GOVERNMENTS PROPOSAL ACCEPTED BY MADERO

REVOLUTIONARY PRESIDENT DECLARES A MORE ACCEPTABLE MAN THAN DE LA BARRA COULD NOT HAVE BEEN CHOSEN.

REYES IS UNSATISFACTORY

Revolutionists Will Not Consent to His Appointment as Minister of War—Americans Will Be Welcomed.

Juarez, May 18.—Madero will accept the offer to go to Mexico City to become chief advisor of De La Barra, who is to be president of the interior following Diaz resignation on or before June 1. Madero said today that peace was now an accomplished fact.

Diaz promise to resign is accepted in absolute good faith by rebels. Madero said his policy would be to encourage the investment of American capital, but prohibit trusts and wholesale granting of concessions. He said all convicts hereafter will be eliminated from the army. He said that Reyes would not be acceptable to the rebels as their minister of war. He is confident that he himself will be the next president with Dr. Gomez as vice president. He thinks the country can be quickly pacified, except Lower California. He says that prisoners of war and political prisoners, including Americans will be promptly liberated.

Madero first read the peace news this morning. Then walking beside the muddy irrigation ditch near his headquarters and in the shade of the trees, he gave a statement in part as follows: "There could not have been selected from the government a man more acceptable to us than Senor De La Barra. The only unfavorable news is the intimation that the government would select General Reyes for minister of war. I don't think he will even want to be minister of war. We realize that a great task is before us, but Senor De La Barra and myself will work in perfect accord. "Inasmuch as only twelve days will elapse before the Diaz government retires, I think it will not be necessary for us to insist upon an immediate institution into office of our provisional officers. Warfare in Lower California is apart from ours but we hope it will soon cease. It is not true that one of our slogans has been, 'Curb the invasion of Americans.' Of General Diaz, I have nothing to say. When he was at the height of his power I openly opposed him. Today when he is down I shall think of him, but say nothing. The surrender of the federal government is so complete that there is no faction which can be disatisfied."

REMARKABLE VIEWS.

Big Educational Entertainment Has Been Secured for the Colonial Theatre.

Stereoptican views showing just what Uncle Sam is doing in Panama and giving some idea of the magnitude of the task undertaken in building the Panama canal will be seen at the Colonial Theatre tonight and tomorrow night. The slides used in this entertainment are the personal property of John P. Prochaska, formerly in the government service on the canal zone. Mr. Prochaska will probably explain each view.

That the management was able to secure Mr. Prochaska for this engagement was a piece of rare good fortune. He is confident that it will be one of the most successful features he ever presented to the theatre-going public of Wichita Falls for every American citizen is deeply interested in the Panama canal.

Mr. Prochaska is an interesting talker and thoroughly conversant with his subject. All the data and information he gives is official, being secured from the records of the Panama Canal Commission. His lecture has been pronounced the most interesting, instructive and up-to-date entertainment on the subject of Uncle Sam's titanic canal that has ever staged.

Asks \$1,000 Damages Because His Water Was Cut Off

R. J. Abbott has filed a petition in the district court asking a judgment for \$1000 against the Wichita Falls Water and Light Company, and also asks an order from the court compelling the water company to again furnish water at his premises. In his petition Abbott alleges that he has paid his water rent regularly and that he had paid his rental for May making the rental receipt an exhibit. He claims also that he has a contract with the water company whereby the latter contract to furnish him with water at a certain stipulated price per month. He alleges that in violation of this contract his water has been cut off. As a result of this he has been put to great inconvenience he claims and damage has resulted to his lawn, shade trees and garden.

DANCES ON NINETIETH BIRTHDAY.

By Associated Press. Hornell, N. Y., May 18.—Celebrating his 90th birthday, Christopher Gladly, a retired politician and business man, last night danced a brisk waltz with his great-granddaughter for a partner. Although he had not danced for more than sixty years, he had no difficulty in keeping step with the music and proved himself far more nimble than any of his eight children, all gray-haired, who witnessed the performance as his guests at his anniversary party.

LORIMER ELECTION RESULT OF BRIBERY

SUCH IS THE FINDING OF INVESTIGATING COMMITTEE OF ILLINOIS SENATE.

IS TEMPERATE IN TONE

Petit Decision Characterized as Unwarranted Interference with Legislative Branch of the Government.

Springfield, Ill., May 18.—That Senator Lorimer's election in 1909 was accomplished through corruption and bribery is the finding of the Helm committee of the Senate of Illinois.

In a report submitted to the Senate yesterday afternoon, the five investigators assert that the proof before them tends to show that a large corruption fund was raised and used in bribing members of the last General Assembly in order to induce them to vote for Lorimer for Senator. The committee reports that it sought to follow up trails leading toward the sources of the bribery fund, but that it was blocked by the habeas corpus decision of Judge Adeler Petr in behalf of Edward Tilden, George M. Benedict and William C. Cummings. It reviews the evidence dispassionately and gives its conclusions in the following terse sentences: "Your committee has reached the conclusion that the election of William Lorimer would not have occurred had it not been for bribery and corruption."

