Aldermen table most business

The City Board of Aldermen tabled most of the items they considered at their regular meeting Monday night, with all of the items to be considered at their next meeting Aug. 19.

The aldermen heard presentations from four engineering firms, all wanting to be the city's engineer on the airport expansion project that will start Dec. 1.

All but one of the firms presented the aldermen and other city officials with detailed plans for what they would do if selected as the engineers for the \$300,000-plus project, and the aldermen will join with the city's Airport Advisory Board in considering the various proposals, and will rank the firms from one through four. The city will then negotiate with the firms, starting with the top-ranked firm, on fees the engineering firm will charge for its work on the project.

The Federal Aviation Administration will fund about \$306,000 for the project, with the city to pay about \$35,000 for the expansion, which will include widening the 4,000-foot runway from 50 feet to 60 feet; extending the north-south taxiway to the south end

of the runway; building a new, 700-foot east-west taxiway; purchasing right-of-way and building a new access road at the northern end of the airport; and installing additional runway lights.

The engineering cost is estimated at about \$23,000, with construction and land costs to amount to about \$286,000.

Aldermen also tabled a request by Don and Trish Elliott of Don's Wrecker and Body Shop to close a portion of East Andrews Street in front of their business.

"I've been paying the cost of maintaining this street, and especially hauling rock in for the street, since 1979," Don Elliott said. Elliott said trucks from Cargill, which is located behind Elliott's business on the north side, have been using the street to enter Cargill, "and they're taking the rock out of there almost as fast as I can put it in."

"Usually, it's not the trucks that belong to Cargill that use the street—it's usually other guys that use the street in front of us...I'm not trying to bottleneck anyone, but I've asked them not to use the street, especially when it's wet, but they still use it."

Elliott explained that he and Johnny Cline have purchased the property south of his business, "and the only utility in the street is the sewer line that runs to my shop," Elliott said.

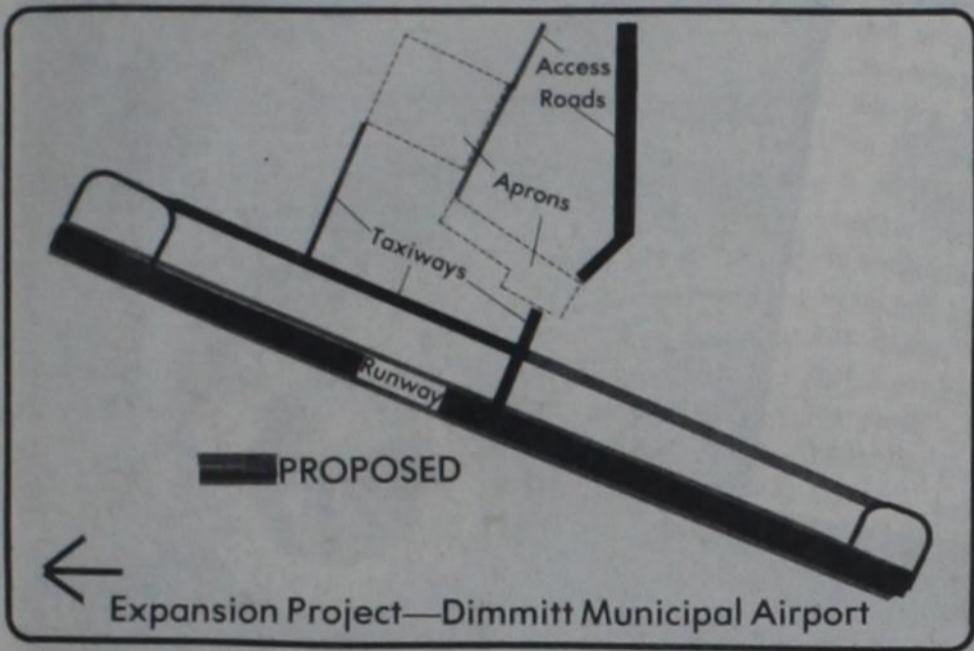

"I think we need to research this a little more," said Alderman Jack Thompson in his motion to table Elliott's petition. "We need (City Manager) Paul (Catoe) to talk to the people at Cargill, and we need to get some input from anyone else who might be involved or interested."

Aldermen also tabled the ordinances that would annex three tracts of land on South US 385 belonging to the State Dept. of Highways and Public Transportation, Bob Towler Equipment Co. and Dan and Oma Dee Heard until a paragraph can be changed that would specifically address the costs each will have to pay to run city water to the properties, but did okay the annexation of a .918-acre tract on South Front Street belonging to Don Cornett.

The aldermen also designated City Engineer Bill McMorries of Amarillo as the official engineer for the city's expansion project at the landfill site northeast of Dimmitt.

ZINNIAS of all colors are among the flowers now in bloom at the commercial "Dutch flower field" six miles west of the Flagg intersection. Also maturing now are bells of Ireland, tall and short marigolds, sweet peas and a few uncropped gladiolas—all in half-mile long rows that make a beautiful sight on a sunny summer day. Izaak Van Zielst, Brom Neele and Chuck Smith are growing the flowers to provide bulbs and seed for the Holland and US markets. Visitors to the field this week included an entire busload of senior citizens from Hereford.

Combest tells meeting

Budget, farm bill don't match

Congressman Larry Combest told a Town Hall Meeting in Dimmitt Wednesday morning the budget approved by the US House and Senate last week is about \$10 billion short of what is needed to fund the planned 1985 Farm Bill.

Combest did add, however, that he is glad there finally was a budget passed.

"I looked at the budget process for some time and decided that if we all don't agree with everything and then vote against it we'd never get a budget," Combest said. "Consequently we did pass a budget and I think it's a starting place to cut spending and I think that's what people wanted us to do."

Combest said the Farm Bill coverage is just going to delay the final passage of the Farm Bill, and pointed out that he and several of his colleagues had voted to stay through the August recess to work on the

bill, but that proposal was voted down.

"We've completed work on the fundamentals of the bill," Combest said. "The problem was trying to keep it within the budget. We've got to go back in September and bring everything back within the limits of the budget reconciliation."

"Hopefully, when we get back, we're going to be able to put something in there that will give some profitability and incentive to the farmer. There are probably several other things that are equally significant to the ag program that are as significant as the ag bill itself, though; the strength of the dollar and how it affects our export situation, our economy, things that are all critical to agriculture. There's no way the farm program itself is going to be a cure-all."

It's possible, Combest said,

it could be December before a final Farm Bill is realized.

"I don't want to predict gloom, but it could be that late. The House and Senate ag committees have got to finish work in September, go to the floor, go to conference, and I really think it could be December."

"I haven't seen the Senate

package—it changes hourly, and we're just going to have to wait until we get the final package to see what they have, but there could be some very large differences between the two bills. There will be some areas that will be similar, some that will be different from the House proposal."

Pilgrims pedal through Dimmitt

On the 40th anniversary of the detonation of the world's first nuclear bomb at Trinity Site at White Sands, N.M., the second annual Pantex Nuclear Connections Bicycle Pilgrimage wound through Dimmitt Saturday morning on its way to Hereford, Vega and the final stop at Pantex, east of Amarillo, the nation's only nuclear weapon plant.

About 35 cyclists, motorcyclist Frank Moore and various support group members riding in vans, pickups and cars came through

Dimmitt, stopped along the Dimmitt square to distribute leaflets and telling local residents about the Red River Peace Network and their efforts to make Texas, Oklahoma and New Mexico, as well as the rest of the country, nuclear-free.

"We're calling this the Nuclear Connections Pilgrimage because we want to show everyone that everything nuclear is interconnected," Moore said. "The same fuel that is used for nuclear power plants can be used at Pantex

for nuclear weapons. All of it is going to be dumped somewhere when it is no longer useable, and we want to show the people in this area, and especially the people of Hereford, that we support them in their fight against the nuclear waste repository."

Moore, who termed himself as a "New Testament pacifist," said the people of this area "don't have to be resigned to having the nuclear dump placed around here. Nobody wants nuclear waste dumped in their backyard, especially if it didn't come from their backyard."

"That's one reason why we are so opposed to the new Comanche Peak nuclear plant near Glen Rose (where the pilgrimage started) and a new proposed plant near Bay City. If we allow these plants to become operational, that is going to give (Dept. of Energy) the perfect chance to say 'Well, we're not going to allow this nuclear waste to be shipped out of Texas, so we're going to HAVE to build the dump here.' They can then push that waste on us, and we don't want any of it."

Moore is also the head of security for the RRRPN, which includes making sure there are no weapons at the Pantex vigil, which will continue through to-

day, and to lead special non-violence training sessions.

"Only by being non-violent can we get rid of all of the violence in the world," Moore said. "If we are met with violence we will not retaliate with any kind of violence. We have no weapons and we are totally opposed to any kind of violence or force. Only by maintaining our non-violence can we reach our objective."

And what is their objective? "We hope the vigil has an effect on the Pantex workers," Moore said. "We want them to realize we care about them, and we want to help them find alternate jobs before the government closes Pantex down."

