NUMBER 20.

DIAZ REPROACHES HIS COUNTRYMEN

PHYSICALLY ENFEEBLED AND SICK AT HEART ISSUES A STATEMENT

SACRIFICED AMBITION

In Hope of Obtaining Tranquility and Avoiding Pretext For Intervention.

By Associated Press. Corruña, Spain, June 17.—Physical enfeebled and sick at heart, Ex-President Diaz, yielded to the impulse of self defense and in a formal statement attempts to justify his administration as president and reproaches his countrymen for what he calls their ingratitude.

The statement was issued from the steamer Ypiranga after a consultation with members of his party. It was given in response to a request from Fabra Agencia, the official press association of Spain. It is the first personal expression of Diaz since he left the office. It was as follows:

"General Diaz is saddened by recent events in Mexico and the ingratitude his countrymen. He voluntarily sacrificed his ambition in hope of obtaining tranquility for the nation foreseeing that if he continued to defend his cause he might afford a pretext for intervention. The bitterness and deep disappointment which he felt was mitigated by the warmth of the manifestations of sympathy upon his departure from Vera Cruz. Much has been said about a military dictatorship, but can one thus define a regime which rested upon an army reduced to fourteen thousand men?"

General Diaz, when he assumed power had to deal with conditions requiring energy, but afterwards the nation ripened and was more able to direct itself constitutionally. General Diaz later policies were interpreted by his adversaries as a sign of weakness. He is confident that in the good sense of the people that the agitation would disappear, but the people easily forgetting the merits of the Diaz administration, allowed themselves to be dragged into a revolutionary movement. Santander and Havre with Diaz The Ypiranga has left for abroad.

ST. MARY'S ACADEMY GIVEN GOLD MEDAL

The Academy of Mary Immaculate of Wichita Falls conducted by the sisters of St. Mary has been successful in winning the gold medal from the A. N. Palmer Company for the greatest number of final certificates in the Palmer method of business writing, in proportion to attendance issued to any Catholic school in the Dallas diocese.

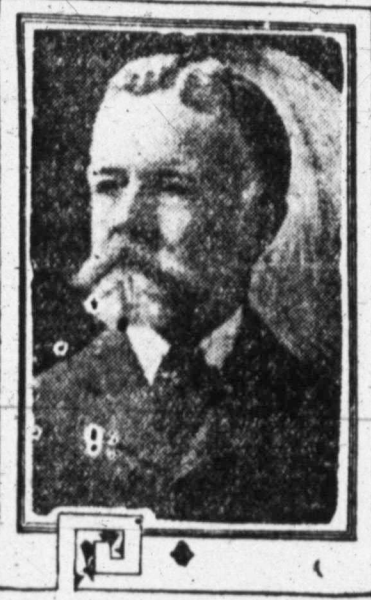

The medal will be drawn by pupils who have obtained certificates during the past term and those who will have obtained them during the term ending June 1912.

The sisters and pupils are to be congratulated on the good work accomplished in the Palmer method of business writing.

The Lone Star Candy Company Wichita Falls' Newest Industry

The newest business enterprise to be organized in this city is the Lone Star Candy Co., which began operations this week. Mr. W. L. Dillard who has been conducting a retail store in the Colonial Theatre building for some time, is the promoter of the new company, and that it will be a success is evidenced by the manner in which the products have already taken with the trade.

At present the company is occupying the brick building in the rear of the Frear-Brin Co. It is manufacturing a full line of bulk candies and crisp goods. This latter includes pop corn, candied nuts and Saratoga-chips. In the fall it will also put out a line of chocolates and bonbons. The company at present is piling through jobs

Senator H. O. Lodge, of Massachusetts, who declares that the Canadian reciprocity bill will win in the Senate. Senator Lodge says he has abandoned his idea of offering an amendment to the pact, for the protection of fishermen in his state.

NEW MERCHANTS PLEASED WITH WICHITA FALLS

Mr. E. L. Taylor, of Waco, a brother of D. A. Taylor, who purchased the Walsh & Clasby stock and a partner with the latter in the business, is in the city for a few days, looking over the situation with a view of locating permanently.

The Taylor brothers have been identified with the business interests of Waco for a number of years, and have been among the foremost leaders in making that city the metropolis of Central Texas. Recently they closed out their business there, and in casting about for a new location decided that Wichita Falls offered the best opportunities of any city in the State. The purchase of the Walsh & Clasby stock was but a forerunner for them, as they intend, if they stay here, to put in a complete mercantile business, in which they will handle everything to wear.

To a reporter for The Times this morning Mr. E. L. Taylor stated that both he and his brother were more than pleased with Wichita, and that as soon as a suitable location could be secured he left sure they would be ready to announce their permanent location here.

The broad, liberal pull-together spirit manifest here, and the royal welcome that had been extended to them on all sides was a revelation to him and made both he and his brother feel that there was the greatest chance for them to succeed in any place he knew of. He said he was familiar with dry weather conditions in West Texas, and knew that in the end it would come out all right and that the present little stringency did not scare him a bit. To him, the things that had already been done here were marvelous, and that no people with the energy and push that had been shown here could not be smothered by a few days of hot, dry weather.

WHOLE LEGISLATURE WILL BE SUMMONED

EVERY MEMBER OF ILLINOIS ASSEMBLY THAT ELECTED LORIMER WILL BE INCLUDED.

THE PROBE WILL GO DEEP

Head of Harvester Company and Former Governor Will Be Called Before the Committee.

By Associated Press. Washington, D. C., June 17.—The Lorimer investigating committee today practically decided to summon as witnesses the entire membership of the Illinois Legislature which elected Lorimer. Cyrus H. McCormick, president of the International Harvester Company and former Governor Richard Yates of Illinois, also will be summoned.

SENSATIONAL DECLINE IN THE COTTON MARKET

Favorable Crop Reports and Reports of Rain Send Prices Tumbling.

By Associated Press. New York, June 17.—There was a further sensational decline in the cotton market here this morning caused by generally favorable crop reports including private advices of rain in the Southwest. July sold off to 14.51 or \$6.60 per bale under the season's high record.

Big Decline in Houston Market

By Associated Press. New Orleans, June 17.—On reports of showers last night in Texas, there was a wide break in the cotton market at the opening this morning, although the Houston weather bureau reports covering the entire state failed to show any rain whatever. The decline finally reached a dollar and a half a bale. Strangely enough the old crops options were weaker than the new. July which the public has considered the center of the bull campaign broke below the fifteen cent mark to 14.55 or thirty-four points under yesterday's close. The weather forecast this morning was for showers over practically the entire cotton belt.

EFFICACY OF ADVERTISING IS DEMONSTRATED

To the man who doubts the efficiency of advertising there was an abundance of evidence of its value in the result of the Pennington sale that opened today. From early morning the store was crowded with customers and even with the large force of clerks it was impossible to wait on all the customers with the dispatch that the firm had contemplated and would have liked. This condition was true of every department and the purchasers consisted of both men and women, some attractive bargains having been offered in all departments.

For the occasion music had been provided for and proved a pleasing feature of the occasion. The sale is announced to continue for two weeks and the firm will no doubt enjoy a record breaking business if the opening day may be taken as an indication of the popularity of the sale.

GOOD PROGRAM AT GEM TODAY

The Gem Theatre for today has a program of unusual merit in the three reels of pictures presented, one of which proved so popular on yesterday that it is being reproduced as a feature of the program for this afternoon and tonight. Manager Tritch, in conversation with a Times reporter stated that he considered today's program the best he has presented in the city, affording as it does a variety of subjects including the pathetic, comic and a popular western scene. The splendid program and the fact that the Gem is always cool should attract a large audience to this popular place of amusement tonight.

Henry L. Stimson, Secretary of War and formerly United States District Attorney at New York, who defends his settlement with the Sugar Trust. It had been reported from Washington that the testimony of District Attorney Wise placed the responsibility for a compromise settlement with the Sugar Trust upon his predecessor. Secretary Stimson in answer says: "Not only did we collect back duties of which the United States had been defrauded, but we got \$137,000 extra out of fines."

A GOOD SHOWER AT ARCHER CITY

Territory From Mills to Palo Pinto Counties Swept By Mail, Rain and Wind.

Continuous flashes of lightning that shot from the horizon to the dome of heaven illuminating black rolling clouds that seemed ready to let down a deluge of water accompanied by a thirty-mile wind kept many Wichitans awake last night expecting the rain that never came. So far as can be learned no rain fell nearer than Archer City. Charles Martin, who came upon the morning train reports a rain of about three-quarters of an inch there early this morning. He said that the rain fell only over the town and from reports there was no precipitation elsewhere in Archer County although the telephone wires to Scotland and Wind thurst were down and nothing had been heard from those places. A good shower is also reported in the vicinity of Dundee.

A hail and rain storm swept a strip of territory from Mills to Palo Pinto county after 6 o'clock Friday evening, damaging orchards, crops and all young shrubbery. There fell an average of two and one-half inches of rain. The storm area covered parts of Mills, Comanche, Brown, Erath, Palo Pinto, Stephens and Eastland counties.

For one and one-half hours, a Palo Pinto county report says, rain and hail came down faster and the wind blew harder than has been known in years. The storm was more furious than the one which swept the same territory four months ago.

The storm, raged hardest near the Erath-Palo Pinto county line. Three inches of rain was recorded in that vicinity and all streams were swollen as a result. Trees were blown down, cotton, corn and young plants were pelted with hailstones and some crops ruined, buildings and fences wrecked and the rain and wind did hundreds of dollars' worth of damage otherwise in this territory. Dublin received a four-inch precipitation, accompanied by hailstones and a less damaging wind. Comanche got a three-inch rain, Brownwood two and one-half inches, Zephyr, Mullin and Goldthwaite two inches, while May and nearby points got only an inch. Granbury and Canyon were on the eastern and western edges of the storm area, while Palo Pinto was on the northern boundary. The precipitation at Cisco amount.