MISS EWING MANAGES HER OWN BUSINESS.

It is readily admitted by any one conversant with business affairs that a business involving the risk of any great investment and the responsibility that goes with the operation of same is a task that not only requires courage, but intuition, natural ability and practical experience to manage a successful end. The very nature of business demands vigor, aggressiveness and keen perception. These are not generally feminine attributes. Yet, however, Miss Ewing is announced to appear here in her own theatre next Monday evening is the rare exception. She manages her own business—every department of it—from front to back, with a precision and certainty that has made her one of the most successful stock purveyors engaged in the business.

She plays the leading role and they are always the longest and most trying in an extensive repertoire numbering sixteen plays, directs her own rehearsals, engages the people and personally superintends the hundred details such as routing, paying of salaries, etc. The Ewing management will begin Monday in the big tent theatre located at the corner of Indiana avenue and Sixth street.

CONTRACTS CLOSED FOR EXTENSION OF NORTHWESTERN TO CANADIAN

MEETING OF STOCKHOLDERS WILL BE HELD AT ALTUS, OKLA., ON JUNE 15TH TO AUTHORIZE AN INCREASE IN CAPITAL STOCK TO \$2,000,000 TO PROVIDE FOR EXTENSION AND OTHER CONTEMPLATED IMPROVEMENTS

Frank Kell, Vice President and General Manager of the Wichita Falls Route, announced today that he had closed a contract with all the towns and communities along the proposed line of the Wichita Falls & Northwestern from Hammon to the Canadian river, a distance of 35 miles, in connection with the construction of this extension as heretofore outlined in The Times. Mr. Kell returned from Hammon last night having completed negotiations in a trip made over the proposed line by private conveyance from Woodward to Hammon. It will be remembered that this extension has been in contemplation for some time, during which negotiations have been pending with the parties interested along the route, but positive announcement of the plans of the company had not been made until a statement was given out by Mr. Kell today.

While Mr. Kell made no announcement as to the exact time when active work would begin, it is understood that construction work will be inaugurated as soon as the engineers shall have completed the work of surveying the line, much of which has already been accomplished in connection with the preliminary survey. It is quite likely that this extension is but the beginning of other work to be done along this line by the Wichita Falls Route and in connection with the plan to make further improvements and extensions. A meeting of the stockholders of the Wichita Falls & Northwestern will be held in Altus, Okla., on June 15, when it is planned to double the capital stock of the company organized and operating in that state, making the amount \$2,000,000 instead of \$1,000,000, for which sum the organization was originally capitalized. It is also

proposed to double the liabilities of the road to take care of the improvements provided for and planned. Mr. Kemp, the president of the road is now enroute to Chicago, on a business trip, which it is understood has to do with the activities of the road and it is possible that other announcements of an important nature may be made at an early date. It is known that the matter of extending to Lawton is yet under consideration and those in touch with this proposition are hopeful for a statement that the line will be built within a short time. As announced by Mr. Kemp several days ago, arrangements had been practically perfected for building this line, contingent on the adoption of the amendment to the constitution at the election held in April, and as this proposition was defeated it became necessary to change the plans outlined, thereby necessitating some delay in closing this matter up.

HIS BODY CROOKED BUT RECORD STRAIGHT

Good Head and Honest Face Ought to Make Deformed Willie Kennedy County Clerk of Greer County.

Willie Kennedy, candidate for county clerk of Greer county, Okla., subject to the Democratic primary in 1912 is in the city today from Mansfield, selling pencils and office stationery. Mr. Kennedy is only about two and a half feet tall, being twisted up since birth and was born with out hands, but a well developed head and an honest cheerful face grace his twisted body and he says that if his body is crooked his record is straight and he hopes to win the nomination. At this distance it looks like he is going to be a hard man to beat.

Attention, Modern Woodmen. Business of the utmost importance is to come before the Camp tonight. Every member is earnestly requested to be present. The drill team will put on an exhibition drill at the corner of 7th and Indiana, at 7:30 sharp. E. G. COOK, Clerk.

Representative Man Introduces Bill Prohibiting Delivery of Mail on Day of Rest.

Special to The Times. Washington, May 18.—The sentiment in favor of closing all post-offices has become so general that the matter has been brought to the attention of congress in a very forcible way and as a result Representative James R. Mann, the Republican floor leader, has introduced a bill in the House the provisions of which if enacted into law will prohibit any post-office to remain open on Sunday for the delivery of mail to the public.

OFFICERS ELECTED BY BANKERS ASSOCIATION

By Associated Press. Dallas, Texas, May 18.—General William R. Hanby, president of the Citizens Bank & Trust Co., of Austin, was elected president of the State Bankers Association. The following were elected vice presidents: F. M. Law, Beaumont; Earnest Brown, San Antonio; C. L. Hopkins, San Marcos; C. M. Campbell, Temple; G. F. Taylor, Tyler; H. O'Bannon, San Angelo; Henry James, Abilene; Secretary Fred Hoops, of Austin Assistant Secretary C. M. Cooley of Houston; Treasurer, T. C. Rogers, of Denison.