"I hope we raise the consciousness and concern levels," said Cindy Evans of RRRPN of Austin. "Shows like 'The Day After' and other films and presentations raise the level of fear, but that goes away too quickly. If we can raise the level of concern among all Americans concerning nuclear waste we will be able to make America nuclear-free. That's my greatest hope."

"My greatest concern is that nuclear energy is becoming so taken in by the bureaucracy and compartmentalized that it is going to be harder and harder to fight."

Conservatist columnists and politicians regularly view with alarm what they consider to be the "liberal" bent of the American news media.

They claim that the alleged liberal tendencies of most American journalists lead to distortions or suppression of current issues. You're familiar with the line if you read the editorial pages of our regional dailies.

But now comes an opposing shout from left field. A media watchdog group known as Project Censored — made up of journalism professors and other media watchers — claims that important issues and stories are regularly suppressed or ignored by an American press that is too conservative and too cautious.

Project Censored has released its annual list of the "Top Ten Censored News Stories of the Year."

It's an intriguing and thought-provoking list. Here it is, as issued by Project Censored:

●The well-publicized Soviet military build-up was a lie. Despite administration claims of an "unrelenting" Soviet

By Don Nelson

military build-up, reliable reports reveal that the Soviets started slowing their military expansion program about eight years ago; meanwhile, Central Intelligence Agency estimates of Soviet military spending were found to be highly inflated.

●Reagan's attacks on civil liberties. Under the rubric of fighting terrorism, President Ronald Reagan proposed four anti-terrorist bills which would pose a serious threat to civil liberties and significantly curtail the people's right to dissent.

●Nicaragua's fair elections. Contrary to US media predictions and popular belief, the Nov. 4, 1984 Nicaraguan national elections were not rigged by the ruling Sandinistas, nor the rubber-stamp of Soviet communism.

●CIA and the death squads. Even while the administration condemns the Salvadoran death squads, the CIA continues to illegally train, support and provide intelligence to forces directly involved in El Salvador's death squad activity.

(Continued on Page 9)

CINDY EVANS (right) and an unidentified worker discuss a problem with the pilgrimage Saturday just outside of Dimmitt.

On the Go

with Mary Edna Hendrix, 647-3343

There has been a lot of activity at the Museum lately. Irvin Ott made a new sign to replace the old one that was torn up by a windstorm. E.M. Jones and his crew, Armando Reiz and Louie Moreno, dug a place for a half dugout. Board members who were helping were: George Bagwell, Lon Woodburn, Jim Elder, Ralph Lambright, H.C. Nelson and Morgan Dennis. They plan to have it completed for the Sesquicentennial celebration in 1986.

Fellicia, Candie and Marty Swinney and Michelle Clevinger from McComb, Okla., came to the museum to look around while they were spending a few days in Dimmitt. Mrs. Swinney is a police officer, having served 10 years in Oklahoma City, and her husband is an airplane pilot. Mrs. Swinney was so interesting to visit with and her daughters were so cute.

Gainelle Minnick came by the museum to buy some books containing the history of Castro County. "The Moving Finger" written by Mrs. Sam (Lillie Mae) Hunter in 1956 is an interesting history of Castro County and Dimmitt and surrounding counties. There are several names that are familiar to many who read this book. The more recent history book is "Castro County Texas" 1891-1981 published in 1981. This is a history of nearly every family living in Castro County. Both books are still available if anyone needs to purchase a copy.

While Decimae Dennis was in town, I invited her and her mother, Geneva, Irene Carpenter and Wanda Murdock over for supper and then we drove out west of Flagg to see the flowers that are being grown out there. They have many acres and many kinds of flowers from A to Z (Ageratum-Zinnias).

Emily Clingingsmith was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Oleda Schumacher won high score and Emily won second high. Others playing were Sal DiCuffa, Ferne Dickey, Louise Mears, Cleo Forson, Fawn Welker and Opha Burks.

More kids visiting their grandparents during the summer: Jeff Blair from Plano (Molly Bradley Blair's son) has been visiting his grandparents, Weldon and Irene Bradley. They live in Allen a few miles north of Plano but Molly still works as a secretary at the Baptist Church in Plano where she has been the church secretary for 15 years. Jeff is an interesting young man to visit with.

The Petty kids and grandkids always congregate at the Petty farm during canning season. They can corn, beans, peas and any vegetable available. While the adults were working the kids were having fun riding all the bicycles, three wheelers, and anything that had wheels. Ed and Sherlon Dyer, Scott and Amy from Robinson, Robert and Jeanne White, Ryan, Eric, Allan and Autumn from Friona and of course the Dimmitt group, Dan, Kevin and Dennis Petty, Arlie, Doris, Kristi, Carol and Carla Petty, and Homer and Tommie Sue Nisbett.

The graduates of Littlefield High School are planning a school reunion for the classes during the War years, 1941-1945. This will be held at the Littlefield Community Center on Aug. 10.

Cara Higgs, daughter of Joe and Joyce Higgs, formerly of Dimmitt and now of Canyon, was a guest in the Garner Ball home over the weekend.

Virgil and Geneva Justice had an enjoyable weekend with their family get together. Kenn and Janet Justice, Jennifer and Julie from Paris, Texas and Cliff and Avie Lewis, Kerry

and Ronna.

My granddaughter, Lauren Lankford, has been selected as a member of the Society of Distinguished American High School students. Lauren was chosen to represent First Baptist Church in the Society for 1985. Lauren will be classified as a junior in Amarillo High School next year. An induction into the society is an acknowledgement of superior accomplishments during the high school years and is bestowed upon only two percent of the nations high school students.

Lauren's membership will be announced in the 1985 edition of "The Society of Distinguished American High School Students" which will include her name, high school and biography of activities, honors and awards. Lauren is the daughter of Bill and Mary Lynn Lankford.

Emma Lou Hastings from Colorado will be spending a few days in Dimmitt visiting relatives and friends.

Richard Wood and his family are new residents of Dimmitt. Richard is the son of Ted and Nola Wood and he grew up in Dimmitt, in fact, he was my neighbor for several years. Richard will be coach for girls basketball in the Dimmitt schools.

The softball games are in full swing now. I watched the games on Tuesday night. The Lee Street Baptist Church played the Catholic Church and two teams from the Church of Christ.

Sunday night following the church services the youth played against the adults of the First Baptist Church. An ice cream social was held in the fellowship hall following the game.

Go out and watch some of these games. It will be fun and will give you a good laugh!

Dan and Oma Dee Heard and Leroy and Wilma McCormick of Littlefield attended funeral services last Tuesday for 20-year-old Darrin Fleeor at Highland Baptist Church in Lubbock. He was killed early Sunday morning in a car-motorcycle accident. His family has been life-long friends of the McCormick family. He is survived by his parents, three brothers and a sister and grandparent.

Saturday Dan and Oma Dee Heard drove to Lubbock Methodist Hospital and visited with Guffy Stinnett. He is the uncle of Jo Warren and Jo is taking care of him. He had a stroke in Tripoli where he worked. Jo flew to Dallas last Wednesday and met him and the doctor who flew with him, then they flew on to Lubbock. He will be moved soon to St. Mary's Rehab Center for therapy.

Saturday night Dan and Oma Dee attended her class of 1949 reunion at Littlefield. This was the first reunion for the class but they plan to have another in four years. There were 88 graduates and about 40 of those and their spouses attended a catered barbecue meal. One teacher, Speedy Matthews, and his wife came from Washington. There was lots of visiting and reminiscing and a few embarrassed faces when a classmate was not recognized.

and Tammy Heard drove to Canyon where "PaPa" stayed and visited with James while Pam and Jennifer went on to Amarillo with Oma Dee and Tammy to a bridal shower honoring Ramonda Young. Her boss and co-workers gave the shower. There will be one in Sunray soon but the Dimmitt group won't get to make it. Ramonda will be married Aug. 24 in Sunray to Mike Raymond and they will live in Sunray. Raymond is living in Canyon now and works in Amarillo.

Carol Hance of Lubbock visited Beral Hance Wednesday. Then she went on to Hereford to visit her mother, Nancy Hays, and other relatives. Carol said their son, Ron will return home next week. He has worked in Washington, D.C. this summer.

Beth Hodges of Panhandle was here for the weekend with her mother Beral Hance. Beth

had spent a week in Edmond, Okla., with her daughter, Keri and Mike Ferguson. Keri was in a car accident several weeks ago but has returned to their home. She is now able to spend a little time from the hospital bed. The doctors have told them she will probably be able to return to her job by the last of September.

Beth enjoyed shopping in Dimmitt; several stores had such good bargains.

Keri appreciated the cards and prayers said for her by several Dimmitt people.

Had a note from Lana Downing and she says their new address is 800 Second St., Franklin, LA, 70538, and their phone number is (318) 828-4376.

They miss their friends here and would appreciate hearing from them.

