RECOUNT NECESSARY IN MAINE ELECTION

RETURNS SO CLOSE IN PROHIBITION ELECTION THAT EITHER SIDE MAY WIN.

ANTI LEAD 168 VOTES

Later Returns However May Throw Victory to the Prohibitionists.

By Associated Press. Portland, Me., Sept. 12.—(Bulletin)—Official returns from 225 cities and towns and plantations, used in revising the unofficial figures of last night have reduced the anti majority to 168 votes.

At 1:45 o'clock this afternoon the returns indicated that the prohibitionists might win.

Former Mayor Adam P. Leighton of Portland, president of the no license league, announced today that steps would be taken for a recount of the vote unless the official returns materially increase the majority for repeal of the amendment.

Early Reports Favor Anti's. Portland, Me., Sept. 12.—At 8 o'clock this morning it seemed almost certain that statewide prohibition had been defeated in yesterday's Maine election. At that hour with fourteen towns still to hear from the vote to remove the prohibitory clause from the State Constitution gave the repeal majority of 963.

HAS A RIGHT TO CARRY SIX SHOOTER

Attorneys for Judge Felder Contend That He Has Violated No Law.

That the county judge is a peace officer under the constitution and therefore has a right to carry a revolver at any and all times in the county in which he is county judge was the contention of the attorney for County Judge Felder at his trial before Special Judge Edgar Scurry in the county court this morning on an indictment charging him with carrying a pistol.

Judge Felder's attorney cited a case from the supreme court in which a decision was rendered to that effect. County Attorney T. R. Boone, who is prosecuting the case asked for time to examine authorities and was given until nine o'clock tomorrow morning.

It is reported that an agreement has been made to let the finding in this case govern a second complaint wherein Judge Felder is charged with displaying a pistol.

England's Famous St. Leger. London, Sept. 12.—Thousands of racing enthusiasts will gather at Doncaster tomorrow to witness the running of the St. Leger, the last of the great classic races of the season.

The latest quotations on the street show King William to be the favorite with Lyacon and Prince Palatine as second and third choice, respectively.

The St. Leger never fails to attract a crowd that is second only in point of numbers for a flat-racing event to the Derby at Epsom. Tomorrow's race will be the 128th contest for the great event named after a certain Colonial St. Leger, who nearly a century and a half ago lived at Doncaster. It was he who suggested the race. It was in the early part of 1776 that a "sweepstakes of 25 guineas each for three year olds" was inaugurated. The distance was two miles, which was reduced in 1813 to 1 mile 6 furlongs and 132 yards. Later on it was further reduced to 61 yards, which is the present distance.

Light gray uniforms which the German army is testing seem to make their wearers invisible when strong searchlights are turned upon them.

Woman Evangelist Will Speak at the Tent Meeting Tonight

Sister Bessie West, of Coleman county, the woman evangelist of the Abilene district of the Church of Nazarene, will be one of the speakers at the tent at the corner of Tenth and Travis streets tonight. Sister West accompanied by her husband, Rev. J. O. West, reached the city this morning. She will assist in the tent meetings which will continue until September 20th when the annual assembly of the Nazarene church convenes here.

INCREASE CAPITAL TO \$75,000.00

Name of Wichita Falls Planning Mills Co. Will Be Changed to Wichita Falls Sash and Door Company.

At an adjourned special meeting of the stockholders of the Wichita Falls Planning Mills Co., held at the office of Anderson & Patterson this morning, the capital stock of the company was increased from \$25,000 to \$75,000 by a two-thirds vote of the capital, and the name of the company was also ordered changed to that of the Wichita Falls Sash and Door Company.

The object in raising the capital stock was as stated by the president of the company, Mr. W. Lee Moore, to engage exclusively in the wholesale business, and in order to do this it was necessary to build additional warehouses and carry a larger stock.

The planing mill company has been organized a little more than a year, and during that time has made a splendid showing, declaring a dividend of 10 per cent on its capital stock for the first year's business.

The president of the company anticipates but little if any trouble in placing every dollar's worth of the new stock to be issued and thinks there is no better opening anywhere than right here in Wichita Falls to establish a large sash and door factory.

Maccabees to Boost Rates.

Port Huron, Mich., Sept. 12.—The special session of the Great Camp of the Knights of the Modern Maccabees, called to take action on the proposed increase in assessment rates, opened today with every prospect of a lively meeting. Like other fraternal insurance orders the Maccabees has reached that stage of its career when an increase in rates appears necessary to meet the losses resulting from the maturity of the first class certificates issued to the early members and carrying old age annuity as well as death benefit.

A considerable element of the membership is strenuously opposed to the increase in assessments. Their representatives will introduce a resolution to meet the loss not by a raise in rates but by abolishing a number of highly paid offices that are declared to be sinecures and by otherwise reducing the expenses of maintaining the order.

The electric dredges which are cutting the new state canal across New York have a capacity of more than 10,000 cubic yards of earth a day.

PARIS HAS 200 FIRE PLUGS AND 117 LIGHTS

Paris, Texas has 200 fire plugs and 117 arc lights. The lights are of 200 candle power and the city pays for them at the rate of \$5.83 1/3 each per month.

The city owns its own waterworks and charges its patrons a graduated scale and measures the water by meters. The rate charged was not given in the letter received by City Secretary Skeen this morning.

For electric current for commercial use, the rate is from 10 to 20 cents per kilowatt. For domestic use the rate is 20 cents per kilowatt with minimum monthly charge \$1.50 per month.