SIX TEAM LEAGUE AND NEW SCHEDULE

MEETING WILL BE HELD BY THE MANAGERS HERE NEXT WEEK

THE LAWTON TEAM QUITS

Games This Afternoon Will End First Period of Season—New Start Will Start Tomorrow.

As a result of the action of the Gainesville and Lawton ball teams in disbanding, the first part of the season will be concluded with the games of today, a new schedule will be arranged for the six remaining teams for the balance of the season and an entirely new start will be made. If at the conclusion of the second part of the season some team other than Wichita Falls is ahead, then a post series of seven games will be played, otherwise the pennant will go to this city. For the purpose of arranging a new schedule a meeting will be held the first of next week, at which time games will be outlined for the remainder of the season ending on September 4. This announcement was made this afternoon by President St. Clair of the league and embodies in a general way an outline of the future of the organization. Further details of the plans could not be given out until Mr. St. Clair had communicated with the different managers.

The Wichita Falls and Altus teams will conclude their series this afternoon and arrangements have been made for an exhibition game at Altus tomorrow, after which the Lads will return home. Wichita Falls was booked to go to Lawton tomorrow while Gainesville was expected to play at Altus, and the two teams having disbanded left both Altus and Wichita Falls without games, hence the agreement for an exhibition at the former place.

In discussing the matter of placing the franchises of Gainesville and Lawton with other towns, Mr. St. Clair stated that this action would be abandoned in view of the fact that six teams would likely have a more successful season than eight, and as a result the new schedule will provide for but the six teams. Gainesville and Lawton were the weakest teams in the league, occupying the last two positions in the percentage column, thus leaving the six nearest balanced teams to fight it out for first place in the second series of the season.

GRAND JURY RETURNS FORGERY INDICTMENTS

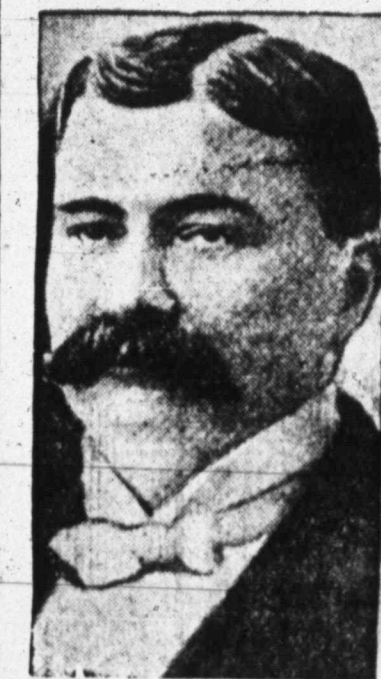

Five men against whom indictments charging forgery were returned by the grand jury before recess are now in the custody of the officers. Several other forgery cases from the last term of court will also be called from the original docket this term.

The officers have in custody the following persons against whom felony indictments have been returned by the grand jury.

- State vs. Marion Goldsmith; false swearing.
- State vs. E. L. York; forgery and passing forged instruments; five indictments.
- State vs. Schlich; burglary.
- State vs. Will Hudson; forgery; five indictments.
- State vs. L. P. Evans; robbery by assault.
- A. D. Sawyer; theft of over fifty dollars.
- State vs. Shannon O'Neil forgery and passing forged instrument.
- State vs. H. C. Conway forgery and passing forged instrument.
- State vs. T. C. Moore; burglary.
- State vs. William Bell; forgery.
- State vs. Ed Waggoner; attempt of theft from person.
- State vs. J. F. Middleton; robbery by assault.
- State vs. Ernest Macon; assault with intent to murder.

Otis Childers of Chillicothe, was here yesterday and today, the guest of his friend, Geo. Lawler.

TRYING TO SHUT OFF THE ORATORS

W. A. Pinkerton, the well known detective, who has recently arrived in London for the Coronation. Pinkerton declares he is merely on a pleasure trip, but this is obviously professional subterfuge, as since his arrival he has been in constant communication with the Home Office, which bears the responsibility for the King's safety. There is no doubt that Pinkerton will aid Scotland Yard and the police to keep out of London all anarchists and dangerous criminals.

WEATHERFORD MEN INSPECT PAVING

Messrs. S. G. Maddox, a prominent merchant, Asa Grant, a banker and J. W. Kutenat an attorney, all of Weatherford, and who are the guests of Wiley Blair, yesterday afternoon inspected the wood block paving, being put down in this city and expressed themselves as well pleased with this system. They were shown over the paved district by Mr. Tracey, who is superintending the work and who explained the advantages of the wood blocks over other kinds of paving in general use.

It is understood that these gentlemen are making this investigation with a view to paying work expected to be done at Weatherford, in order that they may be in a position to report to the authorities of that city something of the wood blocks as a suitable material for this class of work.

Mr. Ed Lysaght, formerly of this city, but now residing at Fort Worth who is also a guest of Mr. Blair, took considerable interest in the work being done at this place and with the gentlemen mentioned above examined the paving work in progress.

City May Accept Offer of Loan To Extend Sewers to Floral Heights

At the next meeting of the city council it is probable a proposition will be presented whereby the sewer system may be extended to cover the Floral Heights addition.

The extension of the sewer to this addition has not been made because the city has not had the funds. A proposal is now before the directors of the Floral Heights company to loan the city the money at a low rate of interest to be repaid when the city secures the money through the payment of taxes next year. It is said a majority of the members of the council favor the acceptance of the proposal. It is estimated the extension would cost about \$8000.

LOWER HOUSE RESUMES GENERAL DEBATE ON THE WOOL TARIFF

SENATORS NOT READY

Nearly Half a Dozen Speeches, However Are Expected to Be Made Monday

By Associated Press. Washington, D. C., June 17.—With a view to clearing the atmosphere of speeches on the wool tariff revision bill the House today resumed the general debate on the measure, with a probability that another night session would be held. While the House faces the problem of shutting off the eager orators the Senate was forced to remain idle today because the Senators had not prepared speeches on Canadian reciprocity. Monday, however, nearly a half dozen speeches against it are expected to be ready then. The sugar and steel investigation committees adjourned last night until Monday.

The House Democrats who favor free wool entered upon a carefully worked-out plan yesterday to "set the party right before the country as to its position on free raw materials," as these members explain their plan. For this purpose they propose to have the general debate on the wool bill close with a series of speeches in favor of the free raw materials, especially in favor of wool. These speeches will amount almost to a criticism of the pending bill, because it leaves a duty of 20 per cent ad valorem on wool, although throughout there is to be approval of the measure as a whole as being a great forward step and an immeasurable improvement over the Payne-Aldrich law.

The first gun of the campaign within the party, which is expected to be felt in the coming National Democratic convention, was fired yesterday by Representative Oldfield of Arkansas. Mr. Oldfield's speech was an exhaustive historical treatment of the

(Continued on Page Four)

PIE EATING CONTEST AT AIRDOME TONIGHT

In addition to the regular program at the Lamar Airdome tonight, the patrons will witness a real old-fashioned pie eating contest in which a number of boys, good healthy pie-hungry boys, will engage in a pie-eating contest, and the boy who can eat the most pie will get a prize of a dollar for his efforts.

The Lamar will also offer an entirely new program in vaudeville and three reels of splendid pictures, together with a good musical program.

Motion For Rehearing

By Associated Press. Austin, Texas, June 17.—A motion for a rehearing in the case of the Orient vs. Sweetwater in the removal of headquarters to San Angelo, was submitted to the supreme court today on oral argument.

Marriage Licenses

The following marriage licenses were issued by County Clerk Reid today:

C. J. Clark and Miss Minnie T. Wooley, both of Grandfield, Okla.

S. C. Lindley and Miss Abbie Stone both of Dundee, Texas.

Death From Burns

By Associated Press. Dallas, Texas, June 17.—Mrs. Max Mobius died early today as the result of her clothing burning off her body last night when an oil lamp exploded in her hand.

Dr. C. M. Bishop has returned from Georgetown where he accepted the office of president of Southwestern University.

IN SOCIETY'S REALM

Reception.

The lovely new home of Mr. and Mrs. H. J. Bachman, 1410 Eleventh street was the scene of a delightful social gathering Thursday night, given to meet the new pastor, Rev. Henry Wharton who has recently come to the First Methodist Episcopal Church.

Recital.

Miss Esther Gorsline gave a Class Recital Tuesday evening including the pupils who had studied with her all winter and up to the present time. Her program was as follows: Valse-Violin and Piano—Edgar Gorsline and Annette Walsh.

Children's Party.

Mrs. Kilander entertained a crowd of little folks Thursday afternoon with a lawn party for the pleasure of her own children and their playmates. Such games as "Dropping the Handkerchief," "Marching Around the Levee," and "London Bridge is Falling Down," interested the small guests.

House Party.

A few former neighbors and friends are enjoying a week-end house party in the hospitable home of Mr. and Mrs. Wiley Blair on Tenth street. Those composing the list are: Mr.

Overland.

Word comes from Mr. and Mrs. Heath who recently moved from Wichita that they were safely housed in Cheyenne, Wyoming. They made the trip overland in their automobile and while some of the roads were a menace to life and machine, for the most part the journey was delightful.

Girl's Sewing Club.

This week's meeting was held at the home of Mrs. Mark Walker, 1106 Austin avenue and an unusually pleasant time was enjoyed by Misses Sadie and Carrie Kell, Vivian Mathis, Lucille Brooks, Phoebe and Mary Martha Bishop, Jewel Kemp and Temple Thompson members, and Misses Josephine Brown of Long Beach, and Lucy Tarwise guests.

B. A. C. Club.

Always alert for something clever and entertaining, a number of school girls have organized a pleasure club devoted principally to novel games and their weekly meetings are something to look forward to during the warm summer months.

afternoon "Bunco" was the game indulged in and later, sandwiches and lemonade were much appreciated. Those present were Lillian Fain, Lillian McGregor, Lillian Bell, Alice Burnside, Edner Gaston, Tula Stokes, Pauline Mears, Gladys Heron, Bernice Jackson, Celia Stayton, Ruby Bachman, Lucille Hagy, Dorothy Beavers and Thelma Kahn. Dorothy Beavers is next hostess.

