

Something About Elk City, the New Terminus of the W. F. and N. W.

Elk City, Oklahoma, which is to become the northern terminus of the Wichita Falls and Northwestern before many months, is one of the liveliest and most prosperous little cities in the new state, if a writer to the Times is to be believed. He says:

"Since it is an assured fact that our two cities are soon to be united by the extension of the Wichita Falls and Northwestern railway, which is now completed to Mangum, only forty-four miles south of us. I believe it but neighborly to tell your many readers about our town of Elk City—the Queen City of Western Oklahoma.

"Elk City is on the Rock Island railway, one hundred miles west of El Reno and thirty-six miles east of the Texas Panhandle. It has a bustling population of six thousand people. To enumerate some of Elk City's business establishments, we have five cotton gins, one large cotton seed oil mill, a creamery, a canning factory, an electric light plant, an ice plant, four banks four newspapers two of them dailies, three large public school buildings, one Catholic academy, seven

churches, three hotels, one packing plant and many other enterprises.

"The city has nine blocks of paved streets and the contract is let for ten more to go down by the first of next June. There is also an up to date steam laundry, besides the usual complement of stores, both wholesale and retail.

"For its size, Elk City far surpasses any town in Oklahoma for cotton and broom corn shipments.

"As to the country around and tributary to Elk City, there is no better in the west. All kinds of farm products and fruits grow and do well on our soil. The price of choice farm land is reasonable, ranging from ten to sixty dollars per acre, owing to the amount of improvements and the location. Good farms within five miles of Elk City can be purchased for from \$20 to \$50 per acre. The water is pure and soft, within ten miles of the city.

"Those seeking new locations and safe investments in farm lands and city property with good schools at hand should not fail to come and look at Elk City, the Queen of the West.

MOB VIOLENCE IN CAIRO, ILLINOIS

ILLINOIS TOWN IS SCENE OF SAVAGE OUTBREAK AGAINST NEGRO MURDERER.

IS KILLED AND BURNED

Mob Wreaks Vengeance in Barbarous Manner—Victim Makes Dying Confession.

Cairo, Ill., Nov. 12.—after one of the worst nights of mob rule ever passed through by any city, Cairo is comparatively quiet this morning. Last night a well organized mob took the negro James, wanted in connection with the finding of the body of a white woman in an alley recently, and after riddling his body with bullets, dragged his body a mile through the streets to the point where the crime was committed and burned it.

A man named Salsener, wanted for the brutal murder of his wife, was also lynched, as a rebuke to laggard justice.

Before his death at the hands of the mob James made a confession implicating a negro named Alexander, who was not then under arrest. The mob made a thorough search for him, but the authorities were able to locate him first and he was safely lodged in the county jail.

A young woman lighted the fire that reduced the body of James to ashes last night. Before she did so, the negro's head was cut off and placed on the end of a pole, the other end being stuck in the ground. Then the negro's heart was cut out, chopped into small pieces which were passed around as souvenirs. Pieces of rope, dipped in the negro's blood, were also handed about.

This morning there was nothing but a pile of bones to mark the scene of the lynching.

Several days ago the body of Anna Pelley, a young white woman, was found in an alley, and there were evidences of a brutal assault. James was soon arrested and murmurings of lynching were heard. Last night the mob was organized and took quick action. Before his death James made a confession in which he implicated Arthur Alexander. Following this, a search was made for Alexander by the mob, but the officers reached him first and he was lodged in jail.

Militia is still patrolling the streets this morning and there are five companies on the ground, with more in readiness.

Chicago, Nov. 12.—Governor Deneen did not retire until 3 o'clock this morning. He gave orders to the adjutant general to rush a second regiment to Cairo in case of another outbreak.

St. Louis, Nov. 12.—A long distance message to the Post-Dispatch from Cairo early today says that five companies of militia are on duty there and that five more will arrive this morning. According to Mayor Parsons, the negro Alexander is in jail at Cairo.

Northwestern Builds Depot. The Wichita Falls and Northwestern Railway has awarded the contracts for two new depot buildings to be erected at Mangum and Altus, and work on these structures is being gotten under way.

Each of the buildings will cost about ten thousand dollars and they will be structures of a character in line with the policy of the road.

Brick and stone will be the material used in the construction of these depots.

SOME CHANCE FOR ENTOMBED MINERS

THEIR FATE, HOWEVER, IS BELIEVED TO BE HOPELESSLY SEALED BY THIS TIME.

NO SUCCESS REPORTED

Rescuing Parties Go Down to Third Vein, But Find Only Lanterns and Caps.

