AN EXPLOSION AND NEAR PANIC

HALF A DOZEN PERSONS SLIGHTLY BURNED OR OTHERWISE INJURED AT LAKE.

THE FIREWORKS EXPLODED

Sparks Ignited Pile of Explosives and Showers of Fire Shot Among the Panic Stricken Crowd.

Half a dozen persons were slightly burned and a number of others were scratched and bruised in the wild scramble that followed the accidental explosion of a big bundle of fireworks on the pier at Lake Wichita last night. That none were seriously injured seemed miraculous. All of the fireworks intended for the display went off in an explosion and the thousands of spectators witnessed a brilliant but momentary display.

The fireworks were being laid out at the end of the pier which had been roped off to keep back the crowds when the explosion took place. A few roman candles had been fired as a signal that the display was about to start. The pieces were being set and flaming torches were held in readiness for the opening piece, when whether from a spark from one of the torches or from a roman candle the whole supply of explosives was ignited and the result was a most startling and exploded simultaneously with a burst of flame and a shower of fire that covered the pier and lake for a radius of two hundred feet or more. Sky rockets whizzed a stream of fire through the panic stricken crowd on the pier, and the crowd fled in all directions. Roman candles and other explosives sent a veritable rain of fire.

When the explosion started the crowds on the pier started a pell mell rush for the Colonade platform. In the rush several persons were knocked down, but none were severely injured. A baby cab in which a baby was mashed almost flat but the baby escaped injury.

Manager St. Clair of the Traction company who had been directing the display, was jammed against the water body from the pier into the water but waded to safety. He was only slightly burned. Johnnie Lyons, a nine year old boy, was the most painfully burned. He was struck in the shoulder with a sky rocket and his clothing set afire. His burns are said not to be of serious nature.

Louise Hamlin, the little daughter of Rev. R. R. Hamlin was burned on both hands. Sam Sproles and several others whose names were not learned were slightly burned.

Medical aid was afforded to the wounded and those who sustained burns received immediate attention. M. O. Moore, a plumber, who works for the Maxwell Hardware Company, was probably the most seriously injured. When the explosion took place he was jammed against the railing of the pier by the crowd and his collar bone fractured and the muscles of his back wrecked.

Destroyers Put Out of Action

By Associated Press. London, July 5.—Seven of Great Britain's newest ocean going torpedo boat destroyers have been put out of action by the over straining of their hulls while under full speed trials in the heavy sea of the English Channel. The destroyers Acorn, Alarm, Rifleman, Nymp, Nemesis, Lyras and Lerne have reached Portland in such a leaky condition that all the available divers were required to close up the gaps in their seams. The trouble was the result of the tremendous vibration of the powerful engines driving the little ships at twenty-eight knots through rough seas. The rivets of the plates were started in all directions opening gaps which caused the water to pour into the oil bunkers rendering the fuel useless.

ANOTHER SCORCHER IN CHICAGO TODAY

By Associated Press. Chicago, Ill., July 5.—With twenty-seven dead to date from the present heat wave, Chicago faced another record breaking day today. At nine o'clock the temperature was 93, two points higher than at the same hour yesterday.

38 Deaths in Philadelphia.

By Associated Press. Philadelphia, Pa., July 5.—Thirteen deaths due to heat were reported to the coroner's office today making the fatalities to date from the hot spell thirty-eight. The temperature at noon was 88.

Aviators Begin Return Trip.

Dover, Eng., July 5.—Ten of the flock of thirty-six aviators originally entered in the International circuit aviation race arrived today and began their return journey from London to Paris. Today's flight is from here to Calais. Airmen got away at six o'clock this morning. The first stop was at Shoreham where Vedrine by arriving first won a special prize of one thousand dollars.

HEAT SENDS GRAIN PRICES SKYWARD

CORN PRICES JUMPED FIVE CENTS A BUSHEL AND OATS, ALSO ADVANCE.

CROPS BURNED TO CRISP

In Oklahoma and Kansas Scorched From One End to the Other—lowa Oat Crops Going.

By Associated Press. Chicago, Ill., July 5.—Because of the withering heat and generally dry weather, the price of corn jumped to 4-5 cents a bushel on the wheat pit and today oats rose from 2 1/8 to 2 1/2 cents.

September corn rose to sixty-six cents a bushel and then steadied around sixty-five and one-half cents. An almost complete absence of moisture for the last four days has been reported. The world shipments were reported lighter also.

The oat business tarding was on a huge scale.

An official report from Iowa showed a falling off twenty-eight per cent in that State. September oats rose to 46 1/4 cents per bushel and sold at about 45. Wheat also opened somewhat higher with September going to 91 3/4 cents per bushel.

A private telegram from Kansas City says there is no precedent to go by as there have been no records like those temperatures Saturday and Sunday which in fields were from 106 to 115. Private advice from over the corn belt tell the same story. Oklahoma is burned to a crisp, Kansas is scorched from one end to the other. It is reported here that the implement retailers have cancelled many orders. The best known crop experts here report the condition of oats and hay as the poorest on record.

Wild Scenes at Kansas City.

By Associated Press. Kansas City, July 5.—Among the wildest scenes enacted on the Kansas City Board of Trade for years the corn market gained from 3 1/2 to 5 cents per bushel in the first ten minutes trading today. In that time about one million bushels were traded in.