ROAD MEETING THURSDAY NIGHT

Because there was not a sufficient representation of the property owners at the court house last night, the mass meeting called to discuss the proposed road bond issue, was postponed until Thursday night when an effort will be made to secure a larger attendance.

INSANITY PLEA OF GUMBEL'S SLAYER

CLANDESTINE LOVE AFFAIR REVEALED IN TORN LETTERS PIECED TOGETHER.

BLACKMAIL ALSO HINTED

Woman in the Case Now In Chicago. She May Help Defendant Husband.

Kansas City dispatches state that Robert C. Curtis, the cigar salesman who killed Henry C. Gumbel, a Wichita Falls real estate man, will plead emotional insanity.

Monday's KANSAS CITY Times has the following concerning the cause of the shooting:

When Henry C. Gumbel sank to the floor in Room 422, Kupper Hotel, late Saturday afternoon, after having been fatally shot by Robert C. Curtis, he tore to bits three letters, which were found at his side a moment later, were taken by the police. Yesterday morning at police headquarters, a few hours after Gumbel's death at the University Hospital, one of the letters was placed together.

S. W. Zickelsohn, chief of detectives said last night that the contents of the letter were not for publication. He said he did not know the writer's name. Several extracts of the letter have been learned, however.

The letter was signed "Lucie" or "Lucille." The fact that it was blurred slightly prevented positiveness. Lucie is the name of Mrs. Robert Curtis, wife of Gumbel's slayer. The letter was six pages long and was exceedingly affectionate, containing many endearing terms.

The possibility of blackmail is brought out by the following extract: "I would rather see you bankrupt than have you give him one penny." That the writer feared that her letters would be found is shown by another extract, which is said to read: "Guard your room and my letters closely. It is an easy matter to bribe a maid or a bellboy."

Another quip which the letter is said to contain shows that marriage may have been contemplated. The writer says: "There will be no need of a wedding march for us, for no one but a justice would have news enough to marry such a combination as Jew and Episcopalian." It is alleged to go on to say: "The world is full of fools. You are one of them. Don't think this is ugly for it is a fact."

Mrs. Curtis is in Chicago, where she fled to escape Curtis. A friend there August 25 after Curtis found that she was living at 2203 Tracy avenue.

Mrs. Curtis asserted to William Woodford, an attorney, to whom she went about August 2 to have him draw up a petition for divorce, that she feared that her husband would harm her. A preliminary petition was drawn at that time, but never been filed. Curtis filed his divorce suit September 1.

Mrs. Curtis told Mr. Woodford that Curtis threatened her and had beaten her. She said that Curtis had kicked her and driven her from their home last New Year's Day.

"She told me that her husband had talked to her about Gumbel," Mr. Woodford continued. "She had met Gumbel once or twice, she said. She had left Curtis at the time she was in my office and was living at 2203 Tracy avenue. She was keeping her address secret from Curtis. With her was living Mrs. Hazel Hemmett, whose husband, then living in Cincinnati, was suing her for divorce. I went to talk to Curtis about the proposed divorce proceedings. He said that he was 'just crazy' about his wife and that no matter what she did he loved her. His manner was so forceful that I believed him."

"About August 24 Curtis found where his wife was living. A friend notified Mrs. Curtis and she proposed to leave the city. She had left the house and the city before Curtis arrived at the house. The rent was paid in advance, too, to October 1.

"I had never seen Mrs. Curtis before she came into my office to have me represent her in divorce proceedings. She is a stunning appearing woman. When I found that she is 38 years old I could hardly believe it, for she does not appear to be more than 26 years old.

CATTLE RAISERS LOST \$100,000,000

PACKERS HAVE ARBITRARILY REDUCED PRICES PAID FOR LIVE STOCK.

MEETING IN FORT WORTH

Consumers and Producers Gather to Discuss the High Cost of Living.

By Associated Press. Fort Worth, Texas, Sept. 12.—Consumers and producers conference for a direct attack on high cost of living opened here this morning with representatives of the Farmers Union, working men, professional and business men and of the Texas Cattle Raisers Association, planned to discuss a central selling agency and also the establishment of independent packing house at some central point in Texas in order to reduce the cost of living. President Ed C. Lassiter, of the Texas Cattle Raisers Association, presided. He said he thought the cost of raising cattle had not decreased yet the total loss to that industry in the year ending July 1, 1911, was \$100,000,000 owing to the packers reducing their buying price of livestock.

TEXAS "U" SCHEDULE OUT

To Close Season at Home—Thanksgiving in Match with the Okla. "U."

Austin, Texas, Sept. 12.—The following football schedule for the season of 1911 has been announced by the University of Texas.

Texas Christian University at Austin, October 9.

Southwestern University at Austin, October 14.

Baylor University at Austin, October 28.

Seawane at Austin, November 3.

Agricultural and Mechanical at Houston, November 13.

Auburn (Ala.) Polytechnic at Austin, November 18.

Okahoma University at Austin, November 30.

GOOD PROGRESS ON W.F. & N.W. EXTENSION

Frank Kell returned last night from Oklahoma City, where he attended the inquiry into the live stock and meat products rates now in progress before Interstate Commerce Commission. He said that the rate of the live stock rates from Fort Worth to Oklahoma City and Northwest. While in Oklahoma City he contracted with the Pioneer Telephone Company to extend their wires and service along the route of the extension now building out of Woodward, Okla.

Reports received by Mr. Kell indicate that the construction crews are now making good headway. The track is completed almost to Leedy, twenty miles out from Woodward. Mr. Kell expects ten more miles to be completed quickly after which there will be a long stop at the river where many months will be required to complete the long bridge.

