THE TEXAS RETAIL MERCHANTS ARE GUESTS OF WICHITA FALLS

MORE THAN TWO HUNDRED DELEGATES REPRESENTING MORE THAN A SCORE OF LARGER CITIES ARE IN ATTENDANCE—COMMITTEES NAMED AT MORNING SESSION

PRESIDENT MORGAN'S ANNUAL ADDRESS

HE DECLARES AGAINST AGITATION FOR GARNISHEE LAW AND SAYS ONLY EFFECTIVE WAY TO DEAL WITH DEAD BEAT IS TO REFUSE TO SELL HIM—DISCUSSES MUTUAL INSURANCE, PARCELS POST, FAKE ADVERTISING, ETC

More than 200 delegates representing more than a score of Texas cities are in attendance at the annual convention of the Texas Retail Merchants' Association which opened here this morning. Each delegate is wearing a badge of the city from which he hails and along with their attendance upon the convention each delegate is advertising his home city.

Abilene, Gainesville, Beaumont and Dallas are after the convention in 1912. The Abilene boosters have the biggest crowd and are making the most noise.

The Retail Merchants' Association of Texas convened in annual session at the Wichita Theatre her this morning with an attendance of about two hundred merchants at the opening exercises.

The meeting was called to order by J. J. Blair, president of the local association who welcomed the visitors in a few well chosen remarks, after which Rev. J. P. Boone pronounced the invocation and President Morgan of the state association assumed the chair.

F. H. Day, secretary of the Chamber of Commerce, welcomed the merchants on behalf of the city, assuring them that everything possible had been done to make their stay a pleasant one. Introductory to his remarks of welcome, Mr. Day took occasion to eulogize the Chamber of Commerce of this city, in which he called attention to the fact that the per capita contribution to the support of this organization was the largest in the United States. He also called attention to the Wichita Falls spirit of "pull together," which he said was responsible for the remarkable growth of the city. Mr. Day's welcome was a very cordial one and his remarks were liberally applauded by the audience present.

The speaker during his remarks paid a splendid tribute to the ladies, a number of whom were present at the meeting, and before concluding announced the various features of entertainment that had been provided for the occasion, which included for today a session of the association this afternoon at the Colonial Theatre, a vaudeville entertainment at the Colonial tonight, followed by a banquet at the Elks' Club.

In connection with Mr. Day's address quite a little pleasure was injected between himself and the Fort Worth delegation, by reason of the remark of the speaker in apologizing for the drouthy conditions of this section, which he explained by calling attention to the fact that the order had changed and that now instead of the Lord sending a drouth on account of the sins of a community, the rain represented the angels weeping over the wickedness of certain cities.

The conclusion of the speaker's remarks the Fort Worth delegates acknowledged appreciation by singing of Day, "We Made Him," to which President Morgan responded that they had done a good job of it.

Wiley Blair of the Blair-Hutches Co. of this city was the next speaker and welcomed the visitors on behalf of the local Retail Merchants' Association. In prefacing his remarks, Mr. Blair stated that he did not understand why he had been selected to deliver one of the addresses of welcome unless it was in honor of the fact that the man who crawled in a hollow log to get out of the rain, how the log swelled and fastened him tight and how he only secured his release by incidentally thinking over his past and remembering that he had once voted the Republican ticket, which thought made him feel so little that he was able to crawl out with ease. Mr. Blair made a short, but enthusiastic address in which his welcome was sincere and cordial.

George Mendell, Jr. of Austin, attorney for the association, responded to the welcome in a most eloquent address in which he promised on behalf of those present to accept everything that had been offered. Mr. Mendell also paid a glowing tribute to woman

President Morgan of the state association then delivered his annual address, which, in part, was as follows:

In his annual address President Morgan voiced his opposition to the agitation for the passage of a garnishment bill declaring that the only effective remedy against the dead beat was to refuse him credit. He also discussed mutual insurance, parcels post and other measures and institutions affecting the merchants. In part he spoke as follows:

The legislation question is going to be discussed and exhaustively by Mr. Mendell and the Legislative Committee, of which Mr. Harrison is chairman. However, I take it that a word from me on that subject will not be out of place. I feel that I may hold somewhat opposing views on that subject to some of you and for that reason I wish to be heard on one feature at least of this department. Personally, I am opposed to the agitation of this measure. I am opposed to it, firstly, because we cannot not at this time possibly have it passed, and secondly, if passed it would not be a universal remedy for the dead beat, and thirdly, we can secure better and much more immediate results in another way. I hold it is much more sensible to refuse a dishonest man credit than it is to give him credit, and seek to collect the debt through the garnishment law if you had one. If you had a garnishment law you would give credit to many a person who was not entitled to credit and you would find in many cases, that although he was employed, when he contracted the debt he was in short time on the streets losing and your garnishment law against a loafer will do just about as much good as trying to wet a goose by pouring water on his back. There are other objections which could be mentioned.

It would give the loan shark an opportunity equal with you in the collection of his unreasonable and usurious rates of interest. It incurs the opposition of organized labor in this state, which is a powerful and potent factor in the politics of Texas and many other states. Now, by incurring this disfavor advocating something impossible, when by the method of credit rating we can secure the same results.

