FLOOD DEATH LIST WILL BE UNDER 300

FATALITIES WILL BE FEWER THAN EARLIER REPORTS INDICATED.

THE LOSS IS \$8,000,000

Repair of Dam Had Been Determined But Work Was Postponed Too Long.

By Associated Press. Austin, Tex., Oct. 2.—Indications today still were that the death list from Saturday's flood would not exceed three hundred. A census of the survivors was started in order to verify the death estimates. The property damage estimates were now increased to the estimate of the loss now to be \$8,000,000. Below the torn dam today the valley for a mile or more is swept almost down to the rock bed and the streams which fed the reservoir are now swollen by last night's rain and are sweeping through the new channels cut in the main business section of Austin.

By Associated Press. Lincoln, Neb., Oct. 2.—A reception committee headed by former Senator Burkett met President Taft upon his arrival here from Omaha this morning and escorted him to the Lincoln Hotel, where the distinguished visitor was entertained at dinner by the Omaha Commercial club. Following the dinner the President delivered a speech at the Auditorium. Governor Aldrich presided at the meeting.

To Help the Weak. San Francisco, Cal., Oct. 2.—Humane treatment of children and animals will be discussed by men and women from all parts of the country at the thirty-fifth annual convention of the American Humane Association which meets at the St. Francis Hotel for three days this week, beginning tomorrow. Among the delegates are some of the most prominent workers in the cause of child and animal protection in the world. One of the most notable features prepared for the entertainment of the visitors will be an elaborate banquet to be given in their honor by the Chinese merchants of the city.

Costeville Lynching Cases. West Chester, Pa., Oct. 2.—The term of court which convened here today will be made memorable by the trial of the persons accused in the lynching of the negro Zach Walker, who was burned to death by a mob at Costeville on August 13, last following his arrest for the murder of an officer. It is expected to commence the trials this week. In addition to those against whom a charge of murder has been made for alleged complicity in the actual lynching, the chief of police of Costeville and one of his subordinates are to be tried on a charge of manslaughter, growing out of their alleged failure to take any steps to prevent the lynching.

MRS. JOHN HOWARD DIED SUNDAY MORNING

Mrs. John Howard, a pioneer resident of Wichita Falls, died at the home of her daughter, Mrs. W. H. Walker, 704 Scott avenue at 11 o'clock Sunday morning, after an illness of six months from a complication of diseases. Mrs. Howard was about 66 years of age and was a native of New York coming with her husband to Wichita Falls about twenty-eight years ago. About eight years ago the family moved to Tulsa, where Mr. Howard died several years later. Upon the marriage of her daughter Otis to Dr. W. H. Walker, about three years ago, she came back to Wichita Falls to make her home with them. The funeral will be held at the Catholic church shortly after four o'clock this afternoon and will be conducted by Father Dolje. The interment will be in Riverside cemetery. Mrs. W. R. Evans, a sister of the deceased, arrived from Tulsa on the afternoon train today.

Choctaws to Wind Up Tribe. Tuskahoma, Okla., Oct. 2.—A special session of the Chickasaw and Choctaw Council assembled here today to make recommendation as to the disposition of tribal property and to wind up the affairs of the tribe. The disposition of the segregated land presents a complicated problem owing to the valuable mineral deposits. Tom Kemp returned to his home at Tulsa yesterday.

THE DENVER BUYS NEW EQUIPMENT

Places Orders for 400 Tax Cars, 300 Stock Cars, Baggage Cars, 6 Passenger Engines and 9 Freight Locomotives.

Austin, Texas, Oct. 2.—The second large equipment contract filed recently was received yesterday by the Secretary of State. The Fort Worth & Denver Railway Company buys from the American Car and Foundry Company, secured by the Commercial Trust Company, 10 cabooses, 400 box cars and 100 stock cars and from the Pullman Company 8 coaches, 4 baggage cars and 1 ballast car, while it purchases from the American Locomotive Company 6 passenger engines and 9 freight locomotives.