Cherry, Ill., Nov. 15.—Before nightfall the probable fate of the three hundred men who are entombed in the St. Paul mine will be ascertained. The state mining officials this morning announced that their plan was to raise the hoisting shaft and lower a cage of rescuers to the third vein, where, if alive, the miners are waiting.

All through the night a few anxious men and women kept faithful watch, surrounding the opening of the mine. President Newman of the state mining board said that he considered it a miracle is anyone has been spared.

Early today the rescuing cage made one trip to a section of the third vein and the faint hopes of the watchers grew fainter still when only caps and lanterns of the entombed miners were brought back.

Several of the rescuing parties returned from the second vein this morning and they report the mine to be caving in in several places. The mine is still on fire and three hundred miners are known to be inside.

A small pile of burning hay was the trival cause of the accident, it causing an explosion Saturday afternoon that caused the mine to cave in at many places, killing about one hundred miners outright and imprisoning several hundred more. Some faint hope that the entombed men are still alive is held out.

Hope is all but banished by the relatives of three hundred or more men, now numbered among the victims of the greatest mine disaster in the history of Illinois.

Not one man of the hundreds entombed in the St. Paul Company's mine will be taken out alive, is the practically unanimous opinion of those on the scene.

The officers of the local miners' union today notified President Lewis of the Mine Workers, Union, that three hundred and ten lives were lost in the St. Paul Coal Company disaster. President Lewis advised the local union that the five thousand dollars contribution of the national body was immediately placed at the disposal of the widows and orphans of the victims. A representative of the owners of the mine today declared the loss of life to be three hundred.

The fire is still burning in the mine and water is being played on the fire at the bottom of the shaft. The air shaft was ordered closed to shut off further circulation.

Cherry, Ill., Nov. 15.—More than one hundred bodies are reported found at the St. Paul mine today by the rescuers. Relatives of the victims and spectators fought furiously to reach the scene as the work of taking out the bodies began. A later report says, however, that no bodies have been recovered from the mine and that the previous report sent out is untrue.

Allendale News Notes.

Allendale, Texas, Nov. 16.—Mr. and Mrs. Will Allen and children of Wichita Falls, and Mrs. Allen's parents, Mr. and Mrs. King of Oklahoma visited the family of Mr. C. C. Allen several days last week.

Misses Goldie Moore and Mabel Cloud of Wichita Falls were the guests of Miss Lillie Sisk last Tuesday.

Mr. and W. L. Swearingen returned home Saturday from Dallas where he went as a delegate to the Baptist convention from this place. He was accompanied by Mr. Herron of Archer City, and Rev. Goodwin who lives in West Texas. Rev. Goodwin preached last night at the school house and left for home this morning.

Miss May Whitten visited her sister, Mrs. Barker in Wichita Falls yesterday.

TEXAS TO BENEFIT.

Russell Sage Foundation Fund Agent to Visit This State.

Fort Worth, Tex., Nov. 13.—Francis McLean, representing the Russell Sage foundation fund, will be here next week and will thoroughly investigate conditions in Texas penitentiaries and convict farms.

This fund was endowed with ten million dollars, given by Mrs. Sage for helping the poor.

While it is not definitely known, it is believed, that the investigation will be followed by recommendations.

McLean spent many years investigating penitentiaries.

Injured By Gas Explosion.

From Monday's Daily

Robert Huff, Jr., son of Mr. Robert E. Huff, president of the First National Bank, met with a painful and what might have been a very serious accident, last Saturday evening, by the explosion of acetylene gas.

The young man had struck a match for the purpose of lighting the lamps on the family automobile, and in applying the match the explosion took place, burning his eyes quite severely.

Dr. DuVal was called to attend his injuries, and today reports that the patient will suffer no serious results, but will be forced to keep his room for several days yet.

Thanksgiving Day Observance.

Thanksgiving Day is to be observed with more than usual elaborateness in Wichita Falls this year. Union Thanksgiving services are to be held probably at the First Baptist church and all the congregations of the city will join in. The presence of the delegates to the Austin Conference of the Methodist Episcopal church will cause the program to be a complete one and music will be a feature, the chorus holding nightly rehearsals. Bishop William Quayle of Oklahoma City is to deliver the Thanksgiving sermon.

SNOW IN PANHANDLE.

Felt From Texline to Clarendon—Rains Reported.

Advises received at the Fort Worth and Denver offices this afternoon report from four to six inches of snow between Texline and Amarillo and lighter snow between Amarillo and Clarendon. The cold wave seems to be headed in this direction and there is promise of snow before many hours. Local rains are reported at many points along the Denver route, Childress and Quanah receiving heavy showers.

