NUMBER 57.

## INTERSTATE BAPTIST ASSEMBLY HERE IN 1912

ESTABLISHMENT OF GREAT ANNUAL ASSEMBLY AT LAKE WICHITA HAS BEEN DECIDED.

### OKLAHOMA AND TEXAS

Board of Trustees Already Named and Meeting Will Be Held On Sept 5 to Complete Organization.

Secretary Day of the Chamber of Commerce returned last night from Stamford, where he had gone to induce the location of the Baptist Assembly at this place. Mr. Day reports that the assembly, which has heretofore included only a portion of Texas, was converted into an interstate encampment including all of the state of Oklahoma, and that Wichita Falls was selected as the permanent headquarters and meeting place of the organization. A district assembly will be maintained at Stamford as is justified by the increased territory included in the interstate organization, which will be wide in its scope and broad in the extent of its endeavor.

The acquisition of this encampment means a great deal to Wichita Falls in that it will not only bring a large number of people here each year, but it will mean the establishment of a permanent encampment grounds with necessary improvements, and will otherwise benefit the city very materially in the amount of advertising received as a result.

Rev. J. P. Boone returned today from Stamford, having attended the meeting at that place and reports that a meeting of the executive committee of the encampment will be held at Lake Wichita Tuesday, Sept. 5, at 2 o'clock p. m., to discuss matters in connection with the organization and to outline plans for the 1912 assembly. He also announces that among the principle speakers contemplated for the 1912 are Dr. I. G. Broughton of Atlanta, Ga., Dr. Carter Helm Jones of Oklahoma City and Dr. Harvey Beauchamp of the Sunday School Board with headquarters at Nashville, Tenn. Other prominent speakers will be provided for the occasion and the program will be one of the best of the kind that has ever been rendered in Texas.

The encampment for next year will be held for two weeks beginning Tuesday night after the second Sunday in June and it is expected that as a result of the increased territory there will be a large number who will take advantage of the occasion.

The executive committee as selected at the Stamford meeting is composed as follows: J. P. Boone, Wichita Falls, chairman; W. E. Wright, corresponding secretary; Geo. W. McCall, Shawnee, Okla., A. E. Eaton Blackwell, Okla., F. M. Masters, Ardmore, Okla., F. J. Talley, Quanah, D. B. Clapp, Vernon, J. E. Welch, Bellevue, F. S. Groner, Stamford, C. C. Coleman, Abilene, Dr. W. N. Bunkley, Stamford, W. T. Rouse, Graham, J. H. Pace, Anson, Dr. R. C. Smith, Wichita Falls, E. B. Moore, Decatur, W. W. Brown, Wichita Falls, J. E. Gates, Plainview, F. H. Day, secretary of the Chamber of Commerce of Wichita Falls was elected an honorary member of the executive committee.

**Altus Team to Honey Grove.** President Hills of the Ardmore team received a message from the manager of the Altus team today saying the Altus team and franchise had been transferred to Honey Grove and that after today that team would be known as Honey Grove. This team will be here tomorrow for four games. Four new men will join the team today.—Ardmore Ardmoreite.

### WOODROW WILSON PREDICTS SUCCESS

People Everywhere Turning Toward the Democratic Party He Declares.

Asbury Park, N. J., July 19.—Six hundred Democrats at a banquet at Avon last night heard Gov. Woodrow Wilson predict Democratic victory in 1912. It was idle to talk of the formation of a third party, the governor said. People were asking which of the old parties had seen the modern light and were turning to the Democratic party. This government for the first time was yielding to the teachings of Thomas Jefferson and everywhere every government, the speaker declared, was being subjected to a test as to whether it lived to the real Jeffersonian tent.

**Another "White Hope."**  
By Associated Press.  
New York, July 19.—Billy Papke, the middleweight fighter, who has just returned from England, told of a new "White Hope" he had met in London. The "hope" is a South African boy by name of Fred Straw-back. He is not yet 21 and weighs over 200 pounds.

"The boy is wonderfully strong and game," said Papke. "He takes an awful walloping easily because he does not know much about the game yet, but although he is floored again and again, he always comes back with the punch and puts his man out."

**Massacre By African Tribesmen.**  
By Associated Press.  
Livingstone, Rhodesia, Africa, July 19.—Thirty-seven persons were massacred by the Okavanga tribe of Ruchana-land. They were the German district commissioner, Von Falkenberg, two white sergeants, fourteen black police and twenty carriers.

### AMERICAN ATHLETES SURPASS ENGLISH

By Associated Press.  
New York, July 19.—J. W. Spaulding of the Olympic games committee, who has just returned from witnessing the English championships, declares that after comparing the work of the athletes there and those who competed in the American championships, it is evident that an American team could this year which would have won every event with the possible exception of the four mile and with George Bonning in good shape, America would have stood an even chance in that event also. The four mile race was the only event in the English championship in which the winners performance was better than that of Pittsburg.

Mr. Spaulding discussed Olympic games prospects with representatives of several countries while abroad. Nearly all the foreigners, he says, admit that America, owing to superior all-around athletic ability and large teams should win the first honors. Many of the foreign countries, however, have individual point winners that will shine in their respective events.

**Mercy For a Blind "Blind Pigger."**  
By Associated Press.  
Gonzales, Texas, July 19.—James Powell, who has been blind for seventeen years and who was sentenced to two years imprisonment for running a "blind pig" in local option territory, has been released under suspended sentence, because of his blindness. The jury after passing sentence recommended and recommended mercy.

### New Gas Company Brings in Second Good Well at Petrolia

S. E. Dempsey, who runs a machine and supply shop in the Petrolia oil and gas field, and who passed through the city today enroute to Henrietta, reports a second big gasser brought in by the Wichita Oil and Gas Company on their twenty acre lease this morning. The well came in just before

Mr. Dempsey left Petrolia and he reports that the roar of the escaping gas could be heard distinctly in the town of Petrolia, a distance of more than two miles. No estimate has been made as to the capacity of the well but it is believed to be one of the best in the Petrolia field.

## Mr. J. A. Kemp Favors Statewide Prohibition and Hopes Amendment Will Carry by Good Majority

Wichita Falls, Texas, July 17, 1911.

Dr. J. M. Bell, Chairman,  
Wichita County Statewide Prohibition Com.,  
Wichita Falls, Texas.

My Dear Dr. Bell:—

In answer to your inquiry with reference to how I intend to vote on the Statewide Prohibition question, in which you state that there has been considerable doubt as to whether I was favorable to the Statewide Prohibition Amendment, I desire to state that it has been my full intention (as I frequently stated) to vote for this Amendment on July 22nd.

I sincerely hope the Amendment will carry, as I believe it to be to the best interests of the people of Texas. I have always favored Statewide Prohibition. I sincerely hope that Wichita County will roll up a good majority for the Amendment.

Yours truly,

J. A. KEMP,

### MANY SPEECHES WILL BE MADE

Pro and Anti Orators Will Make Number of Speeches in this County.

Dr. J. M. Bell, chairman of the statewide prohibition committee, has made the following appointments for speakers:

Judges A. H. Carrigan and P. A. Martin at the McClurkan corner this city on Thursday night. One or perhaps both speakers will answer the argument of Mr. Frederick Opp for the anti side of the question, which address is to be at the court house lawn tonight, and to which all pros as well as antis are invited. Through courtesy to the anti, who would not grant a division of time, Dr. Bell has made no arrangement for any prohibition addresses for tonight, but he especially asks that all turn out tomorrow night and hear Judges Carrigan and Martin.

On Friday night a prohibition rally is being planned. There will be several short speeches delivered on that night, and also songs by the children, who it is planned, will be loaded on floats and driven through the city, congregating on the McClurkan corner, where the speaking will take place.