Express Rates and Opposition to Parcels Post.
I favor the cultivation of labor unions and the farmers union. I believe we have many mutual interests. I think we could co-operate together, instead of fighting. I am of the opinion that they, like we, only want what is right, the masses I mean, and if we can get together and understand each other, there will be confidence instead of suspicion. There will be friendship instead of malice and hatred. We are waging a mighty war on the great express companies of this country for the unreasonable rate which they are charging for the carriage of packages. We are at the same time and with even more vigor

fighting the passage of any laws which have so far been advanced favoring the Parcels Post extension. The labor unions and the farmers unions can be of inestimable value to us in both of these propositions. Let me tell you now, that while we have successfully prevented any legislation so far on the Parcels Post bill, we are going to have to enlist the support of every known agency possible if we can successfully stay this bill off much longer.

Parcels Post.
"I am not going to discuss this question at length yet. I do not think the gentlemen handling this subject will object to my saying a word in passing. The advocates of Parcels Post extension, have made a gallant fight and they are just begun. They are backed up by the biggest and the most persistent octopus on this continent. They are drawing their Slimy carcass around your very gate posts. Soon will they invade your own door way. Therefore, we must buckle on our armor and go out and meet them in battle array. They are seeking to divert the government from its rightful function, as a great Sovereign, to that of a common carrier. They have not considered the interest of the farmer as he believes, but their own interest alone have been consulted."

"They are proposing to impose this terrible burden on the government, without providing her with the means to carry on this enormous business for their benefit. The proponents of Parcels Post have not yet proposed the acquisition by the government of the railroads of the nation, with which to haul this traffic. Today with our limited use of the mails for packages, the government is at the mercy of the great railroad corporations. The graft that is predicted every four years when contracts are let is so appalling as to stagger the imagination of the most incredulous. If they can carry freight the weight of a man from New York to San Francisco for about four dollars, why not make them go just a little further and when one of them wants to cross the country, simply mark him with an appropriate address and buy four dollars worth of postage and ride three thousand miles as a Parcels Post product. It would be just as reasonable as to carry 150 pounds of Sears & Roebuck's merchandise from Chicago to Wichita Falls for the same price. Premium Schemes and Fake Advertising."

"The question of premium schemes and the advertising faker is a fruitful field of usefulness for our associations. We can save more to ourselves in one year, than local state and national dues will amount to in five years. We in San Antonio, have practically put the premium people out of business. For example, we had a citizen of our city who laid awake at night studying up various schemes to unload on the merchants. He was the most persistent fellow you ever saw. At last he arranged with a bank to promote a cash discounting scheme and had made good progress with it. But soon our man was onto him and in a few days he found that he was not only unable to make new contracts but countermanded after countermand began coming in from those who had already sold. He was very indignant and said: 'we were boy-cotting him and that he was going to bring suit against us as being in restraint of trade. Well, to make a long story short it did not take him long to find out that his proposition was a dead one so far as we were concerned and he acknowledged defeat and said he was going to quit all premium scheme promotion. Not only did he do that, but he applied to our association for membership and is today aiding us in keeping out other schemes. Also there is the program and the church directory and the menu cards and a thousand other worthless advertising propositions which is purely a mat-

CANADIAN PULP AN ABSOLUTE NECESSITY

Prohibition of Exportation of Pulp by Canada Will Starve Out American Paper Makers.

By Associated Press. Washington, May 23.—Only by adoption of the paper clause of the reciprocity agreement with Canada can cheaper paper and prosperity of the print paper industry in the United States be secured, according to John Norris, representing the American Newspaper Publishers Association who appeared today before the Senate finance committee.

Canadian provinces which control raw material of paper manufacturers, Norris said, are trying to force American paper mills to the other side of the boundary line. They have the exportation pulp woods from the provincial lands, and they believe they can start out the American paper makers whose domestic supplies are nearly exhausted. The American paper makers he continued, own more than twelve thousand square miles of timber rights in the Crown lands of Quebec from which they cannot ship wood pulp because of the prohibition effective May first 1910.

To Speak on Reciprocity. Boston, Mass., May 25.—Elaborate arrangements have been completed for the annual banquet to be given tonight by the Canadian Club of Boston. The guests of honor and principal speakers will be Hon. Frank Oliver, Canadian Minister of the Interior and Henry L. Stimson the new secretary of War. It is supposed that they will have something to say regarding the proposed reciprocity agreement between the United States and Canada. Governor Foss and Mayor Fitzgerald will also attend the banquet. Other invited guests include the presidents of the Canadian Clubs of Toronto, Ottawa, Halifax, St. John, Montreal, Quebec, New York and Philadelphia.

RECEPTION GIVEN BY ALUMNI ASSOCIATION

A reception in honor of the members of the class of 1911 who were admitted to membership, was held at the high school auditorium by the Wichita Falls High School Alumni last night. A business session of the association was also held at which the following officers were elected for the ensuing year: William Huff, president; Burton Stoyton, vice president; Miss Emma Childers, secretary and treasurer.

Plans for a big banquet later in the summer were also discussed. The effort will be made to have as many of the alumni attend this banquet as possible.

C. B. GOOGER'S BROTHER IS MURDERED BY NEGRO

Foreman of Times Composing Rooms Receives Telegram Confirming Press Reports of Murder and Lyrching that Followed.

