Surgery/Medicine Emergency Center.

A two-month Rural Preceptorship in a location at least 100 miles from Dallas is required at the end of the second year. Miss Kern completed her training at High Plains Clinic in Dimmitt, working with Dr.

B. H. Lee during July and August. She also received certification in Advance Cardiac and Trauma Life Support from Southwestern Medical School in an additional course she completed in May. She completed her undergraduate work at the University of Dallas in Irving, majoring in biology. She is employed at Kaiser Permanente Medical Offices in Dallas as a Family Practice Physician Assistant. She also does additional work for Kaiser at Medical City Hospital in Dallas in the Health Appraisal Program.

**WILL DO LIGHT CARPENTRY WORK!**

Also will rebuild and refinish furniture.

Call TED SHEFFY at 647-2576!

## Reception honors Broderson

More than 100 friends, former co-workers and relatives attended the retirement reception Sunday for Emmett Broderson, longtime Dimmitt Middle School principal.

The reception was held at the city hall meeting room. Thirty-nine women shared hostess duties.

After two years of college-level coaching, Broderson was in public school education 35 years, including coaching positions at Seymour, Levelland, Big Spring, Whiteface and Archer City. He went into school administration in 1966, accepting the principal's post at North Elementary School here. He was named principal of Dimmitt Middle School when

North Elementary and Dimmitt Junior High were combined in 1975-76.

A memorabilia table at the reception featured his annual "school pictures" through the years of his career, plus snapshots of his European tours and family activities.

Guests at Sunday's reception included his mother, Carrie Broderson of Wichita Falls; his sisters, Glenda Kimes of Wichita Falls and Helen

Walker of Odessa; a nephew, James Lewis of Taft, Calif.; a niece, Kim High, and her daughter, Karen, of Wichita Falls; a great-nephew, Trevor Penn of Odessa; and his children and grandchildren, Kyle and Kippy Broderson and Charlie of Lubbock, Kerry and Tom Morrison and Ashley of Lubbock, and Joylyn and Michael Campbell of Canyon.

"I was very honored and impressed," Broderson said, "and I thank everyone who helped with it from the bottom of my heart."

## Lt. DuLaney at Reese AFB

Air Force 1st Lt. Joe Brad DuLaney, son of Bob and Jean DuLaney of Dimmitt, has arrived for duty with the 54th Flying Training Squadron at Reese Air Force Base.

DuLaney, a flight training instructor, was previously assigned at Carswell Air Force Base.

His wife, Kay, is the daughter of Ray Phillips and Sue Phillips of Dimmitt.

The lieutenant is a 1981 graduate of Texas Tech University.

## I recommended the Heat Pump

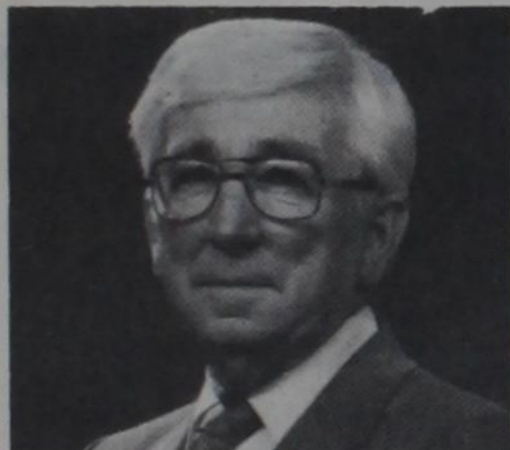

...and this is the kind of thanks I get

Air conditioning and heating contractors are making a lot of friends by recommending a heat pump. People who take their advice appreciate the heat pump's economy, comfort, and cleanliness. And, considering the heat pump's long life and low maintenance, the contractor's and the customer's friendship will be a lasting one.

Contact your heating and air conditioning dealer or call

in Amarillo for a **FREE HEAT PUMP BUYER'S GUIDE**

George Murray

## Hearing Test Set For Dimmitt

DIMMITT—Electronic hearing tests will be given at the Senior Citizens Center on Tuesday, October 15th from 10 a.m. to 12 noon.

George Murray, Hearing Aid Specialist, will be at 3rd and Lee to perform the tests.

Anyone who has trouble hearing or understanding speech clearly is welcome to have a test using modern electronic equipment to determine if his loss is one which can be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will be shown.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the latest methods of hearing correction can help them hear better.

The free hearing test will be given Tuesday from 10 a.m. to 12 noon at the Senior Citizens Center. If you can't get there on Tuesday, call 647-2654 and arrange for an appointment at another time. In-home testing is also available.

## Hornets swarm through air, take 14-10 win

The Tulia Hornets rode the hot throwing arm of quarterback Todd Lacey to a 14-10 win over Dimmitt at Bobcat Stadium last Friday.

Both teams came out of the game with 3-2 season records; Tulia's District 2-3A slate is now even at 1-1, while the Bobcats are 0-1 in conference play.

Lacey hit 12 of 14 passes in the second half for 159 yards and two touchdowns, and was 14 of 20 on the night for 183 yards.

Lacey's arm was solely responsible for the Hornets offense, as the Bobcat defense kept running backs Steven Powell and Merwyn Parker well in check (51 and 5 yards, respectively). Dimmitt's pass defense wasn't that bad, but Dimmitt seemed to be a half-step slow in the defensive backfield all night.

Dimmitt led 10-0 at halftime after their best first-half performance of the year. The Bobcats had 134 total yards, while limiting the Hornets to 52 yards. But the second half, where Dimmitt has dominated all year, was a different story, with the Bobcats picking up just 33 more yards, while giving up 187 steps.

After exchanging punts, the Bobcats started at their own 15 and drove to the THS 12 before settling for a Todd Durham 28-yard field goal early in the second quarter. The drive was keyed by 46 hard rushing yards by tailback Cruz Arce.

Arce, who had 116 yards on 26 carries, picked up 31 yards on third down at the Bobcat 20.

The Bobcats almost got a touchdown out of their drive when quarterback Woody Glass hit wingback Jerry Gonzales for 14 yards from the Tulia 30, but Dimmitt gained just two more yards before Durham put them on the board.

Later in the quarter, a Durham punt pinned the Hornets at their own 18, and Glass, at safety, picked off a Lacey pass at the THS 31 and returned it to the THS 31 with 3:53 left in the first half.

Dimmitt gained just two

yards, then Glass overthrew split end Ben Benton on the third down. The Bobcats ran the same play, and Glass found the split end open at the Tulia 11 for the first down.

Three plays later, Glass hit Gonzales, who was wide open in the middle of the end zone. Durham's extra point put the Bobcats up, 10-0, with 43 seconds left in the first half.

The first half was penalty-free, but the flags came out in the third quarter in some of the worst possible places.

Tulia picked up their first penalty of the night, a holding call on first-and-ten at the Dimmitt 48 after a personal foul on the Bobcats had put them there. The Hornets were pushed back all the way to their own 36 before punting the ball away.

The Bobcats started at their own 3 and moved out to the 10 before punting the ball away, but Parker coughed up the ball on the return, with a host of Bobcats falling on the ball at the 30.

The Bobcats moved just to the 35 before a delay penalty halted the drive.

Starting at their own 48, the Hornets moved to the end zone in nine plays. 50 of the yards came through the air.

On the second and 13 at the 45, the Hornets picked up a first down on a pass to wingback Chris Padilla on a throw that was originally called incomplete by the field judge. Padilla picked up another first down at the Dimmitt 26, then tight end Todd Barbour hauled in a pass at the Bobcat 11. On third and six from the Dimmitt 7, Lacey scrambled out of trouble, then found Grantham in the end zone for the touchdown with 56 seconds left in the third quarter. Billy Williams hit the extra point to make it 10-7.

The Bobcats moved into Hornet territory early in the fourth quarter before Durham pinned the Hornets down at their own 2 with a 45 yard punt. Three plays later, noseguard Milton Carrasco recovered a Hornet fumble at the Tulia 23, but the Bobcats netted just one yard on four plays, turning the ball over at the Tulia 22 on downs with 8:54 left to play.

The Hornets then took off on a six minute drive for the winning touchdown, going 78 yards, and converting twice on third down and once on fourth down.

Lacey completed four of five passes during the drive, and almost scrambled out of trouble and into the end zone himself.

Grantham caught three of the passes, including a crucial catch at the Dimmitt 34 that overcame a clipping penalty that had moved the Hornets back to their own 46. The Hornets were facing fourth and four at the Dimmitt 29 with 4:18 to play, and Lacey threw

through two Dimmitt defenders to Grantham at the Bobcat 20 for the first down.

On second and seven at the Bobcat 17, Lacey was hounded by the Bobcat defensive line back at the 30, but broke free and was finally forced out of bounds at the Dimmitt 5.

Powell was dropped for no gain on first down, then Lacey threw to Grantham in the left corner of the end zone, threading another two-man defensive needle for the touchdown. Williams added the extra point.

The Bobcats tried to rush down the field from their own 22, as Glass ran for six yards on first down, and Arce raced to the Bobcat 43. A personal foul moved the ball into Hornet territory, but a delay penalty moved the ball back a little too far, as Glass came up two yards short on fourth and eight at the Hornet 43.