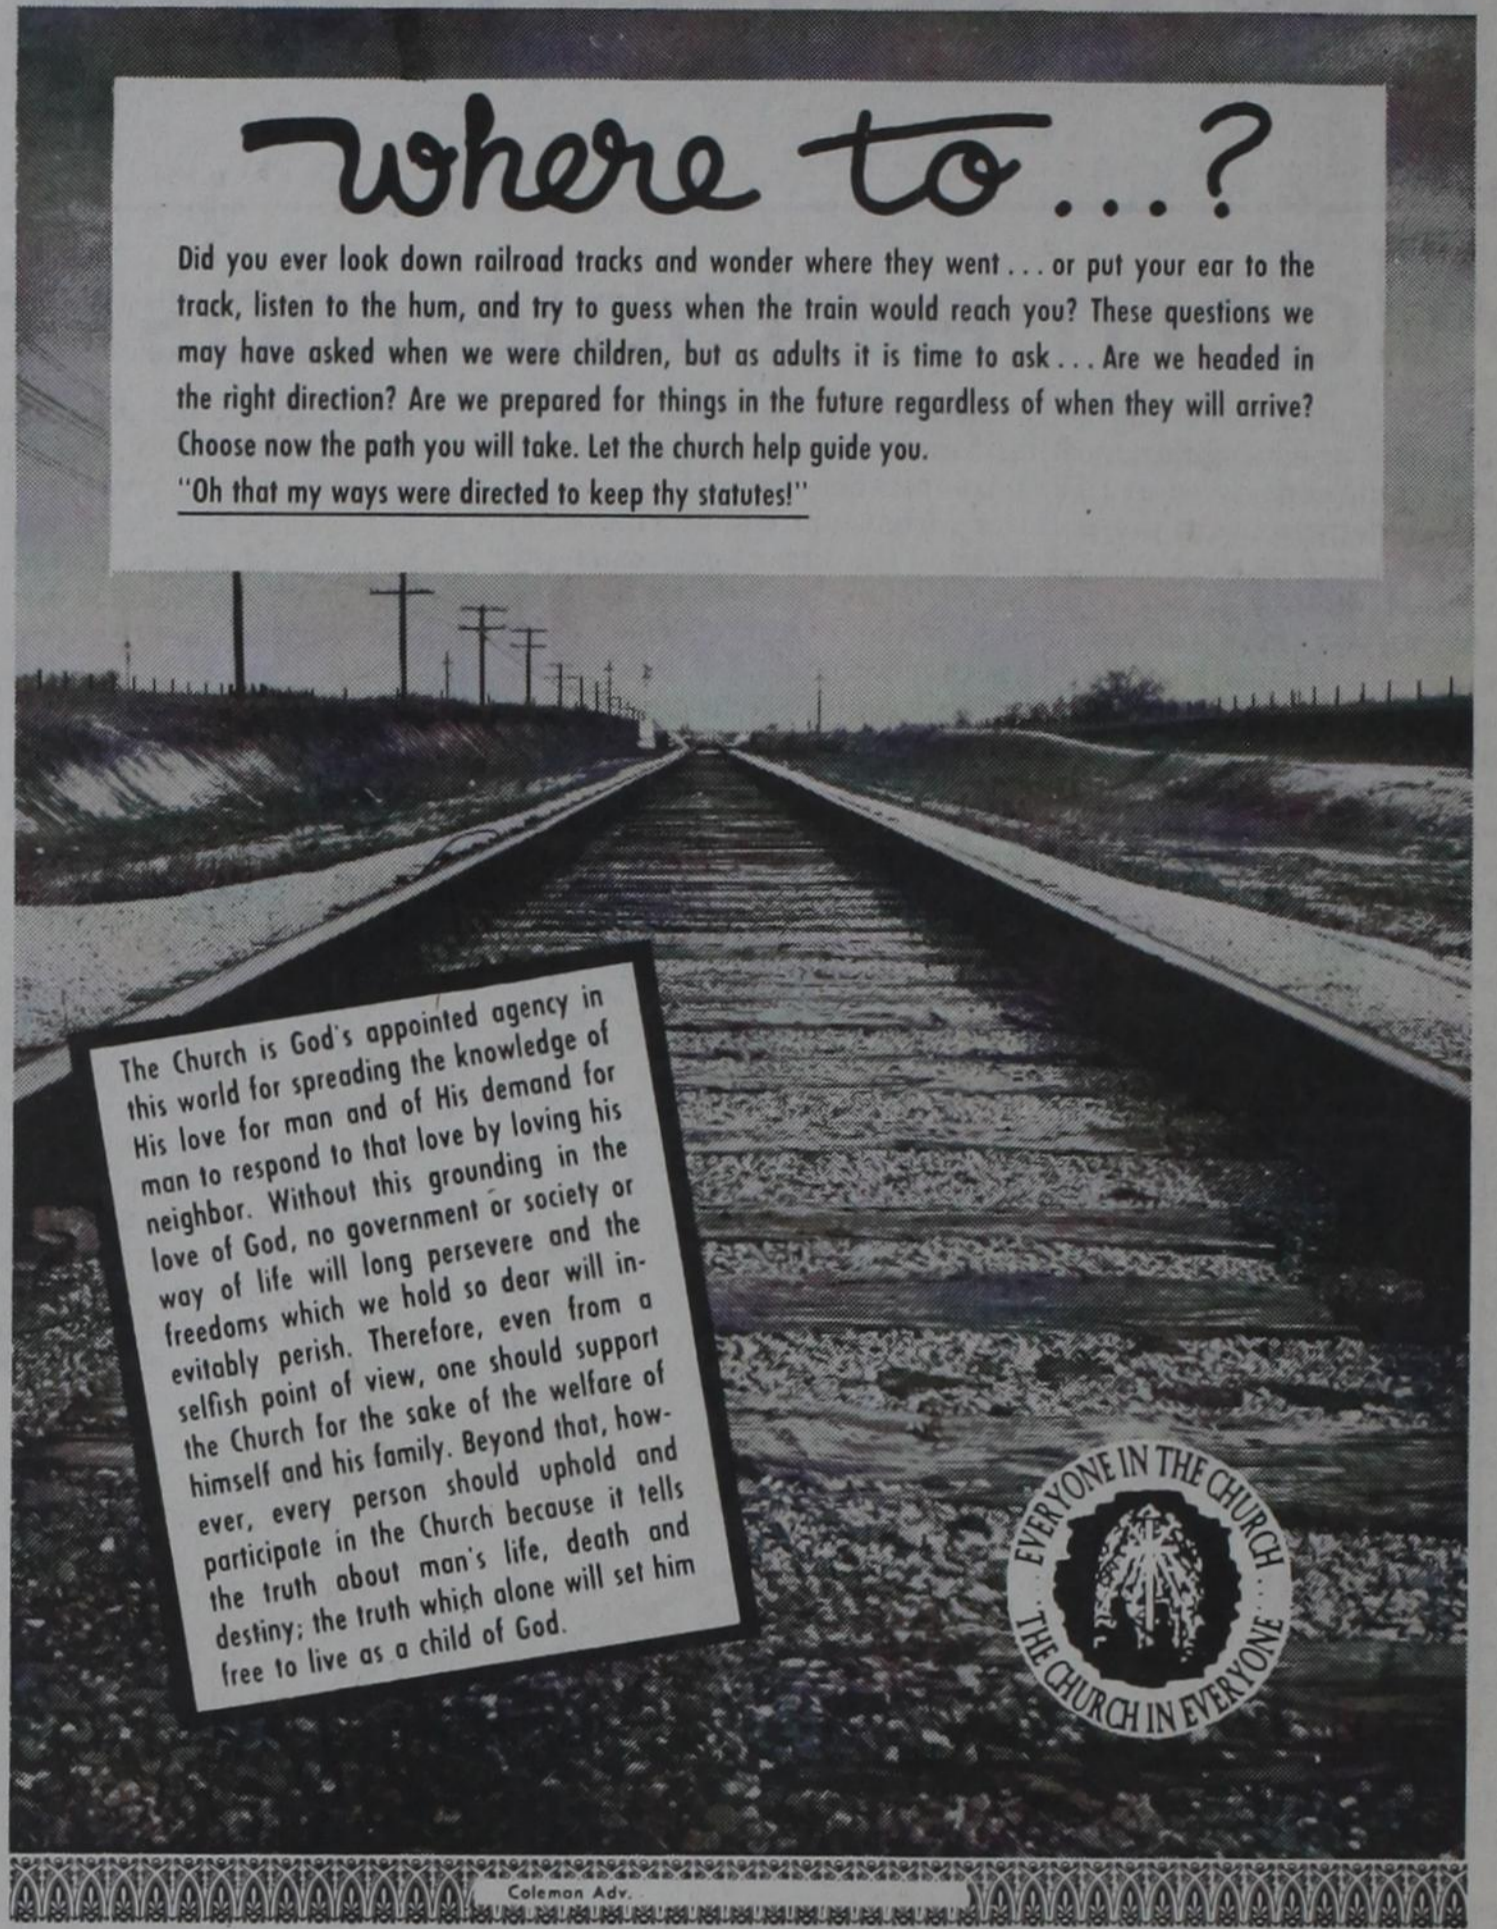

C.D., Nancy and Mark West took their relative Arnd Pipus from Germany to Carlsbad, N.M., to go through the caverns. Cora West went as far as Roswell, N.M., and stayed with Odie Mundell who had just got home from the hospital after having a complete knee replacement. The boys enjoyed Odie's grandson, Jeff. He showed them the town and all the pretty girls. Think the girls were more interested in Arnd because of his brogue. Odie said to tell everyone thanks for her pretty cards. She can get around on a walker and will soon be back to normal. The Wests came back by and picked up Cora to come home after seeing all the Caverns, the bats, White Sands, etc. Glenn Mundell took a weeks vacation to come help his mother. Murl Carrell is here visiting her mother, Jewell Kirby. Devin, her great-granddaughter came too.