RALLY DAY AT FIRST M.E. CHURCH SOUTH

Yesterday was Rally Day at the First M. E. Church, South. All the services were largely attended. The Sunday school had special service. The basement is now fitted up for the elementary department. A new piano and an extra two dozen chairs have been placed in these spacious rooms for this department. Promotions were awarded many of the pupils in the lower departments. Five hundred Rally Day badges were distributed and worn by members of the Sunday school. A helpful meeting of the workers was also held at 4 p. m. The pastor, Rev. O. T. Cooper, preached at both hours. At 11 a. m. his subject was "A Church Worthy of Emulation." He showed that the church given in the scripture was worthy of emulation in at least two respects, viz: In their consecration to God, and in their loyalty to church leaders. The sermon was followed by an offering for the regular church benevolence. Several hundred dollars were subscribed in a few minutes. The church will pay a thousand dollars this month for these benevolent causes. At 7:30 p. m., Rev. O. T. Cooper preached on the subject of "Genuine Gratitude." He used the incident of the conversion of the Philippians as his text. Both the grounds of gratitude and the expression of gratitude were clearly shown by argument, illustration and appeal. The doors of the church were opened, and six members united by certificate. Altogether it was a high day, and the steps taken mean an advance in Wichita Methodism.

FOURTH STREET VIADUCT HAS BEEN COMPLETED

The public in general and residents of the northeastern part of the city in particular, will be glad to learn that the paving under the new Fourth street viaduct is now completed, and that that part of Fourth street is now opened for traffic. This work, which was begun about two months ago, progressed in a most satisfactory manner, and this road is now considered one of the best examples of paved streets in this city. It will prove a great convenience to people whose business calls them to that part of the city, and is greatly appreciated by the public in general. The material used in the construction of the road was first, a coat of ballast rock eight inches thick. Then a coat of small chipped rock, which was carefully rolled. Then a coat of twelve pounds of asphalt to the square yard was applied. Then more ballast rock, and another coat of eight pounds of asphalt to the square yard, on top of which was placed a coat of finely chipped rock and the whole carefully rolled with a street roller.

DESPONDENT LOVER BLEW OUT HIS BRAINS

Special to the Times. Decatur, Texas, Oct. 2.—Willard Irvin, aged 18, died last night at the home of J. H. Hogg, four miles north of Decatur, as a result of self-inflicted wounds. Irvin had become despondent over a love affair, and yesterday afternoon went out behind the barn and shot himself in the head with an old pistol. Two shots were heard but only one took effect. His brains were blown out, but he lived till late last night. Irvin was working for J. H. Hogg at the time of his death. The dead boy has no relatives here. The Reynolds Military Academy, Albany, Texas, has added a course to that school which will include bookkeeping, brokerage, insurance, salesmanship, advertising, commercial law and commercial correspondence.

ANOTHER GOOD WELL ON STRINGER LEASE

PRODUCERS COMPANY BROUGHT IN FLOWING WELL THERE LATE SUNDAY AFTERNOON.

OTHER FIELD REPORTS

Clayco Co. Has Staked Location Near Hunsaker Well Which is Flowing Salt Water. Coming in with a head of gas that shot the water to the top of the derrick and scattered coils of baler rope for several rods around. Stringer No. 8, owned by the Producers Company came in at Electra late yesterday afternoon. The well had been expected in all day and a crowd of several hundred spectators witnessed the sight. Oil was sprayed high into the derrick until it could be cut off into pipes leading into tanks. While no information is given out it is believed this well is one of the best on the Stringer lease. It is reported from Electra that salt water is flowing from the Honaker well east of that place, but that drilling is being continued. Good news is still expected from this well. It is said the Clayco has staked a location on a lease adjoining the one on which the Honaker well is going down and will start work on a rig at once. Another report from Burk Burnett is that a good showing has been encountered in the Bourbaurn well north of Iowa Park, but this report lacks confirmation. The three days old infant of Dr. and Mrs. R. L. Miller is in a critical condition.

