

JAKIE HARRIS (L) DELIVERS FIRST MILO TO HART GRAIN CO. AT FIVE POINT  
... Office Manager Odell Arnold (R) paid a premium for it

# First Grain Harvested

Elevators in the nation's grain sorghum capital got their first truckloads of 1966 milo over the weekend.

First in apparently was John L. Womack, who reported late Friday afternoon to Bruegel & Sons Elevator Co. in Dimmitt with a truckload of red grain that tested 55 pounds per bushel and 15.2 percent moisture.

Womack, who farms seven miles northeast of Dimmitt, made his first cut from a plot of Weathermaster 45 and arrived at the elevator during Friday's heavy rainstorm. Bruegel & Sons paid a \$25 bonus on Womack's truckload.

Fred Bruegel said five other truckloads have come in since Friday, and that all have been below 15 percent in moisture content.

Hart Grain Co. received its first milo Monday at its Roy Switch Station at Five Point when Jackie Harris brought in a truckload at 1:15 p.m.

Harris, who operates the Percy Merritt farm a mile east of Five Point, said his grain had been ripe two weeks "but I couldn't get into the field because of the rain." His milo, cut from a 10-acre block of Northrup King 310, tested 13.77 percent in moisture on a 15,440-lb. truckload. Hart Grain Co. paid him a bonus of \$2 per 100 pounds on his first load.

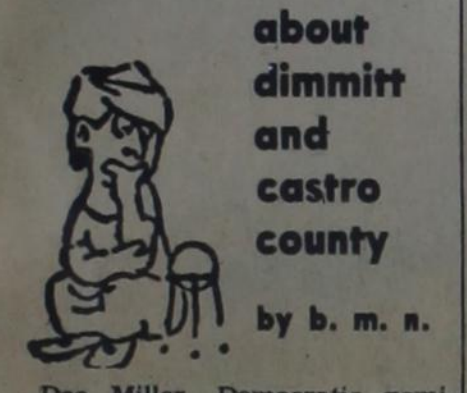

Leslie Louder of Sunnyside was next in the parade of firsts when he brought the first truckload to Sunnyside Grain & Supply from his farm one-fourth mile north of the community. Manager John Moore reported that Louder's first grain tested 57 pounds per bushel and 13.1 percent moisture content.

"He could have gotten it in a lot quicker," Moore said, "but we've had 11 inches of rain here in the last two weeks."

Louder received a \$50 Stetson hat as his bonus from Sunnyside Grain & Supply.

The first marketable milo brought to Dimmitt Wheat Growers, Inc., came in Tuesday when Herman Rose weighed in a 14,840-pound truckload. Rose's milo came from a semi-irrigated plot on his farm four miles northeast of Dimmitt, and tested 53 pounds per bushel and 12.8 percent moisture.

General Manager Aaron Isaacs said Rose will receive 25 cents per hundred and a new Stetson as his first-load bonus.

about dimmitt and castro county by b. m. n.

Dee Miller, Democratic nominee for Congress from the 18th Congressional District, was in Dimmitt Tuesday to make plans and organize for the November election campaign. Some thirty or forty Democrats were present for an organizational meeting for Miller at Brownie's Steak House Cafe, and to hear the candidate give his views on national and international problems. Apparently all of the partisan gathering were well pleased by the appearance and answers of the Congressional candidate.

Following the resignation of Congressman Walter Rogers, the county Democratic chairman from the thirty counties in the district, in executive session in Amarillo, selected Miller as the party's candidate in the upcoming election.

Miller, who is 32 years of age, resigned his office as District Attorney of Potter County to make the race for congress.

"A lifelong Democrat, Miller declared that he is in full accord with the legislative programs enacted under the administrations of Presidents Roosevelt, Truman, Kennedy and Johnson, with exceptions of course in some specific legislation that was not necessarily a part of the general Democratic program.

Miller convinced me that he would, in general, vote with the Democrats in the Congress, and that he has the ability to develop into an influential member of that august body. I believe the 18th District will be well represented by Miller, and naturally being a Democrat he will get my vote in the November election.

As the campaign progresses we will cover more completely the background and qualifications of the candidates for this important office.

Truman Touchstone of Dimmitt established two "firsts" with a large tomato shipment Monday.

Touchstone's tomatoes were the first shipped from Castro County this year, and they were the first in the county — and believed to be the first in Texas — to be picked by an automatic tomato harvester.

The self-propelled harvester is now in operation in Touchstone's tomato fields five miles northwest of Dimmitt, and the harvest is expected to last two to three more weeks, depending on weather.

The huge harvester, a tomato processing plant on wheels, pulls the entire vine from the ground, shakes loose and separates the ripe tomatoes and sends them along a conveyor system, where 15 laborers on platforms sort them before they reach the delivery chute.

The tomatoes are being raised under contract with Western Vegetable Corp., and are being shipped to the firm's La Junta, Colo., plant.

## First Tomatoes Harvested, Too

The tomatoes are being raised under contract with Western Vegetable Corp., and are being shipped to the firm's La Junta, Colo., plant.

## Any Questions For Freeman?

The High Plains Research Foundation has scheduled a press conference with Secretary of Agriculture Orville Freeman at 4:30 p.m. today, (Thursday) at Halfway.

Don Nelson of the News staff will attend the 30-minute press conference, and will ask questions submitted by News readers.

If you have a question about the nation's farm programs that you want Freeman to answer, contact the News office at 647-3488 before noon today and Nelson will attempt to get an answer for you.

## Easter to Have Air Show Sunday

The Easter Lions Club will sponsor plane rides and a free skydiving exhibition Sunday afternoon at the Charles Frye Air Strip west of Community Grain Co.

Plane rides will be \$2 per person, with proceeds to go to the Easter Community Building Fund. Pilots will be Roy Botkin of Friona, Charles Frye of Easter and Olin Parris of Hereford.

## Today's The Day At Halfway

It will be "open house and open fields" today at the High Plains Research Foundation at Halfway.

The Foundation's 10th annual field day will get underway at 1 p.m., and is expected to attract thousands from throughout the Plains area. Highlighting the program will be a speech at 5 p.m. by Secretary of Agriculture Orville Freeman. Also on tap are an equipment display and tours of laboratories, office buildings and all test plots. The tours will be conducted by trustees of the private-enterprise foundation, including some of the top agri-business men in the High Plains.

A free barbecue will be served at 6 p.m.

Myers receives college degree

Bill D. Myers of Dimmitt graduated Friday from Cumpton-Jones Mortician College in Dallas, and is now employed by Lemons Funeral Home in Plainview.

A 1964 graduate of Dimmitt High School, Myers is the son of Mrs. Dean Myers.

# West Texans To Speak Out At Friday's Water Hearing

The Texas Water Development Board will be in Lubbock Friday to hear West Texans' views on the proposed "Texas Water Plan," and two Panhandle-Plains organizations this week urged Castro County to send a large delegation to the hearing.

Both the West Texas Chamber of Commerce and Plains Cotton Growers, Inc., have urged a large attendance from this county, where water provides the economy's lifeblood.

The hearing will begin at 9:30 a.m. in Lubbock Municipal Auditorium on the Texas Tech campus.

Joe Pate, Jr., chairman of the Plains Cotton Growers water committee, said, "This will be the final opportunity for High Plains people to voice their opinions to the entire water board, and they shouldn't miss it."

Pate, who will present the PCG testimony, expressed fear that the annual field day at the High Plains Experimental Foundation at Halfway Friday, plus other agricultural events in the area today and tomorrow, would result in a small attendance at the water hearing.

"Those of us now in the short water areas already know what it means when a well drops to half a pipe or stops pumping altogether," Pate said. "And virtually all of the High Plains could be in a similar position in not too many years unless a way is found for us to share in some of the nation's surplus surface water."

The Texas Water Plan, as now envisioned, would omit the Panhandle-Plains area from its proposal to redistribute state surface water. It would reportedly take water from the Sulphur River Basin in Northeast Texas through a 980-mile canal to South Texas.

Pate said water from any out-of-state source, according to experts, would be at least 25 or 30 years in coming, and that West Texas' irrigated economy "will begin to go downhill long before that time."

"Therefore, every possibility of bringing some of our state's own surplus water to this area should be thoroughly explored," he said.

"There are many people on the Plains with a vital stake in water who are not at all familiar with the current water plan," Pate added, "but these people should at least attend the hearing in support of those who have studied it and will present statements."

He said the Plains Cotton Growers, Inc., "would like to see a complete engineering and economic study of all facets of the situation — including all areas in need of water and all possible water sources within the state — before the final plan is adopted."

He claimed no such study was made before the formulation of the proposed Texas Water Plan.

"In 15 years," Pate added, "the US will badly need the productive capacity of the Plains."

A HEARTY WELCOME now greets motorists coming into Dimmitt on all four of its major highway entrances, thanks to the Jaycees and Chamber of Commerce. The four 6x12 signs, completed last week, cost \$800 with the Jaycees building them and the chamber contributing toward the cost. Looking over their handiwork, from left, are Jaycees Robert Benton and Pete Wright, co-chairmen of the project; Wes Anthony, Chamber of Commerce president; and Rayphard Smithson, Jaycee president. The city's name is treated with Scotchlite for nighttime reflection.

# Saturday Is Youth Fair Day

Tomorrow's farmers and homemakers will display their products Saturday during the all-day Youth Fair in the Castro County Courthouse.

The annual fair will get underway at 10 a.m. in the assembly room, and entries are to be exhibited until 6 p.m. Only 4-H, FFA and FHA members are eligible to enter their wares.

A champion farmer and a champion gardener will be chosen during the fair.

To be eligible for the champion farmer award, which carries a \$750 cash prize, a youth must have at least five different entries in farm products.

In the champion gardener's contest, five different vegetable class entries are required. A \$750 cash prize will also be awarded to the champion gardener.

The two champions will be determined by a point system, with five points for each blue-ribbon entry, three points for each second-place entry and one point for each white-ribbon exhibit.

Competition will be in two divisions. Youths who will be 14 or older on Jan. 1 will compete in the senior division, and those 13 or under on Jan. 1 will be in the junior division.

Each exhibit must be the youth's own work, completed during the past year. No article can be exhibited for more than one premium.

In girls' competition, cash awards will be given for first, second and third place to both junior and senior girls in each division on the same point system — five points for first, three for second and one for third.

Exhibits will include all farm products, all vegetable products, fruits, baked goods, clothing, household linens and handwork, and canned fruits and vegetables.

Co-chairmen of the 1966 Youth Fair are David Acker and Mrs. James Proffitt. Committee members are Mickey Simpson, Arlie

Petty, Terry Huseman and Clyde Dameron, Jr.

Complete rules and regulations are available in the county agent's office.

Dimmitt and Hart got their first suspected cases of encephalitis this week, and a third possible new case has been reported from near Lazbuddie.

All three cases involve children. This week's reports brought the total of suspected cases in the county to five.

However, Dr. J. D. Blackburn, county health officer, said none of the cases has been confirmed as mosquito-borne encephalitis. He explained that it takes from three to six weeks to conduct the two required blood tests and get their results from the state laboratory in Austin.

Castro County's first two suspected cases were reported last week.

So far, Dr. Blackburn said, none of the suspected victims has been considered in mortal danger from the disease, although several have experienced two- to three-day crisis in the "borderline danger" area.

San Angelo Family Visits  
Mr. and Mrs. Harold Stephens had as their guests last weekend Mr. and Mrs. George Taylor of San Angelo. Taylor is manager of the San Angelo region of the Federal Land Bank of Houston.

# 78 Percent of the Class! Off They Go To College

A whopping 78 percent of Dimmitt High School's 1966 graduating class will enter colleges and universities in four states this month.

Nationally, less than 30 percent of high school grads go on to college.

Fifty new freshmen from Dimmitt will scatter to colleges and universities in Texas, Arkansas, New Mexico and Missouri. The Class of 1966 had 64 graduates.

West Texas State University will get the largest contingent, 17. Eleven will attend Texas Tech and five will enter East Texas State University.

The college-bound students, and the schools they will attend, are: West Texas State University —

Dennis Lytle, Penny Hays, Tommy Coleman, Janet Fryar, Kathy Graham, Joe James, Jackie Johnston, Kathy Leinen, Gary Moss, Dan and Jean Petty, Sherlon Petty, A. D. Schreck, Beth Sheffy, Connie Sheffy, Bruce Fuller and Pat Brown.

Texas Technological College — Sandra Bruegel, Bobby Ebeling, Eva Giles, Benny Hill, Victor Gene Hughes, Joe Lust, Jan Willis, Gary Winkle, Kristi Wesson, Donny Jackson and Dave Garza.

East Texas State University — Jacky Dunn, Terry Hill, Robby Lindsey, Jay Nelson and Evelyn Waggoner.

Wayland Baptist College — Nancy Axe, Molly Bradley.

McMurry College — Linda

Kuntz, Irene Thornton.

South Plains Junior College — Tony Young, Johnny Adams, Carla Ward.

Texas A&M University — Jack Flynt.

Baylor University — Ginger Kemp, Peggy Ott.

University of Arkansas — Johnnie Holcomb.

University of Missouri — Bob Bradford.

Lubbock Christian College — Johnna Hastings.

Abilene Christian College — Donna Summers.