GORE OPTIMISTIC OF DEMOCRATIC SUCCESS

Says All Democrats Have To Do Is To Behave Themselves and Organize.

By Associated Press. Louisville, Ky., July 5.—U. S. Senator Thomas P. Gore of Oklahoma, passing through Kentucky today made a speech at Lebanon, Kentucky, in which he discussed Democratic chances for success in 1911. "All Democrats have to do is behave well in the House and the Senate," he said, "and to organize to win the presidency. They could hardly make a mistake were they to try. They have three or four resourceful men to select from who are in every way fitted for the position. I think at this time Woodrow Wilson will be the nominee though the situation now may be different five months from now. Thirty or more Democrats and twenty-three Republicans are for the reciprocity measure and it will be passed without any material amendment, perhaps without any amendment at all."

\$400 SUBSCRIBED TODAY FOR STORM SUFFERERS

ed here today for the relief of the storm-sufferers near Wichita Falls and in Oklahoma bringing the total contributions to date up to \$680. Of this amount \$187 will go to the relief of Oklahoma and \$503 for the local relief.

Mob Leader Dead.

New Orleans, La., July 5.—News was received here last night of the death in Louisville, Ky., of John Crepps-Wielke, who was one of the seven men who banded together and drove the lotteries out of Louisiana in 1891. Wielke was one of the three leaders of the mob which broke into the Parish prison here and lynch eleven Italians, alleged leaders of the Mafia.

Goldwalthe Man Arrested.

By Associated Press. San Angelo, Texas, July 5.—Five prominent men of Goldwalthe were brought here under arrest today charged with selling liquor without internal revenue license. They are W. B. Hetherly, Matt Casbeer, S. H. Holland, Dick Williams, and John Morrison. They were bound over in the sum of five hundred dollars each.

Sheriff Randolph is expecting Penitentiary Agent Harrison tonight who comes for the prisoners that have been convicted and are ready to be transferred to the penitentiary to begin sentence.

Three officers of the United Society of Christian Endeavor who are at the head of the great convention of Endeavorers that convenes July 6 at Atlantic City, N. J. On the left is William Shaw, General Secretary; in the center is Francis E. Clark, D. D., L.L.D., President, and on the right is H. N. Sathrop, Treasurer.

FORMAL OPENING OF MARTIN'S BOOK STORE

Handsome New Store Will Be Opened With Reception From 7 to 9 p. m. Saturday.

Martin's book store in the new Ward building on Eighth street, will be formally thrown open to the public Saturday at which time a reception will be given to the friends and patrons and the public generally. The hours for the reception are from 7 to 9 p. m., during which good music will be given, and drinks from the fountain and cigars will be served free to all who attend. The store will also be handsomely decorated for the occasion.

Mr. Martin has installed a very pretty and inviting store, especially for ladies. The store is equipped with new mahogany fixtures with an especially cozy corner for serving fountain drinks and ice cream. This is in the rear of the store away from passing street gazers, well supplied with fans and lights.

In his Eighth street store Mr. Martin will handle books, stationery, magazines and will be kept entirely free from any objectionable features, so that ladies may be assured they will be received with courtesy at all times.

In his Ohio avenue store Mr. Martin will continue the office fixtures portion of his business, as well as carry his regular line of cigars and fountain drinks.

Be sure to call at the new store Saturday evening if for nothing else than to see the store and get acquainted with the owner.

Sheffield and Turney Indicted.

Houston, Texas, July 5.—A. H. Sheffield and Frank Turney were today indicted charged with the murder of Gus Schultz and three members of the latter's family and Walter Richmond. Jealousy was the cause alleged.

Ferdinand W. Roebling, a member of the John A. Roebling Construction Company, who is one of the eighty-six trust officials that were recently indicted by the Federal Grand Jury in New York on the charge of violating the Sherman Anti-Trust law by attempting to monopolize the steel wire business of the country. There are nine companies involved in the indictments, representing the foremost steel wire corporations in the country. Other prominent officials included in the government are Frank J. Gould, Herbert B. Batterlee, William P. Palmer and Charles Brooker.

WOMAN WINS FIRST FALL

HUNNEWELL MAYORESS FINALLY PRESIDES OVER COUNCIL MEETING.

Proposed Appointments Are Smiled at and Are Voted Down.

Hunnewell, Kan., July 4.—At last the city council here met with Mrs. Ella Wilson, the mayor, Monday night. This is the first regular meeting the aldermen have attended since she was selected the head of the city government on April 1.

The meeting Monday night could hardly be called a victory for the mayor. But two pieces of official business was transacted. The resignation of Alderman W. L. Lewis was accepted and a resolution providing for repairing the town pump was adopted. This last bit of legislation was practically forced upon the council. Since the council last met the pump has fallen into a bad state of repair. It just had to be fixed.

Every appointment the mayor asked the council to confirm was turned down. Mayor Wilson says she is determined to have her selection of officers and she will continue to present their names for confirmation at every meeting of the council from this time henceforth.

Mrs. Wilson first proposed the name of Mrs. E. R. Hilton for city clerk, the councilmen smiled, nodded approval, and then refused, unanimously, to confirm Mrs. Hilton's appointment. Prof. H. A. Clark, of the Hunnewell schools, whose name was presented by the mayor for the office of city treasurer, likewise was turned down.