BULLOCK AND MOORE BUY BUSINESS PROPERTY

W. J. Bullock and R. M. Moore have purchased from Mrs. Inez Cope the north one-half of lot 4, block 175 being the building occupied by Treva and Brothers grocery store on Indiana avenue. The consideration was \$10,750. The lot has a frontage of 25 feet on Indiana avenue and is 150 feet deep. It is occupied by a one-story brick structure.

SEPTEMBER RECEIPTS SHOW \$254.19 INCREASE

Receipts at the Wichita Falls postoffice for the month of September continue to indicate a steady growth of the city. Last month the total receipts were \$3061.91, an increase of \$254.19 compared with September 1910, when the receipts were \$2807.72. For the past three years with only a few exceptions each succeeding month has shown an increase in receipts at the postoffice over the corresponding month in the previous year.

STRIKE BREAKERS IN HOUSTON YARDS

By Associated Press. Houston, Texas, Oct. 2.—When the Southern Pacific yards opened here today they were almost deserted by their former employees. The company had a considerable number of strike breakers in the yards under guard but early in the day did not attempt to put them to work. At the railroad headquarters this morning it was stated that about fifty union men had returned to work. It is also reported that the men at Sanderson and Giddens did not go out.

DEVELOPMENTS AT SAN ANTONIO

By Associated Press. San Antonio, Texas, Oct. 2.—Forty car repairers for the Southern Pacific today joined the striking shopmen here. The strikers say the switchmen, firemen and possibly the appliance men will likely walk out. At the Colonial. Dexterous use of the rope is more the requisite of the cowboy than the musician, but in the vaudeville number at the Colonial tonight, Mr. Bisbee, of the Bisbee and Connelly team will demonstrate how a man can be good with both. The act is billed as a singing, talking and western musical novelty act, and during its progress the actors give selections on eight different instruments. In one of the changes they do a rope casting act, during which both Mr. Bisbee and Miss Connelly play on different instruments.

ADMIRAL W. S. SCHLEY DROPPED DEAD TODAY

New York, Oct. 2.—Rear Admiral Winsfield Scott Schley dropped dead today.

COMMISSIONER DALE HAS RESIGNED

PRIVATE BUSINESS DEMANDS HIS WHOLE ATTENTION AT ELECTRA.

R. L. EEDS SUCCEEDS HIM

County Commissioners Meet in Special Session Today and Approve Tax Rolls. E. A. Dale, county commissioner for Precinct No. 4 has resigned and R. L. Eeds, a representative farmer of that section of the county has been appointed to succeed him. The resignation of Mr. Dale came as a surprise to the general public. He resigned on account of the pressure of business duties in connection with his position as cashier of the First State Bank at Electra. Since the development of the oil field began at Electra the business of the bank has increased by leaps and bounds and has grown to such an extent that Mr. Dale could not give the proper attention to both positions. He therefore resigned as commissioner. At the special meeting of the county commissioners this morning, the tax rolls were approved and turned over to the county tax collector. Other matters to be considered at the special session of the court are the work on the county jail and the extension of the bridge across the Big Wichita River. Stephenson's Election Investigation. Milwaukee, Wis., Oct. 2.—The United States Senate committee today began here an investigation of the charges that United States Senator Isaac Stephenson, of Wisconsin, secured his election in 1909 by bribery and other corrupt use of money.