On Thursday night Hon. L. H. Mathis will address the people of Burk Burnett and it is possible will meet Hon. A. M. Kennedy for the anti in joint debate. Dr. Bell has offered a division of time on this occasion, but up to this writing it is not certain that the anti will allow their speaker to avail himself of the opportunity for a joint discussion.

On Friday night Judge Carrigan will go to Vernon to deliver an address. There will be other speakers to deliver addresses in Wichita Falls and Wichita county between now and the election, but as yet the arrangement of the program has not been thoroughly decided upon.

### FORT WORTH SALOON DYNAMITED TODAY

By Associated Press.  
Fort Worth, Texas, July 19.—Joe Markman's saloon at the corner of Thirteenth and Calhoun streets was dynamited early today. The perpetrator stood in front of the building watching two policemen until they had walked too far away to catch him and then he threw the bomb. The damage was not great.

**Aviator Suspended.**  
London, July 19.—The Royal Aero Club has suspended for one month the aviator's certificate of D. Grahame Gillmour for flying in a manner dangerous to human safety during the recent Henley regatta. This will prevent Gillmour's participating in the circuit race for \$50,000 which will start on a Saturday.

### BOILER LET GO ON DALLAS STREET

FARMER KILLED AND WIFE FATALLY INJURED AT CORNER OF MAIN AND HARWOOD STREETS.

### TWO MULES ALSO KILLED

Section of Boiler of Well Drilling outfit Passes Over Head of Woman in Auto.

By Associated Press.  
Dallas, Texas, July 19.—An unknown farmer was killed and his wife fatally injured when a well-drill boiler exploded at Main and Harwood streets. The boiler was at the rear of Campbell Hotel, which was undamaged. A big section of the boiler sailed across the street, flying safely above an automobile with a woman passenger and crushing the farmer's wagon. The flying pieces struck two mules hitched to another team killing them, but not injuring the driver. The farmer was mangled to a pulp. The steeple of the First Presbyterian Church was blown off.

LATER.—The dead man was identified as Charles Cormack of Mesquite.

### HON. FREDERICK OPP SPEAKS HERE TONIGHT

Hon. Frederick Opp, of Llano, Texas, will speak against statewide prohibition at the court house at 8:30 o'clock tonight. Mr. Opp is speaking this afternoon at Iowa Park, a number from this place having gone out to hear him. He is said to be a good speaker and will have a large audience to hear him tonight.

Hon. A. M. Kennedy of Waco, will speak at Electra and Burk Burnett tomorrow. He will speak at one place in the afternoon and the other at night. It is reported he will speak at Electra in the afternoon and at Burk Burnett at night, but the exact hours were not learned this afternoon.

So far as can be learned no other speeches will be made against the amendment in this county.

You Had Better Hurry

and get your season tickets to the Lakeshore Assembly. You can get them for \$1.00 at the following places: Palace Drug Store, Miller's Drug Store, Kerr's Drug Store, Marchman's Drug Store and the Wichita Falls Traction Co. If you will call up M. L. Laffer at the Chamber of Commerce, phone 390, he will have your tickets delivered to you at once.—Street car tickets can also be secured at the same places at 20 cents for round trip.

### BIG SMOKE MAY RENOUNCE CITIZENSHIP

Jack Johnson So Well Pleas'd With Reception in England He May Transfer Allegiance.

By Associated Press.  
New York, July 19.—Jack Johnson's reception in Great Britain has been so enthusiastic and satisfying that the negro champion threatens to resign his citizenship in this country and transfer his allegiance to England. Declaring the Americans an ungrateful nation, the pugilist makes his proposals for becoming an expatriate in an interview printed in the Evening Herald of Dublin, marked copies of which have just reached a number of sporting men in this city. Johnson expressed his sentiments on the Fourth of July, the anniversary of his triumph at Reno.

**Population Center is Fixed.**  
Washington, D. C., July 19.—The center of population of the United States is four and one-quarter miles south of Unionville, Monroe County, Indiana, according to a Census Bureau announcement today.

Since 1900, when it was six miles southeast of Columbus, Ind., it has moved thirty-one miles eastward and seven-tenths of a mile northward. The westward movement was more than twice that of the 1890-1900 decade. This acceleration of the westward movement is attributed by census officials principally to the growth of the Pacific and Southwestern States.

The geographical center of the United States is in Northern Kansas so that the center of population, therefore is about 550 miles east of the geographical center.

**Martial Law at Agua Prieta.**  
Douglas, July 19.—Agua Prieta, Mexico is under martial law since nine o'clock this morning. The cause is unknown.

### TY COBB ILL DETROIT MAY SUFFER

By Associated Press.  
Detroit, July 19.—Detroit's winning streak seems likely to be broken by the illness of Ty Cobb. That Cobb is a very prominent factor in the winning of ball games by Detroit is conceded.

He has been ill since the beginning of the series with Philadelphia, having gone so far as to faint in the club house after that sprint from first to the plate which won the third game from Connie Mack's men. Against the orders of the club physician, he has insisted on playing as long as the era teams kept coming. His trouble is a bronchial one attended by a hacking cough from which he has found no remedy. It continues to grow worse and it is probable he will have to withdraw before the New York series ends if indeed he is not out today.

## NATIONWIDE FIGHT TO CHECK ASIATIC CHOLERA

### SHOOTING AT MARSHALL TICKET AGENT WOUNDED

Family Troubles Said to Have Been Cause of Shooting of L. G. Gynne By F. V. Patton.

By Associated Press.  
Marshall, Texas, July 19.—While selling tickets this morning Lewellyn G. Gynne, agent for the Marshall & East Texas Railroad was shot four times and perhaps fatally wounded by F. V. Patton, who fired twelve times. Gynne ran a hundred and fifty yards into the woods where he fell. Family troubles were the cause. Gynne's mother resides at Sapulpa, Okla. Patton is from an old family here. Patton surrendered.

**Theatre's Richest Man.**  
New York, July 19.—After two weeks spent in New York renewing acquaintance among the old-time players and theatrical managers of the metropolis, James C. Williamson, known as the richest man connected with the theatrical profession in any part of the world, sailed for Europe today to complete his fifteenth tour of the world. Some of the old-time players remember when Mr. Williamson was a "pittie man" in Waiiack's company in this city. Now he is known as the Napoleon of Australian managers and his fortune is estimated in eight figures. He is in virtual control of the leading playhouses in nearly all of the large Australian cities and is also a member of a syndicate that manages several of the London theatres.

### AVIATOR'S ADVANCE MAN COMING HERE TONIGHT

Secretary Day of the Chamber of Commerce today received a telegram from Doc Harris, representing the Pan-American Aero Club in which he stated that he would arrive in the city tonight to arrange for the forthcoming aviation meet at this place on July 28 and 29. He had previously wired that bill posting paper for advertising the occasion had been shipped out of St. Louis and would be put up as soon as received.

The Aero Club, it is understood, plans to advertise the occasion extensively throughout this section of the State and it is expected that one of the largest crowds in the history of Wichita Falls will be here to witness the event. Railroad rates have already been made for these dates on account of the assembly and the Wichita Falls Route will run special excursion trains as is their custom on all special occasions.

**Astronomer Turns Aviator.**  
By Associated Press.  
Hempstead, N. Y., July 19.—James P. Martin, formerly a professor of astronomy at Harvard and its most enthusiastic aeronautical expert, attempted to fly across Long Island Sound from Nassau Field last night, but was compelled to turn back because of engine trouble an eighteen mile flight.

Prayers at \$3 Per.

By Associated Press.  
Madison, Wis., July 19.—Spiritual attention paid to the Wisconsin 1911 legislature cost the state \$762; according to the Chaplain's payroll just certified to the secretary of state by the clerks of both houses. The statements show that the state paid about \$5.80 for each member, or about \$3 a prayer.