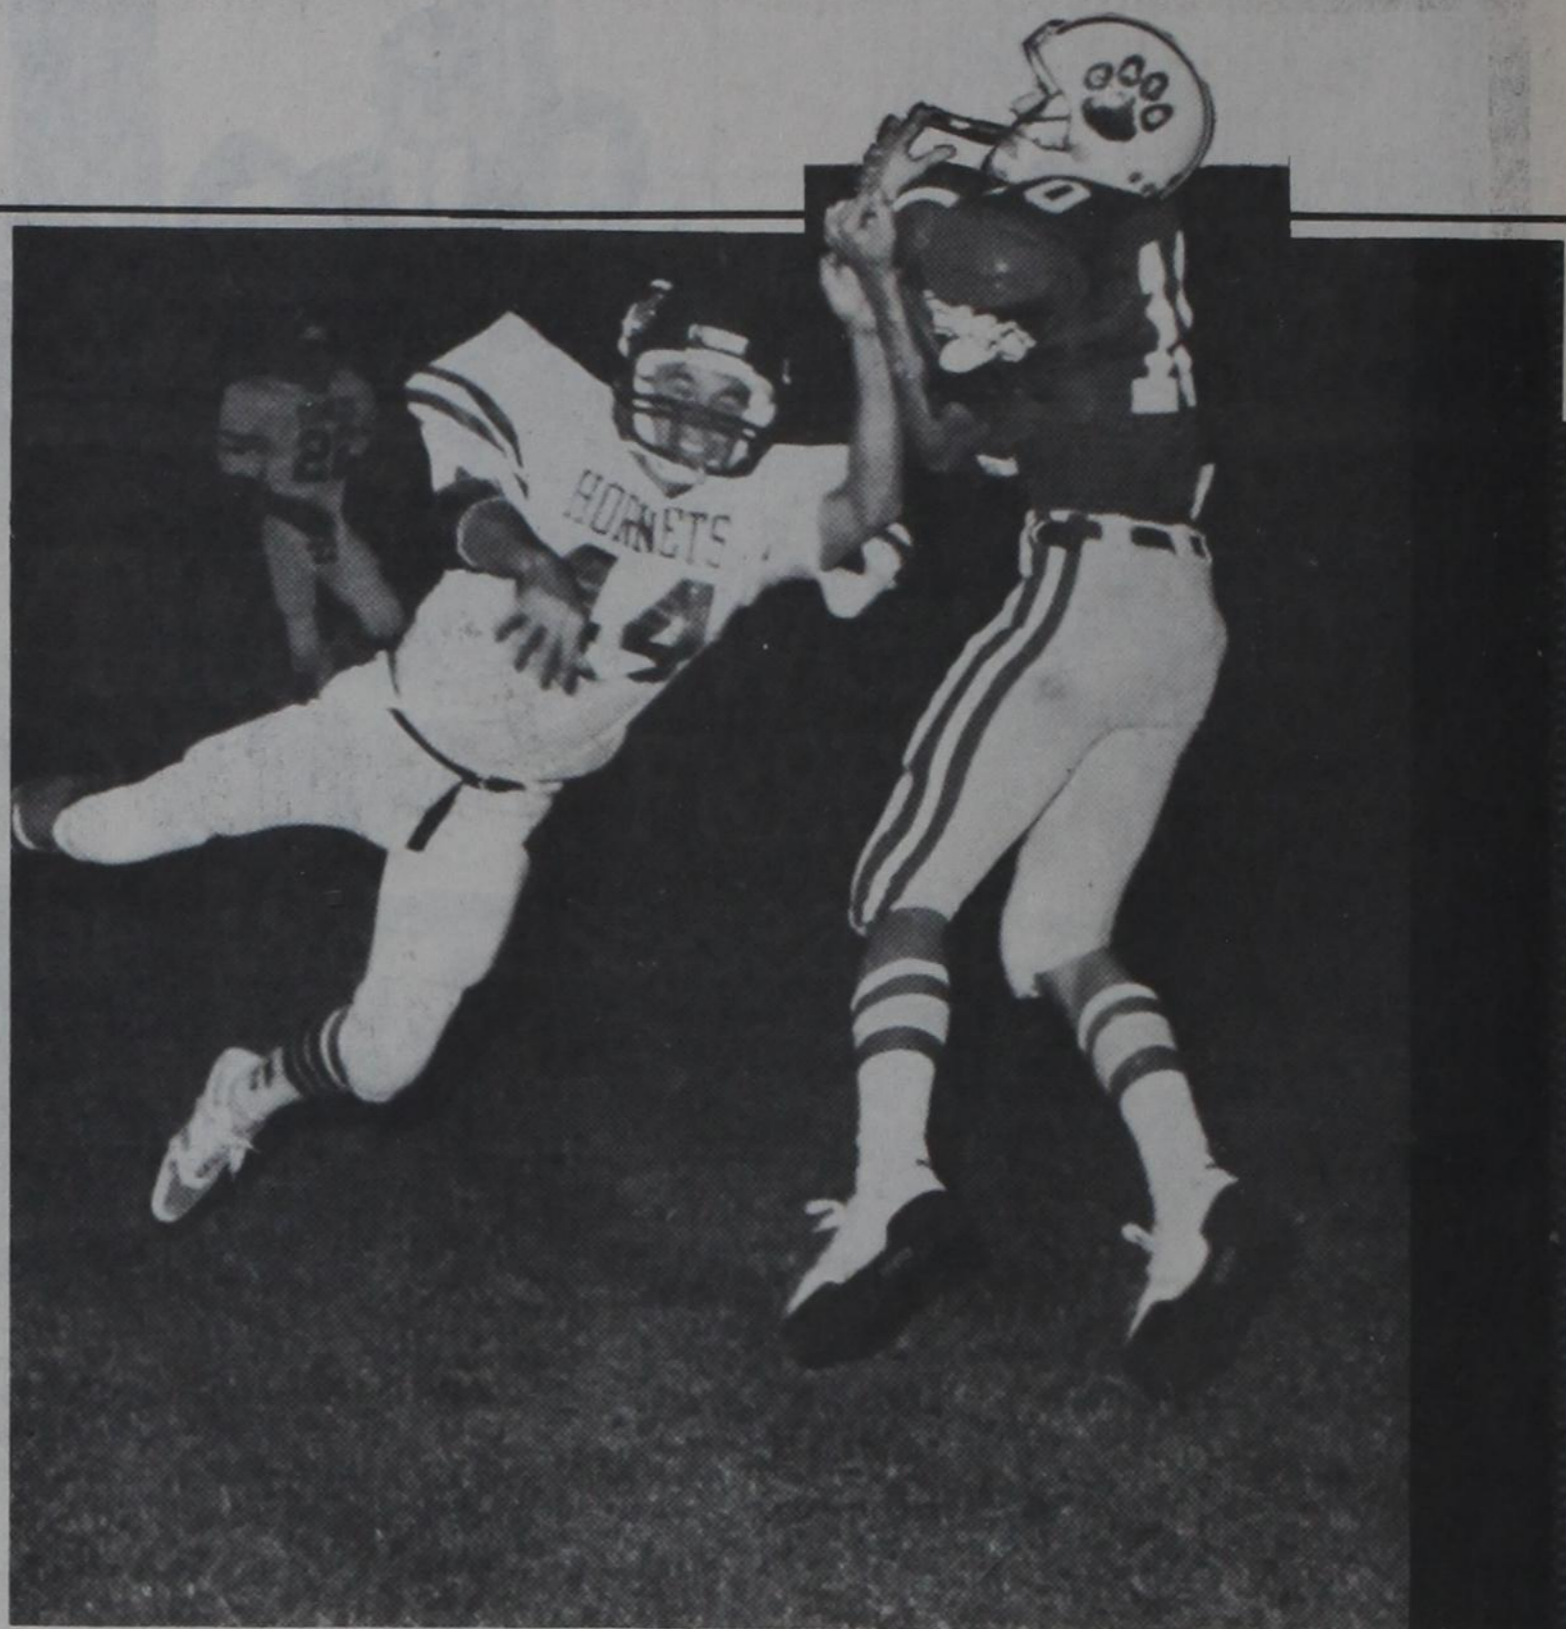

Lacey fell on the ball to run out the game clock.

Dimmitt	0	10	0	0	10

Scoring summary:  
 D—Todd Durham 28 FG  
 D—Jerry Gonzales 6 pass from Woody Glass (Durham kick)  
 T—Lance Grantham 7 pass from Todd Lacey (Billy Williams kick)  
 T—Grantham 5 pass from Lacey (Williams kick)

**CONCENTRATION**—Despite a flying swat by Tulia's Kevin Harris (44), Dimmitt's Ben Benton gathers in a clutch pass on fourth-and-eight to keep the Bobcats' touchdown drive alive in the second quarter of Friday night's District 2-AAA game here. Benton's leaping reception gave the Bobcats an 18-yard gain and

a first down at the Tulia 12-yard line with 2:28 remaining before halftime. Three plays later, Jerry Gonzales caught a TD pass to boost the Cats to a 10-0 halftime lead. However, the favored Hornets surged back in the second half to gain a 14-10 victory.

# Horns bomb Happy

It was bombs away in Hart Friday night as the Longhorns passed for all three of their touchdowns in a 22-13 win over Happy.

Quarterback Brett Ritter completed 10 of 28 throws for 175 yards after the Cowboys shut off the Longhorn running game.

"Happy made some adjustments to stop our running game which opened up our passing game," said HHS coach Mark Stroebel. "We took full advantage of it. Our line did another super job of pass protection for the third week in a row, because we had no sacks given up."

A pass interference call set up Happy's first score, with Gaylon Johnson scampering in from 15 yards out with 7:28 left in the first quarter. The PAT failed.

After exchanging punts, the 'Horns Carmelo Medrano blocked a Happy punt, but Hart was unable to move the ball.

Hart finally got things cracking in the second quarter when Ritter hit Paul Ramirez on a

40-yard pass to the Happy 12. Three plays later, Ritter found Ronnie Rodriguez open in the end zone. The PAT failed, leaving the score tied, 6-6, with 10:45 left in the first half.

Happy took the lead midway through the second quarter when quarterback Mace Middleton, who had three throws for 80 yards on the pass-happy night, hit end Dewayne Simons on a 33-yard touchdown pass. Kelly McDonald hit the PAT to put the Cowboys ahead, 13-6.

Hart came storming back with two late scores in the first half.

Ritter hit fullback Chris Rodriguez with a 28-yard completion, then a 19-yard throw to Ramirez. Four plays later, Ritter threw a 10-yard scoring strike to Ramirez. Arthur Guzman nailed the PAT to tie the score at 13-all with 2:06 left in the first half.

Seconds later, Cecil Diaz recovered a Cowboy fumble at the Happy 25, and two plays later Ritter hit Ramirez in the end zone for the go-ahead touchdown. The two-point pass

play failed, leaving Hart ahead 19-13 at halftime.

Guzman put the game out of reach when he booted a 23 yard field goal with 1:48 left in the game to make it final at 22-13.

## Hart 22, Happy 13

GAME AT A GLANCE		
Hart		Happy

 HT—Guzman 23 FG

# Naz runs past 'Lopes

By BARBIE STEFFENS  
 Running the option to perfection, the Nazareth Swifts bombed the Whiteface Antelopes 35-14 Friday at Nazareth.

The Swifts combined 292 yards of offense with a strangling defensive effort which allowed Whiteface only 81 yards and just four first downs, two of those coming on touchdowns.

"Both of our quarterbacks ran the option better than they have all year," said NHS coach Rex Minshew of Todd Hill and Chris Schmucker. "They found out they could make some yardage keeping the ball instead of handing it off to someone every time, and they got to keeping it a little too much, but they found out a little more about the option."

"The whole team did a good job of getting after it on both offense and defense. The line opened a lot of hole and the backs ran hard. Plus, when it got out of hand, our younger kids got a lot of playing time — they played just about all of the second half, and did a pretty decent job."

It was a decent job all night as the Swifts scored the first four times they got their hands on the football.

The Swifts drove after the opening kickoff, with tailback Mike Huseman, who had 78 yards on the night, going over from the one. Kevin Hoelting added the first of his five PAT kicks to make it 7-0 with the game barely three minutes old. After forcing the first of six Whiteface punts, the Swifts drove again, with Hill keeping on the option and racing 22 yards for the score. The PAT made it a 14-0 game with 3:49 left in the first quarter.

Midway through the second quarter, Schmucker took the offensive controls, and scored on the option from 11 yards away. Hoelting's kick made it a 21-0 game, and the Antelopes

had still not threatened.

With just 16 seconds left in the half and the Swifts at the Whiteface five, Schmucker completed his only throw of the night, to split end Alan Birkenfeld in the end zone. Hoelting's PAT padded the halftime lead to 28-0.

Whiteface punted after taking the second half's opening kickoff, and the Swifts drove for their final score of the night. Billy Steffens ran the ball in from 11 yards out, and Hoelting tacked on the PAT.

Whiteface answered four minutes later, with a 5 yard run by fullback Johnny Franco, then scored again with just 3:05 left to play when quarterback Mike Marek hit end David Joiner in the end zone from 12 yards out. Raymond Lopez added both PAT kicks.

# Rank to speak in Plainview

ASCS chief Everett "Bud" Rank will highlight the second annual KKYN-Holley Fertilizer Farmers Festival today at the Hale County Ag Center in Plainview.

Rank, who is also executive vice president and member of the board of directors of the Commodity Credit Corporation, will hold an 11:30 a.m. news conference, and will speak at 1 p.m. on pending farm legislation and how it will affect the producer.

In addition to Rank's appearance, nearly 50 exhibitors will be displaying the latest in irrigation equipment, computers, farm implements, seeds and chemicals. There will also be several exhibitors featuring native Texas and Tex-Mex foods, with exhibits opening at 9 a.m.

Many of the exhibitors will be giving away free door prizes, and there will be a trip to Las Vegas given away as well.

A free barbecue lunch will be served at noon, and an Old Time Fiddler's Contest will be held at 3 p.m.

