Wichita Falls, Texas, June 12th, 1911

Morris Sheppard has stated that he will not be a candidate for the United States senate.

As yet neither of Texas' United States senators have accepted the challenge of Cone Johnson to debate the question of statewide prohibition.

The New York World puts it this way: "The opposition to Reciprocity Memphis Commercial Appeal. comes, as Mr. Taft said, from three classes. One class is made up of those who own and control the lumber uspply of the United States.' Another class is made up of "those who | are engaged in the manufacture of print paper and of whom the largest manufacturers own much of spruce wood supply of the United States from which print paper is made.' The thirdclass is made up of persons who pretend to represent the farmers, and the New York firm that is accelerating public opinion against Reciprocity in behalf of agriculture is also looking for financial assistance from "gentlemen interested in lumber, in the manufacture of print paper and in other manufactures.' "

If it were a fact that the paving of one or two more streets would not necessarily increase the tax burden. then there certainly ought not to be any objection to putting down the adidtional paving. When it is taken property abutting on the proposed paved streets are to stand two-thirds of the cost of paving, and the city gov-

ernment one-third, it strikes the Times that it would be nothing but fair and STRIPED PATTERNS just to ascertain the wishes of the property owners who will be required to pay for two-thirds of this proposed additional paving before taking final action. If a majority favor it, then TIMES PUBLISHING COMPANY It might be well enough for the city

authorities to order an election to determine whether the people of the city as a whole are willing to have bonds issued to take care and pay for the city's part of the paving, which and good roads are good investments and when they can be obtained through the issuance of bonds bearing a low rate of interest and strung out over a long period of years, there is no better investment. But it is quite different proposition when the owners of property abutting on such streets or roads are required to pay two thirds of the cost of such imare to pay for this two-thirds are the ones who should have a voice in the one-half, is not a sufficient reason why the property owner shall be required

## AN ELECTION TO VOTE \$32,500 PAVING BONDS

THIS REQQUEST MADE TO CITY COUNCIL BY DIRECTORS OF CHAMBER OF COMMERCE.

### UP TO CITY COUNCIL

Chamber of Commerce Will Not At-Tempt to Specify Streets to Be Paved.

The board of directors of the Chamher of Commerce at the regular weekly meeting held this morning, went on ecord as favoring an additional bond issue of \$32,500 for additional paving and on motion adopted by a unanimous vote, requested the city council to call an election for this purpose. The vote was not only unanimous on the part of the directors in attendance at the meeting, but there were quite a number of merchants present upon being given an opportunity to express an opinion in the matter, votunanimously to endorse the action of the board of directors.

The motion to make such a request of the council having been made, the question of the amount was discussed at some length, suggestions being made for sums varying from \$25,000 to \$55.000, the latter amount being the limit under the present tax levy. Mayor Noble advised the directors that he did not deem it advisabe to issue to the limit in view of the fact that in the valuations another year, and in connection he called attention to the fact that there was now outstanded, and a youth namer Shears, whose ing a balance of \$7.500 of the four and arm was broken. a half per cent, bonds that could be used for this purpose. Dr. Bell sugto be issued be left entirely with the council, to be governed by the demands of the property owners for such improvement. It was finally decided that the request be made for an additional issue of \$32,500 as indicated above, which added to the \$7,500 would give a total amount of \$40,000 available for additional paving.

### SEVERAL FIRMS STUNG BY A CHECK FORGER LAST WEEK

A series of forgeries, the aggregate of which has not as yet been fully determined by the officers, were perpetrated here last Saturday and as a result several firms are holding checks that are worthless and the officers are looking for the man who cashed them.

Three checks aggregating \$50, have turned up at the bank and these have signed thereto, the name of "R. L. Sloop," who lives about ten miles south of the city, and who, it is understood, has pronounced them to be forgeries. One of the checks for \$20 was cashed by W. E. Holder at the Senate Saloon, another for \$15 was cashed by Piner Avis at the Avis Hardware Company, and a third for \$15 was cashed by Collier & Bond, the grocers. All of these checks were made payable to the same party and were endorsed when cashed. It is possible that more than one person is involved in the transaction, as the writing on the check and the endorse-ment thereon seem to be in a different handwriting.