TELEPHONE OPERATOR HEROINE OF FLOOD

The Dam is Broken, Was Her Message As She Rang Up Austin Homes and Costello Inhabitants. Austin, Pa., Oct. 2.—Huddled among several hundred other refugees on the hills above Austin's valley of death is a modest young girl of 19 years—the heroine of the terrible disaster, to whose presence of mind and bravery probably hundreds owe their lives. She is Pauline Lyons, the operator in the telephone exchange at Austin. "I was just preparing to leave my board when I heard a sound like distant thunder up the valley," said Miss Lyons late yesterday afternoon. "Then I had a call from a station near the dam and a man's voice cried 'The dam is broken; tell as many as you can. Tell them at Costello.' I afterward learned this man was Harry Davis, a railroad engineer on the Buffalo and Susquehanna. "The first thing I did was to have all the whistles in the town blown and the bells rung, for I thought the people in Austin still had a chance. The noise became louder—almost deafening. I worked as fast as I could, ringing up homes, and particularly in party lines. The dam is broken," was all I called. The exchange was in the bank building with the postoffice. "From the window I could see rolling down toward the town site the great mass of wood pulp and water. We were on higher ground than many buildings and I felt my chances were better than the poor people in the lowlands. The whistles were blowing and the bells ringing, adding to the frightful roar. So deafening did everything become I could scarcely hear my own voice. "I suppose I put about three calls into Costello. I hoped and prayed that those poor people down the valley would escape to the hills before the flood reached them. Then my board failed to work. I remember nothing clearly as to what followed. How I left the building and reached the higher ground I never will be able to tell. Probably it was that deafening rolling thunder that distracted me. "The building in which the telephone exchange was located was not badly damaged by the flood. But for its small advantage in location the plucky operator might have been carried to her death.

MADERO'S ELECTION ALMOST UNANIMOUS

Mexico City, Mexico, Oct. 2.—Madero's election was practically unanimous. The vice presidency is still doubtful.

MR. TAYLOR FAVORS THE BOND ISSUE

Tom B. Taylor says he is going to vote for the road bonds in precinct No. 1 and believes that the majority of the farmers will support the bonds. "Good schools are the first essential to any farming community and good roads come next," said Mr. Taylor. "I hope the bonds will be voted as an example for the rest of the county. Some day those farmers who didn't vote for the bonds at the last election are going to be sorry. If they had voted the bonds then the city of Wichita Falls would have paid more than one-third of the taxes on account of the bond issue, yet not one dollar of the money could have been spent in Wichita Falls."

NEGRO VICTIM SAYS SHOOTING ACCIDENTAL

Lena Phillips, a young negro playfully, as her victim himself told County Attorney T. R. Boone, before he lapsed into unconsciousness, pulled a thirty-two Winchester rifle from the wall in a house in the negro quarters this morning and plunged Tom Counts, her lover through the right lung causing a wound that may prove fatal. There are evidences and circumstances that might indicate that the shooting was not an accidental or playful as Counts and the negroes would make it appear but they are firm in their statements that the shooting was a playful accident. Probably the fact that both were fairly well soaked up with beer will explain how such a playful little incident took place. The couple came here only a few days ago from Grandfield, Okla., where they had been picking cotton. According to Counts he pretended to be angry with the woman and chased her from the house. She playfully ran from him and running around the house entered the room and playfully pulled the gun from the wall and pulled the trigger. The bullet struck Counts in the right breast and penetrated an end of the lung emerging beneath his right shoulder. Physicians who were called said that he has a slight chance for recovery. The negroes is held at the county jail, pending an investigation.

PLEA OF INSANITY FOR INDIANA MURDERER

Boonville, Ind., Oct. 2.—William Lee, the confessed murderer of his parents and brother, was brought here from the State reformatory at Jeffersonville and arraigned for trial today in the Warrick circuit court. It is anticipated that counsel for the defense will make an insanity plea in an effort to save him from the death sentence. The triple murder occurred at the Lee household near here early last August. According to the alleged confession of the young man he committed the crimes to obtain money with which to marry and set up a home. Licensed to Wed. Marriage licenses have been issued to the following since last Saturday: Thos. B. Shaffler of Elk City, Okla. to Miss Lena B. Sout, of Elk City Okla.; C. C. Enoches, of Byers, to Miss Emma Brochman of Gainesville; George Richard Smith of Electra, to Miss Fanny Bell Clayton, of Iowa Park.

THE RED ROSE COMING TO WICHITA FALLS

Messrs. Marlow and Stone announce that "The Red Rose" will come to the Wichita Theatre on October 20th. This is a new production and will be one of the biggest shows that will come to the Southwest this season and a \$1000 guarantee was required to bring the show to Wichita Falls. Only the larger cities of Texas including Fort Worth, Dallas and Houston are being shown by this production. A special train of five cars will be required to carry the company and its properties from Dallas to Wichita Falls and to Fort Worth.