## Harris Picks

Here are this week's picks by the Harris Rating Service (home team in CAPS):

LITTLEFIELD over Dimmitt by 28, Nazareth over HAPPY by 9, ABERNATHY over Hart by 32, FRIONA over Floydada by 35, Idalou over MULESHOE by 35, River Road over DALHART by 6, ROOSEVELT over Denver City by 9, Springlake-Earth over BOVINA by 19, OLTON over Hale Center by 21, LOCKNEY over Petersburg by 4, MORTON over New Deal by 41, VEGA over Farwell by 18, Kress over LAZBUDDIE by 4, Valley over CROWELL by 1, JACKSBORO over Olney by 7, Plainview over AMARILLO by 2, Permian over LEE by 3, Waco Midway over BELTON by 9, ABILENE over San Angelo Central by 4.

One of the most malleable of metals, gold can be hammered into sheets so thin they are almost transparent.

# Teams meet district foes

All three county teams get into district action this week, and all three are on the road.

Hart will be at Abernathy, Nazareth at Happy and the Dimmitt Bobcats, 0-1 after last week's 14-10 loss to Tulia, will be at Littlefield.

All three games start at 7:30 p.m. tomorrow night.

### Dimmitt at Littlefield

A funny thing happened on the way to the district championship for the Littlefield Wildcats last week — they were beaten at Idalou, 20-14.

"Evidently, they had some injuries and sickness when they played Idalou, and their coaches were not very pleased with their effort," said DHS coach Clifford Smith. "They will probably want a much greater effort this week against us. It's their homecoming, and I'm sure they will be just as fired up as they can get against us."

The Wildcats have finally given Steve Greene a diploma, and will be without the 6,500-yard career rusher, but they could be even more dangerous than they were with the speedy tailback.

"(Quarterback Lloyd) Champion is not as good a passer as Tulia's Todd Lacey, but he's thrown with a lot of success this year. They will be more dangerous in the backfield than Tulia, with two people to

stop instead of one."

Fullback Steve Lair (5-9, 170) and tailback Ronnie Willard (5-11, 165) have rushed for more than 120 yards per game for the 4-1 Wildcats, while Champion has averaged 120 passing yards per game.

Heading things up front will be two-way all-staters Corney Conley (5-11, 260) at tackle and nose guard and Mike Pierce (6-5, 220) at tight end and defensive tackle.

"They're just as tough as they've always been — it's the same old Littlefield, and they'll be wanting, and needing this game. We need it, too — it's a big game for us. We need to win to keep our hopes alive for the playoffs."

"We've still got some people banged up. Mark Shackelford, Eric Stump and Mark Standlee all have sore ankles. But we're not in bad shape with injuries."

### Hart at Abernathy

"This is by far our biggest game of the year," said Hart coach Mark Stroebel of this week's District 3-2A opener against the Antelopes.

"And, holy moley, they're big, fast and strong. They'll be super tough... I don't know if it's good to play these people in our first district game of the year. It's super if we win, but if we lose, it's going to be tough for us to rebound from it."

The 'Horns know how tough it can be — last year, they fell, 21-0, to the 'Lopes as Abernathy wore down the smaller Hart squad. That size is going to be a key factor in tomorrow night's matchup, with the 'Lopes featuring eight men at 200-plus pounds on their roster, headed up by two-way star Bill DuBose (6-2, 240).

DuBose was named the South Plains 2A Player of the Week two weeks ago for his performance in the 'Lopes 28-7 win over Tahoka. He graded out 91% on offense from his tackle spot, and, from defensive end, had 11 tackles, three sacks, caused a fumble and recovered another fumble.

"He could be recruited by every school in the Southwest Conference," said AHS coach Larry Aldridge. "I don't think there's a better lineman on the South Plains."

DuBose leads the way for running backs Billy Cooper, Gilbert Salinas and Randy Powell, and quarterback Jaime Mansanales.

Cooper is averaging over 100 yards per outing from his tailback spot, while Mansanales has been running Adridge's offense for four years, starting since early in his freshman season.

"Mansanales runs the option well, runs hard and is a good passer. He'll put some pressure on us."

"We're going to have to play good, heads up football if we're going to win. We've put in a couple of plays we think will take advantage of some things they do on defense, and we've put in a new defense that will keep some pressure off our middle linebacker."

### Nazareth at Happy

You can throw out the records — the Swifts 4-1 mark, the Cowboys 1-3 slate — when these two rivals square off Friday night in Happy.

"Both teams will get after each other, because it's such a rivalry," said NHS coach Rex Minshew. "It will be a tough game."

"Happy has a tough, good ball club. They run a '27' defense with two kids well over 200 pounds playing on the inside. It's a real aggressive defense, with five or six guys, or more, in on every tackle."

"Their offense will be almost a carbon copy of ours, a power-I, but they have a lot more speed. Gaylon Johnson is a good, quick tailback, and they can throw the ball. It's going to be a tough game, and we need to win it. This is going to be a tough district race — there's not any one team that's for sure to win it."

# Malone is Kiwanis head

**NEW KIWANIS PRESIDENT ROGER MALONE (CENTER)** ... receives gavel from outgoing president John Kovacs as Lt. Gov. Bobby Treadwell (left) looks on.

Richard and Malone, two years; Alex Glass and Don Sheffy, four years; Kovacs and Robert Benton, five years; Duward Davis, eight years; Maxwell, nine years; Bill

Thornton and Bobby Murdock, ten years; King and Jimmy Davis, 11 years; and Patton, 16 years.

21 members and three guests attended the meeting.

Roger Malone was named "Kiwanian of the Year" Monday during the Dimmitt Kiwanis Club new officer installation at K-Bob's Steak House.

Malone, who will serve as the club's president during the coming year, was honored for his service to the club during the past year. The award was presented by Jack Patton.

The new officers were installed by Div. 33 Lt. Gov. Bobby Treadwell, and include Malone; vice presidents Corky Lockmiller and Leroy Maxwell; secretary Charles Richard; and treasurer Gene King.

New board members include Acie Boyd, Kelvin Betzen, Duward Davis, Jimmy Davis, Barry Love, Doyle Wassom, Melvin Fuller and immediate past president John Kovacs.

Attendance awards were presented to Love, one year;

## Police Calls

Charles Daniel, 28, of Olton escaped serious injury Sunday when his 1979 Dodge Omni crossed the highway and overturned one mile south of Hart on FM 168.

According to Terry Jones of THP, Daniel's car was southbound and ran off the right side of the road, then cut back across the highway and overturned one time.

Richardson Elementary School Principal Elmer Berryhill reported the school had been broken into last Tuesday night or Wednesday morning.

Burglars are thought to have gained entry by breaking a window out of a room in the

north hallway. They drank six half-pint cartons of milk and took a box of doughnuts from the cafeteria kitchen, then went to the main office.

Police report the burglars went through several desks and filing cabinets in the board room, then forced open the principal's office door, rifled his desk and took approximately \$8 in cash. The burglars then rummaged through filing cabinets in the secretary's office and took about \$5 in cash and several articles of clothing from the lost-and-found box.

The burglars went through rooms and lockers throughout the building, and took a Texas

flag and an American flag, each valued at \$30.

No citations were issued after a two-vehicle accident last Wednesday morning. A 1979 Chevrolet Malibu driven by Kathy Lynn Davis of Dimmitt collided with a 1980 Ford Ranger pickup driven by Juan Ontiveros, also of Dimmitt. The accident happened in the intersection of NW Second and Andrews.

Police officers said Davis was southbound on Second and Ontiveros was eastbound on Andrews when the vehicles collided, causing moderate damage to both vehicles.

Tomaso Gonzales of Sunnyside told police Friday morning her purse had been stolen Thursday night at Bobcat Stadium during the Middle School football games. Gonzales said her purse had about \$100 cash, a checkbook for her parents checking account and personal papers.

Mrs. Pete Salinas of 310 SW Fourth reported Friday someone had stolen her son's bike from their front yard.

The bike, valued at \$100, is red with red knobby tires, red seat and red handlebars. The brand of the bike is unknown.

*Rhoads Memorial Library wishes to thank county residents for their book donations these past several weeks. At one time we found the book drop so full that it literally had books sticking out through the slot. Frankly we are not able to keep them all but there have been many which we were glad to get because they were out of print or because they were unusual. We never turn down gifts of books and we hope library patrons won't forget us in the future.*

## Obituaries

### Beatriz Garcia

Beatriz Garcia, 74, of Earth, died last Thursday.

Funeral services were held Saturday at the St. Mary Magdalene Catholic Church with the Rev. Patrick Maher, pastor, officiating.

Burial followed in Earth Memorial Cemetery under the direction of Parsons-Ellis Funeral Home.

Mrs. Garcia had lived in Earth since 1954. She had previously lived in Edinburg where she was born. She was a housewife. She married Alfredo Garcia in 1933 in Edinburg. She was a Catholic.

Survivors include her husband; two sons, Domingo of Sunnyside and Alfredo Jr. of Roalla, Kan.; a daughter, Juanita Garza of Hereford; 26 grandchildren and 25 great-grandchildren.

### George Pope

George Curtis Pope, 68, of Luray, Kan., died Sept. 26 in the Hutchinson Hospital in Kansas.

Funeral services were held Sept. 30 at the Luray United Methodist Church, with the Rev. Gene Langhofer officiating.

Interment was in Luray City Cemetery under the direction of Pohlman's Mortuary in Russell, Kan.

Mr. Pope was born May 31, 1917 in Point, Tex. He lived most of his early life in Texas, receiving his education in the schools of the Fort Worth, Greenville and Point areas. During World War II he served in the US Army.

He moved to Dimmitt in 1950. He was a charter member of the Lee Street Baptist Church and served as choir member and part-time director. He served as a depot agent for the Fort Worth and Denver Railroad and also served as manager of the White's elevator in Dimmitt.

He moved from Dimmitt to LaCrosse, Kan., in 1967. He operated a motel at LaCrosse for several years. He moved to Scott City, Kan., where he drove a truck for the Farleigh Feed Lot. He later moved to Hutchinson for a short time before settling in Luray in 1982, where he lived until his death.

He was preceded in death by his parents; one brother, Orbin; and two step-sons, Stephen and James Heinen.

Survivors include his wife, Betty; one son, Darrel, serving in the US Army in Germany; one daughter, Barbara Ann Goerdel of Thorndale; two step-sons, John Heinen of St. Louis, Mo. and David Heinen of Osborne, Kan.; one step-

daughter, Shirley Hollums of Dimmitt; one brother, Gene Pope of Point; and six sisters, Opal Kinnard, Bee Gowins, Madie Parker and Faye Donald, all of Fort Worth, Ola Vee Fener of Point and Merle Coker of Corsicana; four grandchildren and eleven step-grandchildren.

