SPLENDID PROGRAM FOR COMMENCEMENT

ST. MARY'S EXERCISES FRIDAY NIGHT WERE OF UNUSUAL MERIT AND INTEREST.

FOUR WERE GRADUATED

Misses Massie, Carver, Burnett and Parker Receive Medals—Good Musical Numbers.

The sixth annual commencement exercises of the Academy of Mary Immaculate were held at the Wichita Theatre last evening in the presence of a large crowd of patrons and friends of the school. The theatre was well filled with an appreciative audience that listened attentively to, and greatly enjoyed, the splendid program provided for the occasion. It is doubtful if there has been in the history of Wichita Falls a similar occasion in connection with which the program was more complete, the arrangement more perfect, or the costumes more attractive. Each succeeding number demonstrated the fact that great care had been exercised in preparation for the event both on the part of the pupils and the sisters in charge of the Academy, and every one connected in any way with the exercises has reason to be proud of the result achieved. Not only were the exercises a credit to the Academy and to Wichita Falls but they would have done honor to the largest city in the state.

From the rise of the curtain until its fall on the closing scene of the sixth Academy term the picture was one of splendor and such as would inspire, not only a feeling of admiration on the part of those in attendance, but a high regard for the splendid work of this school in moulding the minds and characters of the girls who have been entrusted to its care.

From a literary standpoint the program was all that could have been desired. The reciting papers evidenced unusual ability and careful training and were meritorious to a degree that demonstrated the possibilities of a proper application of the opportunity afforded. "We Have Launched 'Tomb' But Where Shall We Anchor," by Miss G. Massie, the salutatorian, was a gem of thought and composition and the ideas contained therein were noble and inspiring and calculated to yield a lasting influence upon her associates as well as others who heard the splendid message. In "Life's Vesper Bells Are Ringing," Miss E. L. Carver, valedictorian, had a subject broad in its scope and it may be said to her credit that the paper was an excellent one and was listened to with close attention by the large and appreciative audience.

Perhaps the most thoroughly enjoyed feature of the program was the operetta, "Queen Flora's Day Dream," in which the five principal characters assume personalities in a way to command the applauds of their many friends.

Other numbers deserving special mention were the pantomime, "My Child Give Me Thy Heart," the comedy sketch "My Aunt's Heiress," and the closing hymn, "Holy God We Praise Thy Name."

Other musical numbers, including the march from "Athalia," the Toy Symphony, the opening number and the overture, "Die Italienerin in Algier," were well rendered and greatly enjoyed by the audience.

Following the paper by Miss Massie came the presentation of Gold Medals and diplomas to the graduates. Diplomas were awarded to Misses Massie, Carver, Burnett and Parker, members of the graduating class, while medals were received as indicated at the conclusion of this article. After the formal presentation of honors, Father Dolis delivered a short address to the graduating class which was full of kind encouragement to the young ladies thus entering upon the duties of life.

The program complete was as follows: 1. Toy Symphony, B. Romberg, Op. 62. 2. Pianos—Misses F. J. Raines, G. Haller, G. Carver, P. Warren, E. Carver, M. Smith. 3. First Violin—Mrs. L. MANIFESTO FROM THE FEDERALS

Leaders of Hot Tamale Happy Day Called Upon to Lay Down Arms and Surrender.

A deep laid plot has been discovered whereby certain members of the local Y. M. C. A. have banded themselves together in an effort to win the membership contest next week. They properly style themselves Insurrectos.

The Federals have held secret council of war and have planned to put the Insurrectos to flight. The following manifesto has been issued by the Federals:

"Hear ye Oh ye unfaithful sons of the Cactus who would rebel and follow such leaders as 'Hot Tamale Happy Day,' we call upon you to desist from such foolishness and render obedience to lawful authority. To all such of ye as will lay down your arms and surrender without a struggle, we offer light punishment in the form of a barefooted march at 2 p.m. over our new street pavement. But hearken again, ye who may resist our authority, no quarter will be shown and when captured severe punishment in the form of a bath will be inflicted.

SEVERAL DELIVERIES OF WHEAT THIS WEEK

Several deliveries of new wheat, both by wagon and in car lots, have during the past few weeks arrived at the Wichita Mill & Elevator plant and sold at the prevailing prices.

In speaking of the matter this morning, Mr. Wolter Priddy, the company's purchasing agent said that the bulk of receipts here so far was of good quality, grading No. 2 and selling at 85 cents per bushel.

Mr. Priddy said there seemed to be a disposition on the part of the farmers to hold their grain in the hope of higher prices.

"The oat crop throughout the country," said Mr. Priddy, "is very short and as a consequence oats are selling at harvest time at the extremely long price of 42 cents per bushel."

A special grand jury is being impaneled before Judge Landis which is to inquire into the negotiations of the illegal combination. More than fifty Minnesota lumbermen and wholesale paper dealers have been served with summonses to appear before the investigating body on dates between June 6 and June 29. They are expected to testify as to whether or not the alleged combination has been engaged in a conspiracy to black list and boycott certain concerns which sell direct to consumers, eliminating the retailer.

INSURRECTOS BARRED FROM CHIHUAHUA CITY

Authorities Fear Rebel Soldiers Will Give Vent to Their Resentment.

By Associated Press. Juarez, June 10.—A telegram from Chihuahua City today says the situation there is inexplicable. The federal troops refuse to surrender the city to the Insurrectos and will not allow Orozco nor any of his five hundred soldiers to enter the city. Appeals have been sent to Mexico City to settle the difficulty. It appears the Insurrectos are being kept out for fear they will give vent to a long cherished resentment against certain interests, including banks once controlled by Enrique Creel. The Insurrectos also regard the penitentiary and military headquarters as emblems of past political oppression.

An address by Miss Lillian E. Hayes of Dunreith, Indiana, on work in the Junior and Intermediate Departments and a conference on plans and methods of work led by Walter D. Howell of Boston, were features of the season Saturday morning.

The quiet hour and Bible study was conducted by Rev. William Anderson, of Dallas. The subject was fellowship in truth, prayer and Bible study. Mr. Howell in his address emphasized the necessity of avoiding monotony in the Christian Endeavor meetings. He said that monotony had killed more Christian Endeavor societies than any other thing. He said that changes could be made in the setting of the meetings, in the character of the exercises themselves. In conclusion he said: "You can't run a Christian Endeavor Society with plans and methods. You must have the Power of the Lord Jesus Christ."

Former Governor Campbell has been called out of the state and will be unable to come here to address the convention tonight. At the noon hour a luncheon was served at the Y. M. C. A. rooms at which Mr. Howell told about the Atlantic City convention.

No session will be held at the church this afternoon but at three o'clock the delegates will gather at the church for a trolley ride to Lake Wichita, where vesper services will be held.