Amarillo Junior College — Ida Nance.

New Mexico State University — Ken Campbell.

Western Republic Business College — Ann Scarborough.

Castro County's first two suspected cases were reported last week.

So far, Dr. Blackburn said, none of the suspected victims has been considered in mortal danger from the disease, although several have experienced two- to three-day crisis in the "borderline danger" area.

San Angelo Family Visits  
Mr. and Mrs. Harold Stephens had as their guests last weekend Mr. and Mrs. George Taylor of San Angelo. Taylor is manager of the San Angelo region of the Federal Land Bank of Houston.

DIMMITT'S BOBCATS will start the season here Friday night against the Muleshoe Mules of District 1-AAA. Probable starters in Coach Brown L. Smith's offensive line, from left, are right end Billie Glidewell, right tackle Larry Hobratchk, right guard Mike Bruegel, center John Howell,

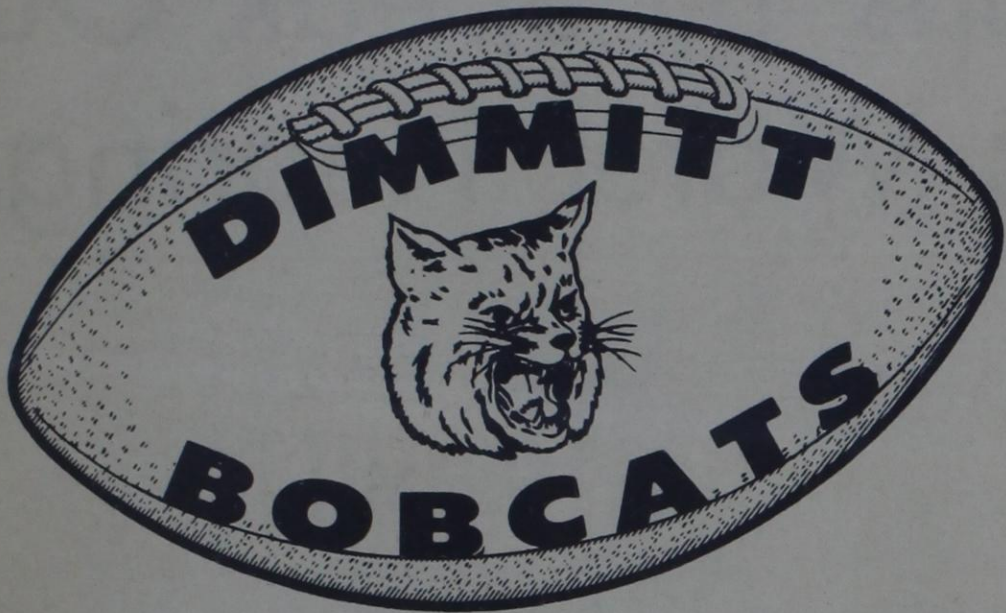

left guard Stanley Byrnes, left tackle Rodney Hutto and left end Don Moore. In the backfield will be quarterback Kent Lindsey, right halfback Tommy Stafford, fullback Joe Bob Sanders and left halfback Ronnie Hutton.

THE BOBCAT DEFENSE that will try to stop Muleshoe's Mules Friday night are, linemen from left: right end Billie Glidewell, right tackle Stanley Byrnes, right guard John Howell, left guard Mike Bruegel, left tackle Larry Hobratchk and left end Don Moore. Defensive backs, from

left: halfback Tommy Stafford, safety Kent Lindsey, linebacker Joe Bob Sanders, linebacker Baelba Goodwin and halfback Ronnie Kenmore. For a complete pre-game roundup of Dimmitt, Hart and Nazareth football, see the News's "Kickoff Page," Page 3.

# Bobcats To Open Against Mules Here Friday

PROBABLE OFFENSIVE starters for the Nazareth Swifts in their season opener against Friona B Saturday night are, linemen from left: right end Tommy Pohlmeier (co-captain), right tackle Dale Brockman, right guard Tommy Conrad, center Dean Wilhelm, left guard John Earl Backus,

left tackle Claude Annen and left end Douglas Wilhelm. Backs, from left, are right halfback Gerald Brockman (co-captain), fullback Jerry Aberant, quarterback Mark Gerber and left halfback Clyde Venhaus.

NAZARETH'S DEFENSE is patterned after the University of Arkansas "monster defense," with a five-man line backed up by two shifting linebackers and a roving "monster man." The defense has worked well for Coach Wayne Potter's District 1-B Swifts. Probable defensive starters against Friona B Saturday night will be, from left, half-

back Clyde Venhaus, end Douglas Wilhelm, safety Gerald Brockman, tackle Claude Annen, linebacker Bobby Schulte, "monster man" Tommy Pohlmeier, "nose man" Jerry Aberant, linebacker John Earl Backus, halfback Gene Dohmeier, tackle Tommy Conrad, and end Mark Gerber.

# Young Swifts Ready To Go

Coach Wayne Potter feels his Nazareth Swifts have their work cut out for them if they hope to equal or better last year's respectable 6-3 record. It all depends on how well his big crop of juniors comes along. They already have the desire he

gram. "We lost some fine boys last year — six starters — but the boys this year really like to play football," Potter said. He wasn't kidding. Thirty-two of Nazareth High's 45 boys are associated with the football pro-

Dimmitt's Bobcats and Muleshoe's Mules will lift the 1966 grid football Friday night with an interconference bout in Bobcat Stadium. Game time is 8 p.m.

For Coach Brown L. Smith's 3-AA Bobcats, the season opener will be the first phase of a crash program to improve last year's 1-9 record and end a long, long drought. They'll have a vengeance motive Friday night, too — last year the District 1-AAA Mules handed them a 20-6 defeat.

Coach Willie McAlpin's Mules aren't expected to be any great shakes in their own conference this year — by enrollment standards, they're barely in AAA and have to take on much bigger herds. But they're still the same Mules that ran roughshod last season over four AA teams.

The two lines are almost evenly matched, with the Bobcats' purple wall averaging 175 to the Mule line's 174. However, the Mules will field bigger backs, boasting a 170-pound average in the running department, compared with a 155½ average in the Bobcat backfield.

Muleshoe's team average is a fairly hefty 174 per man, while Dimmitt's is a close 168. Dimmitt's probable starting offense:

Quarterback — Kent Lindsey, 140-pound senior who has earned two letters at the pivot post. Left halfback — Ronnie Hutton, 143-pound junior up from the B squad, who's been doing such a good job of running that he's been tagged as a starter for his first varsity game. Right halfback — Tommy Stafford, a tall (6-0), slender (155) senior letterman who has been praised by his coaches as a "good worker" on both offense and defense.

Fullback — Big (6-1, 184) senior Joe Bob Sanders, a defensive starter last year who has been driving a big offensive wedge in the line in practice.

Left end — Senior Don Moore, 158-pounder who was one of the mainstays last year, both on offense and defense. He has earned two letters.

Left tackle — 6-2 senior Rodney Hutto, a light (166) but experienced tackle who's beginning his second year as an offensive starter. He's a two-year letterman.

Left guard — Senior Stanley Byrnes, another of the five experienced both-way men on the team. Byrnes, who scales only 145, was a starter on both offense and defense last year.

Center — Senior John Howell, a 6-2, 179-pound keystone man who also started both offensively and defensively last season. He has earned two letters.

Right guard — Hefty senior Mike Bruegel, a 6-1, 199-pounder, who was a defensive starter last year and has earned two letters.

Right tackle — Larry Hobarat-schik, big senior letterman who at 205 joins Bruegel to form the heaviest guard-tackle combination in the district.

Right end — Billie Glidewell, tallest man on the team at 6-3 and one of the heaviest at 184. With no experience since his freshman year, the tall senior has reported in three weeks ago and has fought his way to a starting berth.

If everything jells according to the coaches' prayers, the Bobcats could knock their opponents for a few surprise loops this season. The right, or "strong," side of their split-T line averages 197 pounds per man, and there's plenty of experience all along the forward wall to give the backs more bargaining power.

Coach Smith, in his second year here, hopes he's found the combination of players that will make his split-T work for a winning season. Other coaches in the district are casting nervous glances at the Bobcats this year, and have ranked them in the top four possibilities.

On defense, most of the starting field marshal Andy Stovall hurt an ankle two weeks ago in practice. Embrey is a 175-pound junior. Rounding out the big Mulebacks will be 185-pound senior Mickey Wilson at fullback, and halfbacks Rawson Jones, 170-pound senior, and Bobby Julian, 150-pound junior.

With 10 seniors and nine returnees on the starting lineup, the Bobcats will have an edge over the younger Mules in experience. The Muleshoe team's offense includes seven seniors and four juniors.

However, the Mules have a longer bench, with six of last year's offensive starters and five defensive returnees on their roster. If Coach McAlpin can find enough talent to fill in the graduation gaps, his platoon system could spell trouble for the double-duty Bobcats Friday night.

Probable starting quarterback for the Mules will be Johnny Embrey, a converted end who took over the pivot spot when senior

left tackle — Ronnie Kunz, 170-pound senior.

Left guard — Bruce Purdy, 170-pound senior.

Center — Terry Kendall, 185-pound senior.

Right guard — Mike Rajama, 170-pound junior.

Right tackle — Stan Johnson, 185-pound junior.

Right end — Paul Swint, 165-pound senior.

FLYING LOG-JAM AT MIDFIELD ... As Amherst tacklers wrestle down Hart runner in scrimmage

# Steers Face Silvertown Owls

The boys are a little green, but I think they're doing pretty well for as young as they are. That's Coach Don Ewing's pregame appraisal of his young Hart Longhorns, who will open their season Friday night at Silvertown. Kickoff time is 8 p.m.

Ewing is new at the helm, having come up from the junior high school coaching post — and he had to bring many of his youngsters with him to help fill out the varsity.

The 35-man Longhorn squad has only three seniors. Most are sophomores and freshmen, including four starters, and many are in the 100 to 130-pound category. The starting line-up's average weight is 143.

But the Steers can't go any way but up this season as they try to improve on last year's 0-10 record. The coaching staff is completely different with Ewing and Assistant Coaches Jim Rich and Ronald Shaw.

On the theory that there's strength in numbers, every youngster with shoes and pad — from freshman up — is considered a full-fledged member of Ewing's varsity squad.

The season opener against Silvertown will be a rugged test. Last year the Class A Owls downed the District 1-B Longhorns 44-12 in the '65 curtain-raiser.

Steering the team again this year will be little 104-pound sophomore quarterback Gary Rambo, who makes up in spark what he lacks in size. Other Longhorn backs on the probable starting offense are left halfback W. A. Hawkins, 125-pound junior; right halfback Bob Crick, 135-pound senior;

and fullback Danny Smith, 155-pound freshman. Expected to start in the line Friday night are right end George Bennett, 155-pound senior; right tackle David Allen Harris, 157-pound junior; right guard Andy Rogers, 150-pound freshman; center Gary Cole, 171-pound sophomore — the team's heaviest starter; left guard Paul Guzman, 123-pound junior; left tackle Tommy Gonzales, 170-pound junior; and left end Larry Parker, 130-pound senior.

Hawkins, Rambo, Parker, Guzman, Bennett and Harris were starters last year.

## SPORTS AFIELD

By Ted Kesting

Most agree, these days, that the ideal mountain rifle should weigh no more than about eight pounds complete; it should have a 4X (or variable) scope, and the barrel should not exceed 22 inches in length. The calibre should be a "flat-shooting" one — for the reason that if you misjudge range (easy to do) by as much as 50 yards or so, you'll still (all other things being equal) hit very close to where you aim.—Sports Afield.

For economical shooting sport on a summer trip, try jack-rabbits. When you have planned your trip, check with the game department of each state in jack territory. You will find some (Montana, for instance) where no license is required for pest shooting. Others have a special nonresident varmint license. Arizona's is \$5. A good trick, too, is to plan a summer trip to territory where you intend to hunt big game in the fall.—Sports Afield.

## LEGAL NOTICES

**CITATION BY PUBLICATION THE STATE OF TEXAS TO ANY SHERIFF OR CONSTABLE WITHIN THE STATE OF TEXAS:**

GREETINGS: You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least 28 days before the return date thereof, in a newspaper printed in Castro County, Texas, the accompanying citation of which the hereinbelow following is a true copy.

**CITATION BY PUBLICATION THE STATE OF TEXAS:**

TO: CHARLES PHILLIPS and WIRT PHILLIPS, if living, whose place of residence are unknown to Plaintiff, and if dead, the legal representatives of each of said defendants, and the unknown heirs of each of said named Defendants: The legal representatives of the unknown heirs of each of said named Defendants, if the unknown heirs of said named Defendants are dead; the unknown heirs of the unknown heirs of said named Defendants, if the unknown heirs of the unknown heirs of said named Defendants are dead; whose places of residence are unknown to Plaintiff; all of the said parties being Defendants in said cause and hereinafter called Defendants and respectfully represents to the Court; Defendants; GREETINGS:

You are hereby commanded to appear before the Honorable District Court of 69th Judicial District of Moore County, Texas, at the Courthouse thereof, in Dumas,

Texas, by filing a written answer at or before 10:00 o'clock a.m. on the first Monday next after the expiration of 42 days from the date of issuance of this citation, the same being the 10th day of October, A. D. 1966, to Plaintiff's Petition filed in said Court, on the 25th day of August, A. D. 1966, in this Cause No. 4674, on the docket of said Court and styled Municipal Assessment Co. Vs. Charles Phillips and Wirt Phillips, et al.

