SHOOTING AFFRAY AT GRANDFIELD

MAN SERIOUSLY WOUNDED THERE BROUGHT TO HOME OF HIS MOTHER IN THIS CITY.

SHOT IN NECK AND HEAD

Trouble Over Live Stock Said to Have Been Cause of the Shooting.

With a bullet hole bored in the back of his head and a bullet lodged in his neck, Jim Farmer, whose home is near Grandfield, Okla., lies at the home of his mother at 806 Travis street this city in a serious condition as the result of trouble over livestock with a neighbor named Edmondson last Sunday afternoon.

Farmer was brought here Monday night. The bullet which struck him in the back of the head had flattened in the skull and trepanning was necessary to remove it. The other bullet is still lodged in his neck and has affected the spinal chord and Farmer is partially paralyzed.

From the information obtainable the trouble arose over livestock. Farmer claims that Edmondson's stock got in his corn. After telling Edmondson about it Farmer, the next time he found Edmondson's stock in his field, put them in a corral. When Edmondson came to get them Farmer asked pay for his trouble. Words passed according to the story of Farmer's friends but the latter finally released the stock without getting any pay.

Sunday afternoon, according to Farmer he was grazing his own stock along the road side when Edmondson shot him from behind. Farmer lay in the grass from five o'clock in the afternoon until nine o'clock at night before he was found by his wife.

Another version of the affair given by Edmondson's friends, is that he went to Farmer's house about the stock but was driven away with a butcher knife. Later Sunday evening along the road side when Edmondson shot him from behind. Farmer lay in the grass from five o'clock in the afternoon until nine o'clock at night before he was found by his wife.

LOCAL OPTION ELECTION IN POTTER COUNTY

Election Will Be Held in Three Precincts of That County On Sept. 5.

Amarillo, Texas, Aug. 16.—Three of the four commissioners' precincts of Potter county, including Amarillo, will vote on local option Sept. 5, following an order issued by the commissioners' court yesterday afternoon. This order came responsive to a monster petition presented to the board by the prohibitionists. The county was voted wet a year ago, and the vote could not now be taken on the whole county, hence the hearing of one of the precincts from the boundary now included. The precinct that is being omitted from the present election orders is across the Canadian river from the main portion of the county, and it is considered improbable that a saloon will be opened in that should the other precincts vote dry on account of its inaccessibility of the territory remaining wet.

Want to Adopt Commission Plan.

Victoria, B. C., Aug. 16.—Official representatives of the chief cities of British Columbia met today to consider the proposed revision of the Municipal Clauses Act so as to admit of a commission form of government, which Vancouver and one or two other of the large cities of the Province are seeking to adopt.

Hotel Men of the Northwest.

Grand Forks, N. D., Aug. 16.—Plans for the elimination of the hotel dead heat and the hotel crook are up for discussion at the annual convention of the Northwestern Hotel Men's Association, which met in Grand Forks today for a session of two days. The convention is one of the best attended in the history of the association, many of the leading hotels of Minneapolis, St. Paul, Omaha, Sioux City and other cities of the Northwest being represented. R. W. Johnston, of Waterloo, Iowa, is the president of the association and the presiding officer of the convention. The visiting bonifaces are being handsomely entertained by the hotel men of Grand Forks.

ATWOOD RESUMES REMARKABLE FLIGHT

WHEN HE LEFT ELKHART THIS MORNING HE EXPECTED TO REACH TOLEDO AT 1 P. M.

STOPS FOR GASOLINE

Completed 387 Miles of His 1640 Mile Flight Yesterday—Favorable Conditions Today.

By Associated Press. Elkhart, Ind., Aug. 16.—Harry N. Atwood, who reached Elkhart from Chicago last night, left at 8:06 this morning on his flight to New York. "The air is fine," Atwood said, "if it keeps up this way all day I may break a speed record. I believe that I will reach Toledo by 1 o'clock this afternoon."

Goshen, Ind., Aug. 16.—Harry Atwood passed here at 8:23 o'clock this morning, ten miles from Elkhart.

Millersburg, Ind., Aug. 16.—Harry Atwood passed this city, 18 miles from Elkhart, at 8:35 o'clock at a terrific speed.

Pettisville, Ohio, Aug. 16.—Harry Atwood descended here to replenish his oil and gasoline supply and take luncheon at 10:12 o'clock. This is his final stop today and is 97 miles from Elkhart. He expects to start again about noon.

Mina, Ohio, Aug. 16.—At 9:38 Atwood flying more than sixty miles an hour, crossed the Indiana State line into Ohio. He travelled the last 9 miles to Mina in six minutes.

Pettisville, Ohio, Aug. 16.—Atwood has decided to leave here at 3:30 o'clock for Toledo, 37 miles distant, where he will spend the night. He says he expects to reach Toledo by 4:15 p. m.

Atwood's Flight Yesterday. Elkhart, Ind., Aug. 16.—Skimming over the southwestern corner of Lake Michigan and then over the sand hills of Northern Indiana, Harry N. Atwood of Boston in his aeroplane this afternoon flew the 101 miles from Chicago in two hours and sixteen minutes without stop, thus completing 387 miles of his 1,640 miles across country flight from St. Louis to New York and Boston.