Friday Evening Service.
A movement for the purpose of reaching 300,000 men who are not participating in church life, was briefly outlined by Rev. William Anderson of Dallas at Friday evening's session of the convention. This movement he said had been named "The men and Religion Forward movement," in behalf of the Christian life of the men and boys of North America.

The movement he said was to be interdenominational and it was planned to use agencies already in existence. The objects of the movement were: "To stimulate specialized work for

men and boys in every Church on the Continent.
"To win thousands of unconverted men and boys to Christ and church."
"To double the enrollment in Bible Study Classes.
"To reveal programs of Christian service that will command the lives of the most efficient men of the United States and Canada.
"To continue the emphasis upon the great Missionary appeal at home and in the non-Christian world.
"To exalt the spiritual power of the public worship of God.
"To make a permanent contribution to the best life of the Continent, Social, Political, Commercial and Physical."

He said that ninety cities had been named as centers for this movement three of which were Dallas, Houston and San Antonio. The general work would be carried on from these centers in which eight day campaigns would be carried on by teams of experts in Bible study, evangelism, shop work, boys work, social service and missionary enterprises.

A feature of the evening service was the singing led by John Bradley of this city.

W. D. Howell, of Boston, failed to reach the city yesterday and his place was filled by Rev. J. T. Malloy, missionary to Aguascalientes, Mexico. In an inspiring address he urged the forward movement along all lines of Christian Endeavor.

Before adjournment Miss Tyler Wilkerson extended an invitation to all mothers to attend the conference on Junior work this morning.

TO ADD MANUAL TRAINING COURSE

Appropriation of \$2,000 Will Be Available for Next School Term.

That the Wichita Falls public schools will receive from the state an appropriation of \$2,000 a year for two years in the event of a compliance with the requirements of the state board of education is announced by Superintendent Toland, who this week returned from Austin where a conference was had with the board. This appropriation is for the encouragement of courses in manual training and domestic science in connection with the school work.

In order to secure this appropriation it is only necessary for the school board to comply with the requirements of the state law, that this will be done is assured by the action of the school board at this place in providing at a recent meeting for these courses. This action was taken with a view to securing state aid, but with the purpose of carrying out the plan independently if necessary.

In discussing the matter with a Times representative, Prof. Toland expressed himself as very much encouraged over the result of his trip and stated that he felt assured of the state aid as contemplated by the board at this place. He was given the assurance that upon a showing that the requirements had been met that \$2,000 would be available on the first of September this year and an additional \$2,000 on September 1st, 1912.

The law recites that, among the provisions necessary is the employment of competent instructors for both the manual training and the domestic science departments of the school whose duty it shall be to prescribe the course that must be taught, and it is understood that the trustees will at once seek suitable instructors for these places. In addition they will take such other steps as may be necessary in securing this acquisition, and it may be understood that the departments referred to will be a part of the course of the public schools of this city beginning with the next term.

TEN CARS HOGS OVER NORTHWESTERN

E. B. Carver, general live stock agent for the Wichita Falls & Northwestern, was in the city and wearing smiles today.

"The cause of Mr. Carver's complaisance was the fact that he last night brought in ten car loads of hogs over the Wichita Falls Route from various Oklahoma points destined to the Fort Worth market.

Immediately on the arrival of the shipment here Mr. Carver had it transferred to the Fort Worth & Denver road and the porkers were placed on the market in the Panther City this morning.

CHINESE LEAVING MEXICO BY HUNDREDS

Fear of Outrages Driving Mongolians From Republic of Mexico.

By Associated Press. El Paso, Texas, June 10.—Forty Chinamen left yesterday for San Francisco, for deportation. More than three hundred Chinese from the interior of Mexico have arrived here in the last two days and their efforts to get into the United States are giving the customs guards much trouble. It is believed many of them are leaving Mexico on account of alleged atrocities of which the Chinese government formally complained of last night.

WILL BUILD 150 MILES NEW ROAD

MR. KELL BRINGS BACK GOOD NEWS ON RETURN FROM TRIP.

OPEN UP NEW TERRITORY

Plans in Detail Not Made Public But Construction Will Mean Much for City.

Frank Kell returned today from a business trip to Chicago and New York in connection with the proposed extension of the Wichita Falls and Northwestern railroad and to a Times reporter this afternoon authorized the statement that they had now perfected arrangements for the extension of that system an additional one hundred and fifty miles. The work of surveying and contracting for the proposed extension will be taken up at once and the improvement will be made as fast as conditions will possibly admit.

Mr. Kell would not make public their plans in detail, especially with reference to the proposed line owing to the fact that there are a number of matters yet to be closed up, but regardless of the route under contemplation the extension is to be made and will mean much to Wichita Falls and the news will be received with much gratification by the people, not only at this place but by those elsewhere who will be affected.

In this connection it may be said that the extension of the line to Woodward will likely first be considered, after which it thought that the Lawton extension will be taken up by the company. Mr. Kemp did not return from the eastern trip and is expected home the latter part of next week.

PROMISE LOW RATES FOR LAKESHORE ASSEMBLY

Secretary Day of the Chamber of Commerce, who recently took up the matter of rates for the Lakeshore Assembly with the passenger agents of the different roads leading to the city, has received replies from each of the agents addressed, and in each instance the contents of the communications were of a very encouraging nature.

A. A. Glisson, general passenger agent of the Fort Worth & Denver, has written several letters regarding the matter, in one of which he states that in his opinion the Assembly at this place should be accorded the same proportionate rate as that given Epworth-by-the-Sea at Corpus Christi. Mr. Crush, of the Katy, also writes encouraging, as does W. S. Keenan, general passenger agent of the Santa Fe, with headquarters at Galveston, with whom the matter was taken up in connection with the purpose of bringing the subject before the meeting of the passenger agents at Galveston on the 12th inst.

All the agents have pledged their cooperation in securing a discussion of the proposed rate at the meeting referred to above and it is thought that a very attractive rate will be the result of a consideration of this matter. Mr. Potaine, of the Wichita Falls Route, will likely be in attendance, as will also Mr. Glisson of the Denver, and these gentlemen will look after the interest of the city in this matter.

IN SOCIETY'S REALM

FORMAL AND INFORMAL.

Dance.

Mr. and Mrs. Fitzpatrick and daughter, Miss Helen have honored a large number of friends with invitations to a dance to be given at the Colonnade June 15th.

With Rod and Reel.

Among the several parties that tied themselves to the lake Saturday for rest and recreation was that chartered by Mrs. E. B. Gorsline, composed of the following named persons: Misses Phoebe, Bishop, Vivian Mathis, Carrie Kell, Mary Mara, the Bishop, Margaret Lysaught, Esther Gorsline, Jewel Kemp, Messers, Claud Maer, Durland, Weiss, Pyle, Stamford, Bonner, and Gibson. Fishing was engaged in during the afternoon which insured fine appetites for the excellent supper which was served in the Colonnade later. After dinner, full justice to the rosin dancing was indulged in ending the day very happily.