Edmond and Joyce Hunter were in Dallas last weekend for a workshop conference, "How to Manage Your Private School Professionally."

The conference was held at the Sheraton Grand Hotel on Highway 114 about 1/2 mile from the site of the Delta plane crash.

Although they were not at the hotel at the time of the crash, they were caught in a traffic jam trying to return, with police cars and ambulances racing up and down the highway. They could see the burning plane after finally getting back to the hotel.

They also spent some time with Joyce's sister Margie and Porter Buchanan at the Plano hospital where their son Max has been since July 10. He was in a construction accident. After two surgeries, his condition seems to be stable. Margie, Porter and Max moved from Dimmitt about 17 years ago.

Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you. "Oh that my ways were directed to keep thy statutes!"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Sunnyside

By Teeny Bowden, 647-5703

L.B. Bowden was admitted to the cardiac unit of St. Anthony's Hospital in Amarillo Tuesday morning after an EKG and blood tests made in Dimmitt showed he did have a heart attack with some damage Monday afternoon. He had some difficulty with dialysis Wednesday, but he did well Friday and was moved to a private room Saturday. He will possibly have an angiogram Tuesday if he consents to surgery. If not he may get to come home.

Dorothy Gilbreath was with Sam Gilbreath of Dimmitt, Zay and Charlotte Gilbreath of Gruver, and Roselia Gilbreath of Hereford Friday afternoon while Virginia underwent hip replacement surgery in St. Anthony's Hospital. She was admitted Thursday afternoon.

April Guy has had a pretty good week. She had to go in for a pain shot Friday, however.

Christi Gwyn attended cheerleader camp at Springlake-Earth School Monday and Tuesday.

Rev. Bentley and Kathy Gwyn, Christi and Holly left Wednesday morning to attend Church Training Week at Glorieta through Sunday. Noah and Ruth Spencer had charge of the Wednesday night services. Dr. Richard Johnson, Professor of Bible at Wayland, filled the pulpit in his absence.

Larry Sadler went to Lake Hubbard this week to join Ezell and Verba Sadler, David and Gay Sadler, Melody and Karla of Hobbs and Sharon and Laura Sadler and to attend the Henslee reunion over the weekend. Embree Roy and Willie Mae Sadler went down for the reunion Saturday morning. Cindy Clatt, Jasmyne and Tyler went with them and returned to their home in Allen with Bob.

Pat Elkins served on the grand jury in Dimmitt Wednesday.

Alton and Betty Louder and Dwayne and Roxie Louder fished at Stamford Lake most of this week.

Kaye King finished her softball season with the game Tuesday night and left Wednesday morning with Lance and Lincoln for Eunice, N.M. to visit with her parents, Mr. and Mrs. Roy Brooms

before school starts.

Phyllis Bridges, Erin, Robin and Jonathan and her sister Becky Anderson of Clovis spent last weekend at Six Flags and White Water and visited with another sister, Sharman and Jim Jones, Aimee, Jennie and Heather of Irving.

Dutch Beene of Earth, father of Pansy Byers, has been very ill since his recent surgery. A blood drive was held Thursday in Earth since he has depleted the blood bank at Lubbock of A positive blood. They will accept O positive or O negative or A negative in his behalf.

Announcement has been made this week of the engagement and approaching marriage of Kirk Pigg and LeAnn Webb. They will be married Aug. 10. Kirk is the grandson of Noah and Ruth Spencer.

Coby Gilbreath and Connie Dennis of Dimmitt visited with Virginia Gilbreath and those with her in St. Anthony's Hospital Saturday afternoon.

She had a rough night Friday, but was better Saturday.

Barry and Linda Haenisch and Kyle and Kayce of Gruver, sister of Terri Louder visited with Lance and Terri Louder, Lacy and Jake Saturday and spent Saturday night with them.

Lance and Terri Louder and Noah and Ruth Spencer and Goldie Thompson visited with L.B. Bowden in Amarillo Sunday afternoon.

Lance and Terri Louder attended the ten-year reunion of the Dimmitt class of 1975 last Saturday. Lance was among those enjoying the golf tournament.

There will be a bridal shower honoring Ginny Guy, bride-elect of Scott Rawls, on Saturday, Aug. 17, from 9:30 a.m. until 11 a.m. at the fellowship hall of the Sunnyside Baptist Church. Friends of the bride are invited to attend.

EDC \$ SIGNS

By Gerald M. Hanners

In trying to attract new business and industry to Castro County, the Economic Development Commission has found that our best results often come when we act on tips from local people.

When you are speaking to friends, relatives or business contacts, ask them if they know of a business that is moving or expanding.

We need your eyes and ears. Through you, we might get the tip that we need to recruit a desirable, job-creating industry. When you hear of a prospect or get a good idea, share it with us. Call the EDC at 647-2524. We'll do the rest!

You can also be of help by telling everyone you know what a great community Dimmitt really is. You can open some eyes!

What do we have in Dimmitt that makes us attractive to potential industry? Here are just a few of our assets:

1. Low cost land sites
2. Economical utilities
3. Reasonable wage scales
4. Low local tax rates
5. Diversified agriculture
6. Existing industry
7. An agreeable climate with low humidity
8. Low cost housing

There are many other factors that recommend Dimmitt and we are ready to discuss all of the Dimmitt advantages with any prospective firm.

As we attempt to diversify our economy, we are engaging in a highly competitive arena. Your assistance is needed. We encourage you to keep your eyes and ears open and share your ideas with us.

Nazareth

By Uirke Gerber, 945-2669

We are happy to have the Benedictine Sisters back with us for another school year after their summer vacation in Fort Smith, Ark.

Jeremy Hutson of Alvarado has spent the past six weeks here with grandparents, Paul and Lillian Venhaus. He spent this past weekend in Friona with the Greg Venhaus family. Lillian and Paul will be taking him home this week and will visit with the Terry Hutson family.

The "Skidrow Tennis Tournament" was played this weekend at the Dennis Heiman home with 24 mixed couples entered. Winners were: 1st place, Mona Heiman and Rex Minchew; 2nd place, Sandy Oliver and Gerry Kleman; 3rd place, Rosie Kleman and Dale Brockman; and 4th place, Karen Gerber and Darrin Heiman.

Alvin, Matilda and Steven Anderle, Mark Gerber and Andrew and Philomena Garza and family of Hereford attended the wedding of Greg Anderle and Dr. Margaret Thurmond at St. Vincent DePaul Catholic Church in Houston on Saturday. A reception followed at the University Apartments.

Jim and Shirley Skarky of Umbarger would like to invite their relatives and friends to the celebration of their 25th wedding anniversary on Saturday, Aug. 10. Mass will be at 5 p.m. in St. Mary's Church with a reception and dance following in St. Mary's Parish hall in Umbarger.

Walter and Georgie Kleman have returned home after being in Houston since July 10, for Walter to receive tests and treatment at M.D. Anderson Hospital. We are glad to have them home and hope Walter continues to do well.

"Hardly a man is now alive who remembers that famous day and year" — one hundred and two years after Paul Revere's ride, fifty years after the death of Thomas Jefferson, ten years after the end of the Civil War, Joseph Albracht was born. He married Anna

Diederich in St. Bernard, Neb., in 1903. They moved to Nazareth in 1914. Their descendants about 300 strong, gathered in Nazareth on Aug. 3 and 4 to remember that famous day and year when Joe and Anna began a web that now stretches across America.

Fittingly, the reunion began with a mass in Holy Family Catholic Church, celebrated by Father Harold Waldow, and Joe and Anna's surviving children — Mary Brockman, Ledwina Pohlmeier, Math Albracht, Adeline Pohlmeier, Christina Hoelting, Veronica Heiman and Andy Albracht sang Joe and Anna's favorite hymns and brought gifts remembering their parents. The Liturgy booklet was prepared and donated by Dora Albracht in memory of her husband Florance who died in 1977.

Father Waldow commented that these eight were venerable people and certainly if growing old gracefully is worthy of veneration these eight are very venerable. A brief but moving ceremony followed at the cemetery, remembering the dead who are not watching us from above but surrounding us all with their love.

The eight families proceeded to the new Nazareth Community Hall where ham, beef, vegetables and cherry cobbler were washed down with gallons of beer, soda pop and spirits. Joe and Anna's children told stories about them — each story a stitch in the rich, many-colored Albracht quilt. Singing and dancing followed. One gentleman refused to dance

saying that he couldn't dance in German. Celebrations continued until 3 a.m. The Albracht clan gave Mary Lou Schmucker a standing ovation for her work in preparing and organizing the reunion.