FANCY APPLES FRESH FROM COLORADO

Fresh from mountain valleys in Colorado, with juiciness that associates the taste with cool streams that dash down the mountain side and with the red and gold of the mountains, apples now selling by the A. O. Schramm Fruit and Produce Co., are about the most delicious ever brought to the city.

The pack was personally inspected by Mr. Schramm and the apples were sent by red ball freight.

They are being sold in boxes from the car on the Katy team track and are retailing from \$1.50 to \$1.75 per box. Wealthies, McMabans and Wolf River are among the varieties.

DEPARTMENT OF ORGAN AT MUSIC CONSERVATORY

Organist of Rare Ability Heads Department in Wichita Falls Conservatory.

MOUNT ETNA IN VIOLENT ERUPTION

GREAT STREAMS OF LAVA COVER FORESTS ON THE MOUNTAIN SIDES.

Mrs. Allen, a woman of culture and wide experience in this country and abroad has identified herself with the Wichita Falls Conservatory of Music and will be in charge of the department of organ instruction.

Mrs. Allen has filled the following positions with success, namely: Organist at the Countess of Huntingdon's chapel at Bath, England; Organist at the Cathedral at Bristol, England; Organist of the Broadway Tabernacle, New York City; Organist at Trinity Church, Atlanta, Georgia; and for the past year has acted as organist of the Polk Street M. E. Church in Amarillo.

Negotiations are now being conducted looking toward Mrs. Allen being placed in charge of the music of one of the leading churches of the city. With the addition of this department to the life of the Conservatory a thorough equipment is provided and no doubt the public will show its appreciation by the bestowal of a liberal patronage.

Sixty students were assigned yesterday to the work of the secretarial departments and at a meeting of the full faculty last evening encouraging reports indicated a most successful first year. Some fifteen students from out of the city are included in the enrollment.

COWAN TESTIFIES AT RATE HEARING

Believes Rate From Texas Points to Oklahoma City Should Be Lower Than to Kansas City.

Oklahoma City, Sept. 12.—Judge Sam M. Cowan of Fort Worth testified today before the Interstate Commerce Commission rate hearing. He said he believed that with the exception of the Panhandle and other territory adjacent to Oklahoma City, the rate to Oklahoma City from Texas points should be approximately fifteen cents lower than to Kansas City.

Judge Sam H. Cowan representing the Cattle Raisers' Association of Texas and the American National Livestock Association, asked that the commission investigate inbound rates on cattle both in the Fort Worth and Oklahoma City territories and said he believed Oklahoma City was entitled to 10 cents less than Kansas City on cattle shipments from the Texas Panhandle and other points in that section where the two points are competitors.

He said there ought to be a reduction of the livestock rates from Fort Worth to Oklahoma City and from Oklahoma City and its territory to Fort Worth and suggested 18 1/2 cents as a fair basic rate.

Judge Prouty manifested a thorough familiarity with the rate situation in the southwest and from all sides came the comment that the hearing could not have been conducted by a more competent man. The commissioner said today that the hearing would be completed by probably Wednesday night and no further hearing on this subject would be held. Each side will submit briefs and the case would be argued orally before the whole commission in Washington the first week in November.

That some adjustment of rates will be made is conceded on every hand and Fort Worth men believe that whatever changes will be made will help rather than hinder that market. They contend that the city is not a natural packing house center as Fort Worth is, and declare that the location of Fort Worth is such that the artificial making of rates can not effect its real prosperity.

Representing the Fort Worth packing interests are Alfred R. Urion, general counsel for Armour & Co.; C. O. Trisbie, general traffic manager for Armour & Co.; W. W. Walker, assistant traffic manager of the same firm; L. E. Ehle, general traffic manager of Swift & Co.; F. H. Frederick, assistant traffic manager of Swift & Co., and James C. Jeffrey, representing the Fort Worth Stockyards, all of Chicago, and J. M. Andrews, traffic manager for Armour & Co., at Fort Worth.

Judge M. A. Spooner and W. F. Sterley of Fort Worth are looking after the interests of the Fort Worth & Denver road. All of the packing houses of the Southwest and West are represented, along with all the railroads concerned in the hearing.

Tuesday morning the representatives of the local packing houses and of Wichita will testify. Fort Worth interests will have the afternoon and Wednesday will be given over to the railroads. The hearing will last as long as so general or extensive as the notice of the commission indicated.

NEW FISSURES OPENED

Dense Pall of Smoke Hangs Over Mountain and Inhabitants Fled in Panic.

MOUNT ETNA IN VIOLENT ERUPTION

GREAT STREAMS OF LAVA COVER FORESTS ON THE MOUNTAIN SIDES.

NEW FISSURES OPENED

Dense Pall of Smoke Hangs Over Mountain and Inhabitants Fled in Panic.

Special to the Times. Catania Sicily, Sept. 12.—The eruption from Mount Etna increases in volume and violence hourly and panic prevails. From the northeast base of the volcano a great stream of lava flows, moving at the rate of 1250 feet per hour. Sixteen new fissures have opened about the crater within the last twenty-four hours and the rivers of lava have covered the forests of larch and pine around the base of the mountain which have been growing since the 17th century.

The shocks are growing in violence and a panic prevails. The fear of the people is augmented by the great heat and suffocating atmosphere. All the country around is covered with ashes and seems under an immense funeral pall.

The people of the villages on the slopes of Mount Etna have abandoned their homes. Several houses have been damaged by the earthquakes and hundreds of men, women and children, without shelter, go about from place to place, carrying pictures of the saints, crying and imploring mercy.

