OUR "GARDEN" Is at Your Command

You tell the truth its a very hard thing to make even bare expenses on fresh fruits and vegetables during this season. Some days we sell out clean, other days we have considerable left over which a large part is clean loss—goes into the garbage heap.

You can help us avoid this and at the same time secure for yourself fresh vegetable service possible.

Simply call us up early in the morning say about 8 or 8:30 and tell us what you want for the day, we can at the same time tell you what is available.

It would be better still if you could ring us up the evening before and tell us what you would like for the next day and then we could select for you and deliver very promptly the next morning from the first and best arrivals.

We are going to make special efforts along this line this season and will appreciate your cooperation.

LATE SPORTING NEWS

MEDICINE MEN PUT UP SORRY GAME

FUMBLE AND BOOT THE BALL AND THEN TRY TO THROW IT AWAY.

ASCENSION IN THE SIXTH

Game Developed into Complete Farce and Utter Rout—Many Left the Grounds.

The fans of Wichita Falls have witnessed a variety of baseball since the organization of the Texas-Oklahoma league, but it remained for yesterday to furnish the finished product of a large exhibition of the national game. So disgusting was the spectacle that many left the grounds before the game was over, including nearly all the large crowd that came from Lawton to witness what they thought would be a contest.

The game started off well and continued so until the beginning of the sixth inning when the visitors took an ascension in the nature of which was such as to indicate that the craft was large enough to and did carry a majority of the team. They fumbled the ball, then booted it and not satisfied with so tame an exhibit of how the game should not be played, proceeded to throw the sphere away. The agony was something awful and when the dust had cleared away the Lads had added seven runs to the three scored before.

The first run made by the home team was in the first inning when Taylor secured a single and scored on a three-base hit by Art Naylor. The second was the product of a home run in the second inning by Clark, while the third was made in the fifth when Art Naylor secured first on an error by Alberta, and went around the diamond as the result of a wild throw by Metcalfe. In the fateful sixth, Jones led off with a hit and advanced to third on a single by Taylor after Guthrie had run on a pop up to first. Taylor stole second and was advanced to third on an error by Alberta, which error also permitted Jones to score. The same error gave Witherspoon first and it was here that the ascension assumed damaging proportions. Art Naylor drove the ball to third and Metcalfe's error gave him first, advanced Witherspoon to second and permitted Taylor to come home. Dick Naylor hit safe, Witherspoon scored and Art Naylor advanced to second. Brown secured first on a fielder's error that failed in its effectiveness and the bases were full. It was here that Clark knocked the ball by short to left field and when permitted to pass by Mathis the four runs resulted. Cooper struck out, while Jones went out short to first and the side retired to the relief of those who had seen the game so far.

The eleventh and last run was made in the seventh and resulted from a wild throw by Metcalfe when Taylor knocked the ball to third base.

Lawton scored in the seventh for the first time on a hit by Billings who was advanced to first by orney and scored on a two-bagger by Reynolds. In the seventh inning Jones pitching for the Lads sustained an injured finger and Left Fielder Guthrie was placed in the box in the eighth. As Guthrie makes no pretensions as a pitcher it is supposed that he was substituted for "the fun of the thing." No damage was done in the eighth, but in the ninth he was touched up for four hits and five runs. Metcalfe, Billings and Porkorney each secured a hit on Clark's error, while L. Mathis hit safe, the sum total of the bombardment being five runs. The next three men up went out and the game was over.

Jones for the Lads pitched a splendid game for the first six innings allowing but one hit and striking out ten out of the nineteen efforts at bat. In only one of the six innings did more than three men face him and that was in the first when Porkorney was given a pass to first. Of the first nine men to first face him six went by the way of the strike-out route. In the seventh he was touched up for three successive hits, but good fielding prevented more than one score.

Daughterly gave promise of pitching a good game and would have no doubt made an excellent showing, but for the ragged support he received. He pulled himself out of two holes in innings wherein errors got him in trouble. In fact, to the sixth inning the Lads had secured but five scattered hits and had carped but two runs, one of which was a homer by Clark.

Each team secured a double, the visitors in the fourth when Daughterly caught a pop-up fly off Witherspoon's bat and retired Guthrie on his return to first, the Lads in the fifth, Taylor to Clark to Cooper.

