

Being a newspaper man of sorts and from the nature of my business dependent on advertising as a source of revenue, I have always been slow to comment on, or criticize, other types of media.

WHAT I AM about to say about television commercials applies only to one category of TV advertising, and that is the crunchy vulgar, masticating demonstrations when some uncouth individual crunches a crickly-crack or munches with a southern drawl on a mouthful of candy, creating the most disgusting sound ever transmitted by modern-day

Bible Thoughts

DOES EVERY PERSON HAVE A RIGHT TO HIS OWN BELIEF?"

By Ronnie Parker

I have often heard that every person has a right to his own belief. If the Bible teaches this, everyone ought to teach it. If the Bible does not so teach, then no one should teach it.

The important thing in religion is to be self-surrendered and submissive to the will of God. We should not be trying to please ourselves, but God. Jesus said, "And he that sent me is with me: the Father hath not left me alone; for I do always those things that please him." (Jn. 8:29). It is not a question of commending ourselves. Paul taught, "For not he that commendeth himself is approved, but whom the Lord commendeth." (2 Cor. 10:18). The only way we can know what pleases God and His Son, is by what is revealed in the

L'egally speaking, we have a right to believe any doctrine. Scripturally speaking, we do not have a right to believe anything religiously except the truth revealed in the Bible. Jesus said, And ye shall know the truth and the truth shall make you free." (Jn. 8:32). This is why we should be so diligent in our search for truth! The truth must be learned, loved, and obeyed. "Seeing ye have purified your souls in your obedience to the truth." (1 Pet. 1:22).

LOVES EVERYONE

To hear the band, to see the uniformed soldiers, to see the might of our tanks, to see the strength of our country, these things stir the heart and make us proud to be an American. Our God has made us strong and blessed us greatly, however our greatest strength is in the Lord. "GOD is our refuge and strength, a very present help in trouble." In these unsettled times we need to show our faith in the Lord, and speak with the courage of one whose father can do all things. Renew your strength each week by attending services in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Senior Citizens Are Target Of Amendment 7

State Senator Franklin Spears of San Antonio has called on Texas voters to defeat Constitutional Amendment 7 at the polls

ing and misleading voter regis- sewer lines, and another at out-quires everyone in the city will

SENATOR FRANKLIN SPEARS

Spears said he favors defeat of Proposition Seven because: "1. It is no longer necessary to repeal the Texas poll tax. The courts have already done so.

"2. Proposition Seven is misleading because its language does not reflect what passage would actually mean."

Spears said passage of the amendment would mean:

"1. That all voters must register-even those over 65 [who] do not now have to register.

"2. That all voters must register each year-thus not allowing the Legislature the chance to decide whether registration should be annual, biennial or perma-

"If Proposition 7 passes," said Spears, "Texas would be the only state in the nation with annual registration. Annual registration is bad because it has no protection against voting fraud. Re-registration by voting is far more preferable." Re-registration by voting is sometimes called permanent registration.

Under such a system, said Spears, "voter lists are available the year 'round and can thus be purged of those not qualified."

Also, he pointed out, no dead persons would be listed, nor can convicts or other ineligible voters—"because these names are automatically furnished to the voter registrar who removes them.

Persons who move from one county to another under permanent reigstration must reregister and are automatically removed in the county of their former residence.

"Finally," said Spears, "the cost of re-registration by voting is only one-tenth as costly as would be the system set up by Proposition Seven-25 cents per voter as opposed to 2.5 cents.

"The strongest democracies in the history of man are those where citizen participation is greatest," said Spears. He added: Proposition / would drastically limit participation by peo-

ple in their government. "Texas is already low in citizenship participation - in the last two Presidential elections we ranked in the bottom seven of the 50 states in the percentage of eligible voters who ac-

tually voted. "Under Proposition 7 the Legislature is given no chance to provide for greater participa-