### Fire Sweeps Business Section of Alice—Loss \$100,000

By Associated Press.  
Corpus Christi, Texas, July 19.—Fire from spontaneous combustion destroyed seventy-five per cent of the business section of Alice, thirty miles west of here today, causing a loss of \$100,000. A high wind and inadequate fire fighting apparatus were responsible for the great loss.

### FIVE PERSONS WHO CARRIED GERMS DISCOVERED BY NEW YORK QUARANTINE OFFICERS.

### VIGILANCE ESSENTIAL

It is Believed That Watchfulness Will Effectually Bar Epidemic From United States.  
By Associated Press.  
New York, July 19.—Health officers of the whole country may be asked to help repel the threatened invasion of Asiatic cholera. Discovery of five cholera cases, that is healthy persons bearing cholera germs at quarantine has led the health officer of this port to confer with Surgeon General Wyman of the United States today on a plan of protection against such carriers. A system of general observation is contemplated which will keep the carriers under observation wherever he goes after being released from quarantine. It is believed that the careful watching of such persons and prompt measures to quarantine should symptoms develop will effectually protect this country from an invasion of the epidemic.

### Match May Be Called Off.

By Associated Press.  
Chicago, Ill., July 19.—Paecy McFarland's matches with Matt Wells and Ad. Wolgast yesterday considered practically settled, are fading rapidly today and may vanish before the week is over. The Wells bout, supposedly signed for and all agreements out of the way has been halted by the demands of George McDonald, manager for the Briton, that Charley White referee the contest. McDonald also wants a change made in the financial stipulations. Emil Thiry, manager for McFarland, calls McDonald's demand for an eastern referee in Milwaukee preposterous and will not agree to it and has served notice on the English lightweight that he must consent to fight under the original terms or negotiations with him will be dropped permanently. A discussion on the money question is in the way of the Wolgast bout.

### TWO DESPERATE MEN ESCAPE FROM PRISON

By Associated Press.  
Augusta, Me., July 19.—Poses are scouring the suburbs of Augusta today for some trace of Frederick Reynolds, a murderer, and Clarence A. Conant, robber, who escaped from the criminal ward of the Maine insane hospital before daylight. The fugitives were seen in the outskirts of the city a few hours after their escape. Reynolds was commuted ten years ago for killing his wife and children. He is about 50 years of age and a giant in strength. Conant is also powerful physically. The two men escaped by breaking with their hands the heavy steel grating of a window on the third floor. Thence they lowered themselves to the ground by a rope made from the bed clothes.

### FEDERAL COMMISSION FOR BIG CORPORATIONS

By Associated Press.  
Duluth, July 19.—Attorney General Wickersham in a sensational speech here today advocated a governmental commission to regulate great corporations the same as the Interstate Commerce Commission does the railroads.

### 2000 Illegal Poll Tax Receipts.

By Associated Press.  
Houston, July 19.—Col. Ball charges that two thousand illegal poll tax receipts have been issued in Harris county.

## WOMAN YEGG AND 2 BATTLE WITH POSSE

SHE AND WOUNDED COMPANION TAKEN, WHILE THIRD ESCAPES, THOUGH HURT.

### SHOTS MENACE PASSERS

Trio Believed to Have Blown Safes in Michigan and Indiana.

Benton, Harbor, Mich., July 19.—In a battle between a gang of "yeggs" one of them a woman, and a sheriff's posse, in the business section of the city last night, two safe blowers were wounded, one escaping. The other wounded man and the woman were captured and are now in jail. Both prisoners refuse to give their names. The police say the trio are part of a gang which has been operating through Southern Michigan and Northern Indiana during the last year, particularly in Berrien county, near offices and business houses at Gallen and Eau Claire having been dynamited.

The battle followed the finding of a kit of burglar's tools in a lumber yard just off the main street, the discovery being the result of a search for a clew to the "yeggs" who last Saturday night robbed the Sanders & Gailen furniture store of \$200.

The finding of the tools convinced Sheriff Johnson that the thieves were still in the city and would return for the outfit. A posse armed with shotguns and revolvers was organized and hid in the vicinity of the lumber yard.

Sheriff Johnson and Chief of Police Foeltzer concealed themselves in a pile of lumber. A wait of two hours was rewarded by the appearance of two men and a woman from an adjoining alley. They cautiously crept to the spot where the tools were hidden. As soon as they had divided the outfit they were ordered to surrender. Their reply was a fusillade of shots and a dash for liberty.

One of the fleeing men was brought down by Sheriff Johnson with a load of buckshot in his back. The other was hit with a bullet by Chief Foeltzer. He stumbled but regained his balance and escaped.

Scores of persons passing along the street had narrow escapes from being hit.

## UMPIRE'S PLACE ALONE IN CLASS

Must Decide "Now"—No Chance for Middle Ground or Hesitation.

Good umpires are rare. In the whole country there are not more than ten first-rate ones. The combination of the keen eye, nimble brain and cold nerve is not a common one. The umpire is the chain fighting of baseball. His decisions are rendered in the fifth part of a second; no renders them knowing that he must stand by them afterwards, no matter what happens. Every man inside the fence, whether blinded by prejudice or loyalty to the home team, sees the same things and therefore feels that he has a right to his own opinion; but the umpire is the one man who is paid to know what he sees.

The prize fight referee sometimes has to decide which boxer won a hard battle. He has had time in which to review the situation; the whole moving picture of the fight stretched backward in his memory. Should the choice prove a difficult one there is always the comfortable middle ground—the draw decision in which neither man wins nor loses. The baseball umpire can render no draw decisions. The man is safe or he is out.

When two more horses come nodding down to the wire and two noses flash by the post so close together that a finger breadth means thousands of dollars to the backers, the race track judge may fall back on the dead heat. The baseball umpire has no dead heats. Watching foot and ball, he must know which one was first. He can confer with no one. Right or wrong, the judgment must be made in the twinkling of an eye.

### Break Ground For Exposition.

San Diego, Cal., July 19.—Ground was broken for the Panama-California Exposition early this afternoon, and that important event in San Diego's history was celebrated with unusually elaborate ceremonies in Balboa Park. The ceremonies began when a telegraphic signal was flashed across the continent by President Taft. Earlier in the day there were religious services in the park, with the celebration of pontifical high mass by Bishop Conaty. The celebration is planned to continue through the remainder of the week and will include floral pageants, water sports and an industrial and civic parade.

Philadelphia is first in batting and second in scoring in the National league.

### Iowa Park News Notes.

Beginning shortly after three o'clock a four inch rain fell here yesterday afternoon. All tanks are running over and Buffalo Creek is bank full. Rev. J. P. Boone, of Wichita Falls delivered a prohibition address at the Baptist church Sunday evening. Sunday afternoon Mr. L. C. Pierson of Electra, and Miss Kate Ralston of this place, were united in marriage. Rev. J. W. Morgan performing the ceremony.

Saturday evening Miss Sallie Harbourn entertained a large crowd of young people in honor of her guests Misses Laura and Lillian Bell, Rook and other games furnished amusement for the crowd and refreshments of cake and cream were served.

Mrs. J. N. Critchfield and daughter Miss Ruth, of Henrietta, are visiting Mr. and Mrs. J. B. Winfrey and other old friends at this place.

Mr. and Mrs. Will Burnett left yesterday for Dallas, where Mrs. Burnett is to undergo an operation for appendicitis.

Messrs. Clyde Dunn and Marvin Morgan from Electra, were visiting friends and relatives here Sunday.

Miss Estelle Phillips of Fort Worth returned home Monday after a visit with Miss Gera Davis. The two were students together at Kidd-Key during the past year.