Boy Bandit Took His Own Life.

Lawrence, Kas., Nov. 13.—The body of Earl Bullock the boy bandit who committed suicide following his bold robbery of the State Bank at Eudora near here was brought to Lawrence today. The boy died at Eudora during the night and the inquest was held here today. Because of his youth, William McKay the fifteen year old, Jacksonville, Fla., lad who took part in the affair will be tried in the juvenile court. Bullock's father, a merchant of Kansas City, took charge of the body today.

Haskell's Demurer Overruled.

Chickasha, Okla., Nov. 15.—Federal Judge Marshall today overruled the demurrers of Gov. C. N. Haskell and the others charged with fraud in obtaining Muskogee townships.

Judge Marshall's decision compels Haskell and the other defendants to stand trial, unless they plead guilty, which is unlikely.

The counsel for the defendants entered exceptions to the court's ruling and announced that further motions would be filed. The defendants were ordered to appear before Judge Marshall next Saturday and plead guilty or not guilty.

Want Mandate Stayed.

Washington, D. C., Nov. 15.—Application was made today in the district court of appeals by the counsel for Gompers, Mitchell and Morrison, the labor leaders whose sentences for imprisonment for contempt of court were recently affirmed by that court, to stay the issuance of the mandate until January, 1910.

The court later denied the application.

Unless notice of appeal is given before next Friday night, the mandate will be handed down next Saturday.

Benjamin Clothes

After all, it's really the tailor who makes a suit a success or a failure. The most fascinating style would be a fizzle if there were not careful needle work underneath. The most phenomenal designer on earth could not make a garment a success without the co-operation of the tailor. It is he who, by the diligent plying of his needle, gives shape and style and ensures service. The world's most excellent tailors are congregated in New York on account of its being the greatest clothes manufacturing center in the world. They have more work and are better paid there. Could there be a better explanation of why 'Benjamin Clothes,' Made in New York, are the most stylish and the most perfectly made of any on earth. Won't you make it your particular business to see these wonderful 'Benjamin Clothes.'

LOCAL RECEIPTS OF COTTON HEAVY

THIRTY-FIVE HUNDRED BALES BROUGHT IN BY WAGONS UP TO THIS DATE.

BOTH COMPRESSES BUSY

Wichita Compress Has Handled Over Eighteen Thousand Bales So Far This Season.

From Saturday's Daily.

Thirty-five hundred bales of cotton have been received in Wichita Falls up to date from this and surrounding counties, this being considerably in advance of the amount received here at this time last year. It is a fact worthy of comment that while Wichita Falls is receiving cotton from many localities in Clay and Archer counties, much of Wichita county's cotton does not come here, going to Burkburnett, Iowa Park and Electra.

At the Farmers' Union Gin, twelve hundred bales have been ginned so far this season and not quite a thousand at the Wigham gin, making a total for the two local gins of about twenty-two hundred bales.

The Wichita Compress has received eighteen thousand bales up to date and this is largely increased by the other compress receipts, although the figures for the latter are not available.

Local prices today are thirteen and one-half and thirteen and five-eighths for middling, the prices ranging nearly a quarter of a cent higher for the better grades.

AT HOUSTON IN 1910.

Baptist Convention Takes Action on Several Matters.

Dallas, Tex., Nov. 13.—The sixty-sixth convention of the State Baptists Association this morning elected Houston for next year's meeting place, and formally accepted the hundred thousand dollars offer from Fort Worth and will locate the Theological Seminary there.

The project to build a race track at Jaurez, Mexico, opposite El Paso, was vigorously condemned in a resolution. The convention will probably continue until next Tuesday.

He was president for several terms of the Texas Medical Association and the Southern Medical Association.

AFTER SUGAR TRUST.

Secretary McVeagh Will Prosecute Custom House Frauds.

Washington, D. C., Nov. 13.—Secretary of the Treasury McVeagh came out with the statement that he will not only probe to the bottom the scandal growing out of the sugar trust and its agents, but he proposes to renovate the entire system. The report that the sugar trust owes the government thirty million dollars of unpaid duties is declared absurd.

Gildersleeve to Represent Texas Co. Texas News Service Special.

Houston, Tex., Nov. 17.—It was announced at the headquarters of the Texas Company here this morning that Judge H. C. Gildersleeve, a member of the supreme court of New York, will resign and become the legal representative of the Texas Company in New York. This is part of the policy of the Texas Company, said to be subsidiary to the Standard Oil Company, to advance business interests in the east.

NEGRO KILLS ANOTHER.

Elopement of Blind Negro is Followed by Tragedy.