### Wilford Taylor Jr.

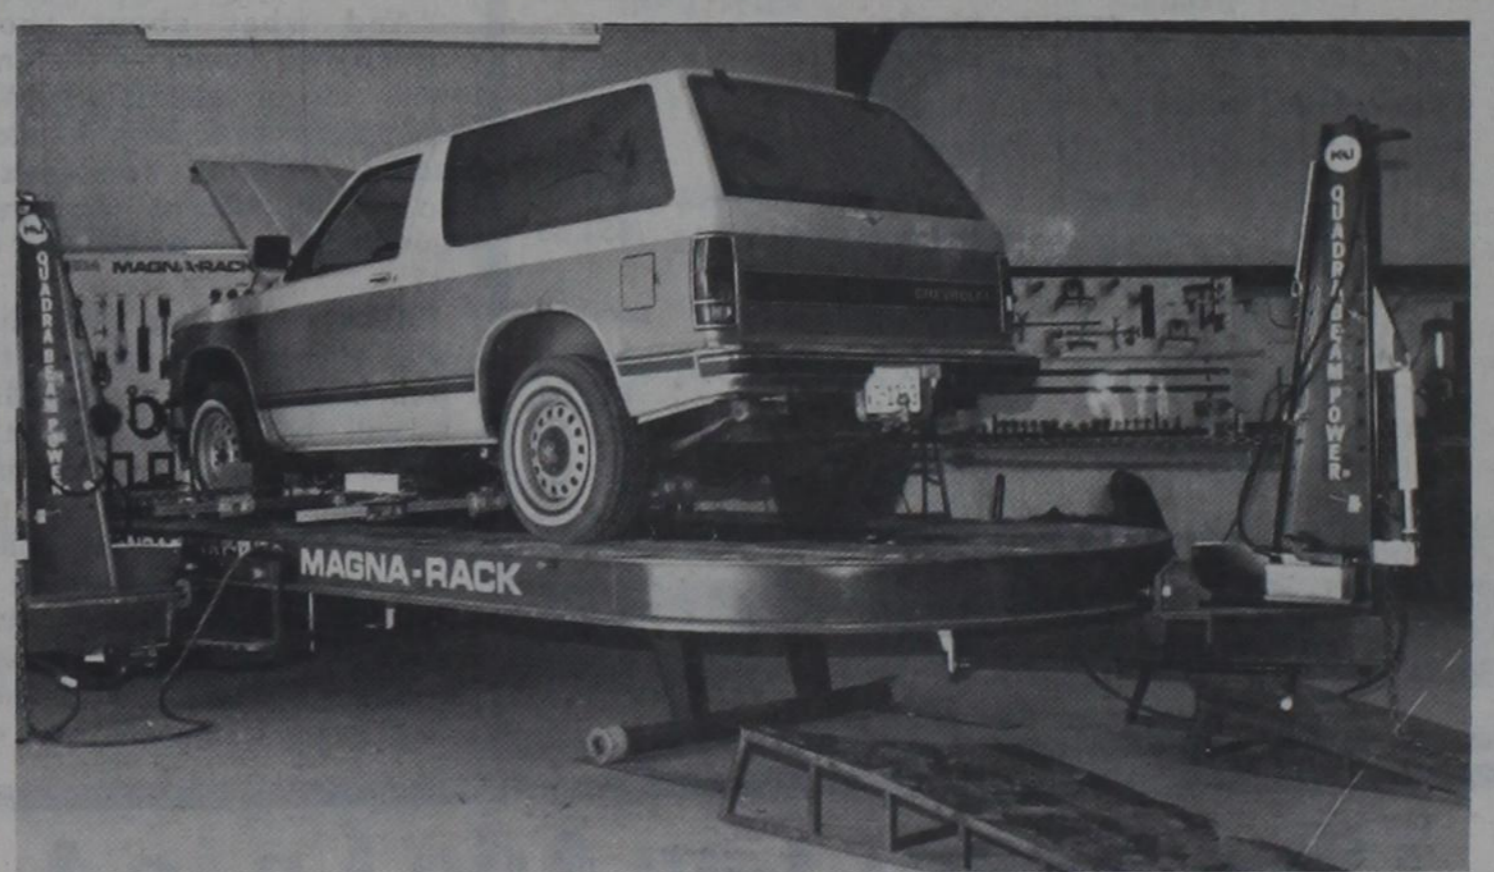

Wilford Buddy Taylor Jr., 71, of Canyon, died Saturday.

Services were held Monday at the First United Methodist Church with the Rev. Newton Starnes, former pastor, officiating. Burial followed in Dreamland Cemetery under the direction of Schooler-Gordon-Herring Funeral Directors.

Mr. Taylor, a lifelong Canyon resident, attended West Texas State University. He was a member of the First United Methodist Church and a member of the Canyon City Lodge No. 730 AF&AM. He was a former president of Texas Retail Grocers Association, Tri-State Baking Co. and Affiliated Foods. At the time of his death, he was chief executive officer of Taylor & Sons Enterprises. He was a former member of the Canyon Rotary Club and had served on the Canyon Independent School District Board of Trustees for several terms. He married Mable Pinckert in 1934 in Jumbo.

Survivors include his wife; a son, Wilford III of Canyon; a daughter, Judy Kastrop of Billings, Mont.; a brother, Jack of Canyon; and four granddaughters.

Memorials may be made to a favorite charity.

# ABI Agriculture Business Industry

No progress in two weeks

## Record rains hampering harvest

With almost three full months left, 1985 is already the fourth wettest year on record, and Tuesday's .44 of an inch added to harvest woes in the region. "We're probably about 65% to 70% through with corn harvest — the same place we were two weeks ago," said county agent Seth Ralston. "We're a little late this year compared to when we started, which was real early, but for a normal year, we're now pretty much on schedule. The big problem we have is with this corn that's down. A lot of it got moisture stressed in August, then was rained on, then we had some high wind that combined to knock it down, and that's going to create some problems.

"A lot of people will probably have to 'deadhead,' cut one way and then turn around and come all the way back. It's going to be slow.

"We're really in a good situation on the milo. The late planted sorghum is getting the moisture it needs, and the cold temperatures we've had didn't

hurt it, I don't think, because it wasn't cold enough long enough.

"It's pretty well over for fiber development in cotton because of the cold, rain and wind, and I expect some folks will begin stripping as soon as it's dry enough. "Sugar beet harvest is moving right along, too, and some people are just mudding on through, pulling their trucks and diggers through the field to get their beets out.

"This is super weather for wheat though. Some people were wanting the weather to stay dry enough so they could replant where the ground had crusted over and the seedlings couldn't emerge, but the light shower Tuesday may have been enough to knock the crust off.

"I hate to be quoted as saying this is a rain we could do without, because we'll need some sometime and that will come back to haunt me, but we have a lot of people who are just waiting to get their crops out, and they need several days

of dry, open weather."

So far this year, Dimmitt has received 27.33 inches at KDHN, the official US Weather Observer for the city. That total has been surpassed only by 30.46 inches in 1960, 38.58 in 1923 and 39.41 in

### More about

## 1:1

(Continued from Page 1)

governorship.

One thing that's going to be interesting about the race — and it may draw some statewide attention — is how, or whether, Kent's party switch is going to affect the Republican Primary in his home county.

For years, the GOP Primary in Castro County has resembled the activity in a mom-and-pop variety store on the day the big discount house next door was having its annual clearance sale.

But now, with our hometown boy in a primary race that could be closer than an A&M-Tech game, how many Castro Countians will cross over and vote in the Republican Primary next year to help him get the nomination, when all the action over local offices will be in the Democratic Primary?

Many of our older voters and Democratic loyalists, of course, wouldn't think of it. Kent made his party switch without their consent, and will have to win or lose without them.

But what about those Castro Countians to whom party affiliation may be secondary to the possibility of having a Dimmitt man in the governor's mansion? Will they follow Kent even unto the point of having "Republican" stamped on their blue cards? My guess is that many of them will.

And what about those nonaligned voters — the ones who swing elections? Will enough of them, both here and across the state, be attracted to the Republicans' three-man governor's race to want in on it?

Kent is betting that they will. He's predicting that the Republican Primary next May 3 will be bigger than the Democratic Primary for the first time in history. He expects the normal GOP primary turnout of 300,000 to swell to 500,000 or 600,000 across the state because the race between Loeffler, Clements and himself "will easily be the best race on

1941.

In 1923 and 1960, October was the wettest month of the year, with 9.51 inches in October, 1923 and 9.13 inches in October, 1960. In 1941, October saw 7.64 inches of rain — that was only the third highest total for any month that year.

## FREE Gas Furnace With Trane Central Air Conditioner

**Double Your Savings:** buy an energy-saving high efficiency air conditioner... get a FREE gas furnace.

Now you can enjoy year 'round comfort and year 'round energy efficiency. And that means dollar savings, too, with energy-saving comfort for years to come.

Start with a FREE Trane Horizontal gas furnace. Add a new Trane high-efficiency central air conditioner. Both are energy-efficient, for all year comfort and savings. Put the heat in your home... take it off of your wallet!

To get your FREE Trane Horizontal gas furnace (F models), purchase a Trane Elite (TX models, 2 - 3 ton) or Executive (TD models, 3 1/2 - 5 ton) central air conditioner and installation services for both air conditioner and furnace from your participating Trane dealer. Purchase and installation must be between \_\_\_\_\_ and November 1, 1985.

### More about

## Aldermen ...

(Continued from Page 1)  
find out how bad your problems are," Hegmann said. "I don't want to commit anything to a definite timetable right now, because I haven't really had a chance to study everything, but I will examine this, and we'll try to expedite the installation of digital equipment."

Arlis McBee, who heads up the Dumas office, did say that many problems had been worked on in the local system since the September meeting, but those claims were dismissed by many in the audience.

"We're just taking your word for it," said one man. "Couldn't you put some kind of equipment in there to log things, to show us proof you're making improvements. If it's your people who are making the observations, they're going to put things in your favor."

"Dishonesty on anyone's part isn't going to help anyone," Hegmann said. "We're sincerely interested in getting this problem solved. We believe we can make the current system work in the interim before we install the new digital system."

In other business at Monday's meeting, the aldermen approved the first reading of the new assessment paving program ordinance, which could include almost 70 remaining unpaved blocks in the city, and accepted the low bid of \$5,523 for Henderson Foundations for a new concrete water drainage channel that will run between two homes on NW 11th.

The city has obtained an easement for the channel, which city engineer Bill McMorries of Amarillo says

will help alleviate flooding problems in homes along the street.

The aldermen tabled bids for a new data processing system, and postponed approval of a site development plan for the city landfill.

According to City Manager Paul Catoe, the plan, which is required by the US Bureau for Solid Waste Management, will cost the city \$12,000 for review by the federal agency.

"That's a ridiculous amount of money," Catoe said, "but that's what they say is their cost for going over the plan."

Texas Municipal League, which was unaware of the charges for the plans, will be contacted by the city to try to combat the high costs and will discuss the fee with T. A. Outlaw, who heads BSWM.

The aldermen also appointed

Fred Annen to the board of the Dimmitt, Texas Development Corp., to replace the late Elmer Youts.

## BIRTHS

Joe and Linda Reyna of Hart, are the proud parents of a baby boy, Joshua Reyna, born at 10:19 p.m. Sept. 1. He weighed 6 lbs., 1 oz. and measured 19 inches. He has one brother, two-year-old Michael Reyna. Paternal grandparents are Mr. and Mrs. Jose Reyna of Hart. Maternal grandparents are Mr. and Mrs. Frank Ledesma of Hart.

### Nazareth

The Nazareth 4-H Club meets the second Monday of every month at the American Legion Hall. Meeting time is 7:30 p.m.

This past year the club had the concession stand at the Nazareth Stock Show, helped with the county stock show and many other activities.

Yocasta Reina, Nazareth's first foreign exchange student, gave a program at one of the meetings.

Programs for the coming year include a tour of the tortilla factory in Tulia, needlepunch, work on method demonstrations, help on stock shows and many others.

The outstanding boy and girl for the past year are Bruce Huseman and Lorelea Acker.

### Easter

The Easter 4-H Club meets the last Tuesday of each month at the Easter Lion's Club building. Meeting time is 6 p.m.

Projects during the past year included sponsoring a complimentary cookout for the local farmers at Easter Grain during 1984 harvest; visiting the nursing home; holding a fund raising garage sale for the March of Dimes; touring the

American Fructose Corporation; participating in record book and officer's training.

Future projects will be on care of household pets; a slide presentation on China; a visit from the foreign exchange student; to collect food items for the Community Food Pantry; decorate for the Halloween Carnival and will entertain at the nursing home. They will also sponsor a complimentary hamburger cookout for the area farmers from 10:30 a.m. to 2:30 p.m. on Oct. 19 at the Easter Lions Club building.

JUNIOR 1 WINNERS in the 1984 County 4-H Food Show were Kalina Pohlmeier, Kristi Kinser, Nadine Schulte and Shayna Leatherwood.