### Tawney-Day Wedding.

Missoula, Mont., July 19.—A wedding of note here today was that of Miss Constance Marie Day, daughter of Frank A. Day, and Everett F. Tawney, son of ex-Congressman J. A. Tawney of Minnesota. Mr. Day, the father of the bride, was formerly prominent in public life in Minnesota, and it is an interesting fact that he and Congressman Tawney, father of the bridegroom, were for many years bitterly opposed to one another in politics.

### A Tillman County Phenomenon.

J. W. Long, living five miles east of Frederick, has in his possession an extraordinary hen egg. The phenomenon measured 9 1/2 inches one way and 8 inches the other, and weighed eight ounces. It was produced by a rose-comb Rhode Island Red hen that had laid an egg every day for seven months. If she keeps up her record, perhaps she will be a candidate for the prize at the Missouri laying contest.—Frederick Leader.

## DATE STAMPED THEREON IS TICKET LIMIT

The ticket agents office at the union depot received notice that the interstate commerce commission has decided that the time limit on all railroad tickets is the date stamped thereon. Under the ruling should a journey begin before midnight of the date with which a ticket is stamped, the passenger will have to pay additional fare after that hour. The effect of this ruling will probably be felt by persons with round trip tickets, as they have been accustomed to starting on return on the last day of the life of the ticket, and their tickets have been accepted.

The freight departments of the various lines have also received information on some new rulings of the commission. In lieu of ruling previously issued, and which have caused confusion, the commission has issued a new order to the effect that it has no authority to control the disposition of an overcharge.

The commission expressly declares that "a carrier must charge no less than its lawful rate and the failure to collect the full rates as to any shipment is a violation of the law, as is the collection of more than the full rate. The commission declines to declare that an overcharge may be offset as against an uncollected under charge; such offset not being within the power of the commission to authorize or condemn."

In view of the amendment of the law with reference to terminal routing the commission has issued the following substitute for a previous ruling:

"In order to secure desired delivery to plants, warehouses or industries and avoid unnecessary terminal or switching charges, the shipper may direct as to terminal routing or delivery of shipments which are to go beyond the lines of the initial carriers; and his instructions as to such terminal delivery must be observed in routing or billing the shipments. When shipments are accepted without specific routing instructions from the shipper, where all rail rates and rail and water rates are available the carrier's agent must have the shipper designate which of the two he wishes to use. The carrier will then be held responsible for routing shown in the bill of lading."

Nearly twice as many women as men are engaged in the industries of Japan.

## Fifth Anniversary Sale

### Unprecedented Values Unparalleled Prices

Yes—We've made something of a stir. We've lived things up a bit. This Great Anniversary Sale has created a panic among the buying public. Little wonder? Never in our experience have we known such a slaughter. It has been a genuine bargain orgie—a surfeit to plenty—a feast of all good things.

And we're still at it. Still cutting off the Dress Goods and Wash Goods—patterns—still dealing out Laces and Embroideries. Still handing over Gents Furnishing Goods and Notions and Dress Requisites and Materials of all kinds away under regular values. Have you been here? Have you examined the offerings? And compared the values? And contrasted the prices? Then, come and get yours.

Remember, with the exception of less than half a dozen articles, everything in the house is on sale at reduced prices.

It will pay you to visit our store everyday during the life of this great sale. Ladies' Skirts, Ladies' Dresses, Ladies' Kimonos, Ladies' Waists, Ladies' Muslin Underwear, Corsets, Vests, Hosiery; Men's Clothing, Men's Underwear, Men's Hats, Men's Hosiery; Men's, Ladies' and Children's Shoes, Oxfords and Sandals all on sale at Anniversary Prices.

# The Wichita State Bank

Wichita Falls, Texas

### This Bank and Your Business

There are many banks in the country larger than The Wichita State Bank. They may have more capital and perhaps do a greater volume of business. But for the smaller business man, farmer or manufacturer, had it occurred to you that the small bank is the best place for the beginner to go?

The big bank is often cold-blooded and independent. Your business in the big bank is but an incidental detail, and your interests are scarcely noticed.

The small bank, however, can give your business more time and attention, for it is interested in your success.

This bank while small in comparison to some of the large banks, has ample means and facilities to properly care for your business. Its officers have time to consider your interest and welfare. Your business will be welcome and will receive their best attention.

### Prohibition Snap Shots

Voters here is the history of four gallons of whiskey:

From a bushel of corn the distiller gets four gallons of whiskey. Which retails at—\$16.50. The farmer gets—45.

The U. S. Government gets—\$4.40

The railroad company gets—80.

The manufacturer gets—\$4.00.

The drayman gets—15.

The retailer gets—\$7.00.

The consumer gets—Drunk.

The wife gets—Hunger.

The children get—Rags.

The politician gets—Office.

The man that votes anti gets—

What?

Woe unto him that giveth his neighbor drink, that putteth his bottle to him, and maketh him drunken also—Hab. 2:15.

Voters here is what the saloons want:

100 boys for new customers. Most of our old customers are rapidly dropping out.

10 committed suicide last week.

30 are in jail—8 are in the chain-gang.

15 were sent to the poor house—one was hanged.

3 were sent to the insane asylum.

Most of the balance ain't worth fooling with—they've got no money.

We are just obliged to have new customers—fresh young blood.

Or we will have to shut up shop.

Don't make any difference whose boy you are—we need you. You will be welcome.

If you once get started with us we guarantee to hold you. Our goods are sure.

Come early—stay late.

### Wong's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach, increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

Countess Beatrice Von Bylandt, who says that divorced couples should be friends. The Countess, one of the most dashing young women of Paris, who is divorced from the Count, her husband has just left to return to Europe after a visit to New York. Her theory is a common-sense one, she says, and she practices it herself, by being "just good friends" with her ex-husband. She explains: "If two men enter into a business partnership, can't agree and then go their separate ways, is that any reason they should scowl at one another and turn up their noses when they meet? Not at all. It is the same with divorced persons."

**HEAT WAVE STRIKES ALASKA--GLACIERS MEET**  
By Associated Press.  
Valdez, Alaska, July 19.—The heat wave struck this far north point today and is playing havoc with the glaciers. With the temperature at 80 and still rising, the glaciers are melting swiftly, and the streams which they feed are rising with dangerous speed. Men are working to save the bridges leading to the mines.

## WOMEN'S FEET LARGER THAN EVER SAY SHOEMEN

Size No. 2 Has Disappeared, and Chicago Is Not Solely Meant, Is Opinion.

Boston, Mass., July 19.—Women's feet are growing larger. The dainty feminine foot that once graced a No. 2 shoe has about vanished. Long have women been aware that they were slowly losing one of their chief charms, but they have carefully guarded this intelligence as a deep secret. This distressing information about the growing size of women's feet has been disseminated by the shoe manufacturers and dealers who are holding their fifth national fair in Boston. Said a manufacturer:

"There is no other body of human beings more qualified to speak on the size of women's feet than the shoe and manufacturer. Feet are our specialty and women's feet are the cause of our troubles."

"For many years we have had to wrestle with the problem of fitting shoes to women's feet. The women of this generation have larger feet than the women of the last. Yet, in spite of this fact, the woman of today wishes to follow the standard in size of the past generation."

"The No. 2 size in women's shoes has practically disappeared," said M. P. Merrill, a Detroit dealer. "I venture to say that but one out of twenty retail dealers handles this size. There has been a marked decrease in the manufacture and sale of shoes of the smaller sizes."

A canvass of opinions among a number of shoe men brought out the fact that the average size of shoes that women wear is from 4 to 5, whereas about twenty years ago the average size was from 3 to 5.

**Cider Causes Church Riot.**  
Scottsburg, Ind., July 19.—The introduction of hard cider at a church festival, held at Greenbriar Church, near here, Saturday night, caused a riot. As a result Grover Gardner is lying in his home in a dangerous condition, he having been stabbed a dozen times by several other men, who participated in the free-for-all fight. Gardner and a boy named James started the trouble, and several other young men rushed in to stop the fight. Instead of stopping it, they took sides in the battle, and several youngsters are wearing bandages as the result.

