## TRUST SECRETS STILL UNCOVERED

HEIKE SUPPOSED CONFIDANT OF SUGAR KING FAILS TO REVEAL INFORMATION

## A SHARP COLLOQUY

Passes Between Witness and One of the Probing Committee.

By Associated Press.  
Washington, D. C., June 14.—An attempt before the House sugar probe to discover the secret of the power of the late H. O. Havemeyer failed today. Charles R. Heike supposed to have been the witness stand denied any such relationship and claimed he knew nothing of Havemeyer's operations.

Heike could give the reason why Havemeyer with holdings of only \$200,000 stock out of the sugar corporation's ninety millions was able to dominate the concern.

Heike said he did not know who could tell the investigating committee of details of the deal by which the American Sugar Refining Company acquired other companies.

Heike claimed that the reason for purchasing and closing the Pennsylvania Refining Company's plant at Camden, New Jersey, was that "it was poorly located."

"Yes, sir," replied Heike. Heike was indicted in connection with the recent customs frauds in sugar weighing at New York.

## EXCURSION RATES ARE ANNOUNCED

Special Rates for Chautauqua Excursion Sunday Over Katy and Low Rates for Fourth of July.

The Missouri, Kansas & Texas will on Sunday conduct a special excursion to this city from Denison for which occasion the round trip fare will be reduced to \$1.75 with a proportionate rate from intermediate points. The excursion is being principally on account of the Chautauqua at Waco and is the beginning of a series of special rates to be made by this road during the summer season.

Reduced rates have been announced for the Chautauqua by all roads leading into the city from points within 75 miles at the convention rate of one and a third fare for the round trip with selling dates, June 15, 16 and 21 good to return as late as the 23.

It is expected that the Katy, especially, will bring a large crowd to the city on Sunday and that the other roads will materially increase such number.

The Wichita Falls Route has announced an excursion of one and one third fare for the round trip from all points on that line for July 4, with selling dates July 3 and 4, limited for return to the 6th.

This rate is made in anticipation of a big day in Wichita Falls on that date as a result of a program now being outlined by the Chamber of Commerce cooperating with the officials of the Wichita Falls Route.

There will also be a baseball game here on that day between the league teams of this city and Altus, which is expected to prove quite a drawing card.

## HEART AND STOMACH ON HER RIGHT SIDE

Unusual Girl Operated on Successfully at University Hospital in Baltimore.

Baltimore, Md., June 14.—One of the most remarkable cases in the annals of medical history of the State came to light yesterday in the case of Mabel Smith, a pretty 16-year-old girl of Easton, Md., who is at the university hospital here, following an operation.

The Smith girl entered the institution about five days ago and an operation was deemed necessary at once by the physicians. But before the operation took place a careful examination was made by use of the X-rays. The examining physicians found that the girl's heart, stomach and spleen were on her right side, instead of being on the left, and the liver, instead of being on the left side, was on the right side. It was stated by the physicians in charge of the case that only a few like it have been reported in this country.

The operation was entirely successful.

## TWO ARRESTS MADE IN FORGERY CASES

That the write-up contained in The Times of yesterday with reference to the recent forgeries figured largely in the arrest of two men charged with the offense; is evidenced by the experience of Manager Freeman who cashed another of the spurious checks yesterday afternoon. Mr. Freeman cashed the check for \$20 in connection with the sale of \$8 worth of paint and gave the party the change, not suspecting but that the paper was perfectly good. Within a few moments after the transaction he took the car for his home and on reading the account of the forgeries in The Times, realized that he had been made the victim of the work of the parties involved. He immediately returned to town and reported the matter and in company with the officers instituted a search. A short time thereafter the

## A GOOD FIRM, GOOD FANS AND ADVERTISING

These Form a Combination That is Keeping the Falls Electric Co. Working Overtime.

Mr. K. K. Kemper, of the Falls Electrical Company, is another convert to the value of advertising, the columns of the Daily Times, and a convert, too, who will not be apt to blackside, as long as the returns keep coming the way they are now.

Mr. Kemper began advertising electric fans in The Times about the last week in May, using an average of twelve inches of space daily. To a reporter this morning he stated that he was selling fans faster than he could install them, and in many instances to people he had not known lived here. On last Saturday alone he sold \$263 worth of fans and supplies, and every day he is selling them faster than he can get the wire up to run them.