Atwood made the 101 miles from Chicago in twenty-one minutes more time than the fastest train service in the United States, which covers the distance between Chicago and Elkhart in one hour and fifty minutes. The Boston aviator, arising in his Burgess-Wright biplane on the lake front in Chicago, circled over the thousands gathered there at the aviation meet, and at 3:31 shot out on his journey eastward. He arrived here at 5:47 p. m., calmly setting down into a hay field. His highest altitude yesterday was 2,000 feet, reached over South Bend, Ind., and it was while he was out on Lake Michigan, viewed by thousands of people lined up along the shore and sometimes hailed by the whistles of distant tugs that Atwood made his most spectacular appearance yesterday.

Once away from Chicago he hit up a high speed against a head-wind and cut across the corner of the lake to save a few extra miles. As it sped in the white wings of his machine shimmering in the late afternoon sun, the air craft was everywhere visible from shore and boats away in the distance.

For half an hour Atwood sailed over the lake, keeping not more than 300 feet high. At times, he said, to test the variations of the air currents he swooped low enough as almost to be able to scoop up the water. Once over land again at a point near Pina, Ind., twenty-three miles from Chicago, he headed directly eastward.

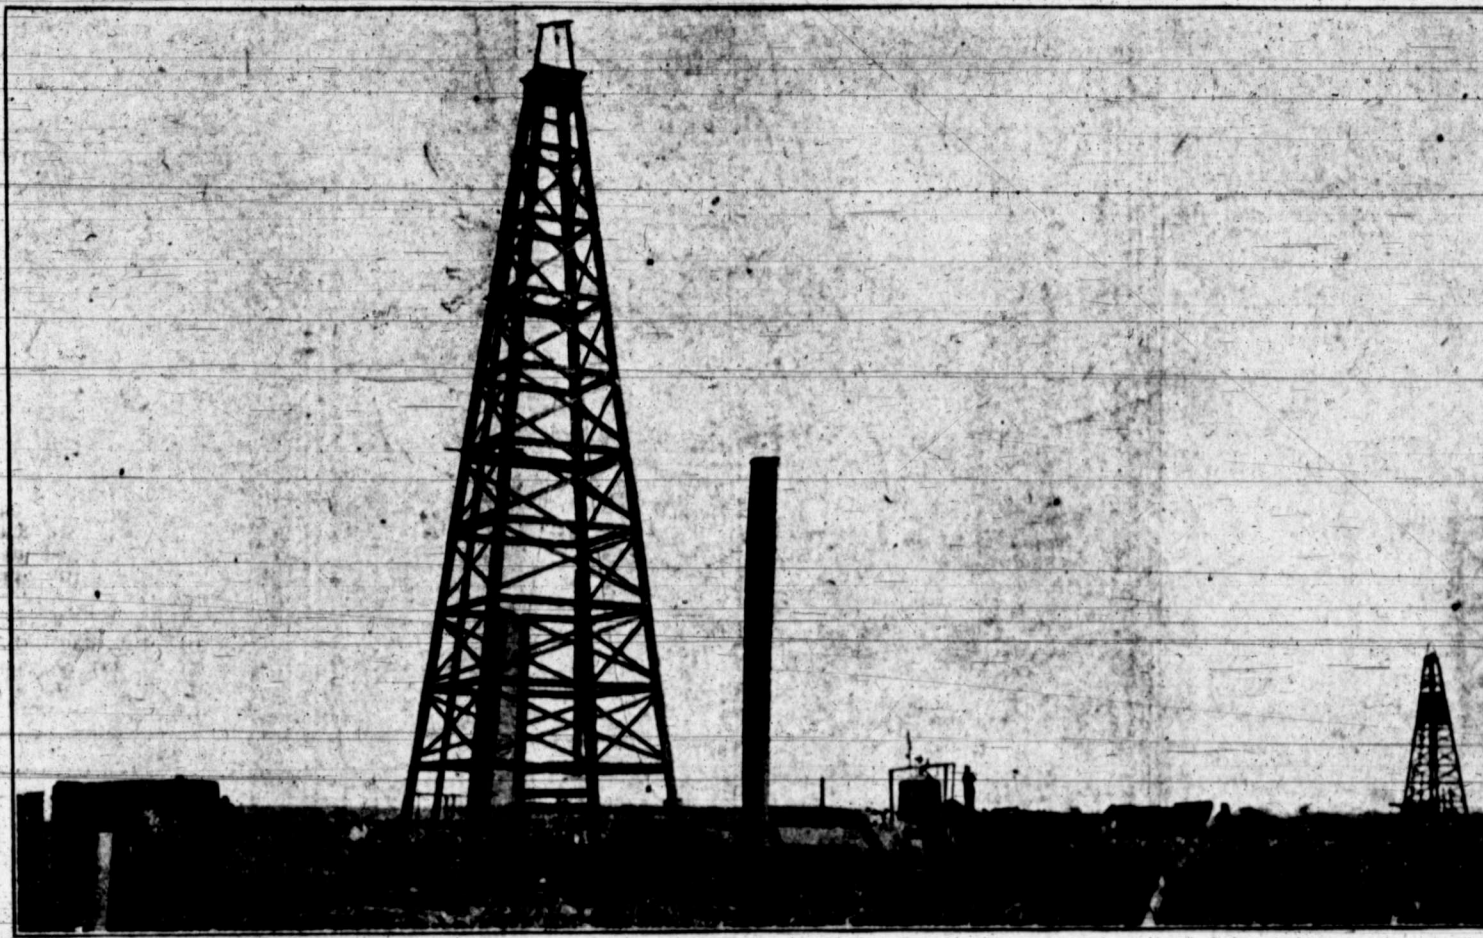

Enthusiasm appeared to increase as he journeyed eastward. Telephone and telegraph wires were kept busy with reports of his whereabouts. At Elkhart, where Atwood prepared to remain over night, all faces were turned toward the west. The aviator was unable to locate the grounds arranged for his reception, so landed in a hay field, but later rose again and was received in the driving park.