At Glarzo, sixteen miles from Catania, the patients were carried out of a hospital, who feared the building would collapse.

M'CONNELL NAMED DISTRICT DEPUTY

Local Man Receives Appointment From M. W. A.—Headquarters Will Be in San Antonio.

C. B. McConnell received a letter today from A. N. Rooks, state deputy of the Order of the Modern Woodmen of America, appointing him to the position of district deputy. Mr. McConnell's district is composed of eight counties, comprising the San Antonio district. He will leave this city on the 25th for San Antonio to take charge of his new office. Mr. McConnell says that he likes Wichita Falls better than any city in which he ever resided, and leaving here is the only disagreeable feature that he had to overcome before consenting to accept. His many friends here, while they will be glad to learn of the high esteem in which he is held by the Order of the Modern Woodmen of America, will regret that his removal from among them will be necessary.

At The Colonial. Manager Jones of the Colonial announces the engagement of Mr. and Mrs. Pettigors, who will play violin and piano at the theatre in the place of the orchestra. Last night was their first appearance, and the music they rendered was one of the most delightful features of the program.

Franklin and Marlow, the vaudeville team, also made a good hit with the audience, and the pictures were exceptionally good. For tonight, Mr. Jones offers an entire change in the vaudeville act, and two new pictures. He reports the picture "The Devil in a Tin Cup" which kept the audience in a roar last night, will be repeated. This is a picture of a tin cup at a railway station which is connected with an electric wire and the capers cut up by those who use the cup is too funny for anything.

FELL WHILE FLYING AT FULL SPEED

By Associated Press. Aliso, Cal., Sept. 12.—Aviator Robert G. Fowler, while flying full speed near here today on the second lap of his flight from San Francisco to New York fell. He was not injured.

He escaped with a few bruises. His machine was demolished, but Fowler thought the engine might be repaired. He said the accident was caused by the rudder falling to work. He started from Auburn at 9:33 o'clock this morning to cross the Sierras.

FIRST NATIONAL POSTAL DEPOSITORY

Washington, D. C., Sept. 12.—The First National Bank of Wichita Falls, Texas, has been designated as the depository for Postal Savings Bank of Wichita Falls, Texas.

An electric motor with a number of flexible rods mounted at right angles to its shaft has been invented in Germany for heating and renovating furs.

Two Methods for Strengthening the Powers of Governors

By Associated Press. Spring Lake, N. J., Sept. 12.—Two methods in which the powers of State Executives throughout the Union ought to be strengthened, in the opinion of Governor Edwin L. Norris of Montana, were discussed by him before the conference of Governors here today.

The first vital step to be taken, Governor Norris believes, is to bestow upon Governors the power to remove inefficient State officers charged with the enforcement of the criminal and remedial laws. The second is to grant the Governor the right to initiate, and refer legislation to the voters for their approval or rejection.

Governor Norris addressed himself to "Strengthening the Power of the Executive." In part he said: "No useful purpose can be served in having unlimited authority to call out the militia when it is desired to prevent prize fighting, suppress gambling, close vice rooms or enforce the criminal statutes in general. To attempt to suppress violations of the various criminal laws by calling out the State troops would be about as sensible or practicable as would be the use of coast defense artillery in destroying sparrows.

MANY GOVERNORS ATTEND CONFERENCE

THIRTY-SIX STATES RESPOND TO ROLL CALL AT OPENING SESSION.

GOVERNOR WILSON SPEAKS

Governors O'Neal of Alabama, Norris of Montana and Wilson of Kentucky Speak.

Spring Lake, N. J., Sept. 12.—If the solution of some of the great problems confronting the nation at the present time is to be assisted by the intelligent discussion of them well qualified to speak on the subjects assigned them, then benefits of a widespread and lasting nature may be expected to result from the annual conference of the Governors of the States of the Union, which assembled at the New Monmouth Hotel here today. It is, perhaps, one of the most notable gatherings that has ever met to consider questions pertaining to the public welfare. The conference will continue until Saturday.

The roll call by Secretary William George Jordan of New York developed the fact that thirty-six States were represented by their chief executives with the probability that several others will arrive in time to take part in the later proceedings of the conference. Maine and California, Washington and Florida, with practically all of the intervening Commonwealths were present. In addition, the following States had several members of Congress, financiers of note, educators, jurists and captains of industry who were specially invited to take part in the deliberations.

The gathering was called to order promptly at 11 o'clock this morning. The proceedings began with an address of welcome by Governor Woodrow Wilson of New Jersey and a response for the visitors by Governor Joseph M. Carey of Wyoming. The program for the remainder of the day included papers on "Strengthening the Power of the Executive," by Gov. Emmett O'Neal of Alabama and Edwin L. Norris of Montana and an address by Gov. Augustus E. Wilson of Kentucky on the "Possibilities of the Governors' Conference," which was listened to with close attention by the distinguished assemblage.

Employers' liability and working men's compensation will be the general topic of discussion at tomorrow's session. The opening addresses will be made by Governor Augustus E. Wilson of Massachusetts and Charles S. Bonney of Illinois. A business session will be held in the evening for the consideration of the preliminary plans for the conference to be held next year.

Thursday will be given over to the consideration of the subjects of general interest and importance. The first will be the inheritance tax, on which subject the discussion will be led by Governors John A. Dix of New York and Edmund W. Noel of Miss. The second subject "The Right of the State to Fix Intra-State Traffic Rates," which will be discussed by Governors Chester of Nebraska, Herbert S. Hadley of Missouri and others. Thursday evening a dinner will be given to the Governors by the entertainment committee at Spring Lake Casino.