## WITHERSPOON AGAIN WITH IRISH LADS

"Stopper" Witherspoon is again with the Wichita Falls baseball team having joined the boys this morning at Whitesboro enroute to Dighton, where it is expected that he will be in the game today and for the remainder of the season.

Pitcher Ash, who tried out with the Irish Lads last season and who has been pitching some for Galveston this year, has also been signed by the Wichita Falls team and was to join the boys at Ringgold today. Ash is a good pitcher and with his service and the return of "Stopper" the team will be stronger than at any time during the season, more especially so when Captain Morris is again able to take the boys in charge and direct their movements.

## WYLIE HAS SIGNED WITH THE CARDINALS

Dennis Wylie, who pitched for the Irish Lads during the latter part of last season and who has been playing in the outfield in the Corpus Christi team in the Southwest Texas League this season, has been signed by the St. Louis Cardinals and has reported for duty with the team in New York city where it is now playing. Wylie came here last season with the Greenville team and the local management was so well pleased with his work that he was signed before he got out of town. Wylie stopped in Wichita Falls Sunday on his way to St. Louis.

**Leprosy Investigation.**  
San Francisco, Cal., July 19.—Experiments now conducted by the federal leprosy investigation at Honolulu will produce a serum and vaccine fatal to leprosy, according to Dr. M. T. Clegg, assistant director at the station. The leprosy germ itself has been isolated, says Dr. Clegg.

**Alleged White Slaver.**  
By Associated Press.  
San Antonio, July 19.—Rafael Torres charged with violating interstate commerce law as a white slave traffic was held under one thousand dollar bond to the grand jury. The woman whom he is alleged to have brought here from Monterey is prosecuting him.

## INCREASED SALARIES FOR RURAL CARRIERS

Increased salaries for rural mail carriers are provided for in a new order of Postmaster General Frank H. Hitchcock revising the basis of payment. The new basis of payment consists of a mileage schedule included in the routes over which the carriers go, and is such as will mean the promotion of the majority of the rural carriers of the local postoffice from the \$300 to

the \$1,000 class. Mr. Hitchcock's order follows:  
Ordered, that on and after July 1, 1911, the compensation of rural letter carriers shall be based upon the length of route as shown in the records of the department, as follows:

Length of route.	Compensation per annum.
6 miles and less than 8.....	\$400
8 miles and less than 10.....	480
10 miles and less than 12.....	520
12 miles and less than 14.....	560
14 miles and less than 16.....	600
16 miles and less than 18.....	700
18 miles and less than 20.....	800

## Aviator Mars and His Wife Just Before a Flight

Erie, Pa., July 19.—All Erie is mourning the hapless accident in which Bud Mars, the plucky young aviator, was injured. The aircraft dropped 500 feet and pinned the youthful aviator beneath its wreckage. Mars has been the hero of many adventures in the air. His real name is James C. McBride, and he was born on the Pacific coast. His wife is prostrated and lies on a cot in the same hospital where her husband was taken.

- 1588—Spanish Armada arrived in the English Channel.
- 1779—Major Henry Lee surprised and defeated the British garrison at Paulus Hook (now Jersey City).
- 1808—Gen. John Paterson, a distinguished soldier of the American Revolution, died. Born in 1744.
- 1810—The king of Prussia, by decree, forbade American vessels entering his ports.
- 1814—Samuel Colt, inventor of the revolver, born in Hartford, Conn. Died there Jan. 10, 1862.
- 1821—Coronation of King George IV. of England.
- 1837—The Baltimore and Wilmington Railroad was opened.
- 11864—Gen. Sherman's army advanced upon Atlanta.

### This is My 45th Birthday.

J. W. Mack.  
Judge Julian W. Mack, associate justice of the new Court of Commerce of the United States, was born in San Francisco, July 19, 1866, and received his education in the public schools of Cincinnati; Harvard University and the universities of Berlin and Leipzig. In 1890 he was admitted to the bar and three years later he was appointed civil service commissioner for the city of Chicago. From 1895 to 1902 he was professor of law in Northwestern University and in the latter year he accepted a similar position at the University of Chicago. In 1903 he was elected to the circuit court in Chicago. As head of the Juvenile Court in Chicago he established a wide reputation. At the time of his appointment to the Court of Commerce he occupied the position of Judge of the Appellate Court for the First Illinois district.

Hon. E. R. King, Commissioner of Agriculture, has issued a pamphlet in which he states that the Eucalyptus tree can be successfully grown in the Southern part of Texas. Test plants were put out along the St. Louis Brownsville & Mexico Railway in 1906 and 1907 and the satisfactory growth that these trees have made indicates that this variety of tree is adapted to the lower coast country.

An examination of our cereal production dispels the idea that Texas is a one-crop state. In 1910 we harvested 232,000,000 bushels of grain yet there is some significance in the total quantity of all cereals produced. Our cereal belt is following closely behind the plow as it turns the virgin soil and we have so far found no geographical limitation placed upon it by nature.

The Times has thoroughly searched the telegraphic news columns of all its exchanges for the past two days in search of that telegraphic news item from Montgomery county, Texas, giving an account and the result of an local option election held on the 17th, but so far it has been unable to find it. It is therefore forced to the conclusion that the wires never conveyed any such dispatch.

The National Association of Shoe-makers declares that the feet of women are larger than they used to be, which is probably not the truth. It rather indicates that women are becoming more sensible and have ceased to wear shoes two or three sizes too small for them. This permits them to walk with more ease and grace and greater distances.

Rev. Osborne of Newark, N. J., is authority for the statement that the word "damn," when used soberly, and with reference and in the fear of God, is not profanity, and he takes advantage of the occasion to say "damn this lee, and the milk trust that is doing all in its power during this extremely hot weather to boost the price and thereby send hundreds of sick babies to their graves." The reverend gentleman has our sincere thanks for expressing to a letter our views on that subject. We shall often need to use it again, and are glad indeed to find that we can do so without profaning.

terms as governor of Texas the state tax levy might be at least double that of next year, but that would only be a guess, and might do an injustice to Gov. Colquitt, which should remind us all that we should not cross a bridge before we come to it, or count our chickens before they hatch. The people of Texas know what they want, and if they say to close the open saloon, it will be done, and the expense incident thereto will be met cheerfully and without grumbling.

### THE PERIL OF TUBERCULOSIS.

The Pittsburg Dispatch calls attention to the recent publication by the British Royal commission on tuberculosis of the results of its ten years' investigation into the three questions: Whether the disease in animals and men is identical; whether animals and man can be reciprocally infected with it, and under what conditions infection may be transmitted or can be prevented.

It is pretty generally recognized that tuberculosis is the greatest menace in the way of disease that the human race has to fight against and as the investigations of the royal commission have been very thorough, the report should prove of inestimable value in pointing the way to successful methods of resistance to the dread disease.

At the sessions of the British congress of tuberculosis in 1901, Robert Koch, discoverer of the bacillus of tuberculosis, contended that human tuberculosis differed from that of cattle and could not be transmitted to animals, but that if man was subject to bovine tuberculosis the infection of human beings from cattle was of so rare occurrence as to be negligible. The British royal commission now reports exactly the opposite, that tuberculosis in cows is a peril to man, the direct infection having been proved by experiment and the bovine bacillus being more virulent than the human. The infection according to the findings of the commission, is most common among children and in the form of alimentary tuberculosis, but it has been found also in adults in cases of abdominal and bronchial affections. In adult lung cases the germ is always the human bacillus.

