## BUILDING OF DEPOT MAY BE ENJOINED

ANY PROPERTY OWNERS FROM SEVENTH ST. NORTH ARE PREPARING PROTEST.

## THEY CLAIM VIOLATION

Assert That Denver Agreed to Permissibly Maintain Its Depot on Seventh Street.

From Thursday's Daily.  
A meeting of a number of property owners on Seventh street and north of that thoroughfare is being held this afternoon to decide upon some action in regard to the announcement in yesterday's Times of the union depot plans of the Denver and the Northwestern. These property owners assert that the Denver agreed to maintain its depot on Seventh street when the original townsite was put on the market and that it cannot participate in the erection of a union depot without violating this agreement.

N. Henderson and B. J. Bean, two of the largest property owners in that part of the city, are not joining in the protest movement; on the contrary, they will lend all possible support to the other side of the question.

The matter is being closely investigated and if the property owners think they have good cause of action, an injunction will probably be applied for. The success of this protest movement would, of course, mean that no union depot will be erected. It is said that the Denver agreed to maintain its depot on Seventh street for five years only, after the original townsite was laid out in 1882, and that the five years expired in June 1887. Others assert that those original property owners who acquired lots in that part of the city had only the unsupported promise of the auctioneer about the maintenance of the depot on Seventh street. The proceedings of the protesters will be watched with some interest.

The protesting property-owners met at the court house this afternoon, R. E. Huff presiding and J. D. Avis being secretary. The following resolution was the result of the meeting:

"Resolved, That while we would gladly welcome the building of a union depot in Wichita Falls, we are bitterly opposed to any action that would remove the passenger depot of the Fort Worth and Denver City Railway Company and Wichita Valley Railway Company from Seventh street, as all present improvements and investments have been made on conditions as they now exist; and that we favor having these companies maintain their passenger depot on Seventh street if the railway company cannot agree to put the union depot where the Denver depot now stands."

## GOOD ROADS CAMPAIGN.

Williamson County May Issue \$200,000 In Bonds.

Texas News Service Special.  
Taylor, Tex., March 10.—Governor Campbell failed to keep his appointment to speak here today to the tax payers on the subject of good roads. Inclement weather and business matters kept the governor in Austin. Agricultural Commissioner Kone arrived and delivered an address this afternoon. An effort is being made to issue two hundred thousand dollars in bonds for roads and other improvements.

## GARFIELD ON STAND.

Balling-Pinchot Investigation is Resumed Today.

By Associated Press.  
Washington, Mch. 10.—The Ballinger-Pinchot investigation was resumed today with James Garfield, former Secretary of the Interior, on the stand. Garfield resumed his explanation of the four coal land bills that were introduced in Congress during his term as secretary when the hearing opened today.

## T. & B. V. WRECK.

Two Trains Hurt When Oil Train is Ditched.

Waxahachie, Mch. 10.—The south-bound T. & B. V. freight train was wrecked late yesterday near Red Oak. Two loaded oil tank cars and the engine were ditched and demolished. Train service was delayed until two o'clock this morning on account of the damaged track. Two members of the crew were injured.

## THE OUTLAYS OF CITIES.

Enormous Expenditures Shown By the Census Bureau's Report.

Washington, D. C., March 9.—The United States Census Bureau's special annual report of the statistics of the 158 cities which had in 1907 a population of over 30,000 each is being printed.

It is explained in the report that payments for land, new buildings, new work on streets, and other additions and improvements are defined by the Bureau as "outlays." Such payments comprised a much larger percentage of the total payments of the governments of 148 of the 158 largest cities in 1907 than in 1902, being 34.3 per cent of such costs in the latter year as compared with 27.3 per cent in 1902.

In other words, payments for outlays increased 86.6 per cent in the interval, while payments for expenses and interest increased only 35.1 per cent. Receipts from revenues increased 35.5 per cent, so that in 1907 a much larger proportion of the outlays had to be paid from loans than in 1902.

Many of the western cities have unusually large outlay expenditures; more than 70 per cent of the payments for meeting governmental costs in Seattle falling in that classification.

Of the total outlays for the entire 158 cities in 1907, more than one-third were for highways and more than one-fourth for public service enterprises, chiefly water supply system, Philadelphia, \$5,193,378; Chicago, \$3,794,195; Pittsburgh, \$2,499,270, and New Orleans, \$2,085,730.

The total payments for outlays in all the cities were \$244,117,298 and the increase in net debt was \$120,930,631. It will thus be seen that practically one-half of the outlays were paid for without increasing the net debt. This is in marked contrast to the practice in English cities.

The report states that in any consideration of the credit of cities the increase in the net debt should probably be reduced by a portion of this amount of outlays expended on public service enterprises, inasmuch as the revenues from such enterprises are, in general, sufficient to pay the interest incurred in outlays on their account. Thus, the increase in the net debt of New York City for the year 1907 was \$66,238,799, while payments for outlays for public service enterprises amounted to \$26,510,794. Hence, the increase in the net debt for general governmental purposes, with which the taxpayers are chiefly concerned, was less than \$40,000,000.