Brown, Witherspoon and Cooper alone of the home team failed to connect for a hit out of the ten accredited Guthrie, Taylor, Art Naylor, and Dick Naylor securing two each, while Clark and Jones each annexed one.

Wichita Falls played an errorless game until the ninth when Clark fumbled the ball batted by Reynolds. Myers took Guthrie's place in left

fielding team. AN IDOL IN COURT

Made to Serve the Ends of Justice In a Case in Japan. THE RUSE OF A WISE MAYOR.

This Solomon-like Official, to Whom an Innocent Man Accused of Theft Appealed, Devised a Simple Scheme That Disclosed the Real Culprits.

One day a servant employed by the proprietor of a big store near Japan bridge, in Yedo, was sent with a heavy pack of valuable cotton goods on his back to a dyer in Honjo district. When the store's messenger reached Yokogawa street he was ready to seek rest. What more safe than the little grove of trees set about the stone statue of the god Jizo, the patron saint of travelers and defenseless woman and children.

The somnolent porter awoke from a nap to find that his employer's cotton had been to the storeroom and confessed that he had slept and that a robber had made off with the goods during his slumber. The master would not believe his story, saying that it would have been impossible for a robber to make off with so large a bundle in broad daylight. Unless the porter should pay for the lost goods he would have to go to prison, said the master. In despair the porter took counsel of Mayor O-o-ka.

"You are certainly to blame for having fallen asleep," reproved the mayor. "But Jizo is equally to blame, for he is a god bound to protect every one who trusts in him, and in this instance he has betrayed you. I will have him arrested and brought before me for trial."

O-o-ka gave immediate orders to his court officers to go and arrest the Jizo of Yokogawa street and bring him before the mayor's seat for trial. Three of the officers departed on their mission. They first bound the arms of the stone god with coils of rope; then they tried to lift him from his firm pedestal into a cart. A great crowd assembled before the Jizo, attracted by the unusual behavior of the court officers. When they were told that Jizo had to go before the mayor for trial the citizens marveled.

The task of upsetting the god was too much for the three court officers, and they sought aid of those standing about. They promised that in return for assistance they would admit all volunteer workers into the courtroom to witness the extraordinary trial. Hundreds were spurred by curiosity to lend a hand, and when the stone god went through the streets strapped to a cart like an offender the crowd grew. It filled the great hall of justice when Jizo was placed before the platform upon which sat the mayor. O-o-ka addressed the god in stern words.

"You are a negligent fool, O Jizo!" he exclaimed in a voice loud enough for all to hear. "You are supposed to protect every one who believes in you and who renders tribute, yet this trusting porter here made a prayer to you, then fell asleep at your feet, and he was robbed while he slept. You stand accused of being an accomplice in this robbery. Have you anything to say for yourself before I pass sentence?"

Mayor O-o-ka waited for a few moments as if expecting the stony lips of Jizo to open in reply, but when no answer was made by the god he passed sentence immediately.

"Since you do not defend yourself I consider that you are guilty," said his honor, "and I shall imprison you."

At this remarkable spectacle of a mayor passing sentence upon a stone god there was a titter of laughter. O-o-ka thundered in a voice of brass.

"Who are all these people standing about here?" he inquired of his court officers. "Are they accomplices of Jizo or only plain thieves? Think this court is a penny shop, and they laugh at the court's orders. Shut all the gates at once!"

The scared attendants hastened to shut the gates of the courtroom. Then Mayor O-o-ka adjudged every man in the great crowd in contempt of court and fined each of them one tan (a kimonoo length) of cotton cloth. The hundreds thus suddenly found in contempt were happy that their punishment had been so light at least, and under bonds they hurried to their homes to bring back the cloth fine. Before the day was done 700 pieces of cotton cloth had been presented before the mayor's court, the names of each culprit being set down upon the one fan of cotton cloth which he presented.

Before he would allow the 700 to go, however, O-o-ka retired with the porter who had been robbed to an inner chamber, and he asked the porter to look over the 700 pieces of cotton cloth and see if he could identify any of them as having been once in the pack he had carried. Since every manufacturer of cotton cloth in Yedo always marked the selvage of each strip with a little red trademark stamp, the porter searched the edges of the many strips of cloth for a stamp similar to that borne on the cloth of which he had been robbed. He found that two of the pieces of cloth brought to pay the mayor's fine bore the stamp of his plundered pack. Instantly Mayor O-o-ka gave orders for the arrest of the two men who had brought this cloth. They confessed to the robbery, and all of the cloth they had taken from the sleeping porter's pack was restored to him.—Japan Magazine.