The commission lays stress upon precautions against infected milk and meat, declaring that while bovine tubercle bacilli are apt to be present in milk when there is tuberculosis disease of the udder of the cow these bacilli may also be present in the milk of tuberculosis cows showing no evidence of disease of the udder. Measures for the prevention of the ingestion of milk with these bacilli would, the commission says, greatly reduce the number of cases of abdominal and cervical gland tuberculosis in children and these should include the exclusion of the milk of the recognizable tuberculous cow irrespective of the seat of the disease.

The recognized standing of the members of the commission as experts and the positive character of their report would appear to be conclusive of the necessity for rigid inspection of all dairy animals. Indeed, every family keeping cows for their own use exclusively would find it to the interest of their health to invite expert inspection of their own herd. Tuberculosis is so insidious in its approaches and so fatal in its effects, that too great precaution can not be taken to guard against it.—Houston Post.

### REGULATION A FARSE.

Mr. Carnegie is out in a letter saying that trust prices should be fixed by the court of commerce. That is the plea now. Combination is to be regarded as an established fact—a fact that, we are told, can not be prevented, and then the public is asked to trust to regulation! Who are to regulate? Officials? And who is to appoint the officials? The president. And who will select the president? The trusts. That is the program, and it has been carried out successfully so far. The steel trust was organized in 1901—just after a republican victory. It started out with over SEVEN HUNDRED MILLIONS OF DOLLARS OF WATER IN ITS CAPITALIZATION. It has proceeded for ten years without interference and it favors "regulation" because it feels able to control the regulators. This is the republican plan, the supreme court has, by writing the word "unreasonable" into the anti-trust law, virtually repealed the criminal clause, and the republican leaders make no effort to strengthen the law. How long will the people allow themselves to be deluded and deceived by the farcical attempts at regulating private monopolies?

THE LAW SHOULD MAKE IT IMPOSSIBLE FOR A PRIVATE MONOPOLY TO EXIST—to permit the existence of a private monopoly is to invite corruption and corporate control of public officials. The greater the power of the president to regulate private monopolies through the appointment of regulators the more important will it be for the trusts to nominate their man. They are now at work—they will, if possible, nominate both candidates and try to elect the one who will promise them the most. How long before the voters will rebel?—The Commoner.

THE extreme care—the hygienic cleanliness—used in making as well as shipping Dr. Pepper, means a lot to you.

A UNIVERSAL COUPON GIVEN WITH EACH GLASS

Healthful. Thirst-Quenching. Satisfying  
5 CENTS AT FOUNTAINS.

The Reporter understands that the city board of equalization is raising a great many of the last year reductions of the city. We do not desire to "stick in our bill" in where we should not, but we frankly admit that we doubt the wisdom of such policy in the face of the fact that the tax rate has been raised from \$1.15, the amount it was last year, to \$1.30 this year. We believe that the raise in the rate should be sufficient. The minute the Commission creates a burden on the people by taxing them too heavy that minute the Commission fails and the people will demand the return to the old aldermanic form of government. The reporter serves notice that it will be one of the first to kick when we feel that the people are unjustly taxed.—Abilene Reporter.

### WHIMS OF WEALTHY ADD LITTLE TO TAX VALUES

By Associated Press.  
New York, July 19.—The whims of men of great wealth which cause them to disregard expense in equipping their residences add little to taxable values, according to the decision of the state supreme court justice in reducing tax assessments on the Fifth avenue mansion of Former United States Senator Clark of Montana.

Senator Clark brought proceedings to review the assessment. Experts testified that the fittings were the most costly that the world could produce, that the mansion contained such luxuries as cold storage plants, a concealed garage, a swimming pool, an art gallery, a swimming pool, an solarium and an astronomical observatory. "We find," says the court, "that the building is unique in the sense that it is more costly than other residences in the city. But the building has no real rent value. Witnesses have testified that if a house for the occupancy of great wealth features represented the individual taste, add little to the value."

### GOOD ROADS CLUB HAS ENTHUSIASTIC MEETING

Quite a number of automobile owners responded to the call for a meeting of the Wichita County Good Roads Club at the city hall last evening and considerable business was transacted by the membership. It was announced in the Times of yesterday afternoon a total membership of 62 was reported and those present at the meeting evidenced much enthusiasm and were confident that this number could be increased to one hundred.

Constitution and by-laws were adopted for the organization, the charter membership fee being fixed at \$1 with \$1-per month for dues, this amount to be used in connection with the good roads campaign in this county. It was also decided to admit all persons interested in this county. It was also decided to admit all persons interested in the good roads movement whether or not they were owners of automobiles.

An executive board of five members was selected to direct the affairs of the club, the board being composed of the following members: J. G. Culbertson, C. W. Snider, T. C. Thatcher, S. T. Sealing and J. C. Tandy. A meeting of these gentlemen will be held on Thursday at which time officers will be elected.

At the recent Potters' convention in Atlantic City it was officially announced that the potters would demand a general advance of wages in the fall.

### SENATORS ANSWER HEYBURN.

Breach Between Idaho Solon and Williams of Massachusetts Widens When Appropriation Bill Comes Up.  
Washington, D. C., July 19.—The bitterness between Senator Heyburn of Idaho and Senator Williams of Mississippi on the subject of the Confederate broke out anew in the Senate yesterday. Senator Heyburn objected to the taking up of a bill appropriating \$100,000 for a Confederate naval monument in the Vicksburg Military Park, but Senator Williams won its consideration by a vote of 29 to 19.

The Vicksburg Park commission and the Senate committee on Military Affairs had approved the measure and Mr. Williams said it was desired to have the monument complete for the semi-Centennial "blue and gray" reunion at Vicksburg in 1913. Senators Cummins of Iowa and Works of California, urged its passage. Senator Heyburn again attacked the principle of Federal recognition of Confederate acts and Senator Williams abruptly left the chamber when he began to speak. Mr. Heyburn declared it was "intolerable" that the deeds of Confederate armies should be recited in laws that call upon the public treasury for contributions. He characterized the history of the war between the States as a "history of murder." He attacked the newspapers of the country declaring many of them disloyal and "delighted to express their disloyalty."

He had been characterized as "waving the bloody flag in the Senate," he said, "and had been so misrepresented that he was receiving scores of anonymous letters from 'cowards' threatening him with physical violence because of his opposition to use Government funds to recognize Confederate service." Senator Heyburn displayed a letter he had received from Little Rock Ark., the envelope of which bore a representation of the Confederate flag. He said the postoffice authorities said there was no law to prevent the use of the flag on mail matter. "No law ought to be needed," said Senator Heyburn, "there is but one flag in this Nation entitled to such representation." During the debate Senator Smoot of Utah moved to adjourn. The motion was defeated 24 to 27.

No Guide—

Senator Taylor of Tennessee took up the Confederate issue. The war, he said, "Time has pulled down the forts and healed the wounds. The men who were the gray delight honor the men who wore the blue; but they do not delight to honor the men who never smelt powder and who stand here and unlimber their batteries of bitterness against the simple proposal to erect monuments to Southern heroes."

At this point another motion was made to adjourn by Senator Lodge of Massachusetts, the Democrats opposing it in order to secure action on the Vicksburg bill. This time the motion carried 26 to 25, and the Senate adjourned with the Confederate question unsettled.