World Needs 27,000,000 Bales. By Associated Press. New Orleans, May 18.—Hayne, the bull broker said today that the world needs twenty-seven million bales of cotton to keep its mills running and that only the first hundred thousand are in sight.

COTTON GOODS MEN AT RICHMOND, VA.

Manufacturers of Cotton Goods Discuss Present Depression in Market.

Richmond, Va., May 18.—Manufacturers of cotton goods in all parts of the country, comprising the membership of the American Cotton Manufacturers' Association, gathered here today to discuss the present depression in market conditions and other matters of great importance to the cotton manufacturing industry. The occasion is the fifteenth annual meeting of the association.

President D. Y. Cooper of Charlotte called the convention order at the Hotel Jefferson this morning and delivered his annual address. Mayor D. C. Richardson welcomed the visitors. Committee reports were presented and there were also addresses on the scientific management of cotton mills and plans to increase the American cotton goods trade in China. A leading feature of the afternoon session was an address by Arthur R. Marsh, president of the New York Cotton Exchange.

ELECTION REFORMS ARE PROMISED IN MEXICO

SUPPOSED VICTIM VERY MUCH ALIVE.

By Associated Press. Franklin, Texas, May 17.—John Steepleton, after taking seven shots at G. N. Meadors, rode into town today telling the officers that they would find Meadors' body at a certain spot. Before the officers could make a search Meadors rode into town. Not a shot hit him. Steepleton is under arrest, charged with assault to murder. His examining trial is set for Monday. Both men are prominent.

FOLLOWING ANNOUNCEMENT OF DIAZ RESIGNATION GOVERNMENT IS DRAFTING PLANS FOR HONEST ELECTIONS.

TO RE-ORGANIZE CABINET

Madero Will Be Called to Capital to Act as Adviser to De La Barra Who is President Ad Interim.

Special to The Times. Mexico City, Mex., May 18.—As a part of the peace program the government has drafted a new election law for submission to the Chamber of Deputies. It removes power from mayors and following the French system directs the senate and the Chamber of Deputies by an absolute majority in a joint session, to elect the president for a term of seven years. Persons who cannot read will be able to vote for representatives by colored ballots.

PLAN \$250,000 LAND SHOW IN FT. WORTH

BIG INVESTMENT COMPANY GOES IN FOR ADVERTISING ON LARGE SCALE.

OPERATIONS START AUG. 1

Corporation Will Establish Agencies in Thousand Cities Over the West.

Fort Worth, Texas, May 18.—Following the formation of the Texas Co-operative Investment Company, the newly organized \$2,000,000 land corporation with headquarters in Fort Worth, a permanent land show that will cost \$250,000 will be established in Fort Worth. This, and a great real estate exchange modeled after the larger exchanges of the North and East will be two big features of the corporation that will advertise Fort Worth and Texas.

The company will be in operation by August 1. A charter will not be applied for until after the company has been fully organized. Already the active officers and some of the directors have been selected. One hundred prominent Texas bankers will comprise an advisory board.

The land show will be placed in some building near the Texas & Pacific passenger station. Samples of soil from all parts of Texas, products of this soil, both mineral and vegetable, crude and finished, and costly pictures will convince the visitor to Fort Worth of the extensive possibilities of the Lone Star State.

The cream of all state and county fair exhibits will be preserved in permanent form for this show, which will be free, open at all times and in charge of competent guides, and the company will not ask for financial assistance.

Officers of Company. Officers of the company are: William Capps, president; Claude C. Hayes, first vice president and W. B. Townsend, secretary. The nonresident directors named so far are: John H. Kirby, millionaire lumberman, Houston; L. T. Lester, president First National Bank, Canyon City; W. B. Slaughter, president First National Bank, Dalhart; C. H. Boedeker, president City National Bank Bowie, A. D. Rogers, Decatur; Sam Sparks, state treasurer, Austin. Other directors will be added to balance different sections of the state representation on the board.

There will be an exclusive resident agent of the company in every city of importance in the state. Vice President Hayes, discussing the purposes and possibilities of the company, Tuesday, said: "It is the purpose of those behind the Texas Co-operative Investment Company to build up at Fort Worth the greatest land and development company in the entire South. We believe that Fort Worth is the logical point for such an institution because it is the gateway to a territory of matchless resources, hardly touched as yet, but capable of supporting a population as great as the German Empire."

FORT WORTH WIDOW GETS VERDICT FOR \$45,000 AGAINST BACHELOR

FIFTY-FOUR LETTERS WRITTEN BY DEFENDANT READ IN BREACH OF PROMISE TRIAL AT HENRIETTA THIS WEEK—DEFENDANT 64 AND WEALTHY—PLAIN-TIFF 33 AND PRETTY—CHILD SAID TO BE IN LOS ANGELES, CAL.