## SOUTHWESTERN EXTENSION.

It Will Probably Reach Archer City by March 20th.

Henrietta, Mch. 5.—The Southwestern expects to get its rails laid into Archer City by March 20, is the statement made by General Superintendent Parks of the Southwestern recently. This is some five or ten days later than the date originally fixed, but there have been several small delays that were not expected to occur.

Just now the fore is held up on account of the failure of a contractor to finish up a little stretch of grade on time. Rock was encountered in making a cut and it has to be shot out, which takes time. They expect to have it ready for the ties to go down by Monday, meantime the track layers are not idle, they are putting in the time surfacing the track already laid.

## Big Golf Events For Pinehurst.

Pinehurst, N. C., March 9.—Beginning today and continuing until the end of the month, Pinehurst will be the center of interest for golfers throughout a large section of the country. The sixth annual spring tournament started today with a large field that included a number of players of national reputation. Next week the eighth annual United North and South amateur championship for women will be held, to be followed a week later by the tenth annual United North and South Men's amateur championship.

## RUN ON SAVINGS BANK.

Over Six Million in Currency Ready for Depositors.

By Associated Press.  
Cleveland, O., Mch. 10.—The run on the Society for Saving which was begun yesterday was resumed today. When the bank opened today the officers announced they had on hand and ready for the depositors over six million dollars in currency.

Undiscouraged by the failure of "Mr. Butties," Henry E. Dixey has decided to appear in the adaptation of a German play. He will be under the management and direction of Walter N. Lawrence.

## CONTRACT SIGNED FOR A \$100,000 UNION DEPOT HERE

Will Be Two Blocks in Length, Extending from Seventh to Ninth Streets. Work to Start Immediately.

A union passenger station, extending from 7th to 9th street, on Michigan Avenue, 780 feet in length, and costing one hundred thousand dollars, is assured for Wichita Falls as the result of a contract which was signed this afternoon by D. B. Keeler, representing the Fort Worth and Denver, and Messrs. Kemp and Kell of the Northwestern. The depot will be used by all the railroads entering this city. The new Northwestern building will be used for the general offices of that road.

It was also announced today that freight terminals would be constructed by the Wichita Falls and Northwestern on Ohio Avenue, between 9th and 10th streets. Work on these improvements is to be started at the earliest possible moment.

From Wednesday's Daily.

Briefly, that tells the story of Wichita Falls' newest acquisition. D. B. Keeler, vice-president and general manager of the Fort Worth and Denver, is in the city today to close the contract with the Northwestern officials and this contract was signed at noon today from here on the steamer Proteus will start as soon as the site can be cleared.

The union station is to front on the south side of 8th street, but the long shed will extend from the south side of 7th street to the north side of 9th street, making the depot a total of two blocks in length. It will be two stories in height and will be a handsome up-to-date building.

The old Katy depot is to be torn away and a freight depot for joint use by the Wichita Falls Route and the

## DENVER SUED.

Alleged to Have Confined Employees in Car Without Food.

Fort Worth, Tex., March 10.—August Steinhage brought suit against the Fort Worth and Denver today for ten thousand dollars damages. He alleges that he and many other workmen were hired in Denver and sent to Alvord, Texas, and that after leaving Denver they were locked up in a car and denied food and water for thirty-six hours.

## HURT BY DYNAMITE.

Curiosity of Small Boys Comes Near Proving Fatal.

Clifton, Mch. 5.—Dale and Frank, the two younger boys of Mr. and Mrs. J. N. Falls were painfully hurt last Wednesday morning while playing with a dynamite cap they had found, and in their childish curiosity led them to try a hammer and nail in the examination of their find, and when it exploded the little fellows were badly hurt, Dale having one of his four fingers blown off at the first joint and the palm and wrist pretty badly bruised. Frank, the baby, was pretty badly bruised and cut about the neck breast and hip, but his wounds were the least of the two. Dr. J. C. Carpenter was called at once and has been treating them with good results and says they are doing as well as could be expected. The affair was bad enough, but it is considered indeed fortunate that the little fellows escaped with their lives.

## POSTOFFICE ROBBERS.

Gang Working on Texico Cutoff is Broken Up.

Coleman, Mch. 10.—The A. E. Perkins, alias Clarence Douglas, Geo. Davis, James Fielding gang, alleged to have robbed the postoffice at the Notice and R. R. camps on the Texico cutoff were captured last night by postoffice inspector Charles C. Kensler Sheriff W. T. With and county attorney W. C. Woodward. The men were caught by surprise and offered no resistance. One hundred and fifteen dollars in cash, a large amount of stamps and other booty were recovered. Perkins and Davis are wanted in New Mexico and Oklahoma for similar robberies.

## BURKBURNETT HOGS GET RECORD PRICE

WICHITA COUNTY PORK FIRST IN SOUTHWEST TO BRING OVER TEN DOLLARS.