Birthday Dinner.

Mr. and Mrs. Emil Fyberg who live two miles north of town, made their little son, Walter very happy on his seventh birthday by inviting in a number of friends to enjoy a Sunday noon dinner in honor of the event. The table fairly groaned with its load of good things and the first object that caught the eye was the birthday cake with its seven burning tapers. Everything else was forgotten for a time when the young honoree turned up his plate and announced with a whoop the number of dollars he found hidden there.

Cupid's Capers.

Miss Hattie Smith left Tuesday for San Francisco, California, where immediately upon her arrival she will be married to Mr. Sam Moore, son of Mr. and Mrs. R. M. Moore of this place. The prospective groom has a lucrative position at that place and the young couple will make it their future home.

Picnickers.

Jolly crowds of picnickers frequent the lake resort almost every day. Dr. Bell and family with their house guests Mrs. Bell, Mrs. Stephens and children of Mississippi and Miss Eunice Birk of Iowa Park, were among those who spent Monday evening at the lake.

Hines-Fox.

On Sunday evening at the Methodist parsonage, Miss Aene Hines and Mr. Max Fox, both of this city, were united in marriage, in the presence of a few of their friends.

Merry Maids and Matrons.

Miss Icie White extended delightful hospitality to the members of her club Wednesday morning and enough guests to fill six tables of players. The cool morning hours were chosen in preference to the regular time of meeting and the house guests added interest to the occasion.

Dinner Party.

A few friends enjoyed a charming course dinner Tuesday evening with Dr. and Mrs. J. L. McKee at the manse. Covers were laid for Dr. and Mrs. Bell, Mr. and Mrs. Dutton Judge and Mrs. Carrigan, Mrs. Fowler, Mrs. Darnell and the host and hostess.

Six O'clock Dinner.

Mr. and Mrs. B. T. Burgess honored their guest, Mr. Filkins, with a six o'clock dinner party Monday evening when covers were laid for eight. Following an elaborate menu a delightful moonlight automobile ride was thoroughly enjoyed by those fortunate enough to be of the company.

Recital.

The Bridge Club held its summer closing meeting Thursday morning at the home of Mrs. Mark Walker.

Commencement exercises at Barne rd College, New York. The photograph shows the 1911 girl graduates leaving Brooks Hall, after the customary reception had been rendered them by the trustees of Barne rd.

Mrs. Carrie Chapman Catt, of New York, who has been re-elected president of the International Woman's Suffrage Alliance, at the sixth congress of the alliance, which is in convention at Stockholm, Sweden. A thousand delegates from Denmark, the United States, Australia and South Africa were present at the opening of the Congress, which remains in session until June 17th.

and Mrs. S. G. Maddox, Mr. and Mrs. Asa N. Grant, Mr. and Mrs. H. W. Kuteman, all of Weatherford, and Mr. and Mrs. Ed Lysaght of Fort Worth. Miss Willie Foster, of Dallas, will aid her sister, Mrs. Blair in looking after the pleasure and comfort of her guests.

Flirting.

Mr. and Mrs. J. A. Richolt paid compliment to a number of old-time neighbors and friends by inviting them to spend Monday evening in the old home before their flitting to the new. Games and social chat were enjoyed, but there is always a touch of sadness in breaking up old ties even if it is only moving from one street to another.

A Good Record.

Wiley Blair, Jr. who is attending school in Pawling, New York, is expected home about the twenty-sixth of the month. It is gratifying to know that our home boys can more than hold their own in high grade schools. Wiley is head boy of his form, having been the honors of his class and he also received first prize in Algebra.

Lawn Fete.

Mr. and Mrs. B. T. Burgess assisted by Miss Moynihan, entertained at the home of the former on Lamar avenue, Wednesday evening in honor of their friend, Mr. Sheldon Filkins of Houston. The lawn was beautifully lighted with electric bulbs set in by art shades and the porch was artistically decorated and brightened with Japanese lanterns.

Church.

The Aid Society of the First Methodist Episcopal Church will meet with Mrs. Goodale Monday afternoon at 3:30 o'clock. The B. R. T. Auxiliary will hold its regular meeting Tuesday at 3 o'clock. The picnic in prospect has been indefinitely postponed.

SOCIETY PERSONALS.

Mr. E. G. Cook is in Chicago on business for the Carlson-Strap-Fastener Company. Miss Josephine Brown, of Long Beach, California, who has been visiting her Uncle's family, the R. H. Halls, of Burnett street, left last night for Amarillo, where she will visit other relatives before returning home to attend the marriage of her sister which event occurs late in June.

Mr. and Mrs. G. L. Monje go to Houston Sunday for several days.

Miss Jeanette Strubing of Alvin, is expected the first of the week to spend sometime as guest of her Uncle, Judge Scurry. Miss Jeanette has visited Wichita Falls before and a number of friends will be glad to welcome her again.

Dr. and Mrs. E. E. Jones left Tuesday for a two weeks' visit with friends in Lancaster.

(Continued on Page Four)

THE SALE HAS ALREADY Proved Itself

LONG before 8:00 this morning prudent buyers were waiting for the doors to open—eager to avail themselves of the countless opportunities to save that are offered in this sale. And how they bought? At hour of writing, 10 a. m., the store is thronged—Wichitians are buying and saving. They are choosing from the biggest stock in all West Texas and paying less than similar merchandise has ever been sold for.

Whether You Were Here Today or Not, Come Monday and Every Day Next Week

\$100,000.00 Worth of Merchandise of every conceivable kind to choose from—Dry Goods, Clothing, Shoes, Trunks, Suit Cases, Silks, Ladies' Ready-to-wear Garments, Ladies', Men's and Children's Underwear, Etc.

Remember This Great Clearance Sale Will Continue Until Saturday Night July 1st—Come

FINAL PREPARATIONS FOR CORONATION

LONDON TOWN TURNED TOPSY TURVY—DECORATIONS WILL TRANSFORM EVERY THING.

CROWDS ARE ENORMOUS

60,000 Soldiers and 10,000 Police Will Keep the Great Throngs in Order.

London, June 17.—All London is now in a state of confusion, awaiting the gorgeous spectacles of the coronation. The present aspect of the town is rather topsy-turvy, but a day or two more of work on the decorations is expected to transform everything. At present the sight and smell of many miles of new timber being flung against a normal gray background make the metropolis a strange place even to its own inhabitants. As rapidly as the huge grand stands are completed they are brightly draped and beflagged. Most of the private decorations, especially the costly and elaborate set pieces, have been covered with waterproof cloth to protect them from rain, and until these coverings are removed it is impossible to divest the town of its curl-paper appearance.

Crowds Already Enormous. There is no longer any doubt as to the popular attitude toward the coronation festivities. The enormous and growing crowds and the babel of foreign tongues give unmistakable evidence of the public interest in the event. Every day this week has seen crowds traversing the routes of the processions to view the decorations. Aristocratic equipages of the wealthy and the humble market cart of the coster and his family, breaks carrying tourists of every nationality, are driven over the routes, while on the sidewalks are dense masses of slowly moving pedestrians. There are many provincial folk in town and every arriving train is added to the crowds. In Trafalgar Square and in some of the thoroughfares leading from that point the congestion was so great today that the omnibuses sometimes found it almost impossible to proceed.

Visiting Americans are largely in evidence at some of the leading hotels, but the talk of an unprecedented number of visitors from the other side of the water is all bosh. Londoners whose business constantly brings them in contact with the tourist classes one and all declare that there are not so many Americans in England now as at this time a year ago. This statement is borne out by the opinions of the steamship officials, who declare that ample accommodations could be found on any liner leaving New York Boston or Philadelphia so far as this summer. The preliminary scare about the danger of overcrowding may have kept some of the Americans away. All the best hotels complain that their regular American guests did not come this year. The proprietors do not appreciate the official and other guests of all nationalities who have taken their places.

Many Canadians on Hand. The statements regarding the absence of American visitors do not apply, however, to the Canadians. It does not take a very observant eye to detect the fact that visitors from Canada are more numerous in London today than ever before. Parties from Montreal, Toronto, Halifax, Ottawa and from Winnipeg, Vancouver and other cities of the West are to be found registered at nearly every hotel. The Dominion premiers and parliamentarians, with the official guests from the other colonies, are being elaborately entertained. Today the parliamentary visitors, nearly all of whom are accompanied by their wives and families, became the guests of the nation and during the ensuing three weeks they will be entertained as such. Tonight they dine at the Waldorf Hotel and tomorrow evening they will be the guests of the Royal Automobile Club at a supper and reception. The formal luncheon of welcome will take place in Westminster Hall Monday.

Elaborate Police Precautions. The police are taking the most elaborate precautions to prevent panics or other catastrophes on the days of the big parades. The possibility of fire in some of the mammoth grand stands along the route has been given the utmost consideration. Almost everywhere are hand grenades galore, while fire extinguishers are freely distributed about. It is probable that the police will follow the same plan adopted at the last coronation of erecting strong barriers at the converging streets so as to prevent any enormous crush of people. The entire route of the processions will be lined with soldiers. The usual calculation for lining streets with soldiers is 10,000 troops per mile, but this is only for a single rank on each side of the street, and the figures have to be modified where, as in the present case, there are many points of the route at which

double ranks are necessary, and others where considerable bodies of troops must be massed. It is probable that 60,000 soldiers of all ranks will be required for this purpose.

Princess Josephine of Thurn and Taxis, as she styles herself, who, according to word from London is about to bring suit for divorce from the Prince of Thurn and Taxis, to whom she was married through a "table d'hôte" ceremony—the clasp of hands across a restaurant table. The Prince even denies the performing of this informal ceremony, and it is a problem how the London courts will consider her suit for a divorce from such a marriage. The "Princess" (well known in the United States first as "Baby Jo" Moffit, an actress, then as "Mrs. Taxis") says: "The Prince has deserted me and I want to be free, now that I know I do not love him. I want to marry a man I love. I must have been crazy to marry the Prince, but he was so clever he could fool any woman."

