Pureol Letter Carriers Are Invited to Ranger

OUT THIS D THAT.....

heard, second hand, that a girl had said that she liked out this paper was the thing that she didn't like about it. Sounds like a paradox but she said it by saying that she liked the paper because it was but didn't like it because she sometimes omitted stories.

believe she was referring to a few days ago about the resident capturing a "Tom" and holding him in police. She thought the story should have been omitted for the fact that she was serious enough about it to know the name of the

were talking to Coach Curran at a drug store yesterday seemed in pretty optimistic over the outlook of the Bulldogs for next season. It is that football practice start on Sept. 1 and that school would open the following Monday. Regardless of school opens he is to start practice on Sept. 1.

had some mighty complicated things to say about his but we aren't going to repeat right now because it might someone the bighead. He did though, that he had good sacks, guards, backs and a center. That makes a whole according to our figuring, so would think things look rosy.

said that Ahlberg would be the biggest threat at Ranger was under pressure that Eastland might have a team that would trouble. As Eastland has had a habit of getting started to get anywhere and since he plays the Mavericks early season Ranger may not have trouble from that source.

Eastland will always bring. They are full of surprises and ups and downs. We cite the game of last year as an example.

identically, sub rosa and in the weather is too hot for get bothered over football at this time.

produce market that was up today should prove a thing for the farmers who produce for sale and for the city of Ranger who want Eastland county produce. Farmers can rent for the small of 25 cents a day a stall where they can display their produce for people from all over this county and it is point to go by there day or so to see what they get in the way of vegetables, nuts, butter, eggs and other things. And they should be able to get anything that is grown in country and get the freshest to eat and pretty cheap.

WORLD IS UNITED ON WAR DEBTS

WASHINGTON, July 7.—The nations of the world were united today in an effort inspired by President Hoover to aid economic recovery by suspending war debt payments.

With a smile of victory after two weeks of uncertainty in the complicated enigma of the president last night announced France's acceptance of his plan "in principle." All other countries had previously given their approval.

The debt holiday will be retroactive to July 1, although the official agreement reached at Paris dates it from today. It will last until June 30, 1931. Until then all governments, including hard-pressed Germany, may keep at home hundreds of millions of dollars that otherwise would have to be paid out to meet World War debts and reparations obligations.

If Mr. Hoover's dream comes true, the year's respite not only will save Germany from threatened collapse but will restore confidence, stimulate trade and help put the whole world on the road to better times.

Charges Filed Against Kansas City Paper

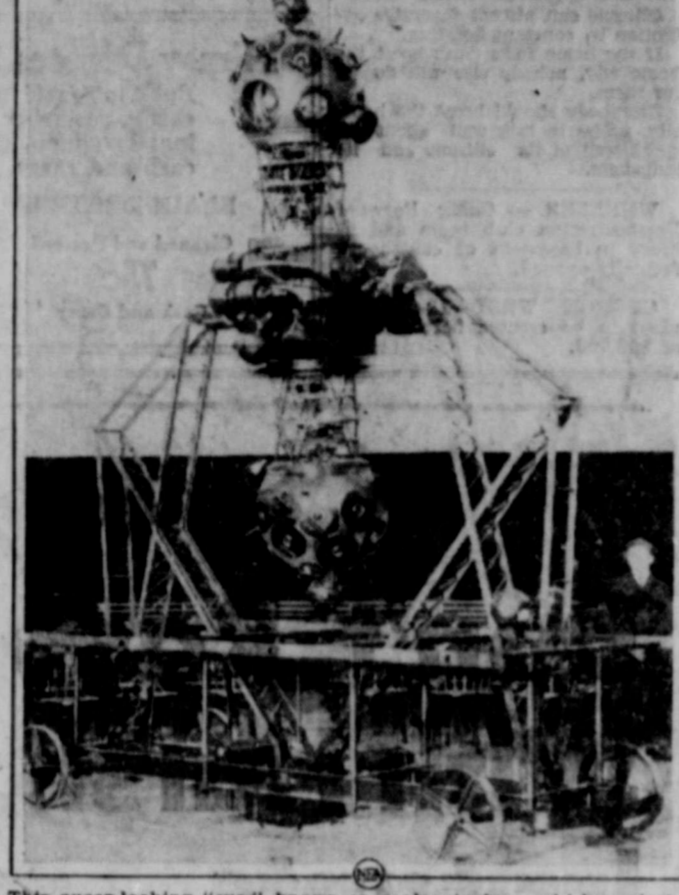

NEW YORK, July 7.—Henry L. Doherty, head of the Cities Service company, has charged the Kansas City Star with influencing a state order barring sales of certain Cities Service securities and has applied to Postmaster General Walter Brown to have the newspaper barred from the mails.