In view of the fact that an electric fan is somewhat of a luxury, and that people generally are trying hard times, the success that has come to Mr. Kemper speaks volumes not only for the Falls Company, but for the value of The Times as an advertising medium.

## WEDDING AT THORNBURY THIS MORNING

Bertie May Bryan Became Bride of Norman A. Goode, of Kansas City, Kansas.

Special to The Times.  
Thornbury, Texas, June 14.—At 7:30 o'clock this morning at the farm home of Mr. and Mrs. John Bryan, three miles south of here, occurred the marriage of their youngest daughter, Bertie May, to Mr. Norman A. Goode, of Kansas City, Kansas.

Accompanied by Mr. Lee Bryan and Corda Banger, Mr. Robert Goode and sister, Pearl, the couple marched to the parlor, where Rev. W. L. Cunningham pronounced them husband and wife.

The bride was dressed in a handsome buff-colored suit, the groom in gray. Only the two families were present.

After congratulations the wedding party immediately drove to the home of the bride's sister, Mrs. T. C. Thornberry, 901 Travis street, Wichita Falls, where a three-course dinner was served.

Mr. and Mrs. Goode took the 1:15 p. m. train enroute to Kansas City, Kansas, where the new home is fitted up ready for its occupants.

The bride is an accomplished Christian lady, prominent in the Methodist church and Sunday school at Thornbury and her absence will be greatly felt here.

Mr. Goode is a young man of fine qualities and much respected, the oldest son of Mr. and Mrs. Goode and is employed as inspector of engines in Kansas City.

Mrs. Goode was the recipient of many handsome presents of silverware and cut glass.

These young people go with the respect and best wishes of this whole community.

## Deaf Mutes Write Their Marriage Vow

Special to The Times.

Kansas City, Mo., June 14.—Comments did not embarrass James R. Tuttle and Minnie P. Snyder when they stood before Charles Clark, justice of the peace, yesterday morning to be married. Pulling out two pads of paper, one of which he handed to his fiancée, Tuttle wrote that they desired to be married.

Justice Clark "caught on." He wrote the usual questions on the pad and the would-be bride and groom wrote the answers. They wrote their ages as "over 21" and "over 18." They explained to Justice Clark that they lived in Richmond, Mo., and had come to Kansas City to be married because they were afraid people in Richmond would comment too much upon the marriage of two deaf mutes.

## SEAMEN'S STRIKE IS NOT WELL ORGANIZED

LACK OF COHESION AMONG MEN EXPLAINS INDIFFERENCE OF SHIP OWNERS.

## THE OLYMPIC LAUNCHED

Signal For International Strike Will Be Given Through Great Britain and Other Countries.

By Associated Press.  
London, June 14.—The strike of the seamen and firemen was launched at London and several other British and some Continental ports today.

The first of the big steamers to be tied up were the Trans-Atlantic liners.

Despite the efforts of the strikers to stop her, the Olympic, of the White Star line, the largest steamer afloat, got away on her maiden voyage from Southampton to New York.

In the early hours of the strike, there was apparent lack of cohesion among the men which explained the comparative indifference of the ship owners who scouted the idea of really serious trouble.

The Seamen's International Union has issued a proclamation that a signal for an international strike will be given throughout the United Kingdoms of France, Belgium, Holland and Scandinavia at 7 o'clock tonight.

At Amsterdam the crews of three Royal steamship companies vessels quit.

## FIREMEN RECEIVE PASSES FROM KATY

Chief Stampitt of the fire department this morning received passes from the M. & T. railroad for the five delegates to the state convention at Waco and the boys expect to leave Monday morning at 6:30 over the road. The delegates to whom passes were issued are Adam Coker, A. K. Colfith, J. R. Buchanan, J. L. McClure and V. E. Stampitt.

As has been announced heretofore the boys are going to Waco with a determination to capture the 1912 convention of that organization and they are very hopeful of success, in fact anticipate but little opposition to Wichita Falls, which city has on two occasions missed selection by a very small margin.

During the absence of the deleger mentioned above, Grover Habern will have charge of the auto engine, while Joe Stearns will drive the team of horses and I. H. Roberts will help the company in the event of a fire during the time.

A man tells a secret just the way a woman does, only he can't fit as hard about how he didn't.