C. B. Googier, foreman of the Times composing room received a telegram this morning confirming the press reports of the murder of his brother, Henry Googier, at Crawfordville, Georgia, Sunday and the lynching of the negro murderer yesterday. The account of the murder was published in the Dallas News yesterday and the report of the lynching of the murderer appeared in yesterday's Times.

The account of the murder as published in the Dallas News, is as follows: Henry Googier, aged 50 years, prosperous planter, residing a mile from this place, was found murdered last night in a field where he had been at work, and Joseph Moore, a negro farm hand, is under arrest, charged with the crime. The indications that the negro is guilty are said to be so strong that there is probability of a lynching. Bloodstains were found on the shoes worn by Moore when he was arrested and he also had a shotgun which was loaded with the same size shot as those found in the body of the dead farmer.

Googier evidently had been shot in the back while at work and his slayer then had crushed in the back of his head with stones.

It is said that the negro had been employed by Googier several months. Friday they quarreled over a trivial matter and the negro left, but returned next day, when the crime was committed.

Googier was married and is survived by a widow and three children.

ANOTHER LORIMER INQUIRY RESOLUTION

Senator Martin in Behalf of Democrats Asks for Investigation Concerning Jackpot.

By Associated Press. Washington, D. C., May 23.—The Lorimer situation in the Senate was further complicated late today by the introduction of a third resolution calling for an investigation of the charges of bribery in connection with the election of the junior Illinois Senator. The resolution was offered in behalf of the Democratic minority by Senator Martin and provides that specifically for an inquiry into the "jackpot" fund.

ALARMING INCREASE IN USE OF INTOXICANTS

Only Harm Can Result from Use of Charts Showing Advance of Temperance Legislation.

By Associated Press. Atlantic City, N. J., May 23.—"There is an alarming increase in the use of alcoholic drinks used in the United States," says the report of the temperance committee to the Northern Presbyterian Assembly here today. "Only harm can result from deceiving the public by charts which indicate the rapid advance temperance legislation."

The bright spots of the year according to the report are the election of reform governor in Tennessee and the retention of prohibition in the Oklahoma constitution.

WICHITA CITIZEN AT AVIATION MEET

Mr. Harold Carpenter, the electrician of this city is at Dallas on a business and pleasure trip, writes the Times under date of the 21st as follows: "The Times Wichita Falls, Tex."

"I have just returned from the Curtis Aviation Meet, and for your information will say that it was the most successful meet ever held in the South. Jimmy Ward, (who is the old racing partner of mine) was the star performer, making eight long and successful flights, and attaining an altitude of 5320 feet. He made spiral dives and the figure 8 several times and twice made a dive from 3000 feet altitude to within 6 feet of the ground in front of the grandstand, making the cold chills run up our backs and our hair stood on end."

"C. C. Wiltner made the fastest time of them all, driving the fastest bi-plane in the world. He raced with Jimmy Ward in his 'Shooting Star,' passing over Ward's head several times. Eugene Eiv, who is in the employ of the United States government, made the longest cross-country flight, flying some 15 or 20 miles and returning without a stop of any kind to mar the meet."

"Geo. Clark in his 'Cutting Car,' which is a powerful racing automobile gave several thrilling exhibitions of speed."

"Today was the only day of the meet that more than one bi-plane was in the air at one time. At the close of the meet, Ward gave a most thrilling and hair-raising flight in front of a large moving picture machine, volplaning, spirals and circle dips.

"I will be here in Dallas and in Ft. Worth for several days more, buying electrical goods and closing several large contracts here in Dallas. "I certainly have some thing good in store for Wichita Falls, and I feel certain that my stay here will benefit our city greatly. I am surprised at the interest and enthusiasm that those Dallasites show for 'The P-N Together City.'"

NEGRO HANGED BY A NASHVILLE MOB

By Associated Press. Nashville, Tenn., May 23.—David F. Barry, a member of the Sugar-coult court, was instantly killed this morning by James Sweet, a negro, who also killed Minnie Draper, the cook at Barry's home. Sweet was quarrelling with the woman and Barry attempted to quiet them.

The negro was captured late this morning by officers, but was taken by the mob and hanged.

REP. LITTLETON ON RECALL OF JUDGES

IT WILL STRIKE ARCH FROM STRUCTURE OF FREE GOVERNMENT HE DECLARES.

WILL SHAKE CONFIDENCE

Orderly Process Will Give Way to Assaults Born of Hate and Passion.

By Associated Press. Washington, D. C., May 23.—"It will strike from the splendid structure of free government the arch upon which it has come to rest with unshaken confidence," Representative Littleton of New York declared in the House today in an attack upon the recall of judges, which is the feature of the Arizona constitution. "The seasoned and staid traditions of impeachment are to be translated into trial by revolt," he contended. "The orderly process of recalled justice are to be converted into sporadic assaults born of hate and disappointment—The dignified minister of established law, ennobled by the grandeur of his lofty station and disciplined by the pressure of sober responsibility, is to be degraded by the impending threat and distracted by the uncertainty of a precarious tenure. The misguided or malignant passions of an unimportant fragment of the community may recklessly accuse the most stainless judge and by groundless charges put suspicion in the place of confidence, and distrust in place of faith."

