SUMMER CLEARANCE SALE

NOW THRU SATURDAY JULY 31st

OPEN LETTER TO THE PUBLIC:

Family Mart will have only one more Store Wide Sale this year. Since our sales are few we really slash prices to accomplish the desired purpose. In this case prices are designed for complete clearance with special emphasis on seasonal, shop-worn, discontinued, damaged or used merchandise. Of course regular merchandise is marked down to amazingly low prices too. This is not a promotion. Our sale is not intended to make money, but to clear out present inventory and make space for orders placed at recent markets. We will really appreciate an opportunity to show you these values.

RURAL ELECTRICITY

Electricity helps the American farmer to raise and care for more livestock, hatch more cokens, milk more cows and keep food fresh and clean. The end result is fresher, more economical food on everyone's table.

We are proud of the role we have been able to play in the electrification of our portion of rural America . . . and we continue to meet the everincreasing demand for more and better electric service.

The Highway Patrol investigated three rural traffic accidents in Cas

according to Sergeant W. E. Wells, Patrol Supervisor of this area.
These wrecks accounted for five injuries and an estimated property damage of \$1,778.00.
The rural traffic accident summary in Castro County for the first six months of 1965 shows a total of 41 crashes resulting in one persons killed, 36 persons injured, and an estimated property damage of \$23,760.00.

mated property damage of \$23,760.00.
"As of the first of this month, there had been a total of 1,040 fatal crashes in Texas taking lives of 1,261 persons," the Sergeant stated. This is approximately two percent less than for the same period of 1964; we will in all probability exceed the all time record high of 3,006 persons billed in the fife grashes experienced. killed in traffic crashes experienced

This treatment gives cotton greater strength, a smoother surface, improved affinity for dyes, more absorbency and reduces shrinkage to a minimum. When yarns are treated under tension, they take on greater luster. The process is now widely used on yarns for quality knit goods, on cotton for sewing threads, for Schiffil laces and embroidery, and as a finishing technique for fine shirtings, dress materials, upholstery, drapery, and other fabrics. A MATTER OF **DOLLARS** AND CENTS

Hi folks! The Fire Department answered three calls since last week. All three fires involved cars. Wires were burned on a Ford, a Corvette and a Valiant.

Dimmitt Fire Department held their eleventh annual fireman of the year banquet Saturday night. Outstanding fireman of the year is selected by the number of fires and practices that he has attended. After totaling the number of fires and practices that he has attended. After totaling the number of fires and practices, Pat Patterson was presented trophy as "Fireman of the Year."

The Department had several guests for the banquet from the City office of the panguet from the City office. Perhaps the biggest part of the dollars and cents angle to a mortgage is the principal sum. Then there is the size of the monthly payment. But, with a mortgage on that new home, there are other dollars and cents items, such as decorating, landscaping, fire insurance, theft insurance, furniture and perhaps other "extras". So, the amount of mortgage insurance you should own is also a matter of dollars and cents. You should never have less mortgage insurance than the amount of your mortgage, and

Shopping Skills

Smart shopping of summer sales is a challenge to homemakers. One of the delights of a shopping trip it to discover a real bargain, says Mrs. Elsie P. Short, Texas A & M. University Extension home management specialist.

An item is no bargain if you don't really need it, no matter how economically it may be priced. Don't go overboard on bargain-buying just for the sake of buying, she cautions.

overboard on bargain-buying just for the sake of buying, she cautions.

Take a close look at the inviting advertisements which feature special sales, discounts, and savings. For example, if an item is advertised at "20 percent off," does this refer to the "118" price, the price tag of the price example, if an item is advertised at "20 percent off," does this refer to the "list" price, the price tag, or the price at which it was originally selling? Is 20 percent a sizable reduction or a small one?

Many people prefer to buy well-known brands of merchandise. There's nothing wrong with this policy if you're aware that a specific company may manufacture the product in several price lines not of equal quality. A low price line is sometimes designed as "promotion merchandise" that the retailer can use for sales or a "special purchase."

Here are some basic consumer information guides to aid you in shopping:

Read ads carefully. Look for precise information, such as detailed descriptions of sale items. Model numbers on appliances, for example, permit a quick, accurate check on price comparisons among stores.

Consider off-season buying. There

copter squadrons to Vietnam.

The Army has 12 helicopter squadrons in Vietnam, totaling some 300 helicopters. Most of these were built in Texas by the Bell Aircraft plant near Fort Worth. These aircraft, as you know, are vital to the Vietnam operations against the Communists. They are used to airlift troops into battle, to resupply troops and to evacuate injured and wounded.

The helicopters most recently sent to Vietnam were taken directly from munications gear, ground transpormunications gro

As I visited with folks at those events, I found many of them deeply concerned about the war in Vietnam, about the continuing threat to liberty by international Communism, and about the adequacy of our American defense forces.

I expressed to them my own worry about whether the U. S. Defense Budget for fiscal year 1966 — which we have just begum — is really adequate for our defense needs.

This budget was developed during the summer and fall of 1964. It and the Defense Budget for the fiscal year into complete the summer and fall of 1964. It and the Defense Budget for the fiscal year into complete the summer and fall of 1964. It and the Defense Budget for the fiscal year into complete days are just completed and really peacestime budgets. The Senate Armed Services Committee upon which I serve has been deeply concerned about the apparent inadequacy of our Defense Budget planning.

Studies by the Armed Services Committee led me to warn last weekend that, unless the Defense Budget is revised upwards, our 60,000 men in Vietnam may be forced to fight under the burden on key equipment and spare parts to provide for the needs in Vietnam.

I have urged the Secretary of Defense to come to the Congress with revisions of his budget — revisions in at Fort Campbell, Kentucky; and the 23nd Airborne Division at Fort Riley, Kantass; the 101st Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne Division at Fort Riley, Kentucky; and the 23nd Airborne divided by the Ad
