## TWO DRILLERS BADLY BURNED AT ELECTRA

EXPLOSION RESULTS WHEN OIL SPOUTS OVER BOILER FIRE AND DRILLERS ENVELOPED IN FLAMES.

### CRAWL TO SAVE LIVES

Tom Moss Would Have Perished But for Timely Arrival of Rescuers. Derrick Destroyed.

Tom Moss, head driller for the Farmer Oil Company was seriously burned and Tony Hilderman, another driller suffered less serious burns at seven o'clock this morning in an explosion at the Farmer Oil Company's well on the Sheldon lease.

That either of the men are alive to remember their terrifying experience is miraculous.

When the two men started to work at the well this morning they found during the night that the well had filled with oil and when the drill was let down a spray of oil was thrown about the derrick.

The wind was coming up at this time and fearing that the well might catch fire from the boiler nearby the two drillers started to kill the fire in the boiler. Before they could get the fire completely out, a head of oil was thrown high into the derrick and over the boiler.

Before the men could escape there was a terrific explosion and flames shot high into the air. Both men were knocked to the ground by the explosion and their clothing set afire. Engulfed in flames Moss and Hilderman started to crawl out side the fire zone. Hilderman got out side the flames without much difficulty and rolling himself over and over extinguished the fire that was burning his clothing.

Moss bewildered by the explosion and the flames, however, was not so fortunate and started to crawl the same direction that the wind was blowing, and would certainly have succumbed in a few seconds had he not been rescued by other workmen in the field who ran to his rescue. His burns which are mostly about his back are very serious, but it is believed he will survive.

Dr. Mouser is attending his burns until Mr. Farmer can arrive with a physician from Henrietta.

Following the explosion the flames shot like a flash to the top of the oil soaked derrick and within a few minutes it was completely consumed.

The rope suspending the drill was burned in two and the drill dropped to the bottom of the hole.

If the tools can be recovered it is probable a new derrick will be erected and the well drilled to the 1058 foot sand.

## GERMANS WILL VOTE AGAINST PRES. TAFT

Washington, D. C., Oct. 7.—That the German-American votes in the U. S. will be turned against Taft, unless he makes changes at the port of New York, and removes Immigration Commissioner Williams, was the declaration made by President Henry Weltsman, of the German societies of Brooklyn before the National German-American Alliance today.

## A HEAVY DROP IN TEMPERATURE

Sherman, Texas, Oct. 7.—A heavy rain general over the county, fell last night, and was followed by a northerly this morning, causing a drop of 59 degrees in the temperature.

Paris, Texas, Oct. 7.—The temperature here dropped 50 degrees last night from 86 to 45.

## Y. M. C. A. TO CONTINUE ITS ACTIVITY

The fact that the Y. M. C. A. may soon have to pay a much higher rental than now charged by the First M. E. Church, corner of Seventh and Lamar streets, will not mean that the work will be given up or that the organization will be any less active. On the other hand it is probable that a change to a more central location will be made and the activities of the association increased.

When the people of Wichita Falls outside of the church subscribed between \$8000 and \$9000 toward the erection of the structure it was generally understood that the basement of the church would be given to the Y. M. C. A. at a nominal rental in recognition of the liberality.

However, much of the money subscribed was never collected and now the trustees of the church have asked the Y. M. C. A. to pay a rental of \$75 per month.

The directors of the Y. M. C. A. have asked thirty days time to consider the matter which has been granted and in the meantime several other locations have been offered.

### Reyes Reaches San Antonio.

San Antonio, Texas, Oct. 7.—General Reyes arrived this morning over the Southern Pacific from New Orleans. A delegation of 300 Mexicans met him shouting "Vivas." One shouted "Viva Madero." An informal reception was held.

## NEWSPAPER MEN CITED FOR CONTEMPT

A. C. Bush, manager of the Wichita Daily News and E. A. Gaston, news editor of the same paper have been cited to appear in the district court at Abilene Monday to show cause why they should not be adjudged guilty of contempt of court.

The publication of an editorial in the News criticizing Judge Blanton's action in restraining the Abilene papers from publishing testimony in certain cases on trial in his court caused the contempt and proceedings.

Judge Blanton in his order citing the Wichita Falls newspaper men, placed their bond at \$500 and named Monday as the date for them to appear.

### Powers Will Not Interfere.

Rome, Oct. 7.—Official circles of Italy announce that there will be no intervention of the powers until Italy has in reality occupied not only the coast, but the interior of Tripoli. The indications are that until this is done the war is indefinite. This has been agreed to by the powers.

### Italian Sailing Vessel Sunk.

Flume, Hungary, Oct. 7.—An Italian sailing vessel has been sunk by Turkish guns at St. Juan de Medina.

J. Wilbur Gray left this morning for his home in Rockford, Ill. where he will attend the wedding of a cousin.

J. A. D. Smith, and W. Whitson of Burkhurnett passed through the city today on route to Gainesville on business.

I now have my office with W. E. Golden. Phone 203 will reach me. H. C. McGlasson. 126-41c

## DEPUTY SHERIFFS FLUSH POKER GAME

Deputy Sheriffs Hawkins and Sanders flushed a poker game in the Mansion Rooming House on Ohio avenue last night and caught five players of the great American game. Having reason to believe that the game was in progress at this place the officers slipped up on the "look-out" when he was at the farthest end of his beat and took him so much by surprise that he was unable to give an alarm. They then proceeded to the room where the game was in progress where they surprised five men deep in the game.

The players appeared in court this morning and liquidated fines and costs amounting to \$18.60 each.

## DRIVEN FROM HOMES WATCH FLOOD FROM HILLS

La Crosse, Wis., Oct. 7.—Two thousand persons of Black River Falls are without food or shelter following a night on the hills from which they watched the waters of Black River overflow the town after the waters, swollen by the recent rains burst through the dam at Hatfield.

In his appeal for aid Mayor McGill says the people need both food and tents in which to sleep while they rebuild their homes. The population fled yesterday without extra clothing. The pitiless rain stopped in the evening and there was less suffering from exposure. It will be several days before the flood recedes. No loss of life is reported. The people had ample warning to save themselves.

As a means of identification should they stray, children of a New York deaf mute institution are tattooed with their names and addresses, an ink being used that is easily removed.

## MISSION WORKERS WANT CLOTHING

The Mission Workers of the city desire second hand clothing, ladies and children hats, shoes, etc. to distribute among the needy here at home. Will all who have these things to contribute please phone No. 299 or deliver same to Mrs. W. J. McAbbe, 512 Burnett avenue.

## KENTUCKIANS ONLY SHOULD READ THIS

Gus Jaubert, of Lexington, the famous burgoe expert, has been engaged to make the burgoe and barbecue the meats for the big Democratic barbecue to be held at Blue Lick Springs, Nicholas county, on Sept. 24th, at which preparations will be made to feed 12,000 people. To give some idea of the amount of "grub" that will be required to feed the multitude on this occasion, Mr. Jaubert has furnished the committee with the following estimate of what it will take.

Six thousand pounds of meat for the barbecue, and 1000 pounds of meat for the burgoe, 4000 loaves of bread, 12,000 tin cups, tin spoons and twenty men to help and twelve cords of wood to do the cooking.

For the burgoe, meat, 1000 pounds, 20 bushels of potatoes, 432 cans of tomatoes, 212 cans of corn, and two bushels of onions. (The foregoing was taken from the Richmond, Kentucky, Pantograph of recent date). There are many old timers in this section of the country who hail from Kentucky and who will remember the delights of burgoe and other refreshments back in the old State.

Mrs. W. F. Marion and son, Russell, of Big Springs are the guests of J. A. Deaton and family on Eleventh street.

## NEW MACHINERY IN POND'S LAUNDRY

The J. W. Pond laundry has just installed some new automatic ironing machinery that just about beats everything in its class. The new machine irons by steam, instead of a hot iron, and thereby eliminates every possibility of scorching or tearing the garments.

It also shapes the garments in the same way they are to be worn, which does away with the bulging shirt bosom, and irons the garments with the dull finish—that is all the style these days.

## BOWIE DISTRICT MISSIONARY MEETING

The Bowie District Missionary Convention of the Christian Churches is now in session at the First Christian Church, corner 9th and Lamar. Delegates began coming in last night and have been arriving on every train since. The church is entertaining all who are in attendance. The following program will be carried out:

8 p. m. Tonight sermon by Rev. E. H. Wylie, of Bowie.