On Sunday morning many re-assembled for breakfast in the hall at 10 a.m. Old songs were sung, pictures shared and all caught up on each others lives. Those of Joe and Anna's 39 grandchildren, over 200 great-grandchildren and at least 70 great-great-grandchildren, who attended went home with a deeper appreciation of family. Roots were strengthened, new friendships made, old friendships refreshed. All counted their many blessings and felt strengthened in the knowledge that with such roots great growth is possible.

God blessed Nazareth with rain as the hall was being tidied up — a fitting symbol of the graces that been showered upon this family. The Albracht clan looks back with thanks to Joe and Anna while looking forward with hope and love to many more family reunions.

Brenda Conrad and children of Colorado Springs are visiting their families, the LeRoy Pohlmeiers and Leonard Conrads.

Bert and Marie Venhaus and Helen Backus visited in Dumas over the weekend with their families the Edwin Husemans, the Herbert Wethingtons and the Edmund Backuses. Chad Huseman returned to Dumas with them after visiting here.

Heat can bring problems

Hot, humid weather which typifies Texas summers can be dangerous to your health, particularly if you work outdoors. Outdoor workers often suffer from such physical disorders as heatstroke, heat exhaustion, heat cramps and fainting, says Dr. Gary Nelson, safety engineer with the Texas Agricultural Extension Service.

Such disorders occur most often when workers do not take the time to adjust to the heat, notes Nelson. Summer hot spells, the first few days of work for new workers, and the first day back on the job after a vacation or illness are likely to be times when workers suffer the most from heat-related problems.

The combination of high temperatures and high relative humidity can be especially dangerous, says Nelson. Now the National Weather Service has come up with a "heat index" or "apparent temperature" — to warn outdoor people to take it easy.

For example, a temperature of 100° F. and a relative humidity of 50% have the same effect as if the temperature hit 120 degrees. The human body cools itself by perspiring, but problems can develop when high relative humidity prevents the evaporation of perspiration from the skin, Nelson explains. The "apparent temperature" takes into account the reduced cooling ability caused by humidity.

To avoid potential health problems during the hot summer weather, he offers these suggestions for farmers and ranchers and others who work outdoors:

- Rest periodically in a cool place. Rest is most beneficial when breaks are short but frequent;
- Drink fluids every 15 to 20 minutes. Water intake must equal perspiration loss, so drink more than enough to satisfy thirst. Rely on meals to replace salt;
- Wear loose garments of thin cotton fabric to enhance air circulation near the skin and to allow body heat to escape;
- Slow down work speed or distribute the workload evenly over the course of the day;
- If possible, postpone nonessential work for cooler periods;
- Transfer workers to help from other jobs or obtain extra helpers. Younger and more physically fit workers might take over;
- Where possible, shield workers from equipment heat sources, use exhaust fans near heat sources, and provide open windows and cooling fans for maximum air flow around individuals;
- Provide maximum opportunities for outside workers to work well in ventilated, shaded areas.

CALLING someone a birdbrain may not be as insulting as you think! It was commonly believed that a bird's smaller brain did not have the capacity for memory, only instinct. But according to National Wildlife magazine, birds not only remember, but may even be calculating. Nutcracker birds, for instance, are known to steal pine cones from squirrels by luring them away from the pile while another bird darts in to seize the cone.

Mrs. Ronald Smith
...nee Mitzi Dutton

Evangelina Vega and Frank Garcia

Brenda Hoelting and Rudy Chehayeb

Dutton, Smith wed

Mitzi Michelle Dutton and Ronald Gregg Smith were united in a double-ring ceremony July 27 at the Earth First Baptist Church with Rev. Joe Vernon officiating.

The bride is the daughter of Mr. and Mrs. Alfred Bryan Dutton of Earth and the granddaughter of Jewel Connell of Dimmitt. The groom is the son of Mr. and Mrs. T.J. Smith of Olton.

The ceremony was performed under a brass garden arch topped with a brass halo which held seven white votives. The brass halo joined with two brass spirals, each with 21 white tapers. Complement pieces were two brass candle trees and two brass hearts, each holding 21 white tapers and centered with a large silk Boston Fern. Other accent pieces were two silk freestanding bouquets of teal and white roses, baby's breath and teal variegated ribbon.

Center pews were marked with votive candles, fresh greenery and teal and apricot bows. Outside pews were marked with teal and apricot bows.

Given in marriage by her parents, the bride wore a formal-length gown of white organza with alencon lace trim. The asymmetrical ruffled open neck formed the sleeve and front ruffle down the bodice with alencon lace and seed pearls. Cascading ruffles flowed down the front of the skirt with alencon lace motifs, and the cascading ruffles finished the chapel length train.

For the bride's headpiece she chose a matching veil. The cap was covered with alencon lace and seed pearls. The ruffled puff in the back held a two-tiered fingertip veil edged in alencon lace.

The bride's bouquet was a large flowing silk cascade with two teal tiger lilies in the center surrounded by apricot rosebuds, and highlighted by teal miniature orchids, apricot azalea blooms and teal pussy willows.

Maid of honor was Sharman Stephens of Earth. Other attendants were Diane Dutton of Plainview, sister-in-law of the bride; Jacquie Spain of Olton, sister of the groom; and Page Layman of Earth.

The attendants were gowned in dresses of teal silk organza. They were styled with fitted sleeveless bodices. The neckline was bordered in a

double ruffle of alencon lace trim. The armholes were also edged in a double ruffle of alencon. The full A-line skirt was styled with a wide flounce of organza at the bottom and the flounce was topped with a double ruffle of the alencon trim.

The flounce and ruffles swept up the sides of the dress to the waistline in the back, forming a bustle effect. A rose of the organza was at the waistline in the back.

Each attendant carried a white organza parasol edged with a wide alencon ruffle, topped with a flowing arrangement of silk teal orchids, azalea blooms, pussy willow, and baby's breath, accented with apricot rosebuds and azalea blooms.

Crystal Lively of Earth, cousin of the groom, served as flower girl, and Taryn Connell of Grand Junction, Colo., cousin of the bride, served as candlelighter.

Marty Walters of Olton served as Best Man. Groomsmen were Robin Spain of Olton,

brother-in-law of the groom; Chris Miller of Ropesville; and Vance Strobel of Olton.

The ring bearer was Jaydin Connell of Grand Junction, Colo., cousin of the bride and the Bible carrier was Jason Thomas of Odessa, cousin of the bride. The candlelighter was Farin Connell of Grand

Junction, Colo., cousin of the bride.

Mary Kate Belew of Earth played the piano while Deann Parker of Lubbock sang "Through the Eyes of Love," and "Evergreen." Monarae Cummings of Earth played the "Bridal Chorus" from "Lohengrin" and "Wedding Bells" on the organ. Other songs were "First Time Ever I Saw Your Face" and "Sunrise, Sunset."

Guests were registered by Wendy Bulls and Sandi Bailey, both of Earth.

The bride was graduated from Springlake-Earth High School, and will attend Texas Tech University in the fall.

The groom was graduated from Olton High School, and is a senior at Texas Tech University.

Following a honeymoon trip to Red River, N.M., the couple will reside in Lubbock.

Couple set plans

Mr. and Mrs. Jose Vega of Friona announce the engagement and approaching marriage of their daughter, Evangelina, to Frank Garcia, Jr., son of Mr. and Mrs. Frank Garcia of Hereford and formerly of Dimmitt.

The couple plan to wed Aug. 17 at St. Teresa's Catholic Church in Friona.

The bride-elect is a 1981 graduate of Friona High School. She is employed as a beautician at Headlines in Friona.

The prospective groom is a 1984 graduate of Dimmitt High School and is employed at Excel in Friona.

The couple plan to make their home in Hereford.

Rhonda Heath and David Nicholson

Pair to wed Sept. 14

Mr. and Mrs. W.E. Heath and Mrs. Lilly Nicholson announce the engagement and approaching marriage of their children, Rhonda Heath and David Nicholson.

The couple plan to marry Sept. 14 at Palo Duro Canyon Amphitheater.

Heath is a 1984 graduate of Dimmitt High School and is currently employed by Jackson

Supply Co. in Amarillo.

Nicholson attended school in Canadian and is working at Derrick Electric in Amarillo.

Malta is an island country in the center of the Mediterranean Sea. It is about twice the size of Washington, D.C., and the people are Italian, Arab and French. Its language is Maltese and English, both of which are official. Malta is reputed to have been the most bombed country during World War II.

Pair will marry

Mr. and Mrs. Richard Hoelting of Nazareth announce the engagement and approaching marriage of their daughter, Brenda, to Rudy Chehayeb, son of Mrs. Linda Chehayeb.

The couple plan to be wed Aug. 24 at Holy Family Catholic Church in Nazareth.

The bride elect is a graduate of South Plains College, and is employed by the Department of Interior, Helium Operations in Amarillo.

The prospective groom also is a graduate of South Plains College, and is the manager of Just For Fun at Westgate Mall in Amarillo.

Sports

DIMMITT COACHES Roy Dudgeon, Alan Steine, George Rasor, head coach Clifford Smith and Stan Carter have been busy this week preparing for the start of two-a-day

workouts Monday. High School football players started picking up their shoes and socks yesterday, and will have a team meeting Friday night at the fieldhouse.