## McCUMBER'S REPORT AGAINST RECIPROCITY

3ays Measure Will Check Agricultural Progress and Prosperity.

By Associated Press.  
Washington, D. C., June 14.—Senator McCumber of North Dakota, today filed a minority report on Canadian reciprocity giving sixteen reasons why he opposed it.

"We no sooner said the McCumber report," enter up on new and better conditions, when we are securing for farm labor and for capital invested in farms a more fair and just remuneration than we find ourselves confronted by this measure, which will operate as a check against any further progress and will even deprive us of the advantage we have gained."

The report dealt extensively with the price of wheat of both sides of the international line and found it to be ten cents a bushel cheaper in Canada than in the United States.

In spite of the fact that a bride is always given away, she is sometimes pretty badly sold.

## A FIERCE FIGHT IS NOW RAGING

Ridiculous rumors galloping into the city, mixed with stories of blood and desperation, tell of the desperate conflict in which the Federals under the leadership of General Hayes and the Insurrectos under General Smith are engaged within the city in the Y. M. C. A. membership contest.

Followers of these two leaders seen on the skirmish lines steadfastly to divulge any information concerning the progress of the battle or the strength of their forces.

"At the Y. M. C. A. at ten tonight," is the battle cry of both sides indicating that the contending forces will clash in one last desperate struggle at that place at the hour mentioned.

Although the smoke and dirt of the battle obscure the fighters it is believed the Insurrectos have gained a slight advantage. They are now engaged in a terrific assault on a federal stronghold in the Kemp and Kell building.

## HICKEY WILL BE TRIED 9TH TIME

SENTENCE OF TWENTY YEARS REVERSED AND CASE REMANDED FOR TRIAL AGAIN

## GETS ANOTHER CHANCE

Action of Court of Criminal Appeals Continues One of Hardest Fights For Liberty In Texas History.

By Associated Press.  
Austin, Texas, June 14.—The court of criminal appeals today granted a rehearing and reversed and remanded the case of Walter Hickey, who had been given 20 years sentence for the murder in connection of the death of Joe Dixon, in Jones county.

A similar telegram to the one above today brought a gleam of hope and a ray of new life to a frail old man, who has long been under the shadow of death in the Wichita county jail, and is darker shadow of a long dreary sentence in the state penitentiary.

Since February 11, 1903, Walter Hickey has been making a fight for his freedom before the courts of the State, and for more than a year he has been making a fight with death for the recovery of his health.

Hickey was first indicted in Jones county in connection with the killing of Tom Dixon, and was given a life sentence on a charge of murder.

The case then went to Throckmorton county, and the trial there resulted in a verdict of twenty-five years in the penitentiary. The case was appealed and affirmed by the court of appeals, but was finally given a rehearing and remanded.

The case then shifted to Wichita county and a verdict of twenty years was the result. An appeal was again resorted to by Hickey's attorneys.

The appeal was first argued on January 5th last year, one of the appeal judges being disqualified for some cause, and the remainder failing to agree. The case was again taken up to the higher court on the 8th day of last June and a decision was reached on December 1, affirming the case and denying the application for a new trial.

Attorneys for Hickey determined to make another appeal to the higher tribunal in a last effort to save him from the terrible sentence and the report from the court of criminal appeals today indicates that their appeal has been hearkened to, and that Hickey will be given another chance to prove him innocent before the lower court.

In all Hickey has been tried eight times, and has been in jail nearly all of the time since the day of the murder.

For about two years he has been in the county jail here, and for a year past, has been in very feeble health, owing to an attack of paralysis with which he has been stricken early last fall.

He has already been a model prisoner and has been allowed the liberty of the court yard most of the time. His unflinching courage and cheerful disposition has won him friends among all who have to do with the court house, and especially the officials, who are glad to hear that he is to have another chance for his liberty.

## SOUTHERN PUBLISHERS FAVOR RECIPROCITY

By Associated Press.  
Louisville, Ky., June 14.—The Southern Newspaper Publishers' Association in annual convention here today adopted resolutions urging Senators from Southern States to vote for Canadian reciprocity.

The resolutions declared a belief that this measure would be beneficial to all the people of the United States.

The association endorsed the plans of the Southern Commercial Congress and recommended that all Southern papers co-operate with it to make known the facts about the resources of the South. A committee was appointed to act for this purpose with the Commercial Congress officers.