FOR RENT—Well furnished rooms, modern conveniences; also one extra large furnished front room; Southern exposure, very desirable, 811 Indiana. Phone 145. 296-1f

**FOR RENT—CITY PROPERTY.**  
WHAT have you to trade? I have several new 3, 4 and 5-room houses in all parts of town that I will trade for anything in Wichita Falls; also some nice property in Sulphur Springs and Weatherford, Tex., to trade for property here. Phone 525, Mack Thomas, owner. 42-1f

**FOR SALE—CITY PROPERTY.**  
A BARGAIN can be had on Burnett street if bought within the next two weeks. If you want a home in a nice neighborhood, let us show you this property. Dibrell & Greenwood, Kemp and Kell building. 52-1f

**NICE RESIDENCE** in Denton Texas, to trade for land of equal value in Wichita county. Price \$2000. Dibrell & Greenwood, Kemp and Kell building. 52-1f

**FINANCIAL.**  
A GOOD PROPOSITION—I have 140 acres "A1" sod land, 1912 crop free, to anyone who will take charge and turn sod at once. Land by side of this yielded 36 bushels wheat per acre, 40 acres pasture. See Dr. Nelson, city, Moore-Bateman Bldg. 56-51c

**PLENTEY**—Of money to loan on first-class business or residence property. I want only first-class loans and can make them; easier than paying rent. F. W. Tibbett. 285-1f

**MISCELLANEOUS.**  
IF YOU want to trade your property, let it with Dibrell & Greenwood, Kemp and Kell building. 52-1f

**Fowler Bros. & Co.**  
Room 212 Kemp and Kell Building

*Real Estate for Sale and Exchange.*  
*Insurance Bonds of all kinds. Five, Eight and Ten per cent money to loan.*

**Fowler Bros. & Co.**  
Room 212 Kemp and Kell Building

**PROMPT SERVICE**—When you order ice cream and sherbet from **Holiday Creamery**. Phone 830. 313-1f

**THE BEST**—Clover Leaf Ice Cream. Call for it at leading fruit founts. If they can't supply you, phone 744. 304-1f

When in town with a good mule for sale, let us see it. We keep feed for sale, and a few livery rigs for hire. Wichita Horse and Mule Co., corner 5th street and Indiana avenue. 37-1f

We have seen a good many watermelons turned into negroes, but last night at the Colonial was the first time we ever saw a negro turned into a watermelon. The incident was a feature of Prof. Bartella's Illusion act on the vaudeville program, and proved one of the most mystifying numbers ever shown on the local stage. A regular old black negro was seated on the stage in view of the audience. Tonight the professor will give an entire new series of illusions. Another big feature of the Colonial program tonight, and one that should attract an extra large audience strictly on its own merits is the picture film of Hamlet, by the Northwestern Film Co. A new song by Mr. Taylor is also another feature.

**You Had Better Hurry**  
and get your season tickets to the Lakeshire Assembly. You can get them for \$1.00 at the following places: Palace Drug Store, Miller's Drug Store, Kerr's Drug Store, Marchman Drug Store and the Wichita Falls Traction Co. If you will call up M. L. Laffer at the Chamber of Commerce, phone 390, he will have your tickets delivered to you at once. Street car tickets can also be secured at the same places at 20 cents for round trip. 57-31c

**REYES IN PERIL**  
Plot to Assassinate Him Said to Be Hatching.  
Mexico City, July 19.—Friends of General Barnardo Reyes profess to have discovered evidence of a plot to assassinate him. They claim to have received anonymous letters in which they have been told to bring about the immediate retirement of the general from politics or be prepared to hear of his sudden death.

Frank Kell returned today from a business trip through Oklahoma to Kansas City. On account of missing a connection he did not get to make a trip to Chanute, Kan., as he had anticipated, but expects to start within the next few days. Mr. Kell reports fine general rains where he has been, including the Oklahoma country through which he passed.

QUEEN ANTOINETTE at Lamar Ardmore tonight.

## LATE SPORTING NEWS

**BOTH GAMES WENT EXTRA INNINGS**  
LADS WON BOTH IN DOUBLE HEADER BY TIMELY HITS BY JERRY, NAYLOR AND BROWN.  
Both Pitches in Splendid Form—But Lunsford and Maxson Fly Distress Signal.

**JONES AND MYERS ON SLAB**  
The close of the series between Bonham and Wichita Falls in the form of a double header played yesterday afternoon, was a spectacular one and those in attendance received more for their money perhaps than on any previous occasion in the history of the game in this city. Both games went for extra innings, the first for eleven and the last, an agreed seven inning contest, was concluded in the eighth. Both games were broken up by a timely hit, the former when Jerry Naylor parked the ball in the eleventh inning—and the latter when Brown rapped out a three-base hit, scoring Guthrie from second.

Both teams played high-class ball and fought hard until the finish. A feature of the first game was the batting of Jerry Naylor, who secured four hits in as many times at bat, one being the home run that broke up the game. Jones and Myers were both in good form and each pitched an excellent game for the home team. Bonham was not so fortunate with pitchers, Rayburn being required to pull Lunsford out of the hole in the first game, as well as relieve Maxson in the second. Rayburn pitched superb ball and held the Wichita team to five hits in the ten innings that he worked on the mound.

Both teams left this morning for Bonham for a series of four games after which Wichita Falls will go to Durant, then to Ardmore and are scheduled for a series with Altus, or its successor, returning home August 4th. Following is the score of the games of yesterday.

**Ardmore 5, Cleburne 4.**  
Ardmore, Okla., July 19.—Ardmore won an exciting ten-inning game yesterday. With the score tied, Gray first up for Ardmore in the tenth hit the first ball pitched over the left field fence for a home run. "Sis" Hopkins pitched a good game against his old teammates. Although outbid by the visitors as to numbers, Ardmore's hits were for extra bases. McCullum's long running catch to deep center was a feature. On account of illness Capt. McAvoy retired from the game in the fourth. The Altus team, which has been transferred to Honey Grove, is here today for four games.

Ned Donnelly, one of England's old-time scrappers, died the other day at the age of 70 years.

The International Railroad Master Blacksmiths Association will hold its annual convention next month in Toledo.

**Wichita Falls Baseball Franchise For Sale Says Mr. St. Clair**

The Wichita Falls baseball franchise is for sale. This statement was made to a Times reporter this morning by President St. Clair, who gave as his reason the poor attendance and the small amount of enthusiasm manifested on the part of the people of this city. Mr. St. Clair explained that the team has been a losing proposition from the start and that recently the attendance has not been sufficient to pay the guarantee to the visiting team to say nothing of the salary and expense of the players. In discussing the matter he stated that it was likely that the team would be dis-

posed of before their trip abroad had been completed and that there would probably be no more games here this season.

Mr. St. Clair had nothing to give out as to what city would likely succeed Wichita Falls but he apprehends little trouble in disposing of the franchise with the standing and reputation maintained by the team in the league they having won the first half of the pennant series with a fair showing to lead in the second division before the season closes.

Fifty outside rooms, all newly furnished. We cater to the best city and out of town trade.  
Rates—50c and upward.

Most men would make a beeline for the tall timber if they saw justice headed their way.

**BUILDING DERRICK AT HARROLD**

The derrick builders have begun the construction of the derrick on the I. G. Showers lease and will have it completed within a short while, ready for drilling.  
The late rains put ample water in a tank near the derrick. A pump has been placed at the tank and a pipe been laid.  
Several men are at work in the field preparatory to drilling.  
Most of the machinery is on the ground and the remainder is being put there with all possible swiftness.  
The town is flooded with leasers who are trying on every hand to secure the valuable lands.—Harrold Times.

**Singing Convention at Mountain Park**

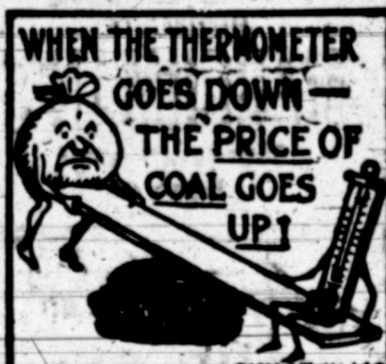

The first state singing convention ever held in Oklahoma, is to take place at Mountain Park, July 28, 29 and 30. Arrangements for the meeting are being made by E. H. Shelton, of Frederick, who is chairman of the general committee. The Mountain Park Chamber of Commerce is giving assistance in arranging to take care of the big event.  
It is expected that several thousand singers will assemble on this occasion. The sessions are to be held in the city park. Arrangements are being made to feed a very large crowd. Cattle and hogs probably will be barbecued, as part of the bill of fare.