By his performance yesterday Atwood is confident that his flight, begun by his 286-mile trip from St. Louis to Chicago Monday, will be ended in Boston easily within the ten days fixed by him as the maximum. He resumed his flight today, going to Toledo, which he hopes to reach by 2 p. m., and to Sandusky, Ohio, where he expects to land for the night.

"I could make much better time were it not that my arrangement calls for making fourteen stops on the entire trip," said Atwood. "If I had my way I would go right on through, stopping only wherever night overtook me."

"It is becoming more evident to me that aeroplanes are losing much of their danger and the becoming vehicles for use. The ocean-to-ocean flight will soon be in vogue. It was amusing yesterday to see

FARM TO BE RUN ENTIRELY BY WOMEN

IS CALLED "SUFFRAGETTE RETREAT" AND IS LOCATED IN CALIFORNIA.

WEAK WOMEN TALK IS ROT

Miss Emma Hall, Founder of This Unique Colony, is Confident of Its Success.

Kansas City, Mo., Aug. 16.—Miss Emma Hall, founder, owner and promoter of the "Suffragette Retreat," was at the Union Depot this morning. The Retreat is a farm. It is within three miles of Whittier, Cal., and is guaranteed man-proof.

"I am just on the way to take possession," Miss Hall said. "This idea of mine is bound to be a success, don't you think so? You see, there are a lot of women who could really do things worth while—write books, plays and the like, if they only were away from the patronage of men. I mean to make my farm into a suffrage city. Only women will be allowed on the place and they must do all of the work. Every woman must work at least half the day. She will wear overalls, must have her hair cut short, like mine, and must furnish a bond of \$1000 when she enters that she will not leave in less than a year. We'll show the country there is no such thing as 'man's work,' Miss Hall said as she leaned back in her seat and smiled her defiance.

The retreat already is the bonded home of seven women. As soon as the work gets well under way there will be at least a hundred persons on the farm, its manager believes.

"What will be the distribution of work?" she was asked. "The working plan will be changed every month. One woman will do the milking, another the community scrubbing, still another the necessary clerical work. A month later new lots will be drawn.

"Will women be strong enough to do the work in the fields?" "This talk about 'weak women' is all rot," said Miss Hall. "In two months every one of those on the place will be able to cut wood, plow and swear. I am going to suggest that they cultivate the use of the word 'damn.' I believe that some expelative in doing heavy work is almost necessary as a safety valve and I don't propose to have the atmosphere and the local color ruined by such terms as 'fudge' and 'oh, sugar.'"

Miss Hall's former home was Ogden, Utah. She is 51 years old.

how calmly the people watched me. Whole crowds looking up, shouted to me to stop, as if I could remain stationary in the air. Almost all the way I went against the wind, otherwise I think I would have broken the best train from South Bend here, thinking it was the eighteen-hour New York Limited, but it was not."

Atwood has traveled 387 miles in the actual flying time of 9 hours and 14 minutes, or at the rate of 1:25:38 to the mile.

Town of Abilene Has Another Fire.

By Associated Press. Abilene, Aug. 16.—The second fire within twenty-four hours occurred early this morning. The loss in yesterday and today's flames is approximately \$4,150,000. All burned buildings will be rebuilt at once.

MAGNOLIA COMPANY ANNOUNCES PLANS

Company Which Took Over Standard Oil Properties Will Have Headquarters at Houston.

The Magnolia Petroleum Co., which has recently taken over the refineries at Beaumont, Corsicana and Patrolia which were once the properties of the Standard Oil Company has been granted the right to use the public highways of Wichita county for its pipe lines.

John W. Sealy of Galveston is the head of the company. He announces that headquarters will be opened in Houston for the general distribution and marketing of its products and that John Q. Tabor, for twenty-five years manager for the Waters-Pierce Oil Company in Texas, will be the general manager of the company.

Clerics to Nominate Reyes.

City of Mexico, Aug. 16.—Another important turn will be given to the Mexican presidential campaign by the convention called to meet today at Monterey, which is expected to nominate Gen. Bernardo Reyes to succeed Diaz. Gen. Reyes, who is regarded by many persons as the strongest man in Mexico today and the one best fitted to solve the vital problems now facing the republic, has repeatedly stated since his return from his exile in Europe that he would not become a candidate for the presidency if by so doing he would embroil the country in civil discord. Lately, however, he has manifested a disposition to listen to the appeals of his friends and it is generally believed he will accept the nomination and contest for the presidency against Madero and Gomez. General Reyes will have the united support of the Clerical party.

ROBS POCKETS AT BAPTIZING

Mischiefous Thief At Randlett Rifles Pockets—Left Only Two Dollars.

(Lawton Constitution) Randlett, Okla., Aug. 16.—While a number of candidates were being baptized in a cotton gin tank here Sunday some mischiefous thief entered one of the buildings where the young men converts had deposited their clothes and rifled the pockets of several dollars in change.

In his haste, however, the thief left two dollars in one man's clothing. A reward has been offered for the capture of the thief but thus far no trace of him has been found.