When the mayor named Robert Boyer for marshal, Alderman J. P. Richardson said: "We don't need a marshal. There will be no arrests here."

Now one of the mayor's announced reforms is to clean up the town—morally. She says "divorces exist here and there and ball games are run in violation of the law. So when the alderman suggested that no necessity for a marshal existed she made the assertion she would see that there was a marshal and that he would had something to do.

The matter of appointing a marshal was then turned over to a committee to pass on.

Finally it was moved and seconded that the council adjourn. Without waiting to cast the vote, Mrs. Wilson declared the meeting adjourned. But the aldermen did not move.

POSTOFFICE PATRONS PLEASE TAKE NOTICE

Postmaster Bacon announces that those who wish to receive mail on Sunday must file a request not later than three o'clock on the previous Saturday afternoon.

He also requests that general delivery patrons do not call for mail on Sunday unless they are expecting important letters.

JOHNSON TO FIGHT PATRICK CURRAN

Negro Will Meet Englishman in Dublin At Date to Be Decided Today.

By Associated Press. Chicago, Ill., July 5.—News has reached here that heavy weight champion, Jack Johnson has signed articles to fight Patrick Curran of London to a finish in Dublin the date to be decided today. Johnson is now in England.

THE TOWN PUMP HELPED

Port Townsend, Wash., July 5.—The oak hull of the cruiser Iroquois which as a man of war took part in the battle of Mobile bay and the siege of Vicksburg was set on fire by junk men here last night and furnished a Fourth of July illumination all night. The burning was for the purpose of releasing the copper from the wood.

The Iroquois sank the Confederate gunboat, McArae, at Mobile bay and lost the largest proportional number of men of any vessel in Farragut's fleet.

By Associated Press. Austin, Texas, July 5.—The child labor law is being violated in all parts of the state according to letters daily reaching the state labor commissioner. He will investigate.

Adjutant General Hutchison today said he would ask the war department for the use of fifty-tons commissary and supply wagons for the state encampment.

Thirteen instead of twelve bank examiners will keep tab on the money depositories of Texas for the balance of this year. J. H. Chatham of Port Worth, was today appointed as an additional examiner.

Nothing of a Disturbing Nature.

By Associated Press. Houston, Texas, July 5.—Governor Colquitt here today said of the special session of the legislature "I will submit no general legislation at all until after the state appropriation bill has been passed, nor will I submit any matter at any time of a disturbing nature."

William Loeb, Collector of the Port of New York, who is now working on what is alleged to be one of the biggest smuggling plots that has come to light during his administration, the alleged smuggling into the United States of \$300,000 worth of jewels belonging to the mysterious Mrs. Helga Dwellie Jenkins by the millionaires Nathan Allen, of Kenosha, Wis., and John R. Collins, of Memphis, Tenn.

By Associated Press. Austin, Texas, July 5.—Hereafter ice dealers may be prosecuted for handling unclean ice. Pure Food Commissioner Abbott this morning issued a bulletin that unclean ice could be considered adulterated. He made the same ruling as to ice water.

FIRE BOYS TO GET \$2 FOR EACH FIRE

COUNCIL ORDERS THIS AMOUNT PAID AND RESCINDS DONATION OF \$100 PER ANNUM.

DRAY STAND QUESTION

Council Took No Action on Proposal to Prevent Drays to Congregate on the Streets.

The city council this morning passed an order providing for the payment of \$2 each to ten members of the fire department for each fire at which they were actively engaged in the work of the department, and rescinding the former appropriation of \$100 a year, also reduced the salary of City Engineer Hinkley to \$100 as before by rescinding the order to pay him an additional \$50 during the progress of the work of paving, this work now being practically complete. The street committee was requested to take up the matter of paving the alley between Ohio avenue and the railroad from Eighth to streets with the franchise permitting the use of the alley for tracking purposes. The council also agreed that the collection of sewer rents could be dispensed with during the vacancy of property.

The session of the council was a protracted one, extending from 9:30 until the noon hour and many matters were considered, although action was postponed in a number of instances. In addition to the matters mentioned above Joe Stearns was allowed \$10 for his services as driver of the fire wagon during the absence of members of the department at the state convention.

Tax Collector Robertson was authorized to purchase a specially ruled book in which to record delinquent taxes.

Other matters considered, but upon which no definite action was taken, was the purchase of a street-flusher, the matter of enforcing sewer connection and the failure of the light company to provide incandescent street lights for in the old contract which however, expired several months ago. The matter of prohibiting dray and transfer wagons from standing on the principal street corners was discussed but the question was passed without action being taken.

SALARY INCREASES AT LOCAL POSTOFFICE

Total of Increases Effective July 1, is \$800 Per Annum.

Increase in salaries to the amount of \$800 per year became effective at the Wichita postoffice. Saturday evening the increases are as follows: Postmaster from \$2800 to \$2900. One clerk from \$900 to \$1000. Two clerks from \$500 to \$600. One carrier from \$300 to \$400. Three carriers from \$300 to \$400.

The increase in the postmaster's salary results from increased receipts at the local office while the salaries of the other employees are raised through the operation of the automatic law relative to length of service.

The receipts at the local postoffice for the first half of the year ending June 30, 1911, were \$37,112.35 compared with \$31,958.89 for the corresponding period of 1910.