Workouts start Monday

The crack of pads won't be around for a few days, but conditioning workouts start Monday as pre-season workouts begin for the 1985 high school football season.

In Dimmitt, seniors were to report Wednesday to the fieldhouse for shoes and socks, while juniors are to report to-

day. Freshman and sophomores will be issued their shoes and socks Friday, and a team meeting will be held Friday night at 7:30 at the fieldhouse for all high school football players, when they will decide what times two-a-day workouts will be held beginning Monday.

In Hart, shoes and socks were issued Wednesday night, and workouts will be held just once daily at 7 p.m.

"We have so many kids working that we can't get everyone together but once each day," said Hart coach Mark Stroebel.

In Nazareth, shoes and socks were handed out beginning yesterday, with workouts for the defending District 2-A champs to be held at 7 a.m. and 7 p.m. daily beginning Monday.

The county squads will begin their seasons with scrimmages against other teams beginning Aug. 22, with the first games scheduled Sept. 6.

Hereford Y slates races

The Hereford and Vicinity YMCA will host the Greg Black Memorial 10K and 2-Mile Fun Run Saturday, Aug. 17 at 8 a.m. at the Hereford YMCA.

The race is dedicated to the memory of Black, who devoted many hours of work at the YMCA and donated material and labor to the new YMCA building. Black was killed in a bicycle accident shortly after last year's race.

Both races will begin at 8 a.m. Aug. 17 as part of the Hereford Town & Country Jubilee. Entry fee before the races is \$8, with the same-day entry fee \$10. Entry forms are available at the Hereford YMCA at 500 East Fifteenth.

All entrants will receive T-shirts, with wall plaques awarded to first place winners in each 10-K division. Second and third place winners in each 10-K division and first through fifth place winners in the 2-Mile male and female divisions will receive medals.

For more information, contact the Hereford YMCA at 364-6990.

Pelleur is most happy Cowboy

Maybe there's still a place for an All-American type of athlete in our society.

That seems to be the place for Steve Pelleur.

Pelleur is not much of a household name. He's the third-string quarterback of the Dallas Cowboys, a seemingly small but more-important-than-you-think piece of the Danny White-Gary Hogeboom quarterback controversy.

If either is traded, and Pelleur thinks one or the other will see the door soon, Pelleur is sure to move into the backup role.

Pelleur, who is in the middle of the Dallas Cowboys training camp in Thousand Oaks, Calif.,

was in Dimmitt earlier this spring. He's doing some promotional work for Stan Byrnes Motor Co., and took time out of his schedule to talk to the Dimmitt Rotary Club while he was here.

He was in a bit of a hurry as he talked with the Rotarians. He talked to the Rotary, then went back to the local dealership for a few minutes before heading for Dallas and then to Bonham, where he helped with a Special Olympics program.

"He's a super, super guy," Byrnes said. "He's the only one of the Cowboys who's going to Bonham. He's the only one who would do it without getting paid. I guarantee you, he's a great guy."

He's not a bad quarterback, either.

Pelleur went to the University of Washington, where he was the 1983 Pac-10 Offensive Player of the Year. During his career he completed 436 of 755 passes for 4,603 yards and 30 touchdowns, and led the Huskies to the 1981 Rose Bowl where they shutout Iowa, 28-0.

He was a fifth-round draft choice of the Cowboys in the 1984 draft, made the team and went through a learning-by-observing year last season.

"1984 was quite an experience for me," Pelleur told the Rotarians Friday. "I had an exciting year of life in pro football. I mostly just listened and learned, and did what I could."

"The quarterback situation made it really interesting," the 22-year-old said. "The quarterbacks locker together, Danny, Gary and me. It was so difficult because they weren't talking to one another. The press would come in and talk to Danny about Gary while Gary was sitting there, then talk to Gary about Danny, and there Danny was, sitting in his locker. It was not a good situation."

"I don't know what the Cowboys are going to do about the quarterback situation this year," Pelleur said. "I'm in the dark as much as anyone else. I'm sure not against trading one or the other, because the second spot would be a good spot for me to be in. Most quarterbacks, whether they're rookies or veterans, have to sit and learn Coach (Tom) Landry's system. I learned a lot last year, and I'm excited about 1985."

Pelleur is confident — he shows it without brashness or being obnoxious.

"I know something could happen in camp or during next season," Pelleur said. "I also know I have the ability to keep my job, learn about the Cowboys, and be their leader in a few years."

"Believe me," Byrnes said. "He's gonna be their starter. Just watch and see. And it's not going to be very long before he's in there."

NEW
2157
2165

Superior grain yields with a good grazing bonus. Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

• **New 2157** gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

• **New 2165** works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.

Your Old Air Conditioner Could Be Robbing You Of Comfort... And Money.

Replace that energy glutton with a high efficiency Trane central air conditioner.

If you've had it with high utility bills every time hot weather hits, get a high efficiency Trane Executive Plus central air conditioning system and start your

summer savings now. The "plus" is an extra large cooling coil that makes this system even more efficient.

Because it's extra efficient, the Executive Plus system uses less energy. That's why it costs less to operate than older, less efficient

air conditioners. So you'll be saving more on cooling bills this summer — and for years to come.

Trane's all-aluminum Spine Fin™ coils perform better, longer than copper-aluminum combination coils.

Beat the heat... and save money, too!

City changes debris pick up

The City of Dimmitt may become a little slower in picking up your debris, but it will be making a better effort to clean up all of the city's extra debris with its flatbed truck in the future.

"We receive several calls every day about trash, grass clippings, tree limbs, junk and other items we can't pick up with our regular garbage trucks," said City Manager Paul Catoe.

"In the past we have responded to these calls as we have received them, and, in some cases, we have actually received from 10 to 15 calls per day. In order to respond to all of the calls the flatbed driver

has actually had to drive past debris in the alley he would have normally picked up in order to respond to the other calls.

"In an effort to improve the effectiveness of our flatbed operation, we have started going down every alleyway in the city, and we will pick up all of the debris we find in each alley before proceeding to the next alley."

Catoe says that because of this it could take several weeks, in some cases to get around to all of the debris in city alleys.

"We hope this new procedure works, and will be more effective, and we hope citizens will work with us to get the kinks out of the system.

"Citizens may still call the Dept. of Public Works at 647-4492 to notify us of debris in their alley, and we urge citizens to haul debris to the sanitary landfill site northeast of the city. There is someone on duty out there that can give citizens proper directions on how and where to dump their debris."

Group here Aug. 19

The religious group "La Familia Paiz" will perform at 7:30 p.m. nightly Aug. 19 through Aug. 21 at La Estrallita in Dimmitt.

"The way this group gives the Gospel's interpretation makes them so distinct to others fully dedicated to this Ministry of helping souls find Jesus through song," said Trinidad Paiz, Jr. "We want to invite everyone to come. You'll be blessed by the word of God in song and testimony."

WHERE'S A STRAIGHT PIN WHEN YOU REALLY NEED ONE? The clown might not have liked it, but the thought surely had to cross this youngsters mind when the Castro County News-KDHN Radio balloons came by his perch on the county's communications tower during last weeks FirSt Friday promotion.

Police Calls

The Castro County Grand Jury returned six indictments July 31.

Elmo Williams, 59, of Dimmitt was indicted on a charge of attempted murder. Williams was arrested July 27 for the stabbing of Kenneth Vaughn, 28, of Dimmitt at the People's Place, 609 E. Bedford. In addition to the stabbing, Williams admitted to police that he hit Vaughn over the head with several cue sticks.

Willis James Turner, 34, of Dallas, was re-indicted on an attempted murder charge in connection with the April 24 stabbing of J.R. Matthews.

Jesse Montiel, 27, of Olton was indicted on a charge of involuntary manslaughter in the July 5 death of his brother, Joe Montiel, 37, of Earth.

Andres Lopez was indicted on charges of burglary of a building. He was arrested by Dimmitt Police officers July 21 while he allegedly was attempting to burglarize Castro County Oil and Gas Co. After further investigation police also charged Lopez with the burglaries of NC+ Hybrids, Farmers Union Insurance, Dairy Queen, Jeff Robertson, Dodd Oil Co. and the Burlington Northern Railroad Station.

44-year-old Simmon Dean Roach of Amarillo was indicted on a charge of unauthorized use of a vehicle. He was returned to the Dimmitt Police Department July 19 on a police warrant for allegedly stealing a car owned by Lloyd Blanton of Dimmitt.

Tommy Lee Davis was indicted on a charge of theft by deception. He was arrested June 30 by the Castro County Sheriff's Office for reportedly taking funds that were to be used for building materials, according to Deputy Jerry Bailey.

Dimmitt Police are investigating a criminal mischief case in which a glass door was broken at Granny's Chicken and Biscuits, 302 N. Broadway, Monday. Damage is estimated at \$250.

Victor Randall, 39, of Plainview was arrested Friday on a charge of felony driving while intoxicated.

Three people were arrested on charges of disorderly conduct.

Eight people were arrested for DWI, and five others were arrested for public intoxication.