He made public a telegram he had sent to Postmaster General Harry Woodring accusing him of having "fallen under the evil influence of the men who control the Kansas City Star." He said he notified Secretary of Commerce Robert T. Lamont that Woodring had intimated he would throw certain Cities Service subsidiaries into bankruptcy.

R. C. Stidham's Brother Dies at San Angelo Home

Word was received here today that J. F. Stidham, brother of R. C. Stidham of Ranger, died at San Angelo last night at 10 o'clock.

"Eye" Sees 6500 Stars at Once

This queer-looking "eye," known as a planetarium, which projects 6500 stars at one time regardless of weather conditions, is to be placed in the Benjamin Franklin Memorial and Institute at Philadelphia. The planetarium will be housed in a chamber 65 feet in diameter shaped like a hemisphere which will be lined with white fabric. The instrument will project 6500 images on this fabric at once while a lecturer explains to the audience by means of an electrical pointer the names and positions of the stars and planets.

TERRAPINS

Ten Cents a Head is Offered for the First Fifty by An Advertiser.

The market price of terrapins at Ranger today was 10 cents a head, at least that was the amount that one man offered to pay for the first 50 that were brought to him. His advertisement offering that amount will be found in the classified ads of today's issue.

The terrapin, strictly speaking, is a fresh-water turtle that is considered quite a delicacy as a food. Generally speaking, and it is presumed that the advertiser was speaking generally, the terrapin is a round-shelled dry land turtle that is sometimes much in demand for racing purposes. And that is what they are wanted for.

Turtle races have been popular—more or less—since the well known race with the hare. Nowadays they race them against other terrapins.

MEETING IS DRAWING BIG CROWD

Splendid audiences assemble each morning and evening to hear Mr. Lambert in the revival services now in progress at the Church of Christ of Ranger.

Mr. Lambert is a pleasing, fluent speaker. The readiness with which Scripture is quoted from all portions of the Bible shows clearly a life's study of God's Book.

One of the features of the services is the answering of religious questions. A box has been conveniently located where questions may be deposited. This affords an opportunity for those who may be bothered concerning some portion of the Bible teachings to avail themselves of help from one who is devoting his life to a proper understanding of the Word.

These services will continue throughout the week.

MAN SHOT, KILLED, AT LAKE WORTH

FORT WORTH, July 7.—Roland Lewis, 37, formerly of San Antonio, was shot to death at 1:30 a. m. today as he sat with a woman companion in an auto at Lake Worth.

The young woman with him said they were parked at Inspiration Point when another auto drove up with two men in it. After a command to "stick 'em up," Lewis got out of his car and was shot four times. He died almost instantly.

The woman then rushed over to the road and hailed two policemen and told them of the shooting. Lewis is survived by his wife and three children.

Sorority's Fairest

When co-eds of the Alpha Delta Pi sorority held their annual convention at Lake Louise, Alberta, Canada, a beauty contest was on the program. Here's the winner of first prize—Miss Margaret Jensen, of Brooklyn, N. Y.

At the meeting the committee will discuss the advisability of dividing the children into several groups for the purpose of having the supervised play grouped according to ages. Women will also be selected to supervise the play of each group.

Those on the committee are Mrs. S. P. Boon, Mrs. C. D. Woods, Mrs. H. H. Durham, Mrs. W. L. Jackson, Mrs. J. E. Matthews, Mrs. E. L. McMillen, Miss Mary Elizabeth Campbell, Miss Helen Coulson, Miss Margaret Houston, Miss Frances Coughlin, Mrs. Bob Hodges, Mrs. W. B. Poole, Mrs. R. C. Stidham, Mrs. W. A. Reuter, Mrs. R. L. Maddox, B. H. Peck, N. O. White, Mrs. N. McDonald and G. A. Murphy.

GUARD AT PRISON IS SHOT DOWN

ANGLETON, Tex., July 7.—Jim Sneed, picket guard at Retrieve prison farm near here was shot to death last night when two white convicts attempted to escape.

Jim Merriman of Houston and Jack Perry of Hempstead were pinned in jail here and charged with the murder of the guard. The grand jury will meet tomorrow to consider the case. County Attorney Floyd Enlow said.

Sneed was on guard at the convict barracks about 10 p. m. Monday when two of the men approached him with the command "Stick up your hands."

500 GALLONS WHISKEY IS POURED OUT

The Eastland county sheriff and his deputies last night destroyed about 500 gallons of bootleg whiskey on orders from the 88th and 91st district courts. The whiskey was carried from the vault in the sheriff's office on the second floor of the courthouse to the basement where the bottles, jugs and jugs were opened and the contents poured into the sewers.

