## BURKBURNETT FARMER FIGURES ON MAKING HALF BALE COTTON

C. O. Walling, a successful farmer of cussing conditions was very optimistic regarding the prospect for a splendid yield of cotton. Mr. Walling stated that he had fifty acres in cotton that gave promise at this time of yielding at least a half bale to the acre, in fact, he stated that there were now a sufficient number of matured bolls on the stalk to make this amount to say nothing of the forms that have not matured Asked regarding the mode of cul-tivation, Mr. Walling remarked that he had been "staying with it" since early in the season and had practiced the theory of intensified farming. He broke the ground early and broke it deep, having the land in fine condition at planting time. The cotton has been harrowed once and plowed five times and Mr. Walling states that the cotton continued to grow during all the dry

FREDERICK IS THE NEXT

The Lads Go There Today for a Series of Three Games With All Star Team.

Special to The Times. Vernon, Texas, Aug. 3.—The local eam was defeated yesterday by the Wichita Falls League team, making it hree straights for the visitors. The game was a featureless one in which he Wichita boys played a ragged game, five errors being chalked up against them during the contest.

Vernon led in the number of scores until the sixth inning, when Wizard weakened and allowed four runs. The visitors leave today for Fred erick for a series of three games at that place.