*During National 4-H Club Week, we salute 4-H Club members everywhere, with special pride in the 4-H'ers of our community. Through the "Head ... Heart ... Hands ... Health" program, 4-H molds character, teaches responsibility, encourages leadership and develops compassion for fellow men.*

**ANTHONY CATTLE CO.**

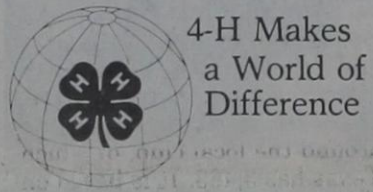

**25 4-Hers win achievement awards Monday**

25 county 4-H'ers were presented with Achievement Awards at the annual County 4-H Banquet Monday night at the Expo Building.

Award recipients included:

- Beef—Matt Gfeller, Justin Nelson;
- Swine—Jamie Baker, Kim Spring, Cami Struve, Trampas Moke, Royce Schulte;
- Horse—Joel Nelson;
- Poultry—Sabrina Acker;
- Rabbits—Jason Nelson, Scott Acker, Heath Acker, Katrina Acker;
- Sheep—Kelly Howell, Curt Summers, Coby Moke, Casey Summers, Kyla Struve;
- Dairy—Sheryl Simpson;
- Health—Denise Schulte;
- Food & Nutrition—Kara Schulte, Nadine Schulte;
- Crafts—Loralea Acker;
- Clothing—Kristin Brockman, Kalina Pohlmeier.

The awards were presented by Bobbie Kern, Dannette Wait and County Commissioner Vincent Guggemos.

**NATIONAL 4H WEEK**

Through the years, our Castro County 4-H'ers have won top awards at the district, state and national levels. In doing so, they have expanded their horizons toward greater accomplishments in the future.

We are proud to help our 4-H clubs and leaders throughout the year, and we salute you on your special week.

**Bob Towler  
Equipment Company**

301 SE 2nd 647-3324

**NATIONAL 4H WEEK**

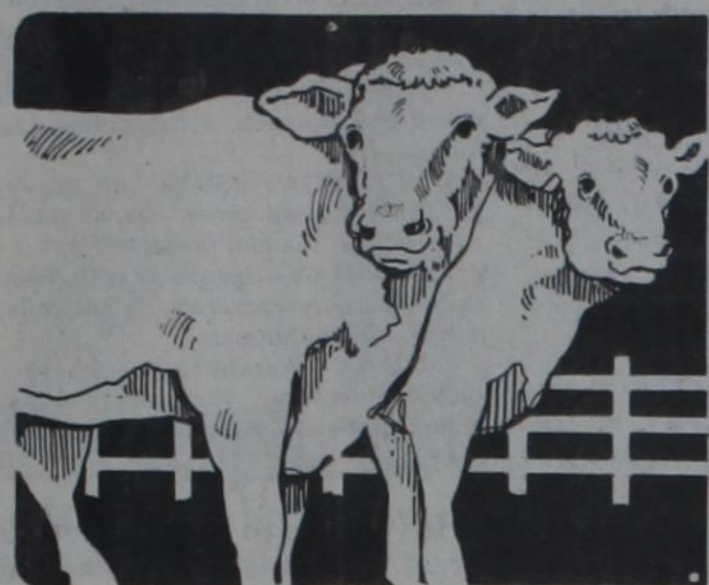

**A SALUTE**

All across the nation, the dedicated young members of 4-H are making a difference. Through group projects and 'hands on' experience, they're shown how to get things done for the betterment of the community, and the nation, and we're proud to offer our support and appreciation. To 4-H members and leaders, we say, "You're tops!"

**American Fructose Corp.**  
Dimmitt Operations

....LOADED WITH OPPORTUNITY

All across the nation, 4-H is becoming an integral part of our communities, helping young people to become aware, active and concerned with their environment and the world.

The skills and knowledge they learn as 4-H members will go a long way in helping them to develop into self-assured and responsible adults.

It's an organization that we're proud to support and happy to applaud for their continual achievements. Thanks to 4-H, and the work they do, we feel that this community's a little richer ... a little brighter.

## DIMMITT FEED YARDS

Within the goals and programs of 4-H lies the hope for a better world. When a 4-H'er learns what he or she can accomplish through individual or joint efforts, within the framework of a free society, it's a great lesson. When an individual expands his horizons, then our nation's horizons are expanded, too. We salute our 4-H'ers and their adult leaders!

**STAN BYRNES  
MOTOR CO.**

SENIOR DIVISION winners in the 1984 Castro County 4-H Food Show were Dorothy Durbin and Tammy Leatherwood. The 1985 show is scheduled next month.

## 4-H working for youth, country

One of the longtime goals of the 4-H program has been to help youth between the ages of 9 and 19 become productive citizens and leaders of this nation.

The 1985 theme of National 4-H Week, "4-H for Youth for America," reflects the program's commitment to that goal. National 4-H Week is Oct. 6-12.

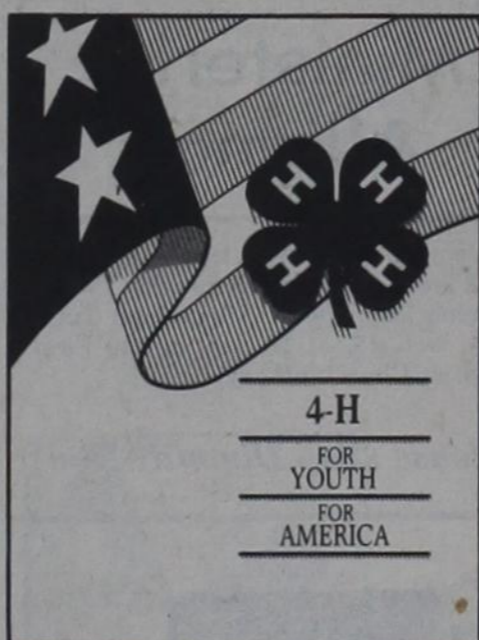

This year's theme reflects the basic concept of 4-H, which is to help youth acquire the knowledge and skills to become better citizens," points out Tom Davison, state 4-H program leader for the Texas Agricultural Extension Service. The Extension Service conducts the 4-H program in Texas, with support from Texas A&M University and the US Dept. of Agriculture.

"4-H is an informal educational program that reaches out to all youth," Davison emphasizes. "It has a positive impact on their lifestyles and plays an important role in developing lifeskills. 4-H helps youth get in touch with the real world, providing information on science, technology, food and fiber, natural resources and nutrition.

"In addition, the 4-H program has a positive impact on families of members, volunteer leaders and communities," the 4-H official points out. "4-H provides the 'spark' that often ignites people to work toward worthwhile goals and objectives for a better quality of life. In many communities, I have seen 4-H 'make things happen,'" says Davison.

Texas boasts some 165,000 4-H members from all walks of life who are engaged in projects and activities that range from "A to Z," notes Davison. These youth benefit from the some 15,200 volunteer leaders who share their expertise, talents and time.

4-H is a grassroots program, adds Davison, that revolves around the local club, of which Texas has 3,463. It is based on the 'learning by doing' concept that has stood the test of time.

## Rabbit club is active

The Dimmitt 4-H Rabbit Club meets the first Monday of each month at 6 p.m. in the courthouse basement.

There are 12 youngsters in the rabbit club, including: President, Jason Nelson; Vice President, Scott Acker; Secretary, Shawn Thomas; Treasurer, Jackie Thomas; Reporter, Heath Acker; Parliamentarian, Cory Joiner; Historian, Leslie Frazier; Song Leader, Katrina Acker; and Recreation Chairman, Jack Frazier.

The club has two major

shows every year, including the county show planned for Nov. 16 at the Expo Building, and a show sometime in 1986 for area counties.

Programs for the coming year include films on rabbits, helping with the County Stock Show, and fertilizing flower beds in downtown Dimmitt.

During 1985, the club has aided the Mayor's Council for City Beautification by "adopting-a-spot." Several members will have a month during 1986 during which they will keep the spot mowed and trash-free.

## NATIONAL 4-H WEEK

As we extend congratulations to 4-H Club members, we look to the future ... for the 4-H'ers of today are the leaders of tomorrow. Since today they do so much toward building a better community and country, we can be sure that tomorrow, our future is in good hands. Let's "Expand 4-H" ... and may 4-H activities and ideals ever flourish.

## DIMMITT TV CABLE CO.

Lewis Communications Cable TV, Ltd.

## 4Hers YOU'VE WON OUR PRAISE

In today's world, the dedication and determination of 4-H Club members shines forth as a special source of pride for all of us. "Head, Heart, Hands and Health" together are the creative forces that develop love for fellow men, encourage leadership and teach responsibility while molding character. All 4-H members have our unfailing support.

4-H ...  
Showing  
the  
Way to  
Today's  
Youth

We look upon the 4-H Club as an investment in the future, for the young members of today are the responsible and concerned leaders of tomorrow. All across the nation, 4-H Clubs are helping young people to become aware and involved in the world around them. Through individual projects and active participation, they're given an opportunity to help build a better community, as they develop independence, initiative and character. We're proud to salute 4-H members and leaders for the important work they do.

**BIG T

KRISTIN BROCKMAN, Jennifer Brockman, Janay Johnson and Lynette Kleman, all of the Nazareth 4-H, were junior division winners in the County 4-H Fashion Show. The entrants were judged by extension agents from surrounding counties.

BOBBI HOCHSTEIN, Gwen Wilson and Melinda Wilson were the senior winners in the 1985 County 4-H Fashion Show last June.

National 4-H Week  
OCTOBER 6-12

YOU'RE GREAT!

It's great to see our 4-H'ers at work. They learn through doing many important things in their community. From raising livestock and canning preserves on the farm ... to cleaning up parks and planting trees in the city. Through their 4-H Club experience, these boys and girls; young men and women learn to take pride in their work, and in themselves. They become skilled farmers and homemakers, self-assured individuals, compassionate friends and responsible citizens ... in short ... better people. With pride and respect, we salute these 4-H members for the valuable job they do.

Bruegel & Sons, Inc.

## Gunter is named Director Emeritus

Billy C. Gunter of Lubbock, who served with the Texas Agricultural Extension Service the past 21 years as district director for the South Plains area, has been named Extension District Director Emeritus by the Texas A&M University System Board of Regents.

Gunter retired Aug. 31 after a 27-year career with the Extension Service in the South Plains area.

He first served as a county agent in Hale County and then was named farm management specialist. In 1960 he was ap-

pointed agronomist, and four years later he was named district director.

Gunter was cited for his outstanding leadership and contributions to the Extension Service in serving the people of the South Plains.

A native of Ralls, Gunter received the Texas Superior Service Award from the Extension Service and the State Distinguished Service Award from Texas Alpha Zeta Chapter of Epsilon Sigma Phi, the national honorary Extension fraternity. He is a retired lieutenant colonel in the US Army Reserve and received the Meritorious Service Medal.

Gunter holds a B.S. degree in agronomy from Texas A&M University and an M.S. degree in agronomy from Texas Tech University.

### Presbyterian happenings

There is a Sunday Church School class for everyone Sundays at 10 a.m. The Adult Bible class meets at the manse. All other classes meet at the church.

"Eternal Security" is the subject of Pastor Edward D. Freeman's sermon at the morning church worship service at 11 a.m.

The Session will meet on Monday at 7 p.m.

"The Pattern of God the Creator: Maker of Heaven and Earth" will be the subject of the Bible study on Wednesday at 7 p.m.

### Ministerial Alliance

Bentley Gwyn will lead a study of Matthew, chapter 7, for the Castro County Ministerial Alliance on Tuesday, Oct. 15, at 10 a.m. at the First Baptist Church library.

Please shop Dimmitt first!

Our future depends on these young people.