JEW'S THROUGHOUT LAND OBSERVE YOM KIPPUR

New York, Oct. 2.—The Jewish people throughout the world today celebrate Yom Kippur, or the Day of Atonement, the most widely observed of all the many feasts and fasts in the Hebrew calendar. This fast day is considered the most important of all the Atonement days with its observance the penitential season which began with the New Year comes to an end, and the Jews then look forward with joyful anticipation to the celebration of Succoth, or the Feast of Tabernacles, the harvest festival of the ancient Israelites. Among the orthodox Jews Yom Kippur is kept as a solemn fast, and for twenty-four hours no food or drink or nourishment of any kind is allowed to pass the lips of the pious and observing Jew. From this observance none is exempt except the sick, children under age, very old people whose health would be affected by abstinence from nourishment, and nursing mothers. The reformed Jews join with the orthodox in the observance of Yom Kippur, but as a rule they do not fast, nor are the services in the reform temples continuous on the day of celebration.

REPORTS OF WAR ARE CONTRADICTORY

ONLY CERTAIN IS THAT TRIPOLI WAS UNATTACKED UP TO MIDNIGHT SATURDAY.

ALL IS QUIET AT TRIPOLI

By Associated Press. Rome, Oct. 2.—A mass of contradictory reports still surrounds the Turkish-Italian war. Just one thing is certain and that is that Tripoli was unattacked up to midnight Saturday. Tripoli is Quiet. Commander of Italian Fleet Ordered to Postpone Bombardment. By Associated Press. Tripoli picture that city is quiet on the eve of the Italian occupation. The native population seems to be taking events with stolid indifference, although foreign population has largely fled. Most of the business section is closed. Turkish authorities in Tripoli it is reported, have received instructions to have the populace respect Italians as the Turkish cabinet was preparing an answer to the Italian demands. Bombardment Suddenly Postponed. Chiasso, Switzerland, Oct. 2.—It is reported that the Italian fleet commander at Tripoli on Saturday suddenly ordered to postpone the bombardment as there were signs of reaching an agreement through the intervention of certain powers. A Wireless Report. London, Oct. 2.—It is reported that the British cruiser, Aboukir, has received a wireless message that Tripoli has been occupied by the Italians. How the Belligerents Compare. Total area of land, Italy, 1,073,000; Turkey, 2,481,800. Total sea frontiers, Italy, 1,202 miles; Turkey, 4,975 miles. Population, Italy 32,965,504; Turkey, 24,813,600. Miles of railroad, Italy, 10,640; Turkey, 4,975. The extent of the boundaries of the Ottoman Empire never has been computed. A general comparison would be that of Italy may be obtained however, by considering that the total area in square miles of the former is about 1,500,000, while that of the latter is only 110,864, less than one-thirtieth as much. A fair estimate of the latter would be that Turkey would have a frontier of as much as 10,000 miles and a great part of this adjoining nominally subject or recently freed people.

OPEN RICH LANDS TO SETTLEMENT

Rapid City, S. D., Oct. 2.—With the opening of registration today for the remainder of the Rosebud and Pine Ridge reservations Uncle Sam started the ball rolling in one of the largest land lotteries he has ever conducted. A total of 466,562 acres is thrown open to settlement, comprising some of the finest agricultural and grazing lands in South Dakota.

LETTER TO DAVIDSON

Dear Sir: Tell the owner: "I paint Devoe, nothing else, unless you want me to paint something else; I'll paint whatever you like; it's your house, not mine; your job, not mine; it's mine. If I do it my way; it's yours if you do it your way."

"It will cost you less, Devoe; less gallons to buy and brush on; less money for paint, less money for wages; a gallon put on is about \$5; Devoe will cost less by a tenth to a half, according to what you compare it with; and wears better, how much better depends on what you compare it with—it may be a year, it may be ten."

That's straight talk. The man who can talk like that with a steady eye will have plenty of business; good business too; and men will stand by him.