"State Control of Public Utilities" will be the subject on Friday, the principal papers being by Governors Beryl F. Carroll of Iowa and Francis E. McGovern of Wisconsin. On Saturday morning "Problems of Prison Labor" will be the topic, with addresses by Governors Chase S. Osborn of Michigan and Oswald of Oregon.

In addition to those named a number of other Governors will have a part in the proceedings, including among the number, Gov. Harry Judson Harmon of Ohio, Simon E. Baldwin of Connecticut, Tasker E. Oddie of Nevada, William E. Glasscock of West Virginia, William H. South of Virginia, Robert S. Vessey of South Dakota, Jared Y. Sanders of Louisiana, Robert F. Bass of New Hampshire, Marion C. Hay of Washington, Oscar B. Colquhoun of Texas, A. J. Pothier of Rhode Island, Richard E. Sloan of Arizona, John F. Shafrath of Colorado, J. H. Hawley of Idaho, Albert W. Gilchrist of Florida, Austin L. Crothers of Maryland, and W. F. Freer of Hawaii.

HER HAIR GREW

That's Why a Thankful Woman Recounts Her Story

O. F. Marchant will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

In the spring I was recovering from a severe case of stypticitis which left me virtually bald on the front of my head and next to my ears the hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic inside my hair start to grow in and in fact, gave me a good fair amount of hair and it has entirely stopped my hair falling out.

It is with pleasure that I give a public recommendation to PARISIAN SAGE, which I know is a wonder. Mrs. Ella Gilchrist, Bedford, Pa.

Stockholders Meeting. Notice is hereby given that the annual meeting of stockholders of the Fraser-Birn Furniture Co. will be held on Tuesday, Sept. 12th, 1911, at 10:30 a. m. at the office of the company in Wichita Falls, Texas, for the purpose of the election of a Board of Directors and the transaction of such other business as may properly come before it.

W. A. FREAR, Secretary-Treasurer
Wichita Falls, Tex., Aug. 16, 1911.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with woefully troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

"I had almost lost my reason, but thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscular and nervous, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

W. E. Writ for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Literature, and send for free book, "How Women Win." Sent in plain wrapper on request.

INTERNATIONAL CONGRESS OF FARM WOMEN

Special to the Times.

Colorado Springs, Colo., Sept. 12.—The First International Congress of Farm Women opens in this city on October 17, and bids fair to be the most important convention of women ever held in this country. The committee in charge have agreed upon the general outlines of the program, as follows: First day, equipment and beauty of farm food values in rural homes; second day, laws of physical life in relation to the family, conservation of time and strength, labor saving devices, and simple hygiene, etc.; third day, economic value of women and children on the farm, influence of clubs, granges, and other agricultural associations, care of infants and young children, etc.; fourth day, the rural church, reorganization of rural schools, recreation in the rural districts, etc.; Each general topic is broken into many subjects and there will be demonstrations by the Colorado Agricultural College Domestic Science Department and the Department of Agriculture showing the menace of the house fly, and exhibitions and illustrations by other speakers.

Among the noted speakers on the program will be Prof. W. M. Hays, assistant secretary of agriculture, an authority on rural school work; Mrs. Warren H. Wilson of New York, famous worker in rural churches; Mrs. Mary Pierre Van Zile of Kansas Agricultural College; Mrs. J. A. Wilder of Utah Agricultural College; Mrs. Scott Durand of Lake Forest Ill.; Miss Jennie Buell, Grange lecturer of Ann Arbor, Mich.; Mrs. F. E. Brooks of Colorado Springs and others. "Practical farm women from throughout the entire country are sending notice of their intention to participate.

Ample provision is being made for entertainment features. The Secretary of the Congress, Mrs. John T. Burns of Colorado Springs, will be in charge of fitting information as to rates, accommodations, etc.

If You Have Eczema or Any Skin or Scalp Trouble Here is Good News

You have probably tried one or more remedies with small success. This costs money and it is certain. We want you to try ZEMO, the clean liquid remedy, but we do not want you to pay for it unless you are satisfied with results. We have so much faith in Zemo that we want you to try it by sending to the E. W. Rose Medicine Co., 3032 Olive St., St. Louis, Mo., 10c in stamps to pay postage for a generous sample of ZEMO and ZEMO (antiseptic) SOAP and our 32 page booklet on skin diseases OR get a bottle today at Miller Drug Store and if you are not pleased with results they will refund your money.

ZEMO is a clean scientific preparation that washes away and destroys the germ life and the poisons that cause trouble. Stops the itching at once and results can be seen after one application. ZEMO absolutely cures eczema in all its forms as well as rashes, acne, tetter, barbers' itch, prickly heat, etc., on infants the same as on grown persons. Endorsed and sold by druggists everywhere and in Wichita Falls by Miller's Drug Store.

Rohatch's Mineral Water. Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach, increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be obtained at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. O. J. Rohatch, Owner. Phone 1601-1 long-1 shorts.

It is said that the Pittsburgh Pirates form the real "white ribbon" brigade in the big show this season. Last year some of the Pirates were in the habit of "cutting loose" now and then, but this season, with a pennant in sight, the boys have lived close to the pump.

Let Us Clothe You!

THE supremacy of our various ready-to-wear departments is recognized by those who trade at our establishment. Among our rules of business are; first, that only the best quality of materials shall be used in the manufacture of our tailored garments. Second, that none but expert hands shall put these materials together. Third, that no customer shall leave our establishment with garments that do not fit perfectly. Fourth, that we shall not overcharge, but give a fair price to those who give us their confidence.