## Aviator Frey Found With Broken Arm, Leg and Jaw

By Associated Press.  
Rome, Italy, June 14.—Herr Frey, the only competitor in the Paris to Turin race to attempt the final leg of the course from Rome to Turin was found yesterday in the wreckage of his aeroplane near here several hours after his start from Rome. His arm, leg, and jaw are broken and he is delirious.

In his delirium Frey fights again the battle which he lost yesterday.

The time limit for the race expires tomorrow and yesterday Frey decided to take one more chance with the elements. He hoped to reach Florence and then accomplish the perilous flight over the Apennines to Bologna,

whence it would be comparatively easy to fly to Turin. Soon after the start he ran into a heavy fog losing his bearings. Approaching Lake Vico his machine began to shimmy in the heavy rain and hail storm falling to ground in the forest. Physicians believe he will recover.

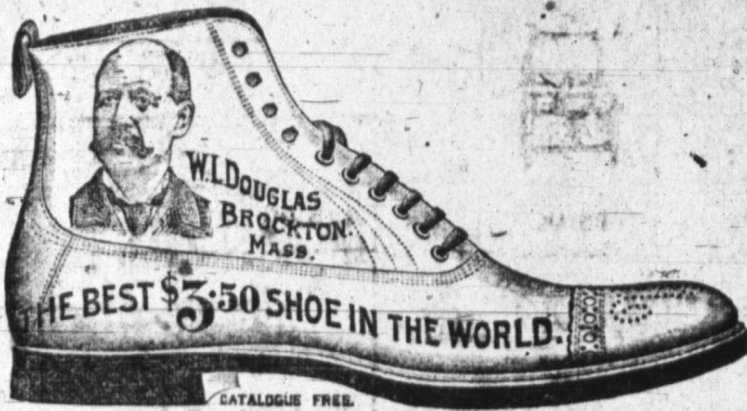

## Torrential Rains at El Paso

By Associated Press.  
El Paso, June 14.—More damage from last night's torrential rain here was apparent today. Water rushing down the city streets from the mountains melted away several adobe houses.

### OLYMPIC ON MAIDEN TRIP TO NEW YORK

Southampton, June 14—Amidst loud cheers from a large assemblage, that re-echoing across the "waters must have been a "bon voyage," the lovable White Star liner Olympic, Captain Smith R. N. P., sailed out of this port today on her maiden voyage to New York. The event was a notable one, and thousands of persons assembled to witness the departure.

The Olympic, which is a triumph of marine architecture, sailed gracefully out of the harbor carrying a complement of passengers, 1,300, besides her crew of 80 officers and seamen, 36 engineers, 368 men in the engine room and stokehold, a chief cook and forty assistants and innumerable other employees.

The Olympic is unapproached not only in size but in matter of appointments. In every respect the big ship is a floating hotel. Dancing rooms, smoking rooms, cafes, a library and even a garden is among the features of the big vessel. There are cool avenues of Oriental palms, beds of roses and carnations, and harbors, skillfully contrived by expert gardeners. Among other interesting innovations is a swimming bath, sufficiently deep for diving and a skating rink.

The suites of cabins are in their design and fitting equal to the finest hotels of Europe. There are many dining rooms, the principal one of which is elaborately decorated and seats no fewer than six hundred. Those who wish to take their meals on deck can do so at a "verandah cafe" situated on one of the upper-decks fifty feet above the level of the water. Another novelty is a grillroom. The cabin suggests an old English chop-house, with high backed stalls of ancient oak, and broad low tables. It will be possible at any hour of the day or night for the passengers to use the grillroom. The palm garden is also another refuge for those who weary of the confines of the ship during the passage.

### ASK RECEIVER FOR LEWIS' CONCERNS

Claimed in Court Action That Ruin Has Followed Enterprises

St. Louis, Mo., June 14—Declaring that ruin, destruction and death have followed in the wake of Lewis' enterprises, due to misrepresentations made to investors in his corporations and securities, creditors yesterday filed a petition in the United States circuit court asking for a receiver for all of the properties of E. C. Lewis, at University City, Mo., an injunction restraining the representatives of a syndicate of magazine publishers from exercising authority under the recent agreement making over the properties and a foreclosure on all improved property of the University Heights & Development Company.

The creditors declare all of the Lewis corporations are insolvent and that their aggregate indebtedness amounts to more than \$5,000,000.