THREE YOUTHS GO TO GATESVILLE

Sheriff Randolph left this afternoon for Gatesville having in charge three Wichita Falls boys who will enter the training school there. Two of them will serve terms of five years and the third three years.

These three youthful prisoners and others in the county jail yesterday afternoon almost tore a hole through the jail wall and had it not been discovered they would probably have escaped last night.

To prevent these youthful prisoners from escaping while enroute Sheriff Randolph was compelled to hand-cut them together.

\$200,000 ROAD BOND ELECTION RESULTS

Proposition to Bond the County For \$200,000 Worth of Road Bonds Fails to Carry by Necessary Two-Thirds Majority.

The result of yesterday's election to vote \$200,000 worth of road improvement bonds failed to carry by the necessary two-thirds majority and was therefore defeated, the vote, with two small boxes to hear from being 427 for the proposition, and 321 against. No election was held at Electra, and the two missing boxes Beaver Creek and Denny, have not yet seen in the returns. The vote in these two boxes, however, could not change the result.

ANOTHER MESSAGE FROM GOVERNOR

HE RECOMMENDS THAT PURE FOOD COMMISSIONER BE GIVEN MORE AUTHORITY.

By Associated Press. Austin, Aug. 16.—The governor this morning sent another message to the legislature recommending an amendment to the pure food law so as to bring the food bureau now maintained at College Station directly under the control of the state food, dairy and drug commission. He also recommends giving the food commissioner more authority in the inspection of food stuff.

Frank S. Roberts, district attorney of Caldwell county appeared before the House election committee today and stated that inasmuch as he had several cases of alleged violations of the election law under prosecution he was not free to divulge the facts. He said there were many rumors in his county about violations of the laws during the local option election in March and the statewide election in July.

Clint Chambers, county attorney of Jones county corroborated the testimony previously given by Representative Spradley about a conversation between Ed. McCarty, secretary to Jake Wolters, and himself in which McCarty said that money was coming into headquarters every day.

Spradley reappeared before the committee this morning and called Ed. McCarty a "liar and scoundrel" for declaring before the Senate committee that he was not acquainted with Spradley.

In the Senate committee Hume of Harris county characterized the investigation as "a mockery and a chaotic affair."

DRILLING WELL IN HACKBERRY FLATS

Grandfield, Okla., Aug. 14.—The southern part of Comanche and Tillman counties is being filled with oil and gas drilling rigs and people will soon commence looking for a gusher. There is a drilling outfit at Loveland which has been busy for some time. Another prospector has put a rig into the field near Hackberry Flats and on the first of next week, prominent oil men in this state will have another drill and force of men busy near Grandfield. Oil and gas experts declare that the southern part of Comanche and Tillman counties are in the same gas and oil belt as Electra, Texas, where during the past few months some of the largest oil wells in the United States have been brought in.

People are enthusiastic over the prospects and Grandfield parties have taken some stock in one company which will begin drilling soon.

Some days ago while drilling a well near Grandfield at a depth of 300 feet oil sand which shows up good, was struck.

Galveston, Aug. 16.—The dead body of George H. Jaqueth, recently from New York, was found this morning on the beach. He had evidently been murdered.

SPECIAL ROAD LAW FOR THIS COUNTY

STEPS ALREADY TAKEN TO SECURE SPECIAL LAW FOR FORMATION OF SPECIAL ROAD DISTRICT HERE.

BONDS ARE TO BE ISSUED

Governor Colquitt Has Promised That He Will Submit Measure at This Session.

The defeat of the road bond issue for the county at large in yesterday's election is perhaps the best thing that could have happened for Wichita Falls, in that, since it was ascertained that the proposition was defeated steps were immediately taken by prominent citizens and taxpayers to petition the Legislature now in session for a special district road law similar to one now in effect in Lamar county, which special law directs that a district may be laid off for the purpose of bonding for good roads. Such districts have the privilege of taking in incorporated cities and the money derived from the sale of the bonds may be expended for the improvement of the streets of said incorporated cities, or the proportionate share of such money collected as taxes levied against city property will entitle the cities to.

Mr. Wiley Blair in conversation over long distance telephone with Gov. Colquitt this morning, took the matter up with the governor and secured a promise from him to the effect that he would take pleasure in presenting the petition for a special district road law to the legislature at this session.

A meeting of citizens will likely be called this afternoon or tomorrow for the purpose of appointing a committee to draw up the regular legal documents necessary to be presented to the legislature, and a committee consisting of Judge Scurry, Judge Carrigan and perhaps others will go to Austin to present the matter to the governor and the legislature.

WATTERSON IGNORED HIS ADVICE SCORED

Sage of Kentucky Democracy Unable to Stem Tide of Prohibition Sentiment.

Louisville, Ky., Aug. 16.—Delegates to Kentucky's Democratic platform convention last night refused to accept Henry Watterson's advice and adopted the majority report of the resolutions committee, which provided, among other things for the extension of the county unit law to all counties of the state. Watterson, himself, a delegate, was a member of the committee of thirteen. He presented the minority report, which differed only as to that feature, and moved to amend so as to leave the state's liquor laws as they stand, urging that the county unit was but a preface to prohibition.

Both parties go into the campaign with similar planks, the Democrats led by former Governor McCreary and the Republicans by Judge Edward C. O'Rear, now a member of the appellate court. The contest in the convention this afternoon did not prove as warm as expected.