To Show How New York is Run. New York, Oct. 2.—Visitors to New York's second budget exposition which opened today and will continue until the end of the month, may learn from the numerous charts and illustrations many interesting things concerning the metropolis. For instance the figures show that in New York City there is a birth every four minutes, a death every seven minutes and a marriage every eleven minutes. Moving pictures illustrated the work of the various city departments and show how is spent the immense sum of \$174,000,000 that is required to run the city for one year.

SLANDER SUIT IS FILED BY BYERS WOMAN

Henrietta Independent. Sarah Maherry, joined by her husband, P. K. Maherry has filed suit in the district court against Delbert Harris and his wife for damages for slander and loss of her position. She wants \$5000 for the alleged slander and \$2500 for the loss of her position. The parties all live at Byers.

Plaintiff's petition sets forth that she was employed in the defendant's store at Byers, and that the defendant's wife for the purpose of securing her discharge from the employment made the statement in the presence of her husband and various other persons that plaintiff was a "fancy woman on no account," and that by reason of these statements, which the plaintiff alleges were false and known to be false by the defendant, she was discharged from her position. Plaintiff alleges that she is a married woman lives with her husband and they have five children and that the alleged slanders and her loss of position (thereby) have greatly humiliated her and her family. The incidents giving rise to the suit occurred in 1919.

Archer City has voted a bond issue for the purpose of putting in a water works system. The city council has bought a site for a reservoir which will contain seventy-five acres and impound ninety-five million gallons of water.

TALL ACHES FROM LITTLE TOE CORNS GROW!

In no branch of our business do we exercise greater care, than in the selection of footwear for the tots and near tots.

If properly shod from the start, many of the tall aches of after life may be averted. We give the same care to the fitting of little feet, that we give to "grown ups."

Bring them here, and start them right.

OLGA STECK WITH "THE GIRL IN THE TRAIN"

Olga Steck the young lady who has the part of "the actress" in Charles Dillingham's production of the Vienna musical comedy "The Girl in the Train" which comes to the Wichita Theatre October 7th, is a prima donna of rare ability though scarcely out of her teens. Miss Steck is a product of the west and as a school girl in her native city, Butte, Montana, attracted the attention of Dick Sutton, a theatrical magnate in that part of the country. Mr. Sutton was an intimate friend of Miss Steck's parents and he advised that she be given a thorough musical education and fitted for an operatic career. Acting upon this advice Miss Steck was sent to a preparatory school in New York and thence to Paris and Milan where she finished her musical education. Returning to her home city Mr. Sutton was so favorably impressed with his protegee that he organized a comic opera company and placed Miss Steck in the prima donna role. The company toured the Pacific coast and while playing in San Francisco, Fritz Scheff who happened to occupy a box at the matinee went into raptures over Miss Steck's singing and straightway offered her an engagement in her own company. At the conclusion of the Sutton tour Miss Steck joined the Fritz Scheff opera company at the Knickerbocker Theatre, New York. Thus within six years after starting her musical education Miss Steck appeared on Broadway. Her singing with the Fritz Scheff company attracted wide attention, and Miss Steck was assigned to the part of "the actress" in "The Girl in the Train" in which it is said she has won a crowning triumph.

MANY CLOWNS WITH SELLS-FLOTO CIRCUS

For many years, and whenever the tent show season is at hand, comes the familiar announcement that on the appearance of the big-top, forty clowns will add to the joy of living. Everybody knows how the old announcement reads "forty clowns—count 'em—forty."

Now as a matter of fact, until the present season, no circus that ever took the road had really forty clowns until the Sells-Fлото people conceived the idea of filling the time-worn promise. When the big show gets here on Monday next, it will be seen that one of the most compelling features of this attractive organization is the number of fun manufacturers, which will be seen in many amusing stunts. Incidentally, it might be mentioned that the whole troupe takes the center stage as an opening number and those who have been waiting anxiously the coming of the really truly forty clowns, can count them.

Wichita Southern Life Insurance Company

Offers to its patrons the most attractive policy contracts on the market. It is just as strong if not stronger than many of the older companies for the reason that it has more assets in proportion to its liabilities which is the real test of strength.