Special to The Times. Henrietta, Texas, May 18.—The reading of 54 love letters written by a sixty-four year old bachelor, to a pretty young widow aged 32, drew record breaking crowds to the Clay county court house this week in the trial of the breach of promise suit of Mrs. Clara F. Carey of Fort Worth against J. L. Huggins, one of the wealthiest and most prominent ranchmen in Northwest Texas.

The trial came to a close yesterday after being out a short time the jury returned a verdict for \$45,000 damages for the plaintiff. Attorneys for the defendant at once filed notice of an appeal. Both Mrs. Carey and Huggins went on the stand. Mrs. Carey told the jury she first met Huggins in 1906 and in 1907 they were betrothed. She told of postponements of the wedding day and of the birth of a baby daughter in December 1908. She said that this child was now in Los Angeles, California, but declined to state the names of the person in whose charge she had placed it or their exact address. In March 1910, she said Huggins first made known his intention not to marry her. Huggins admitted the authorship of the letters, but denied that he had ever promised to marry Mrs. Carey. A report is in circulation here, that Huggins left this morning for Los Angeles, to find the child of which he is alleged to be the father. The attorneys for the plaintiff were Judge Sam J. Hunter, of Fort Worth and R. E. Taylor of Henrietta. The defendant's representatives were Will McLean of Fort Worth, and Judge H. A. Allen of Henrietta.

Cotton Mill Men Expected Here This Week to Close The Deal

That there is a splendid prospect for closing up the cotton mill proposition on a basis that will insure the construction of the mill at this place, is the encouragement held out by Frank Kell today, in discussing the matter Mr. Kell said: "This matter is progressing in a very satisfactory way. We are in close touch with prominent eastern capitalists, men who have had large experience in operating cotton mills and who have ample means to carry out the contract already made and our negotiations with them have been very encouraging indeed, in fact we are expecting these gentlemen to reach the city this week with a view to closing up the deal."

Mr. Kell, who has been very active in the effort to secure this enterprise for Wichita Falls and who has been in closer touch with the development of the proposition than anyone else, is very optimistic and his discussion of the matter was in its nature very encouraging indeed.

STATISTICS SHOW TEXAS' DEVELOPMENT

REMARKABLE EVIDENCE OF GROWTH OF LONE STAR STATE GIVEN IN DEPARTMENT FIGURES.

DEVELOPMENT IS RAPID

Interesting Statistics as to Advance of Agricultural Values Until State Heads All Others.

Washington, May 18.—Evidence of the rapid development of Texas as an agricultural State is contained in a most interesting table of figures just issued by the department of agriculture. For 1910 Texas leads all the States of the Union in the value of her crops which totaled \$264,119,809, as against Illinois, which is second in rank, with a total crop valuation of \$280,235,000. This is the only State for the year which encourages agriculture by the fact that Texas has steadily maintained her march upward for the past decade. In 1909 she was second in rank, Illinois leading the procession with a total crop value of \$337,986,000, as compared with the \$316,794,000 for Texas. In 1899 Texas was third, being passed by both Illinois and Iowa. But in the percentage of increase, the Lone Star State has maintained a constant ascendancy over Illinois. For the year 1909-10 Texas shows an increase of 14.9 per cent, while the best Illinois could do was to show a decrease of 13.9 per cent and Iowa's decrease was 4.1 per cent. The total increase in the value of crops in Texas for 1910 as compared with 1889 was 140 per cent, while Illinois shows an increase of but 49 per cent and Iowa but 28 per cent.

Beall Has Work Ahead. Congressman Beall, chairman of the committee on expenditures in the department of justice, called the members of that committee together and organization was perfected after some delay in securing appointments to fill vacancies due to forced resignations by members too busy to enter upon the duties of the searching investigation of the department of justice which this committee contemplates. The courts, the prosecutions of the sugar fraud cases, the methods of handling the trust investigations, the work of the secret service force and all the multitude of activities of the department of justice will be gone over in the hope of doing away with a deal of the present red tape and of instituting some telling reforms and economies. Mr. John E. Hollingsworth of Dallas was appointed clerk of the committee and has already entered upon the discharge of his duties.

Two More Jobs for Texans. Two more Texans have been provided with positions here by members of the Texas congressional delegation. Both of the appointments were made by Congressman Sheppard, who has designated H. L. O'Neal of Atlanta, Texas, as assistant clerk to the committee on public buildings and grounds. Mr. O'Neal is already on the job. Lowell I. Terrell of Cuthand, Texas, has been appointed messenger to this committee. Master Terrell is a youth of some dozen years, who has taken hold of his duties in the regulation successful Texas style.

VICTOR BERGER STIRS WASHINGTON

SOCIALIST CONGRESSMAN SAYS A FEW THINGS ABOUT NATION'S CAPITOL.