9:30 a. m. Sunday, Bible School at Work—W. J. Bullock, Leader.

11 a. m. Convention sermon by Rev. J. C. Mason, corresponding secretary of State Missions.

7:45 p. m. Sermon at the Airborne by Rev. R. R. Hamlin.

10 a. m. Monday Report of Committees.

11 a. m. "What We Carry Home With Us From this Convention"—J. C. Mason, Leader.

11:45 Adjournment.

## NO NEW DEVELOPMENTS IN STRIKE SITUATION

### BAPTIST ARRANGE FOR REVIVAL MEETING

The arrangements for the Baptist revival meeting which starts October 17th, are being perfected. A large tent has been rented for the meeting. The tent will be erected on Tenth and Scott streets, where the old school buildings stood, and seats will be provided for very large crowds.

The preliminary prayer services will begin at the church Sunday, and will continue through the week. Evangelist Ham will be here October 17th.

The singers of the several choirs of the city are cordially invited to assist in the music. Mr. Roth is leader of the choir and sings many beautiful solos during this meeting.

The following committees have been appointed for the revival meeting:

Tent Committee—W. W. Brown, chairman, G. W. Filgo, J. M. Ewin, Clay Wite, B. F. Crawford, N. W. Crooly, J. L. Brooks.

Advertising Committee—W. L. Robertson, chairman, W. H. Cousins, C. McKeehan, T. A. Huff, Dr. R. C. Smith, W. H. Davis, B. P. Hatcher.

Finance Committee—R. E. Huff, chairman, F. C. Barrow, J. L. Jackson, J. J. Lacy, H. A. Fairchild.

Prayer Meetings—L. H. Lawler, chairman, Chas. Smoot, P. E. Phillips, E. M. Yeakley, Mrs. W. H. Davis, Mrs. R. C. Smith, Mrs. W. L. Robertson.

Ushers—I. A. Farris, chairman, T. L. Toland, G. A. Smoot, Burton Stayton, B. A. Bohannon, Geo. Lawler, Dr. W. P. Bolding, E. D. Trevathan, Joe Hatcher, Fred Stingle.

Entertainment Committee—C. J. Barnard, chairman, W. A. Freear, G. M. Small, Mrs. R. B. Stayton, Mrs. Chas. Roundtree, Mrs. Robt. Hall.

The advertising committee will meet at the church Sunday afternoon at 3:30 o'clock. The members of this committee are urged to be present.

## MAN INJURED AT BURKBURNETT

Burkburnett, Texas, Oct. 7.—R. Childers, aged about 55 years, a farmer living across Red River in Oklahoma, was seriously injured in a runaway at the Rutledge Glia here this morning.

Mr. Childers had just finished unloading a wagon of cotton and was preparing to drive off when his team suddenly took fright and started to run. Childers was thrown to the ground and the wagon wheels ran across his back. The horses ran a short distance and were stopped.

Childers was carried into the gh office where Dr. Lewis was called to attend him. No bones were broken, but it is feared he is injured internally. He was resting easily at two o'clock this afternoon.

## ACCIDENTAL SHOOTING AT PALESTINE

Palestine, Texas, Oct. 7.—While shooting ducks at Spring Park this morning E. V. Swift, an attorney and his little brother, Ernest, were accidentally shot by another hunter. They were painfully but not seriously injured.

Some disturbance was caused at the Union Station this morning by the efforts of the officers to arrest a man who insisted that he be let alone. The gentleman, who was considerably the worse for liquor, was finally subdued and quiet restored.

## BOTH SIDES IN HARRIMAN LINES STRIKE ARE STANDING FIRM.

Guard Shot at Houston Thursday Died Last Night—Investigation in Progress There.

Quiet at Burnside Shops.

Chicago, Ill., Oct. 7.—Edward Bloom, a non-union mechanic employed in the Burnside shops today was beaten ingensible by two unidentified men shortly after he left home.

At the Burnside shops all was quiet today. Fifty boilermakers and their helpers returned to work. Officials say more than 300 have returned since the walk-out.

## Guard Dies From Wounds.

Houston, Texas, Oct. 7.—Frank Tullis, the guard who was shot early Thursday at the Southern Pacific shops, died last night.

Early this morning Justice Crooker resumed the taking of testimony in connection with the killing of J. J. Pipes and Frank Tullis, guards. He expects to conclude the inquiry today.

The testimony taken is contradictory as to where the shots came from some saying from the strikers and others from within the enclosure.

Freight traffic is nearly normal, there being no delays in operation of passenger trains. None of the strikers are returning to work.

## 300 at Work.

Memphis, Tenn., Oct. 7.—Notwithstanding the walkout of 125 strikebreakers from the Illinois Central shops yesterday the general foreman claims that there are 300 skilled mechanics in the shops. The strikers say the strikebreakers have left only 30 competent men. The strikers claim that 900 cars of merchandise are in the yards for which billing cannot be found and their destination is unknown.

## Firemen Win.

Atlanta, Ga., Oct. 7.—A message received from Chairman Teat, of the board of directors of the Brotherhood of Firemen and Enginemen says the strike on the Georgia and Florida road is settled. The firemen win their contentions, he says.

## EXTENSIVE WILD CATTING IN PROSPECT

The developments in the oil field at Electra are only the beginning of operations of much wider importance and extent," said a prominent oil operator here today.

"The developments at Electra have attracted the attention of the whole oil fraternity to Northwest Texas and I believe the most extensive wild cating ever known will be witnessed here within the next twelve months extending over this whole section of the country."

"Scattered traces of oil have been found at so many points in this territory that the belief exists there must be a number of pools such as that at Electra. The search for these pools will soon begin and scores of holes will be drilled within a radius of fifty miles from Wichita Falls."

## Christian Church.

Sunday school at 9:30 a. m. Sermon by J. C. Mason at 11 a. m. Special Christian Endeavor program at 3 p. m. and 6:30 p. m.

C. W. B. M. program at 4 p. m. The usual evangelistic services will be held at the Airborne at 7:45.

Mr. Bradley will sing the Ninety and Nine and it will be illustrated by 14 pictures.

This District Missionary Convention of Christian churches will continue session until noon Monday.

### Even Now You Can't Compete With Our Soups

Even the tomatoes are cheap and you have a steady fire all day long I'm sure you can't afford to take the time necessary to make tomato soup or any other kind of soup. A great many women don't even figure on it any more. They buy a dozen cans of soup at a time, get the quantity price and spend their time at things that they can't hire done. Quality, price and convenience are all in favor of Our Soup.

## IN SOCIETY'S REALM

Editor's Phone 108

**Dollar Social.**  
The Aid Society of the First M. E. Church will hold their regular Dollar Social at the residence of Mrs. G. W. Corbhill on Friday evening, October 13th. It is customary for these ladies to hold a Dollar Social after their summer vacation. These entertainments are very enjoyable and this one will prove unusually so, as they have prepared quite a program and will serve refreshments. All of the members are invited to be present.

**Woman's Home Mission First M. E. Church**  
The Woman's Home Mission Society will meet with Mrs. E. G. Cook at 302 Travis, October 9th, at 3:30.

**Five Hundred Club.**  
Mrs. Ed Walsh will be hostess Thursday to the Five Hundred Club, at her home on Austin street. The club will meet promptly at three o'clock.

**Rev. and Mrs. Cooper Entertain.**  
Monday evening, Rev. and Mrs. O. Cooper threw open the doors of the Methodist parsonage to the young people of the Methodist Church. The house for this occasion was made even more attractive by decorations of flowers and trailing ferns. Many of the time games were revived, each guest enjoying themselves to the fullest extent. At 10:30, Mrs. Cooper served delightful refreshments of cream and cake.

**Fourteenth Birthday.**  
Clifford Deaton asked fourteen of his neighborhood chums to help him enjoy his fourteenth birthday. After games and pleasant conversation Mrs. Deaton served cream and cake.

**The New Century Club.**  
The New Century Club held its first meeting for this year at the home of Mrs. Addicks on Tenth street Wednesday afternoon, and the following program was carried out:  
Hostess—Mrs. Addicks.  
Leader—Mrs. Montgomery.  
Roll Call—Vacation events.  
Greeting to new President—Mrs. Harris.  
Response by new President—Mrs. Guest.  
Reading Constitution and By-Laws—Mrs. Burnside.  
Discussion "Our Work for the Year"—Club.

The next meeting of this Club will be with Mrs. Beavers, October 11, 1911.