FORT WORTH RUNNING SHORT OF WATER

Clear Fork So Low That Pumps Can Not Reach Water—Pressure of Only Three Hours a Day.

And now Fort Worth is running short of water and it may yet become necessary for Wichita Falls to supply water for both Fort Worth and Dallas. The following is a partial account of the water shortage in Fort Worth published in yesterday's Star-Telegram: "Water in the Clear Fork sank so low Thursday night that it became impossible to secure it with the big pumps in the Holly plant, the water in the Clear Fork not backing up to reach the Holly pumps in the Clear Fork beyond the City Park dam, and as a result the south side was without water Thursday night. After a conference of the city commission Friday night, notice was issued by Commissioner Powell that full pressure will be maintained only for an hour morning, noon and night, and in case of fire. This will result in the south side being without water except at these hours. The difficulty was so acute that the fire department was unable to get water for seven minutes at a fire at 2825 Travis avenue Friday morning, the apparatus pumping air until high pressure was secured to lift the water to that height. Commissioner Powell's statement attributes the condition to the failure of shipments to arrive for repairs on the Powell field machinery and the rapid fall of the river. As relief measures the following are in sight: Arrival of a car of pipe now on the road with which to connect the new south side artesian system with the city mains. This will supply 1,000,000 gallons a day with the temporary pumps already installed there. Arrival of the second shipment of tubes for the Powell field boilers, the installation of which will add the water from six wells in that field. Addition of two more Mead system wells, one of which has been brought to the surface and awaits pipe for connection, and another which can be put in use in a couple of days. It is probable that an ordinance will be passed cutting off sprinkling if the conditions continue as at present. Report was made to the commissioners Friday morning that from 5 to 10 o'clock Thursday night the water was consumed at the rate of 16,000,000 gallons a day, both 8,000,000-gallon pumps

AMERICAN LABOR IS CHEAPEST IN WORLD

A Brooklyn Representative Tells House That Productive Ability Lowers Cost.

Washington, June 17.—An attack upon the protective tariff system by an American manufacturer who claims to have studied labor and manufacturing conditions in many countries, held the attention of the house of representatives for two hours today. Representative William C. Redfield, of Brooklyn, a new Democratic member, a manufacturer of machinery and long connected with export trade, said that American manufacturers are abandoning the protective principle as unnecessary, as they develop more scientific management of their own plants. "The protective tariff simply has enabled the American manufacturers to sell at such high prices that they have not studied their own conditions closely," said Mr. Redfield. "They have relied on government support, rather than upon development of scientific management of their own plants, until they are now so large that products must be sold abroad. In this condition, the manufacturers no longer want to pay the high prices necessary for material under a protective tariff." Mr. Redfield declared that instead of foreign labor being cheaper, American labor is really the cheapest in the world; that no labor produced as much product in proportion to the wages received as American. Mr. Redfield attacked the Republican principal of a tariff "equal to the difference in cost at home and abroad," saying it was impossible to determine the difference. He said the American tariff board is "worthless unless empowered to call for the cost sheets of the factories engaged in the line of manufacture it is studying," adding that often the American cost of production is lower.

being worked to full capacity until the supply got too low to reach it. For fire protection a supply of water is being held back in the reservoir. In the downtown district, reached by the dual system, there is also an ample fire fighting supply in the West Fork which the dual plant pumps can't reach.

Robatch's Mineral Water. is highly recommended by physicians and patrons who have tested its merits for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach, increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases. This water can be purchased at the well or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner, Phone 1601—1 long—4 shorts.

THIS DATE IN HISTORY.

- June 17
- 1642—Site of Montreal consecrated by the Superior of Jesuits.
- 1745—Louisburg, N. S., taken by the British under Pepperell from the French.
- 1775—The battle of Bunker Hill was fought between the British under General Howe and the Colonials under Generals Putnam and Prescott.
- 1815—Americans captured the Algerian frigate "Mashouda."
- 1853—Grand Trunk Railway completed to Portland, Maine.
- 1857—Dedication of a statue of General Joseph Warren on the battleground of Bunker Hill.
- 1861—Wheeling convention unanimously declared Western Virginia independent of the Confederate portion of the State.
- 1889—John Gilbert, noted actor died in Boston. Born in Boston, Feb. 27, 1810.
- 1900—Taku forts in China captured by the allies.

The Abilene Reporter, in an optimistic vein remarks that "it is dry everywhere except at El Paso, where it is not supposed to rain."

The development of the Electric oil field means much for Electra and Wichita county, and if the wells are as good as reported, it means that Electra will soon have a population of 4000 or 5000 people, and possibly more than that within the next year, or so.

The water problem is one that is bothering many cities just at this time, but not so with Wichita Falls. Years ago the people of this city solved that problem by constructing a dam across a creek that is capable of holding a sufficient amount of water to supply a city of 50,000 inhabitants. So, along that line Wichita Falls has no need to worry.

It may be that the committee appointed to investigate the steel trust will be able to tell the people of the United States just why it is that the steel trust is able to sell its products in foreign countries at a lower price than at home. This has been a question often asked but never yet satisfactorily answered.

The movement started here to secure for precinct one, Wichita county, the same kind of a good roads law as that now enjoyed by Lamar county is worthy the endorsement of every property owner in Wichita county. When good roads can be constructed with cheap money and the people or property owners are given a long time in which to pay the principal, there is no better investment that could be made. There is no question but that good roads enhance land values far more than the cost of construction. That has been most thoroughly demonstrated by other counties time and again and when that is the case there should be but little or no opposition to the building of good roads.

With not more than half the rainfall of last year, it is a fact nevertheless, that more wheat was produced in this and adjoining counties this year than was the case last year. The highest average yield of anyone crop so far reported this year was that of S. P. Hawkins of Burk Burnett, being a little better than 12 bushels per acre. He is one of the first settlers of Wichita

county, having resided here for more than thirty years, during which time his wheat crops have made an average yield of more than 15 bushels per acre. There are not many wheat farmers residing in any state in the union where wheat is grown who can make or who in fact has made a better record at wheat farming.

MRS. KENNEDY HAS SUED NORTHWESTERN

Wife of Railroad Promoter Claims She Put \$7,157 into Altus, Roswell and El Paso R. R. Promotion.

Guthrie, Okla., June 17.—Mrs. Ed Kennedy, of Abilene, Texas, yesterday started a suit in the federal court here against the Wichita Falls & Northwestern Railway company and the Altus, Roswell & El Paso Railway company to collect \$7,157, which she alleged she put into the promotion of the Altus-Roswell project, of which her husband was then president.

Recently she secured judgment in the district court here against the Altus-Roswell company for the amount named; but the sheriffs of this and Jackson county reported that no property belonging to the company could be found. She now alleges that the Wichita Falls & Northwestern bought out the Altus-Roswell line last year and still owes \$3,964 on the purchase price. She asks a court order compelling the money to be paid to her on her district court judgment against the Altus-Roswell concern.

CRIMINAL DOCKET WILL BE CALLED MONDAY

There has been no session of the district court today, adjournment having been taken at the close of the session yesterday afternoon until Monday morning.

Monday morning the criminal docket will be called, as heretofore announced and the assignment of cases will be made. Judge Martin is disqualified in a number of criminal cases on account of his service as district attorney and these cases will be set at a convenient time and will be tried by Judge Dixon of Anson, with whom Judge Martin will exchange benches.

Following is the petit jury summoned for next week:

- R. E. Moore, C. Birk, F. A. Smith, A. L. Huey, J. L. Puckett, Alex. K. Jas. Hodges, George Little, A. Karrenbrock, Ed. Strange, R. B. Harner, W. J. Haynes, George Hund, B. Stokes, J. M. Laley, H. B. Hines, E. T. Anderson, C. G. Biederbrock, W. T. Johnson, C. H. Hardean, R. E. McGee, D. P. Talley, Luther Leisler, J. A. Putnam, W. T. Hamilton, J. G. Kell, T. P. Hickman, Chas. Hill, B. D. Donnell, Tom Weideman.

SUNDAY EVENING BAND CONCERT PROGRAM

The Wichita State Band will give their usual Sunday evening concert under the direction of E. P. Boyer on the court house lawn at 7:30 p. m. The program will be as follows:

- American Eagle (march)—H. J. Ballard.
- Queen of the Ice (waltz)—Dolbey.
- Kiss Me, My Honey Kiss Me (medley march)—Snyder.
- The Golden Princes (overture)—Losey.
- Napoleon's last Charge (descriptive)—Powell.
- In the Land of Harmony by Becker.
- The Silver Shield by Lauredean.
- Recreation by Johnston.

Knowledge Came in Good Use. By Associated Press. Yonker, N. Y., June 17.—Professor Charles Edgar Roake, of Syracuse University saved the lives of two children in a runaway last night by his knowledge in chemistry. He had been experimenting with an anion compound which he drew from his pocket and threw it into the runaway horses eyes. The liquid blinded the animal and it stopped dead still. The professor then took the horses to his hydrant and washed its eyes in time to save its sight.

Wheat Found With Mummy Grows. By Associated Press. Greeley, Colo., June 17.—After lying in a tomb with an Egyptian mummy probably more than a thousand years ten grains of wheat sent to a farmer near here germinated and produced eight stalks which give promise of a superior variety of wheat.

Those Who Won't See Are Most Blinded. By Associated Press. Chicago, June 17.—The recitatory speech of President Taft at Chicago has made the least impression upon people who are resolved not to be convinced against their will.—Philadelphia Record.

AT THE CHURCHES

First Methodist Church.

Will have comfortable seats and extend to all our invitation.
Come to church tomorrow and get in closer touch with your Christ.—C. F. Mayer, Pastor.

Christian Science.

old home before their fitting to the new. Games and social chat were all enjoyed, but there is always a touch of sadness in breaking up old ties even if it is only moving from one street to another. A delicious ice course was served, a number of friends assisting the hostess in dispensing this hospitality. Those invited were: Mr. and Mrs. Taxis, Mr. and Mrs. Avis, Mr. and Mrs. Collier, Mr. and Mrs. Duke, Mr. and Mrs. Kahn, Mr. and Mrs. Roberts, Mr. and Mrs. Lynch, Mr. and Mrs. Eugene Sherrod, Mr. and Mrs. J. L. Lee, Mr. and Mrs. Montgomery, Mr. and Mrs. Fleming, Dr. and Mrs. Guest, Dr. and Mrs. Burnside, Mrs. Anderson, Mrs. Dagburn, Mrs. J. L. McKee, Minister.