TRADE COMMISSIONS FOR INDUSTRIAL CORPORATIONS

By Associated Press. Washington, D. C., July 5.—An Interstate Trade Commission of five members to control industrial corporations as the Interstate Commerce Commission controls the railroads was advocated in the bill introduced today by Senator Newlands of Nevada. He contended that the Standard Oil and Tobacco decisions and recent government report on the steel industry had demonstrated the need of such a tribunal. His plan is to apply the law only to corporations engaged in interstate trade whose annual receipts exceed five million dollars.

CELEBRATOR IS FINED.

Prisoner Fails to Make Good With Horn to Show Judge He is Musician.

Akron, Ohio, July 4.—Because Thomas Fisher, aged 27, could not play "Yankee Doodle" suit Mayor Vilham T. Sawyer, when arraigned in the police court today, charged with disturbing the peace by tooting a large brass horn in celebration of the Fourth, he was fined. The officer who made the arrest declared Fisher was making an "if you can demonstrate in this court that you can play, I will let you go," said Mayor Sawyer, when Fisher was brought before him. The man raised his horn and started to play. He was stopped before he had gotten very far and was sent back to his cell to serve ten days.

GREAT GATHERING OF ENDEAVORERS

TWENTY THOUSAND MEMBERS EXPECTED AT ATLANTIC CITY CONVENTION.

PROMINENT SPEAKERS

And Men of Distinction Will Take Part in the Program—President Taft to Attend.

Atlantic City, N. J., July 5.—Thousands of Christian Endeavorers from various sections of the United States and of Canada have arrived here since the beginning of the week and every incoming train brings additional delegations to the twenty-fifth convention of the International Christian Endeavor, which will begin here tomorrow to continue for a full week. It is expected that about twenty thousand members and visitors will attend the great gathering. Young's "Million Dollar" pier, which is about a quarter of a mile long, has been engaged for this convention and during the week of the meeting only delegates and convention visitors will be admitted to the pier. The sessions will be held in the two big halls on the pier and in the canvas-covered pavilion, which give a fine view of the water and allow free access to the refreshing breezes.

The program of the convention has been arranged with proper consideration of the comfort of the delegates and to give the latter sufficient time for recreation no sessions of any kind will be held between the hours of 10:30 a. m. and 2:45 p. m. One of the unique features of the gathering will be the "Quiet Hour" services which will be held on the pier every morning early, while the day is still cool and quiet.

In accordance with the program the Christian Endeavor Institute will meet in sections to discuss all phases of work under the leadership of experts. The meeting will be daily from 9 to 10:30 a. m. Conventions have been arranged from 9:30 to 10:30 a. m. when the Endeavorers can bring their problems to the leaders for informal discussion. Every afternoon at 3 and every evening at 8 o'clock there will be two great simultaneous meetings on the pier, to be addressed by speakers of international reputation. The great questions of personal religion, evangelism, missions, temperance, civic righteousness and interdenominational fellowship will be considered.

The convention singing will be led by large choruses from the leading cities of the country. Saturday evening these will be combined into a great, magnificent choir Sunday evening there will be great evangelistic services.

The list of speakers contains the names of many men of prominence and distinction, well known throughout the Christian world. President Taft will attend the convention on Friday and is expected to deliver an address. Among the speakers scheduled to address the convention during the week are Governor Woodrow Wilson, Judge Ben B. Lindsey of Denver, Hon. William Jennings Bryan, Rev. J. Wilbur Chapman, Fanny Crosby, Commander Eva Booth, Rev. Charles M. Sheldon, Booker T. Washburn, Rev. G. Fukuda, of Japan; Rev. F. J. Horsefield, of England; Rev. R. S. Gray of New Zealand; Rev. H. I. Marshall, Burma.

Indianapolis has sent an exceptionally large delegation to the convention, accompanied by a chorus of two hundred voices and an orchestra of twenty-one men. The delegates intended to make the most strenuous efforts to win the consent of the convention to the proposition of holding the next gathering of the International Christian Endeavor Society in 1913 at Indianapolis.

TWENTY-SEVEN BABIES COMPETED FOR PRIZES

Twenty-seven of the prettiest babies in the entire Wichita country competed for the prizes at the baby show at the Lake Wichita Colonnade. The judges were Henry Ford, B. F. Crawford and Fritz Ernst. The awards were as follows: Handsomest baby, Dorothy Kenney, five dollars. Largest baby, Marion Lee Wallace, five dollars. Smallest baby, Leo Vogs, five dollars. Handsomest girl baby, B. J. McHam, Jr., five dollars. Prettiest girl baby, Ruth Scarborough, five dollars. Prettiest twins, Mildred and David Replough, ten dollars. A special prize was also awarded to Otto and Willard, the twin sons of Mr. and Mrs. Otto Stehlik.

Stray Topics From Little Old New York

New York, July 5.—To relieve a long felt want another gigantic hotel is to be built in the vicinity of Times Square. The structure, which will be erected on the northeast corner of Seventh Avenue and Thirty-seventh street, is to be twenty-four stories high and cost more than \$4,000,000. The ground to be occupied by the hotel, was recently purchased by a syndicate for \$1,500,000, and adding to this sum the cost of the structure the total will reach the respectable sum of about \$5,500,000. It is scarcely necessary to state that the hotel will be strictly up to date in its arrangements and equipment. According to the plans mapped out about 200 more than the Waldorf Astoria, and every room will be provided with a bath. The hotel has already been leased to a prominent hotel man for \$350,000 a year, the lease to take effect when the building is ready for occupancy, which is expected to be some time in the fall of next year.