**Sunday School Picnic.**  
Miss Doris Coons has her Sunday school class at the Christian Church divided in two sections, and each month it is a race to see which side has gained the highest average in the Sunday school work—the losing side having to furnish entertainment to the winner. This time it is a picnic which takes place this afternoon.

**Wichita Public Library.**  
The library for this month will be under the direction of Mesdames Myttinger and Howard for Tuesdays and Mesdames Murray and Rhodes for Saturdays. Among other new books: "The Library has received this week are: "Miss Gibbie Deult," "The Rosary," "Mistress of Shenstone," "Judith of the Cumberlands," and "The Long Roll."

**Banquet to the Merchants.**  
On Thursday evening at the Westland Hotel, Willie Wyatt will be host to the Merchants Club of Wichita Falls. It will no doubt prove an enjoyable affair, as Mr. Wyatt has made for himself quite a reputation as a host.

**Ladies Aid Society.**  
The Ladies Aid Society of the Christian Church have arranged to have a dinner in the Waldorf Cafe on Wednesday, November 11th.

**Birthday Party.**  
Friday, October 6th was the fifth birthday of Elton Felder. To commemorate the event, his mother, Mrs. C. B. Felder, issued invitations to his little friends to come and help him have a good time from four to six. A happier crowd of youngsters were never gotten together than on this occasion. Mrs. Fred Harrington and Mrs. Campbell were called in by Mrs. Felder to help entertain. The fall idea was carried out in the decorations. In the center of the dining table was placed an immense pumpkin which had been hollowed out. In this pumpkin were hidden the guests' souvenirs, each souvenir having a ribbon attached. The guests were given a ribbon and told to pull it would be impossible to give a list of the souvenirs but they were all appropriate to the occasion. Many appropriate games were played, but the one that provoked the most merriment was trying to pin the red cap on the monkey. Although Mrs. Felder tried not to let the guests know until they arrived that it was Elton's birthday in some manner they found it out, and brought many pretty gifts to their little host. After the pumpkin opening, Mrs. Felder served cream and cake and later in the afternoon punch. Each guest left wishing that Elton's birthday came every day. The happy guests on this occasion were: Janice Harrington, Judith Sherrod, Frank Curtis, Meso Pickle, Elizabeth Carrigan, Robert Campbell, Grace Brightwell, Warner Funt Le Roy, Floyd Cook, Eula May Cook, John Rhea Duke, Mary Francis Collier, Marguerite Perry, Helen Sailer, Pierce Langford, Mary Joe Kell, Beth Gallinger, Field, Scovell, Rodney Lee, Virginia Herron, Irma Schnelle, Eleanor Allen, Jack Murray.

**Tuesday Bridge.**  
The members of the Tuesday Afternoon Bridge are to meet with Mrs. Chang Wood, 1704 Tenth street. As this is the first meeting of the club year, there will be no game but the time will be spent in arranging for coming games. This club while only one year old, has made for itself quite a reputation. The number of members being limited there is already quite a waiting list.

**A Pleasant Day in the Woods.**  
Mr. and Mrs. Fred Harrington and daughter, Janice, Mr. and Mrs. Matt Noble and children, Mr. and Mrs. John Tandy and children, went out in autos early Sunday morning to Mr. Sherrill's farm, six miles up the river to enjoy a quiet day in the woods. As soon under the trees, an elegant luncheon was spread which was much enjoyed by all present.

**Presbyterian Aid Society.**  
Section A of the Presbyterian Aid Society met Tuesday afternoon with Mrs. McNeil on Tenth street. The officers for the coming year were elected, Mrs. Carrigan president and Mrs. McNeil, chairman. After the election it was decided to give a public lunch on Wednesday the 11th. These ladies are making their plans to give a Christmas Bazaar. Before making their leave, Mrs. McNeil, in her usual gracious manner, served cream and cake.

**Section C.**  
The Ladies of Section C met with Mrs. Schurer at her home, 1919 Ninth street, Monday afternoon. Twelve members were present. It was decided that Section C would start their work this year by giving a market today, with which they are meeting with great success.

**Section B.**  
The Ladies of Section B are giving a market at Marchman's Drug Store today.

**Thursday Sewing Club.**  
Mrs. Murph was the hostess to the Thursday Sewing Club. The meeting proved an unusually enjoyable one. As it was the first meeting in the month, an elegant luncheon was served. All of the members were present except Mrs. McDowell. This popular club has taken a new member, Mrs. Hartsook. The following members enjoyed Mrs. Murph's hospitality on this occasion: Mesdames C. B. Montgomery, Presley Jardner, Jennie and Hartsook, Miss Lena and Reah Gardner, and Beryl Murph.

**Floral Art Club.**  
The floral art club met on Tuesday at the Floral Art Club met on Tuesday afternoon from four to six with Mrs. W. W. Bean, at her home on Eighth street. As the new Year books had not arrived, there was no regular program carried out, but the time was pleasantly spent in planning for the coming year work. So enthusiastic were the members that it was hard to realize that it was time to go home.

**Y. W. C. A. Rest Room.**  
The Rest Room is no longer a matter of doubt—it is an established fact. The Y. W. C. A. are surely to be congratulated upon their success. We now have a lovely rest room in the heart of the city. It will be hard to tell which one of the ladies is most responsible for this commendable enterprise. They all worked faithfully and hard, but they now have their reward. There will be a bazaar at the Rest Room today and this afternoon from four to six the ladies are holding a reception to the public, and from the enthusiasm manifest, it seems to be a success. From this on the Rest Room will be kept open regularly and in connection will have a Ladies Exchange. All of the ladies in town are invited to send articles there for sale. A small per cent will be charged on all articles sold. This will help to keep up the Rest Room.

**Southern Hospitality.**  
We so often hear the expression "Southern Hospitality," but we of the younger generation hardly realize the true meaning of hospitality as it existed before the war. This invitation old and yellow with age, was discovered in some old papers. Thinking that it might prove of interest to some of the Dr. Shackelford spoken of, was one of the makers of Texas History, and had the honor of having Shackelford county named for him. The invitation reads as follows:  
"Sirs: You will do me the favor of inviting Mrs. Mitchell and family, Major Sherrod's family, Mrs. Shardevoins' family, John McMahon and family, Jack Swope's family, B. Jordan and Tom Jones, and all the young ladies and boys in Courtland and the county—that is, all the genteel boys and girls, and Dr. Shackelford.  
WILLIAM FITZGERALD, JR.  
P. S. On Thursday next, to dinner: June 7th, 1835."

**L. O. T. M. Anniversary.**  
On next Wednesday afternoon the ladies of the Maccabees will keep their house at the O. O. F. Hall. All members are requested to come and bring a prospective "Bee."

Mrs. Eula Durland, district deputy from Denison, will be here, and will no doubt give enthusiasm to the meeting.

The L. O. T. M. O. T. W. is the only fraternal society in the United States for woman exclusively. It has a benefit membership of more than 162,000 and has \$5,000,000 invested in interest bearing bonds.

Those attending will be well repaid by the following program: Welcome—Lady Commander. Greetings—Supreme Commander. Nineteen Recitation by eight children. Birthday Gift—Record Keeper. Discussion. Games. Reading—Mrs. Geo. Boyd. Grand march to cut birthday cake. Talk—Mrs. Eula Durland. Singing Birthday Songs. Refreshments.

**Priscilla Club.**  
Mrs. T. H. Cardin was hostess to the Priscilla Embroidery Club at her home Thursday afternoon from 3 to 6. The afternoon was pleasantly spent in conversation, and needle work. Those present were: Mesdames M. B. Johnson, W. T. Carleton, Alice Robertson, C. W. Bean, Joe W. Kelly, A. B. Tevis, I. W. Simmons, W. W. Coleman, R. F. Neal, Rick and T. H. Corlin. Mrs. M. B. Johnson assisted Mrs. Cardin in serving cream and cake. Mrs. W. W. Coleman will be the next hostess to the club, Friday afternoon from 3 to 6.

**Unity Club.**  
After the summer vacation the Unity Club members were delighted to meet again. Wednesday, October 4th, Mrs. G. D. Anderson was hostess, and as is ever her custom made each guest feel their welcome. The following program was carried out:  
Music by the hostess.  
Roll Call—Memories of the summer.  
Valedictory—Mrs. H. C. Young.  
President's Address—Mrs. Patterson.  
Suggestions—Club.  
Report of program committee.  
The next meeting will be with Mrs. Carrigan.