Evangelical Lutheran Church.

Corner Holliday and 11th.
The morning services will be held at the usual hours.
Sunday school at 9:30 a. m.
The German morning service at 10:30 a. m.
On this Sunday of the month there is no morning service on account of preaching at Henrietta. E. Deffen Pastor.

Church of the Good Shepherd.

Corner Eighth and Lamar.
During the summer months, the program of services will omit the usual morning service, and will include only such services as follows:
Holy Communion at 7:30 a. m.
Sunday school at 9:30 a. m.
Evening prayer and sermon at 8:00 p. m.

Fist Baptist Church

Corner Austin and Tenth.
Preaching by Rev. C. R. Stewart at 11:00 a. m.
Sunday school at 9:30 a. m., T. L. Toland, Superintendent.
B. Y. P. U. at 7:00 p. m., E. B. Jones, President.
Royal Ambassadors at 2:30 p. m., P. E. Phillips, Leader.
Sunbeams at 3:30 p. m., Mrs. Stanton, Leader.
A cordial welcome to all.

Notice to Union Carpenters.

Election of officers and other important business of vital interest demand your attention at the next regular meeting, June 19th. Fail not.
A. VAN DEUSEN, Secretary.

This Is My 63rd Birthday.

Edward J. Berwind, a noted Philadelphia capitalist who for some years has been one of the leading factors in the control of the Atchison, Topeka and Santa Fe Railway, was born in Philadelphia, June 17, 1848. He was graduated from the United States Naval Academy in 1869 and continued to serve in the navy until 1875, when he resigned to enter mercantile life. He accumulated a large fortune in the coal mining business and subsequently became prominent in railroad, banking, steamship and various other corporations. In addition to his home in Philadelphia, Mr. Berwind maintains a residence in New York City and is also the owner of one of the finest summer resorts at New port.

In Society's Realm

(Continued from Page Two.)

Joe Carrigan returned Thursday from a fortnight's visit with relatives in Fort Worth.

Miss Susie McGonnis leaves Saturday to visit some weeks in Cleburne.

Mrs. J. A. Kemp and son, Anderson are home from New York, where they put in a few weeks very pleasantly.

Mr. and Mrs. A. M. Bradley, of Russellville, Arkansas, will arrive the first of the week to make a visit of some length with their daughter, Mrs. Ed Orr.

Miss Maud Walker returned Thursday from Baylor University, where she has been in school.

Little Maurine Smith has gone to Missouri with friends to spend the summer.

Mr. and Mrs. O. F. Marchman arrived home Thursday night from a combined business and pleasure trip in Dallas and Oklahoma.

Mr. and Mrs. T. C. Thatcher and family will leave Sunday for "Kool Colorado" and will settle for the warm months in Colorado Springs.

Mrs. Wade Walker and mother left Tuesday for some point in Colorado possibly Boulder, in search of health for Mrs. Howard. Word comes from them enroute that the cool atmosphere is already proving beneficial.

Mrs. Maer of Childress, and daughter, Marian, are expected today for a visit with friends and relatives. Mrs. Maer will also assist in the musical part of the John Knox entertainment next week.

Mrs. Ralph Robertson and little daughter, Lella Mary, left Thursday for Tyler, where they will make their future home.

Miss Glen Missie, of Vernon, who has been the guest of Miss Orveta Wyatt, this week, returned home today.

Mrs. J. A. Kemp goes to Colorado Tuesday prospecting for a summer residence, where the family may most pleasantly pass the hot summer months.

Mrs. P. P. Langford and children, accompanied by her mother, Mrs. Hyatt, will leave Wednesday for the northern lakes where she has engaged a cottage for the summer. Later Mr. Langford will join her and before returning they will visit friends in North Carolina and Virginia.

Miss Helen Fitzpatrick went to Dallas yesterday to join a house party given by her friend, Miss Frances Buell. After ten days Miss Buell will accompany Miss Helen to Wichita Falls for a visit.

Mrs. Harry May is visiting a couple of weeks in Bowie, with home folks.

Mr. R. F. Fox of Fort Worth, stopped over for a short visit with the D. B. Walkers on his return this week from Colorado.

Little Miss Louise Fox, of Fort Worth, arrived today for a stay with her grandparents, Mr. and Mrs. D. B. Walker and other relatives.

The Woman's Prohibition Club will hold a meeting Wednesday afternoon at four o'clock at the First Presbyterian Church. Not only the members but all ladies are insistently urged to be present and lend their voice and influence to this good work.

Fish Fry.

The house guests of Mr. and Mrs. Wiley Blair and a few other friends including Mr. and Mrs. Woodward, Mr. and Mrs. Foster and Montie Stanforth, enjoyed a delightful fish fry on Holliday Creek last evening. We are not in possession of particulars but judging by previous outings planned by this capable host and hostess, it goes without saying that a genuinely good time was had.

Mrs. Staylor will entertain the Woman's Foreign Missionary Society Monday afternoon at 2:30 at her home on Sixteenth street.

Reception and Dance.

For delightful coolness and adaptability, no place quite equals the Colorado on a hot summer evening, and it was here that Mr. and Mrs. Fitzpatrick and daughter, Miss Helen, entertained Thursday night with one of the largest and happiest dances of the early summer. Many of those in attendance did not indulge in the fascinating Terpsichorean art; preferred chatting in the moonlight and

TRYING TO SHUT OFF THE ORATORS

(Continued from Page One)

free raw material doctrine. He discussed the resolution of the Democratic caucus which undertook to explain that the condition of the National Treasury made it necessary to place wool on the dutiable list instead of on the free list. This resolution has been variously described as a stardle and as ambiguous and vague. In the opinion of Mr. Oldfield the resolution is clear.

"I take it," he said, "that the duty of 20 per cent on raw wool in this bill was because of the revenue which this item would produce. I also take it that as soon as the state of the public revenues will permit wool will be placed upon the free list."

One of the interesting things in the speech is the allusion to a statement which is "a distinguished Democrat" is fond of making, that "wool is the finished product of the wool-grower, but it is the raw material of the manufacturer," etc. Mr. Oldfield said that in looking up Republican authorities he found that Republican high priest of protection, Senator Aldrich originated "when he was slaughtered the Mills bill in the Senate in 1888, and I think," added Mr. Oldfield "it would be well hereafter for Democrats when they make an argument of this kind, to give Mr. Aldrich credit for having originated it. I would say to Democrats, beware of quoting this Aldrich doctrine as Democratic doctrine."

Among other Democratic members who are expected to make speeches on this phase of the tariff during the wool debate are Messrs. Harrison of New York, Henry and Sheppard of Texas, and James of Kentucky.

POND ENTERTAINS LAUNDRY WORKERS

Thirty-eight employees of Ponds Laundry including drivers and workers in the laundry were given an outing Friday night at Mr. Pond's expense. The party rode to Lake Wichita on a "special" chartered by Mr. Pond where a basket luncheon was spread and where all the amusements the place affords were enjoyed.

Waco Scientist Dead.

Waco, Texas, June 17.—Judge J. C. Walker, aged ninety-one, a wealthy citizen here, died last night. He was a well known scientist and had long studied the problem of harnessing the ocean waves to secure mechanical power.

FLY TIME REVERIE.

(Honey Grove Signal)

There's a droopin' of the eyelids,
There's a sinkin' of the chin,
And a gnawin' of the innards
Show there somethin' wrong within
Seems I can't get by a goods box
'Tbout my rear side droppin' down,
And there's somethin' seems to tell me
I should get out 'er town.

I have been to see the doctor
And he's diagnosed my ills,
Says my liver ain't er workin',
'I should take some bluemass pills,
But I think I know what ails me
Know why I'm always droppin' down—
'Taint my liver nor my kidneys,
I should get out 'er town.

There's a fishing hole out yonder
Full of speckled perch and cat,
And the bank is cool and grassy,
Just the place to drop down at.
I can see the cork a bobbin—
Gosh! I see it goin' down!
This here office's no place for me,
I just got to quit this town.

LOST—Suit box and contents between Union station and 14th street. Finder return to this office and receive reward. 30-2fp

LOST

FIRE AT OLNEY

Olney Enterprise. About nine o'clock last night, from the explosion of a lamp, fire was started in the rear room of Tom Lamar's residence, first door north of the old Mason & Benson livery stable, and fanned by a stiff breeze from the Southeast, the flames spread with lightning-like rapidity to the Christian rooming house; thence across the street north to the old Palace Hotel. Everything being so dry, the wind blowing a regular gale, these buildings burned like gunpowder, and that the whole town did not go up in smoke is a miracle, only to be accounted for by the valiant and heroic efforts of the bucket brigade. Estimated loss four to five thousand dollars, about half insured.

THURSDAY NIGHT

KEMP AND PARLETTE

ATTRACTIONS SUNDAY

Everett Kemp will be on the program in the afternoon at 3:15 o'clock. It has been said of him: "His art is to interpret life, and he does this with all the varying shades, and subtle emotions peculiar to this great humanity of ours. He is a born comedian and brings to his audience that rare treat—clean, pure fun. His humor is delicious. Everybody likes his funny people, but best of all they like him. To have the blues while Kemp is around is out of the question. His is the smile that pushes back the clouds and radiates sunshine and good fellowship."
Ralph Parlette who will speak in the evening was a country editor struggling with a mortgage on a ticket and faith in the future, both getting punched day by day. He wrote stuff that made people laugh—and think at the same time. His readers called him to the platform. His success was immediate and emphatic. He fills about two hundred engagements a year and carries on a vast amount of other work. His editorial office has been a car seat since he began lecturing in 1896. He has been in newspaper work for twenty years and still thinks the world is growing better. He is a remarkable example of a writer who is also a speaker. He has often been called "The Charles Lamb of the Lyceum."
Dwight J. M. Driver, D. D. former pastor of the People's Church in Chicago will speak. He has a message that has stirred the public wherever he has spoken.