## AT FORT WORTH TODAY

Carload Raised By Burkburnett Farmer Brings Ten-Fifteen, New Record for State.

From Thursday's Daily.  
The first ten-dollar hogs ever marketed in the Southwest were sold at Fort Worth today and were from Wichita county, having been shipped this week from Burkburnett, on the Wichita Falls & Northwestern. All previous records were broken by this load, which brought ten dollars and fifteen cents per hundred pounds, about thirty-five cents higher than was paid for any other hogs ever marketed in this state. The name of the farmer who shipped the hogs from Burkburnett cannot be ascertained today.

Today was a record breaking day in the hog market throughout the country. While the Chicago price went up to ten dollars and ninety cents, breaking all records for that city, it went past the eleven dollar mark at Cleveland and Indianapolis. A local gentleman who is posted on the pork market states it is impossible to supply the demand at all even at the high prices being paid and that Fort Worth packeries have not had sufficient stock to run as much as two-thirds of the time since the first of the year.

The fact that Wichita county hogs were the first to bring ten cents per pound in the Southwest is an argument for the productiveness of this county that cannot be overlooked. Four carloads from Oklahoma brought slightly over ten dollars over the Burkburnett shipment was sold, but the Wichita county shipment was the first to go at ten dollars.

Chicago, Mch. 10.—The price of hogs today was ten dollars and ninety cents per hundred, the highest since eighteen hundred sixty-five, when twelve dollars and thirty cents was paid.

## MEET AT GALESBURG.

Swedish Republicans of Illinois in Session Today.

Galesburg, Ill., March 9.—The members of the Swedish-American Republican League of Illinois gathered in annual convention here today on the anniversary of the battle between the Monitor and the Merrimack, which brought everlasting fame to their countryman, John Ericsson. The program was prepared for the meeting and the banquet to follow indicated that the Swedish-Americans intended to devote considerable time to the discussion of politics as well as to singing the praises of the inventor of the Monitor. Senator Cummins of Iowa, the arch-enemy of Cannonism and Aldricism, has been invited to speak at the banquet and to elucidate the principals of the "insurgent" movement. Another invited speaker is Governor Deneen of Illinois, who is suspected of secretly giving aid and comfort to whatever there is of an insurgent movement in this state.

The selection of Governor Deneen and Senator Cummins as the chief speakers, has attracted considerable attention and caused no little concern among Illinois Republicans, owing to the fact that the Swedish-American league is a strong factor in Illinois politics and heretofore has always taken a most conservative stand.

## U. S. OFFICIAL RAISED.

Texas Attorneys and Marshals Are to Get Four Thousand.

Texas News Service Special.  
Washington, Mch. 10.—Representative Garner's bill to equalize the salaries of United States District Attorneys and Marshals in Texas was today favorably reported to the house by Representative Henry of the Judiciary Committee. The salaries will be four thousand dollars annually.

Mr. Colquitt will arrive in Wichita Falls at 2 a. m. on the morning of the 17th and will be the guest of the local committees during the morning. At 1 p. m., at some place yet to be selected, he will deliver the opening address of his campaign, being introduced by Judge Scurry. After the opening speech, the candidate will be taken to Lake Wichita where he will probably deliver a second address. At the performance of "The Third Degree" Thursday night, Mr. Colquitt and the other visitors, including the visiting newspaper men, will be the guests of the entertainment committee at a box party. Following the show, an informal smoker will be given at the Elks Club in Mr. Colquitt's honor.

Excursion rates have been put on by several of the railroads entering this city and there is little doubt that the occasion will be attended by thousands of people from other points. Mr. Colquitt's friends from all over Texas will probably attend the affair.

**AS TO INSURANCE REGULATIONS.**

W. E. Fries, one of our local insurance agents, says the Times was in error the other day when it printed the statement of another local insurance agent to the effect that the premiums on all fire insurance policies must be paid on or before the 15th of the month following date of issuance, otherwise they become void. He says the following notice is attached to each policy now issued:

"The premiums named herein must be paid in cash to the agent issuing this policy on or before the 15th day of the month succeeding that in which this policy is to become effective. Unless so paid at that time, this policy shall be null and void after such date."

The Times cannot figure out much difference between the two statements, except that the latter makes the demand for cash, by which we are to understand that not even checks are acceptable to the insurance companies. They seem to be able, under our state laws, to make any unreasonable demand they want to, and charge three or four times their former rate, with no excuse except the figures (as compiled by their agents) indicate that for a year or so they have been doing a losing business in Texas, and now want to make all their losses back in one year's time and have a good-sized surplus to carry over.

The key rate as fixed for Wichita Falls and other cities in Texas, amounts to nothing more than a simple hold-up, and until this law is repealed or amended, the people of Texas are absolutely at the mercy of the insurance companies.

So far as the Times has been able to learn, the rate of insurance has been lowered only on one business building in this city, and the agents will tell you of that instance every time the subject of insurance is mentioned.

The alleys and backyards of Wichita Falls present a clean and neater appearance today than they have in twenty years, and yet the insurance companies insist they must be cleaned and kept shining and galvanized in order to get lower rates.