### BURGLAR TAKES MONEY FROM UNDER PILLOW

A burglar last night entered the home of W. T. Watkins at the corner of Eleventh and Burnett and secured from Mr. Watkins between \$15 and \$20 and from J. L. Taylor, who was sleeping in an adjoining room, about \$2.

The burglary occurred about 1 o'clock and within a few minutes after Mr. Watkins had retired, the light, a sixteen candle power, not having been turned out, Mr. Watkins had been up with a child that was not well and on retiring had placed his pants, containing a \$10 bill, a \$5 bill and a few dollars in silver, under his pillow and had fallen in a deep sleep. The burglar entered the room and pulled the pants from under the pillow, took the money and departed, but not without arousing Mr. Watkins with the noise made in getting out of the building. The officers were notified within a few minutes but no trace of the man could be found.

J. L. Taylor, who was sleeping in an adjoining room was also a victim of the burglary to the extent of about \$2, the amount of change in his pocket at the time.

Even the bald-headed actor may have a good part.

## WICHITA FALLS SHIPPERS AMONG COMPLAINANTS

Special to The Times.  
Austin, Texas, June 14.—It was disclosed yesterday that numerous complaints are still being made by shippers to the Railroad Commission regarding overcharges, poor service and apparently dissatisfaction exists among the shippers. This question was the subject of a conference held yesterday by the Commission, but nothing was given out touching on the matter. Suits have already been ordered by the Commission against one company for alleged overcharges and this appears not to be the end. The Commission has been advised that in cases where undercharges are made by an employe he must stand responsible, even to the extent of having the amount deducted from his salary, but no reimbursement is made by the company where the case is the reverse, unless compelled to do so. Reports of mistreatment of employes have also reached the Commission, which will result in a thorough investigation being made of the entire situation. Several Wichita Falls shippers are among the complainants.

## RECIPROCITY AN ISSUE

### NOVA SCOTIA ELECTION

Halifax, N. S., June 14.—The electors throughout Nova Scotia are today expressing their political preferences and on their verdict depends the fate of the Liberal Government, which, under the leadership of Premier Murray, has been in office for many years. The campaign has been hotly contested in all of the eighteen constituencies. Both sides express confidence in the outlook, though unprejudiced opinion inclines to the belief that the Liberal Government is practically certain of five years more in office. It can be truly said that outside of extreme partisans nobody expects the Murray Government to be defeated. This is due to many reasons, the main fact being that since 1867 only one Conservative Government has been in power in Nova Scotia, and that was twenty-nine years ago. Four times has Premier Murray appealed to the people, and four times has he been returned to power with overwhelming majorities.

On the other hand, the Conservatives profess confidence that, even if not defeated, the Government's majority will be reduced very close to the vanishing point. The Conservatives have attacked the Government with a general criticism of their policies and with the declaration that it is time for a change.

From a broad viewpoint the results of the election will be of interest as indicating Canadian opinion on the reciprocity pact. It is not a direct issue between the local contestants, yet there can be no doubt that the proposed agreement, if it is disapproved in Nova Scotia, will notably diminish support of the Murray ministry, since the ministry not only favors the agreement but procured an assembly vote of approval for the Lorimer ministry's course in negotiating it. The present election is the first important election held since reciprocity came to the front. From it wide and influential inferences will be drawn all over Canada. If the Murray Government is notably weakened the result will be attributed in Ontario, Quebec and the West, to Nova Scotian dislike of reciprocity. A triumph for Mr. Murray, on the other hand, will undoubtedly comfort and reassure all Canadian friends of the cause. For this reason the results of the election are awaited with unusual interest by politicians and the public generally all the way from Charlottetown to Vancouver Island.

Falling Hair Ends and Hair Grows Profusely.

Your money back if Parisian Sage isn't the best hair tonic—the best hair grower—the best hair saver—you ever used, but you be the judge. Ask O. F. Marchman.

It's really a wonder what a phenomenal sale Parisian Sage has made for itself in America in a few years. And what a multitude of people have been cured of falling hair, dandruff and itching scalp by its use.

And now the American women praise Parisian Sage for its peculiar ability to turn harsh, faded, lusterless hair into fresh, beautiful, silky and lustrous hair in a few days. Parisian Sage is today the favorite hair dressing and tonic of discriminating Americans, because it is the only hair grower that will do just as it is advertised to do, or money back.