HOGS SELLING AT FIVE CENT ADVANCE

TOPS BRING \$6.45 AND BULK SELL FROM \$6.05 TO \$6.30.

CATTLE WERE STEADY

Receipts Were Only 450 Head—Steers Were Quoted From \$3.05 to \$3.85.

TEXANS NARROWLY ESCAPE SHUTOUT—EBNER KEEPS HITS SCATTERED AND IS ACCORDED GOOD SUPPORT.

Durant, Okla., June 16.—But for an accident in the second inning of today's game Durant would have scored another 7 to 0 victory over Bonham. Pitcher Ebner scattered hits and scattered Baseman Brownlow as he was racing across the field after Joak's popout. Both fell and the batter went to second on his mislay and scored later on Ballou's two-bagger. That was the visitors' only score. Ebner keeping the hits scattered, scattered them. He received brilliant support, two double plays being featured. In one of which he participated. Pitcher Grady, who played center field, also put up a star game, accepting four chances and making several quick returns, one of which threw a third. He also started at bat, getting a two-bagger and a home run, the only ball ever knocked over the left field fence. Hancock started in on pitch for Bonham, but was removed after he had passed Eppling and Holstrom was safe of a bunt. Long and Grady, but for a hit for a two-bagger hit, single and a three-bagger before the side was retired, netting Durant four runs. Grady's home run in the seventh scored two more and one was added in the fifth.

DURANT 7, BONHAM 1.

BASEBALL NOTES.

Rowan, the St. Louis Brown's new first baseman, came from the Three I League.

Manager Tanney of the Boston Rustlers has benched Steinfeld and placed Infection back on third base.

Catcher Arthur Wilson is going fine work behind the log for the Giants, and is also hitting when bingles are needed.

Out of four hundred youngsters roped-in by the major league last fall only seventy remain in the fast set.

The Cincinnati Reds show a sample of winning goods now and then, but the sample seems to be all they have got.

"Uncle Cy" Young, of the Naps has made a good start and looks good enough to spread the foolers for some time yet.

Catcher Tom Madden of the Boston Red Sox has joined the Toledo team. Tom, with his rubber suit seems to be the right party for the Mud Hens.

It is said that Captain "Chet" Emerson of the Dartmouth University team, will join the Athletics after Dartmouth's last game of the present season.

It wouldn't take much to put "Rajah" Breenan and his Cardinals on the roof, where they could watch the struggles of their less fortunate brothers.

If the Cubs and Pirates can't hold their own on their home grounds, the chances are that the two teams will never see daylight in the National league race.

The Detroit Cubs will try out Harold Kling, a brother of the mighty

LATE SPORTING NEWS

YESTERDAY'S GAME EASY FOR THE LADS

ALTUS WAS DEFEATED BY THE SCORE OF ELEVEN TO SIX

GREEN WAS ON THE MOUND

Except in Sixth Inning Lads Put Up a Good Game in Both In and Outfield.

Special to The Times. Altus, Okla., June 17.—The Lads turned the tables on Altus yesterday following their defeat Thursday and won yesterday's game handsily by a score of 11 to 6. Green was on the mound for Wichita and the Lads gave him good support except in the fifth inning when a couple of hits and more errors gave Altus four runs.

BASEBALL NOTES.

Rowan, the St. Louis Brown's new first baseman, came from the Three I League.

Manager Tanney of the Boston Rustlers has benched Steinfeld and placed Infection back on third base.

Catcher Arthur Wilson is going fine work behind the log for the Giants, and is also hitting when bingles are needed.

Out of four hundred youngsters roped-in by the major league last fall only seventy remain in the fast set.

The Cincinnati Reds show a sample of winning goods now and then, but the sample seems to be all they have got.

"Uncle Cy" Young, of the Naps has made a good start and looks good enough to spread the foolers for some time yet.

Catcher Tom Madden of the Boston Red Sox has joined the Toledo team. Tom, with his rubber suit seems to be the right party for the Mud Hens.

It is said that Captain "Chet" Emerson of the Dartmouth University team, will join the Athletics after Dartmouth's last game of the present season.

It wouldn't take much to put "Rajah" Breenan and his Cardinals on the roof, where they could watch the struggles of their less fortunate brothers.

If the Cubs and Pirates can't hold their own on their home grounds, the chances are that the two teams will never see daylight in the National league race.

The Detroit Cubs will try out Harold Kling, a brother of the mighty

WITH THE BOXERS.

Leo Houck will probably sail for England soon and clinch a match with Bill Papke.

Champion of the lightweight division Ad Wolgast, and Johnny Conlin, the bantam champ are both hot base ball fans.

Frank Picato, the California lightweight, won his first bout in Australia, defeating Arthur Douglas in twenty rounds at Sidney.

Another "hope" has gone wrong. Bill Chase, the English lightweight, touted as a wonder, was knocked out in four rounds recently by Fred Storbeck.

Harry Lewis has returned home after a most successful trip to Europe.

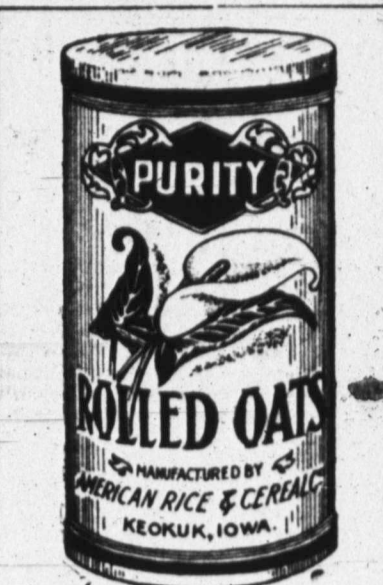

Joe (Kid) Lee, the Chelsea bantam, is trying to get on in a bout with Johnie Conlin.

Phil Brock, the Cleveland lightweight, is in the hospital in Cleveland, having his eyes treated.

WATER CONSERVATION IS URGED BY EXALL

Dam Texas For Good of All The People—Flood Water Lake Club In Every Community

Special to The Times. Dallas, Texas, June 17.—On a large proportion of the farms in this state there are creeks, ravines or gullies that could be dammed at comparatively small expense, thus forming lakes or pools to catch and hold in the aggregate a vast amount of flood-water. The lakes already built could and should be greatly enlarged, thus insuring an abundance of water for man and beast, and in many cases enough to irrigate on a moderate scale. Useful shade or fruit trees could be easily, cheaply and profitably grown on the banks of these lakes, and the evaporation from the waters would to some extent cool the atmosphere and presently, when we have a great number of such pools, might possibly increase our rain fall. If the people generally will become enthusiastically interested in this subject and show their faith by their works our lawmakers will soon catch the spirit of the enterprise and give county and state support to water conservation on a larger scale, by creating water bonding districts on the order of our road, levee and drainage districts. The combined efforts of the state, counties, cities, towns and country neighborhoods would save billions of barrels of flood-water which now goes wastefully to the Gulf, carrying with it millions of tons of fertilizing matter washed from the soil, which should be conserved, greatly adding to the comfort, happiness and prosperity of all the people. In fact, if we will cultivate more intelligently and carefully, conserve the fertility of the earth as a priceless inheritance and catch and hold the storm waters, we will make Texas a veritable agricultural Eden, capable of supporting in prosperity and happiness millions and millions of people for an almost unlimited time. Let us form a flood-water lake club in every precinct in the state, and by co-operation we will work wonders and dam Texas for the good of all the people—Henry Exall.

PURITY OATS is just what the name indicates, PURITY. Guaranteed the BEST. Guaranteed to Keep in Good condition. You don't need a can opener to get them. You don't have to scratch and dig them out. VALUE OF COTTON GOODS MANUFACTURE
INCREASED 85 PER CENT IN 10 YEARS

Special to The Times
Washington, June 17.—A preliminary
statement showing the general
results of the Thirteenth Census of
establishments engaged in the manu-
facture of cotton goods was issued
today by Acting Census Director
Kalkner. It presents comparative
statements of the quantity and cost of
the principal materials used and the
quantity and value of products manu-
factured for the 1909, 1904 and 1899
censuses. The report was prepared
under the direction of William M.
Stewart, chief statistician for manu-
factures, by H. J. Zimmerman. The
figures are subject to such revision as
may be necessary after further exam-
ination of the original reports.

The reports were taken for the cal-
endar year 1909 wherever the system
of bookkeeping permitted for that pe-
riod to be secured, but in some instanc-
es where the business year of the es-
tablishment differed from the calen-
dar year the reports relate to the busi-
ness year falling most largely within
1909.

The word "establishment," as used
herein, may mean more than one mill
plant, provided they are owned or con-
trolled and operated by a person, part-
nership, corporation, or other owner
or operator and are located in the
same town or city and for which one
set of books of account is kept.

Value of Products \$600,000,000
There were 1,204 establishments en-
gaged in the manufacture of cotton
goods in 1909, which compares with
1,077 in 1904 and 872 in 1899, an in-
crease of 24 per cent during the de-
cade. This percentage does not begin
to show the real advance in the in-
dustry, because the average capacity
of the establishment was increased
materially during the period. The val-
ue of products manufactured increased
from \$332,896,000 in 1899 to \$616,297,
000 in 1909, an increase of 85 per cent.
The total cost of the principal materi-
als used was \$322,884,000 in 1909 and
\$151,960,000 in 1899, a gain of 112 per
cent. The cost of materials, however,
does not include the cost of fibers other
than cotton, mill supplies, soap, oil,
fuel, containers, etc. A large per-
centage of the increase in the cost of
principal materials is due to the
greater cost of cotton.