During the coming month there will be a wholesale naturalization of aliens in this city, in preparation for the coming fall election. There are nearly three thousand of these aliens, who have taken out their "first papers" some time ago, to be made citizens. A great weight is about to be taken off the police force in Brooklyn. Patrolman Frank J. Link, of the 144th Avenue precinct in that borough, who is built somewhat on the lines of a railroad roundhouse, has put in an application for retirement. He weighs 325 pounds, and is said to be one of the heaviest policemen in the department. Link has been on the force twenty-three years. Some time ago he disputed the right of way with a Brooklyn trolley car and his left leg was injured. It has troubled him ever since and his fact finally induced him to seek retirement. There is no record of what happened to the trolley car in the collision with Link.

The suffragettes of the Nineteenth Assembly District have settled down to business. The other day they held their first "Suffrage Darning Bee," which according to corroborating testimony, proved a grand success. About twelve of the suffrage-aspiring ladies assembled at the headquarters of their organization and spent the afternoon mending stockings, bathing suits and other feminine things. While at the same time they talked politics and other subjects dear to the feminine mind. Between darning stockings and other things time passed quickly and soon it was time for tea and their came adjournment.

For the first time in many years a Supreme Court jury took the testimony of several defendants in a suit which was heard the other day. Walker Harriman, a defendant, sued the Francis H. Leggett Company for \$25,000 for the loss of his right hand. Harriman claimed that he not only lost his means of earning a livelihood as a printer by the accident, but he also had to learn to talk in a new way. The company claimed that Harriman lost his hand by his own negligence.

An unusually rare and interesting Indian relic was unearthed the other day on a farm near White Horse, N. J. The relic evidently the work of some Indian sculptor, is of baked clay. The head is two and one-half inches long and an inch and a half wide. Shell ornaments, known to have been used by the Delaware Indians, are attached to the ears while the lips and nose have been slightly abraded. The artistic ability shown in this relic is said to be unusually high for an Indian.

From Westfield, N. J., comes the report that a pet cat on a farm in the vicinity of that town recently hatched out four chickens and is mothering them like a sure enough hen. Some persons, who heard the report, were at first inclined to doubt its truthfulness, but they abandoned their critical attitude when they learned that the owner of the farm, a Mr. Tappin, vouches for the truth of the statement. Mr. Tappin is a hard-shell Baptist and a teacher in the Liberty Corner Union Chapel Sunday school. He intends to send the cat and the chickens she has raised to President Taft, as soon as the chickens are old enough to stand transportation. President Taft will undoubtedly be "delighted."

A certain distinguished statesman, soldier, author, and rough-rider has said and written a great deal about race suicide and his cry has been taken up by other less distinguished publicists. There is undoubtedly a great deal of truth in the statements made, that many of the old and wealthy families in the Eastern parts of the country are slowly committing race suicide, and the poorer families, even in New York City and vicinity

LACK OF INDIVIDUAL EFFORT POINTED OUT

Dr. Wharton Says We Depend Too Much on Work of Associations, Companies, Etc.

At the Central Presbyterian Church last evening Dr. Wharton preached from the text "Go to thine house and thy friends and show them what great things the Lord has done for thee." The theme was the normal sphere of Christian work. He pointed out the serious faults of modern church methods with emphasis upon the failure of the work of the individual or unit. Practically all our efforts he said are confined to the work we do in companies, associations, and the greater duty of the individual work is neglected. Services will be continued throughout the week at 9:30 in the morning and 8:30 in the evening.

TROUBLE BREWING IN COLORED CHURCH

Members of Mt. Pleasant Baptist Church Ask Aid of Officers to Protect Their Pastor.

Wichita Falls, Texas, July 3. A meeting was called by the members of Mt. Pleasant Baptist Church and by its members of said church, to recognize Rev. S. L. Gatos as our pastor, and will hold him as pastor in the future as he has in the past. He has done the church great good, and we recognize him as our shepard, and we ask protection of the officers in behalf of Rev. Gatos as our pastor, as there have been threats made against him by two or three members of the church as to his coming back here.

Signed: N. W. Walker, Will Gibbs, Richard James, Mrs. Ida Taylor, Mrs. Richard-Nelson, Sarah Holmes, Ollie Gibbs, Katie McConnell, Josie James, Bertha Barrett, Hattie E. James, Maude D. Lindsay, Lula Asken, Matilda Souter, Dilsey Johnson, Mary Addison, Dora Walker, Earl Herdison, J. S. Williams, Mrs. J. Williams, Josie Baker, Ella Enville, Hattie Sermer, L. Williams, Leslie Holmes, Bruttis Holmes, Napoleon Holmes, Fannie Williams, members of Mt. Pleasant Church.

We, as members of Mt. Pleasant Baptist Church, do understand that it has been said there has a suit been entered against some railroad by the church. Such a thing has never been done through the voice of the church and we as members of said church, from a business standpoint, know nothing about it whatever, and furthermore don't want to sue anyone, and if any suit has been entered against any railroad, it was done without the voice of the church or pastor.