We salute our 4-H boys and girls and wish them the best of success.

**DIMMITT  
AGRI INDUSTRIES**

## Senior Citizens

Castro County Senior Citizens Center is located at Third and Jones and is open Monday through Friday from 9 a.m. to 4 p.m. Quilting, crafts, and table games are daily activities. A nutritious meal is served each day from 11:30 a.m. to 1 p.m.

Tom Kolius, High Plains Hearing Aid representative, will be at the Center today from 10 a.m. until noon.

Bridge will be played at the Center today and next Wednesday at 10 a.m. Duplicate bridge is played on Monday evenings.

There will be a noon Bible study on Monday.

Larry Lindsey, the Beltone Hearing Aid representative, will be at the Center on Tuesday from 10 a.m. to noon.

There will be a covered dish supper at the Center on Tuesday at 6:30 p.m. People with October birthdays will be honored. There will be an evening of table games.

Membership is open to everyone who is 50 years of age or older without discrimination as to sex, color, race, ethnic background, national origin, religion, denominational preference, political party, economic status, or handicap.

### MENU

MONDAY—Green chili casserole, beets, salad, rolls, coffee, tea and dessert.

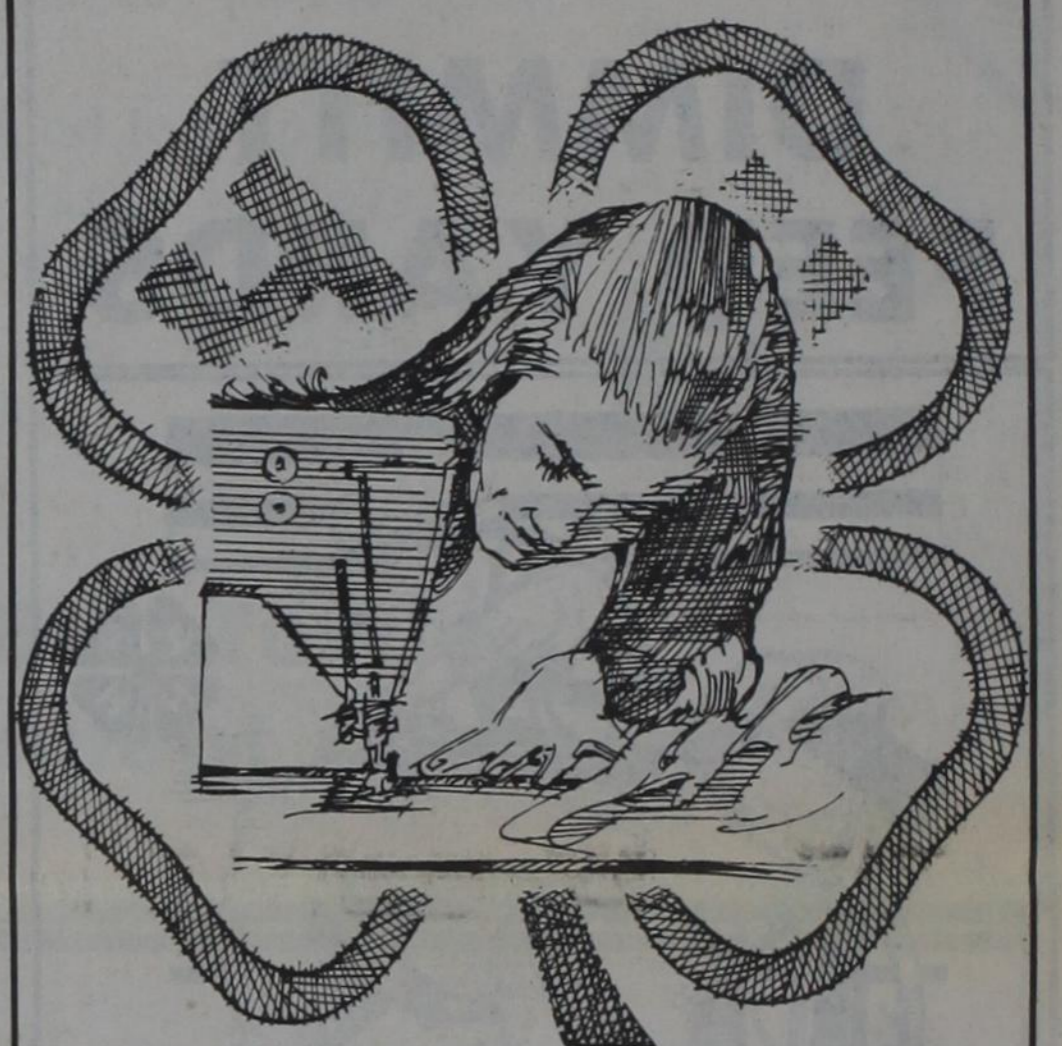

TUESDAY—Brown beans and ham, cornbread, spinach, salad, coffee, tea and dessert.

WEDNESDAY—Steak and gravy, potatoes, Italian green beans, salad, rolls, coffee, tea and dessert.

THURSDAY—Spaghetti with meat sauce, hominy casserole, salad, rolls, coffee, tea and dessert.

FRIDAY—Hamburgers, cheese, pickles, lettuce, tomatoes, chips, onions, pork and beans, coffee, tea and dessert.

If you like to travel, now's a great time, with fall foliage in full color. One airline that operates out of Lubbock and Amarillo has a great special for senior citizens right now — you can fly any of its scheduled flights between 9 a.m. and 3 p.m. Monday through Friday for just \$25. The special fare is good through Nov. 15. You have to be 65 or older to qualify, and identification with proof of age is requested at the time of travel.

4-H has served and continues to be a pathway to achievement for many individuals, not only in their careers but in their overall pursuit of more productive, meaningful lives.

### PMHA attends District meeting

12 members from the Plains Memorial Hospital Auxiliary attended the District I, areas A and B, meeting of the Texas Association of Hospital Auxiliaries, Inc. in Plainview Oct. 1.

The meeting was held at the St. Mark Episcopal Church with 19 different auxiliary groups represented from throughout the district.

A total of 159 auxiliaries and 11 council women registered.

Reports were given from each president on their group activities for the past year.

Robert Charron, administrator of Central Plains Regional Hospital in Plainview was guest speaker. He stressed how important the volunteers were to the hospital and patients and praised the work of the auxiliaries.

Entertainment was provided by Mrs. Ben Thompson.

## Alumni point to program

What do a surgeon, pharmacist, a home economics teacher, a dietician, a registered nurse, a lawyer, a homemaker, a social worker, a secretary, an interior designer, a journalist and a chemical engineer all have in common?

Everyone of them was a 4-H member — and beyond that each of them was a national winner in the 4-H bread program during the period from 1965-1975.

What does bread baking have to do with these professions? According to these winners, the skills of making bread may not have been of primary importance as they pursue their career goals. But every one of them cites the 4-H experience as contributing measurably to their success in life.

One of the common denominators running through reports from some 2,000 winners not only in the bread program but also in a wide range

of 4-H projects, is the value and importance of goal setting and record keeping.

A junior high school teacher and a 1968 winner in the bread program says: 'I realize that many of the qualities I need to succeed I learned in 4-H — the ability to set objectives, to set reasonable goals, to be organized, to keep records, to speak in public and to deal with a variety of people.'

An agricultural winner reported that 'feed rations on my farm are constantly changing. Most changes, however, usually refer back to basic information from 4-H. Record keeping which was required in every 4-H project prepared me for record keeping today.'

Similarly, a health scientist credits record keeping as the best and most helpful skill learned in 4-H. "The ability to document progress, set goals and come to conclusions are skills required in research — skills that were taught in 4-H."

Still other alumni report how their 4-H experience served as a stepping stone to careers. A medical doctor writes that his interest in photography led him into a career of specialization in laser microsurgery of the eye. A dairy foods winner says her interest in food led her to obtain a degree in biochemical nutrition. A research scientist in processed meats says his career choice was a natural outgrowth of his 4-H experience. A journalist says he is "often in the public eye and public speaking skills are important. My exposure to public speaking as a teenager helped me to develop the poise and assertiveness to raise questions at press conferences, to articulate and to think and speak on one's feet."

Still others cite 4-H for its influence on personal development and attitudes.

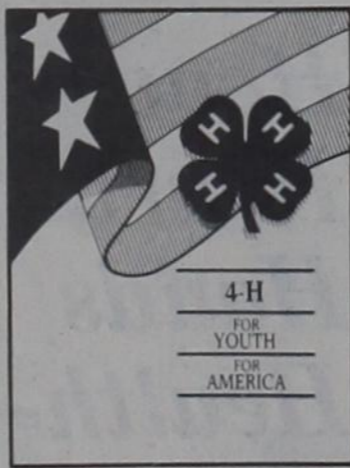

An achievement winner, now a manager of agricultural development in Latin America says, "4-H provided an arena to learn about life, its challenges and success at an early age. It helped teach me to be competitive, yet to be sensitive and to appreciate that anything can be accomplished if you approach it correctly and work hard enough."

A beef nutritionist feels that 4-H is a major factor in development of his self-image and value system.

An engineer says 4-H was a useful tool in growing up to become a warmer, more caring person.

The 4-H pledge lives on as well. A petroleum power winner writes: 'As I have gotten older and more mature, the motto continues to have greater significance in that head, heart, hands and health are all delicately interrelated with one not being able to function 100 percent without the others.'

These are just a few samples of alumni enthusiasm for 4-H reflected in a nationwide survey being conducted by National 4-H Council.

# We Salute

## Our County's 4-H'ers

This is National 4-H Week, Oct. 6-12, and the theme is "4-H for Youth for America."

4-H is an All-American program—one of the best we have for our youngsters. It is supervised and coordinated by the Extension Service, guided by volunteer adult leaders, and offers our youngsters scores of programs and projects in which they learn by doing—a time-tested method. We're proud that Castro County has a strong, active 4-H program.

The 4-H program provides many benefits for our youngsters—education, skill development, social contact, accomplishment, self-confidence, leadership training, time and money management, career experience ...

And all the while, our 4-H'ers have fun through these activities. They get to know each other, and themselves, better.

We think our Castro County 4-H'ers are something special. They've proven it by winning state awards and championships in such fields as public speaking, trap shooting, livestock showmanship, clothing, method demonstrations, and others. Earlier this year, for instance, our 4-H'ers took 50 animals to the super-tough Houston Livestock Show—and qualified half of them for the sale. That's an excellent accomplishment, and just one of many which our 4-H'ers have chalked up in recent years.

We hope, during this National 4-H Week, that our local 4-H'ers will remember to thank those who bring the program to them, and walk alongside them every step of the way—County Agents Teresa Criswell, Curtis Preston, Allen Knutson and Seth Ralston, the adult leaders who are such a vital part of the program, and the business and professional people who support it.

If you are 9 years of age or older, 4-H has a place for you. If you'd like to have fun and meet new friends while learning by doing, just call the County Extension Office at 647-4115.

See in Each Person the Human Face of God, is next in the Heart of the Fighter film series. It will be shown next Wednesday at 7:30 p.m. at the Fourth and Bedford Street Church of Christ.

## you've put it all together 4Hers

There's a lot of "scare" talk about America's youth these days. Every paper you read. Every time you twist a dial. You worry. Then, you start thinking about a great bunch of kids who make up 4-H. The kids who make up America. They've dedicated their growing-up years to learning and helping. Developed skills and put them to work — at home, in their communities. They're "hip" on strong bodies and strong character. They care about the world. Suddenly, the "scare" talk turns into "care" talk. And you relax. It's bright and hopeful again. Thanks, all you 4-H'ers. America's future belongs to you. You are America's future!