This report does not include statist-
ics for 115 establishments engaged in
the manufacture of cotton small
wares, which reported products with
a total value of \$13,089,000 in 1909.
Although these establishments use cot-
ton yarn as their chief material, they
do not produce commodities techni-
cally described as cotton goods. Nei-
ther does the report include statistics for
65 establishments engaged exclusively
in the manufacture of cotton twine,
cordage, and rope, which are included
in the cordage and twine industry. The
principal material used by these es-
tablishments was raw cotton, costing
\$2,923,000; the value of products was
\$6,805,000, chief of which was twine,
with a value of \$3,512,000, and cordage
and rope, valued at \$2,500,000.

Increased Cost of Cotton.
The quantity of cotton consumed in-
creased from 1,814,005,000 pounds in
1899 to 2,332,569,000 pounds in 1909, a
gain of 28 per cent, while the cost of
this cotton increased from \$124,906,000
to \$274,402,000, or 120 per cent. The
proportion of foreign cotton used in
1899 and in 1909 was practically the
same, being 55,845,000 pounds, or 3.1
per cent of the total in the former year
and 76,199,000 pounds, or 3.3 per cent,
in the latter. Much the greater portion
of the foreign cotton consumed was
Egyptian, which is used extensively in
the manufacture of thread and cotton
yarns. Small quantities of Indian,
Chinese, and other cottons were also
used.

The amount of cotton waste, pur-
chased as such for use, almost doubled
during the decade, being 49,835,000
pounds in 1899 and 79,419,000 pounds
in 1909. The cost increased from \$1,
512,000 to \$4,167,000. Formerly large
quantities of cotton waste were ex-
ported to Europe and used in the manu-
facture of cheaper grades of goods;
but the installation of machinery
adapted to its use, together with the
high price of cotton, has increased the
consumption of this material both in
cotton mills and in hosiery and knit-
goods factories.

Cotton yarn purchased increased
from \$3,832,000 pounds to 108,569,000
pounds during the decade, a gain of
20 per cent, while the cost increased
from \$12,780,000 to \$29,808,000, or 90
per cent. The installation of weav-
ing departments in mills formerly en-
gaged in the manufacture of yarns is
responsible for the comparatively
small increase in the quantity of yarns
purchased as such. The relative gain
in the quantity of silk yarns used was
large, and their value increased from
\$1,784,000 in 1899 to \$5,776,000 in 1909.
Other yarns purchased decreased dur-
ing the decade, the quantity in 1899
being 3,296,000 pounds, costing \$1,
112,000, while in 1909 it was 3,120,000
pounds, costing \$1,694,000. The cost

of starch, chemicals, and dyestuffs
was returned in 1899 at \$6,895,000,
while in 1909 it was \$6,939,000.

More Than Six Billion Square
Yards of Fabric.
The progress of the industry during
the decade was marked, the increase
in the total value of products manu-
factured, as before stated, being 85
per cent, and while the percentage of
increase in the quantity of products
was not nearly so large, the aggregate
was considerable and distributed gen-
erally throughout the list. Plain cloth
for printing or converting increased
from 1,581,614,000 square yards, valued
at \$57,781,000, in 1899, to 2,437,967,000
square yards, valued at \$121,341,000,
in 1909, a gain of 54 per cent in
quantity and 110 per cent in value.

There were 1,212,405,000 square
yards of brown or bleached sheetings
and shirtings manufactured in 1899
and 1,307,958,000 square yards in 1909.
The increase made in manufacture of
twills and satens, fancy woven fab-
rics, and gingham, were all very large,
being 65, 80, and 97 per cent, respec-
tively. In 1909 there were manufac-
tured 388,315,000 square yards of twills
and satens, valued at \$34,274,000;
427,769,000 square yards of fancy wov-
en fabrics, valued at \$47,666,000; and
536,443,000 square yards of gingham,
valued at \$37,801,000.

Duck produced increased during the
decade from 129,234,000 square yards,
valued at \$14,263,000, to 163,487,000
square yards, valued at \$27,846,000, a
gain of 26 per cent in quantity and 95
per cent in value. The quantity of
both drills and cottonades manufac-
tured decreased during the decade, but
on account of the higher range of val-
ues in 1909 both show increases in
value. In 1909 there were 215,580,000
square yards of drills manufactured,
valued at \$16,265,000, and 25,676,000
square yards of cottonades, valued at
\$3,344,000.

Ticks, denims, and stripes produced
in 1909 amounted to 264,175,000
square yards, valued at \$27,288,000, a
gain during the decade of 54 per cent
in quantity and 66 per cent in value.
Napped fabrics, with 305,656,000 square
yards in 1909, valued at \$25,695,000,
show an increase of 14 per cent in
quantity and 41 per cent in value dur-
ing the decade. The quantity of cor-
duroy, cotton velvet, and plush much
more than doubled, being 7,962,000
square yards in 1899 and 19,706,000
square yards in 1909. The value of
this product increases from \$2,682,000
to \$4,968,000, or 160 per cent.

Remarkable Advance in Lace Goods.
The total quantity of upholstering
goods increased during the decade
from 61,230,000 square yards, valued
at \$8,671,000, to 109,325,000 square
yards, valued at \$15,996,000, an in-
crease of 96 per cent in quantity and
84 per cent in value. The increase is
attributed almost entirely to the item
of lace and lace curtains, which was
returned in 1899 at \$7,225,000 and at
the census of 1909 at \$13,585,000, and
at the census of 1909 at \$5,350,000 square
yards, valued at \$9,728,000, a gain of
126 per cent in quantity and 171 per
cent in value. In 1899 the value of
these goods manufactured was only
\$1,225,000. The progress in this branch
of the industry, has been remarkable
and bids fair to continue. In 1899
there were 32,740,000 square yards of
cotton bags and bagging manufactured
in this country, while in 1909 the
amount was 52,694,000 square yards, an
increase of 61 per cent.

Cotton yarn manufactured for sale
is one of the largest single items
shown under "Products." In 1899
there were 332,186,000 pounds of cot-
ton yarn, valued at \$66,189,000, pro-
duced for sale, while the correspond-
ing figures in 1909 were 470,221,
000 pounds, valued at \$109,219,000, an
increase of 42 per cent in quantity and
98 per cent in value. These yarns are

Coffee is an irritant
To the nervous system.
It interferes with digestion,
And effects the Kidneys
In a great many cases
Where it is not even suspected.
If you value health
And a sound body
The wise thing to do
Would be to quit coffee and
Give Postum a fair trial...
Say, two weeks, or longer.
"Here's a Reason."
Read the famous little book,
"The Road to Wellville," in
Packages of Postum.

spun for a variety of uses and are
disposed of largely to other cotton
mills and to manufacturers of woolen,
silk, and hosiery and knit goods. In
1909 the quantity of thread manufac-
tured was 23,701,000 pounds, valued
at \$20,516,000, showing an increase of
51 per cent in quantity and 73 per cent
in value.

There were 13,600,000 pounds of cot-
ton twine, valued at \$2,397,000, man-
ufactured in cotton mills. This, how-
ever, does not, as previously stated,
represent the entire quantity manu-
factured in the country, as large quan-
tities were returned by establish-
ments engaged exclusively in the pro-
duction of these goods. Bating and
wadding manufactured in cotton mills
during the census year amounted to
10,626,000 pounds, valued at \$1,472,000,
while cotton waste not used for fur-
ther manufacture by the establish-
ments producing it amounted to 309,
298,000 pounds, valued at \$10,834,000.
All other products amounted to \$14,
557,000.

DON'T WAIT
Take Advantage of a Wichita Falls
Citizen's Experience Before
It's Too Late.
When the back begins to ache,
Don't wait until backache becomes
chronic;
Till serious kidney troubles devel-
op;
Till urinary troubles destroy night's
rest.

Profit by a Wichita Falls citizen's
experience.
C. C. Willard, 1925 Eighth street
Wichita Falls, Texas, says: "My kid-
neys troubled me for almost a year
and I was subject to attacks of lum-
bago. Sometimes I had to quit work
and I really believe that my trouble
was caused by overlifting. The con-
tents of one box of Doan's Kidney
Pills which I got from the Wichita
Drug House, rid me of the trouble
and up to this time, I have had no
recurrence of it." (Statement given
June 16, 1909).

Confirmed Proof.
On December 9, 1910, Mr. Willard
was interviewed and he said: "I
cheerfully confirm the testimony I
gave in 1908, telling of my experience
with Doan's Kidney Pills. I now
have no trouble from my back or kid-
neys and I never tire of making the
fact known that Doan's Kidney Pills
brought about this cure."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo, N.
Y., sole agents for the United States.
Remember the name—Doan's—and
take no other.

ENEMIES OF THE TEETH.
(FROM THE LONDON STANDARD)
In an address to the members of
the School Dentists' society, at the
rooms of the medical officers of the
health, Mr. Hopewell Smith gave the
result of tests which he had made to
discover the effect of various kinds
of food—chiefly sweets, fruit and
condiments—on the teeth.

After explaining that caries, or de-
cay of the teeth, was primarily a con-
dition of adolescence, he said that the
way in which the bacteria produced
the decay was still a mystery. The
object of his experiments had been to
find which substances accelerated
and which retarded the growth of the
germs which caused decay. The most
striking factor in the promotion of
growth was sweets. Acid drops ap-
parently prevented it, but chocolate
was extremely bad, and bulls eyes,
butterflies and sticky sweets were
worse still. From dental point of
view sour milk, often prescribed by
physicians, was very bad, as the
germs grow rapidly on it. He had
tested the effect of oranges, apples,
grapes, lemons, etc., and found that
in sixteen hours a huge amount of growth
from Wednesday's Dairy.
The district court is engaged today
in the trial of the case of P. L. Wilks
vs. the North Texas Gas Co., a suit
for damages on account of the death
of Mrs. Wilks as a result of burns sus-
tained in a fire that destroyed the
dwelling at the corner of Seventh and
Austin several months ago, it being
alleged that the fire originated from
escaping gas. The case had not been
concluded at the hour of going to
press.

The grand jury made another re-
port to the court today in which they
turned in 13 bills, one of which was
for a felony, while twelve were for
misdemeanors. While nothing is
given out with reference to indict-
ments returned until service is had,
it is understood that the bills found
by this grand jury have contained a
number of surprises, including a large
list of indictments for violations of
the gaming law, with special reference
to betting on baseball games. In which
list some of the most prominent peo-
ple of the city are included.