It kills the dandruff germ and cures dandruff, stops falling hair and itching scalp in two weeks. If it doesn't O. F. Marchman will give you your money back.

If you haven't tried Parisian-Sage, get a large 50 cent bottle today.

### MR. HUFF CRITICISES THE TIMES.

Editor Times—  
I regret to differ with the editorial policy of either of our papers as the Chamber of Commerce has generally had the co-operation of the press of the city in all its undertakings.

Even now I do not believe that the Times is really opposed to progress, and yet its course day after day editorially advocating the policy of securing the consent of all property owners interested before calling an election or voting paving bonds will be so understood, though not intended by the Editor.

It has never been the policy of the Chamber of Commerce or the City Council of Wichita Falls to oppose the citizens or impose burdens upon them without their consent and the policy heretofore in force will undoubtedly be continued hereafter.

But it takes time to vote bonds, go through the red tape necessary to have them registered, sell them and get ready for work, and the true policy is to take the necessary legal steps to prepare the city for its share of the work and trust to the public spirit of the individual property owners to do their part later.

It should not be forgotten that less than a year ago the citizens of Tenth street were ready and anxious to pave but the city authorities did not then see their way clear to take care of the city's share, so the matter was postponed and dropped.

If the Chamber of Commerce or the

City Council had adopted in the beginning the policy now advocated by the Times we would not have one foot of paving, yet, as it is a well known fact that some of our largest property owners (who afterwards cheerfully and gladly paid their share of the paving abutting their property) were opposed to taking any steps whatever looking toward paving the city.

And it is also a well known fact that it was over a year after paving bonds were first voted before any individual property owners were called upon to pay his share. It will take more than one drouthy year to affect the permanent growth of this city unless our people should get discouraged and lose their nerve, and our newspapers should be the last ones to advocate a policy of inaction or retreat, and the Chamber of Commerce hopes no citizen will advocate taking any backward steps.

If it should develop that individual property owners can not now stand their share of paving expenditures the actual paving can be deferred, but, as the ownership of lots is widely scattered, and no one individual share will be very great we may be able to do the work without delay and without injustice to anyone.

The very fact that times are hard will enable the city and people to have the work done more cheaply, and except in case of more work on Ohio and Indiana avenues probably a paving material has been adopted that will be less expensive.

On behalf of the Chamber of Commerce I request from the Times the same hearty co-operation we have usually had on public matters and can assure its management that the interests of the individual citizens will be carefully considered by our city authorities in any action taken, but it is possible to continue public work during the present dull time we hope it will be done.

Yours respectfully,  
ROBERT E. HUFF.

EDITOR'S NOTE—The Times objects to the language of Mr. Huff in the second paragraph. From that one must naturally come to the conclusion that to view any public matter from a different viewpoint than that adopted by the Chamber of Commerce, he then and there becomes a "knocker." The Times has done as much for the progress of Wichita Falls as those who generally sit complacently by and allow others to give them credit for doing everything. In this matter of putting down additional paving at this time, the Times merely suggests that as the property owners in the proposed paved district will be required to pay for two-thirds of the cost of same, that their consent to such improvements be first secured. This was done before any steps were taken to put down the present paving, Mr. Huff to the contrary, notwithstanding. If he will refresh his memory he will recall that at a meeting of the Chamber of Commerce, called for the purpose of taking steps to pave a certain section of the business streets, committees were appointed to wait for the property owners and get their consent. This was done first, before the Chamber of Commerce ever asked the city council to call for an election to vote street paving bonds. This time it was different, in that the elec-

tion was called for before the property holders were ever consulted. The Times does not wish to be placed in the light of opposing progress. It simply realizes that there are at least a few in the proposed additional paving district who are not in a position, financially, to bear the expense of such improvement just at this time, and unless it was able financially, to go to these people and tell them it would loan them the necessary money on long terms and at a reasonable rate of interest with which to pay for such improvements, it certainly would not ask or expect of them to incur an obligation which might result in a change of ownership of their property without their full consent.

D. WARD KING.  
D. Ward King is in a class by himself; no man before him has ever treated the road problem as he does.

THE ROAD LAW OF SIX STATES have been changed to conform to Mr. King's ideas of proper road construction and road repair and maintenance.