A Joint Event.

Continuing the newly awakened interest in "42" Mr. and Mrs. J. I. Jackson invited a large company Wednesday night to honor their sister Mrs. G. H. Jackson of Waco which event partook of the nature of a lawn party. Aflame with lights and cooled by the evening breeze, the commodious grounds formed a fine setting for an evening of pleasure. Strains from a concealed orchestra floated through the air and two little maidens Bernice Jackson and Aurnette Walsh flitted hither and thither dispensing refreshment throughout the evening. After an interesting series of games, ice cream and cake refreshed Mr. and Mrs. Noble, Mr. and Mrs. Huff, Mr. and Mrs. Reece, Mr. and Mrs. Bacon, Mr. and Mrs. Laneford, Mr. and Mrs. Sneider, Mr. and Mrs. Gorsline, Mr. and Mrs. Culbertson, Mr. and Mrs. Orlan, Mrs. and Mrs. Wiley, Mr. and Mrs. Harrison, Mr. and Mrs. Day, Mr. and Mrs. Freear, Mr. and Mrs. Colburn, Dr. and Mrs. Gust, Mrs. Jackson, of Waco, Mrs. Murchison, Mrs. Linscomb, of Fort Worth, and Mr. Marvin Smith. At the same time Miss Marble, the daughter of the house, entertained a company of young friends on the spacious porch commensurate to her visiting friend's bombast of children. Their amusements consisted of songs and contests the most pleasing of which was "The Wedding of the Flowers."

Those invited were: Bertha May Kemp, Bess Kell, Kathleen Blair, Della Stone, Annie Freear, Genevieve and Eddie Carver, Ernest Fain, Joe Hatcher, Herbert Grabel, Lero Shearer, Robert Hill, Bentley Bacon, and Harry Jordan, to whom an ice cream course was served concluding the evening's pleasure.

To Fish or Not to Fish. Monday all roads apparently led to Lake Wichita. Ostensibly to fish, but tentatively to participate in all the amusements our lake resort affords, a congenial party availed themselves of a cool car ride and in the early evening were angling for the funny tribe with what success "denonment saveth not." Those who went were Misses Matlock, Avis, Lee, Skinner, Hobson, Suarkman, Brown, Brooks, Chevay, Mrs. Somers, Mr. and Mrs. Lillard

Wallace, Mr. and Mrs. Smith, Messers, Penick, O'Donohoe, Martin, Hendricks, Dr. Felder, Messrs. Smith, Thomas, Lamar, Fain and Fred Gaston. A picnic supper partaken of in the Colonnade, boating, dancing and laughing perillage filled up the flying hours and all too soon for the crowd on pleasure bent, came the last car call.

B. A. C. Klub

Lillian Fain was hostess to this young girl's club Thursday afternoon. Despite the heat the time was pleasantly spent in playing progressive cat and afterward refreshments of cream and cake were served. The meeting for next week will be with Audrey Adickes.

Girls' Sewing Club.

Miss Lucille Brooks the newly elected member of the girls' club showed her appreciation of the compliment by opening her home Tuesday afternoon for the pleasure of the club membership. Miss Josephine Brown, of Long Beach, California, was the guest of the afternoon and when the sewing hour was over, favored the club with some beautiful vocal selections. The hostess served cream and cake to Misses Brown, Gorsline, Carrie Kell, Phoebe and Mary Mar, the Bishop and Margaret Lysaught, of Fort Worth.

Standing with reluctant Feet.

Where the brook and river meet. With Mrs. Freear and Mrs. Murchison to play propriety, a jolly crowd of the younger set boarded the seven o'clock car for Lake Wichita Monday evening and proceeded to enjoy themselves as only the care-free can. The genuine interest in everything and everybody was enough to make the heart of an onlooker pulsate with pleasure. "The generous spread of 'eats' to the young is more of an incident that a feature but as 'everything is grist which comes to the mill,' so with the picnic supper. The personnel of the party was Kathleen Blair, Annie Freear, Bess Kell, Edith Mathis, Bertha May Kemp, Marjeth Jackson, Della Stone, Burton Stayton, Ernest Fain, Ralph Mathis, Ned Murray, Betty Bacon, Robert Huff, and Harry Jordan of Del Rio.

Porch Party.

In farewell compliment to Mrs. English and honoring Mrs. Donald, both of Lawton, Mr. and Mrs. T. B. Noble gave a 42 party Monday evening at their home corner of Ninth and Burnett streets. The tables were arranged on the spacious porch and the games were thoroughly enjoyed by all participants. The guests were Mr. and Mrs. Reece, Mr. and Mrs. Langford, Mr. and Mrs. Huff, Mr. and Mrs. Jackson, Mr. and Mrs. Day, Dr. and Mrs. Hartsook, Mr. and Mrs. Robertson, Mr. and Mrs. Norton, Mr. and Mrs. M. House Party

During the Clauson season which commences June 16th, a charming house party, under the chaperonage of Mrs. Gorsline, will occupy one of

A quartette of England's most beautiful peeresses who will hold the train of Queen Mary's coronation robes when the royal couple march to the altar in Westminster Abbey to be formally crowned King and Queen of England. The three-quarter length cut on the left is that of Lady Mary Dawson; the profile is Lady Eileen Knox, and the cut on the extreme right is Lady Dorothy Browne; while the lower picture is of Lady Eileen Butler.

the cottages at the lake. The members of this select company are Misses Phoebe and Mary Martha Bishop, Vivian Mathis, Carrie Kell, Jewel Kemp and Esther Gorsline.

Five Hundred

Mrs. W. H. Kalker added another meeting of pleasure to the long list of enjoyable gatherings which the 500 club has held during the year. This will probably conclude the meetings until cool weather and the substitutes who supplemented the players were Mesdames Marchman, Burnside, Blair, Hughes of Dallas, Sulder, Sherrod, Thompson, J. L. Jackson and G. H. Jackson of Waco. The members present included Mesdames Duke, McGreggor, Reece, Walsh, Bacon, Bruce Smith, Miller, Misses Coons, Sherrod and Chamberlain. Mrs. Sheppard assisted the hostess in doing the honors. Upon the arrival of the guests punch was served and also throughout the games. A summer luncheon was a later feature and Miss Doris Coons won the set of salts, hand-painted, while the guest favor, a cut glass odor bottle went to Mrs. Sheppard.