UNCLE SAM BEING BUNCOED

Real Estate Ring Controls the Town And the Government Foots the Bills.

Washington, May 17.—A spic of Socialism has given capital complacency a rude shock. That one thing under the sun, Victor Berger of Milwaukee, first Socialist member of Congress, is responsible. Being a party unto himself here in Washington, Mr. Berger was not considered entitled to an important committee assignment. Consequently he was put on the district committee. If it was designed to efface Mr. Berger whoever made out the committee assignments certainly led from the wrong end of the stick.

Mr. Berger took his life committee assignment and went out to see what it was made of. Now he has come out with a statement that has created no end of comment. The new member says that the system of government in Washington is the most undemocratic in the world. A real estate ring controls the city, he says, and is high enough to put landlords in the grand larceny class and the government is being buncoed out of 6 million dollars a year.

It is because the taxes are paid by the government, Mr. Berger says, that real estate speculators are enabled to hold vast tracts of land until the "unearned increment" makes their owners millionaires. Things are pretty safe for the millionaires in the capitol anyway, he concludes. He took a ride out into the country and found miles of streets brilliantly lighted and paved all at the expense of the taxpayer of Wisconsin and Missouri and Kansas and the rest of the states. Balleets of green bugs dance around the lights at night, and rabbits run races on the asphalt, but the only human being Mr. Berger saw was a policeman on horse back.

It is intimated that there are senators foresighted enough to buy suburban property through which the government later cut streets and laid pavements.

Would you say that a man who pawns his high hat is putting up a stovepipe?

Many Distinguished Confederates Died During the Year Just Ended

Little Rock, May 17.—Twenty-five new camps have been added to the United Confederate Veterans since the reunion, according to the annual report of Adjutant-General Avin E. Mickle, made public at the reunion here today. Georgia leads with eight and Texas is second with five. The total number of camps now on the roster is 1,181, a decrease of 13 since the first report due to the dropping of camps through the non-payment of dues, while there are a number of camps which have died from simple lack of material to keep them alive, others in a dormant state have been revived and there is to be noted only a slight decrease in the total now on the roster, says General Mickle. "In no year in the past have we been settled on to part with more distinguished associates than in the year just closed. As officers in the Confederate Army, able writers, forcible speakers, leaders in commercial circles, no organization can make such a glowing record as we."

High praise is paid by General Mickle to the officers, all of whom have put in their time and energy into the work, "the efforts of one man, however, stands out so conspicuous and his efforts have been extended for so many years and conducted so unerringly, efficiently and zealously, that it would be unjust not to mention him. As commander of his Camp, as Brigadier-General, and as Major-General of the Georgia Division, Gen. John H. Martin, has set all an example that is worthy of the highest commendation and most faithful emulation. The financial report shows disbursements amounting to \$6,834 against receipts amounting to \$6,320 during the last year. "Officers continue to make their annual voluntary contribution with the same cheerfulness as in the past," says General Mickle. "As the membership of the Camps becomes reduced by death, the main support of the Association must fall on them; but I am satisfied that they can be depended upon to meet all that is required of them."

There's no secret process to Velva Breakfast Syrup. There's nothing for us to tell about it but the fact that it is the pure juice of perfectly ripe sugar cane. It's a fine thing to be able to say that without any ifs, ands or buts

VELVA Breakfast Syrup

comes to you, the same delicious juice of the cane that they eat on the plantations where they know the real thing and can get it. You never tasted a cane syrup that can compare with Velva. It's the only pure cane syrup—absolutely pure—that's made. It comes in cans sealed against taint.

Near Three Thousand of Them Submit to Vaccination in Verde Reservation.

Prescott, Ariz., May 18.—Taylor B. Gabbard, agent of the Verde Indian Reservation, has been having strenuous times the past month by reason of his duty in the execution of orders of a paternal government. Accompanied by a physician, he has been rounding up his aboriginal charges and vaccinating them. The Indians in his charge, numbering about 500 are scattered all over north central Arizona. He caught 212 of them on the Verde, thirty-two at Mayer, and thus far has run down about a score in the vicinity of this city.

Some of them took the treatment with simple faith that all was well when ordered by the Great Father. Others were argumentative and desired more information than the typical Missourian, while a few simply had to be held down by force. The charge of a straggler was with Hualapai Indian, Ben Takache, who was found unvaccinated in the environs of Prescott, and offered serious violence when threatened with skin scraping, the agent having to use a pistol to insure safety for himself and obedience to the regulations of the Interior Department.

That the way of the rebellious Indian is hard has just been shown by the death of a Hualapai squaw from rabies. The woman was bitten by a hydrophobic skunk last fall, but absolutely refused to be taken to Los Angeles and treated at a Pasteur Institute. Another squaw, bitten at the same time and by the same skunk, assented to being taken to the coast, took the treatment, and was returned to the reservation, where she is reported in the best of health, entirely unaffected by her experience. The squaw who died had been in agony for several days and had been taken by her tribesmen to a remote spot, where she was dropped to await her end, absolutely without care or companionship.