RUBE MAQUARD 1911 BASEBALL KING

HAS SUPPLANTED MATTY AS GOTHAM'S DIAMOND IDOL.

WON 20 OUT OF 25 GAMES

\$11,500 Lemon is Now Worth \$100,000 to the Giants.

Crown Richard Marquard the new king of the baseball world.

The time was when we all idolized Mathewson, Brown, Donlin, Wagner, Young, Lajoie, Kling, McGinnity, Waddell, Dinneen and a score of others.

They reigned supreme during their day. There'll never be another Waddell, or a Dinneen, or a Mathewson, or a Brown, etc. But the time came, and it is here today, with Richard Marquard just as famous and renowned as any of these heroes.

Marquard is somewhat of a freak. No one, possible barring Muggsy McGraw, can explain how and why this southpaw is pitching the Giants to the National League pennant.

Three years ago McGraw started the entire profession when he paid \$11,500 to the Indianapolis (American Association) club for Marquard.

He was the phenom of phenoms. He won 28 of his 47 games and fanned 250 batters. But in the big league he was a failure.

Last year almost any National League club could have secured the lanky southpaw for the waiver price, \$1,500.

Today he is worth every penny of \$100,000 to John T. Brush and Muggsy McGraw.

In 1909 Marquard's first year with the Giants, he was a rank failure. He got in 18 games and won only five. He had speed and wonderful curves, but no control.

McGraw was roasted on all sides for keeping the "Rube" and bringing him before the Gotham fans in 1910. He did little better and managed to win four out of eight games, although he only participated in thirteen shows and only a couple of full games.

This year saw "Rube" Marquard again. He couldn't improve very much, so some thought. But what is this same chap who was a fizzle for two years doing just at present?

He is setting the entire baseball universe in a flame. He has won 19 games and has lost four, putting him just one victory behind the leader of last year, King Cole, of the Cubs. McGraw is grooming Rube for his best bet in the world's series. He is just the sort of a finger to fool the Athletics and even the Tigers, the two to fight it out in the A. L.

Mack's men do not fancy port-aids with that tantalizing curve teaser and swift hopper. That's just what the "Rube" owns.—Sport and Stage.

'TIS MUGSY MCGRAW THE NAPOLEON

John J. McGraw may be a "rowdy" and he may draw hisses and rebukes from the multitude, but who will question the merits of this scrappy commander of the New York Giants. Indeed, he was rightfully quoted as the Napoleon of the diamond. The game today owns any number of renowned leaders, such as Connie Mack, Fred Clark, Frank Chance, Roger Bresnahan, and Hughie Jennings, but they all trail the shrewd general of the Giants.

Ball players sometimes make the managers and sometimes the manager makes the ball players. With McGraw 'tis the latter phrase. Always in the thick of the pennant races easily is this the greatest year John J. McGraw has experienced. When he won his laurels in 1904 and 1905 he had a brilliant team. It went to pieces and the old warriors started to wear out.

But look at the Giants of 1911. Verily are they the sensations of the tight scramble. On paper the Giants are but a so-so aggregation. Out on the green a miracle. Mugsy doesn't own any more Seymours, Donlins, McGanns, Bresnahan, McGinnity, Gilberts, etc., but he has developed a fast young team and which today is favored all over the country to win the National League pennant.

Mugsy was the laughing stock of the baseball world when he purchased "Rube" Marquard several years ago for some \$11,500. He was the king of lemons on pickers and was joshed by scribes, friends and fans. But the worry has turned. Now this same Marquard is the talk of baseball.

How many managers would have retained Marquard? One! McGraw. He turned Fred Snodgrass from a raw catcher to a star outfielder. He kept Fred Merkle after this kid lost him the

Sam Bell left last night for St. Louis, where he will meet Mrs. Bell if he has not recovered from his illness he will probably enter a hospital there.

TWO METHODS FOR STRENGTHENING THE POWER OF GOVERNORS

(Continued from page 3.)

Governor to be the chief executive officer and commands him to see that the laws are faithfully executed; but he can accomplish little without the co-operation, aid and assistance of the peace and prosecuting officers of his state. In addition to the profound regret that any right-thinking executive must experience when he observes that the laws are flagrantly violated and that offenders are going unwhipped of justice, there is the further one of knowing that many people whose good opinions he values believe that he has adequate authority and that his failure to act is proof of his inconstancy with wrong doing or indifference to the veto. Such conclusions are but natural.

The Governor cannot go out and arrest offenders, file complaints, conduct prosecutions, and in person administer punishment. These functions must be performed by others, by peace and prosecuting officers. It is upon them that the necessary authority is conferred and upon them the direct responsibility rests. When they, for any reason, fail to perform their duties the laws are not faithfully executed. If the Governor is to see that the laws are faithfully executed, he should have the authority to direct, supervise, and in case of wanton failure on their part to discharge a duty, to remove them from office.

The bestowal of supervisory control and power to remove from office for dereliction of duty certain officers charged with the enforcement of the criminal and remedial laws of a State will insure more efficient service and cure some of the ills that are of grave public concern.

In many states the voters have in large measure lost confidence in the efficiency of Legislative Assemblies and the initiative and referendum methods of legislation have been invoked as a means to secure laws that the Legislature would not enact and to veto legislation that in the public mind was not wise or beneficial.

At best, however, initiating legislation by and referring laws to the people is cumbersome and not easy of use. A compulsion is and supplemental of these methods the power of the executive should be strengthened by giving to him the right to present bills for the consideration of the Legislative Assembly.