All the booze destroyed was evidence in cases that have been tried, convicted and affirmed by the higher courts and the evidence was no longer needed.

The vault still has about that much more liquor to be destroyed but must be held a while longer as some of the cases have not come to trial yet and other things tried have not been affirmed.

PIPE DREAM

Johnson Grass That Grew Irish Potatoes Proves To Be A Myth In Spite of Proof.

When Eugene O'Donnell, who lives on the Strawn highway, read in this paper that Whitey Davis had grown what was referred to as a "soup bush," he decided that he was not to be outdone, so he started digging in his Irish potato patch.

The result was that he pulled up a large stalk of Johnson grass with a spud about the size of a hen egg on the root. At first glance it appeared that the Johnson grass was bearing potatoes, but upon closer examination it was discovered that the grass root had penetrated the potato and that when it was pulled the potato stayed on the root.

Another pipe dream like the one of growing tomatoes and potatoes on the same bush, was exploded when it was found that a species of Johnson grass had been discovered that would grow Irish potatoes.

TELEGRAM IS SENT URGING 1932 MEETING

Are Now in Three-Day Session at Waco. Meeting Place To Be Selected.

An invitation has been extended to the Rural Letter Carriers Association to hold their next annual convention in Ranger.

The letter carriers are now in session at Waco for a three-day meeting and will select the place of the next convention at the close of the present session.

These meetings are educational and instructive in nature, instead of having pleasure and recreation for their prime purpose. Papers are prepared and read at the business sessions that are designed as instructions for the letter carriers and to enable them to better serve the communities along their routes. About 600 members attend each year.

A telegram sent to D. C. Singleton of Ranger, a delegate to the Waco convention, urging the selection of Ranger as the next meeting place, read as follows:

"Ranger is anxious to entertain the next convention of the Texas Rural Letter Carriers' Association. The directors of the Ranger Chamber of Commerce and the entire citizenship of this city send you greetings and invite you to hold your next year's session in Ranger, the incomparable convention city. We have already started making preparations for you and are looking for you next year. (Signed): Chamber of Commerce."

Eastland Lions Club Has Good Program Today

The Eastland Lions club enjoyed an unusual and excellent entertainment at today's luncheon on the Connelley roof garden when they heard Prof. L. C. Keel in four beautiful numbers on the Hawaiian guitar. The pieces were, "Dreamy Water," "Hawaiian Love," "La Paloma," "Hawaiian Love." Professor Keel, whose tribal is Iyohuntubby is a member of the Chickasaw Indian tribe of Oklahoma, is a teacher of Hawaiian guitar in Eastland and Ranger, in Eastland he holds his classes in the Harper Music company. When not teaching Iyohuntubby goes on long hunts into the woods around here with his bow and arrow. Wayne C. Hickey, secretary of the Ranger C. of C. has turned an ardent archer and often accompanies Professor Keel on the hunts.

Two or three matters of club business were discussed and voted after which Dr. W. S. Poe was unanimously elected alternate delegate to the Lions International convention at Toronto, Canada, in case W. H. (Bill) McDonald is unable to attend. The convention starts the middle of this month.

The president's chair was filled by Lion George Harper, first vice president, today as the president, Bill McDonald, is confined to his home with sickness.

BLAZING WELL AT OVERTON IS SNUFFED OUT

TYLER, Texas, July 7.—The Tulsa Oil company's No. 1 Quinn, near Overton, today spattered oil high into the air after a charge of nitroglycerin snuffed out the fire that had raged for three weeks.

Floyd Kinley of Tulsa, who with his brother conquered the death-dealing Gledewater oil fire, placed the torpedo of explosive that tamed the well. Two charges exploded yesterday failed to extinguish the blaze and more nitroglycerin was brought from Tulsa this morning.

The crew today made preparations to stem the wild flow of oil roaring from the hole.

DEATH OF SLAYER IS DEMANDED

HOUSTON, July 7.—State attorneys today demanded death as a penalty for the hotel slaying of Mrs. Margaret Hart, 29-year-old mother of two children, slain when she told her sweetheart that she was returning to her husband.

Testimony in the trial of Donald Covin, 22, of Beaumont, charged with her murder was brought to an end today and arguments started.

Mrs. Hart was slain in the Rice Hotel at noon, June 1, while the lobby was crowded.

Today her love note and letters to the young refinery employe and bell-hop were read before the jury as the defense attempted to prove that he was the victim of an older and designing woman, who professed her love for him and then deserted him.

Her last letter said "I am going back to my husband. It will be the best for everybody."

The crew today made preparations to stem the wild flow of oil roaring from the hole.