That Indians are amenable to the civil law was demonstrated last week in Flagstaff, where Osh-Kee, a Navajo, was fined \$20 in a justice's court, his crime having been the firing of a shot in Black Hill Park. The Indian agent guaranteed the fine, and Osh-Kee is to be back in Flagstaff May 10, either with the money or prepared to spend thirty days in the county jail.

MORE GOOD ROAD CLUBS ORGANIZE

The regular meeting of the Good Roads Club of the Whaley Chapel community will be held Saturday night. The movement started by this club has spread to other communities, just as it was predicted, and many other communities are preparing to organize good roads clubs.

A meeting will be held Thursday night at the Ellett school house for this purpose.

The citizens of Whaley Precinct 55 have called a meeting for Friday night to organize a good roads club.

A meeting will also be held at the John O'Brien school house in a few days, the exact date of which has not been set, for the same purpose.

HOW PEOPLE MAKE MONEY

How do people make money? By buying real estate of course. By starting on a small scale, of course. Why don't you make a start right now? We can sell you a good lot for \$10.00 down and \$5.00 per month close to the Northwestern brick plant and Northwestern machine shops. These lots are going to double in value before you get them paid for. Lay the nest egg, the others must follow. Don't pay rent all your life. Rent receipts make no assets for you. Fig. are on this and tell us where we are not selling the truth. Ask some man who's got a start and he will tell you real estate, some old chestnut close to good town. Then call on us for further particulars and we will show you an easy road to make this start. Call today as these lots are going fast. Do not lose the opportunity of a life time.

Senator Culberson has introduced a bill in the Senate which, if it should become a law, will take away from the courts the power of determining what are good and bad trusts.

27 BUFFALOS IN WICHITA HERDS

Four Additions to Herd in Game Preserve When Calves Come.

Lawton, Okla., May 18.—The buffalo herd in the Wichita national game preserve now numbers twenty-seven. This comes from the fact that 100 buffalo calves have just been born to the herd. The original herd numbered eighteen. Within a few weeks after their arrival one calf was born, but about the same time, one of the older cows which was in bad condition from shipment, died. In all, two buffaloes have died. But eleven calves have been born since their arrival in the Wichita four years ago. The entire herd is now in good condition.

A DEAD STOMACH.

Of What Use is it to Anyone? Thousands! yes hundreds of thousands of people throughout America are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature. This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny. These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

In other words, they are taking from the stomach the work that nature intended it should do, and are also refusing it the only chance for exercise it has. MI-O-NA stomach tablets relieve distressed stomach in a few minutes. Taken regularly for a few days they build up the stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach, headache and stomach misery go.

MI-O-NA stomach tablets are sold by O. F. Marchman and leading druggists everywhere at 50 cents a large box.

ELECTION REFORMS ARE PROMISED

(Continued From Page One)

reasonable to assume that he will not be acceptable.

Gen. Jose-Gonzales Salis has also been suggested as Minister of War. While the suggestions come from the revolutionists, it is not impossible that he might be fully acceptable to the government. Gen. Gonzales is a native of Chihuahua and a son of Gonzales Porras, who was a Deputy for many years. Gen. Gonzales has been given active part in the campaign against the rebels. For many years he was in command of troops in campaigns against the Yaquis and now occupies the ranking position in the infantry branch of the Department of War. He has the "good will and respect" of the army as a whole and is a native of the two factions together. It is almost entirely through his efforts that an understanding is so near. It is considered here that it would be a poor return for his services should the revolutionists insist upon an appointment of a foreign Minister while he is occupying the delicate position of referee. The proposition that the affairs for his office be conducted by a secretary named by Senor de la Barra will, in effect, be filling the post with a new man, and it is not improbable that this man will not be chosen until after Madero has been ousted, regardless of stipulation made by the government. It is to be assumed that de la Barra will not name a man antagonistic to Madero.

Madero may insist upon appointing without suggestion or interference from the present government a portion of the remaining members of the cabinet, but officially and unofficially, it is not believed here that his opposition will go that far. It is considered that Madero will concede the fairness of de la Barra in his desire to secure the resignation of the entire difficulty and that he will not object to the mutual selection of those proposed. It is not to be expected the armistices will result in immediate cessation of hostilities. Without doubt the government will place at the disposal of the revolutionists graph and railroads for the purpose of facilitating the transmission of the news that an agreement has been reached and his orders to cease fighting, but when it is remembered that many of the bands now conducting their part in the revolution are many miles from the nearest telegraph station and railroads, it will be seen that Madero has no easy task in bringing to the country immediate peace. It is not improbable that battles will be reported from time to time during the next two weeks and possibly longer in isolated districts into which his couriers have been unable to penetrate.