A brief statement of the suit is as follows, to-wit:

That heretofore, to-wit on or about the 21st day of September 1964, the City of Dimmitt, Texas, did make, execute and issue and deliver to Plaintiff as assignee of Louie Squier, a certain assignable certificate of special assessment, dated the 21st day of September, 1964 and being Certificate No. 95, in the amount of \$274.50 on the property in the City of Dimmitt, Castro County, Texas, described as Lot Two (2), Block 120, Unit Six (6), Original Town of Dimmitt, Castro County, Texas.

It is alleged that such amount due plus interest, penalty and collection costs and attorney's fees are alleged to be a first and paramount lien on said property and a personal liability against the above named persons or other true and lawful owners of the property whether correctly named in said certificate or not. That said certificate provides that it is payable in four equal or nearly equal as possible installments. It is alleged that at least two of the installments are now past due and that by virtue thereof the Plaintiff has exercised its option as provided in the assessment certificate and declared the entire amount of said certificate to be due and payable in the total principal sum of \$274.50 plus it is alleged that Plaintiff is entitled to the sum of \$250.00 attorney's fees and the sum of \$50.00 collection costs and the sum of \$500.00 as damages and other costs.

It is further requested that the owners of the property and the Defendants be cited to appear and answer and that judgment issue for the personal liability thereof and that foreclosure be granted on the lien on the above described property and that the same be sold as under execution and applied to the Plaintiff's debt, principal, interest, attorney's fees and costs of collection and costs of suit.

As is more fully shown by Plaintiff's Petition in said suit. If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

The officer executing this writ shall properly serve the same according to the requirements of law and the mandates hereof, and make due return as the law directs.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT at Dumas, Texas, this the 26th day of August, A. D. 1966.

Hazel Halle  
Clerk, District Court, Moore County, Texas, 69th Judicial District.

## Bible Thoughts

"PARENTS! DO YOUR DUTY"

By Ronnie Parker

Every parent in town is busy just now because school is beginning and preparations have to be made. Our children need clothing, school supplies, and a host of "things." We willingly supply these needs for we know them to be necessary. Their education is important and we take special care to see that our children take advantage of attending our fine schools. But parents, we can not be satisfied when we have fulfilled the responsibilities of "getting them off to school." There are many other responsibilities but none greater than spiritual training and guidance. The greatest and most lasting training a child can have comes through the influence of the home and parents. Your duty as parents is stated, "train up a child in the way he should go, and when he is old, he will not depart from it." (Prov. 22:6). Paul teaches, "And ye fathers, provoke not your children to wrath; but bring them up in the nurture and admonition of the Lord" (Eph. 6:4). You cannot give your children the spiritual training they need without teaching them God's word.

If parents were as interested in their children's spiritual training as in their secular training and material welfare, our world would be different. What about your children! Do you teach them the word of God? Will they be in Bible class Sunday?

# An investment in Your Future

# ATTEND CHURCH

Going away to

# SCHOOL

At this time of the year, all over our nation, boys and girls are leaving home to attend the school of their choice. Many, for the first time in their lives, will be away from home and their home church. They should be encouraged to, immediately, seek a church nearby where they may continue to worship the Lord, and have the companionship of friends with similar outlooks on life and God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**Sen. John Tower**

**Who Would Benefit From 'Gun Law'?**

BY SEN. JOHN TOWER (R-TEXAS)  
No well-meaning person could fail to have been moved by the tragedy which took place several weeks ago in the capitol city of our state. People over the entire nation were shocked and deeply saddened by the terrible misfortune in Austin, and many persons were spurred by the incident to consideration of ways to try to stay a repetition of the tragedy.

there is danger that in our very worthy desire to avoid a repetition of this and other criminal tragedies we will strike not at the root and cause of the calamity but at a single secondary attribute: the weapon involved. It has been truly said that guns do not kill people, criminals do. We all are aware of the serious problem of the increase in violent crimes in the United States. I am sure that every one of us has at one time or another been troubled by current crime statistics and

that we each have sought an answer to the problem of mounting violence. But, I submit that the long-run solution to the problem lies in increased assistance to and improved facilities for law enforcement officers; in objective, effective programs of research into the nature of mental health; and of identification of mental diseases, especially criminally-oriented disorders and of possible treatments. I do not believe in legislation which would, in effect, punish

those law-abiding members of our society who want to purchase, own and use guns for sport. Their actions are blameless. It is unfair and it is folly to deny them their rights to purchase and use firearms. If we are to pass federal legislation aimed at curtailing the distribution of firearms, I could support specific legislation aimed at keeping firearms from the possession of felons and minors. I think this is as far as we can justifiably go in this direction at

the federal level. I oppose all proposed legislation which would impede the sale and distribution of firearms for sporting purposes. I believe the states are better judges of their requirements than the federal government. Americans have a constitutional guarantee which we must fully observe in considering this legislation. I will not support, and I hope the Senate does not s fit to enact, legislation which would

**Narrow Row Cotton Experiment Yields More Bales, Cuts Cost**

Cotton yields have been upped and production costs lowered by planting in narrow, seven-inch rows. The narrow-row experiments are being carried out at Texas A&M University's South Plains Research and Extension Center near Lubbock. Cotton production in narrow 7-in. rows had been investigated for several years on Texas' southern

High Plains. Yields have been slightly higher in narrow rows, compared with standard 40-inch rows, and costs have been cut as much as 27 percent. The system was described by Dr. L. L. Ray, A&M agronomist at the Lubbock center and a speaker at the annual meeting of the American Society of Agronomy last week at Oklahoma State University. Dr. Ray's co-worker on the project is E. B. Hudspeth, agricultural engineer

at the Research and Extension Center. With high populations of 200,000 plants or more per acre, leaf area increases rapidly and rate of fruit set is very high, the agronomist explained. Seasonal requirement for crop production has been reduced by about 30 days, and exposure of open bolls to weather has been lowered as much as 50 days. Dr. Ray noted there are significant variety and row spacing relationships. Early varieties with small leaves growing more upright seem best adapted to narrow rows. Strains of cotton developed for narrow row production are being tested.

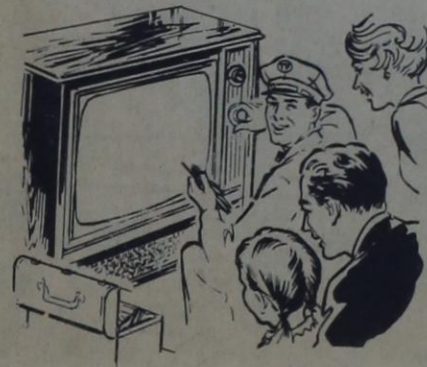

**SOMETHING MISSING ON YOUR TV SET?**

**There is if you're not on the Cable!!**

Businessmen Honor Teachers With Coffee Party and Gifts

BY MYRTLE SHEFFY 647-2533

Wednesday afternoon was teachers' day at the First State Bank's hospitality room when a group of merchants hosted a get-acquainted coffee for 115 people. Teachers from Nazareth and Dimmitt and members of the school board came. "Great Treasures" was the theme: fine old books, the Bible, the Constitution and many others — were on display. Dips, sandwiches, coffee and a beautiful watermelon basket full of fruit were served by Emily Cling-smith, Mary Alice Di Cuffa, Paula Harman, Oleta Golden, Marilyn Carver, Betty Brockett, Georgia Wall and Helen McLean.

A briefcase full of gifts was presented the teachers by: The Bank, Harmans, Dimmitt Super Market, Higginbotham-Bartlett, Carver Drug, Family Mart, Brockett Ford and Frazier Jewelry. Managers of the stores were there. We all welcome our teachers. They are great treasures too, Helen says.

The town's clubs are getting started in a new year's work.

The Milady Garden Club met at the Bank's room with a tea Tuesday afternoon. Rita Welch and Sue Boozer were hostesses. The Book Club will meet at the Bank Wednesday afternoon on Sept. 14.

The Dimmitt Garden Club will start Sept. 20, Tues. — with a lunch at the Hickory Lodge Cafe in Hereford and a tour of a house and garden in the Mexican manner. Mrs. Jay Lee Touchstone and Mrs. Sid Sheffy as hostesses.

The different bridge clubs are starting again this week. There are at least eight clubs. We do stay busy — — —

Mr and Mrs. Joe Butler and Butch are home here from the cherry place in Montana They and the G. L. Willis went to Ruidoso for the week end.

The Bill Reisdorfs and the others are home from Montana also. John and Flo Nichols are among the hundreds who went to Ruidoso for the weekend. Their boys, Tommy and Jack have gone back to school.

Visiting in the home of Mr. and Mrs. George Bradford last week were: Jack Dimon of Dallas, Mrs. Marvin Armstrong, Misses Ophie and Effie Stewart of Walters, Okla., and Mrs. Sam Lockmiller and daughter, Marjorie of Clovis, N. M. Also visiting in the Bradford home this week is Mrs. Roy Jones and Mrs. Beck of Amarillo.

The Baptist Youth Group went to the Canyon Palo Duro Amphitheater Saturday night to see "Texas". Their sponsors were Rev and Mrs. Frank Pollard, the Bob Mooneys, Jimmy Rosses, Vaden Kirbys, Stanley Schaeffers, Norma Conard and Betty Griffing.

Mrs. Maria Bock Ferguson of Earth and Hot Springs, N. M. visited her friend Mrs. P. L. Cunningham Friday.

Bobby Martin, ten year old son of the Johnny Martins of near Flagg is in the Hereford Hospital recuperating from bad burns on one leg. He put gasoline in his lawn mower without killing the motor. He has had to have skin grafted on the leg. Heywood Smith has been to see him. They are longtime friends.

Ray Pool and son, Mac have been to visit Ray's parents Mr. and Mrs. Pool near Duke, Okla. Mac went on to Fort Worth, where he is in school.

Helen Richardson, Pearl Sheffy, Faun Welker and Maurine Bice spent the week end at the Richardson cabin in Ruidoso. They took food, plan to rest, hike and get in a little bridge.

Myrna and Jack Cowsert went up to Durango, Colo. where they will meet son Jim, who has been with the Forestry Service in Oregon all summer. He will go back to school in Colo. Myrna's sister, Eleanor and her husband will also meet the group there.

Kent and Carol Hance of Austin are in Colorado Springs and other places for a hort vacation. Their son Ron is visiting his grandparents, the Raymond Hances and the Charlie Hays.

Mr. and Mrs. Lowell Cook of Elisbeth, Colo. were Tuesday guests of friends, Mr. and Mrs. W. E. Thornton.

G. C. Brockett and Bob Sheffy were in Okla. City for a showing of the new Ford cars.

Mr. and Mrs. Bruce Wiggins and boys spent a few days in Colo. Bruce is with Brockett Ford.

Allan Webb and Bob McLean flew off to Missouri to take Robert McLean to school at Kemper Military Academy. Dennis Lytle went along for the ride.

Mrs. Ruth Wilson was hostess to a few friends Thurs. afternoon for homemade ice cream and

cake. Bridge was played by Mesdames Winnie Cunningham, Opal Bearden, Myrtle Sheffy, Josie Bradford, Ann Singer, Beaula Wright, Cletha George and Gladys Cleavenger.

Bobbie and Bill Kellar, Allene and Raymond Nixon were Ruidoso visitors over the weekend. They camped out in that nice park, by the road under the big pines.

Mrs. Catoe took her daughter Patty to Dallas where they spent the week end seeing the Big Town, then on to Big Sandy where Patty will attend college. They were accompanied by Mrs. Cathrene Peoples of Friona.

Mr. and Mrs. Jim Cleavenger, sons Jimmy and Tom visited her mother, Mrs. Garland Lewis in Sweetwater last weekend. Ina's sister, Mrs. Glen Daniel of Fort Worth and her new adopted baby were there for this get together.

We saw, Mrs. Annie Reynolds, who was here for the Umberson Memorial service. She told us about her planned trip to Hawaii to visit daughter, Natalie. Her husband is commander in the Navy. The oldest daughter, Nell is married to a doctor in North Carolina. Her twin girls Anita and Juanita live in Lubbock.

Mrs. Christine Harris of Lubbock was here for Sunday church service and visited Mrs. Umberson.

Mr. and Mrs. Fred Kuntz went to Abilene to take Linda where she will enroll at McMurry College. Charles and Rickey stayed with grandparents, Wes and Alice Anthony.

Mr. and Mrs. Homer Nisbett of Lubbock were Sunday guests of their daughter, Pat and Bob Anthony at their farm home near Big Square.

Mr. and Mrs. Vern Lust left here last week for Oregon where they are visiting a brother, Loyal Lust and family.

Mr. and Mrs. James Bradford flew son Bob to Columbia, Mo. where he will attend the University this winter. They went Sunday.

Mr. and Mrs. Dewey Wright, Mrs. Etta Brashears, Mr. and Mrs. Edwin Ramey and Mr. and Mrs. Edgar Ramey attended the funeral of Mrs. H. S. Hilburn at the St. Lukes' Episcopal Church, Friday. Hilburn was editor of the Plainview Herald. His first wife was the former Ora Ramey.