Eight states have paid Mr. King public funds to explain his ideas to their people and five important railroads have employed him at a handsome salary and carried him from city to city in a private car to deliver his message.

Author of the popular Entertainment Lectures, spent eight years as a high school and college teacher. He is now giving his entire time to the platform because he considers the Lyceum the most democratic and purely American expression of the general uplift movement of the age.

BASE BALL BETTORS REPORTED INDICTED

The district court is engaged today in the trial of the case of P. L. Wilks vs. the North Texas Gas Co., a suit for damages on account of the death of Mrs. Wilks as a result of burns sustained in a fire that destroyed the dwelling at the corner of Seventh and Austin several months ago, it being alleged that the fire originated from escaping gas. The case had not been concluded at the hour of going to press.

The grand jury made another report to the court today in which they returned in 13 bills, one of which was for a felony, while twelve were for misdemeanors. While nothing is given out with reference to indictments returned until service is had, it is understood that the bills found by this grand jury have contained a number of surprises, including a large list of indictments for violations of the gaming law, with special reference to betting on baseball games, in which list some of the most prominent people of the city are included.

SPLENDID FIELD WORK

Keeps Blue Ribbons From Piling Up Score Although They Hit Well.

Special to The Times. Gainesville, Texas, June 14.—Two home runs, a three-bagger and two two-baggers helped the Irish Lads pile up fourteen scores in the game with the Blue Ribbons yesterday. D. Naylor's home run with the bases full was the feature of the game. The Blue Ribbons did some hitting themselves, but the superior fielding of the Lads held their scores down.

Corzine, who pitched for Durant, was touched up for three two-base hits in the first inning, but soon settled down and did not relax until the ninth. Pitcher McKee caught in place of Manager Conner, who was injured Monday. Manager Rogers of Ardmore, announced he has signed two new pitchers, a first baseman, an infield and an outfielder, who will join his team soon.

National league catchers are murdering the ball this season. Dooin, of the Quakers, Bresnahan, of the Cardinals, Meyers of the Giants, Simon of the Pirates and Graham of the Rustlers are all hitting over the 300 mark.

Lou Evans, of the Cardinals, thinks "Rube" Marquard, of the Giants, should be the greatest pitcher in the world. "He's got everything," says Lou, "he's left-handed, lopsided, wry-necked and crazy, and if that combination doesn't make a good pitcher I'm a sailor."

There are two choices of what to do with your money—one is to waste it and the other is to lose it.

WE DO NOT GUESS OR SUBSTITUTE

ONE IS AS BAD AS THE OTHER. IF YOUR prescription is not filled with the right quantities or if some ingredient is adulterated or substituted you cannot expect results.

EVERYTHING SOLD AT THIS STORE IS MEASURED OR weighed accurately, and we are just as particular about the quality too. We use only pure, fresh drugs and your orders and prescriptions are filled by a graduate in pharmacy. If you ask for one article we do not try to persuade you to take another on which we make a greater profit. No want of yours is too small to receive our most careful attention.

GET THE HOOK It has been a long time since we matriculated in the pharmaceutical kindergarten and begun to hand out the information that we were on earth to make others happy for cash, that is the reason we advertise in the newspapers. We have had the advertising bug from infancy, and have gone against every advertising scheme from printed powder rags to souvenir wash boards and learned from experience that as a medium for converting reputable merchandise into cash the newspaper has all other mediums nine miles down the speedways with a bursted tire and a dead engine.

You will find us in the same place every day on the last page, there has not been a copy of the Times issued since our advent into the business, and best built city in Texas that did not carry our advertisement.

Come in and look us over, we have the goods, the time, and the place. Palace Drug Store Corner 8th and Wall.

A DRY WEATHER TALK!

In 1889 we opened our Store where we are now located, now known as 608-610 Ohio Avenue, then known only as Bean's Store—it was on a narrow, crooked path through the sunflowers that grew on either side of the road. We've been there ever since; good years, bad years, dry years, wet years, fat years, lean years and will be there for years to come. We've got lots of customers that commenced with us and its a matter of satisfaction to us that counts for more than the money we've made. We've always had the reputation of having a complete stock of the very best goods, no matter how hard the times. We assure you we are not going to loose that reputation. We believe we have always sold them as cheap as is consistent with sound business principles, good service and square treatment—that's a reputation we want to build to