The reported illness of Her Majesty has cast a dark shadow over the Coronation season, which opens officially this week. Every endeavor is being made to keep the matter secret. The latest reports say the Queen Mother's life really is in danger.

CANADIAN PULP AN ABSOLUTE NECESSITY

Prohibition of Exportation of Pulp by Canada Will Starve Out American Paper Makers.
By Associated Press.
Washington, May 23.—Only by adoption of the paper clause of the reciprocity agreement with Canada can cheaper paper and prosperity of the print paper industry in the United States be secured, according to John Norris, representing the American Newspaper Publishers Association who appeared today before the Senate finance committee.

RECEPTION GIVEN BY ALUMNI ASSOCIATION

A reception in honor of the members of the class of 1911 who were admitted to membership, was held at the high school auditorium by the Wichita Falls High School Alumni last night. A business session of the association was also held at which the following officers were elected for the ensuing year: William Huff, president; Burton Starton, vice president; Miss Emma Childers, secretary and treasurer.

Plans for a big banquet later in the summer were also discussed. The effort will be made to have as many of the alumni attend this banquet as possible.

ANOTHER LORIMER INQUIRY RESOLUTION

Senator Martin in Behalf of Democrats Asks for Investigation Concerning Jackpot.
By Associated Press.
Washington, D. C., May 23.—The Lorimer situation in the Senate was further complicated late today by the introduction of a third resolution calling for an investigation of the charges of bribery in connection with the election of the junior Illinois Senator. The resolution was offered in behalf of the Democratic minority by Senator Martin and provides that specifically for an inquiry into the "jackpot" fund.

ALARMING INCREASE IN USE OF INTOXICANTS

Only Harm Can Result from Use of Charts Showing Advance of Temperance Legislation.
By Associated Press.
Atlantic City, N. J., May 23.—"There is an alarming increase in the use of alcoholic drinks used in the United States," says the report of the temperance committee to the Northern Presbyterians Assembly here today. "Only harm can result from deceiving the public by charts which indicate the rapid advance temperance legislation."

WICHITA CITIZEN AT AVIATION MEET

Mr. Harold Carpenter, the electrician of this city is at Dallas on a business and pleasure trip, writes the Times under date of the 21st as follows:
"The Times Wichita Falls, Tex.—I have just returned from the Curtis Aviation Meet, and for your information will say that it was the most successful meeting ever held in the South. Jimmy Ward, (who is an old racing partner of mine) was the star performer, making eight long and successful flights, and attaining an altitude of 5200 feet. He made spiral dips and the figure 8 several times and twice made a dive from 3000 feet altitude to within 6 feet of the ground in front of the grandstand, making the cold chills run up our backs and our hair stood on end.
"C. C. Wilmer made the fastest time of them all, driving the fastest bi-plane in the world. He raced with Jimmy Ward in his 'Shooting Star,' passing over Ward's head several times. Eugene Ely, who is in the employ of the United States government, made the longest cross-country flight, flying some 15 or 20 miles and returning without a stop of any kind to mar the meet.
"Geo. Clark in his Curtiss car, which is a powerful racing automobile gave several thrilling exhibitions of speed.
"Today was the only day of the meet that more than one bi-plane was in the air at one time. At the close of the meet, Ward gave a most thrilling and hair-raising flight in front of a large moving picture machine, volplaning, spirals and circle dips.
"I will be here in Dallas and in Ft. Worth for several days more, buying electrical goods and closing several large contracts here in Dallas.
"I certainly have some thing good in store for Wichita Falls, and I feel certain that my stay here will benefit our city greatly. I am surprised at the interest and enthusiasm that those Dallasites show for 'The Pull Together City.'

ATTORNEY GENERAL ASKED FOR INFORMATION

Senate Wants to Know What Steps Are Being Taken Toward Prosecution of Standard Oil Officials.
By Associated Press.
Washington, D. C., May 23.—Information as to what steps are being taken for the criminal prosecution of officers of the Standard Oil under the recent supreme court decision was demanded of the Attorney General today when the Senate adopted without a debate resolution of inquiry offered by Senator Pomerene.

NEGRO HANGED BY A NASHVILLE MOB

Nashville, Tenn., May 23.—David F. Barry, a member of the Sumner county court, was instantly killed this morning by James Sweet, a negro, who also had killed Minnie Draper, the cook at Barry's home. Sweet was quarrelling with the woman and Barry attempted to quiet them.
The negro was captured late this morning by officers, but was taken by the mob and hanged.

STRIKE OF FIREMEN ON SOUTHERN IS THREATENED

By Associated Press.
Knoxville, Tenn., May 23.—It is reported here that the firemen on the Southern railway will go on strike tomorrow if their demands for a new wage scale are not granted or a compromise reached.
By Associated Press.
Washington, May 23.—Efforts are being made to avert a strike of the firemen of the Southern railway at a conference here between officials of the railway and representatives of the firemen. The controversy arose over the demand by the firemen for a ten per cent increase in wages.

SAYS FOOD WAS UNFIT TO EAT, WANTS DAMAGES

Alleging that putrid and filthy food containing bugs, weevils and worms, was furnished on the defendants boarding cars, and that as a result of eating such food he was made violently ill, A. P. Burleson, has filed suit against the J. E. Hutt Contracting Company asking \$1100 damages.
In his complaint Burleson states that he was employed by the Wichita Falls & Northwestern Railway, on which the Hutt company operated a boarding car.