Little Lads and Lassies

Mrs. Mathis of Fourteenth street made Tuesday afternoon a happy one for a large number of the playmates of her little daughters, Marygold and Ella Merie, by inviting them to an informal lawn party. The usual games and plays were indulged in and light refreshments served to Maurine Smith, Kathleen Lynch, Gretchen and Ruby Avis, Mary Bonner and Robert Campbell, Robin Wilfong, George and Carroll Maxwell, Posey Miller, Dorothy Sheen, Mabel and Myrtle Morris, Ruth Fitzgerald, Celia and Sadie Adickes, Sloyd Kell, Mary and John Kay, Virginia Miller, Rose Ford, die Bishop, Annie Lee, Audrey Ferguson, Miriam Riddell, Hazel Thurston Louise and Cedric Hamlin, Lucy Noble, Philip Bullock, Lawrence Hagler, Robert Allen Stone, and Marshal Huff.

Tuesday Bridge Forfeit.

The seven members of this popular Bridge Club who made low score during the year and in consequence were to entertain the other member and husbands, certainly did them selves proud. As pre-arranged the meeting was held at the lake, but account of the popularity of our summer resort, it was a case of "catch as catch can" and the date was changed from Wednesday to Monday evening. The principal features were a picnic luncheon, motor boating and dancing. With such an embarrassment of riches in the way of entertainments no one could fail to find something suited to his individual needs and thus the time passed happily for all. The list of pleasure seekers included the following gentlemen and wives: Dr. Wade Walker, Dr. Mike Walker, Messrs. Sheppard, Maer, Marchman, Coates, Wood, Miles, Sherman and Smith; also Mr. Thornburn, Misses Ethel Cobb and Jewel Kemp and Messrs. Cobb and Collier.

Formal Dance.

The formal opening dance of the season was given Thursday night at the Colonnade by the Social Set to their wives and sweethearts. The program was out of the usual order and very artistically gotten up. There were on deckled edge paper with pen and ink sketches by R. J. Marin which showed positive genius in this line of work. Four pages of five dance-cards were beautifully illustrated with Fisher and Hutt pictures, the whole making a very handsome souvenir of the occasion, easily the most attractive ever seen here. Mr. and Mrs. "Hand Wood" led the grand march introducing many new and intricate figures, chief among them being that of a butterfly. Mint ice was served throughout the evening and mince-puddings and wafers were in easy reach on a table invitingly cool-looking to the decoration of mint greens. The Boston Hop was a favorite with the crowd and the moonlight dances were fascinating to the extreme. The first lady who lent added charm to the occasion were: Miss Callie Field of Childress, Miss Josephine Brown of Long Beach, California, Miss Enslaw of Henrietta, Misses Carrie Curtis and Ethel Cobb, Amarillo, Miss Woods of Dallas, Miss Suarkman, Alford, Oth who participated were Misses Gorsline, Matlock, Avis, Lee, Orth, White, Clouton, Fitzpatrick, Barwise, White, Clouton, Cheney, Garner, Bell, Mathis, Skinner, Gaston, Mr. and Mrs. Gossey, Mr. and Mrs. Coates, Mr. and Mrs. White, Mr. and Mrs. Woods, Mr. and Mrs. Frith, Mr. and Mrs. Jones and Mrs. Patterson, Mr. and Mrs. Thornburn, Mr. and Mrs. Hauke, Messers, Marin, Fain, Gaston, Berry Bonner, Felder, Smith, Wilson, Thomas, Wilson, Penick, Mittinen, White, E. MAY UNRAVEL WARRINER CASE

PUBLIC LIKELY SOON TO LEARN UNHIDDEN FACTS IN CELEBRATED CASE

MANY MONTHS OF WAITING

Has Cost the Big Four Railroad Nearly a Million Dollars With One Conviction.

Cincinnati, Ohio, June 10.—After many months of patient waiting the public is likely soon to learn the hidden facts in the celebrated Warriner case which cost the Big Four railroad nearly a million dollars and sent one man to the penitentiary and on another to the mad house.

The man who was sent to prison is Charles J. Warriner, convicted of embezzling the huge sum while acting as local treasurer of the Big Four railroad. The woman in the case is Mrs. Jennette S. Ford, who was alleged to have blackmailed Warriner out of hundreds of thousands of dollars and who is now confined in a sanitarium, her mind almost gone. It is said, as a result of the strain of her trial.

The third principal in the celebrated case is Edgar Street Cooke of Chicago, who is to be placed on trial here Monday on a charge of embezzlement from the Big Four. His trial is believed, will bring to light all of the hidden details in the sordid story of love, lust, intrigue and blackmail.

From the very first it has been hinted that the least fact of all the huge scandal was Warriner's \$543,000 embezzlement. In Warriner's trial and the trial of Mrs. Ford the name of Edgar Street Cooke was frequently mentioned. Warriner declared that Cooke was the instigator and real principal in the thefts of the railroad company's funds. Yet months passed before any effort was made to bring about the arrest and trial of the Chicagoan, who affected to feel no fear that he would ever be prosecuted on the charges made against him.

Charles L. Warriner confessed that his thefts from the railroad began years ago when he was employed in the Cleveland office. What prompted him to begin his stealings has never been learned. While he lived well, his mode of living did not lead one to believe that he was spending more than his salary. He was a constant attendant at church and so far as has been learned had no expensive habits.

The career of Mrs. Jennette S. Ford, the second principal in the case, is less mysterious but more romantic. She had just finished her course in a fashionable boarding school when her father died, leaving her an orphan, with some \$85,000. She was then in her teens. In Cincinnati she met a man named Ford and married him. Ford later secured a divorce. Soon after this the women met Edgar Street Cooke, young, good-looking and prosperous. Cooke was a subordinate of Warriner in the Big Four office. There were rumors that Cooke was short in his accounts. Later Warriner made a report that Cooke was not short and discharged him. Cooke quit work, but continued to draw his salary. In fact, his salary was doubled. Following this discovery came the allegations of a blackmail plot in which a man and a woman forced Warriner to pay heavily or have his own shortage made public.

Cooke is alleged to have told Mrs. Ford of Warriner's shortage. Then he went to Chicago to escape, having evidently decided to devote his attention in the future to his beautiful wife and his two sons. Mrs. Ford was quick to meet the crisis. She is alleged to have used the knowledge of the embezzlement to extort money and yet more money from Warriner and to have employed this money in her mad pursuit of Cooke. She demanded money from one and love from the other, according to the stories told.

When the Cincinnati officers turned to Cooke in Chicago for light on the trail of Mrs. Ford, it was Mrs. Cooke who showed her husband the way to the woman's exposure. She declared that for 10 years she had been fighting for her husband's love. Then it was that Cooke bared his breast and showed the scar of a bullet, which he declared had been fired at him by Mrs. Ford in a New York hotel.

Warriner has been tried and Mrs. Ford has been tried and now Cooke, the third person in the mysterious case, is to stand trial. It is possible that the trial of Cooke may solve the mystery of why a man of high standing in the community and trusted by his employers should steal nearly three quarters of a million dollars and turn the bulk of it over to persons in whom he apparently had no interest. Warriner will be brought down from the penitentiary in Columbus to tell his story in court. Mrs. Ford also will be placed on the stand if her condition permits.