This we wish to be published for the benefit of the party whom it may concern. It has also been said the church property was for sale. We are here to deny that.

This Is My 51st Birthday.
Benjamin F. Bush.

Benjamin F. Bush, president of the Missouri Pacific railroad system, was born at Wellsboro, Pa., July 5, 1859. After studying surveying in the State Normal school at Mansfield, Pa., he went West, and at the age of twenty-two, began his career with the Northern Pacific as a rodmán. Within three years he was made locating and division engineer. In 1887 he became division engineer in Idaho and Oregon for the Union Pacific. Two years later he left that road to become chief engineer of the Oregon Improvement Company, which owned extensive coal lands on the Pacific coast. He remained with the company seven years, and then became general manager of the Northwestern Improvement Company, which held the coal properties of the Northern Pacific Railroad. In 1892 Mr. Bush took charge of the Gould properties in the West and Southwest and four years later, he went to Baltimore as president of the Western Maryland, one of the Gould railroads.

Prohibition Snap Shots

Note.—The matter published in this column is authorized by the county prohibition committee, J. M. Bell chairman.

Prohibition voters, remember, that the ants are making a still-hunt campaign. They are button-holing off the hesitating citizens and telling them things to prejudice their minds, because they dare not meet the pros in the open and discuss the facts. The ants take the mechanic and laborers aside, talk personal liberty, to get self-government and injuring the commercial prosperity of the town. They fight shy of the open saloon issue.

Listen labor union men, what your leaders and friends say: Ex-Governor Hanly says, I hate the traffic. I hate it for the load that it straws-to-laborer's back; for the palsied hand it gives to toil, for its wounds to genius for the tragedies of its might-have-beens.

John Mitchell says: "I have no sympathy with the statement so often made, that the manufacture and sale of liquor has contributed to the industrial development of the nation. On the contrary, I believe that liquor has contributed more to the moral, intellectual and material deterioration of the people and has brought more misery to defenseless women and children than has any other agency in the history of mankind."

The Rev. James E. Cassidy, of Falls River, says: "Unionism takes the laborer by the hand; it keeps him longer with his family in the morning and returns him home earlier at night; it sustains him when falling; it lifts him up when he is down; it supports his family when he cannot labor; it educates him, it broadens him; it elevates him; it makes life for him better and brighter and larger and more worthy living."

"And the saloon—the striped beast! It lies in wait for him on his way to work in the morning and it stealthily tracks him home at night; it waits with the tiger's patience for a moment of weakness and then it springs and clutches manhood, womanhood, self-respect; love of family, love of wife, love of parent, love of child, love of God, honesty, decency, all that's good it takes from him and sneaks away; the angel of death comes down and covers the lifeless and soulless corpse with the soil of the drunkard's grave and above it writes in letters of fire, "The drunkard shall not enter the kingdom of God." And off in the distance, Egypt, the striped beast watching the whole procedure, his eyes, like balls of fire, distinct in the encircling loom, waiting the coming of another victim."

"That's the saloon and that's what it does for the laborer. You who labor know it better than do I. Every labor union institution is opposed to the liquor traffic."

WORLD FEDERATION OF STEEL INTERESTS

Purpose of Meeting at Brussels It Is Said to Form An International Organization.

Brussels, July 5.—A highly notable congress of the ironmasters of the world, the first gathering of its kind ever held, assembled in Brussels today to discuss questions of general interest and importance to the iron and steel industry and also, it is said, to form a permanent international organization of iron and steel makers.

The American Iron and Steel Industry is well represented at the congress. Among the Americans who will have a prominent part in the proceedings are Charles M. Schwab, Judge E. H. Gary, chairman of the board of the United States Corporation, and J. A. Farrell, president of the corporation.

According to announcement the conference is intended to establish a "better understanding" among the steel producers of the world. It is said no attempt will be made to fix prices or to regulate the market.

CERTAIN RESULTS.

Many a Wichita Falls Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Wichita Falls. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Mrs. G. H. Scope, 712 Burnett avenue, Wichita Falls, Texas, says: "My kidney trouble was of long standing and the attacks were severe at times. During the past two years I suffered terribly from a difficulty with the kidney secretions and weakness across the small of my back caused me no end of misery. Hearing that Doan's Kidney Pills were good for such troubles, I got a box from the Wichita Drug House and began using them. They brought relief quickly and proved to be a most effective kidney medicine. I used no other remedy at that time and I can therefore give Doan's Kidney Pills the entire credit for the change in my condition." (Statement given June 15, 1907).

Lasting Results.

"On December 5, 1910, Mrs. Scope said: "I have been quite free from backache since I used Doan's Kidney Pills and consequently, I am willing to testify my former endorsement of them. This remedy is the most effective one I ever used for troubles caused by the kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

greater price for their product than it is sold for in other cities and towns. It seems to the Times that this is demanding too much in the name of patriotism. The way to build Wichita Falls is to use every effort in our power to reduce the cost of living to the minimum. At any rate, that is the idea the Times has of city building.

An Associated Press dispatch from San Antonio today says that while all the saloons were open there yesterday and 40,000 people celebrated the Fourth there were only two arrests. In Wichita Falls where at the highest estimate less than ten thousand people celebrated the Fourth or July there were sixteen arrests on charges of drunk alone.