**Sunbeams.**  
The Little Sunbeams of the Baptist Church were entertained by Mrs. Phillips at her home on Austin street Friday afternoon. An unusual feature of this entertainment was the hunt for wild animals in Africa. This class of little folks are studying Africa. Mrs. Phillips had animal crackers representing the different animals to be found in Africa, these were hidden around in the yard. The little ones were very enthusiastic in their hunt, and some of them captured more animals than Teddy R. did on his trip to Africa.

Mrs. Phillips was assisted by Mrs. Stanton and Miss Imogene Brown who served cream and cake.

**Baptist Aid.**  
Division No. 3, Leader, Mrs. W. W. Brown, will have social at the residence of Mrs. W. L. Robertson on Tenth street Monday afternoon. There will be a free will offering collected for a donation to the Mission Church.

**Parents and Teachers Club.**  
The Parents and Teachers Club met at the Stephen F. Austin school Thursday afternoon at 3:30 o'clock. There was an interesting and profitable business session. After which the following program was rendered:  
Vocal solo—Mrs. J. P. Boone.  
The Relations of Home and School—Mrs. M. Addicks.  
Character Building—W. K. Nider.  
(a) Physical Training—Mrs. Hartsook.  
(b) Mental Training—Miss O'Neil.  
(c) Moral Training—Mrs. W. L. Robertson.

(d) Religious Training—Mrs. W. H. Davis.  
Mrs. Brown of Iowa Park, talked to the mothers about the advantage of State work.

The next meeting of the club will be at the High School building, so that more may have an opportunity to hear Rev. R. R. Hapkins lecture to mothers.

A request will soon be made that the pupils of the Austin school help make a payment on the new piano. The plan is to have each pupil give five or ten cents, and the mothers hope that the children will willingly respond.

**Musicians Club.**  
The members of the Musicians Club held the first meeting of the new club year at the home of Mrs. G. D. Anderson, Thursday, October 5th. Quite a number of the membership responded to roll call. After

the usual routine of business, an entertaining program was carried out. At the conclusion of the program the hostess served refreshing punch and cake. The social half hour was very much enjoyed. The members were happy to be together after their summer vacation.

**Civic League.**  
At the regular meeting of the Civic League on Tuesday, October 3rd, at Mrs. Frank Kells, Mrs. Ed Orr was unanimously elected secretary. A resolution was passed giving a vote of thanks to the band, Mr. Happy Day, and to the Wichita Falls Conservatory of Music.

The ladies of the Civic League will serve dinner at the Waldorf Cafe on Tuesday, October 10th.

**Rebekahs and Odd Fellows.**  
The Rebekahs and the Odd Fellows will hold a joint social at the Odd Fellows' Hall Monday night. An interesting program has been prepared which will be followed by a luncheon. Odd Fellows and Rebekahs and their families are invited.

## Hagenbeck-Wallace Shows Here On Wednesday, October 11th

(Advertisement) Nile hippopotamus, which was pure chased twenty-five years ago, has grown from a blessed baby of five hundred weight to tip the scales at four tons, and, strange to relate though naturally a tender, tropical creature, has become acclimated to live long and prosper in water whose temperature would just suit the ten Polar Bears.

The three herds of biggest, littlest and brightest elephants—whose united ages has been computed would reach from the beginning of the first pyramid to the completion of the last skyscraper; the Sultan drove of gigantic and sacred camels and dromedaries, the great double den filled with the inter-continents congress of splendid specimens of everything worth seeing that roars, chatters, crows, crushes, rages, ruminates, or flies, will also be here on Wednesday, October 11th, and a full hour will be given in which to inspect them and enjoy the podiatry promenade concert by Merrick's Military and Aerial Band, before the brilliant circus and hippodramatic performance commences.

Another ponderous amphibious attraction is the biggest known living

on the continent, being those who journeyed to London a few years ago and wrested the honors from all competitors at a series of fire drills given there.

A building is discovered on fire in the center of the main tent. The regular alarm is given and the fire engine rushes in, followed by the clowns who come armed with soda water siphons, watering cans and other such paraphernalia. Their ludicrous efforts to extinguish the flames is said to be about the funniest thing that has ever been introduced to the patrons of the circus.

The Sells-Floto circus will give two performances here on Tuesday, Oct. 10. The price of admission, as most people know, has been cut in half this year so that for 25 cents one is permitted to see this great circus in its entirety.

## "Polly of the Circus" Comes on Thursday

In "Polly of the Circus" with Miss Ida St. Leon in the leading role, Frederic Thompson has given to the stage a play that will live for many years. One of the many features of this production are the realistic circus scenes, with the horses, dogs, ponies, clowns, acrobats, bareback riders, aerial acts, and all on the stage of a theatre which makes it all the more wonderful. This play will be seen at the Wichita Theatre on Thursday night, October 12th.

## "THE RED ROSE" ONE OF THE EARLY BOOKINGS

Globe Theatre, New York Musical Success, Coming Under Management of John C. Fisher With Big Cast.

What promises to be one of the season's best musical productions is "The Red Rose," the sensational Globe Theatre, New York success. The production comes here at the Wichita Theatre on October 20th under the personal direction of John C. Fisher, the noted producer of "Florodora," the "Silver Slipper," "The Medal and the Maid," and many other of the biggest successes. "The Red Rose" is the result of the collaboration of Harry B. and Robt. Smith, with music by Robert Hood Bowers. The production has been staged by H. R. Burnside, the director of the New York Hippodrome, and the dances have been arranged by Jack Mason. The locale of the story is Paris and deals with student life

## Big Sells-Floto Circus Will Be Attraction Next Tuesday

(Advertisement) As every season rolls around, we generally find the proprietors of big tented attractions vying with each other in order to produce the most novel act, be it either what is commonly known in circus parlance as a thriller or pure comedy.

There is something irresistibly funny in the laughable act introduced by the Sells-Floto people this year. It is that of a real battle with the flames by the Associate Clowns of that organization.

A regular fire engine is used of the most approved make and it may add interest to know that it is drawn by perhaps what are considered the most celebrated team of fire horses

## BOY JAILED FOR NOT TESTIFYING

Frank Harvey, a 19-year-old boy of Dundee, was placed in jail here Monday because the grand jury was of the opinion that he was evading making answer to certain questions propounded to him by that body. On Tuesday morning he was again brought before the body and his memory was in the same condition as on the preceding day, and he was again a guest at Hotel de Goodwin.

On Wednesday he was given his liberty and the ten-dollar fine remained. One of the grand jurors informed us that the boy knew little or nothing of any violations of the law, but that he was extremely bashful and would scarcely talk and this led the jury into the error of concluding that the boy was trying to shield some guilty party.—Archer County News.

## THE THIRD DEGREE HERE NEXT SATURDAY

This Stirring Drama Disclosing Evils of Police Departments in Preliminary Investigations Coming.

"The Third Degree" to be seen at the Wichita Theatre on Saturday, Oct. 14, seems to be the centre of popularity as theatre-goers everywhere are said to be responding with great firmness to this remarkable drama. They give ample proof of their enjoyment of Charles Klein's cleverness in disclosing the evils too frequently occasioned by the police in making preliminary investigations, and the topic is surely a timely one here. The story of the play adheres to a plausible vein and is filled with a human interest that would make "The Third Degree" a success were it not the public teacher that it is.

The plot of the "Third Degree" is built around a youth, the son of a man who is a great social and financial power. The father, a prominent man in the smart set, disowns his son on discovering he has married a girl whose father has gained much unpleasant notoriety in police annals of New York. The girl, realizing her position, has made a gallant struggle to win the respect of the world through her fine character and natural ability. The young husband, disowned by his father, scorned and rebuffed on every hand by his friends, who assert that

he has made a mistake and that his marriage is a misalliance, resorts to drink and dissipation.

The story deals with a crime which, by reason of the quick, impulsive judgment of the police heads, results in fastening the guilt on an innocent man. Finding they must make good their first suspicions, they bend every effort to the one end—that of fastening the claim of guilt on their victim. The methods of the police department, together with the powerful influence of the press are vividly shown. For the first time on any stage, the audience is treated to a visual demonstration of the workings of the detective department of a large city. As clearly and distinctly as were the working of the powerful finance and political bodies in "The Lion and the Mouse," so are the nefarious practices of the police discussed in "The Third Degree, even in a more vivid and interesting manner.