Mr. and Mrs. Leon Crum and boy of Waco and Mr. and Mrs. Lowell Neumayer of Tucumcari and the Milton Bagwells of Dimmitt have been guests of the Dee Neumayers this week. The Crums visited their parents Mr. and Mrs. Buck Crum.

Duck Boswell called the Ramseys to say that Mr. W. G. Baxter of Uvalde died Sunday at the age of 94. Mrs. Baxter died in August. They are former Dimmitt folks.

Mrs. Leonard White came by Wednesday to visit Maggie Boren on her way home. She has been sponsor of a Boys Camp in Montana for the past three summers and is now matron at some college in East Texas. (We forget where) Mr. and Mrs. White lived here several years ago.

Mrs. Jack Miller (Myrna) was in Amarillo at Northwest Texas Hospital for minor surgery on Tuesday.

Guests of the Horace Carliles this weekend were both's nephews and nieces who are: Mr. and Mrs. Robert Fillimon, Glenda and Ricky, and Glenda's friend Joe De Santis of Longmont, Colo., Mr. and Mrs. Gerald McHaney and son Rex of Odessa, Alvin Durham and daughter Wanda of Roaring Springs, Johnny Durham and son Stacy of Lubbock, Mrs. James Patton of Amarillo, Mr. and Mrs. Jimmy Patton and daughters, Jack and Clara Patton and sons, Rodney, Jim, Tim and Vera.

Mrs. Kathryn Weinaug of Lawrence, Kan. whose husband is Dr. Weinaug of the University there has been here this week visiting her sister Mrs. Kent Birdwell and family and their friends the J. D. Husstedlers of Lubbock were here Friday. They all went to Palo Duro Canyon to see "Texas" the historical pageant.

Dr. Mayes Miller is at Plains Memorial Hospital, where he is recovering from a broken hip, he suffered from a fall at his home recently. He underwent surgery at Northwest Texas Hospital in Amarillo. Why don't you call on him or send a card?

A group of young people attended Camp Blue Haven, a Church of Christ Camp near Las Vegas, N.M. recently. Going were: Teena Proffitt, Barton Proffitt, Steve King, Andy Murphy, Janet McLa'n, Vicki Carpenter, Becky Carpenter, Janet Wylie, Julia Hotel, Marla Mayfield, Beverly Henley and Dawn Parker.

Mr. and Mrs. C. L. (shorty) Barlow and Christi and Claude Richard spent the weekend in Wichita Falls visiting her parents. Mr. and Mrs. Rex Sheffy and Dricilla attended the wedding Saturday evening of her niece Bettye Joyce Green to James Fowler in Littlefield. The Crescent Drive Church of Christ was the scene of the wedding with Bob Wear officiating.

## Week-Long Revival Set Sept. 18-25 at Baptist Church

BY TEENY BOWDEN 846-2264

A revival will be held Sept. 18 to 25 in Sunnyside Baptist Church. Rev. Brantley of Plainview will be the speaker and Johnny Burnett of Dimmitt will lead the singing. Prayer meetings are being held at the church nightly through Friday, conducted by the organizational leaders.

Mr. and Mrs. Weldon Bradley visited in Tucumcari last Friday night with his parents, Mr. and Mrs. Gordon Bradley.

Rev. and Mrs. H. B. Harris and family of Weatherford visited Friday night through Sunday last week with Mr. and Mrs. Weldon Bradley and family. Garner and Lee took Ruth Ann to Wayland Sunday afternoon.

Mr. and Mrs. Cecil Curtis and Debbie returned home from a vacation in Colorado last Thursday.

Rev. and Mrs. M. D. Durham Rock, Arizona last Thursday afternoon.

Mrs. E. R. Sadler attended the funeral services for Mr. Sidney Parks in Dimmitt last Wednesday morning.

Mrs. L. B. Bowden was admitted to St. Anthony's Hospital in Amarillo last Monday for tests.

L. B. Bowden visited with Mr. and Mrs. V. H. McRee of Amarillo last Thursday. He also visited with Mrs. Bowden in the hospital.

L. B. Bowden visited in Canyon last Wednesday afternoon and again last Saturday afternoon, with Mr. and Mrs. Ben Loudder and Lucy Jo.

Mrs. Milburn Haydon taught the first class of the mission study book, "Great is the Company" to the WMS last Wednesday night.

Bill Morgan had charge of the Prayer Meeting service last Wednesday night in the absence of the pastor. His subject was Evangelism.

Debbie Curtis, Steve Jackson, Debbie Morgan, Jimmy and Johnnie Alair received their Wolverine Band uniforms last week and began rehearsals.

Mrs. Cecil Curtis spent last Saturday and Sunday with her father, E. M. Stephens who has been in the hospital and with other members of her family, at his home in Petersburg.

Rev. M. D. Durham attended a Moderator's Conference in Amarillo last Friday, and visited during the noon hour in St. Anthony's Hospital with Mr and Mrs L. B. Bowden.

Mr. and Mrs. E. R. Sadler were in Lubbock last Thursday through Sunday working on their duplex getting it ready for rental. They also worked on it some this week.

Mr. and Mrs. Irving King took Mrs. Billie King and children to their home in Monument, N. M. last Wednesday and returned home last Friday.

James Newberry stepped on a nail last week and had to have a tetanus shot.

Mrs. J. K. Boyd of Ralls visited last week and this week with her son, Mr. and Mrs. Troy Jones and Mrs. Wanda Newberry and James.

Mr. and Mrs. Ernest Burson of Dallas visited last Sat. through this Fri. with her brother, Rev. and Mrs. M. D. Durham.

Mr. and Mrs. Raymond Lilley visited with Mr. and Mrs. Raymond Lewis and family of Olton last Wednesday.

Mr. and Mrs. F. D. Rogers of Big Springs visited last Saturday with Mr. and Mrs. Raymond Lilley and Donnie.

Mr. and Mrs. Roy Phelan and Mr. and Mrs. Lloyd Morris of Tullia attended the pageant "Texas" in the Palo Duro Amphitheater last Friday night.

Leslie Loudder and Ezell Sadler visited with relatives at Breckenridge Tuesday and Wednesday. Sandy stayed with Mr. and Mrs. W. E. Loudder.

Mr. and Mrs. Winston Waggoner and Quint attended the Dimmitt High School class of '56 reunion in Dimmitt Aug. 27. Winston was named as the ex-student with the most receding hairline.

Jerry Townsend participated in the Earth Junior Rodeo recently placing second in the Tie-Down calf roping event.

Mr. and Mrs. Ezell Sadler visited in St. Anthony's Hospital in Amarillo Sunday with Mr. and Mrs. L. B. Bowden and Mr. and Mrs. V. H. McRee who were visiting the Bowdens. They also visited in Northwest Texas Hospital with Freddie Lilley and a cousin Richman Hale. They visited on the way home in Canyon with Mr. and Mrs. Ben Loudder and Lucy Jo and in Hereford with Mr. and Mrs. Jake King and children.

Mr. and Mrs. Raymond Lilley were back in church Sunday for the first time since her recent illness.

Rev. M. D. Durham and Alford Crisp attended Worker's Confer-

ence in Earth Monday night. Mrs. L. B. Bowden was dismissed from St. Anthony's Hospital in Amarillo Tuesday. They visited in Northwest Texas Hospital with a cousin and in Canyon with Mrs. Ben Loudder and daughters on the way home. Mr. Bowden visited in Northwest Texas Hospital last Saturday with Freddy Lilley and Elbert Summers of Dimmitt.

Mrs. Carl Bradley gave a going away party for Molly Bradley Tuesday. Those present were Beth Sheffy, Ginger Kemp, Peggy Ott, Johnna Hastings, all of Dimmitt and Martha Coffey of Farwell. She will enroll at Wayland College in the near future.

Mrs. Johnny Crozier visited in Melrose Tuesday with her family.

Mrs. Vernon Scott and boys of Farwell visited Tuesday with Mr. and Mrs. Weldon Bradley and children. Johnny stayed to visit a few days.

Rain for the week was varied, but over three inches was recorded in the north part of the community. 8 1/2 inches was recorded for the month in the north part of the community.

Mrs. Milton Ott was dismissed from Deaf Smith County Hospital in Hereford last Tuesday and stayed in Hereford with the Bill Ott family until last Friday when she came home.

Mrs. James Powell and children spent the last part of the week with Mr. and Mrs. Ezell Sadler while Mr. Powell is in Dallas on a business trip.

Mrs. J. Paul Waggoner taught the second class of the mission study book "Great is the Company" to the WMS Wednesday night.

Mr. and Mrs. Milburn Haydon left Thursday morning for a few days vacation in Weatherford visiting his parents, Mr. and Mrs. Raymond Haydon and other relatives.

Mrs. Alton Loudder visited in Littlefield Friday with Mrs. Lowell Westmoreland and children. Lori came home with her to spend the Labor Day week end.

Rev. James Lunsford, missionary to Brazil, home on furlough will be the guest speaker at the church Oct. 16 for both services.

**15 Billion Meals A Year**  
The food service industry consists of about 550,000 restaurants and other away-from-home feeding establishments. Over 15 billion meals are served every year by these establishments.

The honor for creating the first "businessmen's lunch" apparently belongs to a chap named Segius Locates a Roman innkeeper in 40 B. C. He devised the feature for ship brokers who were too busy to go home.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday. Practice every Thursday. Bruce Woodell, Worshipful Master, Ira E. Brown, Secretary. Visitors Welcome.

**Visits Rayburn Library**  
Harley Dyer of Dimmitt was a recent visitor at the Sam Rayburn Library in Bonham, where he saw books, papers and historical mementos collected by the late Speaker of the House during his more than 50 years in Congress.

**Mrs. Dodd Visits In Okla.**  
Leta and Jean visited her daughter and family, Mr. and Mrs. Jim Parmer and family at Boise City, Okla. last weekend. They also visited Mr. and Mrs. Dwight Coventry in Amarillo.

## Jones Receives Degree in Law

Jerry Wayne Jones of Dimmitt received his bachelor of law degree from Baylor University this week at the close of the summer session.  
The law school graduate is the son of Mrs. Fred Jones, 207 NW Eighth St.  
Baylor conferred academic degrees on 336 students at the end of the summer session, and also presented an honorary doctor of laws degree to Grady St. Clair, a Baylor graduate who is now president of Del Mar College in Corpus Christi. St. Clair was honored for more than 40 years of service to education.

**Move to Dimmitt**  
Mr. and Mrs. B Kitchens moved to Dimmitt last week from Fredrick, Okla. Mr. Kitchens has employment with the new Dimmitt Feed Lot.

## Jones Family Holds Reunion

A Jones family reunion was held Aug. 28 at the Woodrow Jones home.  
Attending were Mr. and Mrs. Jimmy Jones of Costa Mesa, Calif who left Tuesday to return home, Mr. and Mrs. Vic Stewart and sons of Lubbock, Mr. and Mrs. Monte Vaughn and daughter of Hereford, and Mr. and Mrs. Bobby Cagle of Dimmitt.  
Also visiting the Jones family were Mr. and Mrs. Ray Smith and daughter of Dalhart and Mr. and Mrs. David Patterson and family of Dimmitt.

## City Churches Will Conduct Special Census Sunday

If your family won't be home Sunday, please clip the card above, fill in the blanks and leave it in your mailbox or front door to be picked up.

That's the request of Dimmitt's ministers, who will conduct a complete religious census of the city Sunday afternoon.

All churches are cooperating in the census, which has the backing of the Castro County Ministerial Association.

Rev. Weldon McCormick, association president, said a new religious census is needed "because it has been about three years since one was taken, and because of the steady growth of our city during that time."

He urged all Dimmitt families to cooperate in the census.

Rev. McCormick emphasized that Sunday's census will cover only the city of Dimmitt proper, and that other communities and rural areas will be covered in a later census.

### Returns to Dallas

Miss Sharon Maynard returned to Dallas Monday after spending the holidays with her parents, Mr. and Mrs. Sam Maynard.

### Denton Visitors

Mr. and Mrs. J. C. Burch of Denton were in Dimmitt on business recently. They also visited with aunts, Mrs. Stella Burch, Mrs. Fannie Shive and Mrs. Matie Turner.

### Couple Plan January Wedding

Mr. and Mrs. R. H. Matzinger of Denton have announced the engagement of their daughter, Judy, to Kenneth Odom of Dimmitt.

A Jan. 28 wedding in Dimmitt's First Baptist Church is planned.

Odom, the son of Mr. and Mrs. M. B. Odom, is in the US Army and is stationed at Halloman Air Force Base, Alamogordo, N. M.

Miss Matzinger is employed by C. R. Anthony Co. in Dimmitt.

### Art Gallery Perspective

BY ALICE COWEN

A plea to all interested in what the Art Gallery means to Dimmitt and Castro County — your membership in the Art Guild is badly needed.

The Gallery has its financial problems. The Art Guild can help greatly with money taken in by dues if enough will join. It is probably true that some who might join feel they have no time for the responsibilities incurred by membership in another organization. Let this be made clear: your support is needed whether or not you want to be active in the organization. It is evident that many are interested in what the Gallery is doing by the attendance and sales at the exhibits.