Tax course is offered

H&R Block has announced it will offer its Basic Income Tax Course in Dimmitt beginning Sept. 4.

Morning, afternoon and evening classes will be available, and will be held at 218 E. Bedford St. Similar classes are planned in Hereford, Amarillo and other area cities.

The tax course will meet twice a week for 13 weeks and will consist of 75 hours of instruction. Block personnel will teach current laws, theory and application. Among the topics covered will be filing requirements, itemizing deductions, farm returns, income averaging, investment credit, small business returns, rentals and royalties.

The course is designed for those who want to acquire tax knowledge for their personal benefit, or who want to supplement their income through the income-tax service field.

Registration forms, fee information and brochures on the courses may be obtained by writing the H&R Block office at 218 E. Bedford, Dimmitt, or by calling 647-4478.

The first air-conditioned office building in the U.S. was the Milam Building in San Antonio, Texas, completed in 1928.

More about

1:1

Continued from Page 1

●Worst radiation spill in North America. The sixth anniversary of Three Mile Island earlier this year received more US press attention than the worst radiation spill in North America. It happened in a Juarez, Mex., junkyard in December 1983, and is reported to be slowly killing more than 200 Mexican citizens exposed to radioactive pellets containing cobalt-60.

●The red herring of "left-wing" terrorism. The general belief that left-wing terrorism is running rampant in Europe and that it exceeds violence from the right is a false one promoted by the administration. The single bombing of the Naples to Milan express on Dec. 23, 1984, by the right-wing network of Europe, killed more people than all the reported victims of the Red Brigades and other alleged left-wing terrorists in 1984.

●Death of a nation: The tragedy of Transkei. The white-minority government in Pretoria created the "independent" black state of Transkei in 1976 as part of its apartheid policy. Today, Transkei is a virtual wasteland, incapable of sustaining its growing population. Unless immediate action is taken, the blacks will surely die as a result of starvation,

malnutrition and economic sanctions.

●NSDD-84: Reagan's Orwellian censorship law. Throughout most of 1984, the US press led by the New York Times, happily reported that Reagan's sweeping new censorship law, National Security Directive 84 (NSDD-84), had been withdrawn due to Congressional opposition to the use of lie detectors and lifelong censorship requirements. However, when the 98th Congress adjourned in October 1984, the Reagan administration had put in force the largest censoring apparatus ever known in the United States. For the first time, more than 3½ million federal employees in the 12 largest federal agencies are required to submit their speeches, articles and books for publication review by their supervisors for the rest of their lives.

●Three stories that might have changed the course of the 1984 election. Potentially explosive political stories about Paul Laxalt, Edwin Meese and Charles Wick were available to America's press long before the 1984 presidential election but were not widely reported. Mike Wallace publicly predicted that a 60 Minutes segment on just one of these stories could possibly change

the course of the presidential election, but 60 Minutes never did air that segment. Nor did ABC-TV News ever broadcast a story it had spent several months researching and filming in California and Washington. Just when the story was ready for final edit, it was suddenly killed; there were reports of calls direct from the White House to ABC.

●The myth of the peaceful atom: US and UK break nuclear treaty. The Nuclear Non-Proliferation Treaty, of which the United States and the United Kingdom are signatories, specifically forbids the use of civilian nuclear byproducts in the manufacturing of nuclear weapons. The Israelis used this provision of the treaty as an excuse for the bombing of a nuclear reactor in Iraq. However, as part of a Mutual Defense Agreement, signed by the US and the UK, six to seven tons of plutonium from civilian reactors in Great Britain have been shipped to the US for use in the manufacture of nuclear weapons. US energy secretary Donald Hodel has admitted that two to three tons of this plutonium have been used in nuclear warheads, some of which are currently deployed on Cruise missiles in England.

County Executive Director

ACR MAINTENANCE
Your ACR (lay-out ground) must be cared for and maintained in an approved manner through Dec. 31, 1985. Don't get in the position of losing program benefits by neglecting to properly maintain these acres. We will be spot-checking these acres through-out the year.

If you put a spring or summer seeded cover crop on ACR, these acres may be hayed or grazed with a prior request filed in this office. Haying or grazing without prior approval is a violation. If haying or grazing is for benefit of other than producer's own livestock, there may be no charge for the grazing or no charge for the value of the vegetation growth mechanically harvested.

FEED MILL SURVEY
The ERS will be mailing survey forms to all feed mills, to be used for information purposes only, in the near future. If you receive one of these survey forms, please complete and return the questionnaire to ERS.

Bethel ice cream tonight

The annual Bethel Community ice cream supper will be held tonight at 8 p.m. at the Bethel Community Building. Everyone attending is asked to bring a freezer of ice cream, toppings or cookies. Bethel area residents and friends are invited to attend the supper.

MEASURING SERVICE
If you requested measuring service you will have only five days in which to adjust (if needed) and certify your acres to this office from date of notification. Be sure and watch for this notice and don't let the time slip by on you. Failure to meet this deadline could cause your farm to be ineligible for all program benefits and unliquidated damages will be assessed.

1985 LOAN RATES
Grain Sorghum — \$4.43 CWT, No. 2 or better; Corn — \$4.91 CWT, No. 2 or better. Discounts, premiums and storage charge will apply.

Babbling Brooks

By JOHN BROOKS

I'm back. I'm not over my mad, but we had to fill some space with something, and it is either this or how the redfish is making a re-emergence on the Gulf Coast.

State Senator Bill Sarpalius of Amarillo weekly writes a column — sometimes it's more weakly than weekly, but Bill, like a lot of people around here, is a big supporter of Vocational Agriculture program. Bill has a better reason than some — he's a former State Future Farmers of America President.

Bill has helped lead a fight in the State Senate to at least try to keep Vo-Ag and FFA programs close to what they have been, but, as Bill writes, "H. Ross Perot didn't particularly care for vocational education in general, much less vocational agriculture. Perot was convinced vocational schooling got in the way of basic courses, the stuff of which nuclear physicists are made."

Sarpalius goes on to write about his fight to prevent the elimination of 10 state field staff positions, including Ronnie Teichelman of Plainview, who is, well, everything from helper to a general for FFA in this part of the state.

Now the Education Commissioner, W.N. Kirby, is going to reduce the state staff to four persons. "It's apparent the State Board of Education thinks vocational agriculture supports a dying lifestyle," Sarpalius writes. "Granted, there isn't much wheat pasture around Loop 610 in Houston, but there aren't many interstate freeways in Spearman, either. Though the board may not like it, agriculture remains the backbone of rural Texas and is the state's second-biggest resource. Our leaders shouldn't turn their backs on it."

Right on, Bill!

Dadgum, we've got a heck of a thunderstorm going on (Tuesday evening). Ever notice how it rains harder around here when the sun is peeking through the clouds?

SOME youngsters grow up eating from a silver spoon. Others grow up eating from a peregrine falcon hand puppet! According to National Wildlife's Ranger Rick magazine, the peregrine falcons' survival has been threatened by harmful pesticides. So scientists have begun raising falcon eggs taken from the wild. The chicks are fed from hand puppets fashioned to look like a mother falcon.

AMERICANS love pets! According to National Wildlife magazine, Americans bring 364,000 live wild animals to the country each day. Of these, 337,000 are ornamental fish and 2,000 are exotic birds. One-fourth of the birds are dead when they arrive, or die before they find an owner.

Back-to-School Time

at Tots and Teens

School will be starting before you know it, and these two new Dimmitt High School freshmen will be ready in their casual fashions from Tots and Teens.

Jo Hyman (left) is wearing 100% cotton in a block-pattern sweater and casual slacks by Pandora. Jo, 14, is the daughter of Harold and Martha Jo Hyman.

Lisa Widick (right) is ready for school in an ensemble by Bobbie Brooks. Her pants and blouse are 100% cotton, and her lively vest is 100% acrylic. Lisa, 14, is the daughter of Terry and Ann Widick.

You'll find a big, colorful, imaginative selection of back-to-school clothes at Tots and Teens, where we know you and care about you!

Lions to promote beef

"We want to help promote beef and vegetables from our area, and we want to help promote Lionism, too."

That's what Boss Lion Fred Bruegel told the Dimmitt Lions Club Tuesday as the Lions prepared for a special Beef Promotion Day Sept. 7 in

downtown Dimmitt.

"We want to invite everyone in the county and all around to try out our hamburgers as we try to promote Texas beef," Bruegel said. "The cattle market, to say the least, is in a tailspin right now, and we want to try and do something

to help the cattlemen out.

"We also urge stores throughout the area to offer special promotions on Texas beef, and Texas vegetables, too."

Bruegel will chair a committee to organize final plans for the promotion.

The Lions annual Broom Sale will be held downtown on Tuesday, Aug. 20 according to sale chairman Joe Josselet. All proceeds will benefit the sight handicapped and other local and area Lions projects.

POISON ivy may be the bane of summer campers and hikers, but many animals revel in it, says International Wildlife magazine. Grouse, pheasants, bluebirds, chickadees and other birds eat the seeds. Black bear, cottontail rabbits and mule deer relish the foliage.