Centenary of Noted Playwright.
Paris, June 17.—Several interesting
little observances were held in Paris
literary and dramatic circles today
to mark the centenary anniversary of
Adolphe Philippe d'Aubigny, who was
one of the most prolific and success-
ful playwrights of the last century.
Although a hundred years have elapsed
since his birth he is still well re-
membered personally, for he lived to
be eighty-eight years old, his death
occurring only about ten years ago.
D'Emery was perhaps best known to
the American play-going public as one
of the two authors of "A Celebrated
Case," which he produced in collob-
oration with M. Coenon. He collobor-
ated with M. Danoir in writing "Don
Cesar de Bazan," and with Jules Vern
in "Around the World in Eighty
days"

Oddities in a Day's News

Shoe Tip Catches and Girl Is Killed.
Her shoe tip catching on a car track, Miss Clara Higbee, daughter of the county judge at Atlantic City, N. J., fell heavily to her side.

The following day she could not get up and it was discovered that one of her kidneys has been displaced. The doctors say she will die.

Woman Dies of Accident at Age of 123 Years.
Mrs. Mary Rodriguez, a native of Mexico, died in Bakersfield, Cal., at the reputed age of 123 years, 7 months and 11 days.

A fall in which she sustained a fractured hip compelled her to spend the last five months of her life in bed, but therefore she had retained her faculties. She asserted she was born November 1, 1788.

Doctors' Trust Raises Prices of Calls.
The doctors' trust of Manchester Conn., is to boost prices July 1. The birth of one child will cost \$15, but a mother may have twins for only \$5 more.

To cut off a finger or toe \$10; additional fingers or toes may be got rid of at \$5 each. Examinations for insanity will cost \$5.

Woman is Drowned in Four Inches of Water.
Mrs. Susan Miller of Winnetka, Ill., went in bathing in Lake Michigan with her two children and after splashing about, returned to the sand and sat down.

She fell face forward from heart disease in four inches of water, and although her head was not covered by it she was drowned when found.

Bridegroom Weighing 38 Pounds Marries 136-Pound Girl.
"I had to take three looks before I could see him," remarked Judge Newman at Chicago, after marrying Arthur Atherton, the thinnest man in the world, to Blanche Buckley.

The bridegroom is 24, is 5 feet high, and weighs only 38 pounds. His bride weighs 136.

Muzzled Dog Ends Life in New Jersey Lake.
Henry White's good old dog Jack had to be muzzled in compliance with the New Jersey law, and the disgrace was too much for him.

After vainly trying to get the muzzle off, Jack leaped into Deal Lake and drowned himself.

Miss Ethel Conrad, who with Miss Lillian Graham, is being held without bail by the New York police on a charge of attempted murder for the shooting of W. E. Stokes, a New York millionaire hotel proprietor. Stokes declares the girls attempted to blackmail him out of \$25,000 on the occasion of a visit to their apartments and that when he refused to give them the money, they opened fire on him with two revolvers. He is now in the Roosevelt Hospital suffering from several wounds in the legs and it is feared that blood poisoning may set in. The girls say that Stokes attacked them and that they shot in self defense.

Girl Law Student Carries Off Honors.
For the first time in the history of the Albany Law School a woman carried off the highest honors this spring.

She is Miss Hazel M. Cole of Springfield, Mass., and her class number, 454, President McKinley was a graduate of the Albany institution.

Girl is Poisoned by Licking Stamps.
Miss Grace Hamilton, clerk in the postoffice at Fayette City, Pa., has a serious case of blood poisoning from licking stamps for patrons of the government.

While her lip was blistered it became infected from the colored ink or gum of the stamps.

Kansas Woman Helpless.
Lawrence, Kas.—Mr. J. P. Stone, of this city, says, "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to improve in health. The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on the womanly constitution, are the most valuable qualities of this popular medicine. Cardui acts specifically on the womanly constitution. Half a century of success proves that Cardui will do all that is claimed for it. Try it for your trouble."

News Forecast for the Coming Week

Washington, D. C., June 17.—President and Mrs. Taft will celebrate their silver wedding, the twenty-fifth anniversary of their marriage, in the White House on Monday. They are planning to make it an event of importance, especially to their relatives and intimate friends. The President has invited fifty of his boyhood friends to attend the celebration. A garden party at the White House will be a leading feature of the festivities.

President Taft will attend the Yale commencement on Wednesday and the next day he will speak at the convention of the New York Bankers' Association at Manhattan Beach. It is probable that on Friday he will take a trip on the Mayflower to Fall River to attend the celebration there of the 100th anniversary of the establishment of the cotton manufacturing industry in New England.

The attention of the world will be centered Thursday on Westminster Abbey, where King George and Queen Mary will be crowned with all the elaborate and splendid ceremonies that have attended similar events for ages. Aside from the coronation there will be a succession of brilliant ceremonies and pageants that will combine to make the week in London one ever to be remembered. The chief events of the week may be summarized as follows:

Monday—Arrival of the royal guests and official representatives from all parts of the world.

Tuesday—The King and Queen will give a State banquet at Buckingham Palace.

Wednesday—The Duke of Connaught will give a dinner at the St. James Palace.

Thursday—Their Majesties will ride in State from Buckingham Palace to Westminster Abbey for the coronation ceremony.

Friday—Their Majesties will make a progress to the City and through a portion of South London.

Saturday—Their Majesties, with the royal guests and foreign envoys, will go to Portsmouth for a great review of the fleet off Spithead.

Other events of the week in foreign lands will include the meeting of the International Eucharistic Congress in Madrid, the opening of the Kiel Regatta, and the meeting of the constituent assembly at Lisbon which has been entrusted with the task of framing a Constitution for the Republic of Portugal.

The notable conventions of the week will include the sessions of the North American Baptist Convention and the Baptist World Alliance, in Philadelphia; the annual meeting of the National Association for the Study and Prevention of Tuberculosis in Denver; the thirtieth triennial convention of the International Sunday School Association, in San Francisco; the thirty-third national congress of the North American Sangerians, in Milwaukee.

Successors to Crowell & Kemper
K. K. KEMPER, Manager

A girl says it is better to have been engaged and have it broken off than never to have worn a solitaire at all.

The girl who wears her heart on her sleeve may still wear diamonds on her fingers.

BUSINESS MEN TO VISIT EUROPE

Hundred American Business Men Will Visit European Centers of Industry.

Boston, Mass., June 17.—A party of one hundred American business men sailed on the Cunard liner Carmania today for a tour of European cities to study business and economic conditions. The tour was organized by the Boston Chamber of Commerce and includes delegates from New York, Philadelphia, Detroit, Chicago and other cities. The party will visit England, France, Germany, Belgium, Austria and Switzerland. The members will seek first hand information regarding the best things that are being done in European centers of industry and observe European methods of handling and solving industrial, commercial and municipal problems.

GET THE HOOK

It has been a long time since we matriculated in the pharmaceutical kindergarten and begun to hand out the information that we were on earth to make others happy for cash, that is the reason we advertise in the newspapers. We have had the advertising bug from infancy, and have gone against every advertising scheme from printed powder rags to solvent wash boards and learned from experience that as a medium for converting reputable merchandise into cash the newspaper has all other mediums nine miles down the speedway with a bursted tire and a dead engine. You will find us in the same place every day on the last page, there has not been a copy of the Times issued since our advent into the business and best built city in Texas that did not carry our advertisement. Come in and look us over, we have the goods, the time, and the place. Palace Drug Store Corner 8th and Wall.

IF EVERYBODY WOULD USE ANTISPIRINE THE WORLD WOULD BE SWEETER. Don't Smell Sour and Sweaty

Antispirine. Renders perspiration absolutely odorless and keeps the skin healthy. Dust it in your stockings and it will at once make your tired, sore, sweaty feet comfortable. There were no cases for trial in the justice court this morning but a few complaints were filed and will be taken up as soon as service is had. The city board of tax equalizers will meet at the city hall Monday to hear complaints from property owners whose valuations have been raised. Several letters have been received in the city during the past week from delegates who were in attendance on the Christian Endeavor convention, all of which are very complimentary of the splendid entertainment afforded. Patrick Henry has received several personal letters congratulating him upon the way in which the committee of which he was chairman for the way it cared for the delegates. Secretary Day of the Chamber of Commerce is perhaps the busiest man in the city, his assistant being away and there being many matters to demand his attention at this time. The correspondence of this organization has grown to be quite a feature of his work as the result of the publicity given this city and the inquiries received as a result thereof. Jim Brown is acting as inspector of the city, having succeeded W. H. Allen who resigned to accept the position of day officer at the union station. There were two cases in the city court this morning, both of which were on charges of drunkenness, and both being settled on pleas of guilty. The paving company will today complete the work of laying blocks on Eighth street between Ohio and Indiana and this portion of that thoroughfare will be opened for traffic. Don't forget that I am still in the real estate business, I have some good bargains in houses and lots, also farms. Renting a Specialty. H. C. McGLASSON, Room 217 Kemp & Kell Building. Better see us about it..... J. C. ZIEGLER Mfg. Co. Cor. Indiana Ave. and 10th st.

PRETTY HOT WEATHER TO TALK COFFEE! Winter of course is the real coffee season, but at the same time its a fact that a cup of good coffee correctly made is a life saver these hot mornings when you can eat no breakfast--Its food and drink in one--It produces contentment of mind, allays hunger, mental and bodily weariness, increases the capacity for work, makes man forget his troubles and anxieties, enabling those who use it judiciously to endure unusual fatigue and remain a long time without food or sleep, as well as to preserve their temper and cheerfulness. Now to make this kind of coffee you want the very best, well edged coffee--scientifically blended and FRESH ROASTED--That's where we come in. Tell us what you like in coffee and we will suit your taste. 608 Ohio Ave. O. W. BEAN & SON 604 Ohio Ave. Phones 35 and 604 ...GROCCERS AND COFFEE ROASTERS... Phones 35 and 604