When this city had no fire protection worth speaking of at all, the fire insurance rates on three-fourths of the business section was less than one-half what it is today.

The contract with the waterworks company with the city for water for fire protection, calls for certain sized water mains, and this contract has been complied with, and the insurance companies now insist that in order to get lower rates, these smaller mains shall be taken up and replaced with larger ones.

So far as the Times is aware, the city government is powerless to require the waterworks company to do something which their contract does not call for, and therefore, it seems that property holders in this city are doomed to pay out thousands of dollars each year in excessive insurance rates, just because the insurance companies have made an unreasonable demand, which they must have known would be impossible for the city to comply with.

L. M. Guggenheim, capitalist, who divides his time between St. Louis, Oklahoma City and Wichita Falls, and who has large interests in all three cities, is registered at the St. James today. Mr. Guggenheim is a close reader of the Times and, therefore, it goes without the saying that he keeps well posted as to things in Wichita Falls. Meeting a reporter of the Times this morning, he handed him the following little bouquet: "Young man, you may say for me, through the columns of your paper today, that I am a man who travels a great deal all over the United States, and in all my travels I have never yet visited a town of 10,000 inhabitants that could boast of as good a daily newspaper as the Times." It is such recognition as this, coming from men like Mr. Guggenheim, that causes a smile to light up the newspaper man's face and make him to hustle the more to make his paper worthy of such compliments. The Times is for the upbuilding of Wichita Falls and has long since concluded that the best way in which to accomplish this good result was to cover its field in a most thorough manner, and keep the paper up, and if possible, just a little bit ahead, of the progressive and hustling city in which it is published. It now makes its daily visits to more than 1200 homes, and its business is steadily increasing in volume, until now the Times is on just as solid a foundation as any institution in Wichita Falls. It attributes the secret of its almost remarkable and marvelous success to the one fact that it attends strictly to its own affairs and does not attempt to build up its business by tearing down or "knocking" on the other fellows.

The Fort Worth Record in dry North Texas, says the issue is prohibition, and in effect, "vote for Poindexter if you can, but if you can't, why, vote for Colquitt." The Houston Post, published in wet South Texas, says prohibition is the issue, and in effect, "Vote for Colquitt if you can, but if you can't, vote for Poindexter. Both are unanimous in urging all to vote against Johnson, also a prohibitionist, and against Davidson, who is also an anti-prohibitionist. Queer? No, not when you figure it out.—Record and Chronicle.

No; not at all queer to those who understand the underlying motives that impel the esteemed contemporaries named to choose their positions on the gubernatorial and other political issues. But it must be rather trying on the nerves of able editors to have to try to make it appear to South Texas that Hon. Joe is in sympathy with the wets and to North Texans that his heart is with the dries.—Dallas News.

The scheme, if it is a scheme, is working admirably. So much so, in fact, that advocates of state-wide prohibition, many of them, at least, have about concluded that either Poindexter or Johnson will have to pull out of the race in order to elect to the governorship a man who is favorable to state-wide prohibition.

The rumors to the effect that Wichita Falls is soon to have a union station into which the passenger trains of all roads now entering this city will run, if they should prove true, would be worth a great deal to this city. The waiting rooms in the railway stations are, as a rule, regarded as the parlor of the town in which they are located, and if they are large, commodious, comfortable and neatly kept, the stranger entering our gates will naturally form a good impression of our city, and when he goes away he will have good things to say about us. It is the same way about our hotels. Wichita Falls has outgrown her present accommodations afforded by the railway stations as well as her hotels. She needs at least one or two more good hotels, and a large union station.

The receiver got only eleven thousand dollars in fees out of the four oil companies which were recently fined. He must be a very modest, retiring sort of an individual.—Wichita Daily Times.

The moderation of some men is truly remarkable when you consider the examples they have to follow.—Bonham News.

The people do not always lose. The Pennsylvania capital granters have been sentenced to the penitentiary.

**WRONG IMPRESSION OF THE SOUTH.**

Manufacturers Record.

A current press report credits Frank Anderson, personal representative of B. F. Yoskum, chairman of the board of directors of the St. Louis & San Francisco railway, as saying that demagogic politics is preventing the expansion of Southern railroads; that extensions are not being built just slow because it is almost impossible for them to get the money. Also, that one-horse politicians advocate bills for unnecessary laws to govern railroads, and that no big railroad will undertake to spend money while these laws exist.

It is to be hoped that Mr. Anderson has been erroneously reported, as the situation in the South with respect to railroads and politicians is by no means like what he has apparently pictured it to be. There was a time a couple of years ago when the notoriety-seekers among certain classes of politicians endeavored to curry favor with voters and thereby gain advantage themselves by hitting at railroads whenever possible, but it did not take them long to find out that there was a large and influential element in their constituencies which did not at all approve of wholesale condemnation of corporate enterprises and of efforts to control them in every possible way by law. They saw that this was having the effect of keeping capital out of the county and preventing natural and reasonable development of resources. Even in Texas, where railroad legislation was quite as radical against the corporation as in any other state—and much more so than in most of them—there has been a vast change of sentiment, with the result that the railroad progress now under way there is something phenomenal.