The Gallery would make an excellent place for a workshop type meeting — flower arranging, or tole or China painting. Perhaps there are organizations in town needing a place for some type of creative activity, and it would help the Gallery if it could be used for such purposes. Furthermore, the Gallery will make arrangements for craft classes or others if the needs or desires are made known.

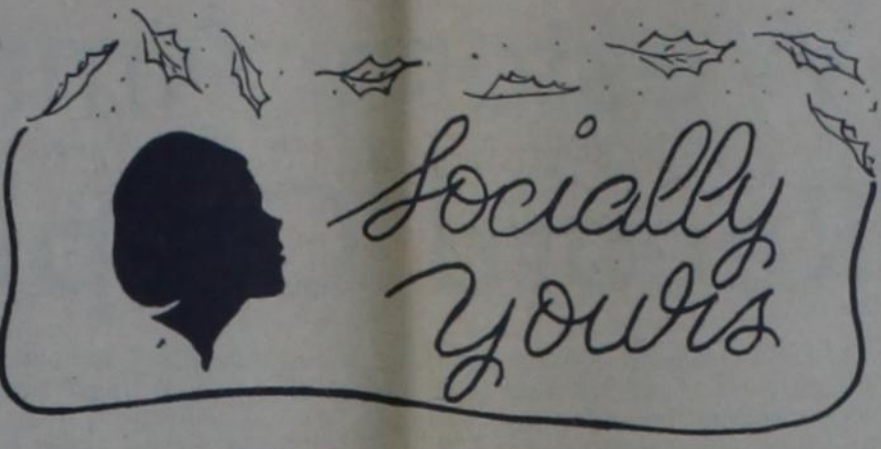

A tole painting class is now in the process of organization. Monica Stedham and Louise Shaw of Amarillo are planning to be at the Gallery Tuesday, Sept. 13, to make plans and possibly to offer a demonstration. Those interested should be there or call Eddie Lee Smith.

Lecna Turner is conducting a weekly class in portrait painting on Tuesday nights and is doing a commissioned portrait each Tuesday afternoon. Last Tuesday for the first lesson the students did a portrait in values using only raw umber and white. Nina Simpson sat as model for the study.

There are three openings left for portraits on Tuesday afternoons during the time Mrs. Turner will be conducting the classes. Any one interested should call Eddie Lee Smith or Helen Braafladt.

### Visiting in Junction

Mr. and Mrs. Earl Brock are visiting her sister and family at Junction this week.

MRS. MICHAEL RODNEY CALVERT  
Formerly Mary Raynell Lee of Lake Jackson

## ACC Students Wed In Saturday Rites

Marriage vows were exchanged by Mary Raynell Lee of Lake Jackson and Michael Rodney Calvert of Dimmitt, Saturday at 8 o'clock. Parents are Mr. and Mrs. Grady C. Lee, Lake Jackson, and Mr. and Mrs. Carlos Calvert of Dimmitt.

The double ring ceremony was performed in Lake Jackson Church of Christ with the minister, Clifton Rogers, officiating. Decorations included tall candelabra bearing white tapers, baskets of greenery and English ivy. Soloist was Rose Ann Reynolds, who sang "I Pledge My Love."

The bride, given in marriage by her father, wore a wedding gown of silk organza over peau de soie, fashioned with an empire bodice of re-embroidered Alencon lace encrusted with seed pearls. The train was attached at the bodice and was appliqued with lace. The elbow length veil was attached to a cluster of peau de soie rosebuds. She carried a cascade bouquet of white roses and English ivy.

Matron of honor was Mrs. Charles Mickey of Abilene, who wore a gown of white organza over yellow peau de soie, fashioned with an empire bodice. Her headdress was a cluster of yellow rosebuds with a short veil and her bouquet was of yellow gladioli with English ivy.

Bridesmaids were Mrs. James Lee, sister-in-law of the bride; Mrs. Don Flynt, sister of the groom; Mrs. Bill Edmiston of Lake Jackson; and Carole Cayce of Houston. Their attire was identical to that of the matron of honor.

Candle lighters were Gregg Calvert of Dimmitt, brother of the groom, and Robin Winstead of Lake Jackson. Groomsman were Billie Pugh of Houston, Charles Kelly of Hereford, Ronnie Campbell of San Antonio and Jim Killingsworth of Dimmitt. Serving as ushers were James Lee, brother of the bride; Clint Summers of Dimmitt, Don Flynt, brother-in-law of the groom, and Gary Campbell of Waco.

A reception was held immediately following the ceremony in Jasmine Hall. The bride's table was decorated with yellow gladioli, English ivy and yellow candles, and was centered with a silver punch bowl and columned cake. The groom's table held a double ring chocolate cake and silver coffee service.

Members of the house party were Kay Surber of San Antonio, Mary Dodd of Houston, Judy Jackson and Janet Cutshall of Lake Jackson, Mrs. Jim Kay of Waxahachie, Mrs. Cullen Davis of Abilene and Ann Massey of Abilene.

For traveling, the bride wore a blue silk suit with winter white lizard accessories. Her corsage was of white roses.

Mrs. Lee is a member of Delta Theta, social sorority, and her husband is a member of Galaxy Club. The couple will make their home in Abilene, where both are seniors at Abilene Christian College.

For her daughter's wedding, the bride's mother wore a powder blue jacket dress with lace dress

## H-D NOTES

By Irene Albrecht  
County Home Demonstration Agent

Last week Mr. Hottel and I were at College Station. It was our bi-annual State Extension Staff Conference. We got new ideas in a series of our workshops. These were Measurable Programs, Youth Development, Planning and Preparing for Meetings, and Communication. The highlight speaker was Governor John Connally on Tuesday. At the banquet on Thursday night the Federal Extension Service Director, Dr. Lloyd Davis was the speaker. The meeting closed Friday at noon. And again it is good to be back.

September is better breakfast month. With school just starting why not be sure your children get an adequate breakfast? Sausage is a good breakfast meat. Here are some tips about sausage selection.

With more than 200 varieties of sausage on the market, many homemakers pass up these delicious meats because they don't know which ones to choose or how to serve them. But you can find help in making your choice right on the label of the sausage itself.

And, your key to assurance that the label is accurate is the mark of federal inspection. It is put only on sausage that has passed the exacting tests of US Department of Agriculture inspection designed especially for your protection.

The average American homemaker is familiar with only eight or ten varieties of sausage. Yet, Americans actually can enjoy more varieties of sausage than any other nationality, principally because we have inherited the tastiest recipes from each group of immigrants who settled here.

Our mixed ancestry accounts for the often exotic names by which these meats are known. Even the common ones like frankfurter, bologna, goteborg, and salami still carry the name of the city or region from which they originated.

Fresh sausage and uncooked smoked sausage are the most perishable of all the sausage products. Fresh sausage is made of meat which has not been cured or smoked. It should be refrigerated and used within 2 to 4 days after purchase, or it may begin to turn rancid.

Uncooked smoked sausage is made from either fresh or cured meat which has been smoked but not cooked. It can be stored under refrigeration for up to one week before using.

In considering various types of sausage, remember that the terms "cooked," "smoked," and "cured" are not synonymous — each is a different process designed for a specific purpose.

Expert wurstmachers — sausage makers — say fresh sausage should be seasoned delicately with a view toward enhancing the natural meat flavor.

As with other types of sausage, the actual formulas for these two varieties vary among sausage makers each of whom attempts to produce the style preferred by his customers. Seasonings, fineness of meat grind, blending of various meats, and the processing procedures all affect the flavors

WHERE THE GIRLS ARE this fall, you'll find the "poor-boy" look. Dimmitt's dress shops report that poor-boy sweaters are the most popular items among DHS and college girls right now. In this design by Lili of Irvington Place, the wide wale cotton corduroy skirt in brown or navy is hitched to a ribbed poor-boy top of bright orange cotton knit. Completing the ensemble is a hip-riding belt striped in all three colors.

### Rebekahs Change Meeting Nights

Dimmitt Rebekah Lodge has changed its regular meeting night to Mondays. The lodge will meet every Monday at 7:30 p.m. at the lodge hall, instead of Thursdays as in the past.

Walter Rogers

## Congressman Urges Anti-Dropout Campaign

BY WALTER ROGERS, M.C. Texas 18th District

Dear Fellow Texan:

About this time every year countless young Americans make a decision that is likely to haunt them the rest of their lives. They decide not to return to school and jeopardize their futures in an age in which education is a vital prerequisite to success.

If you know of young people who, because of summer jobs that paid well, are considering staying on the job rather than returning

to school — please urge them to think of the long-range future rather than short-range gains.

It is estimated that this year nearly one million young Americans will drop out of school unless they can be convinced of the advantage to themselves and their country of completing their education.

In addition to having the hardest time finding employment, the school dropout is more likely to become trapped in a routine, low-paying job. Last hired, first fired is too often the economic tragedy that besets school dropouts.

Throughout the nation, businessmen, trade associations and chambers of commerce, educators, churches, labor organizations and private citizens are working in active 'Stay-in-School' campaigns.

In this day of technology, it is startling to see the statistics: In October, 1965, more than 10 million youths in the 16-to-24 age bracket were out of school and in the labor force — and more than three million lacked high school diplomas. One estimate is that by 1975, there will be some 32 million adults in the labor force who did not finish high school.

Yet, in his lifetime, a high school graduate can expect to earn almost twice as much as the person who quit school before finishing the eighth grade. Graduates earn almost 20 percent more than non-graduates with but one to three years of high school. So, the argument to persuade youngsters to finish high school can be put in dollars-and-cents terms.

The rapid growth of the econ-

omy has created serious short-technical career fields. At the same time, the need for unskilled workers has declined. Huge numbers of youngsters are dropping out of school before they get enough education to meet employers' hiring standards for anything but unskilled work. High school drop-outs had a rate of unemployment twice that of young people their own age who had gone on to finish school.

There was a day when a person could drop out of school, readily find a job, and go on to attain marked success in his chosen field. All of us can think of examples of men who, in our own communities, have not been handicapped by the lack of formal education.

But a new age has come; today's requirements in business and industry are for trained men and women, for persons with proper preparation for the work ahead.

The young person who has dropped out of school may have the will to succeed, the native intelligence to do well, but his lack of a diploma — in competition with those who have finished school — prevents him from finding the opportunities he'd like.

In the competition for jobs, the drop-out is the loser.

The country is the loser, too. The United States needs all the trained people our educational system can produce.

Support "Stay-in-School" campaigns in Castro County, not only for the good of the young people affected but also for your country's benefit in the future.

VISITORS: Mr. and Mrs. Joe Coven of Dimmitt, Rev. James Duddy of Tulia, J. D. Helms of Spearman, and Sterling Kinney and S. B. Whittenburg of Amarillo.

## Area Chamber Urges Support At Water Hearing

The West Texas Chamber of Commerce, which has already made a strong fight for more water in West Texas in previous hearings, will go all out Friday in Lubbock as the Texas Water Development Board holds its final public hearing on the proposed new Texas Water Plan.

The West Texas Chamber's position will be presented at the Lubbock hearing, which is scheduled at 9:30 a.m. in Lubbock Municipal Auditorium.

In five previous hearings, WTCC officers and Water Committee representatives from the chamber have insisted that the Texas Water Development Board make a more thorough study of the statewide water picture before finalizing the master plan. They have urged the TWDB to study methods of transferring in-state surplus water to West Texas and have requested the water board's assistance in implementing studies and projects which would bring out-of-state water to the area.

"This is our last opportunity to express the West Texas position publicly in these water hearings. We ask the support of all West Texans," said John Ben Sheppard, of Odessa, president of the WTCC.

K. B. Watson of Amarillo, chairman of the Chamber's Water Committee, noted that WTCC leaders have stated on several occasions that West Texas has largely been left out of the picture in the proposed new state water plan.

# Western Ammonia Reports Record Output In Dimmitt

Western Ammonia Corporation's Dimmitt plant zoomed past the "full capacity" mark during the last fiscal year, producing 14 percent more than the plant was designed to do.

Corporation officials listed the production as a "tremendous achievement."

Roy E. Campbell, president of the company, announced this week that production from the Dimmitt ammonia plant during the fiscal year that ended June 30 was 30,423 tons — almost 3000 tons more than for the previous year, for a 9.9 percent increase.

The figure exceeded the budgeted goal by 5 percent, Campbell said, and represented an actual daily production rate 14 percent above the plant's original design capacity.

The figures were brought out in a review that WAC officials have

just completed of the company's operations during the last fiscal year.

Campbell labeled the year as a "very satisfactory one" for the company, and said continued improvements are expected in the current fiscal year.

Company sales increased a hefty 20 percent over fiscal 1965, Campbell reported. Increases oc-

curred both in retail sales to area farmers as well as to industry co-producers and wholesalers of ammonia and liquid nitrogen fertilizer solutions.

In recognition of their achievement, all Manufacturing Division employees and their wives were guests at a celebration dinner recently at the Hereford Country Club.

During the celebration dinner, Campbell publicly thanked the division's employees and expressed the company's appreciation "for the cooperation extended by the local community in supplying services required to make such an achievement possible."