DAMAGE SUIT INVOLVED FLY PEST

Special to The Times.

San Antonio, Texas, June 9.—Motion rehearing granted, judgment of affirmance set aside and judgment of lower court reversed and the cause remanded was the order made by the Fourth Court of Civil Appeals yesterday in the case of A. Cohen & Co. vs. Louis Rittmann, appeal from Bexar county opinion was rendered by Associate Justice W. S. Fly.

This was a suit for damages in which Rittmann alleged while he and his family were residing in the same block in San Antonio in which Cohen & Co., were conducting a business of curing hides of cows and horses, that the hides caused flies to accumulate, and these were poisoned by substances used in curing the hides; that the flies drifted into residences in the vicinity and, died in great numbers. Rittmann alleged his daughter, Anna Belle Rittmann, 25 years old, sickened from breathing the poisoned atmosphere and died, and that he had been deprived of her labor in his house to his damage of \$20,000. The jury gave Rittmann a judgment for \$1000.

Associate Justice W. S. Fly, in his opinion says in part: "A large portion of the motion for rehearing is devoted to a criticism of what was said by this court in regard to the intimation of a witness that malaria might be communicated in other ways than through mosquitoes, and it is made the excuse for an exhibition of feeling that should never be indulged in by an attorney toward a court, and which is dangerously near a line that he will not be permitted to pass. This court put no stress whatever upon the testimony in question, but based its opinion upon the fact that it appeared from the testimony that the daughter of appellee had been so weakened by breathing the vitiated air from appellants' premises that she was unable to resist an attack of malaria arising from inoculation by mosquitoes. If those facts are well established by the record, the opinion is correct, and this motion should be overruled, and if not, the motion should be granted. The evidence indicated that the premises were not kept in as cleanly condition as such places can be kept, and all arguments as to the fitting condition of the premises being an innocent condition of affairs, have no basis in law or fact, and are not worthy of consideration, the only question in this case being whether it was shown that the stench and filth created by appellant were a concurrent cause with malaria in producing the death of Anna Belle Rittmann. If the question can be answered in the affirmative appellant is liable.

Mrs. Charles Irwin, 704 Burnett Ave., Wichita Falls, Texas, says: "Doan's Kidney Pills have proven themselves worthy of my praise and I am glad of this opportunity to recommend them. I had such severe attacks of backache that I could hardly endure them and it seemed as if a heavy weight were tied to my hips and I also had much soreness through my kidneys. Last spring I was confined to my bed for four months and during that time I was in great pain. When I heard of Doan's Kidney Pills, I got a box from the Wichita Drug House and they helped me beyond my expectations. Since I used them, I have been in much better health. One of my relatives has also taken Doan's Kidney Pills and has found them very reliable." (Statement given June 16, 1908.)
A second endorsement.
Mrs. Irwin was interviewed on December 9, 1910 and she said: "I have no hesitation whatever in confirming the statement I gave over two years ago in which I told of my experience with Doan's Kidney Pills. Since that time I have taken this remedy occasionally and it has always brought prompt relief."

PLENTY OF RAIN IN THE PANHANDLE

Plenty of rain and the best conditions has ever known in the Panhandle are reported by Judge Barwise who arrived last night from Hartley near Dalhart.
"Another splendid rain fell from Channing to Amarillo yesterday. Small lakes dot the landscape everywhere and crops are flourishing. The ground is thoroughly saturated with moisture and there is a larger acreage in crops than has ever been known in the Panhandle."

GOOD PROSPECTS FOR CORN AND COTTON

C. A. Allingham Says Crops Are in Flourishing Condition Around Vernon.
C. A. Allingham, vice president of the First National Bank, who was here from Vernon yesterday, says that the corn and cotton crops in that section are in splendid shape. In some fields he says the corn is nearly high enough to hide a man and is still green and flourishing. Cotton, he says, never looked better.

NEW WELL AT ELECTRA BROUGHT IN IN 8 DAYS

(Electra News)

Monday evening the Electra Oil and Gas Company ran the drill into the oil sand at a depth of only 640 feet, when the well was baled it was found that the oil was there in truly paying quantities. Although the pump hasn't been installed yet, the well has been tested out daily and the estimate placed at between 40 and 50 barrels per day.

A packer has been ordered and upon its arrival the twelve inch casing will be set and the well be put on the beam so that the sand will be gone deeper, but it ETACPUTHTH through tested before the drill goes deeper, but it is the intention of the company to use this strata for fuel and skid their derrick a few feet and putting down another well to the gusher strata, in the meanwhile they will probably order a 48ar rig and within the next few months, we may expect to see many Star rigs going after the newly developed shallow oil. Driller Pruitt has established a new record by bringing in a well in eight days, one which has done more to prove the value of our field, even barring the unestimable value of the Clayco gusher which is doing its 300 barrels every twenty-four hours and all on its own pressure, this well alone has produced about 20,400 barrels in the past 68 days or since it was brought in; figuring the oil at 30 cents per barrel, which we understand is their contract price to the local consumers, it would mean that the well had already earned \$18,360, now, to better this looks hard to do, but with a fifty barrel well at 640 feet and the inexpensive operations required, compared with the completion of the deep wells it puts our field in a much better light than any field in the southwest. Many of the oil experts in the United States declare Electra will be a second Glenpool at any rate we see nothing but the great future which we have been promising through the columns of the News for the past 3 years and which we predicted five years ago in the first write-up of Electra country. With from two to four stratas of pay oil sand why shouldn't we become one of the richest producing sections in the entire world.

The great bomb has exploded, instead of the much talked of great expense of from ten to fifteen thousand dollars for a well, now it is down to a fifteen hundred or two thousand dollar proposition.
President Michener will be on the ground in a few days and we know his usual broad smile will spread all over his face when he sees the slush pit filled with 40 gravity oil.

AS TO PAVING SCOTT AVENUE AND TENTH STREET.