England Classed Lipsticks With Witchcraft Art

LONDON.—Use of lipstick was once a punishable offense in England, according to Dr. Margaret Fishenden, scientific investigator in the department of scientific and industrial research.

Cosmetics were introduced into England by the knight crusader who declared in a radio broadcast on "Chemistry and the Household."

In 1770, she said, it was decreed that any woman who should "seduce, or betray into matrimony any of His Majesty's subjects by scents, perfumes, or cosmetics, washes, should incur the penalty of the law in force against witchcraft, and that the marriage, upon conviction, should stand null and void."

MRS. KING IMPROVING.

Mrs. Velma King, who is in the Payne hospital following an operation for appendicitis, is resting and shows every indication for a speedy recovery. Mrs. King had been under treatment in preparation for the operation for several days and her doctors, Dr. Catton and Dr. Carter, think it will be only a few days until she can receive friends.

Investigation of Rubio Slaying Cost State \$3,000

OKLAHOMA CITY, July 7.—Further investigation into the slaying of two Mexican students by a deputy sheriff at Ardmore if made will be by officials at the Washington embassy, H. Valdez, Mexican consul here said today.

Expenses incidental to the slaying of the students have been paid by deficiency warrants issued by Governor W. H. Murray. The largest item of the total of \$3,088.18 expense was \$2,000 for caskets.

Two Hole-In-One Shots Are Made In Tournament

CLOUDCROFT, N. M.—A hole-in-one is a rarity in a golf tournament, but two of them were made in a tournament here.

What made these acts more strange was that they were made on the same hole in the same match of one of the match plays.

On the first round of the 18-hole match, Paul Heisig scored an ace on the 100-yard sixth hole.

Coming back over the course again in the second round of play in the same match, Burgess Collier dropped his spade-mashie shot into the cup.

No. 6, a three-par hole, is a blind one. To get to the green, one has to lift the ball over a hill. The flag can't be seen from the tee.

STUDY BATHTUBS

(Editorial by Col. Hugh Nugent Fitzgerald)

TEXAS DRUGGISTS AND THE CIGARET TAX.
 Texas druggists held their 1931 convention in the city of Dallas. There are more than 5000 druggists in Texas. In the final session the druggists adopted a resolution reported by their committee on resolutions calling for the outright repeal of the three cents per packet tax on cigarettes. Paul Finn of Sunset, member of the 42nd legislature, assured the druggists that he would introduce a bill to repeal the measure during the next session of the legislature. It is significant that the druggists failed to approve or disapprove a plan to establish government dispensaries of liquor to relieve the trade of the work of retailing liquor for medicinal purposes. It is said the druggists the state over will battle for the repeal of the cigarette tax law and will throw whatever influence they have against the nomination of anti-repeal candidates for legislative place. "The ballot is the thing," and those who know how to use it are to get busy in the campaign that is approaching. They ask, "Why a nuisance tax?"

BILLIONS ADDED TO THE WEALTH OF THE NATION.

Massed confidence has been substituted for massed production and the substitution has been marvelous as a creator or booster of values. Col. Roger Babson tells his fellow countrymen how it was done. President Hoover's moratorium offer to forego one year's payment on the debt which Europe owes the United States turned the Midas trick. Indeed Col. Babson says that the proposal in less time than it takes to tell the story, increased the values of our farm products, mineral products, and securities, over \$6,000,000,000. Now if suspension of foreign debt payments for a single year adds \$6,000,000,000 to the wealth of the nation in two weeks, why not a five years moratorium or suspension and add \$30,000,000,000 to the wealth of the nation—before the coming of the "dog days"? There is nothing like confidence. All a powerful personage has to do is to use his magic wand to ignite his words and lo and behold billions are added to the national wealth and the car of prosperity is whizzing down the track at a rate or gait of 200 miles per hour.

ARE THE BIG MONEY CHESTS EMPTY?

A Washington correspondent lets it be known that the republicans are facing one of the problems of their democratic foemen—"the money barrel is running low." Furthermore Joseph R. Nutt of Cleveland, the treasurer of the republican national committee, has been in conference with republican leaders in the east. He admitted his strong box was getting to be lean as a starved rat in captivity. National Chairman John J. Raskob is founding his committee until the presidential tide comes in. For the first time in its history since the close of the war between the states the democrats have a real Angel at the head of their organization. As for the republicans when the fat-fryers of their organization go out with their baskets next year the harvest will be golden. This is the record of 60 years. It will be the record in 1932.

PUBLISHER McLEAN CALLS OFF POST SALE.