It is only necessary to refer to the work which is being done in the western part of Texas by the Santa Fe System to demonstrate the falsity of the statement that it is impossible for the railroads to get money for construction in the south. This company already has under construction several hundred miles of line, and has just let the contract for another line of more than 100 miles, which will probably be extended further. Moreover, the Texas Central Railroad is about to begin the building of a branch nearly 60 miles long, and its main line extension of about 100 miles will probably be started this year. The Santa Fe also has much other new work in contemplation, there being at least 200 miles of construction projected in Texas. Notwithstanding that these and other roads are active with extension work, there are several new railroad enterprises which are being carried out with determination. The Wichita Falls and Northwestern Railway is one of the roads that is pushing onward, even into Oklahoma, where antagonism to railroads was until recently very radical. The fact that these roads are going ahead with their work of extension and improvement is good evidence that the anti-railroad sentiment in its radical forms has greatly abated.

Hist! There's "gambling in-futures" going on—not behind closed doors nor in the darkest corner of a storm cellar, but right out in the open. Demagogues, Pharisees and keepers-of-the-brother! To the forum! To the sheriff's office! Here's the Texas Nut Company of Denison contracting for peanut crops "not yet planted!" And the price is a good 'un, too. Seventy cents the bushel for Spanish peanuts isn't to be sneezed at. The farmers are making contracts accordingly. Plunge on the 70-cent contract and plant peanuts. Follow the crop with battleship hogs and let our big-buying plank roll give your ready cash account an additional boost.—Fort Worth Star-Telegram.

Democratic primary elections will be held in every county in Arkansas on March 30th for the purpose of making nominations for all state and district offices. There is a red hot campaign on now for the office of governor between the present governor, Geo. W. Donaghy, who is seeking a second term, and C. C. Kavanang, the latter a prominent citizen and politician of Little Rock.

Every attack Poindexter makes on Johnson and every attack Johnson makes on Poindexter adds other votes to the Davidson and Colquitt tickets.—Bonham News.

Both Johnson and Poindexter are succeeding remarkably well in driving votes to the Davidson and Colquitt ranks. If they keep it up much longer, both might just as well save their campaign expenses by pulling out of the race.

Two \$100,000 wholesale groceries, a \$100,000 hotel and \$100,000 railroad shops and a \$100,000 union passenger station are in sight for Wichita Falls. Of course, those \$100,000 things are all right, but Wichita Falls ought to get something costing a million dollars.

The Wichita Falls and Northwestern has one hundred miles of extension under construction, is building a \$40,000 depot and will soon erect shops costing \$100,000. Oh, you little tin-pot road!

### POLITICS AND POLITICIANS.

The board of trade at Little Rock, Ark., will give a banquet soon in honor of Norman E. Mack, chairman of the national democratic committee.

Representative Henry D. Clayton of Alabama has been selected to preside at the big Jefferson Day banquet to be given in Washington next month.

Many New York democrats are of the opinion that Thomas M. Osborne, former mayor of Auburn, will be the next democratic candidate for governor of New York.

It is reported that Colonel Charles A. Rook, a Pittsburg newspaper editor, may become a candidate in opposition to United States Senator George T. Oliver, whose term will expire in next March.

Thomas J. Geary of Santa Rosa, former member of congress and author of the Chinese exclusion act which bear his name, may become a candidate for the democratic nomination for governor of California.

Attorney General Wickersham, Governor A. O. Eberhardt of Minnesota and Judge Emory Spear, the well known Georgia orator, will be the chief speakers at the Appomattox Day banquet in Chicago on April 9th.

It is said that the New York, New Haven and Hartford Railroad, which exerts a strong influence in Connecticut politics, may push former Governor McLean for the seat of United States Senator Bulkey, whose term is about to expire.

Congressman Edgar D. Crumpacker, whom Indiana would like to see succeed Speaker Cannon, has represented the Tenth Indiana district in the house for the past fifteen years. He has the reputation of being one of the ablest and most eloquent lawyers in the Hoosier state.

The democratic party in Nebraska appears to be seriously divided over the liquor question. Governor Shallenberger is with the anti-saloon people and Mayor Dahman of Omaha is for license and a liberal state administration. The Omaha mayor has announced his candidacy for governor against Governor Shallenberger and the two are to fight it out at the primaries.

Only thirteen states have a regular legislative session this year. The income tax amendment is accordingly not likely to make much progress. Of these, ten legislatures are now in session, but several with time limits which will soon bring them to a close. The Louisiana legislature will assemble on May 3, that of Georgia on June 22, and that of Vermont early in October.

Newspaper men are unusually prominent in the present membership of the national democratic committee. Chairman Mack, Secretary Urey Woodson and Treasurer Herman Ridder all conduct newspapers. Other members of the committee who are newspaper publishers include Clark Howell of Georgia, E. M. Johnston of Texas, Josephus Daniel of North Carolina and Robert Ewing of Louisiana.