# WEST TEXAS RURAL TELEPHONE CO-OP

### Building on experience ...

Through the valuable training you receive in 4-H, you'll be more knowledgeable in your future business, profession or hobbies ... you'll be better able to know yourself and your capabilities ... and you'll be better equipped to expand the horizons of America.

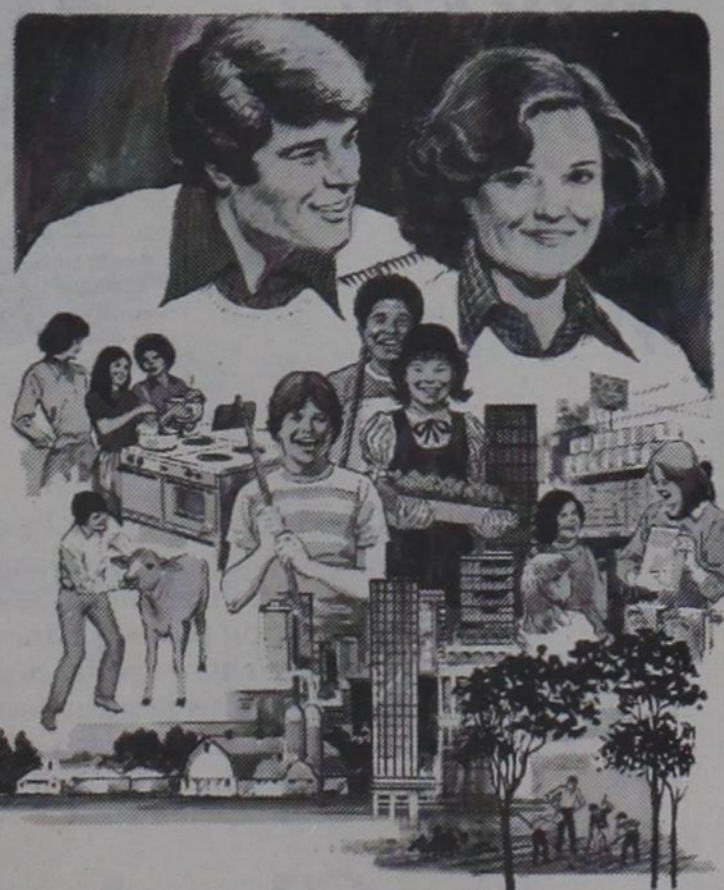

We at Castro Co-op Gin know the value of sound training and high ideals such as you receive in your 4-H work.

We commend all our 4-H'ers during National 4-H Week. May you continue to expand your personal horizons through your work in 4-H!

## Castro Co-op Gin

### There's a future in 4-H for everybody!

A bright one. A right one. A future upon which America can depend. For a better tomorrow. The hope for a peacefully world. A pledge of Heads, Hearts, Hands and Health working to make it all happen. Concerned young citizens dedicated to a round-the-clock goal, service and better community living. Aware. Determined. Energetic. Keep it up, 4-H'ers!

## Flagg Fertilizer Co.

# Robinson is named district director

A veteran educator with the Texas Agricultural Extension Service has been named the agency's new district director for agricultural programs in the 20-county South Plains District.

Robert G. (Bob) Robinson, Randall County Extension agent for agriculture for the past nine years, and with more than 15 years in the organization, will assume the district post Sept. 1. His appointment was announced by Dr. Zerle L. Carpenter, state Extension director. Robinson will replace Billy C. Gunter, who recently retired after 21 years as district director.

"We believe the intensive agricultural production in the South Plains deserves a person with an extremely good track record in providing educational programs for farmers," Carpenter said. "We recognize there are many challenges ahead, but we know Bob Robinson has the ability to provide superior leadership for agriculture in the South Plains."

"In addition to the outstanding county agents and highly expert specialist staff serving the district, we feel the leadership of Robinson and Dr. Catherine Crawford, the district director for home economics, gives the Extension Service in the South Plains a team that will continue and expand its record of service to the people."

Robinson, 36, is a native of Amarillo. He grew up in Happy, where he was graduated from Happy High School. He holds a bachelor of science degree in agriculture from West Texas State University and a master's of science in animal science from Texas A&M University.

He joined the Extension Service in 1970 as assistant coun-

ty agent in Potter County. In 1972 he was named county Extension agent, continuing to serve with veteran Potter County agent Gaines Franks. Robinson was appointed Randall County Extension agent in September, 1976.

In Randall County, he has been responsible for educational programs for agriculture, and for the Randall County Program Building Committee area committees in beef, swine, dairy, crops, horse, sheep and horticulture-gardening. He has trained several assistant agents and his annual demonstration tour and implement show is attended each year by more than 200 producers and agri-business leaders.

Robinson establishes 25 to 30 demonstrations with county producers each year. His annual result demonstrations, earned awards in both 1983 and 1984 as the best in the 20-county Panhandle District.

During his service in Randall County, enrollment in the 4-H youth development program has increased 300 percent. He has supervised the feeding of more than 50 grand or reserve champions in area and major livestock shows during his 15 years. He has trained high individuals and high point teams in state competitions in livestock, horse, dairy and meats identification. Randall has been high point county at the state 4-H horse show three times in the past nine years.

Robinson has judged local, state and national swine shows and is swine show superintendent for the annual Tri-State Fair in Amarillo. He is a director of the Tri-State Fair, on the executive board of the Randall County Livestock Association, and serves on the state Extension horse committee.

He is a member of the Randall County Noxious Weed Control Board, Randall County Dairy Herd Improvement Association, the Agri-business Committee of the Amarillo Chamber of Commerce, the Randall County Agricultural Stabilization and Conservation Service committee, and on the executive board of the West Texas State University School of Agriculture Board of Development.

The Texas Agricultural Extension Service is an arm of the Texas A&M University System. County Extension agents are professional educators who live and work with the people in a designated county and form the basic unit of the agency. District Extension directors provide first-line supervision of agents and administration of programs. Direct educational support is provided to agents by Extension specialists, educators with a particular background in a concentrated subject matter area.

Texas is divided into 14 Extension districts. Counties comprising the South Plains District are Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Parmer, Scurry, Swisher, Terry and Yoakum.

## Shot clinic set

An immunization clinic offering vaccines that give protection against childhood diseases such as polio, diphtheria, lock jaw (tetanus) whooping cough (pertussis), measles, rubella and mumps will be held Friday from 9 a.m. to 12 noon in the City Hall assembly room.

There will be no charge for the clinic.

CASTRO COUNTY has always been one of the top counties in the Llano Estacado Horse Association, and 1984 was no exception. Last year's winners included Kelly Howell, reserve champion mare; Tod Bradley, senior reserve high point performance; Kimberly Spring,

grand champion mare; Kim Howell, grand champion gelding; and Jill Smith, sportsmanship award. County 4-H'ers are expected to reap several awards at the 1985 association banquet later this month.

## 4Hers TODAY LEADERS TOMORROW

4-H'ers. They're today's young folks — working for a better tomorrow. Encourage their efforts, help them meet the challenges of the future. Their goals are to better our community, to keep America great. They acquire knowledge through experience, in the fields of agriculture and industry they're determined to keep the wheels of progress turning. These young people with high standards are our boys and girls. We take pride in them because we know their worth.

Riverside/Terra

## Let's Support Our 4-Hers For The Fine Job They Do!

Our future depends on the commitment of these young people to agriculture and animal husbandry. These are the farmers of tomorrow who will produce the food we eat. Through the latest technological advances in the sciences of agriculture and animal production, these young people will be the agri-business men and women of tomorrow. We extend a hearty thanks to these young people.