BURMAN LOWERS AUTOMOBILE RECORD

New York, July 4.—A new world's automobile record for one mile was established by Robert Burman today at Brighton Beach motorsports at the conclusion of two days' race meetings.

The record fell when Burman in his Blitzen Benz with a flag flying started made a circuit of the mile track in 48.72 seconds, one-fifth of a second better than De Palma in a Fiat car made last year at Syracuse.

Burman also won the Remy Brasard trophy by taking two straight heats of three miles each with the Benz car, his best time being 2:37.8. Nine events were on the program.

Ten Sengle, driving a National of 600-inch displacement won the ten-mile event and also the Australian purse race, after covering nearly twenty-four miles.

Louis Diabrow finished with a Hartford in the fifty miles contest after experiencing a good deal of the trouble which compelled him to leave the track for repairs four times. The other events were at five miles each for non-stock cars in which Pat Schke with a Benz, Tyrone with a Corajis and Tower driving an E. M. F. were the winners.

FEMALES MUST ANSWER CHARGES

SEES WOMEN FOLLOWERS ARE NOW IN DANGER OF PROSECUTION.

BOOK IS "EXPLAINED"

Questionable Paragraphs All Purity, Mrs. Rees Says.

Chicago, July 5.—"Absolute Life," the perverted letters of which are declared by the state to have lured more than one young girl to ruin, Tuesday threatened to land the three women followers of Evelyn Arthur See in prison.

These women, Mrs. Felecia Rees, her daughter, Mona, and Mrs. Stephen Bridges, who sent her only daughter, married, to live at See's "love jungle," will, according to attorneys, be prosecuted immediately in case See, who is accused of abducting Mildred Bridges, his 17-year-old high school girl, convicted.

"Absolute Life" is rapidly foundering, scuttled inadvertently by See himself, is the opinion of the state's attorneys. See's lawyers have forbidden him to take the stand in his own defense and he must depend entirely on the testimony of Mrs. Rees, Mona and Mrs. Bridges.

Although Mrs. Rees attempted to exonerate him of the charge of writing the more or less risqué tenets of the cult as set forth in the "Book of Truth," by declaring that it was herself who evolved the principals and contents then to paper, she apparently has made See's plight worse.

Her testimony makes her appear as a charlatan—a maker of a creed, who with another side, has set himself up as an arch-deity.

From the most ripened passages of the "Book of Truth," Mrs. Rees attempted to read into her explanations only the most spiritual and moral explanations. In one passage, which refers to the relations between man and woman, and in which the book declares that they shall not be "bound," she asserted that the meaning was exactly the opposite.

One passage which read thus, was explained by Mrs. Rees:

"My men shall enjoy my women and my men shall enjoy my women in perfect purity and freedom, the law of each person is written in himself."

Mrs. Rees denied stoutly that this was a declaration of free love.

Another passage reads:

"Men and women are not for themselves, but for God, I have tried the curse from them. Do not think of sex as under a ban.—Why should you deny flesh? I give flesh and flesh and you, not I, make the flesh obscene."

This, according to Mrs. Rees, means that to live less than the highest life and to deny life experience is to make life less than it is.

"The whole desire of 'Absolute Life' she said, 'is to dissolve the selfishness and meanness of persons. Without desire there is no bondage.'

One of the most meaningful of the passages, according to the state, is this:

"O, man! O, woman! I make you free with each other. I make you free in the flesh."

The "Book of Truth" is filled from cover to cover with such paragraphs.

Mrs. Rees maintains that what is to be translated, to be interpreted as the mandates of God to be faithful in all things—man to woman and woman to man.

Whether the cult will prove to be an imitation of Mormonism, as declared by the state, remains to be proved. Many of its tenets smack strongly of the famous Book of Mormon and its doctrines of plural marriages, and the state hopes to prove that Evelyn Arthur See, in the spirit, if not in actual ceremony, pretended to be married to the women disciples of his cult.

That Mrs. Rees, Mona and Mrs. Bridges will be prosecuted has been practically decided on.

BURMAN LOWERS AUTOMOBILE RECORD

FIRE CHIEF STAMFLI PLEASUED WITH ACTION

Fire Chief Stamfli is very gratified at the action of the city council this morning in appropriating \$2 each for the firemen actually engaged in the work of the department, this amount to be paid for each fire call for the services of the department.

Mr. Stamfli stated however, today that since accepting the position he now holds in the department he had been granted every request that had been made and that at all times the members of the city government had been loyal to the firemen of Wichita Falls, for which he is very thankful indeed, for without their assistance he could not have accomplished the results and made the record accepted to the local organization.

Chief Stamfli was elected to the position he now holds in June 1909 and he at once began a reorganization of the department along systematic lines.

woolting from his experience of four years as a fireman. Realizing the co-operation of the business men, he then went before the council and outlined his plans, at the same time urging the need of additional equipment. Since that time the two story fire station annex to the city hall has been built, the big auto engine has been purchased together with uniform and other equipment required for their convenience and comfort.

Few cities anywhere have a better department than Wichita Falls. Some have larger organizations but none are better drilled or more efficient than even in the paid departments of the state. Soon after taking charge the chief began to drill his men and he is, and has reason to be, proud of the boys.