The vote on Watterson's amendment was 514 for and 667 against. Immediately it was lost. The majority report was proposed and carried unanimously. Besides the county unit law, which has been in force in counties where were situated cities of the first four classes, the platform commends the Democratic congress and the State's Democratic representatives and condemns everything Republican. The resolutions contain no endorsement of any national candidate, but declare for popular election of the United States senators, the direct primary and for good roads.

Uses Pitchfork to Make Wife Labor in the Fields.

According to the story told at Wilkesbarre, Pa., by Mrs. Michael Leebke, who weighs 200 pounds, her husband does not intend to give her any chance to become a suffragette. She says he makes her drive horses and pitch hay, do the house work, cook the meals, milk the cows, feed the stock and hoe the garden. He loafs in the shade and smokes his pipe, and if she rebels beats her with a pitchfork.

A SAD EXPERIMENT WITH WOMEN JURORS

A California Judge Took His Life in His Hands and Called 12 Women Good and True.

San Francisco, Cal., Aug. 15.—Superior Judge Graham impaneled a jury of women in his court yesterday to aid him in deciding who should be given the custody of Mary Ellen Callahan, 4 years old, whose parents, Puhiah and Catherine Callahan, are divorced, and both of whom seek the custody of the child.

The result was a woful disappointment to the judge. Judge Graham, before hearing testimony in the case, invited twelve women in the court room to sit in the jury box, saying he believed they could aid him in making his decision. After the testimony he asked for their opinion.

The "Jurymen" expressed their opinion freely, but failed signally to agree, and then began to express unflattering opinions of each other.

When Judge Graham could make himself heard he declared that he feared the jury had been "packed" by both the parents, and that the jury was therefore dismissed.

Mary Ellen was then given into the custody of the Conservator of the Pledge pending further order of the court.

Togo Ends New York Visit.

New York, Aug. 15.—The rapid-fire program of social and official functions with which New York has entertained Admiral Togo, and which the Japanese naval hero admits has made the past few days one of the most strenuous periods of his life, was concluded today with a luncheon given by Mrs. Gen. Frederick D. Grant, at Governor's Island. Early this evening Admiral Togo and his party depart for Boston, where two days are to be spent before the transcontinental journey is begun.

EXCESSIVE SPEED WILL NOT BE TOLERATED

Engineers and Conductors On Henrietta Division of Katy Warned to Hold Trains to 20 Miles.

Engineers and conductors have again been warned not to exceed a speed of twenty miles per hour on the Henrietta division of the Katy in an official circular just issued.

The initial order was issued several weeks ago but it seems that some of the engineers have failed to take it seriously. In the last order warning is given that the speed of the trains is being watched and that a higher rate of speed will not be tolerated in the future.

The Katy has established an enviable record in that no passenger has ever been killed in a wreck on that system and the order just issued is in compliance with the rule of the company to make safety the first consideration. When conditions warrant, however, the Katy trains go as fast as the best. The condition of the track on the Henrietta division does not warrant an excessive rate of speed.

Some day in the not far distant future, the track on the division will be placed in such a condition that a speed of fifty to seventy-five miles an hour will not be considered unsafe.

Strong Subject For Lectures.

Lafayette, Ind., Aug. 15.—What is believed to be the first onion improvement lecture train ever operated in this country was started on tour today under the joint auspices of the Chicago, Indiana and Southern Railroad Company and the agricultural extension department of Purdue University. The tour will cover a section of the State which has been found especially adapted to the cultivation of onions. At numerous points lectures will be given on the selection of varieties, cultural methods, fertilization and kindred topics.

What Becomes of All the Marbles? Is the Query Now

"Where do all the pins go?" and "what becomes of all the pocket knives?" are two old queries which have never been definitely settled. And yet a third has been added. "What becomes of the hundreds of millions of marbles made for American children each year?"

It is perhaps all right to enforce the law, but in the case of the Jackson, (Miss.) city judge who dug up an old law that said women convicted in the city court should work out their sentences on the streets, is one law that by all means should be repealed. There is a still older and far better moral law that man should always protect women from indignities, and no more public indignity is imaginable than the working of women on the public streets. It might be necessary to confine and restrain them, but there are other and more dignified ways of accomplishing such an end.

As was expected, a majority of the country vote was cast in yesterday's election against the issuance of \$200,000 40-year 5 per cent road improvement bonds, and the majority for the bonds in the city was not sufficient to carry the proposition by the requisite two-thirds vote. In the opinion of this paper, this is a step backwards, and will be so regarded by the outside world. But it is perhaps just as well that the election resulted as it did. The farm property would have had to pay to pay off the interest and principal of these bonds—the remainder being taxed up against city and railroad property, which had the bonds been voted, would have received no direct benefits. From the way the election went, we are to understand that the farmer or country vote was not willing to improve the public highways—that the roads are good enough as they are, and can be kept in repair by the present 7 1/2 cent tax that is levied and collected each year for the purpose, and if they are satisfied the city tax payer, together with the railroads, ought to be satisfied. With three boxes to hear from the vote stands: For the issuance of bonds, 427; against the issuance of bonds,

321, which indicates that the proposition to improve our county thoroughfares is defeated by a majority of 771. The boxes to report yet are Electra, Beaver Creek and Denny. At Electra no election was held, and the combined vote of the other two boxes, even if all were cast for the proposition, could not change the result.