If the bills were not passed in form substantially as represented, he should have the right to submit these bills direct to the voters at the next general election for their approval or rejection.

There would then be placed upon the Governor the direct responsibility to carry out the pledges made to the people in the platform upon which he was elected and the promises made by him in public addresses delivered previous to his election.

There are other ways in which the power of the executive might be strengthened to the benefit of the public service. The two methods mentioned, however, are the more vital and reference to the matters of lesser moment has not been made.

Resolutions of Respect

To the Worshipful Master, Wardens and Brethren of Wichita Falls Lodge No. 635 A. E. & A. M.

Whereas on the 25th day of August, 1911, our Beloved Brother J. S. Duke was suddenly called from labor on this earth to labor in that celestial lodge where the Supreme Grand Master presides, and

Whereas, Brother Duke was a true and zealous Mason, a kind and charitable brother to his fellowmen and family.

Resolved, First, that we mourn the loss of Brother Duke, not as those who have no hope, but as those who have faith in the night and power of the lion of the tribe of Judah.

Resolved Second, that we tender our sympathy and assistance to the family of our departed brother.

Resolved Third, that a copy of these resolutions be furnished to the family, a copy be spread on the minutes and a copy be furnished our city papers for publication.

Fraternally submitted,

G. W. LAWLER
W. E. WEBB
W. J. NOLEN
Committee.

At Lamar Airdome.

Mullane and Montgomery one of the cleverest teams in vaudeville, met with the same welcome they always have where they played a return engagement. This fact was never more strongly demonstrated than it was at the Lamar Airdome last night. Their singing, dancing and good clean funny sayings kept the audience going all the time. When they were laughing out loud there was a sign from ear to ear. They will give an entire change in act tonight and every one should see them.

Miss Merrell will sing the very popular song the "Sugar Moon."

Three new reels of pictures will be shown in connection.

C. M. HAILE, JR., APPOINTED.

Becomes Traveling Freight Agent for the Katy on September 12.

Effective Tuesday, September 12, C. M. Haile, Jr., will become traveling freight agent for the Katy and Wichita Falls Route, with headquarters at Wichita Falls.

Mr. Haile is a son of C. M. Haile, vice president in charge of traffic for the Katy, and takes the position vacated some weeks ago by John T. Roberts, who went to Austin as agent for the Katy. The office was abolished, but recent developments have shown the advisability of re-establishing it.

News From the Oil Fields

News From the Oil Fields

Last Week in Oil and Gas Circles.

North Texas continues to attract most attention of any of the fields now under development. At present it is difficult to predict the future of the Electric field but if any of the outside tests come in big it will mean a hurried rush of work. Leases have been taken on practically all of North Texas and some fancy prices have been paid for property.

In the Oklahoma field, Pawnee county continues good, with enough outside wells drilling to make that a point of interest for some time. A producer five miles to the northeast of the Osage pool gives promise of extensive work in the northern central portion of the Osage nation. The usual completions are reported from the older districts, though the shallow sand fields are now much less active than they were a few months ago.

There is nothing of special interest in the Louisiana, Gulf Coast or California fields; while the districts east of the river are not expected to furnish any developments worth special mention.

Marketing conditions do not show improvement. Gasoline is in good supply and contracts are reported for burning oil at ridiculously low figures.

No change in prices of crude at the wells is reported from any field.—Oil and Gas Journal.

P. S. Torrey of West Bartlesville finished logging his bar yesterday and expects to leave today for the new Texas field at Electric, Texas, better known as the Wichita Falls field, where he will engage in the oil business.—Bartlesville Examiner.

Reports from Ponca City

Tulsa, Okla., Sept. 12.—Encouraging from Ponca City are very encouraging in that the 101 Ranch Oil Co. has a 100 barrel producer, conservatively estimated. The well is drilling it well in and it has a pressure of 5,000, 600 feet of gas besides the oil. The well is in today. The new producer in the northeast of the first oil well drilled in Ponca City on a little raise of ground and all the talent that first visited the well were of the opinion that there would be something doing in the second attempt. Their prediction seems to have been right.

The Prairie Oil & Gas Co. has decided to drill two feet deeper in the test at Blackburn. The well has been shut down for several days at 2,745 feet and a new cable had to be ordered before drilling could be continued. It is an important test, but the present depth is considered too far down for any stand.

The Higgins Oil & Gas Co. has taken over the interests of the Grove Oil Co., the Willard Oil Co., and the Missouri Mining Co., 280 acres of lease, situated east of the town of Ochelata. It is located in what is known as the Ochelata shallow sand districts and is considered likely property. The purchasing company has started two machines at work to drill several locations just made. The consideration was \$12,000 cash.—Oil City Derrick.

Pipe Line Runs Show a Decrease.

The following interesting summary of the oil situation is from the Independence Daily Reporter:

There is a gradual decline in the output of the mid-continent field. The runs of the various pipe lines are dropping off. The daily average of all pipe lines and consumers in May was 156,256 barrels. In June the average dropped to 150,603 barrels. In July the figures were 148,328 barrels. Thus it will be seen that in spite of the some 400 wells drilled every month with an estimated production of 12,000 to 15,000 barrels daily, the output of the field is diminishing. The old wells and the new ones are dropping off fast. But this is the history of all oil fields. It is impossible to keep up the flush production. This field has held up remarkably well and it will be a big field for many years to come. Hundreds of pools will be found and fresh production will now and then stimulate the average, but it is very doubtful if the present average can be maintained. It has dropped off in spite of the big gushers in the Osage and in Pawnee county. The Delaware was a mighty factor in maintaining the output but it has gone the usual way. The hope now is in the Osage and in the Creek. There are big possibilities in both of these regions. The big pipe line companies are not worrying. They are getting all the oil they need now and when the market price advances there will be a rush to the drill which will bring results.