We are compelled by the law to put up the same relative reserve for the protection of our policy holders as the largest company doing business in this state.

If you are in the market for a policy, buy it from your home company, and keep Wichita Falls' money at home.

305 WICHITA FALLS 305

Wichita Falls, Texas, October 2, 1911.

Dead horses are shipped from this country to Germany where they are made into Frankfurters and sent back to us. That is the statement Dr. Wiley has made, and what he has said in the past has stuck.

All that is necessary in order to get a gusher in the Electra field is to go down deep enough. Another fine well was brought in yesterday, known as Stringer No. 8, and brought in by the Producers Oil Co.

The Times has never been a very strong friend of Senator Bailey, but it has never had it in for him bad enough to even suggest that again an of Jake Wolters calibre could begin to fill his shoes.

LET THE PEOPLE NAME THE SENATOR.

Three men—Randell, Sheppard and Ball—are active candidates for democratic nomination to the United States senate to succeed J. W. Bailey on March 4, 1913. Colonel J. F. Wolters of Houston is said to be virtually certain to enter the race. There may be others.

With four or more candidates in a senatorial primary, it is unlikely any one of them would receive a majority of all votes cast.

Should the senatorial primary fail to give any candidate a majority, the legislature might feel free to disregard the mandate of a mere plurality, and a scramble for the prize ensue before that body.

Texas democrats apparently wish to have a presidential primary next year. If held, it must be in May, prior to the national convention.

Colonel Ball, who favors a presidential primary in May urged the democratic state committee to call a preliminary senatorial primary at the same time. He would have it agreed among the senatorial candidates that if none obtained a clear majority of all votes cast in the May primary the two top men should compete for the nomination in the regular July primary. In that way the rank and file of the party would be able to name the senator and the legislature would elect the people's choice without question.

This proposition is thoroughly democratic. It recognizes the right of the people to elect their public servant by direct majority vote, and it affords a means by which a majority can be obtained, equally fair to all candidates. The Chronicle ventures to predict that none of the other candidates will offer serious objections to Colonel Ball's suggestion, or that, if any candidate does reject it, he will be that act impair his popularity among the voters.—Houston Chronicle.

Sayings of Woodrow Wilson.
The only permanent thing we have is change.

Everything that has ever happened in history has happened because a large number of men kicked.

I do not fear revolution. I do not fear it even if it comes. I have unshaken faith in the power of America.

The House of Kuppenheimer
Chicago

It's a Mighty Truth
But as Old as
Business

THAT real economy in clothes-buying is striking the right average in price. The penny-wise purchaser who puts price above everything else, to whom the dollar in hand means more than the clothes on the back, he goes wrong everytime. He buys at the lowest price and the value is always less than the price is low. Other men forget economy entirely. They forget that after a certain price is reached additional money is simply paid for the fictitious, value of the tailor's name and standing.

We offer in the new garments we are showing, direct from The House of Kuppenheimer, the truest economy in quality clothes. The prices range from.....\$15.00 to \$25.00

And every dollar that you pay for these Kuppenheimer Clothes brings back an actual value in return, a value based on real style, rich worth of fabric, specialized tailoring and expert finish. Let us show you the clothes and prove this economy for yourself.

to keep its self-possession.

I have no objection to the size and beauty and power of the automobile. I am interested, however, in the size and conscience of the men who handle it, and what I object to is that some of these corporation men are taking joy rides in their corporations.

While you are walking around with your hands in your pockets, whistling thinking the world is going on as usual, there is a little group of gentlemen in some room, somewhere, putting up a job on you.

If you are ever tempted to let a government reform itself, I ask you to look back in the pages of history and find me a government that reformed itself.

That a peasant may become a king does not render the kingdom democratic.

We are not going to break faith with the past or with each other, but by the elements of perseverance we are going to get what we want.

We did not start out to show the world how those things that the world has always been doing could be done over again upon a slightly larger scale. That does not satisfy our ambition. That is not what America is for.