Dallas, Tex., Nov. 13.—John Foster, a blind negro musician, was shot and killed by Julian Walker, another negro, here this morning. The shooting followed Foster's arrest in Fort Worth recently in company with Walker's daughter, whom he induced to elope with him.

SNOW IN WEST TEXAS.

ANOTHER BIG WELL IN PETROLIA FIELD

WHAT IS BELIEVED TO BE LARGEST PRODUCER IN FIELD CAME IN YESTERDAY.

ON THE MATLOCK TRACT

Is Three Miles From Rest of Field, But Roar is Audible Over the Phone.

From Saturday's Daily.

Another big gas well was brought in late yesterday afternoon on the Petrolia oil field, on the Matlock tract, which is thought to be the largest producer in the field.

Although the well is about three miles from the Petrolia telephone exchange the roar of the escaping gas can be heard plainly over the phone in this city, a distance of 16 miles.

The well is down 1600 feet, and is the second large producer that has been brought in this week, the other one being the Smith-Webber well, that was brought in Thursday of this week.

New York, Nov. 13.—Former Secretary of the Treasury John G. Carlisle is seriously ill in St. Vincent's Hospital. He is suffering from an acute intestinal obstruction. The physicians state he is no immediate danger.

SCHOOL SHOES THAT WILL STAND HARD WORK

The children's school shoes are a big problem, aren't they? The toes and soles are through almost before they are a week old—at least it seems that way sometimes. Can you think of any way to prevent that?

Well there is a way and here it is. The Webster Shoe Co. makes a shoe especially for school wear. They are made of very tough leather and the spots that get the most wear are made especially strong.

It is safe to say that the average boy or girl can wear a pair of Webster shoes at least one half longer than they can any other make and the cost is only \$2.00 to \$2.50 per pair.

That comes pretty near solving the problem for you—suppose you bring the children in the next time shoes are needed and try a pair.

LIGHTFOOT TO BE ATTORNEY GENERAL

WILL SUCCEED DAVIDSON WHEN LATTER RESIGNS TO MAKE RACE FOR GOVERNOR.

ON FIRST OF NEXT YEAR

Davidson Announces His Candidacy, Declaring Himself on All the Leading Issues.

Austin, Tex., Nov. 16.—Jewell P. Lightfoot will be attorney-general of Texas after the first of January, when the resignation of Attorney General Davidson will become effective.

Judge Davidson yesterday, in formally announcing his candidacy for the governorship of the state, said he considered it his duty to make the race unhampered by any official cares and that he would resign his office, effective on the first of next year.

Lightfoot's appointment to succeed his chief was announced from the gov-

ernor's office this morning. Jewell P. Lightfoot was practically an unknown factor in Texas politics until he was appointed an assistant in Davidson's office by the attorney general, since which time he has made the most of his opportunities, taking a leading part in the trust prosecutions and being largely responsible for the filing of the Waters-Pierce Company. Davidson's platform, as announced yesterday, covers all the leading questions of the day. He promises a square deal to corporations, opposes statewide prohibition, favors prohibition, urges penitentiary reforms and declares himself on the other less pressing public questions.

WILL NOT RUN AGAIN.

Speaker Marshall Says He Will Not Seek Re-Election.

Sherman, Tex., Nov. 16.—John Marshall of Whitesboro, speaker of the Texas House of Representatives, is in the city today, and in an interview authorized the announcement that he will not again be a candidate for the legislature from Grayson county. He says private business demands all his attention.

Marshall was elected speaker following the resignation of Speaker Kennedy of the thirty-first legislature.

HASKELL AND OTHERS TO PLEAD NOT GUILTY

Chickasha, Okla., Nov. 16.—Governor C. N. Haskell and the five other defendants charged with conspiracy to defraud the government out of Muskogee townsites, whose demurrer to the indictment was overruled yesterday by Federal Judge Marshall, will appeal to the federal court here on Saturday and plead "not guilty."

The defense will then probably file additional motions, which will further delay the trial.

Haskell's attorney, C. T. Smith, today said the court had eliminated so many parts of the indictment that there was not enough left to constitute any cause for action.

The court adjourns here this week. The next term will be at Muskogee where the cases may come up for trial early next year.

Do You Care for Better Clothes

This is the age of Dress. When men realize and know that conditions demand that they be a little better dressed than the average in order to attract a little more than average attention—the shortest cut to place and power. How closely are you in touch with these conditions? Are you one of those who look to us for better clothes or are you one of those who just wear any kind of clothes? Think it over, its well worth the time—then come to our greater store for men and we'll show you why and how we always serve you just a little better.