Campbell also reported that the company's Agronomy Division intensified its effort during the last fiscal year to provide more valuable services to its farm-operator customers. "Ammo Notes," a new service periodical published by the company, was started at mid-year for distribution to area farmers. Also, new programs were set up for intensified testing of new products and materials including fertilizers and other agricultural chemicals for use on local area farms, Campbell said.

Guests in Maynard Home

Guests in the home of Mr. and Mrs. Sam Maynard Sunday were Mr. and Mrs. L. G. Allen of Crosbyton, Mr. and Mrs. Albert Phillips of Lubbock and Miss Sharon Maynard of Dallas. Guests in the Maynard home Thursday night were Mr. and Mrs. Albert Smyer.

## Ford to Extend Warranty in '67

G. C. Brockett, president of Brockett Ford Co. of Dimmitt, announced this week that the 1967 Ford models will be introduced Sept. 30, and that cars and light trucks will carry a 24-month or 24,000-mile basic vehicle warranty.

Along with the warranty will go a five-year or 50,000-mile warranty on the power train components, which include the engine, transmission, drive line and rear axle, Brockett said.

The new warranty will cover both the original owner and subsequent owners during the specified mileage and time periods, he added.

## Mrs. Stafford Wins Trip to Convention

Mrs. Florene Stafford left Tuesday for Chicago to attend a national sales convention of World Book encyclopedia representatives.

She won the expense-paid trip for being the top saleslady in this district. She left by train from Amarillo Tuesday afternoon with a delegation from this area. Convention headquarters will be in the Hilton Hotel in Chicago's lake-shore area.

## 'Seedy' Mosaic to Highlight South Plains Fair Displays

The Texas Department of Agriculture will feature a colorful seed mosaic, depicting a typical farm scene, in a display at the 49th annual Panhandle South Plains Fair in Lubbock Sept. 26 to Oct. 1.

The mosaic, presented by the Texas Seed and Plant Board to the TDA, is made entirely of Texas seeds. Twenty-eight of 2 varieties certified by the board in 1965 are used by the artist. It has been displayed at fairs in Fort Worth, Houston, San Antonio and the Rio Grande Valley.

The 1966 fair will feature twice-daily performances by Tennessee Ernie Ford, appearing in Fair Park Coliseum at 3 and 7:30 p.m. Tickets are priced at \$2, \$2.50, \$3 and \$3.50 and may be purchased in advance by writing

to the fair association at PO Box 208, Lubbock.

Tickets for children 12 and under will be half price at all matinees. Advance tickets will be accompanied by free gate admission tickets.

Other attractions include the World's Our Little Miss preliminary pageant, 13th annual West Texas Twirling Festival, Parade of Bands, Texas State Jersey Show, industrial arts, hobby, creative arts and rabbit shows, National Wool Needlework Contest, military and space exhibits, children's barmyard and junior parachute jump.

A record crowd of 250,000 is expected.

## NORTHEDGE NEWS

(DELATED)

Northedge Club members will be entertained by Mr. and Mrs. Woodrow Nelson in their home Friday night.

This community received varying amounts of rain Sunday night. From a shower to .60 was reported.

Mr. and Mrs. John Womack, Rita, Lester and Jesse vacationed last week in Pagosa Springs, Colo. They went fishing and sight seeing.

M-Sgt. and Mrs. W. C. Star, Janice and Curt spent from Friday until Saturday morning with Mr. and Mrs. Robert McDaniel. Mrs. Star is Mrs. McDaniel's sister. They had vacationed in Colorado and were en route to Mineral Wells.

Mr. and Mrs. Donald Wright returned Saturday after a 4-day trip to Wilcox, Arizona.

## Luncheon For Wedding Attendants

Mrs. Ronnie Botkin of Houston was hostess at a luncheon for the wedding attendants of Miss Patsy Wooddell Saturday in the home of Mrs. Botkin's parents Mr. and Mrs. Andy Behrens of Flag.

Guests were Keitha Davis, Mrs. Ira Hulse, formerly Donna Wooddell, Mrs. Tommie Allen Almond, Mary Etta Belle of Dallas, Martha Coneglio of Dallas. They were guests in the home of Mrs. Carl Kemp while here.

## Guests in Wooddell Home

Mrs. Wanda Mitchell, Mr. and Mrs. L. H. Dover, Mr. and Mrs. Darden Calhoun, all of Okla. City were visitors in the Bruc Wooddell home recently. Mrs. Mitchell is an aunt.

## Halfway Tours Today Include Gin, Equipment, New Building

A new attraction for guests at the 10th annual field day of the High Plains Research Foundation at Halfway today (Thursday) will be a tour of the new Moody Memorial Education and Communications Building.

Executive and stenographic offices are located in this new building, which can be toured from 1 to 4:30 p.m. today. Audio-visual slide presentations will be shown in the lobby during the tours.

Another point of interest will be the 20-saw Laboratory Gin.

C. H. Janeway, special representative for the foundation, said the gin processes some 1,200 cotton samples which are harvested from the 15 cotton research plots at the foundation. Use of the gin permits the placing of cotton research reports in the hands of members early in the year for their immediate use. Cotton products will also be displayed during the tour.

The farm equipment exhibit —

always a major feature of the foundation's "open house" — will be conducted again today. Last year, 57 different firms exhibited their equipment.

Foundation trustees — including many of the top agricultural and business men in the Plains area — will conduct the tours of the Halfway facilities and research plots.

# DHS Rolls Out Red Carpet For Martha Nitsa of Greece

As another school year begins, we roll out the red carpet for Martha Nitsa, our foreign exchange student from Greece. A beaming smile, bright brown eyes, and a wonderful sense of humor with a neat and attractive appearance make up some of Martha's characteristics. However, one can clearly understand when she doesn't want something by her frequent expression — "No, no, no."

Martha comes from a large family consisting of 3 brothers and three sisters. One brother is younger than she. Her father supports his large family as a store keeper in Trkala, Greece, their home. It is a town located about 300 miles from Athens and has a population of 45,000.

Her American home is with the Charlie Hays' family and Martha makes a charming big sister to Mary and John.

Candy tops her list of favorite American foods. However, she has no favorite class subject — she likes them all. She finds American schools better than those in Greece and attributes this to more teachers and smaller classes. American customs seem to baffle her — especially young drivers and the great number of cars. Martha graduated from her hometown high school in Trkala

and studied to gain the scholarship for foreign exchange students. In addition to changing the symbols in hand, skiing and horse-back riding are her hobbies.

Martha plans to attend the University of Greece and major in Geology. She wants to return to America to continue her education.

"America impressed her in this way — 'I like it and I am very, very happy', and she adds 'I want to have a lot of fun.' This will come easily, since she finds the kids of DHS most friendly."

We are indeed happy to have her as our eighth foreign exchange student. The red carpet will be out for her always for many years to come.

## Larger Annual Is Aim of Staff

Since 1960 the book of "Magnificent Memories", the Bobcat Annual, has grown from approximately 160 pages to approximately 300 pages. The book has, until the last three years, been entirely in black and white. It now includes a double page spread of color.

The sales of the Bobcat Annual have grown to approximately 550 annually per year.

The 1961 Bobcat Annual was used by the Taylor Publishing Co. throughout Texas and Okla. as an example of a well-planned annual with the most unusual division pages.

The cover treatment of the 1964 Bobcat won recognition for its unusual portrayal of the new Dimmitt High School building, and its use of the golden key as a symbol of success.

The annual staff for the 1967 Bobcat sincerely hopes that we shall be able to capture all the magic of this wonderful year of activities in DHS and all of its participants in such a way as to make this annual the most magnificent book of memories ever published. Many of the plans for the annual are a secret known only

## DHS Seems Much the Same — Yet, Something's Different

Recently as I walked down the halls of Dimmitt High, I overheard a conversation that typified the general decay of spirit and respect that is now present in our school.

Several students were talking about school in general. One was commenting on how bad the teachers were. He was saying that nearly all of them were unreasonable, demanding, old fuddeduddies who ought to go away and leave everybody alone. He didn't seem to even think they were human beings. He thought they were some sort of freaks.

The second one was a little more civil about the teachers, but he was slanderous of our football team. He kept talking about how bad the team had always been, and how bad it always would be. He seemed to think there was no hope and that it was useless to back them to any extent.

This person seems to have forgotten that our football team had once gone as far as bi-district and region. He also forgot that our basketball team had gone as far as state in the past. He didn't seem to realize that perhaps he and people like him were the reason our teams hadn't done as well as was expected.

After this subject had been thoroughly exhausted, another person began talking. This time it was about studies. For five minutes he raved and ranted about how hard they were. Then he began to say that he had taken them only because he had to and that he was going to do just enough to pass. He didn't really care whether he made good

grades in school or not. In fact, it didn't really make him any difference whether he passed or failed.

This boy seems to have forgotten that school is for learning, and that if anyone expects to get anything out of school, that person is going to have to put something into it. It is not going to be handed to him on a silver tray. He is going to have to work hard for every grade he gets.

After hearing all of these students, I began to wonder just how many people felt that way.

Although all three of these are very different, they all have one thing in common. Each of the students has a feeling of indifference and apathy.

The first one didn't like the teachers. Why? Who knows? Perhaps he was just mad and hot under the collar at the time, or perhaps he just didn't care enough about the school to at least give the teachers a chance.

The second one certainly was, without a doubt, indifferent. Since the team hadn't won a game in so long, he didn't really care whether they ever won another. He couldn't care less.

The third one needs no explanation except to say that there are many people just like him.

All three of these people and their conversations remind me of the story of George Washington and his cherry tree. Although the cherry tree was small, puny, and not very pretty, it might have grown up some day to be huge, magnificent, and very beautiful, but George hacked it off with his little hatchet.

So our school spirit and attitude might be compared to the cherry tree. Right now it is small, puny, and not at all beautiful. We are hacking away, but it is not yet completely dead. (I hope). We can either keep hacking away with the axe of indifference and criticism and it will soon topple over, or we can nourish it with the water of care, and the food of pride, and it will soon flourish into a beautiful, tall, and towering spectacle. Which will it be, a tower or a stump: Only YOU can decide!!!

## Seniors, What Are Your Goals?

After eleven long, hard years of toil we have finally made it; the long awaited victory is ours. We are seniors.

Even though we grumble and groan about what a drag biology was or how did we ever make it through geometry, no one will deny that every moment of it was enjoyable.

But just because we have worked hard for the past eleven years doesn't mean that we can rest. No, we must work doubly hard this last year in the classrooms of DHS. We must strive to set an example for those who will follow us. We must create an image for them to see and aim for.

Perhaps you have been one of the "grippers" about lack of school spirit, non-cooperation in the student body, and the "awful" teachers. Have you been a mere "sitter" in your classes, trying to do only enough work to pass? Perhaps very few students who are in either or both of these groups realize how little respect their classmates have for them. So, take a good, long look at yourself and see if you might be guilty. You have your senior year to correct this impression. (And remember, impressions last a long time). If you wish to do this and make a serious attempt, you just might influence some underclassman to change these deplorable habits sooner than you did.

And last of all, we must leave our childhood behind us as we prepare to step into the threshold of life.

to the staff, but we can reveal to you that the cover will be green and white stripe with purple polka-dots and pink elephants as dividers.

We would like to thank the business and professional people of Dimmitt for their support in purchases of annuals and ads which help make up our book of "Magnificent Memories."

## Council Elects Hutto President

The Student Council began a new and even more promising year Thursday with Mr. Ralph Smith as the faculty representative. President Rodney Hutto reports that business discussed in this first meeting included Homecoming and selling wind-breakers. Other business was electing of officers. They are:

President — Rodney Hutto  
Vice-President — Tommy Martin  
Secretary — Paralyn Rander  
Corresponding Secretary — Kay Bradley  
Reporter — Sherry McGowan  
Treasurer — Beelee Goodwin  
Parliamentarian — Kent Lindsey  
Honorary Member — Martha Nitsa

Junior Representatives are: David Seale, Scott Moran and John Hays

Sophomore Representatives are: Patty Simpson, Durward Strickland, Stanley Reed, Robert Froehner

Freshman Representatives are: Flip Taylor, Jerry Bill Birdwell, Bill Sanders and Vicki Vaughan

The Bobcat Tales staff wishes the best of luck to this year's Student Council and it's new sponsor, and we will try to promote each of the Council's activities.

## Speaking Out! Blunders Blur Man's Outlook

Through the eyes of America's younger generation, the complete principle of life is blurred by man's continuous blunders. It is hazed by the impact of the realization that the responsibility of salvaging the rubble which is left of the "American Way of Life" is upon their shoulders.

America, the leader of nations, is slowly deteriorating. Racial discrimination, public immorality, and unsupported national policies are the factors that are cracking the very foundations of Americanism. Many of our young men are being slaughtered on the battlefield of Viet Nam today. The majority of those who were herded through combat training and rushed to the front, were not represented; that is to say, they were not of voting age. Why should our country resort to sending young men who have not even had a chance to begin their lives to fight a battle their fathers put the torch to, but neglected to finish.

As Paul Harvey, a famous news commentator, once said, "Why not take us old buzzards who started the whole thing. We know what war is all about, and most of us have a lived a full life anyway."