Publisher Edward B. McLean has declared himself. William Randolph Hearst will not get the Washington Post. David Lawrence will not take down the coveted prize. Publisher McLean has thrown all offers in the waste basket. He has called off the sale. He is going to keep the Post for his three boys. John R. McLean, father of Edward B., was the founder of the family fortune. He indicated in his will that the Cincinnati Enquirer and the Washington Post should be passed on to his grandchildren. Now the 300 employees of the Post will not have to hunt jobs. In other words they will not be cast out and listed as units of the American army of unemployed. Publisher Edward B. McLean has a heart. He found it in the nick of time.

PROBLEMS OF AMERICAN EDUCATION.

William John Cooper of Washington is United States commissioner of education. He was on the program of the National Education association convention at Los Angeles. He asserted that a half a million children in elementary schools were mentally retarded and required special individual instruction; that another half million had defective hearing to the extent they should be taught lip reading and 400,000 crippled children need educational treatment. Another eminent educator declared the new age in education must give the child a greater social vision and teach that man is greater "than anything he has made—that he is master of the machine." Is man master of the machine? Go ask the 6,000,000 unemployed and their 20,000,000 dependents.

LOVING AN ORGANIZED COUNTY.

Loving county has been organized. It was the last unorganized county in Texas. Mentone is the lone town of the new county and apparently destined as county seat. Loving county has been attached to Reeves county for administrative purposes. Oil developments of the past 18 months resulted in the creation of Mentone and agitation for organization of a county. An election was held. Approximately 150 votes were cast. Officers were elected. Rangers stood on guard at the polls. No excitement. No gun plays. No funerals.

But an injunction seeking to restrain organization of the county is pending in district court and powder burning may come later.

MITCHELL AND THE RACKETEERS.

Attorney General William D. Mitchell believes the government's success in its campaign against Al Capone "shows that gang leaders can be eliminated if you have honest men on the job and a real purpose." He has made known that the justice department will hit out at the gangster problem, wherever it becomes particularly obnoxious but that his branch of the government was not now planning any nationwide drive throughout the larger cities. How about the princely racketeers who grab the natural resources of America and make billions and not millions by shrewd planning and cunning methods? Are they to be smashed by the department of justice?

It begins to look as if that great Russian five-year plan is about to blow up with a loud report.

We seem to gather from some of Prof. Einstein's latest observations that his theory is only relatively relative.

Daily WASHINGTON LETTER

BY RODNEY DUTCHER
 NEA Service Writer

WASHINGTON—All the excitement over the debt-reparations moratorium proposal may incidentally impress the fact that big wars cost a lot of money and that the costs are likely to cause a lot of trouble in later years.

Thus, certain interesting thoughts not especially comforting thoughts are inspired by the assertion of Bernard M. Baruch, who was chairman of our War Industries Board, that about half of our expenditures in the World War was unnecessary. That is, our war expenditures were nearly \$40,000,000,000.

Baruch says that an efficient, comprehensive war plan embracing an effective method of preventing inflation would reduce the cost of war at least 50 per cent.

Payne's Views

Assistant Secretary of War Frederick H. Payne, addressing the National Association of Retail Credit Men at Boston, justified the army's extensive industrial war plans by citing Baruch's estimates as given to the War Policies Commission and implied that the war plans not only would provide success in war but would be a big aid in attaining subsequent prosperity.

"As we consider the general effect on present conditions in our country if we had saved some 10 to 15 billion dollars of our expenditures in the late war," Payne said, "we are encouraged to intensify our efforts to insure efficient conduct of any possible 'next emergency.'"

Baruch proposed a drastic wartime "price-freezing" plan which has stirred up some controversy. It would give the president power to declare that all prices prevailing on a certain day should be effective until further notice.

"Inflation enormously increases the cost of war and multiplies burdens on the backs of generations yet to come," he explained. "The war debt of the nation is necessarily incurred in terms of debased dollar values. In the inevitable post-war deflation the debt, of course, remains at the inflated figure. Thus the bonds that our government sold in the World War for 50-cent dollars must be paid through the years by taxes levied on 100-cent dollars.

"For example, our total war expenditure was \$39,000,000,000 incurred in terms of 1917, 1918, 1919 and 1920 dollars. In terms of the purchasing power of 1913 dollars it probably would have been only \$12,000,000,000, or in terms of 1920 dollars probably not more than \$15,000,000,000.

Checking Inflation

"Such a grotesque result would be almost unbelievable were the figures not living facts. If anything can be done to avoid this practical doubling of the economic burden of war, we should spare no effort to accomplish it. . . . We did, in 1918, arrive at a method which checked the process of inflation in America and kept it in check until all controls were released in November, 1918. We have proved in practice a method to control inflation and that proof convinces me that it would also prevent inflation if applied at once upon the advent of war and before the inflationary process begins."