REP. LITTLETON ON RECALL OF JUDGES

IT WILL STRIKE ARCH FROM STRUCTURE OF FREE GOVERNMENT HE DECLARES.

WILL SHAKE CONFIDENCE

Orderly Process Will Give Way to Assaults Born of Hate and Passion.
By Associated Press.
Washington, D. C., May 23.—"It will strike from the splendid structure of free government the arch upon which it has come to rest with unshakable confidence," Representative Littleton of New York declared in the House today in an attack upon the recall of judges, which is the feature of the Arizona constitution. "The seasoned and staid traditions of impeachment are to be translated into trial by revolt," he contended. "The orderly process of regulated justice are to be converted into sporadic assaults born of hate and disappointment. The dignified minister of established law, ennobled by the grandeur of his lofty station and disciplined by the pressure of sober responsibility, is to be degraded by the impending threat and distracted by the uncertainty of a precarious tenure. The misguided or malignant passions of an unimportant fragment of the community will recklessly accuse the most stainless judges and by groundless charges put suspicion in the place of confidence, and distrust in place of faith."

C. B. GOOGER'S BROTHER IS MURDERED BY NEGRO

Foreman of Times Composing Rooms Receives Telegram Confirming Press Reports of Murder and Lynching that Followed.
C. B. Googor, foreman of the Times composing room received a telegram this morning confirming the press reports of the murder of his brother, Henry Googor, at Crawfordsville, Georgia, Sunday and the lynching of the negro murderer yesterday. The account of the murder was published in the Dallas News yesterday and the report of the lynching of the murderer appeared in yesterday's Times.
The account of the murder is published in the Dallas News, as follows:
Henry Googor, aged 50 years, prosperous planter, residing a mile from this place, was found murdered last night in a field where he had been at work, and Joseph Moore, a negro farm hand, is under arrest, charged with the crime. The indications that the negro is guilty are said to be so strong that there is probability of a lynching. Bloodstains were found on the shoes worn by Moore when he was arrested and he also had a shotgun which was loaded with the same size shot as those found in the body of the dead farmer.
Googor evidently had been shot in the back while at work and his slayer then had crushed in the back of his head with stones.
It is said that the negro had been employed by Googor several months. Friday they quarreled over a trivial matter and the negro left, but returned next day, when the crime was committed.
Googor was married and is survived by a widow and three children.

Margaret Johnson Brown-Johns, the Kentucky woman whose beauty won her an introduction to King Edward, is said to have forfeited her first husband solely for the purpose of retaining her friendship for the late Robert Hoe. She sanctioned the payment of \$20,000 by Hoe to Brown, it is said. In a suit brought by Mrs. Brown-Johns in New York against the executors of the Hoe estate to collect a \$30,000 mortgage, which is part of the \$200,000 worth of securities she is alleged to have obtained from Hoe by undue influence, the check for \$20,000 drawn to Brown's order was produced by the executors of the Hoe estate during an examination of Brown. His testimony will be used by the Hoe executors in defending the case. Brown says he accepted \$20,000 from Hoe as a compromise settlement of a suit he proposed to bring for the alienation of his wife's affections.

MANY NOTABLES GATHER AT LAKE MOHONK

Mexican Situation and President Taft's Arbitration Proposal Will Be Discussed.

Lake Mohonk, N. Y., May 23--Statesmen, diplomats, philanthropists and other persons of note have arrived here in anticipation of the opening tomorrow of the seventeenth annual conference of the Lake Mohonk Peace Association. The prominence of the speakers and the probability that the Mexican situation and the action taken by President Taft will form the main theme of discussion combine to give promise of the most notable session in the history of the conference. John W. Foster, former Secretary of State; Charles E. Tower, former Ambassador to Germany; Oscar S. Straus, member of The Hague Court; C. P. Neill, United States Commissioner of Labor; W. L. Mackenzie King, Minister of Labor of Canada, and many other men of international note will speak.

Sketch of Henry L. Stimson. Henry L. Stimson, the new Secretary of War, succeeding Joseph M. Dickinson, is 43 years old. If he lives to see next September, he will celebrate his forty-fourth birthday. It was as United States District Attorney, in charge of the prosecution of half a dozen big railroads, accepted of giving relief to the Sugar Trust that Mr. Stimson first came prominently into the public eye. Those prosecutions closely followed his appointment by President Roosevelt early in 1906, after he had twice convicted the New York Central before a jury, the Rock Island, the St. Paul and the Central Vermont all pleaded guilty, and the Great Northern, which held out, met the same fate as the New York Central in a jury trial.

There followed in close succession the prosecution of various paper combinations, and the beginning of the cases against the American Sugar Refining Company, which resulted in verdicts of guilty against the trust itself, as well as against Charles B. Helke, its Treasurer, the Superintendent of the Havemeyer & Elder Refinery in Williamsburg (New York City) and various men under him. The Sugar Trust, customs frauds cases and other prosecutions for violation of the customs laws brought \$3,435,363 in fines and back duties into the United States Treasury. The other big cases in the Stimson regime in the United States Attorney's office was the prosecution of Charles W. Morse and his conviction for wrecking the National Bank of North America.

