SPECIALIZATION About Liquor Law Violations In Oklahoma and K.

When we started business at Dallas we carried a general line, eventually we found it necessary to SPECIALIZE, we discontinued one line, then another, till we sold nothing but Men's and Boy's Wearables. This was many years ago, this many years proved our judgement good, for we had continual success, making new customers daily, and better customers of the old, because we specialized on Men's and Boy's Wearables, giving that line our best and undivided attention, with a view of how to serve our trade best.

The Best Preserves Olives and Sweet Relish in Town

Yes, we are absolutely safe in saying best in each case, for we have these three items packed under the Bismark Brand, which guarantees the quality positively.

The olives are the Big Queen variety, beauties to look at and delicious to eat and only 50c per quart jar.

The preserves are pure fruits and granulated sugar put up in the most approved manner. Your choice of Peach, Strawberry or Blackberry at 40c per quart jar.

The Sweet Relish is something a little out of the ordinary. Most relishes are sharp and peppery; this one has a very piquant taste, but borders on the sweet- not too sweet, though. A quart jar is 35c.

Let us send you a jar of each of these

REFERENDUM VOTE MAY BE INVOKED

Strange Figure Appears Suddenly From Desert-Always Has Plenty of Gold.

Oklahoma City, Okla., May 9 .- Noice that a referendum vote would be asked upon the amendmends to the prohibition law enacted by the third legislature was filed with secretary of state, Ben H. Harrison, late today, by M. Hayes of 701 East Villas street, Guthrie, a former state enforcement officer and attorney. It is understood that petitions, duplicates of the printed form filed with the secretary, are to be circulated during the remainder of the month, which if completed in accordance with the Murray act of the first legislature, will suspend the prohibition amendment until a vote is had. Unless a special election is call-ed this would mean no vote until November, 1912. It will require between 12,000 and 13,000 signatures to refer

Among other things, the amendment would abolish the state and local dis-pensaries, the office of the state enforcement attorney, and revise the penalties, so that a person thrice con-victed for violating the prohibition law would be given from one to five years in the penitentiary. It would also empower the governor to appoint state enforcement officers, with powers of sheriff, and in a modified form would authorize the removal of county offiers failing to enforce the prohibition

The convention is madeup of messengers or delegates from churches, associations, State conventions, missionary societies and Sunday schools. All Baptist churches are independent. Therefore, the convention has no authority. Its action is advisory, not compulsory. Ministers and laymen are admitted into the convention on the same basis without any official distinction between the clergy and laymen.

We are roasting only the very best blends of carefully selected aged coffee in the most approved machinery it is possible to procure—besides that it's home industry.