The cast of this remarkable play is typical of the United Play Company (Inc.) including as it does Grace Lord, Elizabeth Gillespie, Raymond Wells, Frank Potton, Chas. T. DelVecchio, Edmond Sprague, Wm. Weston and others.

The plague of crickets at Austin, in the course of which the insects are reported to have been killed and carried off by the ton, suggests the thought that trouble didn't cease in the Lone Star capitol, even when the legislature adjourned.—Manchester Union.

the speed attained by man on foot. Most any small boy can run at the rate of fifteen miles per hour for a short distance. A trained runner has made a hundred yards at the rate of twenty-five and three-tenths miles per hour. In several instances a man has run continuously for two miles at a rate of speed exceeding twelve miles per hour. Any ordinary horse can trot at a rate of fifteen miles per hour and frequent ly they can be seen exceeding that speed on our city streets. Where is the sense of American justice and progress in limiting the speed of the automobile to a lower rate than the horse trots or the small boy runs?

The larger cities have found it impossible to move traffic over their streets at these lower speeds and have provided for slow moving vehicles to keep near the right hand curb in the direction of their progress so that the faster moving vehicles can have a clear right of way near the right center of the street. In the crowded district of Broadway below Forty Second Street, in New York City, automobiles are allowed to proceed at a speed of twenty-five miles per hour and it is a fact that the traffic squad are permitting a maximum of thirty miles per hour in this district. Arrests for speeding in New York City are less frequent than the arrests for violation of the traffic regulations governing the right of way of vehicles.

It is for the purpose of this discussion to suggest that it would be proper or even feasible or even turn automobiles loose on our streets at a speed of thirty or even twenty-five miles per hour, without taking into consideration who is to do the driving. Many of the states and most of the larger cities require drivers of motor vehicles to pass a rigid examination before granting them a license. The drivers are licensed, not the cars. Children under the age of sixteen years and in many places eighteen years are not granted licenses, and it is an offense to allow children under the prescribed age to drive motor vehicles. These cities impose a nominal fine for the first offense and a heavier fine for the second and usually revoke the license for the third.

This matter of speed is well worth the attention of our city fathers. By properly enforcing the regulations governing the right of way of traffic on the streets and by requiring the licensing of the driver and not the car the larger cities with congested streets have found the twenty and twenty-five mile speed limit perfectly satisfactory by the same means we can in-

There are now more than 30 producing oil wells in the Electra field, and the total production of oil is something in the neighborhood of 6000 barrels daily. At the rate wells are now being brought in the daily production of the Electra field will reach 10,000 barrels daily before January 1st.

Evidently Gen Reyes is now fully convinced that Mexico is no place for a favorite son who represents the opposition. He announced as a candidate for president against Madero, and started out making speeches and gathered around him quite a respectable opposition. Fearing that he was growing popular at too rapid a pace, he was "persuaded" to quit, and in order to save his life, he was forced to flee the country. Some of the persuasive arguments consisted of beating and pelting him with rocks, and even robbing him of his personal effects. So far as the system of holding elections in Mexico is concerned, it is all right. As each voter enters the booth he casts his ballot, and the candidates' names whom he votes for are displayed to the public on a bulletin board, and the public is constantly kept informed of just how the vote stands,—just like keeping the score of a baseball game. But the manner they have down there of thinking down the candidates to one in a hill is the disgusting part of elections in Mexico, and if there has been any improvement whatever over the methods employed by Diaz, the dic-

tator, who for thirty-five years ruled that country, it is rather difficult to see. In those days Diaz would nominate himself for president and order his subjects to vote for him. Under Madero's rule, freedom of the ballot is promised, but when there is a candidate in the race who is not exactly to his way of thinking, things are made so uncomfortable for him that he is forced to flee the country.

Notwithstanding the candidates for the senatorship now number four, it is entirely too early for the voters to begin to tear their shirts off in whooping it up for their favorites. There may be other entries, and the more that enter from this time on the better it will be for Randall, who today made his opening campaign speech at Waco.

**A Word About That Speed Limit.**  
 Wichita Falls has a speed limit for motor vehicles of twelve miles per hour. Some cities hold them down to a lower limit. A few days ago St. Louis had a limit of ten miles in the downtown district and one day a funeral procession passed an automobile that was just keeping within the limit and public sentiment realizing the absurdity, had the limit raised.  
 Consider for a moment what twelve miles per hour means when reduced to

Wichita Falls, Texas, October 7, 1911.

### THIS DATE IN HISTORY

"Fully 90 per cent of all land located between the Electra and Petrolia gas fields, covering a strip of country five miles in width and about 45 miles in length, have been leased for oil and gas rights," said one who is in a position to know to a Times man yesterday. A greater portion of these leases have been granted to concerns that are reliable, and who are now producing oil and gas in both fields, and the leasing of these lands have cost them a considerable amount of money. And in order to hold these leases development work will have to be done within the next year. It is hardly likely that men who are well posted in the oil producing business would pay out thousands of dollars in cold cash unless they had reasonable assurances in advance that they would get good returns, and even if development work is done on only about one-fourth of the leases, it means much for Wichita Falls and Wichita county.

### GOOD ROADS COLUMN

Do good roads pay? New York State has already expended \$50,000,000.00 in State aid for roads and is now preparing for another issue of State bonds in the sum of \$50,000,000.00. These bonds bear four per cent interest and are selling at 103 1-2.

Are bad roads expensive? The average cost of transporting material over the highways of the United States is twenty-three cents per ton per mile, as compared with ten cents in France, ten cents in England, nine and one-half cents in Belgium, and eight and one-half cents in Germany. These foreign countries are famous for their good roads. Ninety per cent of our internal commerce which exceeds the foreign commerce of the world, must be hauled over our public roads.

The road question is non-partisan for its affects equally the whole people.

The handicap of the bad road is a heavy one.

Bad roads drive the young people from the farm.

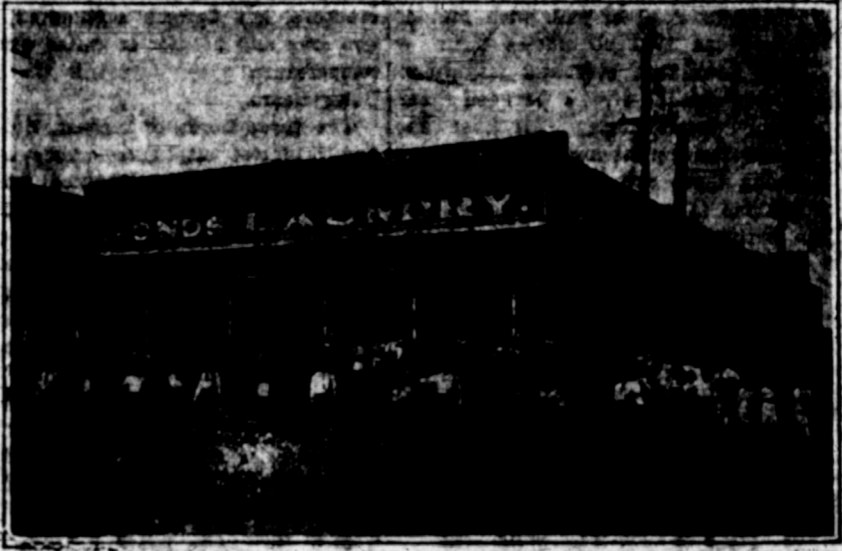

Bad roads are an extravagance that no civilized people can afford.

Good roads are the solution of the rural problem and make country life as attractive as city life.

The first great spread of civilization over Europe was due to the exchange of ideas made easy by Roman roads.

Bad roads thupair farm values and at the same time raise the cost of food by making it difficult to get to market.