**Anti-Horse Thief Association.**

Arkansas City, Kan., July 19.—Arkansas City today been the entertainment of the annual convention of the Anti-Horse Thief Association of Kansas and Oklahoma, which is one of the most unique and influential organizations in this section of the country. Though horse thieves are not so plentiful in the two States as they were once upon a time, the association has continued to maintain its organization largely for social purposes and now has a membership estimated at 50,000.

**King Lays Corner Stone.**

Edinburgh, July 15.—The leading feature of this, the third day of the royal visit to Edinburgh, was the attendance of the King and Queen this afternoon at the laying of the cornerstone for Usher Hall, an institution to be built from a donation by the late Andrew Usher, the noted distiller and which is to be utilized chiefly to promote the cultivation of music. This morning the King attended historic St. Giles' Cathedral and officiated at the dedication of the chapel of the Thistle.

**WHEN THE THERMOMETER GOES DOWN— THE PRICE OF COAL GOES UP!**  
SEE SAW UP AND DOWN.

**LA FOLLETTE BUSY ON KEYNOTE SPEECH**

RECIPROCITY ADDRESS MAY TAKE SEVERAL DAYS AND WILL BE 1912 PLATFORM.

**BADGER OFFICER RETIRES**

Lieut. Commander Eckhardt of the Navy Dropped From Service Under New Law.

Washington, D. C., July 19.—It is the expectation in Washington that the speech which Senator La Follette shortly will deliver on reciprocity will be his tariff platform for 1912. Regardless of his associates in the insurgent ranks, Senator La Follette plans it is asserted, to make a speech lasting from two to four days, laying down in much detail his position on reciprocity, and allied tariff questions. This is expected next week.  
Not since Thursday has Senator La Follette been much at the Capital. He is at home, after his custom, working over facts for his address. It is asserted by experts in tariff matters both in the preparation of his speech and in amendments to the reciprocity bill which he will offer, and upon which he will base his remarks. If La Follette's speech fails to rally his support, it will give the Senator something on which to stand in the future. Should Republicans not be successful, the Senator from Wisconsin will be in a position to say, "I told you so back in 1911."

There is a growing disposition in the Senate to vote on reciprocity and end the disagreeable session because of the weather. Washington also is tired of what it calls the "ham sandwich Congress session," because members are not spending much time here and are living cheaply. Hotels and boarding houses are getting little from the members. The lack of publicity and the disposition of the papers to ignore their speeches are having a visible effect on the insurgents.  
There probably will not be another attempt at present to fix a day for a vote. Reciprocity is in an advantageous position and the plan is to begin this week meeting earlier and sitting later, perhaps to 6 o'clock. It is rumored that a combination is bent on letting the insurgents talk them

Miss Mildred Sherman, daughter of Mr. and Mrs. William Watts Sherman, one of the wealthiest heiresses in the United States, and Ralph Frances J. Stonor, Lord-Camoys, of England whom she will marry. This became known following the announcement in London that Lord Camoys is to leave England soon to visit the Shermans at Newport, R. I. Lord Camoys was an usher at the Vivian Gould-Lord Decies wedding and is the chum of the Hon. "Bobby" Beresford. Although but twenty-seven years old, he is head of the ancient Stonor family. One of the Stonors was Lord Chief Justice under King Edward I. The Camoys peerage was created by Richard II, in favor of Sir Thomas Camoys who commanded the left wing of the English army in the battle of Agincourt. Miss Sherman is only twenty-three years old. Mrs. Sherman, her mother, inherited millions from her mother, Mrs. John Carter Brown, who died two years ago.

**Texas Fuel**

It was the discovery of fire that raised man into the rulership of the world and gave civilization its most useful element in progress. It melts the mineral rock, turns the wheels of commerce, warms the human race and broadens the horizon of human endeavor.  
Geologists tell us that Texas is one of the latest additions to the western hemisphere, and the Ruler of the Universe, in creating Texas, gave us an abundant supply of everything on hand, and was especially generous with us in minerals.  
We have been supplied with a variety and an abundance of fuel. We have wood, coal, oil and gas in commercial quantities, and after supplying home consumption, ship large quantities throughout the United States.

**Coal.**  
Our coal fields have never been fully explored; government geologists have examined a portion of our territory and report a deposit of 31,000,000,000 tons, of which 8,000,000,000 is bituminous and 23,000,000,000 lignite. We mined last year 1,895,377 tons and employed 4,000 laborers in the mines. The coal taken from the mines was valued at \$3,415,481; to get all the coal out of the ground at the present rate of mining would require 12,000 years.

It is estimated that four and a half tons of coal used in making steam will produce one horse power one year ten hours per day. The latent forces we have stored beneath the ground surpass human comprehension.

**Oil.**  
Texas oil illuminates the national freights, lubricates the wheels of commerce and runs our factories. We have \$100,000,000 invested in the oil industry in Texas and we have taken 15,000,000 barrels of petroleum from the ground. We have 1,250 miles of pipe line and oil from Oklahoma fields is brought to Texas.

**Gas.**  
Natural gas from the Henrietta field is piped to adjoining towns and there used for light and fuel, and the manufactured product is used extensively in the large cities. We have 207 miles of main pipe line and approximately 50,000,000 invested in the gas industry.

Nature has solved the fuel problem Texas for centuries to come and the foundation for a great manufacturing country.

The San Jose, California, Labor Council is conducting an aggressive campaign to raise money for the erection of a labor temple.

Miss Mildred Sherman, daughter of Mr. and Mrs. William Watts Sherman, one of the wealthiest heiresses in the United States, and Ralph Frances J. Stonor, Lord-Camoys, of England whom she will marry. This became known following the announcement in London that Lord Camoys is to leave England soon to visit the Shermans at Newport, R. I. Lord Camoys was an usher at the Vivian Gould-Lord Decies wedding and is the chum of the Hon. "Bobby" Beresford. Although but twenty-seven years old, he is head of the ancient Stonor family. One of the Stonors was Lord Chief Justice under King Edward I. The Camoys peerage was created by Richard II, in favor of Sir Thomas Camoys who commanded the left wing of the English army in the battle of Agincourt. Miss Sherman is only twenty-three years old. Mrs. Sherman, her mother, inherited millions from her mother, Mrs. John Carter Brown, who died two years ago.

**BASEBALL NOTES.**

Pitcher McAdams of the Dallas Texas League team, has joined the St. Louis Cardinals.  
Ricker and Bergen has ben the winning battery for the Brooklyn Superbas so far this season.  
Scout Fred Lake, of the St. Louis Browns, is looking over the talent in the New England League.  
The New Haven owners of the Connecticut League club are after a franchise in the Eastern League.  
The New York Highlanders have five and the Giants have two men better than the .300 mark in batting.  
Poor conditions of the crops and the lid on Sunday baseball have put the South Dakota League out of business.  
Joe Ward of Rochester and Tim Jordan of Toronto are having a merry battle for the batting honors in the Eastern League.  
The Cincinnati Reds have not been going any too well, and will be lucky to get anything near an even break during the eastern trip.  
The Cub's pitchers are doing great work. McIntyre, Cole, Reulbach and Richie are among the first ten pitchers in the National League standing.  
St. Paul has placed a price of \$15,000 on O'Toole and Kelly, their star battery, Charley Comiskey, owner of the White Sox, is dickering for the pair.  
With a combined population of 500,000 inhabitants, Minneapolis and St. Paul believe they can support a major league team in the Twin cities and would like a franchise in either the American or the National League.  
The St. Louis Cardinals, the Denver and Omaha clubs are lucky baseball teams. The three-outfits have been in railroad disasters this season, when a number of passengers were killed, and not a ball player was seriously injured.