In the event it is determined that the street paving shall be extended from 6th to 10th street on Scott avenue, and on 10th from Scott to Brook street, it will require another city bond issue of at least \$50,000 in order for the city to pay for its one-third of the paving, the property owners will be required to pay the balance. The bonds with the interest will have to be paid, and to assert that this can be done without requiring additional tax would be erroneous and misleading. We had just as well be fair in this matter. It may not be necessary, just at this time, to increase the tax rate. As the Times understands the situation, an additional issue of \$50,000 bonds, based on present property values is about all that can be issued. There is not the least doubt but that the paving of these two streets will add more to the value of the property abutting thereon than the cost of the paving, but as most of the property is composed of residences, and but comparatively little of it is for sale, this increased valuation would and could mean but increased taxation, and in that way if no other, taxation would necessarily be increased. The matter of paving these two streets, however, in the humble judgment of the Times, should be left with the property owners, or at least a majority of those affected. Their ability to comply with the order to pave should at least be given some consideration. Even though a majority favor the movement, it is long to work a hardship on some, but the Times feels confident that those who think they are not in a position just at this time to stand the expense of paving will manage in some way or other to meet the expense, if in the judgment of a majority of the property owners directly affected, the project is favored. At most any other time than now, the Times is rather of the opinion that this additional paving project would meet with but little if any opposition. But things are different to what they were six months, or even three months ago and the Times does not believe for a moment that, after ascertaining the wishes and the ability financially of the property owners along that additional stretch of proposed paving territory, there will be any disposition on the part of the people as a whole to force upon their neighbors something that will work a hardship upon them. Neither does the Times believe that there is any disposition on the part

of city officials or others to push this project through at this time unless it meets with the approval of a majority of those directly affected.

BRIGHT PROSPECTS FOR MUSIC CONSERVATORY

Two Pupils Have Arrived From Dallas. Permanent Quarters Secured.

It was announced today that the Wichita Falls Conservatory of Music would on Monday move into its new quarters over the Freear-Brin Furniture Company, where four rooms have been secured for the use of the school. In connection with the furnishings a grand piano will be provided for the use of Dr. Dunaeski, while other instruments will be purchased for general use.

It was also announced that two lady pupils had arrived from Dallas and will on Monday take up the work of the conservatory. These have been teaching in Dallas and come to take a special teacher's course under Dr. Dunaeski. The prospects for the conservatory are very bright and indications are that there will be a large enrollment within the next few weeks and it is expected that the enrollment this fall will reach at least one hundred.

"SCHEDULE K."

The Underwood bill dealing with "Schedule K," the woolen schedule, reduces the average rate nearly one-half and is therefore a great step in advance. No Democrat can justify himself in voting against the measure and it ought to appeal to progressive Republicans. The only fault that can be found with it is that it does not go far enough. If the plans of the free wool advocates had been accepted the average rate on woolen goods would have been still further lowered. No Republican can justly criticize the bill, but Democrats, while rejoicing at the reductions made, have reason to regret that the committee abandoned the free wool principle, and still more reason to regret that a Democratic caucus endorsed the committee's action in this respect.—Bryan's Commoner.

FATHER MURPHY IS REBUKED

CATHOLIC PRIEST SPEAKING IN INTEREST OF STATEWIDE PROHIBITION SENT BACK TO DALHART

STATEMENT BY BISHOP

Bishop Elect Lynch Declares Father Murphy Has No Time for Prohibition Speeches

By Associated Press. Fort Worth, Texas, June 10.—Father Patrick Murphy, of Dalhart, who has been stamping Texas for state-wide prohibition, was today ordered by Bishop Elect Lynch, to return to his parish and continue his duties as priest.

Father Murphy has cancelled his speaking dates here Sunday. Lynch says Father Murphy has several churches and has no time to devote to statewide. "I also feel sure," says Lynch, "that the priests are able to take care of the religion and morality in their respective parishes."

Bishop Lynch's statement in full follows: "Father Murphy is pastor at Dalhart and his mission reaches a large territory. Besides the church in Dalhart, he has ten others. Much new work is under way and it is felt that the work assigned Father Murphy is of such character that it needs his undivided attention. Therefore he has no more time to devote to statewide prohibition. I also feel sure that priests are able to take care of religion and morality in their respective parishes."

RURAL HIGH SCHOOL LAW IN EFFECT

Superintendent Toland Believes Law Will Be of Great Usefulness.

The new state law providing for rural high schools in Texas goes into effect today with other enactments not including the emergency clause. This law provides, among other things, that two or more districts may combine for the purpose of establishing such high school and may issue bonds for their maintenance. The law further provides that a county board of five members shall have charge of such schools and shall perform the work in this respect heretofore made a part of the duties of the county commissioners. The first board under the new law, as provided, shall be appointed by the commissioners' court after which its members shall be selected as in other cases.

In discussing the new law with Times reporter this morning, Prof. Toland, superintendent of the city school, gave his hearty endorsement. He stated that he considered it a fine law and one that would do a wonderful work for the schools of the country. He also expressed himself as of the opinion that the county board would prove a valuable feature and that altogether the new law would be appreciated of the public interested in higher education.

It is not known as yet just what action will be taken with reference to establishing such schools in this county, but it is thought that possibly some move may be made looking to the taking advantage of the provisions of this enactment.

PROHIBITION LAW ENFORCED AT ARDMORE

A cask of contraband beer is about as safe in Ardmore at present as a little foxy lamb would be in a den of hungry wolves.

BRAND NEW UNIFORMS FOR MESSENGER BOYS

The management of the Western Union Telegraph Company that has been making so many improvements in telegraph service during the past year, reached the four local messengers and have uniformed them in a military design and put into effect regulations that show regard for the welfare of these active young employees.

The uniform is of deep blue cloth, summer weight, the coat being single-breasted with turn down collar and braided with red soutache. Shoulder straps are embroidered with the letters "W-U" in red.

Uniforms will be worn while on duty, being returned to office at night for cleaning and repairing by the company's tailor.

Manager Pickle was proud of his young force, as they ran about the streets, but no more proud than the boys themselves who now feel that they are really an important part of the big company.

A VETERAN PUGILIST PRAISES CARL MORRIS

Disagrees With Other Critics and Says Oklahoma Fighter is Much Improved.

Oklahoma City, June 10.—Pugilism stock in Oklahoma has taken a remarkable rise since it has been finally announced that Carl Morris, the Oklahoma "white hope" is to meet Jim Flynn, in Tulsa, July 4.

Jess Willard, another Oklahoma "white hope" of Oklahoma City whose nerves are fairly aching to get a test against those of Morris, was fined recently for "prize fighting" in Oklahoma City. So it is by no means certain that the authorities will permit the fight at Tulsa, although F. B. Ufer, Morris' manager, will proceed with the erection of a pavilion, with a seating capacity of over 80,000, having some sort of assurance that the fight will take place.

Mr. Morris a much better man than he was at the time he defeated Shreck at Salpaula? Unless he is, say those who are informed technically on the requisites for successful fighting in the pugilism ring, he hasn't the shadow of a show to whip Jimmy Flynn. Morris' manager, will proceed to many of his most ardent supporters after they saw him fight in Salpaula and they declared he was far from being in the real heavy-weight class. In the midst of this discussion and while hopes were made to glimmer beneath the dazle of the Fourth of July announcement, came Jack Bourke, for thirty years a pugilist of the top-notch class in England, for an inspection of Carl Morris.