**Fest of Tabernacles.**  
 New York, Oct. 7.—In all the Jewish temples and synagogues of the metropolis special services were held today in celebration of the feast of tabernacles. This festival day is called in Hebrew "Succoth" and falls upon the 15th of Tishri in the Hebrew calendar, and lasts eight days. The eighth day is called "the day of solemn assembly."  
 The festival commemorates the harvest season of the ancient Israel

# Modern Methods OF IRONING LINEN

By constant experimenting the Manufacturers of Laundry Machinery have invented and perfected machinery for the ironing of Linen, whereby the life of linen is prolonged.  
 This method is known as the American Pressing System, now being used by all the largest and best Laundries throughout this country.  
 The manner of operation is simply to place the material being ironed on a padded board, which moves beneath a highly polished chest HEATED BY STEAM, and held there by pressure until it is thoroughly ironed, thus preventing the FRICTION WEAR that is produced when using the rotary type machines, that were designed more than twenty years ago, besides there is no possible danger of SCORCHING OR BURNING THE LINEN.  
 The bosom of the shirt is placed upon the padded surface in the same manner that it is placed on the body of the wearer, thus giving the shape and effect, with no chance of producing the "bulger" bosom.  
 This Pressing system is such for the ironing of Shirts, Neck Bands, Cuffs and Vests, as well as Ladies' Shirt Waists.  
 At a great expense we have installed a set of these machines and invite the citizens of this city to see the same in operation.

for the blessings received. The Israelite who, in obedience to the divine command, left his house for the week of the festival, and took up his abode in a booth or tabernacle, and lived through as it were, an important epoch of his people's history, has thereby replenished the springs of Jewish sentiment. He was also there taught to remember that just as Israel in the wilderness was protected by God, so is he being guarded in his earthly pilgrimage.

**FIRE PREVENTION DAY**

**Trial of McNamara Brothers Begins  
in Los Angeles Next Wednesday.**

Washington, D. C., Oct. 7.—President Taft will spend the first three days of the week in the State of Washington, speaking in Tacoma, Everett, Seattle and other leading cities of that Commonwealth. Wednesday night will find him at Portland, Ore., where he will speak at a banquet of the Commercial Club and remain in the city until the following morning, when he will go to Salem. From the Oregon capital he will travel southward into California, arriving at San Francisco Friday and taking part the next day in the ceremonies of breaking ground for the Panama exposition.

The governors of a number of states have designated Monday, the anniversary of the great Chicago fire, for the first observance of "Fire Prevention Day," when the people are requested to clean up their premises and take other steps to reduce the danger from fire, with a view to lessening the appalling annual waste of property and resources.

The Supreme Court of the United States will meet Monday to begin the fall term. The docket hasn't anything nearly as important as the Standard Oil and Tobacco dissolution suits, but there are a number of important matters that will come before the court for settlement. Cases involving the intricate questions of interstate traffic are among the most important on the list.

Early in the week there will be a large gathering of notables in Atlanta for the dedication of a monument erected in that city to commemorate the "peace mission of the famous Gate City Guards, who toured the northern States shortly after the close of the war to promote fraternal feeling between the North and the South.

The Senate committee appointed to investigate the election of Senator Lorimer of Illinois is to resume its sessions Monday in Chicago.

The International Dairy Show, which is expected to be the greatest exposition of dairy cattle and dairy products and machinery ever held in the world, will open in Milwaukee Tuesday and continue for ten days.

Wednesday is the day set for the beginning of the trial in Los Angeles of the McNamara brothers, officials of the structural iron workers' union, who are accused of murder in connection with the destruction of the Los Angeles Times building a year ago.

At a special election Tuesday the voters of California will decide the fate of several proposed amendments to the State constitution. Most interest centers in the proposed granting of suffrage to women. Another of the amendments provides for the initiative, referendum and recall.

Hugh K. Robinson, the aviator, is scheduled to start from Mississippi Wednesday on an aeroplane flight down the course of the Mississippi River to New Orleans, a distance of 1917 miles.

The end of the week will see the gathering in Baltimore of eminent prelates and laymen of the Roman Catholic church in America to take part in the celebration of Cardinal Gibbons' jubilee. The celebration will begin with religious services Sunday and continue through the greater part of the week.

Important among the conventions of the week will be the annual meetings of the Grain Dealers' National Association in Omaha, the Lakes-to-the-Gulf Deep Waterways Association in Chicago, the National Association of Railway Commissioners in Washington, the Southern Commercial Secretaries' Association in Memphis, the National Association of Life Underwriters in Chicago, the American Prison Association in Omaha, and the National Guard Association of the United States in Buffalo.

Texas continues to brag about her cotton pickling records. Where stands South Carolina? Is it possible in a field not "planted" for the purpose for one man to pick 1100 pounds of cotton in a day? What say the experts?—Columbia State.

**The Cotton Market**  
 By Theodore Price

Having spent September, 1910, and  
 September, 1911, in the cotton fields  
 of Texas, and having in the interval  
 traveled extensively in the cotton  
 manufacturing districts of both  
 Europe and America, I am moved to  
 put before the cotton producers of the  
 South my impressions with regard to  
 the present situation of the cotton  
 market.

Last year at this time the market  
 was advancing rapidly, and although  
 the crop was a short one, the farmers  
 were receiving a reasonably reward  
 for their arduous labor.

I am greatly impressed with the  
 contrast between this year and last,  
 I have been through literally hun-  
 dreds of cotton fields in both North  
 and South Texas in the past thirty  
 days. Making due allowance for the  
 increase in acreage, I was strongly im-  
 pressed with the fact that the yield  
 per acre will not be any larger this  
 year than it was last.

Yet, owing to an apparent miscon-  
 ception regarding the size of the crop,  
 the farmers of the South are engaged  
 in a deplorable competition as to who  
 shall sell their cotton cheapest. The  
 fact that the crop has prematurely  
 opened all at once, and is, as far as  
 possible, all being marketed in a few  
 weeks, adds to the demoralization of  
 a situation which will become acute  
 unless balanced by self-control.

The world needs all and more than  
 all the cotton that the South can this  
 year produce. On the average it  
 takes one pound of cotton to make  
 three yards of cloth. An advance of 5  
 cents a pound on cotton, therefore, re-  
 sults in an advance of 1 cent a yard  
 in the cloth, which is consumed by a  
 world population of nearly one thou-  
 sand million people.

On the other hand, an advance of 7  
 cents a pound in cotton means \$25,000,  
 a bale, or something over \$200,000,000,  
 which would be distributed among  
 the eighteen million people resident  
 in the cotton States.

I call upon the farmers of the  
 South to pause in the financial sul-  
 titude in which they are now engaged.  
 There is no necessity for it. It means  
 great distress and serious loss to  
 many defenseless men and women.

Deliberation, investigation and in-  
 telligent action by the individual will  
 result in averting an enormous loss  
 to the people of the cotton States.

I wonder if it is generally known in  
 the South that seed cotton held after

picking for two or three months be-  
 fore ginning seems to continue to de-  
 velop--the staple growing longer and  
 the seed heavier. If I have opportu-  
 nity later on I shall say something more  
 on this subject.

My business in Texas at present is  
 the introduction and commercializa-  
 tion of the Price-Campbell Cotton  
 Picking Machine. It is now perfected.

It does the work of from thirty to  
 forty hands and does better work  
 than hand-pickers at about one-tenth  
 of the cost. Its general introduction  
 means less hardship, more intelligence  
 and greater profits to the farmer and  
 the community. More than this, and  
 most important of all, it means nor-  
 mal and refined lives for the women  
 of the South, and education and in-  
 telligence for the children that they  
 have borne.

It has been examined and indorsed  
 by the United States Department of  
 Agriculture, the Texas Department of  
 Agriculture, and hundreds of promi-  
 nent men, whose written opinions we  
 can supply on application.

I shall be glad if all the men in the  
 South who sympathize with me in the  
 ideals I have set before myself by this  
 enterprise will communicate with me.  
 I would like every man in the South  
 who is interested in cotton to see the  
 cotton picking machine at work. Un-  
 fortunately I can not carry it around  
 and exhibit it, but it is commercially  
 at work in the vicinity of Dallas, and  
 is also on exhibition picking cotton  
 at the State Fair at Oklahoma City.  
 It will be similarly at work at the  
 State Fair in Dallas from October 14  
 to Oct. 29. I earnestly invite every  
 one to see it.

I am now at work dividing the va-  
 rious cotton counties of Texas into  
 districts of about ten miles square,  
 and in each of these districts I should  
 like to have a company formed to buy  
 and operate one or more cotton pick-  
 ing machines. These companies will  
 be owned and managed locally and  
 independently, and will enjoy a privi-  
 lege that will ultimately become very  
 valuable.

I should like to come to know per-  
 sonally, or by correspondence, every  
 progressive man in the State of Tex-  
 as who considers himself competent  
 to organize such companies. It will  
 take time and men to perfect our or-  
 ganization and I want to commence  
 making a selection of competent men  
 now.