However disturbing the outcome of the battle-front in Viet Nam

may be, the battle-front here at home is much more discouraging. More damage to human lives and property has been committed during one year within the states than has been recorded in two years in Viet Nam.

At this stage of the game America can be compared to a ripe melon, the shell, or outside, is strong and is able to withstand the torments of weather and heat, but the inside is tender and easily penetrated. When the melon ripens, the hard surface gives way to the pressure of the tender insides, if it is not picked from the vine. I firmly believe that our citizens are growing tender and causing America to become over-ripened by corruption.

It is needless to say that the hope of America, and the world for that matter, is in the hands of our coming generations. I beg of my fellow students to be ready to take up this grave responsibility. The future has been tossed into

## 'The Things We Did Last Summer'

"What did you do this summer?" This question was heard around the halls of DHS many times during the first days of school. Here are some of the things that were overheard.

Ask the DHS cheerleaders about what Poppy found at the Cisco Cheerleading School. Poppy, was it an instructor?

What was Johnny Davis doing out of town so long? Was he really at Auctioneering School? Yeah, he was!

Did Darlene and Genita really go to California to be on the Hollywood Talent Scouts? Surely not!

our hands; what shall we do with it? GOD HELP US!

—The words expressed in the above article are wholly those of the author.

Who was the cute little waitress at the Rawling Hotel Coffee Shop? Could it have been Chris James? I heard a boy who sings low base kept Reba Hall busy all summer. Is it true, Reba?

I hear Carolyn Simpson was working at a nursing home in Albuquerque, N. M., but I think she was really plussing.

What on earth was Ronnie Kenmore and Tommy Stafford doing in Okla. and Kan. this summer? I'm sure they were working, but what on I'm not sure.

Did the freshmen really know what they were getting into when they registered? No, but they are finding out!

I hear that the Bobcats disturbed some of the residents near the football field with their spirited workouts, but I can't think of a better way of being disturbed, can you?

It looks as though the basketball girls really had hard workouts this summer. If you don't believe me, just look at the gym floor!

Serving the refreshments is Carl Lee Kemp.

## HART NEWS

### Scout Court of Honor Slated Sunday

BY MYRT LOMAN  
A special Court of Honor will be held on Sunday, Sept. 11 at 3 p.m. in the First Methodist Church.

Highlight of the occasion will be the presentation of the Eagle Award to Mike Armstrong of Hart. This is the highest award in Scouting. There will also be a Tenderfoot Investiture Ceremony and other awards presented.

Mike is the son of Mr. and Mrs. Paul Armstrong of Hart.

Refreshments will be served and the public is cordially invited.

Mrs. Guy Ford and children of Hereford were in Hart on Tuesday visiting with her parents, Mr. and Mrs. Jack Smitherman.

School Superintendent Andy Gardnere wishes to remind Hart citizens and of this area of the X-Ray unit to be in Hart, Tuesday, Sept. 13 at the school hours of 9 a.m. to 5 p.m.

Any and all persons, who have not had the T.B. test or patch are urged to take advantage of this service. A contribution of 50 cents or more is asked by each person.

Mr. and Mrs. Paul Brooks, Nema and Sharon attended Baptist Church services on Sunday in Vega and later went on to Boys Ranch to attend the rodeo.

Mr. and Mrs. M. F. McRee of Dimmitt placed the plaque at the Hart Cemetery and painted the gates and the arch above the entrance pillars. The plaque was purchased by the community under the sponsorship of the Good Neighbor Club of Hart. Our many thanks to Mr. and Mrs. McRee of Dimmitt.

The Wesleyan Guild of the First Methodist Church met in Fellowship Hall on Wednesday of last week at 7 p.m. to make programs and plan this year's work.

Mrs. T. B. Cox is president and presided over a short business session then turned the meeting to the vice president, Mrs. Buster Aven, the program chairman.

Ladies present were Mesdames T. B. Cox, Robt Brooks, Buster Aven, C. W. Sago, Andy Gardnere, Douglas Gossett, Bill Bell.

The Guild meets on the first and third Wednesday nights of each month at the Church at 7 p.m. All ladies are invited to attend.

At the beginning of the Hart School term this fall the P-TA will meet on the first Monday night of each month. Mark this change of date on your calendar. The public is invited to attend all P-TA meetings.

Boy Scout Troop 246 met after school on Monday evening at the Legion building with leaders Deryl Clevenger and Dwight Miller in charge.

The group enjoyed the report from Mike Armstrong of his trip to Philmont Ranch.

Boys present were Mike Armstrong, Dirk Rambo, Duane Clevenger, David Hawkins, Dennis Hill, Vic Nelson, Lonnie Davis, James Jackson, Johnny Sanchez, Bill Bates and Ike Graves and the leaders.

Mrs. T. R. Davis and Mrs. G. R. Bennett were hostesses at the Davis home on Tuesday to the Good Neighbor Club.

A delicious luncheon was served to the members and special guest. Special guest was Van Earl Hughes, pastor of Mexican Mission, who spoke on "South America and Our Relationship". 13 members and 9 guests were present.

All men are invited to attend Lions Club Monday, Sept. 12 at noon at Alfords Cafe for lunch and program.

Mr. W. M. Kunkel of the Grain Handling Elevator in Hart has charge of the program.

**CARD OF THANKS**  
We would like to thank every one for their prayers, visits, cards, flowers, and other acts of kindness during Freddie's stay in the Northwest Texas Hospital in Amarillo, and thanks to every one for being so nice to our son Kevin while he was in the Dimmitt Hospital.

Freddy and Janie Lilly

**CARD OF THANKS**  
I would like to thank everyone for all my nice gifts, flowers and visits and the ones who stayed with me while I was in the hospital. I would especially like to thank Dr. Blackburn and all the hospital staff who were so kind to me.

Kevin Lilly

The Womens Society of Christian Service met on Thursday at 9 a.m. in the Methodist Church for regular meeting.

Program opened with prayer by Mrs. Bill Yeager and the president, Mrs. H. E. Parker in charge of business. Mrs. Ed Bennett was appointed chairman of "Spiritual Life" and Mrs. Mabel Aven, chairman of membership.

The treasurers report was given by Mrs. W. A. Hawkins, Jr. A round table discussion of program material for this year's program was held.

Scripture reading was by Mrs. C. B. Landers, followed by program, presented by Mrs. W. A. Hawkins, Jr., on subject "The Fullness of Time," written by a former pastor, Rev. Lee Crouch.

Present were Mesdames H. H. Parker, W. A. Hawkins Sr., C. B. Landers, E. E. Foster, W. A. Hawkins, Jr., W. C. Crick, Bill Yeager, Douglas Gossett, Mable Aven, Hubert Maples and H. E. Loman.

The Society will be meeting each Thursday morning at 9 a.m. in the Methodist Church and all ladies are invited to attend.

**ADD TO HART NEWS**  
The Hart P-TA is sponsoring a chest X-Ray detection unit of the West Texas Tuberculosis Association on Sept. 13 from 9 to 5.

The chest X-Ray detects many of the abnormalities of the chest besides tuberculosis, such as diaphragm and other respiratory diseases.

All citizens from age 12 up are urged to avail themselves of this service and a donation of 50 cents per person is being asked. Children under the age of 12 if they have not had the test or patch will be given the test.

Mr. and Mrs. J. V. Wescott and two children spent the weekend in Seminole with his mother, Mrs. C. H. Wescott who has had major eye surgery.

The First Methodist Church observed promotion day and the beginning of a new church school year last Sunday, Sept. 4. The Sunday School met in general assembly at 9:30 a.m. The General Superintendent, Joe Bailey, spoke to the members and introduced divisional superintendents, who in turn, their classes and teacher, and pupils Bailey gave a word of appreciation for the fine work being done through the Sunday School "About seven out of ten persons who become members of the Methodist Church come through the Sunday School," he said. He emphasized being on time for class, preparing for the lesson and worship at home and attendance. The average attendance for the past year was 66 "We are expecting to do a lot better," he said.

Mrs. Ed Harris, children's superintendent gave Bibles to the children promoted into Elementary V & VI, from the Sunday School.

Senior Highs, Mr. and Mrs. Newlon Rowland

The classes and teachers of children are as follows:  
Nursery II — one and two year olds — Mrs. Oliver Jackson  
Nursery I — Mrs. Bob Bowden Kindergarten — Mrs. G. C. Graves and Mrs. W. A. Hawkins Jr.

Elementary I & II — Mrs. C. W. Seago and Mrs. Bob Bennett  
Elementary 3 and 4 — Mrs. Douglas Gossett and Mrs. Joe Bailey

Elementary 5 and 6 — Mr. Ed Harris and Mr. G. C. Graves  
Mrs. T. J. Morrison introduced the youth workers and classes:  
Junior Highs, Mrs. Ed Bennett and Mrs. Bill Bell  
Senior Highs, Mr. Melvin Aven and Mrs. T. J. Morrison

The youth meet for their Fellowship program at 5:30 p.m. These are their adult counselors.  
Junior High, Mrs. Bill Bell  
Senior Highs — Mr. and Mrs. Newlon Rowland.

Most of the older youth will be in college somewhere:  
Becky Burress, West Texas  
Billy Bob Bell, South Plains  
Judy Graves, South Plains  
Tommy Morrison, Texas Tech  
Larry Bates, West Texas  
Warren Gossett, McMurry  
Connie Bailey, South Plains  
Mr. Paul Armstrong is the adult division superintendent. There will be two adult classes this year instead of three. The pastor will be teaching the couples' "Harmony". Mr. Jeff Smart was teacher of this class until he recently moved to Hereford. Mr. E. E. Foster was elected to teach the senior adults class, which was formerly men's and ladies' classes.

The pastor, the Rev. Douglas Gossett, announced that a Christian Workers Leadership School will be held Sept 25 to the 29th, at Muleshoe and Plainview Methodist Churches for all churches in the Plainview District. "We hope each superintendent will try to enroll as many prospective teachers as possible, and that all of the active teachers can attend this school," he said. There will be classes for every teacher, taught by capable people who have been certified by the Conference Board of Education.

The Castro County Ministerial Association sponsors a Devotional on KDHN 1470, Dimmitt Radio Station six days a week. Rev. Douglas Gossett, pastor at Hart will give it next week beginning Sept. 12. The same pastor each week serves as Chaplain at the Dimmitt Hospital, visiting all patients and notifying their own pastor if desired.

There will be a blood bank unit in the Hart Community on Sept. 23 from 11 a.m. to 6 p.m. in the Fellowship Hall of the Methodist Church. This will especially benefit Matt and Brit Aven, sons of Mr. and Mrs. Melvin Aven. But it will generally benefit every one who has need of blood transfusions. The Castro County Hospital in Dimmitt is also being invited to record blood types of volunteer donors for the future possible emergency needs. This need was discussed at The Castro County Ministerial Association Meeting several months ago. Refreshments will be served to all who participate. To keep from waiting please schedule your desired time with Melvin Aven, Phone No. 938-2212.

Sunday dinner guests in home of Mr. and Mrs. Jerry Kittrell were her parents, Mr. and Mrs. Judd Davis and his mother, Mrs. Vasca Kittrell.

**CARD OF THANKS**  
I want to thank every one for remembering me while I was in the hospital. For your prayers, visits, food, flowers and beautiful cards. Your kindness will always be remembered.  
Lorena Cates

**CARD OF THANKS**  
For each expression of kindness and sympathy in our sorrow, we are indeed grateful.  
The Family of Sid Parks

**CARD OF THANKS**  
A special Thank You to Dr. Blackburn and the staff at the hospital and to the many others who showed us so many kindnesses during the illness of my wife and her stay in the hospital here. Dimmitt will always be remembered as a wonderful town, as we go back to our town in Kansas. Mr. Jack Spray Oxford, Kansas

# Meet The New Teachers

This year we are very happy to have many new teachers with us. Some have taught in our schools before and many have come here for the first time.

We are very fortunate to have a very fine man with us, Mr. Ike Moore, who comes from Seagraves. Mr. Moore has an outstanding personality, which goes along with his pleasant smile and blue eyes. Mr. Moore graduated from Seagraves High School. After graduation he attended Texas A&M, where his major was business accounting and minor psychology. After graduating from A&M he went to Texas Tech where he got his master's degree in education. Mr. Moore's activities while in college included baseball, golf, and work on the newspaper staff. Before coming to Dimmitt Mr. Moore taught at Seagraves ten years. Our new principal met his wife Joan at the skating rink when she went to Seagraves to teach. Mr. and Mrs. Moore have three children, a son Kelly, nine, two daughters; Melissa eight, and Melynn six.

Mr. Moore's hobbies include golf, photography, and reading history. His present activities include those of a high school principal. His chief occupation right now is trying to get everyone into the lunch room. Mr. Moore had this comment about Dimmitt: "This is the friendliest town I have ever lived in, including my own home town."

Mrs. Lusk, who is our new geometry teacher, comes from Amarillo where she graduated from Amarillo High. Mrs. Lusk attended Texas Tech where she graduated with a major in mathematics and a minor in music. Her activities included Honorary Music Association of Women Students, and President's Hostess. Mrs. Lusk met her husband in the Tech band, where they both played the baritone. On her first date they played a baritone duet. Her hobbies are sewing and playing the violin. When asked how she liked Dimmitt she said, "It's a nice town." She said she had an idea of what it was like because she roomed with Tommie Allen of Dimmitt.