It is very gratifying to know that the city council entertains a feeling of appreciation of the department and it is only to be regretted that the city is not in a position to pay them more than the amount indicated above.

DR. COOK'S VISIT TO THE POLE PLEASUED

The story of Dr. Cook's trip to the North Pole as shown in the motion pictures at the Lamar Auditorium last night was witnessed by a large crowd, all of whom seemed well pleased with the production.

From a scientific standpoint, the slides taken by Dr. Cook himself were much better than the motion picture which of course had to be made after Cook returned to this country.

The slides portray the conditions in the Arctic Zone as they actually are which made them very interesting indeed.

Woodley and Castle, the Vaudeville team, also were highly pleasing. Considerable change was made in the program from the previous night, a feature of which was the song "Wedding Bells," by Mr. Woodley.

THINKS ESTIMATE TOO LARGE.

President Loudermilk of Farmers' Union Considers 82 1/2 Per Cent Excessive for Texas Cotton.

Fort Worth, Texas, July 5.—President W. F. Loudermilk of the Texas Farmers' Union does not agree with the Government estimate of the condition of the Texas cotton crop when the Government experts figure out an 82 1/2 per cent average for the State. He thinks 75 per cent is a liberal estimate and entertains serious doubts if that be not too high.

He expressed regrets this morning that his duties prevented him from preparing a circular to the members of the union and the public on this question, but he hurriedly gave some of the reasons for and against, he said, based on observation in part and on statements that have come to him from members of the union.

He is sure that much of the State is like Tarrant county as to the cotton crop and here he is sure it will with some exceptions, conditions from now to the end of the growing season, fall far short of a good crop. He estimates the present condition, in Tarrant and a considerable area about here at only 40 per cent. He believes cotton on the sandy lands to the west and northwest, in the upper cross-sections is about twice as good and 50 to 55 per cent or even a little more is a fair estimate of the present conditions.

From McKinney to Texarkana, he says, the condition is not as good as last year, or certainly no better, and that was, as he remembers, 75 per cent, and Denton, Wise, Montague and that group of counties are certainly no better than 50 per

FORT WORTH FANS PLEASED WITH GREEN

Although Fort Worth was a loser in the first game pitched for that team by Green, the former Wichita Falls twirler, he seems to have made a good impression in his first game. Green walked Oklahoma City's hits and allowed four men.

The Fort Worth Record has the following to say concerning his performance yesterday.

Green, the Panther's new pitcher recently purchased from Wichita Falls, reported with lots of fast-breaking curves, but his control was not of the best. But it was not his wildness that caused the defeat in that second game, for Oklahoma made up against Green what they failed to do in the hitting line against the great Rube. To make it still more difficult for the new man managed to scrape one toe over the Jolley pole on a long drive to deep left in the fourth inning, and turned it into a questionable home run by a daring dash to the plate. When Abe rounded third the ball was well on its way back to the infield, but instead of slowing up he threw on more steam. The ball and Abe made a neck and neck race of it to the plate, the former getting there first. Jolly brought his fall-away slide into evidence and made enough to give stage fright to gutter, as he did so Noyles dropped the ball.

The fans were in a joyous mood when the umpire called the players to the field for the closing scrap of the day, ad when they saw the new man trotting to the pitcher's box prolonged cheers were heard. Green was undoubtedly nervous when he took up the assignment for in the first inning he committed a wild pitch after Pearson had opened with a single. His teammates poured forth a shower of words intended to bolster up the slaban and apparently they had the desired effect for Green settled down and pitched a fine game.

He pitched a fine game, throwing two hard hitters. In the third inning he filled the bases by walking Pearson, Yohse and Saveland, but escaped without a mishap when a grounder was rapped to Thompson.

Morris was pleased with Green's showing in the box, and believes that he has picked up a good man. Many of the fans have the same opinion. The crowd before the ex-Texas-Oklahoma leaguer twirled was many more than enough to give stage fright to a new recruit but at that, he debuted in form.

BASEBALL NOTES OUTSIDE THE BIG SHOW

Major league scouts are on the trail of Pitcher Cullup of the Knoxville team in the Appalachian League. Cullup has quite an assortment of fancy hitters.

The Reading and Trenton teams are having a merry battle for the honors in the Tri-State League.

Rockford and Green Bay are putting up a great fight for first place in the Wisconsin-Illinois League.

It looks like a toss-up between Lowell, Worcester and Lawrence for the title in the New England League.

The Hattiesburg team of the Cotton States League, has a pair of swell performers in Outfield Smith and Pitcher Eaton.

If Calgary can keep up its present fast clip, the team will be hard to beat for the Western Canada League pennant.

Piquet has a regular ball player in First Baseman Reich. He is a clever fielder and leads the Ohio State League in batting.

It made grand-father smile the other days, when he read about Jake Beckley getting seven hits in a double-header. He said it made him think of his kid days, when he used to watch Jake beat the fence. "Old Eagle Eye" is managing the Hannibal Central Association team.

WITH THE BOXERS

Johnny Moran, the actor-fighter, is anxious to clash with Al Delmont. Dick Nelson is on his way to his old home in Denmark, but expects to return in September.

The lid has been clapped down on the boxing game in East Chicago. Too many promoters spoiled the meal ticket.