Attempts to check inflation after it begins are old in American history, according to Baruch, who pointed to a New York law of the revolutionary period which fixed manufacturers' profits, wages of mechanics and laborers and many commodity prices at a figure "not to exceed twentyfold of the prices paid in 1774." The figure measured the debasement of the Continental currency.

The amount Baruch thinks we might have saved on the World War is, of course, much larger than the total of allied debts to this country which, with reparations, are now credited with causing so much trouble.

ANNOUNCE ARRIVAL OF SON.

DID YOU EVER STOP TO THINK
 By EDSON R. WAITE
 Shawnee, Okla.

That some cities are satisfied with just marking time.

A city is only as progressive as its citizens.

It takes better business to build cities and it must be done by business men who should have the united support of all.

Every effort should be made to expand the trade territory of the home city.

Every dollar brought into the home city brings new money into local circulation. Cooperative effort will attract business to any city.

Citizens can attract favorable attention by constant boosting.

If the home folks don't boost the home city, nobody else will do it for them.

Everybody should boost the home city, praise it, talk well about it, speak well of its citizens and its industries.

Consider your Adam's Apple!!

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

Place your finger on your Adam's Apple. You are actually touching your larynx—this contains your voice box—your vocal chords.

From the report of a famous scientist who studied the effects of LUCKY STRIKE'S exclusive "TOASTING" Process—

"During the course of some recent investigations... we became interested to ascertain whether Ultra Violet Rays produced any change in the quality of the cigarettes. It may interest you to know that I was able to detect a very definite difference in the irritant qualities of the treated and untreated cigarettes. Several tests were made, not only on myself, but others as well, and we experienced little difficulty in selecting the treated or irradiated cigarettes as distinctly less irritating to the mucous membrane of the nose and pharynx than the control or untreated cigarettes."

Sunshine mellow—heat purifies—that's why LUCKY STRIKE'S exclusive "TOASTING" Process includes the use of modern Ultra Violet Rays. Remember—LUCKY STRIKE is the only cigarette in America that brings you the added benefits of "TOASTING". And so we say "Consider your Adam's Apple". Be careful in your choice of cigarettes.

thinking how fortunate she was to live in such a beautiful and luxurious world, while her mother went wandering. Liane was saving her money now. She was living quietly and demurely. The hurly-burly, amusing life of town, of scrambled meals and hand-me-down frocks, became a sort of dim dream.

Sometimes at night when she had gone to bed early and could not sleep she would shut her eyes to keep out the pictures that came to her. Shane McDermid, big in his blue uniform, his eyes shining sternly at her. Van Robard in his dinner clothes, bending over her hand. No, she would not think of Van. She had heard Clive say over the hall telephone one day, "Van? Oh, he's at Burlingame I believe. Be back about Christmas time."

Nor did she catch glimpses of Muriel any more. Mrs. Cleespaugh "thoroughly disapproved" of Muriel Ladd. "Have you heard," she asked Liane in a shocked voice, "of her latest conquest? The gossip papers say she is 'that way' about Curtis Blue. Such a charming person I thought him. What can he see in that hobbledyho? Muriel is an extremely indiscreet young woman and I disapprove of her."

To hear the glib expressions of the scandal sheets on the correct tongue of Mrs. Cleespaugh was disconcerting. Liane wanted to smile but dare not. "She's—fascinating," she ventured, anent the dashing Muriel. "Oh, fascinating!" Mrs. Cleespaugh's tone expressed nothing but sheer disgust. "I fail to see why that word should be applied to a fibbertygibbet."

Then she set her lips and refused to say another word. Once and only once Liane saw Muriel flash by in her streamline car. Her gypsy scarf had been discarded. She wore the more sober but still dashing habiliments of town. Little brown hat. Beautifully cut tweeds. A fur scarf, the cost of which would have bought Liane Barrett shoes for five years.

Muriel threw a careless greeting at her erstwhile co-worker. "She's forgotten me," Liane thought with a little pain at her heart. Liane wanted desperately someone who was young and frivolous in whom to confide. Muriel obviously had no time for her. "I wonder," said Mrs. Cleespaugh, suddenly one morning regarding the subject, "what has happened to that young newspaper man—wasn't his name Desmond?—whom Muriel was supposed to be so fond of? I heard Adele Ladd was terrified for fear they would elope last summer. The girl is a will-o'-the-wisp, that's certain. One would respect her more if her affections were more permanent."

Liane, startled, looked full into the deep-set eyes of Van Robard. She gave one startled movement, tumbling the check book and the sheaf of bills. Almost they fell into the fire from which the screen stood a little aside. Van stooped, still smiling, to retrieve them as Mrs. Cleespaugh, not altogether pleased at the interruption, greeted him.

