He also attacked the custom of teaching children to say prayers, such a thing converting them into phonographs or pollparrots. ROBBER ENTERS HOME OF POLICE JUDGE AND FIGHTS WITH DUMMY

San Francisco, Cal., Oct. 24.-An auomaton operated by an electric bur glar alarm in the home of Police Judge A. B. Treadwell had an encounter-with a real burglar Saturday night and the automaton was badly

The dummy was no match for the burglar and its head was crushed. The weapon with which the burglar won the battle was a heavy window weight. At the head of the stairs stood a figure of a man made of plaster of Paris and metal.

In the hollow head of the machinemade man was an electric battery, which was connected with the house electric current, so that when anyone stepped on the top step of the stairs the current was turned on and the

man moved. When the burglar reached that step he probably thought his time had come as the figure started toward him. When he removed his foot from the step the light went out in the head, but the thief went at his enemy in the dark, using his window weight as a club. The wreck of the electric man was complete. The thief made his escape.

HERE'S MAN WHO CALLS POUR STATES OME AT ONE TIME

Kansas City, Oct. 24.-When Fred erron, a stockman, came to Kansas City yesterday with a herd of cattle, he was for a time puzzled as to what state to register from. He explained that he lives in four states-Colorado New Mexico, Utah and Arizona-his ranch extending into all four, and his house standing on the point where they meet.

Terron eats his meals in Colorado sleeps in Utah, has his "best room" in New Mexico and his kitchen ex tends into Arizona.

Terron gets his mail at Cortez colorado, but votes in Utah because he sleeps in that state. His legal business he does at the county seat of Apache, Ariz., because most of his ranch lies in that state.

The windmill which pumps water for his stock is in New Mexico, but the trough is in Arizona.

Vice President Deplores Recent Vote As Significant Of Insurgency

New York, Oct. 23.-Vice President and Mrs. Sherman and Misses Eleanor and Louise DeLong of Syracuse pieces of Mrs. Sherman, are at Hote' Manhattan

Discussing the tour of Presiden Taft, Mr. Sherman said the recent vote in California was quite disap oointing to him personally.

"While I am not posted at the mo nent," he said, "on the detailed vote and have not had time to examine earefully into its full meaning, 1 eel that the adoption by that State of the newer ideas, such as the recall at the very moment that the Prest dent was out on the coast indicate that we may look ahead for trouble in the next campaign.

"We have felt and hoped that Cali ornia was solidly for President Taf and all of his ideas, and this recen election gives us a new light. Per sonally I admire California and its cople, its hospitality and its wonder ful scenery. I visit there frequently and am in love with the place. should hate to see it slip out of line.

"President Taft's message upon the ecall will be found to be one of the creat state papers of our Government t will stand as a masterpiece in statesmanship and the principles nunciated therein will be found, as tme passes, to be as sound as an ver given the people. That his idea were not accepted by the people of California shows marked disaffection which I think all regular Republicans will deeply regret."

Friends of Roger C. Sullivan, Demo cratio national committeeman for Illinois, understand that he intende to retire from national politics after the campaign next year, regardless o' whether or not he is victorious over the Harrison-Hearst faction.

The speechmaking tour soon tondertaken by Senator La Follette in furtherance of his presidential asirations will last six or eight weeks and will embrace the Dakotas, Minnesota, Iowa, Kansas, Nebraska, Missouri, Oklahoma, Illinois, Indiana. Michigan, Mississippi and probably

Good, Well Aged Coffees

Are hard to buy. The market has been swept clean of fancy marks of coffees. Sixty days ago our buyers spent eleven days on the New York Coffee Market. Selecting coffees of approved cup quality and purchased over 30,000 pounds of the pick of the market all well aged and the finest cupping quality. This is without doubt the finest lot of coffees that have reached the state this season and it would be impossible to match them at the present time. Since that time we have had the largest advances on the coffee market since the Civil war. On account of our fortunate purchase, we have not had to advance the retail price of coffee, nor have we lowered the quality. Our roasting plant is up to the last minute and we roast fresh daily. It's all in your favor to buy your coffees of us.