Just how far credulity and a deficient sense of humor will carry a man was illustrated at Austin last Saturday when Representative Spradley of Collin county declared before the election investigating committee that he had heard that John D. Rockefeller had contributed \$1,000,000 to defeat prohibition in Texas. It is of course entirely possible that the Hon. Mr. Spradley was told something of this kind. He has also probably been told at some time in his life that the moon is made of green cheese. There was just as much reason for believing the story of the other. Possibly Mr. Spradley does believe that story about the moon. A man who would believe that Rockefeller story would believe almost anything.

However, it is hot, and it is the dull season, and we must have something to amuse us. The Hon. Mr. Spradley has helped greatly.—San Antonio Light.
During the campaign many papers alone all they could to make their readers believe the story that John D. had contributed a million to the pro campaign fund. They were giving publicity to the item—not because they believed there was a word of truth in it, but because they thought it might make a few votes for their side of the question. The Light, however, was an exception. The only thing it can be criticized for in this instance, is waiting until after the election to make denial.

New Register For Galveston.

The United States Custom House at Galveston has opened a new register in which will be entered the names of all ships entering and clearing the port of Galveston. The old register, which has been laid aside and which has been doing duty since November, 1904, shows that there were entered and cleared at Galveston during this time, 7128 steamships, foreign and coastwise. These steamers have carried to foreign and coastwise ports 20,500,000 bales of cotton.

- 1900—United States senator from Kansas, died. Born Dec. 29, 1833.

This Is My 55th Birthday.

Thomas O. Davis, a member of the Senate of Canada, was born in Sherrington, Quebec, August 16, 1856, and received his education from private tutors. In early life he emigrated to the West and took up his residence at Prince Albert, Saskatchewan. In his new home he soon became active in public affairs and was elected successively to the offices of councillor, a mayor and president of the school board. His entrance into Federal politics came in 1896, in which year he was elected to the House of Commons for Saskatchewan, in place of Sir Wilfrid Laurier, who vacated the seat to accept Quebec East.

Pleasant Valley Items.

We are having some warm weather of late, which will help the cotton. Mr. and Mrs. Quinly and two small children, started to Oklahoma Tuesday on a visit to their daughters. Misses Alice Clay, Susie and Mae Quinly, Ola and Lou Rogers, spent a delightful day with Miss Pearl Conwill, Sunday.

Mr. Fred Childress and Miss Mabel Denton called at Mr. Rogers Tuesday evening. Miss Ola Rogers visited Misses Mae and Susie Quinly Monday. Rev. Ferguson and others left this place Monday for Burk Burnett, where they will attend the workers meeting at that place.

Mrs. Preston spent several days last week with her friend, Miss Pearl Conwill. Master Robert and Johnnie Clark spent Sunday with Loyd and Floyd Conwill.

Our Sunday school is doing nicely. Mr. Goodwin did not get the singing school on account of people working their crops.

The big meeting at Pleasant Valley next Sunday.

A man's money is not all that is needed in a commercial organization, but his work as well. No one man, it matters not how able he may be, can do all of the physical work for his town. It must be divided up, and this is done through committees. Therefore, every organization must have a full complement of committees (departments). No man has a right to be on a committee simply as an ornament. Neither will the organization prosper that has dead timber on the committees. Cut out the dead ones, and use only live ones, for of such is the bone and sinew of all towns and commonwealths.

A Few Common Sense Hints on Dress.

(By a Physician.)
I may be telling something that 999 people out of every 1000 know. This is addressed to the thousandth person who does not know. And, frequently, it is not amiss to jog the memory of those who know.

Be careful what you wear about your neck. Neckwear, for men as well as for women, should be loose. Tight and constricting collars or bands about the neck may cause an insufficient air-supply, congestion of the arteries of the brain and, consequently, headache and dizziness.

To dress the neck too warmly lessens the power to resist taking cold when there happens to be a change in the atmosphere. The less one is accustomed to bundling up the neck, the less liable will be to take cold. Mind your feet. Footwear also is a matter of importance. Shoes should never be worn too tight. To say nothing of the annoyance and discomfort which they not only render the free movements, but the constriction of the blood vessels causes impaired circulation and coldness of the extremities. This is a point sometimes overlooked or ignored: If it is found necessary to wear underwear at night, a different set should be kept for the purpose which with the night-dress or night-shirt, could be well aired during the day.

EASILY DECIDED.

This Question Should Be Answered Easily By Wichita Falls People

Which is wiser—to have confidence in the opinions of your fellow-citizens of people you know or depend on statistics made by alien strangers residing in far away places? Read the following.

Mrs. Charles Irwin, 704 Burnett avenue, Wichita Falls, Texas, says: "Doan's Kidney Pills have proven themselves worthy of my praise and I am glad of this opportunity to recommend them. I had such severe attacks of backache that I could hardly endure them and it seemed as if a heavy weight were tied to me. There were bearing down pains in my hips and I also had much soreness through my kidneys. Last spring I was confined to my bed for four months and during that time I was in great pain. When I heard of Doan's Kidney Pills I got a box from the Wichita Drug House and they helped me beyond my expectations. Since I used them, I have been in much better health. One of my relatives has also taken Doan's Kidney Pills and has found them very reliable." (Statement given June 6, 1908).

A Second Endorsement.
Mrs. Irwin was interviewed on December 9, 1910, and she said: "I have no hesitation whatever in confirming the statement I gave over two years ago in which I told of my experience with Doan's Kidney Pills. Since that time I have taken this remedy occasionally and it has always brought prompt relief."