**WITH SELLS-FLOTO**

The Sells-Floto shows consolidated  
 circuses, which comes to Wichita Falls  
 on Tuesday next, is a combination of  
 two of the most popular shows, which  
 toured the country heretofore separ-  
 ately. These shows are now recogniz-  
 ed as circuses of the best class and of  
 the greater kind. The union of these  
 shows includes just about all there is  
 in the amusement world which is  
 really worth while.

From the opening pageant to the  
 hippodrome races, the acts in these  
 combined shows are the very best  
 class obtainable in Europe and Amer-  
 ica. Peonlo Carbo, who slides head  
 downward on a wire from the dome  
 of the big tent, a marvelous novelty  
 act, is seen for the first time in any  
 country. The Troupe Louvre have  
 never been seen in this country be-  
 fore. The all star brigade of clowns  
 are not exactly new to the fun loving  
 public, but have really funny stunts  
 which are actually ludicrous and lead  
 all clown stunts.

The price of admission is 25 cents  
 Do not pay any more. Tickets are on  
 sale as early as 9 o'clock on the day  
 of each performance.

**Conference on Charities.**

Toledo, O., Oct. 6.--The twenty  
 ninth annual meeting of the Ohio  
 Conference of Charities and Correc-  
 tion, which opens here tonight for a  
 session of three days, has brought  
 together several hundred men and  
 women who are recognized authori-  
 ties on various branches of charita-  
 ble and reform work and well qual-  
 ified to speak on the subjects assign-  
 ed them on the conference program.  
 Among the speakers from outside  
 the State are Alexander Johnson  
 general secretary of the National  
 Conference of Charities and Correc-  
 tion; Mrs. Athlon Fellows Bacon, of  
 Evansville, Ind., and Edward T. De  
 vine, secretary of the Charity Or-  
 ganization society of New York City.

Indianapolis, Ind., Oct. 6.--In prac-  
 tically all of the public schools in In-  
 diana special exercises were held to-  
 day in celebration of the birthday an-  
 niversary of James Whitcomb Riley,  
 the "Hoosier Poet." Mr. Riley, who  
 is slowly recovering from a long ill-  
 ness at his home in this city, will be  
 fifty-eight years old tomorrow.

Senator Stephenson admits, paying  
 out \$107,792 for his election but is  
 positive that none of it went into cor-  
 rupt hands. His position appears to  
 be that the increased cost of living ap-  
 plies to Senatorships as well as to oth-  
 er luxuries.

"The Hope," a sporting melodrama  
 in four acts and sixteen scenes, in  
 which there is a fire and an earthquake  
 had its first appearance at the Drury  
 Lane Theatre, London, recently.

**HIS TROUBLE**  
**NOT OF HEART**

Real Facts in Regard To F. R.  
 Huffman's Illness. Relief Ob-  
 tained By Curing His  
 Stomach Ailments.

Waynesville, N. C.--Mr. F. R. Huffman,  
 of this city, says: "I suffered dreadfully  
 with what I thought was heart trouble,  
 and tried various medicines in vain.

After other remedies had failed, Thef-  
 ford's Black-Draught restored me to  
 health. I would not feel safe without  
 Black-Draught in the house. I consider  
 it worth its weight in gold.

It cured my indigestion, and by this  
 means I was restored to health. I can  
 not express my gratitude for its benefits."

Good health depends on the condition  
 of your digestion. Poor digestion and  
 good health do not go together.

Theford's Black-Draught will  
 thoroughly cleanse and set in order your  
 digestive system.

It has done this for others, during the  
 past 70 years, and is today the most  
 popular vegetable liver remedy on the  
 market. Try it.  
 Insist on Theford's. Price 25c.

# An Opportunity in the Oil Fields For the Small Investor

## AN OIL LOT FOR \$10.00

A STRING OF DERRICKS IN THE ELECTRA OIL FIELD—From the Daily Times of September 21, 1911.

Not a stock proposition, nor a wildcat scheme, where you hold the bag and some one else handles the money, but a bona fide land deal where you get the land you pay for, and with all its oil and gas rights, in fee simple, to do with as you like.

### ELECTRA OIL FIELD

Within the last four months, the Electra oil field has become the most talked of oil field in the United States. Four strata of producing sand has been discovered, and the finest quality of oil ever found west of the Mississippi river is being produced. Vast capital is being invested, and new wells are coming in daily. At present there are more than 25 producing wells, and nearly a hundred derricks are in operation. Fowlkes Townsite lies just six miles southeast of Electra, and every broadening of the proven field is in the direction of our land. Practically on all sides of us derricks are going up and drilling is being done, and it is only a question of a short time when producing wells will be found in our immediate vicinity. A study of the geography of the country will convince any one that we are in direct line with the best producing wells in the territory.

#### What We Offer in Fowlkes Townsite Oil Company

Fowlkes' ideal location, ten miles from Iowa Park and six miles from Electra, midway between the fertile valleys of Red and Wichita Rivers, and on the main line of the Fort Worth & Denver City Railroad, encompassed as it is by wide spread fields of agricultural richness and destined to be the greatest oil field in the country, makes it an ideal and logical site for a town of one thousand to fifteen hundred people, and the most attractive center of activity for the small investor in Texas today.

Fowlkes is now and has been for sometime a shipping point for grain and cotton with an ever increasing tonnage; she has already an \$8,000,000 gin plant, a general mercantile store, a church and school house, a good citizenship, and being in the center of this great oil field, as the government's geological survey of oil in this territory will show, and lying directly between the first oil well discovered in Northwest Texas, and the great gushers of Electra.

The opportunity for wealth from a small investment, and the co-operation of yourself with this company, whose integrity, ability and business record is unquestioned and by spending our money together with yours to develop your own property, makes it unquestionably the most attractive proposition to the small investor ever offered to the public.

A careful study of our plan will convince the most skeptical that our proposition is fair in the extreme and will appeal to the sound business judgment of the logical business man.

Write us or see our agents for prospectus. Expecting and wishing to merit the approval of the sound business investing public we have eliminated even from consideration all form of lottery or drawing propositions where two or three "lucky" ones receive "a house and lot, etc." to the corresponding loss of the great bulk of investors in the proposition, and ask your business consideration of the following offer of this Company:

\$10.00 will buy 1 oil block of land (25x140 ft.) that is guaranteed to face on a street, assuring an outlet.

1 Contract entitling the holder to Ten Shares of capital stock of the par value of \$10.00 of this Company which will be issued upon the legal incorporation of same. Said incorporation to be perfected immediately on sale of one-third of holdings of real estate.