The Texas Grain Dealers have gone on record as opposed to Canadian reciprocity. The grain raisers and the consumers are yet to be heard from.

Prof. Harris who was removed from the head of the San Marcos schools has written a Grayson county friend that he has secured another job at \$3800 per year. This ought to settle the newspaper controversy between him and the governor for a time at least.

Those who are compelled to buy school books each year for a family of from six to ten children are not likely to complain if Canadian reciprocity should cheapen the cost of wood pulp and print paper. Neither will they be found complaining if the tariff is removed from wool, hides or lumber. All these things go to cheapen the cost of living, and there are few people out of the millionaire class who do not fully realize that the cost of living is entirely too high and out of proportion to the wages that are being paid.

The reports from pro headquarters at Houston are to the effect that they are confident of winning a victory on July 22nd, but this optimistic feeling is not so general over the state, in fact it begins to look as if the pro forces were very much discouraged at the outlook, and unless something is done towards organizing for the campaign, they cannot expect anything but de-

feat. On the other hand, the anti forces are most thoroughly organized and know within a few hundred votes of their voting strength. They are in the minority, but it is safe to assert that 95 per cent of the anti vote of the state will go to the polls on election day. If the pros were as well organized there is not much doubt but that the state could be carried for statewide prohibition by at least 75,000 majority. The pros have the votes, but lack organization, and in order to perfect an organization such as the anti have, will require a great deal of money. This the pros have not. They have been too confident of victory all along, and this over-confidence is going to cause their defeat unless the managers wake up to the realization that they have a fight on hand.

SECRETARIES BULLETIN.

The Commercial Secretaries Association has been conducting a statewide campaign through the Commercial Clubs and the press of Texas for an expenditure of \$25,000,000 on our public thoroughfares in 1911, and the organization has just completed an investigation into the progress made in road building during the year and finds that an expenditure of \$25,000,000 is practically assured and if the intense interest in road construction continues unabated an expenditure of \$50,000,000 during the year is within the bounds of possibility.

The following list give the fiscal status of our public road funds at the present time.

Road Bond Money on hand January 1st, \$3,446,323.

Road Bond Money authorized since January 1st, \$3,125,500.

Regular Annual Road Tax, \$4,250,000.

Regular Street Tax, Bond Issues for street improvements, etc., \$6,521,000.

Bond Elections called, \$1,430,000.

Prospective Bond Issues with organized movements behind them, \$4,580,000.

We are nearing the \$25,000,000 mark with only half the year gone and with public interest in road improvements daily increasing, during the remainder of the year the bond issues alone will probably reach the \$25,000,000, making a total of approximately \$50,000,000 to be expended on public thoroughfares during 1911.

The Association has in process of preparation a comprehensive plan of building continuous highways throughout the state. Gov. Colquitt, in his address on Good Roads at the Dallas Fair last fall suggested an Appiar Way from Red River to the Gulf and an effort will be made to put through at least one continuous road running North and South across the state this year.

A State Good Road Convention will in all probability be called at Dallas, soon to perfect plans.

Will Organize K. of P. Lodge.

On account of a number of the members being unable to secure their transfer cards, the organization of the K. of P. lodge at this place was postponed until next Monday night, the 29th. A large crowd of visitors are expected from neighboring towns and a good time anticipated.—Newcastle Register.

Winning Score Made in Seventh Inning by Robertson—Lowrey Pitches Good Ball.

Durant, Ok., May 28.—The lid was lifted here today and the first Sunday game of the season played. A large crowd attended. Many women were in the grandstands. Gainesville won, 3 to 2, with the winning score made in the seventh, due to two passed balls by Robertson, who went in to catch for Durant after Connor retired on the ground of illness. In the fourth Grady started to pitch for Durant, and although he held the visitors to five hits and was effective with men on bases, he was wild and was replaced by Henson after he had walked the first man in the eighth inning. Lowrey pitched good ball for Gainesville. Both teams accorded the pitchers good support, the fielding of Striblee at second and Brownlow at third for the Educators, being features.

It Costs No More To Run a 12-inch Western-Electric Desk Fan than to Burn One Electric Light

EVERYONE realizes the need of electric fans in the office and home. Many, however, do not know how small the operating cost of a good fan is. Western Electric fans cost little either to buy or to operate, will last for years and are so sturdily built as to require practically no attention.