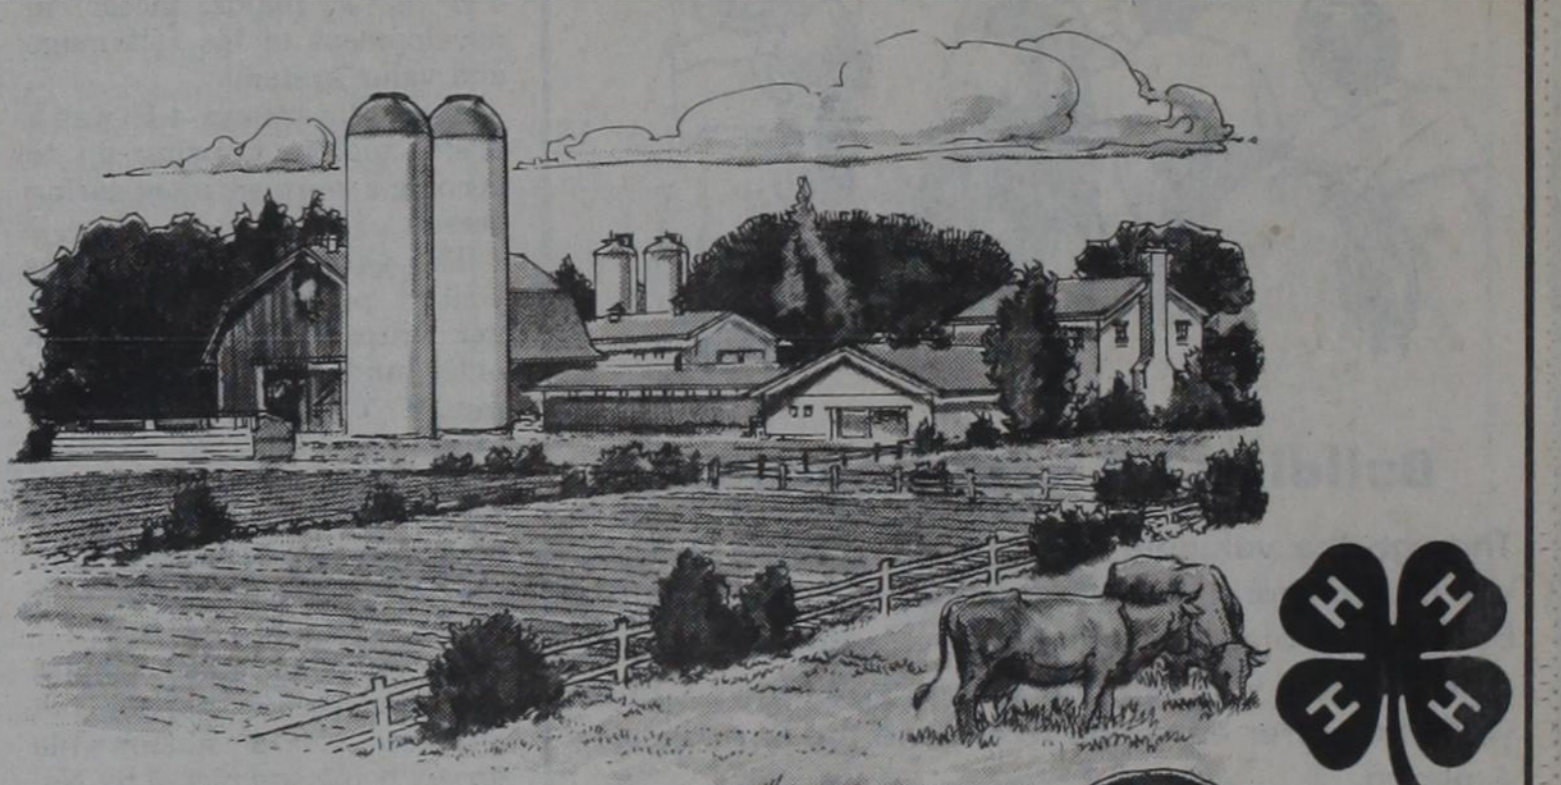

## Mid-Plains Rural Telephone Cooperative

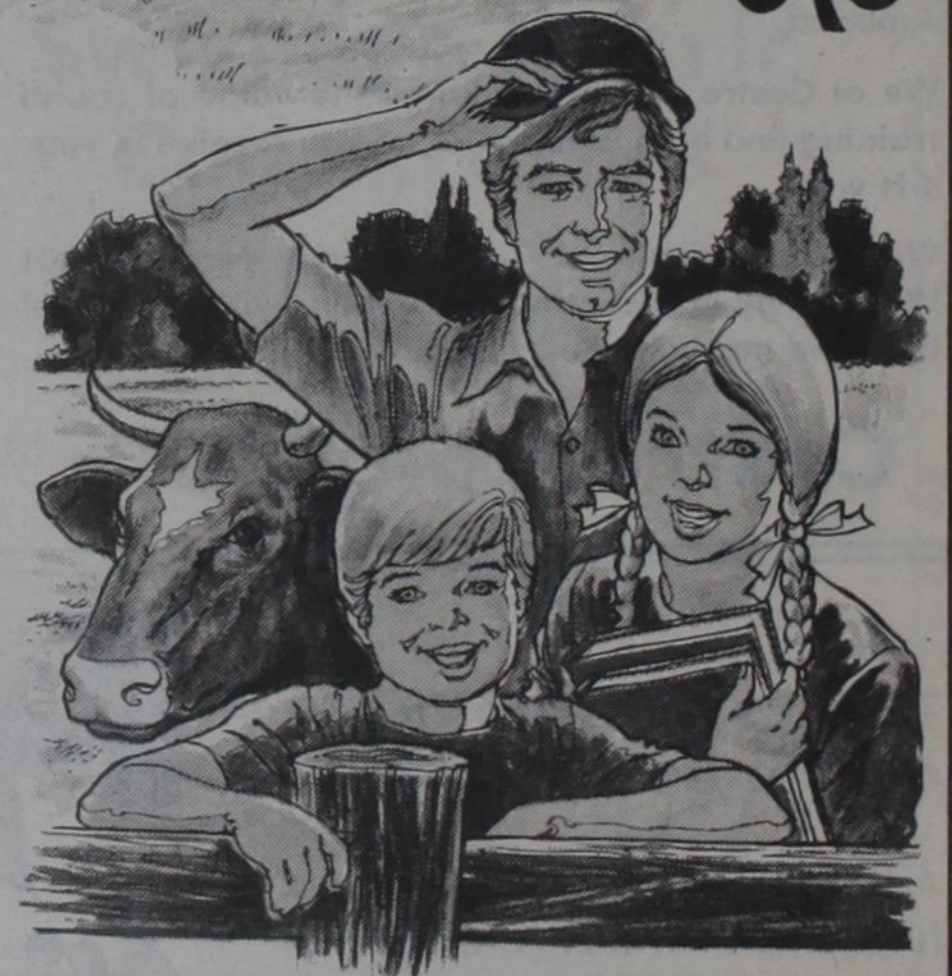

## They're 4-Hers

Head, heart, hand, health ... that's the creed these young people live, work and play by ... helping to make our community a far better place.

**DIMMITT CONSUMERS**

## Head, Heart, Hands Health—Working For A Better World!

Young folks who appreciate the gifts the good earth offers, who use those gifts to make things better for themselves ... their families ... their neighborhoods ... and the nation. It's time to congratulate them: the country kids with their livestock and produce ... the city kids planting parks, cleaning rivers — all of them learning and using the skills that make life a richer experience and the world a better place. We'd like you to know, 4-H'ers, that we appreciate your work and applaud your success. We're standing behind you proudly as you proceed with your projects. Thanks for creative concern.

Sunnyside Cattle Co.**

# 4-H'ers urged to set goals

A former Castro County 4-H'er returned home Monday night to deliver an inspirational talk at the annual 4-H Awards Banquet.

Joyce Schilling, a member of Texas Tech's Ambassadors for Agriculture, gave a motivational speech on "Setting Goals." Schilling, a 1985 graduate of Dimmitt High School, is a freshman agricultural economics major at Tech. She is the daughter of Mr. and Mrs. Donald Schilling.

Schilling noted that 4-H provides a good opportunity for youths to practice goal-setting.

"Set your goal and try to accomplish it. If you fail, try again," she urged.

She compared goal-setting with bird hunting.

"If you spot a bird, you can't just shoot wildly into the air," she explained. "You have to take aim, and then fire."

"If you aim but don't fire, you don't accomplish anything. If you miss, you have to reload and try again."

She cautioned the county's 4-H'ers not to be "SNOIBs" — someone who is Susceptible to the Negative Ideas of Other People.

"How many times have you listened to, or believed, people who tell you that you can't do something because you're too tall or short, too little or big, too smart or dumb, or have the wrong color skin?" she asked. "Everyone has to overcome something to accomplish something."

The classic American example of a person who endured one failure after another, she said, was a man in the 19th Century who failed in business and failed in one election after another, but who kept shaking off these repeated failures and went on to become one of the greatest American Presidents: Abraham Lincoln.

She also urged the 4-H'ers to strive to reach their full potential.

"How many talents do you have that lie dormant that you haven't used?" she challenged.

Noting that Dimmitt High School has achieved fame on the basketball court, Schilling asked what would happen to the game if the goals were removed.

"Without the goals, you wouldn't know whether you've hit or missed, or what the score is, or ultimately whether you've won or lost," she said. "In fact, you wouldn't even attempt to play the game."

It's the same with life, she said — without goals, you aren't really playing the game.

The banquet Monday night in the County Expo Building also featured a review of county 4-H'ers accomplishments by County Agent Curtis Preston, and a report by Ben Benton and Todd Bradley on their trip to the nation's capital last summer to take part in the 4-H Citizenship-Washington Focus program.

# Texas law requires front, rear plates

Some states require only that a vehicle have a rear license plate, but Texas law requires both front and rear plates.

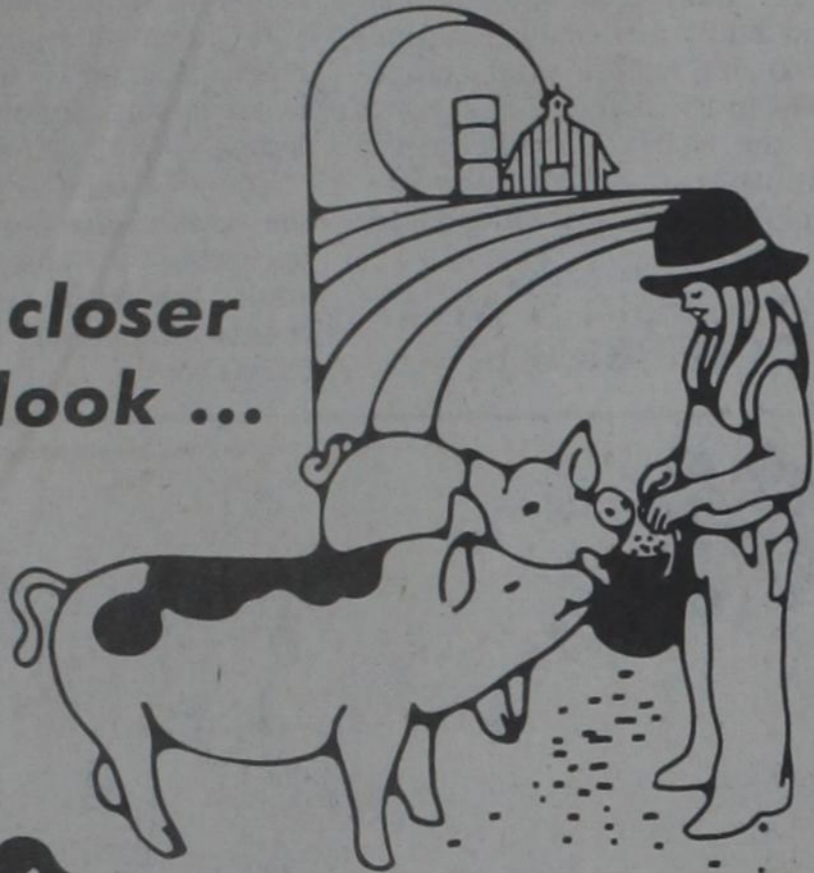

The fine for not having both plates on your vehicle can range as high as \$200, according to Department of Public Safety Major V. J. Cawthon, Regional Commander of Lubbock.

The DPS considers compliance with this law important, since it enables law enforcement officers to more easily

identify your vehicle if they are attempting to locate you in case of emergency. Having both plates on a vehicle also will make it easier to locate if it has been stolen, Major Cawthon said.

If a person only has one plate, a new set of plates must be obtained from the local office of the county tax assessor-collector. The fee for a new set is \$5.30. To get the new set of plates, the old single plate must be surrendered.

The closer WE look ...

... the better YOU look!

When we see our 4-H'ers at work and play, the future looks bright!

**WW CATTLE CO.**

**Students get preview of PSAT/NMSQT tests**

This fall the nearly 1.5 million students across the US who take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) will have a special opportunity to familiarize themselves with the testing format also used on the Scholastic Aptitude Test (SAT).

On the PSAT/NMSQT, the Juniors taking the test at Dimmitt High School on Oct. 22 can "preview" the exam process for the SAT—the prerequisite for many college-bound students, said John Thomas of the school guidance staff. Cost of the test is \$5.

Since 1959, about 30 million high school students have taken the test, which measures verbal and mathematical abilities.

Through the PSAT/NMSQT students are selected for the National Merit Scholarship Qualifying Program, which enables talented students to compete for scholarships, and Hispanic students are considered for the National Hispanic Scholar Awards Program, funded through a \$2.1 million grant from the Andrew W. Mellon Foundation.

In addition, students can use the test as a guide to see how they ranked nationally among other students.

As preparation for the 100-minute, two-part test, students receive a *Student Bulletin* containing a complete sample test with an answer key and scoring instructions.

After taking the actual test, students will receive a booklet, *About Your PSAT/NMSQT Scores*, a descriptive explanation of test results. Students will also be able to compare their individual answers with the correct answers by consulting the *Report of Student Answers*, another valuable guide. Actual test booklets will also be made available to allow students to spot mistakes and work out answers correctly.

The College Board provides additional services for counselors and school personnel to better understand and interpret PSAT/NMSQT scores to students and parents. These services include summaries of student answers, profiles of academic characteristics and career interests of students who have taken the test, and a publication for inclusion in the regular guidance program.

**Adult leaders key in 4-H**

If you've got skills and experience, share them. That's what adult leaders do in the Castro County 4-H.

4-H leaders conduct a variety of 4-H projects and activities of interest to 4-H members from 9 to 19 years of age. But, as volunteers, they don't have to be experts in the specialized subject areas they teach. As a volunteer leader, they receive training and obtain educational materials to use in the 4-H program through the Extension Service and the US Dept. of Agriculture.

The more than 630,000 teen and adult 4-H leaders nationwide are an essential component in the delivery of services to the nearly 4.5 million 4-H members nationwide. Volunteering is a major factor

in making the 4-H program cost-effective. The estimated value of 4-H volunteer services nationwide is about \$1.1 billion annually.

Volunteering is a two-way street. It is mutually beneficial to adult leaders and youth alike. Volunteers derive personal benefits from their experiences, while at the same time help youth learn skills in 4-H that last a lifetime.

Volunteers learn methods for teaching citizenship and leadership skills at county, state, regional and national leader training forums. And, they have an opportunity to meet other 4-H leaders and learn about innovative projects.

You can take advantage of the opportunities provided by becoming a volunteer 4-H adult leader by calling the county Extension office at 647-4115.

**National 4-H Week  
OCTOBER 6-12**

Our 4-H'ers learn by doing, and have fun while doing it.

**4-H Believes in  
YOUTH!**

We're proud to be a part of this 4-H community. Young members are taught important skills and ideals that will stay with them throughout life, and we all benefit from their 'hands on' experience. For their high standards and high goals, we heartily applaud this fine organization, and the exceptional example that they set for our area's youth.