Mr. Stimson was still engaged in winding up the sugar cases when he resigned, and was succeeded by Henry A. Wise, in the spring of 1909. He continued as special counsel for the

CLEBURNE DIDN'T WANT THE GAME

AT LEAST THEY DIDN'T PLAY LIKE THEY HAD ANY HOPE OF WINNING.

THE CONTEST A HIT FEST

Morris' Men Slam the Ball All Over Floral Heights and Count Up 18 Hits.

The most colossal baseball farce in the history of the Texas-Oklahoma League was perhaps that of yesterday when the Wichita Falls team took the game from Cleburne to the tune of 13 to 5, and remarking that they took the game does not mean that the resistance was great and practically handed to the home team by the visiting ball players. The Cleburne bunch, including Donohue who is always busy during an interesting game, failed to show any enthusiasm whatever yesterday and it is not thought that Donohue kept quiet altogether through fear of being benched, because that is not his style as demonstrated in the Sunday game.

The game was a hit fest from the early innings and both sides pelted the pellet. Morris' men rapped them all over the lot and the Cleburne bunch was found on the slugging line as well, the former securing 18 hits while the latter chalked up 12. Myers was hit hard but the hits were less effective than those secured by the Irish Lads.

Barnett for the visitors pitched three and a third innings and gave up 7 hits, while Hopkins pitched four and two-third innings and allowed 11 hits including two home runs.

There were no features in connection with the exhibition worthy of special mention and perhaps the least that can be said of such a game is the better.

Following was the score:

BARBERS PUT BAN ON TIPPING EVIL

St. Louis, Mo., May 23--A ban was placed on tipping at a mass meeting of bosses and journeymen barbers yesterday. The action comes as the result of investigation by officers of the International Union of Journeymen Barbers of America, representing the United States, Canada and Porto Rico.

Barbers have for some time complained because their patrons were joining the ranks of the self-shavers. The issue became so pronounced in St. Louis that the attention of the National Association was called to it. After the answer comes back after a study of conditions throughout the country that tipping is the reason why men shave themselves.

"The fault is in our own ranks," said James C. Shanessy, general organizer of the International Union who made the investigation. "The custom of tipping has become so much abused that the barber almost forces the extra fee from his patron. Nowhere else is tipping so much abused as in the barber shop. If persisted in it will drive nearly all our customers to shaving themselves."

Government until the last Sugar Trust defendant was convicted. Then came a period of the practice of law, in which he had been engaged from the time of his graduation from the Harvard Law School in 1891.

When the Republican progressives got control of the Saratoga convention last summer, Theodore Roosevelt made Mr. Stimson his candidate for Governor and brought about the nomination, which was followed by his defeat. Since the first of the year Mr. Stimson has delivered several addresses that attracted attention, in which he placed himself in the progressive wing of his party. His most recent public activity has been as head of the new Fire Prevention Bureau established by the Citizens Committee of Safety. Mr. Stimson is a member of the law firm of Withthrop & Stimson, of which Senator Root was a member before he entered the McKinley administration as Secretary of War.

Phillips, male, white, Smiley, 97; Frederick Ketch, female, white, Yorktown, 93.

The report is incomplete on account of the fact that the death report for the city of Dallas was not received until all the figures had been tabulated. Texarkana made this month the first report it has sent in since last June.

The 11 pellagra cases were reported from the following counties: Anderson, 1; Grayson, 1; Llano, 1; Tarrant, 1; Tarrant, 3; Harris, 2; Galveston, 1; Upshur, 1.

SHE KILLED MAN TO PROTECT HONOR

Newark, N. J., May 22.—Considerable public interest is displayed in the case of Mrs. Carmela Pignatella, who was brought from her cell, where she has been confined for more than a year, and arraigned in court today to stand trial for the alleged murder of Antonio Antonino. The killing occurred at the woman's home in Montclair on April 24 of last year. She is said to have confessed the deed, explaining that she killed Antonino in defending herself against his importunities to elope.

Antonino was stabbed to death with a carving knife. Mrs. Pignatella explained to the detectives that in Italy several years ago the dead man paid her attentions. Both, however, had wedded since coming to America and the woman declared that her answer to the man's proposal to elope was that she would not leave her husband and five children. The lover continued his suit and on the day of the tragedy called at the Pignatella home during the absence of the husband. To protect her honor the woman declared she was compelled to slay Antonino.

himself any part of the wreck. It was then that he decided to give up his post in the president's cabinet and return to Tennessee.

This shows how foolish and groundless are some of the stories sent out from Washington based upon mere supposition. The acceptance of Mr. Dickinson's resignation was held up for several days before the fact leaked out that it had been tendered, and meanwhile his successor was chosen.

MISS EWING OPENS TO PACKED HOUSE

The engagement of the Gertrude Ewing Company opened in their own tent theatre Monday night to a packed house. The opening bill was "Man Turned Devil," a psychological play of strong parts and a number of well turned climaxes. Though one not destined to become popular with the greatest number of theatre-goers, the play was exceptionally well given by the company, and gave opportunity for some really clever acting on the part of the principals.

The Ewing Company is exceptionally strong. Miss Ewing's work as shown by last night's performance in emotional parts, and in these she is as brilliant as any who have ever appeared here.