Another one of our teachers is Mr. Pennington, who is teaching Special Education. Mr. Pennington came to us after teaching over at North Grade three years. He graduated from Howard Payne College, Brownwood; Southern Baptist Seminary, Fort Worth; and West Texas State University in Canyon. While in college he was active in volleyball and basketball. Mr. Pennington is married and has two daughters who are married. Mr. Pennington was a Baptist pastor for twenty years, four years of which he spent in Dimmitt. His hobby is studying people and his main interests center around interior decorating and gardening. His present activities include working with the Special Education group, plus his work in the church. When asked to comment on Dimmitt he said, "I think Dimmitt is the finest place school year that's possible."

Mrs. Sharp who teaches English I is another Amarillo girl. She graduated from Amarillo High and then went on to further her education at Wayland Baptist College in Plainview. Mrs. Sharp majored in English and minored in music. Her main activity while in college was choir. She also met her husband at school. Her hobby is sewing and her main interest lies in music and reading. Mrs. Sharp lives in Tullia where she is a member of the First Baptist Church. When asked what she thought about Dimmitt she said, "I like it."

Among the new faces in our school is a very charming lady with a very pleasant personality. Who could it be except Miss McMinn? Miss McMinn attended Hereford High School, and went on to further her education by going to West Texas State, Texas Women's University, University of Texas, and Hardin-Simmons University. Among many of her accomplishments, the most outstanding is that she has written a five volume book called "Gateway to Better Pupil Understanding." She has been putting up with students for a long time and has taught in the school systems of Hereford, Tullia, and Dimmitt. I might add that this is her third time to teach in Dimmitt. We of Dimmitt High School wish to welcome you once again and add our hopes for a good year.

Who's the handsome man in the English III classroom. Why it's Mr. Diehl, who else? He attended Highland Park High School in Dallas and then hiked off to the University of Texas. While in college he was on the National Debate Team for three years. This is his first time in high school and he seems to like it so far. His hobby is writing, maybe someday he will get a book published. When asked how he liked Dimmitt he replied, "I like it very much and think the school facilities are very good." Many happy years of teaching to you, Mr. Diehl.

What's the pretty teacher's name who dictates shorthand, among other things? I do believe her name is Mrs. Hedrick. She teaches business classes. She graduated from Panhandle High School. Later she studied Business Administration and Secretarial Science, she had fun too, for she belonged to the Delta Zeta Social sorority and Phi Gamma of West Texas State University. This is her first year to teach high school and she seems to like Dimmitt very well. She met her husband while both were students in high school. Her main hobby is working in her yard. It's probably the prettiest yard in town. We hope you have the best to live and raise a family."

(Continued From Page 11)

## Students Seem Indifferent - Where's Our School Spirit?

Well, summer is ended, vacation time is over, Dog Days and the beginning of school are here again and many Dimmitt mothers heave a sigh of relief as they wave their young hopefuls goodbye for the day. As a new school year begins, the students find Dimmitt High quite changed from previous years. Of course, the freshmen have not known DHS before, but to the remainder of their student body, DHS has a new face. Many new things were brought to our school with our new administrator.

Our first "Something Different" is a someone. He is our principal, Mr. Ike Moore. Mr. Moore has come to our school with new ideas which make our "Something Different." This year our schedule has several changes. We now have two activity periods. One activity period follows second period; the other one follows fifth period. This allows more organizational meetings. Also, for the first time in the history of DHS, we have an unusually large number of students enrolled in physics. That particular class has a total of twenty-six students. This is also the largest number of students enrolled in physics in any school in the Panhandle of corresponding size.

Another thing is the enrollment. This year in Dimmitt High, we had approximately 428 students. Of those students the classes are as follows:

- Seniors - 64
- Juniors - 93
- Sophomores - 104
- Freshmen - 101
- Freshmen Pre-vocational - 32
- Eighth Grade Pre-vocational - 28
- Special Education - 6

Having this many students is not only an experience for the students, but for the teachers, too. We will also have to adjust to this. As a result of the large enrollment, we are confronted with a slow lunch hour for the first period lunch group. The line is already going faster and if

the students will be patient, they won't starve. The lunchroom ladies are doing their best and should be complimented on their efforts.

Another new thing about our school is the fine new football program. Special thanks go to the Dimmitt Booster Club for making this possible and to Coach Roy Hunter for taking the time to compile such a program. The new program is designed to arouse interest in the football team and other school activities. The program has approximately twenty pages. It has pictures of the administration, Booster Club officers, coaching staff, '66 Bobcats, band directors, drum majors, twirlers, cheerleaders, and of course the merchants section of advertising. These programs are a great addition to DHS and, as in previous years, can be bought from the Journalism class.

I have been informed by dependable sources that we have a teacher in our midst who for some reason beyond my comprehension managed to get locked out of her house attired in pajamas, a robe, and no shoes whatsoever. After various manipulations with a bobber, pin she managed to burglarize her own house and return to her normal?? preparation for school. Miss Littlepage advises anyone interested in burglary to pick a more appropriate mode of dress and more effective tools before attempting "breaking and enter

## Around the Campus

Well, here it is a new school year, but the year is not the only new thing 'round the campus of old DHS. We have many new faces in the crowd, not only in the student body, but in the faculty as well. A slight change has been made in the schedule by splitting the activity period into one in the morning and one in the afternoon. Even though quite a few changes have been made, everyone seems to be adjusting quickly enough.

One especially interesting new thing will be the radio program originating on the campus from the speech room this year. There is no definite time for the first broadcast yet, because we are waiting for the telephone company to install a line between the high school and KDHN. When this is done we will be ready to start broadcasting. The programs will be conducted by Speech III, students as a part of their training. The programs will be of the informal discussion type. They will involve all classes and organizations in the high school. Although we do not know if it will be once or twice a week, it is set to be fifteen minutes long and to start at 10:30 a.m. each day. Miss Griffing, the speech teacher said, "We are hoping to start programming and broadcasting by the end of September."

## Coach Cleveland Tells P. E. Plans

Once again school has started and with it the beginning of many extra curricular activities. Athletics and sports participation are a part of the extra curricular activities which can be a very valuable part of the students' school life.

In high school there are sixty-five girls and eighty-five boys who will participate in some phase of the athletic program. Coach Kountz has twenty-seven freshmen girls out for basketball and thirty-six out for the varsity and "B" team. The girls have already started pre-season training during their P.E. classes.

In football, Coach Hunter and Coach Hedrick will work with the freshman team; this is a very promising group of boys.

Coach Cleveland and Coach Kountz will be the coaches for the "B" team football. There are over twenty players on the "B" team. This is the largest number of participants for the "B" team in a number of years.

The varsity football team is coached by Coach Smith, Coach Hunter and Coach Hedrick. There is much enthusiasm among the athletes and coaching staff as the athletic season approaches.

The student body and citizens of Dimmitt can enrich the athletic program by their support and attendance at the sports events.

The varsity football team is coached by Coach Smith, Coach Hunter and Coach Hedrick. There is much enthusiasm among the athletes and coaching staff as the athletic season approaches.

The student body and citizens of Dimmitt can enrich the athletic program by their support and attendance at the sports events.

This year the Journalism class hopes to improve the quality of the "Bobcat Tales" enough to be eligible for membership in "Quill and Scroll", a national honorary journalism society. This would be quite a feather in our caps, so we hope the DHS student body and the faculty members will contribute with worthwhile material.

Our first game of the season will be against the Mules of Mule shoe on Friday, the ninth of Sept., so let's all start out fresh and really back our "Mighty Cats" this year.

Thought For The Week: "What you have inherited from your father, earn it over again for yourselves, or it will not be yours."

## Coaches Issue 180 Uniforms

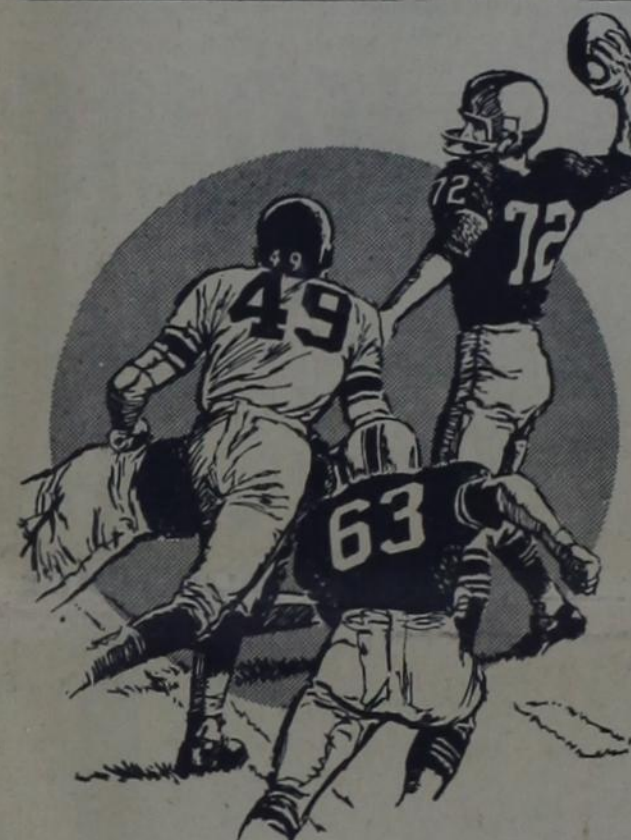

Football season started out with a bang this year as the coaches have issued one-hundred and eighty uniforms. There are forty-five out for the A and B team, thirty-five out for the freshman team, and one hundred out for the seventh and eighth grade teams.

Brown L. Smith, head coach of the Bobcats, said that the scrimmage with White Deer really helped the team's progress. According to Coach Smith, the defense looked good and the offense looked fair.

The Bobcats are having a real battle for positions. The boys fighting for each position are: for center: John Howell, and Larry Gamble; for guard: Mike Bruegel, Stanley Byrnes and Ronny and Donny Johnson; for tackle: Larry Hobrantsch, Rodney Hutto, Lee Buchanan and Durwood Strickland; for end: Bill Glidewell, Ronnie Kenmore, Don Moore and Lint Merritt; for quarterback: Kent Lindsey, Beelee Goodwin and John Hays; for fullback: Joe Bob Sanders and David Land; for halfback: Tommy Stafford, Ronny Hutton and Jimmy Coleman.

The Bobcats had a scrimmage with Bovina Thursday night and the ballgame opening the season will be with Muleshoe, Sept. 9, at 7:30 at Dimmitt. We hope each of you will come and bring the good 'ole' Bobcat Spirit with you.

Sen. Ralph Yarborough

Highway Act Amendment Would Preserve Historic Sites

BY SEN. RALPH YARBOROUGH (D-TEXAS)

Dear Fellow Texan: We Americans are a mobile people, almost a nation on wheels. One of the problems we face in our nation today is in providing adequate highways while still preserving the natural resources, the beauty, and the historic sites of our country.

The Federal Highway Act was passed 10 years ago. Since that time there has been more than \$27 billion of federal monies

spent on the highway programs from the federal trust fund.

In 1965, the nation's 100 million drivers traveled about two-thirds of their total mileage on the federal-aid highways.

These figures show the magnitude of our federal highway program. We have the best highway system in the world, one that touches the lives of every American and Texan.

But as good as our highway system is, there have been times when we have been careless about

where we put these fine roads. And with a nation that is rapidly becoming more and more a nation of city dwellers, this has been true, particularly, in the cities.

We do not want a world of cities where travel is excellent, but where there are no open spaces for people to enjoy them. This is why I have introduced an amendment to the Highway Act which would make it a national policy to preserve public parks

and historic sites from destruction by highways. The Senate has passed the Federal Highway Act of 1966 with my amendment in the bill.

This amendment would put a stop to the destruction of our public parks and historic sites by highways running right through these parks and sites and destroying them when there are other lands and routes open for the highways to go through.

No one can say just how

many such parklands and historic sites have already been destroyed or will soon be lost in our sacrifice of all other values to speed, speed, speed.

There are some outstanding cases, however, that do give you an idea of what we face.

In 1958, an 1840 seawall in St. Augustine, Fla., was destroyed in order to build a four-lane highway. In New Orleans, a six-lane expressway — soaring 35 to 40 feet

in the air — is being proposed along the Mississippi River, running directly in front of the historic Vieux Carre, the old French Quarter and destroying much of its beauty and historic charm.

In San Antonio, an expressway is proposed that would cut through Brackenridge Park and the areas adjacent to it, the most beautiful municipal park in Texas.

There has been widespread support in Texas and the nation for my amendment to halt such destruction.

The Dallas Morning News in an editorial, for example, called my amendment "meritorious" — of particular value to Texas "whose vast areas of unspoiled natural beauty are the envy of many Easterners . . ."

The Washington Post just last week in the nation's capitol said in an editorial "We hope that the Senate will insist on writing its amendment (the Yarborough amendment) — into the finished bill — The country does need

more expressways, but it must keep its parks, too."

The conference committee did write my preservation amendment into the bill. I will continue my work to try to preserve the ancient landmarks and the natural beauty of this nation. We must have these super highways, called by some the new concrete jungles; but we must also reserve the treasures of our land at the same time.