It is not questioned that the reputable chiefs of Madero, such as Ambrosio Figueroa in the South and Luis Moya in the North, will obey the order of Madero to cease hostilities. On the other hand, it is to be expected that there will be cases of brigandage registered by bands who choose to call themselves Maderists. The government itself will not be inclined to place the blame for their operations upon Madero, for such men as Gen. Diaz realize better than any one else the difficulties of suppressing such outlawry following a condition of war. It is expected that those men who have distinguished themselves as officers in the Madero army will be offered the rank, jobs with the Federal Army, of re-establishing order to the rural districts.

The scene wherein Porfirio Diaz renounced the scepter he has wielded so many years would have been pathetic had it not been for the heroic character of the man who was the central figure. In an agony of pain, relieved only by narcotics, able to utter but few words, and these with difficulty, recumbent on his bed, relinquishing his power, he was still the dominant figure of the council.

"Not once did he think of himself," said Senor Limantour, the Minister of the treasury. "Every thought that he expressed was for the future of his country. He has an honest pride, but no vanity. I venture to predict that in a year or two when the new order of things has been established Mexico will regard him as a great hero. His resignation must forever silence those who could find no other criticism than that he lusted for power. He has ruled with the single-hearted aim of his country's welfare, and he seigns for the same reason. Throughout his long administration he has never failed to list the best advice he could obtain. In this crisis, where he was most vitally concerned, next to the Republic itself, he listened impartially to his advisers and acted with judicial fairness although the decision went against himself."

The President was too ill to sit among the councillors. These, constituting the entire cabinet, membership, gathered around a magnificent hand-carved table in the parlor of the President's city residence. Silken tapestries covered the walls, and over these in places hung paintings of historic characters of Mexico—Iturbide, Hidalgo, Juarez and others honored by their country. Statuary in brass and marble relieved corners of a chamber off this room the

"BE SURE YOUR SINS WILL FIND YOU OUT"

The crowds in attendance at the series of revival meetings being conducted by Rev. R. R. Hamlin at the First Christian Church, Ninth and Lamar, are increasing each evening and a marked increase in interest is being manifested by those interested. A large list of names amounting to about two hundred, has been prepared, which are being used by the personal workers in their campaign, that this might be a notable meeting in the history of revivals in this city. All personal workers in the city are urged to see Rev. Hamlin, and assist in this campaign.

The subject discussed last night was, "Be sure your Sins will find you out." He used an illustration in inducing his subject by showing that in the early days of civilization of this country that the lawless character had free opportunity to ply his murderous intent, but with the coming of a closer civilization his sins were found out and he was either numbered among the large list that were killed with their boots on, or among the few that were reformed into Christian characters. He further pointed out the fact that the sins of a man are portrayed in his face and physical conditions, as well in the posterity, the sins of the father being visited on the children even to the third and fourth generations.

The meeting each evening is opened with an inspiring song service lasting fifteen minutes, in which all the singers of the city are invited to assist.

though the revolution was in full swing. There is no animity to him personally. His integrity has never been questioned. Political differences have arisen, but he feels that the people over which he has ruled are his friends. Among them he wishes to end his days.

Expect to Have 1,000 Agents.

"We hope to have in Texas, Oklahoma, Kansas, Missouri, Indiana, Iowa and Illinois, when we have completed our organization, 800 to 1,000 real estate agents and firms in as many different towns and cities as stockholders, all of whom will be members of our gigantic land exchange at Fort Worth. These, supplemented by traveling and special salesmen, will constitute a sales force capable of moving bodies of real estate in a few months which a small, poorly organized force would require years to move. NATIONAL WRESTLING CHAMPIONSHIPS

Portland, Ore., May 18 - Mat stars from many parts of the country are here to contest in the national wrestling championships of the Amateur Athletic Union. The event is the under the auspices of the Multnomah Athletic Club, tonight and concluding tomorrow night. It is the first time the championships have been held on the Pacific coast. As a consequence this section of the country is better represented among the contestants than at any of the previous tournaments. Many of the best college and association wrestlers in the Northwest are entered. The New York Athletic Club and the Illinois Athletic Club of Chicago have also sent teams.

SOUTHERN PRESBYTERIAN GENERAL ASSEMBLY OPENS AT LOUISVILLE

Large Attendance of Delegates from Every Part of the South--Venerable Dr. Bachman Delivers Annual Sermon as Retiring Moderator

Special to the Times.

Louisville, Ky., May 18.—The annual General Assembly of the Southern Presbyterian Church convened in this city today with a large attendance of delegates and visitors from all over the South. The assembly will be in session ten days.

The reports prepared for presentation to the assembly show the past year to have been one of gratifying progress, both in the membership and finances of the church. The increase in the number of churches in certain sections of the South, notably in Oklahoma, Texas, Arkansas and Florida, has been so marked that it has been found necessary to call a halt on evangelistic work until churches already established can be equipped. It has also been a banner year for the missionary, educational and other departments of the church work. The home mission board during the year \$221,690, a considerably larger sum than in any previous year.