The Wichita State Bank

Wichita Falls, Texas

This Bank and Your Business

There are many banks in the country larger than The Wichita State Bank. They may have more capital and perhaps do a greater volume of business. But for the smaller business man, farmer or manufacturer, had it occurred to you that the small bank is the best place for the beginner to go? The big bank is often cold-blooded and independent. Your business in the big bank is but an incidental detail, and your interests are scarcely noticed. The small bank, however, can give your business more time and attention, for it is interested in your success. This bank while small in comparison to some of the large banks, has ample means and facilities to properly care for your business. Its officers have time to consider your interests and welfare. Your business will be welcome and will receive their best attention.

Happenings at Iowa Park.
The Senior Epworth League held an entertainment on last Friday evening at the home of Mr. and Mrs. J. B. Sisk, for the purpose of raising money to buy new song books for the church. Ice cream and cake was served from which \$9 was realized. Mrs. Max Fox left Thursday night for Fort Worth and Gainesville, where she will visit friends and relatives. Miss Minnie Ellis, of Haskell, a teacher in the high school at that place, is the guest of Mrs. Dale Brown. Miss Ellis was formerly a teacher at this place. Mrs. Bumpas, who has been the guest of Mrs. Dale Brown, delivered a very interesting lecture last Wednesday evening on "Stepping Stones for Women" at the M. E. Church. Going from here to Vernon where she will lecture. Rev. H. B. Johnson and wife left Monday for Bailey, where he goes to help in a revival meeting. Mr. and Mrs. Duncan of East Texas are visiting Mrs. Duncan's niece, Mrs. C. H. Clark. Miss Pearl Roberts, of Burk Burnett, visited with friends Saturday. A most delightful hay ride was given last Thursday night by Mr. Hubert and Miss Gera Davis. Two wagon loads of merry-makers, chaperoned by Rev. H. B. Johnson and wife and Mr. and Mrs. J. C. Beaton, drove to the river bridge where a delicious luncheon and lemonade was served. It was an ideal night for a hay ride and every one came home eager for another such an opportunity. Monday afternoon while Mr. R. F. Abernathy was driving through town, his horse became frightened running away turning the buggy over and throwing Mr. Abernathy to the ground. He was considerably bruised and is confined to his bed today.
WITH THE BOXERS.
Matt Wells and Phil Brock will meet in Philadelphia Aug. 15. Jack (Twin) Sullivan and George Cotton have signed to box in Buffalo the later part of this month. Kid McCoy, who says that he is a genuine "come back" will meet Gunboat Smith in San Francisco if some promoter will stage the bout. Jimmy Clabby will make another trip to Australia under the management of Hugh McIntosh. He will leave for that country next month.

ON BURNE 14-1, BONHAM 1-0.
Cleburne, Texas, Aug. 16.-It was Cleburne's day at Gorman Park yesterday afternoon, the "Coke Batters" winning both games from Bonham the first by 14 to 1 and the second by 1 to 0. Just started the first game for the visitors, but had to be removed from the box, Lunsford finishing. Both yielded a total of fourteen hits. The visitors made a number of errors and after getting a bad start did not exert energies to catch the locals, who kept hammering the ball heavily. Deardorf did the twirling for Cleburne in both the first and second games, making a fast job of it, allowing only five hits. He had eight-edges support. All kinds of difficult plays were made. Happenings at Iowa Park.
The Senior Epworth League held an entertainment on last Friday evening at the home of Mr. and Mrs. J. B. Sisk, for the purpose of raising money to buy new song books for the church. Ice cream and cake was served from which \$9 was realized. Mrs. Max Fox left Thursday night for Fort Worth and Gainesville, where she will visit friends and relatives. Miss Minnie Ellis, of Haskell, a teacher in the high school at that place, is the guest of Mrs. Dale Brown. Miss Ellis was formerly a teacher at this place. Mrs. Bumpas, who has been the guest of Mrs. Dale Brown, delivered a very interesting lecture last Wednesday evening on "Stepping Stones for Women" at the M. E. Church. Going from here to Vernon where she will lecture. Rev. H. B. Johnson and wife left Monday for Bailey, where he goes to help in a revival meeting. Mr. and Mrs. Duncan of East Texas are visiting Mrs. Duncan's niece, Mrs. C. H. Clark. Miss Pearl Roberts, of Burk Burnett, visited with friends Saturday. A most delightful hay ride was given last Thursday night by Mr. Hubert and Miss Gera Davis. Two wagon loads of merry-makers, chaperoned by Rev. H. B. Johnson and wife and Mr. and Mrs. J. C. Beaton, drove to the river bridge where a delicious luncheon and lemonade was served. It was an ideal night for a hay ride and every one came home eager for another such an opportunity. Monday afternoon while Mr. R. F. Abernathy was driving through town, his horse became frightened running away turning the buggy over and throwing Mr. Abernathy to the ground. He was considerably bruised and is confined to his bed today.
WITH THE BOXERS.
Matt Wells and Phil Brock will meet in Philadelphia Aug. 15. Jack (Twin) Sullivan and George Cotton have signed to box in Buffalo the later part of this month. Kid McCoy, who says that he is a genuine "come back" will meet Gunboat Smith in San Francisco if some promoter will stage the bout. Jimmy Clabby will make another trip to Australia under the management of Hugh McIntosh. He will leave for that country next month.