Rainwater to be honored

Gary Rainwater, District Conservationist with the Running Water Soil and Water Conservation District, will be honored with a farewell reception next Monday from 10 a.m. until 3 p.m. in the lobby of the Hi-Plains Savings and Loan building at SW Third and Bedford in Dimmitt.

Rainwater will be leaving next Wednesday for his new assignment as District Conservationist in Sherman.

"Gary has done so much for a lot of people while he has been here, and we want to invite everyone in town to come by and eat cake with us and tell Gary thanks," said a SCS employee.

TEXAS ONIONS BOUNTIFUL
A bountiful onion harvest is under way in Texas. Onion production should be up about 17% in Texas this year despite a drop in acreage from 18,600 to 17,000 acres.

Texas supplies about 65% of the total US fresh onion stocks during April, May and June, notes horticulturist with the Texas Agricultural Extension Service. Most of these come from the Rio Grande Valley, Laredo and the Winter Garden area west of San Antonio.

A considerable amount of Texas onions also are grown in the High Plains, Trans-Pecos and El Paso areas. This year's production is being boosted with a new sweet, mild onion developed by the Texas Agricultural Experiment Station.

Schulte, Simpson win honors

Castro County 4-Hers Denise Schulte and Sheryl Simpson won first place in their respective categories at the District 2 record book judging in Lubbock last week.

Schulte, in the health division, and Simpson, in the dairy group, will advance to the state record book judging this month.

Joel Nelson, horse, and Trampas Moke, swine received third place for their record books while Justin Nelson, beef, and Kelly Howell, sheep, received participation ribbons in the senior division.

In the junior group, Kalina Pohlmeier, clothing, Kara Schulte, food and nutrition, and Jason Nelson, rabbits,

received blue ribbons, while Matt Gfeller, beef, Sabrina Acker, poultry, Coby Moke,

sheep and goats, and Royce Schulte, swine, were awarded red ribbons.

Contest starts for quilt blocks

The Texas Agricultural Extension Service and Panhandle-Plains Museum in Canyon are co-sponsoring a Panhandle Sesquicentennial Quilt Block contest.

The contest is currently the only panhandle-wide activity planned in conjunction with the 1986 Sesquicentennial celebration.

Entries from Castro County are due in County Extension Agent Teresa Nutt's office by next Jan. 15.

Quilt block competitions will be held in each of the 26 panhandle counties. Each entrant is asked to create one or more quilt blocks representing a specific characteristic of their county, with judges to select the top three quilt blocks from each county. Entries will be judged on overall appearance, workmanship, originality of design, adherence to theme, appropriateness of material and use of color.

The first place blocks will be sent to the Canyon museum on Feb. 1, 1986, where they will become part of a 30-block Sesquicentennial Quilt. Other blocks will represent the museum, TAES, the Sesquicentennial and the quilt project itself.

Once the panhandle quilt has been finished it will be displayed along with "Lone Stars: A Legacy of Texas

Quilts, 1836-1936," a major exhibit of the best quilts of Texas. The Lone Star display is the result of several Quilt Roundup Days held around the state earlier this year.

The quilts will all be on display next April through June.

Persons interested in obtaining more information, rules, tips and entry blanks may call the County Agent's office at 647-4115.

Fund set up for Bleeker

A fund to help defray medical expenses has been established for Lorene "Dutch" Bleeker at the First State Bank of Dimmitt.

Mrs. Bleeker, a victim of cancer, has been ill for about six months. Donations to the fund may be made anytime during banking hours.

WILL DO LIGHT CARPENTRY WORK!

Also will rebuild and refinish furniture.

Call TED SHEFFY at 647-2576!

Obituaries

Florence Cooper

Florence Cooper, 86, of Dimmitt, died Saturday.

Funeral services were held Monday in Foskey Funeral Home Chapel with Elvis Barrington and Bernard Gowens, elders of the Primitive Baptist Church in Muleshoe, officiating. Graveside services were held Tuesday in Dodd City Cemetery by Cooper-Sorrells Funeral Home.

Mrs. Cooper was born in DeQueen, Ark. She had lived in Dimmitt since 1962. She was active in Castro County Senior Citizens. Her husband, Virgil, died in 1952 and a daughter, Mrs. Raymond Turner, died in 1980.

Survivors include four daughters, Mrs. Earl Chaney of Dimmitt, Mrs. Frank Howell of Windon, Mrs. Glenn Elliot of Longview and Mrs. Roy Dykes of Bonham; two sisters, Mrs. Charlie Ray of Springdale, Ark. and Mrs. Olin Hartlien of Clarksville, Ark.; 10 grandchildren; and 10 great-grandchildren.

The family requests memorials be made to American Cancer Society.

Rev. Kennedy

Rev. C. Mitcheal Kennedy, 48, of Hutchinson, Kan., died Saturday in Hutchinson.

Services were held Tuesday at Northminster Presbyterian Church at Hutchinson. Burial

followed in Hutchinson Cemetery under the direction of Elliot Mortuary of Hutchinson.

He was the minister at Northminster Presbyterian Church. He served at the Presbyterian Church in Dimmitt in the late 1960s.

Survivors include his wife, Margaret; two sons, Charles and Joe of the home; one daughter, Meredith; and his father, Charley Kennedy of Uvalde.

Charles B. Tolleson

Charles Brooks Tolleson, 65, of Dimmitt, died Thursday.

Services were held Friday at Fourth and Bedford Church of Christ with Dale Wells, minister, and Condy Billingsley officiating. Burial followed in Castro Memorial Gardens by Foskey Funeral Home.

Tolleson was born in Shawnee, Okla., and moved to Dimmitt 14 years ago from Abernathy. He was a retired farmer. He was married to Margaret Hyden in 1942 at Goodlet. He was a member of the Fourth and Bedford Church of Christ.

Survivors include his wife; three daughters, Wanda Trent of Midland, Ann Blackburn of Lubbock and Edith Harmon of Dimmitt; two sisters, Betty Mathis of Lexington, S.C., and Mary Westbrook of Henrietta; a brother, Jack of Stinnett; and six grandchildren.

OUT OF TOWN

Becky and Lee Walker of Anchorage, Alaska are the parents of a son Isaac Lee, who was born there July 13. He weighed 5 pounds, 1 ounce and was 18 1/2 inches long. Grandparents are Don and Betty Carpenter of Dimmitt, Tom and Atha DeWoody of Dallas and Dick and Anna Karin Walker of Seattle, Wash.

Happy anniversary!

AUGUST 8 - Sam and Margie Albracht, Joe and Jeannette Johnson, Tommy and Lou Perkins, Layne and Sue Rita Myatt, Steve and Susan Anthony.

AUGUST 9 - Mike and Billene Rankin.

AUGUST 10 - Rodger and Edna Rae Schilling, E.R. and Lois Waggoner, Joe and Pam Josselet.

AUGUST 11 - Bobby and Earlene West, F.A. and Lucille Smith.

AUGUST 12 - Robert and Beverly Schulte, Norman and Sandra Nelson, Garland II and Susan Coleman.

AUGUST 13 - Rayphard and Mary Lu Smithson, W.J. and Sara Hill, Jerry and Delores Heller, Jim and Dorothy Elder, Alvin and Matilda Anderle, Randy and Donna Popejoy.

AUGUST 14 - Jack and Ann Burkhalter, Gale and Lucy Long, Derwin and Vera Huseman, David and Jane Behrends, Norris and Luanna Cole.

TULIA LIVESTOCK AUCTION REPORT

A total of 988 cattle and calves sold Friday, Aug. 2, at Tulia Livestock Auction. Good stocker calves sold \$2 to \$3 higher. Feeder heifers sold steady to \$1 higher. Feeder steers sold \$1 to \$2 higher. Packer cows and bulls were \$0.50 to \$1 lower.

Heifer calves from 350 to 450 lbs. brought \$59.50 to \$72.50. Steer calves 300 to 500 lbs. brought \$67 to \$82.50. Feeder heifers 550 to 800 lbs. brought \$50 to \$57. Feeder steers 600 to 800 lbs. brought \$59.75 to \$64.50. Packer cows traded from \$32 to \$36. There were not enough packer bulls for a price test.

LIVE IT TO THE LIMIT!

Wrangler FREE JEAN MAIL-IN FORM

BUY ANY 3, GET 1 FREE!

MAIL TO: Wrangler Offer
P.O. Box 2261
Maple Plain, MN 55393

Enclose proof of purchase from any three pairs of Wrangler Jeans or pants (shorts, fleece, and skirts not included) and your original cash register receipt dated between 7/14/85 and 10/12/85. Receipt must indicate store name and the Wrangler prices must be circled.

Within six to eight weeks of receipt, Wrangler brand will send you a gift certificate good through 12/31/85 for any pair of Wrangler jeans or pants in stock at the store identified on this form.

IMPORTANT: You must pay sales taxes on the free jean or pant when you pick it up at the store. Limitation: One gift certificate per form, four gift certificates per person, family group or address. Offer void outside USA and where prohibited by law. You assume the risk of lost or delayed mail.

OFFER EXPIRES OCTOBER 12, 1985

Wrangler® jeans are part of the bargain.