"We stand today at the close of half a century of separate existence as a distinct branch of the church of Jesus Christ," said the Rev. Dr. J. W. Bachman of Chattanooga, Tenn., in concluding his sermon as retiring moderator at the opening session. "The past fifty years have been marked by a material and intellectual progress, almost staggering belief. But amid it all our church has stood as one of the conservative forces of the age—demonstrating to its members a constant recognition that the Kingdom of God is spiritual and that Jesus Christ is King."

"In all these years we may record with devout thanksgiving that the Hand of God has been upon us for good. He has multiplied our numbers four fold, and He has enabled us to reach forth a hand of help, to the nations that sit in darkness and the shadow of death. And as of old we should remember this day all the way the Lord our God hath spoken to us by His Son. For the tendency of this age is to make the church only a minister to man's temporal and material needs and to lay on man's conscience laws which the King of Zion never made."

Paying tribute to the memory of the church leaders of half a century ago, Dr. Bachman said:

"We should cherish with loving veneration the memory and labors of that noble band who met amid the fearful convulsions of Civil War, and sent forth the address to the Churches of Jesus Christ throughout the world, which repeated the testimony, so often obscured by fanaticism or worldliness, to the principles for which our Fathers poured out their blood like festal wine—everywhere stood for Jesus Christ as the only King in Zion. These Fathers of Our Church look down with peculiar joy on this General Assembly, and upon the church founded in their wisdom and sacrifice. And it may be in the very presence of the King, they are asking that the things which have been done, may be but an earnest of the work which shall yet be performed."

"By memories of the past, and all the resources of the present, and by all this prospects of the future, shall we not call ourselves to a more supreme devotion to our gracious privilege and our binding obligation to listen to the great Teacher and the coming King; and with unswerving loyalty tell the world by word and life, the riches of His truth and the glory of His Reign, when every knee shall bow and every tongue confess that Jesus Christ is Lord to the glory of God the Father."

ARDMORE'S FRANCHISE MAY BE TRANSFERRED

Wednesday's Ardmoreites

The question of retaining the baseball franchise of the Texas-Oklahoma League in the city of Ardmore is squarely up to the citizens of the city.

The patronage accorded the games in this city has been anything but satisfactory, and unless something is done and done at once the franchise will be transferred to one of the three towns bidding for it, and willing to put up sufficient money to maintain the team to the end of the season. The team is playing high class ball and is now in second place, the boys demand their money and it is nothing but right that they should be paid for their services. They are away for a series of games at present and when they return, if conditions locally are not improved the team and franchise will be transferred to some other city.

For this reason President Hills of the local team desires all who are interested in maintaining a team in the city to meet at the district court room tomorrow night and discuss the matter and see if there are not public spirited men in the city who will be willing to donate something toward maintaining the team to the end of the season.

Ardmore has a fine chance to win the pennant in the Texas-Oklahoma league. Manager Rogers has gotten together a fine bunch of players on a very small amount of money, and it is hoped that the citizens of the city will not let the team fall down for the want of a few dollars. Let every fan and every one interested in the advertising that a winning ball team gives to a town be at the meeting tomorrow night, and help to place the team on a firmer basis than at present.

Ingram, Texas.—"Ever since I became a woman," writes Mrs. E. M. Evans, of this place, "I suffered from abnormally troubles. Last fall, I got so bad, I had to stay in bed for nearly a week every month. Since I have taken Cardui, I feel better than I have for years. You can rely on Cardui, it acts on the womanly organs and helps the system to regain its normal state of health, in a natural way. Prepared especially for women, it prevents womanly pains by acting on the cause, and builds up womanly strength in a natural way. Purely vegetable. Mild, but certain in action. Try it."

ARE YOU RUN-DOWN?

An engine soon would run down on poor fuel and you yourself cannot do good work with thin, poor blood. It gives you a tired, worn out, all-gone feeling, your nerves are exhausted and you are irritable and pessimistic. What you need is one of our

Spring Tonics

to make you strong and vigorous, to tone and strengthen and purify the entire system. Don't put it off. There is always more or less sickness at this time of the year, and the stronger you are the better you can guard yourself against illness.

The Physician said by the bed side of a youth upon whose manly brow the glassy stare of death seemed slowly but surely settling, friends of childhood days had gathered around his couch and the great pain convulsed his powerful athletic was near and wept bitterly for one so young and strong yet beyond the reach of human aid. He gazed with unseeing eyes around the room and tried to speak but the pallid lips refused to move, with powerful surges he seemed to try to release himself from the clutches of some cruel unseen force that held him in its grip, finally with an almost superhuman effort he raised his mangled right hand and beckoned the physician who quickly bent over him and listened intently to the words he tried to speak and in a hoarse whisper breaking the death like stillness of the room he asked if the Giants won out yesterday and if Stoppie Witherpoon has still tearing down the park fences, the doctor patiently nodded his head and the young man raised himself on his elbow and said: "Doc can't you patch me up so I can go to the game tomorrow?"