ON BURNE 14-1, BONHAM 1-0.
Cleburne, Texas, Aug. 16.-It was Cleburne's day at Gorman Park yesterday afternoon, the "Coke Batters" winning both games from Bonham the first by 14 to 1 and the second by 1 to 0. Just started the first game for the visitors, but had to be removed from the box, Lunsford finishing. Both yielded a total of fourteen hits. The visitors made a number of errors and after getting a bad start did not exert energies to catch the locals, who kept hammering the ball heavily. Deardorf did the twirling for Cleburne in both the first and second games, making a fast job of it, allowing only five hits. He had eight-edges support. All kinds of difficult plays were made. LATE SPORTING NEWS

NOCONA WON FROM PICKED TEAM

GAME WAS CLOSE AND EXCITING CONTEST-WINNING RUN IN NINTH.

FRED SMITH ON MOUND

Sachman Led in Hitting and Z. Smith's Three Backer Was a Scorer. A picked team from players in the City League were defeated by Nocona at the city park in an interesting and close contest yesterday afternoon by a score of 4 to 3. Fred Smith was on the mound for the locals and let the visitors down with seven hits. Minor pitched a good game for the visitors. Z. Smith of the locals hit the only three batters of the game. Bachman in five times up got two safeties. Nocona held the lead until the fifth when the score was tied. The winning run was scored in the ninth.

George Moriarty, captain and star third baseman of the Detroit Tigers, who was seriously injured in the game with the New York Yankees last Tuesday, Daniels, the Yankee out-felder, made a fierce slide into third base while Moriarty was blocking the bag with his right leg. The Detroit captain's right leg was badly lacerated above the knee and it is certain he will not be able to play for more than a month, possibly not again this season.

BASEBALL NOTES

Big George McConnell, the Rochester pitcher, has won 22 out of 25 games he has pitched. The Boston Red Sox have been badly crippled with Lewis, Wagner and Yerkes out of the game. Nap Lajoie and his big bat are working in the same old way and keeping Cleveland on the baseball map. Look out for Pittsburgh. The Pirates are coming to the front in the National League race at a fast clip. The work of Caslon, Washington's young pitcher, looks like real lace. He comes from the Carolina Association. Scott Fred Lake, of the St. Louis Browns, is trying to buy the Lynn franchise in the New England League. The New York Giants fall down when they hit the road, but at home McGraw's hirelings are a hard outfit to beat. Joe Cantillon must be giving Rube Waddell the vacant pocketbook treatment. Rube is pitching winning ball for Minneapolis. President Comiskey of the White Sox has signed Flaming Delah, a California pitcher. Must be easy for a pitcher with that name to warm up. In order to get a start at Marty O'Toole, the \$25,000 pitcher, American Association fans are flocking to the park when the St. Paul team performs. New York was the only soft kicking for the White Sox during the Eastern trip. The Chicago crew was badly scratched in Boston Philadelphia and New Britain. Hill Dahlen's Brooklyn team made a swell showing on the western trip. With a little better break in the cleave once E.H. and his dodgers would have made a clean-up. The Detroit Tigers lost seven out of ten games in Philadelphia and Boston but took home a barrel of money. The total attendance for four days in each city was 186,000. Smith & Taylor have opened a first class meat market in connection with their grocery, corner Barwise and Mississippi, phone 947. All orders will be received promptly, attention, and the best of meats guaranteed. For the best meats go to the Wichita Meat Market, 906 Indiana Ave. 68-26tc

Actress' Trunk Blows Up and Hurts Three Baggage-men. There was a surprised lot of baggage-smashers at the station in Wilkesburg, Pa., when they heaved out the little steamer trunk belonging to Esther Drew, an actress, for it blew up and hurt three. The trunk was splintered and Miss Drew's wardrobe was scattered about the platform and tracks. She says the only thing that could have exploded was some accented toilet water.

Girl Crashes Through Five Floors of Building. Miss Hazel Goodsoe, 23 years old, was at work on the fifth floor of the public library at Lynn, Mass., when a glass floor panel gave way. She fell to the next floor, where the panel also gave way, and on to the marble floor of the basement. After the fifth and final crash through glass Miss Goodsoe got up, walked to the sidewalk and waited for the ambulance. She was found to have only a few bruises.

PURE DRINKING WATER

AN IMPORTANT ITEM THESE DAYS

One of our corrugated Iron Cisterns and Filter will solve that problem, besides cutting out doctor bills and water rent. Better see us about it.....

J. C. ZIEGLER Mfg. Co.
Cor. Indiana Ave. and 10th St

When Old Sol shows his glittering face and starts in to warm things, the creosote begins to boil and the new paving begins to widen out the streets; in fact when the good old Summer time makes Dante's inferno look like a cold storage plant it is time to spend a whirl where fans whirl the glasses clink, where the white aproned lads treat you cold while every wrinkle in your throat says thank you every time you sip the cold nectar: the time is today, the place is the Palace Drug Store, and you should bring the girl with you. The chauffeur on our big phis machine has them all down in the dust and panting for breath when it comes to building that pretty, fizzy, ruming foam.

We are closed up from 12:30 to 6:00 o'clock every morning, the balance of the time we are on the bag with the big mit.

CRAZY

The Demand for Crazy Water

Has been so great that it has been impossible for the wells to ship promptly and even though we made express shipments to fill the gap we have been out of some numbers. We received a BIG CAR Saturday and can now fill all orders promptly—Its the BEST WATER ON EARTH.