Study Hour To Be Held
 With Mrs. Reynolds Hostess.
 Child Study Club No. 1 will meet at the home of Mrs. J. S. Reynolds on Wednesday afternoon at 3 o'clock, with "Discipline" chosen as the topic for the hour. All members are asked to attend.

Former Ranger Girl Marries Breckenridge Man.
 Announcements have been received by friends and relatives of the recent marriage of Miss Hazel Outlaw, attractive daughter of Mr. and Mrs. E. W. Outlaw, of White Deer, formerly of this city, to Mr. Frank Postlewait of Breckenridge.
 The pretty ring ceremony the bride was attired in a blue model, wearing an eggshell blouse and matching accessories, together with blending hose, pumps and smart eggshell hat.

Immediately following the ceremony the bride and groom left for a honeymoon trip to West Virginia. Upon their return they will be at home in Breckenridge.

Little Miss Ringold Entertains In Compliment to Club.
 Little Miss Frances Ringold of Shaw, Miss., who is the guest of her uncle, E. A. Ringold, most delightfully entertained in compliment to the Little Women's club on Monday afternoon with the pretty afternoon party given at the home of Mr. Ringold, West Main street, from the hours of 3:30 to 6 o'clock.

An entertaining feature of the hour was a program given by the members who composed the club. Drawing the function to a climax, ice cream, cake and choice fruit was served at tables arranged on the lawn. Each table was most effectively appointed with colors of white and blue, centered with dark red roses flanked on either side with small red, white and blue flags, symbolical of the holiday just passed.

Those present for the happy occasion were little Misses Martha Belle Julius, Fannie Dell Swaney, Ann McDonald, Camilla Hunt, Elouise and Talmadge Carter, and the charming and dainty little hostess, Frances Ringold.

Splendid Report Given At W. M. S. Meeting.
 The Woman's Missionary society of the First Baptist church met at the church on Monday afternoon for the monthly business meeting. The benevolence chairman reported one crate of eggs sent to Buckner Orphan's home and four dozen and eight towels and one pair of pillow cases to the West Texas Baptist sanitarium.

Included in these useful articles was a gift to an elderly minister whom the society adopted several months ago. The chairman also announced a handkerchief shower which will compliment Buckner Orphan's home. This affair will be announced in detail at the next Royal Service program, at which time each member is asked to bring their handkerchiefs.

The society will meet in circles next Monday at the usual time, with Circle No. 1 entertained with Mrs. R. E. Barker, No. 2 with Mrs. Lee Mitchell, and No. 3 will be announced at a later date.

RANGER Personal
 Mrs. Ethel Williams, who has been visiting her daughter, Mrs. Roy Stokes, returned yesterday to her home in Dallas.
 Mr. and Mrs. Jack Clemmons and sons of Dallas were the weekend guests of Mr. and Mrs. Roy Stokes and daughter, Thelma.
 Mrs. J. N. Poe, who has been a visitor in Sweetwater for the past few weeks, is spending a few days at her home in Merriam.

Missionary Society of Christian Envoys Meeting at City Park.
 A very interesting meeting of the Christian Church Missionary Society was held Monday afternoon at 5 o'clock, at the City park. Mrs. Grady Owen, the president, presided over the meeting. A very interesting and instructive lesson was taught by Mrs. E. R. Johnston. Prayer, Mrs. N. L. Smitham. Mrs. Fred Maxey led the devotional.

At the close of the meeting a delicious picnic supper was spread. Those attending were: Meses. Gene Day, T. L. Cooper Sr., J. W. Gladden and sister, N. L. Smitham, M. C. Franklin, I. L. Cooper Jr., E. E. Johnston, Meek, Grady Owen, Mitchell, Fred Maxey, Gilbreath, W. Z. Outward and Gattis.

Joint Meeting of Methodist W. M. S.
 Held Monday.
 The Belle Bennett and Martha Stewart Circles of the Methodist Women's Missionary Society met at the church, Monday afternoon at 3:30 o'clock. "Sweeter As the Days Go By" was sung as the opening song. A short business session was presided over by the president. Arrangements were made for a party at the home of Mrs. T. L. Fagg in honor of the new members. Announcement was made of the removal of Mrs. O'Steen to Wichita Falls within the next few days. Mrs. Ed Wilman paid a fitting tribute to Mrs. O'Steen. A rising vote of thanks was given her for her splendid work and a special award of good speed was offered by Mrs. McGlamery.

Spain's Tourist Trade Jumps
 By United Press.
 MADRID.—Tourists came to Spain in greater numbers in 1930 than in 1929, according to statistics by the National Tourist board. In 1930 the number was estimated at 440,552, compared with 362,716 in 1929.