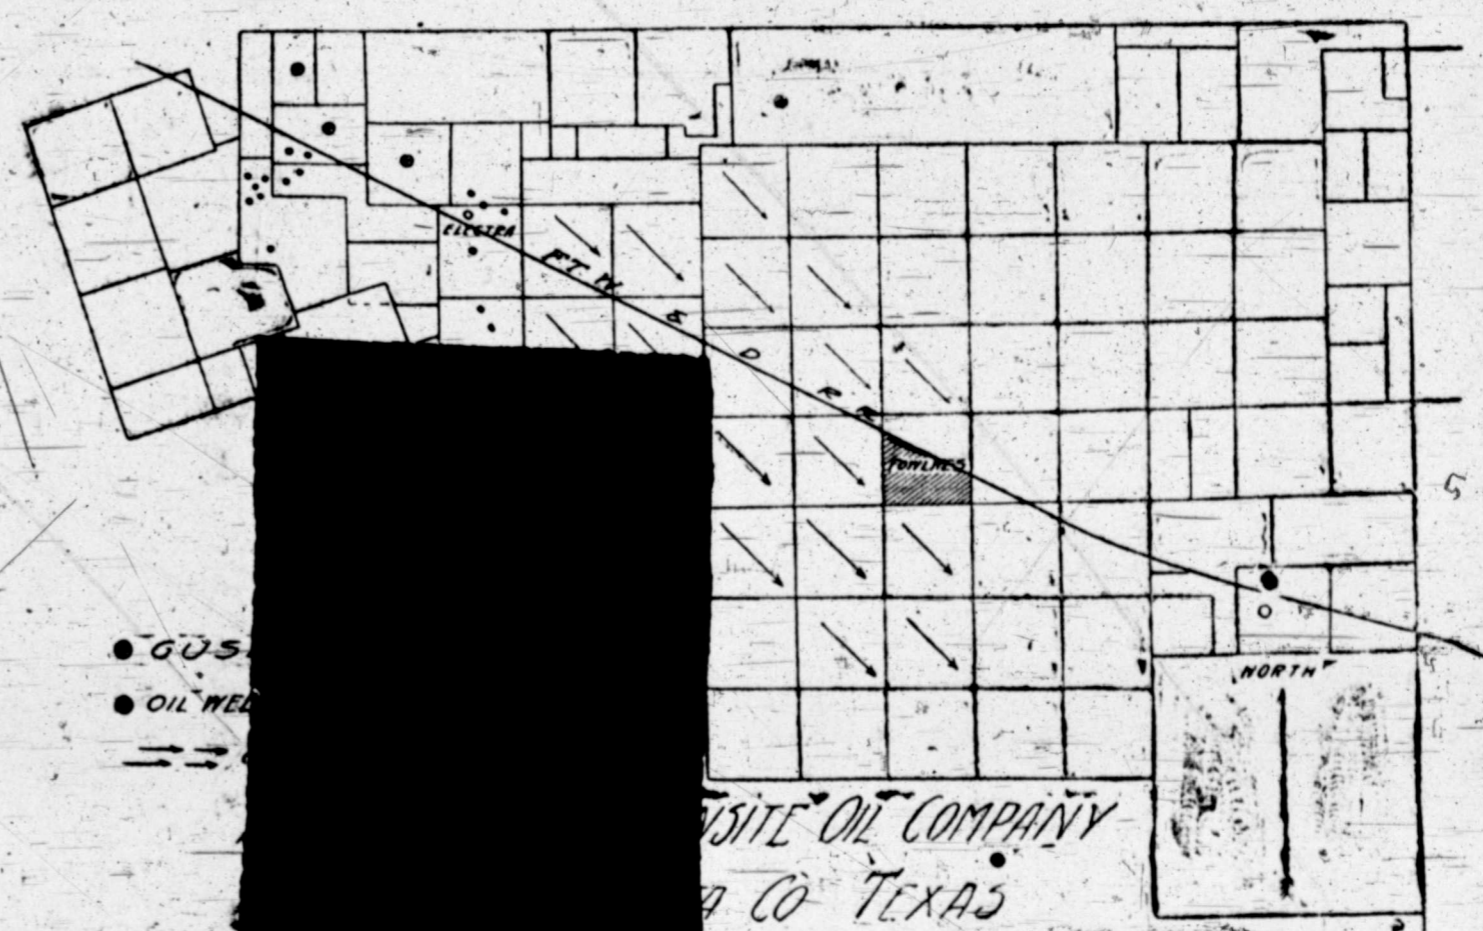

\$25.00 will buy 1 Lot of land (25x140 ft) facing on a 60 foot street, and with alley in rear as per plat.

25 Shares of Capital Stock of the par value of \$25.00.

\$50.00 will buy 1 Lot of land 25x140 feet out of blocks Nos. Five, Six or Seven, out of said Oil Company's holdings.

50 Shares of Capital Stock of the par value of \$50.00 etc., as set forth under preceding proposition.

The promoters reserve the right to increase price of holdings after actual work begins in Well No. One (1).

Fortunes have been made in other oil fields on small investments; you may do likewise. Now is the time to buy as the price of these lots may be advanced at any time. We are not exploiting this proposition with any other idea than to give each and every one a fair show, and will carry out our promises to the letter. Act promptly; give your application to our representative or address.

### BASEBALL NOTES

Cy Young won two of the three games the Boston Rustlers have copied from Pittsburg this season.

Boston sports are laying "it to" that the Athletics will capture the series for the world's championship.

It is said that Orvie Overall who has been pitching for Stockton, Cal. this summer, will return to the Cubs next season.

Ed Walsh, of the White Sox, picks the Athletics to win the big series. Ed says that Jack Barry at short is the answer.

Arthur Irwin will be elected vice president of the New York Highlanders, and Hal Chase will manage the team again next season.

Too bad Bill Dahlen didn't get his Brooklyn team working right earlier in the season. The Superbas played great ball during the last western trip.

Prough, Severid, Covalskie, Marsans, Almeida and Balenti are a bunch of names that have Cincinnati fans up in the air trying to pronounce them.

Cliff Blankenship has been signed to manage the Helena team in the Union Association. He managed the Salt Lake City team during the past season.

Honus Wagner, Bobby Byrne and "Lefty" Leifield are making arrangements for an auto trip through Europe. Bobby will be "in dutch" in Germany but when the trio hits Ireland he will surely show his German pals.

### FOOTBALL NOTES

There will be approximately 43,000 seats in the Harvard stadium for the Yale game, November 25.

M. H. Horr, the former Syracuse football star and punter, is coaching the Purdue University squad.

There are six candidates for quarterback on the Chicago varsity eleven and the best man weighs only 120 pounds.

The University of Pittsburg eleven have hopes of a game with Pennsylvania if the latter captures the date with Michigan.

Surles, Hicks and Wain are the only men on the 1910 team at West Point who will be missed from the army lineup this season.

### WITH THE BOXERS

Young Corbett has been given a license to referee bouts by the boxing commission in New York.

The promoters of the Johnson-Vells bout are sore and threaten to put the rollers under the game in London.

The bout between Bob Moha and Cyclone Thompson scheduled for New Orleans, Oct. 8, has been declared off.

Jack Curley, the Chicago wrestling promoter, has signed up with Jim Flynn and will manage the "hope silver" in the future.

**The Practical Tailored Suit**

The strictly tailored suit of this season, in every detail, has been designed for practical, every-day wear. It is comfortable, serviceable and, at the same time, becoming.

usually twenty-eight inches in length. Sleeves are put in with practically no fullness at all.

Skirts are rather short, though not so extreme as they were last season. In width they measure from 2 1/2 to 3 yards.

**Color Contrasts**

As in past seasons, blue, black and gray and brownish tints lead for the practical, made-to-order suits. But with few exceptions, these colors have been given "life" by means of gay threads or stripes of a self-tone or a contrasting color.

The practical, strictly made-to-order suit for 1911-1912 is simple and severe enough to look tailored and at the same time its modified lines, softer colors and weaves make it more becoming.

The one thing greater than this hot material and Bischof fit is Bischof style.

Without style, the finest materials, and the most perfect tailoring will not make your suit a success.

Style is the key-note of Bischof's success as a designer. It is what sets the Bischof suit apart from the ready-made suit.

Even in the finest custom-made garment it is seldom that you find such individual style.

Don't you need a tailored suit? Let us show you "just the suit that you have in mind."

**Materials**

The materials are nearly always Cheviots or Scotch mixture cloths, very often with a two or three-color effect.

Although the lines are straight and narrow, there is plenty of fullness for perfect freedom of movement.

Coats are fitted in just enough to give becoming lines to the figure. They are

**Clothes Which Reflect Your Personality**

**Clothes Which Reflect Your Personality**

POSSIBLY you have often thought that a coat taped and tailored for you alone would fit you better at the neck and give you more service in the end than an "off-the-shelf" garment. But, another crushing thought was that the cost was too great. **KAHN-TAILORED-CLOTHES** knock the price question all to smithereens, for they cost not a penny more than good ready-mades and they're designed in accord with your individual ideas; your personality is handworked into them and real contentment will be gotten out of them. They are the really truly clothes that really and truly reflect you. Choose from five-hundred fancy or plain fabrics, as smooth or as rough as you wish.

Good Roads are what we are all panting for, not to enable some scoundrel villain to burn a bunch of gasoline that he bought on credit in a smoke wagon that has a mortgage on the horn. Nay, say, Vivian, not that; we want to fix it so a span of frisky mules can butt into the speed limit with a load of wheat or a tub of farm sausage or a pang of frying sizz Shanghai's without giving the mules apoplexy. If the farmers of Wichita county could get to town with a load of real food occasionally they would soon have a glad wad of the long green and we could dispense with the eggs that are not dated and cut out the butter that was intended for the army during our late unpleasantness with Spain. Don't forget that all the roads in the county lead to the PALACE DRUG STORE. Only the Best. Corner Eighth and Wall Streets.

WASTED MONEY

FOR POOR DRUGS

What a lot of money is added to the profits of unscrupulous druggists who substitute for an ingredient called for in a physician's prescription, or who substitute a cheaper article "just as good" when you call for some standard preparation. Some people seem to care so little about it that it isn't any wonder the practice is so common. If honest goods, courteous treatment and prompt service means anything to you and you are not already our customer, give us a trial, put us to the test, and see how well we practice what we preach.