Leroy Percy, the new United States Senator from Mississippi, has never before held public office, although he has taken an active part in the politics of his state for a number of years. He is a native of Mississippi and is now in his fiftieth year. After graduating from the University of the South he took a post-graduate course at Princeton University and studied law in the University of Virginia.

### TRAINING AT WACO.

Indianapolis Ball Team at Spring Practice There.

Waco, Mch. 5.—Manager C. C. Carr of the Indianapolis team of American Association arrived here last night with thirty players. They began practice work today. An exhibition game with the Waco Navigators will take place tomorrow.

### SHOOTING AT DENISON.

Two Are Arrested Today Following Fatal Affray.

Denison, Mch. 9.—Wesley Higdon, aged twenty was shot twice through the body and probably fatally injured here last night. Clifton Butler, formerly a city fireman, and John Minge of Durant, Oklahoma were placed in jail following the shooting.

### ODD FELLOWS ADJOURN.

Many Go to San Antonio On Excursion Trip.

Texas News Service Special. Austin, Mch. 10.—The Texas Odd Fellows adjourned today after passing resolutions thanking Governor Campbell and the Austin officials for courtesies extended. Many delegates went to San Antonio on excursion trips.

You can get hot meals at Sherrard & Co's.

## Officials Kept Busy by Big Strike; Soldiers and Scenes In Philadelphia Streets.

The burning of cars in Philadelphia, assaults on strike breakers and other forms of lawlessness led to vigorous action by the authorities, especially Governor Edwin S. Stuart of Pennsylvania, who is a Philadelphian; Mayor Reuben, District Attorney Samuel P. Rotan and Director of Public Safety Clay. One of the pictures shows the use made of the American flag by some of the sympathizers with the strikers. They dumped a heap of rubbish on the track and then stuck a flag upright into a pile in order to stop the progress of a car. The picture also shows some of the state fencibles who proved powerless to check the mob.

### TO BE AT UNVEILING.

Taft to Attend Monument Dedication at Princeton.

Boston, Mass., March 9.—Soon after he comes to New England for his vacation next summer President Taft will go to Provincetown to attend the dedication of the new Pilgrim Memorial. The exact date for the dedication will be made the occasion for notable ceremonies. The governors of many states are expected to attend, together with hundreds of members of patriotic societies throughout the country.

The memorial consists of a tower 245 feet in height and sixty feet square at the base. The tower was erected as a memorial to the Pilgrim Fathers. Congress appropriated \$40,000, Massachusetts \$25,000 and the rest was given by memorial societies the aggregate being \$100,000.

The tower is modeled after an ancient cathedral tower in Spain, with a platform near the top. It is surmounted by a lantern tower which is intended to serve as a beacon light for mariners along the coast of Cape Cod.

Several tiers of stones near the base of the tower are composed of "memorial stones," these having been given by various societies and having been taken from historical spots. Several were sent from Plymouth, England, and others from Holland to commemorate the residence of the Pilgrim Fathers in those countries before their departure for America on the Mayflower.

### In regard to the new union station to be constructed at once, and which is to cost \$100,000, Mr. Kell, General Manager of the Kemp and Kell roads, said that while the union station would be located on Eighth street, the car sheds would extend for 750 feet, or from the North side of 9th street to the South side of 7th street, as was stated in yesterday's paper, and in his judgment all Southbound passenger trains would discharge at the 7th street end of the car shed, while the Northbound trains would discharge at 8th street, and that being the case, both 7th and 8th streets will continue to be the main thoroughfares, used by the traveling public in going to and from the station.

## Tree Ripened PEACHES For Sauce

There is nothing so good as tree-ripened fruit for any purpose. There is no way in which the real peach flavor, tenderness and sweetness can be put into a peach except by the tree, the sun and the air. Nature has not yet been duplicated, and that is why our evaporated peaches at 15c per pound are really more desirable than most of the fresh peaches that you buy during the summer for most of them were picked green and artificially ripened. We have two grades of evaporated peaches, one at 15c and the other at 12 1/2c per pound. They are about the same in quality, about the only difference being in size, and our 15c quality are real "peaches"—if you will pardon the slang. We know they will give you perfect satisfaction. The others are good, too, but not quite so good as the 15c kind.

### QUIET DAY IN THE TRACTION STRIKE

UNUSUALLY LARGE NUMBER OF CARS RUNNING AND DISORDERERS AT MINIMUM.

### TRYING TO ARBITRATE

Business Men Making Determined Effort to Bring an End to Labor Conflict.

Philadelphia, Pa., March 8.—Up to early this afternoon, this has been the quietest day in the street carmen's strike. No violence has been reported and only the normal number of police are on the streets.

Another effort will be made by the United Business Men's Association today to bring an end to the labor conflict that has kept this city in a turmoil for two weeks. The Rapid Transit Company is running more cars today than at any time since the strike started. A great many cars are running without police protection. Estimates issued last night stated that less than twenty thousand men were affected by the sympathetic movement and that it was a complete failure so far as accomplishing the desired results.