"The Morris I saw last and the Morris I saw training this afternoon are different persons," said Bourke in enthusiasm. "The big fellow can jab as prettily as any big man I ever saw. He can uppercut beautifully and he uses both arms to perfection. And he has become clever on foot. He dances around Jeannette and West like it was fun for him. I'll admit that when Morris fought Shreck he didn't look like a match for Jim Flynn. I've seen Flynn fight and I want to say that if Carl doesn't lift him in ten rounds, just put it down that Jack Bourke spent thirty years in the ring for nothing."

Morris is training in stutters that are closed, except to visiting sportsmen who really have reason to interview him and his manager and to a select few who are permitted to observe him in action. While Morris may be far from the kind of a man to put up against Jim Flynn, sporting men of this region, regardless of their sectional feelings, are agreed that Morris is in much better condition than he was two months ago. Whether or not he has much hope of defeating Flynn, it is evident he is not training for nothing. A defeat at the hands of Flynn would trim his feathers fearfully and the sporting world for the time being at least, would forget about him. He means business and is training in earnest.

State Funds Running Low. The state department today deposited \$232,000 in the state treasury. Before the deposit there was less than a hundred thousand dollars in the treasury. Snapshot of leading members of New York's "Four Hundred" watching the first of the International polo championship matches between England and America at Meadowbrook, Long Island. From left to right, are Mrs. W. K. Vanderbilt, Jr., Mrs. Frances C. Bishop and Mrs. J. E. Clark. This photograph was taken during an exciting moment during the final period of play, when the American cup defenders came from behind with a sweep and cut down the big lead of their rivals from across the water, winning the victory by a scant one point. The three "owagers" have every attention riveted on the flying horsemen, are keyed up to a high pitch of nervous excitement, and are exulting in the dashing courage displayed by their favorites against the uphill odds.

THE WICHITA FALLS CONSERVATORY OF MUSIC

B. DUNAEVSKI, Music Doctor, Director

In the organization of the Conservatory, the management has exercised every precaution to secure as director a musician and teacher of broad culture and one who understands the work thoroughly from the very foundation. In the selection of Dr. Dunaevski, we believe we have secured an exceptionally successful teacher. He was educated in the Imperial Conservatory of St. Petersburg, Russia, from which institution he was granted his degree Music Doctor. After completing his course there, he studied under noted teachers in Germany and France. In Paris, he studied under the illustrious pianist and teacher, Raoul Pugno.

Dr. Dunaevski will have full charge of the Conservatory and will be assisted by an efficient corps of teachers, specialists in their respective departments.

GREAT NEED FOR CONSERVATORY

Heretofore it has been necessary for all those who desired to secure a thorough course in the art of music to go to the older sections of the country, a goodly number having gone to Chicago and Boston. In the organization of the Wichita Falls Conservatory of Music, it has become possible for those desiring to take the advanced, as well as the elementary work, to take it here in Wichita Falls, and the quality of work will be just as high as that received in any of the schools of this country. Affiliation will be effected with the leading musical institutions of this country and upon the continent.

MUSICAL EDUCATION A NECESSITY

It has become an established fact, recognized and acknowledged by the best educators of this country that musical education does as much to develop the mental powers of the student as do the so-called literary studies. In addition to the pleasurable feature of music as an art, the study necessary to master it has such a tendency to develop the mind as does the ordinary work. Too often people forget this advantage of music and neglect to start their children in music until late in life. To do this, not only interferes with the future development of the students' ability, but frequently handicaps them throughout their entire musical career. To secure the best results the child should be started in music when quite young, before the hands become stiff and the muscles rigid. While an older pupil may learn the theory of music more readily than the younger, he or she cannot acquire the technique necessary for the successful performer. This part of the work can only be mastered by commencing before the hands have reached their full development.

ENTRANCE EXAMINATION

All students registering in the conservatory will be expected to pass an Entrance Examination. After this examination has been taken the Director of the Conservatory will assign the student to the proper year in the course. Students will not be allowed to change teachers without the consent of the director. In case of any dissatisfaction with a teacher, the student should report his or her case to the director, which will be thoroughly investigated and the cause, if any, will be corrected.

MONTHLY REPORTS

Monthly reports will be sent to the parents regularly, so that the standing and progress of the student can be ascertained. Any failure to attend the classes will be reported. Parents are cordially invited to come to the Conservatory to learn of the progress of the student, or for any advice concerning the student's promotion.

LEST WE FORGET.

A Celtic Reminds Us How Our People Have Bucked Progress.

We of this big republic complacently affirm the glory of our national achievements and are not without temptation to acclaim them as proof of superior craft and judgment.

But herein do we forget that we are on record as having cast our vote against every move that has contributed to the present century's development.

We raised our voices in contemptuous protest against the first projected railway. Had the locomotive waited its signal from the people it would not yet have started.

When the electric telegraph was shown to us we brushed it aside as a fad and laughed its inventor to scorn when he offered to sell us his rights for a few thousand dollars.

We put into jail as an impostor the first man who brought anthracite coal to market. We broke to pieces Howe's sewing machine as an invention calculated to ruin the working classes, and we did the same thing to the harvester and the binder. We scorned the typewriter as a plaything.

We gathered together in mass meetings of indignation at the first proposal to install electric trolley lines, and when Dr. Bell told us he had invented an instrument by means of which we might talk to one another across the town, we responded with accustomed ridicule, and only the reckless among us contributed to its being bag—Atlantic Monthly.

HUMAN DISSECTION.

Surgery and the Anatomists in the Olden Days.

For a long time Alexandria was the only medical center of the world, and the physician Galen, born about 130 A. D., had to journey from Rome to the African city even to see a skeleton. He sent his students to the German battlefields to dissect the bodies of the national enemies, while he himself used apes as most resembling human beings. Human dissection was revived in Bologna in the fourteenth century, where Madonna Manolius later was professor of anatomy, undoubtedly one of the first women doctors. If not the very first, Leonardo da Vinci, painter of "The Last Supper," was a great anatomist, but dissection had fallen into disuse when Vesalius finally revived it about the middle of the sixteenth century.

Even in comparatively modern times anatomists have been the object of attacks by the populace. In 1763 Dr. John Shippen of Philadelphia was mobbed as a grave robber. Doctors' riots in New York occurred twenty-three years later and were due to the belief that the medical students robbed graves continually. It was the lack of opportunity to obtain subjects regularly that led to the practice of grave robbing and originated what Dr. Keene calls "a set of the lowest possible villas—the resurrectionists."—New York World.

Do You Help Others?

It has been tritely said that there are twenty to one against him who helps another. How is it with you? Are you one of those against whom others lean for help and encouragement, or are you leaning against some one and drawing your inspiration and courage from him? It depends entirely on yourself whether you take a positive attitude in your work or whether your negative characteristic shall dominate. It is much easier to go through life making as little effort as possible, but it is a poor way if we are going to make life yield even a small modicum of what it holds for us. If you are working earnestly and hoping for success there is only one way to attain it, and that is through your positive characteristics.—Philadelphia Ledger.