The specialties, between acts, were also very clever, and provide a really good vaudeville program in addition to the regular play.

Tonight the company presents "The Foreman of Bar Z Ranch." A Western comedy after the style of "The Round-Up" and "The Virginian." This is said to be one of the best plays in the company's repertoire and another large audience will doubtless be present.

Why Dickinson Resigned. (San Antonio-Express) When Mr. Dickinson resigned the war portfolio in President Taft's cabinet a few days ago there was a suggestion of friction and of political exigencies and of a mild intimation from headquarters for him to get out.

So many different reasons for his resignation have been suggested that the casual reader might suppose that Mr. Dickinson as secretary of war had caused to be persona grata and that he got out of the way for that reason.

In his letter to Mr. Dickinson President Taft testified to the secretary's satisfactory administration of the war department and his regret at the severance of the official relations, but the personal considerations explained to him at length, the president said, left him no alternative but to accept the resignation, much as he regretted to do so. The personal considerations referred to by the president are thus explained: "Secretary Dickinson, his wife and his brother-in-law, a few years ago invested their entire wealth, about \$250,000, in a coal mine near the secretary's Tennessee home. The money the secretary himself put into the mine constituted his savings from his lifetime efforts. The money—his wife and brother-in-law invested was what had been left them in a legacy. At first the mine, which was called the Belle Air, paid but a few months ago it began to run down. Those in charge of its operations could not bring enough of the deposit forth to meet the expenses of operation.

A short time ago Secretary Dickinson and his partners were compelled to put more money into the mine and the secretary had to dispose of his valuable stock farm in Tennessee. The proceeds of this he put into the mine. It was of no avail, however, and a few weeks ago the mine went into the hands of a receiver. "Secretary Dickinson realized that his personal attention to the business was necessary if he was to save for his wife, his brother-in-law and

To Clean And Press A Suit

To clean and press a suit, or delicate dress fabric properly is a trade in itself, and not to be learned by any one in a day. It requires something more than a flat iron to start a tailor shop too.

We are equipped with the best machinery made, and our workmen have had years of experience. We guarantee the very best satisfaction on any class of woolen, cotton, silk or linen fabrics.

And our prices are no higher than others.

SWITCHMAN ASKS \$20,000 FOR INJURIES

R. S. Howard has filed suit against the Fort Worth & Denver Railroad for injuries sustained while employed as a switchman at this place in October 1910. He alleges that while riding on a foot board of a switch engine in the freight yards, the engine ran into a pile of rubbish or boiler plate crushing him and causing permanent injuries to his ankles, feet, legs and knees.

20,000 LIVES AND \$2,000,000,000 PROP'TY

By Associated Press. New York, May 23.—More than 20,000 lives and two million dollars worth of property have been sacrificed by fire in the United States during the past fifteen years according to President W. H. Merrill, in his annual address before the National Fire Protection Association here today.

CLEBURNE DIDN'T WANT THE GAME

(Continued from Page Two.)

By Barnett 1. First base on errors—Cleburne 1, Wichita Falls 2. Double play—Cleburne. Passed balls—By Fannin 1, by Naylor 1. Time of game—2 hours and 10 minutes. Umpire—Porkorney.

Bonham Wins Double Header. Bonham, Texas, May 23.—Bonham won both games of a double-header from Gaineville here yesterday. The first game was won easily by the locals, just being in good form and getting eight strike-outs. The second game was hard fought and was anybody's game until the ninth, when Cooper won for Bonham with a single over first base with the bases full.

The score by innings:
Gaineville 000 000 100—1
Bonham 012 000 01*—4
SECOND GAME.
Gaineville 022 210 000—7

Struck out—By Jost 8, by Boggs 1, by Pate 1, by Haislip 5, by Boggs 2. Sacrifice hits—Humphries 2, Cooper, Garrity, Stillman, Pratt. Time of first game—1 hour and 40 minutes. Umpire—McDonald.

Game Forfeited to Altus. Altus, Okla., May 23.—In the first inning of the game here yesterday, Umpire Gilreath fined Welsinger \$5 for calling his decision; when he finally was expelled at first. He then fired Manager Rogers of Ardmore \$25 for disputing the decision and ordered him out of the park. The subse-

Lawton 4, Durant 2.

Lawton, Okla., May 23.—After being hammered onto the bench Sunday, Billings went back in the box for Lawton yesterday, let down Durant with five hits (three of them were scratches) and beat the Educators 4 to 2. It was the best game here this season. Corzine started for Durant, but after the Medicine Men got a double and single and scored twice in the second he was replaced by Grady, who was effective, except for wildness. In the sixth two singles, a sacrifice, an error and a walk gave Lawton two, Lawton came back with a like number in the last of the sixth, Alberta's long fly and then threw the ball away trying to catch Alberta.

The score by innings:
Durant 000 002 000—2
Lawton 010 002 01*—4
Hits—Off Corzine in 2 innings 2, off Grady in 7 innings 3, off Billings in 9 innings 5. First base on balls—Off Corzine 1, off Grady 4, off Billings 2. Two-base hits—Porkorney 1, Mathis. Sacrifice hits—Wells, Epling 2. Left on bases—Lawton 1, Durant 2. Double play—Bouldin to Burge. Passed ball—Conner. Wild pitch—Grady. Struck out—By Billings 1, by Corzine 1, by Grady 5. Time of game—1 hour and 45 minutes. Umpire—Courson.