LIQUOR ORDERS BY POSTMASTERS BARRED

Washington, D. C., Oct. 2.—First Assistant Postmaster General Grandfield has served notice on all postmasters living in dry territory of local option States or in prohibition States that they must not solicit business for liquor dealers or permit any of the postal employees under their control to do so. Postmaster and postal employees are furthermore cautioned against furnishing liquor dealers with tips where they can sell liquor or informing thirsty people in dry territory, where they can order by mail liquor, so as to increase their money order business and therefore their commissions on money orders.

Congressmen whose districts contain dry counties or precincts have received numerous complaints that postmasters have been acting as agents for mail order liquor houses and thus being to a large extent instrumental in setting at naught the efforts of a majority of the people in such dry territory to shut out liquor. Congressmen who have taken up their complaints alleged that such action of the postmasters complained of were violative of the postal regulations. In this caution to postmasters issued by Mr. Grandfield, today, postmasters in prohibition territory are cited to Sec. 224 of the Postal Laws and Regulations, governing such matters.

\$10,000 FIRE AT HOLIDAY.

Blaze First Seen About 3 O'clock Sunday Morning Destroys Lumber Yard and Furniture.

Holiday, Texas, Oct. 2.—Fire that broke out about 3 o'clock Sunday morning destroyed the lumber yard and furniture stock of W. J. Price, causing a loss of \$10,000.

Citizens of the town fought the blaze with buckets and succeeded in keeping the flames in check sufficiently to save the rest of the business and residence property, which at one time seemed threatened, as a strong wind was blowing when the fire was first seen. Mr. Price carried some insurance, but how much was not learned.

A MILE OF PARADE GLORIES.

The Gay, Glittering, Spectacular Pageant of the Hagenbeck-Wallace Shows.

The new feature street parade which has been the talk of the circus world and the delight of the public who have witnessed this wonderful moving morning carnival of the Hagenbeck-Wallace shows which exhibit in Wichita Falls, October 11th, has been proclaimed the most pompous and striking innovation in pageantry offerings. It is a regally majestic and rich display. There are to be seen characters representing princes, potentates and nobles, displaying ostentatious and lavish display of priceless jewels and costumes. Elephants, camels, dromedaries, zebras, sacred cattle, zebras and ponies draped in the richest housings of cloth of gold and silver will be driven and ridden by natives of their respective countries. Magnificent new tableaux cars will bear nobles and their retinues of retainers, proudly riding on superb horses whose coats can scarcely be distinguished beneath their richly embroidered coverings. This blending together of rich vestments, this clanking of swords and jingling of trinkets, these plumes, etc., present a most brilliant spectacle. All of the men, woman and children connected with the great Hagenbeck-Wallace shows take some part in the parade, and the four hundred of the world's finest horses will be in the line caparisoned with a richness that will be a revelation. Scores of tableaux cars, dens, lairs, tanks, musical vehicles, fashionable park traps, carts, chariots and floats will scintillate with brilliancy. There will be the greatest liberality displayed in the free exhibition of animals and beasts, nearly every cage being opened except in a few instances where climatic conditions are prohibitory. Numerous bands of musicians and colony of clowns will add to the gaiety of the nations. The entire pageant will be characterized by exclusiveness, novelty and brilliancy and expensiveness of feature which separates it from all others and marks it as the grandest exhibition of the kind ever conceived or presented. This wonderful street parade will start promptly at 10 o'clock in the morning. The afternoon performance will begin at 2 o'clock and the night performance at 8 o'clock. The doors will be opened one hour earlier for inspection of the menagerie and Oriental exposition. Excursion trains will run into the city on all lines of transportation.

ACTIVE CAMPAIGN FOR ROAD BONDS

An active campaign in favor of the issuance of \$150,000 road bonds will be pushed from now until the day of the election on October 13th. At the meeting of the directors of the Chamber of Commerce this morning J. B. Marlow and Wiley Blair were appointed joint chairman of a committee to have charge of the campaign.

It has developed that those opposed to the bond issue are working very strenuously to defeat it and if the bonds are to be voted, some active work must be done by those in favor of the issue.