Julius Caesar.

Caesar was assassinated March 15, 44 B. C., and was at the time of his death fifty-six years old. It is not alone as a military genius that his fame endures. By almost common consent he was the most remarkable of all found men of antiquity—masterfully great not only as general, but as a writer, statesman and administrator. In addition to these high accomplishments he was a great mathematician, philologist, architect and jurist. His conversational powers were extraordinary, and from all accounts he was in his manner one of the most attractive of men.

Not a Born Forger.

The indorsement of checks is a very simple thing; but, as the following story will show, it, too, has its difficulties.

A woman went into a bank where she had several times presented checks drawn to Mrs. Lucy B. Smith. This time the check was made to the order of Mrs. M. J. Smith, M. J. was her husband's initials. She explained this to the paying teller and asked what she should do.

"Oh, that is all right," he said. "Just indorse it as it is written there."

She took the check and after much hesitation said, "I don't think I can make an M like that."

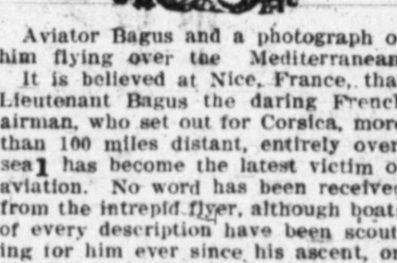

Prepared For Emergency.

"What makes you keep giving me fish for dinner day after day?" he inquired. "Are you particularly fond of it?"

"No," she replied. "I was wholly unselfish. I read a lovely recipe about how to remove a sebaceous when it sticks in your throat, and I wanted to try it."—Washington Star.

The Texas Mule

The brag of the Texas mule is heard around the world, for wherever he goes he lustily sings the praises of his native land. He is the most sturdy of mules and the most successful mule of the animal kingdom. He is the only animal that did not enter Noah's ark. By good conduct he has overcome the prejudices of an illegitimate lineage and has successfully fought his way into the highways of industry with his parents as competitors, until today he drags the nation's commerce. He is a self-made animal. Year by year he has patiently studied new occupations and adapted himself to changed conditions until he is the master of more industrial pursuits than any other animal and he is by far the Commercial King of Beasts. He has arisen from obscure origin to the wealthiest of domestic animals; he is worth \$28 per head more than the horse, six times more than the Texas steer and fourteen times more than the hog.

1910 VALUE PER HEAD \$108.

During the past ten years the Texas mule has attracted the attention of Uncle Sam by showing the greatest increase in value per head of mules of all states in the Union, having an increase of 118 per cent or \$58.48 per head to his credit during the past decade and in doing so he has paid a dumb tribute to the soil and climate of Texas that is far more convincing in its eloquence than all the tongues of our orators or pens of our writers. The whole world marvels at a country that can rear such mules.

We have more than twice as many mules as any other state in the Union. The census reports of the Federal department of agriculture on Jan. 1, 1910, reports 702,000 head of mules and the last estimate of value per head made by the department places the average value of \$108, making a total value of all mules of all ages of approximately \$75,816,000, which is an increase of a quarter of a million mules in number and \$45,000,000 in value, including both increase in value per head and increase in number during the past decade.

The mule raising industry is one of the most inviting pursuits and Texas is undoubtedly the greatest country on the globe for mule raising.

Are You a Woman.

Baltimore, Md.—Mrs. W. H. Ison, at 1419 East Madison street, writes, "For several years, I suffered, off and on, from female troubles, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight till I was only skin and bones. I believe I would have been in my grave, if I had not tried Cardui. I shall praise it as long as I live." HONOR MEM. OF COLONEL CRAWFORD

Upper Sandusky, O., June 10.—Tomorrow will be the 129th anniversary of the historic burning of Colonel Crawford by the Indians, and in accordance with a custom followed for many years the day will be observed with suitable ceremonies at the village of Crawford, this county, where a monument to the memory of Colonel Crawford was erected in 1877.

Colonel Crawford was a friend of General Washington and had distinguished himself at the battles of Long Island, Princeton and other memorable engagements of the Revolution. In 1782 an expedition was organized in Pennsylvania to war against the Indians who had been plundering the unprotected women and children in the western settlements. Colonel Crawford, who had much experience in Indian fighting, was placed in command of the expedition.

On May 25, 1782, Crawford's command began its march on horseback for the Sandusky plains. On June 4 the troops reached Wyandot town, 3 miles from Upper Sandusky, but not an Indian was to be seen. The following day, however, occurred the memorable battle of Battle Island, and the next day, when the remnants of the command gathered here, it was found that Colonel Crawford, Dr. Knight and one of the guides were missing.

For four days Colonel Crawford and Dr. Knight were paraded about by their savage captors and were obliged to submit to excruciating torture. June 11 was set for the colonel's death, and savages gathered about in great numbers. Dr. Knight, who was an eye witness to Colonel Crawford's burning at the stake and who was to undergo the same death the following day, fortunately managed to escape.

It has been a long time since we matriculated in the pharmaceutical kindergarten and begun to hand out the information that we were on earth to make others happy for cash, that is the reason we advertise in the newspapers. We have had the advertising bug from infancy, and have gone against every advertising scheme from printed powder rags to souvenir wash boards and learned from experience that as a medium for converting reputable merchandise into cash the newspaper has all other mediums miles down the speedways with a bursted tire and a dead engine.

You will find us in the same place every day on the last page, there has not been a copy of the Times issued since our advent into the business and best built city in Texas that did not carry our advertisement.

WE DO NOT GUESS OR SUBSTITUTE

ONE IS AS BAD AS THE OTHER. If your prescription is not filled with the right quantities or if some ingredient is adulterated or substituted you cannot expect results. EVERYTHING SOLD AT THIS STORE IS MEASURED OR weighed accurately, and we are just as particular about the quality too. We use only pure, fresh drugs and your orders and prescriptions are filled by a graduate in pharmacy. If you ask for one article we do not try to persuade you to take another on which we make a greater profit. No want of yours is too small to receive our most careful attention.

A DRY WEATHER TALK!

In 1889 we opened our Store where we are now located, now known as 608-610 Ohio Avenue, then known only as Bean's Store—it was on a narrow, crooked path through the sunflowers that grew on either side of the road. We've been there ever since; good years, bad years, dry years, wet years, fat years, lean years and will be there for years to come. We've got lots of customers that commenced with us and its a matter of satisfaction to us that counts for more than the money we've made. We've always had the reputation of having a complete stock of the very best goods, no matter how hard the times. We assure you we are not going to loose that reputation. We believe we have always sold them as cheap as is consistent with sound business principles, good service and square treatment—that's a reputation we want to build to