The officers have not succeeded in locating the person who obtained the money on the checks, but are still working on the case, which has been referred to the grand jury for investi

#### Canadian Trade Balances

From New York American

The selfish and greedy combinations of capital that are fighting so flercely the Canadian reciprocity pact are fifhting, as usual, by subterfuge and indirection.

The New York American has ex-

posed the duplicity of the paper, lumber and woolen trusts in putting forward Allen and Graham, two regular New York publicity agents, to fight the measure before the finance commitee of the senate.

It is exactly in the same spirit of arrant hypocrisy that their greedy combines have managed to use a few farmers and farmer spokesmen to make it appear that the great farming interest of the country was opposed to reciprocity.

The allegation is as false as it is unfair. The farmers of the country have no reason to oppose reciprocity with

Canada, but every reason in interest

perate efforts to deceive the farmer, ag they have deceived him before They have bamboozled some of the farmer newspapers and bought others to advocate their selfish policy. They argue to the farmer that by reason of the present Canadian tariff he gets more than the fair market price for 000,000—a sum equal to nearly 40 per 000, and thirty-six cotton gins, two his products. This is false. The compresses and two oil mills. Graded Canadian tariff operates against our roads and a drainage system totalling farmer products. Our tariff operates against the Canadian farmer. It is the object of reciprocity to give both farmer products an even chance in

### GOVERNOR TO APPOINT COUNTY TAX ASSESSORS

Office of Townwship Assessor Abolished-County Commissioner to Serve on Boards of Equal

Oklahoma City, June 13 .- On the rst Monday in Jaunary next the office Township Assesor is abolished Oklahoma and the work of assess ing property for taxation is to be done by County Assessors. The first County Assessors are appointed by the Governor to hold office until the first Monday in January, 1913, after which time the office is filled by election The act of the Third Legislature abolishing Township Assessors also created a Board of Equalization to composed of the County Commission ers, with the County Assessor as sec retary. The board meets at the county seat the first Monday in June of each year for the purpose of equalizing taxes over the county, giving notice by publication for at least ten days prior hereto. Appeals may be taken from the County Board of Assessors to the Superior or District Court of the county within thirty days and following adjournment of the board, and appeals may be taken from the State Board to the Supreme Court only within sixty days after adjournment of the State Board.

On the 15th day of January each year the County Assessor is required by the act to begin making a list of the taxable property located in each county and assess it as of value on the previous Jan, 1 by calling on the person, firm, corporation, owner, or agent at place of residence, or bustness. The Assessor is required to remain at his office at the county seat at least fifteen days before closing his books, during which time any person who has failed to render his property may have an opportunity to do so. In case of a failure to obtain a statement of property for any cause, the amount and value of the property and assess it at what he believes to be a fair cash value. Should an owner decline to list his property the Assessor is directed by the law to add as a penalty 50 per cent of the fair cash value of the property found.

In 1889 we opened our Store where we are now located, now known as 608-610 Ohio Avenue, then known only as Bean's Store—it was on a narrow, crooked path through the sunflowers that grew on either side of the road. We've been there ever since; good years, bad years, dry years, wet years, fat years, lean years and will be there for years to come. We've got lots of customers that commenced with us and its a matter of satisfaction to us that counts for more than the money we've made. We've always had the reputation of having a complete stock of the very best goods, no matter how hard the times. We assure you we are not going to loose that reputation. We believe we have always sold them as cheap as is consistent with sound business principles, good service and square treatment-that's a reputation we want to build to

It has been a long time since e matriculated in the pharmaceutical kindergarten and begun to hand out the information that we were on earth to make others happy for cash, that is the reason we advertise in the newspapers. We have had the advertising bug from infancy, and have gone against every advertising-scheme from printed powrags to souvenir wash boards and learned from experience that as a medium for converting reputable merchandise into cash the newspaper has all other mediums nine miles down the speedways with a bursted tire

and a dead engine.

You will find us in the place every day on the last page, there has not been a copy of the Times issued since our advent into the busiest and best built dity in Texas that did not carry our advertisement.