You buy a fan just once, but you pay for current as long as you run it. Therefore, get Western Electric fans—the kind that take little current.

You Can Run a Western-Electric Ceiling Fan as Cheaply as you Can Burn Two Electric Lights.

We have Western Electric Fans for every purpose on exhibition at our display rooms. Call and let us demonstrate them.

Texas Industrial Notes

Ground is being broken for the erection of a plant of the Waco Sugar and Door Company at Waco, which will cover seven square blocks.

Texas City is to have a \$50,000 hotel. Work was begun on the structure last week.

Nacogdoches County has voted a bond issue of \$90,000 for the purpose of erecting a new court house.

The Cotton Belt Railway has broken ground for the construction of a new passenger depot at Comanche.

Work has commenced on the stack for the mammoth 1,200-ton per day sugar mill at San Benito. The stack will be 140 feet high and 20 feet square at the base, and is built of reinforced steel and brick.

An election was held at Tahoka for the purpose of voting a special tax to erect a new school building which carried by a large majority. The building will be steam heated and modern in every respect and will cost \$15,000.

Temple is to have a one hundred-room hotel. The building will be completed and ready for operation by June 20th.

Bell County is preparing to issue bonds to the amount of \$300,000 for the purpose of building good roads.

The Paris & Mt. Pleasant railroad, whose terminus is now at Bogota, will be constructed on to Mt. Pleasant within a short time.

Seymour will soon launch a campaign for a \$100,000 bond issue for the purpose of improving the roads in Baylor County.

Longview will have a \$50,000 hotel. A local stock company has been formed for the purpose of erecting the hotel, with J. J. Hudson at its head.

The city of Longview recently gave eighty acres of land to be used for terminal shops, etc., right of way, 10 miles of county line and subscribed \$7,500 in cash for an additional railroad. This will be the sixth railroad running into Longview.

Graham Takes "Cow Census." The Commercial Club of Graham is urging the development of the dairy industry in Young County and the secretary of the club at that place recently had a "cow census" taken for the purpose of intelligently going about the establishment of a creamery in that city.

Good Roads Campaign. The Commercial Secretaries' and Business Men's Association is now taking a census of the public highway improvement in the State during 1911 to date and the result will be announced the latter part of the week.

Good roads will help those who cultivate the soil and feed the multitude and whatever adds to the production of our country will increase our wealth and our greatness and benefit all the people of the land.

The rubber industry of Texas, while comparatively new, is rapidly coming to the front and it is estimated that three million pounds per month is shipped to outside markets.

Good roads have money value far beyond our ordinary conception. Bad roads constitute our greatest drawbacks to internal development and national progress.

Canning Factory. A Chicago firm has erected a new canning factory at San Benito, which will be put in operation at once. The machinery has been installed and has been given a thorough try-out and pronounced in good condition.

Good roads mean progress and prosperity, benefit to the people who live in the cities, an advantage to people who live in the country, and they will help every section of the State.

Hog and Hominy Day. For the purpose of encouraging both the Hog and Corn Club boys in Collin County, the McKinney Commercial Club has decided to hold monthly meetings for the boys of the county, the day to be known as "Hog and Hominy Day." It is estimated that over five hundred youthful farmers of Collin County will attend the first meeting.

The House Fly Must Go. The Commercial Club at Mart is engaging in a crusade against the house fly and the entire membership of that organization is now spending its spare time combating this pest.

War has been declared on the fly all over the South and Texas is leading in the movement, the Commercial Clubs in many instances leading the fight.

The mischief-doingness or meanness of some individual, young or old, came near causing a wreck on the street car line to the Lake yesterday afternoon. A cultivator sweep was placed on the rail-out-of-town a distance and a car and trailer, both heavily loaded with people, passed over the obstruction and fortunately without serious results. The contact caused quite a jolt and for a moment it was thought that some one had fallen from the car and was run over and it was quite a relief when the true facts were ascertained. It is too bad that such criminal acts cannot be apprehended as a number of lives were endangered thereby.

Both the district and county courts will convene on next Monday for the regular term.

Sheriff W. L. Futch of Coleman county is in the city after a prisoner apprehended by the sheriff's force a few nights since. Mr. Futch will return with his prisoner tonight.