Game Forfeited to Altus. Altus, Okla., May 23.—In the first inning of the game here yesterday, Umpire Gilreath fined Welsinger \$5 for calling his decision; when he finally was expelled at first. Altus won a well-played game from Ardmore here yesterday.

Altus won a well-played game from Ardmore here yesterday. Features of the game were the fielding and hitting of Manager Monroe of the locals and the general hard hitting of the Altus team. The score by innings:
Altus 120 000 04*—7
Ardmore 100 000 020—3
Struck out—By Kizlar 3, by Towers 3. Hit by pitcher—Johnson. Three-base hits—Monroe, Nichols. Left on bases—Altus 10, Ardmore 9. Sacrifice hits—Crawford and Johnson. Time of game—1 hour and 30 minutes. Umpire—Gilreath.

"THIS IS MY 66th BIRTHDAY."
Antoine E. Monis.
Antoine E. Monis, who became premier of France two months ago on the resignation of the Briand ministry, was born at Charente, May 23, 1845. After completing the ordinary course of instruction he studied law and was admitted to the bar. Since 1891 he has sat in the French senate for Gironde. He took a prominent part in the overthrow of the Bonaparte ministry in 1896. As minister of justice in the cabinet of M. Waldeck-Rousseau he signed the decree involving the High Court to try the royalist plotters against the republic in 1899. M. Monis has many friends among politicians and has occupied a position of great authority in the senate, of which he became a vice president in 1900. In politics he is a radical Republican, moderately inclined toward the advanced Left section.

WHOLESALE GROCERS MEET AT INDIANAPOLIS

Nearly 800 Leading Wholesalers Represented Capital of \$190,000,000 Attend Meeting

Indianapolis, Ind., May 23—Nearly 800 of the leading wholesale grocers of the United States, representing invested capital amounting to \$150,000,000 responded to the roll call this morning at the opening of the annual convention of the Wholesale Grocers Association. President Fred P. Drake of Easton, Pa., called the gathering to order and presided over the opening session, which was devoted to the exchange of greetings and the appointment of committees. The convention will spend three days in the discussion of various matters of importance to the wholesale trade. The main weights and measures bill now before congress and the strict enforcement of the pure food laws are among the subjects that will receive attention.

STOMACH-DISTRESS.

O. F. Marchman Sells M-I-O-N-A, the Mersey Back Cure.
 Indigestion will not long trouble you if you put your faith in M-I-O-N-A, stomach tablets.

Taken after meals M-I-O-N-A stops heaviness, sourness, belching of gas, or heartburn in five minutes.

It is guaranteed to cure indigestion and build up the stomach, or money back. It cured Mrs. Klumpp, it will cure you. Read:

"One year ago I was cured of a severe stomach trouble by the use of M-I-O-N-A. My food fermented and soured, causing gas and a nauseous condition. I could not eat, and became weak, depressed, and was sickened for six weeks. Doctoring without success. I was advised to try M-I-O-N-A. I received relief from using the first box, and continuing, I used four in all, and was cured. There is nothing too strong for me to say in favor of M-I-O-N-A. It cures where other remedies and doctors fail."—Mrs. Wm. Klumpp E. Edgett, Lowell, Mich.

Sold by O. F. Marchman and druggists everywhere at 50 cents a large box. Write to Booth's M-I-O-N-A, Buffalo, N. Y., for free trial treatment.

Those Bad Spells.
 Lebanon, Ky.—Mrs. Minnie Lamb, of this place, says: "I believe I would have been dead by now, had it not been for Cardui. I haven't had one of those bad spells since I commenced to use this medicine. Cardui is a specific medicine for the ills from which women suffer. Made from harmless, vegetable ingredients, Cardui is a safe, reliable remedy, and has been successfully used by weak and ailing women for more than fifty years. Thousands of women have been helped back to health and happiness by its use. Why not profit by their experience and be cured. A trial will convince you that Cardui is just what you need."

WANTED

If you have any young stock to sell it will be to your interest to show them to John F. Kiel. I pay the highest market prices, \$3.50 for cows and \$3.75 for calves. I also have almost a train load of good farming tools to sell, which must be all sold by the first of August or I will trade them for stock. I will buy away a good part of the sale, but W. H. Kiel will manage the sale.

Robatch's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach; increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the well or delivered in jars or cases. This well is located one mile south of Abilene school building in First Heights, two deliveries daily, morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—3 Shoria. 259-1c

Walter Duryea, son of the late millionaire starch manufacturer, who died in New York (Friday May 12) recently after living 12 years a marvel to the medical men of this country and Europe. For twelve years, since the accident that resulted in a broken neck, Walter Duryea lived within the shadow of death. Following the fracture of two of the young man's spinal vertebrae, he was practically paralyzed from the neck down. Thursday Mr. Duryea lapsed into a comatose state and the little group gathered about his bedside waited in silence for the end.

Chief among those at his bedside was Miss Eleanor Peregrine, who was the assiduous nurse of the invalid after he was reduced to the state of helplessness. She had pledged her troth to him when he should recover.