No denial or confirmation of the report that a plan is under consideration to call out the street car men in other large cities can be obtained. It is not generally credited in this city.

### BANK CASHIER DIES.

Henry Ford Expires Suddenly at Brownwood.

Brownwood, Mch. 7.—Henry Ford, the well known cashier of the Coggins & Ford Bank died here suddenly last night. After returning from a drive he complained of a pain. A physician was summoned and the banker died in his arms, soon after his arrival.

Plan to Eliminate Middlemen's Expenses at New Orleans.

New Orleans, Mch. 4.—The Retail butchers here have decided to form a stock company for the purpose of directly importing cattle with the purpose of eliminating stock yard expenses and charges by commission merchants.

### IS IN FORT WORTH.

Alleged Missouri Murderess is Visiting Sister There.

Fort Worth, Mch. 7.—Mrs. Alma Vaughn of Kirksville, Mo., the woman who is charged with complicity in the murder of her husband there, and who mysteriously disappeared a week ago, is now in Fort Worth staying at the home of her sister, Mrs. A. T. Baker. She refuses to discuss the charge except to say she is not guilty.

### USE NON-UNION MEN.

Complaint is Made to Labor Commissioner Myles.

Texas News Service Special. Austin, Mch. 4.—A complaint was submitted to labor commissioner Myers today that non-union labor was being employed on the monument to Sam Houston at Huntsville. The contract was let to Pompeo Coppini, of that union men only were to be employed. Coppini's subcontract to Charles Lucas of San Antonio, who chartered the Texas Granite Co. It has alleged that this was done as a subterfuge to avoid using union labor. Myers will investigate.

### WANT ALLEN AGAIN.

Menardville Man Will Probably Be Re-elected President.

Fort Worth, Mch. 8.—James Callan of Menardville, president of the Texas Cattle Raisers' Association arrived at Fort Worth today and will remain until the state convention and live stock show ends. Callan will preside over the executive meeting Saturday. It is learned today that he will be boomed for another term as president of the organization, and it is understood he will accept.

### DOUBLE TRAGEDY.

Spanish War Hero Kills Self and Woman at Houston.

San Antonio, Mch. 8.—The body of Clarence Martin, who shot and killed Mrs. Agnes Payne at Houston and then killed himself yesterday arrived here this afternoon for burial. Martin is a Spanish American war veteran and served with distinction in the Philippine campaign. He was shot and wounded while carrying a message to General Lawton during the Guerrilla warfare.

### KILLED THREE MEN.

Old Feud Results in Triple Tragedy in Alabama.

Mobile, Ala., March 4.—Lawrence Odum, a white man who yesterday shot and killed Charles Golden, David Gortman and Joseph Stokes at Citronelle, was landed in the county jail here early today after a night ride through the country. The bodies were found as Odum told the officers he left them. In a statement after his arrest last night, Odum said the killings were the result of an old feud.

### PINCHOT ON STAND.

No Indication of What Course Defense Will Pursue.

By Associated Press. Washington, D. C., March 5.—Before a diminished crowd the cross examination of Gifford Pinchot was continued today. The course pursued by Attorney Vertrees in going over the testimony in detail gave no indication as to when the defense will finish with the witness.

Pinchot concluded his testimony by stating anew that he had practically no personal knowledge of matters upon which he testified. He had been on the stand four days.

### REORGANIZATION OF I. & G. N.

Receiver Freeman Announces Work Will Begin Shortly.

Houston, Mch. 5.—Receiver Freeman of the International and Great Northern returned this morning from New York and announced that the work of reorganization of that road will begin immediately. The first step will be to petition the state Railroad Commission for a valuation of the road preliminary to a bond issue. Freeman refused to discuss the reported merger of the three Gould lines.

### KILLED BY EXPLOSION.

Fatal Accident Today in Mine Near McAlester.

McAlester, Mch. 7.—Louis Lowery aged 30 was fatally injured today by a premature explosion while blasting in Harpers Coal mine north of this city. He thought a fuse had failed to ignite and returned to investigate and the explosion occurred.

### AMENDMENTS VOID.

Resolution Introduced Today Knocks Out Part of Constitution.

Washington, D. C., March 8.—That the fourteenth and fifteenth amendments to the constitution are null and void is declared by a resolution introduced by Representative Sisson of Mississippi, which directs the attorney general to submit the question to the supreme court.

### TO PARDON MORSE.

Petition to President is Being Circulated in Dallas.

Dallas, Tex., March 5.—A petition asking President Taft to pardon Chas. W. Morse, the New York banker now serving time in the Atlanta federal penitentiary is being circulated here today and is receiving many signatures.

### ACCIDENT AT ELECTRA.

Oil Drillers Have Narrow Escape from Death.

Electra, Mch. 5.—J. C. Harper and Tony Hillerman had a very narrow escape Tuesday while working on the Ellinger Oil Well.