The runs of the Prairie Oil & Gas Co. for August show a gain of about 5,000 barrels a day. This was the result of the change made by the Central Fuel Pipe Line Company from the Texas to the Prairie. The Texas Company shows a corresponding decline in runs. The Prairie and the Central production in January and regained it in the latter part of August. One reason for this is that the Prairie has always toiled fair with its patrons. For the first time since May the Prairie put oil in storage to the amount of 37,165 barrels or 876 barrels a day. So far this year the Prairie has put 1,854,458 barrels of oil in storage and taken 534,657 barrels out of storage so that where it had 39,821,506 barrels in stock the first day of the year it now has 42,461,763 barrels, the summer heat and expansion accounting for some of the increase.

The Gulf Pipe Line Company is holding its runs and deliveries about even. The Gulf Company is very conservative and dependable, keeping pretty much of the time the even tenor of its business-like way.

Promoters of the Wolgast-McFarland bout in Milwaukee, September 15, expect a \$50,000 house.

IVORY SALT

IVORY SALT

Is so different; so much better. Every grain is like a little diamond. Examine with your reading glass.

If you are not using IVORY pour a little of what you are using slowly into a glass of clear water. The powder that remains on top is not salt.

In his recent bout with K. O. Brown, Matt Wells convinced the New York fans that he is as clever as the best in the business.

BEAUTIFUL HAIR

The ambition of every real woman, is more a matter of care than of luck. There are two things that go to make a woman's hair beautiful—quantity and quality.

No hair, however abundant, can ever be attractive unless it is properly cared for. The better it is taken care of the richer, softer and prettier it will be. On the other hand, no woman's hair can attain its full natural growth unless it is properly nourished and cared for.

We have every article of merit for the care of the hair.

Secretary Day of the Chamber of Commerce has accepted an invitation to speak at the dollar dinner given under the auspices of the Amarillo Chamber of Commerce on September 26th.

Dr. Kearby, Dentist, Phone 322, 80-tfc

Col. E. B. Carver, than whom there is no better judge of cattle and cattle conditions in this section, said yesterday to a reporter for the Times, that in his opinion the present outlook for wintering stock was almost ideal, and that the loss should be so small as to be almost nil. He said the grass was in splendid condition and that there was an abundance of water all over the range country, and that cattle were fat and in excellent shape.

Dr. Prothro, Dentist, Suite No. 1, Ward Building, 62-tfc

L. E. McClure left this morning for Lamar county where he will work through the winter and farm next summer.

SELLS-FLOTO COMING ON OCTOBER 10TH

William Haines, contracting agent for the Sells-Floto circus is in town today, and announces that the big show will arrive here on October 10. Mr. Haines reports that notwithstanding the fact that business in amusement circles generally throughout the country has suffered some depression, the popular priced show has gone on its way this year doing just a little better than former seasons.

It is understood that the management of the Sells-Floto circus still adhere to the policy of cut prices inaugurated by them last season. In other words, the fee of general admission has been placed at 25 cents and when it is considered that the circus has been enlarged by more than ten cars under the new dispensation, the news will be welcome by those who patronize this historic form of entertainment.

While here Mr. Haines made the usual contracts for the coming of this attraction. He leaves tonight for Vernon, where the show is booked to appear the day after their engagement here.

E. Q. Hill, undertaker, office and parlors 900 Scott Ave. Phone 225. Prompt ambulance service.

Dr. M. R. Garrison, Dentist, office First National Bank Bldg. Phone 49.

BAILEY WILL LEAVE FOR NATIONAL CAPITOL

(Fort Worth Record)

United States Senator Joseph W. Bailey left Monday night over the Santa Fe for his home at Gainesville. He will remain there until Thursday morning, when he will leave for Washington. Before leaving Gainesville, however, he will be the guest at a banquet given in his honor by the citizenship Wednesday night.

Senator Bailey declared Monday night that he felt compelled to return to Washington at once. His sons will leave that city to enter school Monday, and as Mrs. Bailey's health is poor the senator feels that it is necessary that he be with her after their sons departure.

Senator Bailey will return to Texas in November and will spend the greater part of that month in this state. He will make two speeches, one in this city and another at the Nottson celebration at Houston.

Should Mrs. Bailey's health permit she will return with her husband and they will spend the greater part of their time in the state visiting in the old Fifth congressional district among the friends of the senator who supported him in his first race for congressional honors twenty years ago.

Jim Johnson, the other colored American heavyweight in England, has challenged Jack Johnson to fight for the world's title.

704 Ohio Avenue
Phone 10

Pick up any cook book and a great majority of the recipes call for cream (not milk) How often do you have the cream? We have just received a shipment of

Dahl's Double Thick Cream

in tins. This is just what its name implies—Just Cream—Double Thick Cream. Not a thing added and can be used for any recipe that calls for cream. Keep a few tins in the house and you can make any recipe calling for CREAM and can always have CREAM in your coffee and to serve with your fruits and breakfast foods. Now don't confound this with any condensed or evaporated milk or so called evaporated cream—this is PURE CREAM from which all milk is extracted by centrifugal force and reduced to a thick paste. Made in Norway and now being introduced for the first time in America. It will pay you to investigate.