Undoubtedly one of the factors influencing the increase was the depreciation of the peseta, which made visitors from other countries find a corresponding decrease in prices.

France furnished the biggest number of tourists, just as the Spaniards furnished the biggest number of visitors to France. In 1930 the French tourists totaled 83,506 compared with 73,346 in 1929. Great Britain was represented by 33,539 visitors in 1930, against 21,282 in 1929. On the other hand, visitors from the United States and Germany were slightly less in 1930 than in 1929.

The National Tourist board, organized by Primo de Rivera, is being maintained by the republic but its directing personnel has been changed.

A lantern for the classroom projects any opaque material and can be used for showing charts or pages from books as well as the usual slides.

Church of Christ Woman's Bible Class Met Monday Afternoon

The Church of Christ Woman's Bible class met at the church Monday afternoon at 3 o'clock. The meeting opened with prayer led by Mrs. W. E. Moore. The opening song was "Heavenly Sunlight." The 37th lesson was taught by Mrs. L. Herring. Mrs. C. F. Fehi dismissed the class with prayer.

Those present were: Meses. L. Herring, Lee Johnson, J. E. Bills, V. L. Thompson, H. H. Thompson, J. Graham, M. A. Walker, W. E. Moore, E. E. Reagan, C. F. Fehi, John Matlock of Olden, and mother of Wichita Falls, E. R. O'Rourke, and Miss Evelyn Miller.

The class will meet Monday afternoon, July 13, at 3 o'clock, at the home of Mrs. E. R. O'Rourke, 1009 South Bassett street. All members are urged to be present.

Surprise Birthday Party Honors Rev. W. E. Moore.
 Mrs. W. E. Moore entertained Monday evening with a surprise birthday party honoring her husband, Rev. W. E. Moore, pastor of the Church of Christ. Rev. Moore received many lovely gifts from the guests. Several interesting and amusing games and contests were enjoyed throughout the evening. Many games of "42" were played. Refreshments of home-made cakes and fruit punch were served to the following guests, Meses. Graham, Allan D. Dabney, E. R. O'Rourke, R. B. Reagan, Harry Woods, Dick Thompson, John Matlock of Olden, Tom Harrell, John Fehi, Will Teasoroff, Archie Fehi, Wiley Harbin, Percy Harris, B. E. Robinson and Meses. Jim Harrell, Myrtle Walker, J. S. Furlow, of Alvord, Texas, Mrs. S. Bartley of Fort Worth, S. S. Bravner, C. B. Miller, John T. Sue, Hoyt Davis, and Meses. Zona Self, Evelyn Miller and Bud Ferris, Jack Teasoroff, Majorie Myrtle Moore, Betty and Peggy O'Rourke, Baby Miller and honoree and hostess, Rev. and Mrs. W. E. Moore.

Wedding Held Sunday At Home of Mr. and Mrs. M. P. Herring.
 Miss Anna Grace Butler, daughter of Ed Butler of Coleman, and Sam M. Bumpass, of Breckenridge, were married Sunday afternoon, July 5, at the home of Mr. and Mrs. M. P. Herring of Eastland. Mrs. Herring is a sister of Mr. Bumpass. The home was artistically decorated with bouquets of beautiful colonial roses. Rev. W. E. Moore, pastor of the Church of Christ, performed the beautiful ring ceremony. The bride was lovely in an orchid frock with harmonizing accessories.

Mr. Bumpass who has been connected with the Lone Star Gas company for the past 12 years is now assistant superintendent of the Pipe Line company in Breckenridge.

Immediately following the ceremony, Mr. and Mrs. Bumpass left for a wedding trip to Corsicana. After July 15 the couple will be at home in Breckenridge.

Mr. and Mrs. Jack Bumpass, Mr. and Mrs. Roy Jones of Dublin, and Mr. and Mrs. Herring attended the wedding.

Visiting Relatives Here
 Mr. and Mrs. Latin A. Pruitt and son, Babe, are visiting in the home of Mr. and Mrs. J. R. Crossley and family at 603 South Green street, Eastland. The Pruitts are

enroute to Duncan, Okla., after a two weeks trip to Corpus Christi and San Antonio. Mrs. Pruitt will be remembered by many Eastland people as this was her home several years ago when she was Miss Veda Crossley.

Montana Bride Halts Ceremony Over Word "Obey"
 By United Press.
 BOZEMAN, Mont.—The lady who knew what she wanted was married here recently—and managed to halt the ceremony long enough to inquire of the justice about the word "obey."

The woman, Mrs. William Bryant, ordered the ceremony concluded when the court informed her that she would be expected only to "love, honor, cherish and keep."

A safety fuel for automobiles and airplanes is an incombustible Diesel oil but as productive of engine performance as good aviation gasoline.