The string of casing which they were settling slipped from the clamps and started down the hole, when a collar on the pipe struck a pair of heavy chain pipe tongs throwing them up with such force as to fracture J. C. Harper's right arm and pin him down to the derrick floor. Tony Hillman threw his weight against the falling pipe thus saving Harper from being crushed. Tony is somewhat sore from his shoulder to his hips but feels luck to have escaped with no broken bones.

### INVESTIGATE MONDAY.

Judge Will Instruct Dallas Grand Jury to That Effect.

Dallas, Tex., March 5.—District Judge Seay today announced that he will on Monday charge the grand jury to investigate the lynching of the negro, Allen Brooks, by the mob Thursday. Seay declares he knows of no law warranting Governor Campbell to order a special grand jury for an investigation of the riots, as it was reported he would do.

### NEW CUSTOMS COURT.

President Sends Nominations to the Senate Today.

Washington, Mch. 9.—The President has sent to the Senate nominations for the new Customs Court of Appeals as follows: Chief Justice, Robert Montgomery of the Supreme Court of Michigan; Presiding Judge, Associate Judge William Hunt of Montana; James, Smith of California; Orion Barber of Vermont, and Marion Devries, of California.

### GERMANY WILL TRY.

Will Rival England in South Pole Contest.

Berlin, March 5.—The German Geographical Society has decided to send out a south pole discovery expedition and so contest with the United States and Great Britain in the race through the antarctic.

### HIGHEST SINCE CIVIL WAR.

Hogs Reached Ten-Twenty at Chicago Today.

Chicago, Ill., March 7.—Live hogs sold here at ten dollars and twenty cents today, the highest record since the Civil War.

### ANOTHER PARK FOR CITY IS ASSURED

"SEVEN SISTERS" BLOCK HAS BEEN PURCHASED BY LOCAL PARTIES FOR PARK.

### DEAL IS BEING CLOSED

Will Be Turned Over to City as Soon As Reopened Special Charter Can Be Secured.

From Wednesday's Daily. R. E. Huff and Frank Kell have about perfected arrangements whereby block 215, known as the "Seven Sisters" bounded by 15th, 14th, Lamar and Travis streets, will be purchased from its present owners and held intact until the city has received a special charter, at which time if the citizens desire to have it as a public park it will be turned over to the city without profit.

A number of other leading citizens are assisting in the movement and their names will be given out when the deal is closed.

There is every reason to believe that this effort will be successful and there is little doubt that the people will favor having this park when the question is put up to them. While the proposed park at the Lake is a valuable acquisition, it would be available only, when the citizens had time to spend as much as half a day off. A small park close in will afford a place for recreation for those not wishing to go out so far and would be available for all classes of our citizens.

This proposed park is only one of several contemplated in different parts of the city, but this tract will be the first. Being on the car line and conveniently close in it will make a most desirable park. It is the intention of the gentlemen who have purchased it to plant trees at once and make other improvements. It is likely that the Civic League ladies will be given charge of the new park until such time as it can be turned over to the city, if they will undertake the task.

## We Cure Men and Women

By Honest Treatment--We Make No False Promises--Hold Out No False Hopes, But Do More Than I Promise. Investigate Our Blood Cell Remedies--This Will Interest You And If You Are Interested Sufficiently To Call On Us I Can Convince You By Our Methods, And If I Accept Your Case For Treatment You Can Be Assured Of A Safe, Sure And Speedy Cure. Reasonable Fees--I Charge Nothing to Prove That Our Methods, Will Cure You No Patient Is Charged More Than He Is Glad And Willing To Pay.

The wonderful growth of my business is the result of clean business methods. HONESTY and FAIRNESS are the two corner stones to which I can point with pride to my success, and the solid rock of TRUTH is the foundation upon which my business is built.

After giving you a careful and thorough examination, should I find your case to be incurable I will not accept it for a cure at any price, and if I tell you you can be cured you may be assured that you will be CURED if you will be as honest with my treatment as they will be with you, for I have had years of special training and experience that many other physicians have not had. I have the ability and that is what counts. Today the oxcart is laid aside; and instead we have the automobile and trolley cars speeding across the country at a speed that was never dreamed-of a few years ago. The courier on horseback is replaced by the wireless telegraph. The candle gives place to the electric light, and diseases which meant death a few years ago are now handled with comparative ease. So if the old method of treatment have led you to believe that nothing can be done for you, it will pay you to investigate the new. We never get too old to learn and you may be surprised at the quickness of your cure.

I want every man to know he is right before he pays a dollar. MY BLOOD CELL REMEDIES have stood the most scientific tests for many years. Weak and Debilitated men can only be made strong by filtering the BLOOD STREAM and nourishing the nerve centers.

Have you Blood Poison, Skin Diseases, Lupus, Rheumatism, Sores, Nervous Disorders, Wasted Vitality, Bladder, Stomach and Kidney Troubles, Varicose, or Weak Blood Vessels

I will cure any case I accept or make no charge. Scores of Cured patients my best advertisement, and keep me busy.
